Calls Meeting To Discuss Speeding

Mayor Mahone

A meeting has been called for 7:30 o'clock next Tuesday evening, Oct. 15, by Mayor A. P. Mahone for the purpose of discussing with representatives of church and civic groups ways and means of curbing reckless driving and traffic accidents in Artesia.

In letters addressed to varmeeting, which will be held at the city hall.

In the letters Mayor Mahone pointed out that the question of speeding and reckless driving is a matter of education rather than of enforcement and it was with that in mind

that he called the meeting. All civic and church bodies are urged to have one or two

representatives at the meeting.

Time Is Short

THE TIME IS SHORT for you to do any plugging for Highway No. 83.

In less than 30 days you will go to the polls to ballot for state and county officials. You will also elect a United States Senator and two members of congress.

It is your duty to go to the polls and cast tions. your ballot.

And certainly your right and privilege to ask any candidate his or her particular stand or position on any question or issue before you vote for them or agree to vote for them.

They may not want to be put on the spot; they may not want to give you a definite answer; they may not want you to put them on the spot. Yet they want to know whether you are going to support them or not.

And you have a perfect right to ask whether they are going to back or support those things, which you desire and want.

We are still of the opinion that Highway No. 83 means more to this section of the state than any other one thing. We believe that the best officials elected are not too good for the place to which they aspire. And the selection of the best qualified men for the high offices of this land is a duty, which is every American's.

But you are one of the owners of the govern- which have been put across or are planned. ments of this nation, the national, state, county and local. These governments belong to the peo-

And although we have drifted far from the idea expressed by Abraham Lincoln in the Gettysburg address when he declared "A government of the people, by the people and for the people," the governments still belong to the people.

You are within your rights in demanding that Highway No. 83 be completed and voting for Artesia of late that the grown-ups are supporting those, who promise you this project will be finished. The only way we will ever secure this highway is to demand the politicians build it for us.-0.E.P.

Needed Service

THE FIRST NATIONAL BANK is rendering a are going to the dogs. It's a good sign.—A.L.B. real service to Artesia and this trade territory in the opening of the office to make change, cash checks, accept deposits and accept payments on notes during the hours of 2 to 4 o'clock on Saturday afternoons.

In most cities banks close on Saturday afternoons. Much shopping is carried on Saturday afternoon in Artesia. Frequently change runs short or large concerns fail to secure sufficient change to handle their business.

Change, of course, is not available at other stores because their need their change.

The opportunity to make deposits on Saturday afternoons also makes it possible for concerns doing a large Saturday business not to have to keep this money or checks on hand over the week

We believe that all of Artesia appreciates this fine service, which is to be provided Artesia and that all will feel that the bank here is in the truest sense a service institution. - O.E.P.

Working Together

AS FINE A SPIRIT as could be found displayed anywhere was shown here by the board of directors of the Artesia Chamber of Commerce recently when Manager Tom Watson announced he was resigning. Board members agreed if they did not secure a new manager by the time Watson left they would divide time and be in the office to transact business.

The members of that board are busy men. All have jobs to do, yet their interests are in Artesia, its growth, expansion and its civic program is great enough they would give of their time to office work for the organization.

That spirit is the kind of a spirit, which builds a community. It is a spirit, which deserves the support of all citizens of a community. It is the kind of a spirit, which gets us places.

And we feel sure the members of the Chamber of Commerce are extremely proud of this attitude and that all of the citizens of the community

It's a Good Sign

THE YOUNG PEOPLE IN ARTESIA undoubtedly realize that the community is behind them, from all of the campaigns for their benefit

The Lions Club recently staged a carnival to raise money for playground equipment. The Bulldog Boosters and other cooperating organizations plan to purchase an activities bus for the school system and band instruments and uniforms. Plans are being made for several boys' baseball teams for next season, to play under the American Legion national rules.

And there have been many other instances in the boys and girls and are trying to help-them enjoy life more.

Interest in the Boy and Girl Scouts and other

youth organizations seems to be growing. It all is indicative of a good future for the citizenship of Artesia, in spite of rumblings of horror that boys and girls of Artesia and America

Artesia's P-T A

THE CENTRAL SCHOOL Parent-Teachers association did an outstanding job here last year and hopes and expects to do an even better job during the coming year.

They handled many projects during the year besides the providing of milk for those children, who did not secure milk at home. They received the aid and help of others in their milk program. They will probably need this aid and assistance again this year.

We feel sure they will receive it.

They will meet, discuss their common problems, the educating of their children and be better for having done so. And their meetings and discussions will result in improvements in many

They will strive to throw up safeguards and protection for the children in crossing the streets near the school as they go to and from their homes

They will find and point out things, which can be done and which need to be done at the schools, near the schools and in the school pro-

They will speak out with one voice, but a voice which is that of approximately 200 fathers and mothers in the community.

Through the nation, Parent-Teachers associations have done a grand job in school program work. There are always things to be done and help that is needed by the teachers, the school

officials and the students. The Parent-Teachers association stands ready and willing to give that help.

And we are sure that the Central Parent-Teachers association here will do an outstanding job again this year.—O.E.P.

The person who is never invited, or permitted, to help in the building of his home town, can't be expected to be very enthusiastic about its future. 225 Ward Bldg.

about waiting for the tire that

OUTWEARS PREWAR TIRES

The better the tire, the faster it sells . . . and we've never seen a tire sell as fast as the new postwar B. F. Goodrich Silvertown that outwears and outlasts tires of prewar construction. That's why, in the face of outstanding production, we've had to ask so many of our

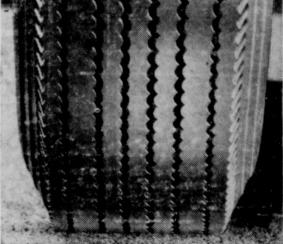

It's Extra Safety that caused the Extra Demand for

customers to wait just a little longer for the

tire that's well worth waiting for.

B. F. GOODRICH SILVERTOWNS

Extra safety is an engineered factor in the new B. F. Goodrich tires . . . extra safety and greater resistance to "road shock" from the 35% stronger body with more cords and an entirely new and stronger cord . . . extra safety and greater protection against skidding from the wider, flatter surface that spreads the wear

more evenly, gives you many more miles of service than prewar passenger car tires. If you want the tire that outwears prewar tires, order immediately for earliest delivery.

HAVE ELECTRICITY IN MY HOME

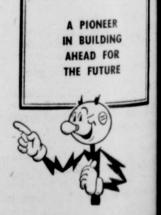

It's a great day when the last wire is in place and you can flick a switch and have electricity at your command.

It has taken time to bring the wonders and advantages of electricity to folks in this great area.

But today, in a major part of our 12 million dollar expansion program, we're stretching our rural power lines to reach more and more farms and ranches.

Folks in those homes have been waiting a long time for low cost electricity, and many of them can look forward to better living electrically.

A pioneer in building ahead for the future, we're proud that in our 22nd year we can bring low cost electric power to so many more of you.

joined the Columbia Broadcasting System at 6 o'clock Sunday morning, Sept. 29, it has Norman announced Loose, station manager,

At that time, Manager Loose state, the station extended its present time on the air from 13 to 18 hours and will be in opera tion from 6 o'clock each morning until 12 o'clock at night.

Beginning on Sunday the station is bringing all the fine Columbia programs to the station's listeners as well as their news commentat ors. The station also will bring the outstanding football games The world series also is being broadcast over station KAVE

Marcus Griffin Sells Eddy County News to Brownwood Publisher

The Eddy County News, which has been owned and published by Marcus Griffin at Carlsbad for number of years, has been sold to Mrs. Mittie McBeath of Brownwood, Tex., it was announced Monday by Publisher Griffin.

Mrs. McBeath took over the newspaper property and job print ing business on Monday and will continue to operate it.

Mr. Griffin announced that he made the sale because of his health and stated he plans to rest a while before going back into the publishing business. Mrs. McBeath has had a wide

experience in the newspaper publishing business at Brownwood and in other Texas cities.

Harp's Plans for International Good Will Grow

The plans of E. L. Harp of Ar well-known composer and band director, for an international good-will high school tour into Mexico in January, 1948, are gradually maturing, it is disclosed in an article in The Texas Outlook for September, published by the Texas State Teachers Associa The article continues.

The good-will band will be composed of 200 outstanding musicians from Mexico, Canada, and the United States.

The tour will cover a period of

WONDERFUL?

we'd like to be able to say: "Come in and get whatever you need in gas appliances!" But, unfortunately, we can't say that - yet! We can only promise that we'll have gas appliances as readily as they are turned off the assembly lines. Gas appliances are being made, but, as for all good things, there's a greater demand than supply. So many people prefer Natural Gas instead of other fuels, production of gas appliances has been unable to keep pace with the needs of the great number of long-time users of Natural Gas and the ever-increasing number of new Natural Gas users.

Gas consumers have been patient and understanding in all emergencies and we promise we won't let you down! We'll deliver the goods just as soon as possible. WON'T IT BE WONDERFUL when we can hear again those sweet words, "Yes, ma'am, we have just what you want! How many, please?"

st I do to be saved? ... he Lord Jesus Christ, and thou -Acrs 16:30, 31,

"Afraid?"

That earthquake would scare anyone! It tore open these iron doors! I knew the prisoners had escaped! My head would soon come off!

The way you two Christians took that beating yesterday turned me sick. I reckon I began then to want something that now I know I must have.

Later, in your stocks, you talked with Someone I couldn't see. You even sang. And now you beg me not to kill myself.

I can't go on the way I've beenselfish, and mean, and cruel. I want what you've got. What must I do to get it?

NOTHING? Nothing I can do to get it? Then I can't save myself?

Oh, Sir, must I only believe that there is One whom you call Jesus who can and will save? And depend on Him to do it?

I will-I do believe on Him NOW!

For by grace are ye saved through faith; and that not of yourselves: it is the gift of God: Not of works, lest any man should boast.—Ephesians 2:8, 9.
