

Two Boys Break Cotton Record By Nine Days

Two North Eddy County 4-H Club members broke by nine days the record date for the first bale of cotton in the Pecos Valley when they picked and had ginned a bale Monday, and it is believed they set an all-time record for the state.

J. H. Jones, 15, and Bobbie Jones, 16, sons of Mr. and Mrs. Iva Jones, picked the cotton from their five-acre plot, delivered it to the Atoka of the Artesia Alfalfa Growers Association at 4:30 o'clock Monday afternoon, and it was ginned that day, which was Aug. 16. The previous record for the first bale in the valley was Aug. 25, according to available records.

The bale, which weighed 507 pounds, was purchased by W. W. of the Balfie Food Store for a premium price of 50 cents a pound, whereas the government price Monday was 31 cents. They sold 811 pounds of cotton at the rate of \$100 a ton, the net price, bringing for them a total of \$659 for lint and seed and 1470 pounds of seed cotton.

In addition, through the sponsorship of the Chamber of Commerce, they are \$142.50 subscribed by Ar-businesses. This will make

Urgent Pleas Again Made For Teacher Housing

School authorities again made urgent pleas this week for apartments, houses, and rooms for school teachers, which will be needed before the opening of school.

The most urgent need, it was pointed out, is for a house for Russell Lewis, the new bandmaster.

However, there are many other teachers in need of housing, some of whom will be able to get by with only a room for the present. Others will need apartments or houses, especially those married and having families.

Anyone having a room, apartment, or house which will be available for a school teacher is asked to phone 140 or 141 and leave his name and the location of the place to rent.

School Begins Soon! Watch Driving

Artesia Advocate

HELPING TO BUILD A GREATER ARTESIA

V-J Day Is Artesia's Greatest Event

Here is a partial picture review of the V-J Day parade Saturday morning. O. R. Gable, Jr., of Gable Studio, who took the pictures for The Advocate, along with numerous others, was too pressed to catch every entry and

"Preparedness for Peace," the theme of the celebration, entered by Boyd-Cole Motor Company, which took second prize of \$30. On the right is the third-prize

winner, entered by the Protective Patriotic Order of Dees, the auxiliary of the Elks. This received the Chamber of Commerce award of \$20. In the center is pictured Earl Moore of Clovis, as he was taking first place in calf roping, in which he roped and tied the

calf shown in 11.5 seconds. This was one of the most remarkable shots of the rodeo taken by Gable, and happened to be that of the prize-winning roping. Moore also took second in bulldogging to make him the top hand in the three-day rodeo.

City Ordinance Provides Rules for New Traffic Signal Lights

The Artesia City Council Wednesday evening of last week passed an ordinance providing for electric signal lights to regulate pedestrian and pedestrian traffic at intersections and setting penalties for violations of the regulations.

The ordinance provides that after signal lights have been installed by order of the council at a street intersection, and without further ordinance, the provisions of the ordinance passed last shall maintain.

As directed in the ordinance that lights are to facilitate the swift flow of traffic.

Signal lights, under the ordinance, are to show red, amber, green lights, the first of which is a signal for vehicles to come to a stop at intersections, provided, that after coming to a stop at the intersection the vehicle may turn right if the way is clear of pedestrians and other vehicles.

A red light is to be shown when the green light is shown, and the green light when shown is a signal for vehicles and pedestrians to proceed.

The ordinance provides that it is unlawful for any person or operator of any vehicle or a

pedestrian to cross a street at a controlled intersection while the red light is showing facing the pedestrian or vehicle traffic.

In other words, pedestrians are to cross the street only while the green is showing, the same as for vehicles.

Provision is made, however, that in the event a police officer is on duty traffic may be regulated by him contrary to the lights.

The ordinance sets up a penalty for violation of the ordinance of a fine not less than \$1 or more than \$25.

The ordinance will be in full force five days after official publication of the ordinance in this issue of The Advocate, which will be next Tuesday.

The traffic light at the intersection of First and Main Streets has been in operation some days, while the installation of others on Main Street has been delayed awaiting arrival of cable. They will be in operation soon, possibly by the time the new ordinance goes into effect.

The light at First and Main Streets is hanging in the center of the intersection. All others planned at this time will be installed on the new highway standards at the corners.

Work On 285 Is Awaiting Only Right-Of-Way

Work on State Highway 285 north of Carlsbad will start as soon as right-of-way is obtained from Canal Street in Carlsbad to the old CCC camp site there, it was determined at a meeting Tuesday of the Eddy County commissioners with representatives of the New Mexico Highway Planning Board and the Federal Roads Administration.

Commissioner W. T. (Doc) Haldeman of Artesia said it will be up to the commissioners to obtain the right-of-way. In the meantime, he said, the State Highway Department is ready to start work.

The highway will follow the old right-of-way in general, but with certain changes designed to eliminate the many dangerous curves at the Carlsbad end.

The commission discussed plans submitted by the Eddy County Road Planning Commission in regard to Highway 285.

Commissioner Haldeman likewise said work will start within the next 30 days on a farm-to-market road starting at Highway 285 at Atoka, then east two miles, and north to State Highway 83. That road is to be blacktopped.

Enrollment Will Continue Through Next Wednesday

Enrollment of Artesia High School pupils will continue for those who have not enrolled or wish to change their enrollment through Wednesday, August 25, it was announced by Tom Mayfield, superintendent.

All pupils from the second grade through the sixth grade who have not attended the Artesia schools before will register between the hours of 8:30 to 4 o'clock from Monday, Aug. 23, through Friday, August 27, in the school of the respective zone as follows:

Central School—East of the center of Eighth Street and south of the center of Chisum Avenue, and east of the railroad south of Conoco crossing.

North Side School—East of Eighth Street and north of the center of Chisum.

Park School—West of Eighth Street extended north and south on Watson Avenue.

All pupils are to report to school 9 to 11:30 o'clock Wednesday morning, Sept. 1, and be checked into their respective rooms. Buses will run for the half day. All beginning pupils will report for the first time at this time and be registered. Superintendent Mayfield said.

Buses coming to school are to report as follows: Beginners through third grade report to Central School, fourth through sixth grades to Park School. After enrollment is made these pupils will be changed to their permanent classes in the building most convenient.

The first general faculty meeting will be held in the Central School music room at 10 o'clock (continued last page this section)

Program To Clear Fencerows Of Weeds Has Been Announced

W. T. (Doc) Haldeman, Eddy County commissioner, said this week he is anxious for farmers wishing to have their fencerows taken care of by way of elimination of weeds and Johnson grass to contact him.

If farmers will remove the fences, so a county maintainer can get in and do away with the severe grades, it will be possible to clean up many of the county roads, he said.

The commissioner suggested that, wherever possible, farmers go together on roads and contact him as a group.

Spectacular Parade Kicks Off Big Celebration

Artesia's greatest spectacle, the second annual V-J Day celebration, was kicked off Saturday morning with a colorful and spectacular parade a mile and a half long, which was witnessed by thousands of persons, many of whom attended the celebration rodeo that afternoon and evening, staged by the famous Howard Brown Rodeo of Dublin, Texas.

Highlights of the parade were many floats, three bands including the famous Santa Fe Indian Band of Winslow, Ariz., about 100 mounted riders, and fun-provoking entries.

Old Glory, in massed colors, led off the parade, with former members of the Army, Navy, and Marine Corps in uniform serving as color bearers and guards, and representing the American Legion, Veterans of Foreign Wars, and Disabled American Veterans, the member groups of the sponsoring organization, the United Veterans Club.

Immediately behind the colors, mounted on a struggling horse, was Hizzoner, Mayor Oren C. Roberts,

missed the first prize-winning float, "U.S.S. Missouri," entered by Clem-Kaiser and depicting the surrender on Aug. 14, 1945, which won \$50 contributed by the Chamber of Commerce. Shown above, left, is the float,

mayor of Artesia, in Western garb, and without a guard of take-off cowboys as escort.

Veterans of Bataan and Corregidor and members of the Gold Star Mothers of Bataan and Corregidor, members of the Disabled American Veterans, and the United Spanish War Veterans in cars made up the next section of the parade.

Next, as the second comedy relief, came the "One Hoss Shay," a pioneer wagon pulled by a white horse, in which Mrs. C. R. Blocker, Mrs. E. M. Perry, and Mrs. Robert Parks, all in costumes of the 1890's were riding.

Many more sections went into the making up of the parade, including two of floats, of which the Clem-Kaiser, took first place, winning \$50 from the Chamber of Commerce.

Second place, as told in the cuttings above, was "Preparedness for Peace," entered by Boyd-Cole Motor Company, winning \$30, while Hizzoner, Mayor Oren C. Roberts, (continued last page this section)

County 4-H'ers Place In Annual NM Encampment

Eddy County 4-H Club members attending the 25th New Mexico state encampment at New Mexico A & M College last week brought home a number of honors, topped by first place in crop judging in the junior division.

The winning team was made up of Neil Howell, J. H. Jones, and Albert Bach of the Artesia 4-H Club.

In the livestock loss prevention demonstration contest, Sonny Garner and Wade Green, also of the Artesia Club, placed second.

In individual clothing demonstrations, June Spurlin of the Carlsbad 4-H Club placed second.

Eddy County placed second in both divisions of the state dress (continued on Society Page)

Disabled Veterans Meet On Monday At Johnson Home

Members of the Donald S. Simons Chapter No. 19, Disabled American Veterans, held their regular monthly meeting Monday evening at Hope, with Mr. and Mrs. Max Johnson as hosts.

After a brief business meeting, the beautiful back yard was the scene of an excellent feed, after which Sgt. Henry Cook, representing the U. S. Army Recruiting Service, Roswell, showed actual combat films of the infantry and air force during World War II.

Among those enjoying the hospitality of the Johnsons were Mr. and Mrs. John Simons, Jr., Mr. and Mrs. Bill Smith, Mr. and Mrs. Flurry Elvin, Mr. and Mrs. King Burner, Mr. and Mrs. Wade Cunningham, Mr. and Mrs. W. H. Led-

Tentative plans are for afternoon and evening performances at Morris Field, with the auditorium of Artesia High School to be used in case of bad weather.

The engagement here will break a jump for the famous hand between El Paso and Amarillo. (Continued on Society Page)

Oil Center Lands In Middle Artesia In No One's 'Enviros'

It seems The Los Angeles—that's in California—Examiner has started a chain of events in which Artesia has become involved, just because The Examiner riled up the people of Roswell by relating in a story that that town has grown to a population of 20,000.

"Good Morning" in the Roswell Daily Dispatch declared the figure should be 33,000 to 35,000 for Roswell and "immediate environs."

Then "The Little Argus" in The Carlsbad Current-Argus cracked that "they (Roswell) may be right, too, if the 'immediate environs' extend as far south as Artesia."

To which "Good Morning" gleefully countered, "We are glad to note that Carlsbad has Artesia in

Chaves County. Incidentally, we would be very glad to have Artesia in our 'enviros' as Carlsbad calls it, as Artesia is a mighty progressive city."

Artesia, the smallest of the three cities and sitting right in the middle between the two larger cities, can't do much about the situation, other than to tell the world that the Oil Center of New Mexico would add 10,000 to 12,000 to Roswell's population, were Artesia in the "immediate environs" of that town, but that Artesia is in no one's "enviros," is not in Chaves County, but is in what is known as North Eddy County, until such time as old Lincoln County is further chopped up and a new name maintains.

Actions Of Operator Make Advocate Late

For the third time in about two months The Advocate was handicapped this week by the unauthorized, uncalled-for, unco-operative, and unkind absence of the linotype operator, placing a tremendous burden on others of the force, a burden which could not be overcome sufficiently in this instance to come out on time.

When it became evident the Thursday afternoon mail would be missed, it was decided to lessen the nerve strain, ease off on the tension, and deliberately come out late.

Likewise, it was necessary to hold back much live news.

It is regrettable that this has to be done, but there is a limit to what can be accomplished when a hired hand with no respect for his job or fellow employees disrupts routine and fails to make any attempt at getting the job done.

It will not happen again as a result of the actions of this particular former Advocate linotype operator.

Earl Moore, Clovis, And Bulls Share Top Honors In Rodeo

Top honors in the three-day rodeo in connection with the V-J celebration were divided between Earl Moore of Clovis, who took first place in calf roping and second in bulldogging, and the salty Brahma bulls of the Howard Brown Rodeo.

While bulls broke out at three of the four performances, no one was injured except on Saturday evening, when one of them went through the arena fence as though it were paper and chased and tossed Bill Bragg, Jr., of Roswell, who broke his wrist when he fell. He was otherwise bruised, but not gored.

When the bull went through the fence, he rounded a corner of the arena and took after the Roswell youth.

One of the bulls went through the fence only a few feet away Saturday afternoon, but was captured without injuring anyone.

But the top performance by a bull—the salty one which injured Bragg the night before—was staged during the Sunday afternoon show, when he went over the top of a big stock trailer truck, fell to the ground, and headed for town.

Fearing he would go through the arena fence again and possibly hurt someone, the Brahma was not to be used at that performance

and was thought to be safely corralled in the truck, but he thought differently.

A number of cowboys took out after the fleeing bull, which made no attempt to get into the crowd, but rather seemed to be looking for open spaces. He was chased two blocks down Main Street towards the downtown district, and there he doubled back a block and turned north into a side street, where he was captured.

The final break-out was when the bulls, which with the other rodeo stock were kept at the Bullock feed pens north of the city, got away and ran north about two miles, where he was captured at the B. E. Green place.

The rodeo drew its top crowd Saturday night, when the stands were packed to overflowing, accounting for young Bragg to be in the space between the fence and seats. A fair sized crowd attended Friday evening, but the Saturday and Sunday matinees were disappointing from an attendance standpoint, causing the sponsoring United Veterans Club to go about a thousand dollars in the red on the event.

Although there was a grand entry of officials and contestants at continued last page this section)

GPA Would Protect Eddy Waters By Prohibiting Rough Minnows

The North Eddy County chapter of the Game Protective Association went on record by motion Monday evening recommending to the State Game Commission that the use and sale of carp, buffalo, and sucker minnows be prohibited in Eddy and Chaves Counties.

L. W. Simmons, deputy game warden, told the GPA members the commission can make such a ruling, and he said he believes a ruling will be made prohibiting the use of such minnows in all waters in the two counties by Jan. 1.

In a discussion, it was brought out the present program of eradicating all fish in certain waters to remove the rough fish preparatory to restocking with game fish will be of little avail if rough fish minnows are allowed in the improved waters, for in a few years they would again take over.

Clarence E. Fischbeck, president of the chapter, said he has been informed by State Game Warden Elliot S. Barker that the department is willing to co-operate with the GPA chapter in the rehabilitation of Clark's Lake in a program which would involve cutting the overgrown vegetation, repairing the docks, cattle guard, and fence, and otherwise making improvements so it again can be used as a recreation spot. He said the warden indicated the department will co-operate in any of several ways.

After it was brought out in discussions that the greater part of big game are killed illegally the opening morning of the season under the old rule of opening at (Continued on Society Pages)

VFW and REA May Tie Again In Second Half

In the final games of the regular softball schedule for the summer this evening, if REA defeats Lake Arthur, that team will be tied for first place with VFW, which will require a play-off as was done at the end of the first half, when the same two teams tied, with REA taking two out of three in the extra three games.

With the schedule somewhat thrown off the last week because of the V-J Day celebration, Lake Arthur defeated NuMex 7-6 Wednesday evening of last week in the only league game that evening.

No more league games were played until Monday, when REA blanked Artesia Shoe 12-0 and Lake Arthur defeated VFW 6-3.

In Tuesday's games NuMex defeated VFW 10-7, and REA won over the Westerners 10-4.

The final games tonight are Lake Arthur vs. REA and Westerners vs. Artesia Shoe.

The city tournament will be played next week, but the dates had not been set this morning.

League standings to date:

Played Lost Won

VFW	9	2	7
REA	8	2	6
NuMex	9	3	6
Lake Arthur	10	4	6
Westerners	9	7	2
Artesia Shoe	10	10	0

Plans For 83 Celebration To Be Made Friday

A delegation from Artesia headed by Ross Sears, general chairman for the celebration in James Canyon Tuesday, Aug. 31, of the completion of the state portion of State Highway 83, is to meet in Cloudcroft Friday evening with representatives from other communities to discuss final plans for the celebration.

Sears said this morning that in the meantime the committee is anxious to have a reasonably accurate check on the number of people who will be at the big celebration, at which Gov. Thomas J. Mabry will be honor guest.

The chairman suggested that the owners or managers of each business in Artesia contact the Chamber of Commerce as soon as possible, giving the number of representatives expected to go.

Sears said that of all public gatherings, it is imperative that there be a good turnout on Aug. 31, to meet with people from other communities served by Highway 83 and with the governor and other distinguished guests.

If further improvements are to be expected, he said, it will be well to show appreciation for the things accomplished to date.

That Little Extra

IT IS ALWAYS that little extra, which makes a winner.

It is the extra spurt and extra effort in a foot race, which results in a victor.

It is the little extra service at a filling station, in a store, or in any place of business, which creates good will and makes the customer happy and that makes for business.

And so it is with the individual at his or her job—it is the little extra, which makes the employer happy with the employee; that gives the employee satisfaction because of a job well done; and that results in recognition and promotion for the employee.

Unfortunately some of us have never learned this or we have forgotten it. Maybe many of the younger set never learned this lesson because of the fact that for the past seven years an entirely different attitude has been displayed by workers.

But the fact still remains that we never get anything for nothing in this world. We have to earn the things we have and those are the most precious things we have—those we earn with our own hands.

And the average individual, who starts out in life, is going to have to earn what he has unless he is fortunate enough to have it tossed in his lap. Even then he has to learn to take care of what he receives and even then he needs to know it is the little extra effort, which makes for success.

We have been watching, yes even working, some of the youngsters who are included in the young set. Some of those, who were in the armed forces during the last war. Their attitude is not one of getting the job done; doing the little extra; and being a winner. We don't know why unless they haven't learned the lesson. They are eager and anxious to get ahead and to attain success but they haven't up to now shown a willingness to pay the price that this success is going to demand.

But that price will have to be paid. Success demands hard work, long hours, extra effort—the little extra whether it is service we render or work we do.

Those, who have attained success, can all relate experiences which include no limit or hours and stories of where they had to give their best at all times.

And the price of success has not decreased—it probably is higher today than ever before.

Yet there is always room for the individual willing to do the little extra. It isn't a matter of wages and hours; it isn't a matter of hours at all. The individual, who really wants success and is willing to pay the price, can acquire it.

But wishing for it won't bring it. It takes work, effort, extra effort and long hours. And there is just as much room today for successful individuals as ever—perhaps more because there seems to be fewer willing to pay the price that success demands.—O.E.P.

Who Is Inefficient?

DID YOU EVER NOTICE that it is the person, who is inefficient, who is always accusing others of not possessing any efficiency?

And it is always the fellow, who is making mistakes, most of them inexcusable ones, who is the first to shout about other people's mistakes?

That is true. We know a lot of organizations, which are very strict about this and that and who are always registering complaints. They expect or ask for perfection in others. Yet the fact remains that they are about as inefficient as anyone we ever saw. They don't do the job they are supposed to do; they make scores of mistakes; they don't pay any attention to complaints, which are registered and usually take an attitude they have been insulted if the complaint is registered.

Yet they can shout loud and long about others and at others.

All this gets us back to the old adage, "He, who lives in a glass house, shouldn't throw stones."

And that, of course, is true. In the newspaper business mistakes are made, many of them. They are not only made but they are there in black and white for everyone to see.

The newspaper people cannot escape them after they have been made and no one is more disturbed about them than the folks, who made them. Yet nothing can be done about them except to employ a little more care and try to be a little more careful the next time.

If the mistake calls for a correction then that correction is made and published.

And mistakes will continue to be made be-

cause of the many factors involved. And it always seems that it is the newspaper's luck to have a series of mistakes happen to the same person. If one mistake is made in an advertisement, for instance, the next time it seems another occurs regardless of how much care is employed.

But the average newspaper is perfectly willing to admit its mistakes.

But those, who shout the loudest and register the most complaints about mistakes and inefficiency are usually the most inefficient organization in the community and one of those, which makes the most mistakes.—O.E.P.

Newsprint Advances

FOR THE SECOND TIME this year the cost of newsprint has advanced. The price on roll newsprint has advanced some \$10 per ton during the present year with it possible there will be another increase before the end of the year.

Newsprint today is more than double what it was back prior to the war. Back in those days rolled newsprint could be purchased at \$44 to \$45 per ton F.O.B. New York, meaning that delivered to a West Coast or Gulf Coast point the price would be considerably higher.

Not only has the price of newsprint increased but it continues as scarce if not more so than during the war. The Advocate has encountered troubles recently securing sufficient newsprint for its use while every effort has been made for more than two years to buy sufficient newsprint through a legitimate market to step up The Advocate to twice a week.

And this scarcity of newsprint continues despite the fact that the production has increased. Increased demand and increased use of newsprint plus the fact that some of the newsprint production is going into the black market is blamed.

Just when an improvement in the newsprint situation can be expected is not known, but all publishers continue to hope that it won't be too long.

But despite the increase in the price of newsprint as well as the increased cost of labor no additional increase in the subscription price of The Advocate or the advertising rate is contemplated at this time.

And The Advocate is proud that it is continuing to serve its advertisers and its readers at the present figures. Especially in view of the fact that it provides audited circulation for the advertisers. The Artesia Advocate is the only New Mexico weekly that is a member of the Audit Bureau of Circulations, which gives the advertisers guaranteed circulation.—O.E.P.

All For One

ALL FOR ONE, and one for all can accomplish great things, as demonstrated last week end at the V. J. Day celebration, the result of co-operation between the veterans' organizations and between the United Veterans Club and the people of the community.

Artesia has always been a rather co-operative community, but from time to time we see examples of gross lack of co-operation, or even deliberate pulling in opposite directions.

If anything is good for the community, then it behooves everyone to get behind it.

The celebration should be a lesson on co-operation to others now and in the future.—A.L.B.

Bicycle Code

WE HAVE SUGGESTED in the past and the City Council and police have considered the advisability of an ordinance regulating the ownership and operation of bicycles, both for the safety of the youngsters who make up the greater number of cyclists and for the peace of mind of motorists.

Too many motorists take advantage of the kids on bikes, forcing them to stop when the bicycles have the right of way. But on the other hand the kids ride anywhere they choose and in any manner, endangering their lives and keeping motorists' nerves in a state of jitters.

A workable code, with proper fees and penalties, for bicycles could and should be worked out. It need not be complicated, but the provisions should be clean-cut, simple, and understandable. And every boy or girl permitted to operate a bicycle should be licensed and required to pass a test showing his ability to ride safely and his understanding of the rules.

Penalties should be of a nature that the boys and girls can pay off—being "grounded," perhaps, rather than charged a monetary fine.

There are a number of things to consider and be worked out, such as a minimum age, the cost of fees, the nature of the examination to be taken, and the penalties for infractions.

But those things could be worked out fairly. The point is that we need such a bicycle code here, as they have in many other municipalities. And the time to pass such a code is now—before school opens.—A.L.B.

Is Your Building Safe?

AFTER AN INSPECTION of a dangerous-looking store front—which turned out to be secure—George Frisch, building inspector, suggested that there might be some which are dangerous and which might not be discovered by the city until after an accident, and that property owners should make periodic inspections on their own property for the protection of themselves, as well as of the public.

The suggestion is a good one, for the building inspector cannot be expected to go crawling over the rooves of all of the buildings downtown, just looking for some stress or strain or break which might have come about through a windstorm or otherwise.

False fronts and awnings are dangerous enough at best. And there are some on old shells here which really should come out to make way for newer, more modern, and safer buildings. But in the meantime, we would like to see a general inspection of downtown properties by the owners or their agents.—A.L.B.

It's more pleasant when the low-down on people is high praise.

DON'T LET IT CARRY YOU AWAY, POPI

Student Anthropologists Unearth Many Early Indian Ruins In State

A precursory survey by student anthropologists from the University of New Mexico shows that in the period from 1250 to 1350 A.D. there were probably as many Indians living in New Mexico as the entire present-day population of the state, including Indians, Spanish, and Anglos.

A one-week survey in the area 14 miles south of Grants uncovered 52 ruins of Indian villages on three and a half sections of land, according to Ed Dittert and Rey Ruppe, student anthropologists.

The tribes in this period showed a rather high culture as evidenced by the sandstone masonry and abundant remains of pumpkin seeds, squash, beans, corn, guards, and pig weed, which was ground up into a sort of meal for bread. Their pottery was a black on white.

One of the unusual finds of the young anthropologists, who were assisted by their wives, was a walled city set on a steep bluff and fortified by a 10 foot wall of rock cemented by adobe. Small openings provided for observation posts, as well as shielded positions from which they could shoot their arrows. The wall encircled the pueblo except in places where a sheer precipice would hamper approach of enemies.

For irrigation, the Indians of the 1250 epoch had no ditches for canals but simply farmed the bottom lands near the river, which were watered by overflows, leaving a heavy, fertile silt.

After surveying this area, the two young men moved to a spot some miles south of Grants on State Highway 117 and excavated a Jacal structure. This type of building is made of mud and poles and dates from around 700. Built on high precipices, the Indians lived in pueblos which were semi-subterranean, with most of the structure above ground. One unique find of this early excavation was an awl, fashioned from the front leg of a deer and used for punching holes in material for making baskets.

Practically all material was in a charred condition, but bits of wood showed clearly the tree rings by which such excavations are dated. Both Dittert and Ruppe will continue their excavations in this area until the beginning of the fall semester at the university.

This area was chosen because practically no excavations have been made there and also because a rancher, Arthur Bibb, provided a rock stone cabin in which they are living and also a money grant to the boys to help defray expenses while they are working toward their degrees in anthropology.

These two new classes of livestock exhibits will serve to greatly encourage commercial breeding and feeding of livestock, Evans said. The State Fair Association and State Cattle Growers Association will stand expense of the contests on an equal basis.

Evil erosion damage is consistently heavier on land planted to a clean-tilled crop year after year than on land in good rotations. Soil losses, as well as water losses, from fallow land bare of vegetation are uniformly much greater than from land in grass or trees.

C. V. Hemphill, chairman of the New Mexico PMA Committee, cites the results of five tests in major farming areas which show rather startling comparisons. In these tests the time required for erosion to strip seven inches of topsoil from types of land with dense cover ranges from 3900 to 95,800 years. Where the land is subjected continuously to clean tillage, it takes 16 to 51 years.

Where clean tilled crops were rotated with close-growing crops and the humus was allowed to build up in the soil, erosion was greatly reduced.

The tests were made at soil conservation experiment stations at Bethany, Mo.; Tyler, Texas; Guthrie, Okla.; Clarinda, Iowa, and statesville, N. C. Measurements of erosion in a number of other major agricultural regions of the country have produced similar results.

The Agricultural Conservation Program encourages and assists farmers in setting up a soil-saving rotation. Assistance is given in the establishing and maintaining of a good protective vegetation cover. According to Hemphill it is a program to make the farms last the 95,000 years or longer and to keep them from being destroyed in less than a man's lifetime.

As Artesia Grows

General rains here the last few days totaled 2.98 inches, while at Hope more than eight inches fell.

According to an official count, there were more than 650 cars parked on Main Street and adjacent streets Saturday afternoon.

Mrs. Fred Cole and Miss Helen Mann entertained the Justamere Club at the Cole home yesterday afternoon.

Oscar Pearson will drive the school bus from Cottonwood to Lake Arthur the coming school term.

Mr. and Mrs. A. B. Coll and daughter, Marian, spent the week end at the Coll cabin on the Rio.

The new cut-off highway leading north out of Carlsbad is about half completed.

Deputy Game Warden M. Stevenson is making plans looking towards ridding Cottonwood Creek of undesirable fish. Recently he and associates obtained about 2500 pounds of carp from the Rio Felix, in addition to 2000 gar and other undesirable fish.

Plans have been made to build two phone circuits between Roswell and Artesia.

A total of 815 names were placed on the poll books in Saturday's registration.

Clarence Smith returned last week from Kansas City, where he has been doing work for the government as a hay grader.

TEN YEARS AGO (From The Advocate files for Aug. 18, 1938)

A feature story of interviews as to the advisability of the city selling the Sipple Building (now known as the Ward Building) and building a city hall showed a majority of business and professional men interviewed in favor of the plan. Those interviewed at that time who are still alive and active in Artesia affairs were C. E. Mann, Judge G. U. McCrary, Arba Green, John Shearman, Jesse L. Truett, Calvin Dunn, A. P. Mahone, Ray Bartlett, and Albert Richards.

Mrs. Al Williams of the oil field community was recovering from the bite of a mountain boomer, inflicted at Lake McMillan.

A family reunion of the Reeves family was held at the Austin Reeves ranch on the Penasco Sunday.

Mrs. Reed Dowell and small son, Johnny, were guests of her sister, Mrs. Carl Folkner, and children

at the Artesia, Sacramento Camp.

Mr. and Mrs. C. R. Baldwin and daughter, Bernie Marie, left Sunday for El Paso, where Mrs. Baldwin and Bernie Marie underwent tonsilectomies the first of the week.

The new Cottonwood School gymnasium is to be ready for use in September.

Miss Florence Dooley is to leave the middle of the month on a vacation trip of several weeks. She will join her sister, Miss Helen Dooley, in St. Louis, and the two will spend several weeks in Michigan with their mother, Mrs. William Dooley.

Miss Pauline Clayton has entered Woodbury College in Los Angeles, where she will take a secretarial course.

Mr. and Mrs. Fred Brainard were hosts at a dinner Sunday in honor of Miss Peggy Brainard, who left Monday for Berkeley, Calif., to enter the University of California.

Oil well drilling and exploration activities throughout the nation set a new all-time record during June, according to figures compiled by the Interstate Oil Compact Commission.

As of the end of June, 2314 rotary drilling rigs were in active operation and 623 geophysical and core drill crews were working in the area covered by the commission's report. This compares with a previous high of 2208 active rotary drilling rigs and 562 geophysical and core drill crews reported at the end of April. In June, 1947, a total of 1873 rotary drilling rigs were reported active and 355 geophysical and core drill crews engaged in exploratory work.

Oklahoma showed the largest increase in rotary drilling in June as compared with the previous month, the commission's report shows, there being 304 rigs running in the state in June as compared with 268 in May. This, however, is a slight decline from the peak of 312 rigs which were active in April.

In West Texas, New Mexico, and North Texas, there were 587 rigs active in June, against 576 in May; in Gulf Coast area, 572 in June, compared with 524 in May; North Louisiana, East Texas and Arkansas, 166 in June, against 165 in May; California 193 in June, 172 in May; Kansas, 137 each month and Rocky Mountains, 156 each month. In western Canada, 51 rigs were running in June, compared with 40 in May.

IN THE PROBATE COURT OF EDDY COUNTY, STATE OF NEW MEXICO

IN THE MATTER OF THE LAST WILL AND TESTAMENT OF S. S. WARD, DECEASED.
 No. 1338
NOTICE OF HEARING ON

FINAL ACCOUNT AND REPORT OF THE STATE OF NEW MEXICO

TO: Kate Ward, Irene Whitcomb, J. S. Ward, Lucille Metzger, Bess Rehn, Lola Francis Brainard, Jacqueline Randle; all unknown heirs of S. S. Ward, deceased; and all unknown persons claiming any lien upon, or right, title or interest in or to the estate of said decedent, GREETING:

NOTICE IS HEREBY GIVEN

that Kate Ward, executrix herein, has filed her Final Account and Report in this cause and, by order of the Probate Judge of Eddy County, New Mexico, the 20th day of September, 1948, at the hour of 10:00 A.M., in the Court room of the Probate Court of Eddy County, New Mexico in Carlsbad, New Mexico, is the day, time and place for hearing said Final Account and Report and any objections thereto. At the same time and place, said Court will determine the heirship of said decedent, the ownership of his estate, the interest of each respective claimant thereto or therein, and the persons entitled to distribution thereof.

NEIL B. WATSON, Artesia, New Mexico, is attorney for the executrix.

WITNESS MY HAND and seal of the said Court on this the 30th day of July, 1948.

NOTICE

STATE ENGINEER'S OFFICE
 Number of Application RA-1469-S and RA-1508-S, Santa Fe, N. M., June 25, 1948.

Notice is hereby given that on the 23rd day of June, 1948, in accordance with Chapter 131 of the Session Laws of 1931, W. B. McCroly of Hotchkiss, County of Delta, State of Colorado, made application to the State Engineer of New Mexico for a permit to change location of shallow groundwater well No. RA-1469-S and RA-1508-S from a point in the NW $\frac{1}{4}$ -SE $\frac{1}{4}$ -NW $\frac{1}{4}$ of Section 18, Township 18 South, Range 26 East, N.M.P.M., as shown in permits Nos. RA-1469-S and RA-1508-S approved April 11, 1944, to a point in the NE $\frac{1}{4}$ -SW $\frac{1}{4}$ -SW $\frac{1}{4}$ of said Section 18, the point at which the well was actually drilled.

No additional rights over and above those set forth in Permits No. RA-1469-S and RA-1508-S are contemplated under this application which is made solely for the purpose of correcting location of well No. RA-1469-S and RA-1508-S.

Any person, firm, association, corporation, the State of New Mexico or the United States of America, deeming that the granting of the above application will be truly detrimental to their rights in the waters of said underground source, may protest in writing the State Engineer's granting approval of said application. The protest shall set forth all protestant's reasons why the application should not be approved and shall be accompanied by supporting affidavits and by proof that a copy of the protest has been served upon the applicant. Said protest and proof of service must be filed with the State Engineer within ten (10) days after the date of the last publication of this notice. Unless protested, the application will be taken up for consideration by the State Engineer on that date, being on or about the 4th day of August, 1948.

John H. Bliss,
 State Engineer

NOTICE

STATE ENGINEER'S OFFICE
 Number of Application RA-1498-F and RA-1411-A, Santa Fe, N.M., July 27, 1948.

Notice is hereby given that on the 3rd day of June, 1948, in accordance with Chapter 131 of the Session Laws of 1931, Floy R. Zumwalt of Artesia, County of Eddy, State of New Mexico, made application to the State Engineer of New Mexico for a permit to change location of well and place of use of 90 acrefoot of the waters of the Roswell Artesia Basin per annum by abandoning the use of well No. RA-1498, located at a point in the NW $\frac{1}{4}$ -SW $\frac{1}{4}$ -NW $\frac{1}{4}$ of Section 13, Township 17 South, Range 25 East, N.M.P.M., for the irrigation of 30 acres of land described as follows:

Subdivision E $\frac{1}{2}$ -NE $\frac{1}{4}$ -NW $\frac{1}{4}$, Section 13, Township 17 S., Range 25 E., Acres 20.00. Subdivision E $\frac{1}{2}$ -NE $\frac{1}{4}$ -SE $\frac{1}{4}$ -NW $\frac{1}{4}$, Section 13, Township 17 S., Range 25 E., Acres 5.00. Subdivision NE $\frac{1}{4}$ -NW $\frac{1}{4}$ -SE $\frac{1}{4}$ -NW $\frac{1}{4}$, Section 13, Township 17 S., Range 25 E., Acres 2.50. Subdivision NW $\frac{1}{4}$ -NE $\frac{1}{4}$ -SE $\frac{1}{4}$ -NW $\frac{1}{4}$, Section 13, Township 17 S., Range 25 E., Acres 2.50.

and commencing the use of well No. RA-1411-A, located at a point in the NW $\frac{1}{4}$ -NW $\frac{1}{4}$ -SW $\frac{1}{4}$ of Section 31, Township 16 South, Range 26 East, N.M.P.M., for the irrigation of 30 acres of land described as follows:

Subdivision 1 $\frac{1}{2}$ acres in SW $\frac{1}{4}$ -SW $\frac{1}{4}$ -NW $\frac{1}{4}$, Section 31, Township 16 S., Range 26 E., Acres 1.50. Subdivision 14 acres in W $\frac{1}{2}$ -NW $\frac{1}{4}$ -NW $\frac{1}{4}$ and SW $\frac{1}{4}$ -NW $\frac{1}{4}$, Section 31, Township 16 S., Range 26 E., Acres 14.00. Subdivision 14 $\frac{1}{2}$ acres in SE $\frac{1}{4}$ -SW $\frac{1}{4}$, Section 31, Township 16 S., Range 26 E., Acres 14.50.

No additional rights over and above those set forth in license Nos. RA-1498 and RA-1411-A are contemplated under this application.

Lands in Section 13 above described to be completely dried up to all further use of underground water for irrigation.

Any person, firm, association, corporation, the State of New Mexico or the United States of America, deeming that the granting of the above application will be truly detrimental to their rights in the waters of said underground source, may protest in writing the State Engineer's granting approval of said application. The protest shall set forth all protestant's reasons why the application should not be approved and shall be accompanied by supporting affidavits and by proof that a copy of the protest has been served upon the applicant. Said protest and proof of service must be filed with the State Engineer within ten (10) days after the date of the last publication of this notice. Unless protested, the application will be taken up for consideration by the State Engineer on that date, being on or about the 7th day of September, 1948.

John H. Bliss,
 State Engineer.

GREETINGS:

YOU AND EACH OF YOU ARE HEREBY NOTIFIED THAT there has been filed in the District Court of Eddy County, State of New Mexico, a certain cause of action wherein R. H. Hayes and Cathryn Hayes are the plaintiffs and you, and each of you, are defendants, the same being Cause No. 10657 on the Civil Docket. The general objects of said action are to quiet and set at rest

the plaintiffs' title, in fee simple, to the following described property situated in Artesia, Eddy County, New Mexico, to-wit:

Lot 8, Block 15 of the Clayton-Stegman Addition to the City of Artesia, Eddy County, New Mexico, and the North 100 feet of Lots 9 and 11, Block 23, Artesia Heights Addition, to the City of Artesia, Eddy County, New Mexico.

YOU AND EACH OF YOU ARE FURTHER NOTIFIED THAT unless you enter your appearance or plead herein on or before the 16th day of September, 1948, the plaintiffs

will make application to the Court for a judgment by default and judgment by default will be rendered against you, and each of you, as prayed for in said complaint.

The name of the plaintiff's attorney is William M. Siegenthaler, whose post office address is Box 128, Artesia, New Mexico.

WITNESS my hand and the seal of the District Court of Eddy County, on this the 30th day of July, 1948.

Brand-new Power in a matter of hours

Pay as you drive if you wish

Give Your Prewar Buick TODAY'S Fireball Zip and Power with a Completely Factory-Fresh Engine

No, there's no point in merely wishing you had all the peppy power of a brand-new 1948 Fireball engine under the bonnet of your trusty old Buick.

Not when you can dish yourself up a full portion of the same thrilling liveliness—in a matter of a day or so.

As if by magic, you cancel out the thousands of miles of driving you've done. Cross off the leaky piston rings, worn bearings, tired ignition system. Scratch the threat of a costly engine overhaul. And figure the extra worth of your car when you're ready to turn it in.

The job doesn't take long—from one to two days. The cost is OK, too—surprisingly low. It varies a bit from model to model, but it's always low enough to make this deal a prize bargain. We'll give you the exact figure if you'll drive your car in.

Don't put it off. Make up your mind to drive a 1948-powered car now. Come in and talk it over.

All you have to do is come in and see us. We can put a fresh-from-the-production-line 1948 Fireball engine into any Buick from 1937 models on. It's a completely new Buick engine—spick-and-span from head to pan—fully equipped with all the items listed in the panel.

How's Your Pick Up?

We're not thinking about the pickup of your car, but how fast you answer the telephone when it rings.

Answering promptly often saves missing important calls.

Fightin'est Team Ever Is Hope Of Whittington

Claude (Jiggs) Whittington, head football coach of Artesia High School, who put team candidates through their first paces Wednesday, declared Tuesday noon at the weekly Rotary Club luncheon that he will try to have the "fightin'est team ever," when the Bulldogs meet Monument in the opening game there Sept. 10.

He said he would lose 17 and possibly 18 of his last year's varsity squad of 26, but that there were a number of mighty good prospects on the "B" squad who will step into varsity play this fall. And all, he said, are anxious to play.

The Bulldogs will not be as heavy, but will be faster than last year's varsity squad, Coach Whittington said.

Indicating that he will probably play an aerial game this year, the coach said he has four ends this year who can catch passes and several backs who can pass.

Coach Whittington was just back from Albuquerque, where he attended a football school last week, at which he picked up a number of pointers. He said it was the finest coaching school he had ever attended.

A climax to the school was the North-South football game Saturday night, on which John Sudderth of Artesia, husky back, played a splendid game for the winning South team, and attracted the attention of a number of coaches.

Coach Whittington said he was pleased when Sudderth told him he had to learn only two new plays, as the South used a single-wing, whereas Whittington uses a modified single-wing.

GPA—

(continued from page one) sunup, the chapter went on record approving the commission's announcement that the big game season this year will open at noon.

President Fischbeck explained that contrary to the belief in some quarters membership in the GPA in no way protects a member should he violate game laws. Furthermore, he said, fines paid for violations do not go to the Game Department, but rather to the school fund.

The chapter president asked the members to lead in the protection of quail during the coming dove season and set an example for other hunters.

At the conclusion of the meeting, Fred A. Thompson, director of fisheries for the Game Department, showed four pictures, one on trout culture, one on lion hunting in New Mexico, and two on fishing.

BENEFIT SUPPER

Everyone welcome to benefit pie supper given by Loco Hills PTA Friday night, Aug. 20, 7 o'clock. Proceeds to go to Loco Hills School.

Spring Lake Club Is Organized On Monday Evening

The Spring Lake Club, an organization of sportsmen who plan to improve and use Spring Lake for recreation, was formed at a meeting Monday evening at the garage of Russell Hill, who was named the first president.

Stanley Blocker was elected secretary-treasurer. A committee at this time is completing a lease with Leon Clayton, who owns the property about six miles southeast of Artesia on which the lake is located.

It was brought out at the meeting Monday that tentative plans are for the building of docks and the setting out of trees and otherwise improving the property for recreational purposes.

To that end fish in the lake are to be eradicated Sunday morning in co-operation with the State Game and Fish Department, at the expense of the new club, with estimated poison for the process to cost \$160 to \$180. After the rough fish have been killed and the water is safe again, it is planned to have the lake planted with game fish.

At the meeting Monday it was agreed the club will regulate fishing on the lake in accordance with the Game Department laws.

Griffin Baby Son Is Christened On Sunday At Episcopal Church

The four-month-old son of Mr. and Mrs. James M. Griffin was christened Sunday, Aug. 8, at St. Paul's Episcopal Church in Artesia, with Rev. Joseph H. Harvey, vicar performing the ceremony. He was given the name of Leland James Mark.

Mrs. Mark A. Corbin was his godmother, and godfathers were John W. Gates and S. Sgt. James Head, the latter of whom acted as proxy for Victor Gordon Smith of Bath, England, a brother of Mrs. Griffin.

Tea was afterwards served at the home of Mrs. Corbin and was attended by Rev. and Mrs. Harvey, Mr. and Mrs. Gates, Sergeant and Mrs. Head, Mr. and Mrs. Niven Baird, Mrs. Bert Bidwell, Mrs. Lillian Bigler, Mr. and Mrs. Andy Corbin, Mr. and Mrs. Jack Hanna, Mrs. Ruth Lytle, Mr. and Mrs. J. B. Mulcock, Mrs. Hugh Parry, Mr. and Mrs. Jack Shaw, and Mrs. E. G. Woods.

Mrs. Gates and Mrs. Head assisted the hostess in serving.

QUARTERLY CONFERENCE TO BE SUNDAY

The first quarterly conference of Lake Arthur and Cottonwood Methodist Churches will be held Sunday at the Cottonwood Methodist Church. Rev. A. C. Douglas, the district superintendent, will speak at the morning services, which will begin at 11 o'clock.

Immediately after the morning services Rev. Douglas will hold the quarterly conference. A cordial invitation was extended to all by Rev. Chester Rogers, pastor.

Completions Are Nil This Week In County Oil Fields

Eddy County oil operators reported the staking of two new locations the last week, but no wells were completed.

The locations: Martin Yates, Kimes 1, NE NE 28-15-29; Aston & Fair, State 13 No. 1, SW SW 13-18-28.

Locals

Rhea Ann and Frances Ellinger of 1007 Dallas, daughters of Mr. and Mrs. William Ellinger, were awarded third place in a baton contest at the Western State Band Camp at Gunnison, Colo. There were 30 entrants. The girls did routine with fire batons. This was their second week at the two-week camp, which is conducted by William D. Revelli, head of the music and band department at the University of Michigan. The girls received two and a half hours of group instructions and a half hour of sectional instruction, as well as daily baton twirling and drum majoring.

Mr. and Mrs. D. N. Gray had as visitors the last week Mrs. W. C. Rayl and daughters, Mrs. Delmar Harman, and family of Chattanooga, Tenn. They returned to their home Tuesday morning. This was their first trip to New Mexico.

Mrs. Lewis B. Douglas and children, Kathy and Johnny, are visiting Mrs. Douglas' parents, Mr. and Mrs. J. T. Henry. They plan to return to their home in Baton Rouge, La., the first of the month.

Plans Start For Garden Club's Fall Garden Show

The Artesia Garden Club held its monthly meeting in the backyard of Mrs. H. G. Ellis, Friday evening, with Mrs. Earl Darst presiding over the business meeting.

Plans were started for the fall flower show, which will be announced later.

Mrs. V. P. Sheldon had charge of the program, the topic of which was, "The Outdoor Living Room."

The program was divided into two parts. The first half consisted of the advantage of an outdoor living room, and in the second half Mrs. Sheldon told about her flower garden and the different flowers with which she has experimented.

One of Mrs. Sheldon's unusual specimens was a dogwood tree, which is in full bloom at the present time. Dogwood trees usually bloom in the spring.

The hostesses, Mrs. H. G. Ellis, Mrs. Pete L. Loving, and Mrs. Otto Wood, served punch and cookies to 15 members and four guests.

The guests were Frank Smith, Harold Kersey, Pete Loving, and H. G. Ellis.

The next meeting will be held in September and will be announced at a later date.

Shriners Step Up Plans For Carnival To Be Held Sept. 9-11

William M. Siegenthaler, president of the Artesia Shrine Club, announced at a meeting of the organization last evening that booths are being built and plans are rounding out nicely for the annual Shrine carnival, to be given on the city property north of the city hall Thursday, Friday, and Saturday nights, Sept. 9-11.

He said the Shrine Club has been holding back until after the V-J Day celebration last week, sponsored by the United Veterans Club, but that now efforts for a big and successful carnival will be pushed in order to raise funds towards retiring the indebtedness on the Masonic Temple.

Many booths and concessions are to be placed on the city lot, where there will be fun and amusement for young and old.

On the final evening the big carnival dance will be held at the Veterans Memorial Building, in connection with which a Chevrolet coach and an eight-foot General Electric refrigerator are to be given away.

Single and double-drawer steel card filing cabinets. The Advoc

PAST PRESIDENTS' PARLEY HOLDS MONTHLY MEET

The Past Presidents' Parley held its monthly meeting at the Veterans Memorial Building at 1 o'clock Tuesday afternoon, when Mrs. A. R. Compary presided over the meeting.

The guests were seated at a lace covered table centered with a bouquet of summer flowers as center pieces.

Mrs. P. V. Morris and Mrs. Compary were hostesses.

Those present were Mmes. Earl Darst, Albert Richards, F. E. Painter, Fred Jacobs, Frank Smith, and L. E. Francis, and the two hostesses. The next meeting will be in September and will be announced at a later date.

County—

(continued from page one) revue, Jo Ann White second in the junior division and Ann Forehand second in the senior division. Both girls are from the Carlsbad Club.

In the poultry demonstration contest, Lyle Barron and Kenneth Bridwell of the Hillcrest Club placed second in the junior division.

Also Eddy County was entered in the one-act play contest, in which "Be Home By Midnight" was put on by the Cottonwood Club. The cast consisted of W. L. Gray, Ralph Parnell, Jack Donaghey, Mary Lou and Mildred House.

Mrs. A. E. Stephens, local leader, was director of the play.

Oneta and Oleta Johnson of the Artesia Club were entered in the dairy foods demonstration contest. This contest had more entries than any other contest in the encampment.

Two judging teams were entered in the judging contest, a home economics judging team with Cleo Johnson, Betty Jo Yarbrow, and Mary Evelyn Price, and a livestock judging team with Jimmie Thomas, Billie Sherman, and Tommy Price.

Artesia Gardens And Country Club Are To Merge, Members Vote

At a joint meeting Monday evening of members of Artesia Gardens, Inc., and the Artesia Country Club, it was decided by a unanimous vote of 126, both present and by proxy, to merge the two organizations.

Stanley Carper, president, appointed R. A. Shugart, Neil B. Watson, Thad Cox, Bill Sheldon, and William M. Siegenthaler as a committee to work out the details to effect the merger.

It was explained the merger was proposed so plans to build the proposed clubhouse may be carried out.

OFFICE SUPPLIES AT THE ADVOCATE

Registration For Draft To Be At Veterans Building

Frank Smith of Artesia, a member of local board No. 8 under the new Selective Service Act, announced this week registration of young men in North Eddy County will be carried out in the Veterans Memorial Building Aug. 30 through Sept. 18.

He said he is contacting service clubs and women's organizations to assist in the voluntary work over the three-week registration period.

Smith said that boys going to college or otherwise not here on the dates designated for their particular age group may register with the local board wherever they happen to be. But, he stressed, if they wish to be under the jurisdiction of the Eddy County local board, they should so designate at the time of registration and their papers will be sent here. Otherwise there will be no transfer, he said.

He said they need merely specify they wish to be under the jurisdiction of local board No. 8, Carlsbad.

A conference for members of the Eddy, Chaves, and Lea County boards will be held at the Artesia Hotel at 7:30 o'clock next Wednesday evening to work out the details of registration, it was announced by Col. Russell C. Charlton, director of Selective Service in New Mexico.

Fish Eradicated From Manda Lake And Cottonwood

Manda Lake and the deadwater of Cottonwood Creek, both about six miles north of Artesia, were eradicated of fish by the State Department of Game and Fish Wednesday of last week, in the same manner used to kill all fish in Clark's Lake July 23.

The action on all three bodies of water was taken to get rid of the overwhelming percentage of rough fish, so they may be replanted to provide good fishing in the future.

Joe Hendricks, state fish biologist, said about 75 pounds of fish were used in Manda Lake, which is about eight acres in size and a little less than three feet deep.

He estimated the total weight of fish in the lake to be 2360 pounds, 1390 pounds of which was mature carp. A channel catfish weighing two and a half pounds, a bullhead catfish weighing an eighth of a

pound, and 11 sunfish averaging three and a half inches in length were the only game fish in the lake, the biologist said. The remainder of the weight of fish in the lake was made up of minnows, of which carp minnows an inch long were by far the majority.

Hendricks expressed the opinion the game fish in the lake had been depleted by repeated seining.

The deadwaters of the Cottonwood Creek that were treated are nearly a mile in length and average two and three-fourths feet deep. Hendricks said approximately 35 pounds of poison was used.

Of an estimated 2000 pounds of fish present, Hendricks said fully half were gizzard shad. Carp and buffalo made up more than 900 pounds and the remainder of fish were gar, minnows, and game fish.

The game fish, Hendricks said, amounted to three-fourths of a percent of the total weight.

Hendricks said all fish were left in the water to furnish fertilizer.

It had been intended to treat the game fish, he said, but so few were seen that the poisoning operation.

Navy—

The band is under the direction of Lt. Com. Charles Brendler, and Gib Sandifer is the concert manager.

In a communication with the Lions Club, Sandifer said, "I am sure you will be the outstanding performer in the history of your city."

He said that should the Lions Club find it advisable to have three concerts in order to accommodate the contemplated large number of sons from Southeast New Mexico and West Texas who will be heard the band, they can be arranged.

Wayne Paulin, president of the Lions Club, said he will soon announce the names of members of an advance ticket sale committee and the time and places the tickets will be available.

THE HUNTED

IN THE PROBATE COURT OF
EDDY COUNTY, STATE OF
NEW MEXICO.

IN THE MATTER OF THE
ESTATE OF MARY K. HALE, DE-
CEASED.

No. 1446
NOTICE OF HEARING OF FINAL
ACCOUNT AND REPORT

STATE OF NEW MEXICO, TO:
Mrs. Effie King, Olive Gordon,
Ora Lankford, Jerry Hale, the
unknown heirs of Mary K. Hale,
deceased, all unknown persons
claiming any right, title or in-
terest in and to the estate of
said decedent; and To Whom It
May Concern:

Notice is hereby given that Mrs.
Ora Lankford, administratrix of the
estate of Mary K. Hale, deceased,
has filed her Final Account and
Report as such administratrix with
the County Clerk of Eddy County,
New Mexico, together with her
petition praying for the adjudica-
tion of the heirship of said deced-
ent, for the distribution of the
assets of said estate, for her dis-
charge as administratrix, and the
cancellation of her administratrix'
bond therein; and for the discharge
of her bondsmen; and the Probate
Judge of said County has set and
fixed the 10th day of September,
1948, at the hour of 2:00 o'clock

Esterbrook, the universal, in-
expensive students' fountain pen.

No additional rights over and above
those set forth in Licenses Nos.
RA-1469 and RA-1508 and Permits
Nos. RA-1469-S and RA-1508-S are
contemplated under this applica-
tion.

Appropriation of water from all
combined sources to be limited at
all times to a maximum of 3 acre-
feet per acre per annum delivered
upon the land.

Any person, firm, association,
corporation, the State of New Mexi-
co or the United States of Amer-

ica, deeming that the granting of
the above application will be truly
detrimental to their rights in the
waters of said underground source,
may protest in writing the State
Engineer's granting approval of
said application. The protest shall
set forth all protestant's reasons
why the application should not be
approved and shall be accompanied
by supporting affidavits and by
proof that a copy of the protest
has been served upon the applicant.
Said protest and proof of service
must be filed with the State Engi-
neer within ten (10) days after the
date of the last publication of this
notice. Unless protested, the applica-
tion will be taken up for consid-
eration by the State Engineer on
that date, being on or about the
4th day of August, 1948.

ARTESIA AUTO CO.
SALES SERVICE

'T-Men' Coming Sunday, Exposes Counterfeiters

A man who engraves counterfeit money plates is known to his associates as the "professor." A man who gives the money to the "retailer" is a "plant." The "retailer" who passes it is known as a "queer shover" and anybody who takes bad money is a sucker. Counterfeiters regard the man who catches them as "Mr. Whiskers," and his immediate operatives are known as T-Men—short for Treasury Department men and it's the T-Men at work which gives most of the action to the new film, "T-Men," presented by Edward Small and released by Eagle Lion Films, opening Sunday at the Landsun Theater.

In it, Dennis O'Keefe stars as one of the many T-Men who are busy today making money mean what it says.

The new power-packed expose is a composite of three cases from actual Treasury Department files, picturing the activities of a nationwide counterfeiting, bootlegging, and stamp forging ring. The operations of the gang illustrate the many facets of investigation work carried on by the Treasury Department. Elmer T. Irely, former chief co-ordinator of the enforcement agencies of the Treasury Department, delivers a prologue to the picture.

Sixty-four per cent of criminals apprehended on federal offenses are caught by the enforcement agencies of the Treasury Department, comprised of the Intelligence Unit, which tracks down income tax violators; the Customs Service agency; the Border Patrol, which fights smuggling; the Narcotics Unit; the Secret Service; the Alcohol Tax Units, and the Coast Guard.

"T-Men" features Mary Meade, Alfred Ryder, Wally Ford, June Lockhart, current sensation of the Broadway stage, and Charles McGraw. Aubrey Schenck produced and Anthony Mann directed.

Maljamar Items

(Mrs. Kenneth Shields)
The ranchers have been raided by coyotes the last few weeks. Wednesday morning of last week, George Williams, Bob Patterson, Oscar Loyd, Roy Anderson, Woodrow Williams, Herman Fuchs, and Son Taylor, met on the caprock for a coyote drive. With the aid of an airplane flown by Herman Fuchs of Artesia, the coyotes were located by air and then hunted from cars and pickups.

Curtis Hoover of the Hoover Grocery, has added more merchandise to his store. He has added dry goods, baby items, and ladies lingerie. Since he has installed a large refrigerator and meat counter, he is also providing his customers fresh meats and vegetables.

Visiting in the home of Mr. and Mrs. Ott Vowell Tuesday and Wednesday of last week were Mr. Vowell's mother and brother, Mrs. Tom Vowell and Kerney of Colorado City, Texas. They also visited Cecil Holemann and O. W. Taylor.

The young people of the Maljamar Baptist Church were given an ice cream supper by the adults of the church who had lost to the young people in an attendance contest. Before the ice cream was served the group cleaned the new church. The dedication date will be announced later.

Glenda and Travis Kelley, Arthur Melton, Margaret McCanley, Bob Hunter, Corky Carter of Artesia, Inez and Agnes Ward, and J. C. and Junior Leverett spent Tuesday of last week playing croquet at the Buffalo court.

ORDINANCE NO. 115

AN ORDINANCE PROVIDING ELECTRIC TRAFFIC SIGNAL LIGHTS TO REGULATE VEHICLE AND PEDESTRIAN TRAFFIC AT CERTAIN INTERSECTIONS IN THE CITY OF ARTESIA, NEW MEXICO AND PROVIDING A PENALTY FOR VIOLATIONS. BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF

ARTESIA, NEW MEXICO AS FOLLOWS:

SECTION I: That the City Council of the City of Artesia, New Mexico may from time to time cause to be installed electric traffic signal lights at such intersections as it determines are hazardous and in need of such signals to facilitate the swift and safe flow of traffic. Such signal lights shall show a red light, amber and green light. The red light shall be a signal for vehicles to come to a stop at the intersection provided, however, after coming to a complete stop at an intersection showing a red light the vehicle may turn to the right provided the way is clear of

pedestrians and other vehicles. The amber light shall be shown in the intermission of the flash of the red light and the green light, and the green light when shown shall be a signal for vehicles and pedestrians to proceed.

SECTION II: That it shall be unlawful for any person or persons operating any vehicle to cross a section of the street while the red light is showing facing traffic.

SECTION III: That it shall be unlawful for any pedestrian to cross a street while the red light is showing facing the pedestrian.

SECTION IV: After signal lights are installed, by order of the City Council, at any street intersection

in the City of Artesia, and without any further Ordinances on the subject, it shall be unlawful for all drivers of motor vehicles and pedestrians to enter the intersections where such electric signals are installed in disobedience of directions given by said signals, except by a motor vehicle after coming to a full stop at a red light may turn to the right provided the way is clear of vehicle traffic and pedestrians, and except in the event a Police Officer is on duty at such intersection, then the traffic shall be regulated by such officer.

SECTION V: That any person, persons, firm or corporation violating any of the provisions of this

Ordinance shall be fined in a sum not less than One Dollar (\$1.00) nor more than Twenty-Five Dollars (\$25.00).

This Ordinance shall be published once in the Artesia Advocate and shall be in full force and effect five (5) days after its acceptance and publication.

PASSED, ADOPTED AND APPROVED, this 11th day of August, 1948.

YOUR NEWSPAPER helps your COMMUNITY PLANNING

- ★ HOME BUILDING
- ★ COMMUNITY IMPROVEMENT
- ★ ROAD BUILDING
- ★ SCHOOL BUILDING

A great future is ahead for our community! Many new homes, business and residential, will be established. Materials not available previously as consumer goods since the war, will permit vast community improvements of every kind. The span of roads leading to and from this city will be better developed, broad and beautiful. The educational facilities offered our youth will be brought to the highest pitch of progressiveness and efficiency from nursery age to high school age needs. And through all these channels, your newspaper will work, bringing you news, business statistics, and uniting all members of the community in best using their efforts to further postwar progress.

Depend on The Advocate to bring the Artesia community up to date in all things! Keep abreast of what is happening, by reading your newspaper without fail. And remember that the hard-won freedom we are now fighting for is symbolized in the simple act of your free press—and finding in it the unveiled truth about all things, of local and domestic interest.

IN THE DISTRICT COURT OF EDDY COUNTY, STATE OF NEW MEXICO

IN THE MATTER OF THE LAST
WILL AND TESTAMENT AND
ESTATE OF D. E. BUCKLES,
DECEASED
No. 10,242

NOTICE OF HEARING OF FINAL ACCOUNT AND REPORT AND PETITION TO INTERPRET WILL, ADJUDICATE HEIR- SHIP OF SAID DECEDENT, AND TO DISCHARGE EXECU- TOR AND CANCEL EXECU- TOR'S BOND.

STATE OF NEW MEXICO TO:
Chester R. Buckles, nephew, Ma-
homet, Illinois, R. C. Buckles,
brother, Troy, Ohio; and all un-
known heirs of D. E. Buckles,
Deceased, and all unknown claim-
ants, claiming any right, title or
interest in and to said estate;
and all of the unknown heirs of
the unknown heirs of the said
D. E. Buckles, Deceased; and to
whom it may concern:

Notice is hereby given that C.
F. Mann, the duly appointed, qual-
ified, and acting executor of the
Last Will and Testament and Es-
tate of D. E. Buckles, Deceased,
has filed his Final Account and
Report as executor, with the Dis-
trict Clerk of Eddy County, New
Mexico, together with his Petition,
praying for the adjudication of the
heirship of said decedent, for the
interpretation of the Last Will and
Testament of said decedent, for the
order for distribution of the
residue of the assets of said estate,
for his discharge, and for the can-
cellation of his executor's bond
therein, and the discharge of his
bondsmen; and the District Judge
of the District Court of Eddy Coun-
ty, New Mexico, has fixed the 10th
day of September, 1948, at the hour
of 2:00 o'clock P.M., in the office
of the District Judge of Eddy
County, at Carlsbad, Eddy County,
New Mexico, as the time and place
for hearing of objections, if any,
to said Final Account and Report,
the interpretation of said decedent's
Will, and the discharge of said
executor and the cancellation of
his executor's bond, and the dis-
charge of his bondsmen, and the
District Court, at said time and
place, will proceed to examine and
inquire into the Final Account and
Report, and if found to be correct,
will approve same, and will inter-
pret the Last Will and Testament
of said decedent, and adjudicate
the heirship of said decedent, and
order the distribution of the res-
idue of the said estate to the per-
son or persons found by the Court
to be entitled thereto, and discharge
the said executor and cancel his
executor's bond and relieve his

bondsmen of further liability there-
on.
G. U. McCrary, whose post office
address is Artesia, New Mexico, is
attorney for the executor.

IN WITNESS WHEREOF, I
have hereunto set my hand and
affixed the seal of the District
Court of Eddy County, New Mexi-
co.
Margaurite E. Waller
District Court Clerk
(Seal) 31-41-34

IN THE PROBATE COURT OF EDDY COUNTY, STATE OF NEW MEXICO.

IN THE MATTER OF THE LAST
WILL AND TESTAMENT OF
CORA BELLE MUNCY, DE-
CEASED.
No. 1490

NOTICE TO CREDITORS
NOTICE IS HEREBY GIVEN
that the undersigned Lois Laverne
Williams has qualified as executrix

of the Last Will and Testament of
Cora Belle Muncy, deceased.
NOTICE IS FURTHER GIVEN
that all persons having claims
against said decedent are hereby
notified to present the same, as
provided by law, within six (6)
months from the 5th day of Aug-
ust, 1948, the date of the first
publication of this Notice, or the same
will be barred.

Lois Laverne Williams,
Executrix of the Last Will
and Testament of Cora
Belle Muncy, Deceased.

druggist.

Make these 4 comparisons before you buy any car

COMPARE THE VALUE

Yes, compare the features—compare the prices—compare what you get for what you pay—and you, too, will come to the conclusion that Chevrolet is first in value. It alone gives Big-Car feature after Big-Car feature for Big-Car motoring results—and gives them at prices which are lower than those of any other car in the field!

COMPARE THE POPULARITY

You can identify the biggest value in any list of products by picking out the one product which enjoys greatest popularity, year after year; and, of course, in the field of motor cars, that one product is Chevrolet! More people are buying Chevrolets, and more people are driving Chevrolets than any other make of car, this year as for the total 17-year period, 1931 to date!

COMPARE THE FEATURES

Only Chevrolet combines the Unitized Knee-Action Ride for gliding smoothness... the world's champion Valve-in-Head engine for performance and economy... Body by Fisher for tasteful beauty and luxury... and Fisher Unit-steel Construction plus Unitized Knee-Action plus Positive-Action Hydraulic Brakes for all-round safety protection!

COMPARE THE PRICES

You'll agree with millions of other car buyers that prices—like quality—are a major consideration in these times; and just as Chevrolet's Big-Car quality is unique in its price range, so Chevrolet's prices are the lowest in its field. Moreover, Chevrolet also saves you substantial sums on gas, oil and upkeep—just to help your budget all the more!

Only Chevrolet gives BIG-CAR
QUALITY AT LOWEST PRICES... that's why
CHEVROLET— and Only CHEVROLET — IS FIRST!
Guy Chevrolet Company
Artesia, N. Mex.

Folks depend on good electric service. Once you start providing homes, shops, farms, and factories with electric service, you've got to keep up that service, improve it, broaden it, and lower its cost in every way possible, come what may.

That's why we take pride in the fact that for 24 hours a day, for 24 years, we have been bringing more and more dependable low price electric service to more and more folks in the Panhandle Plains, Pecos Valley area at an ever decreasing cost.

H. L. Farris, 52, Dies After Short Illness Sunday

Hurchel Loyd Farris, 52, died at his home southwest of Artesia at 9:10 o'clock Sunday morning after a short illness.

Funeral services were from the First Baptist Church at 2 o'clock Wednesday afternoon by the Rev. S. M. Morgan, pastor. Burial was in Woodbine Cemetery.

Mr. Farris is survived by his widow and three children, Mrs. Evelyn Devine, Don Farris, and Geraldine Farris, all of Artesia. Also surviving him are his father, W. H. Farris, Las Cruces, and three brothers and two sisters, Zeo Farris, Las Cruces; Avery Farris, Santa Rita; Oscar Farris, Roscoe, Calif; Mrs. Gladys Lewis, Las Cruces, and Mrs. Lois Blair, Roscoe, Calif.

Hurchel Loyd Farris was born at Summerville, Mo., July 29, 1896. At Alamogordo he married Ola

Burnett July 6, 1929, and to them were born the three children mentioned as surviving. The family came to Artesia from Clouderoft about six years ago.

Two Boy—

However, the first bale ginned in 1947 was brought in by J. H. House a day later. It was ginned at the association's gin at Atoka and was also bought by Batie at the premium price of 50 cents a pound. The bale weighed 422 pounds.

It will probably be a week to two weeks before all of the gins in North Eddy County are in operation, and perhaps longer before all in the Pecos Valley have started ginning.

Enrollment—

(continued from page one) Tuesday morning, Aug. 31. At 1:30 o'clock each principal will hold his respective building faculty meeting. And at 7 o'clock that evening there will be a watermelon picnic for all school personnel and families.

Dual—

(Continued From Front Page) as great among the teen-age group of drivers as among the age group from 45 to 49, which has the safest driving record.

The AAA reported it now has 1600 cars assigned of various makes which will permit 117,000 students to be trained in safe driving each semester, or approximately 234,000 for the entire school year.

The Chevrolet Motor Division said that before a Chevrolet is allocated for training, a school must provide a properly trained and approved instructor, meet high standards for its training course, agree to use the car a minimum of 10 school periods a week, furnish insurance, and maintain the car.

Disabled—

(continued from page one) better, Mr and Mrs L. A. Whittkopp, and Bill Dunnam, all of Artesia. Mr and Mrs. Wallace Johnson and Virgil Doherty of Hope, Miss Jeanette Thompson and Sgt. Cook of Roswell.

Private Hartley Is Entertained On Furlough At Home

—Leone Studio

Pvt. BUSTER A. HARTLEY

Pvt. A. R. Hartley, son of Mrs. Mary Kennedy, was home on furlough 12 days and left Thursday for Campbell, Ky. He is in Headquarters Company, 19th Engineering Combat Group, at that camp. While home, a party and dance were given in the W. H. Swack hammer home. A large number of his friends were present.

Wesley—

(continued from page one) calls them "one of the funniest acts in the world."

Another star to be seen is "Tiny" Guy Cherry, 640 pounds of singing cowboy. "Tiny" is 72 inches high and 72 inches wide, and fits the title, "Mr. Six by Six." Proclaimed the "World's Biggest Cowboy," he is scheduled for a series of movies upon his return to Hollywood, where he will also appear with "The Great Gildersleeve." As star of the newest entertainment medium, television, "Tiny" just completed a contract with television station KTLA, Hollywood.

The Frontiersmen, who provide the rhythmic music for Wesley Tuttle and the all-star company, have appeared in RKO and Republic Pictures, have a library of more than 15,000 songs, and have musical instruments valued at \$10,000.

Patrons are urged to come early, as this star-studded attraction has the reputation of putting on a dance and floor show "with something doing every minute, and never a dull moment."

NOTICE

Will be out of town Thursday, Friday, and Saturday. Russell and Sue, Floore Floral. 34-1tc

SUNBEAM PRODUCTS

May be found at Maytag Artesia Company, 518 W. Main, phone 987-W 34-1tc

Earl—

(continued from page one) each performance, the finest was at the Saturday matinee, when members of the Eddy County Sheriff's Posse in colorful Western garb and of the Artesia Roping Club, as well as other local riders were in the arena parade.

At the same time the famous Santa Fe Indian Band of Winslow, Ariz., paraded outside the arena fence.

Then, while spectators and performers remained at attention, an Indian trumpeter played "Taps" in honor of the war dead, after which the flag was raised on the Morris Field flagpole to the strains of the "Star Spangled Banner."

Moore, who took top rodeo honors, roped and tied a calf in 11.5 seconds at the Saturday afternoon performance to take first place in the event. In the bulldogging event he downed his steer in 22.9 seconds, bested in the performances only by O. L. Harris of O'Donnell, Texas, whose time for first place was 18.6 seconds.

Results of the events for the four performances, with the time in seconds, or the points earned:

Calf-roping—Earl Moore, Clovis, 11.5; James Kinney, Carlsbad, 13.2; Ed Parnell, Artesia, 13.5; Tommie Parker, Carlsbad, 13.7; Bill Eaton, Malaga, 15; Joe Welch, Carlsbad, 17.6.

Bareback bronc riding—Kenneth Walker, Carlsbad, 229; Jim Coleman, Carlsbad, 287; Billy Stephens, Matador, Texas, 283; Sid Davis, Paducah, Texas, 282; Sidney Brewer, Roswell, and Ernest McGonagill, Lakewood, tied, 264.

Bull riding—Johnny Chapman, Fort Worth, Texas, 147; Sidney Brewer, Roswell, 142; W. N. Rice, Brooksmith, Texas, 139; Speck Tip-ton, Brownfield, Texas, 137; Nolan Fincher, Stephenville, Texas, and Jim Coleman, Carlsbad, tied, 136.

Bulldogging—O. L. Harris, O'Donnell, Texas, 18.6; Earl Moore, Clovis, 22.9; Wayne Stout, Grady, 41.2; Carl Taylor, Pecos, Texas, 47.8.

Saddle bronc riding—Lee Roberts, Roswell, 568; Herb Frissell, Beaumont, Texas, 538; Bob Dennis, Snyder, Texas, 528; Gene Pettigrew, Clovis, 527.

Parade—

(Continued from Front Page) third went to the Benovolent, Patriotic Order of Does, the auxiliary of the Elks, which won \$20.

Honorable mentions by the judges, not necessarily in this order, were the entries of the Junior Woman's Club, Epsilon Sigma Alpha, and the United Veterans Club, which depicted a field of white crosses, as a reminder of the theme of the celebration, "Preparedness for Peace."

Too many beautiful and clever floats were entered to mention them all, but there were 26 entries in all.

Perhaps the most colorful other attraction in the parade was the Santa Fe Indian Band, with two dancers, which appeared not only in the parade, but at the Saturday afternoon and evening performances of the rodeo, and at the Veterans Memorial Building, where it performed while members of the American Legion Auxiliary served lunch.

Dozens of boys and girls showed up for the parade on decorated bicycles, while two sections of mounted riders appeared, making

in all more than two blocks of horses and ponies. Included were members of the Eddy County Sheriff's Posse, the Artesia Roping Club, rodeo performers, including Bill Spivey, rodeo clown, who brought up the rear (he was sitting in the rear of his trick mule, Spook), and numerous other cowboys and cowgirls on horses and ponies.

Flocks of local citizens and visitors went to the Veterans Memorial Building at noon and in the evening to eat with the women of the auxiliary, while hundreds crowded the building in the evening to dance to the music of Bill Walton and his orchestra.

Rodeo performances were also given by the Howard Brown Rodeo Friday evening and Sunday afternoon, as told in another story in this issue.

The Santa Fe Indian Band was brought here through the co-operative underwriting of the First National Bank, Artesia, Alfalfa Growers Association, Guy Chevrolet Company and Chamber of Commerce. During the Indians' stay, one of the Artesia school buses and a pick-up were made available to the members of the band through the courtesy of the Sno-White Laundry.

NOTICE OF PUBLICATION

Pursuant to Section 54-1003, New Mexico Statutes Annotated, Codification of 1941, notice is hereby given of the filing in the State Corporation Commission of New Mexico of a Certificate of Incorporation and Certificate of No Stockholders' Liability of HAZEL FLY-IN INSECTICIDE SERVICE, INC., No Stockholders' Liability.

Indian Tower Ruin Near Cuba Is Cent Of Ancient Torture, Cruelty

The 18th Indian tower ruin uncovered by Dr. Frank C. Hibben, University of New Mexico anthropologist, in Northwest New Mexico near Cuba, shows evidence of torture and cruelty that would do credit to 20th century Japs and Nazis. The tower was built in 1087, as shown by the tree rings. A wholesale massacre occurred about a century later with a pile of 10 victims bearing the brunt of ruthless extermination methods, says Dr. Hibben.

All 10 of the bodies had their feet cut off, apparently with flint axes, and most of them were minus hands, which had been severed just above the wrist proper. Piled as they evidently had fallen into the pit, the bodies showed signs of numerous scars.

There is fairly conclusive proof that the victims were caught outside their homes, the pit houses, unit house, and tower, said Hibben. Then the attackers cut off the victims' feet and marched them inside the pit house, where they were shot with arrows and allowed to fall into their graves, with large stones piled over them.

One of the victims had his arm in his mouth as if in terrible agony and evidence pointed to the fact that the bodies were moving when the stones were thrown over them. The party uncovered many flint points, axes, arrow heads, knives, plenty of corn, pumpkin seed, and beans. Robbery was not the motive,

TRUMAN MEETS A FUTURE VOTER

BY THE TIME the young man shaking hands with President Truman is ready to vote, Mr. Truman probably won't be running for political office. But four-and-a-half-year-old Charles Fish will remember for a long time that he spoke and shook the hand of the President. The Chief Executive was taking a walk in his home town, Independence, Missouri, when he came upon this surprised young man. (International Soundphoto)

As all the loot was left untouched. A close examination of the 10 victims showed that they were relatives because of their polydentism. All showed extra teeth and all 10 were adults. One had a tooth sticking through his eye. By way of local color, Dr. Hibben reports that they saw deer every day and plenty of bear tracks, and that nearly every night a porcupine would wander into camp at Rattlesnake Point.

They drank water which was highly charged with epsom salts, 39 parts in a thousand, about as thick as ice cream. Because of the nature of their water supply the valley in which they camped was called "Rot Gut Gulch."

As with the other 17 towers which Dr. Hibben has excavated, the motive of such a wholesale massacre is still to be found. Some of the towers show that they had been sacked, burned and destroyed at least three times.

"The big question," said Hibben, "is why another tribe of Indians would become so infuriated at the

tower-dwellers that they would systematically destroy them—even return two and three times to do the job."

Poultry Tips

By Dallas Rierson

Eddy County Agent

Give chickens all the feed they will eat, but don't waste it. Almost all poultrymen waste feed, some waste half of it.

Don't fill feed troughs more than half full. Change to larger feeders as soon as chicks can eat from them, usually when they are about 3 weeks old.

Take all roosters out of the flock when hatching eggs are not being saved. Fertilized eggs spoil more readily.

If you're going to make any money from layers this fall, the pullets which you now have will have to lay more eggs.

Overcrowding in the poultry house slows down the growth of chickens and causes many other troubles. Sell the roosters and give the pullets more room.

Too much heat will cause hens to lay soft-shell eggs. Hot weather is hard on all ages of poultry.

Vaccinate pullets for sorehead (fowl pox) before they start laying.

Now is the time to sell old hens that are not laying enough eggs to more than pay their feed bill.

Keep your chickens in the shade and give them plenty of cool water.

BENZENE HEXACHLORIDE CONTROLS HOG MANGE

Benzene hexachloride is more effective than lime sulfur in controlling hog mange, says Ivan Watson, animal husbandman of the New Mexico Extension Service.

Hogs that stand and rub instead of eating may have a touch of mange, he points out.

"Benzene hexachloride should be applied when temperatures are up around 75 degrees, using one pound of 50 per cent powder to four gallons of water," says Watson. "It's important to see that the animal is completely covered with the solution, including the inside of the ears."

Egg Quality Is Dependent On Quality Of Stock

New Mexico poultrymen can improve the quality of the eggs laid by their flocks if they select their breeding hens correctly, reports L. N. Berry, Experiment Station poultry husbandman. He has recently written the results of his experiments on egg quality in a new bulletin, "Breeding for Interior Egg Quality."

His experiments showed that individual hens produce eggs of about the same quality all year long, and that pullets inherit the ability to produce eggs with firm egg whites. From one group of hens, selected to produce watery whites, 82 per cent of the pullets produced watery whites.

Because the characteristic of watery whites is transferred uniformly from dam to pullet, Berry recommends that poultrymen test the eggs produced by their breeding flock and cull out the hens that produce eggs grading "B" or lower. He suggests that poultrymen will find the photographic standard method of testing eggs more satisfactory than candling. It is more accurate and poultrymen need no equipment except the photographic chart.

The new bulletin presents the photographic standard used in the experiments, and the details of the work. New Mexico poultrymen can obtain a copy of the bulletin by requesting it from the Bulletin Room, Extension Service, State College.

Slight Danger Noted In DDT Dusted Corn Tests of Silage Show Minute Trace in Milk

Farmers are being told to use DDT dust or spray for control of European corn borer. This raises a question. Can corn dusted or sprayed with DDT be used for silage for beef or dairy cattle without danger to the animals, or to people who use the milk?

Tests in Wisconsin showed there was a trace of DDT in the milk of dairy cows fed silage made from canning factory pea vines which had

been dusted with DDT. The amount of DDT was so minute, however, that it was not considered dangerous.

On corn, an application of 30 pounds of dust (containing 5 per cent DDT) per acre might amount to two ounces of DDT per ton of silage; that is, if all the dust stayed on the corn, which is extremely unlikely. Even that much would result in only about a gram of DDT daily in the ration of a cow or steer.

Poultryman Has Good Way To Reduce Feed Costs, Rierison Says

While there is still a chance that feed prices may go down because of good crop prospects, the poultryman still has another good way to cut feed costs. And that, according to County Agent Dallas Rierison is to keep weeding the loafers out of the laying flock.

"Birds that go out of production early in the season usually won't be record breakers, anyway, and so their best use is for meat," Rierison explains. "The experienced poultryman spots the low producers by their loss of feathers, their yellow shanks and beaks, and their shrunken combs."

It's a pretty good idea to start looking for such loafers whenever production sags below the 50 per cent level, the county agent says. When feed prices are high, Rierison adds, money saved by culling is one of the best and easiest steps toward profitable production.

Food Hints

By Wyona Sweptson

Home Demonstration Agent

Serve all salads very cold and garnish them with crisp, fresh lettuce or shredded cabbage, tomato wedges, slices or quarters of hard-cooked eggs.

When putting foods in the refrigerator, take care not to crowd them so closely together that the circulation of cold air around them is cut off. Let cooked food cool to room temperature before putting it in the refrigerator, in order not to heat up the atmosphere. However, as soon as the food has cooled, get it into the refrigerator promptly.

When you buy low grade peaches to can you may be practicing fraud

Twice-Day Record

With a record-smashing total of 1,118.8 pounds of butterfat, Crestview Toltilla Susan, purebred Holstein dairy cow owned by Lakefield Farms, Clarkson, Mich., has established a new all-time U. S. butterfat figure for cows being milked twice daily. "Susan" produced close to 1,400 pounds of table butter during the year.

Herds and Flocks

Fall pigs have advantages over spring litters because they are farrowed under more favorable conditions. Sows and gilts have been on summer pasture soaking up sunshine during pregnancy. Iowa State college swine specialists say fall pigs usually come stronger and more pigs are saved.

Turkey raisers are being advised now not to put baking soda or salt in drinking water for poult, because use of these in excessive amounts causes a condition known as "water belly."

Burn the carcass of every animal that dies of anthrax. Don't open the carcass. Soak it with kerosene, cover it with a load of manure over them and set fire to the pile. If possible, burn anthrax carcasses right where the animal dies.

Castrate pigs any time after they are a week old. After castration, keep them on clean grass pasture where there are no mudholes, to reduce danger of lockjaw infection.

Caution Urged In Feeding Salt to Poultry Flock

Extra salt will control cannibalism for a short time after it is added to the ration of chickens, according to Pennsylvania State college. Usual amount is two teaspoons per gallon of drinking water. Salt should be fed only long enough to stop cannibalizing, except the small amount contained in the mash. Feeding large quantities actually may prove harmful.

economy. After you cut away and discard the defective parts of cull peaches, the cost per quart may run higher than that of good peaches. Also, it takes extra time and trouble to prepared low quality peaches for use.

If you wish to carry a meringue pie to the fair, take this precaution: Place five or six toothpicks in and around the center of the pie before covering it with waxed paper. They will keep the paper away from the meringue.

To prevent solid ingredients—fruits, vegetables, or meat—from rising to the top or sinking to the bottom of the mold when making a gelatin salad, wait to add them until the mixture cools slightly and becomes about as thick as the raw white of an egg.

Game License Purchases Up For Fiscal Year

There were 118,384 hunting and fishing licenses and miscellaneous permits issued by the State Game Department during the fiscal year ended June 30, for an increase of 5602 over the previous year, according to figures released by Elliott S. Barker, state game warden. The figures also show an increase \$30,374

in revenue from licenses, the total for the fiscal year being \$456,327, as against \$425,953 the previous year.

The warden said that fishing licenses and the fishing proportion of combination licenses made up 42.2 per cent of the revenue, bird licenses 12.8 per cent and big game 45 per cent.

Resident fishing licenses showed the greatest gain, the number being 4739 over the previous year, while non-resident fishing licenses decreased by 2345. On the other hand the 20-day non-resident permits costing \$2, good only at Elephant

Butte, Caballo, and Conchas increased from 4008 to 7404, a gain of 3396.

There was a loss of 2484 resident big game hunters for per cent decrease, while 2781. Warden Barker commended big game hunters increased that the loss in non-resident hunters was probably because of a change in the hunting license law. Licenses were more than made up in number by the increase in the resident 20-day permits.

Tenants Operate Only Fourth Of Farms In Nation

Tenants operated a little more than a fourth of the nation's farms in 1947 according to a recent Bureau of Agriculture Economics survey. The figure of 26.9 per cent, representing tenant-operated farms, compares with the 31.7 per cent tenancy shown by the 1945 census of agriculture. Each year since the peak of 42.4 per cent in 1930, the

THE OLD HOME TOWN By STANLEY

the proportion of tenancy has declined. The figures are based on interviews with 15,000 farmers. The survey also indicated that somewhat less farm land was operated under lease, 21.6 per cent in 1947 compared with the 1945 figure of 22 per cent. At the same time, the proportion of land operated by part owners increased from 32 to 36 per cent, and that operated by full owners and managers declined from 45 to 42 per cent.

Flared Skirts Require Special Care In Making

It takes special care to make one of the new flared skirts, if it's to hang well without sags and puckers. But Rhea Boyle, clothing specialist of the New Mexico Extension Service, thinks that the homemaker will do a "professional" job if she follows these hints: Because the seams of the flared skirt are almost on the bias, the edges stretch out of shape very easily. Take precaution throughout the process of making to avoid stretching. Work from the bottom up to save

pull on the fabric. This is the usual method, but it's especially important when the skirt is flared. The pattern may be held in place with weights as well as pins. Cut from the bottom up, using long strokes of sharp shears. Handle the fabric as little as possible in cutting. When pinning the cut pieces of the skirt together, fasten bottom and top first. Next, match the notches exactly and pin together. Then ease the pieces together for the rest of the seam line. For smoother stitching, the pins should be placed perpendicular to the cut edge rather than parallel. Sew from the bottom up, using the exact seam allowance given in the pattern directions. Too much finishing of seams may

From where I sit... by Joe Marsh

Ed's Barn Gets "Unpainted"

A couple of traveling painters drove up to Ed Cary's farm, and offered to paint his barn real cheap. Next thing Ed knew he had a bright red barn—looked fine!

Only thing was—after the first rain, the paint washed off! And by that time the traveling painters were not to be found—most likely in another county.

From where I sit, Ed made a mighty obvious mistake. As Dee Wilson says, you wouldn't buy an unknown kind of beer from a stranger who offered it to you cheap. You'd get it from a licensed dealer, or at a licensed tavern, just as you'd get a decent paint job from a licensed painter.

Because you know that that license is a public obligation. And when it comes to beer, it's backed up by the Brewers' Program of Self Regulation—which endeavors to see that taverns selling beer are decent law-abiding places, committed to the public interest.

Joe Marsh

Anthropologists Have Field Day Near Duke City

With more than 1000 ruins of Indian villages within a 100-mile radius of the city, Albuquerque will probably never cease to be the paradise of anthropologists, says Dr. Paul Reiter, director of the Uni-

versity of New Mexico, anthropological field sessions. The same could be said about most any city in New Mexico, added Dr. Reiter. At least five well-known ruins are within the city limits, discovered by digging irrigation ditches. Two ruins are being plowed over daily with hoes and plow points turning up valuable pieces of pottery. Still another is being torn up to make adobe bricks right in the middle of Albuquerque.

On the road through Tijeras Canyon, about 40 ruins can be pointed out without leaving the car, one of which contains 90 rooms of a pueblo with only 23 rooms excavated. Most of the ruins remain untouched.

This summer two groups of beginning anthropology classes under Professors Stanley Stubbs of Santa Fe and Fred Wendorf of the University of Arizona have uncovered two digs 22 miles east of Albuquerque in Tijeras Arroyo. One dig, dating from the year 1000 showed semi-subterranean houses and a special construction of pit houses which differed greatly from the pit houses dug a couple of centuries later. Little is known about Indian pueblos from 1000 to 1250. Many ruins have been excavated and studied in the period from 1250 to 1500. Again very little is known of the century from 1600 to 1700.

In the other dig, which was three miles distant and still in Tijeras Canyon, a special type of pottery was uncovered which marked the beginning of the Rio Grande glaze paint pottery. On this pottery, the ornaments showed a glazed, finished, and polished surface. This indicated that there was a possible movement of new Indian tribes into the area in the 25-year interval preceding the year 1300. For food, the Indians had lots

of beans and pumpkin and a small amount of turkey and deer—which proved them to be farmers rather than hunters. One of the rare finds in the second dig was an Indian woman who died in child birth with the child only partly born. Upon her death she was piled into the refuse room and debris and dirt were thrown over her just as she lay. She was wrapped in a twilled matting, which though decayed, could still be seen. Burials of this type are rare indeed—approximately five in 10,000.

SUMMONS AND NOTICE OF SUIT PENDING

STATE OF NEW MEXICO TO: THE UNKNOWN HEIRS OF STEPHEN W. GILBERT (ALSO KNOWN AS S. W. GILBERT), DECEASED, IMPEALED WITH THE FOLLOWING NAMED DEFENDANTS AGAINST WHOM SUBSTITUTED SERVICE IS HEREBY SOUGHT TO BE OBTAINED, TO-WIT: THE UNKNOWN HEIRS OF STEPHEN W. GILBERT (ALSO KNOWN AS S. W. GILBERT), DECEASED, AND ALL UNKNOWN CLAIMANTS OF INTEREST IN THE PREMISES ADVERSE TO THE PLAINTIFF.

GREETING: You, and each of you, are hereby notified that there has been filed in the District Court of Eddy County, State of New Mexico, a certain cause of action wherein C. C. Smith is the plaintiff and you, and each of you are the defendants, the same being Cause No. 10683 on the Civil Docket. The general objects of said action are to quiet and set at rest plaintiff's title, in fee simple, to the following described property, situated in Eddy County, New Mexico, to-wit: The South 75 feet of Lots 5 and 7 in Block 23 of the original Town (now City) of Artesia, Eddy County, New Mexico, as the same appears on the official, recorded Plat thereof, on file in the office of the County Clerk of Eddy County.

You and each of you are further notified that unless you enter your appearance or plead herein on or before the 30th day of September, 1948, the plaintiff will make application to the Court for a judgment by default and judgment by default will be rendered against you, and each of you, as prayed for in said Complaint.

The name of plaintiff's attorney is John E. Cochran, Jr., whose Post Office address is Box 128, Artesia, New Mexico.

WITNESS my hand and seal of Two-drawer, legal and letter size filing cabinets. — Advocates Office Supply.

The District Court of Eddy County on this 12th day of August, 1948. Marguerite E. Waller, District Court Clerk Carlsbad, New Mexico (Seal) 34-41-37

NOTICE OF PENDENCY OF SUIT

THE STATE OF NEW MEXICO TO: Orphie Boatwright (sometimes known as Oppie Boatwright), impleaded with the following named defendants against whom substituted service is hereby sought to be obtained, to-wit: Columbus E. Weatherly, as Guardian of Orphie Boatwright, an incompetent person; the following named defendants by name if living, if deceased their unknown heirs, to-wit: W. N. Green, Mattie A. Green, Joe Boatwright, C. E. Brockett, R. L. Brewer, Robert R. Barrett and J. P. Lancaster; Unknown heirs of the following named deceased persons, to-wit: Warren T. Boatwright, deceased, S. N. White, deceased, and Sally White, deceased; and All Unknown Claimants of Interest in the Premises Adverse to the plaintiff, GREETING:

You, and each of you, are hereby notified that an action has been commenced and is now pending in the District Court of Eddy County, New Mexico, wherein Alvin Kincaid is plaintiff and you, and each of you, are defendants, said cause being No. 10643 on the Civil Docket of said Court.

The general object of the action is to quiet title in the plaintiff against all claims of the defendants, and each of them, in and to the following described land and real estate, situate, lying and being in the County of Eddy, State of New Mexico, to-wit: TRACT NO. I: S $\frac{1}{2}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$, NE $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$ and S $\frac{1}{2}$ SW $\frac{1}{4}$ of Section 23, Township 17 South, Range 23 East, N.M.P.M., containing 320 acres, more or less; EXCEPTING an undivided one-half interest in and to all oil, gas and other minerals in and under said lands. NE $\frac{1}{4}$ NW $\frac{1}{4}$, N $\frac{1}{2}$ NE $\frac{1}{4}$ and NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 23; and N $\frac{1}{2}$ NW $\frac{1}{4}$ and S $\frac{1}{2}$ SW $\frac{1}{4}$ of Section 24, Township 17 South, Range 23 East, N.M.P.M., containing 320 acres; EXCEPTING all of the coal and other minerals in and

under said lands as heretofore reserved to the United States. TRACT NO. II: S $\frac{1}{2}$ NW $\frac{1}{4}$ and N $\frac{1}{2}$ SW $\frac{1}{4}$ of Section 13, Township 17 South, Range 23 East, N.M.P.M.; EXCEPTING all of the oil, gas and other minerals in and under said lands.

TRACT NO. III: S $\frac{1}{2}$ SE $\frac{1}{4}$ of Section 1, Township 17 South, Range 23 East, N.M.P.M.

And to bar and forever stop you, and each of you said defendants, from having or claiming any lien upon or right, title or interest in or to the above described premises, or any part or portion thereof, adverse to the plaintiff; and to forever quiet and set at rest the plaintiff's title to a fee simple estate therein.

If you, or any of you said defendants, fail to enter your appearance in said cause on or before the 10th day of September, 1948, judgment by default will be rendered in said cause against each of you so failing to enter your appearance, and plaintiff will apply to the Court for the relief demanded in the Complaint.

Plaintiff's attorney is Neil B. Watson, and his office and post office address is Artesia, New Mexico.

WITNESS MY HAND and the seal of said Court on this the 23rd day of July, 1948. Marguerite E. Waller Clerk of the District Court (Seal) 31-41-34
