HELPING TO BUILD A GREATER ARTESIA

ARTESIA, NEW MEXICO, FRIDAY, NOVEMBER 11, 1949

NUMBER 53

VOLUME FORTY-SIX

## POT POURRI

Let's see now, we'll need a large quantity of assorted beef, teh kind that comes out of the business end of a grinder; onions, bread and mustard to take care of that one item.

Then we'll need spuds, steaks, bacon, eggs, numerous kinds of canned food, and many other things.

Perhaps we had better stop here a moment and explain this thing. Here we are behind a typewriter breaking the Sabbath and trying to do two things at once. One is to get this kol written long ahead of time. The other is to make a grocery list for deer camp. It's rather confusing.

But this kol will appear in type Thursday morning under a Friday Nov. 11, dateline, because publication date will be Armistice Day, a holiday, and a day on which we cannot have mail delivery of this usually splendid sheet.

And by the time you read these lines a number of the staff members of The Advocate will be on the way to the mountains or will have arrived and will be making camp, to say nothing of keeping a wary eye for legal deer.

Now don't be misled, the only reason for coming out a day early is that Friday is Armistice Day!

It is likely most of the deer hunters will likewise be well on their way when this is printed, and when they come home they will have tall tales to tell, so they probably will never read this. But as a reminder to those who do read this before going hunting, remember that Brainard-Corbin Hardware Company, Evans Hardware, Baldwin's and Raymond Wood gunsmith, are all offering prizes to hunters.

Baldwin's and Brainard-Corbin will give prizes for the heaviest legal bucks. However, the latter firm has a restriction, that those considered must have no more than six points. Hunters may weigh in at the Brainard-Corbin store. In fact, they must weigh there to get in on that firm's contest. Baldwin's will take the Brainard-Corbin or any other recognized weights.

Wood and Evans Hardware will give prizes or the widest antler spreads. Wood requires that you register a blank for which will be found elsewhere in this issue, whereas Evans Hardware does not require registration.

Prizes are a top grain cowhide, a fur-lined gun case; a hunting and fishing coat, a sleeping bag, and a loving cup. If you are interested, you can find out for yourself who gives which, or you will remember from having read Tuesday's Advocate.

In order to make the hunt complete, please turn in to The Advocate, if you make a kill, your name, place where the lucky shot was taken, weight of buck, number of points, and, if unusual, the antler spread. And we will attempt to publish them all. But we can't tell about your luck if we don't hear from you.

We very subtly mentioned in this column week before last that the members of the radio and press surely would appreciate it if some kind soul would offer to furnish some sort of covering for the desk shelf in the press box at Morris Field, which the Lions Club graciously had built several years ago.

The ink was hardly dry on the paper when C. G. Sherwood and the Havens of the Artesia Furniture Company offered to get the job done. They have purchased some mighty fine masonite, which has been properly cut and installed on the shelf, thus making it easier for those pushing pencils to get the job done.

In behalf of the members of the radio and press we take this means publicly expressing our thanks to these fellows.

John Fanning attracted quite a bit of attention on Main Street last week with nine rattlers—all which he had in the back of his pickup. All were as big as a man's upper arm.

They had been killed that morning adjacent to gyp caves east of the McMillan and undoubtedly came from over a wide area, judging from their den in the gyp caves.

Many people do not know it, but rattlers of various varieties, including the timber rattler, hibernate in dens in winter masses, and when spring comes they are active again.

## City Cage League Plans Are Made At 20-30 Meet Monday

Eight basketball teams have been signed up for the 1949-50 city league, it was announced Monday night at the weekly supper meeting of the Artesia 20-30 Club, which will again sponsor the league, as well as have a team.

J. B. Champion, Jr., basketball chairman, said teams besides the 20-30 are the Elks, REA, Farmers, Kaiser Electric Company, high school faculty, First National Bank and National Guard.

The chairman said it is hoped to sign up at least two more teams before it is necessary to make out the season schedule.

He said that this season the referees will have absolute charge of games and will have authority to put anyone out of a game. They will be paid \$5 each night. There likewise will be no changing of team affiliation by players permitted.

Champion said each team will be permitted to have 10 qualified players, who may be replaced as the season progresses in case one drops out or moves away.

Plans and schedules are now being worked out for practice assignments in the Central School and high school gymnasiums which will not conflict with previously scheduled activities or with varsity basketball games.

Champion said each team in the league will be required to pay an entrance fee of \$10. And each team will be asked to sell at least 20 season tickets at \$2 each.

C. A. Stalcup, Central School principal, explained some of the rules which must be followed by

members of the teams in order to have access to the school gymnasiums. One is that synthetic black-soled shoes which will mark the floors will not be permitted. Likewise teams must leave the gymnasium in the same state of cleanliness in which they find them, throwing no cigaret butts on the floor or in the halls.

City league basketball games were tentatively set for Monday and Wednesday nights, and possibly Thursday nights, in the high school gymnasium.

Plans were also discussed at the 20-30 Club meeting for a turkey shoot Saturday and Sunday, Nov. 19-20, and a dance Saturday night, Nov. 19, to be sponsored jointly by the 20-30 Club and Artesia National Guard unit.

Lt. Marshall Belshe, representing the National Guard, said the guard will have benches in the old building for bingo, which will be played in connection with the turkey shoot. Members of the two organizations are to report Sunday to start getting things in readiness.

J. W. Boggs announced the 20-30 Club will have a ladies' night Monday, Dec. 19, by which time it is hoped to have built the membership up to more than 40 members as a tribute to the president, Douglas O'Bannon. The present membership is 35.

Entertainment was furnished by Bob McQuay, who played several numbers on his bagpipe and explained the strange Scottish instrument. He said he believes there is only one other piper in New Mexico.

## Issue Is Day Early Because Of Armistice Day

This issue of The Advocate came off the press a day early in order that delivery by city letter carrier could be completed on Thursday afternoon, rather than holding it over until Saturday, as Friday is Armistice Day, on which there is no mail delivery.

By "putting the paper to bed" a day early, it also is possible for The Advocate force to observe Armistice Day as a holiday and perhaps for members of the staff to get in a little deer hunting.

As the Artesia-N.M.M.I. football game here was also moved up a day to Thursday, it is probable the city will be fairly well deserted on Armistice Day.

Both banks, the postoffice, and the great majority of businesses were to be closed. And the lumber yards of the city were to remain closed from Thursday night to Monday morning, as they customarily remain open only until noon on Saturdays, which, if observed, would sandwich in but half a day over the three-day week end.

## Mexican Vice Consul Merigo Okeys 'Bracero' Matters Here

J. A. Merigo, vice consul of Mexico, stationed at El Paso, was in Artesia last week end conferring with officials of the U. S. Employment Service and the New Mexico State Employment Service in regard to the employment of Mexican national agricultural workers in the Pecos Valley as cotton pickers.

He told officials of the two services that he found everything quite satisfactory, with the exception of a few minor matters, such as the furnishing of water in covered containers and making bathing facilities available for the "braceros," which are part of the agreement between the Mexican and United States governments in regard to the Mexican nationals doing agricultural work in this nation.

Consul Merigo looked into a few complaints entered by some of the Mexican nationals and investigated the alleged locking up of two of them at the insistence of their employers without preferring charges.

During the visit here of Consul Merigo it was pointed out that trouble makers among the nationals were eliminated shortly after their arrival and that the relations and co-operation between the Anglos and Mexicans are good.

Representatives of the two employment services said Consul Merigo was quite fair and just in his survey in the Pecos Valley.

He is not expected to return here during the remainder of the time the Mexican nationals are employed in the cotton fields, unless some complaints arise which cannot be handled satisfactorily by the New Mexico State Employment Service and U. S. Employment Service.

Also here at the same time were Roger Huron of the U. S. Employment Service, who recently was working in Chihuahua City during the recruiting of "braceros" but who is now work in this territory and adjusting complaints; Sam Sosa of the USES at Santa Fe and Roy Plumlee of the New Mexico State Employment Service at Albuquerque.

## Final Rites To Be Saturday For Pvt. Milton M. Northcutt

Funeral services for Pvt. Milton M. Northcutt of Artesia, who died July 10, 1943, in a Japanese prison camp, will be from Paulin Chapel at 2 o'clock Saturday afternoon by Rev. S. M. Morgan, pastor of the First Baptist Church.

Burial will be in Woodbine Cemetery, with full military rites at the grave by members of the American Legion, Veterans of Foreign Wars, and Disabled American Veterans, who also will serve as pallbearers.

The body of Private Northcutt was to arrive in Artesia Friday by rail and lie in state at Paulin Chapel until time for the services.

Private Northcutt is survived by his mother, Mrs. Fannie Pennington of Artesia; two sisters, Mrs. Glenn White and Mrs. Lester White both of Carlsbad, and three half-brothers, W. J. L. V., and John D. Pennington, all of Artesia.

Milton M. Northcutt was born Oct. 27, 1918, at Hamilton, Texas, a son of Mr. and Mrs. Oscar Northcutt. He came to New Mexico from Sweetwater, Texas, in 1933, and moved to Artesia in 1939.

He had been farming when he enlisted March 17, 1941, for a year of training in the National Guard. He trained at Fort Bliss, where the unit was federalized and became a part of the 200th Coast Artillery, Anti-Aircraft, with which he sailed for the Philippine Islands in September of that year.

Private Northcutt was with the 200th when the Philippines fell and was captured by the Japanese. Mrs. Pennington was notified in April, 1943, that Private Northcutt was a prisoner of war, and then was notified in July of that year that he had died on July 10, 1943.

At the same time the death of Capt. Frederick B. Howden, Jr., chaplain of the 200th, was reported. He had been captured at the time of the fall of the Philippines with approximately 50 North Eddy County boys, of whom Private Northcutt was the fourth reported to have died in a Japanese prison camp. Captain Howden was rector of St. Andrew's Episcopal Church in Roswell and St. Paul's Episcopal Church in Artesia.

Private Northcutt was a member of the Church of Christ.

## Five Bulldogs Are Nominated For All-State Team

Five members of the Artesia High School Bulldog football squad are among 158 players over the state nominated for the all-state high school team, in a poll being sponsored by the New Mexico Sports Writers Association.

And Artesia's Head Football Coach, Jack Tinson, is one of the coaches nominated for coach of the year in New Mexico.

Sports writers, coaches, and grid officials are all entitled to vote in the poll, the deadline for which will be Nov. 13.

The Bulldogs who were nominated: Elvis Batie, tackle; Junie Russell, guard; Walter Burch, end, and Doyle Cole and Ronald Dublin, halfbacks.

There is only one all-state star among the big selection of names. He is Ted Marshall, Tucumcari end, who was voted to the first team last year with a total of 231 points.

Dick Langley, Tucumcari center; Don Babers, Tucumcari fullback and John Lanceri, Dawson halfback, were on the all-state team last year too, but were on the second and third teams.

The Sports Writers Association will name three teams and will publish an honorable list. Ballots and lists of the nominations have been mailed to all football coaches, sports writers and accredited officials sanctioned by the New Mexico High School Athletic Association.

In the nominations list are 54 halfbacks, 25 tackles, 22 guards, 16 ends, 15 quarterbacks, 14 centers, and 11 fullbacks. There are also 10 nominations for coach-of-the-year award, which went to St. Mary's Babe Parenti last year.

The all-state nominations, submitted by coaches, officials and sports writers, represent a total of 48 New Mexico High Schools and boast the cream of the crop in state high school competition this fall. The all-state team will be named before Nov. 22.

## Drivers' Licenses For 1950 Will Go On Sale Dec. 1

Drivers' licenses for 1950 will go on sale Dec. 1, it was announced by Tom Ragsdale, city clerk.

He said they will be available as of that date at police headquarters in the basement of the city hall, rather than in the clerks' office, as heretofore. However, it may be necessary later during the peak of the rush for driver's license for next year to establish a special office for issuing them elsewhere in the city hall.

The city clerk pointed out that no 1950 license will be issued prior to Jan. 1 to a person not having a 1949 license. In other words, anyone wishing a license during the remainder of this year for the first time will be required to buy a driver's license for 1949. Then he will be issued a 1950 license, if he so desires.

On the other hand, a person applying for the first time for a license and not desiring to buy a license for the first time for a license for the remainder of this year may refrain from driving until (Continued last page, this section)

## Artesia-N.M.M.I. Game Scheduled Thursday Night

The Artesia High School Bulldogs were scheduled to meet the New Mexico Military Institute Colts of Roswell on Morris Field at 7:30 o'clock Thursday night, in what probably should be the easiest of the three remaining games for the Bulldogs this season.

But Institute will be no pushover and a stiff battle is in prospect for the Artesia squad.

It was emphasized the game was to start at 7:30 instead of 8 o'clock which was the time for previous games this season.

A week later, on Friday, Nov. 18, the Bulldogs will meet the Camavens at Carlsbad in what is likely to be their second hardest game of the season. However, in many quarters the Bulldogs are favored to win, as they were in the game against the Colts here this week.

The Hobbs Eagles, last year's mythical state champions and leading the state as this year's favorites for the honor, will play the Bulldogs on Morris Field in the Thanksgiving Day tilt. That game is scheduled to start at 2 o'clock.

The Eagle-Bulldog clash will be the Artesia High School homecoming game, at which the annual football queen will be crowned.

On the eve of that game a pep rally and bonfire will be held at (Continued last page, this section)

## Oneta Johnson Is Awarded Trip To 4-H Congress

ONETA JOHNSON

Oneta Johnson, twin daughter of Mr. and Mrs. I. P. Johnson of the Cottonwood community, winner of the state 4-H Club dress revue, is one of 17 4-H boys and girls in the state who will receive all-expense trips to the National 4-H Club Congress in Chicago, Nov. 27-Dec. 1.

L. S. Kurtz, state 4-H Club leader, has just announced 34 New Mexico boys and girls have been named as winners in state 4-H club record contests, of whom 17 have been awarded trips to the National 4-H Club Congress.

During her seven years in 4-H Club work, Miss Johnson has completed 10 projects, including five (Continued last page, this section)

## Scouts And Cubs Signed Up Total 25 In District

In a membership round-up being carried on in the Eastern New Mexico Area Council of the Boy Scouts of America, the Gateway District has been credited with signing up 25 boys out of a total of 161 in the area. And of the 25 in the district, 23 are Cubs and two are Boy Scouts.

Scouters are seeking 255 more boys in the movement, to bring the area membership up to 3100 during the current round-up.

Cub Pack 18, J. M. Tindall, cubmaster, leads the Gateway District with 18 boys signed up. They are: Edgar Cogburn, Bennie Pat Fairley, Charles Gaskins, Donald Kennedy, Stephen Kelley, Gene Lowery, Ralph Nix, James D. Cook, John C. Clarke, James B. Mulcock, Jr., Andy Bernie Anderson, Kent Barnett, Bobby Ferriman, Dennis W. Gillian, Stanley L. Jones, II, James Gerald Ruppert, Tillman Walters and Payton Yates.

Second is Cub Pack 14, of which Rev. V. E. McGuffin is cubmaster and in which three boys were signed up. They are Denny Jack Colvin, John Wayne Riddle, and Glenn Holman.

Two new Cubs for Pack 18, Jack Miller and Billy S. Williams, were signed up. Their cubmaster is T. M. Tindall.

The two Boy Scouts are both members of Troop 295, of which John N. Rogers is scoutmaster. They are Bill Lewis and Billy Lorang.

## Flexible Gas Hoses Contrary To Ordinance

Attention of the people of the Artesia community was called this week by Mayor Oren C. Roberts, not only to an ordinance prohibiting the use of rubber flexible gas hoses, but to the danger of using them.

He said everyone using gas appliances should have them connected by means of metal pipe or tubing, which can be bent to conform to the needs.

Mayor Roberts said he does not wish to work a hardship on anyone in insisting that the city ordinance be obeyed, but that from a safety standpoint every individual should be glad and willing to make only an installation which is safe.

Furthermore, the mayor pointed out, the rubber tubing is not recognized by the fire underwriters and they could refuse to pay insurance damages on a loss which could be traced to use of such tubing.

## S-Sgt. Pierson's Remains Will Be Returned To U.S.

The remains of S/Sgt. Glendon B. Pierson, son of Mr. and Mrs. A. W. Pierson of Artesia, who was reported missing in action over Germany in January, 1944, will be returned to the United States for group burial with some of his comrades in Fort McPherson National Cemetery, Maxwell, Neb., his parents have been notified by the Department of the Army.

The communication says the American Graves Registration Service, in its search for deceased American personnel, recovered certain remains from the area in which Sergeant Pierson and his comrades met their death. As identifications could not be established at the time of the recovery, unknown designations were assigned pending further investigation and temporary burials were made in a United States military cemetery overseas, the letter said.

The investigation is now complete and it has been determined that, although the circumstances rendered individual identifications impossible, sufficient evidence was obtained to warrant a group identification of the remains, Mr. and (Continued last page, this section)

## Sanitarian Closes Two Artesia Eating Places

Richard Swartz, Eddy County sanitarian, has announced the closing of two Artesia eating establishments for failure to meet the minimum regulations of grading in the system employed here under the code adopted some months ago. He did not identify them.

He said authorization to reopen the places would be given as soon as they make adjustments to meet the standards prescribed.

These include adequate building facilities, a good water supply, sanitary dish-washing methods, and good general sanitary practices.

Swartz issued the closing orders during a routine inspection of eating establishments in North Eddy County.

Under the code passed by the City Council some months ago, eating and drinking establishments are issued "A" cards if the meet minimum requirements for top sanitary conditions and practices.

Those places which meet the minimum requirements for staying open but are not rated "A" cards are permitted to continue to operate, whereas those failing to attain that degree of sanitation and practices are closed and must remain closed until permitted to reopen by the sanitarian.

Under the code all places serving food or drinks must meet the inspection requirements. New places of business must be inspected and passed on before offering food or drinks to the public. And temporary eating places, such as those in connection with a show, must be issued a sanitary permit before they may open.

## National Council Presbyterian Men Forms Chapter

The Artesia chapter of the National Council of Presbyterian Men organized Monday night at a meeting at the First Presbyterian Church of Artesia, with Robert McCaw named as the first president.

Named to serve with him were: Vice president, Cliff Loyd; secretary-treasurer, Dr. D. M. Schneberger; chairman of personal work, Ott Strock; program chairman, Jack Knorr; chapter membership chairman, Hugh Kidd; publicity chairman, Sank Tunnell; dinner chairman, J. L. Briscoe; music chairman, Albert Linnell.

With Jack Knorr as head chef, the meeting began with a chili (Continued last page, this section)

## Contract For Junior High Is Let Wednesday

A contract for the construction of Artesia Junior High School was let by the Board of Education Wednesday afternoon to H. A. Campbell Construction Company of Artesia, who submitted the lowest bid of nine.

His bid of \$260,402 and all other bids were for construction of the building and to include all additional alternates, except alternate No. 1, for a shop and band room, which will not be built at this time.

## First 'Methodist Fellowship Hour' To Be Sunday Night

The first in the series of "Methodist Evening Fellowship Hours," is to be held at the First Methodist Church, Sunday, Nov. 13.

A sandwich snack is to be enjoyed at 5:30 o'clock in the afternoon in the recreational room of the educational building. All are asked to bring sandwiches for himself and family. Cake and hot drinks will be furnished by the women of the church.

A 30-minute study period is to be conducted on "Our Faith in God." A wonderful program is being launched by Methodists in this quadrennium of advance. Every Methodist is urged to be present and all others interested are invited.

## Senator Kerr Will Speak at Oil-Gas Meeting On Nov. 30

Senator Robert Kerr of Oklahoma will visit New Mexico Wednesday, Nov. 30, when he speaks at the annual meeting of the New Mexico Oil & Gas Association in Albuquerque.

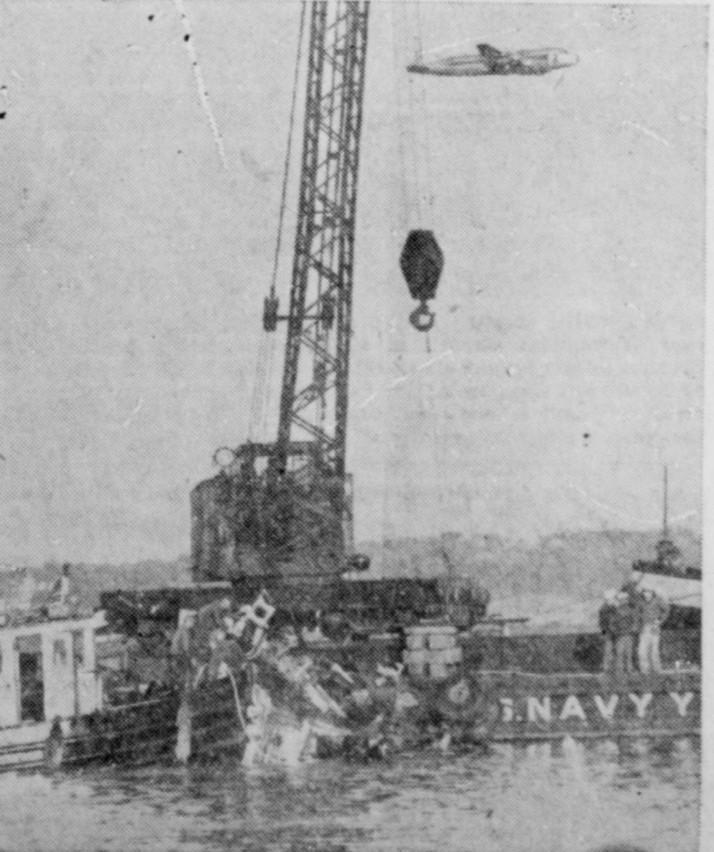

Emery Carper of Artesia, president of the association announced that Senator Kerr will speak to the oil men on problems facing the natural gas industry.

"We are very happy to have Senator Kerr come to New Mexico," Carper said, "and we are sure he will have some very important points to talk about."

Maybe Some Day

THERE PERHAPS IS NO NEWS STORY that strikes home so deep and perhaps arouses any more than the many stories we see now regarding the little boys and girls who are having to celebrate their Christmas early because they are not going to be here when Santa Claus usually arrives Dec. 25.

We know that the average layman asks why and no answer comes back to him while the medical man is tempted to lift his hands to high heaven and ask for the ability which he does not possess.

Yet with all our knowledge, our intelligence and our know-how in medical fields, there still remain those diseases which attack our little boys and girls and claim their lives before they even reach the age of 10 years.

Medical science continues its search for the cure of these various diseases that claim our boys and girls—claim them even before they reach the 'teen age.

Medical science continues its relentless search to solve some of the mysteries of life that remain shrouded in secrecy. They will continue in the days, the weeks and the months ahead. Despite all the progress and all we have acquired in the way of knowledge there is much that we want to know and much that we seek.

And the day and time will come when some of the diseases will be conquered and when perhaps there will be a few less of these stories about our little boys and girls who have to observe Christmas early because they will not be here on Christmas Day.

But these stories are all tragic. All of us are touched when the illness concerns a little boy or a little girl. The story comes home to us because we feel they have not even begun to live and yet they are not to be with us long.

But perhaps the fact they do leave us early tends to awaken and to arouse us to strive a little more to conquer these diseases and to find ways to make it possible for other little boys and girls who could suffer the same fate to escape—then perhaps their deaths have not been in vain.

But we still all want to carry out and to ask why these children must die so young.—O.E.P.

Cut Those Weeds

WE HATE TO KEEP HARPING on one thing, but we find it sometimes gets results. In this case, we are harping again about the weeds and other vegetation, unusually lush this year, creating a definite fire hazard.

We have had a number of frosts and some freezing weather and the vegetation is daily becoming dryer, at the same time becoming more of a fire hazard.

Some of the newer citizens of the community may not have seen what can happen when a prairie fire starts or even a little fire in some alley, especially when the wind is high—and it really can and does blow here. We have seen times when a number of buildings would certainly have been destroyed by grass fires, had it not been for the hard work of firemen and others.

Not Very Smart

WE LIKE TO CLAIM to be the world's most highly civilized and educated nation. We seek to lay claim to the most highly industrialized nation and to seek to contend that we have the finest government in the world.

Every now and then we need someone to give us a little jolt and to demand that we prove some of the claims we make.

Every now and then we need someone to point out to us that we do an awful lot of stupid things to claim to be so intelligent.

Right now we are going through one of those periods when we display our stupidity—when we halt all industries and paralyze the nation all because we haven't found a way to settle our differences between labor and industry except by the way of the strike.

All the legislation we have passed to solve our many problems to halt strikes has proven of no avail. And we continue to halt all business, even in our own community, merely because two groups cannot agree on their working contract.

For years we have permitted this situation to grow and to develop and instead of us finding a way to halt walkouts and strikes, the situation becomes worse instead of better.

Surely a nation of smart, intelligent, wise and civilized people can find a way to halt the differences between labor and industry without halting all of the activities in a nation. And these strikes do affect all of the communities of the nation.

Artesia is affected when coal and steel strikes prevail because this community has to have products made from steel and products made with the use of coal.

Local merchants handling these products cannot purchase them and cannot provide them when they are not in production. Automobile dealers cannot get cars and trucks and motor vehicles when steel strikes cause these manufacturers to halt their production.

Those who walk out on a strike in these various communities may feel that the strike and the walkout only affects and concerns them, but that is not true. They not only hurt themselves, lose their pay the time they are off, lose their production, but they cause hardships for others over the entire nation.

And on that basis the national government should prevent and halt strikes.

They should halt and prevent any walkout anywhere that affects and endangers the welfare of the people of the nation. Certainly if the doctors were to all go on strike those who strike against others would shout and cry the loudest.

We are not arguing the merits of the labor leaders or of the leaders of industry and management. We are not even discussing that phase of the situation. We are concerned about the welfare of the nation.

And when that becomes involved, as it does in a steel strike or a coal strike or any other nationwide walkout—then it is time for the federal government—the people—to halt the condition that has developed and demand that those striking and those against whom the strike has been called find a basis on which a settlement can be made.

It, of course, would be fine if management and labor would evolve plans and programs for settling their strikes without walkouts, but if they don't it begins to appear to us that the federal government must prevent the walkouts that endanger the entire nation.

If we are just half as smart a nation as we claim to be then we should be smart enough to find ways and means of settling our strikes and our differences without these long, drawn-out strikes that endanger the welfare of the entire nation.—O.E.P.

Then Do That Job

THERE HAS LONG BEEN A TENDENCY on the part of many individuals to accept civic and community jobs and after they have accepted the appointment and perhaps agreed to serve, they immediately forget the undertaking.

We have learned, of course, by hard experience never to name anyone or to give anyone a job to do unless they are willing to do it. It used to be we would name folks to committees and to do particular jobs without even consulting them. And we never got anything done then.

Today we average about 50 per cent on these committee appointments. Meaning, of course, of the 100 per cent who agree to accept a community job or task that about half of them will do what they promise or agree to do.

But our plea to all is to refuse to serve on a committee unless they really intend to perform the duties and functions, which have been assigned to them. It is always unfair to tell someone we are going to accept and do a particular job when we haven't any intentions of doing that job.

It is not only unfair to the leader or the general chairman or the officer in charge but it leaves the impression with them that some particular job is going to be done when we have no intentions of doing it.

And if we would start practicing this idea of advising those, who appoint us or seek to appoint us, that we are not going to do the particular job the committee has to do, we will find we are more respected than if we promise to do it and never even attempt to keep that promise.

But for years it has been a common practice for full committees to be named and not a single individual member of that committee seeks to perform the duties of the committee. Sometimes, of course, one or two members of the committee will seek to function but they find they can't get any help from the other members.

The only fair and honest thing for us to do if we haven't any intention of serving when we are given an appointment is to say so at the time the appointment is made so those in charge can name others.—O.E.P.

Folk who are glad to get up in the morning usually find it a lot easier to get up in the world.

'DEAR' HUNTING SEASON

Adding Sunshine to the Sunshine State

By Dr. G. Ward Fenley

Somehow I'm jest natcherly drawn to a person with a sense of humor.

Last week a young man came into the office and told a long story of frustrated love and subsequent

Wife Preservers

attempts at suicide.

In my best, old-man attitude I advised him to find something to believe in and go out and discover something funny about himself.

Then have a good laugh at his own expense. That's the best recipe I know of to reach a ripe old age—which I am fast approaching.

The Spice of Life I liked that story last week in The Clovis Chronicle about an old couple—each of them 81—who got married in Clovis.

After the ceremony, Mark McCombs, Amarillo, growled to his blushing bride (who had been Mrs. Etta M. Young and had just become Mrs. McCombs):

"Straighten up your face. You've got too much powder on."

The tiny little 81-year old snickered: "I guess we're married all right."

The Yoke Was on Editor Lou Blachly, chicken raiser, wrote to the editor of The Silver City Enterprise last week: "I see where your paper said in the Oct. 20 issue that one pound of feed would produce one dozen eggs ...

Could there be a yoker in your feed box? Or perhaps the yoke is on the editor?"

To which the editor, who also had a ready wit, replied: "The item was a filler and couldn't be checked here as the editor doesn't know a white leghorn from a duck-billed platypus."

Watching Yourself Go By I have never seen Jim Elliott of The Raton Range, but he apparently will never commit suicide because of lack of a funny bone.

Last week he was giving advice on how to tell the difference between mushrooms and toadstools. First, gather a batch of toadstools and mushrooms. Second, chase a bullfrog until he is tired and place him near the toadstools (or mushrooms).

Third, if the frog sits on one of them, it's a toadstool. Fourth, chase him to another mushroom (or toadstool). After giving them all the onceover, choose your mushrooms.

On second thought, if a frog is real tired, he may just as soon sit on a mushroom or vice versa.

To be real sure, go by the grocery and buy your mushrooms. It's Not a Question of Age Some people grow old and grouchy; some mellow with years and fit like old shoes.

A small town banker, Frank Fowler, who has spent 35 years on the East Fork of the Trinity River at Crandall, Texas, always encloses some quip in his letters to me.

It seems a Bostonian was visiting San Antonio, Texas and asked a native: "What is that building?"

"That, suh," said the Texas, "is the Alamo, where 136 immortal Texans stood off 15,000 regulars of Santa Ana's army for four days."

"And who is that man on horseback?"

"That, suh, is a statue of a Texas Ranger who killed 46 Apaches."

United States to Back Marshal Tito to Hilt World Bank Considering Large Yugoslavian Loan

WASHINGTON—The United States has determined to back Marshal Tito of Yugoslavia to the hilt. It is going to give all possible assistance short of war to Tito's continuing fight against Russia.

In fact, if the Soviets start guerrilla warfare through their satellites the United States is ready to lift the embargo on arms to the Balkan nation. Meantime, this country is going right down the economic line with Tito and his generals—as long as they keep on battling the Kremlin brand of Communism.

The World Bank, whose major support comes from the United States, is considering a 200-million-dollar loan to Yugoslavia to bolster the economic means of the struggling power.

Further, the United States has authorized Tito to buy a multi-million-dollar steel mill in this country. Ostensibly the mill would be used to roll rails and similar industrial equipment. Once constructed, it could just as easily be used to further a Tito arms building program.

Reason for this backing of a Red regime is simple. Tito, by his refusal to obey Kremlin orders, is seriously undermining morale in the Russian satellites—and the United States wants the good work to keep going.

CZECH PURGE—Next door to Yugoslavia, the fight for democracy is not going as well. Private reports reaching Washington say the Czech Red rulers have marked for "liquidation" about 20,000 so-called "enemies of the state."

These reports, compiled by Czech exile sources, say the Prague Ministry of the Interior has a card-index of some 60,000 names of Czechs considered to be active enemies of the regime.

The Soviet satellite government's purge is reported to be so intensive that the list of "enemies" includes the names of some Communists themselves.

Exile sources say that the purge already is under way and that prisons are so full the government is busy erecting concentration camps to hold its political enemies.

Details of the purge are, of course, sketchy but it is said that most of the persons listed for "liquidation" are arrested directly on orders of the NKVD, dread Russian secret police.

GOVERNMENT COSTS—The mounting cost of our government is rapidly approaching the day when it will take a bigger slice out of our pocketbook than the amount we spend for food.

That's the simple explanation of government expenditures—in dollars and cents terms—recently offered by the Institute of Life Insurance.

Here are the Institute's findings: For every dollar spent on food in the United States in 1948, 98 cents was spent on government; for every dollar spent on food in 1947, 90 cents went for government expenditures.

Furthermore, the over-all cost of government in 1948 was more than three times the cost of housing, more than double household operating expenses and twice the amount spent for clothing, accessories and jewelry combined.

ATTENTION, SUSAN B. ANTHONY—The women's bureau of the Labor department reports that Greece now allows its women to vote at an earlier age and that Greece, Syria and Syria gives its 18-year-olds a chance at suffrage.

A recent law enacted in Greece permits women 25 years old to vote at municipal elections and to run for office as municipal and communal advisers.

After Dec. 31, 1953, the voting age will be reduced to 21 and the range of offices open to 25-year-olds and up will be broadened.

In Syria, a new law provides that "duly qualified Syrians" who became 18 years old on Jan. 1, 1948, or since, can vote.

singlehanded and broke up 27 riots in his lifetime.

The Bostonian broken in: "We have our heroes in Boston too. Paul Revere, for instance ..."

"Paul Revere," the Texan snorted. "You mean that man who had to ride for help?"

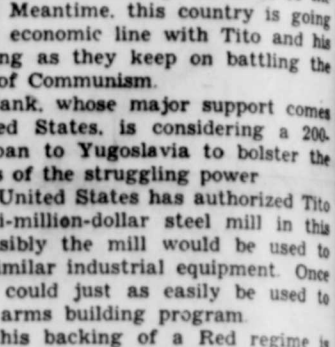

Typo Howlers We've got a lot of inadvertent humorists as editors of New Mexico papers. At a housewarming in Farmington last week the reporter wrote: "The Farmington Times reported was also three."

I haven't as yet figured out what Marcus Griffin (Tucumcari American) meant when he wrote last week about a Hot Springs shending: "Prizes were handed out to lucky drawers and Mrs. George Parrish, wife of the one-time birdfog for John J. Dempsey, won a table lamp."

The Alamogordo News said that in conjunction with the next N.M. E.A. the School Bus Drivers Association would hold its annual meeting.

I guess a newspaper broke this family up where The Albuquerque Journal quoted Mrs. John Sutton as saying: "It seems that the adds are against John and me finding happiness together."

And in Conclusion I had thought of closing this epistle with the idea that some gals attain their end by not taking

Russian satellites—and the United States wants the good work to keep going.

enough exercise.

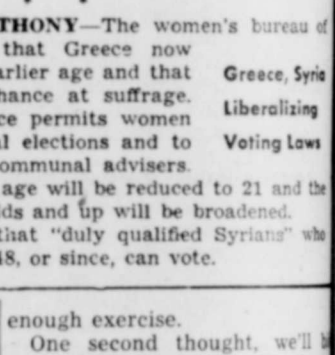

One second thought, we'll give you adieu this week with the motto: Fun is like insurance—older you get, the more it costs.

Ducks can fly upside down, backwards, too.

RUSSIA VEToes UN PLAN FOR WORLD ARMS CENSUS

Lake Success, N. Y. (APTS)—Russia's 40th and 41st vetoes in the United Nations recently defeated a Security Council recommendation for a world census of armed forces and non-arms weapons.

SALLY'S SALLIES

"But that's not the way to play this duet!"

Try and Stop Me

By BENNETT CERF

ONE of Editor Clip Boutell's best yarns concerns the time John Woodburn dined copiously at a nobby restaurant in Rockefeller Center, and then found he had left his wallet at home.

The manager let him sign a check for the amount, and a few mornings later a little man arrived at John's publishing office to present it for collection.

"The man said who he was but I just couldn't believe it," the receptionist told Woodburn. "Finally I made him write it down. Look!" Woodburn looked. The slip read in a wavering scrawl, "Louis XIV."

In Cleveland, Burrows Brothers' Charlie Jackson, the only case of one-hundred-per-cent Scotch left in Ohio, is reputed to have been a principal in a motor accident. The other driver was Irish. Charlie offered him a drink, which was accepted. "Beautiful liquor," pronounced the Irishman. "But aren't you having a snort yourself?" "Aye," said Charlie, "but it's the cop's vom."

## Miss Coppinger Becomes Bride Of G. F. Kadlor

Miss Katherine Coppinger, daughter of Mrs. Nora Newman Coppinger and the late Samuel Coppinger, was married to George F. Kadlor, son of Mr. and Mrs. Frederick Kaldor of Bellaire, Ohio Monday, Oct. 24, at Lordsburg.

The bride was gowned in a dark green gabardine suit with brown accessories.

She was educated at Holy Name Academy in Spokane, Wash., New Mexico Western College at Silver City, and Draughon's Business College at Lubbock, Texas. She is a member of Delta Gamma sorority.

The bridegroom is a senior at New Mexico Western College in Silver City, and is majoring in social science.

Mr. and Mrs. Mark LaFallette of Munice, Ind., were the only attendants.

Mr. and Mrs. Kadlor plan a honeymoon trip to Ohio during the Christmas holidays.

The bride's maternal grandparents, Mr. and Mrs. Newman, were prominent in the early history of Roswell and New Mexico. The Coppinger family were pioneer ranchers of Amittille County, Oregon.

## Janie Lou Dunnam Honored By Choir Of Methodist Church

Members of the choir of the First Methodist Church honored Miss Janie Lou Dunnam, a bride-to-be, with a party Wednesday night after choir rehearsal at the home of Mrs. Glenn Caskey, with Mrs. Caskey, Mrs. Owen Haynes, and Mrs. Nellie Hartell hostesses.

The color scheme of pink and white was used throughout in the decorations. The refreshment table was spread with a lovely linen cloth, centerpiece of pink and white roses with lighted crystal candelabra on each side. Individual pink and white cakes were served with coffee.

A lovely sterling silver cream pitcher and sugar bowl were presented to the honoree by members of the choir.

## Jeri Carson Becomes Bride On Monday Of Lawrence Rodgers

In a single-ring ceremony, Miss Jeri Carson and Lawrence E. Rodgers were united in marriage at 7:30 o'clock Monday evening in the chapel of the First Presbyterian Church with Rev. Ralph O'Dell, pastor, officiating.

Mr. and Mrs. R. D. Wright, Jr. were the only attendants.

Mr. Rodgers is the son of Mr. and Mrs. H. R. Rodgers of Santa Fe and Artesia.

## Betrothal Of Drotha Stuart Is Told At Tea

Mrs. Austin Stuart entertained with a tea at her home on West Grand Avenue from 2 to 4 o'clock Sunday afternoon to announce the approaching marriage of her daughter, Drotha, to Richard Bruno of Chicago, Ill.

The announcement was made from a beautiful lace-covered table to about 50 guests who called during the afternoon.

Individual favors of miniature stenographers' notebooks tied to miniature booklets bearing the names, Drotha and Dick, with the date written inside the notebooks made the announcement.

Miss Jerry Blount and Miss Jean Coll presided at the table. Piano selections were played during the afternoon by Miss June Small of Carlsbad, granddaughter of the hostess.

Mrs. Stuart was assisted at the tea by her daughters, Mrs. James Dew and Mrs. Garland Stuart of Artesia and Mrs. Ray F. Small of Carlsbad.

## Mrs. J. W. Brasfield Is Honored With Pink-Blue Shower

Mrs. J. W. Brasfield of Franklin Camp was honored with a pink and blue shower at 2 o'clock Monday afternoon, Oct. 31, at the Loco Hills clubhouse. Mrs. Charles Wier and Mrs. George Wier were hostesses.

The room was beautifully decorated with bronze cushion chrysanthemums and other fall flowers. Tall pink tapers in crystal candleholders graced the refreshment table. Favors were tiny pink bachelorette filled with white mints. The shower was carried out in the refreshment room with pink and white centerpieces of individual pink cup-cakes and coffee.

Guests present were Mmes. J. E. Wyatt, Horace Fowler, N. G. Barton, Marshall Saverance, Wesley Meador, Otis Rogers and J. Roy Haynes, all of Loco Hills, and Mrs. Bill Case of Artesia.

A number of women sent gifts, some of whom were Mmes. M. E. Stewart, Earl Smith, W. R. Mc Clendon, A. B. Melton, A. D. Holt, V. E. Roberts, M. N. Blanton, C. C. Brashears, Kirk Phillips, H. L. Miller and A. O. Duckworth.

## Socialized Medicine Discussed At Meet By Dr. Derbyshire

Dr. R. C. Derbyshire gave an interesting talk on socialized medicine at a meeting of the Artesia Woman's Club held Wednesday afternoon of last week at the clubhouse.

Mrs. H. R. Paton, president, presided over the business session.

Mrs. John Rowland and Mrs. H. C. Bidwell gave an interesting report on the Woman's Club convention held in Roswell recently, which they attended.

The club voted to sponsor a Senior Girl Scout troop, and also to donate money to the Boys Ranch.

The clubhouse was decorated with local artists' pictures which were enjoyed.

The room was decorated with fall flowers. The refreshment table was covered with a lace cloth, centered with a basket of lovely yellow chrysanthemums with crystal candle holders and yellow candles on each side and a silver coffee service. Mrs. Paton poured.

Mrs. D. M. Walter was chairman of the refreshment committee, and was assisted by Mrs. C. C. Smith.

## D.A.R. Has Meeting Here Monday Night

Mary Griggs Chapter of the Daughters of the American Revolution held its November meeting Monday with Mrs. K. J. Williams.

The regent, Mrs. Harold Kersey, opened the meeting in ritualistic form. Mrs. Paul Francis was welcomed as a new member of this chapter. After the business meeting Miss Alma Sue Felix gave an interesting talk, telling about the Memorial Continental Hall and Constitution Hall, two of the D.A.R. buildings in Washington, D.C. The National Society owns an entire city block in one of the most beautiful sections of Washington, and is the largest group of buildings in the world built and financed entirely by a woman's organization, she said. Twenty-seven states have furnished their own state rooms with priceless antiques. Collectively the rooms reproduce an early American home, including libraries, drawing rooms, bedroom, dining rooms, music rooms, kitchen, patio, and children's attic. The auditorium in Memorial Continental Hall seats 2000 and is where most of the music activities in Washington take place.

The administration building is built of Kentucky limestone, Miss Felix said. It houses the business offices of the society. There are 32 rooms in use as offices. On the second floor are the suite of the president general, the assembly room and several other offices. At the present time a \$900,000 addition is being added to this building.

Members present were Mmes. Frances Collins, Mary White, Hugh Kiddy, D. M. Schneberg, Tom Donnelly, K. J. Williams, Rex Wheatley, Harold Kersey, Paul Francis, J. D. Josey and Jack Knorr, and Miss Felix.

## Mrs. Bolton Named Vice President Of Scout Leaders

Mrs. Curtis Bolton was unanimously elected vice president of the Girl Scout Leaders Club at the regular monthly meeting of the group at Central School Monday evening.

During the business session it was announced that Mrs. D. M. Walter would use her home as the clearing house for used uniforms.

Mrs. L. A. Hanson, service chairman, announced that Troop 11 has adopted a shut-in and has been doing many services for her. Troop 14 will make Thanksgiving favors for the hospital trays.

Mrs. Duane Sams, program chairman of the Girl Scout Association, announced plans for separate Christmas parties for Brownies and Scouts.

The First Methodist Church recreation hall will be the scene of the Girl Scout party with Troop 2, hiding the Yule log; Troop 8 laying the fire; Troop 11, handling decorations, and Mrs. G. P. Rupperts troop in charge of clean-up.

The Brownie party will be at the Girls' Gymnasium with Mrs. Jerry Losee as chairman in charge. Brownie Troop 16 will be in charge of refreshments, Troop 17 will distribute gifts, Troop 3 will decorate, and Troop 13 will clean up. The parties are to be Saturday, Dec. 19.

Mrs. William Siegenthaler was in charge of the program and demonstrated a flag ceremony with the assistance of Mrs. G. L. Beene. Songs and folk dances completed the program. Troops 5 and 6 served refreshments.

## MITCHELL DAUGHTER IS BORN TUESDAY

## GARDEN CLUB MEET IS POSTPONED WEEK

The Garden Club meeting, which was scheduled to meet at 2:30 o'clock Friday afternoon at the First Presbyterian Church, has been postponed to Friday, Nov. 18, at the same place, it has been announced by Mrs. Harry Jordan.

## ATTENDANCE, FELLOWSHIP DISCUSSED AT ROTARY

Attendance and fellowship were stressed Tuesday noon at the weekly luncheon of the Artesia Rotary Club, when Dr. N. M. Bor-thwick, George E. Currier, and Jack Tinson gave short talks.

The three speakers, attacking the subject strictly from the Rotary standpoint, discussed reasons for non-attendance and ways and means of increasing attendance through fellowship.

## LOCALS

Drs. R. C. Derbyshire and Dr. C. Pardue Bunch are attending a meeting of the Southwestern Medical Association in Albuquerque Thursday and Friday.

Frank Jones, Dorothy Faye and Frank Jones Jr. have been visiting Palo Duro Canyon Park, the colorful 300-million-year-old "upside down mountain" in the Texas Panhandle, according to a card from there.

Mr. and Mrs. Fred Cole returned home Friday from Phoenix, Ariz., from where they brought their 3-year-old niece, Candis Barnett daughter of Mr. and Mrs. David Barnett, for a visit.

Mr. and Mrs. Robert L. Rogers son and daughter-in-law of Mr. and Mrs. Charles Rogers of Artesia, have recently moved from Los Angeles, Calif., to their beautiful new home in the heart of the famed San Fernando Valley of California at Encino Park.

Mrs. Mandville Weems, who was visiting her parents, Mr. and Mrs. O. E. Nickey, returned to her home in Neosho, Mo., Saturday.

## Auxiliary Power Unit Available For CAP Squadron

Capt. Joe Bridges of the Air Force, liaison officer for the New Mexico Wing of the Civil Air Patrol, has notified the Artesia squadron he has available an auxiliary power unit for the squadron, which, in the event of a power failure, will permit the continued use of the communications facilities here. It is an alternating current generator.

Commendation has been received from Col. K. L. House, wing commander for New Mexico, praising the Artesia squadron and other participating squadrons on the manner of handling the recent search for Jake Faverman of Hobbs, who was fatally injured when his plane crashed near the Caprock.

Lt. Robert Collins, squadron training officer, was able to attend the regular squadron meeting Tuesday night for the first time since the squadron was re-activated this fall, having recovered sufficiently from injuries.

Classes for the cadets were on theory of flight and organization of the U.S. Air Force.

Cadet and Senior membership applications are to be taken at the next scheduled CAP meeting which will be at 7 o'clock next Tuesday night in the girls' gymnasium at Artesia High School.

Capt. Mervon Worley has announced there will be a staff meeting at his home at 7:30 o'clock Friday night and requested that all staff members report.

## Yeager Brothers Enlarge Store

W. H. and Kirk Yeager, partners in the Yeager Grocery, 201 W. Chisholm, announce this week the completion of enlarging and remodeling activities at the store which has been operated as a grocery and meat market for the past twenty-five years.

The business, which was originally founded by Jess Cove was taken over by the Yeager brothers in 1922. W. H. and Kirk Yeager are life-time residents of Artesia, and are active in civic affairs.

The newly remodeled store will now have double the floor space, which will permit the carrying of a much larger stock of meats, vegetables and staple groceries, according to the Yeagers.

Ed Watson, who has been connected with various Artesia groceries is now with the Yeager firm. Bill Horner will have charge of the enlarged meat department under the new set-up.

An automotive service station handling Nu-Mex products is in full operation at the store.

A schedule of hours from 6 a.m. to 8 p.m. daily and 7 a.m. to 7 p.m. for Sunday has been announced.

## WILLINGHAM TO RETURN FOR SERVICES SUNDAY

Rev. R. L. Willingham, pastor of the First Methodist Church, who has been conducting a meeting at Jal, was to bring it to a conclusion Friday and return home for the regular services Sunday.

The services here were conducted last Sunday morning by Rev. L. B. Trone of Pecos, Texas, district superintendent. Mrs. Kay Smith representing the United Council of Church Women, was in charge of the evening services.

## Work On Gymnasium At Hagerman Stops Because Of Strike.

Work on the new \$102,000 Hagerman High School gymnasium building was stopped Tuesday because of failure to get delivery on steel caused by the steel strike.

The steel had been ordered and made up, but shipment could not be made out of Wichita Falls, Tex., as, because of picket lines.

The building, which is being constructed by the Ryan Construction Company of Artesia will have three additional classrooms, and the gymnasium will have a seating capacity of about 1500, including 500 in the balcony. The building will be modern in every respect.

The walls are practically up at this time, ready for the roof steelwork.

## Down on the Farm

COUNCIL GROVE, Kan. (AFPS)—"How you gonna keep 'em down on the farm now that they've seen Paracee?"

In the case of ex-WAC Lillian Leffler it was no problem at all. She never got to Paris during the war, but she did plenty of traveling with the Army in the States—and still she was quite happy to return to her Kansas farm.

In fact, Miss Leffler was so enthusiastic she enrolled in the V.A. on-the-farm training program through the classroom sessions required a 20 mile drive each way.

Today Lillian Leffler is billed as the only woman veteran in Kansas to complete institutional on-farm training under the GI Bill.

As a result, her farm once poor in soil and yield is one of the most productive in the area. It's one of many being put back into the "pay-dirt" column today by some 300,000 farm trainees learning under the GI Bill.

IN THE DISTRICT COURT OF EDDY COUNTY, STATE OF NEW MEXICO.

IN THE MATTER OF THE ESTATE OF W. M. PATTON (same as William Maxwell Patton), DECEASED. No. 11251

NOTICE OF HEARING ON FINAL ACCOUNT AND REPORT STATE OF NEW MEXICO TO: Mrs. Dovie Belle Patton, Mrs. John R. Scott, All Unknown Heirs of W. M. Patton, Deceased, and All Unknown Persons Claiming Any Lien Upon or Right, Title or Interest in or to the Estate of said Decedent, GREETING.

NOTICE IS HEREBY GIVEN that this cause has been appealed from the Probate Court of Eddy County, State of New Mexico, wherein this cause was numbered 1488.

NOTICE IS FURTHER GIVEN that Dovie Belle Patton, administratrix, has filed her Final Account and Report herein and, by Order of the Hon. C. Roy Anderson, Judge of the District Court of Eddy County, New Mexico, the 12th day of December, A.D., 1949, at the hour of 10:00 A. M., or as soon thereafter as the same may be heard, in the Court Room in the District Court of Eddy County, New Mexico, in Carlsbad, New Mexico, is the day, time and place for hearing said Final Account and Report and any objections thereto.

NOTICE IS FURTHER GIVEN that at the same time and place, said Court, as a part of its general jurisdiction, will determine the heirship of said decedent, the ownership of his estate, the interest of each respective claimant thereto or therein, and the persons entitled to distribution thereof.

NEIL B. WATSON, Artesia, New Mexico, is attorney for the administratrix.

WITNESS MY HAND and the seal of said Court on this the 24th day of October, A.D., 1949.

### Expenses Can Be Cut In Dairy Calf Raising

Recent research points the way toward cutting expenses on dairy calves.

Experiments just completed at the New Mexico Agricultural Experiment Station show that sturdy calves can be raised with only one month of milk feeding and with out vitamin supplements. It's done with dry starters and plenty of good, green, leafy alfalfa hay, reports S. R. Skaggs, associate dairy husbandman, in a new experiment station bulletin, "Raising Dairy Calves."

In the experiments, Skaggs used

home-mixed starters made of feeds that can be obtained anywhere in New Mexico. He points out that any good commercial starter would probably give the same results, but that home-mixed starters may cost less when home-grown grain is used.

With one or two exceptions, when calves failed to adapt themselves readily to the starter mixtures, the experimental calves were weaned from milk when they were 30 days old. By the time they were 6 months old, they were all of normal size, and many of them were larger than is considered normal for dairy heifers.

Half of the calves in the experiments were also given vitamin capsules until they were 90 days old. These capsules contain 5000 international units of vitamin A, 500 units of vitamin D, and 50 milligrams of niacin. However, the calves receiving the vitamins grew no faster, and were no healthier than calves not receiving the capsules. In fact, blood levels of the vitamins were higher in both carotene and vitamin A.

Complete information on these experiments, along with two home-mixed starters that gave equally good results in the experiments, can be found in the new bulletin. A copy of the bulletin will be mailed free to anyone in New Mexico who requests it from the county agents or from the Director, Agricultural Experiment Station, State College, N.M.

#### SCREECH IRRITATES

CHICAGO (APPS) — "Noise limits" may take their place in the law books alongside speed limits, according to Dr. Howard C. Hardy.

This Armour Institute of Technology expert who makes it his business to find out about such things says research shows a screech is more irritating than a thud. He finds it's now possible to chart the noise made by everything from factories to sand-lot ball.

Now he wants police to use those charts to set acceptable limits. For telling it to your wife in anything over 35 decibels, you may soon be telling it to the judge.

#### INNOCENTE IS GUILTY

Los Angeles (APPS) — The name is the thing! Not always.

As federal court convened here recently Roberto Ulano Innocente was listed on the criminal calendar.

"R. U. Innocente," the clerk called out without looking up from the calendar.

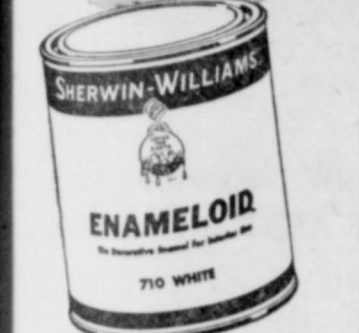

"No sir, I am guilty!" Innocente replied as he rose to his feet.

Sliding doors were invented by Thomas Jefferson about 130 years ago.

Mrs. Earl Smith attended a district Parent-Teacher Council meeting in Hobbs Tuesday of last week. Mrs. J. P. Brandenburg of Taos, state P.T.A. president, attended the meeting, as well as other state officials.

Mr. and Mrs. Monroe Fields and Orville Hyder of Rayville, Mo., were guests Sunday of Mr. and Mrs. Earl Smith. They had been to El Paso to be with John Hyder, who is hospitalized there. Mrs. Hyder and Mrs. Claire Meisinger of Artesia were visitors in El Paso Wednesday of last week. Mr. Hyder is much improved.

Patsy Ruth Thurman became ill at school and was confined to her home last week.

Mrs. J. W. Brasfield returned Tuesday of last week from Overton, Texas, where she went to attend funeral services for her father.

Mrs. Ora McCann and daughter, Oralee, and Mrs. R. G. Westfall and daughter, Sandra, were visitors in Carlsbad Friday of last week.

Mr. and Mrs. Milton West of Maljamar spent Monday night of last week as guests of Mr. and Mrs. Garel Westfall.

Mr. and Mrs. Norman Krouskop and son spent two days last week in Albuquerque and Santa Fe attending an oil convention.

Carper Camp employees enjoyed a wiener roast at the caliche pit Halloween night.

Loco Hills School pupils enjoyed a Halloween party at the schoolhouse Monday night of last week. Light refreshments were served, and a good time was had by all.

Virginia Arthur, daughter of Mr. and Mrs. Lake Arthur, was badly burned on the right leg Monday evening of last week. She was placed in the hospital and her condition is somewhat improved.

son attended the football game at Roswell Friday night of last week. Marilyn Stack spent the night with Lois Matthews.

Mr. and Mrs. C. P. Stack were visitors in Lovington Friday of last week, when they went to visit their new granddaughter, Linda Carol, who was born Tuesday of last week in Lovington hospital. She is the second child of Mr. and Mrs. Curtis Stack, Jr., of Lovington.

Mrs. Charles Tyar is spending the week in Levelland, Texas, visiting a daughter, Miss Pat Tyar, who is an elementary teacher in the Levelland schools.

The organization of the Methodist Youth Fellowship is in progress. The meetings will precede the regular church service, and the exact time of the fellowship meetings will be announced later. Mrs. Charles Tyar met with the study group at the Sherman Methodist Church last Saturday morning for a bacon and egg breakfast.

About 25 young people of the community enjoyed a Halloween party Monday night of last week at the Scout Hut. Hosts were Mr. and Mrs. Sam Snow, Mrs. Wilburn Davis, Mrs. W. R. McClendon and Mrs. Charles Tyar. Cocoa and cookies were served after an evening of fun and appropriate games and stunts. Donna McClendon's friends were celebrating her birthday that night also.

Grayburg employees and their families and friends enjoyed a Halloween party and dance at the company garage Friday night of last week. Pirates, hoboes and pioneer gowned women, as well as other interesting characters, were served coffee, cold drinks, apples, and doughnuts. The room was tastefully decorated in skeletons and orange and black streamers.

**Farm Fires Are Great Hazard**

"Through fire, you can lose over night the profit of years of labor—in an hour you can find yourself financially ruined," says County Agent Dallas Rierison, calling attention to the fact that fire is one of the greatest farm hazards.

The National Board of Farm Fire Underwriters estimates the annual farm fire loss at \$90,000,000. More appalling than the economic loss are the thousands of farm residents who needlessly die or suffer permanent disability in farm fires each year.

The National Safety Council points out that most farm fires are caused by eight preventable causes: Defective chimneys, sparks on combustible roofs, inadequate lightning protection, carelessness with matches, unsafe stoves and furnace installation, improper use of gasoline and kerosene, and misuse of electricity and appliances.

The county agent points out that the following practices will help insure safety from serious fire losses:

If one must dry clean, use only a non-flammable fluid, and clean only outside the house.

Handle hot grease and fats with special care.

Clean stoves with a polish which does not contain benzene or other flammable liquids.

Use a "strike-on-box" type match.

Inspect all electric cords, plugs and equipment.

Do not confuse gasoline with kerosene.

Beware of smoking kerosene stoves—white kerosene smoke burns with explosive violence when it ignites.

Store gasoline at least 75 feet from other buildings and check haystacks for signs of heating.

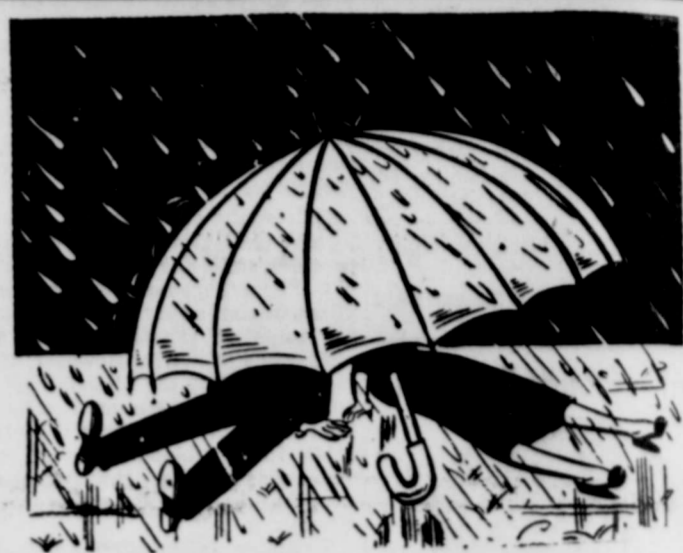

"It should be emphasized however, that the first step in farm fire prevention is the development of a fire safety consciousness and determination to work and live safely," Rierison says. "When the members of the farm family recognize hazards and unsafe practices, corrective measures can be taken."

Roswell to visit relatives. Mrs. Copeland and Mrs. Nora Copping attended the teachers' convention held in Albuquerque recently and reported they had a fine trip.

**GETS JET HOT FOOT**

London (AFPS) — The old-fashioned "hot foot" may be in for a bit of modernization in this fast moving scientific age. The latest seems

to be a "jet hot foot." The cockpit heat control studied on Lt. Col. Patrick D. Fleming's F-84 jet fighter recently in a flight over the Atlantic. So far more than an hour Col. Fleming baked in 170 degree temperature.

**OPEN DOOR POLICY**

The next time you visit one of our offices take a good look at the doors in it. Chances are you'll find all of them open . . . especially the door to the manager's office.

Open doors are a very important part of our policy. Our offices . . . and the managers and people who work in them . . . have one main purpose . . . to bring you the best in electric service. We feel that purpose is best served if you find an "open door" each time you call at one of our offices.

Perhaps you have a suggestion on how to improve our service . . . a request for information . . . or just the desire to visit for a while with our people. Whatever the purpose of your visit, we know it will be best accomplished if you find an open door and a hearty welcome. That's what we want you to always find.

Unfamous Last Words  
"Strike a match and see if its empty."  
"Put a penny behind it."  
"Don't call the fire department, I'll put it out."  
"We don't need a fire extinguisher, we never have a fire."  
"Butt can? Naw, just throw it on the floor."  
"Let's use candles."  
"I can't see in this dark closet, strike a match will ya."  
"Wait Buddy, I'll clean it off a little with gas."  
"Gee, that fire I read about was terrible, but something like that can't happen to me."

### GEN. DEVERS SALUTED

WASHINGTON (APPS) — An illuminated, hand-lettered scroll in a leather case which ended with "a salute to a great and loyal public servant" was recently presented by President Truman to Gen. Jacob L. Devers, retired Chief of the Army Field Forces, at a

### White House ceremony.

The scroll of honor attested the veteran soldier's many outstanding achievements during years of service and bore in addition to the President's signature those of Gen. J. Lawton Collins, Army Chief of Staff and Gen. Gray, Secretary of the Army.

### Another "Friendly Call" From Fuzzy

A while back, Fuzzy Clarke, the RFD mail carrier, paid a call at the office, and I interviewed him on keeping mail boxes in good shape. Remember what he said?

"Boxes shouldn't be allowed to get rusty. Names should be clear. Boxes at crossroads should be grouped together. All this helps get the mail out faster and gets me home in time for supper!"

Well, just yesterday, Fuzzy came back mighty gratified with the fine cooperation folks have given him. Cooperation always gets results. Take, for example,

the results the Brewers and tavern owners have had in their Self-Regulation program. They work together for the best possible conditions in places where beer is sold.

From where I sit, keeping rural mail boxes in good, serviceable condition is the same principle as keeping taverns clean and law-abiding. You get good results if you cooperate—but, with both you've got to keep checking up!

comes they travel many miles. They unerringly return to their dens in the fall through some instinct, as pronounced as that in migratory birds, some species of insects, and the wealthy New Yorkers who winter in Florida.

Mr. and Mrs. G. Z. Floyd, who have been at Loco Hills seven years and have been transferred to Monument, said they have a wonderful new place on the Continental lease, with trees and a lake, but they will never miss the opportunity to run in to Artesia, which they believe to be the most friendly little city of all.

It isn't that C. R. Baldwin minds so much serving on the Federal Grand Jury at Albuquerque, but he does wish they would pick some other time to have it sit. The old deer hunter has to report Monday, just when the deer sea-

son is getting a good start. What with this and that by way of getting a good start. What with this and that by way of getting ready to be a juror, the only chance he could see to hunt deer at all was to slip away Armistice Day.

Guess we'd better get back to that grocery list, which we side-tracked up the column a ways, when we realized we had to do this stint. Just one more word—or rather two words! Good hunting!—A.L.B.

whom it is hoped will take part in the parade are the Boy and Girl Scouts, Civil Air Patrol cadets, 4-H Club and Future Farmers of America members, DeMolay, Order of Rainbow for Girls, Theta Rho and others.

The parade marshal was also inviting the Bulldog football squad and the high school band to march. All groups having uniforms were asked to wear them.

burial sufficiently in advance to permit them to attend the ceremonies.

Sergeant Pierson was born at Eldorado, Kan., March 18, 1918. He had been in the Army about six months at the time his parents moved to Artesia in October 1942 and he visited there, here on furlough in December of that year.

When Mr. and Mrs. Pierson moved here, he was stationed in California and later was stationed at Hobbs Army Air Force Base. He previ-

ously served two years seven months in Hawaii.

At the time of his death, Sergeant Pierson was aerial engineer and gunner on a Flying Fortress and had been stationed in England since the latter part of November, 1943.

A War Department communication to Mr. and Mrs. Pierson in February, 1944, notified them he had been missing over Germany since Jan. 29, 1944. The parents had had no further word regard-

ing him until the recent communication.

Sergeant Pierson is survived by his parents and three brothers, Durward Pierson, Mentone, Texas; Willis J. Pierson, Russell, Kan. and Tom Pierson, Salem, Ill.

**Episcopal Bishop, Rt. Rev. Stoney, To Visit Church Sunday**

Rt. Rev. James M. Stoney, D.D., Episcopal bishop of New Mexico and Southwest Texas, will visit St. Paul's Church at 7:30 o'clock Sunday evening, it was announced by Rev. G. W. Ribble, D.D., vicar.

Bishop Stoney will preach and administer the rite of Confirmation prepared by the vicar.

After the service, an informal reception, given by the Auxiliary-Guild of St. Paul's, will enable the bishop to greet the members of the Episcopal congregation and his other friends in Artesia.

Dr. Ribble announced there will be no morning services at St. Paul's Church Sunday.

**Many From Artesia Are Students At State University**

Of the 4800 students at the University of New Mexico, more than 3000 are state residents, J. C. MacGregor, director of admissions announced.

MacGregor said that all states in the union are represented with 42 students coming from 20 foreign nations and five territories.

Artesia and vicinity have sent 24 students and Hagerman three who are majoring in one of the nine standard colleges on the campus.

They are Barry Beadle, Robert Blout, George Dixon, Robert Feather, Clay Goldston, Dwight Hancock, Frederick Hannah, Ray Harrison, Carol Hensley, Duane Hillard, Joann L. Hillard, Hershel Lewis, Raymond McKay, DeWayne Miller, Margaret Moutray, Mildred Moutray, Linda Parrish, Gerald Perry, Lewis Richardson, Robert

Stuart, George Sturgis, Fred Watson, Joe Watson and Doris Williams of Artesia, and Helen Casabonne, Paul Casabonne and Betty Cook of Hagerman.
