Start Building V-J Day Floats

Three-Day Rodeo To Be Staged By Vets Over V-J Day Week End

The United Veterans Club of Artesia will stage a three-day rodeo at Morris Field Friday through Sunday, Aug. 13 to 15, in conjunction with the second annual V-J Day celebration here.

The rodeo will be in charge of Fred Brown of Dublin, Texas, one of the top rodeo men in the state, who will bring his salty trick for the various events, which include calf roping, bull riding, bronc riding, bulldozing, and sack race riding.

With a total purse of \$2500 for the performances, it is expected the rodeo will attract some of the best rodeo performers of the West. All entries will be permitted. Permission for the use of the field was given the United Veterans Club by the City Council at a special meeting Friday. The council members made certain stipulations, which the veterans agreed.

The rodeo and celebration here will be unique in the West, in that the male population of the community has not been asked to growl at the event, as it is almost always done in other cities.

Rodeo performances will be given in a matinee and night on Friday, Saturday, Aug. 13 and 14, and Sunday afternoon, Aug. 15.

Other events on V-J Day, Aug. 14, include a big parade in the morning, a barbecue at noon, and a

dance to the music of Bill Walton and His Orchestra at the Veterans Memorial Building in the evening.

The Artesia Chamber of Commerce has offered \$100 in prize money for the best floats in the parade, to be divided \$50, \$30, and \$20 for first, second, and third.

Members of the veterans' committee have asked that Artesia organizations and business houses plan to enter floats. It was recalled that although there were a number of splendid and clever floats entered in the parade last year, heads of some businesses which did not enter expressed afterwards disappointment that they had not made such plans.

The Chamber of Commerce is likewise co-operating with the United Veterans Club in making preparations for the rodeo and that organization is to assist in getting the big show underwritten. It will cost about \$10,000 to stage it and it is believed the veterans will make a good-sized sum out of the project. But in order to build a fence on Morris Field and to guarantee show and prize money to Brown there will have to be a sufficient sum raised and placed in escrow.

The committee is planning to have four specialty acts for the rodeo and other events on V-J Day, to be announced as plans are further worked out.

Death Comes To R. J. House, 67, Late Tuesday

Robert Jackson House, 67 of Artesia died at El Paso at 4:30 o'clock Tuesday afternoon after an illness of 10 days.

Funeral services are to be from the First Baptist Church of Artesia at 3 o'clock by Rev. Murdock of the Baptist Church at Lakewood. Burial will be in the Woodbine Cemetery.

Palbearers will be Forrest and Albert Lee, John and Martin Fanning, Ollie Mars, and L. P. Aaron.

Mr. House was born Jan. 10, 1881 in Dallas County, Texas, a son of Mr. and Mrs. James House. On September 10, 1900, he married Cora Bennett, and to them were born 11 children, of whom nine survive with their mother.

They are Robert L. House, Lakewood; Janus H., J. B., and Dwight House, Artesia; J. P. House, Miami, Arizona; Mrs. B. C. (Bud) Aaron and Mrs. Jack Scott, Artesia; Mrs. Ruth Edwards, Quay, N. M., and Mrs. Wilma Stephenson, Albuquerque.

Mr. House is also survived by three brothers and two sisters, James House, Graham, Texas; Charlie House, Lorraine, Texas; William House, Odessa, Texas; Mrs. Molly Bowen, Artesia, and Mrs. Ora Porter, Odessa.

Mr. and Mrs. House came to Eddy County from Lorraine, Texas, in 1915.

Mr. House was a member of the First Baptist Church.

Funeral arrangements are in charge of Paulin Funeral Home.

Infantile Paralysis Chapter To Be Formed Here Tonight

A North Eddy County chapter of the National Foundation for Infantile Paralysis is to be organized at a meeting at 7:30 o'clock this evening in the assembly room of the city hall. It was announced by Clarence E. Fischbeck, local chairman the last two years.

The chapter will be unique, in that it will be the first in the United States separated from a complete county organization.

Groundwork for the formation of the North Eddy County chapter was laid recently at a meeting in Carlsbad of the Eddy County chapter, from which the new group here will be separated.

That meeting was attended from Artesia by Fischbeck, A. P. Mahone, C. E. Mann, George V. Price, and John A. Mathis, Sr.

At that time it was agreed the east-west correction line about seven miles south of Lakewood will be the boundary line between the North and South Eddy chapters. It was also agreed to work out an equitable distribution of funds now on deposit in a Carlsbad bank.

Walter I. Ettleman of Albuquerque, state representative of the National Foundation for Infantile Paralysis, who was at the Carlsbad meeting and will be at the meeting here this evening, pointed out that because of the two chapters in Eddy County, the county will be eligible for twice as much aid from the national organization in the event of an epidemic.

He also pointed out that at the rate the present epidemic is spreading in Texas, it is expected to hit Southeast New Mexico the last week in July. Fischbeck said it is hoped to have the new local chapter all set up and functioning by that time, in case the epidemic continues to spread.

In the meantime, Fischbeck said, the incidence rate in New Mexico is higher at this time than it was a year ago. He called attention to three cases in North Eddy County the last few weeks.

Alvin G. Bland, 28, of Loco Hills was stricken last month, and Bob Boss, 2-year-old son of Mr. and Mrs. C. O. Boss, and Ted Clements, 4-year-old son of Mr. and Mrs. R. Clements, both of the Fred Nelson farm in the Cottonwood community, were reported Tuesday of last week to have polio.

Both of the children were taken first to a Roswell hospital, where their cases were definitely diagnosed as polio. The Boss boy is now in an El Paso hospital and the Clements boy in a Lubbock, Texas, hospital.

Dr. O. E. Puckett, district health officer, reported none of the three had been out of the state or had visitors from polio infested areas (continued last page this section)

Two State Cops Make News For True Detective

State Cops C. S. McCasland and Bill Lewis, stationed respectively at Artesia and Carlsbad, broke into national print in the July issue of True Detective in the "Spotlights" department under the caption, "Long Distance Assist." Said the magazine:

When Bill Lewis of the New Mexico State Police was prevented from making direct radio contact with C. S. McCasland, who was in another State Police car, due to interference, a station in Scarborough, Maine, promptly came to his assistance. It picked up Lewis' message and relayed it to McCasland.

Distances? Lewis to McCasland, seven Lewis to McCasland, via Scarborough, Maine, 5000 miles.

Mabry To Attend Highway 83 Celebration Saturday, July 31

Plans for a celebration of the completion of State Highway No. 83 except in the federal section in the Lincoln National Forest, first mentioned in these columns two weeks ago, are forming rapidly and indications are that it will be one of the biggest such affairs ever held in Southeast New Mexico.

The date of Saturday, July 31, has been set for the celebration, selected so as to permit Gov. Thomas J. Mabry to be present. The governor said he could make it on that date and has promised to attend.

However, the exact place for the celebration has not been announced. It is probable it will be in the Sacramento Mountains between Mayhill and Cloudcroft, more or less neutral ground for citizens from both slopes and living on or near No. 83.

Ross Sears, who has been named general chairman, was out of the city Wednesday and could not be reached for more definite information. But members of his committee said enthusiasm is being shown from Alamogordo to Lovington in all communities.

While Sears, Deputy Sheriff J. B. (Buster) Mulcock, and J. D. Smith, who represents the Chamber of Commerce on the celebration, have been working from Artesia on the affair, W. E. Rood, publisher of the Penasco Valley News, at Hope, has been contracting persons from that area and into the mountains as plans develop.

It is understood enough beaves have been donated for the celebration to provide food for the hundreds of persons who are expected to attend. The first beef was promised by Chairman Sears, who is president of the First National Bank of Artesia. Others have donated a half or whole beef.

It was understood the services of some of the old-time barbecue experts of this and other communities on Highway 83 will be enlisted, assuring everyone that the "grub" will be of the best and done in true Western style.

Members of the committee insisted that the date for the celebration be set at such time as Governor Mabry could be present, as it likewise will be somewhat in the manner of thanks to him for having kept his promise to finish the highway.

It was pointed out that governor Mabry has kept every promise made to the people in the Artesia community and other areas that the highway would be completed at the earliest possible date, and that this has been done.

Whether the Artesia people are to go to the site of the celebration in a body or not has not been decided, but it is possible a motor caravan will be formed.

First Half Of Softball Season Ends Last Night

With the REA and VFW softball league tied for first place in the league after Tuesday night's several possibilities were seen to be a possibility as the first half season last night.

Both teams would be necessary. But both lost, NuMex, which met REA, would then be with REA and VFW, which probably require a round-off to establish the first season champion team.

REA would probably have the championship team without question if it had not been for an upset night, when the Westerners, who defeated the night prior Artesia Shoe, the cellar position at that time, took REA's tune of 15-14.

The games last Thursday, Artesia won 15-14 over the Westerners, and VFW over Lake Arthur.

REA won 12-7 over NuMex Friday evening before the upset game when the Westerners and REA. The only game originally scheduled for Tuesday night, to have the end of the first-half season between REA and Lake Arthur, which Lake Arthur forfeit to REA, giving the electrical a forfeit score of 7-0.

REA defeated the Westerners in a make-up game, after it was arranged earlier in the season.

Two games last night, REA defeated the Westerners 10-6 and VFW vs. Artesia likewise were make-up games from previous rains.

Carper-Booker girls' team beat the Carlsbad girls Monday night 6-5 before one of the crowds at the ball park this evening estimated to have been more than 2000 people.

REA defeated Carlsbad Auto Co. in a special game Monday in conjunction with the girls'

Summer Program Is To Sponsor Teen-Age Social

A teen-age social hour is to be sponsored by the public school summer recreational program, with the first such social scheduled for 8 o'clock Friday evening in the girls' gymnasium at the high school.

The same type of activities will be offered as proved to be the most popular at similar events last summer. Among those planned are dancing, ping-pong, dominoes, checkers, and badminton. Square dancing proved to have a special interest summer and will be offered again this summer.

It was announced the purpose of the social hours is to give boys and girls of the community an opportunity to take part in wholesome social activities under proper guidance.

The interest and co-operation of those attending will determine the success and duration of the program, and it is planned to open the gymnasium every Friday night for the remainder of the recreational program of the public schools.

Cleve Eaker, 61, Killed In Jeep Accident Friday

Cleve Eaker, 61, of Pie Town, N. M., formerly of Artesia, was killed Friday evening near Pie Town, when something went wrong with the steering gear of a jeep in which he was riding, and it overturned.

The body was brought to Artesia, and funeral services were from Paulin Chapel at 4 o'clock Monday afternoon by Bill Decker, evangelist of the Church of Christ. Burial was in Woodbine Cemetery.

Honorary pallbearers were Reed Dowell, J. B. Muncy, Leonard Stevens, C. R. Baldwin, and Jerry Hale. The active pallbearers were Lawrence Carder, Denver Lankford, Ray Rodgers, John Fanning, Claude Smith, and Sarg Gordon.

Mr. Eaker is survived by his daughter, Mrs. Marvin T. Carder of Artesia, and four brothers and two sisters, Hiram and Ed Eaker, Mason, Texas; Amos Eaker, Gorman, Texas; Frank Eaker, Burbank, Calif.; Mrs. J. W. Brooks, San Diego, Calif.; and Mrs. Sam Norris, Pie Town.

Relatives and friends who were here from a distance for the funeral services included Sam Norris, Mr. and Mrs. Glenn Perry and daughter; Mr. and Mrs. James C. Norris, Odell Emery, and Neil Garrett, all of Pie Town; Mr. and Mrs. O. W. Cathey, Mr. and Mrs. Hiram Reid, Mrs. Cleo Eggleston, Mrs. Alvin Walker, Billie Jean Walker, and Ralph Cathey, all of Big Spring, Texas; Mrs. Marvin Willman, Mrs. Martin Luny, and Willie Ray Willman, all of Mason, Texas; Elma Hardin, Johnnie B. Martin, and Bessie Frank Young, all of Lovington; Arley and Byrde Smithson and Agnes Kirkpatrick of Datil, N. M.; Mr. and Mrs. Amos Eaker of Gorman, Texas; Mr. and Mrs. Bruce Robinson of Carlsbad, and Ray (continued last page this section)

Chief Richards Is Re-elected By Firemen Monday

Fire Chief and other officers of the Artesia Fire Department were re-elected Monday evening at the regular weekly meeting at the fire station.

Elmo Naylor and Dallas Golden were re-elected assistant chief and secretary respectively.

The business meeting was held after a Dutch lunch, at which Mayor Oren C. Roberts, members of the City Council, and other city officials were guests. With Chief Richards presiding, Mayor Roberts and other guests responded with a few words each.

At the conclusion of the meeting, the firemen's iron lung and resuscitator were demonstrated to some of the city officials, who were assured they are for use at any time needed and will be operated by members of the department who have taken training.

The lunch and meeting were attended by 44 firemen and guests.

Anthony Store To Have Opening Here On Friday

Artesia's newest retail clothing outlet, the C. R. Anthony Company store, will have its grand opening Friday in the remodeled building at 403 West Main Street, formerly occupied over a period of many years by McClay Furniture Store.

The building today has no resemblance to the former store, for the new front has been built, the ceiling has been lowered, and the entire interior rebuilt, decorated, and furnished in conformity with the C. R. Anthony Company stores pattern.

The new store here is the 83rd in the Anthony chain, which operates in four states, Oklahoma, Kansas, Texas, and New Mexico, with headquarters in Oklahoma City.

The new front on the building is tiled to the top of the two large show windows. Above them the construction is yellow brick, in which is a row of windows, lighting the store's main office, a balcony above the show windows.

The interior is quite modern, with 12 display shadow boxes around the store and above the shelving and clothing rack nooks, set in wall paneling of several shades of tan. All of the fixtures, counters, and three rows of island tables are of blond finish.

With women's merchandise in general on the east side of the store and men's on the west, there are in all 12 departments, piece goods, fashion accessories, hosiery, ready-to-wear, millinery, infants' department, domestics, men's furnishings, work clothing, men's and boys' clothing, men's hats, and shoes.

At the rear of the store are a dressing room and a fitting and altering room.

The new store's manager, Bert Jones, has been here throughout the remodeling of the building. He had hoped C. R. Anthony, founder of the company, would be here for the opening tomorrow, but he was unable to come. (continued last page this section)

Salvation Army Man Coming For Annual Campaign

ADJUTANT WYCOFF

Mayor Max Kurtz of Phoenix, Arizona, divisional commander of the Salvation Army, has announced Adjutant I. James Wycoff will arrive in Artesia this week to conduct the annual appeal for funds.

Adjutant Wycoff was recently appointed service extension director for the Salvation Army, succeeding the late Baron J. V. Auriemma, who died several months ago. Baron Auriemma conducted the annual campaign in this area many years and was well known throughout the Southwest.

His successor will solicit funds to assist the Salvation Army in its general program, meeting the needs of the less fortunate and handicapped members of society, providing opportunity for the underprivileged to attend supervised summer camp, and support for the home and hospital for unwed mothers.

Major Kurtz said Adjutant Wycoff has had much experience in Salvation Army work and is well qualified for his position. He worked closely with Baron Auriemma.

Members of the local Salvation Army committee have appealed to the general public to be generous in their support of the organization when called on by Adjutant Wycoff.

Charter For Peoples Bank Has Been Issued

The charter for the newly-organized Peoples State Bank of Artesia has been issued, it was announced this week by H. L. Sanderson, president.

He said the bank will start operations about the first of August in temporary quarters at 205 S. Fourth Street, just south of the site of the bank building which is to be on the corner of Fourth and Quay Avenue, facing Quay.

President Sanderson said the architect's plans for the bank building have been received and bank officials are asking bids of contractors for its construction.

The bank will start business with \$200,000 capital, surplus and reserve.

Plaque To Honor High School Dead Of World War II

Members of the class of 1943 of Artesia High School are planning to present the school a memorial plaque bearing the names of all men who attended the high school and who died or were killed while in service during World War II.

Dr. Jack Perry, who is heading the project, said the names of 19 men have been listed, but that there possibly might be more who attended Artesia High School and lost their lives in the war, so ordering the plaque will be deferred until all possible sources can be checked.

The chairman asked that former students of Artesia High School and other local citizens study the list and inform him if there should be any additional names.

Those listed to date are N. J. Ammons, G. D. Ashton, Tom Austin, Jack Coor, Lloyd Walker Evans, LaVerne Ferguson, Avery Gray, Dale Hannah, Wilson Hillard, Osborn Keller, Eugene McCrory, Charles Mitchell, Val Morgan, Vic Newman, Eugene Northcutt, Arlee Reno, Donald S. Simons, Melvin Warren, and Walter Whitaker.

All of the men attended the junior or senior high school some time after the seventh grade. They did not necessarily finish here or go into the service from Artesia, but they did attend Artesia High School Dr. Perry said.

Funds of the class of 1943 have been made available for the purchase of the plaque, which will be supplemented, if necessary, by contributions from individual members of that class.

Dr. Perry said the plaque which has been selected for the memorial is 12x24 inches. It is to be placed in the school auditorium.

Conditions In Japan Described By Sgt. Casper

First Sgt. Lawrence Casper of the 11th Airborne Division, stationed in Japan, who is in the United States on a special recruiting mission, spoke Tuesday noon at the weekly Rotary Club luncheon and gave an interesting talk on the occupation of Japan.

He told of the program of teaching the boys and girls the principles of democracy in the hope that 20 years hence, when they are running the government, the principles will have been instilled. To this end, Sergeant Casper said, 8000 teachers have been sent to Japan from the United States.

Sergeant Casper said the Japanese have only four islands left and that they cannot support the 80 million Japanese. He pointed out that if Japan repays the numerous countries for damage done during World War II, she will have to have assistance.

The sergeant is recruiting not only for the 11th Airborne Division, but for the First Cavalry, both of which are under strength and will not be helped by the draft, as drafted men are not to be taken out of the country. He said he is seeking volunteers to serve in Japan in one of the two occupation outfits.

Objectives Of Lions Club For Year Outlined

Wayne Paulin, president of the Artesia Lions Club, serving Wednesday noon for the first time at a regular meeting, outlined a four-fold program of objectives for the 1948-49 club year, and asked the co-operation of club members in help it to fulfill the program.

Top on the list was boys' and girls' work, with an active safety program for the community, especially for the boys and girls, taking second place.

President Paulin said one of the year's objectives will be acquiring for the community a city recreation park, with the assistance of other groups.

The fourth objective, he said, is acquiring additional playground equipment for schools and parks.

ARTESIA JUNIORS 1 cal 12

Roswell took area honors Sunday night at Roswell in a 10-2 victory over Artesia in junior baseball under the American Legion national rules, giving the Chavez county team the right to represent this area in the state tournament in Albuquerque Aug. 12-14.

The Roswell team defeated both Artesia and Hobbs Saturday, but Artesia turned the tables Sunday afternoon by winning over Roswell 10-7, requiring the Sunday evening play-off.

Only the Artesia, Hobbs, and Roswell junior teams were entered in the area tournament.

Shildneck Wildcat In Hope Area Is Abandoned Well

Three new producing oil wells in Eddy County were completed the last week, while the W. N. Black Drilling Company's Shildneck No. 1 wildcat northwest of Hope was plugged and abandoned. During the week three new locations were staked.

The Shildneck well, located in 24-16-20, was drilled to a total depth of 6996 feet.

New producers:

- Malco Refineries, Inc., Taylor 2-A, NW SE 13-18-31; total depth 3903 feet; flowed 150 barrels of oil per day.
- Robert E. McKee, State 8, SE NW 19-18-28; total depth 2151 feet; pumped 40 barrels of oil per day.
- Rudco Oil & Gas Co., Yates-State 6, SE SE NW 33-18-26; total depth 2525 feet; pumped 25 barrels of oil per day.

New locations: American Republics Corp., Robinson 22-B, SW NE 27-17-29; Kincaid & Watson, State 1-A, SE SE 13-18-28; Magnolia Petroleum Co., Foster Unit No. 1, NW SW 26-20-23.

Drilling Report

Magnolia Petroleum Co., State 1-W, SW SE 16-20-22, granite test on east slope of Guadalupe. Total depth 11,312; plugged back to 2366; cleaned out to 2387; shut down for orders.

Harvey E. Yates, Ohio-State 1, SE SW 13-18-28.

Total depth 2938; testing for water.

Leonard Oil Co., State 2, SW SW 2-19-29.

Total depth 3127; preparing to shoot. (continued last page this section)

County 4-H Club Revue To Be Held Here On Friday

The Eddy County 4-H Club dress revue and demonstration contest will be held in the Artesia High School building beginning at 9:30 o'clock Friday morning.

Demonstration contests in the home economics room, will cover dairy foods, poultry raising, and livestock loss prevention. Teams from different towns will compete.

Sonny Garner and Wade Green of the Artesia 4-H Club will demonstrate spinose ear tick control.

The junior girls' demonstration team will cover such topics as cottage cheese salads and milk drinks.

The Artesia Junior Club will have Willa Green, Winnie Phillips, Carolyn Jones, Billie Jean Muncy, Ruth Faulk, and Laura Savoie on demonstration teams. Mrs. Ralph Rogers and Mrs. M. A. Sinclair are the local leaders of this group.

Betty Thorpe and Carolyn Zeleny are the demonstration team from the Atoka 4-H Club, with Mrs. Russell Rogers as the leader.

Joan Taylor and Mary Lou House of Cottonwood are a team under the direction of Mrs. A. E. Stephens Lakewood has entered Regina Ticer, Dorothy Manteel, Hazel Brasler, and Lamora Parker under the direction of Mrs. Forest Lee and Mrs. R. L. House.

The Senior Girls' 4-H Club demonstration, by Oneta and Oleta Johnson, will be milk cookery. This team was trained by Mrs. Jack McCaw.

E. E. Anderson, extension dairy-poultry specialist, will judge the demonstrations.

The 4-H dress revue will be held in the auditorium of Artesia High (continued last page this section)

Father And Son Both Become Members Of Order Of The Arrow

J. T. Tasley, scoutmaster of Boy Scout Troop 295, and his son, John, senior patrol leader of that troop, underwent the ordeal and were initiated into the Order of the Arrow at Camp We-Hin-Ah-Pay in the Sacramento Mountains, in what is believed to be the first time a father and son were so honored at the same time.

The Order of the Arrow is a national honor camping organization composed of outstanding scouts and Boy Scouts.

Out of 400 Boy Scouts at the camp this summer, 28 were recalled last week end to receive the honor. J. E. Goodrich and Hildrith Barker of Troop 28 also received the honor. They were taken by Doyle Founds, who already was a member of the Order of the Arrow.

New Members Are Initiated Monday Into Veterans Foreign Wars

A number of veterans were initiated into the Veterans of Foreign Wars at the monthly meeting Monday evening at the Veterans Memorial Building.

The greater part of the business session prior to the initiation was taken up with discussions and plans for the three day rodeo and celebration of V-J Day here Aug. 13-15.

Commander Preston Triplett announced the membership contest of the VFW, for which prizes have been offered, will end Aug. 1. He prevailed upon the members to get in as many new members as possible by that time.

CAP Has Received Radios, Expects Link Trainer Soon

The Artesia unit of the Civil Air Patrol has received a large radio transmitter-receiver, seven mobile units, and a number of field telephones to be used in activities and training, it was announced by Lt. Hugh Barron, commanding officer.

He said a Link trainer at Albuquerque has been assigned to the Artesia unit and will be shipped here as soon as transportation can be arranged.

Likewise a Piper L-4 liaison is expected for the use of the Artesia CAP.

Lieutenant Barron said a two-week encampment for male CAP cadets, boys from 15 to 19 years old, is being planned and that those joining now can qualify by time for the encampment, which will be the latter part of August at Lowery Field, Denver.

Both boys and girls are eligible for the cadet corps and all interested in aviation are invited to attend the meetings at the vocational agriculture room in the big gymnasium of Artesia High School at 7:30 o'clock each Wednesday evening.

Adult members are being sought as well. It is not necessary that a person fly. He does not even need a desire to fly, but merely have an interest in aviation.

Persons interested and wishing more information may contact Lieutenant Barron, Herman Fuchs, Ted Heidel, or Mervin Worley.

Carper-Booker Girls Take Carlsbad Team In Extra-Inning Game

In one of the closest games of the softball season, the Carper-Booker girls' team downed the Carlsbad Thayer Apartment girls' team 7 to 6 Monday evening on the Artesia diamond.

Through the steady pitching of Velma Springer, the Carper-Booker team held the Thayer Apartment team scoreless for three successive innings. At the end of the seventh inning the score was tied and the game had to go to extra innings with Artesia coming out on top.

There are six women's teams in Carlsbad and the Thayer Apartment team is tied for first place. The only home run scored by the Artesia team was made by Mrs. Gervis Cummins.

The group also beat Dexter last Thursday night at Dexter with a lopsided score of 12 to 2.

They will play the Lion's Club Monday evening.

Miss Flo McCarty of Albuquerque and Miss Mary Sticks of Douglas, Ariz., are guests of Mr. and Mrs. J. W. Nellis, Jr.

Eddy 4-H Club Members Visit Farms Inspect Fed Calves

4-H Club members of North plough made a tour of all that are feeding 4-H calves last afternoon.

It was recommended that those who are feeding calves have them banded and haltered before they made the tour so that they could compare their own records with others.

Club members and parents who interested were invited

Three-Day Rodeo To Be Staged Vets Over V-J Day Week End

The United Veterans Club of Artesia will stage a three-day rodeo at Morris Field Friday through Sunday, Aug. 13 to 15, in conjunction with the second annual V-J Day celebration here.

The rodeo will be in charge of Harold Brown of Dublin, Texas, one of the top rodeo men in the nation, who will bring his salty stock for the various events, which will include calf roping, bull riding, bronc riding, bulldogging, and barrel racing.

With a total purse of \$2500 for the performances, it is expected the rodeo will attract some of the top performers of the West.

Local entries will be permitted. Permission for the use of the field was given the United Veterans Club by the City Council at a special meeting Friday. The council members made certain stipulations, to which the veterans agreed.

The rodeo and celebration here will be unique in the West, in that the male population of the community has not been asked to grow whiskers for the event, as it almost always does in other cities.

Rodeo performances will be given matinee and night on Friday and Saturday, Aug. 13 and 14, and on Sunday afternoon, Aug. 15.

Other events on V-J Day, Aug. 14, will include a big parade in the morning, a barbecue at noon, and a

dance to the music of Bill Walton and His Orchestra at the Veterans Memorial Building in the evening.

The Artesia Chamber of Commerce has offered \$100 in prize money for the best floats in the parade, to be divided \$50, \$30, and \$20 for first, second, and third.

Members of the veterans' committee have asked that Artesia organizations and business houses plan to enter floats. It was recalled that although there were a number of splendid and clever floats entered in the parade last year, heads of some businesses which did not enter expressed afterwards disappointment that they had not made such plans.

The Chamber of Commerce is likewise co-operating with the United Veterans Club in making preparations for the rodeo and that organization is to assist in getting the big show underwritten. It will cost about \$10,000 to stage it and it is believed the veterans will make a good-sized sum out of the project. But in order to build a fence on Morris Field and to guarantee show and prize money to Brown there will have to be a sufficient sum raised and placed in escrow.

The committee is planning to have four specialty acts for the rodeo and other events on V-J Day, to be announced as plans are further worked out.

Death Comes To R. J. House, 67, Late Tuesday

Robert Jackson House, 67 of Artesia died at El Paso at 4:30 o'clock Tuesday afternoon after an illness of 10 days.

Funeral services are to be from the First Baptist Church of Artesia at 3 o'clock by Rev. Murdock of the Baptist Church at Lakewood. Burial will be in the Woodbine Cemetery.

Pallbearers will be Forrest and Albert Lee, John and Martin Fanning, Ollie Mars, and L. P. Aaron.

Mr. House was born Jan. 10, 1881 in Dallas County, Texas, a son of Mr. and Mrs. James House. On September 10, 1900, he married Cora Bennett, and to them were born 11 children, of whom nine survive with their mother.

They are Robert L. House, Lakewood; Janus H. J. B., and Dwight House, Artesia; J. P. House, Miami, Arizona; Mrs. B. C. (Bud) Aaron and Mrs. Jack Scott, Artesia; Mrs. Ruth Edwards, Quay, N. M., and Mrs. Wilma Stephenson, Albuquerque.

Mr. House is also survived by three brothers and two sisters, James House, Graham, Texas; Charlie House, Lorraine, Texas; William House, Odessa, Texas; Mrs. Molly Bowen, Artesia, and Mrs. Ora Porter, Odessa.

Mr. and Mrs. House came to Eddy County from Lorraine, Texas, in 1915.

Mr. House was a member of the First Baptist Church.

Funeral arrangements are in charge of Paulin Funeral Home.

Infantile Paralysis Chapter To Be Formed Here Tonight

A North Eddy County chapter of the National Foundation for Infantile Paralysis is to be organized at a meeting at 7:30 o'clock this evening in the assembly room of the city hall it was announced by Clarence E. Fischbeck, local chairman of the last two years.

The chapter will be unique, in that it will be the first in the United States separated from a complete county organization.

Groundwork for the formation of the North Eddy County chapter was laid recently at a meeting in Carlsbad of the Eddy County chapter, from which the new group here will be separated.

That meeting was attended from Artesia by Fischbeck, A. P. Mahoney, C. E. Mann, George V. Price, and John A. Mathis, Sr.

At that time it was agreed the east-west correction line about seven miles south of Lakewood will be the boundary line between the North and South Eddy chapters. It was also agreed to work out an equitable distribution of funds now on deposit in a Carlsbad bank.

Walter I. Ettleman of Albuquerque, state representative of the National Foundation for Infantile Paralysis, who was at the Carlsbad meeting and will be at the meeting here this evening, pointed out that because of the two chapters in Eddy County, the county

will be eligible for twice as much aid from the national organization in the event of an epidemic.

He also pointed out that at the present epidemic is spreading in Texas, it is expected to hit Southeast New Mexico the last week in July. Fischbeck said it is hoped to have the new local chapter all set up and functioning by that time, in case the epidemic continues to spread.

In the meantime, Fischbeck said, the incidence rate in New Mexico is higher at this time than it was a year ago. He called attention to three cases in North Eddy County the last few weeks.

Alvin G. Bland, 28, of Loco Hills was stricken last month, and Bob Boss, 2-year-old son of Mr. and Mrs. C. O. Boss, and Ted Clements, 4-year-old son of Mr. and Mrs. R. R. Clements, both of the Fred Nelson farm in the Cottonwood community, were reported Tuesday of last week to have polio.

Both of the children were taken first to a Roswell hospital, where their cases were definitely diagnosed as polio. The Boss boy is now in an El Paso hospital and the Clements boy in a Lubbock, Texas, hospital.

Dr. O. E. Puckett, district health officer, reported none of the three had been out of the state or had visitors from polio infested areas (continued last page this section)

First Half Of Softball Season Ends Last Night

With the REA and VFW softball teams tied for first place in the league after Tuesday night's play, several possibilities were seen yesterday afternoon as a possible outcome of the final games of the first half season last night.

Should those two teams both win, play-off would be necessary. But would both lose, NuMex, which is tied with REA, would then be tied with REA and VFW, which could probably require a round-robin play-off to establish the first-half season champion team.

REA would probably have been a champion team without question if it had not been for an upset Friday night, when the Westerners defeated the night prior Artesia Shoe, the cellar position team at that time, took REA the time of 15-14.

In the games last Thursday, Artesia Shoe won 15-14 over the Westerners, and VFW over Lake Arthur 15-10.

VFW won 12-7 over NuMex Friday evening before the upset game between the Westerners and REA. The only game originally scheduled for Tuesday night, to have in the end of the first-half season, was between REA and Lake Arthur, which Lake Arthur forced to REA, giving the electricity a forfeit score of 7-0.

VFW defeated the Westerners 10 in a make-up game, after it rained out earlier in the season.

Summer Program Is To Sponsor Teen-Age Social

A teen-age social hour is to be sponsored by the public school summer recreational program, with the first such social scheduled for 8 o'clock Friday evening in the girls' gymnasium at the high school.

The same type of activities will be offered as proved to be the most popular at similar events last summer. Among those planned are dancing, ping-pong, dominoes, checkers, and badminton. Square dancing proved to have a special interest summer and will be offered again this summer.

It was announced the purpose of the social hours is to give boys and girls of the community an opportunity to take part in wholesome social activities under proper guidance.

The interest and co-operation of those attending will determine the success and duration of the program, and it is planned to open the gymnasium every Friday night for the remainder of the recreational program of the public schools.

Cleve Eaker, 61, Killed In Jeep Accident Friday

Cleve Eaker, 61, of Pie Town, N. M., formerly of Artesia, was killed Friday evening near Pie Town, when something went wrong with the steering gear of a jeep in which he was riding, and it overturned.

The body was brought to Artesia, and funeral services were from Paulin Chapel at 4 o'clock Monday afternoon by Bill Decker, evangelist of the Church of Christ. Burial was in Woodbine Cemetery.

Honorary pallbearers were Reed Dowell, J. B. Muncy, Leonard Stevens, C. R. Baldwin, and Jerry Hale. The active pallbearers were Lawrence Carder, Denver Lankford, Ray Rodgers, John Fanning, Claude Smith, and Sarg Gordon.

Mr. Eaker is survived by his daughter, Mrs. Marvin T. Carder of Artesia, and four brothers and two sisters, Hiram and Ed Eaker, Mason, Texas; Amos Eaker, Gorman, Texas; Frank Eaker, Burbank, Calif.; Mrs. J. W. Brooks, San Diego, Calif., and Mrs. Sam Norris, Pie Town.

Relatives and friends who were here from a distance for the funeral services included Sam Norris, Mr. and Mrs. Glenn Perry and daughter; Mr. and Mrs. James C. Norris, Odell Emery, and Neil Garrett, all of Pie Town; Mr. and Mrs. O. W. Cathey, Mr. and Mrs. Hiram Reid, Mrs. Cleo Eggleston, Mrs. Alvin Walker, Billie Jean Walker, and Ralph Cathey, all of Big Spring, Texas; Mrs. Marvin Willman, Mrs. Martin Lunny, and Willie Ray Willman, all of Mason, Texas; Elma Hardin, Johnnie B. Martin, and Bessie Frank Young, all of Lovington; Arley and Byrde Smithson and Agnes Kirkpatrick of Datil, N. M.; Mr. and Mrs. Amos Eaker of Gorman, Texas; Mr. and Mrs. Bruce Robinson of Carlsbad, and Ray (continued last page this section)

Chief Richards Is Re-elected By Firemen Monday

Fire Chief and other officers of the Artesia Fire Department were re-elected Monday evening at the regular weekly meeting at the fire station.

Elmo Nayler and Dallas Golden were re-elected assistant chief and secretary respectively.

The business meeting was held after a Dutch lunch, at which Mayor Oren C. Roberts, members of the City Council, and other city officials were guests. With Chief Richards presiding, Mayor Roberts and other guests responded with a few words each.

At the conclusion of the meeting, the firemen's iron lung and resuscitator were demonstrated to some of the city officials, who were assured they are for use at any time needed and will be operated by members of the department who have taken training.

The lunch and meeting were attended by 44 firemen and guests.

Anthony Store To Have Opening Here On Friday

Artesia's newest retail clothing outlet, the C. R. Anthony Company store, will have its grand opening Friday in the remodeled building at 403 West Main Street, formerly occupied over a period of many years by McClay Furniture Store.

The building today has no resemblance to the former store, for a new front has been built, the ceiling has been lowered, and the entire interior rebuilt, decorated, and furnished in conformity with the C. R. Anthony Company stores pattern.

The new store here is the 83rd in the Anthony chain, which operates in four states, Oklahoma, Kansas, Texas, and New Mexico, with headquarters in Oklahoma City.

The new front on the building is tile to the top of the two large show windows. Above them the construction is yellow brick, in which is a row of windows, lighting the store's main office, a balcony above the show windows.

The interior is quite modern, with 12 display shadow boxes around the store and above the shelving and clothing rack nooks, set in wall paneling of several shades of tan. All of the fixtures, counters, and three rows of island tables are of blond finish.

With women's merchandise in general on the east side of the store and men's on the west, there are in all 12 departments, piece goods, fashion accessories, hosiery, ready-to-wear, millinery, infants' department, domestic, men's furnishings, work clothing, men's and boys' clothing, men's hats, and shoes.

At the rear of the store are a dressing room and a fitting and altering room.

The new store's manager, Bert Jones, has been here throughout the remodeling of the building. He had hoped C. R. Anthony, founder of the company, would be here for the opening tomorrow, but he was unable to come. (continued last page this section)

Shildneck Wildcat In Hope Area Is Abandoned Well

Three new producing oil wells in Eddy County were completed the last week, while the W. N. Black Drilling Company's Shildneck No. 1 wildcat northwest of Hope was plugged and abandoned. During the week three new locations were staked.

The Shildneck well, located in 24-16-20, was drilled to a total depth of 6996 feet.

New producers: Malco Refineries, Inc., Taylor 2-A, NW SE 12-18-31; total depth 3803 feet; flowed 150 barrels of oil per day.

Robert E. McKee, State 8, SE NW 19-18-28; total depth 2151 feet; pumped 40 barrels of oil per day.

Rudco Oil & Gas Co., Yates-State 6, SE SE NW 33-18-28; total depth 2525 feet; pumped 25 barrels of oil per day.

New locations: American Republics Corp., Robinson 22-B, SW NE 27-17-29; Kincaid & Watson, State 1-A, SE SE 13-18-28; Magnolia Petroleum Co., Foster Unit No. 1, NW SW 26-20-23.

Father and Son Both Become Members Of Order Of The Arrow

J. T. Tasley, scoutmaster of Boy Scout Troop 295, and his son, Jon, senior patrol leader of that troop, underwent the ordeal and were initiated into the Order of the Arrow at Camp We-Hin-Ah-Pay in the Sacramento Mountains, in what is believed to be the first time a father and son were so honored at the same time.

The Order of the Arrow is a national honor camping organization composed of outstanding scouts and Boy Scouts.

Out of 400 Boy Scouts at the camp this summer, 28 were recalled last week end to receive the honor. J. E. Goodrich and Hildrith Barker of Troop 28 also received the honor. They were taken by Doyle Pounds, who already was a member of the Order of the Arrow.

County 4-H Club Revue To Be Held Here On Friday

The Eddy County 4-H Club dress revue and demonstration contest will be held in the Artesia High School building beginning at 9:30 o'clock Friday morning.

Demonstration contests in the home economics room, will cover dairy foods, poultry raising, and livestock loss prevention. Teams from different towns will compete.

Sonny Garner and Wade Green of the Artesia 4-H Club will demonstrate spinage car tick control.

The junior girls' demonstration team will cover such topics as cottage cheese salads and milk drinks.

The Artesia Junior Club will have Willa Green, Winnie Phillips, Carolyn Jones, Billie Jean Muncy, Ruth Faulk, and Laura Savoie on demonstration teams. Mrs. Ralph Rogers and Mrs. M. A. Sinclair are the local leaders of this group.

Betty Thorpe and Carolyn Zeleny are the demonstration team from the Atoka 4-H Club, with Mrs. Russell Rogers as the leader.

Joan Taylor and Mary Lou House of Cottonwood are a team under the direction of Mrs. A. E. Stephens. Lakewood has entered Regina Ticer, Dorothy Manthei, Hazel Brasler, and Lamora Parker under the direction of Mrs. Forest Lee and Mrs. R. L. House.

The Senior Girls' 4-H Club demonstration, by Oneta and Oleta Johnson, will be milk cookery. This team was trained by Mrs. Jack McCaw.

E. E. Anderson, extension dairy-poultry specialist, will judge the demonstrations.

The 4-H dress revue will be held in the auditorium of Artesia High (continued last page this section)

New Members Are Initiated Monday Into Veterans Foreign Wars

A number of veterans were initiated into the Veterans of Foreign Wars at the monthly meeting Monday evening at the Veterans Memorial Building.

The greater part of the business session prior to the initiation was taken up with discussions and plans for the three day rodeo and celebration of V-J Day here Aug. 13-15.

Commander Preston Triplett announced the membership contest of the VFW, for which prizes have been offered, will end Aug. 1. He prevailed upon the members to get in as many new members as possible by that time.

Two State Cops Make News For True Detective

State Cops C. S. McCasland and Bill Lewis, stationed respectively at Artesia and Carlsbad, broke into national print in the July issue of True Detective in the "Spotlights" department under the caption, "Long Distance Assist." Said the magazine:

When Bill Lewis of the New Mexico State Police was prevented from making direct radio contact with C. S. McCasland, who was in another State Police car, due to interference, a station in Scarborough, Maine, promptly came to his assistance. It picked up Lewis' message and relayed it to McCasland.

Distances? Lewis to McCasland, seven miles to Carlsbad, via Carlsbad, Maine, 5000 miles.

Mabry To Attend Highway 83 Celebration Saturday, July 31

Plans for a celebration of the completion of State Highway No. 83 except in the federal section in the Lincoln National Forest, first mentioned in these columns two weeks ago, are forming rapidly and indications are that it will be one of the biggest such affairs ever held in Southeast New Mexico.

The date of Saturday, July 31, has been set for the celebration, selected so as to permit Gov. Thomas J. Mabry to be present. The governor said he could make it on that date and has promised to attend.

However, the exact place for the celebration has not been announced. It is probable it will be in the Sacramento Mountains between Mayhill and Cloudford, more or less neutral ground for citizens from both slopes and living on or near No. 83.

Ross Sears, who has been named general chairman, was out of the city Wednesday and could not be reached for more definite information. But members of his committee said enthusiasm is being shown from Alamogordo to Lovington in all communities.

While Sears, Deputy Sheriff J. B. (Buster) Mulcock, and J. D. Smith, who represents the Chamber of Commerce on the celebration, have been working from Artesia on the affair, W. E. Rood, publisher of the Penasco Valley News

at Hope, has been contracting persons in that area and into the mountains as plans develop.

It is understood enough beehives have been donated for the celebration to provide food for the hundreds of persons who are expected to attend. The first beef was promised by Chairman Sears, who is president of the First National Bank of Artesia. Others have donated a half or whole beef.

It was understood the services of some of the old-time barbecue experts of this and other communities on Highway 83 will be enlisted, assuring everyone that the "grub" will be of the best and done in true Western style.

Members of the committee insisted that the date for the celebration be set at such time as Governor Mabry could be present, as it likewise will be somewhat in the manner of thanks to him for having kept his promise to finish the highway.

It was pointed out that Governor Mabry has kept every promise made to the people in the Artesia community and other areas that the highway would be completed at the earliest possible date, and that this has been done.

Whether the Artesia people are to go to the site of the celebration in a body or not has not been decided, but it is possible a motor caravan will be formed.

Salvation Army Man Coming For Annual Campaign

ADJUTANT WYCOFF

Mayor Max Kurtz of Phenix, Arizona, divisional commander of the Salvation Army, has announced Adjutant I. James Wycoff will arrive in Artesia this week to conduct the annual appeal for funds.

Adjutant Wycoff was recently appointed service extension director for the Salvation Army, succeeding the late Baron J. V. Auriemma, who died several months ago. Baron Auriemma conducted the annual campaign in this area many years and was well known throughout the Southwest.

His successor will solicit funds to assist the Salvation Army in its general program, meeting the needs of the less fortunate and handicapped members of society, providing opportunity for the underprivileged to attend supervised summer camp, and support for the home and hospital for unwed mothers.

Major Kurtz said Adjutant Wycoff has had much experience in Salvation Army work and is well qualified for his position. He worked closely with Baron Auriemma.

Members of the local Salvation Army committee have appealed to the general public to be generous in their support of the organization when called on by Adjutant Wycoff.

Charter For Peoples Bank Has Been Issued

The charter for the newly-organized Peoples State Bank of Artesia has been issued, it was announced this week by H. L. Sanderson, president.

He said the bank will start operations about the first of August in temporary quarters at 205 S. Fourth Street, just south of the site of the bank building which is to be on the corner of Fourth and Quay Avenue, facing Quay.

President Sanderson said the architect's plans for the bank building have been received and bank officials are asking bids of contractors for its construction.

The bank will start business with \$200,000 capital, surplus and reserve.

Plaque To Honor High School Dead Of World War II

Members of the class of 1943 of Artesia High School are planning to present the school a memorial plaque bearing the names of all men who attended the high school and who died or were killed while in service during World War II.

Dr. Jack Perry, who is heading the project, said the names of 19 men have been listed, but that there possibly might be more who attended Artesia High School and lost their lives in the war, so ordering the plaque will be deferred until all possible sources can be checked.

The chairman asked that former students of Artesia High School and other local citizens study the list and inform him if there should be any additional names.

Those listed to date are N. J. Ammons, G. D. Ashton, Tom Austin, Jack Cook, Lloyd Walker Evans, LaVerne Ferguson, Avery Gray, Dale Hannah, Wilson Hillard, Osborn Keller, Eugene McCrory, Charles Mitchell, Val Morgan, Vic Newman, Eugene Northcutt, Arlee Reno, Donald S. Simons, Melvin Warren, and Walter Whitaker.

All of the men attended the junior or senior high school some time after the seventh grade. They did not necessarily finish here or go into the service from Artesia, but they did attend Artesia High School Dr. Perry said.

Funds of the class of 1943 have been made available for the purchase of the plaque, which will be supplemented, if necessary, by contributions from individual members of that class.

Dr. Perry said the plaque which has been selected for the memorial is 12x24 inches. It is to be placed in the school auditorium.

Conditions In Japan Described By Sgt. Casper

First Sgt. Lawrence Casper of the 11th Airborne Division, stationed in Japan, who is in the United States on a special recruiting mission, spoke Tuesday noon at the weekly Rotary Club luncheon and gave an interesting talk on the occupation of Japan.

He told of the program of teaching the boys and girls the principles of democracy in the hope that 20 years hence, when they are running the government, the principles will have been instilled. To this end, Sergeant Casper said, 8000 teachers have been sent to Japan from the United States.

Sergeant Casper said the Japanese have only four islands left and that they cannot support the 80 million Japanese. He pointed out that if Japan repays the numerous countries for damage done during World War II, she will have to have assistance.

The sergeant is recruiting not only for the 11th Airborne Division, but for the First Cavalry, both of which are under strength and will not be helped by the draft, as drafted men are not to be taken out of the country. He said he is seeking volunteers to serve in Japan in one of the two occupation outfits.

Objectives Of Lions Club For Year Outlined

Wayne Paulin, president of the Artesia Lions Club, serving Wednesday noon for the first time at a regular meeting, outlined a four-fold program of objectives for the 1948-49 club year, and asked the co-operation of club members in help it to fulfill the program.

Top on the list was boys' and girls' work, with an active safety program for the community, especially for the boys and girls, taking second place.

President Paulin said one of the year's objectives will be acquiring for the community a city recreation park, with the assistance of other groups.

The fourth objective, he said, is acquiring additional playground equipment for schools and parks.

ARTESIA JUNIORS 1 cal 12

Roswell took area honors Sunday night at Roswell in a 10-2 victory over Artesia in junior baseball under the American Legion national rules, giving the Chavez county team the right to represent this area in the state tournament in Albuquerque Aug. 12-14.

The Roswell team defeated both Artesia and Hobbs Saturday, but Artesia turned the tables Sunday afternoon by winning over Roswell 10-7, requiring the Sunday evening play-off.

Only the Artesia, Hobbs, and Roswell junior teams were entered in the area tournament.

Carper-Booker Girls Take Carlsbad Team In Extra-Inning Game

In one of the closest games of the softball season, the Carper-Booker girls' team downed the Carlsbad Thayer Apartment girls' team 7 to 6 Monday evening on the Artesia diamond.

Through the steady pitching of Velma Springer, the Carper-Booker team held the Thayer Apartment team scoreless for three successive innings. At the end of the seventh inning the score was tied and the game had to go to extra innings with Artesia coming out on top.

There are six women's teams in Carlsbad and the Thayer Apartment team is tied for first place.

The only home run scored by the Artesia team was made by Mrs. Gervis Cummins.

The group also beat Dexter last Thursday night at Dexter with a lopsided score of 12 to 2.

They will play the Lion's Club Monday evening.

Miss Flo McCarty of Albuquerque and Miss Mary Sticks of Douglas, Ariz., are guests of Mr. and Mrs. J. W. Nellis, Jr.

4-H Club Members Visit Farms Inspect Fed Calves

4-H club members of North Eddy County made a tour of all the farms feeling 4-H calves last week.

It is recommended that breeding calves have had their teeth haltered before the tour so that they will not injure themselves or their owners.

Modern City

RECENTLY HEARD a former resident of Artesia ask how Artesia is today and how it is. He went on to say that when he lived in Artesia years ago it was just a little wide place with a few houses but he understood it was a real little town.

That individual had left the village of Artesia in a hasty manner and he was not, although he had heard, that the city had grown to expand, and to progress. He was behind with the many, who continue to grow in Artesia and who have made it a city for the growth and expansion which progress demands.

The growth and expansion of today are the result of the faith and the confidence and the courage of those who reside in Artesia and who have made every contribution possible to the growth and expansion.

There is a list of claims made over the state of New Mexico, cities with brightest future, but Artesia could claim to be the city of the future to do so.

Artesia of any size in the state has made improvements. They have carried out building programs. How far they may slip back into the old remains to be seen.

There are various kinds of predictions regarding the future of Artesia. Many have been a little concerned about the future and the confidence and the courage of those who have forged ahead and who know that the future of the city is in their hands.

It would cost a little money, but a very small amount when the utility of the park and the use to which it would be put are considered.

The fact that Artesia citizens, anxious for a picnic on the Fourth, too thinned skinned to take the mosquitoes on the river, and without the inclination to drive to the mountains, used the racetrack for a park, is enough evidence for us to believe we are still right; it should be done.—A.L.B.

is perhaps true but nine out of 10 of these accidents are the result of carelessness or because those operating motor vehicles refuse to employ the knowledge, which they possess.

Many of the accidents result from mechanical faults or failures of cars. And in nine out of 10 cases a careful check of the car would have resulted in this being corrected or repaired and in that event there would have been no mechanical failure and no accident. No accident would have resulted in no deaths and no injury.

In many cases, however, these highway accidents, which cost so many lives every year, are the direct result of our refusal to operate our automobile so we have it under control at all times. We take unnecessary chances and fail to play the game safe in our driving.

One of the greatest causes of highway accidents is the dashing in and out of traffic lanes. The individual, who is always in too big a hurry takes unnecessary chances and dashes around the car, truck, or vehicle in front of him. And in far too many cases he drives around the car when he does not have sufficient room or when there is a car approaching. Especially is this bad when there are three or four cars bunched together traveling in the same direction or coming the same direction.

The driver, who attempts to go around a car and is not sure he has more than sufficient room is not only foolish but he is taking his own life in hand and he is taking the lives of all in the other cars in his hands.

The wise thing is to wait until traffic clears sufficiently and all danger, which might prevail, is past.

But just as long as there are those motor vehicles on the highways, which have not been properly checked for lights and the brakes and just as long as there are those with drivers' licenses, who should be denied the right to drive, just that long with the large number of unnecessary highway accidents occur on the highway.

Someday, perhaps, we are going to get a little tough about issuing drivers' licenses and about permitting those, who have sacrificed any right to have a drivers' license, but until we do this and rigidly enforce our light and brake law we are going to continue to have far too many unnecessary and needless accidental deaths on our highways.—O.E.P.

Airport Picnic Grounds

A FEW WEEKS AGO we suggested that a public park be built in the east quadrant at the municipal airport, for the use of families or groups for picnics.

Evidently some others liked the idea, for on the Fourth of July, certain small groups, having no other place to go, went to the airport, used the veterans' racetrack grandstand for tables and benches, and enjoyed themselves.

That is far from what we had in mind—making a grandstand serve for picnic park tables, but it does prove there is need for such a place.

In our previous editorial we pointed out there are many acres in that quadrant, on some of which the picnic grounds could be developed at small cost to the city. A few trees would have to be planted, drives and parking areas would have to be bladed, some outdoor stoves would have to be built, and some tables and benches furnished.

Aside from that, there would need to be a water outlet, both for watering the trees and for the public, and restrooms would have to be provided.

It would cost a little money, but a very small amount when the utility of the park and the use to which it would be put are considered.

The fact that Artesia citizens, anxious for a picnic on the Fourth, too thinned skinned to take the mosquitoes on the river, and without the inclination to drive to the mountains, used the racetrack for a park, is enough evidence for us to believe we are still right; it should be done.—A.L.B.

Tell The Merchant

IT IS REMARKABLE how many nice things citizens, shoppers, and buyers can say about certain business firms to their friends and it is regrettable they do not make these comments to the managers or the owners of the places of business.

Yet it is true. Time after time we have heard people proclaim just how nice and accommodating some firm is. They describe how the concern went to considerable trouble to endeavor to get even by special order what the customer wanted or desired. Sometimes this involves several letters and several shipments of merchandise. Yet the customer was taken care of and was satisfied.

The fact that the satisfied customer tells his or her friends, of course, is good advertising for the store, firm, or place of business. Yet the fact remains that the manager or the owner of the store would appreciate being advised about the fine service, which had been provided.

A little pat on the back now and then for the firm results in even greater effort being made to accommodate the public. The average businessman enjoys knowing whether he is rendering service and whether the public appreciates his service or the service of his firm.

It is a pretty well known fact, of course, that the public does appreciate good service. It does appreciate those business firms and concerns, which are accommodating and which seek to please and accommodate their customers.

In fact accommodating customers is not only one of the best ways for a new firm to build business and attract customers but it is still one of the best ways to keep old customers. It is a practice, which pays dividends for the new business firm or for the concern, which has been in business for a good many years.

A city with many firms, which seek and strive to please and to accommodate customers builds good will for a city and a community and tends to attract more buyers and shoppers to that community.—O.E.P.

Water shortage in an Ohio town brought a ban on lawn sprinkling. Wilted lettuce makes a nice side dish.

Only one person in 300,000 is struck by lightning. But there's still that soap on the bathroom floor.

"ON YOUR MARKS—!"

Safety Council Warns Against Heat Exhaustion

Farm leaders everywhere are hoping that there will be a reduction this year in the number of farm workers overcome by heat exhaustion and sunstroke.

Heat exhaustion and sunstroke are entirely two different things, although each may seem to result from the other, says the National Safety Council. With heat exhaustion the patient's skin is cold and clammy, while with sunstroke the skin is hot and dry.

A simple rule may serve as a guide in avoiding confusion about treatment. If the patient is cold, make him warm. If he is hot, make him cool.

The National Safety Council recommends the following measures to help prevent exhaustion among farm workers:

Avoid alcohol and ice water; drink cool water and lemon or other citrus fruit juices.

Eat vegetables and light, easily digested foods, and avoid heavy, fatty foods.

Wear light, loose clothing; avoid over-fatigue; bathe daily; get enough sleep.

To replace body salt lost through perspiration, drink salt water or take salt tablets daily.

In sunstroke cases, move the patient to a cool, shady spot, remove his clothing, and place him on his back, with head and shoulders raised. Apply ice-cold cloths to head and cool the body gradually with a cool bath. Call a doctor as soon as possible and administer cool (not cold) drinks, if the patient is conscious.

Farmers Today Produce More With Less Work

Farmers have made great progress in cutting down labor since they climbed up on the farm machine.

Engineers of the U.S. Department of Agriculture figure that nowadays a farmer can produce an acre of corn with a little more than three and a half hours of work. Doing the same job back in the horse-drawn days of 1900 called for 15 man-hours of work.

But when the engineers came in from the field to the barn lot and consider some of the regular farm chores, they note that the farmer still needs 80 hours to care for a cow a year. He still takes six and three quarters hours to bring a hog to market weight, and about 262 hours to handle the farm poultry flock of 125 hens.

In the years ahead, the department men see a real opportunity for farmers to let electricity do more of these chores. Just by way of pointing out what can be done, they cite a recent survey of 85 farms in the Corn Belt. That survey showed that an electric pump to provide running water in the poultry yard cut down by half the amount of labor needed to care for laying hens.

And of course, that's just one way "the hewing of wood and drawing of water" part of farming can be lightened up.

Water Sprouts On Fruit Trees Should Be Jerked

Summer is the season when fruit growers line the money bag for the big harvest that comes later on.

And in order to help insure that harvest, it's time to remove the water sprouts on fruit trees, says L. C. Gibbs, state extension horticulturist. Removing the sprouts during the summer will save work and time next winter, Gibbs says, and if the fruit grower is persistent in pulling them off, his water sprouts problem will gradually lessen.

All that's necessary for successful removal, Gibbs says, is a good glove and a strong jerk. "Jerk the sprouts when they're six to 10 inches long," he says. "The small wounds left on the branches will heal fast."

The horticulturist reminds that sprouts may be especially numerous in orchards where heavy pruning was done earlier this year.

"Jerk the sprouts out is better than trying to snip them off with pruning shears," Gibbs adds. "If you snip them off with shears, other sprouts will probably come from the bud left below the cut."

HANGER FLYING

Earl Emmons, Al Morgan, and Virgil Standard have all received their private pilot licenses.

Danna Ruth McNeill and Mrs. Max Schulze were winners on the "Name It and Claim It" radio contest last week.

Wallace Hastings and Bill Felton flew to Wichita Falls, Texas, recently. Wallace was accompanied as far as Amarillo by his daughter, Paula.

Gene Sherwood flew "Doc" Parrish to Pecos last Thursday. Bill Mueller of El Paso spent the night in Artesia last Thursday. He was flying a new Luscombe Observer.

Mr. and Mrs. H. P. Termain flew to Fort Worth last Thursday. Those who were dusted last week by air were Jack Rogers, Jim Berry, Russell Rogers, Ralph Rogers, Moutray Brothers, Ed Montal, Fred Nelson, J. W. Gates, Wier, and Griffith.

Many cross-country ships were in Artesia last week, including those belonging to Iverson Tool Company, Cutter-Carr Flying Service, Abilene Flying Service, B. F. Hines Flying Service, Southwestern Air Rangers, R. T. McLaughlin, R. W. Harrison, and Malco Refineries, Inc.

As Artesia Grows

TWENTY YEARS AGO (From The Advocate files for July 12, 1928).

M. E. Baish, superintendent of the Maljamar Oil & Gas Corporation, returned Friday from a month's business visit to New York.

Mr. and Mrs. Charlie Martin drove to Carlsbad Tuesday. They were accompanied by Mrs. Tex Polk, who went down to see her daughter, Mrs. Skeel Williams, who is seriously ill in a hospital there.

J. W. Thomas and Merle Sharp left last week for a trip to Colorado.

Mr. and Mrs. Arba Green, Misses Irma and Helen Green, and Ella Bauslin visited in Roswell Saturday.

Mr. and Mrs. Otice Brown and little son, Horace, left last Friday for a trip to El Paso, and visited in the mountains on their way home.

Mrs. V. L. Gates and children returned Saturday from a two-week visit to her parents, Mr. and Mrs. W. H. Withington, at La Pryer, Texas.

TEN YEARS AGO (From The Advocate files for July 14, 1938).

Judge W. H. Ballard of Artesia has authorized The Advocate to announce his candidacy for justice of the peace of precinct No. 6 to succeed himself.

An all-star Roswell softball team is to meet an all-star team picked from the six teams of the Artesia Softball League on the lighted diamond here at 8 o'clock Friday evening.

Charles Bladwin left Sunday to spend two weeks visiting with friends at the Buchanan ranch north of Roswell.

Miss Mamie Bell Terry returned home Wednesday from a hospital in Carlsbad.

Mr. and Mrs. John Lanning and children, Bettyne and Johnny Burton, left Saturday for the northern part of the state to spend 10 days or two weeks fishing in the trout streams.

Mrs. Buster Mulcock and baby of Artesia visited her parents, Mr. and Mrs. Boyd Williams, Sr., recently.

The First Afternoon Bridge Club will meet with Mrs. J. J. Clarke. Seventeen Artesia Boy Scouts, members of Troop 8 and 28, accompanied by Ed L. West, scoutmaster of Troop 8, left Sunday for Camp We-Hin-Ab-Pay. The boys attending were Wayne Truett, Jesse Truett, Jr., Jackie Don Woodside, Allen Mills, Max and Perry Schulze, Sanders Terry, R. D. Wright, Eddie Speck, Albert Linell, Ray Carter, Jimmie Devoss, Bob Morris, Jim Haskins, Don and Val Morgan, and Bob Feather.

SHELL COLOR DOESN'T TELL FOOD VALUE OF EGGS

Eggs that are expensive because of their color have no more food value inside than other eggs. The color of the shell affects the price in some parts of the country. White eggs may cost from 5 to 10 cents a dozen more. In other places, brown eggs may cost more. It all depends on which color is in most demand.

The point to remember is that the color has no effect on the inside of the egg. The "meat" of the egg inside the shell is the same in food value and flavor because the shell color depends on the breed of the hen. There is no advantage for the housewife who pays extra for eggs of a certain shell color.

Crop rotations, green manure crops, cover crops, and the use of fertilizers are practices which make it possible for farmers of irrigated land to maintain and increase the fertility of their soils.

DDT Steps Up Milk Uroduction In Control Test

Twelve cents' worth of DDT can increase the milk production of a dairy cow by 200 pounds in a two-month period.

This was proved in fly-control tests conducted on Iowa dairy herds last year by extension specialists of Iowa State College. And what works on Iowa cows will work on New Mexico cows too, says E. E. Anderson, dairy specialist of the New Mexico Extension Service.

In the Iowa tests, careful comparisons were made on 13 pairs of dairy herds in the state during 1947. As nearly as possible, each pair of herds was of the same bloodlines. They were managed under similar conditions and fed and milked in the same manner.

Fly-control methods, including strict sanitation and the use of DDT, were used on one herd in each pair. The other herd merely continued under an ordinary fly-control practices which its owner had been used to following.

In a 60-day test period, the cows in the fly-free herds, compared to the others, increased their milk production by 10 per cent or 3.3 pounds per day.

The fly-control methods which brought the increase included first of all good sanitation—cleaning up old stack bottoms, hauling manure regularly, and guarding against other filth where flies might breed.

In addition, the inside walls of barns were sprayed with DDT at the rate of one gallon for every 1000 square feet. Two pounds of 50 per cent DDT wettable powder was mixed in five gallons of water to make the spray.

A similar DDT spray was applied to the cows every two weeks during the test. One pound of 50 per cent wettable DDT was used in 10 gallons of water for early sprays. This was later increased to two pounds of 50 per cent DDT wettable powder in five gallons of water.

Mulching will conserve the low moisture of the soil in the summer garden, will step up the production, and will keep down the weeds and grass. Material for mulching may include straw, leaves, or old sacks. Clean hay or building paper can also be used.

The mulching may be done before or after planting. Either way, the soil surface is cleared of weeds and grass, mulched with a hoe, and thoroughly watered. If no planting has been done, the mulching material is applied on the surface between the rows, leaving a small space three to four inches on top of the row for planting. If the plants are already established, apply the mulch in the same way, but leave a narrower space on top of the row will vary according to the crop.

Farmers cannot afford to overlook the accident hazards on their farms. The main types of farmer accidents are falling of persons during farm work, accidents involving machinery, accidents involving animals and handtools (tie for third), burns, accidents with firearms, and drownings. But motor vehicle accidents kill more farm residents than any other type.

It's possible to plant a summer garden anytime from now until the last of August. But before you plant that garden, you'll have to observe three steps in preparing the soil for summer planting. First of all, get rid of the old plants as soon as each row of early-maturing vegetables is harvested. Then break up the soil with a spade or wheel hoe. And last, pulverize the soil thoroughly with a rake to make conditions favorable for germination. Summer plantings require more care and attention than do the crops which you put in during the spring. Delicate seedlings must be nursed along in mid-summer because of high temperatures, drought, and pounding rains. But all the work which you do on a summer garden will pay off tenfold in the extra crops which you'll have for winter storage.

Remember, mulching will help to increase the production of your garden.

**Better Results
By Dipping For
Control Of Ticks**

Dipping of sheep for control of sheep tick or keds gave more satisfactory results than spraying in recent tests conducted by the Bureau of Entomology and Plant Quarantine of the U.S. Department of Agriculture. Rotenone was found to be the most economical and safest insecticide for shee-tick control. The dipping test revealed that a mixture of 8 pounds of derris or cube powder containing 5 per cent rotenone per 100 gallons of water gave 100 per cent control of sheep tick that lasted for 110 days after dipping. Similar results were obtained by the use of low concentrations of benzene hexachloride, chlordane, and chlorinated camphene. Wettable powders were used in all tests. Rotenone gave virtually the same results as chlorinated compounds and is less expensive. While good results were obtained by the use of sprayers, the entomologists conducting the experiment reported, "It appears that applications made by means of sprays when on sheep in heavy fleeces are not always completely satisfactory—at least some sprays were not 100 per cent effective under the conditions of these tests using a sprayer developing 300 to 350 pounds pressure."

Other wettable powder insecticides used in the tests were DDT, methoxy analog of DDT, and TDE.

**Four Rural Eddy
Boys And Girls
May Win Medals**

Four rural boys and girls in Eddy County are eligible to receive sterling silver medals of honor this year for having top records in the 1948 national 4-H home improvement awards program. "By taking part in the program, members learn how to make home improvements for beauty, comfort, health, and safety in keeping with the needs of every member of the family, and at a minimum cost," the county agent says. "They also demonstrate to others who have been learned relative to home furnishings, arrangements, and practices." The highest rating county winner between 14 and 21 years old is selected to receive the state award of a Chicago 4-H Club Congress trip. Eight state winners named for national honors each receive \$200 college scholarship. County Agent Dallas Rierson will furnish complete details of this program upon request.

Conserving the moisture in your garden soil during the early part of the summer will pay dividends. Plants should get plenty of growth early, so they can withstand heat or drought later in the season. And the more moisture that stays in the ground during the next few weeks, the better your garden will grow. Keeping the weeds down is the best way to save water. They use a lot of water that could be saved for your vegetables. There probably won't be enough for both.

SOCIETY

Mrs. Margaret Blake of Texas And Horton Stamper Are Married

Horton Stamper of Artesia was united in marriage to Mrs. Margaret Pomer Blake of Wichita Falls, Texas, in a single-ring ceremony performed by Rev. S. M. Morgan in the M. W. Evans home last Thursday.

Additional society stories and news will be found on page six, second section, made necessary this week because of mechanical problems.

Mr. Stamper is the son of Mr. and Mrs. A. L. Stamper of Wayneburg, Ky., and Mrs. Blake is the daughter of Mr. and Mrs. E. G. Pomer of Wichita Falls, Texas.

The bride was costumed in a white embroidered organdie dress with white taffeta. It was fashioned with a ballerina length skirt. Her accessories were a gold belt, gold sandals, and a gold leather sash worn in her hair. She carried a shower bouquet of white carnations on a square gold bag. Her hair was styled in a cascade of curls, cascaded to her shoulders.

Mr. Stamper attended Wichita Falls High School and received his degree in education from the University of Arkansas. He has taught several years in the Delta Pi honor society, and Delta Gamma sorority.

Mr. Stamper received his degree from the A. & M. College of Commerce. He is teaching vocational agriculture for veterans and is a member of Alpha Tau Alpha fraternity.

The wedding will be at home at 4 p. m. at the home of Mrs. Bluff for the summer. The bride will be on her way to Cloudcroft.

Auxiliary Line For Citation

The Logan Auxiliary of the A. & M. College of Commerce has surpassed its goal of 100 members. The auxiliary is in line for a citation award by the state, which is being presented to the auxiliary chair- woman, Mrs. Maudie Memorial.

Mrs. Maudie Memorial, chairman of the auxiliary, was in the city on business. She is a member of the Methodist church, which sponsored the auxiliary. She was recently held in the city.

The auxiliary is a part of the Logan Auxiliary of the A. & M. College of Commerce. The auxiliary is a part of the Logan Auxiliary of the A. & M. College of Commerce.

Evelyn Bach Returns From National FHA Meeting In Kansas City

Miss Evelyn Bach, daughter of Mr. and Mrs. E. J. Bach, Sr., has returned from Kansas City, Mo., where she attended the national Future Homemakers of America Convention.

The convention began July 6 and ended July 9. This was the first national convention since the organization in 1945.

More than 6000 girls attended from 43 states and Hawaii and Puerto Rico, of whom 29 were from New Mexico.

Miss Nina Simpson of Lovington was elected national president. The FHA is a home economics organization designed to teach students better home life.

Mrs. J. R. Haughtaling Recent Bride, Honored Saturday At Shower

Miss Pat Dougherty was hostess in the James Allen home Saturday afternoon at a bridal shower honoring Mrs. J. R. Haughtaling, former Miss Iva Lee Box.

Cake and punch were served from a lace-covered table, which was centered with yellow and white Shasta daisies. Shasta daisies surrounded the crystal punchbowl. Flowers of the season were placed in the living room.

Mrs. Ashton Is Installed Noble Grand On Monday

Mrs. F. O. Ashton, Sr., was installed noble grand of the Rebekah Lodge during the business session of the birthday supper at the I.O.O.F. Hall Monday evening.

Other officers installed were: Vice noble grand, Miss Nellie Lewis; right supporter to president, Mrs. D. F. Brandel; left supporter to president, Mrs. C. W. Smith; right supporter to vice president, Mrs. Beulah Jones; left supporter to vice president, Mrs. Dallas Golden; warden, Mrs. Jack Conner; conductor, Mrs. Elsie Newton; chaplain, Mrs. Ulas Golden; right and left supporters, Mrs. L. Hospital News

Boys outnumbered the girls at the hospital two to one this week, with six boys being delivered and only three girls. The girls were:

Phyllis Gale, daughter of Mr. and Mrs. Aulin Dose. She was born Wednesday of last week and weighed in at six pounds one ounce.

Charlene Fay was born Wednesday of last week and is the daughter of Mr. and Mrs. Charles Solga. She weighed seven pounds 12 ounces.

Shirley Jeannette is the daughter of Mr. and Mrs. James Calvin Blevins and was born Saturday. She weighed seven pounds eight ounces.

The heaviest boy born this week was the son of Mr. and Mrs. Joe Hooten. He weighed eight pounds 10 ounces and was born Monday. He is named Louis Marion.

The lightest boy was Thomas Dixon, son of Mr. and Mrs. Ted Maschek, who weighed five pounds 10 ounces. He was born Monday.

Mr. and Mrs. J. N. Hightower are the parents of James Ross, who was born Sunday and weighed eight pounds four ounces.

Raymond Eugene was born last Thursday and weighed seven pounds five ounces. He is the son of Mr. and Mrs. James Kirkland.

Mr. and Mrs. Simon Rodriguez are the parents of Roberto, who was born Monday and weighed eight pounds two ounces.

Gerald Javan, son of Mr. and Mrs. Ira Pirtle, was born Tuesday and weighed eight pounds.

Sterling P. Bowman entered the hospital Wednesday of last week to receive medical care. He was able to leave Saturday.

Mrs. Robert Dumavant underwent a minor operation Wednesday of last week.

George W. Cawyer underwent a major surgery last Thursday.

Guadalupe Garcia, daughter of Mr. and Mrs. Manuel Garcia, underwent a major operation Friday.

Mrs. A. C. Tipps underwent a major operation Friday.

Mrs. C. R. Vandagriff entered the hospital Friday for medical attention.

Mrs. James E. Godley entered the hospital Friday for medical care. She was able to leave Sunday.

Alicia Lee Chambers, daughter of Mr. and Mrs. W. E. Chambers, entered the hospital Sunday for medical care.

Hezzie Powell received medical attention at the hospital Sunday.

Frank Lovelady entered the hospital Tuesday morning to receive medical treatments.

Miss Elizabeth McDonald Becomes Bride of Emil Bach, Jr., Last Week

The First Baptist Church was the setting for one of the most beautiful candle-lighted weddings of the season, at which Miss Elizabeth McDonald was united in marriage with Emil Bach, Jr. The wedding took place Wednesday of last week with Rev. S. M. Morgan reading the vows.

Mrs. Bach is the daughter of Mr. and Mrs. C. O. McDonald, and Mr. Bach is the son of Mr. and Mrs. E. P. Bach.

The bride, given in marriage by her father, was lovely in a white, street-length, crepe dress which was fashioned with a high neckline and long sleeves. A lace picture hat and white bridal shoes completed her ensemble. She was her own semstress.

She carried a white prayer book belonging to Miss Peggy Oliver. The prayer book was topped with white staphenotis with satin streamers tied in bridal bows falling down on all sides. For something old the bride wore a cameo locket belonging to her mother; for something new she wore a pair of cameo earrings which were given to her by the bridegroom; something borrow-

ed was the prayer book, and something blue was a bookmarker placed in the prayer book.

Miss Peggy Oliver, a close friend of the bride, was maid of honor and wore a pink shoe dress designed like that of the bride's, with the exception of the sleeves, which were short. She carried a bouquet of daisies. Harold Haughtaling, a cousin of the bridegroom, was best man.

Tiers of lighted tapers illuminated the lovely scene at the altar, which was decorated with baskets of white and mixed gladioli, snapdragons, feverfew, candy tuff, and

LOCALS

Mr. and Mrs. F. L. Wilson spent Sunday in the Sacramento Mountains and visited Mr. and Mrs. D. I. Clowe, formerly of Artesia, at their home in Cox Canyon.

Mr. and Mrs. C. G. Sherwood returned home Sunday from the northern part of the state, where they fished a few days.

S. L. Seiferth and family of Pittsburgh, Pa., have arrived in Artesia and are now living in the A. B. Coll residence east of the city. Mr. Seiferth is associated with the E. A. Hannah Agency and will be located here permanently.

Mr. and Mrs. Ralph Gray and daughter, Carol, spent the Fourth of July in Socorro visiting Mrs. Gray's parents. They also visited in Albuquerque.

Mr. and Mrs. E. Jeffers and daughter, Ruth, are vacationing in Canada. They will return home

gypsophila. White satin ribbons marked the family pews. Charles McDonald, brother of the bride, and Kenneth Mitchell, cousin of the bride, lighted the candles before the ceremony and kept the guest-book.

Curtis Lee played, "I Love You Truly," "Clair de Lune," and "Liebestraum," and "Waltz" by Brahms before the wedding and played, "Always" as a musical background during the ceremony. V. Elmer McGuffin sang, "If God Left Only You."

The bride's mother wore a white summer linen suit with white accessories for the wedding. Lovely Pinchoza roses made her corsage.

Mrs. Bach chose a black crepe dress with a flower design and white accessories for her son's wedding. Her corsage was of white asters.

The couple left immediately after the ceremony for a 10-day honeymoon in Colorado. They will be at home at 217 East Grand Avenue upon their return.

Both graduated from Artesia High School with the class of 1945. Miss McDonald has lived in Artesia about eight years. The bridegroom has lived here all of his life.

Mrs. Bach has been bookkeeper for Guy Chevrolet Company for the last two years.

Mr. Bach has a farm southeast of town. About 60 persons were present at the wedding.

Mr. and Mrs. J. Bud Farrar and son, Joe Davis, are here visiting friends made when Mr. Farrar was band director in the high school. They are staying with Mr. and Mrs. L. A. Hanson. Mr. Farrar is dean of men at the Arkansas State College. They will be here about a week.

Mr. and Mrs. G. R. Rains and two children, Shirley and Lanny of San Francisco, Calif., were guests for two days in the home of Mrs. Rains' parents, Mr. and Mrs. F. Rains' parents, Mr. and Mrs. F. Carl Gordon, Margie Faye Wilhite of Albuquerque and Alice Joan Sterrett of Dexter, two granddaughters, were guests at the same time.

Mr. and Mrs. Ralph Gray and daughter, Carol, spent the Fourth of July in Socorro visiting Mrs. Gray's parents. They also visited in Albuquerque.

Mr. and Mrs. E. Jeffers and daughter, Ruth, are vacationing in Canada. They will return home

by way of Alabama and attend family reunion there.

Mr. and Mrs. Steve Flinchbaugh spent a week at Hot Springs, Arkansas Dam, and Lake Alamogordo. They reported very poor fishing.

Mr. and Mrs. Bob O'Bannon and son, Everett Dean, of Cottonwood returned Saturday from a week in Oklahoma with relatives.

Beta Sigma Phi Has July Social Tuesday At Coll Residence

Members of Beta Sigma Phi held their July social Tuesday evening at the home of Mrs. Lawrence G. Jones.

The group played bridge, with Mrs. Maynard Hall and Mrs. Meredith Jones winning prizes.

Light refreshments were served to Meses. Harry Gilmore, Maynard Hall, Meredith Jones, W. B. Moore, W. Murphy, Bob Rodke, W. Thompson, Jr., and M. A. White.

Shrubs, Require Care

Shrubs are just as hard on a garden as trees are. They grow by roots and grass and weeds. They may finally crowd out the plants altogether. They require about three times as much care before they are established. To cultivate around young shrubs and trees from time to time when weeds or grass are in the back. By the time the plants should have been established, weeds which appear in the garden should be removed. This will benefit

from rains and artificial watering. Marek advises that dirt be mounded in a circle about a foot in diameter around each plant, in order to form a cup for holding moisture. He also recommends working some fertilizer into the top layer of the soil. Mulch may help keep grass and weeds down in large-scale planting, but for home grounds clean cultivation is more satisfactory, he says.

Other suggestions for successful plantings of shrubs and trees are: Water the plants deeply every week to 10 days, unless there has been a heavy rain. Shallow watering causes the plants to develop shallow roots systems which are subject to drought later on. If watering with pails, fill the cups several times. To water with a hose, turn on only a small flow of water and let it run for a half hour.

In pruning, preserve the natural form of the plant as closely as possible. Don't prune back or shorten

the central leader on trees. Always prune just above a bud. When a dying or broken branch appears, cut it off close and parallel to the trunk of branch from which it grew. Spray when trouble develops. Keep an eye out for signs of disease and for insects such as aphids and scale.

NOTICE

STATE ENGINEER'S OFFICE
Number of Application RA-1498-A and RA-1453-C, Santa Fe, N. M., June 23, 1948.

Notice is hereby given that on the 3rd day of June, 1948, in accordance with Chapter 131 of the Session Laws of 1931, E. E. Jernigan of Pinon, County of Otero, State of New Mexico, made application to the State Engineer of New Mexico for a permit to change location of well and place of use of 36 acre feet of the waters of the Roswell Artesia Basin by abandoning the use of shallow ground water well No. RA-1498, located at a point in the NW¹/₄SW¹/₄NW¹/₄ of Section 13, Township 17 South, Range 25 East, N.M.P.M., for the irrigation of 12 acres of land described as follows:

Subdivision E¹/₂SE¹/₄SE¹/₄NW¹/₄, Section 13, Township 17 S., Range 25 E., Acres 5.0. Subdivision SW¹/₄SE¹/₄SE¹/₄NW¹/₄, Section 13, Township 17 S., Range 25 E., Acres 2.5. Subdivision SE¹/₄SW¹/₄SE¹/₄NW¹/₄, Section 13, Township 17 S., Range 25 E., Acres 2.5. Subdivision Part E¹/₂W¹/₄SW¹/₄SE¹/₄NW¹/₄, Section 13, Township 17 S., Range 25 E., Acres 2.0.

and using water from shallow ground water well No. RA-1453-C, located at a point in the NW¹/₄NE¹/₄NE¹/₄ of Section 7, Township 17 South, Range 26 East, N.M.P.M., for the irrigation of 12 acres of land described as follows:
Subdivision Part N¹/₂NE¹/₄NE¹/₄, Section 7, Township 17 S., Range 26 E., Acres 12.

No additional rights over and above those set forth in Licenses Nos. RA-1453-C and RA-1498 are contemplated under this application.

Lands in Section 13, above described to be completely dried up to the use of water for irrigation. Any person, firm, association, corporation, the State of New Mexico or the United States of America, deeming that the granting of the above application will be truly detrimental to their rights in the waters of said underground source, may protest in writing the State Engineer's granting approval of said application. The protest shall set forth all protestant's reasons

BEHIND THE SWITCH

When you farm Electrically!

THERE'S a world of convenience, comfort, and profit behind the switch when you farm electrically.

Low cost electric service can do so much, at such a low cost, that more and more modern farmers are making Reddy Kilowatt their number one hired man.

Naturally the women-folk are pleased because they can use electricity in so many ways around the house... but beyond that they know there's less work, and more profit on a farm where dependable electricity is used.

Write or visit your nearest Public Service or REA office today for the latest information on farming electrically.

IN THE DISTRICT COURT OF EDDY COUNTY, STATE OF NEW MEXICO
NOTICE OF SHERIFF'S SALE
Under and by virtue of an execution, issued out of and under the seal of the District Court of Eddy County, State of New Mexico, upon a judgment rendered and docketed in said Court on the 13th day of December, 1942, in an action on a promissory note, wherein Ray Bartlett is plaintiff and C. D. Keister is defendant, in favor of said plaintiff and against said defendant, for the sum of \$608.40, which execution was directed and delivered to me as sheriff in and for said County of Eddy, I have levied upon all the right, title and interest of the said defendant, C. D. Keister, in and to the following described personal property, to-wit: One 1940 Packard 4-door sedan, Motor No. C-309349.

Notice is hereby given that I, the undersigned sheriff, as aforesaid, will sell the above described personal property to the highest bidder, for cash, at public auction at the front steps of the City Hall in the City of Artesia, New Mexico, on the 24th day of July, 1948, at 2:00 P. M. of that day, to satisfy the said execution, together with interest and costs thereon.

DATED this 30 day of June, 1948.
Dwight Lee,
Sheriff of Eddy County,
New Mexico.

Almost human, isn't he?

"Bury a bone today, when you're well fed, and you'll have a bone tomorrow, when you may be hungry!"
That's Rover's idea. And it's a mighty good idea for all of us... this saving something today for tomorrow's needs.
For only by putting aside some of the money we're earning now can we hope to have enough cash for the things we want in the future. Things like a new home, or college for our children, or a steady income after we retire.
And saving money today can be easy and sure if you're buying U.S. Security Bonds the automatic way!
Just sign up for the Bond-A-Month Plan at your bank. All you have to do then is sit back and watch your savings grow!
You'll be building financial security for yourself... helping to keep your country financially strong... and making money while you save it!
Every \$75 Bond you buy today will grow to \$100 in just 10 years.
So, better see your banker now, sign up for the Bond-A-Month Plan, and start saving the automatic way!

It won't report a thing unless you LOOK at it!

Thermometers are a vital part of our everyday life, but you can't tell how hot it really is unless you look at the red line. Have you ever tried to guess the temperature? of course you have... and you usually misjudge a few degrees.

There's a way to take the guesswork out of the degree of warmth in your home next winter: CONVERT TO AUTOMATIC NATURAL GAS HEATING NOW!

On the first cool day, set your automatic system to the temperature you desire. Light the pilot. From then on to the warm days of spring you'll KNOW the temperature in your home or office. You'll enjoy clean, healthful heat in just the right degree all winter long.

The time to CONVERT is NOW. Ask for your FREE SURVEY today. See for yourself how economical it is to CONVERT TO AUTOMATIC NATURAL GAS HEATING. Central Systems can be converted in a matter of hours. Floor furnaces, unit and circulating heaters and other types can be installed immediately.

Infantile

(continued from page one)
 The health officer said one other case was also reported in the county in March and April.
 It is expected that at the meeting this evening Ettleman will discuss the activities of the national organization in conjunction with state and local chapters. He pointed out at the recent Carlsbad meeting that it is important to know who to contact and what to do during the first 12 hours after a case has been diagnosed as polio.
 Fischbeck said it is hoped at the meeting this evening the group will be authorized to purchase a hot pack machine, suction machine, and other equipment. The Artesia Fire Department has a portable iron lung, which is available to anyone needing its use.
 Everyone is invited to attend the organizational meeting. Fischbeck said the only qualification in meeting to have voice and vote in the meeting is that a person at some time has made a contribution to the National Foundation.

County 4-H

(continued from page one)
 School beginning at 2 o'clock when 4-H Club girls will model the skirts, dresses, and suits which they have constructed in their project work.
 There will be two divisions, junior and senior. All girls who were 14 years old last January 1, and who are enrolled in their third year of club work will model in the senior division. Other girls are classified as juniors.
 The girls winning first places in both the junior and senior divisions are eligible to enter the state dress revue held at State College during the state encampment, Aug. 9-13. The winner of the state dress revue in the senior division is awarded a trip to the National 4-H Club Congress held in Chicago.
 Mrs. Earl Nelson of Carlsbad and Miss Margaret Kallisen, county home demonstration agent from Lea County, will judge the garments.
 After the dress revue a tea will be held in the home economics department. Mrs. H. T. Gissler is in charge of the arrangements for the tea.

County 4-H

LAS VEGAS TO SPEAK AT CHRISTIAN CHURCH
 Rev. Lloyd Green of Las Vegas will supply pastor at the First Christian Church Sunday and will preach at the morning services.

CARD OF THANKS
 We wish to thank all who expressed their sympathy with cards, flowers, or words during the illness and death of our father-in-law, father, and grandfather, Cleve Eaker—Mr. and Mrs. Ted Carder and family.

GLADYS VAUGHN AND MILDRED MURPHY ANGEL
 Are now operating at the Clowe Beauty Shop, 1002 1/2 Missouri, and invite their friends and clients to visit them there, until the opening of the new La Vaughan Beauty Shop.

Locals

Miss Donna Black arrived from her home in Long Beach, Calif., last Thursday to visit her grandparents, Mr. and Mrs. Steve Finchbaugh, and her aunt, Mrs. W. T. Loyd. She will remain here two months before returning to Long Beach.
 Newt, Danal, and Clarence Finley of San Antonio, Texas, are spending the summer with their uncle and aunt, Mr. and Mrs. Ollie D. Mars, and their children, O. D., La-Rue, and Linda Sue.
 Charlie Powell, seaman first class, arrived here Saturday evening to visit his parents, Mr. and Mrs. C. S. Powell, while on a 15-day leave from the Navy. His sister, Mrs. Frances Hester and two children of Albuquerque came down Sunday to visit them.
 Mr. and Mrs. H. E. Love of Dallas are visiting Mr. and Mrs. Robert Parks over the week end.
 Mr. and Mrs. David A. Dunn and children, David, Jr., stayed with Mr. and Mrs. J. W. Nellis Friday evening while on their way to Pine Lodge to spend the week with Mrs. Dunn's parents in the Dunn cabin.
 Mrs. Nell Finchbaugh took her grandson, Ronnie, through a clinic in El Paso over the week end.

Anthony Store

(continued from page one)
 However, a number of company officials and managers have been here from Oklahoma City all week helping arrange the store for the opening and to assist Jones at the opening.
 They are Morris Lyons, vice president and a director; Guy and Ray Anthony, sons of the founder, who are respectively director of personnel and traffic and warehouse manager; Fred Zahn, company engineer; Ross Garman, display manager; Buck English, a director and display manager; Clyde Davis, Tom Aldridge, Bud Galloway, and Sonny Means, display managers; Ira Williams, secretary-treasurer and a director, and Clay Carroll, advertising manager.
 The story of C. R. Anthony is typically American, of the farm boy who started with nothing, worked hard and long and educated himself, and who had a natural aptitude for selling. He was born in 1885 in Tennessee and bought his first business when he was 21 years old. However, he failed in that venture because of bad collections, which led to the strict cash basis of C. R. Anthony Company stores today.
 The "mother store" of the present chain of 83 stores was opened at Cushing, Okla., in 1922.

Cleve Eaker

(continued from page one)
 Rodgers of Santa Fe.
 Cleve Eaker, a son of Mr. and Mrs. Mike Eaker, was born in Texas Feb. 1, 1887. Many years ago he married Sadie Arnold, and to them was born the daughter, Mrs. Marvin T. Carden, who survives.
 Mr. Eaker came to Artesia from Fort Worth in 1932 and lived here until recently, when he became a ranch hand on a ranch near Pie Town.
 He was a veteran of World War I and was a member of the American Legion.

Boy Baby Cousins

Two Artesia baby cousins sed being "twins" by only eight days.
 Terry Robert Means, son of Mr. and Mrs. Lewis Means, was born Saturday, July 3, in a Roswell hospital, and his cousin, James Hightower, son of Mr. and Mrs. N. Hightower, was born at Artesia Memorial Hospital Sunday, July 4. Mrs. Means and Mr. Hightower are sister and brother.
 The Means baby weighed four pounds four ounces at birth, and his mother were brought to Saturday. James Ross weighed four pounds four ounces at birth.

Final Date For Crop Inspection Application Has Been Set Aug. 1

J. T. Stovall, administrative officer of the New Mexico Crop Improvement Association announced that Aug. 1 will be the final date for filing applications for field crop certification.

Applications received after this date will be returned. The seed certification program is getting so extensive that it is impossible to arrange inspection itineraries when new applications continue to come in throughout the season.

Producers of pure seed who have not turned in their applications should do so before Aug. 1.

Rooney Tops Fine Cast In 'Killer McCoy'

Mickey Rooney, Brian Donlevy, Ann Blyth, and James Dunn are the principals of M-G-M's vivid "Killer McCoy," which opens at the Landsun Theater Sunday and Monday only and which comes as one of the most punch-filled and excitement packed dramas to reach the screen in some time.

Young Rooney reaches the peak of his acting career in this story of Tommy McCoy, tough tenement kid who achieves notoriety when he accidentally kills his opponent in the prize-ring with an unlucky punch. Big-time gambler Jim Caign becomes interested in the young fighter and gives him a build-up as a boxer who must rely on his left punch. In reality, Tommy packs a terrific right, and the gambler intends to make a clean-up before his victims get wise. Meanwhile, Tommy falls in love with the promoter's daughter, Shelia, but Caign wanting her to marry well, opposes their friendship. When Tommy is scheduled to meet Patsy Cigones, challenger for the title, Caign tricks Cecil Walsh, a rival gambler, into placing fifty thousand dollars on Cigones. While drunk, Tommy's weakling father, Brian, reveals that Caign is backing Tommy, which results in Walsh's henchmen kidnapping both Brian and Shelia. He then notifies Tommy that to insure their safety he must throw the fight in the eighth round. The suspense that is engendered up to the story's thrilling climax makes for explosive dramatic material.

Rooney, usually seen in comedy parts, once again reveals his remarkable versatility in his straight role as the "Killer," and is given brilliant support by Brian Donlevy as the glib-tongued Caign, Ann Blyth as the appealing Shelia, and James Dunn as the young prize-fighter's ne'er-do-well father. Tom Tully plays the crafty Walsh, and other excellent performances are turned in by Sam Levene as the amusing trainer, Walter Sande as a flip sports' commentator, Mickey Knox as a has-been fighter, James Bell and Gloria Holden.

The film's prizefight sequences, particularly the climatic battle in Madison Square Garden, have been given spectacular backgrounds by Producer Sam Zimbalist and the story is given furious pace in the hands of Director Roy Rowland. "Killer McCoy" is motion picture entertainment at its most exciting!

Wanted
WANTED—The long sought control for cotton root rot has been found by turning under adequate amounts of organic matter. "Root rot land" is a designation that should lose its meaning.—W. R. Elder, Soil Conservation Service, Temple, Texas.

"Seed Cotton is worth nothing to man who grew it or to society until it undergoes the many processes that put cotton and seed products into a useful form. Cotton is more dependent on the contributions of those who live OFF the farm than any other major crop." — A. L. Ward, National Cottonseed products Association, Dallas.

"The ginner may not be able to improve the quality of cotton as it comes from the field, but he can do much to maintain cotton quality through proper ginning."—George Hemphill, President, Arkansas-Missouri Ginners Assn.

"Each pound of cottonseed cake fed yearling steers on grass resulted in almost three-fourths pound extra gain. The cottonseed cake cost \$100 a ton but its value was \$347 a ton on the basis of additional gain resulting from its use."—"Short-horn World" Report of Kansas Experiment Station Feeding Tests.

Esterbrook, the universal, in expensive students' fountain pen. fice Supply.

YOU'RE TELLING ME!

By WILLIAM RITT
Central Press Writer

ZADOK DUMKOPF, JR., has just graduated from East Bicycle Normal. He was quite a big noise around the campus having, for the last three years, played the big drum in the band.

In fact, young Dummy graduated summe cam loader.
Army agents broke up German counterfeiting ring. But not before the culprits made their mark.

If the remaining Philadelphia Athletics pitchers can attain the speed with which old Connie

Mack fired two of his moundsmen—the A's are in!
Though he's had no experience as umpire, when Connie yells "Out!" you can hear him all over the American league.

A Canadian claims he can produce rain by manipulating moonbeams. But who wants rain in place of moonlight?

His ears sagging under political convention oratory, Grandpappy Jenkins wishes he owned one of those planes which fly faster than sound.

Cotton Quotes

"With several new model cotton harvesters on the market this year, complete mechanized cotton production draws nearer for farms of every size in every section of the Cotton Belt." — National Cotton Council, Memphis.

"The long sought control for cotton root rot has been found by turning under adequate amounts of organic matter. "Root rot land" is a designation that should lose its meaning."—W. R. Elder, Soil Conservation Service, Temple, Texas.

"Seed Cotton is worth nothing to man who grew it or to society until it undergoes the many processes that put cotton and seed products into a useful form. Cotton is more dependent on the contributions of those who live OFF the farm than any other major crop." — A. L. Ward, National Cottonseed products Association, Dallas.

"The ginner may not be able to improve the quality of cotton as it comes from the field, but he can do much to maintain cotton quality through proper ginning."—George Hemphill, President, Arkansas-Missouri Ginners Assn.

"Each pound of cottonseed cake fed yearling steers on grass resulted in almost three-fourths pound extra gain. The cottonseed cake cost \$100 a ton but its value was \$347 a ton on the basis of additional gain resulting from its use."—"Short-horn World" Report of Kansas Experiment Station Feeding Tests.

This is the season for

Going Places

and here is the first place to go ↓

For safety's sake... bring your car in for a lubrication and thorough check-up before you drive away on your vacation. You'll enjoy smoother performance. You'll feel confident that your car is in tip-top shape. And above all, you'll know that you've done everything possible to insure the safety of your family at a time when crowded summer roads make driving care extremely important. You'll find we have the factory-trained mechanics, the modern equipment, and the genuine Oldsmobile parts—everything it takes to handle every job promptly and efficiently. Service first is safety first—so come in for service soon!

Oldsmobile Pre-Vacation Check-Up

Lubrication—Lubricate chassis; change oil in engine, transmission, and differential if necessary.

Brakes—Adjust brakes; re-line if needed.

Steering—Check wheel alignment, wheel balance, and steering mechanism.

Engine—Analyze and tune engine.

Safety Equipment—Check lights, horn, windshield wipers, and all electrical equipment; inspect tires; check cooling system, repair connections if needed.

Maljamar Items

(Mrs. Kenneth Shields)

Mr. and Mrs. Ralph McGill have returned from their vacation. They went to Tulsa to visit Mrs. McGill's relatives and on to Ohio, where they visited Mr. McGill's parents who were celebrating their 57th wedding anniversary with a family reunion. They visited Mr. McGill's sister, Mrs. Eugene Long at Finlay, Ohio. From there they went to Detroit, Mich., and on to Canada. They returned by the same route by which their trip was made.

Mr. and Mrs. Ross Payne and family of Midland surprised Mr. Payne's mother, "Ma" Payne with a visit early Sunday morning.

Maljamar experienced one of the worst electrical storms of its history Monday evening of last week. It burned several telephone wires and kept the community awake most of the night. There was a rainfall of 1.16 inches.

Mr. and Mrs. Oscar Loyd entertained Mrs. Loyd's sister, Margarite McCauley, her mother, and Mrs. George Pecos, of Pecos, Texas, recently. Judy Loyd returned to Pecos with her grandmother. Mrs. Loyd left Wednesday of last week to take her sister home and get her daughter.

Mr. and Mrs. Melton West had as their guests Monday and Tuesday of last week Mr. and Mrs. Robert Ashborn and son of Kermit, Texas, formerly of Maljamar. The group visited at the Son Taylor ranch, where Mr. Taylor showed some

moving pictures.

J. D. Graham was in Maljamar Saturday on business.

Mr. and Mrs. Zealy Edwards and daughter of Sundown, Texas, were dinner guests of Mr. and Mrs. A. W. Golden Saturday evening.

Mr. and Mrs. Son Taylor and family were overnight guests of Mr. and Mrs. George Westall of Ruidoso, formerly of Maljamar.

Mr. and Mrs. Kenneth Shields went to Wink, Texas, to visit Mr. and Mrs. Jesse Hildreth Saturday evening of last week. The group spent the Fourth in Pecos.

Mr. and Mrs. L. D. McKinney of Monohans and Mrs. Goetz of Kansas City, Mo., visited Mr. and Mrs. Son Taylor the Fourth of July.

Mr. and Mrs. H. C. Hunter entertained Mrs. Hunter's sister, Mrs. James Hunt, of Plainview, Texas, over the weekend. Mrs. Hunter went with Mrs. Hunt and her husband to Pampa to visit their parents. Mr. Hunter is to drive to Pampa Saturday to bring his wife home.

Mr. and Mrs. Ken Whitely and family of Loco Hills brought a freezer of homemade ice cream to the home of Mrs. Whitely's mother, Mrs. "Ma" Payne, Friday and stayed for a visit.

Mr. and Mrs. E. R. McKinstry entertained Mr. McKinstry's brother, James, and family of Artesia Tuesday evening of last week.

Mr. and Mrs. Walter Dyer and two daughters, Betty and Mrs. Frank Ashlock, went to Lake McMillan on the Fourth of July.

Mrs. Ira Pleasant honored her daughter, Wanda Jean, with a party on her eighth birthday Wednesday afternoon of last week. Balloons were given as favors and ice cream and cake were served to Nancy and Carol Hoover, Joyce and Doris Potts, Sue and Kenny Elliott, Pat and Brenda Reynolds, Jim and Bobby Patterson, Mrs. Son Taylor and children, Kyla Sue and A. C. II, Bill Phillips, Betty Doughty, Billy Golden, Lanny Ashlock, and Mrs. Herman Reynolds.

The Wednesday afternoon Bridge Club met with Mrs. W. McClendon at Loco Hills. Those attending from Maljamar were Mmes. A. W. Golden, John McMurray, E. R. McKinstry and Z. Glover. The club will meet with Mrs. Kenneth Shields July 21.

Patricia Blakley entertained Julia Hamilton and Betty Sue Johnson of Lovington Wednesday evening of last week.

Mr. and Mrs. John McMurray flew to Oklahoma Friday to visit both their parents. They returned home Saturday.

Mr. and Mrs. Ira Castleman en-

joyed a visit last week with Mr. Castleman's brother, who lives in Texas.

Mrs. Elmo Young returned home Wednesday of last week from Texas, where she had been visiting her mother, Mrs. Shoats, who returned home with her for a visit.

Mr. and Mrs. George Ross and son, Robert, enjoyed the Fourth of July with a picnic and fishing party at Mayhill.

Mr. and Mrs. Woodrow Williams returned Wednesday of last week from Las Vegas, Nev., where they had been vacationing.

Mrs. Nettie McGeorge of south Texas, formerly of Maljamar, spent the last week with her sister, Mrs. Clint Cole, in Lovington.

Mr. and Mrs. Kenneth Shields visited Mr. and Mrs. Will Taylor in Lovington Tuesday evening of last week.

Mr. and Mrs. H. E. Rich and daughter visited Mrs. Rich's mother, Mrs. E. V. Sweatt, of Carlsbad Saturday, July 3. They went to Ruidoso the Fourth. Mr. and Mrs. Richard Donaldson of Carlsbad went with them.

Mr. and Mrs. R. O. Blanton went to Artesia Wednesday of last week where Mr. Blanton received medical attention.

Mr. and Mrs. M. P. Blakley visited Mr. and Mrs. J. D. Hamilton

in Lovington Monday of last week.

Mr. and Mrs. Ira Pleasant spent Saturday in Artesia visiting Mr. and Mrs. Glenn Howard.

Mr. and Mrs. Ralph White enjoyed a visit with Mr. White's mother, Mrs. H. C. White, and his brother and family of Lubbock over the weekend.

Mr. and Mrs. Aubrey Northam visited relatives in Dexter the Fourth.

Mr. and Mrs. Charley Shannon were surprised with a visit from their daughter, Mrs. J. P. Lester, Jr., and family of Mineral Wells, Texas. The Lesters flew over and Mrs. Shannon picked them up at the cap-rock landing field. They had a watermelon feast during the day.

Mr. and Mrs. John V. Leo of Hammond, Ill., recently visited their son, John, and his wife. The group went to El Paso and Juarez and to Breckenridge, Texas, to visit Mrs. John Leo's parents.

Mr. and Mrs. L. G. Doughty and daughter, Betty, and Mr. and Mrs. Hutchins and family spent the Fourth at Cloudcroft.

Travis Kelly and Arthur Melton spent July 5 and 6 at Ruidoso.

The Kewanee Sewing Club met at the home of Mrs. Luther Kelly, Those attending were Mmes. Dru

Taylor, John Leo, Ralph McGill,

"Ma" Payne, and Kenneth Shields. Guests were Mrs. Jessie Ward and daughter, Angie Mae and Inez, and Glenda Kelly. The club planned a picnic supper to be held Friday evening at the Maljamar Elm Park.

Shirley and Terry Taylor of Artesia visited their grandparents, Mr. and Mrs. Luther Kelly, from Wednesday of last week to Sunday.

Among those who enjoyed the fire-works in Carlsbad July 5 were Mr. and Mrs. Oscar Goodman, Mr. and Mrs. Dru Haylor, Mr. and Mrs. Claude Crossly, Mr. and Mrs. Melton West and family, Mr. and Mrs. Olen Ashlock and family, Mr. and Mrs. James McMurray, and Mr. and Mrs. Carl Winkles.

Mr. and Mrs. Aubrey Northam attended Mrs. Hendrix's funeral in Hatch Tuesday of last week.

Mr. and Mrs. M. P. Blakley, Mr. and Mrs. Bob Patterson, and Mr. and Mrs. Stev Carter went to the Mesalero Reservation to attend the Indian dances the Fourth of July.

Mr. and Mrs. A. W. Golden went to Odessa Monday of last week to visit Mr. Golden's brother, J. T., and family and then on to Eastland Texas, to visit another brother, Jim, and family.

Mr. and Mrs. Oscar Loyd and family of Loco Hills went to Cloudcroft for a picnic and on to the White Sands the Fourth. Glenda and Travis Kelly, Arthur Melton, Inez Ward, and Bob Hunter played croquet at the Buf-

falo Croquet Court Friday evening.

Mr. and Mrs. Son Taylor and family and Mrs. Kenneth Shields went to Hobbs last Thursday to visit Mr. and Mrs. Bob Preston.

falo Croquet Court Friday evening.

Mr. and Mrs. Son Taylor and family and Mrs. Kenneth Shields went to Hobbs last Thursday to visit Mr. and Mrs. Bob Preston.

CURTAIN GOES UP ON REPUBLICAN CONVENTION

IN THIS GENERAL VIEW of the first session of the Republican National Convention in Philadelphia, Walter S. Hallanan, chairman of the arrangements committee, is shown on the rostrum. Delegates, many of them in shirt sleeves, mill about getting their bearings. Hallanan was greeted with cheers as he declared that "we are back in Philadelphia to nominate the next President of the United States." (International Soundphoto)

SOCIETY.

State 4-H Club Boys And Girls Attending Camps

More than 2500 New Mexico 4-H Club boys and girls will leave their farm chores behind them for three to five days this summer, while they attend 4-H county encampments at picturesque mountain camp sites throughout the state. One camp will be held in Colorado, close to the New Mexico border. Twenty-five counties will send rural young people 9 to 21 years old to one of nine camps. Several county 4-H groups have already completed their encampments.

Eddy and Lea County 4-H Club boys and girls are to be at Camp We-Hin-Ah-Pay in the Sacramento Mountains July 22-25. Members from nine other counties are scheduled for the same camp on other dates.

In addition to recreation, the boys and girls attending the camps will take part in self-governing councils, group discussions, wildlife studies, handicraft activities, and classroom lectures.

L. S. Kurtz, state 4-H Club leader, and Miss Travis Hughes, assistant state leader, are directing the camps, assisted by county agents. Lewis A. Holland, a senior at New Mexico A & M College is assisting at several of the camps.

"The Southeast cannot build a sound agricultural economy without cotton."—Harry L. Brown, University of Georgia.

Flower Gardens In Miniature Shown At Meet

Mrs. L. E. Francis gave a talk and demonstration of miniature flower gardens at a meeting of the Artesia Garden Club Friday afternoon in the home of Mrs. Frank Smith.

Mrs. Francis displayed a button garden, moss garden, and a miniature house and yard complete with a fishpond, as part of her program.

Mrs. J. W. Jones displayed a button garden, dish garden and a Japanese tray garden, which is known as a "bon seki" in Japan. A cactus garden in lava form was displayed by Mrs. Ray Zumwalt.

Rollcall was answered by each member giving ideas on new "gadgets" for gardening or flower arrangements.

Mrs. Earl Dast presided over a short business meeting at which she announced the next meeting would be in the home of Mrs. H. G. Ellis August 13.

The meeting was closed with the Garden Club benediction, after which the hostess served ice cream, cookies, and tea to 18 members. Guests for the afternoon were Mrs. J. J. Clarke, Sr., Mrs. J. B. Champion, and Mrs. G. E. Hogan.

EPSILON SIGMA ALPHA HAS SUMMER SOCIAL

Members of Epsilon Sigma Alpha held their second summer social in the home of Mrs. Raymond Waters Wednesday evening of last week.

A variety of card games was played during the evening. The hostess served watermelon during the refreshment hour.

Those present were Mmes. E. P. Bullock, George Lynch, Allen Mills, and Clarke Miller, and Miss Mary Glasscock.

Women's Council Board Has Morning Coffee At Rogers Residence

The executive board of the Women's Council of the First Christian Church held its monthly morning coffee at the home of Miss Cora Rogers last Thursday.

Mrs. A. W. Boyce presided as

Enforcement Of New Wage-Hour Rule Postponed

Enforcement of a new interpretation under the Fair Labor Standards Act (federal wage and hour law) regarding certain types of premium payment, necessitated by the recent Supreme Court decision in the longshore cases, will not go into effect until Sept. 13.

This change from the previously announced enforcement date of July 1 was announced by John R. Cartwright of Albuquerque, who represents the Wage and Hour Public Contracts Divisions, U.S. Department of Labor, in New Mexico.

In revealing the postponement, Cartwright pointed out that information from both labor and management sources indicated that more time is required to make appropriate adjustments, or where necessary, to make revisions in collective bargaining agreements, because of varying requirements of

union agreements as to reopening of contracts.

He also pointed out that Administrator William R. McComb expects soon to issue a statement outlining the principles the divisions will follow in enforcement of the position the administrator outlined on June 11. At that time the administrator explained that the major problem for management and labor growing out of the decision is that of bringing union agreements and employer practices into accord with the court findings.

Early in June the Supreme Court held that an employee who receives a higher wage rate because of undesirable hours or disagreeable work is entitled to be paid for work

beyond 40 hours a week at a rate of pay.

COMPLETE JEWELRY DEPARTMENT

Tailored Cotton Robe

For hot weather at home.

By VERA WINSTON

COOL LOOKING and very comfortable when the thermometer is in the red, this crisp, semi-tailored robe of white crinkly cotton that feels like cotton matelasse. It is printed in an etched design in royal blue, a sort of broken plaid effect. Curved revers extend from a gathered yoke. The slim waist achieves its slender lines by means of an actual set-in double band that is twice buttoned.

Poultry Raisers Overcome Costs With Good Birds

Good feed costs is another challenge to successful poultry raising. The 4-H Club members taking part in the project are meeting this problem by good care of flock and the keeping of quality producing birds. One major objective of the 4-H program taking part in the 1948 National 4-H Poultry Achievement program is to find the place of poultry in the economy of the general farm. To do this, they study scientific developments in poultry production and demonstrate the application of new findings to their own poultry flocks.

This year awards are furnished for outstanding records in the program, which include medals of honor for county, National 4-H Club Congress trips for state, and 200 college scholarships to each of 10 national winners. Last year's state winner in New Mexico was Charles Franklin of Roswell.

Winners of county medals in New Mexico last year were: Welton Neal, Bernalillo; John Townsend III, Presley Donaldson, Eddie Soper, Bobby Bursey, and Fred Bulloy, Dona Ana, Wade Green, Edy, Bruce Bradford, Cody Sullivan, Pedro Mares, Alfredo Flores, Ed Albert Dec Sims, Guadalupe and Roland Elkins, San Juan, and Rita Rae Campbell, Union. County Extension Agent Dallas Johnson will furnish complete information on this program.

Loco Hills Items

Mr. and Mrs. E. C. Thomas and children, Dickie and Cecelia, of Dallas, Mr. and Mrs. F. M. Whatley and grandson, Dick Whatley, and their married daughter, Jonnie, and her husband and two sons; of Blyth, Calif.; Y. W. Whatley of Paducah, Texas; Mrs. H. P. Findley of Rochester, Texas; J. P. Berkeley of Clairmont, Texas, and Mr. and Mrs. Lee Lucas of old Loco Hills enjoyed a family reunion at the home of Mr. and Mrs. R. E. Thomas on the Fourth of July.

Mr. and Mrs. Jim Starkey and children and Mrs. Jack Rowland of Artesia spent 10 days in Dallas and Rising Star, Texas. They arrived home last Thursday and picked up the McPhaul boys and went to the mountains for a few days.

R. R. Woolley and J. L. Briscoe spent several days in Austin, Texas, on business.

Mr. and Mrs. Earnest Evans and son, Carol Wayne, left last Thursday to spend two weeks in Temple, Texas, where Mrs. Evans was to receive medical care.

Billy and Donald Collins are visiting their grandparents in Wilmington, Calif., and in Los Angeles with other relatives.

Elmeta McKinzie of the Booker Camp is on the sick list.

Mr. and Mrs. Stanley Harland, Mr. and Mrs. Charles Harland, El-

meta McKinzie, and Thurman Harland of Loco Hills, and Mr. and Mrs. Orville King of Artesia spent the Fourth of July in Ruidoso. They attended the Mescalero Indian dances on the reservation.

Mr. and Mrs. Fan Johnson and sons, Bobbie and Mac, spent Sunday with Mr. and Mrs. Edgar Chase. The boys remained for a week.

Mr. and Mrs. Harley Doughty and baby have returned from Oklahoma where they visited relatives.

Mrs. Paul Probasco and daughter

Pauline, and a friend of Pauline's, all of Herford, Texas, spent Tuesday and Wednesday of last week as guests of Mr. and Mrs. R. E. Thomas. Other recent guests were Mr. and Mrs. Claude Pascall and their grandchildren of Lubbock. Mr. and Mrs. Pascall are former residents of Loco Hills.

Mr. and Mrs. W. R. McClendon and children spent several days in Midland, Texas.

Mr. and Mrs. Lee Lucas, Mr. and Mrs. Homer Short and twins, Kaye

and Raye, and Cordell Smith enjoyed birthday cake with Dickie Thomas Friday evening.

Rev. and Mrs. Roy Haynes attended a workers conference of the Baptist Church in Hagerman Tuesday of last week.

Mr. and Mrs. Bill Case of Artesia visited friends in Loco Hills Sunday.

R. L. Harrison of Albuquerque were here on business Friday.

Mrs. W. A. Loyd and son, Bobbie, of Artesia visited her sister, Mrs.

Jeff Richardson, Tuesday of last week.

Miss Jan Short is visiting relatives in Texas.

The Boy Scouts have bought an Army barracks building to use as a Scout Hut. The building is placed near the community club.

Cpl. Dorthell Kinnibrugh of the Army Air Force arrived Saturday to spend a 60-day furlough with his mother, Mrs. Felix Farmer, and his twin brother, Orthell Kinnibrugh, in Artesia. He has been sta-

tioned overseas the last two years. After his furlough, he will be stationed at Roswell.

Mr. and Mrs. Claude Matthews have moved a new four-room house across the road from the "Grandma" Standard place for their future home.

Mr. and Mrs. Earl Smith and son, Cordell, have moved from their home into the east house in the R. R. Woolley Camp. However, Mr. Smith will continue to operate the Loco Hills Welding Shop.

NEW AND OLD machines converted into electric, portables, or cabinets. Electric buttonhole attachments, motors, and parts repaired. Service calls in homes. All repair work guaranteed 18 months or money back. See Eddie's Machine Supplies. General Delivery, Artesia. 29-4tp-32

**New Agriculture Secretary Has
Praise For Farmer Committees**

Democratically elected farmer committees were paid tribute in the first official statement of the new secretary of agriculture, Charles F. Brannan. After Supreme Court Justice Wiley Rutledge administered the oath of office, Se-

cretary Brannan issued a statement which said, in part:
"The major job of American Agriculture, as I see it, is to help build world peace and prosperity. This calls for maintaining a strong, productive agriculture. It is the primary responsibility of the Department of Agriculture to help farmers achieve that objective."
"Having helped to formulate and carry out present department policies, I feel that we have been working in the right direction and that my job is to further and if possible to strengthen the work already under way."
"The soil is the foundation of our individual and national life, and I shall do everything in my power, consistent with present-day conditions, to foster soil conservation. My idea of soil conservation includes the proper use and development of all agricultural resources—land, water, and forests."
"Our conservation, price support, and credit measures, together with research and statistical services, add up to the best farm program any nation has yet developed. These measures can now serve as foundation stones for the development and effectuation of a long-range policy of 'organized, sustained, and realistic abundance'. A scientific approach to the problems of distribution is an essential part of our effort to maintain a strong domestic economy."
"I strongly favor the farmer committee system of administration. The democratically elected farmer committees have given invaluable service to agriculture and the entire nation, and I know they will continue to do so."
"The duties of the department call for the closest cooperative relationships with land grant colleges, state departments of agriculture, and other state agencies, with farm organizations, with cooperatives, and other groups representing producers, consumers, and various business interests. It is my intent to maintain and strengthen all such cooperative relationships—in specific ways provided by law and in general ways as well."

Increases averaging 2 cents a grease pound are made for "off" wools. Prices of scoured woolen type wools are not changed by the new schedule because such wools have not been moving freely.
New selling prices for pulled wools are expected to be announced shortly to equalize prices for comparable types and qualities in pulled and shorn wool.

"Doc sure has something there!"

It's no trick at all, Doc tells me, to take out an appendix. The tough job, he says, and the important one is knowing whether it is the appendix that's causing the trouble.
Same way with cars. Anybody who calls himself a mechanic can fix cars when somebody tells him and shows him exactly what's causing poor performance.
But the fellow who can spot the complaint right off—without costly, time-wasting guesswork and experimenting—there's a real serviceman.
And that's the only kind we have at our Dodge and Plymouth headquarters here. Fact is, our boys are so skilled that they don't even think they know it all.
Right now every last one of them is enrolled in the Master Technicians Service Conference. This is post-graduate education in engineering principles... in the fastest, surest ways of finding mechanical difficulties... in all the newest and best service techniques.
Doc, himself, says these mechanics are tops when it comes to check-ups and diagnosis. But don't take his word for it—bring in your car and see for yourself. You'll say you never saw such thorough service.

**Invasion of Insects
By Air Poses Threat
Pests, Plant Diseases
Survive Shorter Trips**

Danger of invasion by undesirable alien insects grows apace in every agricultural country of the world as air transport, which is accounting for an ever increasing share of traffic, cuts the time of travel between them from days to hours, and as airplanes take over a larger share of traffic.
Pests that might not withstand a long sea voyage may survive the

Even toys from Mexico have been known to be carriers of insects, costing large agricultural losses.

shorter air ride in good shape. Reaching new lands where conditions favor their development they soon may build up a strong colony that could become as costly as the Mexican fly, the European corn borer, the Japanese beetle, the codling moth or the cotton boll weevil.

The department of agriculture is charged with this country's defenses against the entry of dangerous foreign insects and plant diseases. Even toys have been found to be carriers.
Farmers must be sure that all mail and express from foreign countries have been inspected and passed free of any insects or diseases before being permitted on their land.

**Jura Stallions Prove
Good Farm Workers**

While the Swiss Jura horse, long recognized as the national breed in that country, has not been generally recognized in America, interest has

Three Jura fillies typify the Swiss national breed.

been centered in the breed in recent years because of the fact that the stallions are suitable for all types of farm work.

The breed has shown proper temperament, strength and resistance to disease, and while light in weight has proven an excellent draft horse. It is exceptionally strong, tame and docile.

**Sexing of Baby Chicks
Proves Difficult Task**

Chick sexing is difficult to learn, and in order to become proficient it is necessary to receive expert instruction and to have considerable practice and experience with thousands of chickens.

Reliable authorities have stated that a student must sex at least 250,000 cockerels before the male genital eminence can be accurately recognized. The expert sexer appears to be endowed with a natural ability to recognize and classify the various types of genital eminence to be found in chickens, but accuracy is obtained only by regular practice, investigation of errors and a liking for the job.

**Fertilizer Won't Solve
Entire Farm Problem**

Many farmers are inclined to use fertilizer as a crutch by attempting to make it substitute for good soil management.

Vital as fertilizer is, it cannot do the entire job. It must be backed up by other practices that add organic matter, build soil structure and boost crop yields.

**New Insecticides Are
Non-Poisonous to Bees**

One serious cause of bee poisoning has been that bees have taken dusts containing arsenic and have stored this poison in combination with pollen in the hives. Arsenic remains permanently poisonous but newer insecticidal dusts and sprays, such as DDT, DN and D.D.D., are less dangerous to beneficial insects as the toxic effects will break down gradually.

Lodger outfits, large and small, from two to 30 columns, and special bookkeeping set-ups.—Advocate Office Supply.

**Moderately Grazed
Range Will Absorb
More Moisture Faster**

Grazing shortgrass range moderately over a period of years will lead to an increase in the organic matter in the soil which in turn will increase the rate at which the soil will absorb moisture, says A. D. Woofter, a member of the New Mexico PMA committee.

That conclusion is based on soil tests from plots of ground on opposite sides of a fence. On one side the grass has been moderately grazed, on the other side heavily grazed.

The tests showed, according to Woofter, that there was 2 to 2½ times as much litter in the soil from the moderately or lightly grazed range. And it took from 1½ to 2½ times as long for the same volume of water to be absorbed in the soil of the heavily grazed range as in the soil of the lightly grazed range just over the fence.

**NOTICE OF
DISSOLUTION OF
PARTNERSHIP**

Notice is hereby given that the partnership heretofore existing between Claude E. Nivens and Donald E. Hyder, under the firm name of H & N Service, at Loco Hills, New Mexico, was dissolved by mutual consent on the 7th day of July, 1948, so far as relates to Donald E. Hyder who retires from said partnership.

All debts due to the said partnership and those due by it will be settled with and by Claude E. Nivens, who will continue said business as an individual under the name of H & N Service.

Dated this July 7, 1948.

YOUR MONEY BACK
If Super-Cushion Tires
Don't Give You The
Softest Ride You've Ever
Had!

Super-Cushion
10 YEAR

...we say—we'll put a cushion in your tires and tubes on your car. Then, if you don't get a softer ride than any other tire, we'll replace it and give you money back.

...a new kind of cushionable tire that weighs only 24 pounds and has a tread that makes this cushioning possible. It's the only Super-Cushion tire of this unusual type.

CASE MASTERFRAME
Pushes Costs Down

Parallel lift of the front-mounted shovels correct working angle and uniform penetration at any depth you set them. Close to the front wheels, they respond instantly to Case Quick-Dodge steering. Rear shovels plow out wheel tracks, need no watching. Same Masterframe sections serve also for mounted plow, planter, etc.—save you real money on a complete outfit. Case Masterframe implements take less strength to handle, less room to store. Come in; see the extra advantages you can enjoy at LESS cost.
