A. H. Hover's Murderer Cheats Electric Chair In Mississippi

J. W. Poore of Alabama, 56, who has to have paid the death penalty at 12:01 o'clock Friday morning for the murder of A. H. Hover, Artesia and Laguna, Calif., oil man, near Overt, Miss., in July, 1947, cheated the electric chair Wednesday of last week when he committed suicide in his death cell in the Hinds County jail at Jackson, Miss. Poore was discovered barely alive by the night jailer about 7:15 o'clock that morning. He asked for water, which the jailer gave him and then called a physician. When the jailer returned to the cell, Poore was dead. The Jackson Clarion-Leader, which kindly airtailed The Advocate the story, said that Poore had slashed his left arm at the wrist and inside the elbow with a double-edged razor blade, one edge of which was wrapped, evidently to protect his fingers. Poore made a similar attempt at suicide last August and lost a great deal of blood before his condition was discovered. The Clarion-Leader said. The newspaper quoted jail officials as saying prisoners there are allowed to keep razors for shaving purposes, even while confined to a death cell and that as Poore had declared numerous times he would not again attempt suicide.

Woman's Club Urges Wrapping Of Garbage

The "Build a Better Community" committee of the Artesia Woman's Club, Mrs. Fred Cole, chairman, has joined in a phase of polio precaution here which had not heretofore been brought out, that of wrapping garbage in old newspapers or other paper as further assurance it will not become breeding places for flies. With several known cases of polio in this area, the committee is urging everyone, housewives in particular, either to wrap garbage or be extremely careful in its disposal, besides taking care of home premises not included in the city's alley and garbage can spraying program. Mrs. Cole said the city alone cannot carry out the fly prevention program and that if housewives do not co-operate the fly menace will remain. She pointed out that the recent rain will have a tendency to bring more flies and mosquitoes, in urging all women of the community to look over their back yards and alleys and to spray well with DDT, as well as to wrap or otherwise keep garbage unexposed, in addition to keep garbage cans covered as dictated by city ordinance and common sense.

Football Coach With Striking Record Is Hired By Board

The Artesia Board of Education has hired a chief football coach for next school year, who has a record for accomplishments about as big as he is, and he stands 6 feet 2 inches and weighs 240 pounds, it was announced this week by Tom Mayfield, superintendent of schools. He is John Thomas Tinson, to whom Artesia High School has fallen heir because the coach has had to come to New Mexico for health reasons of his family. Superintendent Mayfield said the Bulldogs may or may not win games under Coach Tinson's guidance, but that if his record and experience stand for anything, opponents will know they have been played. Outstanding in Coach Tinson's record is the period 1931-43, when he coached football, golf and basketball at McKeesport (Pa.) High School. During that time his football teams won 72 games, lost 19 and tied 11. The coach experienced a winning streak of 29 straight games and for a period of four years, his teams were undefeated in Pennsylvania. His 1936 team lost the championship of Pennsylvania by half a point in the rating system. In 1937, McKeesport represented the North in a charity game at Evansville, Ind. and that year the team lost the Pennsylvania championship because of one tied game. The next year, however, McKeesport won the state championship by defeating Johnstown at Pitt Stadium in Pittsburgh. And the team that year represented the North in a Christmas Day game at Miami, Fla. Coach Tinson started his career at Bethany (W. Va.) College, from which he had just graduated, as assistant football and basketball coach. In 1930-31, he was head coach and athletic director at a private school at Columbus, Ohio. The first year his team won all of 10 games played. The next year, eight games were won and one each lost and tied. The school won the private school league football championship in 1930 and the basketball championship in 1931. Good-Willers To Leave For Hills Wednesday

J. D. Smith, president of the Artesia Chamber of Commerce, said plans are being rounded out this week for the annual overnight good-will trip to the Sacramento Mountains next Wednesday and Thursday. The uphill trip is to start at 8:30 o'clock Wednesday morning from the city hall, where good-willers are to line their cars up behind that of Deputy Sheriff J. B. (Buster) Mulcock, which will be the pilot car. President Smith asked that those planning to make the trip, plan to start lining up at 8 o'clock, so the caravan will be ready to get away promptly at 8:30 o'clock, as the schedule of stops has been carefully worked out. This was done last week, when President Smith and the secretary-manager of the Chamber of Commerce, drove over the route and made arrangements at the various communities where the Artesia caravan will stop. Plans were made for barbecue lunches each of the two noons, at Pinon on Wednesday and at Mayhill on Thursday. Chuck Gage will be in charge of the feed at Pinon, assisted by women of the community. Church women of the Mayhill area will prepare the barbecue for Thursday noon. The schedule, which is given in full in another column, calls for the good-willers to spend the night at Cloudfroft, as is usual on the annual trips. There a banquet will be served at The Lodge at 7 o'clock Wednesday night, sponsored by the Cloudfroft Chamber of Commerce and for which the charge will be \$2.50.

After reports shortly after 3 o'clock Monday afternoon that there was a tornado 20 miles west of Roswell moving in a southwest-erly direction, Artesia police and radio station KSPV alerted the people here, as was being done at the same time in Roswell. Planes at the Artesia municipal airport were hanged or tied down more securely against the possibility the storm would reach here. For more than an hour, observers here watched twisters let down from clouds west of Roswell, the only to go back up, while at the worst of the disturbance in the immediate Roswell area, two twisters could be seen from here at one time. People in Roswell flocked to the streets to see the unusual in Pecos Valley storms and to be ready to seek shelter if need be. Walker Air Force Base at Roswell reported the tornado disturbance originated in the vicinity of Capitan Mountain and moved in a southeasterly direction. One twister was seen to touch the ground west of Roswell near Border Hill, but the twisters for the most part stayed at a safe altitude. However, the air base reported some damage to planes there. Artesia Gets .68 Inch Rainfall As Severe Storms Visit Pecos Valley

Artesia has been in the center of a storm area the last few days, but suffered less than some other communities which experienced severe storms, even to tornadoes, relatively unknown in the Pecos Valley. While the Carlsbad community had a bad storm late Sunday afternoon, accompanied by destructive wind reaching a velocity of 70 miles an hour, Artesia had a downpour, which the gauge of the Southern Union Gas Company registered as .68 inch and which was accompanied by hail in some communities, badly damaging cotton. A tornado scare was experienced in the Pecos Valley from Roswell to Artesia Monday afternoon and some twisters were noted in Chaves county, but no appreciable damage was reported. And on Tuesday afternoon another severe storm with much hail struck in Chaves County, wiping out many acres of cotton in the Dexter and Hagerman localities. Although the tornado clouds and disturbances at and west of Roswell were watched from Artesia Monday afternoon and persons on high ground here actually saw the twisters 30 to 40 miles away, the menacing clouds never passed over Artesia, where there were only scattered clouds overhead.

Third Case Of Polio Is Reported In Artesia Community This Week

A third case of polio was reported in the Artesia community this week, when diagnosis established that Clarence Harrison, 24, of the Menefee Addition on the Hope Highway definitely had the disease. Two cases were reported last week, those of Emerito, the year-old son of Mr. and Mrs. E. P. Acosta of Artesia and Sylvia, the year-old daughter of Mr. and Mrs. Albert Orasco of Lake Arthur. Harrison, who has shown a weakness in his left leg, was taken Tuesday to the Veterans Hospital in Albuquerque for treatment. His physician said that at that time the disease was past the acute stage. Mayor Oren C. Roberts and civic leaders this week again called on the citizens of the community, both within and outside the Artesia city limits, to take all precautions possible and to co-operate in fighting flies and mosquitoes. The Artesia Woman's Club joined

Driver Has Close Escape; Fined For Drunk Driving

Roy James McIlhenny miraculously escaped death or serious injury about 10 o'clock Saturday night, when the car he was driving overtook and struck the rear end of a truck on the north highway, careened off to the right, overturned several times and came to rest between the Santa Fe railway tracks 100 or more yards away. But the accident led to a fine of \$150 and costs and revocation of his driver's license for 12 months by Police Judge Arba Green, when McIlhenny was arraigned Monday morning on a charge of driving while intoxicated. The occupants of the truck, V. K. Watts and his young children, Raymond and Judith, of Artesia, were shaken up, but did not sustain any serious injuries. Watts was uninjured, but the children were treated for minor lacerations. Officers Loyd Bolin and John Akard, who were called to the scene of the accident, reported McIlhenny's car was lying on its side and McIlhenny was pinned in the front seat by the dashboard and broken steering wheel. Although he was unconscious at the time, when he was examined and treated by a physician at Artesia Memorial Hospital, it was found he had no serious injuries and he was removed to the city jail and booked on a charge of driving while intoxicated. The accident was also investigated by Acting Police Captain John Miller and Deputy Sheriff J. B. (Buster) Mulcock.

Asleep On Job, Burglar Nabbed In Army Store

Presiliano Sanchez Gill plead guilty and waived a preliminary hearing Monday morning, when arraigned before Justice of the Peace J. D. Josey on a charge of breaking and entering the Army Surplus Store at Roselawn and Chisum Avenue, where he was found asleep early Sunday morning and with a washtub filled with articles from the store. Judge Josey bound Gill over to the action of the Eddy County District Court and set bond at \$1500. Being unable to give bond, he was placed in the Eddy County jail at Carlsbad to await trial. Also in Gill's possession at the time of his arrest was a pint Three Feathers bottle, from which about two of the three "feathers" had been removed, which officers said probably led to his drowsiness and desire to sleep. In the tub were three men's suits, six pairs of khaki trousers, two .32-calibre automatic pistols, hunting knife, gray dress, army shirt, pair of shoes, belt, pair of denim trousers, dress shirt, dozen handkerchiefs, 11 ball-point fountain pens, seven and a half dozen table knives, five pairs dress socks, eight pairs shorts, box of chewing gum and an electric razor. Gill was wearing a brown pin-stripe suit, which J. A. Fahey, owner of the store, said also came from his stock. Police Officer Milton E. Smith (Continued last page, this section)

Y. Y. Eaker, 78, Former Artesian, Dies In Texas

Y. Y. Eaker, 78, of Eden, Texas, a former resident of the Artesia and Cottonwood communities and the father of Gen. Ira Eaker, died at Eden Monday evening, friends here have been notified. He had been in poor health the last few years and suffered a heart attack some weeks ago. Funeral services and burial were at Eden Wednesday afternoon. Mr. Eaker and his first wife moved from this community to Eden about 20 years ago. Mrs. Eaker died in about 1930, it was recalled by the friends here. Besides General Eaker, Mr. Eaker is survived by three other sons, Claude, Grady and Carl Eaker and his second wife. Mr. Eaker was an elder in the Church of Christ during his residence here and has been active as an elder many years.

Unlicensed Dog Deadline Is Set For Wednesday

The deadline for unlicensed dogs in Artesia has been set for next Wednesday, June 15, it was announced by Mayor Oren C. Roberts, who has instructed police to impound after that date all dogs found without licenses for the current year. Such dogs will be held three days and if not then called for with arrangements made for their licensing, will be destroyed. Acting Police Captain John Miller called attention to the city ordinance which makes it mandatory that a dog owner show a certificate that a dog has been vaccinated against rabies before a license will be issued. Licenses are obtainable at the office of the city (Continued last page, this section)

Diller Boy Hurt On Wednesday As Parade Progresses

A cheerful parade Wednesday afternoon in connection with the vacation Bible school being conducted by the First Baptist Church was somewhat marred by a traffic accident while the children were assembling, when Kenneth Frank Diller, 6-year-old son of Mr. and Mrs. Frank Diller, was struck by a car and badly injured. The boy was taken by police officers to Artesia Memorial Hospital, where it was found he had sustained fractures of his left thigh and right forearm, lacerations of the scalp and facial abrasions. It was understood late Wednesday, he suffered but little from shock and was doing nicely. Kenneth Frank started to cross Fifth Street near the city jail on his bicycle to join the other children in Baish Park, in front of the Veterans Memorial Building, where they were assembling for the parade. A car being driven south by Mrs. Elsie Everest of four miles north of Artesia on Highway 285 struck and ran over the little boy. Acting Police Captain John Miller and Police Officers Milton E. Smith and John Akard were at the jail and the two patrolmen saw the accident and took immediate charge. The officers said Mrs. Everest was driving slowly and that the accident was unavoidable. Mrs. Everest, who stopped immediately, said she had turned into Fifth Street from Main Street, on which she had been driving west.

Summer Program Of Recreation Attendance Good

Coach John Smith in a statement issued late Wednesday said the attendance through the first two days of the summer recreational and musical program for local children has been quite satisfactory. He expressed the belief that more children would take advantage of this opportunity throughout the rest of the program. Registrations for the event now number 92 boys, ages 5 to 18, he said. Of the boys, 52 attended the various sports activities on Tuesday and 55 participated Wednesday morning. The program which is being currently held at Artesia High School, is broken up into the following sections: 8 to 9 a. m., boys 9-12 years of age, swimming; 9 to 10 a. m., boys 5-8 years old, swimming; 10 to 11 a. m., smaller boys play Chinese checkers and the larger boys indulge in basketball and volleyball in the gymnasium. For the 11 to 12 a. m. period, the going is to 11 a. m. age participants are reversed in the same events. Coach Smith urges all Artesia youngsters to join in the events and assures all of a good time.

Cigaret And Gas Tax Increases To Become Effective In State Friday

The laws of the many passed by the 19th session of the New Mexico Legislature which the average New Mexican will be most conscious when they go into effect Friday—90 days after the close of the session—will be the penny increase on the cigarette tax and the 2-cent increase on the gasoline tax. It remains to be seen whether merchants will absorb the new cigarette tax or smokers will have to pay a cent more for their favorite smokes. The increase in the gasoline tax is one of two of the new laws which are targets of referendum petitions, which are being circulated throughout the state. The other is the law providing for pre-primary nominating conventions, which requires endorsement of candidates by a party before their names may be entered on primary election ballots. Besides being affected by the tax increase, cigarettes come under a fair-trades law, which regulates their distribution and sale, so as to prevent unfair competition. Sale of cigarettes below cost is prohibited. The new gasoline tax law provides that the increase in tax is to be used to retire debts of the State Highway Department, a factor which some citizens say makes it immune to referral. In the meantime, however, supporters of the petitions are still circulating them. Theater bank nights will become legal Friday, at which time the pay of many public officials will be increased. And at the same time a fair employment practices law will become effective, the purpose of which is to prevent religious or racial discrimination in business. A five-man commission, to be appointed by the governor, is to receive complaints and conduct hearings if and when such an issue arises. Although public officials will re-

'Speed' Simmons Shows Outdoor Films At Kiwanis Meeting

L. W. (Speed) Simmons, local game warden, displayed several of his interesting, outdoor sports films to an appreciative gathering at the June 2 luncheon meeting of the Kiwanis Club. Several members of the home club were absent, having gone as to a meeting of the Odessa Kiwanis Club, where they presented the Kiwanis bread board to that group. The board, symbolic of friendship of various clubs in the Kiwanis district, had been given to the Artesia branch the previous week by Hobbs Kiwanians. Guests at the meeting were Lowe Wickersham, Artesia; Rev. Joseph H. Harvey, Roswell; Gerold McBride, Charles Johnson and Walter Harrison of the Roswell Kiwanis Club. Proposals for a club float for the Artesia V-J Day celebration and Boy Scout activities were laid before the club. RAYMOND DAYTON IS BORN AT HOSPITAL FRIDAY Raymond Dayton, was born Friday to Mr. and Mrs. Charles W. Jones, in the Artesia Memorial Hospital.

Adventures Of Two Teen-Age Boys Are Curtailed Saturday

The adventures of two quite young teen-age Artesia boys were curtailed Saturday, when they arrived at the local airport in an airplane they had chartered in Carlsbad and then tried to charter another plane here to take them to Roswell. However, the fact two young would have that kind of money and demand chartering a plane aroused suspicions at the airport and authorities were called. Investigation disclosed the boys had stolen a considerable sum of money here on Friday and that on Saturday they began their travels by taking a bus to Carlsbad, where they chartered the plane for the return trip here. Their case was disposed of by Justice of the Peace Josey, sitting as juvenile officer, whose records are such, unlike other court records, are not public.

Union Bible School Is To Open Here On Next Monday

As has been announced previously, a Bible-centered and non-denominational union Bible school will be held at the First Methodist Church Monday, June 13, through Friday, June 17, with sessions Monday through Friday of each of the two weeks. Sessions will be from 9 to 11:30 o'clock each of the 10 days of the Bible school. The First Methodist Church, Assembly of God, First Christian Church, St. Paul's Episcopal Church, Church of the Nazarene and the First Presbyterian Church are co-operating in the movement. All children of the city from 2 to 14 years old, inclusive, are invited to enroll. This can be done by mailing an application immediately to Rev. Ralph O'Dell, pastor of the Presbyterian Church. Members of the Ministerial Alliance are of the opinion that more Bible training can be given in the two-week period than the average child will receive in six months of regular Sunday school.

Christian Laymen's League Rally Is Held Here Tuesday

Sixty-four men from five churches sat down to a very good chicken pie supper at the First Christian Church Tuesday evening at the southeast district rally of the Laymen's League of the Christian Churches of the state. Churches from Roswell, Artesia, Lovington, Carlsbad and Las Cruces were represented. A male quartet from Carlsbad sang two numbers and William H. McKinney of Indianapolis, national executive secretary of men's work under the United Christian Missionary Society, inspired the men in a remarkable address. McKinney pointed out that every man needs four things in life, primarily first, a job to do; second, he needs a happy home relationship; third, he needs a hobby or to play and last, he needs to learn how to work—how to keep in intimate contact with his God. A. A. Halbert, state vice president of the league, announced a laymen's retreat to be held in the Sandias in August. Charley Johnson of Roswell, district governor of the league, presided.

MAHONE AND LIVINGSTON TO ATTEND ROTARY MEET

A. P. (Doc) Mahone and M. C. Livingston have both left for New York City to represent the Artesia Rotary Club at the annual convention of Rotary International. Mr. and Mrs. Mahone left last week by automobile with plans to drive through, while Livingston and his daughter, Miss Joan Livingston, left Tuesday morning by airplane from Carlsbad. They planned to visit also in Washington, D. C., and be gone three weeks. The two parties were to meet in New York.

CARTER BABY IS NAMED FOR DAD

Mr. and Mrs. S. M. Carter are the parents of a son born in Artesia Memorial Hospital Saturday. The baby has been named Steve Monroe, Jr.

MR. AND MRS. DAVIS ARE PARENTS OF DAUGHTER

Mr. and Mrs. Thurman Davis are the parents of a daughter, born Wednesday in Artesia Memorial Hospital. The baby has not been given a name as yet.

Influence In State

IT IS RATHER SURPRISING and amazing just how much influence the calling of the grand jury in Dona Ana County has had and is having over the state.

Normally one would feel that the influence of that investigating body would not extend over the boundaries of that county. But the fact that it is free to check not only the brutal slaying of Ovida Coogler, the 18-year-old waitress, on March 31, probably is largely responsible for the action now being taken.

And perhaps that is well. Maybe the calling of a few more grand juries over the state would have even a little more influence and it would help to remove some of the sordid and "rotten" conditions which have prevailed and which do prevail in this state.

And although most of us would rather turn our heads and ignore the fact that some of these conditions certainly are not the kind that can be approved by law abiding, high type and fine citizens—the conditions do prevail.

And when we are honest about it we have to admit that our respect for law and order has decreased in the past few years instead of increased. We seemingly have reached the point where we have no respect for our officers and those charged with administering and enforcing the laws of our state. In some instances, of course, their conduct does not warrant us respecting them.

In other cases, however, we seem to think if we have a little political influence then we are only exercising our American right if we ignore the law and if we want to prevent law enforcing officers from doing their duties.

Such activities on the part of citizens, of course, does not contribute to law observance, respect for law and order, or the enforcement of the laws.

Whatever the situation that prevails today in our own cities and communities, our own county and our state, we must accept the blame as citizens of that community. And it is going to be our responsibility and our duty to correct the conditions.

A grand jury, after all, is the people in action. And it is rather pleasing as well as surprising to see what has happened when the people have taken over the investigation of their officers, their conduct and the general conditions, which prevail.

Slot machines, which have been operated rather freely in clubs in Las Cruces and in Dona Ana County, have suddenly disappeared. Law observance is the best it has been for months. The sale of liquor to minors has been halted. The bars and saloons are not only observing the closing laws on Sunday, but as to the early morning hours, too. Eddy County has been extremely free of some of the activities, which have prevailed in other counties. The slot machines have never been permitted; gambling has been at a minimum. There has been no attempted bribes or pay-off to officers in order to enjoy special privileges.

The county deserves to be commended. And the county can continue to enjoy this fine reputation just as long as the good citizens will stand by their officers, who want to continue to keep the county clean and free of gambling and law violations and just as long as the good citizens will indicate to their officers they want the laws enforced. But when this isn't done—then situations can and will develop in this county just as they have developed elsewhere in the state.

And apparently a grand jury can clear them up, at least for the time being.—O.E.P.

Then Protect Them

WE HAVE WARNED BEFORE, but we feel such a warning is always in order, that we must always protect the industries, the business, the firms and the concerns of our community.

We have pointed out that each and every one of these concerns makes a contribution to our community. They provide the jobs; they provide payrolls; they pay the taxes; they make the contributions; they do the things, which make the community possible.

It would be rather surprising to most of us if we would pull out just a few of the small businesses in our community and then see and realize what would happen to our payrolls.

And when those payrolls are gone—then prosperity goes with them. It is the jobs, which these firms and industries provide that make it possible to have payrolls. And it is these payrolls, which make buying power and make it possible for merchants and business people to have business. And it is this business, which makes the payrolls and jobs possible and makes it possible for these firms

to make their various contributions to the community.

Sometimes we are not very farsighted. Sometimes we get an idea that is not based on solid foundation. And in pushing this idea ahead that we believe is good, we are destroying more, should we accomplish it, than we are gaining.

That can happen in Artesia. It probably already has happened here. It can happen again. It was bad enough if it happened once. It is far worse if we as a community permit it to happen again.

Any community can only have that business and that industry which it wants, which it will support and which it will make a paying business. The mere fact that we want something doesn't mean we can always have it or at least have it just when we feel we want it.

All business institutions, concerns, industries and firms depend on the business they have or can enjoy for their very existence.

And this cannot be at the expense of other industries in the community. It is easy to destroy something, which has real merit, in our efforts to get something we merely think we want and we imagine we need and have to have.

This mistake, we say, has been made by many communities. But a growing, progressive community can't afford to make such a mistake.—O.E.P.

Start Making Plans

HAVE YOU CONSIDERED A FLOAT for the V-J Day celebration parade? Possibly you have thought you or your group would build and enter one. But the chances are that you will not get right down to doing it until a day or two before the parade. Then it will be hustle and worry and cut corners.

Now is the time to make plans, studying out all details and putting them down on paper. And it is not too early to make the rough preparations. We will admit that one would not want to tack on bunting or crepe paper until the last minute. But the other work should be done now.—A.L.B.

The Stars And Stripes

THE FOURTH OF JULY will soon be here, our next holiday. And soon afterwards will be other holidays, including V-J Day, for which there will be a three-day celebration sponsored by the United Veterans Club.

The Stars and Stripes should be flown for both occasions and then on Labor Day and Armistice Day, as well as on others.

But we discovered on Memorial Day—which we will admit should have been discovered many months ago—that some of the parking meters have been placed over the old flag staff holes near the curbing in the business section. And many of the old flags have been destroyed.

The feeble display on Memorial Day—better than on any other holiday in a number of months, however—helped to bring out these facts.

But there is still time to act. Flags may be purchased and holes may be drilled in ample time for the Fourth of July.

Let's all get behind the idea and put out the flag to the breeze on holidays and at times of celebration.

We should be proud to fly the flag once in a while, being reminded by its Red, White and Blue, of the things for which it stands, of our constitutional rights of free speech and press, our right to worship as we choose and our right of life, liberty and the pursuit of happiness.—A.L.B.

Honesty Is The Best

WE HAVE NEVER BEEN QUITE ABLE to understand just why as business and professional people we can't always be honest and fair with one another.

It has always been a problem to us as to why we would misrepresent facts when the truth is the best and when it will accomplish the most.

But seemingly some of us just have never learned to play the game fair and as a result we are never willing to try to be honest with our fellowmen.

Most of us admire the individual we believe is honest. We admire the person, who is honest, sincere, straightforward and who lays all of his cards on the table and plays the game with the cards on top and not under the table.

We all have deep respect for that individual who has built for himself in his community a reputation for honesty.

And since we do have this respect for that individual and we know the world admires such a person, just why don't more of us seek to pattern our lives after that person? But we don't.

It is true frequently we convince ourselves that our means justify the end. It is true sometimes, of course, we sell ourselves on the idea that what we are doing is perfectly right and proper. But that doesn't clear us in the eyes of the public when the truth becomes known.

But we have known of cases where individuals have been perfectly honest and frank with other business people. They have come wide out in the open only to find those with whom they have been honest and straight forward work behind their backs and do things which they had no reason or cause for doing.

And unfortunately in such cases the truth will out. Eventually the fair and honest individual learns and knows what has been done. That possibly does not cause them to change their ways of doing things but it does cause them to lose all and any respect they might have had for the other fellow.

The old idea about honesty being the best policy is still the truth despite the fact that some of us seemingly have never learned this lesson. And that honest individual will come out the winner in any event and any case although at times his victory may appear to be a long time in arriving.—O.E.P.

The new home of "Lubri-tection"

AN INVITATION to visit America's newest and most modern motor oil plant

There are going to be "big doings" at Kansas City, Kansas, June 21st and 22nd, when Phillips' great new motor oil plant holds "open house" for American motorists.

You and your family and friends are invited, if you can possibly be there.

There'll be guided tours and refreshments, and you'll get an exciting "eyeful" of what Phillips has done to make possible finer lubricants for today's cars.

You'll see motor oil scientifically packaged by new precision methods. You'll be thrilled by

new high speed conveyors and miraculous new machines that turn out up to 250 cans of oil a minute. You'll see special automatic blenders that maintain exact standards of uniformity and purity.

Come and see this new home of "Lubri-tection", where Phillips blends finer motor oil to give your car lubrication plus engine protection. Remember the dates . . . June 21st and 22nd . . . at Kansas City, Kansas. Any Kansas City Phillips 66 Dealer can give you directions for reaching the plant.

P. S. If you can't be in Kansas City June 21st or 22nd, why not pay us a visit the next time you're in our part of the country? You'll always be welcome!

Kay Cook Honored With Formal Party On Fifth Birthday

Little Kay Cook, daughter of Mr. and Mrs. E. W. Cook, was honored at a formal party, on her fifth birthday Tuesday of last week.

All girls, wearing pretty little organdy formal and the boys dressed to perfection, including bowties, met at the Cook home, where many lovely gifts were presented to the honoree. Each girl was given a miniature corsage. Kay's dress was "off the shoulder" yellow organdy over satin. Her corsage, one light yellow rose bud with green ribbon, was given by "boy friend" Ronnie Haggin.

After the excitement of opening the gifts, each boy chose his girl friend for the evening. Then, holding hands, they walked to the Club Cafe, where they were served birthday cake and ice cream. The tables were decorated with pink and green. Favors were pink and green nut cups, each with a character from Mother Goose attached. Each child recited the nursery rhyme about the character attached to his or her nut cup. The rhymes ranged from "Little Bo Peep" to "Little Boy Blue" and many others. Kay had "Simple Simon" as her poem and she decided at the last moment she would sing "Oh Where Is My Little Dog Gone" in Spanish. Then Ronnie decided he should sing "Twinkle, Twinkle Little Star." Poems and songs were nice and were enjoyed by many who came to look on.

Holding hands, the children then walked to the Landsun Theater to see "Chicken Every Sunday." Led by Ronnie and Kay, they were: Johnny Mack McGuffin, Mary Ella Mayfield, Tony Haggin, Dicy Ann Sheppard, Arba Henry Stinnett, Sheryl Ann Mathis, Jimmy Cook, Sherron Yeager, Johnny Dew, Barbara Jean Myers and Charlott Ann Altman.

Mothers helping were Kay's kindergarten teacher, Mrs. V. Elmer McGuffin; Mrs. Jack Haggin, Mrs. Kirk Yeager, Mrs. Jack Mathis, Mrs. C. A. Altman, a Mrs. Sheppard and Mrs. D. K. Myers of Carlsbad.

Members of the local shrine from Roswell and Tularosa were hostesses at a covered-dish supper prior to the initiation.

It was announced the next meeting will be held at the Masonic Temple here in September.

Betty Ployhar Becomes Bride Of O. J. Carson, Jr.

Miss Betty D'Elaine Ployhar and Owen J. Carson, Jr., were married in a single-ring ceremony Tuesday evening, May 31, at Roswell. Rev. Orbin M. Turner, pastor of the First Methodist Church, officiated.

The bride wore a light blue, two-piece, street-length dress, the tunic all over embroidered with white and yellow daisies. Her accessories were in white. For something borrowed and something blue, she wore the traditional Epsilon Sigma Alpha sorority garter.

Mrs. Carson is the oldest daughter of Mr. and Mrs. Percy P. Ployhar of Artesia. She graduated from the public schools of Valley City, N. D., and attended Augsburg College, Minneapolis, Minn., where she was majoring in journalism.

For a year, she was employed at Valley City by the North Dakota State Teachers Insurance & Retirement Fund. Last December, because of her father's illness, she came with her parents to Artesia. She is at present employed by the First National Bank.

Mr. Carson is the son of Mr. and Mrs. O. J. Carson, Sr. and is a native of New Mexico. He graduated from Artesia High School and attended New Mexico A. & M. College, Las Cruces, and Colorado State College, Colorado Springs. During World War II he served in the Navy.

For the present, the young couple will continue to live in Artesia. The bridegroom is in business with his father in the New Mexico Transportation Company.

Atoka Woman's Club Meets At Jim Berry Home

Mrs. Jim W. Berry entertained the Atoka Woman's Club Tuesday afternoon at her home. Mrs. Paul Rogers, co-hostess, was ill and unable to attend.

In the absence of the president, Mrs. Russell Schneider, who is vacationing in California, Mrs. Nevill Muncy, vice president, presided over the business meeting.

The state convention of extension clubs, which will be held in Albuquerque June 22-24, was discussed and several members expressed their intention of attending.

The demonstration for the afternoon was on textile painting. Miss Wynona Swebston, county demonstration agent, stressed color harmony or color contrast as essential for effectiveness. She displayed a number of interesting designs for towels, luncheon cloths, napkins and other articles and showed the method of making the patterns and painting the articles to be stenciled.

Mrs. Larry Stockton of Gallup, who is visiting her parents, Mr. and Mrs. Nevill Muncy, was a guest of the club. Mrs. Wiley Roundtree, daughter of Mr. and Mrs. Berry, who with her husband and three sons, has recently moved here to make their home, was also a guest.

Mrs. Berry displayed her collection of cups and saucers. Some are antique, others from foreign countries and some from her recent trip to the West Indies. She also displayed a number of nice hostess gifts.

The date for the July meeting is to be announced later. Miss Swebston will not meet with the clubs

in July and August.

The hostess, assisted by her daughter, served delicious punch and coconut cake to Mes. W. T. Haldeman, John Rowland, William Van Horn, Sam Warren, Herman Green, Nevill Muncy, H. T. Gissler, Charles Rogers Ralph Rogers and Paul Terry, Miss Swebston and guests, Mrs. Stockton and Mrs. Roundtree.

JACKOLIN RUNYAN

The engagement of Miss Jackolin Runyan, daughter of Mr. and Mrs. Bryan Runyan of Artesia and Hope, to William D. Ellett of Roswell was announced Sunday afternoon, May 29, at a beautifully appointed tea, at the bride-elect's home, 204 Main Avenue, Artesia.

Guests were greeted at the door by Miss Runyan, her mother and her grandmother, Mrs. Tom Runyan.

Miss Runyan was attired in a blue net formal dress and wore a corsage of pink rosebuds. All members of the house party wore colorful summer formals.

After signing the guestbook, the guests were invited by Miss Marilyn Runyan into the dining room, where iced punch was served by Mrs. John Runyan and Mrs. Irvin Martin.

An arrangement of colored daisies with a Western scene formed the centerpiece. From the lace-covered serving table, green and white frosted individual cakes, nuts and mints were served. Each plate held a placecard with the names, "Jackie and Bill, June 26, 1949."

Miss Runyan was a graduate in the class of 1949 of Artesia High School and has taken an active interest in the Order of Rainbow for Girls.

The prospective bridegroom is a graduate of New Mexico Military Institute, Roswell. He served in the Navy during World War II and saw active service in the Pacific area.

For the present, the young couple will continue to live in Artesia. The bridegroom is in business with his father in the New Mexico Transportation Company.

Betty Matthews 'Blackie' Garner Wed Last Week

In a double-ring ceremony, Miss Betty Matthews and Lonal (Blackie) Garner of Artesia were united in marriage Wednesday morning of last week at Dexter at the home of Rev. C. A. Clark, pastor of the Methodist Church.

The bride was dressed in a one-piece rose colored dress, with white accessories. Her corsage was of gardenias and tiny white rosebuds. In the tradition for something old and borrowed, the bride carried a delicate handkerchief 50 years old, belonging to her grandmother; something blue was a ribbon pinned to her slip and something new, her ensemble.

Mrs. Harold Williams, a cousin of the bride, was bridesmaid. She wore a blue and white suit, with white accessories. Her corsage was of pink carnations.

Harold Williams attended the bridegroom as best man.

Mr. and Mrs. Matthews, the bride's parents, also attended the wedding.

Mrs. Garner is the daughter of Mr. and Mrs. Claude H. Matthews of Loco Hills. She is employed as a telephone operator at the Mountain States Telephone & Telegraph Company office here.

Mr. Garner is the son of W. C. Garner of Oklahoma and Mrs. E. M. Baccia of Los Angeles, Calif. He is employed by the Gilchrist Construction Company.

Mrs. K. J. Williams was welcomed as a new member into the chapter. This was the last meeting until September.

Delicious refreshments of white iced cakes, decorated with a flag, nuts and punch were served by the hostess and her daughter, Mrs. Widmayer.

'Dr. C. Q.' Is On Program Friday At Oilfield School

"Dr. C. Q." (the cunning quack) returned for a second time to entertain the people of the Oilfield School Community Friday evening.

"Dr. C. Q." came in the person of Mrs. Raymond Netherlin. Her helpers "downstairs" and "upstairs" were Witcher Angell and Raymond Netherlin. The right or wrong questions, the famous quotation, the biography of a famous personality and other questions were asked members of the audience. Copper pennies were given for correct answers and gum for those who failed to answer correctly.

Mrs. S. L. Forsyth was mistress of ceremonies. She advertised real and fancied occupations of the audience. She presented the school rhythm band as "Rennelle" and the sweetest music "this side of heaven." Billy Joe Forsyth and LaJuana Jackson presented the musical reading, "Sparking Peggy Jane." They were assisted by a chorus composed of Verna Day Derrick, Mary Alice Jackson, Maxine Marshall, Rennelle Forsyth, Larry Lloyd, Ronnie Loyd, Benny Melton and Tommy Hill.

James Francis portrayed Mr. Anthony. He advertised the "Luscious Lollipop Company," which sponsored "Dr. C. Q."

The entertainment followed a basket supper, which was attended by more than 150 people.

During the evening, perfect attendance awards were issued to Verna Day Derrick, Mary Ellen Davis and Bill Jackson.

Scholastic awards were presented Verna Day Derrick, Benny Melton, Ronnie Loyd, Mary Alice Jackson, Ronnelle Forsyth, Bill Jackson, Andrea Jo Melton, Edna Pennington, LaJuana Jackson, Mary Ellen Davis and Buford Norrid.

Mrs. Josey Talks On Therapy At D.A.R. Meeting

Mrs. J. D. Josey gave an interesting talk on occupational therapy at a meeting of the Mary Griggs Chapter of the Daughters of the American Revolution Monday evening in the home of Mrs. E. C. Morgan, with the regent, Mrs. Harold Kersey, presiding.

Mrs. Josey gave a talk on occupational therapy for the sick and disabled men of the Marine Hospital on Ellis Island. This includes the Coast Guardsmen and light-house tenders, as well as the Merchant Marine seamen.

This work is carried on under the Federal Health Department by trained therapists paid by the D. A. R. and is supplemented by the work of volunteer members of the D.A.R. This work is one of the outstanding accomplishments of the D.A.R.

After this, two films were shown of Ellis Island and the work being done among the patients. Some articles of craftsmanship had been sent from the hospital to show the types of occupational therapy used. The quality of workmanship on the articles was excellent and demonstrated the progress that is being made by the D.A.R. among the patients at the hospital on Ellis Island.

Mrs. K. J. Williams was welcomed as a new member into the chapter. This was the last meeting until September.

Delicious refreshments of white iced cakes, decorated with a flag, nuts and punch were served by the hostess and her daughter, Mrs. Widmayer.

From where I sit... by Joe Marsh

A Good Pilot "Keeps His Feet on the Ground"

Buck Childs flew for the Navy, and after the war bought a light plane for crop-dusting. Now he's got another one—for passengers and hurry-up freight.

Saw him at the Post Office and remarked on his fine record. Said he must be a crack pilot to fly nearly all the time—in good weather or in some not-so-good—without ever an accident.

Buck grinned. "Plenty of fellows around are as experienced as I am at flying. But I don't have accidents because I don't take chances. I spend more time checking engines and equipment than I do in the air. It's one business where you just can't let things slide."

From where I sit, there's no business where you can let things slide and still stay right up there. That's why the tavern owners, like Buck, spend a lot of time checking up—seeing to it that beer is sold in the right surroundings. They know when you "let things slide" you're due for an "unhappy landing."

VA Services In State Will Not Be Curtailed

Veterans Administration services to New Mexico veterans will not be curtailed, either in hospitals or at field stations throughout the state, as the result of a reduction in force announced by VA.

Gene A. Robens, manager of the VA for New Mexico, said some separation notices will be given to regional office personnel, but pointed out that such reductions have been held to the minimum, inasmuch as his office had been forewarned and recent vacancies had not been filled. Previous ceiling of the office, including the Albuquerque outpatient clinic and stations in other New Mexico cities, was 316. While this must now be cut to 288, Robens said his office had only 296 on the rolls. All reductions will be made within Civil Service regulations, he said.

Actually, through an increase in contact service allotments, secretarial personnel will be increased at established field stations, thus affording veterans improved service at those points, Robens said.

D. K. Dalager (manager of the Albuquerque Veterans Hospital, and Lowell C. Like, manager of the Fort Bayard Veterans Hospital, reported that their hospitals were in no way involved in the reduction of eight thousand employees ordered by VA in Washington. Hospital personnel will not be cut, nor will VA medical services in outpatient clinics.

Administrator Carl R. Gray, Jr., said in Washington that the reductions are in keeping with budget estimates for the fiscal year beginning July 1, but do not allow for additional appropriation cuts voted by the House recently and sent to the Senate.

More Smiles per Gallon with Dynaflo Drive

THERE'S the smile when you slip the selector lever into Driving notch—and realize that's all there is to do.

There's the smile when you swing smoothly up to cruising speed without halt or check or break of stride.

There's the smile at traffic lights when you halt, wait, then move away with never a thought about shifting.

But the broadest grin of all comes at the end of a long day's drive and you find you've covered more miles more easily. Even your treadle-foot—so likely to become tired and cramped maintaining an even speed in direct-drive cars—appreciates the fluid ease of Dynaflo.

For Dynaflo Drive† is not merely a new transmission. It's a new experience—a new luxury in driving. In ten minutes you are handling it

like a veteran—in two days you wouldn't be without it.

Small wonder, then, that Dynaflo is the drive with which all new developments in transmissions are compared.

Not merely "something better," it is something entirely new, the first exciting chapter in a whole new book.

Go learn for yourself how abundantly rich in pleasure every gallon becomes when you have Dynaflo.

Your Buick dealer will be glad to demonstrate—glad to quote delivered prices—glad to talk terms of as fine a deal as you could want.

And you'll find glad surprise in the delivery dates he is now mentioning.

NOTICE STATE ENGINEER'S OFFICE

Number of Application RA-1074 Santa Fe, N. M., May 31, 1949.

Notice is hereby given that on the 19th day of May, 1949, in accordance with Chapter 131 of the Session Laws of 1931, O. A. and C. M. Pearson of Lake Arthur, County of Chaves, State of New Mexico, made application to the State Engineer of New Mexico for a permit to change location of artesian well by abandoning the well 10" in diameter and 940 feet in depth, located in the NW Corner of Lot 2, (or the NW $\frac{1}{4}$ NW $\frac{1}{4}$ NE $\frac{1}{4}$) of Section 2, Township 16 South, Range 25 East, N.M.P.M., and drilling a new well 13-inches in diameter and approximately 1,000 feet in depth at another point in the same subdivision of said Section 2, for the purpose of continuing rights set forth in Declaration No. RA-1074. Amended for the irrigation of 488 acres of land described as follows:

Subdivision: Lots 1, 2, 7 and 8, Section 2, Township 16 S., Range 25 E., Acres 115.
Subdivision: Lots 1 to 12-incl., Section 1, Township 16 S., Range 25 E., Acres 373.

No additional rights over and above those set forth in Declaration No. RA-1074 are contemplated under this application.

Appropriation of water from all sources combined to be limited to not to exceed 1464 acre feet per annum delivered upon the 488 acres of land described above.

Old well to be plugged upon completion of the new well.
Any person, firm, association, corporation, the State of New Mexico or the United States of America, deeming that the granting of the above application will be truly detrimental to their rights in the waters of said underground source, may protest in writing the State

Engineer's granting approval of said application. The protest shall set forth all protestant's reasons why the application should not be approved and shall be accompanied by supporting affidavits and by proof that a copy of the protest has been served upon the applicant. Said protest and proof of service must be filed with the State Engineer within ten (10) days after the date of the last publication of this notice. Unless protested, the application will be taken up for consideration by the State Engineer on that date, being on or about the 11th day of July, 1949.

JOHN H. BLISS, State Engineer.

NOTICE TO CONTRACTORS

Notice is hereby given that sealed proposals for the furnishing of all necessary equipment, materials, and labor for the construction of an addition to Elementary School Building at Cottonwood, New Mexico, will be received by R. N. Thomas, Eddy County School Superintendent, Eddy County Courthouse, Carlsbad, New Mexico, until 2:30 P. M., Wednesday, June

22, 1949.
Certain remodeling to the existing structure as well as new construction work is to be included in the bids. Structure is to be in accordance with plans and specifications as prepared by Kern Smith, Associate Architect with Max Flatow.
Plans may be viewed at the office of Mr. R. N. Thomas, County Superintendent of Schools at Carls-

bad, New Mexico. Complete plans and specifications may be obtained from the office of Kern Smith, 214 South Lake St., Carlsbad, New Mexico, upon deposit of \$25.00.
The Eddy County Board of Education reserves the right to reject any and all bids.

NOTICE OF PROPOSED IMPROVEMENTS OF CERTAIN STREETS WITHIN THE CITY OF ARTESIA, NEW MEXICO, AND OF THE TIME AND PLACE OF A HEARING TO BE HELD THEREON, AND OF THE ESTIMATED COST AND EXPENSE OF THE IMPROVEMENTS, AND THE ESTIMATED AMOUNT OF THE ASSESSMENT AGAINST EACH PARCEL OF PROPERTY.

TO THE PROPERTY OWNERS, and TO WHOM IT MAY CONCERN: You are hereby notified as follows: That, on the 11th day of May, 1949, the City Council of the City of Artesia, New Mexico duly and regularly passed Ordinance No. 125, creating an improvement district and ordering the improvement of certain streets in accordance with petitions, in writing, to the City Council of the City of Artesia, New Mexico by the owners of more than one-half of the front feet of the property abutting upon certain streets, the place of commencement and ending of the proposed improvements, the route of the proposed improvements by streets and alleys, and the boundaries of the assessment district being as follows:

Centre Avenue from Heath Street to First Street. Third Street from Park Avenue to Centre Avenue. That the improvements to be made are to be as follows: Pavement to be six inch compacted caliche base with a two inch asphaltic wearing surface, or a double penetration asphaltic wearing surface. Curb and gutters to be concrete. That the estimated cost and expense of the improvements, including cost of advertising, engineering fees and legal fees, is the sum of \$30,000.00. That a description of the property to be affected and proposed to be assessed for the cost of such improvements, with the estimated amount to be assessed against each property owner, and a statement of set-offs, if any, is as follows:

CENTRE AVENUE PAVING from Heath Street to First Street

Table with columns: Owner and Property Description, Frontage, Maximum Assessment. Lists various property owners and their assessed amounts.

SOUTH THIRD PAVING from Park Avenue to Centre Avenue

Table with columns: Owner and Property Description, Frontage, Amount. Lists various property owners and their assessed amounts.

That a hearing will be held by the City Council of the City of Artesia, at the City Hall in said City, on the 6th day of July, 1949, at the hour of 7:00 P. M., where the owners of such property shall have a right to contest the proposed assessment and the regularity of said proceedings and the benefit of said improvements to such property, and any other matters with reference thereto; and, at said hearing, any owner who shall be found to have improved his property in such manner that the improvement may be profitably made a part of the general improvement, shall be allowed, by the City Council, the full value for such improvements as a set-off on the assessment against the property. Any property owner or person affected by the proceedings may file a petition in writing, if he so desires, on or before the day set for said hearing, or may appear in person at said hearing.

This Notice is given by authority of the City Council of the City of Artesia, New Mexico, this 11th day of May, A.D., 1949. CITY OF ARTESIA, NEW MEXICO, By OREN C. ROBERTS, Mayor.

TEST: T. H. RAGSDALE, City Clerk. (L)

Maljamar News

"Ma" Payne is having a little trouble with her water cans for her chickens. Her son, Henry, kept telling her the coyotes were drinking all the chickens' water. She didn't believe him, but she does now. Tuesday morning of last week, she started to check the chickens' water and there was a coyote drinking and to her amazement he did not run when he saw her, but she did. Janie Carter was a houseguest

of Mr. and Mrs. Preston Sykes of Loco Hills from Wednesday to Friday evening of last week. Mr. and Mrs. Ed Strickland had as houseguests last week end Mr. and Mrs. Bob Bailey of Pampa. Mr. and Mrs. H. C. Hunter had houseguests Monday and Tuesday of last week. They were Mrs. Hunter's brother-in-law and sister, Mr. and Mrs. W. L. Aulbert of Skellytown, Texas. Mr. and Mrs. Garel Westall of Loco Hills gave a rummy party at

their home Saturday night, May 28. High score went to L. J. Kelley, second high to Mrs. Kenneth Shields. Others attending were Mrs. L. J. Kelley, Kenneth Shields, Mr. and Mrs. John Leo of Maljamar, Mr. and Mrs. Walter Hammonds and Mr. and Mrs. Frank Collins. Mr. and Mrs. George Ross and Molly Nell Cooper spent last week end in Ruidoso. They had a picnic and did some fishing. Mr. and Mrs. Curtis Hoover and daughters spent Monday of last

week in Carlsbad visiting friends. Mr. and Mrs. George Williams had as houseguests last week end their daughter, Mrs. Jimmy Cunningham and Mr. Cunningham and daughters of Lovington. Mr. and Mrs. Aubrey Northam and family spent the Memorial Day holiday in Roswell, visiting Mrs. Jim Clubb. Mr. and Mrs. Oscar Goodman had as guests last week end, Mr. and Mrs. Marvin Short of Guthrie, Okla. They all went to the mountains

Sunday, May 29. Mr. and Mrs. Clint Cole of Lovington and Weezie and Iris Mary Kissinger were visitors of Mr. and Mrs. Ott Vowell Sunday morning, May 29. Mr. and Mrs. Mickie Sweeney spent last week end in Lubbock, where Sweeney graduated from Texas Tech. He received his bachelor of science degree in mechanical engineering. Mrs. Sweeney reports it was the largest graduating class in history, with 1280 graduates.

Ray Northam spent last week in Roswell, visiting his uncle and aunt, Mr. and Mrs. L. M. Porter. Bob McFarland of Lubbock, Texas, was a houseguest of Mr. and Mrs. Sweeney last week. Henry Payne, Mr. and Mrs. Oscar Doughty, Mr. and Mrs. W. W. White and Mr. and Mrs. W. G. White attended an ice cream supper at the Loco Hills Baptist Church, given by the Brotherhood Monday night of last week.

ONE-MAN HAYING

The Minneapolis-Moline Bale-O-Matic is a new, better and lower cost way to perform one of the most important operations on the farm. It changes the hay harvest from a crew operation to a one-man operation, saves time and man-power, preserves more of the food value of the crop. The Bale-O-Matic picks up green or cured hay or straw from windrow or swath, compresses it into uniform slices and ties it tightly with wire into compact, solid bales of uniform size and weight... even keeps an accurate count of bales for you. Baling hay the MM way saves valuable storage space, makes hay easier to handle and easier to feed. Large diameter Timken-bearing equipped single or dual wheels assure light draft. See us for complete facts.

Third Monthly Trade Day Is Held Wednesday

The third monthly Artesia Trade Day Wednesday was quite successful, with 34 persons receiving gifts from participating merchants—two of them two each—and with the merchants enjoying a brisk business both before and after the gifts.

By MERV WORLEY

The Forestry Service expects 27,000,000 visitors to national recreation areas this year. That adds up to a lot of tin cans and waste papers. It means more than a sixth of the nation will be leaving notes for the milkman and hitting the sippy trail. That's the best record since Noah stacked his family in a floating ark and set out to find a dry picnic ground. As a nation, we're as restless as a kid at a concert. We want to go places and see things—and we're lucky to live in a land where we can do it. About the only thing that can keep us at home is a telephone call from a quiz show.

A 54-year-old parrot has been left \$300 in a will. That makes a nice nest egg and leaves the bird with nothing to squawk about. While we don't cater to birds, we find the quality of our car repairs and services keep customer squawks at an absolute minimum at ARTESIA IMPLEMENT & SUPPLY CO., 808 South First St. Before going on that summer vacation, be sure to have a complete auto check-up by our experts for safety's sake! were given away at Second and Main Streets by J. D. Smith, president of the Chamber of Commerce. The next Artesia Trade Day will be held Wednesday, July 13. In the meantime merchants will continue to give Trade Day tickets with each \$1 purchase or paid on account, which may be deposited in ticket boxes for the next special day.

Groups of gifts, valued at about \$50 each, were awarded Wednesday to C. H. Reynolds and Cecil A. Smith. Mrs. Ola Johnson and Ray Goldston received two individual gifts each.

Others who were lucky in receiving the individual gifts were G. H. Thacker, Mrs. T. A. Parrish, Mrs. H. G. Ellis, Mrs. O. L. Smith, Emma Contreras, Boots Hanson, Evelyn Shelton.

Mrs. S. L. Mills, Ara Torres, Danny Fuller, Lyle Hunter, T. J. Bridges, P. Ward, J. L. Jetton, Mrs. M. L. Worley, Louise Clark, C. H. Short, Billie Gray, C. A. Baker, Mrs. F. W. Marshall.

Mrs. Joel Lewis, J. H. Jones, Leonard Ledbetter, Billie Pennington, Zelma Porch, W. W. Adair, Jr., Mrs. J. L. Briscoe, Ila Meadows, Lloyd Downey and Mrs. Norma Harwell.

had gone to the Yeager Grocery at Second and Chisum Avenue to investigate an attempted break-in and had been joined there by Acting Police Captain John Miller, when Fairie arrived at his place at the other end of the block and saw Gill asleep. He called the officers, who arrested Gill.

The cash register at the store had been tampered with and damaged, but it had not been opened.

When questioned by police, Gill admitted having tried to enter the Yeager Brothers Grocery the same night, but denied having broken in on the Saturday night prior, when between \$60 and \$70 in cash and currency was stolen.

Another was from Samuel A. Weiss, judge of the Court of Common Pleas, Pittsburgh, who spoke highly of Coach Tinson. Other recommendations are equally outspoken in telling of the coach's character and ability.

Coach Tinson has had graduate work at the University of Pittsburgh and last week received his master's degree at New Mexico A. & M. College, where he did further graduate work.

Coach Tinson is to arrive in Artesia sometime this month and will become associated with the school system on July 1, when he will help with the summer recreation program, Superintendent Mayfield said. He is to begin getting ready for the football season on Aug. 1.

He hopes to move to Artesia as soon as possible, but first he needs a three-bedroom house for himself and Mrs. Tinson and their four daughters.

Local Boys Graduate From Institute At Roswell On Tuesday

One local boy graduated from the junior college division and two from the high school division of New Mexico Military Institute, Roswell, Tuesday.

The college graduate was James Albert Moutray, son of Mr. and Mrs. J. B. Moutray of the Seven Rivers area south of Artesia.

Graduated from the high school division were Fred Watson, son of Mr. and Mrs. Neil B. Watson and Don Carpenter, son of Mr. and Mrs. Ray Carpenter.

SON, ROBERT, IS BORN TO TONY PILONS

Mr. and Mrs. Tony Pilon are the parents of a son, Robert Daniel, born Wednesday of last week in the Artesia Memorial Hospital.

Football—

(Continued From Front Page)
He next was at McKeesport High School, after which Coach Tinson became athletic director and head coach at Corry, Pa., where his football team won eight games and lost three, whereas in the four years prior the school had won but four games.

In 1945, he was football and basketball coach at Du Pont Manual, Louisville, Ky., where his team won eight of 10 games played.

Coach Tinson attended Follansbee (W. Va.) High School in 1922-23, where he was active in football, basketball, baseball, track and amateur boxing, was captain of the football and basketball teams in his senior year and made all-Ohio Valley tackle in football and all-Ohio Valley and all-state guard in basketball.

At Bethany College, which he attended in 1922-23, Coach Tinson played football and basketball two years, played baseball two years and was on the track team two years. He was captain of the basketball team in his senior year and made all-conference tackle in football in 1926-27 and all-conference center in basketball in 1927.

In 1929-31, Coach Tinson played three years of professional football with Chillicothe and Portsmouth, Ohio and three years of professional basketball with Chillicothe and Columbus and also coached and taught at Columbus.

Superintendent Mayfield said he had received an imposing sheaf of outstanding recommendations in behalf of the new coach, including letters from officials of schools where he has coached, from John (Ox) DaGross, coach at Temple University; Aldo T. Donelli, head football coach at Boston University; Paul E. Brown, general manager and coach of the Cleveland Browns and others.

One was from Cmdr. Oscar E. Hagberg, head football coach at the U. S. Naval Academy for the seasons of 1944 and 1945. He wrote, "I saw Mr. Tinson frequently during that period and found use for some of his excellent ideas concerning football during that period."

Another was from Samuel A. Weiss, judge of the Court of Common Pleas, Pittsburgh, who spoke highly of Coach Tinson. Other recommendations are equally outspoken in telling of the coach's character and ability.

Montgomery Moves Business This Week To 313 West Main

J. L. Montgomery, who for the past six years has operated the Montgomery Watch Shop over the local post office, this week moved his business to 313 West Main Street. The firm will now be known as Montgomery Jeweler.

Montgomery announces that facilities have been expanded at the new location. In addition to the repair department, which has been enlarged to take care of jewelry and clock repairs, a full line of jewelry will be carried.

John Smith, Artesia, has been added to the personnel, which will give the store a total of two watchmakers in the service department. An advertisement announcing the change of address is carried elsewhere in this issue of The Advocate.

Everest Moves His Radio Service To 313½ Main Street

W. H. Everest has moved his Radio Service Company from 508 Main Street to a new headquarters at 313½ West Main.

A rapid expansion of both the sales and repair departments of the concern has necessitated the removal to larger quarters, according to William Everest, the owner.

The firm, which deals in new and used radios, home and auto radio repair and servicing of home appliances, now has three service men in the repair department. They are Carl Dunn, C. Maxey and William Everest.

Everest further stated that he has contracted for the General Electric radio and appliances and International Rotary Radio lines since moving to the new plant.

Everest is married and has one daughter. He has been connected with a number of Artesia electrical service firms, before going into business for himself.

Poore was returned to Mississippi, where, at Ellisville in December, 1947, he was sentenced to death in the electric chair on Jan. 20, 1948, by District Judge Burkitt Collins, after a jury had deliberated only eight minutes in bringing in a verdict of guilty.

The condemned man lost two appeals to the Mississippi Supreme Court. The United States Supreme Court refused to consider the case and Gov. Fielding Wright of Mississippi refused Poore's request for the death sentence to be commuted to life imprisonment. At the time of Poore's suicide, one of his attorneys was in Washington, D. C., seeking a stay of execution from Supreme Court Justice Hugo Black, according to The Clarion-Leader.

Hover came to Artesia from California in 1939 and drilled a number of oil wells in Eddy County, from which he was getting considerable production at the time of his death. He maintained an office in the Artesia Hotel and spent much of his time here looking after his oil production and handling his leasing and royalty business.

He was greatly interested in the development of Highway 83 across the Sacramento Mountains and was president of the Highway 83 Association at the time he was murdered. Hover had oil interests in California and had recently leased acreage in Kentucky.

clerk in the city hall.

Captain Miller announced at the same time that police officers have been instructed not to collect parking ticket penalties on the street in the future. This has been done in the past, for the convenience of motor vehicle operators, but the practice has been stopped.

Police Judge Arba Green said that such penalties should be paid in his office. However, he said, when he is out of his office, he will authorize the police officer on duty in police headquarters to collect such penalties and to issue receipts. He concurred with Captain Miller that the penalties should not be collected by patrolmen on beat on the streets at any time.

And Fire Chief Albert Richards has again called attention to the illegal practice of vehicles following fire apparatus to fires and parking too close to the scene of a fire. He said that at the time of an alarm last week, three bicycle riders made it to the scene of a fire nearly as soon as did the fire apparatus and police.

Captain Miller said he has instructed the police to cite to city court violators of the ordinance prohibiting the following of fire apparatus and parking too close to a fire.

CEMETERY CUSTODIAN HAS BEEN APPOINTED

Robert Yeats has been appointed full-time custodian of Woodbine Cemetery, it was announced this week by the board.

The cemetery has been without the services of a full-time custodian for some time.

Artesia 20-30 Club Members Attend District Convention

Nine members of the Artesia 20-30 Club, attending the semi-annual district convention at Cowles, N. M., Friday through Sunday, saw their candidate for lieutenant governor, Don Jensen, defeated by the vote of one delegate.

Oscar Bayer, president of the Artesia Club, who was the delegate from here, was elected on the district expansion committee.

Going from here were President and Mrs. Bayer, Mr. and Mrs. Chuck Baldwin, Mr. and Mrs. Douglas O'Bannon, Mr. and Mrs. Ernest Morgan, Jr., Mr. and Mrs. Orville Durbin, Mr. and Mrs. Lewis Means, Mr. and Mrs. Dick Gill, J. W. Boggs and Jack Frost, Jr.

They reported a splendid convention, with plenty of fun, including dancing and fishing. The next convention will be at Carlsbad in January.

decreed that disease from work with fissionable materials would fall under the state compensation statute.

After June 10, the state and its subdivisions cannot employ persons advocating overthrow of the government by force or violence.

Physicians will have to begin giving syphilis tests to pregnant women. Real estate dealers must secure licenses from the state bank examiner.

Rural communities will have \$150,000 available, under State Health Department supervision, to develop modern water systems.

Counties were authorized to establish airports and issue bonds for that purpose, co-operating, if need be, with municipalities.

The Second and Fifth Judicial Districts get additional judges, effective June 10 and public schools unable to meet their budgets may draw from a \$300,000 school aid fund.

The Fifth Judicial District is composed of Eddy, Lea and Chaves Counties and will get one of the additional judges. He will be George T. Harris, who will serve jointly with District Judge C. Roy Anderson of Carlsbad.

June 10 will mark another birthday, that of Los Alamos Country, the 32nd in New Mexico.

Designated as a sixth-class commonwealth, Los Alamos comes into official being already a modern community and the only one in New Mexico which owes its existence solely to the atom bomb and atomic research.

Franchises granted to public utilities will be limited to 25 years. Previously, there was no statutory limitation.

And—of interest to visitors as well as residents—the yucca becomes New Mexico's official state flower, the road runner its official bird and the pinon its tree.

Are you planning on driving on a vacation or business trip to some Providence in Canada? If so, be sure to see us before you start. I have some very important information that you should have.

You ought to be driving a '49 **PONTIAC**

Two of America's Most Popular Motor Cars

Pictured above are typical examples of the two smart and separate lines of cars which bear the current imprint of Pontiac goodness—the Streamliner and the Chieftain De Luxe Sedan Coupes.

Each is in such demand that, on its own, it ranks among America's most popular cars today. That two cars of such decidedly different appearance should each enjoy such wide acceptance is easy to explain. THEY'RE BOTH PONTIACS!

While each has its own individualized smartness, both offer all the great basic Pontiac virtues. Both

are conspicuously beautiful. Both carry the well-known promise of Pontiac quality—long life, dependability, and fine performance. Both afford the smooth, enjoyable performance of Pontiac's two great engines—the power-packed straight eight or its equally famous six-cylinder companion.

Finally, both represent unusual values—a very fine product at a very low price. Either one you choose will make you mighty happy.

Hydra-Matic Drive, white sidewall tires, bumper using guards and fender skirts available at extra cost.

MANUFACTURING PLANT FOR LIQUID NITROGEN FERTILIZER
"NITROW" is liquid nitrogen for all crops to be used in irrigation water

"PACKS THE SOIL WITH POWER!"

NOW . . . a new nitrogen from a new plant to make fertilizing easy and profitable! The Rowland Company's new Plainview NITROW plant, shown above, is the answer to this area's nitrogen fertilizer shortage. For the soil's basic nitrogen needs, liquid NITROW contains 25% nitrogen. It is manufactured by combining 83% Anhydrous Ammonia with water, by the process shown above, and is being distributed to irrigation area dealers in 50 gallon steel drums. The price of NITROW is 45c per gallon, plus a drum deposit.

The Flow of NITROW down your rows is easy to check, for it gives irrigation water a milky color, and gives off an ammonia odor. You see where your fertilizer is being distributed when you channel NITROW liquid nitrogen fertilizer into your rows. YOU CAN SMELL IT! YOU CAN SEE IT!

The Rowland Company's NITROW is the equal of the best in increasing yield and quality of cotton, maize, wheat, truck and other crops. From a few drums used on maize last season by a West Texas farmer, yield was so multiplied that 8 rows filled a harvest hopper which took 14 rows to fill without the help of liquid nitrogen. Near Las Cruces last year, cotton that ordinarily made a 2 bale-per-acre stand, made another one-fourth bale when strengthened with nitrogen in the NITROW form. Call or visit us for NITROW today!

10 TO 15 GALLONS PER ACRE

Accomplished Little Odessa Miss Entertains Rotary Club Tuesday

DONIVEE ELLISON

Little Donivee Ellison, 7-year-old daughter of Mr. and Mrs. Jack Ellison of Odessa, Texas, entertained Tuesday noon at the weekly luncheon of the Artesia Rotary Club with readings in an accomplished manner far beyond her years.

The accomplished diminutive reader, who was a guest of Landis B. Feather with her father, read Lincoln's Gettysburg Address, Lincoln's favorite poem, "Betty at the Baseball Game," and a humorous Negro story.

Press clippings which Donivee had indicated that she is frequently in demand at banquets and meetings in and around Odessa. She entertained at a service club banquet in Carlsbad Tuesday night.

Her host, Feather, chairman of U. S. Savings Bond sales in North Eddy County, spoke briefly in behalf of the "Opportunity Bond Drive" May 16 through June 30 and urged the Rotarians to contact their employes by way of encouraging them to buy more bonds and to participate in the payroll savings plan.

Feather said that Eddy County, which was second only to Bernalillo

County in New Mexico in bond purchases during the war, now has been surpassed by two or three other counties, including Chaves County, a condition which he deplored.

He said that during the war, the Eddy County quota during special drives usually was about \$150,000 and that of the state's quota of \$2,350,000 in the current drive, the Eddy County share is \$53,000, of which, with about half of the campaign period gone, only \$13,000 has been invested.

Local guests at the meeting were Bob Feather, son of Mr. and Mrs. Landis B. Feather, who has just come home from New Mexico A. & M. College at Las Cruces and Cecil C. Morgan, a new member of The Advocate staff.

Yank-Mex Star Will Be Seen On Landsun Screen

The Mexican idol of Mexico is half Yankee.

This has made Pedro Armendariz transition to Hollywood films as smooth as it has been effective. Following his scoring appearances in "Fort Apache" and "The Fugitive," he will be seen at the Landsun Theater Sunday through Tuesday with John Wayne and Harry Carey, Jr., in "3 Godfathers," his third John Ford-Merian C. Cooper film.

Armendariz road to Hollywood had plenty of turnings. He was born in Mexico City, the son of Della Hastings, a Texas girl, and Pedro Armendariz, a socially prominent Mexican. When his mother died, Pedro was sent to live with an uncle in El Paso. After finishing high school there, he went on to California Polytechnic where he studied aeronautical engineering, journalism and dramatics. While editing the travel magazine, "Real

Mexico," he acted on the Mexican provincial stage and went on to the big time.

In motion pictures his romantic appeal made him an immediate hit. He starred in "Alma de Bronze," "La Bouganvilla," a Mexican version of "The Black Pirate," "Maria Candelaria," and "Enamorada," among others.

Armendariz predicts a great future for the Mexican film industry. "Mexico City will some day be a great center," he declares. "We will

ATTENTION OIL OPERATORS AND SPECULATORS

In a liquidation sale of all the assets of the Roswell Oil Development Company the following tracts must be sold to the highest bidder on June 23, 1949:

1. Unleased minerals in Chaves County, New Mexico, described as SE 1/4 NE 1/4, Section 10, Township 15 South, Range 26 East, containing 40 acres.

2. State oil and gas lease validated by production and carrying minimum annual rental covering the SW 1/4 SE 1/4, Section 8, Township 18 South, Range 28 East, Chaves County, New Mexico, containing 40 acres more or less.

On June 23 at 11:00 a. m., the

Company will accept the highest sealed bid for either or both of these tracts. Highest bidder will be allowed 15 days to examine title at bidder's full expense. In the event the highest bidder fails to make payment as promised, the second highest bidder will be notified and will have an equal period for examination of title. THESE PROPERTIES MUST BE SOLD.

By order of the Board of Directors of the Roswell Oil Development Company, J. Walden Bassett, Secretary, 212 White Building, Roswell, New Mexico. 23-21-24

Poultry House Cleaner

A superior poultry house cleaning method has now been found—cleaning with a high-pressure sprayer. As shown here, the high-pressure spray actually pulverizes the dirt and droppings and blasts them away. Food Machinery and Chemical Corporation developed the sprayer that is doing the cleaning. It is said to do a better and cheaper cleaning job, faster and easier.

Hormones May Limit Frost Damage in Time

American apple growers, usually hard hit financially by late spring frosts will soon be able to avoid that obstacle. A combination of tracers (radioactive atoms) and hormones may make it possible to keep apple buds closed until the cold season has passed—thus saving the industry millions of dollars lost annually through damaged fruit. A spray would be used to cover fruit and prevent freezes.

Production And Conservation Are Only One Problem

"One of the greatest things we can do in the cause of conservation is to prevent the wasteful use of resources in the production of surplus." Secretary of Agriculture Charles F. Brannan recently told the National Emergency Conference on Resources at Washington, D. C.

"With the public helping to finance soil conservation, it does not make good sense to finance price supports without reference to conservation policy," the secretary said. "One of the responsibilities of the farmer who receives the benefit of price support should be to observe a sound conservation standard in the public interest. This is one of the ways the public should expect to get its money's worth from price-support expenditures."

"Furthermore, this is fair from the farmer's standpoint, for an effective price-support system helps him maintain a level of income that permits him to conserve rather than mine the soil."

"Through our price support system we can encourage livestock production and otherwise develop a pattern of production that will naturally conserve the soil. As far as the individual farmer is concerned, there is one farming operation—not one for production and one for conservation. His problem is to operate in such a way that he

produces profitably and conserves the resources at the same time... Surpluses, low prices, farm poverty—these are enemies of conservation."

Regarding the great scope of the conservation issue, Secretary Brannan said: "The soundest possible government program is not the full answer to the conservation problem. The government may do a large amount of conservation work directly; it may also provide considerable help and encouragement; but, beyond all that, the job requires a terrific investment of hard work, sweat and money by the individual operators of the land."

"Soil science is a growing body of knowledge. We may learn more effective ways of treating the ulcers of the land. We may learn how

to prevent them. Meanwhile, we can continue to make progress without waiting for the perfect solution of the problem or the perfect measurement of the task... As practical people, we must remember this: Progress comes of going on from where we are. We can never wipe the slate clean and start over. "To meet some of the obvious problems, we are not so much in need of new measures as we are in need of a general intensification of effort. All along the line, we

'Magic Whistle' Is Presented At Loco Hills School

The children of the primary room of Loco Hills School presented "The Magic Whistle," a three-act play by Marie Agnes Foley, Friday evening, May 27. Mrs. Nora

Newman Coppinger was director. An immense crowd attended, with people from Artesia, Alamogordo and other nearby towns attending. Despite a sandstorm and a shower which interrupted the show, the children presented an amazing performance. The costumes were given by the pupils of all the grades between acts.

The characters: Queen of Silver Valley, Mary Elizabeth Reneau; Prince of the Golden Mountain, W. H. Duckworth; Princes of Silver Valley, Judy Underwood; Sir Charles the Chancellor, Jimmy Chase; Royal Baby, Joan Ginger Ward; baby's nurse, Barbara Byrd; Tumble-Dumble, Wally Hammond; Uh-Huh, the gardener's boy, Carl Wilson; Brun Hilda, Barbara Standard; Flash, Zymo's black messenger, Jeannie Starkey; Jan, a court page, George Watts Beal III; Lady Mignon, Wanda B. Coffman; Lady Heliotrop, Frieda Duckworth; Lady Grace, Sandra Joiner; Lady Spynx, Glenda Fay Proffitt; Zymo, cruel and wicked man, Davie Lee Pendleton; Zania, a peasant woman, Ola Mae Frizzell.

Queen of the Rivers, Jerry Nell Herricks; Mistress of Four Winds, Sharon Meador; Rose Queen, Sammy Dell Beal; Butterfly Queen, Virginia Arthur; Queen of the Tree Dryads, Sandra Westall; Green Robin, Patia Jeffers.

Trolls: Cadishon, Roy Singleton; Cabala, David Frizzell and Petalido, Roy Singleton.

All three scenes took place in the garden outside of the palace of the Queen of Silver Valley and represented the King Arthur period.

STRUCTURAL DEFECTS BLAMED FOR HALF OF FARM FIRES

Half of all farm fires could be prevented if structural defects in farm buildings were remedied, according to the National Fire Protection Association.

To prevent the farm fires caused by structural defects, the NFPA recommends these safeguards:

Adequate and properly installed wiring, soundly constructed chimneys, efficient lightning rod systems, fire-resistant roofing for all buildings, efficient heating plants and fire stops in the walls and partitions.

COTTON ASSOCIATION REVISES REGULATIONS

Farmers who produce premium varieties of cotton in addition to 1517 will now be eligible to tag the 1517 portion of their crop under the lint certification program of the 1517 Cotton Association, the board of directors of the association decided at a meeting at State College. This new regulation also applies to the 1517 cotton production and improvement contest for 1949, the directors said.

The Keweenaw Sewing Club had a picnic at Dea Taylor Park last Thursday noon. Those attending were Mrs. Ralph McGill, Mrs. John Lee, Mrs. F. H. Alexander, Mrs. Cecil Holman, Mrs. Son Taylor, Mrs. Carl Winkles, Mrs. Oscar Loyd, Mrs. Ira Pleasant, Mrs. J. C. Davis, Mrs. John Farmer, Mrs. Kenneth Shields, Mrs. H. C. Hunter, Mrs. Charlie Shannon and Mrs. Floyd McCarthy. Mrs. Kelley and Mrs. Lee received "myster friend" gifts. Expensive patterns and dress materials were discussed.

Mrs. H. P. Blackley called a meeting of the entertainment committee at her home Wednesday evening of last week. A box supper was planned for the community and anyone else in the surrounding territory who wishes to attend. There will be some entertainment before the supper, such as three singers, who will call themselves,

"The Three Andrews Sisters," a beauty contest for the men and a fashion show of "athletic suits, sports clothes, street dresses and evening wear, put on by the men. This will be at 7:30 o'clock Friday night, June 10, at the Keweenaw garage. Those attending the committee meeting were Mr. and Mrs. L. J. Kelly, Mr. and Mrs. Frank Ashlock, Mrs. Ira Pleasant and Mr. and Mrs. Floyd McCarthy.

Mr. and Mrs. Hoffman of Fullerton Field, Texas, were overnight guests of Mr. and Mrs. John Farmer recently. Mrs. Farmer and Mrs. W. D. Wilson went home with them and spent a day.

Mrs. Son Taylor attended a meeting of the Thursday Bridge Club in Lovington last Tuesday night at the home of Mrs. Damon Shipp. Little Ronnie and Kenney King left Artesia Tuesday night of last week on the train to visit their grandparents, Mr. and Mrs. A. L. Lee, at Pampa, Texas. This being their first ride on a Pullman, Kenney was quite worried, until he

asked his mother if the porter would want to undress them.

The Women's Missionary Society met at the church Tuesday afternoon of last week. "Ma" Payne and Mrs. W. W. White received "myster friend" gifts. Mrs. W. G. White gave a talk on her trip to a convention in Oklahoma City and gave the Bible study. A short business meeting was held. It was announced an ice cream supper is to be held at 7 o'clock Tuesday evening, June 14.

Mr. and Mrs. Ralph McGill went on a fishing trip in Colorado with Mr. and Mrs. Clyde Guy, Mr. and Mrs. Glenn Bonker and Emery Carpenter of Artesia last week end. McGill reports he caught four fish and his wife caught two. He reminded a few inquirers he had just as well tell that she caught the most fish, because she would anyway.

Mr. and Mrs. W. W. White, Mr. and Mrs. W. G. White, Mr. and Mrs. Oscar Doughy and Henry Payne attended an ice cream supper Monday evening of last week at the Loos Hills Baptist Church, given by the Brotherhood.

Farm Buying Power Still Shows Gains Increase Well Above Cost of Living Rate

The current drop in living costs has given the average city wage-earner approximately the same buying power today that he enjoyed in June, 1948, final month of OPA. Though the farmer's buying power has edged off with the drop in food prices it is bumping against government price supports, and still shows a gain that is well over double the increase in the cost of living, according to a chart study of our ten-year-old war boom, made by the family economics bureau of Northwestern National Life Insurance company.

Ten years ago last winter you could buy a new four-door sedan for \$125, sirloin steak was 39 cents a pound, milk averaged 12 1/2 cents a quart, and you could build a five-room modern house for around \$1,000—but we had 13 million unemployed. Then European rearmament orders sparked our recovery

The above chart plots the course of the 10-year war boom. In January, 1939, America had 14 million unemployed and 44 million at work. Annual net income per farm was \$792. Industrial wages averaged \$24 a week, an annual rate of 1,248.

After an even 10 years of recovery, boom, inflation, and tapering off, the score stands as follows: Annual income per farm 300 per cent higher—\$2,392 in 1949, reached \$2,915 in 1948, and had sagged to an annual rate of \$2,809 by January, 1949. Weekly industrial wages up 130 per cent—from \$24 in January of '39 to approximately \$35 in January of '49. Living costs 71 per cent higher than 10 years ago, after nearly a two-point drop in the last few months.

Finally, about three million unemployed—a normal "hoop," as economists call it.

Wage rates show a gain of 35 and a half per cent since June, 1948, while the cost of living index now stands just 28 per cent higher than in that final month of OPA. The actual living cost increase has been somewhat less than 28 per cent, the study says, since the government index naturally makes no allowance for over-ceiling prices which were general in the latter months of OPA; thus the wage-earner's paycheck of today buys him as much or slightly more than his paycheck of June, 1948, the study finds.

Percentage increases in worker paychecks do not reflect sharp additional gains made in so-called "fringe" payments during the past decade, such as more vacations, holidays, sick-leave, pension programs, etc., the study points out.

MOTOR AND SAFETY TESTS The Car Owner's Guide to Power • Economy • Satisfaction Modern motor cars are engineered to such high peaks of perfection that any deficiencies in their operation are slow to make themselves known. As a result, loss of operating efficiency causes poor performance and economy long before the owner is aware of the change. Some accidents, too, are caused by motorists who were unaware of their car's unsafe operating condition. Don't let this happen to you! Let us perform the motor and safety tests listed below. COMPRESSION TEST Unequal compression indicates loss of power... Our Tester will locate the cause... No relying on guess-work here. IGNITION TEST A complete check on your car's "Nervous System"... plugs, points, coil; all must meet certain minimum tests. STARTER CIRCUIT TEST Thorough storage battery, cable and starting motor tests... Testing these parts under actual operating conditions locates impending trouble. GENERATOR CIRCUIT TEST Check "Power House" and wiring system... includes checking voltage regulator... prevents expenditure due to incorrect diagnosis. COMBUSTION TEST Check carburetor mixture... test idle, high speed and accelerating system... locate exact cause of low gas mileage. SAFETY TEST Lights... Brakes... Steering... Horn and Windshield Wiper—each tested because each is so important to safety. All these tests recorded on a special form for your information. SUN MASTER MOTOR TESTER Guy Chevrolet Co.
