## Track Records Fall During Meet On Current Status

### Around 35 Teams Here Represented Many Schools

By: Coach Tom Duncan

This past weekend at Benny Douglass Stadium, Muleshoe High School played host to a number of boys and girls varsity and junior varsity track teams.

The competition was of a high caliber with numerous records

Bailey County Extension Homemakers Council will sponsor skating Friday night at the Bailey County Coliseum.

Admission is \$1 per skater for the 7-9 p.m. skating and door prizes will be given.

Tonight, Thursday, the Muleshoe Production Company will conduct a public meeting at 7 p.m. at the Muleshoe High School auditorium.

Coordinators of the Production Company ask that the entire community turn out to help plan for a play to be presented in Muleshoe this summer.

Regardless whether or not you have acting ability, there will be plenty for everyone to do to help with the production.

Coach Tom Duncan said the Boys' Track team will leave for Olton at 7:15 Saturday morning from the bus parking lot at high school.

A life-size clown is being given away for the benefit of the Lisa Triana Memorial Scholarship Fund.

Donations of \$1 each are requested for tickets.

Tickets are being sold at Leal's and Ana's House of Beauty.

If you wish to make a donation, a fund is established at First Bank.

Family and friends say your contribution will be deeply appreciated.

Todd Bessire, Muleshoe, has been elected to membership in the American Angus Association, reports Dick Spader, executive vice president of the national organization with headquarters in St. Joseph, Mo.

He is the son of Travis and Sue Bessire of Muleshoe.

being broken.

The hometown Mules were well represented in effort and improvement in times and distances. The top performers were Michael Dunham, with a first in the shot put and a second place finish in the discus. Richard Ring had a second place finish in the 3200 meter run; Daniel Olivas with a third in the 100 meter dash and a strong second place in the 200 meter dash; and Chad Griswold tied for sixth place in the high jump to round out the Mule scoring for the day.

The Mules earned a seventh place finish out of fourteen teams represented. The Muleshoe boys varsity team saw steady improvement of their times and distances.

Senior Chris Young ran number seven, 100 meters, narrowly missing the finals. Junior Clay Van Sandt saw great improvement in 200 and 400 meter dash times and ran a fine leg on the mile relay.

Junior Charlie Reyna saw nearly a full half second improvement in the 100 meter dash and also improved his distance of his long jump.

Senior Jeff Hicks did a fine job in competing in the 400 meter dash preliminaries, and I was very proud of Jeff because he is coming off a broken leg suffered during football.

Sophomore hurdler Sergio Garcia saw improvement in both his high and intermediate hurdles times during the prelims. Junior Clarence Lewis did well in the long jump with a distance of over 18 feet, but fell short of the qualifying standard needed to be measured.

Sophomore Juan Pacheco set a new personal record in both the 800 and 1600 meter runs and within the last event of the day, the 1600 meter relay team of Van Sandt, Reyna, Reyes and Senior Daniel Olivas, ran a fine race and just barely missing placing in the top six. Their time was 3:45.12.

The Muleshoe Relays had stiff competition this year and I felt that the Mules responded by realizing improvements in all their performances. Both Coach Jim Stewart and I can see that we are improving at a steady rate and we will continually remind our thinclads that we are working towards the best times possible at the district meet.

Not to be forgotten are our Freshman boys who garnered a

SUDAN'S WOMAN AND MAN OF THE YEAR--During the annual Sudan Chamber of Commerce and Agriculture Banquet last Saturday night, Ann Carson and Mike McDonald received the Woman of the Year and Man of the Year Award. (Journal Photo)

## Sudan CofC Honors Several Residents

It was a brilliant black and gold decor for the annual Sudan Chamber of Commerce and Agriculture Banquet Saturday night, with "Hornet Pride," emblazoned across the speaker's area.

And, it was indeed, "Hornet Pride" night for the Sudan residents who crowded the Sudan High School cafeteria, to such an extent that extra dining tables were required.

Admission to the banquet was a covered dish, vegetable, salad or dessert, and those attending the banquet enjoyed a myriad variety of foods and meats, from barbecue brisket, through roast beef and baked chicken breasts.

Speaker for the evening was Sudan School Superintendent W. V. 'Willie' McAlpin, who reminisced about the days when he started school in Spur (TX) in 1939, through today.

More than 20 years ago,

## Health Dept. Reports One Measles Case

Jo Anne Head, R.N. with the Texas Department of Health has reported a case of measles (Rubeola) has occurred in a Muleshoe school student.

A free measles immunization clinic was held Wednesday, March 22, at the Muleshoe High School cafeteria, 10 a.m. to 3 p.m., including the noon hour.

Mrs. Head said those needing immunization boosters are:

High school students who received their measles, mumps and rubella vaccine before they were 15 months old;

Junior high and elementary students who were immunized before 1980;

Adults under 33 years of age who have not had the measles or have not been immunized since 1968.

Also, according to the nurse, it is very important that all infants 15 months of age or older who have not had an MMR immunization be immunized immediately.

Call the Texas Department of Health at 272-5561.

Superintendent McAlpin was Athletic Director and Head Football Coach in Muleshoe.

During his talk, he said only six percent of the families in the U. S. today are considered 'traditional' families where the father works, the mother stays at home, and they have two children in school.

He talked about the single parent families and the poor.

## City Council

### Discusses MAIF

### Tax Abatement

Three of the five-member city council was present for a rather short meeting Tuesday morning at the Council Chambers in the Muleshoe City Hall.

Although no action was taken during the meeting, City Manager Dave Marr discussed with the councilmen the proposed economic incentives, including tax abatement and reinvestment zones for the Muleshoe Area Industrial Foundation.

He said the Industrial Foundation asked the city, county and school to develop a tax abatement policy. Marr explained that a tax abatement could be in any percentage of 0-100 percent for 1-15 years.

The city, county and school will conduct a joint public hearing at 7 p.m. today (Thursday) in the district courtroom at the Bailey County courthouse to attempt to establish the same guidelines for each of the three entities.

In other informal discussions, Marr told the council that the Bill creating the Muleshoe Hospital District is to be voted on in the Senate and House this week.

Marr told the men that the Texas Department of Commerce approved paving areas and slate gray and polar white paint was chosen for the new hangars at the airport. Completion date of the hangar is May 28.

The city council accepted a resignation from Councilman Ronnie Shafer, who has moved from Muleshoe. A special meeting will be held Tuesday, March 28, at 8:30 a.m. to name a new council member to complete the one year left in Shafer's term.

"Muleshoe people have class, and style," said West Plains Medical Center Administrator John Chisholm, who gave a hospital update to the Muleshoe Rotary Club on Tuesday at noon.

According to the administrator, he has lived in other rural communities, but has never lived in a community as receptive as

Muleshoc.

"I appreciate the people who have been listening, speaking and the support you have come up with," he said. "I have had nothing negative, no criticisms, but have had proposals and suggestions."

Chisholm talked about plans to help get the hospital 'on it's feet, financially' and steps he is attempting to take to make it long-range plans.

With little cash flow at the hospital, Chisholm said he appreciates the people who are owed money by the hospital for their patience with him as he tries to set up a method to pay the hospital's bills. "We need products and services in the hospital to keep operating," he commented, "but I am getting with the people in the office to set up a plan to pay our bills in the next months."

He expressed pleasure over an anonymous donation, taken to the hospital by John Smith, manager of the Muleshoe CofC to help get repairs for the heating and air conditioning at the hospital. He said the \$4,500 donation came at a perfect time to help with that major expense.

According to Chisholm, James Pollock, a master electrician has been hired and is economically making repairs all over the hospital, using his expertise to cut repairs to a fraction of what they would cost otherwise.

He spoke of problems in the kitchen and housekeeping areas, and said they are trying to 'get a handle' on how to manage the necessary repairs.

Chisholm explained the necessity of a good water treatment system, saying such an expenditure is very important to the entire operation of the hospital.

He then went into collections, saying they are working on collections of past due accounts at this time. They have mailed out over 130 registered collection letters; have filed six in justice of the peace court; and have turned others over to the Retail Merchants Association for collection.

Work begins next week on an operating budget for the hospital and the administrator expects to

In October, 1988, Bob and Susan Copeland took a very big step. On learning there was no Credit Bureau in Muleshoe, and that there had not been an active Credit Bureau for a number of years, they elected to start a new business.

They opened Retail Merchant's Association of Muleshoe, and tied in through computers, with Retail Merchant's Association of Lubbock.

Local businesses responded well to the new operation, and during the nearly six months of operation, RMA of Muleshoe has expanded to where credit files of some 165 million people and businesses are available to the local RMA.

Last Month, at the end of February, RMA switched to the CBI Network, which enables Muleshoe RMA to be able to handle your credit needs nationally, as well as portions of overseas markets.

Bob and Susan also have a monthly newsletter and say they would like to express their appreciation to the businesses who have chosen to utilize their services, which also includes account collections, check collections, employment checks and pre-rental checks. Call them at 272-3221 for your complete credit needs.

## Lazbuddie Notes

Four Lazbuddie students placed at the Parmer County

Spelling Bee, which was held Tuesday, March 14, at Farwell. Fourth grader Travis Barber placed 4th, and fifth grader Julie McDonald placed 5th at the junior bee. In the senior spelling bee, sixth grader Rachelle Rice placed 3rd, and seventh grader Jarah Redwine placed 4th.

Congratulations to these Lazbuddie students!

The Lazbuddie U.L.L. One-Act Play was chosen as the alternate play and four students were awarded acting prizes at the Zone competition which was held on March 13, at Sudan. The competition began at 2 p.m. Lazbuddie's play, "Of Winners, Losers and Games," by O.B. Rozell, began at 4:45. Sudan and Springlake-Earth were the two schools to advance.

The Lazbuddie students felt great about their performance. Senior Donnie Holt and junior Michael Williams were selected to be a part of the Honorable Mention All-Star Cast, and seniors Jonesa Jennings and Scott Miller were placed on the All-Star Cast.

Director Hardy Carlyle was pleased with his students. "We didn't have any weak actors, and

all fourteen were strong, even the stage crew. They did pretty good, and if there had been more than just one judge, the results may have been different."

Friday, March 10, Lazbuddie students Elsa Mendoza and Diana Cozby traveled to Odessa to attend the Regional FHA meeting. They were accompanied by their advisor, Mrs. Barbara Lust, and her husband, Glenn. They first went to Permian High School where they attended the Star Events, a forum for FHA ideas. Afterwards, they had time to have a swim and relax at their hotel, the Holiday Inn.

Saturday morning, they attended the first general session in the ballroom of the hotel. They heard Laurie Stewart's speech, "Reaching New Heights." When asked about the speech, Elsa replied, "It kept me awake."

The afternoon session included a series of workshops. The students attended the Leadership Workshop and "Teens Issues," while Lust attended "Searching for Tomorrow."

The second general session included the awards presenta-

tions and the installation of officers.

Lust stated, "It was a good meeting, and I felt it was worth the time of going."

The Longhorn track team traveled to Loop, Saturday, March 11, to participate in the Loop Six-Man Track Meet. Michael Williams placed first in the mile and the 2-mile races, breaking records in both events. Amy McGehee placed first in the 100 meter run, sixth in the 400 meter run, and sixth in the triple

jump. Scott Miller placed second in the 300 meter hurdles and fourth in the 110 meter hurdles. Manuel Marrufo placed fourth in the 400 meter and sixth in the 200 meter. Luis Gonzales placed third in the pole vault.

The Lazbuddie girls golf team traveled to Farwell for a golf tournament on Tuesday, March 14. The team placed 2nd, and Ginger Jesko tied for 3rd as an individual. Congratulations to the team!

**ACTION IN THE MULE KICKER RELAYS**--Erin Kelley, left, has just taken the handoff from Jill Foster, far right, in the Mule Kicker Relays in Muleshoe last Saturday. The Mulekettes showed well in the track meet, which hosted some 35 teams. (Journal Photo)

**TAKING A RUN AROUND THE TRACK**--Richard Ring finished second in the 3200 meter run during the Mule Kicker Relays in Muleshoe. Ring, who is a senior, has proven to be a strong runner for MHS since he's been a student here. (Journal Photo)

### Three Way News

Mr. and Mrs. Joe Sowder were in Lubbock Thursday on business.

The gin manager, Marvin McCaul and family and most of the Maple Gin board and families are in San Antonio attending the annual ginners convention.

Rev. and Mrs. James Gillentine from Lubbock and Mr. and Mrs. Kenneth Fox from Clovis spent Saturday with their mother, Mrs. H.W. Garvin.

Mary Ann Toombs from Muleshoe spent Saturday with her grandparents, the H.C. Toombs. Mr. and Mrs. Toombs took her home Sunday and attended church in Muleshoe then on to Clovis for lunch.

Mr. and Mrs. Robert Kindel and Mr. and Mrs. Bob Holey were dinner guests in the Cliff Heinrich home Sunday.

Mr. H.C. Toombs spent part of the week fishing at Lake Kemp.

Mr. and Mrs. Kenneth Fox aunt, Mr. and Mrs. George Tyson Saturday evening.

Several families from the community went to San Antonio on spring break to Sea World and other places of interest.

Mr. and Mrs. Jack Lane, Millisa, and Jonithan and Mr. and Mrs. Obie Standard visited the V.A. Lanes in Littlefield Saturday.

The Three Way track team was in competition at the track meet in Grady Saturday.

Mr. and Mrs. Morris Gant visited Mr. and Mrs. Bud Huff Sunday afternoon.

Mr. and Mrs. Joe Sowder visited relatives in Farwell Saturday evening.

Mr. and Mrs. Robert Kindel and Mr. and Mrs. Bob Foley visited the Jerry Damrons in Needmore Sunday afternoon.

There has been several serious grass fires in the community the last several days.

Mr. and Mrs. Bill Dolle and Darla were in Lubbock Wednesday on business.

Robin Kindel from Angelo State University and Stacie Kindel from South Plains College in Levelland spent the week end with their parents, the Bobby Kindles.

Belenda Dolle and a friend from Lubbock spent Saturday with Belenda's parents and sister, the Bill Dolles.

## Creative Living

by Sheryl Borden

Information on Vintage Fruit Sauce, spices and the whole enchilada, will be featured on "Creative Living" on Tuesday, March 28 at 12 noon and repeated on Saturday, April 1 at 2 p.m. on KENW-TV. (All times are Mountain.)

Polly Murray, Manager of Consumer Affairs with McCormick and Co. in Baltimore, MD, will explain what spices enhance what foods and tell how to use different spices and spice combinations to help eliminate unwanted sodium from your diet.

Jane Butel, founder and president of the Pecos Valley Spice Co. in New York, will demonstrate making the whole enchilada--featuring the traditional Santa Fe style red chili sauce.

Fran Smith, home economist with Universal Foods, will demonstrate some very tasty ways to serve Vintage Fruit Sauce. Universal Foods introduced a special recipe using yeast to ferment fruit several years ago--thus creating a fruit sauce with a deliciously different vintage flavor.

On Tuesday, March 28 at 9:30 p.m., and Thursday, March 30 at 12 noon, "Creative Living" will feature segments on barbecuing, mustard, and making gifts from the kitchen.

In this age where time and convenience counts, barbecuing fits the way we live. In fact, seventy-nine percent of American families own barbecue grills. Betty Hughes, representing Weber-Stephen Products in Palatine, IL, will discuss the difference between gas and charcoal grills, and talk about different methods of cooking on grills as well as the variety of foods that can be cooked outdoors.

Charlie Powell, chef and restaurant owner representing the American Spice Trade Association, will demonstrate a

recipe for making your own mustard along with other tips on using this fascinating spice.

The flashback segment will feature making gifts from the kitchen. Linda Behrends, home economist with the American Soybean Association will share several culinary creations--all from the kitchen that can be used for a friend's birthday, a housewarming, a hostess thank you, or a welcome to a new neighbor.

"Creative Living" is produced and hosted by Sheryl Borden. The show is carried on more than 100 PBS stations in the United States, Canada, Guam and Puerto Rico and is distributed by Pacific Mountain Network, Denver, CO. Viewers can request copies of printed materials offered on the show by calling on KENW-TV's toll-free telephone lines between 8 a.m. and 5 p.m. In New Mexico, the number is 1-800-432-2361, out-of-state: 1-800-545-2359 and Portales and Roosevelt County: 562-2112.

**CHILE CON QUESO**  
 1/2 cup vegetable oil  
 1/2 cup finely chopped onion  
 1 clove garlic, finely minced  
 1 medium tomato, chopped  
 1 lb processed cheese, cut in 1" cubes  
 3 tablespoons finely minced jalapeno peppers (and juice, to taste)  
 1 tablespoon flour  
 1 package tostadas  
 1 1/2 oz. can evaporated milk  
 1/2 cup cubed monterey jack cheese

Heat oil in heavy saucepan. Add onion and garlic and saute until onion is translucent, about 3-5 minutes. Stir in flour. Remove from heat. Slowly add evaporated milk and remaining ingredients. Cook and stir until thick and smooth, about 5 minutes. Serve warm with tostadas.

LAZBUDDIE STUDENTS--(L-R) Craig Russell, Erin Jones and Leland Brockman, all members of the Lazbuddie Junior High School band, recently made the Region XVI Junior High Band. Three hundred-fifty students tried out for the 100 chairs in the band. (Guest Photo)

## Lazbuddie Students

Make Region

XVI Band

Leland Brockman, Erin Jones, and Graig Russell were selected to be a part of the Region XVI Junior High Band Tuesday, January 24, at New Deal High School. Twenty-two schools and over 350 people tried out for 100 chairs in the band. Leland received third chair in the tenor sax section, Craig received third chair in the tuba section and Erin Jones received eighth chair in the clarinet section.

The students practiced in Lubbock, Thursday evening, all day Friday, and Saturday morning. Saturday evening, they performed at Monterey High School along with six other honor bands from schools in the area.

Becky Jones, band director at Lazbuddie High School, stated that this was a "fun learning experience for these three students. I hope that many more students will try out next year."

## AARP Report

The Muleshoe branch of AARP will meet at 11:30 a.m. Friday, March 24 in the Bailey County Civic Center.

Irvin St. Clair will present the program and it will be on the early businesses in Muleshoe.

Many who flee from evil do not understand that it is in their hearts.

### 60 Years Ago

**METAL PLANE WITH WIDE CABIN CARRIES 20 PERSONS**  
 A cabin 14 feet wide and having accommodations for twenty passengers, is one of the chief features of an all-metal monoplane which has been designed for fast service between New York and Chicago. The broad, flat shape of the cabin conforming to the pattern of the wing, it is expected to contribute to the ship's sailing qualities. The plane has two motors of 650 horse power each; its landing wheels fold up into recesses in the bottom of the cabin while in flight, to decrease wind resistance, and a powerful ninged searchlight, which may be adjusted to different angles has been installed in night landing. A speed of 175 miles an hour is expected.

### 50 Years Ago

**FARMERS SHARE THE SMALLEST**  
 The typical workingman paid \$321 for food his family consumed in 1938, and of this the farmer received \$130 for his part in raising the products. The rest, \$191, went to transportation agencies, processors, and distributors.

The farmers share of the consumers food dollar is 1938--40 cents-- was the smallest in four years. The figures were compiled by the USDA Bureau of Agricultural Economics.

The calculation was based on a list of eight foods consumed annually by a typical working man's family. The 40 cents received by the farmers in 1938, compares unfavorably with 45 cents in 1937. The lowest mark in 26 years was in 1932, when the farmer received only 33 cents of the consumer's food dollar. The highest mark was reached in 1917, when producers received 60 cents of the consumers food dollar only 40 cents went for process and distribution cost.

**RECEPTION HONORS GLADYS BLACK**--Friday afternoon, co-workers of Mrs. Gladys Black honored her with a retirement reception in the basement of the Bailey County Law Enforcement Center. Her co-workers presented her with a money tree and a picture album with a picture of her co-workers. Mrs. Black is retiring from the Driver's License Division of the Texas Department of Public Transportation after 21 years and four months of service. She stated that she had enjoyed her job and will miss the public, "but, I will still be around." She has no immediate plans other than enjoying her family and friends. (Journal Photo)

**Heath Scott National Award Winner**

Heath Scott, son of Ronald and Joyce Scott, has been named a United States National Award winner, according to an announcement made by the United States Achievement Academy. A Muleshoe High School student, Scott was nominated for the award in Science and was nominated for this National Award by Mike Summers, science teacher at MHS. "This award is a prestigious honor very few students can ever hope to attain," said Dr. George Stevens, Executive Director of the United States Achievement Academy.

coaches, counselors or other school sponsors and upon the Standards of Selection set forth by the Academy. The criteria for selection are a student's academic performances, interest and aptitude, leadership qualities, responsibility, enthusiasm, motivation to learn and improve citizenship, attitude and co-operative spirit, dependability, and recommendation from a teacher or director.

Scott is the grandson of Myrtle Puckett, and Mr. and Mrs. R.L. Scott, all of Muleshoe and the great grandson of Mrs. J.L. Scott also of Muleshoe.

"Recognizing and supporting our youth is more important than ever before in America's history."

"The Academy selects USAA winners upon the exclusive recommendation of teachers,

Alyssa Mae Shepard

The Shepard family of Muleshoe wish to announce the arrival of a baby girl. The proud parents are Keith and Karen Shepard. The very proud big brothers are Jason, four; and Nathan, 22 months.

Their baby sister, Alyssa Mae, was born at 6 a.m. on Wednesday, March 8 at Lubbock General Hospital. She is 19 and four inches long and weighs six pounds and seven ounces.

Grandparents are Agnes Smith of Muleshoe and Lloyd and Jeanie Shepard of Lincoln, Missouri.

Great grandmother is Nettie Mae Long of Muleshoe.

**Watson Junior High History Fair Winners Announced**

During Public School Week, Watson Junior High School held a History Fair. All projects that were awarded Grand prize ribbons as well as first and second place will compete in Plainview later in the spring.

Misty Richardson was the sixth grade Grand Prize winner. First place ribbons went to Tiffany Copley, LaTonya Payne, Nathan Noble, Crista Trussell, Emily Bomer, Todd Shipman, and Fara Black.

Chris Edwards, Holly Donaldson, David Bevers, Mikki Bowen, and Linda Berry all received second place ribbons.

Third place ribbons were presented to Gilbert Castorena, Tommy Day, Gage Tosh, Johnny Cooper, Ryan Clapp, Alfredo Gonzalez, Monica Gonzalez, Candelario Rodriguez, Jack Bush and Troy Maxwell.

Those receiving honorable mention were Josh Lindt, Chad Page, April Sawyer, Gregoria Marrufo, and Jose' Mendoza.

Winners from Mrs. Mut-

schler's seventh grade Texas History class were as follows: Ronnie Stevens, Grand Prize; Kalam Puckett, Andy Wilson, Emily Harris, Ruben Saidana, April Franklin, and Shawna Delaney, First Place.

Second place winners were Kelli Caldwell and Stephanie McNutt.

Marianne Toombs, Anna Loewen, Amber Nickell, Frank Guzman, Mason Conklin, Ricky Estep, Stephanie Quintana, Sean Lindt, Jason Williams, Virginia Sierra and Ruben Gonzales, all received third place ribbons.

First place ribbons in the Posters and Reports division went to Donna Puckett and Brian Box.

Jenna Glover, Brooke Barrett, Sonya Smith, and Gail Copley, all received second place ribbons.

Third place ribbons went to Sandy Olivas, Brooke Sinclair, Josehuis Rameriz, and Edgar Lopez.

Chetan Patel, Cecilia Rod-

riquez, and Woody Villa all received honorable mention.

Third place ribbons were presented to eighth grade winners, Donnie Strawbridge, Joe Arredondo and Suzie Edwards.

The will to live is the most important factor in determining the life-span of man.

Men may differ in opinions but they should not dispute as to facts.

Our advice to you this week is to take care of your heart, and live a while longer.

MONOPOLY  
Match is Win

MONOPOLY  
Match is Win

### MONOPOLY™ Match is Win OFFICIAL RULES

1. NO PURCHASE NECESSARY. Get a FREE "MONOPOLY" MATCH 'N WIN game ticket and collector card on request at any participating THRIFTWAY SUPER MARKETS or BUY 'N SAVE STORES. One ticket per adult (18 years or older) per store visit, per day. All purchase cards are identical.

2. EASY TO PLAY. Simply punch out the perforated portion of your game ticket. Each ticket yields two (2) game pieces. A game piece will be either a Title Deed, a Hotel or MONOPOLY™ money, a House or House Ticket.

3. TITLE DEED TICKETS. Title Deed Tickets play on the game board section of this collector card. Legally maintain the game board, located at the top of each corresponding Title Deed on the game board section. Place the Title Deed into the slot strip. Collect a complete set of Title Deeds to win the prize indicated. For example, Collect Atlantic Avenue, Windsor Avenue, and Marlin Gardens and Win \$500.

4. MATCHING HALVES. Collect a right half AND a left half of the same denomination and win that prize. Collect ALL "MONOPOLY" MONEY values for simply maintaining the appropriate glue strip and punching the MONOPOLY™ MONEY ticket into the glue strip.

5. HOTEL AND HOUSE TICKETS. Participants who collect one (1) Hotel and four (4) House tickets qualify to enter the sweepstakes drawing. These tickets should be affixed to the sweepstakes entry blank and dropped in the entry box. (Additional entry blanks available at store office.)

6. DRAWING. There will be two (2) drawings in each participating store for \$100 prize per store. Drawing dates for these are April 10, 1989 and May 1, 1989. There will be one (1) Grand Prize drawing for \$10,000 at the end of the promotion from entries submitted by the 73 participating stores. Only entries submitted on official entry blanks.

7. SWEEPSTAKES. The odds of winning the drawings will vary depending upon the number of qualified entries for each category will be awarded based upon a random drawing of all winning entries.

8. NO PURCHASE NECESSARY. Get a FREE "MONOPOLY" MATCH 'N WIN game ticket and collector card on request at any participating THRIFTWAY SUPER MARKETS or BUY 'N SAVE STORES. One ticket per adult (18 years or older) per store visit, per day. All purchase cards are identical.

9. ONLY MATERIAL MAINTAINED IN THIS STORE WILL BE USED FOR THIS PROMOTION AND ONLY WHEN OBTAINED FROM AUTHORIZED PERSONNEL WILL BE USED.

10. ANY ATTEMPT TO FORGE GAME MATERIALS OR TO DEFraud IN ANY MANNER WILL BE CONSIDERED TO BE IN VIOLATION OF THE LAW AND WILL BE PROSECUTED TO THE FULLEST EXTENT OF THE LAW.

11. WE RESERVE THE RIGHT TO RECALL AND VOID ANY PROMOTION MATERIALS CONTAINING PRINTING OR OTHER ERRORS. LIABILITY FOR VOID TICKETS, IF ANY, IS LIMITED TO REPLACEMENT OF TICKET FROM RANDOM DRAWING. THE PARTICIPATING THRIFTWAY SUPER MARKETS AND BUY 'N SAVE STORES ARE NOT RESPONSIBLE FOR LOSS OR SPOLN TICKETS.

12. ALL MATERIALS SUBMITTED FOR VERIFICATION BECOME THE PROPERTY OF PARTICIPATING THRIFTWAY SUPER MARKETS AND BUY 'N SAVE STORES. THE PARTICIPATING THRIFTWAY SUPER MARKETS AND BUY 'N SAVE STORES WILL BE RESPONSIBLE FOR THE PROTECTION OF THE PRIZES.

13. THIS PROMOTION IS SCHEDULED TO END ON JUNE 18, 1989. IT WILL OFFICIALLY END, HOWEVER, WHEN ALL GAME TICKETS ARE DISTRIBUTED. AS THAT TIME, A REPRODUCTION OF THE PROMOTION MATERIALS WILL BE MADE. ALL PRIZES MUST BE CLAIMED WITHIN SEVEN (7) DAYS AFTER ANNOUNCEMENT OF THE WINNERS.

14. THIS PROMOTION MAY BE REPEATED WHEN THIS SERIES ENDS.

15. NO MORE THAN ONE (1) TICKET PER PERSON WILL BE AWARDED. IN THE EVENT THE NUMBER OF WINNING ENTRIES RECEIVED IS GREATER THAN THE NUMBER OF PRIZES, THE NEEDS FOR EACH CATEGORY WILL BE AWARDED BASED UPON A RANDOM DRAWING OF ALL WINNING ENTRIES.

### 3 WAYS TO WIN!

1. COLLECT COMPLETE SETS OF DEED CARDS TO WIN! For example: Collecting Atlantic Avenue, Windsor Avenue and Marlin Gardens Wins \$500.

2. MATCHING HALVES! Collect left half and right half of same denomination and win that prize!

3. ENTER SWEEPSTAKES! Collect four house tickets and one hotel ticket and enter to win \$100. Sweepstakes Prizes: There will be two drawings in each store for \$100 each during the promotion. Plus one GRAND PRIZE drawing for \$10,000 at the end of the promotion.

**\$10,000 GRAND PRIZE**

**WIN \$200 COLLECT ALL THREE**

**WIN \$500 COLLECT ALL THREE**

**WIN \$1000 COLLECT ALL THREE**

**WIN \$2500 COLLECT BOTH**

**WIN \$100 COLLECT ALL THREE**

**WIN \$2 COLLECT BOTH**

**MONOPOLY Match is Win THRIFTWAY**

# MULES' TALE

Co-Editors Justine Hanes & Esther Acosta.

Thursday, March 23, 1989

Official Publication of Muleshoe High School Written and Edited by Students of the Muleshoe Schools

## ★★ MHS Senior Advances To State Competition ★★

### MHS Honor Roll

#### SENIORS

Krystal Angeley, Shelly Berry, Becky Black, Jason Brazeal, Jimmy Cisneros, Carol Copley, Michelle Cox, Julie Crittenden, Nora Jean Del Toro, Diane Enos, Andrew Espinoza and Troy Evins.

Also Selina Gonzales, Jeff Hicks, Brad Long, Christy Mata, Christline McCune, Lisa Noble, Joe Orozco, Yolanda Pena, Susan Rejino, Jaime Reyes, Richard Ring, Tim Shipman, Jerd Vinson, Shannon Williams and Brandon Wilson

#### JUNIORS

Tessa Akens, Ronnie Gail Barrett, Jason Clarkon, Kelly Conklin, Stephanie Cox, Virginia Espinoza, Sharla Evins, Michelle Finney, Frank Garcia, Leticia Garcia, Kimberly Harris, Heather Hutton, Jimmy Johnson and Abel Leal.

Also Clarence Lewis, A.J. Liles, Jackie Luna Hector Martinez, Brenna Matthews, Darryl McCamish, Candace McCune, Brenda Mudford, Brandon Mullins, Gloria Orozco, Stacy Stroud, Tricia Underwood, Clay Vansandt and Kendra Wilson.

#### SOPHOMORES

Josue Barron, Heidi Bohler, Jeremy Bruns, Kimberly Chance, Stacey Coker, Michelle Dent, Rose Espinoza, Brandi Estep, Jennifer Fagin, Blain Ferris, Hector Flores, Steve Garcia, Dayna Hamilton, Stacy Knowlton, Jesus Martinez, Jeff McGuire, Richard Peterson, Rodney Reynolds, Burnley Riley, Daniel Rodriguez, Hector Sanchez, Monica Swint, Marsha Wilson and LeAnn Wisian.

#### FRESHMEN

Maria Almanza, Audree Anzaldua, Mita Bhakta, D'Anne Box, Cory Collins, Tina Copley, Andy Crawford, Patricia Del Toro, Judy Field, Jill Foster, Jason Harmon, Libby Heredia, Charla Holt, Corley Hutton, Erin Kelley and Shane Kirk.

Also Galin Latham, Adam Lopez, Jill Noble, Kevin Osuna, Adrian Pineda, Margarita Posadas, David Quintana, Michael Richardson, Lashelle Scoggin, Ronda Scott, Virgil Snell, Melissa Toombs, Mickey Trussell and Shea Wilbanks.

### HOW TO WIN THAT SCHOLARSHIP YOU NEED

So you must win or else! Congratulations! There are hundreds of thousands of awards out there. And one or more of them can be yours. (No one says you can only win once!)

**The Decision Scales**

Do you know how to make sure the SCHOLARSHIP AWARDS OFFICER will look at, read, remember, and finally put your application on his/her approved list?

Do you know how to present your skills and job skills, awards and honors, hobbies and travel, school and community service, success in athletics or drama, music or journalism—these and a hundred more—to prove you should be a winner?

**New Kind of Newsletter**

SENIOR STRAIGHT TALK is a new kind of "how-to" newsletter, mailed every second Friday throughout the school year. It covers absolutely everything you want to know, everything you need to know to make sure you win, win early, win often, win big.

**Smart Juniors Start Early**

SENIOR STRAIGHT TALK is also for seniors-to-be. Juniors will find it an encouraging, sensible, friendly, helpful guide, packed with ideas you really must know.

For your own free copy, send self-addressed stamped long envelope to SENIOR STRAIGHT TALK, 254 City Savings Bank Bldg., 250 West First, Claremont, CA 91711. You can begin immediately and win that scholarship you need.

Mulette, Brenna Matthews Received Bronze Medal In Discuss At Track Meet

### Leadership Class Choose Models Of Excellence

Many students as well as adults in Muleshoe do not know what the leadership course at MHS really is. Some are not even aware that it exists. First of all, the leadership course is a semester "I Can" course that teaches the students to make the best of who they are. The leadership course consists of many activities that have to do with self-esteem and self-image. One such activity was the recent "Models of Excellence" in which the students picked their role models and told why they chose them.

Students chose a variety of personalities; some of them from their peer group and others from their adult friends. These people were chosen because of characteristics such as honesty, helpfulness, understanding, encouragement, and care of others. They were also chosen because of admirable attitudes toward life, and these attitudes reflect goals for the leadership students. In the short time the students have been enrolled in this course, they quickly have learned that "Your attitude can either make your or break you" in the hard lesson called life.

Norma Hernandez chose Mrs. Skaggs as "Most Admired," Letty Barron chose Mr. Johnson; Chanda Kemp picked Coach Anderson, Sheila Garner selected Shawna Smith, Sunny Davis chose Mr. Summers, Erin Kelley selected both Chanda Kemp and Shea Wilbanks, and Audree Anzaldua chose Mrs. Mardis. Others that were selected include Mr. Gulley, Mr. Moore, Ad Godinez, Mrs. Liles, Paula Madrid and Christy Mata.

The reaction of the kids: from, "Who'd Pay \$1,600 for that!" to "Wow! If I had \$20,000 I'd buy that!"

We walked their feet off all over town, but no complaints! After a full "half" day we stopped to eat overlooking the famous Toas Square. Afterward, enjoyed ice cream from 31 Flavors. The next day enjoyed skiing at Sipapau.

Attending: Tisha Young, Shawn Smith, Chad Garlington, Gary Freeman, Roger Baeza, Lonnie and Helen Adrian, sponsors.

### Art Class Take Unusual Field Trip

It wasn't your typical Friday. Instead of packing books, we packed bags. Instead of rolling over for another five minute snooze, we jumped out of bed and hit the floor running. By noon we were in Toas, N.M. while everybody else fed on stuff from the School Store, the are kids feasted their eyes on major works by the Taos Society, R.C. Gorman, Michael Martinez and numerous other notable artists exhibiting that day.

CAROL COPLEY

Senior DECA student, Carrol Copley, won first place in the entrepreneurship written event at the 1989 State DECA Career Development conference. The conference was held in Houston on March 9-12. This qualifies Carrol to compete on the National Level. The National Career Development Conference will be held in Orlando, Florida, April 26-30.

DECA students from across Texas competed in various events at the conference. Carrol competed against 24 students in the entrepreneurship written event. The event consisted of writing a forty page business proposal and plan. The manual includes sections on the business situation, planned operation of the business, financing, and an oral request for financing. The participant writes the manual beforehand and goes through an interview with a panel of bankers at the conference. The manual is judged on its content and organization. The student is evaluated on her proposal and ability to answer questions from the panel of bankers.

Congratulations Carrol, Good Luck in Orlando. DECA-Developing Future Leaders for Marketing and Management.

### Creative Writing Students Continue To Share Work

Students in Creative Writing continue to share their work. Julie Crittenden reveals the mischievous actions of a preschooler in "A Sticky Situation."

**A STICKY SITUATION**

As a very enthusiastic and vivacious girl of three, nap time was what I considered punishment. Being a quick thinker, I could come up with excuses to exclude me from the eternal duration of Z's. I am a big fan of chewing gum, and so on one occasion, I decided it would be my excuse for not taking a nap. My mom and dad have a pet peeve about only chewing gum for a short period of time and then disposing of it for another piece. They always harped on not being wasteful. One day about the designated time for my nap, I stuck a piece of Bubble Yum bubble gum in my mouth. Almost immediately I was told to go lie down for my nap, and I exclaimed, "But I just stuck this piece of gum in my mouth!" By this time, I was thoroughly enjoying the gum and did not

### CAN YOU IMPROVE YOUR SCORES ON THE S.A.T. TEST?

Yes, you honestly can. And in a big way! Harvard University says, "Clearly there is evidence students can train successfully for the S.A.T. The more time they devote to the training, the higher their scores will be."

What kind of training?

How about on-target assistance in English, Math, Science, Social Studies?

How much training? How about four full-length practice tests with explanations of the answers?

How about cassette tapes, easy-to-use practice guides?

How about the most honest, open, straight-talk preparation yet?

Your High School and Your State Are Counting on You

If you must take the S.A.T., if you want the highest possible scores, you must get ready.

The higher your score, the more glory for your high school, the prouder your state, and the greatest satisfaction for yourself.

For complete free information immediately, just send a request to President Roman, Academic Assistance Center, 536 Summer, Paterson, NJ 07501.

New Jersey is where the S.A.T. began. What better place to go for instant help!

Justine Hanes, senior at Muleshoe High School, competed in the Regional HECE/FHA meet in Odessa. The meeting began on Friday, March 10th at the Permian High School. Justine's competition was that evening along with all of the other various categories. The first session of the regional meeting was also held that evening. Tessa Akens went as a voting delegate from Muleshoe. She decided and voted on the new state officers for 1989-90.

Saturday the second session began at 9:00 a.m. that morning, it was held at the Holiday Inn in their Ballroom. Guest speaker, Bonnie Langston, a teen motivator discussed personal esteem and also gave some tips to love yourself and those around you. The students then attended workshops on various teen focused issues. Some of the issues at the workshops were teen pregnancy, drugs and alcohol, leadership advancement, and tips and techniques for the college bound student.

The afternoon was the last session of the meeting and the award assembly. Many of the outgoing officers shared their thoughts and feelings through poems and acting skits. The award assembly was next. All of the participants that placed in the top six places received a metal and the opportunity to advance to the state level. Justine Hanes

placed third in the Job Application/Interview contest. She will be competing at the state level on April 19-22nd in Houston, Texas. After the meeting the Muleshoe group headed home with high hopes and great expectations for a new tomorrow!

JUSTINE HANES

### MHS Baseball Team Gets Into Season

During their first season of competition, the Muleshoe High School baseball team members are proving themselves as a group to be more than adequate for the task. During their first six games, they have a record of 4 wins and 2 losses. The team is under the able coaching of Jeff Anderson.

In competition against Hereford, Muleshoe won with a score of 12-11. Abel Leal, Michale Hardwick, and Danny Rodriguez pitched; Salvador Olivarez is the catcher for the team. Rodriguez and Danny Pollard both hit a double, and Abel Leal hit a home run. Muleshoe batted 37 times, with a total of 11 RBI's. A tied score forced the game into overtime, and Rocky Flores hit the winning run.

The Mules lost their game against Seminole. Larry Gonzales pitched the game and threw five strikeouts. The Mules face Dunbar JV team Monday, March 20, 5:00 p.m. in Lubbock. Their next home game is March 28 against Brownfield at 5:30 in the Babe Ruth Park. Fans are encouraged to come out and support this determined group of boys.

### YES, YOU CAN GO TO COLLEGE IF YOU WANT TO

At least a million high school graduates won't go to college next year for lack of money.

Yet more than \$6 billions are available—for which no one will apply!

Did you know there are 22,000 foundations and other private sources of scholarship funds waiting to help you pay for your education?

Wherever you live, whatever you want to study, whether your high school is very small or very large, scholarship funds are available for you.

Many of these sources have only one or two million dollars to give. They are not staffed to search for you. They wait for you to find them.

**What To Do?**

COLLEGE DOLLARS to the rescue!

These good people have every special requirement of all these scholarship sources stored in their giant computers waiting to help.

If you really want to go to college next September, really need to find money to pay for, really don't know how to go about it, send for free information today.

Just write:

President, COLLEGE DOLLARS, 3546 Eboe Street, Irvine, CA 92714

Thousands of students have found the money they need. So can you.

The keenest punishment is to ignore the person who tried to insult you.

You can always question the intelligence of the man who boasts of what he knows.

# Legislature Considers 1990 Farm Bill Impact

"During the next 100 days, the Texas Legislature will have to reach a consensus on a long list of issues of importance to the future of Texas. Several of those legislative items will have a direct impact on thousands of Texas farmers and ranchers," Deputy State Agriculture Commissioner Mike Moeller said today.

Moeller made the statement during a meeting of the Texas Agricultural Forum. The major topics at the one-day meeting were the 1990 Farm Bill and priorities for the state's major agricultural agencies.

"The most publicized ag-related legislation now before state lawmakers concerns the continued existence of the Texas Department of Agriculture, the Texas Animal Health Commission and the Natural Fibers and Food Protein Commission.

"As part of the Sunset review process, a 10-member Sunset Advisory Commission has already urged the Legislature to continue those agencies in their present form. It is now up to the 71st session of the Texas Legislature to act on the Commission's recommendations," Moeller said.

"These three agencies play

some role in almost every aspect of Texas agriculture. The continued existence of TDA, the Texas Animal Health Commission and the Natural Fibers and Food Protein Commission is crucial to our state's ability to combat major livestock diseases, promote Texas agricultural products and support programs to diversify the farm economy.

"During the past few years, most Texas leaders have realized that agriculture must adapt to rapidly changing market conditions, and state government has a role in assisting producers to grow new cash crops, market crops directly to consumers and process more of the food and fiber we grow," Moeller said.

"State lawmakers took a giant step in the right direction two years ago with passage of the Texas Agricultural Diversification Act. That legislation, which was approved by voters in November 1987 as part of Proposition Four, created a matching grant program for non-profit organizations which assist Texans in opening new profitable markets for Texas agriculture. The six-member Texas Agricultural Diversification Board has awarded grants totaling \$200,000 to 14 recipients around the state during the past four months.

State lawmakers also created the \$5-million Linked Deposit Program to use state deposits in state accredited depository banks to leverage private capital for new food and fiber processing facilities, direct marketing ventures and alternative crop production. Already, this program has been used to provide more than \$2-million to enterprising Texas farmers, ranchers and agribusiness operators," Moeller said.

"Texas can take another step towards diversification of agriculture with passage of House Bill 1111 by State Representative Dudley Harrison of Sanderson, chair of the House Agriculture and Livestock Committee, Thuis

measure would authorize a Texas Agricultural Finance Authority to sell \$25 million in general obligation bonds to provide assistance to agricultural businesses.

"State lawmakers have already helped every farmer and rancher in the state with the availability of emergency funding for the Texas Agricultural Statistics Service. Legislation sponsored by State Senator Bill Sims of San Angelo and State Representative Dick Waterfield of Canadian provided \$60,000 to allow state officials to obtain agricultural production statistics on a county-by-county basis. The State Legislature and the Governor's office are to be commended for recognizing the importance of the information provided by the Texas Agricultural Statistics Service, which is a joint venture of the Texas Department of Agriculture and the U. S. Department of Agriculture.

"A still sluggish state economy and major budget obligations will make every decision by state lawmakers difficult this year. But, agriculture remains one of the best hopes for the Texas economy, and our leaders cannot afford to turn their backs on an industry which generates \$33 billion in economic activity for the people of Texas," Moeller concluded.

As ignorant individual seeks only the facts that bolster his prejudices.

Only an intelligent man has sense enough to recognize his own limitations.

World progress would move faster if people would talk less and work harder.

## Board Will Consider Numerous Items

Following routine opening of the regular meeting of the governing body of the Muleshoe Independent School District on Monday, March 27, at 7:30 p.m. the following items will be considered:

Under business will be to consider and/or approve 1989-90 school calendar and Strategic Planning; appoint Classroom Grant Review Committee and Career Ladder Selection Committee and approve Special

Education Policies and Procedure Manual Update and adopt a resolution on behalf of UIL.

Following an executive session for personnel matters will be to accept resignation from Kyle Carver and consider 1989-90 employment contracts.

From Informational reports will be the bus maintenance report; superintendent's report; board president's report and assistant superintendent's reports.

**HUNTING EASTER EGGS**--It was a beautiful day and Dr. Bruce Purdy took his sons to the annual Jennislipper Easter Egg Hunt. This year, the hunt was held at Roger Miller Park. Pictured with Dr. Purdy are from left, Tyson, seven and Derek, age two. Not shown is older brother, Aaron, who was still waiting to collect on prize eggs he found. (Journal Photo)

## AG WEEK March 19 - 25

Here's to our farming customers! We salute all during Agriculture Week. Today's farmer is more sophisticated than ever. So are his financial needs. We're proud of our solid relationship with the farmers of our community and are anxious to continue to be of service wherever we can!

## Many Plant Diseases Can Be Cured Early

When you've got a medical problem, you often have to see a specialist. When you have a plant problem, perhaps you need to take it to a specialist, too. That's where the Plant Disease

Diagnostic Laboratory at Texas A&M University comes in. The lab is operated by the Texas Agricultural Extension Service to diagnose plant disease problems and to provide control recom-

**HE JUST WASN'T TOO SURE ABOUT ALL THIS**—Jaret Tucker, two and a half, isn't all that sure about hunting Easter Eggs, although he took part in the Jennislipper Easter Egg Hunt at Roger Miller Park. His mother, Linda, took it all in stride as she waited for her youngest to finish his egg hunt. (Journal Photo)

## Green Lawns Need Fertilizer And Care

This is the time of the year to give lawns a little "tender loving care" so that they will green up fast once spring gets into full swing.

"Lawns need to be rejuvenated in late winter to give them a head start in greening up," said Dr. Richard Duble, a turfgrass specialist with the Texas Agricultural Extension Service. He said that scalping, fertilizing and applying a weed killer are important steps in getting a lawn off to a good start.

"Scalping is a key first step in revitalizing a lawn and promoting early spring green-up," said Duble. "Lower your lawnmower blade one-half to one inch below the normal setting. Then mow your lawn in two directions at right angles to each other. Remove the clippings after each mowing and use them for a compost or as a mulch for garden and landscape plants."

The specialist said that it's best to keep the lawn mower blade at the lower setting until late spring. Raising the blade at that time will help lawns to better survive hot, dry summer conditions.

"After scalping, add a complete fertilizer to promote leaf and root growth," Duble said. "A complete fertilizer is one that contains nitrogen, phosphorus and potassium, as indicated on the label, with nitrogen being the first number."

"Apply about one-and-a-half pounds of nitrogen per 1,000 square feet of lawn area. That's about 18 pounds of an 8-8-8 fertilizer (18 x 8 percent) or 12 pounds of a 12-12-12 fertilizer (12 x 12 percent). Repeat the application again in the fall."

For a dark green lawn, apply nitrogen every 50 days at about one pound per 1,000 square feet, said the specialist. Monthly applications of iron chelate or iron sulfate during the spring and summer also contribute to a healthy color in St. August-

inegrass lawns.

To keep crabgrass and other weeds from becoming a problem in lawns, apply a preemergence herbicide (weed killer) in early spring, said Duble.

"Combinations of herbicides and fertilizers are available and convenient to use but, as with all chemicals, they should be used only according to label directions," Duble said. "Be especially cautious when using herbicides around trees, shrubs and other landscape plants."

"Once these early season maintenance practices have been done, watch your lawn develop into a nice green carpet and enjoy it to the fullest," Duble said.

mendations.

Whether a plant is suffering from a virus, bacterium, fungus or nematodes, accurate diagnosis is critical for effectively controlling the problem. Once the culprit is identified, control measures can be taken to bring the problem under control, said Dr. Larry Barnes, Extension plant pathologist who oversees lab operations.

"We receive a lot of specimens of landscape, garden and nursery plants in addition to those from agricultural crops," Barnes said. "Disease problems can cause heavy economic losses in crops, and they also can destroy a garden or landscape. We work hard to give a quick, accurate diagnosis so that the farmer or homeowner can take corrective action."

The lab charges a \$10 fee per sample submitted. This covers as many tests as are necessary to properly diagnose the problem, Barnes said.

Just how soon you receive a reply on your plant disease problem depends on the difficulty of the problem, said the plant pathologist. Specimens requiring tissue isolations and specific pathogen identification generally take somewhat longer than those that can be diagnosed by microscopic observation.

Moist chamber incubation, which can take three days, is sometimes necessary to induce fungi to form spores for accurate diagnosis. Tests to confirm certain bacteria may also take several days, as do electron microscopic evaluations of specimens for possible viruses, Barnes said.

Information forms for submitting plant specimens are available at any county Extension office. The forms provide information on collecting and shipping specimens and request background information. This information should be as complete as possible since it is essential for accurate evaluation of the specimen, Barnes said.

He said that fresh specimens just beginning to show symptoms are the most valuable in problem diagnosis. Specimens that arrive at the lab in deteriorated condition are of limited value because of possible secondary contamination, Barnes said.

"The faster the specimen arrives at the lab, the more reliable test results will be," Barnes said. "We have had excellent results with bus service; however, mail service also can be used effectively."

Individuals submitting samples can request either telephone or letter response on the diagnostic information form. Be-

cause of the need for speedy diagnosis, most agricultural producers prefer a telephone response, Barnes said.

Diseased plant specimens along with the proper information forms should be sent to the Texas Plant Disease Diagnostic Laboratory, Peterson Bldg. Room 101, Texas A&M University, College Station, Texas 77843.

## PCG Director To Be Elected Here Monday

Bailey County cotton producers and agribusinessmen will elect a Producer Director to Plains Cotton Growers, Inc., at 7:30 p.m. on March 27 in the Bailey County Courthouse at Muleshoe.

Announcement of the election comes from Charles Moraw of Muleshoe, current Bailey County Producer Director to the 25-county cotton organization, and Bennie Claunch of Bula, Businessman Director.

Each of the counties in PCG territory has two directors, one a businessman and the other a cotton producer. They are elected on alternate years for two-year terms. Each is eligible for re-election every second year.

All producers and businessmen are invited to the meeting. However, under PCG By-Laws, only current dues-paying members of PCG will be eligible to be elected a director or to vote in the election. This provision of the by-laws will be fully explained at the meeting.

A PCG representative will conduct the election, review and answer questions about recent and planned PCG activities.

## Who Knows?

1. What was the name of the first ship to fly the American flag?
2. What is the first line of "The Barefoot Boy," by John Greenleaf Whittier?
3. Define malafide.
4. Name the four time zones in the U.S.
5. When and from whom did the U.S. buy the Virgin Islands?

## Answers to Who Knows:

1. The "Ranger," built in Kittery, Maine, in 1777.
2. "Blessings on thee, little man."
3. In bad faith.
4. Eastern, Central, Mountain and Pacific.
5. March 31, 1917, from Denmark.

## Sudan News

By: Evelyn Ritchie

## HOMESTEAD EXEMPTIONS

**CAN LOWER THE PROPERTY TAXES ON YOUR HOME**

A homestead exemption lowers the property taxes on your home by lowering its taxable value. For example, if your home is valued at \$50,000 and you receive a \$5,000 homestead exemption, your home will be taxed as if it were worth only \$45,000.

**You qualify** for a homestead exemption if you owned your home on January 1 and used it as your primary residence on January 1. It doesn't matter whether your home is a house, a condominium or a mobile home.

**Exemptions are available** to all homeowners on their school taxes. Additional exemptions are available to homeowners who are disabled or age 65 or over. Other exemptions may be offered to homeowners by school districts, counties, cities, and special districts. All taxing units offer exemptions to disabled veterans.

## WE SALUTE AGRICULTURE EVERY DAY

This month the nation pays tribute to farmers on Agriculture Day. We're pleased to join in that effort, but for us, every day is "Ag Day", because serving the farming community is a full-time, year-round job.

### Open Letter To The Public

By: Glen Williams

On behalf of the MEALS ON WHEELS program, and those that use the services, I would like to thank you for your generous response to our recent plea for financial support.

The contributions received have been more than we really expected, and they are greatly appreciated. As of this date we have received about \$4,800.00-- which is great. Also it now appears that we may receive some increase in funding through SPAG for another year. So we are greatly encouraged. This is an ongoing program and will continue, so we hope you will continue to help us in the future. The need is constant.

We have been asked about the screening process through which a person qualifies for the meals. Really there is no screening as such. Eligibility guidelines are established by the federal government. And are substantially as follows: a person must be 60 years of age or over, not able to prepare adequate meals for himself, and there be no one available to prepare them for him. When one spouse qualifies, the other is qualified also. When those conditions are met, the person is eligible. And the meals are delivered to the home without regard to race, creed, color, sex, income or financial status.

We cannot charge for the meals, but subscribers, their family members and friends, are encouraged to contribute as much as they can. Those contributions are known as "program income," meaning income generated by the program. Other contributions are known as "in kind." And all income is used to help defray the cost of the meals. These contributions are used as matching funds to obtain federal dollars, and are vital to the success of the program. The more community support we have the better it looks to the federals.

At the outset of the program there was some concern that it might have a tendency to load up with, as some said, the "free loaders." But that has not been the case. Our experience has been that people will not take the meals unless they really need them. And, generally, when there is a change in their situation, they terminate immediately. All subscribers must be approved by the board of directors, and must be re-evaluated every six months. There has been very little abuse. We try to serve those that need the meals, and no others.

Again, we are deeply grateful for your support and cooperation.

Fishing solves a surprising number of problems.

A foolish idea a day keeps the mind working, at least.

Compliments are usually thinly-veiled apple-polishing.

Jealousy, like cancer, is often fatal and never productive of good.

### Letter To The Editor

Dear Journal Gang:

Thank you all for all the hard work that has gone into getting the news out to every-body, down through the years.

You know it take's such little on our part to keep the sunshine and love going out to you, instead of carrying a chip on our shoulder's. We should all thank the Lord that we are in a free country, and can enjoy having a good paper to look forward to. Keep up the good work, and May God Bless You-All.

A long time reader of the Journal's

### Texas A&M researcher says despite perceptions cancer deaths will rise

COLLEGE STATION — Contrary to popular conceptions, the number of cancer deaths will rise instead of decline in the future as today's post World War II boom generation — 77 million people or about one-third of the U.S. population — grows older, says an internal medicine specialist on the faculty of Texas A&M University's College of Medicine.

The general perception of the public is that cancer deaths will level out and lessen in the next 20 years because of

advances made in cancer research and treatment, but the advances are being made almost exclusively in cancers of the young, says Dr. Jacob B. Green III. Fewer people smoke today than did 20 years ago, but 35 percent of Americans do smoke. Smoking is on the decline among teenage males and there is a corresponding leveling off of men's death rates from lung cancer, he says. Green warns that teenage women are smoking more, and in 20 years women, who enjoyed a much lower risk of lung cancer, will die as frequently as men of the disease.

Green also suggests other ways individuals can lower their cancer risk:

- Eat sensibly and moderately from a balanced assortment of the basic food groups.
- Use strong skin protectants and limit exposure to the sun's ultra-violet rays, a form of radiation.
- Start periodic check-ups early in members of families with a history of cancer.
