ARTESIA, NEW MEXICO, THURSDAY, AUGUST 18, 1949

NUMBER 33

Let's Look Forward To Next V-J DAY!

Medalist Bill Bullock Defeats Champ Bob Bourland For Crown

Bill Bullock, 1946 city golf champion, again won the crown Sunday, when he defeated Bob Bourland, 1947-48 champion, 1-up on the 19th hole.

Bullock was medalist as well as champion in 1946 and was again medalist in the 1948 and 1949 tournaments. Bourland has been medalist twice in annual city golf tournaments here.

Bob Bergman, a newcomer to Artesia, who was rated third favorite in a Calcutta pool at the Artesia Country Club July 19, took the championship consolation honors when John Short defaulted to him Sunday. Bergman, who won his first match of the tournament by defeating C. A. Baker 5-4, was sent to consolation play in their second bracket game by Bullock.

The first-flight championship went to Charles Murphy Sunday, when he defeated C. A. Baker 2-up, while consolation honors in that flight went to Doyle Hankins, tournament chairman, when he won over Stanley Sutton 5-4.

Champion Bullock sent Stanley Sutton to the first flight in first-round play by defeating him 6-5. From then on he won the crown the hard way, with extra holes played in every match. He defeated Bergman 1-up on the 20th, A. H. Bernal, last year's runner-up, 1-up

Benefit Football Dance Is To Be Given On Friday

Final plans were completed at a meeting of the Bulldog Parents Club Monday night for a benefit football dance to be sponsored by the club at the Veterans Memorial Building from 8 to 12 o'clock Friday night.

Proceeds are to be used for the purchase of equipment for the Bulldogs and otherwise to support the high school team.

Members of the club have tickets, which are on sale at \$1.20. However, tickets may be purchased at the door.

The meeting Monday was well attended but it was urged that more parents come out to the meetings. It is believed that those who attend will become interested in the work.

A membership drive is to be started in the near future with everyone interested urged to join. Officers of the club: President, Mrs. R. C. Dublin; vice president, Mrs. C. W. Morgan; secretary, Mrs. H. A. White; treasurer, Mrs. James H. Brown; advertising chairman, Mrs. R. N. Russell.

Tuesday, Friday Semi-Weekly Publication To Start Sept. 20

The Artesia Advocate will start its semi-weekly publication on Tuesday, Sept. 20—each Tuesday and Friday—it was announced this week by Orville E. Priestley.

The impending change from a weekly to semi-weekly was previously announced by the publisher in June, with the actual date of the twice-a-week publication indefinite at that time, other than it would start in September.

In anticipation of the increase in costs of publication, subscription rates for The Advocate are to advance Friday of this week \$1 a year in each of the three distribution zones. However, a discount of 50 cents from the new rates will be given on all subscriptions—either new or renewals—from Friday until the day of the first semi-weekly publication. This, in effect, amounts to an increase of 50 cents a year starting tomorrow, or a \$1 advance on Sept. 20 over the rates which have been in effect.

Publisher Priestley said the semi-weekly rates will be \$3.50 a year in the Artesia trade territory, \$4 in New Mexico outside of the Artesia trade territory and \$4.50 elsewhere in the United States and territories or to military or civilian personnel in occupied countries.

With those rates effective Friday, but with the 50-cent discount applicable until Sept. 20, new or renewal subscriptions will in effect be \$3 in the Artesia trade territory, \$3.50 elsewhere in the state and \$4 out of state until the date of the first semi-weekly publication.

Three Winning Floats In Parade

Estimated 10,000 Throng Streets For Big Parade

Thousands of people from a wide territory flocked to Artesia last week end to see the community's greatest show, the third annual V-J Day celebration and Victory Rodeo.

An estimated 10,000 persons lined Main Street for the big celebration parade Thursday afternoon, many of them planning to stay for the opening rodeo performance that night at Morris Field, which was postponed to Sunday night, after the city was deluged in a 15-minute downpour at 6 o'clock with 4.3 inch of rainfall.

But the spectators came back Friday, Saturday and Sunday nights for three splendid rodeo performances, in which a number of the top hands of the nation participated. Gate receipts indicated about 4,500 persons attended the show on Friday, 3700 on Saturday and 3200 on Sunday.

Members of the central committee of the sponsoring United Veterans Club said that the organization should realize about \$2700 from the celebration and rodeo, as compared with a \$2000 loss last year.

Sparking the celebration, was the big parade, estimated to have been about a mile and a half long, in which there were 65 entries, of which 23 were floats, according to John Simons, Jr., parade chairman.

Judges picked the float entered by the Artesia Lion Club as the best and awarded the club the first prizes of \$50.

The entry of the B. P. O. Does and Elks took second place and \$30 in prize money, while the Order of Rainbow for Girls had the third best float and won a \$20 prize. The (Continued last page this section)

Winners of the first three places in the big V-J Day celebration parade in Artesia last Thursday are shown here, top to bottom: First place, Artesia Lion Club; second, B. P. O. Does and Elks; third, Order of Rainbow for Girls. (Photos by Gable, Artesia; cut courtesy The El Paso Times).

Three Typhoid Cases Reported In Artesia Area

Three cases of typhoid in the Artesia area, but none in the immediate vicinity of the city, were reported this week by Dr. I. E. Puckett, district health officer, who warned against the use of raw milk from producers who have not been inspected and have no permits.

He said two of the cases are a father and son, living about four miles southeast of Artesia, "good people, but who have been selling raw milk in Artesia without a license," and the other is a Spanish-American man living about four miles southeast of Atoka.

Dr. Puckett said water samples have been sent off from the two places for analysis, but that the water is not suspected, as it comes from deep wells, not likely to be a source of typhoid. However, he said, open-pit toilets were found on the premises, with flies coming and going. As yet the source of infection has not been determined in the cases of the father and son or the Spanish-American.

Richard Swartz, county sanitarian, who is working with Dr. Puckett in seeking to determine the (Continued last page this section)

Free Mail Delivery On Artesia Route Will Be Extended Sept. 1

Free mail delivery service on the rural route out of Artesia will be extended effective Sept. 1 on two segments, it was announced this week by Jesse L. Truett, Artesia postmaster.

He said the extensions will be in addition to the present route and will in no way affect the patrons now being served.

Truett described one of the extensions, that southeast of Artesia, which will leave the present established route at the intersection near the northeast corner of Alfordale Farm, from there the carrier will travel east 2 miles, then south past the John Fleming farm to the east-west road south of Penasco Draw. He will then travel east 2 miles, then south 3 miles, then east 2 miles, then north 3 miles, then west to the east bridge over the Penasco, at which point he will continue on the present established route to the Alfordale Farm. He will then travel south to the Charles R. Jordan farm and retrace to the present route.

West of Artesia, leaving the present route on West Grand Avenue, the carrier will travel north to the Hope highway,

Foreign Oil Is Menace To U.S. In Case Of War

Unless something is done, to curtail the importing of oil from foreign countries, the United States will be in a bad way in case of war, Emery Carper declared Tuesday noon at the weekly Rotary Club luncheon.

Carper, a director of the Independent Petroleum Association of America, who represented New Mexico producers and other petroleum interests at a hearing in Washington, D. C., said the meeting was called to fight for the Thomas Amendment to the Reciprocity Trade Agreement, under which oil imports would be restricted to 5 per cent of the domestic production.

He said Arabian oil is being delivered to this country at 90 to 90 cents a barrel cheaper than it can be produced domestically. The fuel oil cut of this petroleum is much greater than from that of United States oil, which has caused a glut on the market, he declared.

Carper said that the United States has lost the foreign market because of the cheaper oils and that there now is much refining of oils, abroad. "If we still had the foreign markets and could export petroleum products, it might be well to import," he said. But the refining in foreign countries has made that impossible.

The speaker said that in Washington in about 1943 a committee recommended bringing in foreign oil in order to conserve domestic petroleum. But, he added, it takes years to find oil and to develop its production, which cannot be done, if operators cannot sell.

He stressed that Russia is reported to have developed a new submarine, much more efficient and effective than the German "snorkle" submarine of World War II, with which it would be possible to stop imports to this nation in case of war. Furthermore, he said, the development of Arabian oil is setting it up for Russia, should a conflict come and the Russians would take that production over. (Continued last page this section)

Volunteer Firemen Seek \$500 For New Engine House Recreation Room

Members of the Artesia Volunteer Fire Department started a campaign today to raise funds for furniture and equipment for the recreation room of the new fire station on Fifth Street at Texas Avenue.

J. D. Smith, volunteer fireman and chairman of the campaign committee, said it is hoped to raise about \$500.

The recreation room is to be located at the south end of the building, facing Fifth Street, adjacent to the three fire equipment stalls. In it the firemen will hold their weekly meetings on Monday nights and will have a place for recreation either after those meetings or on other evenings.

Heretofore it has been necessary to drive one of the trucks to the front of the old station or crowd alongside of the truck in order to hold their meetings and for games afterwards, except in the summer when they sometimes have met outside of the building.

Businessmen who have appreciated the efforts of the firemen, all of whom work on a volunteer basis except Dallas Golden, the one full-time fireman, have called attention to the fact they are entitled

More Than 11,000 Pay To See Rodeo; Bub Evans, Texan, Tops In Honors

More than 11,000 persons paid admission to the Friday, Saturday and Sunday night Victory Rodeo performance, in which Bub Evans of Fort Davis, Texas, won two second places for top show honors.

Close behind him and the only other contestant who placed in more than one event, was Harley May of Deming, who tied with another cowboy for first and second in saddle bronc riding and took fourth in bulldogging.

The second places taken by Evans were in bull riding and bareback bronc riding.

Earl Moore of Clovis, who topped the show last year with first in calf roping and second in bulldogging, won the bulldogging in this year's rodeo, but failed to place in any other event.

The Brahma bulls brought to Artesia by Howard Brown of Dublin, Texas, for the rodeo both years, again put on some impromptu performances by breaking out twice. But whereas all three of the escapes were during performances last year, the spectators were privileged to see only one this year, for the other escape was long before

First Football Practice Session Is Held Today

The coaching staff of Artesia High School assigned about 40 uniforms Tuesday to candidates for the Bulldog football team, who were to report at 8 o'clock this morning for the first practice.

Head Coach Jack Tinson said it is expected 50 to 60 players will be out for practice by the end of the week.

He announced there will be two sessions each week until the opening of school, at 8 o'clock in the morning and 2 o'clock in the afternoon.

Coach Tinson said about six football managers will be needed and asked that boys interested in this phase of the squad's activities report to him or Coach Floyd Davis.

In preparation for the coming season, all members of the high school coaching staff attended a coaching clinic at the University of New Mexico in Albuquerque last week.

While there they saw the annual North-South basketball game Friday and the North-South football game Saturday.

Dan Booker of Artesia played on the South team in the football game, which was won by the South 20-0. "Red" Richardson was also scheduled to play on the South team, but sustained a hand injury in practice and was unable to play. The coaches attending from Artesia (Continued last page, this section)

Explorer Scouts Have Great Trip Of Nine Days To Gulf Of Mexico

Sixteen Explorer Scouts of Post 5, Artesia and their advisor, Ernest Thompson, returned home Monday after a nine-day trip to Houston, Galveston and the Gulf of Mexico, on which they had full days of instruction and fun, including fishing in the gulf.

One of the highlights of the outing, at both its start and finish, was transportation from Roswell to Houston and return in an Army airplane.

The Artesia boys left Walker Air Base at Roswell in the plane Monday morning, Aug. 6 and returned at the municipal air base at Houston, from where they were chartered bus to Camp Conroe, Texas.

From Sunday through Monday of last week they were given instruction in a number of sports, some of them by outstanding experts, including: Rifle by Conner and "Buster" rifle experts for one of the best arms companies; fishing by Charles Gray, champion fisherman; archery, by Verne B. of Dallas, archery expert; shooting, by Grant Iseng, national skeet champion; dancing, by Harley Love; canoeing, by Dr. Charles Canadian expert and In-

Program On 1949 Cotton Loans To Be Talked At Meeting

The State PMA Committee has scheduled a district meeting for the purpose of discussing the 1949 cotton loan program in detail with interested persons, to be held in the Chamber of Commerce building in Roswell at 9 o'clock next Wednesday morning.

Representatives from the Cotton Branch, Washington, D. C., the El Paso and Dallas cotton classing offices and the New Orleans PMA commodity office have been invited to assist in the discussion.

Interested producers, representatives of lending agencies, ginners, warehousemen, compress operators, cotton merchants or buyers and approved clerks and witnesses are invited to attend. (Continued last page, this section)

Red Cross Is To Have Applications For NSLI Dividend

Application forms for the special dividend on National Service Life Insurance authorized by the Veterans Administration will be available at the North Eddy County Red Cross chapter office at 509 West Main Street on or after Aug. 29, it has been announced by Mrs. Z. B. Betts, home service secretary.

The dividend is not automatic. Mrs. Betts pointed out and each veteran must fill out one of these application forms. In general, any veteran who kept his National Service Life Insurance in force for three months or more will be eligible to receive a dividend.

The exact amounts which each policy holder will receive are not known at this time, Mrs. Betts said. The Veterans Administration will work that out between now and the first of the year when the first dividend payments will be made.

The home service secretary emphasized that veterans should not (Continued last page, this section)

Plans Made To Use Nationals From Mexico

At a meeting of farmers of the Artesia area Monday night, in the high school area, it was decided to contract for Mexican nationals as cotton pickers through the Artesia Alfalfa Growers Association.

It was explained that by contracting for 1000 or more Mexicans through a single agency the farmers using the pickers will have to spend only \$5 for each, whereas individual contracting would run the cost up considerably.

Artie McNally, manager of the association, has made arrangements to handle the require insurance.

Although only about 30 cotton producers were present at the meeting Monday, it was felt that a cross-section of the desires of the farmers was obtained.

Paul Coffin, manager of the Artesia office of the New Mexico State Employment Service, explained the terms of the contract to (Continued last page, this section)

New Sewer Lines Are All Laid And Ready To Connect

John D. Josey, Jr., city supervisor, announced this week that all new sewer lines in Artesia have been completed and now are officially ready for use.

He asked that all persons having property adjacent to the lines have their sewer systems hooked up as soon as possible.

The city supervisor said 55,000 feet—more than 10 miles—of sewer line has been constructed in Artesia in the last 14 months.

National Guard Returns Sunday From Fort Bliss

Officers and enlisted men of Battery C, 697th Anti-Aircraft Artillery, Automatic Weapons Battalion, New Mexico National Guard, Artesia, returned home Sunday after participation in the annual two-week encampment at Fort Bliss.

The local unit spent the period in intensive training with other units of the New Mexico National Guard, as well as two units of the Texas National Guard, during which time they fired all weapons.

The 697th Battalion and a Texas battalion, firing together, were credited with knocking down 12 "drones," radio controlled target planes of about six feet wingspread of which three were destroyed and nine had some salvage value. This was the greatest number shot down (Continued last page, this section)

HOPPERS ANNOUNCE BIRTH OF SON

Mr. and Mrs. Sam Hopper have announced the birth of a son, born Saturday at Artesia Municipal Hospital. The baby has been named Jimmie Glen and weighed at birth seven pounds two ounces. The mother is the former Wanda Crenshaw.

We Have An Obligation

IF EVERY INDIVIDUAL in every community would assume his share of the community jobs to be done in any one community, that could be the finest community in the world.

For years we have been thinking of that village, town or city and what it could be if all of the folks residing in that particular community would make their contribution to the future of that community—their contribution in effort, energy and funds.

The community could be the ideal spot in the nation because it could have and could do all of the things that it has always wanted and always wanted to do.

We also presume that would be expecting too much to seek a community where all the people work together for their own common good and where they all pull for the various projects, movements, undertakings and programs.

We presume that would be expecting too much to try to find a community where all of the individuals in the community realize and know they have an obligation and a responsibility to that community. Nevertheless it is to be highly desired.

But we do owe an obligation to our community. Each and every one of us owes something to the community where we reside. We must like the community or we would not reside there. Either we like it and want to live there or we earn our living there or we enjoy a good business there.

And if we really like the place, then it follows we would want to do everything we can as an individual to help improve it and to help make it possible for it to be a finer community.

And if we make our living there or enjoy a good business there, then we have a real obligation. We owe it to the community to help put something back into it for what we have taken out and because it has been good to us.

On the whole, Artesia does a grand job on its community projects. It has many splendid workers, but there is always need for more to aid and assist. There are still those not making a contribution to the community.

Our aid and assistance will help make Artesia even a better place in which to live and there is always a community job that needs a helping hand.—O.E.P.

A Little Cultivation

IT SEEMS TO US that in past years we have raised the question: Whence the sunflowers and Johnson grass to be found wherever the soil has been disturbed by means of a plow or otherwise? But it might be worthy of repeating.

Whereas neither is found anywhere in this area except where the soil has been broken, both spring up prolifically from seeds, which evidently have been dormant for years and years.

Which leads us to hazard the thought that sometimes a little scratching of the surface and cultivation in other directions might bring forth lush growth—growth of things which are not as pestiferous as is Johnson grass.—A.L.B.

Change In Pace

THERE WILL BE CONSIDERABLE CHANGE in the pace around The Advocate office during next month when present plans call for stepping up the frequency of the publication of the weekly from once a week to twice a week.

It will mean that two papers, of course, will have to be gotten out in the same length of time that has been taken to only get out one.

In the past it has been the matter of getting out one paper and then starting on the next week's issue, but oftentimes the movement has not been as fast as it could be or as fast as it should be. It won't be a matter of choice now—it will have to be done.

New deadlines will have to be set for both advertising and for news. And these deadlines will have to be observed and enforced in order for the paper to be gotten out and gotten out on time.

It will not only require a faster pace and a change of pace on the part of The Advocate employees, but it will also mean we will need more cooperation on the part of our readers, subscribers and our advertisers.

It will mean we have to step things up and employ only half the time we have usually used to get out a paper.

It will be possible, of course, with the two publications, to do many things that couldn't be done in the past. Those things too late for the first issue of the weekly probably on Tuesday can be carried in the issue probably on Friday. And this will apply both to news items and to advertising. And those things too late for the issue the last of the week can be carried the following Tuesday instead of having to be held for a full week before they are published.

"WHAT DO YOU MAKE OF IT, WATSON?"

Adding Sunshine to the Sunshine State

By G. Ward Fenley

"Feudin', fussin' and fightin'." The weekly fare of news in New Mexico seems to be running all too much on the violent side.

We read it first in The Lovington Press where Sheriff Horace Owens said that if the 32 counties keep on calling grand juries we'll have to change the name from Land of Emptiness to Land of Indictment.

Enough arrests were made in Raton in July to net the city \$631. One man was fined for quarreling with his wife, another for locking his wife out of doors.

Two men were fined because they couldn't reach a lavatory in time. A Tucson woman blew her top when police were late in coming for a man who was disturbing her.

The Albuquerque Tribune talked glibly about "Mrs. Alice Lujah, county jail matron."

The Las Vegas Optic ran a full-page ad centered around a picture of a cute little girl all wrapped up in a new coat for school's beginning. The ad said: "Cozy worm for school."

As Artesia Grows

Twenty Years Ago
(From The Advocate files for Aug. 22, 1929)

About 25 football candidates responded to the call of Coach James Allen Tuesday and reported for the first day of pre-season training.

The first of the apple crop has been shipped and two crews are working here with grading and washing machines. The first car was from the Hartell orchard.

Mrs. C. E. Mann was hostess to the Fortnightly Bridge Club Tuesday evening at her home.

Mrs. William Compton, who is leaving for an extended visit in the East, was honored with a bridge party at the home of her son and daughter-in-law, Mr. and Mrs. R. D. Compton.

A daughter was born to Mr. and Mrs. Wendell Welsh in a Carlsbad hospital Monday morning.

Mr. and Mrs. C. E. Mann and family left yesterday morning for a visit with relatives at El Paso.

Ed Stone, grand master of the I.O.O.F., left Monday on an inspection tour of lodges and will be gone about a week during which time he will visit lodges at Dexter, Roswell, Alamogordo and several other points.

Mr. and Mrs. W. T. Haldeman and family returned last week from a fishing trip in the northern part of the state and Eastern Colorado.

Mr. and Mrs. E. B. Bullock and son, Charley, spent the week end in the Elpper cabin on the Ruidoso.

Prof. Adalai Feather and family and Mrs. Feather's mother, Mrs. Howells, of State College, were guests at the home of Mr. Feather's brother, Landis Feather, over the week end.

Mr. and Mrs. Fred Spencer came over from El Paso last week to visit his mother, Mrs. Anna Spencer.

Ten Years Ago
(From The Advocate files for Aug. 17, 1929)

An estimated 5000 persons crowded Morris Field stadium and grounds Wednesday evening to hear Gov. John E. Miles dedicate the field and the new public buildings in Artesia. The number is believed to surpass by about 1000 those who ate free barbecue in Central Park that noon.

Mrs. Ben F. Plor, one of the most prominent club women in Artesia, was elected New Mexico department president of the American

ing the ruin overlook a wilderness area still without roads near the big bend of the canyon.

Only access to the ruins was through a crack in the cliff, thence by ropes to an outcrop of ledge. What Dr. Hibben described as a "kind of catwalk," built of masonry and adobe by the Indians centuries ago, led around a shoulder of cliff to the dwellings.

This catwalk, Dr. Hibben related, could have brought near disaster to the party except for the precaution of rigging up protective life lines. It crumbled and atomized into dust in the canyon depths just as the last student was crossing it, coming out.

The dwellings, Dr. Hibben said, are well preserved in their sheltered cave location beneath an overhang of rock. Wooden beams were found still in good condition, also ordinarily perishable corn husks, wooden implements and cordage of twisted yucca fiber.

"Five-Deer House," as the party named the ruins from five spotted deer painted on the back wall of the larger cave, held indications of mortal conflict and human tragedy, the university professor said.

Marks of fire indicated the dwellings might have been successfully stormed in the distant past, the Gallina Indian inhabitants slain and the dwellings set ablaze.

Next summer's excavation of the site should unearth details of the fall of "Five-Deer House," said Dr. Hibben, with the possibility that skeleton now buried will reveal a picture of savage battle to death.

Legion Auxiliary at the annual state convention in Lordsburg, Saturday.

Mrs. Carl Jorren was complimented last Thursday afternoon by a number of women of Oilfield when Mrs. Carol Matthews was hostess at a lovely shower at her home.

Mr. and Mrs. Carroll Graham and Mr. and Mrs. Leon Clayton spent Saturday night at Ruidoso.

Mrs. V. L. Gates complimented Mrs. E. C. Gates of Billings, Mont., with a charmingly appointed breakfast Tuesday morning at her home on Missouri Avenue.

Mrs. J. J. Clarke, Jr., was entertained by Mrs. J. J. Clarke Sr., and her daughter, Miss Katherine Clark, with a huge reception Monday afternoon.

Joe Lannton of Houston, Texas, is visiting in the home of his aunt, Mrs. J. J. Clarke, Sr.

Mrs. Dora K. Polk has sold a half interest in Polk's Toggery Shop to Mrs. Julia K. Keinath, a former Artesia girl, who has returned here from Los Angeles after an absence of 16 years. The firm name has been changed to Toggery Shop.

Everett Dean O'Bannon, 6-year-old son of Mr. and Mrs. E. D. O'Bannon of Cottonwood, will be the principal performer on a free musical program given by children at the Artesia Christian Church Friday evening.

The Safeway ad appearing in this week's issue lists pork liver at 12 cents a pound, sliced bacon at 22 cents, Edwards coffee at 22 cents and a two-pound box of cheese at 45 cents.

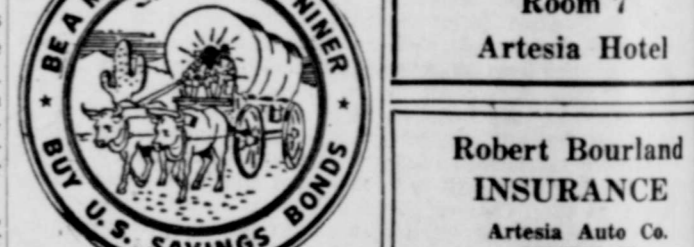

Terracing Plans Should Be Made Before This Fall

This is a good time to plan the terraces to be constructed this fall, suggests Roy Forehand, chairman of the Eddy County Agricultural Conservation Committee. Too often he says, farmers are rushed with harvesting and put off until the last minute arrangements for conservation work. And too often, the work is not done because it was put off.

Where it will be necessary to contract power machinery, it is advisable to see the contractor now. Surveys for contour lines and plans for terrace construction are jobs which must be completed before the work starts.

Forehand said 92 farmers of Eddy County have indicated they will build terraces this year under the Agricultural Conservation Program. With proper outlets, these terraces will help keep Eddy County's topsoil at home and serve as a bulwark against erosion for years to come.

Findings of experiment stations and studies on farms indicate that the ideal terrace has a broad base

Three Types Of Pumps Do Away With Hard Work

There are three general types of electric pumps that can be used to take the hard work out of supplying water for farm needs, says Harley Taylor, agricultural engineer at New Mexico A. & M. College.

One is the centrifugal jet-type pump which is made for both shallow and deep wells. It probably would not be installed in systems where the lift exceeds 80 feet, however. It can be located directly over the water source, or it can be located some distance from the well, in cases where the lift is 80 feet or more, it is likely that pumping costs would be less with a deep well reciprocating type pump installation. When the centrifugal jet-type pump is used as a deep well installation, the jet must be submerged in the water; however,

the pump itself can be located away from the well.

A second type, the shallow-well, piston-style pump, can be used where the water level never falls below the limit of the suction lift. At sea level, shallow well pumps of the type have a lift of approximately 22 feet. The lift is about one foot less for each 1000 feet above sea level. The distance that the pump can be placed from the well depends upon the depth to the water level, elevation above sea level of the location and direction losses in the pipe.

The third general type is the plunger-style, deep-well pump. On this type of pump, the cylinder is lowered into the well. It may be located so that the water never falls more than the limit or the suction lift as mentioned above below the cylinder. This type pump can be used for wells of any depth and generally gives satisfactory service for many years. It probably will be most economical for use in wells of 80 to 800 feet or more depth.

In installing any type of pump, Taylor advises locating the cylinder, ejector or pump intake well down in the water-bearing strata, unless the water-bearing strata is exceedingly thick and there is no danger of the water level being lowered by continual pumping.

By MERV WORLEY

It is interesting to note that the statue of Liberty is having her back yard cleaned. The vacuum and broom are being applied to Bedloe Island to make it clean as a lollipop stick at a children's picnic. But that's only part of the job. While the island is being cleaned, how about the rest of Miss Liberty's land? We all have a stake in the U.S. and in preserving the island and the statue stands for. It's been said the price of liberty is eternal vigilance. That's our job... to do all we can in every way to see that Liberty isn't lost to a small island in New York harbor.

The winner of a corn eating contest in Delaware, Ohio, ate 13 ears of corn. First prize was 15 ears of corn. Bet it went against the grain. If the high price of farm equipment goes against your grain, the answer is Minneapolis-Moline Farm implements and equipment from ARTESIA IMPLEMENT & SUPPLY CO., 808 South First Street. We now take pleasure in announcing a 10 per cent reduction in price on all shop labor. We guarantee all our work 100 per cent. See us now for all your needs. Increase production and cut down work. PONY EXPRESS RIDES AGAIN

Gothenburg, Neb. (AFPS) — The Pony Express, a gaudy episode in America's past—returned here recently—for one day.

The riders of the modern Pony Express were Nebraska's pleasure horsemen. Their mission was to travel once again the historic express route that curved across the state along the shallow Platte River.

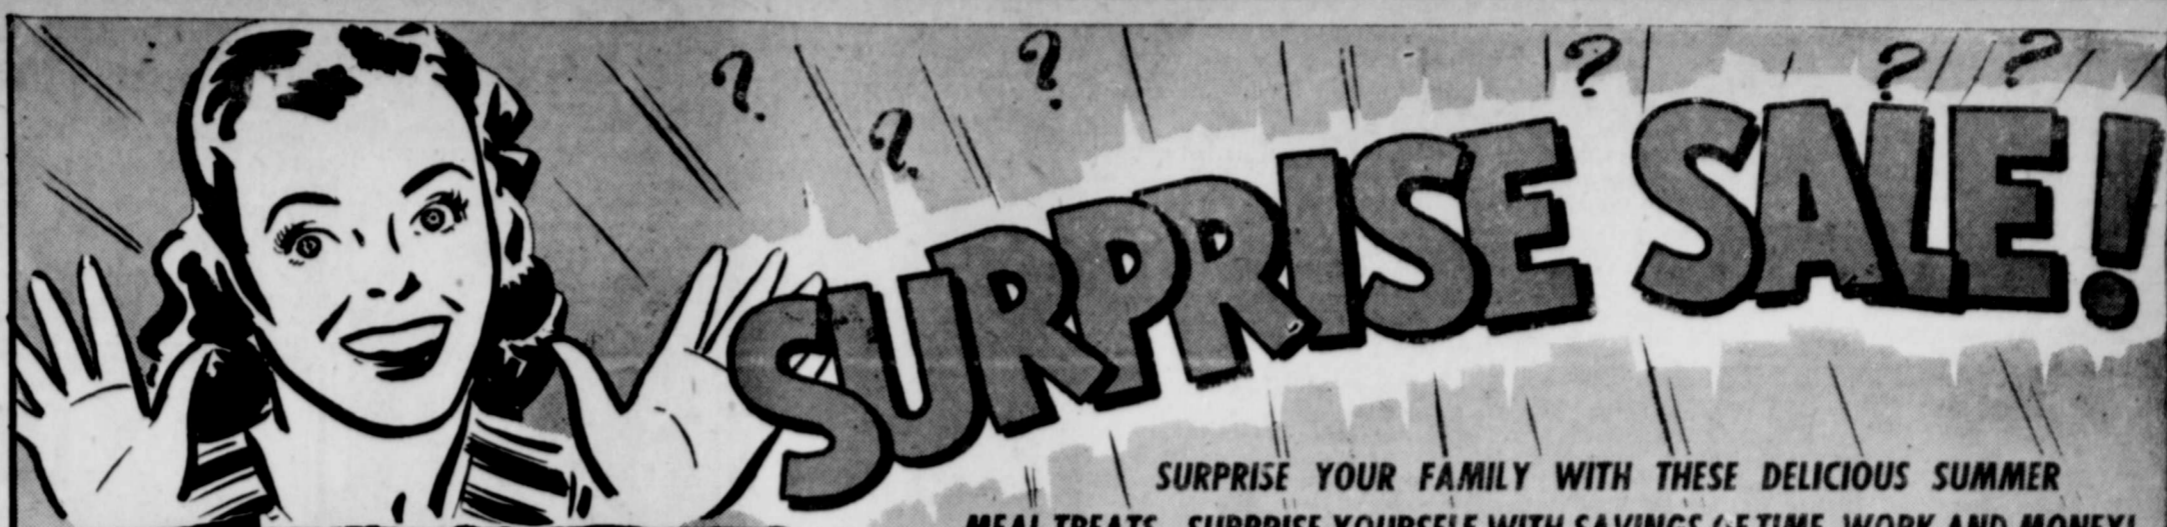

The original Pony Express, an ill-fated venture sponsored by "Bible Bill" Waddell, bankrupted him and his backers in 1860 and '61, and had at its peak of activity 80 picked riders.

Odd Fact
Some flaky logs, picked up on her property by a woman in Lee's Ferry, Ark., who was searching for pieces of petrified wood to sell as souvenirs at her husband's filling station, led to a \$40,000 find in uranium, the richest deposit ever found in the state.

The Netherlands forces in the homeland last year numbered 50,000 while their forces in Indonesia numbered 84,000.

Tennessee Paper Of Artesia Years Ago

A column, "Snooping Around" in a recent issue of The County Press of Martin, was partially devoted to an interesting item regarding Artesia 20 years ago and today, interesting to the fact the column on Artesia a little larger—by one cent or more—than even the optimistic claim. The portion concerning Artesia reads: "A long talk the other day with C. Wiggins, a former resi-

dent and merchant of Martin, who now resides in the neighboring city of Fulton.

"Seems that over 40 years ago, he went West to New Mexico and had every intention settling there. He obtained a job at the CAP Ranch and was assigned the chores of feeding the stock and caring for the large orchard that had been planted.

"The nearest town was Artesia, about the size of Greenfield at that time, being a typical Western town, with one side devoted to stores and the other side given over to hitch racks and watering troughs.

"Through necessity, Mr. Wiggins came back to Tennessee, but last year he made the trip back to see his old stomping grounds. There before him lay the little metropolis of Artesia, grown now beyond the 18,000 mark, with most of the landmarks as he remembered them wiped away.

"He did find the ranch however, now split up into sections, but the old orchard was still there, as

straight and erect as the day they were laid out with a compass. He also found his old boss, now about 90 years of age and residing in a modest cottage in the city proper. Old though he was, he still remembered the lad who 40 years ago came West and started ranching.

"You know, stories like that still intrigue me and the history that is behind it—of facts and places, their growth and vital statistics."

Eddy Goes 42 Per Cent Over In Bond Drive

Eddy Countians achieved 142 per cent of their Series E Bond quota in the "Opportunity Bond Drive," according to final reports received by L. B. Feather, county chairman of the U. S. Savings Bond Committee.

Investments in Series E Bonds by residents of this county during

Answer to Bebe

LATEST word in the battle of the French bathing suits comes from Lena Marty (above), known as "Sya," who was "Miss Switzerland of 1947" in Miami Beach, Fla., on a tour of the U.S., "Sya" answered Bebe Shopp's ("Miss America") statement that the French suits are neither nice nor necessary by contending that "a girl with a nice figure should show it." (International)

the drive reached a total of \$216,945 against a quota of \$153,000.

Eddy Countians were congratulated for their response to this call by Feather.

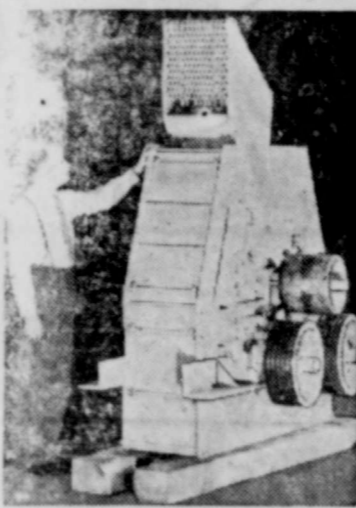

"During the war, this county always went over the top in the War Bond drives," the bond chairman recalled, "and we are all glad to respond again, in peacetime. Since the war ended our government has asked us all to invest some of our money in U. S. Savings Bonds, we have done so, there-

by placing the economy of this financial basis.

Feather expressed his appreciation to all who helped make the drive a success in Eddy County.

Between 1601 and 1609, 2000 Frenchmen of noble birth fell in duels.

Mighty Mite

The mighty mite weighs four tons and takes stone up to 12 inches in size. It operates with whirling impellers which catch incoming stone and keep the pieces smashing against breaker bars until they are the right size desired. The impellers in the machine weigh a half-ton each.

Poultry Flock Care Calls for Sanitation

Good care of the poultry flock calls for sanitation, declares John Weeks, of the Auburn polytechnic institute extension service poultry division. He says it is the best way to prevent poultry diseases.

Another important thing to remember, he points out, is that the amount of heat required depends upon kind of house, kind of brooder, and age of chicks. Chicks should be kept comfortable.

Air Academy Plan Goes to Congress; AF Need Stressed

Washington (AFPS)—Plans for a \$171 million Air Force Academy, comparable to West Point and Annapolis, have been submitted to Congress by Defense Secretary Louis Johnson. Mr. Johnson pointed out that the Air Force is handicapped by lack of training

facilities for its officers and urgently needs a separate academy. Mr. Johnson's plans were based on the recommendations of a special board headed by Gen. Dwight D. Eisenhower and Dr. Robert L. Stearns, president of the University of Colorado.

The board disapproved suggestions for attempts to expand West Point and the Annapolis Naval Academy, and held that a separate Air Force Academy would promote service unification by plac-

ing the Air Force on an equal basis with the other Services in the matter of training facilities. No definite decision has been made regarding a site for the new school, but Air Secretary W. Stuart Symington has recommended Randolph AFB, Texas, as a suitable site.

About 29 cubic feet of poisonous gas is created with each pound of coal consumed by a steam locomotive.

Youth Learn How To Save Nation Tractor Fuel

Two million gallons of tractor fuel will be saved this year by 30,000 rural boys and girls as a direct result of putting into daily use practices recommended in the national 4-H tractor maintenance program, according to a recent analysis. The potential value of the program was estimated by an oil company official when he said that if three million American farm tractor operators had a chance to learn the 4-H way of tractor care, about 200 million gallons of tractor fuel could be saved annually.

It was pointed out that in these days of declining farm prices, reducing labor costs by means of efficient tractor operation could make the difference between profit and loss in the farming business. One 4-H boy summed up the object of the tractor maintenance program in a few words when he said, "A good-running tractor means more cash in the pocket."

New Mexico 4-H Club members not only bring benefits to the farm through skillful tractor operation, but they also have an opportunity to compete for various individual awards. At the end of each year records are submitted to the Extension Service office, where they are scored on the basis of accomplishment. The sponsor of the program in New Mexico provides sterling silver medals for county winners, a trip to the National 4-H Club Congress in Chicago for the state champion and \$300 scholarships for 4-H'ers having the best records in the nation.

Since the project was inaugurated on a national scale in 1945, more than 110,000 club members have learned how to keep a tractor in top-notch working order throughout the year. To do the job, 11,500 club leaders in 41 states were trained in special tractor clinics set up throughout the country for this program.

Tom Helweg of Edgewood won Bernalillo County and state honors in 1948. Silver medals were awarded to six other county winners.

Charley Taylor, extension agricultural engineer and Jimmy Apodaca, assistant 4-H Club leader, attended the tractor maintenance conference recently in Tulsa, where plans for the 1949-50 tractor maintenance projects were discussed.

Mary Dorothea Dixon Becomes Bride Of Jack O. Duggan Here Saturday

In a double-ring ceremony solemnized at 4 o'clock Saturday afternoon at the First Methodist Church of Artesia, Miss Mary Dorothea Dixon became the bride of Jack O. Duggan of 103 North Center Avenue, Dallas, Texas, with Rev. R. L. Willingham, pastor, as officiant.

The bride is the daughter of Mrs. C. Dixon and the late Mr. C. Dixon. The bridegroom is the son of Mrs. Gladys Duggan and the late C. J. Duggan of New Mexico.

The church was decorated in shades of white King asters, gladioli and feverfew. The five pillars of the church were decorated with white gladioli, Esther Reed daisies and white satin ribbon. The reception table, a gift to the bride in memory of the bride's mother, was arranged with a bowl of white King asters and white gladioli and a background for the party. Five seven-candle candelabras were also used.

Guests were assembling. The organ played soft organ music and Miss Janie Lou Dunnam sang "I Love You" and "Oh Sweet Mystery of Life." Mr. Cox played the piano and the bride sang "Lohengrin" from the bridal party left the church to play Mendelssohn's "Wedding March."

The bride in marriage by Rev. W. A. Duggan of the First Methodist Church of Artesia. The bride wore a beautiful white lace dress with yoke and sleeves edged with seed pearls and a long train. The bridegroom wore a tuxedo with a white carnation boutonniere and a white carnation boutonniere. The bride's hair was styled in a classic fashion. The bride's veil was bordered with white satin ribbon. The bride's shoes were white.

The newlyweds left in the evening by car for a honeymoon trip through the southwest. Upon their return they will make their home at 120 West Lynn, Norman, Oklahoma, which they have just purchased. Mrs. Duggan's going-away costume was of natural colored silk shantung suit with brown accessories, and natural lace straw hat, and she wore a white orchid corsage.

Mrs. Duggan graduated from Artesia High School in 1948 and will enter the University of Oklahoma for the second year this fall. She is a past worthy advisor of the Order of Rainbow for Girls. Mr. Duggan graduated from Sunset High School, Dallas, and will enter the University of Oklahoma for his third year this fall. He served two years in Japan with the Army. He is also a member of Oak Cliff chapter of DeMolay.

Out-of-town guests for the wedding were Mrs. Gladys Duggan and Miss Maryann Duggan of Dallas, Mr. and Mrs. J. L. Hard and son, Jimmy, of Fort Worth, Dr. and Mrs. F. L. Charlton of Austin, Miss Berta B. Rhodes of Houston, Texas, Richard Hicks of Oklahoma City, Miss Jeannine Cooper of Tecumseh, Okla., and Mr. and Mrs. Harry E. Osborn, Mrs. Dorothea Osborn, Mrs. Embra Page and daughter, BBA; Miss Neloise Dixon, and Mrs. Allen Crétchet, all of Deming.

DOES WILL HOLD NO AUGUST MEETING
Mrs. James Welch has announced there will be no August meeting of the E.P.O. Does because of the remodeling of the Elks building. The September meeting will be held on the usual date.

Mmes. Bryan And Blocker Present Club Program

Mrs. E. N. Bryan and Mrs. C. R. Blocker were guests of the Garden Club at a meeting Friday afternoon at the First Presbyterian Church.

After the business meeting, Mrs. Bryan presented colored films of day lilies, irises and peonies. Mrs. Blocker exhibited pictures taken while on her trip to Florida last spring. Mrs. Blocker loaned the club her projector in order the pictures could be shown. The club extended thanks to Mrs. Blocker for her courtesy.

Members sang "Happy Birthday" to Larry Jordan, son of Mrs. Harry Jordan, who was celebrating his sixth birthday that day. He has been attending club meetings since he was about 6 months old.

Other visitors present were Mrs. Theima Maphet, Mr. and Mrs. Wyatt Johnson of Carlsbad and Mrs. Albert Andrews of Howard, Kan.

The next meeting will be a 1 o'clock luncheon at the First Christian Church Friday, Sept. 9.

Mike Stefanko, Jr. Celebrates Birthday With Party Sunday

Mike Stefanko, Jr., celebrated his fifth birthday Sunday with a party at the home of his parents, Mr. and Mrs. Mike Stefanko.

Games were played in the afternoon and favors of hats and balloons were given to the children. The napkins were of circus designs. The refreshment table held a beautiful birthday cake. Ice cream and cake were served to the children.

Those attending were Sherman and Susie Scott, Phil Burch, Carrie Boyd, Larry Hankins, Jimmy Watts, Jerry Butts, Mary Ellen Mayfield, Betty and June Key, Susie Bergman, Ricky Baldwin, Susie Strykowski, Joe Clarke and Stevie and Mike Stefanko.

DAUGHTER IS BORN TO PORIFIFO VALENCIAS
A daughter born last Thursday at Artesia Municipal Hospital to Mr. and Mrs. Porififo Valencia has been named Antonia.

COTTONWOOD CLUB MEETS ON TUESDAY

The Cottonwood Community Club met at the home of Mrs. Melvin Mayberry Tuesday afternoon with Mrs. David King as co-hostess. The members took off stenciling patterns during the afternoon. Refreshments of ice cream and cake were served to Mmes. Gene Chambers, Glenn O'Bannon, Douglas O'Bannon, I. C. Keller, Orville Chambers, B. E. Green, Curtis Sharp, Archie Horton, Jim Hilliard, Lois Green and M. E. Wathen and Miss Mary Frances O'Bannon.

Louise Randell Of Pittsburgh Honored On Tuesday Evening

Miss Louise Randell of Pittsburgh, Pa., houseguest of Mr. and Mrs. J. T. Mitchell, was honored Tuesday evening with an open house. About 60 guests called during the evening.

The dining table was covered with a lace cloth and the punch-bowl centered the table. Dahlias were placed around the punch bowl. Spring flowers were also used for decoration. Refreshments of punch, cake and mints were served. During the evening, the "Peach Fuzz" quartet, composed of Jerry Cole, Jack Holcomb, Ralph Shugart and Ed Mitchell, sang several songs.

Jack Bellew, pianist, guest of Rev. and Mrs. V. Elmer McGuffin, played several concert numbers. Miss Randall is a student at Carnegie Tech and will return to college this fall.

Past Presidents Plan At Dinner For Rummage Sale

Plans were completed for a rummage sale to be held in September at a dinner of the Past Presidents' Parley of the American Legion Auxiliary Monday evening at the Artesia Hotel Coffee Shop.

Mrs. L. E. Francis, president, arranged the centerpiece, which was of marigolds.

Hostesses were Mrs. C. R. Baldwin and Mrs. Raymond Bartlett. Other members present were Mmes. Fred Jacobs, Frank Smith, Frances Painter, Albert Richards and Earl Darst.

MAMIE SUE JACKSON IS BORN AT HOSPITAL
Mamie Sue, daughter of Mr. and Mrs. Neil Jackson, was born Saturday in Artesia Municipal Hospital.

JOSEPH DAVID SCOTT IS BORN ON FRIDAY
Joseph David was born Friday to Mr. and Mrs. David Scott in Artesia Municipal Hospital.

Party Is Given For Terea Hickson On Her Birthday Friday

Terea Hickson celebrated her third birthday Friday with a party at the home of her parents, Mr. and Mrs. Floyd Hickson on Cottonwood.

The afternoon was spent in playing game and each guest was given a favor. Refreshments were served to Alesia Chambers, Jessie Jo Funk, Gene Havins, Eddie Jo Havins, Gloria Jean Chambers, Gwen Gable, Charlotte O'Bannon, Richard O'Bannon, George Pirtle and Tretha Pirtle of Artesia and Ronnie Dana and Gary Jennings and Linda and Cynthia Dallahan of Roswell.

Pink-Blue Shower Is Given In Honor Of Mrs. Sam Hopper

Mrs. Sam Hopper was honored at a pink and blue shower at the home of her sister, Mrs. Buddy Taylor on Cottonwood.

Those attending were Mrs. W. J. Laman and children Loma and Betty, Mrs. Graves Laman, Mrs. Charlie Taylor, Mrs. Jesse I. Funk, Mrs. Bruce Stork, Mrs. George Crenshaw and the hostess.

Those sending gifts but unable to be present were Mmes. David King, James Thippen, Ed Masters, Claud Bolton of Roswell, A. W. Rogers of Washington and Glen Gustly of Artesia and Dorothy and Gwendolyn Crenshaw.

Birthday Party Is Given On Friday For Larry Jordan

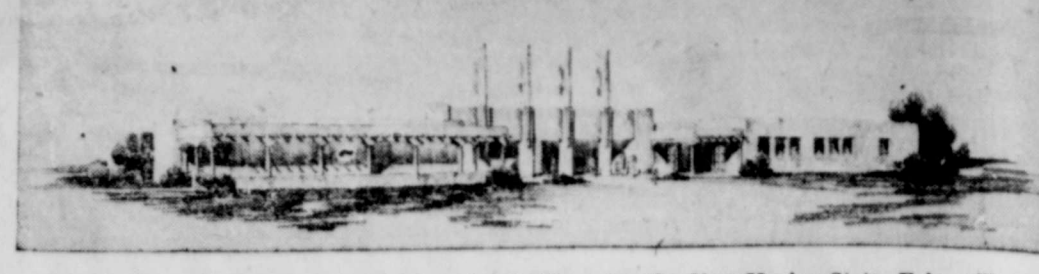

Larry Jordan, son of Mrs. Harry Jordan was honored on his sixth birthday Friday afternoon with a party.

The children played games during the afternoon, after which refreshments were served. A large birthday cake centered the table and the children sang, "Happy Birthday, Larry."

Guests were Carol Ziegler, Betty and Edward Bullock, Robbie Bullock, Karen and Pat Short, J. Allen, Mike Simon and Helen Willingham.

MRS. BOOKER IS HOSTESS TO FORTNIGHTLY CLUB
Mrs. Grady Booker was hostess to the Fortnightly Bridge Club at a 1 o'clock luncheon Tuesday. Members present were Mmes. W. Leslie Martin, William Linell, John Lanning, Glenn Booker, Hollis G. Watson, Landis Feather, Albert Richards, R. M. McDonald and C. R. Baldwin. Substitutes were Mmes. Dave Bunting, Clark Storm and Irene Brown. Luncheon guests were Mrs. Leona Gott and Mrs. Lewis Story.

Fair Administration Building Is Under Construction

This is how the new \$50,000 administration building for the New Mexico State Fair will appear when completed. Construction has started and the building will be partially completed in time for the 1949 fair, Sept. 25 to Oct. 2. Leon H. Harms, secretary-manager, reports. The main west entrance gate is at the center, with an underground money vault built below the turnstiles. At left will be the new administrative offices and entry department. The right portion of the building will be the accounting department and bank. Designed along typical Southwestern lines, to harmonize with all other buildings on the fair grounds, the structure will be completed and occupied in time for the 1950 State Fair.

LOCALS

W. E. Ragsdale left this morning for Hopkinsville, Ky., to attend the 33rd reunion of the Ferris Boys, alumni of a military school there, to be held Friday of next week. He plans to return home about the first of the month. Ragsdale was accompanied by B. F. Kaiser, Sr. and George Kaiser of Carlsbad, who were going as far as Wichita Falls, Texas.

Mr. and Mrs. Ed Boans of Grants were here for the V-J Day celebration.

Mrs. Ernest Park and daughter, Miss Joan Park and Miss Dinny Donoghue of Oklahoma City were guests of Mr. and Mrs. A. L. Bert from Saturday to Sunday.

Judge and Mrs. J. D. Jones and son Harvey and Mrs. M. W. Evans of Artesia and Mrs. Evans' sister-in-law of Waco, Texas, returned here Sunday from a trip to Pagosa Springs, Colo., for where they left Tuesday of last week.

Betty Jo Kaiser, daughter of Mr. and Mrs. G. E. Kaiser, is among 325 young people from New Mexico and Southwest Texas attending a Methodist young people's leadership conference in session at Fayetteville, Ark., Aug. 9-19.

Mrs. Dorothea Osborn of Deming, who had been visiting her sister, Mrs. Ira Dixon, left Monday afternoon. She was accompanied by Mrs. Dixon and they planned to visit relatives for 10 days in Alameda, Calif., after which they will return to Deming for a visit, from where Mrs. Dixon will return home and Mrs. Osborn will leave for a visit in Michigan.

Mrs. George Ray and children, Rosemary, Emily Katherine and Estelle of Amarillo, Texas, arrived last week for a visit with Mrs. Ray's mother, Mrs. A. T. Woods.

Miss Norberta Yeager, daughter of Mr. and Mrs. Kirk Yeager, had guests for the V-J celebration last week, Miss Diana Day, daughter of Mr. and Mrs. Billy Day and Ann Allen, daughter of Mr. and Mrs.

J. R. Allen of Roswell. Mrs. Glenn Booker and children returned home last week from Denver, Colo., where they spent part of the summer. Reece Booker took special piano lessons at the Lamont School of Music in Denver for seven weeks.

Mrs. Pearl Miller Carr, who has been spending the summer at Linhaven, Va., is spending several days here with her daughter, Mrs. Martin Yates III and family, before going to her home at Los Angeles, Calif.

Guests in the home of Mr. and Mrs. Lonnie Chester and their daughter, Mrs. L. J. Reiters, this week are Rev. and Mrs. L. J. Crenshaw and children, Helen and Dwight, of Bonham, Texas, Mr. and Mrs. E. F. Lessard and daughter, Barbara of Sacramento, Calif. and Mr. and Mrs. R. W. Lowry and children, Kemp, Joe and Mickey of Albuquerque.

Dr. Katherine Clarke and Dr. Lawrence Clarke of Albuquerque arrived Wednesday of last week to visit their parents, Dr. and Mrs. J. J. Clarke, Sr. They returned home Sunday.

Mr. and Mrs. E. G. Hubbard and daughters, Kaye, Sandra, June and Joan, spent four days last week in Dallas, Texas.

Mr. and Mrs. Albert Lee and daughter, Jeanie; Mrs. M. C. Lee and Mr. and Mrs. R. L. House and son, Glenn of Lakewood left today to attend the graduation exercises at Hardin Simmons, Abilene, Texas. Rex Lee, son of Mr. and Mrs. Albert Lee, was to receive his bachelors degree.

Rev. Oren Orahod, former pastor of the First Christian Church of Artesia, visited friends here Tuesday. Rev. and Mrs. Orahod were en route home from a visit in Salt Lake City, to Wolf's Point, Texas where he is now stationed.

Descendants Of Sam Stewart Are Here For Reunion
Sam Stewart had all his children, grandchildren and one great grandchild present for a family reunion at the home of his daughter, Mrs. F. A. Johnson, the last week. The all attended a dinner Sunday at Mrs. Johnson's home.

Those present were Mrs. W. W. Smedley and son, Buster and son-in-law and daughter, Mr. and Mrs. Billie Bass, of Smackover, Ark. Mr. and Mrs. Clyde Stewart of North Hollywood, Calif., a Mrs. Lela Plunkett of North Hollywood, Calif.; Mrs. Carroll Ross and two daughters, Juanita and Vanita; Mrs. Estelle Terry and son, Alvin; Mrs. Lee and daughter, Jurber and Charlotte Ann Johnson, all of Artesia and Mr. and Mrs. Jay Doyl and son of Davis Dam, Nev. Mr. Doyl is a daughter of Mrs. F. A. Johnson.

MR. MRS. MARTIN ARE PARENTS OF SON
Mr. and Mrs. Marvin Martin of Artesia Municipal Hospital Sunday. The baby has been named Richard Allen.

Matelasse Taffeta - So Dressed Up!

Dunnam, Veterans Service Officer, Seriously Ill

Bill Dunnam, World War I veteran and service officer for the American Legion, Veterans of Foreign Wars and Disabled American Veterans, is seriously ill at Artesia Municipal Hospital, where he was taken Wednesday of last week. His physician said late Wednesday although his condition is critical, it is not considered grave and that he is holding his own. He said Dunnam is suffering from pneumonia of the left lung. Dunnam has been given two blood transfusions. His physician said it is possible he will have another transfusion in the near future.

The local service officer was recently honored by the New Mexico Department of the Disabled Veterans of America by being named to represent the department at the national convention at Cleveland this week. He had planned to leave for there Friday.

As suggested by Dunnam when he announced the trip to Cleveland and made the trip to Cleveland and that his office would be closed, veterans or members of their families encountering an emergency may call Wayne Irwin, Veterans Administration contact representative, at the court house in Carlsbad.

King's Name Is Now Chandler, Jewelers And Silversmiths

The King's Jewelry Store, which has been operated under that name in Artesia, since 1941, has changed its name, according to an advertisement appearing elsewhere in this issue of The Advocate. Julius I. Chandler, who purchased the store while in military service in 1945 and has operated the business actively since his discharge in November of that year, announces that the store will now be known as Chandler, Jewelers and Silversmiths.

In his statement announcing the change of names for his firm, Chandler said: "My wife and I have enjoyed, more than we can say, the last four years of serving the people of the Artesia community."

"We have made many wonderful friends in Artesia and look forward to the future here. We shall constantly strive for improvement and better service in quality jewelry to our many customers."

The Chandlers live at 610-A Main Street.

H. W. CROFT COMES TO ARTESIA SHOE STORE

H. W. Croft, formerly connected with the Virtue Company at Dodge City, Kan., is now with the Artesia Shoe Store, according to an announcement issued this week by O. D. Stover, manager of the local store.

Croft is married and is the father of two daughters. The Crofts are seeking living quarters in Artesia at the present time.

TIMES MANAGING EDITOR COVERS CELEBRATION

The opening day's activities of the V-J Day celebration were covered for The El Paso Times by Bill Latham, managing editor. He had hoped to remain longer, but was called back to El Paso last Thursday night.

Inasmuch as The Times' engraving department made cuts for that publication, Latham kindly made them available to The Advocate for this issue.

HOPE, ARTESIA PEOPLE RETURN FROM CANADA

Mr. and Mrs. P. R. Ramuz, in company with Mr. and Mrs. Jack Casabonne of Hope, returned this week from a trip of a month to Canada. The trip took them through Yellowstone and over part of the Alaskan Highway into Northern Alberta.

Mr. Ramuz became ill in Calgary, Canada and was flown to Albuquerque, where he underwent surgery. He was able to return home this week and is now convalescing.

Soil Conservation Field Day To Be On Friday, Aug. 26

Farmers, businessmen and others interested in the conservation of soil and water are urged to attend the Central Valley Soil Conservation District field day, Friday, Aug. 26.

The First National Bank of Artesia is furnishing a free barbecue at noon.

The group is to assemble at the Artesia Alfalfa Growers east of the railroad from 9:30 to 10 o'clock, when the motorcade is scheduled to leave for the J. W. Collins farm, where irrigated pasture will be inspected. Other pastures will be inspected on the J. W. Everst and H. V. Parker farms.

Land leveled into benches or field-leveled will be viewed on the Horner, Yoder, Norris, Parker, Malone and Nelson farms. Irrigation structures are to be seen on the Horner and Parker farms. Some have been installed on the benched land on the Yoder and Malone

farms, but cannot be seen from the route of tour.

Crop response to fertilizers will be observed. Cotton growing on land fertilized with barnyard manure or after alfalfa in the rotation is growing the best cotton with growth attributed to the application of mixed fertilizer containing 16 per cent nitrogen and 20 per cent super-phosphate, may be seen also.

A stop is scheduled to see a windbreak and wildlife planting on the Fred Nelson farm. The windbreak was planted to catch needle or burrow grass to keep it from blowing into cotton fields during the years when it is bad. Birds, such as pheasant and quail, nest and seek cover in such tree and shrub plantings.

The last even of the day is to be an equipment demonstration, showing soil and water conservation machinery in action. Implementation and machinery dealers of the valley are co-operating to make the machinery demonstration possible.

The Soil Conservation Service, the board of supervisors and the extension service are co-operating to put on this educational program.

CARRANCO DAUGHTER IS BORN SUNDAY

Mr. and Mrs. Isidoro Carranco have given the name Bitor to their daughter, born Sunday in Artesia Municipal Hospital.

Duck Stamp Bill Proposes Raise In Cost To \$2

According to a release by the National Wildlife Federation, the Duck Stamp Bill, which had previously passed the Senate, has now passed the House, State Game Warden Elliott Barker said.

This bill, according to Barker, has been strongly supported by American sportsmen and conservationists. The duck stamp bill increases the price of the duck stamp from \$1 to \$2. The revenue is to be used for waterfowl restoration projects and the bill authorizes the Fish and Wildlife Service to open up not to exceed 25 per cent of the newly-acquired refuges to public hunting when the waterfowl population is not on a downward trend, according to the Wildlife Federation release. The bill, providing that 10 per cent of the stamp revenue be used for administration and law enforcement, went through with an amendment which, according to Barker, provides that the revenue from the bill shall be available only after appropriation by Congress.

According to the Wildlife Federation release, the proposed federal air program for fish restoration and management which is known as the Dingell Bill and which has passed the House and is now pending in the Senate, would be financed by fishermen themselves through a tax on rods, reels, and artificial lures. This bill would provide for financing fisheries projects, similar to the wildlife projects under the Pittman-Robertson program.

OF THE LAST WILL
AND TESTAMENT OF No. 1518
FRANK ROWAN,
DECEASED.
NOTICE OF HEARING ON
FINAL ACCOUNT AND REPORT

THE STATE OF NEW MEXICO
TO: Eunice Gilbreath Rowan,
Frank Crockett Rowan, Lucy Rowan,
All Unknown Heirs of Frank Rowan,
Deceased, and All Unknown Persons
Claiming Any Lien Upon or Right, Title or Interest in or to the Estate of said Decedent.
GREETING:

Notice is hereby given that Eunice Gilbreath Rowan, executrix herein, has filed her Final Account and Report in this cause and, by order of the Probate Judge of Eddy County, New Mexico, the 12th day of September, 1949, at the hour of 10:00 A. M., in the Court Room of the Probate Court of Eddy County, New Mexico, in Carlsbad, New Mexico, is the day, time and place for hearing said Final Account and Report and any objections thereto. At the same time and place, said Court will determine the heirship of said decedent, the ownership of his estate, the interest of each respective claimant thereto or therein, and the persons entitled to distribution thereof.

Neil B. Watson, Artesia, New Mexico, is attorney for the executrix.

Witness my hand and seal of said Court on this the 15th day of July, A.D. 1949.

(SEAL) MRS. R. A. WILCOX,
County Clerk and ex-officio Clerk of the Probate Court.
29-41-32

NOTICE OF SUIT PENDING
STATE OF NEW MEXICO TO:
Acme Watch Company, impleaded with the following named defendants against whom substituted service is sought to be obtained, to:

wit: Acme Watch Company, Benjamin Allen & Co., John Berkowitz & Sons, Bieler-Levine, Blue White Products Inc., Carpenter Paper Co., Charles Cohen, Collar Bobs Company, Eversharp, Inc., Free Sewing Machine Co., Gantt Jewelry Mfg. Land Leveling to Be Demonstrated

Land leveling is a key conservation practice on irrigated lands in the Central Valley Soil Conservation District, which will sponsor an annual field day trip Friday, Aug. 26. In the scene above, such as will be observed on the trip, a tractor and car are being used to level a field. Properly leveled land gives a uniform distribution of water and prevents runoff at the edge of the field, Soil Conservation Service technicians point out.

Sign Final Orders Establishing AF As Separate Dept.

Washington (APPS) — Defense Secretary Louis Johnson recently signed the last of a series of 40 transfer orders establishing the Air Force as a separate NME Department.

The project of separating the Air Force from Army jurisdiction has proceeded steadily for two years under provisions of the National Security Act of 1947. The Act required completion of the separation within the two-year period, and provided for the unification of similar Army and Air Force functions to prevent duplication.

Many of the separation adjustments also were directed toward unification. For example, the Army Chief of Engineers was designated real estate and contract construction agent for both Services.

An Army-Air Force Central Welfare fund was established, with officers of both services sit-

ting as the Board of Directors. Troop Information and Education activities have been unified. The Army performs services common to both Army and Air Force in the fields of transportation and Quartermaster administration.

The 40 transfer orders issued by the Secretary of Defense shifted approximately 100 generalized functions from Army to Air Force responsibility. On the basis of these orders, the two services issued joint Regulations directing the detailed execution of the transfer.

In a memorandum to the three NME Secretaries which accompanied the last transfer order, Secretary Johnson said: "Although the Congress created three separate military departments, it was not its intent to impede the integration of the military operations of the three departments. The efforts of this office, therefore, have always been directed toward achievement of the fullest possible integration, an objective which will be attained more readily now that the activities of all three services are authorized by law to a comparable extent."

CHRISTIAN BOARD MEETS AT BELL RESIDENCE

Members of the executive board of the Women's Council of the First Christian Church met at the home of Mrs. Arthur Bell last Thursday morning for a coffee. The hostess served delicious blue-

berry muffins and coffee to Mmes. William M. Siegenthaler, W. H. Ballard, Nell C. Albert, C. C. Connor, John Lanning, Albert Richards, C. Bert Smith, A. C. Crozier, A. W. Boyce and Earl Darst and Miss Cora Rogers.

The profession of acting was confined entirely to men in ancient Greece. An old custom in England was the ringing of the "gleaming bell," which fixed the hours for beginning and leaving off gleaming.

New York City's water supply "crosses" the Hudson river thru a tunnel 1114 feet below sea-level. As late as 1789 instruments of "unicorn's horn" were used in the French court to test the royal food for poison.

Dollars for Barley

For writing an essay on "How Can We Make the Barley Crop Bring More Dollars Per Acre?" Bobby V. Bruegger, of Plymouth, Wis., has been named winner in a contest conducted among high school students of vocational agriculture by the Midwest Barley Improvement association.

Bobby, who is 15 years old, and in his sophomore year in the Plymouth high school, won the award, which consists of \$50 in cash, in competition with hundreds of high school students in the five Midwestern states of Wisconsin, Minnesota, North and South Dakota, and Iowa.

As the winner of the Midwest regional prize, young Bruegger also was a winner of the first Wisconsin state prize of \$25 and the Sheboygan county prize of \$5 in the contest.

Son of Mr. and Mrs. Byron Bruegger, Bobby helps with the work of the family's 40-acre farm, where the principal crops are grains and alfalfa. He has been active in 4-H club work for a number of years and is a member of the Future Farmers of America.

Poultry TB Eliminated in One Year With Care

Tuberculosis in chickens can be eradicated in one year, according to Prof. Frank E. Mussehl of the University of Nebraska poultry department.

He advises raising chickens in clean quarters and on clean ground, changing the location of the range every year. Eliminate or sell old hens from the flock by June 1 of each year unless the birds are very high grade breeders.

DELIVERED State and local taxes, if any, extra

Come see this Stunning New Buick SPECIAL—big in room, big in valve-in-head straight-8 power, easy to manage in size and price

Yes, we know it looks like a lot more money.

That stunning new front end — those graceful, tapering fenders — those bigger interiors and high-visibility windows add up to a car you'd expect to wear a pretty fancy price tag.

But come in and see for yourself how right we were when we said this new beauty was priced right down your alley.

Come try the comfort-patterned seats, handle this easily managed wheel, lift the hood and see the bonnet-filling valve-in-head straight-eight power plant you command, measure the shorter bumper-to-bumper length.

Then do a little hard-boiled matching-up of price tags.

In particular—compare this beauty with the sixes—and ask yourself why you should pay for straight-eight power and not get it.

You have, remember, three smart body types to choose from—the tidy, three-passenger Coupe shown here, a neat 2-door, six-passenger Sedanet and a smart 4-door Sedan with the roomiest interiors ever found in a Buick SPECIAL.

They're going fast, as you might expect. Getting a firm order in is a smart move just to insure early delivery.

How about dropping in—the first minute you can?

DELIVERED AT YOUR DOOR

- Model 46 3-passenger Coupe (Illustrated) \$2090.00
- Model 46-S 6-passenger Sedanet . . . \$2143.00
- Model 43 6-passenger 4-door Sedan \$2196.00

State and city taxes, if any, extra. Dynaflo Drive optional at extra cost. All prices subject to change without notice. Prices may vary slightly in adjoining communities because of transportation charges.

Irrigated Pastures Will Be Viewed on Field Trip

Irrigated pastures, such as the one shown here, are proving profitable, as will be demonstrated Friday, Aug. 26, when the annual field day tour in the Artesia area will be made under the sponsorship of the Central Valley Soil Conservation District. Land with excessive grade is more profitable in irrigated pasture than in cash crops, according to the SCS. Pasture grasses and legumes hold and improve the soil and the livestock harvests the crop. Pastures such as this are valuable in rotation with other crops also, the SCS maintains.

**Leaving Of Dirty
Camp Is State
Law Violation**

The leaving of a dirty camp or picnic ground along a stream or lake shore is not only an unethical practice, but is also a direct violation of state law, said State Game Warden Elliott Barker. Because this is one of the principal reasons why private lands are being posted, he added, the Game Department's field force will enforce the statute from now on.

Barker called attention to the fact that Section 43-3509 of the New Mexico Statutes annotated provides that a fine of from \$3 to \$80 may be assessed against any person for casting, throwing out or depositing any offal, refuse matter, putrid or deleterious substance with 500 yards of any spring, well, acequia or ditch, arroya, creek or stream of water used for drinking purposes.

Almost every body of water is used for drinking purposes in one

way or another, Barker said. For years the Game Department has urged all campers, picnickers, fishermen and hunters to clean up their camps and put out their fires, he added, but as a lot of people continue to leave dirty, often filthy, camp sites, the filing of charges under the above statutes has of necessity been initiated.

The first conviction, according to Barker, was of Teodocio Montoya of Las Vegas, who paid a fine of \$3 on Aug. 2 for leaving a dirty campground near a stream.

"That is only the beginning," Barker said. "We have some beautiful country in New Mexico and we are not going to let it look like a garbage dump. If people can carry food and drinks all the way up to the fishing and hunting areas of the state, then they can certainly carry the refuse back and deposit it in the garbage cans at home or, if they like, dump it in their own front yards. It is not just the Game Department that hates to see a messy camp, but all good sportsmen feel the same way about it."

**Practice Tractor
Safety To Save
Lives, Accidents**

America leads the world in mechanized agriculture, for three million farm tractors now play a vital

role in the production and harvesting of the nation's farm crops.

They have established an enviable performance except where the operator lets an accident mark the record. National Safety Council reports indicate that tractors may be involved in nearly 75 per cent of all accidents with farm machinery. All of these accidents are needless. The cause is usually thoughtlessness, carelessness or misuse.

The main safety rule for operating tractors in the field is just good common sense. One can afford to gamble the loss of a limb or life by operating without the power take-off shield in place. Cranking a tractor while in gear is another dangerous way to start a day's work. Excessive speed and careless operation around ditches will also hurry a trip to the hospital. Jumping off the tractor while it is in motion is another way to invite an accident. Careless parents who permit children to ride tractors or hitch a ride on trailing implements are not really thinking about the children's welfare.

Here are a few more important rules: Be careful coupling implements to tractors; always stay in the clear.

EDDY COUNTY, STATE OF
NEW MEXICO

CLAUD W.
CALAWAY and
MYRTLE CALAWAY,
Plaintiffs,
Vs.
FLOYD WILLIS
(also known as
FLOYD WILLIS) et al,
Defendants.

No. 11219

**NOTICE OF
PENDENCY OF SUIT**

THE STATE OF NEW MEXICO
TO:

FLOYD WILLIS (also known as FLOYD WILLIS), defendant, pleaded with the following named defendants against whom substituted service is hereby sought to be obtained, to-wit: FLOYD WILLIS (also known as FLOYD WILLIS) and JOSEPHINE WILLIS, his wife; The following named defendants by name, if living; if deceased, their unknown heirs: EUGENE ACKERMAN; THOMAS BRIDGE (also known as THOS. BRIDGE); ANNIE E. WILLIAMS (also known as ANNA E. WILLIAMS); FOREST SECOR and ZELLA M. SECOR, his wife; H. T. KELLOGG (also known as HIRAM T. KELLOGG); CHARLES HARRELL (also known as CHARLEY HARRELL) and KATHERINE HARRELL (also known as KATHERINE CADE), his wife; Unknown heirs of the following named deceased persons: WM. W. RIDDELL (also known as WILLIAM W. RIDDELL); JOHN DEAN; MARTHA A. DEAN (also known as MATTIE A. DEAN); G. B. TAYLOR; E. M. WILLIAMS; and, ALL UNKNOWN

CLAIMANTS OF INTEREST IN THE PREMISES ADVERSE TO THE PLAINTIFFS, GREETING:

You, and each of you, are hereby notified that an action has been commenced and is now pending in the District Court of Eddy County, New Mexico, wherein CLAUD W. CALAWAY and MYRTLE CALAWAY are plaintiffs and you, and each of you, are defendants, said cause being No. 11219 on the Civil Docket of said Court.

That the general objects of said action are to quiet and set at rest the plaintiffs' title, in fee simple, to the following described property situated in Eddy County, New Mexico, to-wit:

Beginning at a point on the East Side of U. S. Highway No. 285, 590 feet North of the South line of the NW 1/4 SW 1/4 of Section 21, Township 17 South, Range 26 East, N. M. P. M., Eddy County, New Mexico; thence North 550 feet along the East line of U. S. Highway No. 285; thence East

to the West line of the Railroad right-of-way; thence Southeastly along the West line of the Railroad right-of-way to a point due East of the point of beginning; thence West to the point of beginning. You, and each of you, are further notified that unless you enter your appearance in said cause on or before the 29th day of September, 1949, judgment by default will be rendered in said cause against each of you so failing to appear and plaintiffs will apply to the Court for the relief demanded in the Complaint.

A. J. LOSEE is attorney for the plaintiffs, and his office and post office address is Ward Building, Artesia, New Mexico.

WITNESS MY HAND and seal of the District Court of Eddy County, on this the 17th day of August, 1949.

MOTOR AND SAFETY TESTS
THE CAR OWNER'S GUIDE TO
POWER • ECONOMY • SATISFACTION

Modern motor cars are engineered to such high peaks of perfection that any deficiencies in their operation are slow to make themselves known. As a result, loss of operating efficiency causes poor performance and economy long before the owner is aware of the change. Some accidents, too, are caused by motorists who are unaware of their car's unsafe operating condition. Don't let this happen to you; Let us perform the motor and safety tests listed below.

- ★ **COMPRESSION TEST**
Unequal compression indicates loss of power... Our Tester will locate the cause... No relying on guesswork here!
- ★ **IGNITION TEST**
A complete check on your car's "Nervous System"... plugs, points, coil; all must meet certain minimum tests.
- ★ **STARTER CIRCUIT TEST**
Thorough storage battery, cable and starting motor tests... Testing these parts under actual operating conditions locates impending trouble.
- ★ **GENERATOR CIRCUIT TEST**
Check "Power House" and wiring system... includes checking voltage regulator... prevents expenditure due to incorrect diagnosis.
- ★ **COMBUSTION TEST**
Check carburetor mixture... test idle, high speed and accelerating system... locate exact cause of low gas mileage.
- ★ **SAFETY TEST**
Lights... Brakes... Steering... Horn and Windshield Wiper — each tested because each is so important to safety.

ALL THESE TESTS RECORDED ON A SPECIAL FORM FOR YOUR INFORMATION!

Four Of Five Wells Completed Are Producers

Of five wells reported completed in the Eddy County fields the last week, three were good producers. One was an old well re-completed and the fifth was plugged and abandoned.

A single new location was made. It was the Western Production Co., Section 25-C, NW NE 25-17-29.

The completions:
H. E. Yates, Ballard 3-B, SW SW 22-28, old well drilled deeper; total depth 2338 feet; flowed 200 barrels of oil per day, after acid.

W. E. Yates, Aston & Fair, Yates 2-B, SW 6-18-30; total depth 2424 feet; flowed 100 barrels of oil per day, after acid.

W. E. Yates, Oil Co., Burch 14-B, NE 17-17-29; total depth 2850 feet; flowed 20 barrels of oil per day, after acid.

W. E. Yates, Shuler 2, SE SW 22-28, old well drilled deeper; total depth 3101 feet; failed completion re-completed at old total depth of 2997 feet for six barrels per day, after acid.

W. E. Yates, Cockburn, Willis Berry 2-B, SW 6-17-27; total depth 2424 feet; plugged and abandoned.

W. E. Yates, Federal-Wiggs 1, NE 17-17-29; total depth 2424 feet; flowing at 9700.

W. E. Yates, Burch 15-B, NW SW 22-28, 3158; preparing to flow.

Examination For Clerks Announced By Civil Service

A new clerk examination has been announced by the Civil Service Commission for filling positions at \$2284 and \$2498 a year (grades CAF-2 and 3) in various federal agencies in Washington, D. C. and vicinity, according to Jesse L. Truett, Artesia postmaster.

The commission held a similar clerk examination last March but not enough eligibles were secured as a result of that examination to fill, on a permanent basis, the clerk jobs now occupied by war service and temporary employees, and to fill future vacancies that will occur through turnover.

Among the types of clerk positions to be filled from this examination are: Appointment, correspondence, docket, accounting, time, leave, pay-roll, statistical, coding, test rating, property and supply, mail, file, information, proofreading, editorial, indexing, purchasing, traffic, transportation rate.

No previous training or experience in clerical work is required. To qualify, applicants will be required to pass a written test which will consist of questions designed to test their aptitude for learning and adjusting to the duties of the positions. A higher standard will be required for eligibility for grade CAF-3 than for CAF-2. Sample questions will accompany the examination announcement.

The age limits, 18 to 62 years, are waived for persons entitled to veteran preference and, under certain conditions, for war service employees.

Further information and application forms may be obtained from the Civil Service Commission's local secretary, F. M. Davenport, at the Artesia Postoffice, from Civil Service regional offices, or from the commission's Washington office. Applications must be received in the U.S. Civil Service Commission, Washington, D. C., not later than Sept. 6.

Estimated—

(Continued from Page One)

\$100 in prize money was donated by the Artesia Chamber of Commerce.

The parade was paced by a police car, behind which came the massed colors of the veterans' organizations and auxiliaries, followed by Mayor Oren C. Roberts on horseback, cowgirl riders, cars bearing members of the United Spanish War Veterans, American Legion Auxiliary and the central committee of the United Veterans Club.

The first float was the No. 1 Artesia fire truck, bearing a legend of welcome from the city.

Behind the fire truck, walked Dr. Glenn Stone of Monahans, Texas, formerly of Artesia, who had been tried in absentia by the U.V.C. of tresson and sentenced to attend the celebration here—at his own expense—inasmuch as Monahans, which celebrated V-J Day Monday, had claimed to have the finest V-J celebration in the world.

Dr. Stone was wearing a placard admitting his guilt and was led, by means of a rope around his neck, by Woody Butts.

Next came the band from Walker Air Force Base at Roswell, behind which were various entries including floats, in several parade sections.

In the section headed by the Walker band were 166 horses and ponies, with riders representing the Chavez County Sheriff's Posse, the Eddy County Sheriff's Posse and Artesia Roping Club and many cowboy and cowgirl riders, including rodeo performers.

Farther back in the parade was the Artesia High School band, directed by Russell Lewis, Jr., riding on a truck. The band likewise played at the Friday and Saturday rodeo performances.

The floats were too numerous to be listed in full and there were so many exceptional ones, the judges had difficulty in making prize-winning selections. However, besides the floats taking the first places, they gave honorable mention to those entered by the United Veterans Club, Christian Youth Fellowship, Alamosa Lodge, Boyd-Cole Motor Company, Artesia Story League, Clem & Clem, Park-Inn Laundry and Boy Scout Troop 28.

An exceptional entry was a miniature Santa Fe train, brought here by the railway company.

It played its part in the parade as well as seriousness and humor. One bit of comedy was a float carrying "The Law West of the Pecos" on which, as the parade moved down the street, several men were being dragged from the float truck. One man, who was led under a sign, was a member of the Post Office of the United States.

Tom Boyd, Jr., Sums Up Experiences At Boys State Outing

Tom Boyd, Jr., summed up his experiences at Boys State for the benefit of the Kiwanis Club at last Thursday's luncheon meeting.

The local youth attended the American Legion sponsored event at El Rito, during the week of June 12, in which 200 New Mexican boys participated.

Clarence McAnally was awarded a button for a perfect one-year attendance record.

More Than—

(Continued from Page One) jackpot barrel race totaled \$4410, including entry fees and added purses. It was distributed to fourth place in all events except the bareback and bull riding, in which six prizes were given.

Winners in the bulldogging contest, showing the contestant, his home, time in seconds for each of his two rides and total time: Earl Moore, Clovis, 9.3, 8.0, 17.3; Bill Rush, Clovis, 8.2, 9.2, 17.4; Bill Agee, Tucumcari, 9.6, 11.5, 21.1; Harley May, Deming, 10.5, 18.4, 28.9. Joe Thompson of Carlsbad, who had no time on one ride, had the fastest time of the show, when he bulldogged his steer in 5.6 seconds Sunday night.

Bareback bronc riding, one ride, in points: Paul Bond, Carlsbad, 312; Bub Evans, Fort Davis, 306; Pete Standridge, Fort Worth, 304; Speck Tipton, Lamesa, Texas, 294; Ken Walker, Carlsbad, 292; W. N. Rice, Brookesmith, Texas, 290.

Calf roping, two calves, in seconds: Bill Eaton, Carlsbad, 14.8, 18.0, 32.8; Vic Montgomery, Ozona, Texas, 18.1, 16.3, 34.4; Dub Hardin, Hagerman, 17.5, 17.2, 34.7; Buddy Neal, Ozona, Texas, 15.0, 20.5, 35.5. Bill Bomer of Clovis, who did not place in the money, tied for fastest time with Bill Eaton with 14.8 seconds.

Bull riding, one ride, in points: Jake Hefflin, Fort Worth, 300; Bub Evans, Fort Davis, 295; Bob Morris, Pinon, 291; Ted Chester, Artesia and Marvin Shoulders, Tulsa, tied for fourth and fifth, 290; Nolan Fincher, Stephenville, Texas, 284.

Saddle bronc riding, two rides, in points: George Aldoff, Albuquerque, 296, 287 and Harley May, Deming, 299, 284, tied for first and second, total points 583; John Crockett, Hope, 289, 284, 571; Bub Evans Fort Davis, 277, 293, 570. May had the best individual ride with 299 points.

Girls' jackpot barrel race, in seconds for each performance and total time: Iris Gaskill, Carlsbad, 21.9, 21.7, 22.0, 65.6; Mary Ellen Scott, San Angelo, Texas, 20.8, 22.5, 22.4, 65.7; Mary Lee Gaskill, Carlsbad, 24.7, 30.6, 24.3, 79.6. Janie McGonagill, Artesia, who did not ride Saturday night, was awarded fourth money. Mary Ellen Scott had the best time, 20.8 seconds, on Friday night.

The boys who made the trip were Jay E. Goodrich, who recently moved to Albuquerque and John Green, both of whom will become Eagle Scouts at the Court of Honor Friday night; Gene Prestley of Las Cruces, formerly of Artesia and Doyle Pounds, David Dillard, Eugene Howell, Everett O'Bannon, Phillip Trivett, Johnny Mathis, Roddy Johns, Travers Waltrip, Bobby Thorp, Kirk McCarter, Charles McNallen, Charles Heresen and Phil Perry.

On the final day, Sunday, the Explorer Scouts participated in contests among groups from New Mexico, Texas and Oklahoma, in which they took third place. From there they returned Monday morning by chartered bus to Houston for the return trip by plane to Roswell and home.

Medalist—

(Continued from Page One) Sam Laughlin defeated Neil B. Watson 5-4 to win the second flight, the consolation of which went to Curtis Bolton over J. D. Smith.

Third flight winner was Ed Gore, who defeated Bill Keys 3-2 in the finals. W. G. Short took the consolation by default from Charles Sanford.

Fourth and fifth-flight charts at the country club are far from complete, with some second bracket games yet to be played. However, the charts show that Leland Price and Mike Stefanko are matched for the fourth-flight championship. Play is still in the semi-finals of the consolation for that flight, while in the fifth flight some quarter-final games are yet to be played.

The city divot diggers have had a tournament in Artesia every year starting in 1928, when the custom was started by the old Artesia Golf Club, predecessor of the Artesia Country Club, except in 1930, 1937 and 1944. Here is the record over the years:

| Champion | Runner-up |
|--------------------|---------------|
| Bill Linell 1928 | B. E. Spencer |
| Bill Linell 1929 | B. E. Spencer |
| E. N. Bigler 1931 | Bill Linell |
| T. C. Bird 1932 | Bill Linell |
| T. C. Bird 1933 | E. N. Bigler |
| Bill Linell 1934 | H. C. Terry |
| Bill Linell 1935 | H. C. Terry |
| Bill Linell 1936 | H. C. Terry |
| Joe Hamann 1933 | Bill Linell |
| Bill Linell 1939 | B. E. Spencer |
| Tex Henson 1940 | Bill Linell |
| B. E. Spencer 1941 | H. D. Burch |
| Bill Linell 1942 | B. Bourland |
| Bill Linell 1943 | V. Millsaps |
| V. Millsaps 1945 | B. Bourland |
| Bill Bullock 1946 | H. D. Burch |
| Bob Bourland 1947 | Ed Everest |
| Bob Bourland 1948 | A. H. Herral |
| Bill Bullock 1949 | B. Bourland |

Explorer—

(Continued from Page One) boat for supper, after which they were guests at a social at the Galveston Yacht Club. The boys then returned to the PCE for the night and a deep-sea fishing trip 65 miles out in the gulf.

After returning that night, they were whisked off by convoy, with a motorcycle escort, back to Camp Strake.

On the final day, Sunday, the Explorer Scouts participated in contests among groups from New Mexico, Texas and Oklahoma, in which they took third place. From there they returned Monday morning by chartered bus to Houston for the return trip by plane to Roswell and home.

Enrollment Of New Students Is Now Under Way

Enrollment of new students of all grades in the Artesia public school system started Monday, it was announced by Tom Mayfield, superintendent of schools.

He said each pupil should enroll at the school within the school zone in which he lives and he defined the zones:

Park School, west of Eighth Street and Watson Avenue; Central School, east of Eighth Street and Watson Avenue and south of Chisum Avenue to the railroad and south of Conoco Crossing east of the railroad; North Side, east of Eighth Street and north of Chisum Avenue west of the railroad and north of Conoco Crossing east of the railroad. The high school zone embraces the entire district.

Superintendent Mayfield said children coming by bus will be enrolled where classes are smaller. However, in reporting for enrollment, bus pupils in the fourth, fifth and sixth grades are to go to Park School and those in the first, second and third grades to Central School. After enrollment transfers will be made for them to the school with the smaller enrollment.

Negro children from the sixth grade down are to enroll at Carver School Friday, Sept. 2. Those in the grades above the sixth are to report at the high school for registration.

Superintendent Mayfield said that all children who will have reached the age of 6 years on or before next Jan. 1 and who have not reached the age of 17 years are required by law to attend school. He said parents are responsible to keep their children in school, but an attendance officer is employed to aid parents and school authorities in keeping children solving non-attendance problems.

Children enrolling in the first grade for the first time must present birth certificates. And immunization against smallpox and diphtheria are required of all pupils when they first enter school.

Red Cross—

(Continued from Page One) write to the Veterans Administration about their dividends. "We are assured by the Veterans Administration," she said, "that this will only cause delay in payment. The veteran should not communicate with the Veterans Administration on this matter except to send in the application form. If he has questions about the form or about his eligibility, we will do our best to advise him if he will stop at this office."

On the final day, Sunday, the Explorer Scouts participated in contests among groups from New Mexico, Texas and Oklahoma, in which they took third place. From there they returned Monday morning by chartered bus to Houston for the return trip by plane to Roswell and home.

VA Advises Vets Planning Schooling This Fall to Start Arrangements

Veterans who intend to go to school this fall under the GI Bill are advised by the Veterans Administration to start making necessary arrangements, in order to avoid last-minute rushes and delays.

As a first step, a veteran should make certain his VA certificate of eligibility is in order.

If he was attending school last spring or this summer under the GI Bill and intends to continue in the same school and course this fall, his present certificate of eligibility, on file with VA, is valid. There is no need for him to contact his VA office about the certificate.

If he intends to continue in the same school but in a different course, he should see his school's registrar to learn whether the institution or the VA requires a supplemental certificate of eligibility.

A veteran already in school, intending to continue his GI Bill education in a different school, should apply as soon as possible for a supplemental certificate of eligibility. If a veteran is not now in school

Walker Air Force Band Steps Out

The band from Walker Air Force Base, Roswell, steps out here in the huge parade last Thursday in Artesia, as the three-day annual V-J Day celebration and Victory Rodeo opened. An estimated 10,000 persons were crowded along Main Street to watch the colorful parade.

obtaining 636 convictions while losing but 11 cases. The greatest number of convictions resulted from cases of fishing without a license, of which there were 121, while illegal possession of game ran second with 90 cases. In third place, with 61 cases was fraud in procuring resident licenses by non-residents.

"There is no need for the number of game law violations that we had during the last year," Barker said. "The Game Department does its best to prevent violations by warning sportsmen beforehand of the game laws. Everyone knows a license is required to fish and hunt. It is also our policy not to prosecute a man for a petty or accidental violation so that the 647 cases for the last year were all serious offenses."

"It has long been a wish of mine that sportsmen would help by reporting all serious violations coming to their attention. I know that no man likes to be thought of as a 'squealer,' but in this case I don't think that it applies. There are a few men who, seeing someone stealing tires from a car, would not call the police. He would call the police because he knows that if that man were allowed to run loose it might be the tires from his own car that would go next. Wildlife resources are just like the tires on that car. Hunting privileges belong to every hunter and fisherman in the state who has paid for a license and any person who takes game or fish illegally is certainly misappropriating public property."

Before she was 15 years old, Charlotte Bronte wrote 23 novels. A bath of bulls' blood was used as a baptism in the mysteries of Attis.

and hold an unused GI Bill certificate of eligibility issued before Sept. 1, 1948, he should exchange it now for a new type certificate, if he plans to take a course this fall.

The veteran who has no certificate of any kind should apply for one at his nearest VA office, if he intends to enroll in school for the fall term. He will be issued the new type certificate when VA determines that he meets necessary eligibility requirements.

Those veterans who need supplemental certificates of eligibility to attend different schools or take different courses may obtain application forms from their present school or from any VA office.

After the application is filled out, it should be sent to the VA regional office having jurisdiction over the veteran's present school.

Veterans intending to go to school, who hold unused certificates of eligibility issued before Sept. 1, 1948, may mail them to their VA regional office to exchange them for the new type certificates. VA emphasized that the certificates need not be exchanged in person.

By exchanging his old certificate, the veteran enables VA to verify his entitlement for education and training well in advance of the time he enters school. Verification is necessary before VA can pay tuition and subsistence.

VA and schools accept the new certificate without question, while the old certificates are not acceptable until verified.

Veterans applying for certificates of eligibility for the first time may obtain application forms at any VA office. Completed forms, along with photostatic copies of discharge papers, may be submitted to VA by mail. After VA determines entitlement and eligibility, the veterans will receive the new type certificates.

Although veterans may apply for certificates at the same time they enroll in school, VA advised fall enrollees to make application well

in advance, to insure speedier service.

In addition to making arrangements for certificates of eligibility, those veterans with one or more dependents should begin now to gather necessary evidence of dependency for subsistence allowance purposes—if such evidence is not already on file in VA.

Veterans need not submit the evidence at this time. They should merely keep necessary papers handy, to submit to VA upon entrance into training.

Satisfactory evidence of marriage consists of a certified copy of the public or church record of the marriage and a completed VA form titled Declaration as to Marital Status.

For a minor child, evidence consists of a certified copy of the public record of birth or the record of baptism and a certified copy of public or church record of marriage. In the case of adoption, a certified copy of the court record of adoption is necessary.

Evidence of dependency of parents includes a certified copy of the public record of birth of the veteran or the church record of his baptism and an affidavit of dependency, a VA form, filled out by the parent or parents and sworn to before a notary public.

As a final step to be taken as soon as possible, veterans should make certain that the school they wish to attend has room for them. Many schools still are overcrowded and are receiving more applications than they can handle.

Prosecutions For Violation Game Laws Total 647

"A total of 647 prosecutions for game law violations for the fiscal year ending June 30, is quite an increase over last year's 588 and a good deal more than we should have in such a sport-minded state as New Mexico," said State Game Warden Elliott Barker.

According to Barker, of the 647 total, the department succeeded in

Helicopter Girl To Perform At Fair

MARYLN RICH

The most daring and thrilling aerial act in the nation has been signed for the 1949 New Mexico State Fair, Sept. 25 to Oct. 2. Leon H. Harms, secretary-manager, reports, Marilyn Rich, billed as the "Original Helicopter Girl," will stage two performances each day 500 feet over the infield of the fair's race track. Suspended by ropes from a flying helicopter, Miss Rich performs spectacular acrobatics as the helicopter circles the track. Without such safety devices as nets or harnesses, Miss Rich relies only on her own skill and strength to protect her from sure death should she slip. She will stage her death-defying act once each afternoon and once each evening during the fair week.

hair stuffing and a zippered belly, the crocodile, known as Ernest, was actuated by hydraulic mechanism. In contrast to actors who chew scenery—Ernest chewed actors—a little.

Ernest worked with a corps of live alligators, which he closely resembled. They were obtained from the California Alligator Farm and were not allowed to get too close to Costello, lest they, also, decided to bite him in the seat of his pants. That honor was reserved for Ernest, who was regarded as safe.

A friendly gorilla that gets Costello out of several serious scrapes had to be impersonated, too, there being no known case of a gorilla tame enough to work with people. Hollywood's dean of ape men, Charles Gemorra, did the impersonation so convincingly, they say, that the first time they saw him

the hired squad of real chimpanzees ran screaming into the jungle.

Filming of the picture's jungle scenes was done under conditions of real hazard, what with untamed lions wandering loose inside the sound stages from day to day. On these occasions, the camera crew occupied a portable steel safety booth in mid-stage and all other necessary crew members took refuge up high while trainer Melvin Koontz worked his big cats from off-scene.

On other occasions Clyde Beatty, who plays himself, went right into a portable arena with a number of lions as the camera turned on the action through a slit in the enclosure. Sharing featured honors with Beatty is Frank Buck, of bring-'em-back-alive fame. Also in the cast are blonde and beautiful Hillary Brooke, Max Baer, former heavy-weight champion of the world and his brother, Buddy and comedians Ted Besser and Shemp Howard.

Detroit (AFPS)—"Gimme your money," the stickup demanded of Beverly Harris in her theater cashier's booth. "Have you got a gun?" she asked. "Yes, but I'm not showing it," said the stickup. "No gun, no money," said Beverly as she pressed an alarm. The would-be stickup fled.

Cotton Acreage Report Deadline Is Set Aug. 26

The Eddy County ACA office has been advised by the state office in Las Cruces that Aug. 26 has been established as the final deadline for obtaining cotton acreage data necessary to compute a 1950 cotton allotment for all farms in the county. Final notices to that effect have been mailed to producers.

The local office personnel are doing their utmost to contact all producers in Eddy County, but many letters are being returned unclaimed. All farmers in the county who have not filed their farm acreage report are urged to visit the ACA office in the court house in Carlsbad and help complete the necessary papers to assure their farm getting its fair share of cotton acreage.

The ACA office will be open Monday through Friday.

New York (AFPS) — Jimmy Creed, owned by Silas C. Thompson of New Ross, Ind., recently won the \$25,000 National Pacing Derby at Roosevelt Raceway.

Temperatures which kill living cells are often only a few degrees above those at which they are accustomed to living.

The Ohio is the most navigated river in America.

Maljamar News

The Kewanee Sewing Club met at the home of Mrs. Carl Winkles last Thursday. The motion picture, "Snake Pit," was discussed. Some of the members told of the experiences they had had and what had been told them of experiences by their friends on insanity. Those attending were Mmes. F. H. Alexander, James McMurray, Kenneth Shields, J. C. Davis and Ralph McGill.

A houseguest of Mr. and Mrs. Luther Kelley last week was Mr. Kelley's mother, Mrs. S. J. Kelley of Goree, Texas.

Mrs. Zealey Edwards and Luther Kelley, sponsors of the 'teen-age group, gave them a picnic and dance at Dru Taylor Park Tuesday evening of last week. Those attending were Kenneth and Glenda Kelley, Bob Hunter, Frand O'Neal, Terrol and Lona Ruth Hatridge of Bakersfield, Calif., Rock and Virginia Ashcraft, Molly and Jerry Cooper, Pat Edwards, Patricia Blakley, Dean Furrh, Ethel Wooten, Sally Glover, Henry Payne, Max Chase, Gale Richardson and Kenneth Newton of Loco Hills.

Houseguests of Mr. and Mrs. Alfred Loyd last week were Mrs. Loyd's sister, Mrs. Lorain Heaston of Chickasha, Okla. and her parents, Mr. and Mrs. R. E. Hatridge and Lona Ruth of Bakersfield, Cal. Joe Smith entertained a group of the youngsters at Dru Taylor Park Tuesday afternoon of last week. He is sponsor of the smaller children.

Thad Standard of Artesia spent Wednesday and Thursday of last week with Henry Payne.

The Magnolia ball club of Lovington played Maljamar Aug. 7, with the score 11-9 in favor of Maljamar.

Mr. and Mrs. H. C. Hunter and family went to Hot Springs Tuesday of last week and returned Thursday. They went on a fishing trip.

Mr. and Mrs. Aubrey Northam left on their vacation last week. They planned visiting in Texas and Oklahoma.

Rev. and Mrs. W. G. White celebrated their 25th wedding anni-

versary Sunday Aug. 7. After services they were surprised with lovely gifts and a corsage of white gladioli for Mrs. White. The church was decorated with small red rosebuds and in front of the altar, a table was placed covered with a lace cloth. A punchbowl encircled with white carnation dipped in silver was placed in the center of the table. A white cake with decorations for the occasion was served after the services. The gifts were placed on the floor in front of the table.

Mr. and Mrs. John McMurray and Mr. and Mrs. Jimmy Cunningham of Lovington fished on the river near Artesia Saturday and reported catching a four-pound catfish.

Mr. and Mrs. Blanton of Loco Hills were guests Sunday, Aug. 7, of O. R. Blanton.

Mr. and Mrs. Andy Melton of Loco Hills were guests Sunday, Aug. 7, of Mr. and Mrs. Noble Melton.

Guests of Mr. and Mrs. Son Taylor Sunday, Aug. 7, were Mr. and Mrs. J. E. Cornett of Artesia.

Mr. and Mrs. Oscar Loyd returned last week end from Amarillo, where they went to get Mrs. Sally Goodwin, who is to be a resident of Maljamar.

Mrs. Ott Vowell visited Mrs. T. A. Southard at Artesia Sunday of last week. Mrs. Southard has been ill.

Molly, Tommy and Jerry Cooper left Wednesday of last week with their uncle, Pat Cooper of Fort Stockton, to attend a camp meeting in the Davis Mountains. They are to be present at a Cooper re-

union that is to be held at Fort Stockton this week.

A. C. Taylor II rode his horse in the parade in Artesia last Thursday.

Mr. and Mrs. G. W. Gawyer spent Monday of last week in Artesia visiting Mr. and Mrs. Bob DeWitt.

Mr. and Mrs. Son Taylor entertained friends with a wiener roast at Dru Taylor Park Tuesday of last week. After the picnic, they showed moving pictures at their home.

Those attending were Messrs and Mmes. Ed Havens, Bill Flippen of

Artesia, Jack Phillips of Loco Hills and Donald Dye of Amarillo.

Mr. and Mrs. Curtis Hoover took their daughters Carol and Nancy, to Carlsbad Wednesday of last week to spend a week with Mr. and Mrs. P. J. Powers.

The Drilling Experiment Oil Company of Hobbs redecoreated the company house here last week, inside and out. It is the home of Mr. and Mrs. L. J. Cardin.

The Maljamar Cafe was closed last week and was painted inside and the floor was newly covered.

The Human Race

Yoo-hoo, Skinny, Lions To Sponsor Circus Aug. 31

Hey! Skinny, the circus is coming to town! Yes, sir, Kids (and that means all your youngsters from 6 to 80) the big Rogers Brothers three-ring circus will come to Artesia Wednesday, Aug. 31 and will set up the big top at the new city park grounds on North 13th Street. There will be two performances, at 3 o'clock in the afternoon and at 8 o'clock at night. Rogers Brothers Circus is being brought to Artesia under the sponsorship of the Artesia Lions Club and proceeds will be used for the club's wonderful work of furnishing glasses for children who need eye correction and the club's other charitable activities. Earl Ziegler, president of the Artesia Lions Club, with his circus committee, headed by Chairman Jack Fautleroy, are leaving no stones unturned to make this one of the outstanding events of the year. In view of the fact that Artesia has not had a circus for so many years, it appears the demand for tickets will surpass all expectations. All Lion Club members have tickets for sale. Besides the many acrobats, trapeze artists, horses, ponies, dogs and elephant, there will be an outstanding array of Jokeys (clowns to most folks) to round out an afternoon and evening entertainment for the whole family. It is a well-known fact that the circus offers the best in clean entertainment. Of course, there will be peanuts, pop corn, cracker jack, pink lemonade and cotton candy. Cowboys and cowgirls will do trick and fancy riding

4-H Safety Workers in All-Out Attempt to Reduce Accidents on Farms in 1949

MR. FARMER, has the 4-H Club member in your family checked your farm and home for accident and fire hazards lately? If not, you can expect him to do so any day now. 4-H'ers are making an all-out attempt to reduce the annual cost of accidents affecting farm folks—including motor vehicle, fire and property damage—which totals more than one billion dollars, or about \$35.00 per person! They are also trying to cut down the number of accidental deaths, which kill 51 farm residents in the U. S. every day in the year. Your 4-H'er doubtless will caution you to drive carefully on highways, and use proper signals when turning or stopping (top right). More than 7,300 rural people are killed annually in motor vehicle accidents. In fact, more fatal automobile accidents occur in rural areas than in any other location. Farm rank second in farm accident causes. So watch your step when carrying a clothes basket, like the girl shown in right photo. Your 4-H safety worker probably will suggest you tack down throw rugs or put them on non-slip matting, and keep stairways uncluttered. Are your lightning rods properly grounded? The 4-H'ers shown at top left found the ground wires broken, and therefore worthless. Lightning, which is one of the greatest causes of farm fires, each year destroys 20 million dollars worth of farm property, kills 500 farm residents and injures 1,300 others. National Farm Safety Week will be observed July 24-30. Rural boys and girls taking part in the National 4-H Farm Safety program

Price's at El Paso, is married and has a little daughter. He said the company will continue the program of increasing milk purchases in the Artesia and Hope areas. A pastoral tribe near the Red Sea buried its dead by pelting the body with stones until it was covered. The first Wall Street financial article printed in a newspaper appeared in 1835 in the New York Herald. Subways are partially ventilated by the piston action of trains drawing the air through the tubes.

Section 6
That the County Tax Collector of the County of Eddy, State of New Mexico, is hereby authorized and empowered to collect the foregoing taxes mentioned in Sections 1, 2, 3, 4, 5, of this Ordinance as by statute in such cases made and provided.
Section 7
That this Ordinance shall be published once in the Artesia Advocate, and shall be in full force and effect from and after five days after such publication.
PASSED AND APPROVED this 10th day of August 1949.
Oren C. Roberts Mayor
T. H. Ragsdale City Clerk

Final Trade Day Held In Artesia On Last Friday

Gifts were received by 30 persons Friday afternoon in the final Artesia Trade Day activities in the series started last spring. Trade Day which had been held on the second Wednesday afternoon of each month, was changed this month to the second Friday in order to be held in connection with the V-J Day celebration. J. D. Smith, president of the Chamber of Commerce, who was in charge of the gifts, furnished by

co-operating merchants, indicated a similar program might be sponsored at some future date, but said Trade Days will be discontinued for the present. Recipients of larger gifts were: Anna Shipp, a \$25 Savings Bond; Mrs. W. T. Amstutz, \$25 from Cox Moto Company and Mrs. L. D. Steele, \$25 in cash from retail merchants. Other gifts went to Mrs. B. D. Wilson, Mrs. Cy Hinshaw, Mrs. Ora Buck, Mrs. Oscar Burch, M. Kersey, Mrs. George Dixon, Mrs. M. K. Clark, J. H. Holcomb, Marshall Morris, Mrs. Henry Juarez, J. V. Alexander, Louis Florez, Mrs. V. A. Lowery, Clyde Rutherford, H. L. Plowman, Eleanor Clark, Mildred Roark, A. C. Tipps, Emil Bach, Mildred Glenn, C. E. Fletcher, Rosa Salis, R. E. Heskett, Mrs. Clyde Guy, Luke Alexander, W. M. Linnell and C. A. Baker.

Soap Holes Found Value in Disguise Produce Magic Mud With Multiple Uses

Ever since Belle Fourche, S. D., was a rip-snorting cattle town at the end of the old Chisholm trail its residents have been damning the "soap holes" that plagued the area. Fast-riding cowboys often took a nasty tumble in this super-slippery mud and cattle were forever getting bogged down in them. But now, like a man discovering his hives are really a blessing, Belle Fourche has found its soap holes are one of its biggest assets. Every one of them is filled with a magic mud called bentonite. It's an odorless, tasteless, soapy mud with a thousand uses and scientists are thinking up new ones every day. Most of us already are using it a half dozen times a day, but almost nobody has heard of it. Men use it in shoe polish and hand cleaners. Women use it in face

Bentonite is the most absorbent material found in nature. When moistened it swells to several times its normal size. This quality makes it useful in waterproofing housing foundations and many other industrial uses. powder, lotions, beauty creams. Bentonite also is found in many types of paint, plaster and cleaning agents. It's handy for filling holes in giant dams and for casting moulds for molten metal. Forced down thousands of feet into the earth this magic mud lubricates the walls in oil wells, and seals the debris up to the drillers. Its new uses and increasing popularity for its older uses all add up to a boom such as Belle Fourche hasn't seen since the gold rush. In the past 10 years the population has practically doubled and bentonite now pours \$600,000 a year into the town in the form of additional purchasing power. Fifteen years ago Belle Fourche shipped out three carloads of bentonite. Last year its production was 6,187 carloads and this year they expect carloadings to go considerably higher. Scientists say that bentonite, a strange mixture made up mostly of dust from prehistoric volcanoes, is found almost nowhere in the world except in the Black Hills of Wyoming and South Dakota. It is the most absorbent material nature ever has devised, they say, and a half dozen teaspoonful will soak up a glass of water.

Bill Wetsel Is 627 Pounds Of Jolly Humor

Bill Wetsel of Clayton, "World's Fattest Man," who is sojourning in Artesia this week while demonstrating spring air mattresses and box springs at the William Furniture Company store, is 627 pounds of jolly humor. On Monday and Tuesday, about 750 people called to see and chat with Wetsel and indications early Wednesday afternoon were that the numbers would increase during the remaining afternoons of the week. He is at the store from 1:30 to 5:30 o'clock, each afternoon and T. C. Williams extended an invitation to everyone to call and see Wetsel. Wetsel, who stands 5 feet 8 1/2 inches, is 6 feet 8 inches around the waist—which, he says, is 80 inches if anyone cares to figure it out. He is the second child of a family of 16 children, of whom seven are now dead. But his parents, who celebrated their 60th wedding anniversary July 9, are still living at Taos. The big fellow used to be a diesel engineer and was so employed in Carlsbad from September, 1928, to May, 1929. Although a large man

Salvation Army Campaign Here Scheduled Soon

CAPTAIN WYCOFF

The Salvation Army financial representative, Captain I. James Wycoff, will conduct the annual campaign within the next few weeks in the Artesia community. Funds raised are utilized for emergency aid to families and others who because of lack of employment and sometimes unfortunate and unexpected happenings find themselves in need of food and the bare necessities of living. The Salvation Army maintains a summer camp, where many mothers and children enjoy a week's outing, who otherwise would not have been able to afford a vaca-

tion. A home for unwed mothers is another feature of the Salvation Army, where a tireless work is conducted to rehabilitate these young women.

The work of the Salvation Army is increasing almost daily, just as unemployment is rising and as people find themselves out of work, they are soon without the necessities of life and this is the general work which is supported by the annual funds.

CCC To Initiate Support Program For Cottonseed

The U.S. Department of Agriculture has announced the Commodity Credit Corporation will initiate a program to support the price of 1949 crop cottonseed at levels to reflect 90 per cent of the Aug. 1 parity price.

The program will be designed to give producers of cottonseed a minimum price protection similar to that already available to producers of other major oilseeds. Farm income from cottonseed for the 1947 and 1948 crops amounted to approximately \$350,000,000 for each season. Prices received by farmers averaged \$85.90 per ton for the 1947 crop and \$67.40 per ton for the 1948 crop, as compared with a current price range around \$35. On the basis of the cottonseed

parity level for recent months, 90 per cent of the Aug. 1 parity price the support level for the program, is expected to be in the neighborhood of \$50 a ton.

Details of the program, which will be based primarily upon the customary loan procedure in effect for other farm commodities will soon be available at county ACA offices.
