

Famous U. S. Navy Band Coming Saturday

Official United States Navy Band, Washington, D. C., "The Finest," will appear in two performances Saturday in Artesia. The band is expected to be the greatest ever brought here.

The concert will be at 2:30 p. m. in the school auditorium. The program will include a variety of music, including the "Stars and Stripes" march, which will be played by the band.

The band will be at 2:30 p. m. in the school auditorium. The program will include a variety of music, including the "Stars and Stripes" march, which will be played by the band.

Street Markers At Last! Chamber Will Make Purchase

G. T. Gaskins, president of the Chamber of Commerce, announced that at a board of directors meeting Monday night it was voted to buy street markers for the city.

The directors and Mayor Oren C. Roberts, together with City Manager John O. Josey, Jr., had agreed on a cast aluminum type street marker manufactured by a company at Sherman, Texas. The Chamber of Commerce has ordered enough of these markers to put two markers at each street intersection from First Street to 13th Street and from Chisum Avenue south to Hermosa Drive.

These markers will fit into a two-inch pipe and will be encased in a foot and a half of cement so they will be durable, as well as attractive. The city will install these and maintain them from now on.

President Gaskins expressed his personal appreciation and that of the directors on the fine co-operation that is being manifested these days for making Artesia a more attractive city.

Federated Women Meet Here Today and Friday

Dozens of women of the third district of the New Mexico Federation of Women's Clubs were registered this morning at the Artesia Woman's Club building for the 27th annual convention here today and Friday, the formal opening of which will be at 1:30 o'clock this afternoon.

One of the highlights of the two-day convention will be an address at a banquet at 7 o'clock this evening at the Veterans Memorial Building by Dr. Sherman Smith, professor of chemistry at the University of New Mexico, noted scientist, and a nationally-known speaker. He will speak on "Science—Threat or Promise?"

Mrs. E. J. Foster, who is just completing two of her three years as third district president, will preside at the various sessions, which are packed with numerous addresses and talks carrying out the convention theme, "The Yards of America's Progress."

MRS. E. J. FOSTER
Elida, Roswell, Dexter, Hagerman, Carlsbad, Hobbs, and Jal. Mrs. Herbert C. Bidwell, president of the Artesia Senior Women's Club, and Mrs. Clyde Guy, president of the Artesia Junior

Woman's Club, are official hostesses.

Serving with Mrs. Foster in the activities and sessions will be Mrs. Fred Cole, third district corresponding secretary.

In an invitation to officers, delegates, and members of the district and the various clubs, Mrs. Foster said, "We are trying to step one step ahead of our past programs on 'The World Tomorrow' and give of our best and live today. If we do not make each today count, there will be no tomorrow, and if we strive to do our best, as God wills, tomorrow will take care of itself."

Registration for the convention started at 9 o'clock this morning, and an executive board meeting was scheduled for 10 o'clock. There were to be conferences of club chairmen and the resolutions committee at 11 o'clock.

After the formal opening at 1:30 o'clock this afternoon by Mrs. Foster, there are to be greetings and reports of district officers. Distinguished guests, state officers, and the state chairman are to be presented, and the district president.

HELPING TO BUILD A GREATER ARTESIA

ARTESIA, NEW MEXICO, THURSDAY, OCTOBER 7, 1948

NUMBER 41

Morris Field Problem May Be Solved

Problem of several years' athletic facilities for Artesia schools and the city is believed to have been solved in a recommendation presented to the City Council by the Board of Education which authorized some weeks ago the purchase of a 58-acre tract on South 13th Street about three-quarters of a mile south of Morris Field and on the south side of the old highway.

Final approval of the plan or any other plan must be made by the City Council and Board of Education.

As the outgrowth of a conference between the school and civic bodies some weeks ago, it was decided to appoint a committee without power to act, but with the task of looking into a solution of the park situation, and to make recommendations.

The Board of Education appointed W. W. Batie and W. Leslie Martin, while the City Council appointed Harold (Dude) Dunn and William M. Siegenthaler. The four in turn appointed Stanley Carper as the fifth member.

The committee was charged to look into three aspects: To determine what is a fair price for the city's Morris Field, taking into consideration the park's past history, what the city has put into it, and its present worth; to determine what the School Board can pay; to locate a suitable site for a new city field that will have adequate acreage to have a well-rounded park, to be developed over a period of years, for such activities as softball, rodeos, picnics, and the like.

The five men also considered the possibility of community fairs sometime in the future and other activities for the trade territory.

They said the site on South 13th was chosen after considering a number of other locations. The 58-acre tract, they said, has water, is handy to the city, and seems to answer the requirements better than any others studied.

In considering a price for Morris Field, which will be divulged to the school and city authorities for approval, the committee members said, they took into consideration what is feasible and equitable.

They and citizens attending the meeting Monday evening pointed out the main thing is to settle the problem which has been the subject of much discussion in the community a number of years.

Morris Field, which was completed in 1938, is city property, the years it has been used by the committee members said. And over schools as an athletic field, although title remained in the city. On the other hand it has been used some summers for softball, which football fans and school authorities claimed damaged it as use for a gridiron.

Likewise, there have been a number of times when a field for other attractions has been needed, whereas Morris Field has been inadequate, or the attractions were not deemed by some to be desirable at that location.

The problem has been the subject of many arguments among citizens, who are represented by both the City Council and the Board of Education. In other words, it has been pointed out, any argument either for the general (continued last page this section)

Cakewalk Saturday Grosses About \$450 For Bands Saturday For Local Bands

The third annual cakewalk Saturday for the benefit of the Artesia High School bands grossed about \$450, according to Mrs. J. H. Brown president of the Band-Aides, the sponsoring organization.

She said it is hoped to clear about \$400, which will be used for band activities.

Mrs. Brown expressed the thanks of the Band-Aides for all who helped make the cakewalk a success, naming especially Ross Baking Company and Mead's, each of which furnished a large grand prize cake; Roselawn Radio Service for the free use of a public address system; C. C. Connor for the lighting; Artesia Pharmacy for displaying the cakes and furnishing lights and headquarters, the city for use of the street at Fourth and Main, and to all who baked cakes.

Traffic Lights At Roselawn And Fourth On Main Being Installed

The new stop-and-go lights on Main Street at the intersections of Roselawn Avenue and Fourth Street were attached to the new whiteway standards early this week, and it is expected they will be in operation by the end of the week.

The lights at the two intersections, which will operate off of a control behind the Artesia Pharmacy, will be wired so as to be staggered in operation, but will not be timed with the light in the center of First and Main Streets, which has been in operation about a month. That light has its own control adjacent to the Guy Chevrolet Company building.

All three lights will change at 30-second intervals and will operate from early morning to midnight, when they will go on caution.

However, in case of a fire alarm, a switch at the fire station will be thrown, which will turn all lights on red for a period of three to five minutes, requiring the traffic to stop until they are again returned to the regular stop-and-go intervals, or signaled to proceed by a police officer.

The City Council a few weeks ago passed an ordinance regulating traffic in regard to the new stop lights. The ordinance provides either a left or a right turn on the green, but in the case of a left turn the oncoming traffic has the right of way.

If a light is on red, a motorist may turn right, provided he comes to a stop first and then determines there is no cross traffic, either in the vehicle or pedestrian lanes, to interfere.

The regulations apply to pedestrians as well as to cars, and persons on foot are required to wait if the red is against them.

Whereas the original light at First and Main Streets is a single piece of equipment, suspended over the center of the intersection, there are four two-way lights at the Fourth Street intersection and three at the Roselawn intersection, all on whiteway poles. As there is no curbing on the Artesia Auto Company corner, there is no electric standard, and consequently no stop-and-go light.

However, on each of the seven standards there are lights aiming in two directions at right angles, so, with the exception of that standard, motorists will have two lights to direct them, both across (continued on last page)

Antelope, Duck Seasons Open Today Noon

Antelope and duck seasons opened today at noon in the Southeast area, which is the first half of the waterfowl season.

The season is licensed hunt until sundown next week, which is to hunt doves, which are not nearly as plentiful as the season.

The dove season opened for a number of days and hunters were able to bag a limit time to the flight has gone South, while those in the grain fields on the river, where some are taken.

As many antelope have been issued in years, hunters recall that years there was no antelope pronghorn, which numbers because of antelope permits were issued in the Southeast area, the which is noon Friday today, with closed hours on last page)

Officers of CAP To Attend Meet In Washington

Three officers of the Artesia squadron of the Civil Air Patrol were named at the weekly meeting Monday evening to represent the squadron at a national convention in Washington, D. C., Oct. 20-22.

The officers, Capt. Hugh Barron, commanding officer, and Lt. Ted Heidel and Lt. Herman Fuchs, will be flown from Albuquerque to Washington by Army transport.

It was brought out at the meeting Monday the purpose of the convention is to help co-ordinate the CAP units of the eight states in Region VI, New Mexico, Texas, Colorado, Kansas, Missouri, Oklahoma, Louisiana, and Arkansas, with the Air Force, and to obtain additional surplus equipment to be distributed among the various squadrons.

At this time the Artesia squadron has received a Link trainer and a radio station, both of which are still being assembled, and has been promised immediate delivery on an L-4 liaison plane.

It was announced Mayor Oren C. Roberts has assured the CAP squadron the city will give 100 per cent co-operation in the activities of the organization and will render whatever aid is possible.

The squadron now has about 50 members, including cadets, but is seeking a larger enrollment. Anyone wishing to join or receive information may contact Second Lt. John Lemley at the police station.

Pickers Are Here Making Business Good

Artesia food stores enjoyed the greatest day in history Saturday, according to managers and owners of several. And stores handling other types of merchandise enjoyed a lush day.

But the food stores had the greatest business, thanks to the record cotton crop and a great influx of cotton pickers.

Farmers said that whereas two weeks ago they were worried about the cotton pickers, now they are glad to see them. The fact is the cotton is picking so fast that the earliest in the season is good in Artesia.

Although the cotton situation here is good, as it has become in other parts of the state, Rio Grande Valley farmers said there are enough pickers here to get the cotton picked faster than it can be harvested.

In the meantime, business is good in Artesia.

Conaco Facilities Will Hold Open House Thursday

The local refinery and marketing facilities of Continental Oil Company will be "on review" next Thursday, when the company holds open house for residents of the Artesia area in observance of "Oil Progress Day," it was announced today by E. E. Gillespie, superintendent.

The spokesman for Continental has issued a blanket invitation to visit the company's refinery and marketing properties in the Artesia area.

"Oil Progress Day" is to be observed (continued on last page)

Hearing On Air Stop Here To Be Tuesday

A hearing will be held in Albuquerque at 10 o'clock Tuesday morning by Walter W. Bryan, trial examiner for the Civil Aeronautics Board on applications of the city of Artesia and Pioneer Airlines, Inc., for service to Artesia, according to Luther E. Sharpe, secretary-manager of the Chamber of Commerce.

All factual data and briefs have been prepared by the local chamber, he said, and forwarded to the proper authorities.

Artesia will be represented at the formal hearing by Mayor Oren C. Roberts, J. D. Smith, and the manager of the Chamber of Commerce.

It is hoped, Manager Sharpe said, that when the factual data has been fully presented and the need for airline service to Artesia thoroughly aired, the trial examiner will be able to report favorably to the Civil Aeronautics Board in Washington. It generally takes, he said, about three weeks for the trial examiner to screen all data and make his report.

In the brief of the Pioneer Airlines to the Civil Aeronautics Board, the company said that within 30 days after a favorable report (Continued on Society Pages)

Rotary Governor Stresses Chance To Aid In Peace

Dr. Floyd D. Golden of Portales, governor of District 115, Rotary International, on his official visit to the Artesia Rotary Club Tuesday noon, declared the international organization has a greater opportunity to promote world peace than does the United Nations.

He pointed out that Rotary operates in 80 countries, with 6500 clubs and 350,000 members, all of (Continued on Society Pages)

School Janitor's Home At Atoka, Contents Destroyed By Fire

The home of W. F. Martin, janitor of Atoka School, and all of the household goods, adjacent to the school, were destroyed by fire about 10 o'clock Wednesday morning, which was presumed to have started from a hot-water heater.

The No. 2 Artesia Fire Department truck responded to an alarm, but firemen were unable to reach the scene six miles southeast of Artesia in time to be of any assistance, other than to stand by, in case the wind should shift and the fire would endanger the school cafeteria to the northeast and, in turn, the school.

Martin aid the loss of the house, which he built within the last year, and his household goods, is partially covered by insurance.

W. W. Ports Is Named President Of Kiwanis Club

W. W. Ports was elected president of the Artesia Kiwanis Club for 1949 at the weekly meeting last Thursday. He will succeed Doyle Hankins.

Elected to serve with him were: Vice president, O. J. Carson, Sr.; directors, Marshall Rowley, R. F. McQuay, J. B. Muleok, Rufus Stinnett, Carl Cunningham, Lytner E. Sharpe, and Vernon Bryant.

They will be installed at the last meeting in December by the lieutenant governor of this division.

President Hankins announced the "Orange" team headed by W. W. Ports won a membership and attendance contest, which just closed, defeating Marshall Rowley's "Blue" team, which prompted the exchange of various contest "tokens" that were introduced earlier in the contest.

The losers are to hold a Halloween party for the winning "Orange" team.

The president likewise reminded the club members of the district convention being held today through Saturday at Douglas, Ariz., and urged a large attendance from Artesia, in order to support the candidacy of Paul Dillard of the Artesia club for vice governor of Division No. 3.

New members inducted into the (continued last page this section)

Artesia Bulldogs, Eunice Cardinals Battle To Scoreless Tie Friday

Playing one of the most exciting games ever witnessed on Morris Field, the Artesia Bulldogs met the Eunice Cardinals Friday in their second home game of the season. After the savage battle ceased, the crowds left, and the heavy veil of dust settled, the stadium surrounding the chalked arena echoed a 0-0 deadlock produced by the evenly matched teams. This score duplicated a similar match which took place in 1946 when Artesia and Eunice adjourned from the same field leaving the identical 0-0 tie.

It was nip and tuck throughout the entire bout as neither side gave ground past their sacred flagged line, although in the third period the Cardinals gave the Bulldogs a hair-raising scare when Halfback Jim Scoggins took the centered ball, dropped back a few steps, then fumbled, but made a quick recovery and zig-zagged 30 yards for a well-earned tally. Lady Luck stepped in on the side of the puzzled Bulldogs as a penalty for holding was sentenced the Cardinals and they were deprived of the touchdown and penalized 15 yards.

End Lewis Richardson and Halfback Walter Burch sticking tight to passes hurled by Ronald Dublin and the human battering-rams, Junie Russell and Allen White, kept the Orange and Black in the spotlight the greater part of the evening as they rolled (continued on last page)

Shipment Of 50,000 Pounds Grain Believed Largest Received Here

What is believed to be the largest single-load truck shipment of grain to Artesia was delivered last week by Lewis Means from the San Luis Valley near Alamosa, Colo., to F. L. Wilson Feed & Farm Supply Store.

The truckload of 50,000 pounds of oat and barley likewise is believed to be the heaviest single shipment from the San Luis Valley.

Wilson recalled that years ago when he started in business a freight carload of 35,000 pounds was considered extremely heavy, and that usually about 30,000 pounds was the limit.

Student Council Members Are Attending Meeting

Student Council members from Artesia High School will attend the first district meeting of the group at Carlsbad at 10 o'clock Thursday morning, at the high school. Registration will be held at the time.

The Carlsbad group has Bob Foutz, president of the district Student Council, will be in charge of the day's activities, which will include a discussion of the school year.

Jack Rains of Artesia will be the speaker regarding the Student Council (Continued on Society Pages)

From Where We Sit—Behind

NOT INFREQUENTLY do we receive "letters to the editor" for public consumption. Perhaps all of our efforts in this column should be termed as "letters from the editor," even though they are intended for all to read. But this time this is definitely addressed to certain people, whose identity we do not know, but who are entitled to a word or two.

First we address the woman driver, who while driving east late the other afternoon on West Main Street, desired to turn left in the middle of a block into a driveway.

We know we shouldn't have overtaken her, but the fact is that we did not see her signal until we were along side of her car. Her arm was out the window, it is true, but so closely did it hug the door we could not see it until then. Further, an arm straight down, or nearly so, as it should be, is a signal to stop, or a warning not to pass, not a left turn sign.

However, we did pass, for, as we said, we did not see the arm until we were even with the driver, who turned in a driveway to the left as soon as we had overtaken her.

Next time, we would suggest, she should not be in the right lane right up to the moment of wishing to turn, but should be in the left lane, adjacent to the imaginary center line, then signal slow down—not hugging the door so closely that a driver behind cannot see the arm until actually passing—and at least 100 yards before actually making the turn extend the arm to the left, straight out, so the fellow behind will know what is intended.

Then we would address the man, who likewise intended to make a left turn, but at an intersection. We were behind him the other day on North First Street, when he gave a signal indicating that he would turn left, but he swerved off of the pavement on to the shoulder before making the left turn. Either he should go ahead and make the left turn as indicated, or, if he simply must pull off to the shoulder, he should stop there and take a good look for clearance and then dart across like a scared rabbit.

But the fellow who is even more confusing, and to whom we direct the next few dozen words, is the one who wishes to turn right and so signals, but who cuts across the street or highway to the left, sometimes over the center line, and then makes his right turn.

We saw one of that breed the other day on the south highway. His signal, by the way, was a point to his left, instead of overhead, which told us, in our trusting mind, that he was going to cut across the highway to the east. So naturally we eased off to the right, in order to overtake him on his right side. And about that time he did the prettiest 110-degree turn to the west you ever saw.

For that fellow's benefit we'll say that our brakes, as usual, are in good shape. In his innocence he doesn't know how close his fender came to being rumpled—and ours too.

Let's have an adult traffic school.—A.L.B.

Community Spirit

WE NEVER REALLY APPRECIATE our community's spirit and pride until we compare it with other communities.

That, of course, is usually true about many things. We are not appreciative of the service we receive or of the activities of our community until perhaps we have lost that service or until we compare it with the service found elsewhere.

We always found that those in Artesia did a pretty good job of battling and fighting on community undertakings and community projects. Individuals are not afraid to express their views and their opinions. They were not afraid to argue and even fight a little, if that became necessary.

If they believed in what they are attempting to do they will work and battle to accomplish it.

But eventually if there is danger of a deadlock or a chance that nothing will be done then compromising becomes the order of the day. And after the arguments are over and the wrangling is done these same individuals will work hand in hand and together with those they have been battling to get the job done.

In other words community spirit and community pride counts the most and wins out in the end. We will forget everything else but getting the job done.

Few communities can boast such a fine spirit. Few communities have individuals, who will argue and fight for a definite cause, compromise

done, which means the most for the community. Artesia has always done that and still does it. Artesia works together for the common good and for the development of the community. As a community we may differ on many things but when the time comes and we get ready to get the job done we believe there is more unselfishness, more unity of purpose, and a greater willingness to put Artesia and the things Artesia needs first than in any community in which we ever lived.

And just as long as that fine spirit and community pride continue to prevail Artesia will continue to get things done and accomplish things while other communities are only trying.—O.E.P.

Makes You Feel Good
WE WERE HAPPY Saturday to see so many people wearing forget-me-nots when the Disabled American Veterans and their womenfolk were selling them.

And we always like to see coins dropped into the tin cup of a blind man who is making an honest effort to make a living by sawing on a fiddle, playing a harmonica, or squeezing an accordion. Perhaps the music he makes is not so hot, but at least he is giving the world something in exchange for the coins he receives in return. He may be making more than the best paid skilled worker, but still he is working for what he gets.

The funds from the sale of forget-me-nots go for the assistance of those who are disabled in the service of their country, or to their dependents or survivors.

And so we say we are happy to see coins given to the Disabled American Veterans or any other veterans' organization, and to those who are handicapped.

For every time we see one without two hands, two feet, two eyes, and good hearing and speech, we think of the old saying about the fellow who felt sorry for himself because he had no shoes, until he saw a man without any feet.

And we say to ourself, as someone before us has said, "There but for the grace of God goes Pot Bert."—A.L.B.

Put Artesia First
WE BELIEVE THAT THE COMMUNITY, which places the growth and expansion of that community first and ahead of everything and anything else enjoys the greatest growth.

A check of those communities, which have grown and expanded to the greatest extent, shows that this has always proven to be the case. Artesia by its very growth and expansion shows that as a city we do a pretty good job of putting our city first. But regardless of how good a job we are doing now there is always room for even greater effort along these lines.

There is always room for us to forget our own selfish aims and desires and to join with the others in promoting our city. Because our present efforts we still find those, who have more time to knock and to criticize and to complain. There are always those, who object to everything which is done and criticize those, who are doing the job.

But when we are willing to put our shoulder to the wheel; do our part; pay our share; and place the growth and expansion of our city ahead of any of our selfish aims and desires, then our city moves forward and we move forward with it.

And when those in our community spend their money and increase their investments to give us improvements they may be thinking of themselves but they are also thinking of their community and showing a desire and a willingness to place our city above and ahead of their own interests.

We believe that Artesia is one of the most progressive and modern cities of its size in the state if not the most progressive. It has more modern stores, more modern fronts, and will soon have a more uniform Main Street than any other city its size in the state.

Let's all join hands in putting Artesia first and in promoting our city and our community and the fine growth and expansion will continue during the weeks ahead.—O.E.P.

Give Him a Boost
EVERY COMMUNITY has those individuals, who are showing remarkable courage, by their activities and their work despite certain handicaps. They go about with a smile on their face; seem to have a splendid spirit; and do more work and accomplish more oftentimes that many far more physically fit.

We have always felt they deserved a little pat on the back and a little word of appreciation. It gives them more faith and more courage to carry on. We don't mean, of course, to remind them of their handicap or even to mention it. That isn't necessary. But we could give them a word of encouragement and commend them for their fine attitude and their fine spirit.

But most of us don't bother to do this. We are so busy with our own cares and our own problems we haven't time to think of others. Many of us are so busy complaining of our little minor aches and pains that we don't realize that we are extremely lucky and there are others far worse off than we are. But they are not complaining—they haven't time. They are busy doing the job they have to do. They are busy thinking of others and seeking to lend a helping hand.

We could do more than give a word of encouragement to these individuals—we could take a lesson from them. We could take a lesson in courage from them. We could learn from them that the world has little time for the person, who is always complaining. Everyone has his or her own troubles and problems and they are not much concerned about the other fellow's.

But the fact does remain that in most instances the problems which we have, aren't very serious. They are not half as serious as the other fellow's. And if we would just stop to think about that for a minute we can always find someone or think of someone who really has cause to complain and yet they are happy, contented, and satisfied and go along doing the best they can.

And if most of us with just minor troubles will give a thought to the fellow who really has troubles, we will soon forget ours or admit they aren't very serious and that we still have cause to be extremely

NORTH GONE, SOUTH GONE—

Maljamar Items

(Crowded out last week.)

Mr. and Mrs. L. J. Kelly and her mother, Mrs. R. L. Sanders, who is visiting her from Anson, Texas, visited Mr. and Mrs. John Pruitt in Lovington Sunday last week.

The Maljama Kewanee Oil Company started spudding a deep test Monday morning of last week. It is to be drilled to 8300 feet or deeper.

Mr. and Mrs. Stev Carter and daughter, Jeani, returned from a vacation of a week Tuesday of last week. They visited his father, R. M. Carter, at Grandbury, Texas, and his sister, Mrs. Tony Cusimano and Mr. Cusimano in Fort Worth, Texas. They also fished in the Brazos River.

The Kewanee Sewing Club met Friday at the home of Mrs. Lucy Dunlap. Birthday gifts were given to Mrs. Ralph McGill, Mrs. Dru Taylor and Mrs. J. C. Davis. The meeting day has been changed to Thursday. The next meeting will be at the home of Mrs. Kenneth Shields. Those attending were Mmes. Dru Taylor, John Leo, Luther Kelley, "Ma" Payne, Kenneth Shields, Ralph McGill, Ira Pleasant, and H. C. Hunter.

Henry Wright sustained some broken ribs at the branding at the Taylor ranch Sunday of last week. He was kicked by a bronc when he fell off.

Mr. and Mrs. Ed Taylor of Artesia visited Mrs. Taylor's parents, Mr. and Mrs. Luther Kelley, Sunday of last week.

Mrs. John McCanley returned home Saturday of last week with her new daughter, Rose Marie. The baby weighed seven pounds nine ounces. Mr. McCanley's mother of Pecos, Texas, is staying with them a few days.

Mr. and Mrs. G. W. White of Fort Worth are visiting their son, W. G. White, and Mrs. White.

Mrs. Ken Whitley of Square Lake spent the day with her sister, Mrs. Ott Vowell, Wednesday of last week.

Mr. and Mrs. John Hanev of Eunice, formerly of Maljamar moved to the Square Lake area recently. He is employed by the Tex-Mas Company.

Mrs. Glen Arthur of Loco Hills visited Mrs. Jack Choat Wednesday of last week.

Mr. and Mrs. Dale Kennedy and daughter, Bonnie, were guests of Mr. and Mrs. George Ross at a dinner Wednesday evening of last week.

The Ace Bridge Club met at the home of Mr. and Mrs. Kenneth Shields last Thursday evening. High scores were held by Mrs. John McMurray and Mr. Shields. Those attending were Mr. and Mrs. H. C. Hunter, Mr. and Mrs. McMurray and Mr. and Mrs. Luther Kelly.

Mr. and Mrs. John Leo attended the Rebecca Lodge watermelon feast and "42" party in Lovington Monday night of last week.

Rock Ashcroft, Kenneth Kelly, and Jerry Cooper left Sunday morning of last week for Albuquerque and returned Tuesday of last week. They attended the State Fair.

Travis Kelley and Arthur Melton left Sunday of last week for Portales to enroll as sophomores at Eastern New Mexico College.

Mr. and Mrs. George James and Mr. and Mrs. Oscar Doughty and family had a picnic at Dru Taylor

Park last Thursday evening. Mr. and Mrs. George Ross met Mrs. O. H. Goodman Wednesday night of last week at Hobbs. Mrs. Goodman returned from her vacation in Bringley, Ark. She and Mr. Goodman went to Memphis, Tenn., where they went boat riding and attended a supper club. They also visited in Little Rock and Shreveport.

Mrs. Odell O'Neal's aunt, Erice James of Covina, Calif., is visiting here. They visited Mrs. New Loyd of Loco Hills.

Mr. and Mrs. Oscar Loyd took their daughter, Judy, to a specialist in El Paso last week end and visited Mr. Loyd's brother, Newt Loyd who has been ill in a hospital the last few weeks.

The Women's Missionary Union had a meeting Tuesday of last week. Mrs. L. W. Hardcastle, Mrs. C. M. Shields, and Mrs. Ross Creamer of Lovington were guests. They had lunch at Dru Taylor Park. Those attending were Mmes. H. C. Hunter, "Ma" Payne, Kenneth Shields, Z. Glover, W. W. White, G. W. White, Son Taylor, Jesse Ward, and Ott Vowell.

The Sinclair Oil Company has received a permit to build a bulk plant in Artesia on North First Street.

The University of New Mexico at Albuquerque soon may assume the appearance of a prosperous Indian settlement, it appears.

About 15 blocks of Artesia streets are being oiled as a temporary improvement, where they had been torn up.

The Sinclair Oil Company gains more gain per pound of feed and higher finish.

Milk production of the dairy herd and beef cows is increased through liberal feeding of cottonseed meal or cake to supplement grains, dry roughages, and molasses. Protein also helps the herd to breed regularly and produce healthier, heavier offspring.

Cottonseed meal and cake have been tested in many experiment stations, as well as through years of extensive use on farms and ranches.

Protein use of protein concentrates, such as cottonseed meal, pellets, or cake, is one effective way to increase production and reduce costs. Adequate protein in fattening rations makes faster

With swine, balance the ration with adequate protein produces more pork from feed, fattens animals faster, produces larger litters, and produces more milk to nurse the litter.

Proper use of protein concentrates, such as cottonseed meal, pellets, or cake, is one effective way to increase production and reduce costs. Adequate protein in fattening rations makes faster

As Artesia Grows

TWENTY YEARS AGO
(From The Advocate files for Oct. 11, 1928)

Artesia continues to maintain her reputation as a Saturday night town, with the trade volume mounting steadily. All parking space Saturday night was taxed to capacity.

Dr. Edward Stone was elected grand master of the IOOF Grand Lodge at Albuquerque Tuesday.

E. L. Harp, conductor of the Pecos Valley Orchestra, has been appointed on a Southwestern music supervisors' conference committee to represent New Mexico.

Boy Scouts played an important part at the Chaves County Cotton Carnival. More than 600 hours were spent in police duty during the parade and at the exhibit hall.

Mrs. Jeff Hightower was hostess to the First Bridge Club at its meeting on Tuesday afternoon, and served delicious refreshments in two courses.

Mr. and Mrs. W. E. Ragsdale returned Friday night from a short trip to Las Cruces, where they went to see their son, Wilmer, who is a student at State College.

E. B. Bullock shipped out a mixed car of sheep and hogs to market at El Paso Monday. The car contained 65 wether lambs and 50 hogs.

Roswell High went to the air yesterday to defeat the husky tribe from Artesia by a score of 12-6. Artesia journeyed to Roswell Friday with the best aggregation of gridiron warriors ever taken there from here, and the lower valley boys battled Roswell hard throughout.

TEN YEARS AGO
(From The Advocate files for Oct. 6, 1938)

Roy Hefley, expert bootmaker and shoe repairman, formerly of Carlsbad, is opening a shop in Artesia at the former bus station location on South Roselawn.

The University of New Mexico at Albuquerque soon may assume the appearance of a prosperous Indian settlement, it appears.

About 15 blocks of Artesia streets are being oiled as a temporary improvement, where they had been torn up.

The Sinclair Oil Company gains more gain per pound of feed and higher finish.

Street, north of the Texaco bulk plant.
Members of the Artesia Junior-Senior Band were transported to Roswell Wednesday to march and play in the opening-day parade of the Eastern New Mexico State Fair. Transportation was furnished by citizens of Artesia.

Artesia should be proud of the new lighted football field. Tomorrow night's game will be played under the lights, so a lot more support is expected from the school and townspeople. Season tickets are now on sale. Give football boys your support!

Cost Of Roads Is Problem Of All Who Benefit

Challenging the philosophy that "only those who use the highways should pay for them," Jack Pierce, secretary of the New Mexico Miners and Prospectors Association, declared in a statement that "the motorist is not the only one who benefits from improved roads and streets, and should not be asked to shoulder the entire cost."

"The general public derives substantial benefits from these improvements," Pierce said, "and it is only fair and just, therefore, that the cost of the different classes of roads and streets should be distributed among all groups of taxpayers in proportion to the benefits each group enjoys."

"To say that only those who actually use the highways should pay for them is like saying that only those who have children in school should pay school taxes, or that only those who have a fire should support the fire department."

"In our state there are 599 communities which are not situated on any railroad line and consequently depend entirely on automobiles, trucks, and buses to provide their transportation and to haul their goods and supplies. Every one of the inhabitants of those communities relies on and benefits from the roads and streets which connect them with the rest of the state. These roads are the arteries of life for all in the communities, and it seems reasonable that all should bear their proper and proportionate share in the cost of maintaining and improving them."

Safety Council Finds Young Drivers Are As Reckless As Thought
Are teen-age drivers as reckless as older folk say they are? The National Safety Council says the answer is "yes."

The 1948 edition of "Accident Facts," the council's statistical yearbook, includes studies made of accident rates of drivers in various age groups. These studies show that the fatal accident rate in terms of miles driven by youngsters under 20 was 89 per cent higher than the average rate for all drivers.

The council believes driver training courses in high schools and colleges are a big part of the answer to the problem. Better examples by parents and other older drivers would help a lot too, it says.

DISTRICT COURT OF EDDY COUNTY, STATE OF NEW MEXICO
 NOLBERTO GARCIA, Defendant
 No. 10591
NOTICE OF PENDENCY OF SUIT
 THE STATE OF NEW MEXICO
 TO:
 NOLBERTO GARCIA,
 Defendant.
YOU ARE HEREBY NOTIFIED

that Agapita Porras Garcia, as plaintiff, has filed a suit against you in the District Court of Eddy County, New Mexico, in cause No. 10591, which said cause is now pending. That the general object of the action is to obtain a divorce on the ground of non-support and incompatibility, dissolving the marriage entered into between plaintiff and defendant on July 25, 1942, and to restore to plaintiff her maiden name of Agapita Porras.

YOU ARE FURTHER NOTIFIED that unless you enter your appearance in said cause on or before the 21st day of October, 1948, judgement will be rendered in said cause against you by default, and the plaintiff will apply to the Court for the relief demanded in the Complaint.

NIEL B. WATSON, Box 56, Artesia, New Mexico, is attorney for the plaintiff.
 WITNESS MY HAND AND SEAL of the District Court of Eddy County, New Mexico, this 3rd day of September, 1948.

Marguerite E. Waller
 Clerk of the District Court
 37-41-40

IN THE PROBATE COURT OF EDDY COUNTY, STATE OF NEW MEXICO.
IN THE MATTER OF THE LAST WILL AND TESTAMENT OF FRED STAAB, DECEASED.
 Case No. 1510

NOTICE TO WHOM IT MAY CONCERN:
 Notice is hereby given that the undersigned has been appointed administrator of the Estate of F. A. Manda, deceased, by Honorable Xury White, Probate Judge of Eddy County, New Mexico, and has qualified as such.

All persons having claims against said estate are hereby notified to file or present the same as provided by law within six (6) months from September 23, 1948, the date of the first publication of this notice, or the same will be barred.

CARL MANDA, Administrator.

39-4T-42

IN THE DISTRICT COURT OF EDDY COUNTY, STATE OF NEW MEXICO
 CARLOS HERNANDEZ, Plaintiff
 vs.
 JAMES F. PLECKER, et al Defendants.

No. 10748
NOTICE OF PENDENCY OF SUIT
 STATE OF NEW MEXICO TO:

James F. Plecker, impleaded with the following named defendants against whom substituted service is hereby sought to be obtained, to-wit: James F. Plecker, if living, if deceased, the unknown heirs of James F. Plecker, deceased, and All Unknown Claimants of Interest In The Premises Adverse To The Plaintiff, GREETINGS:

You are hereby notified that a suit has been filed against you,

and each of you, by Carlos Hernandez, as Plaintiff, in the District Court of the Fifth Judicial District of the State of New Mexico, within and for the County of Eddy, that being the Court in which said cause is pending, and being Cause No. 10748, the general object of said suit being to quiet and set at rest Plaintiff's title in fee simple in and to the following described property situated in Eddy County, State of New Mexico, to-wit:

That part of Lot 1 lying West of Highway No. 285, and all of Lots 3, 5, 7; that part of Lot 2 lying West of Highway No. 285, and all of Lots 4, 6, and 8, all in Block 12, Artesia Heights Addition to the City of Artesia, New Mexico.

That Plaintiff's Attorney is Donald S. Bush, whose office address is Booker Building, Artesia, New Mexico.

You and each of you are hereby further notified that unless you enter your appearance in said Cause on or before the 23rd day of October, 1948, judgement will be rendered against you in said Cause by default.

WITNESS my hand and the seal of said Court this 23rd day of September, 1948.

First "call" for fall!

Don't fiddle around any longer with old summer motor oil. Swing your car to the nearest Conoco station and change to winter-grade Nth Motor Oil. Lighter winter-grade Nth gives you extra starts. Saves you wear on the battery when you step on the starter. That's more, a change to Conoco Nth Motor Oil gives you the extra protection of OIL-PLATING. For Nth contains a special, added ingredient that actually OIL-PLATES your engine's working parts... fastens an extra film of lubricant to cylinder walls... protects you from "dry" friction starts... from sludge and carbon due to wear.

So for better winter driving, call on your Conoco Mileage Merchant...

Make a date to Oil-Plate!

POWER PACKED AND SET TO GO!

BUICK FIREBALL

NO Waiting for This Brand-New Fireball Engine. Get This Thrill Today!

YOU can dish yourself up a full portion of the zip and go that make today's Buick engine the leader of the parade.

You can thrill again to the surge of brand-new Fireball power—under the bonnet of your prewar Buick. And you can get action—and action now.

In from one to two working days, we can take the weary engine out of your faithful 1937 or later model Buick—replace it with a sparkling new 1948 Fireball engine fresh from the factory.

It's a complete power package. You get all the items listed in the panel—everything new from carburetor to clutch, valves to oil pan. You get every design and construction feature that puts today's Buick engine out in front. Best of all—your engine is waiting for you in our shop *right now*—because engine output has outstripped new-car production at the factory.

The cost—varying a bit from model to model—is low enough to make this power package a prize bargain. So why delay any longer the thrill of owning and driving a 1948-powered car? Come in today to see how simple the whole thing is.

YOU get all this— ALL NEW!

SOCIETY

Central P.T.A. Helps To Form Two More Units

The project committee of the Central School Parent-Teacher Association is assisting with the organization of two new Parent-Teacher Associations, one for the Park School and the other for the high school. The committee is trying to arouse enough interest among the parents who have children in these two schools, so they can make further plans in the organization.

A survey is being conducted the next two weeks among parents of high school children to determine whether or not there is enough interest to warrant the organization of a high school association, according to J. Stovall, high school principal.

"We want the parents to know that we are willing to co-operate in every way," said Stovall.

All parents of children attending Park School are urged to attend a meeting at the Park School music room at 3:45 o'clock Monday, Oct. 11. The meeting is being held to see whether there is sufficient interest for an organization of this kind at Park School. The project committee of Central School will be in charge of the meeting and of a tea following.

Mrs. Rodke Hostess At Beta Sigma Phi Buffet Dinner Monday

Mrs. Bob Rodke was hostess to Beta Sigma Phi at a buffet dinner Monday night in her home.

The main table was decorated with appointments of floating dahlias and the individual card tables had centerpieces of mum bouquets.

Games of bingo were played during the evening.

Guests present were Meses. Leon Clayton, Veri Allen, B. Brookovar, Harvey Yates, Jerry Losee, Wade Shipley, Lloyd Dorand, Clyde Dungan, Justin Newman, and Clyde Guy.

Members present were Meses. Andy Anderson, Maynard Hall, O. R. Gable, Jr., Charles Bullock, C. M. Murphy, Meredith Jones, Donald Fanning, Charles Sanford, Raymond Lamb, William C. Thompson, Jr., Harry Gilmore, and L. W. Coll, and Miss Nancy Haines.

The next meeting will be held Tuesday night, Oct. 12, at the home of Mrs. Maynard Hall.

REBEKAH LODGE HOLDS MONTHLY BIRTHDAY SUPPER

Rebekah Lodge members held their monthly birthday supper Monday evening at the I.O.O.F. Hall.

The hall and tables were beautifully decorated with garden flowers. Birthday guests were Meses. Ora Buck, L. J. Lorang, W. H. Cobble, C. W. Smith and D. B. Shira.

Mrs. L. B. Hiatt, who will soon go to Kansas City, was presented with a Rebekah pin.

Bates, the stapling machine that makes its own staples from a roll of wire, at The Advocate office.

Year As Prexy Of FHA Ends For Evelyn Bach

Evelyn Bach, president of the District 2 organization of the Future Homemakers of America, conducted her last meeting of the year at Lovington Saturday, when representatives from seven chapters met for the purpose of electing and installing the new officers, and planning the program for the coming year.

An estimated 150 members attended from Hobbs, Tatum, Carlsbad, Roswell, Hagerman, Lovington, the hostess chapter, and Artesia.

The delegates were welcomed by Superintendent Pannell of the Lovington schools. The response was given by a representative from the Tatum chapter, Amelida Frier.

Two special numbers were presented for entertainment, a Mexican hat dance, by Viola Samora and Cecilia Alaniz from the Artesia chapter, and a tumbling act, by Jean Jourdan of Lovington.

The afternoon was filled with business, the most important phase of which was the election of officers for the 1948-49 year. Dorothy Osborn of Lovington was elected president; Geraldine Blount of Artesia, vice president; Ann Badgett of Lovington, secretary-treasurer; Mary Lee Lawrence of Hobbs, parliamentarian and Bonnie Needham, reporter.

Other procedures of interest included a model meeting and evaluation and installation of new officers at a candlelight ceremony, ending with the presentation of a corsage from the retiring president, Evelyn Bach, of Artesia, to Dorothy Osborn of Lovington, the incoming president.

The Future Homemakers of America is a national organization for high school home economics students. The chapters in the state contribute to a fund which enables \$100 to be given to some worthy student who desires to enter a college where she may major in home economics.

'Bobby Sox Party' Is Enjoyed Tuesday By Epsilon Sigma Alpha

Alpha Nu Chapter of Epsilon Sigma Alpha sorority was entertained in the home of Mrs. Allen Mills with a "bobby sox party" Tuesday evening.

Upon arrival each guest was presented a block of bubble gum, which she was required to chew all evening. A couple of hours were spent playing games in which prizes were awarded to most of those present. Among the games played was a contest among three groups of women who chose a model and then were given old newspapers and a paper of pins, then were instructed to design an ensemble for the model. The winners of this contest designed a dress, hat, and purse for their model. The group was presented a huge book of cutout dolls as a prize.

The hostess, Mrs. Mills, assisted by Mrs. Leo Austin and Miss Wanda Lunsford, served sandwiches, hot chocolate, and mints to Mrs. H. R. Paton and Mrs. John F. Runyon, sponsors; Misses Tommie Terry, Dorothy Boyce, and Betty Angle, and Mrs. Wade Shipley, guests; Misses Mary Glascock, Bonnie Fletcher, and Wanda Lunsford, and Meses. Albert Linell, Raymond Waters, George K. Lynch, Leo Austin, Gene Chambers, Allen Mills and E. P. Bullock, members.

The next meeting will be Tuesday, Oct. 12, at the home of Mrs. William Linell.

Faithful Workers Of Baptist Church Have Their First Meeting

The Faithful Workers' Class of the First Baptist Church held its meeting Tuesday at the home of Mrs. J. T. Mitchell.

As this was the first meeting of a new year there was a wide discussion and various committees appointed. This was also a surprise shower for Mrs. Elgin Pruiett.

Those present were Meses. David Simons, John Simons, Jr., Marshall Morris, Jo Thompson, Hershel Lewis, Orville Chambers, Marshall Belshe, William Holly, Ciesle Giles, G. L. Kreamer, and Leroy Holly.

The meeting was closed with prayer, then refreshments were served. The group joined in social singing.

White Shrine Has Covered-Dish Supper At Temple On Friday

Artesia Shrine No. 2, White Shrine of Jerusalem, met at the Masonic Temple Friday evening for a covered-dish supper.

During the business meeting the club made plans to serve members of the New Mexico Federated Women's Clubs Friday. They also discussed plans of changing their meeting date from the first Friday of each month to the first Monday. This will be discussed further at the next meeting, and all members are urged to be present then.

Mrs. P. V. Morris was installed worthy guide and Mrs. H. R. Griffith of Carlsbad was elected queen for the coming year.

The next meeting will be the first Friday in November.

Nickie Ann Shipp Is Honoree Saturday At Party On Birthday

Nickie Ann Shipp was the honoree at a birthday party given at the home of her mother, Mrs. Anna Shipp, Saturday afternoon. Miss Paula Shipp, sister of the honoree, was hostess for the occasion.

After an hour of games and the honoree had opened her many lovely gifts, the guests were served cake ice cream and cold drinks.

Guests present were Maxie Nelson, Rusty and Linda Gates, Gayle Storm, Benny Butts, Judy and Jean Ann Nichols, and Loretta Gay Swartz.

Mary Jo Storm and Marietta Hunter assisted in entertaining and serving the guests.

Women's Golf Tourney Will Be Played At Country Club Oct. 17

At their monthly luncheon Wednesday of last week, members of the Women's Golf Club decided to hold their city golf tournament Sunday, Oct. 17, at the Country Club. Qualifying rounds will be played before the date set for the tournament.

Mrs. Floyd Springer and Mrs. Leland Price were hostesses. There were 16 members present, Meses. Fritz Crawford, Bob Bourland, Luther E. Sharpe, Jim Miller, Johnny Williams, Jack Armstrong, Jerry Marshall, Harvey Jones, Bill Angley, Harold Dunn, E. E. Gillespie, Leon Clayton, A. W. Harral, and Nora B. Clayton.

P.E.O. MEETS FRIDAY AT LINELL RESIDENCE

The regular P.E.O. meeting was held at the home of Mrs. William Linell Friday, with Mrs. J. C. Jesse as co-hostess.

Mrs. T. C. Stromberg presided over the business meeting, and Mrs. R. L. Paris, assisted by Mrs. R. A. Shugart and Mrs. Bernard Johnson of Roswell, had charge of the program.

There were 21 members present. The next meeting will be held at the home of Mrs. Grady Booker, Friday, Oct. 15.

Troop 28 Scouts Spend Night At Lake Van Club

Boy Scouts of Troop 28 of the First Methodist Church of Artesia camped Saturday and Sunday on the Lake Van Rod and Gun Club grounds near Dexter.

The troop left Artesia Saturday by bus and arrived at the campsite early in the evening, where camp was set up. Then the boys explored the surrounding country and saw several kinds of wild game.

After the evening meal, the group gathered around the campfire, where they enjoyed several stunts and jokes, then group singing until bedtime.

Rev. C. A. Clark of Dexter conducted a short devotional service Sunday morning, after which the boys spent the remainder of the morning and part of the afternoon boating, swimming, and playing water games. The bus returned to Artesia in the early evening with a tired but happy bunch of boys.

F. L. Green was the driver of the bus and assisted Scoutmaster Ernest Thompson with the boys. Mrs. Thompson visited the camp Saturday night and again Sunday with Rev. Clark.

WILSON HENS ARE STAGING CONTEST

In a hen-laying contest started by the F. L. Wilson-Feed & Farm Supply Store Sept. 15, eight hens had shown a 75 per cent record up to Monday.

Twice all eight hens laid eggs, on four days seven of them produced, and on eight days six performed. They are being fed Purina Layena.

Social Calendar

Thursday, October 7
Executive Council of the First Christian Church will hold an all-day meeting in the undercroft of the church.

Formal opening of the Federated Womens Clubs convention at Woman's Club, 1:30 p. m.

J. A. Frost entered Tuesday for surgery.

Merchants' Police Service Is Being Offered Artesia

A merchants police service is being established in Artesia by S. C. Scarbrough, experienced officer, for the patrolling of downtown streets and alleys, with the endorsement of Mayor Oren C. Roberts and Police Chief O. T. Lindsey.

In a letter handed to Scarbrough by the mayor and chief, which he is presenting in soliciting subscribers to the service, they said the city has no objection to the proposal and will co-operate with him in every way.

An agreement which has been signed by a number of business representatives says Scarbrough's service will include the patrolling of streets and alleys in the business district each night between sundown and sunrise, on which the alley and street doors of businesses signed up will be examined, in order to prevent or detect fires, and to detect and prevent burglaries and robberies.

Scarbrough will serve as an independent contractor with those who sign up with him. The contracts are for 12 months, at a monthly fee of \$5 for each place of business.

The special officer said he hopes to be able to start the service within the next few days.

Scarbrough holds a commission from Sheriff Dwight Lee as a deputy sheriff, and a city commission from Chief Lindsey as a police officer.

He has lived in Artesia about five years. Scarbrough has held an Artesia police commission the last year.

Hearing—
(continued from page one)

port from the CAB granting permission to serve Artesia, Pioneer would be able to give two flights daily to Amarillo and El Paso.

Manager Sharpe warned, however, that it takes time for the CAB to weigh all evidence and urged that the people be patient and not expect the Pioneer Airlines to come in within the next week. But he said he is very much encouraged and feels that by Christmas there will be air service to Artesia.

Rotary—
(continued from page one)

whom have something in common and are not suspicious of each other, which condition is not found among the delegates of the UN.

Governor Golden said the spirit in the UN is, "For me and mine," quite unlike the motto of Rotary, "Service Above Self" and "He Profits Most Who Serves Best."

He said atomic energy, which has been developed by the United States, must be controlled on an international basis for the preservation of mankind, or it will destroy those who developed it.

Governor Golden concluded his impressive address, "If we serve as true Rotarians . . . when we come to the evening of life . . . we can say, 'Thank God, this station, nation, and world have been made a better place in which to live, because I was there.'"

President Boone Barnett called a meeting of all board members and chairmen of committees to meet for a conference with Governor Golden in the lounge of the Masonic Temple Tuesday evening, at which splendid reports were given.

Bishop Stoney Will Make Visit Monday To Episcopal Church

Rt. Rev. J. M. Stoney, D.D., of Albuquerque, Episcopal bishop of New Mexico and West Texas, will make his official visit to St. Pauls Episcopal Church at 7:30 o'clock Monday night, Oct. 11.

At that time he will hold Holy Communion and preach a sermon.

After the service, a reception will be held at the home of Mrs. C. W. Curtis, 210 Bullock Avenue, honoring Bishop Stoney and Rev. E. A. Heffner of Hobbs, vicar of the local church and Mrs. Heffner.

ing built in the Negro section was slightly damaged by fire Friday afternoon.

The blaze was of strange origin, starting under the eaves of an unoccupied house. There firemen found what looked like a bird's nest. But it was made of wire. And they could think of no birds in this section which build nests of wire, although sparrows have been known to carry lighted cigarette butts.

Frostair DUPLEX

OUT OF YOUR DREAMS... INTO YOUR HOME
25% SAVING ON FOOD

COME SEE FOR YOURSELF the new FROSTAIR Duplex —the refrigerator with all the time-saving, step-saving conveniences you've dreamed about.

No more bothersome covered dishes; (lettuce and cakes stay fresh for days.) You keep more food in FROSTAIR than in ordinary refrigerators. FROSTAIR's five extra-long trays make 90 crystal-clear ice cubes every other hour with instant cube release.

And here's FROSTAIR's big news! A 3.5 cu. ft. frozen food locker stores 130 lbs. of meat or 80 qts. of fruits and vegetables at 0°—perfect for the frozen foods in your future.

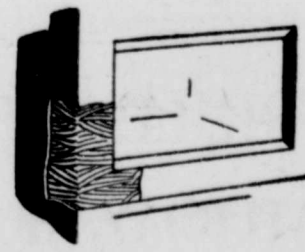

A 7 CU. FT. DELUXE REFRIGERATOR
PLUS... A SEPARATE FROZEN FOOD LOCKER

TWO ALUMINUM-FITTED BINS—Each bin stores over a bushel of frozen foods. Bins glide out easily, have automatic safety stops.

TWO PLASTIC HANDLES—Plastic handles at front and back of storage bins make removal for packing and cleaning easy.

FINEST INSULATION—To keep FROSTAIR's frozen food locker constantly zero cold, 4 1/2" of Fiberglas is sealed in the outer walls. Crisp cold stays in; kitchen heat stays out.

ALWAYS ZERO—Unwavering, essential zero temperature is maintained in locker because separate motor was built to do this one job, safely, dependably.

For dependability and economy two refrigerating units do two jobs in FROSTAIR. One powers the 40° refrigerator, the other the 0° food locker.

FROSTAIR is a product of Liquid Carbonic Corp., makers of top-quality refrigeration equipment for 45 years, and The General Tire & Rubber Co.

PROTECT YOUR PONTIAC

WITH PONTIAC SERVICE

The best costs no more!

Thousands of Pontiac owners all over the country have learned that regular servicing by their Pontiac dealer is the best, most economical way to keep their cars in top condition.

Our service is best for your car because our mechanics have been trained by factory experts and because we use factory-engineered parts and specially selected tools—everything geared to the one job of keeping your Pontiac at its very best.

The result is that your work is done faster—in such a sure-handed manner that it will "stay done". The cost of our expert work is no higher—in fact, is often less—than you would pay for ordinary servicing.

Our policy is very simple: We do only the work called for—we do it in an expert manner, we save you money by eliminating guesswork and makeshifts.

Give your Pontiac the best—have it serviced by your Pontiac dealer—for the best costs no more!

BEST PARTS ARE ENGINEERED PARTS!
Factory-Engineered exactly the same as built into your Pontiac factory. They always work properly and—like in servicing—they last longer!

Oilfield School Pupils Present Play On Friday

The pupils of Oilfield School presented a three-act play, "The Magic Fish Bone," Friday evening. The King, played by Buford Norrid, and the Queen by Glenda Rae Matthews, were the parents of 20 children. The queen was ill most of the time, so the responsibility of the house and care for the children fell on their oldest daughter, Princess Alice, played by Mary Ellen Davis.

One of the children, played by Tommy Hill, cut his hand and another, played by Mary Alice Jackson, fell down the stairs. On each occasion all the children wept bitterly, while an older brother, played by Austin Pennington, announced the accidents to the remainder of the household.

The kind Fairy Grandmarina, played by La Juana Jackson, sent word to Princess Alice that if she wished at the right time with her "Magic Fish Bone" good luck would come. Although there was plenty of trouble for the Princess she waited until her big doll told her when to wish. That wish made her mother well and her father wealthy, and she found a prince to marry, Prince Certainperson, played by Jimmy Marshall.

Billy Joe Forsyth was the messenger. The other children were Benny Melton, Maxine Marshall, Larry Lloyd, Ronnie Lloyd, Verna Day Derrick, Grover Smith, Joan Harrison, Rennelle Forsyth, Richard Peppers, Bill Jackson, Edna Pennington, Marcia Pennington, Andrea Joe Melton, Donald Lloyd, Walter Peppers, and Sandra Martin.

The girls' costumes were floor-length dresses. The boys wore suits with Peter Pan collars and cuffs, knee breeches, and colored ribbons at the knees.

The Community Club voted to buy season tickets for the 25 pupils so they might attend the Clare Tree Major Children's Theater presentation at Artesia. The money was raised by a bingo party which was held last month.

Morris—

(Continued from front page) use of Morris Field for both school and community activities, or a separate field for each, involve two organizations both of which represent the people.

Over the years the city and school representatives have had a number of conferences, but no solution has ever been reached. And until the recent appointment of the special committee no actual steps have been taken.

Guest Speaker

Dr. Sherman Smith, chemistry professor at the University of New Mexico, will be the principal speaker of the convention here today and Friday of the third district of Federated Women's Clubs. He will give an address this evening on "Science—Threat or Promise?" after the banquet at the Veterans Memorial Building, which will start at 7 o'clock. The meeting will be through open after the banquet proper to those wishing to hear the noted scientist and nationally-known speaker, who is said to be one of the best informed men of science today.

Federated—

(continued from page one) dent, Mrs. Foster, will bring her message.

Tom Mayfield, superintendent of Artesia schools and a past president of the New Mexico Education Association, is to address the women on "Educational Achievements."

Miss Kay Booker is to present a marimba solo, after which Rev. R. L. Willingham, pastor of the First Methodist Church of Artesia, will give an address, "Religious Achievements."

A talk, "Public Welfare Achievements," is to be given by Mrs. A. A. Kinnetz of Hobbs.

A memorial service will be conducted by Mrs. C. D. Kelley of Clovis.

A tea is to be given at the residence of Mrs. Glenn Booker as a courtesy of the Artesia Junior Woman's Club at 4 o'clock.

Besides the address by Dr. Smith at the banquet, a motion picture, "A Power Behind the Nation," will be shown.

After the call to order at 9 o'clock Friday morning for the second day's activities and reports of district chairmen and unit presidents, an address, "Federation Achievements," will be given by Mrs. Judd A. Dietterick of Las Vegas, president of the New Mexico Federation of Women's Clubs, a club institute, conducted by Mrs. J. W. Lewis, parliamentarian, will conclude the Friday morning session.

A luncheon will be given at noon Friday in the basement of the Masonic Temple, honoring all continuous charter members since the district was organized in 1911.

The final session of the convention will open at the Woman's Club building at 1:30 o'clock Friday afternoon. After "Thoughts From State Guests," an address, "Medical Achievements," will be given by Dr. William H. Gordon of Krueger, Hutchinson & Overton Hospital & Clinic at Lubbock, Texas.

An address, "A Challenge for Today," by Dr. E. N. Jones, vice president of Texas Technological College, Lubbock, will conclude the speaking program.

The final order of business will be the invitation for the 1949 convention, at which Mrs. Foster will again preside, as she concludes her three-year term as third-district president.

Conaco—

(continued from page one) served nationally, and Continental Oil Company is participating wholeheartedly," said Gillespie. "We urge that everyone who can do so make plans to tour our entire properties in the vicinity."

Visiting hours will be from 9 to 4 o'clock. Visitors should call at the refinery office for a guide, Gillespie said.

A tour of the Continental refinery and a visit to the company's marketing points in the area will afford a better understanding of petroleum manufacturing processes and how the refined product is made available to the public, said Gillespie.

Concerning "Oil Progress Day," he continued: "The special day, Oct. 14, has been set aside for the oil industry to report to local America, community by community. For all its vast ramifications, the petroleum industry is local in character. We—its owners, managers, and employees—are just 'folks' to our neighbors and the progress of our industry is of concern to them. We are acutely aware that whatever progress or success we make is dependent upon the people we serve. We solicit and value highly the friendship of our neighbors. For them, on Oct. 14, we are holding open house. The invitation is open—the latch hangs outside, everybody is welcome."

Anderson Says Send To Congress Those Who Know

Clinton P. Anderson, former secretary of agriculture and Democratic candidate for the U.S. Senate from New Mexico, said in a campaign speech in the high school auditorium here Tuesday night the voters should send to Congress those who are alert to the needs of the land and who are better able to see the nation through the present critical times.

He said that when he was secretary of agriculture, he remarked to Secretary Marshall that there were more foreign diplomats in his office every day than those visiting the State Department, diplomats seeking food for their people. For he said, they were more interested in shipments of grain than in their long-range commitments.

Had it not been President Truman's doctrine in which food fought for victory, it would have been much harder, he said. And if the United States continues to feed the world, it will help preserve the peace.

Anderson reviewed the Democratic years in which real estate values in New Mexico increased from three and a half million dollars in 1932 to 30 million dollars in 1947. As the values moved up, businessmen profited and the state thrived, he said. Likewise, he said, the "Commodity Credit Corporation" showed millions of dollars of profit. Support prices have brought agriculture to a decent basis, Anderson said, warning farmers to watch the price support program, as many people would like to get their hands on it.

Congressman Antonio M. Fernandez, who is seeking re-election, spoke prior to Anderson and told of his working with Anderson when he was the senior congressman from New Mexico. He praised his work highly and gave him credit for much of his own success in Congress.

He likewise reviewed the achievements of the Democratic party since 1932, stressing the bank holiday instigated by the late President Roosevelt, the passage of the Federal Bank Insurance Law, and the lack of any depression because of the social legislation which takes care of those things which cause depressions.

Congressman Fernandez told of the assistance given to the Navajo Indians of New Mexico and Arizona, after their plight was discovered, and that he introduced the bill whereby they were allocated half a million dollars, instead of the annual \$50,000 which had been appropriated them in the past. Aid for the Indians is a federal problem, he declared.

Mayor Oren C. Roberts, who presided, introduced other candidates, each of whom spoke briefly, Randolph Reese of Roswell, for district attorney; Guy Shepard, for commissioner of public lands; H. R. Rodgers, for re-election as state treasurer, and Joe Martinez, for attorney general.

Mrs. Alice Romero, who seeks to succeed herself as secretary of state, was unable to be present, but was represented by her assistant, Miss Joy Smith.

Th candidates were guests earlier in the evening at a banquet at the Masonic Temple, attended by about 75 Artesia citizens. J. B. (Buster) Mulcock, precinct chairman, who presided, turned the meeting over to H. R. Rodgers, who introduced the other candidates for a few words each, and then introduced several dozen of the people of Artesia, his former home.

Traffic—

(continued from page one) the intersection, one each on the right and left corner.

Future plans call for additional traffic lights at some later time to install similar lights at the intersections of Quay Avenue with Roselawn Avenue and Fourth Street, where traffic is becoming almost as congested as at the Main Street corners.

Famous—

(Continued from front page) a rating of "landsman for musician," for which he drew \$17.16 a month while holding down a clarinet chair.

In 35 years he played his way to the top, with a higher rank than any musician ever attained before in the Regular Navy.

The evening program selected by Commander Brendler: Fanfare; National Anthem; overture, "Mignon," by Ambrose Thomas; novelties for band, "Badinage for Brasses" and "Waggy for Woodwinds" by Harold Walters; "Sea Melody," by Philip Lang; solo for trombone, cornet, or euphonium, to be selected by the conductor; "Hungarian Rhapsody No. 11," by Franz Liszt.

Intermission; introduction to Act III of "Lohengrin," by Richard Wagner; solo for harp and band, "La Rougette," by David Bennett; "Bamboula," by John Morrissey; "Fiddle Faddle," by Leroy Anderson-Rubrecht; tenor solo, aria, "Rudolf's Narrative," from the opera, "La Boheme," by Giacomo Puccini-Forte, soloist, Ben Michael Morris; "Gaité Parisienne," by Jacques Offenbach-Norris, including overture, gallop, valse, quadrille, and can-can; "Anchors Aweigh."

The matinee concert will be devoted to popular music, jazz classics, and novelties, that are meant to be sheer fun. The program will include, among others, "Three Blind Mice at a Night Club," the latest songs from the Hit Parade, and a piccolo and contra-bass duet, "The Cricket and the Bullfrog."

Antelope—

(Continued from front page) from sundown to sunup each night.

In the Southwest area, where the season was Oct. 2-4, the Game Department issued 255 permits, while 113 have been issued for the Northeast area, where the season will be noon of Oct. 13 through Oct. 15. The total for the state is 588 permits.

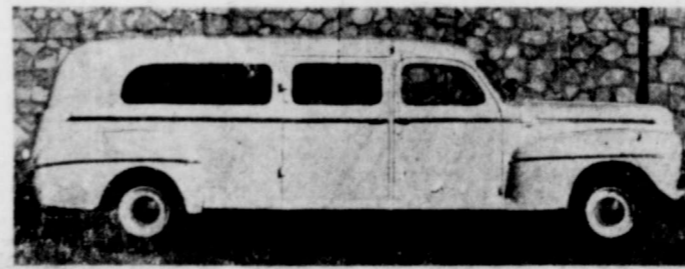

The first half of the waterfowl season will run from noon Friday through Thursday, Oct. 21, and from noon Thursday, Dec. 23, through Wednesday, Jan. 5. Shooting hours are from a half hour before sunrise to an hour before sunset each day except the first day of each half season, when it starts at noon.

The bag limit for ducks is five a day and 10 in possession, except that the first day of each half only five may be possessed.

For geese the bag limit is four a day or in possession and may include only two Canada geese or two white-fronted geese or one of each. The State Game Department has pointed out that as the Canada goose is the only species found in any quantity in New Mexico, for all practical purposes the limit may be considered two.

The next season, that on pheasant, is little more than two weeks off. It will be from noon to sunset Saturday, Oct. 23, and sunrise to sunset Sunday, Oct. 24. In a previous story some weeks ago the dates were given correctly but the days of the week were erroneous. The dates will be Saturday and Sunday, Oct. 23-24. The season limit is two cock pheasants.

City—

(Continued from front page) resolution was passed:

"Whereas, a petition has been presented to the city of Artesia, signed by 83 per cent of the property owners on Washington Street between Fourth Street and 13th Street, petitioning the city of Artesia to pave and curb and gutter said street between Fourth and 13th, and,

"Whereas, this is a great majority of the interested property owners on said street between said limits, and,

"Whereas, it is the desire of the city of Artesia to conform to the wishes of the majority of citizens in any worthwhile undertaking, and,

"Whereas, the present condition of said street is a menace to health,

"Therefore, be it resolved that said petition be acknowledged as a necessary right of the majority of said owners on said street and that the city attorney be instructed to take legal steps immediately in accordance with the applicable statutes with a view of including all of said Washington Street between Fourth and 13th Streets as a paving district, so that this might be concluded at the earliest possible date."

Bulldogs—

(continued from page one) gridiron for 19 first downs. The unknown heroes of Artesia's front line put on their top performance of the season as they set up a wall on defense which was seldom punctured. Outstanding in this concrete foundation were James Briscoe, guard; James Kelly, tackle; Walter Gray, guard; Gerald Seals, tackle; Bobby Morgan, end; Don DeMars, center, and Allen White.

Quarterback Bob Wallach and Jim Scoggins, working off of a fast "T" formation, made up Eunice's ground attack which racked up six firsts-and-tens.

Despite the fact that both teams displayed a good brand of ball handling, there was a considerable amount of fumbling. Four times in the game, twice on both sides, the team would kick on a fourth down, the receiver of the ball would catch it, and drop it, and it would be recovered again by the team kicking for an easy gain.

In the closing minutes of the game, Artesia's man with the educated toe, Russell, attempted unsuccessfully to kick a field goal, a feat which is practically an antique in Artesia football history.

Bands from the Eunice and Artesia schools performed during the half time. It was Artesia's first time to march under the direction of the new bandmaster, Russell Lewis.

Tomorrow night the Bulldogs will match wits and brawn with the Eagles at Hobbs. The Dogs were delt a 7-6 defeat by the Eagles here last year, and will be a strong team to whip.

W. W. Ports—

(Continued from front page) club were Justin Newman, L. L. Siefert, George DeSmet, Phillip Kranz, Leroy Bynum, and W. C. Leaf.

Anthony's THE C.R. ANTHONY CO.

Attends Plymouth Meeting

Art owner of Hart Motor Artesia Dodge dealer met Monday from Lubbock, where he attended a meeting, in which Plymouth dealers' reports program was presented to Dodge dealers of the area.

He was accompanied by N. D. Rice, manager, and Bud Rice, vice manager.

Dodge Plymouth dealers' to aid dealers in providing the most efficient and courteous service and parts supply that can be attained for owners of Dodge and Plymouth cars and Dodge "Job-Rated" trucks, Hart said. It stresses the importance of dealers of exerting every possible effort to make certain that Dodge and Plymouth vehicles are maintained in excellent mechanical condition to assure the safety of these vehicles and owner good-will.

The meeting was under the direction of W. O. DuMar, Dodge Oklahoma City regional manager. B. B. Settle, director of service of the Dodge division, described the program. Members of the Dodge home office sales staff are making similar presentations to the more than 4000 Dodge dealers in a series of

66 meetings in principal cities from Sept. 27 to Oct. 29.

Re-employment rights of persons enlisting for the first time since June 24 in the military services for not more than three years, and of members of Reserve components and officers who are called to active duty for the same period are as fully protected under Section 9 of the Selective Service Act of 1948 as are those of inductees, Secretary of Defense Forrestal said. These views are shared with the secretary of labor who, under the act, is charged with aiding in the replacement in their former positions of persons completing active duty.

The statement followed reports from various recruiting officers in the field that many industrial organizations feel that men who volunteer for military service are not subject to reinstatement in their old jobs at the end of service, as is the case with inductees.

Secretary Forrestal cited the pertinent provisions of Section 9 of the Selective Service Act. A subsection dealing with enlistees says:

"Any person who, subsequent to the enactment of this title and while it is in effect, enlists in the armed forces of the United States (other than in a reserve component) or the Coast Guard (other than a reserve component) for not more than three years shall, if such enlistment is his first enlistment in the armed forces or the Coast Guard subsequent to the date of this title, be enlisted, up

Re-Employment Rights Protected For Volunteers

Harold Brasch, euphonium soloist, is one of 10 soloists with the United States Navy Band, which will play two concerts on Morris Field Saturday. The euphonium is the instrument with the double horn and five valves, instead of three, and is the baritone voice in the brass choir.

Other solo instruments include harp, piccolo, bassoon, saxophone, trombone, violin, trumpet, and cornet. And a vocal soloist will also be heard.

on the expiration of his enlistment (including any extension thereof by law but not including any voluntary extension thereof) or upon his discharge under honorable conditions prior to the expiration thereof, to all the re-employment rights and other benefits provided for by this section in the case of inductees.

Another subsection covers the rights of members of Reserve components who are called to active duty and persons who are commissioned subsequent to the effective date of the act, June 24. It provides:

"Any person who, subsequent to the effective date of this title and while it is in effect, enters upon active duty in the Armed Forces of the United States, the Coast Guard, or the Public Health Service in response to an order

Euphonium Soloist To Be Heard Saturday With U.S. Navy Band

or call to active duty shall, upon his relief from active duty under honorable conditions, be entitled to all of the re-employment rights and benefits provided by this section in the case of inductees, if he is relieved from active duty not later than three years after the date of entering upon active duty or as soon after the expiration of such three years as he is able to obtain orders relieving him from active duty."

REPAIRS HER OWN ROOFS AT 77

ALTHOUGH SHE IS 77 years old, Mrs. Bessie Hale of Los Angeles lives up to her name. The owner of considerable property, she doesn't trust professional roofers and is shown talking care of the leaks herself, applying a coat of tar to a roof. She reached the chimney on which she is sitting by climbing the rope in foreground, left. (International Soundphoto)

Red Seizure

Ahmed Soekarno

FOLLOWING the Communist seizure of the Indonesian city of Madioen, President Soekarno (above) proclaimed martial law for all workers in vital industries throughout the republic. Soekarno declared the Red coup may be regarded as the start for seizing the whole republic. (International)

The recommendation formed part of a seven-point program adopted by the conference in the interests of an improved system of highways, streets, and roads for the state. Key spokesmen for 17 statewide organizations were present at the recent meeting. Charles G. Laverty, conference chairman, presided.

At the present time, members of the State Highway Commission are appointed for two-year terms.

"New Mexico is fortunate in having highway commissioners who are most statesmanlike and sincere in their approach to highway problems," Laverty told conference members. "However, the continuity of a Highway Commission's program is often lost under a system whereby the personnel of the commission may change every two years or even less."

"Under the recommended six-year-term system," Laverty continued, "the commission would be in a better position to carry to conclusion a much-needed, long-range highway program based on the scientific determination of road needs."

The proposal contemplates the appointment at the outset of one highway commissioner for a two-year term, one for a four-year term, and one for a term of six years. Each succeeding commissioner would be appointed for a six-year term.

A second amendment to the State Constitution, which would earmark all revenues from special highway user taxes exclusively to highway purposes, was also recommended by the New Mexico Conference as a part of its seven-point program.

Known as an "anti-diversion" or "good roads" amendment, such a provision has been adopted by at least 20 states, according to Laverty.

"Without such an amendment," Laverty said, "the Highway Department cannot be sure that anticipated highway revenues actually will be available for road purposes, as there is always the danger of such

funds being diverted to non-highway purposes."

"Consequently," he told the conference, "the chances of ever realizing a long-range highway program are reduced."

As another point in its program, the conference favored the creation of a legislative interim highway study committee "to draft a sound long-range highway plan and to find the most equitable methods of financing that plan in line with the ability of the taxpayers to pay." Federal aid funds are available to help offset the cost of the study.

NOTICE OF PENDENCY OF SUIT THE STATE OF NEW MEXICO TO: Landon H. Daggett, if living, if deceased the unknown heirs of Landon H. Daggett, deceased, defendant, impleaded with the following named defendants against whom substituted service is hereby sought to be obtained, to wit: Unknown Heirs of John L. Howell, Deceased; The following named defendants by name if living, if deceased their unknown heirs, to wit: Landon H. Daggett, Ann E. Daggett, Lucy Jane Allison, L. G. Wilson, J. R. Thornton, Emma I. Thornton, Charles S. Weeks, Maple Wilson and Will Jones; and All Unknown Claimants of Interest in the Premises Adverse to the Plaintiff, GREETING:

You, and each of you, are hereby notified that an action has been commenced and is now pending in the District Court of Eddy County, New Mexico, wherein HATTIE C. EVANS is plaintiff and you, and each of you, are defendants, said cause being No. 10,762 on the Civil Docket of said Court.

That the general object of the action is to quiet title in the plaintiff against all claims of the defendants, and each of them, in and to the following described land and real estate, situate lying and being in the County of Eddy, State of New Mexico, to wit:

Lots 3, 4 and 5 in Section 2, Township 16 South, Range 26 East, N.M.P.M.

and to bar and forever estop you, and each of you said defendants, from having or claiming any lien upon or right, title or interest in or to the above described premises, or any part or portion thereof, adverse to the plaintiff; and to forever quiet and set at rest the plaintiff's title to a fee simple estate therein.

If you, or any of you said defendants, fail to enter your appearance in said cause on or before the 20th day of November, 1948, judgment by default will be rendered in said cause against each of you so failing to enter your appearance, and plaintiff will apply to the Court for the relief demanded in the Complaint.

Plaintiff's attorney is NEIL B. WATSON, and his office and post office address is Artesia, New Mexico.

WITNESS MY HAND and the seal of said Court on this the 4th day of October, 1948.

(SEAL)

'Farm Day' Will Be Observed On Tuesday, Oct. 12

The agronomy farm at New Mexico A. & M. College will be the scene of the third annual "Farm Day" Tuesday, Oct. 12, when hundreds of farmers from all over the

state and nearby areas in Arizona and Texas will hear and see the results of experiments conducted by agricultural scientists of the State Experiment Station.

The tentative program also includes an inspection of facilities at the agronomy farm, talks on soil and crop improvement, and demonstrations of new farming methods, according to Gordon B. Hoff, state extension agronomist,

who is in charge of program arrangements.

"Farm Day" will close with a meeting of the 1947 Cotton Association at 7:30 o'clock.

On Oct. 13, the New Mexico Crop Improvement Association will hold its annual meeting on the A. & M. campus.

Many of the "Farm Day" visitors are also expected to attend "Ranch Day" sponsored jointly by the college and the Forest Service, at the Jornada Range near Las Cruces Oct. 11.

Cost Of Accidents Goes Up Along With Beefsteak And Butter

The cost of an accident has gone up, along with beefsteak and butter.

The 1948 edition of "Accident Facts," statistical yearbook of the National Safety Council, shows that the total cost of accidents in America in 1947 was \$7,100,000,000 as against \$6,400,000,000 in 1946.

This includes accidental injuries that cost \$4,100,000,000 in lost wages, medical expenses, and insurance; property damage in motor vehicle accidents of \$1,100,000,000; fire losses of \$648,000,000, and other costs of occupational accidents that totaled \$1,300,000,000.

The average cost per injury in the United States last year was \$663.55. This is \$54.04 more than the average injury cost the year before.

Poultry Will Require Water for Winter

Steady Flow Obtained With Pressure System

Farmers have tried various ways of preventing water from freezing in their poultry houses in cold weather. Some simply drain the poultry line and go back to carrying water during the winter. Others, who dislike carrying water even more in the winter than they do in the summer, appear to have devised satisfactory ways of keeping their pressure water systems working no matter what the thermometer reads.

The result of one farmer's idea is shown in the accompanying illustration. It presents one of 16 waterers fashioned from drain tiles, 2 1/2 feet high and 12 inches in diameter. Pie plates, suspended a few inches below the top of the tiles, are used for drinking purposes and water flows into them on a continuous,

Ideal water heater for winter use can be installed at little cost.

year-round basis. Ordinary sink drains, located below the plates, direct the overflow into a central waste system which serves the three-story poultry house.

Wastewater spills over a hill a short distance from the building. The steady flow of water through the supply pipes, plus the fact that all such pipes are doubly protected by being located within conventional soil tiles, keeps them open all winter. To date, ice and snow have not retarded the waste outlet. The system's 500-gallon supply tank is served by a two-horsepower electric motor.

Boys Ranch Sheep Win At State Fair

Two lads from New Mexico Boys Ranch, Tony, 12, left, and Clarence, 13, pose recently with their prize-winning sheep of the DeBouillet breed which was exhibited for the first time at this year's State Fair in Albuquerque. The ewe was judged champion of the Special Wool Growers Association range sheep classes, and in addition two blue ribbons and one red ribbon were awarded the three sheep in a new classification established for this breed developed exclusively in New Mexico. A gift to the Boys Ranch from the Elks Lodges of the New Mexico-El Paso Association, the foundation herd of 25 came last fall from the A. D. Jones Ranch near Roswell. Boys Ranch, located on a 3000-acre tract in Socorro County, also exhibited fleece in the wool show. The DeBouillet is a kindred breed to the Rambouillet sheep. —Courtesy Albuquerque Journal.

Market Prices Are Above Farm Support Levels

If the housewife were paying prices for food at the government price-support level instead of the current market prices, the cost of living would be considerably lower, C. V. Hemphill, chairman of the State Production and Marketing Administration Committee, announced.

Commenting on the charge that farm price supports are causing

Herds and Flocks

Milk stumps usually is caused by fly trouble, poor pasture of both. To control flies, keep buildings sprayed with DDT and use a repellent type of spray at milking time. To bolster short pastures, feed grain or silage.

Mudholes for hogs, aside from harboring parasites and disease, are likely to cause animals to overheat. An animal plastered with mud, baked on by the sun, is likely to heat up in a hurry.

Many hogs usually bring 50 cents to \$1 less per 100 pounds when sent to market. It's easy to clean up manure with benzene hexachloride.

Farm Population Drops 10 Per Cent Since 1940

Farm population of the United States declined about three million persons, or 10 per cent, between the census of 1940 and the special estimate as of January 1, 1948. The latest farm population figure of 27,439,000, however, is more than two million larger than the total for January, 1945, when many farm residents were in the armed forces or working in war plants, census reports show.

high food prices, Hemphill said many consumers lose sight of the fact the program is not designed to keep prices high, but rather to balance the farmer's income with his cost of operations and living. The price-support level therefore rises or falls according to the relationship between the two.

"Prices for food and other things figured in the cost of living have been steadily rising since 1946," Hemphill said, "and prices of farm products generally have been above the support level since 1942. Price support operations are directed by law and have been in effect for only a few products such as potatoes and eggs.

"We also have a situation now where prices of corn and wheat are down to the support level and yet prices are still high for some meat animals, such as beef cattle, which have no price-support programs.

"For most of the important farm commodities under the support program, prices can be supported only at 99 per cent of parity. If cattle were selling at full parity, the price would be 14 cents a pound, yet the market price to farmers today is around 24 cents a pound. Hogs at the 90-per cent of parity figure would be selling at 17 cents a pound, whereas at the market price is 27 cents a pound."

Recommendations for a more flexible program which would provide even lower supports have been made by the Department of Agriculture from time to time, Hemphill said, and legislation enacted this summer provides such a program in the future. For some commodities this more flexible plan will become effective in 1949, and for others in 1950.

Hatchery Opens Part of Grounds To Hunters

The U.S. Fish and Wildlife Service will open a designated por-

tion of the Dexter Fish Hatchery grounds to hunting during the coming waterfowl season, Oct. 8 to 21, and Dec. 23 to Jan. 5. To get to the hunting grounds,

hunters must enter by the front gate on the county road east of Dexter. From this gate plain markers will direct the hunters to the parking lots. There will be three parking lots, one at each cattle guard entering the hunting area. Hunters will be required to park in the designated areas and walk to the area open to hunting.

The following regulations must be complied with: No shooting on any of the ponds, other than those in the designated hunting area; waterfowl only can be hunted; road

signs, boards from ponds, fences, or cattle guards be molested; be careful fires and extinguish immediately should one break down.

The Fish and Wildlife Service may close the property at any time such action is deemed advisable. The station agent is authorized to close the property or all of the ponds when hunting may interfere with normal operations of the

Firestone Implement Tires and Tubes

Pays to Mechanize

The mechanical age is paying dividends on the farm as well as in industry, says the Farmers and Manufacturers Beet Sugar Association. A century ago 64 man-hours of labor were required to produce an acre of wheat, now less than

10 hours are needed. One hundred fifty years ago the labor of 19 farm workers was necessary to produce the food consumed by one person living in the city — now one worker can produce for four people living in the cities.

Responsibility Is Shoulders Of Worker And Boss

Employer and employee share the responsibility of correct reporting and Social Security tax returns. The employer's responsibility is to have a Social Security card when he goes to work on a job covered under the Social Security Act, and to show the card to the employer or bookkeeper. The employer's duty is to record on his payroll the name and number exactly as the card shows and reports them, along with the amount of wages paid, on his quarterly tax return.

"Unless name, Social Security number, and amount of wages are reported correctly together, the employer cannot be given credit on records for his earnings of that period.

"A worker who has never had a Social Security account card, or has lost his card, may receive an original or duplicate card by ap-

plying to the Roswell office. Applications may be obtained at post-offices in towns where there is no Social Security office, and sent by mail. A worker whose name is not shown correctly on his account card—for instance a woman whose name has been changed by marriage—should apply at once for a change of records to correct the name, and until he receives a card with the corrected name should give his employer the name that appears on the card.

The Roswell Social Security office is always ready to help employers and employees keep wage records in order, Strickland said. They are invited to contact in person or by mail. For personal inquiry in Artesia, they may see the representative who will be at the New Mexico State Employment Service office from 11 o'clock until noon next Tuesday, Oct. 5. He invites inquiries also from persons interested in filing claims for federal old-age and survivors' insurance benefits.

Today's savings will protect tomorrow's happenings. Enroll now, where you work, for the Payroll Savings Program for the purchase of U.S. Savings Bonds.

Snake Man Coming to High School

JACK RAYMON

Jack Raymon, snake authority, will present a program, "Reptiles of North America," at an Artesia High School assembly at 3 o'clock Wednesday afternoon, Oct. 13.

Raymon might be called a "public relations specialist" who has dedicated his life to a better understanding of the reptile of North America by mankind. He comes to this work with a unique and solid background. For years he was associated with summer camps. He is a member of the American Red Cross Life Saving Corps, the New

York Zoological Society, and other organizations of a similar character. In his various contacts he has come to appreciate the need for more knowledge and less folklore concerning reptiles.

As a member of these scientific organizations he has done much to breakdown the fear and misunderstanding of that most dreaded member of our animal life, the snake.

Raymon is owner and director of the Kentucky Reptile Garden, located in the Mammoth Cave area and one of the featured attractions of Kentucky. There thousands of students and adults form a new and more realistic picture of reptiles every year.

For fifteen years Raymon has been presenting his program in high schools, colleges, universities and clubs. He has spoken more than 6000 times to an estimated total audience of 30,000,000 in 46

states. His program is recognized as one of the top attractions in school assemblies.

Raymon carries a beautiful and interesting stage set-up, featuring Indian blankets, mounted skins, and other features in the line of biology, including 15 live snakes.

It Takes More Than Money To Build Highways

Money isn't everything—especially when it comes to building new highways—the secretary of the New Mexico Rural Letter Carriers Association said at Albuquerque.

"We've got the money for road-building—in fact, more money than we ever had before in the history of our state for new highway construction," Ray Hulick, spokesman for the organization, said.

"Naturally, a lot of motorists have been asking, 'Where are the new roads? What's holding up our highway program?'"

"The answer is found in shortages of construction equipment, materials, and manpower. Our highway officials have been doing their level best to push the road program along, but they have been unavoidably held back by scarcities—to say nothing of inflated prices."

"If the motorists of New Mexico

will just be patient a little longer, they will get their reward in the new and better roads that are coming. All the signs point to the greatest road-improvement period in our state's history."

The statement issued by the New Mexico Rural Letter Carriers Association grew out of its endorsement of a plan for progressive highway development recently adopted by the New Mexico Highway Users Conference, representing organizations throughout the state interested in the long-range development of the state's road system.

The statement by Hulick said that "our officials will be commended for postponing highway expenditures until inflationary pressures and shortages have abated, thus assuring the motor taxpayers of a reasonable return on the millions they have paid in taxes."

Hangar Flying

A flight breakfast and air show is being held in Wink, Texas, Sun-

day, Oct. 17. Several Artesia pilots plan on attending.

Bernard Bond flew to Las Cruces Friday.

David H. Scott applied for flight training last week.

H. P. Termain flew to Dallas on business Sunday. He was accompanied by Mrs. Termain and Mr. and Mrs. "Sug" Hazel.

Mr. and Mrs. Herman Fuchs and family drove to Ruidoso Saturday to visit Mr. Fuchs' parents.

Virgil Standard flew to Roswell Saturday.

Bernard Bond flew to Montana Saturday.

Dr. Waggoner of Roswell flew in to Artesia municipal airport Saturday to attend a patient in Artesia.

Ground school has been changed from Friday nights to Wednesday nights because of the football games.

Maljamar News

(Mrs. Kenneth Shields) Mr. and Mrs. Cecil Holeman had as their week-end guests Mrs. Holeman's cousins, Mr. and Mrs. Ray Caviness, and son. Lon McKinstry spent the week end with Boy Scout Troop 69 of Loco Hills at Camp Baca. The troop won first place on inspection. Mr. and Mrs. Dick Hicks of Ful-

terton Field, Texas, were guests of Mr. and Mrs. Dru Taylor Saturday. Mr. A. J. McCown of Midland and Mr. J. B. Steele of Tulsa were guests of Mr. and Mrs. Ralph McGill last week. Mr. and Mrs. John Ross of Malta, Ohio, are visiting their son, George Ross, and Mrs. Ross this week. Mr. and Mrs. T. J. Crawford and family of Carlsbad were guests in

the home of Mr. and Mrs. Curtis Hoover Saturday. Mr. and Mrs. W. W. White visited Mr. and Mrs. Robert Floyd and family at Koehler, N. M., last week. Mrs. Bob Patterson honored her son, Jim, with a birthday party at their home Saturday afternoon. The children played on the lawn with Jim's pet sheep, which weighs more than 200 pounds. Those attending the party were Gary and Lonnie Ashlock, Connie Lee Cunningham, Patricia Blakley, Jimmie Wellman, Judy Loyd, Carol Kay, and Nancy Hoover, Brenda Farmer, Freddie Loyd and David O'Neal, Barbara and Bobby Ptterson, and Jeanie Carter. Patsy Vowell and Jim Patterson sent gifts. Adults present were Mr. and Mrs. John Farmer, Mrs. Odell O'Neal, Mr. and Mrs. Steve Carter, and "Ma" Payne.

The Women's Missionary Society met at the Baptist Church Tuesday afternoon of last week. Members discussed the articles of the constitution they plan to draw up in the near future. Those present were Mmes. H. C. Hunter, W. W. White, W. G. White, "Ma" Payne, and Ott Vowell. Mrs. G. W. White of Texas was a guest. Mr. and Mrs. Luther Kelley visited their son, Billy, to the circus at Lovington Sunday of last week. Mr. and Mrs. Clarence Dozier and Mr. and Mrs. Luther Kelley attended a meeting of the Future Farmers of America Wednesday evening of last week in Lovington. Rick Ashcroft and Kenneth Kelley were made chapter farmers and given silver pins. Jerry Cooper was made a green hand and given a bronze pin. A watermelon feast was enjoyed after the meeting.

The Wednesday Bridge Club met at the home of Mrs. John McMurray last week. High score was won by Mrs. Cliff Whitefield of Loco Hills. Mrs. Zealy Edwards was a guest. Those present were Mrs. S. E. Chipman, Mrs. Harold Adams, and Mrs. W. McClendon of Loco Hills, and Mrs. E. R. McKinstry. Mr. and Mrs. W. D. Wilson were surprised Monday night of last week with a "42" party in their home. Those attending were Mr. and Mrs. John Leo and Mr. and Mrs. J. C. Davis. Mrs. Wilson and Mrs. Leo won high scores.

Maljamar was the meeting place of Kewanee Oil Company and Buffalo Oil Company officers Monday of last week, a Mr. Smith, president of the Kewanee Oil Company and John Church of the Pennsylvania office; J. B. Steele of Tulsa; A. J. McCown of Odessa, and Ralph McGill of Maljamar. The Buffalo men were M. B. Taubman, vice president; M. G. Ellis, W. E. Scott, and Ralph Gray of Artesia.

Clyde Clevenger, formerly of Maljamar, came to Maljamar last Thursday seeking blood donors for his nephew, who is ill in a Dallas hospital. He took blood packed in ice to Dallas. Blood donors were Zealey Edwards, Calvin Harmon, and Milton West. The hospital accepted any type blood to supply their blood bank. C. C. Ochenrider was called to the bedside of his father, who is seriously ill in Oklahoma City. Mr. and Mrs. Leonard Nichols of Dallas were in Maljamar last week attending to business. Mrs. Jesse Ward, Mrs. Ott Vowell, and Mrs. O. H. Goodman were co-hostesses at a baby shower given at the home of Mrs. Oscar Loyd Friday afternoon. Those winning prizes were Mrs. Luther Kelley, Mrs. Clarence Dozier, and Mrs. John McCauley. Safety pin storks in marshmallows were party favors. Pink cake and punch were served to Mmes. Jimmy Wellman, J. C. Leverett, Alexander, "Ma" Payne, J. C. Davis, George James,

W. W. White, John Leo, Ralph McGill, Cecil Holeman, Odell O'Neal, Son Taylor, and Kenneth Shields. Those sending gifts were Mmes. James McMurray, Jimmy Cunningham, Stev Carter, Dru Taylor, T. Davis, and M. P. Blakley. Mr. and Mrs. Dru Taylor left Monday of last week on their vacation. They went to Hot Springs. Oscar Loyd and Odell O'Neal went to El Paso last week end to be with Newt Loyd, who had his foot amputated three inches below the right knee. John Patterson of Gatesville, Texas, is spending this week visiting his sister, Mrs. M. P. Blakley, and his brother, Bob Patterson. Rev. and Mrs. James Barton were dinner guests of Mr. and Mrs. Jesse Ward Sunday of last week. Mr. and Mrs. Norman of Gladwater, Texas, were visitors here Monday of last week. Betty Johnson and Julia Haril-ton of Lovington were week end guests of Angie Mae Ward. Keyton Roberts of Mayhill was a guest of Mr. and Mrs. Zealey Edwards last Thursday. Mr. and Mrs. Ray Anderson and Mr. and Mrs. Woodrow Williams went to Carlsbad Monday of last week. Mr. and Mrs. A. W. Golden took their son, Billy, to the circus at Lubbock Wednesday of last week. Mr. and Mrs. John Leo were dinner guests of Mr. and Mrs. Grady Richards in Lovington Saturday night. Mr. and Mrs. H. E. Rich and daughter spent last week end in Carlsbad visiting her mother, Mrs. E. V. Sweet. The Buffalo Oil Company staked a new location last Thursday, the Boich 20-A, 21-17-32. Mr. and Mrs. Jimmy Cunningham spent Monday night of last week in Carlsbad. Mr. and Mrs. John Pruitt visited her parents, Mr. and Mrs. L. J. Kelly, and Mr. and Mrs. John McMurray Wednesday of last week. Mr. and Mrs. Kenneth Shields were dinner guests of Mr. and Mrs. Dale Kennedy last Thursday evening. Mr. and Mrs. E. R. McKinstry joined the group later and all enjoyed a rummy game. "Ma" Payne went to Loco Hills Tuesday of last week to visit her daughter, Mrs. Ken Whitley, and Mr. Whitley. She returned Friday. M. P. Blakley was ill at his home last week from a back ailment. Mr. and Mrs. John Cline are new residents in Maljamar. They moved here from Westbrooke, Texas. They have moved to the C. J. McLaughlin-Casden lease on top of the Caprock. Mr. and Mrs. Ira Pleasant took their daughter, Wanda, to the circus in Lubbock Wednesday of last week. They spent the night in Littlefield with Mr. and Mrs. J. D. Mason. Mr. and Mrs. Joe Reeves of Carls-

bad were guests of Mr. and Mrs. Curtis Hoover last Thursday afternoon. Men of Maljamar attending a dinner given in Artesia Monday night of last week for the Kewanee Oil Company by Barney Cockburn were Ralph McGill, T. Davis, and Jimmy Wellman. Mrs. Earl Wilkes and daughter were guests at a birthday dinner Tuesday evening of last week for her sister, Mrs. J. C. Davis. Guests Sunday of last week of Mr. and Mrs. Clarence Dozier's were Mr. and Mrs. Luke Taylor and Mr. and Mrs. "Hoot" Alridge of Lovington. The Kewanee Sewing Club met at the home of Mrs. Kenneth Shields last Thursday. Those attending were Mmes. Ira Pleasant, Ralph McGill, W. D. Wilson, Luther Kelley, O. H. Goodman, John Leo, and J. C. Davis. Mr. and Mrs. Ludie Lynn and daughter of Midland, Texas, were guests of Mr. and Mrs. Clarence Dozier Tuesday of last week. Mr. and Mrs. Milton West and family left on their vacation last Thursday. They planned to visit his parents in Roswell and relatives in Little Rock, Ark. Mr. and Mrs. Olen Ashlock went to Kermit Tuesday of last week to visit his brother, Orville Ashlock. The Fellowship Club met after church Sunday of last week. Cookies and punch were served. Mrs. Jesse Ward and Mrs. Oscar Loyd were with the group. Rev. C. Fields of Loco Hills was a guest last Thursday of Mr. and Mrs. C. R. McKinstry. Rev. and Mrs. James Quorels of Buckeye were guests of Mr. and Mrs. W. G. White and Mr. and Mrs. Ott Vowell last Thursday. Children and pets in the parade at Lovington last Thursday included A. C. Taylor II and his dog; Peggy Vowell and her chicken; Dru Ella Holeman, dressed as an old fashion girl; Judy Loyd, as Bo Peep, and Jimmy Patterson and his sheep. Mr. and Mrs. J. E. Pruitt of Fort Sumner moved into the Suppees Drilling Company house formerly occupied by Mr. and Mrs. Dale Kenedy. The Kennedys moved into a new house in the same camp.

CARD OF THANKS It is with the deepest gratitude we express our thanks for your thoughtful expression of sympathy—Paul Raglin and family. 41-11p

IN THE PROBATE COURT OF EDDY COUNTY, STATE OF NEW MEXICO

IN THE MATTER OF THE LAST WILL AND TESTAMENT OF ALEXANDER ST. CLAIR EMMONS, DECEASED.

No. 1421 NOTICE OF HEARING ON FINAL ACCOUNT OF EXECUTRIX THE STATE OF NEW MEXICO

TO: Mary Carter Emmons, All Unknown Heirs of Alexander St. Clair Emmons, deceased, and All Unknown Persons Claiming Any Lien Upon or Right, Title or Interest in and to the Estate of Said Decedent, Greeting:

Notice is hereby given that Mary Carter Emmons has filed her final account and report as executrix of the above estate, together with her petition for discharge as executrix, and the Honorable Zury White Judge of the Probate Court has set the 8th day of November, 1948, at the hour of 10:00 o'clock A.M. at the Probate Courtroom in Carlsbad, Eddy County, New Mexico, as the day, time and place for hearing said Final Account and Report and any objections thereto.

At the same time and place the Probate Court will determine the heirship of said decedent, the ownership of his estate, the interest of each respective claimant thereto or therein, and the person entitled to the distribution thereof. Donald S. Bush is the attorney for the executrix and his address is 216 Booker Building, Artesia, New Mexico.

WITNESS my hand and the seal of said Court on this 4th day of October, 1948. (SEAL)

MRS. R. A. WILCOX, County Clerk and Ex-Officio Clerk of the Probate Court. 41-4tc-44

YOUR NEWSPAPER helps your COMMUNITY PLANNING

A great future is ahead for our community! Many new homes, business and residential, will be established. Materials not available previously as consumer goods since the war, will permit vast community improvements of every kind. The span of roads leading to and from this city will be better developed, broad and beautiful. The educational facilities offered our youth will be brought to the highest pitch of progressiveness and efficiency from nursery age to high school age needs. And through all these channels, your newspaper will work, bringing you news, business statistics, and uniting all members of the community in best using their efforts to further postwar progress.

Depend on The Advocate to bring the Artesia community up to date in all things! Keep abreast of what is happening, by reading your newspaper without fail. And remember that the hard-won freedom we are now fighting for is symbolized in the simple act of your free press—and finding in it the unveiled truth about all things, of local and domestic interest.

The Action Film Recommended For Family Audiences

Public's eagerly awaited "Old

Don't Stand Still!

A big portion of your progress depends upon vision—yet thousands of people unconsciously retard their advancement by neglecting their eyesight.

They don't seem to understand that properly fitted glasses mean comfort and a better grasp of things—progress.

Let us aid your progress—earn the truth about your eyes through scientific examination. If you require glasses, we can supply you the right kind.

Dr. Edward Stone
Optometrist

Los Angeles," starring William Elliott, John Carroll, Catherine McLeod and Joseph Schildkraut, will open Sunday at the Landsun Theater for a three-day run. It is a film which is custom-made for those who prefer a red-blooded story which combines entertainment, historical facts, and robust action.

The stellar trio so outstanding as stars of "The Fabulous Texan" is teamed again by popular demand. The long-time favorite, Joseph Schildkraut, is added to make this a four-star picture, literally and figuratively speaking.

The glamorous days of early Los Angeles furnish the background for the plot, set in 1848. Elliott is a young-Missouri frontier marshal who journeys to California to join his brother in gold prospecting. Upon his arrival, he learns that his brother has been murdered by one of the outlaw ring which controls the city. A righteous vengeance to track down the assassin becomes the dominating factor of the Missouriian's life.

The first of his top suspects is charming but ruthless Johnny Morrell, a role which John Carroll brings to life realistically. The second suspect is gambler Luis Savarin, played with his customary

finesse by Joseph Schildkraut. Lastly is a lovely singer and dancer, delightfully portrayed by Catherine McLeod.

The investigation is tense throughout. It is complicated by one unexpected event after another, and then by the machinations of a misguided Mexican girl, played by Estelita Rodriguez. The plot proceeds to build up to an exciting climax in which the outlaw responsible for the city's rampant lawlessness pays for his crimes.

Producer-director Joseph Kane, an old and able hand at this type of action movie, has outdone himself on every score. "Old Los Angeles" is heartily recommended to the family audiences because it weaves together educational values and wholesomeness without sacrificing an iota of enjoyment or diversion.

Bulletin Shows State Economic Activities Grow

The September issue of New Mexico Business, monthly bulletin of the University of New Mexico Bureau of Business Research,

claims that economic activity in New Mexico is following the state's motto, "We Grow as We Go." Contradicting again the United States Bureau of Census, Director Ralph Edgel places an estimate on New Mexico's population at approximately 667,000, as based on the count of schoolage people made by the state's public schools.

Other information, says Edgel, bears this estimate out with non-agricultural employment increasing about 70 per cent since 1940 and retail sales up 300 per cent for the same period. For the same seven years, banking resources of the state have grown about 50 per cent, while records of the New Mexico School Tax Division indicate that the business population is up 40 per cent over the 1940 figure.

Contrary to normal expectations, because of seasonal variations, July sales for such things as apparel, automotive, subsistence, furniture and appliances, and building materials were considerably higher, said Edgel. In all, July retail sales over the state were up 18 per cent over the same period one year ago. This amount is double the increase estimated for the United States as a whole by the Department of Commerce.

Cash farm receipts in New Mexi-

co, always a fair criterion of the economic situation, are up enormously since 1940, the bulletin says. New Mexico farmers have received an increase in the last seven years of 217 per cent as against 260 per cent for U.S. farmers as a whole. The importance of the livestock industry in New Mexico is shown by the fact that from 62 to 73 per cent of the total has come from livestock sales with only 52 to 60 per cent of the U.S. total receipts from such sales.

Other subjects treated in this issue of the bulletin are employment and electric power, with various graphs on retail sales; cash farm income, and comparisons of the current month with the same month of last year.

Disabled Vets In Region Receive Free Automobiles

Disabled veterans in Colorado, Utah, New Mexico, and Wyoming who have received some type of free automobile under the law providing cars for veterans who lost a leg or the use of a leg in World War II total 437, the Veterans Administration announced.

Of these, 199 are in Colorado, 102 in New Mexico, 97 in Utah, and 39 in Wyoming. Only 28 eligible veterans have yet to obtain cars, it was said. Vehicles furnished veterans in this area cost the government a total of \$695,023, an

average of only \$1362 instead of the maximum \$1600 permitted. Four hundred twenty veterans obtained new cars, six purchased used machines, one took a jeep,

two preferred tractors, and eight settled for trucks. Esterbrook pens, the students' favorite. Advocate office.

He chooses sweet hearts by the thousands...

Good celery has to have a heart that's sweet and tender. So that's one of the things our buyer looks for when he chooses celery. He buys celery by the thousands, is an expert at picking out stalks which will eat best.

You put this specialist to work for you when you buy celery at Safeway. Celery you find here has been selected in the growing area by our own buyer. He actually visits the fields to check quality. Only those with crisp, tender, sturdy stalks, free from defects, get his o.k.

And celery is just one example. All our vegetables and fruits are chosen with the same personal care. We go where they grow, control quality from farm to you.

Enjoy the better eating this personal selection assures. Let Safeway supply all your produce needs.

HEARTY MEALS can be easy meals

COOKED ELECTRICALLY

There's little "kitchen heat" from an electric range, even when you have all the cooking units and the oven in operation. When you cook electrically, you use only enough current to heat the cooking utensil, none is wasted to heat up your kitchen. With dependable electricity, and the scientific construction of heating units on your electric range, you can cook many dishes with the cooking unit "off," once it's heated.

Those are just a few of the reasons why more and more folks are going "all-electric." Look over the new ranges, refrigerators, roasters, and other appliances and see if you, too, won't want to go "all-electric."

You'll find electric living is low-cost living.

See your favorite appliance dealer soon about better living—electrically.

SOUTHWESTERN PUBLIC SERVICE COMPANY

24 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE
