

NOTICE STATE ENGINEER'S OFFICE
Number of Application RA-1895
Santa Fe, N. M., April 4, 1949.

Notice is hereby given that on the 25th day of March, 1949, in accordance with Chapter 131 of the Session Laws of 1931, L. F. Chumbley of Artesia, County of Eddy, State of New Mexico, made application to the State Engineer of New Mexico for a permit to change place of use of 93 acrefeet of water per annum by abandoning the use

of 31 acres of land described as follows:
Subdivision Part SW $\frac{1}{4}$ NE $\frac{1}{4}$, Section 8, Township 18 S., Range 26 E., Acres 27.
Subdivision Part N $\frac{1}{2}$ SW $\frac{1}{4}$ NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 8, Township 18 S., Range 26 E., Acres 4.
and commencing the use of 31 acres of land described as the east 31 acres of the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 8, Township 18 South, Range 26 East, N.M.P.M.
No additional rights above those

set forth in Declaration No. RA-1895 are contemplated under this application.
Appropriation of water from all sources combined to be limited to a maximum at all times of 3 acre feet per acre per annum.
Any person, firm, association, corporation, the State of New Mexico or the United States of America, deeming that the granting of the above application will be truly detrimental to their rights in the waters of said underground source, may protest in writing the State Engineer's granting approval of said application. The protest shall set forth all protestant's reasons why the application should not be approved and shall be accompanied by supporting affidavits and by proof that a copy of the protest has been served upon the applicant. Said protest and proof of service must be filed with the State Engineer within ten (10) days after the date of the last publication of this notice. Unless protested, the application will be taken up for consideration by the State Engineer on that date, being on or about the 16th day of May, 1949.

Notice is hereby given that an instrument purporting to be the Last Will and Testament of Martin Yates, Jr., deceased, has been filed for probate in the Probate Court of Eddy County, State of New Mexico, and that by Order of said Court the 31st day of May, 1949 at the hour of 10 o'clock a. m., at the Probate Court of Eddy County, State of New Mexico, in the City of Carlsbad, is the day, time and place set for hearing proof on said Last Will and Testament.
THEREFORE, any person or persons wishing to enter objections to the probating of said Last Will and Testament are hereby notified to file their objections in the office of the County Clerk of Eddy County, New Mexico, on or before the time set for hearing.
DONE at Carlsbad, New Mexico this 13th day of April, 1949.
(SEAL) s/Mrs. R. A. Wilcox, County Clerk. 14-41-17

scribed as follows:
Subdivision Part S $\frac{1}{2}$ SE $\frac{1}{4}$, Section 19, Township 16 S., Range 26 E., Acres 70.
No additional rights over and above those set forth in Licenses Nos. RA-1336; RA-1363-A and RA-1439-B and RA-1998 are contemplated under this application. Lands in Section 12, Township 15 South, Range 25 East, to be completely dried up to all use of underground water for irrigation and all rights transferred to the 70 acres above described in Section 19, Township 16 South, Range 26 East. Appropriation of water from all sources combined to be limited at all times to a maximum of 210 acre feet per annum delivered upon the 70 acres in Section 19, Township 16 South, Range 26 East, above described.
Any person, firm, association, corporation, the State of New Mexico or the United States of America, deeming that the granting of the above application will be truly detrimental to their rights in the waters of said underground source, may protest in writing the state Engineer's granting approval of said application. From where I sit... by Joe Marsh
How To Cut Out The Cut-Ups
Our school principal, Miss Cooper, believes in putting kids on their honor. She told me, "It works better than threats—providing you weed out the few incorrigible ones and teach them a lesson."
"I made three very bad boys get all dressed up in baby clothes," she said, "diapers and all. If they wanted to behave like babies then they should look like babies. That cured them."
Reminded me of the Brewers' Program of Self-Regulation. The brewers and tavern keepers are

"on their honor." Most of them want to be "good boys" in their communities. So they cooperate in maintaining wholesome surroundings wherever beer and ale are sold, and make a real effort to live up to their responsibilities.
From where I sit, there'll always be a few "bad boys" in every walk of life, but they're mostly the exception to the rule, and they usually don't last long.

Joe Marsh

FOR SPRINGTIME AND GARDENING FEVER
Here Are Some Helpful Fertilizing Suggestions to Make Your Lawn and Flower Beds More Attractive

COTTONSEED MEAL has many advantages that recommend it as a fertilizer for lawns and its popularity is increasing among those who take pride in the attractiveness of their lawns. Cottonseed meal does not contaminate the lawn with weed seeds and will not injure foliage; the rate of availability of its nitrogen is slow which allows grass to develop with a uniform, dark green color. Apply 5 pounds (about one gallon) per 100 square feet of lawn in the early Spring and again in the late Summer.

COTTONSEED MEAL is widely-used fertilizer for shrubs and flowers. Cottonseed Hulls, mixed with the soil when evergreens and shrubs are planted or applied at intervals, help to hold moisture and loosen heavy soil. When shrubs are planted, one teaspoonful of cottonseed meal should be worked into the topsoil around each plant. Larger plants require two to four teaspoonfuls of cottonseed meal. Continued use of Cottonseed Meal maintains good growth after shrubs and evergreens have been planted.

For Roses, Cottonseed Meal is an excellent fertilizer. In setting out roses, work a teaspoonful of Cottonseed Meal into the topsoil around the plant and water well. The same amount will help your growing bushes and should be done twice a year. When your beds are spaded, apply about 6 pounds per 100 square feet and work well into the soil. For potted plants, work a teaspoonful of Cottonseed Meal into the soil every four to six weeks.

Ride the most beautiful, most roomy, most road-worthy, most "all-round-performance" car in America! Enjoy a thrilling...

Revelation Ride

America's "4-MOST" Car!

NEW Hudson
ONLY CAR WITH THE STEP DOWN DESIGN

FLASH!
Prices reduced!
on all models effective immediately!

HERE'S WHERE YOU CAN ENJOY YOUR REVELATION RIDE
MAHONE-SMITH MOTOR CO.
406 North First Artesia, N. M.

Why be satisfied with vague claims of "more" of this and "more" of that in a motor car? The New Hudson brings you—not just "more", but the most of all the things you want most! It's America's "4-most" car.
Most Beautiful! Millions vote the New Hudson "America's most beautiful!" No other car could so perfectly express artists' concepts of "the car of the future"—for only Hudson, with its "step-down" design, has the low build that is necessary for such beauty. The New Hudson is the lowest-built car on the highway—yet there's full road clearance.
Most Roomy! Hudson brings you—not just "more", but the most seating room in any mass-produced car... the most efficient use of interior space. Head room and leg room to spare!
Most Road-worthy! Even at high speeds or on winding roads, you ride relaxed—because your New Hudson hugs the highway... has the lowest center of gravity in any American stock car. You ride clear ahead of rear wheels, and within the base frame—down where the riding is most smooth, most steady, most safe.
Most All-round Performance! Again, Hudson brings you—not just "more", but most! The all-new, high-compression Super-Six engine is the most powerful American Six. Or you may choose the even more powerful Super-Eight. And Hudson brings you Center-Point Steering, Triple-Safe Brakes and many more high-performance features—all engineered for long life, low upkeep cost.
Come in and enjoy a Revelation Ride in the New Hudson—America's "4-most" car!

AND IN ADDITION, ONLY HUDSON BRINGS YOU All these "most-wanted" advantages: Automatic gear shifting with Drive-Master Transmission... 121 h.p. high-compression Super-Six Engine, most powerful American Six, or masterful 128 h.p. Super-Eight... Chrome-Alloy Motor Block... Dual Carburetion... Fluid-Cushioned Clutch... Manobilt Body-and-Frame... Safety Jack Pads under frame... Full-View Curved Windshield... Wide-Arc Vision... No-Glare Instrument Panel... Interior Door Handles, Window Controls in recessed door panels... Super-Cushion Tires... Safety-Type Rims... Weather-Central Heater-Conditioned-Air System

SOCIETY

Does Initiate 10 Last Thursday At Central School

In an impressive ceremony last Thursday evening at Central School, 10 women were initiated in the B.P.O. Does by Mrs. J. M. Welch, president. The officers were seated in white.

Women initiated were Mrs. E. N. Brock, Mrs. Frank Brock, Mrs. Robert Kennedy, Mrs. T. L. Datta, Mrs. William Hudson, Mrs. L. N. Dunham, Mrs. J. H. Brown, Mrs. R. F. Blair, Mrs. John Elliott and Mrs. E. H. Wiedemeyer.

Mrs. Owen C. Roberts played music during the ceremony, substituting for Mrs. John Lanning, who was unable to be present.

After the initiation, the members adjourned to the Elks Club, where lovely refreshments were served. The meeting was well attended.

Homemakers' Circle Has All-Day Meet On Last Thursday

The Homemakers' Circle of the First Baptist Church had an all-day meeting last Thursday in the home of Mrs. W. G. Everett.

A short business meeting was held in the afternoon. The Scripture lesson was given by Mrs. J. D. Josey and the prayer by Mrs. E. C. Helm. The balance of the day was spent in quilting.

At noon, a covered-dish luncheon was served to Mrs. J. C. Jesse, E. C. Helm, Lillian McNeal, F. M. Spencer, J. S. Mills, F. E. Murphy, J. M. Stary, N. H. Jones, Charles Ransberger, E. B. Everett, A. G. Bailey, G. T. Hearn, Willis Williams and small daughter, Joan, F. T. Turner, J. H. Myers, F. O. Ashton, A. E. Woods, J. D. Josey, L. C. Hedley, M. W. Evans, W. C. Brown and Jesse Truett, Jr., and small son, Brent and Miss Ora Everett and the hostess, Mrs. W. G. Everett.

The next meeting will be a covered-dish luncheon next Thursday in the home of Mrs. G. T. Hearn.

Pat Ferguson And Johnny Herbold Are Wed Last Thursday

Miss Pat Ferguson of Artesia, daughter of Mr. and Mrs. Bill Ferguson of Eunice and Johnny Herbold, son of Mrs. Frank Herbold, were married last Thursday evening at the Methodist parsonage in Carlsbad by Rev. L. B. Trone, pastor.

The attendants were Mrs. Leroy Bynum and Don Menefee.

Mrs. Herbold graduated from Artesia High School in 1948. She is employed by Marvin Sanders.

Mr. Herbold is a student at New Mexico A. & M. College, Las Cruces. He returned to college Monday to resume his studies.

Mrs. Roland McLean Is Installed Prexy Park School P.T.A.

Mrs. Roland McLean was installed as president by the outgoing president, Mrs. George Ferriman, at a Park School Parent-Teacher Association meeting Monday afternoon.

Other officers installed were: Mrs. Duane Sama, first vice president; Mrs. Owen Haynes, second vice president; Mrs. Thad Cox, treasurer; Mrs. Clyde Hicks, secretary and Mrs. Hugh Donald Burch, corresponding secretary.

Vernon Mills, elementary supervisor, showed film strips showing the need of federal aid to education.

Miss Patricia Watson Becomes Bride On Sunday Afternoon Of Eugene Batie In Double-Ring Ceremony

MRS. EUGENE BATIE

—Gable Photo.

In a beautiful ceremony, held at 4 o'clock Sunday afternoon in the First Methodist Church, Miss Patricia Watson, daughter of Mr. and Mrs. W. O. Watson, became the bride of Eugene Batie, son of Mr. and Mrs. W. W. Batie.

The vows were repeated under an arch of green ferns and white lilies, flanked by tall baskets of white and pink gladioli, palms and ferns, and lighted by tall tapers in candelabra. The church was lighted by tall white tapers on each side of the aisles and in the windows. The center pews were marked by large white satin bows. Rev. E. M. Morgan, pastor of the First Baptist Church, officiated, reading the double-ring service.

While guests were assembling, Mrs. L. C. Bivins at the organ and Mrs. Glenn Caskey at the piano, played as a duet a medley of wedding music, including "Ave Maria" and "O Promise Me." To the strains of "Claire de Lune," Candles were lighted by Raymond Boydston and Wayne Gray, cousins of the bridegroom.

Mrs. Bivins and Mrs. Caskey also played the accompaniment for Miss Janice Dutton, who sang, "I Love Thee," by Greg, and "Because," by d'Hardel, and as the benediction, "The Lord's Prayer," by Malotta.

For entrance of the wedding party, Mrs. Bivins played the "Bridal Chorus" from "Lohengrin," and as the bridal party left the church, she played Mendelssohn's "Wedding March." Soft organ music was played by Mrs. Bivins during the ceremony.

The lovely brown-haired, brown-eyed bride, given in marriage by her father, wore a beautiful white slipper satin wedding gown, with

a yoke and overskirt of Chantilly lace. Minute buttons were placed down the back of the fitted bodice. The long sleeves of the gown ended in lily points over the wrists and minute buttons extended to the elbow. The circular skirt swept into a long train. A finger-tip veil fell from a halo of orange blossoms. A top white Bible, she carried two purple threaded white orchids, arranged with white satin ribbon streamers and stephanotis.

The wedding traditions of something old, something new was observed. The white Bible was a Rainbow Bible borrowed from Miss Esther Lou Byler, the something new, was a string of pearls, the gift of the bridegroom, something old was a handkerchief belonging to the bridegroom's mother and blue garters were the something blue.

Miss Esther Lou Byler of Lubbock was maid of honor. Miss Jimmy Starkey, Mrs. W. E. Fleming, Jr., and Miss Leaven Batie, sister of the bridegroom, were bridesmaids. Little Sue Beckworth of Dumas, Texas, a cousin of the bride, was the flower girl.

The maid of honor, bridesmaids and flower girl wore identical

gowns of pastel shades of organdy, picture hats of net and long mitts of matching colors. The maid of honor wore yellow, the bridesmaids green, orchid and blue and the flower girl, pink. The dresses were fastened with sleeveless basques, having ruffles of self material marking the drop shoulders. The skirts consisted of three full ruffles and were floor length.

The maid of honor carried an arm bouquet of pink carnations and bridal wreath, tied with white satin ribbons. The bridesmaids carried colonial bouquets of varied color flowers with ribbons to match their dresses. The flower girl carried a pink net basket filled with rose petals.

Elvis Batie, brother of the bridegroom, was best man, Thurman White of Alpine, Texas, W. E. Fleming, Jr., and Sonny Ryan, were ushers and also served as acolytes. Donnie Batie, a brother of the bridegroom, was ring bearer.

The bridegroom, best man, candle lighters and ring bearer wore identical tuxedos with white coats and black trousers. The bridegroom and best man wore boutonnières of white gardenias.

The ushers wore boutonnières of pink carnations. The bride's mother wore a dusty rose crepe dress, matching hat with orchid flowers, white gloves and navy shoes. Her corsage was an orchid.

Mrs. Batie chose for her son's wedding a navy blue dress with pink accessories and navy shoes. Her corsage was an orchid.

Immediately after the ceremony, a reception was held in the reception room of the church. Mr. and Mrs. Watson, Mr. and Mrs. Batie, and Mr. and Mrs. Gray, grandparents of the bridegroom, received the guests. Mrs. James Tittle presided at the bride's table.

The bride's table was spread with lace and centered with the three-tiered cake, topped with a miniature bride and bridegroom. Mrs. James Huggins cut the cake and Mrs. Jack Rowland served fruit punch to about 150 guests.

Many beautiful gifts were received and they were on display at the reception.

The newlyweds left in the evening for a brief honeymoon. Upon their return will make their home in Colorado, where the bridegroom will be engaged in ranching. Mrs. Batie's going-away costume was a navy blue suit, with pink accessories. Her corsage was an orchid. Mrs. Batie was born in Fort Worth, but has spent the last seven years in Artesia. She graduated from Artesia High School in 1948 and attended Sul Ross College at Alpine, Texas, the first semester of the 1948-49 year. She was a majorette for the Artesia High School Band two years and drum major two years. In 1947 she was chosen "Junior queen," and in 1948, "Football Queen."

She is an accomplished twirler and tap dancer. In 1947 she won a trip to Chicago to the National Music Festival. In her senior year, she was awarded a diamond ring by the Cummins House of Time for her accomplishments and outstanding record. She was a member of the Rainbow Girls, the Coquettes and Pep Club at Sul Ross College. She was chosen drum major for the 75-piece band.

Mr. Batie was born in Lamesa, Texas, and came to Artesia with his parents when he was 5 years old. He graduated from Artesia High School in 1948. He attended New Mexico A. & M. College at Las Cruces last semester. In Artesia High School, he lettered three years in football, and was a member of the band and an outstanding student.

Mr. and Mrs. Batie are both members of the First Baptist Church of Artesia.

Relatives of the bride, coming especially to attend the wedding were E. M. Beckworth, grandfather of Stephenville, Texas; Mr. and Mrs. A. W. Beckworth, uncle and aunt, of Dumas, Texas and Mr. and Mrs. John Beckworth, uncle and aunt, of Eunice. Relatives of the bridegroom were Mr. and Mrs. H. W. Gray, grandparents, of Lamesa, Texas; Mr. and Mrs. W. E. Boydston, uncle and aunt, of Hobbs; Mr. and Mrs. Raymond Boydston, uncle and aunt, of Hobbs; Mrs. T. C. Dulaney, aunt, of Eunice and Mr. and Mrs. E. H. Lock, uncle and aunt, of Carlsbad.

'Christ The Answer In Community' Is Circle Meet Subject

Mrs. Emmett Gage, circle chairman of the Business Women's Circle of the First Baptist Church, presided over the monthly business and missionary program at the church Tuesday evening.

Mrs. Glenn Collard and Mrs. Elaine Haines, co-hostesses, served salad and sandwich plates.

At the close of the supper and short business meeting, Mrs. V. E. McGuffin brought the missionary program, "Christ The Answer in the Community," and led in an open discussion of rural church problems.

Those taking part in the discussions and attending the meeting, were Mrs. Helen Henson, Mrs. Bernice Golden, Mrs. Dale Blackburn, Mrs. W. G. Short, Mrs. Leola Wil-

The circle will meet again at 8 o'clock Tuesday evening, May 17, for an outdoor supper at the home of Mrs. W. G. Short, 415 Garret Street. Members were asked to keep this date open in order that there may be a large attendance.

EASTERN STAR MEETS AT LAKE ARTHUR

Mrs. Ernest Mahone, worthy patron, presided over a meeting of the Lake Arthur Eastern Star Chapter Saturday night at the hall. All regular officers attended.

After the meeting, a lovely birthday party and shower was given. Mrs. John Hevins was given. Mrs. John Hevins by Mrs. R. C. Waltrip and Mrs. Chester Rogers.

June Gissler, a student at McMurry College, Abilene, Texas, visited her parents, Mr. and Mrs. H. T. Gissler, over the week end.

Mr. and Mrs. Orville Worley and family of Duncan, Okla., visited Mr. and Mrs. M. L. Worley over the week end.

Mr. and Mrs. Glenn Clem and children, Ronny and Johnny, left last Thursday for Wichita Falls, Texas, to visit Mrs. Clem's parents, Mr. and Mrs. G. W. Young. They returned home Monday.

Mr. and Mrs. Cecil Mitchell and children visited over the Easter holidays in Wichita Falls and Gainsville, Texas, and Lindsay, Okla. They were accompanied by Mrs. Mitchell's mother, Mrs. Lydia Johnson. In Lindsay they visited Mr. Mitchell's parents, Mr. and Mrs. Mitchell. In Gainsville, they visited Mrs. Mitchell's brother-in-law and sister, Mr. and Mrs. R. E. Bealeau and Mrs. Mitchell's sister, Mrs. C. M. Jones, who is ill in a hospital there.

Miss Mary Dixon, a student at the University of Oklahoma, Norman, and her friend, Jack Duggan of Dallas, are visiting Miss Dixon's mother, Mrs. Ira Dixon, during the Easter vacation.

Miss Joan Livingston, a student at the University of New Mexico, Albuquerque, is visiting her parents, Mr. and Mrs. M. C. Livingston, during the Easter holidays.

Duane Hillard, son of Mr. and Mrs. J. W. Hillard, a student at the University of New Mexico, Albuquerque, is visiting his parents during the Easter vacation.

DeWayne Miller, son of Mr. and Mrs. D. A. Miller, a student at the University of New Mexico, Albuquerque, is spending the Easter vacation with his parents.

Margaret and Mildred Moutray, twin daughters of Mr. and Mrs. Jim B. Moutray, students at the University of New Mexico, Albuquerque, are visiting their parents during the Easter vacation. Their son, James Albert Moutray, a student at New Mexico Military Institute, Roswell, is also home for the Easter vacation.

George H. Dixon, a student at the University of New Mexico, Albuquerque, is visiting his parents, Mr. and Mrs. George D. Dixon, during the Easter vacation.

Frederick (Fritz) Hannah, son of Mr. and Mrs. E. A. Hannah, a student at the University of New Mexico, Albuquerque, is spending the Easter vacation with his parents.

Miss Teddy Jane Archer is spending the Easter vacation with her parents, Mr. and Mrs. T. L. Archer. She is a student at Highland University, Las Vegas.

Raymond (Red) Davidson, son of Mr. and Mrs. S. G. Davidson, is home during the Easter vacation. He is a student at Sul Ross, Abilene.

Jerry Dublin, a student at New Mexico A. & M. College, Las Cruces, is home for the Easter vacation. He is the son of Mr. and Mrs. R. C. Dublin.

Jerry Cole, son of Mr. and Mrs. Taylor Cole, is home during the Easter season. He is a student at

the New Mexico A. & M. College, Las Cruces.

J. L. Long, Jr., a student at New Mexico A. & M. College, Las Cruces, is visiting his parents, Mr. and Mrs. J. L. Long, Sr., during the Easter vacation.

Jerry Perry, son of Mr. and Mrs. E. M. Perry, is home during the Easter vacation. Jerry is a student at New Mexico A. & M. College, Las Cruces.

Miss Lucille Arnall, daughter of Mrs. Irene Arnall, is home for the Easter vacation. She is a student at New Mexico A. & M. College, Las Cruces.

Johnny Herbold, a student at New Mexico A. & M. College, Las Cruces, is visiting his mother, Mrs. Frank Herbold, during the Easter season.

Miss Janie Dunnam is visiting her parents, Mr. and Mrs. W. A. (Bill) Dunnam during the Easter season. She is a student at the University of Oklahoma, Norman.

Miss Cleo Johnson, a student at New Mexico A. & M. College, Las Cruces, is home for the Easter holidays. She is a daughter of Mr. and Mrs. R. P. Johnson, Cottonwood.

Mrs. Mary Cavin of Oklahoma City accompanied her son, Raymond, to Eunice last week for a visit. Mrs. Cavin visited the last two months in the home of her daughter, Mrs. Ray Pate and family of Lake Arthur. Mrs. Cavin formerly lived in Artesia.

Houseguests of Mr. and Mrs. D. C. Blue over Easter were their daughter, Betty, a student at Highlands University, Las Vegas, and Mrs. Blue's mother, Mrs. Rosa Childress of Globe, Ariz. Miss Blue returned to college Sunday night and Mrs. Childress returned home Wednesday.

Mr. and Mrs. Larry Stockton and son, Brookie, of Gallup visited Mrs. Stockton's parents, Mr. and Mrs. Nevill Muncy, over the week end. Mr. Stockton is head coach at Gallup High school.

Mr. and Mrs. Ivan Herbert and children, Margery, Maria, and Jane, left Friday morning to visit Mrs. Herbert's brother-in-law and sister, Mr. and Mrs. Earl Ball, at Floyd and then went to Amarillo to visit Mr. Herbert's parents, Mr. and Mrs. Waldo Herbert and his brother and sister-in-law, Mr. and Mrs. I. H. Herbert. They returned home Sunday night.

Guests in the home of Mr. and Mrs. E. B. Everett for the Easter season are their children and grandchildren, Mr. and Mrs. Loyd Everett and children of Odessa, Texas; Jerry Everett, a student at New Mexico A. & M. College, Las Cruces and their daughter, Mrs. Jesse L. Truett, Jr., and her small son, Brent, of Las Cruces.

Mr. and Mrs. Raymond Cavin and daughter, Eugenia Ann, of Eunice, visited the last week in the home of Mr. Cavin's sister, Mrs. Ray Pate and family in Lake Arthur. Eugenia Ann was honored on her eighth birthday with a luncheon. A beautifully decorated cake with eight candles was cut. While in Lake Arthur, the Cavins saw about property interests in Artesia and visited old friends.

Miss Hattie Ruth Cole, a student at Baylor University, Waco, Texas, was home over Easter, visiting her parents, Mr. and Mrs. Fred Cole. She flew by commercial plane both ways and was met Friday in Clovis by her father. She left for Waco from Carlsbad Monday.

Harold Ulrich underwent an operation for a burst appendix Sunday night at Artesia Memorial

Hospital, where he is doing nicely. Mr. and Mrs. John L. Carter and children returned home Wednesday from a vacation trip to San Antonio, Texas, on which they were gone a week.

Mrs. Bill Shaw and daughter, "Pug," went to El Paso Wednesday of last week to visit Mr. Shaw's sister, Mrs. A. A. Schole. Mr. Shaw joined them Saturday and brought them home Sunday night.

Mr. and Mrs. Fred Stevenson of Santa Rita and Mrs. Stevenson's sister, Mrs. C. R. Blocker and Mrs. E. J. Foster of Artesia, left Monday for Miami, Fla., planning to be gone about three weeks.

Robert Painter, a student at Texas Christian University, Fort Worth, came home last Thursday and returned to college Sunday night. He is the son of Mr. and Mrs. F. E. Painter.

Miss Maxine McAnally, daughter of Mr. and Mrs. Artie McAnally, visited her parents during the Easter vacation. Miss McAnally is a student at Texas Christian University, Fort Worth.

Mr. and Mrs. C. E. Ulrich of Lake Crystal, Minn., arrived Wednesday morning to be with their son, Harold Ulrich, who underwent an emergency appendectomy Sunday.

Mrs. Ellen Sanders of Tulsa, Okla., arrived Sunday for an indefinite visit with her brother-in-law and sister, Mr. and Mrs. J. T. Henry.

Mr. and Mrs. Louis B. Dugas and children of Baton Rouge, La., arrived Friday for a two-week visit with Mrs. Dugas' parents, Mr. and Mrs. J. T. Henry.

NOTICE
STATE ENGINEER'S OFFICE
Number of Application RA-1337-A, Santa Fe, N. M., March 30, 1949.

Notice is hereby given that on the 28th day of March, 1949, in accordance with Chapter 131 of the Session Laws of 1931, L. T. Lewis and J. L. Taylor of Roswell, County of Chaves, State of New Mexico, made application to the State Engineer of New Mexico for a permit to change location of well and place of use of 270 acre feet per annum of the shallow ground waters of the Roswell Artesia Basin by abandoning the use of wells Nos. RA-1337 and RA-1337-S for the irrigation of 90 acres of land described as follows:

Subdivision NW $\frac{1}{4}$ SE $\frac{1}{4}$, Section 7, Township 15 S., Range 26 E., Acres 40.

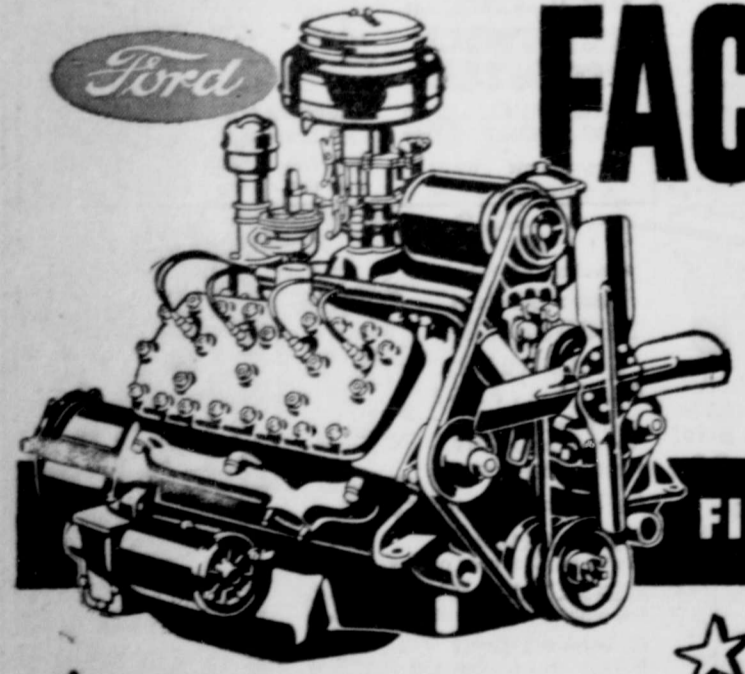

Subdivision SE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 7, Township 15 S., Range 26 E., Acres 40.

26 E., Acres 18.95.
Subdivision Part SW $\frac{1}{4}$ SW $\frac{1}{4}$, Section 9, Township 16 S., Range 26 E., Acres 37.75.

No additional rights over and above those set forth in License No. RA-1337 and RA-1337-S are contemplated under this application.

90 acres described in Section 7, Township 15 South, Range 26 East to be completely dried up to any use of underground water for irrigation and all rights are transferred to the 90 acres described in Section 9, Township 16 South, Range 26 East. Appropriation of water from all sources combined to be limited at all times to a maximum of 3 acre feet per acre per annum delivered upon the land.

Any person, firm, association, corporation, the State of New Mexico or the United States of America, deeming that the granting of the above application will be truly detrimental to their rights in the waters of said underground source may protest in writing the State Engineer's granting approval of said application. The protest shall set forth all protestant's reasons why the application should not be approved and shall be accompanied by supporting affidavits and proof that a copy of the protest has been served upon the applicant. Said protest and proof of service must be filed with the State Engineer within ten (10) days after the date of the last publication of this notice. Unless protested, the application will be taken up for consideration by the State Engineer on that date, being on or about the 9th day of May, 1949.

JOHN H. BLISS,
State Engineer.

Sprull; and All Unknown Claimants of Interest in the Premises Adverse to the Plaintiffs, . . . defendants.
GREETING: . . .
You are hereby notified that a

suit has been filed against you, and each of you, by M. H. Rutledge and Dixie T. Rutledge, as plaintiffs, in the District Court of the Fifth Judicial District of the State of New Mexico, within and for the County of Eddy, that being the court in which said cause is pending, and being Case No. 11033, the general object of said suit being to quiet the plaintiffs' fee simple title and estate in and to the property described in the complaint in said cause (subject only to plaintiffs' mortgage thereon to First National Bank of Artesia, as appears in Mortgage Record Book 57, at page 318, Office of County Clerk of Eddy County, New Mexico), said property being situated in the city of Artesia, Eddy County, New Mexico.

The plaintiffs' attorneys are ARCHER & DILLARD, whose office address is Bookers Building, Artesia, New Mexico.

You and each of you are hereby further notified that unless you enter your appearance in said cause on or before the 26th day of May, 1949, judgment will be rendered against you in said cause by default.

WITNESS my hand and the seal of the District Court this 11th day of April, 1949.
(SEAL) Marguerite E. Waller, Clerk of the District Court.

State 4-Hers To Enroll In Frozen Foods Program

New Mexico 4-Hers will, again take part in the 1949 national 4-H frozen foods awards program in

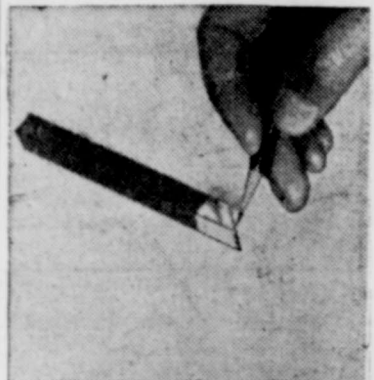

1949, according to Travis Hughes, acting state 4-H club leader. Sectional awards and amount of scholarships both have been increased this year. As incentives for superior records of achievement in the program gold-filled medals of honor for county winners and a \$50 U.S. Savings Bond for the state champion

are provided. Sectional awards of all-expense trips to the 1949 National 4-H Club Congress in Chicago next November have been increased from four to six, while the four national scholarships have been raised from \$200 to \$300 each. The 4-H frozen foods program, conducted under the direction of the New Mexico Extension Service, is designed to further stimulate interest in farm-home economy. With the help of county extension agents and local 4-H Club leaders, members learn the use of freezing equipment and how frozen foods can add variety to the home-raised food supply. They also develop skill in preparing, packaging and freezing meats, poultry, eggs, fish, fruits, vegetables, baked goods and other dishes. The two county medal winners named last year were Lucy Zartman of Bernalillo County and Evelyn McKay of Union County.

New Type Sharpener Usable in Fields Will Sharpen Mower Blade While on Bar

A new type of hay mower blade sharpener which makes it possible to sharpen the ordinary mower section right in the field without even removing it from the cutter bar, thus saving time and labor and making it possible to cut more hay faster, has been placed on the market by the New England Carbide Tool Company, Inc.

The black tip of this new type mower blade sharpener is made of carbonyl cemented carbide, hardest metal commercially available. Mower blades can be sharpened quickly and easily in the field with this sharpener.

The sharpener consists of a steel shank one-half inch square and about 5" long, chrome plated against rust and having rounded edges so that the tool can be carried safely in the pocket. The tip which does the actual sharpening is made of ultra-hard carbonyl cemented carbide metal, which is attached securely to the steel shank. To sharpen mower blades with this "carbide tipped" tool, the edges of the blade to be sharpened are uncovered. The sharpener is held in the hand, palm down. The carbonyl tip is placed on the mower blade at about a thirty-degree angle, and drawn from back to front on the blade three or four times. This produces an extremely sharp edge. Any small burr which may develop on the blade may be removed by drawing the carbide tip across the bottom of the blade.

from brooder to layer stages. However, ordinary chick sun porches are not adequate for older birds' use and most raisers have ample rangeland for their flocks, so the range system of raising growing birds remains popular.

Male Youngsters Drink More Milk Than Girls

Results of a recent study should be of interest to dairy farmers. The study revealed that teen-age boys drink more milk than teen-age girls. Eating habits of school boys and girls, 15 years of age and over, in both city and rural high schools were studied for three days. It was found that 39 per cent of the boys and only 22 per cent of the girls drank a quart a day.

'El Paso', Picture Of Old West, Is Opening Today

A mighty spectacle of entertainment opens today for a three-day run at the Lansdown Theater with enough adventure and excitement to pack into half a dozen ordinary films. It is Paramount's vivid recreation of that part of Texas in 1865 which was known as "coffin corner"—"El Paso," with co-stars John Payne, Gail Russell, Sterling Hayden, George (Gabby) Hayes and Dick Foran. The stars are given an excellent support by Eduardo Noriega, handsome and popular Mexican film idol; Henry Hull, Mary Beth Hughes, H. B. Warner, Catherine Craig and Bobby Ellis. "El Paso" captures to a greater degree than any picture recalled the mood and feeling associated with the Old West. Filmed in Cinecolor, the camera does equal justice to the scenic prairie chases and the rock-fisted battles in the Rio Grande. Against this colorful panorama stands "El Paso"—the townspeople's gunsmoke too often columned skyward, with the dark outline of bodies too often swaying from the hangman's noose. It is here that John Payne arrives, a Charleston lawyer and gentleman, to find the girl he loves (Miss Russell) and her father (Henry Hull), the latter a broken, besotted man. Payne learns that the town is controlled by Hayden and Foran, who cheat, rob and kill, using Hull, the town's judge, to put a farcical stamp of legality on everything they do. Payne learns to outshoot the killers meeting out eye-for-eye, tooth-for-tooth justice which results in mob violence without precedence. A swirling Texas tornado which engulfs El Paso, sets the scene for one of the most terrific climactic gun battles on film record. When the smoke clears away, Payne comes to grips with his conscience and decides the way he must go in an inspiring, thrilling finale.

Westall at Loco Hills Tuesday evening of last week and they went to the home of Mr. and Mrs. Walter Hammens to a rummy party. Mr. and Mrs. Underwood also attended.

Mr. and Mrs. John McMurray had as dinner guests last Thursday evening Mr. and Mrs. James McMurray, Mrs. A. W. Golden and son, Billy and Arthur McMurray of Bixby, Okla.

Mr. and Mrs. Dru Taylor went to Lubbock last week where Mr. Taylor received medical attention. Mr. and Mrs. Newt Loyd of Old Loco Hills were all-day guests of Mr. and Mrs. Odell O'Neal last Thursday.

Mrs. Cliff Pyritz is getting used to the rattlesnakes at her place. The first one she saw she called for help to kill it. Now she just gets her 22 rifle and kills them. It is true, she says, that a snake will line up with a gun so one can get a perfect bead on the aim, when the gun is pointed at the snake and he sees the person.

Mrs. Oscar Goodman went to Roswell Tuesday of last week for medi-

cal attention and had to remain in a hospital all night. She returned late Wednesday and was confined to her home until Friday.

NOTICE TO CONTRACTORS

Sealed proposals addressed to the Eddy County School Superintendent will be received at the office of R. N. Thomas, Eddy County School Superintendent, Eddy County Courthouse, Carlsbad, New Mexico, until 2:30 p. m. Thursday, April 28, 1949, for furnishing all necessary equipment, materials and labor for construction of an elementary school at Atoka, New Mexico, in accordance with plans and specifications as prepared by Max Flatow & Associated of Albuquerque, New Mexico.

Plans may be viewed at the office of R. N. Thomas, County Superintendent of Schools, at Carlsbad, New Mexico, or at the office of Kern Smjth, associate architect, 214 South Lake Street, Carlsbad, New Mexico, or plans may be obtained from Max Flatow & Associates, architects, 213 South Third Albuquerque, New Mexico. Deposit of \$25.00 is required.

R. N. THOMAS, Secretary of Eddy County Board of Education.

Sun Porch Plan For Baby Chicks Being Adopted

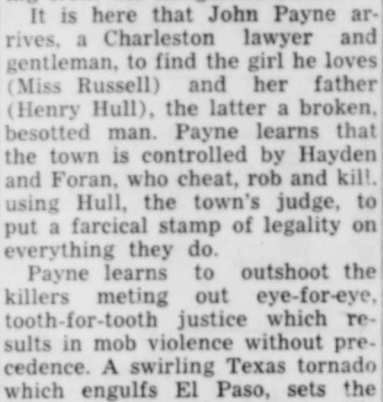

More and more progressive poultry-raisers are adopting sun porches for their young birds. The practice of allowing young stock on sun porches is well-established in the turkey-growing field, and many chick-raisers are following suit. The advantages of using sun porches in conjunction with brooders are the young birds derive more health-giving benefits from the direct sunlight and they become toughened to outdoor living. At the same time, sun porches, properly used, are sanitary and easily-maintained. Sun porches should be attached to brooder houses and should provide an equal amount of floor space compared to the house. Porches need not be elaborate affairs; they can be simply constructed of one-inch lumber and poultry netting. They should be raised slightly above the ground and, of course, the porches should be on the south side, in a protected position.

Where the climate is not too severe, sun porches are used from an early date. Many raisers allow their chicks or poulters to run out on the porches at three weeks of age. Of course, the lengths of time they are permitted out should be short, and not every day is suitable. However, by trying to get the young birds out a little at regular intervals, they become accustomed to the outdoors earlier and many raisers find their young birds seem to do better under this system. The question of continuing to use porches past the early weeks is one that must be answered according to the individual raiser's facilities and requirements. Some raisers in more congested areas use a confinement method of rearing straight through

Horses Are Dangerous

Never approach a horse without speaking to him. As a rule, farmers do not consider horses as especially dangerous animals, yet they account for more accidents of a serious nature than any other farm animal. According to the National Safety Council, approximately three times as many accidents occur with horses as with any other farm animal. Farmers should always be cautious around these animals, the NSC continued. One phase of this precaution is a thorough check in the spring of all equipment to be used on or by horses, particularly harness.

Only strong harness should be used and these should be inspected regularly and kept in good repair. Dry leather has low tensile strength and it should be cleaned with mild soap and warm water and treated with oil. Attention to equipment such as neck-yokes, tongues, single-trees, double-trees and eveners is also very necessary.

The NSC suggests that many serious farm accidents can be prevented by following these simple rules: Never approach a horse without speaking to him. When cleaning a stall, making no sudden movement. Enter the stall on the left side of the horse. When driving or leading horses, never wrap the lines around body.

Maljamar News

Kenneth Kelley left for Las Cruces Wednesday morning of last week to attend a Future Farmers of America meeting. Mrs. Dick Davis entertained the Kewanee Sewing Club at her home last Thursday. She played the piano and "Nobins" sang a solo. Those attending were Mrs. John Leo, Mrs. Ralph McGill, Mrs. J. C. Davis, Mrs. Mickie Sweeney, Mrs. W. D. Wilson, Mrs. Kenneth Shields, Mrs. Ira Pleasant, Mrs. Charlie Shannon, "Ma" Payne and Mrs. Luther Kelley. Mrs. Clifford Pyritz was a guest of the club. Mr. and Mrs. Ralph McGill, Mr. and Mrs. Ed Stricklin and Mr. and Mrs. John Leo went to Artesia last Thursday evening and had dinner and attended a theater. Mr. and Mrs. H. C. Hunter went to Artesia Wednesday of last week. Mr. Hunter had the stitches removed from his knee that he had operated on recently. Mr. and Mrs. M. P. Blakley visited friends in Lovington Friday evening. Mr. and Mrs. J. D. Hamilton. Mr. and Mrs. W. G. White had as dinner guests Monday of last week. Mr. and Mrs. George Owens of Quitaque, Texas and Mr. and Mrs. W. W. White. Mrs. L. J. Kelley went to Lubbock for medical attention Monday of last week. Mr. and Mrs. Kenneth Shields were guests of Mr. and Mrs. Garg.

The **New '49 PONTIAC**

Pontiac—Division of General Motors

The Most Beautiful Thing on Wheels!

We are, of course, very proud and happy that people everywhere are calling the new Pontiac "the most beautiful thing on wheels." Pontiac is a brilliantly beautiful automobile—as handsome a car as ever rolled over America's streets and highways. But Pontiac's real beauty cannot be fully appreciated until you drive the car yourself. For the new Pontiac is beautifully engineered, too—to give you a completely different kind of automobile performance that simply must be experienced in order to be believed.

Pontiac for 1949 offers a totally new kind of ride—a ride as smooth and effortless and comfortable as a car can be. And either of Pontiac's famous engines, six- or eight-cylinder, is a sweetheart for power. Remember, too, Pontiac is the lowest-priced car in the world offering the ease of Hydra-Matic Drive. Available on all models at extra cost. Take a long look at the next new Pontiac you see—then come in and give the car a really thorough examination. That's the way really to appreciate why people are calling Pontiac "the most beautiful thing on wheels."

Maljamar News

(Mrs. Kenneth Shields)

Ever since Monday of last week,

it seems most all of the people here have been asking who had seen the residents who were in that accident near Roswell At this date J. C. Davis shoulder is swelled more

than usual. Mrs. J. C. Davis came home from the hospital Tuesday evening of last week, her back was injured. She walks with short steps and her head bent over slightly, but she is improving. Mrs. Ott Vowell has black and blue places scattered over her body. She is up and around the house, but is to rest quietly for a week, as her heart might be bruised. Her body broke

the steering wheel as the car spun around. "Ma" Payne has remained in the hospital. The shock as well as the cut she sustained about the head, made it necessary for her to stay. She is getting along nicely. A. C. Payne sustained a cut on his nose at the same place he did a few months ago when he and Corky Carter had a car wreck. The Vowell car was badly wrecked, but the truck that they hit only had a flat tire as a result of the accident.

Mrs. Claude Crossley spent Wednesday, April 6, through Sunday of last week with her mother, Mrs. Nell Albert, in Artesia. Mrs. Albert is a sister of Mrs. Emery Carper, who is very ill.

Mr. and Mrs. J. E. Cornett of Artesia and Mrs. Jack Phillips and son of Loco Hills were guests Sunday of last week of Mr. and Mrs. Son Taylor.

Mr. and Mrs. Kenneth Cox had as guests last week their son, Loyd Cox and Mrs. Cox, of San Diego, Calif.

Mr. and Mrs. L. J. Cardin were week-end guests of Mr. and Mrs. W. Hickey in Artesia.

Mrs. John Leo entertained the Kewanee Sewing Club last week at her home. Mrs. James McMurray and Mrs. Son Taylor received "mystery friend" gifts. Experiences of rationing during the war were told. Mrs. Leo showed the club a beautiful Japanese kimono that was given her. Those attending were Mrs. F. H. Alexander, Mrs. Carl Winkles, Mrs. Ira Pleasant, Mrs. Ralph McGill, Mrs. Mickie Sweeney, Mrs. Dick Davis, Mrs.

Luther Kelley, and Mrs. Kenneth Shields. Guests were Mrs. Ed Strickland, Jr., Glenda Kelley and Mrs. Cliff Pyritz.

The Women's Missionary Society met at the church Tuesday of last week. The book review of "Kimo" was finished by Mrs. Dick Davis. A quilting was planned for April 26. Those attending were Mrs. Oscar Loyd, Mrs. Newt Loyd, Mrs. W. W. White, Mrs. W. G. White, Mrs. H. C. Hunter, Mrs. George James and Mrs. Charlie Shannon.

The Maljamar Rifle and Pistol Club met at the Maljamar Cafe last Thursday evening. Moving pictures were shown by Son Taylor and M. P. Blakley told a rattlesnake story. A business meeting was held and 20 members attended.

Mrs. Cliff Loyd of Artesia entertained the Wednesday Bridge Club with a luncheon at her home last week. Guests were Mrs. Leroy Cranford, Mrs. Louis Burch, Mrs. H. D. Burch, and Mrs. Mildred Chipman of Artesia, Mrs. E. R. McKinstry, Mrs. Harold Adams and Mrs. Cliff Whitefield of Loco Hills and Mrs. Kenneth Shields, Mrs. A. W. Golden, Mrs. John McMurray and Mrs. L. J. Kelley of Maljamar. The high guest score went to Mrs. Louie Burch, high club score to Mrs. McKinstry and second high score to Mrs. Kelly. The club's next meeting will be at the home of Mrs. A. W. Golden next Wednesday.

Mrs. Cecil Holeman went to the henhouse Wednesday of last week to gather eggs and there was a skunk in the nest. She ran around in back of the henhouse, picked up a post and came back and beat the skunk to death. Her daughter, Druella, says she smelled bad all day. Since the experience, Mrs. Holeman thinks it pays to take time to go to the house for the rifle.

Mr. and Mrs. William J. Wright of Artesia were all-day visitors in Maljamar Wednesday of last week. She visited several friends during the afternoon. Mrs. A. W. Golden had a dinner party at her home entertaining Mr. and Mrs. Wright. Other guests were Mr. and Mrs. Oscar Goodman and Mr. and Mrs. Zealey Edwards.

Mrs. Cecil Holeman and children and Mrs. Son Taylor attended the band festival in Carlsbad Saturday, April 9.

Guests Sunday of last week in the home of Mr. and Mrs. Luther Kelley were Mr. and Mrs. Ed Taylor and family of Artesia.

Guests Sunday of last week in the home of Mr. and Mrs. Ott Vowell were Rev. and Mrs. James Barton.

The Kewanee Oil Company camp was landscaped and 50 trees were transplanted at the camp recently. Mrs. Mickie Sweeney was con-

daughters of Artesia were dinner guests of Mr. and Mrs. Alexander Sunday of last week.

Mr. and Mrs. Oscar Goodman were guests of Mr. and Mrs. Will Taylor in Lovington Saturday night, April 9.

Mr. and Mrs. Leo Martin redecorated their house at the representing plant last week.

Saturday is STRAW HAT DAY in Artesia
Get in Step With Spring April 23

Make Yours
A Smart, New Straw
from One of These
Sellers of
Finer Clothes for Men

Proclamation by the Mayor:

WHEREAS, it is the custom in this great land of ours for the men in the different communities to consign their 10-gallon sombreros and other felt hats to the moth balls for the warmer months and to don straw hats on a designated day each spring, and,

WHEREAS, the dandelions are in full bloom and the tumbleweeds are starting to take the countryside again, making us all feel that spring is here to stay and it is time to blossom forth with new straw finery, NOW, THEREFORE, I, Oren C. Roberts, Mayor of the City of Artesia, proclaim Saturday, April 23, 1949, as STRAW HAT DAY in Artesia, and ask that the men of the community enter into the spirit of the occasion and sport their new summer headgear and sky pieces.

OREN C. ROBERTS,
Mayor of Artesia.

NOTICE STATE ENGINEER'S OFFICE
 Number of Application RA-1336-B, Santa Fe, N. M., March 30, 1949. Notice is hereby given that on the 28th day of March, 1949, in accordance with Chapter 131 of the Session Laws of 1931, L. T. Lewis of Roswell, County of Chaves, State of New Mexico, made application to the State Engineer of New Mexico for a permit to change location of shallow ground water well and place of use of 120 acre feet per annum of the shallow ground waters

of the Roswell Artesian Basin by abandoning the use of well No. RA-1336, located in the NW¹/₄NE¹/₄SE¹/₄ of Section 12, Township 15 South, Range 25 East, N.M.P.M. for the irrigation of 40 acres of land described as follows:

Subdivision SW¹/₄SE¹/₄SE¹/₄, Section 12, Township 15 S., Range 25 E., Acres 10.
 Subdivision S¹/₂SW¹/₄SE¹/₄, Section 12, Township 15 S., Range 25 E., Acres 20.

Subdivision NE¹/₄SW¹/₄SE¹/₄, Section 12, Township 15 S., Range 25 E., Acres 10.

And drilling a new shallow ground water well 14 inches in diameter and approximately 200 feet in depth at a point in the SE¹/₄SW¹/₄NW¹/₄ of Section 28, Township 16 South, Range 26 East, N. M. P. M., for the purpose of irrigating

40 acres of land described as follows:
 Subdivision E. 10 acres of NW¹/₄SW¹/₄, Section 28, Township 16 S., Range 26 E., Acres 10.
 Subdivision W. 30 acres of NE¹/₄SW¹/₄, Section 28, Township 16 S., Range 26 E., Acres 30.

No additional rights over and above those set forth in License No. RA-1336 are contemplated under this application.

Lands in Section 12, Township 15 South, Range 25 East, to be completely dried up to all use of underground water for irrigation and all rights transferred to the 40 acres above described in Section 28, Township 16 South, Range 26 East.

Appropriation of water from all sources combined to be limited at all times to a maximum of 120 acre feet per annum delivered upon the 40 acres in Section 28, Township

16 South, Range 26 East, N.M.P.M. hereinbefore described.

Any person, firm, association, corporation, the State of New Mexico or the United States of America, deeming that the granting of the above application will be truly detrimental to their rights in the water of said underground source, may protest in writing the State Engineer's granting approval of said application. The protest shall set forth all protestant's reasons why the application should not be approved and shall be accompanied by supporting affidavits and by proof that a copy of the protest has been served upon the applicant. Said protest and proof of service must be filed with the State Engineer within ten (10) days after the date of the last publication of this notice. Unless protested, the application will be taken up for consideration by the State Engineer on that date, being on or about the 9th day of May, 1949.

Old well to be retained for the irrigation of 72 acres of land in the S¹/₂SW¹/₄ of said Section 27, under amended Declaration No. RA-14 and 65 acres of land in the N¹/₂SW¹/₄ and 52 acres of land in the SE¹/₄, Section 28, Township 16 South, Range 26 East, N.M.P.M., under amended Declaration No. RA-303.

No additional rights over and above those set forth in amended Declarations Nos. RA-14 and RA-303 are contemplated under this application.

The 65 acres in the NW¹/₄ of Section 27, above described, to be completely dried up to all use of water from well No. RA-14 and RA-303.

and all rights transferred to the new well No. RA-14-A, located in the SW¹/₄SE¹/₄NW¹/₄ of said Section 27.

Appropriation of water from all sources combined to be limited at all times to a maximum of 3 acre feet per acre per annum delivered upon the land.

Any person, firm, association, corporation, the State of New Mexico or the United States of America, deeming that the granting of the above application will be truly detrimental to their rights in the waters of said underground source, may protest in writing the State Engineer's granting approval of said application. The protest shall set forth all protestant's reasons why the application should not be approved and shall be accompanied by supporting affidavits and by proof that a copy of the protest has been served upon the applicant. Said protest and proof of service must be filed with the State Engineer within ten (10) days after the date of the last publication of this notice. Unless protested, the application will be taken up for consideration by the State Engineer on that date, being on or about the 9th day of May, 1949.

Now Is Time To Make Check On Phosphate Needs

This is a good time for farmers to check up on phosphate needs for the year, Roy Forehand, chairman of the Eddy County Agricultural Conservation Association, advises. He said it is not too early to make plans and arrangements for phosphate and other fertilizers.

Too often, he points out, "we have good intentions, but we don't take the necessary steps to follow through. Then when we get ready to put on the phosphate, we can't get the materials. To make sure, make arrangements well ahead of time."

He reminded Eddy County farmers that assistance is provided under the 1949 Agricultural Conservation Program to help defray the cost of phosphate if it is applied in accordance with approved conservation practices.

The chairman emphasizes three major reasons for the Agricultural Conservation Program:

Conservation of soil and water resources is vital to national welfare and the security of the country. Without sustained production from farms the health, prosperity, progress and security of the nation would break down. And because it is a national responsibility, the government, representing the people of the nation, co-operates with the farmers in helping to carry out needed conservation practices.

Providing this assistance to farmers has proven the most effective, economical, and efficient way of getting the job done.

Through this program, methods of soil conservation and management can be put into use on many farms in a short time. The program is set up in every agricultural country, is administered by farmer-committees elected by their neighbors and is in reach of all farmers.

Land Contouring Helps To Conserve Soil And Water

Explaining soil and water conservation practices which farmers of Eddy County may carry out with assistance under the 1949 Agricultural Conservation Program, Roy Forehand, chairman of the county committee, said that contour farming will do much to save soil and water on sloping, tilled land.

"Furrows on the level even though the land is rolling" was the simple way Forehand explained contouring. Contouring means carrying out tillage operations—plowing, disking, harrowing, planting, and cultivating—around the hill-sides instead of up and down the slope.

Practical application of contour farming usually calls for contouring and strip-cropping, sometimes terracing, he points out. A strip-cropping system provides definite contour guide lines for the farming operations. Once the farm is set up with these contour guide lines—either with terraces or contour strips—the farming operations can be carried on year after year on the contour.

Many farmers find farming easier and more economical where the land is laid out on the contour. But the real purpose and value of contouring, the chairman explains, is in the topsoil saved and the moisture held in the ground for the growing of crops.

Contoured furrows form small dams, which prevent the water from flowing down the slope. The moisture soaks into the soil for future use of the crop and the topsoil is not washed away. Contour

FARM PRODUCTION RISING IN NATION

Total U.S. farm output last year set another new record—the sixth new record in the last nine years.

This record was made in spite of somewhat smaller livestock production, the result of the short corn crop of 1947 and a reduction in livestock numbers because sales have been outrunning the rate of replacement.

There Is Plenty Of Water This Year To Save

Water conservation will be a real job in the West this year. Reports to the U.S. Department of Agriculture show the snow cover on the major watersheds is 200 per cent of normal in the Columbia Basin, 150 per cent of normal in the headwaters of the Missouri River, 175 per cent of normal in the Great Basin and the Upper Colorado, and normal on the Rio Grande, Arkansas, Salt, and Gila, and in Southern California.

Farmers and ranchers who have put in water-conserving structures on their lands will get full use of them this year. Some of these water-conserving measures are spreader dams, contour furrows and stock water dams as well as a stand of grass that has been obtained by natural or artificial reseeding. All of these will lead more of the snow water into the ground. Some of the water will be drawn back up by plants. A large part of it will join the great body of ground water supplies. Those supplies have been badly depleted in most parts of the West the last few years.

Most of the water from the melting snow, however, will run off the land accumulate in streams. Many of those streams have been dammed and large reservoirs formed above the dams. On Feb. 1, according to the snow survey, there was enough water in the accumulated snow to more than fill those reservoirs.

Two-drawer, Art Steel Junior filing cabinets, with or without locks—Advocate office.

Grass Seed Is Abundance Key, Says McCormack

The need for nationwide understanding of what it takes to assure continued abundance of needed food is being stressed by Alvin V. McCormack at state meetings of Agricultural Conservation Program committeemen. McCormack is director of the Agricultural Conservation Programs Branch, Production and Marketing Administration, U.S. Department of Agriculture.

He points out that continued abundance is possible only if the productivity of the nation's land is maintained. Farmers can maintain the land only if farm prices make conservation work possible. Ample supplies of legume and grass seed are essential if the land is to be conserved.

As McCormack explains it, when farmers adjust their crop acreage to meet changed demands, it "leaves them free to put more land into grass." If farmers fail to adjust, the "over-production leads to lower prices and instead of reducing production a farmer is often forced to increase it in order to maintain his income. He tries to make up for the drop in price by selling more bushels or more bales. That's why the price support program, with its provisions to keep production in line with demand, is very important to conservation."

And in order to do the conservation job, he points out, "It's going to take a lot of legume and grass seed to do it. We've been short of these seeds for a long time. In fact, we've never had enough to really take care of the planting we should have made."

In great part, McCormack believes, the success of the entire

agricultural effort in the next few years—increased conservation made possible by price supports and certain crop adjustments—rests upon the production of enough grass and legume seed. State and county Agricultural Conservation Associations, he states, are now making a survey of the probable needs for the next 10 years and plans are being worked out to insure the needed production.

Assistance Given In Conservation Of Soil, Water

The Agricultural Conservation Program for 1948 has been completed and this is the ACA record of assistance to the farmers and ranchers of Eddy County, Jay R. Ogden, vice chairman of the county committee, announced.

A total of 168 farmers applied 3,335,100 pounds of commercial fertilizer to alfalfa or permanent pasture for which the ACA paid \$2963 and 57 farmers subsoiled 5978 acres and were paid \$3610.

Farmers numbering 82 reorganized their irrigation systems on their farms, including 43,930 feet of permanent ditches, 24 reservoirs,

427 cubic yards of concrete and 2000 feet of pipeline and were assisted by \$9543.

In the county 55 farmers leveled 1377 acres, for which they were paid \$12,747 by ACA, while three ranchers drilled wells, totaling 1160 linear feet and received \$803.50 assistance.

Five ranches put up 2400 rods of range fencing and were paid
