Hospital District Questions Answered

On Monday and Tuesday nights of this week, back-to-back hospital district meetings were held. The first was in Lazbuddie on Monday night, with more than 30 people in the Lazbuddie School Cafeteria.

On Tuesday night, some 200 people were in the Muleshoe High School auditorium to hear a discussion of the proposed hospital district, to ask questions for the Temporary Board of the Muleshoe Area Hospital District, City Manager Dave Marr and Robert Montgomery, president of the Muleshoe Chamber of Commerce and Agriculture, to answer.

Clerk's Office

Records Heavy

Absentee Voting

With 5 p.m. Friday, June 16, the final day for absentee balloting in the Muleshoe Area Hospital District election, 239 people had cast absentee ballots in person, as of 8:30 a.m. on Wednesday, June 14.

Vickie Black of the Bailey County Clerk's office said another 45 ballots had been mailed out, also by 8:30 a.m. on June 14.

The election will be Tuesday, June 20, 7 a.m.-7 p.m. at the Muleshoe High School cafeteria and in Lazbuddie at the Lazbuddie School cafeteria during the same hours. At press-time, only two absentee ballots had been cast at Lazbuddie.

Rabies Clinic

Slated Here;

Lazbuddie

MULESHOE

Wednesday, June 21, 2-5 p.m. will be the date for the annual Rabies Clinic in Muleshoe, according to Muleshoe Animal Control Officer Della Snell.

She said rabies shots will be \$7 with other shots available.

The rabies clinic will be held on E. Avenue B, at the old fire department, across the street from the Muleshoe Police Department.

LAZBUDDIE

The Lazbuddie Rabies Clinic will be hosted by the Lazbuddie 4-H Club, Friday, June 23, 4-6 p.m.

The clinic, conducted by the Muleshoe Animal Clinic, will be at the Lazbuddie Volunteer Fire Department.

Rabies shots will cost \$9 each, with other vaccines available.

The Lazbuddie 4-H Club requests that pets be on leash, or carried in their owner's arms.

Sales Tax Rebate Lower Than Year Ago

State Comptroller Bob Bullock said Friday that local sales tax allocations to cities, counties and transit authorities across the state increased 14.2 percent during the first half of 1989, compared to the first half of 1988.

"The Texas economy continues to strengthen and expand, and the local sales tax rebates reflect that growth," Bullock said. "Even payments to economic areas that haven't fully recovered, such as Austin and San Antonio, are improving."

In the first six months of 1989, statewide city allocations totaled \$512.5 million. Last year's payments for the first six months were \$465.9 million.

Checks totaling \$66.3 million were sent Friday to 875 cities that impose local sales tax at either one or one and one-half percent, Bullock said.

Muleshoe's payment for the

LAZBUDDIE MEETING

Darrell Jennings, Lazbuddie's representative on the temporary board opened the meeting, welcomed those present and turned the meeting over to Tim 'Buck' Campbell, president of the temporary board.

"To operate a hospital, it's going to take money. We have to have outside money," said Campbell. "In part, this will help make up for people who can't pay their hospital bills."

In explaining that he was supporting the proposed Hospital District, Jennings added, "We need a hospital facility in this area. Muleshoe is where we trade, and if someone in our community has a problem, we

need a good facility to take them to."

He explained that if the district was not approved, the nursing home would close, and told how difficult it is to re-open, as new building codes would make the cost prohibitive to come up to federal standards in order to open up again.

"You're healthy now," he said, "but you never know when you will have an emergency."

Former West Plains Medical Center Board member Frank Hinkson said he was not opposed to a hospital district, and in fact, planned to vote for it.

However, he admonished that the hospital will need competence and common-sense for

administrators and a hospital board. "We also need to make some type arrangements for those who can't or won't pay their bills. Also, we need to work on getting Medicare pay for little hospitals the same as is paid to big hospitals."

Temporary Board Secretary Bob Finney reminded of a number one priority -- the hospital *MUST* be used by the people in the district. He said it cannot become a full-fledged hospital if people don't use it.

"ONLY doctors put people in a hospital," he reminded, "administrators don't do it, hospital boards don't do it. We can only acquire a facility YOU, the people demand. Do you want just

an Emergency Clinic?"

He said he remembered the time the hospital stayed full all the time, and added that it could do that again.

Finney, a banker, also said the hospital has debts, but also has assets.

Finney told of the temporary board touring the entire facility, from back to front, including both the nursing home, administrative offices, kitchen and hospital. "We have an excellent facility," he said, "Yes, it does need repairs, but no more than any home, just on a larger scale."

On being questioned about how board members are selected he said the first election for board members would be in May, 1991, and the board members will be elected by the qualified registered voters who reside in the hospital district.

In answer to another question, he said the law prohibits doctors, or medical professional persons to seek a position on the board.

"We need qualified, interested business people who are willing to take a great deal of time making policy decisions for the hospital."

Board members cautioned for people not to expect overnight miracles once the hospital district is approved -- there won't be any money until the fall when tax money starts coming in, but the temporary board will be responsible for keeping the hospital open.

Over and over in each meeting, it was stressed that ALL hospital district meetings are open meetings, as the people of the area *MUST* know what's going on.

At both meetings, Lazbuddie and Muleshoe, it was stressed that 'Stability' that would be provided by a hospital district is the key word in obtaining quality medical care, qualified and professional doctors and other medical personnel and making necessary repairs to the facility.

Other former WPMC Board members speaking favorably for the proposed hospital district were Robert 'Bob' Jones and Demp Foster. Foster told of an accident involving one of his sons, where if a hospital had been 10 minutes farther, it would have cost his son's life.

He also talked about the trauma it would cause to have to close the nursing home, and move the 46 residents to other nursing homes -- somewhere -- anywhere a place could be found, as most nursing homes already have waiting lists.

The Lazbuddie area people were well prepared, and asked many well-thought out questions, and appeared to be satisfied with the answers they were given by the temporary board.

They expressed their concerns about some aspects, but seemed to be united in an effort to keep the hospital open in Muleshoe.

Also discussed, again at both meetings, were the tax rate, and the fact that only the people can raise a tax rate -- by going to the polls and voting for an increase.

The board can never raise the rate above the 25 cent 'cap' set by the Texas Legislature -- only the voters residing in the district can do that.

A frequently asked question is "Do you have to assume all the liabilities, or debts, of the hospital?" According to board members, they are currently working out plans to negotiate with the current board. "They aren't just going to hand it over to us," said Finney. "The board members have personal liability where the hospital is concerned. We are working on negotiations to try to work out some of the liabilities at this time. The people need to realize that right now, we have no power, and won't have until after the election next Tuesday."

It was also reminded that a hospital district board is charged

with the responsibility of providing medical care for the people in the district -- including indigent care, which is currently paid by taxes paid to the county.

With a facility valued around three and a half to five million dollars, it would not be good to try to 'start over' with another excellent facility, already in existence that already has dedicated, caring people working and caring for patients in the hospital and residents of the nursing home.

And, it was carefully pointed out that although the hospital is a shoe-string operation, there certainly are adequate supplies on hand to take care of any patient, any emergency that may come in. Most of the hospital needs, as well as nursing home needs, are neglected maintenance for the last year and a half. Some \$20,000 is estimated to be needed to bring the hospital up to Medicare standards.

MULESHOE'S MEET

After Robert Montgomery, acting as moderator, opened the meeting at the MHS auditorium Tuesday evening, it was opened with prayer by Bret McCasland, minister of the Muleshoe Church of Christ.

Montgomery recognized a number of people and introduced the temporary board of directors on stage, along with Dave Marr, Muleshoe City Manager, who has worked long, diligent hours to help prepare the proposed hospital district bill to be introduced in the Legislature in Austin.

Marr thanked a number of people for helping with the preparation of the bill to be presented for approval in Austin, and told some of the background of the hospital.

He told of a bill that had been introduced last summer, and the volunteer labor and supplies that went into assuring the hospital re-opening just before the 'year of grace' ran out in November, 1987. However, he reminded that since re-opening, the hospital has existed on a hand-to-mouth, day-to-day basis, but said, the same was true of all rural hospitals.

Buck Campbell, chairman of the temporary board told the people the job of the temporary board is to provide hospital and nursing home care for the Muleshoe and Lazbuddie communities. "The facilities need a little repair, mostly simple maintenance," he added. "The hospital and nursing home are very convenient, and since I plan to live here the rest of my life, my son has moved back here, and will probably live here, with a family, I want a hospital."

"I don't like to pay taxes any more than you do, but I will pay my share to have a hospital in Muleshoe."

As the Bailey County EMS personnel handed out paper and pens, Montgomery asked persons to write down their questions and hand them to EMS members to take to the stage.

Starting out, Bob Finney answered questions on financial liabilities and what is necessary to qualify for Medicare.

He also assured that the law mandates an annual audit by an outside CPA firm, in answer to another question.

To answer another question, he said the current board at WPMC believes they cannot keep the hospital open without third party (hospital district tax money) help. So, if the hospital district fails, the hospital will close on Wednesday, June 21, the day following the election.

Another question asked was "Will the administrator and bookkeeping staff be bonded for the money?" The answer: "We will be keeping good records. We'll know what's going on, and

FLIGHT FOR LIFE APPROACHES HOSPITAL--Members of the Muleshoe Fire Department are shown performing one of their 'extra-curricular' activities Monday afternoon, when they responded to West Plains Medical Center on 'stand-by' for the Flight For Life Helicopter. It is shown approaching the parking lot behind the hospital, just after 4 p.m. Flight For Life, from St. Mary of the Plains Hospital, was in Muleshoe to pick up Dr. Bruce Purdy. (Journal Photo)

Muleplex Production Group Preparing 'Family Fun Night'

Are you ready for some rib-tickling, foot-stomping, laugh-filled, eye-catching entertainment?

Mark your calendars now -- to be in Muleshoe at the Muleshoe High School Auditorium on Thursday, June 29 and/or Friday, June 30.

Muleplex Production Co. will be staging their 'first ever' Family Fun Night.

With an ultimate goal of having some type of dramatized 'History of Bailey County,' in music and drama each year, this is the first year for the Muleplex Production Co. to 'test the waters' and with an old fashioned melodrama entitled "Wedded Bui No Wife -- or He Done Her Wrong."

This side-splitting, victorian comedy features local talent who won their 'stardom' spot following auditions by play director, Kerry Moore.

Preceding the show will be one hour of variety acts, with something for everyone.

The doors will open at 7, with variety acts to begin promptly at 7:30 p.m.

Then, at 8:30 p.m. will be another special treat. The Muleshoe Activities Committee will be selling bags of candy for 50 cents each. Included in many of the bags will be numbers. These numbers may be taken to the stage where a variety of numbered merchandise will be displayed to claim their prize.

Local merchants have donated many outstanding prizes to be given away during the two day Family Fun Night. And, guess what! If there are unclaimed prizes the second night, the prizes will be auctioned off to the audience.

The melodrama will follow the candy sales, with the evening concluded with a presentation of Cont. Page 6, Col. 4

Fine Arts Boosters

Schedule Annual

Calendar Sales

A special meeting of the Muleshoe Fine Arts Boosters was held Monday to organize the sale of the annual community calendar.

For \$5, you may get four birthday listings and an anniversary listing. Additional listings will cost 50 cents each.

The Fine Arts Boosters say if you have a child in art, band or speech in junior high or high school, and would like to help with calendar sales, call Charles or Margaret Hamilton, 272-4974 or Kent Wiley at 272-5692.

If you would like to purchase a calendar and participate in this community project, call one of the above officers of the Fine Arts Boosters, or call Charlotte Holt at 272-4802; Vickie Garner, 272-4826; Marsha Watkins, 272-5632; Marilee Cox, 965-2781 or Ronnie Bennett, 272-5319.

Deadline to be included on the community calendar is June 26.

Fine Arts Boosters remind that 100 percent of the profit goes back to support Muleshoe art, band and speech youngsters.

Medical Viewpoint Presented To Rotary

From a medical 'point of view,' Dr. Homer Allgood and Dr. Mark McClanahan presented the noon program for the Muleshoe Rotary Club.

Dr. McClanahan said usually four persons presented the slide program on West Plains Medical Center and the Muleshoe Nursing Home. But John Chisholm, administrator of the hospital, was not available, and Dr. Bruce Purdy is a cardiac patient in St. Mary of the Plains Hospital in Lubbock.

Ted Barnhill was in charge of the program and introduced the two doctors.

Dr. McClanahan said, "You have all heard of the financial importance of the hospital, we want to present the story from the medical standpoint."

He told of the hospital reopening just over a year ago with inadequate revenue to continue operations, a condition that has continued.

Dr. McClanahan said a facility such as exists in Muleshoe could attract new doctors and surgeons and reminded that the nursing home and hospital are tied together as one entity through both the physical design of the medical complex, and operations of the facilities.

Included in the slides were the doctors, the trauma and acute care rooms; the Bailey County EMS; and showed various administrative staff members, along with the director of nurses, Kay Swint; L. T. Johnson's x-ray department; the portable CAT Scan that comes to Muleshoe; the lab, nursery, respiratory therapy, physical therapy; and other areas of the hospital.

Another question was on the recruitment of doctors and surgeons. It was explained that medical professionals know the hospital is on 'shaky' ground, and say the facility needs stability before they will move here. The doctors said they believe if the hospital district is approved, it will be relatively easy to contract with doctors, at least one surgeon and other

professional personnel needed. Dr. McClanahan said he believed Medicare could be approved within two months once the hospital district could be approved because it would provide the needed 'stability' even before tax money started coming in -- as the hospital district board could borrow money on the tax money that would start coming in during the fall of this year.

Dr. McClanahan assured the Rotarians and guests that it is not just 'a threat' that the doctors will leave if the hospital and nursing home close.

He said, "Just as you would not send a carpenter out of build you a house, telling them they can't use a hammer and nails, you cannot expect a doctor to do his job without a hospital. A doctor must have a hospital to place his patients in. And, the nursing home could not be here without doctors to treat the residents when they become ill."

Prior to the doctors speaking to the members, President George Nieman reminded that Tuesday, June 20 will be officer installation day at noon. He said Darla Rhodes and members of the Muleplex Production Co. will attend the meeting to show a skit, and encourage Rotarians to attend the Family Fun Night on June 29-30.

Robert Hooten was winner of the Polio Plus Drawing.

Outgoing District Governor J. D. Cage thanked the club for giving him the opportunity to serve as District Governor during the past year and presented several gifts to Rotarians who had assisted him during the year. They included Olan Burrows, Robert Lepard and Bob Stovall. Curtis Shelburn and Randy Field were not present to receive their gift.

Guests at the meeting included Robert Hooten, Julie Cage, James Cox, Annette Bonds, Eric McElroy, Wayne Crittenden, Alice Liles, Chris Gikas, Robin McClanahan and Charles Aycock.

Local Man's Brother Dies At Lubbock

Funeral services for Ralph S. Krebs, 72, of Lubbock were held at 2:30 p.m. Monday, June 12 in St. Luke's United Methodist Church with the Rev. Elton Wyatt, associate pastor, officiating.

Masonic graveside rites were conducted in Resthaven Memorial Park under the direction of Rix Funeral Directors. Krebs died at 8:40 p.m. Saturday at his home.

Born in Oklahoma, he was a longtime resident of West Texas. He was a veteran of World War II. He attended Texas Tech University and served as president of the Ex-Students Association. He married Elizabeth Copeland in December of 1941.

Area Students Participate In SPS Workshop

Chris Long and James Culp, both of Amherst High School, were among 70 Future Farmers of America (FFA) members who participated in the recent 27th Annual FFA Electric Workshop sponsored by Southwestern Public Service Company (SPS) in Amarillo.

Among FFA advisers and agricultural-science instructors helping conduct the workshop was Gary Bigham of Amherst High School.

The three-day workshop, June 5-7, featured demonstrations, videos and lectures, in part, on wiring farm buildings, assembly of electric controls and electric safety. Students from the Texas Panhandle and South Plains, and eastern New Mexico attended. SPS employees and area agricultural-science teachers served as instructors.

SPS is a regional electric utility that primarily provides electric service to a population of about 1 million people in a 52,000-square-mile area of the South Plains and Panhandle of Texas, eastern and southeastern New Mexico, the Panhandle of Oklahoma, and southwestern Kansas. Corporate headquarters is in Amarillo, Texas.

in Clovis, N.M. He worked in financial planning and insurance sales, was president of the Lubbock Underwriters Association, the Life Agency Management Association and the Million Dollar Round Table.

He was active in civic organizations, serving as past president and director of the Plainview Lions Club, extension chairman of Lions District 2-T2, organizer of the Lions Clubs in O'Donnell and Levelland and Lubbock Lions Club president, tail twister, membership chairman and co-membership chairman. He was named Man of the Year in 1974 and 1975 and was a senior Master Key holder.

Krebs served as a board member and co-chairman of the American Heart Association, campaign chairman of the Lubbock YMCA, campaign chairman of Lubbock County chapter of the American Cancer Society, vice president of South Plains Boy Scouts, where he received the President's Award, chairman of the advisory board of the Salvation Army, board member for several manufacturing companies, president of Hillcrest Country Club, president of KBK Investment Inc., vice president and board member of KMAC-TV and director of West Texas Savings and Loan.

He was a 32nd Degree Mason, a member of South Plains Shrine Club, Khiva Shrine Temple of Amarillo and of Lubbock's Yellowhouse Masonic Lodge. He

was publicity director for the Shrine Charity Football Game for many years. He was active in politics and served as election judge for Precinct 23 for 25 years. He was active at St. Luke's United Methodist Church, serving as a member of the administrative board, board of trustees and teaching Sunday School classes for 25 years.

Survivors include his wife, Elizabeth; two daughters, Pauline Donley of Lubbock and Nancy Woody of Ruidoso, N.M.; a son, Steve of Tyler; three brothers, Clyde of Muleshoe, C.W. of Tulsa, Okla., and Roy of Denton; and five grandchildren.

The family suggests memorials to the Shriner's Burn Institute or the Scottish Rite Learning Center.

MARRIAGE ANNOUNCED--Lois Graham of Claire, Okla. and Cecil Davis of Muleshoe were united in marriage Thursday, June 8 in the home of Ted and Nancy Barnhill. The Rev. Richard Edwards performed the ceremony and Mr. and Mrs. Barnhill were their attendants. (Guest Photo)

Wedding Shower Honors Miss Susan Beck

Susan Beck and Ricky Tennyson were honored with a wedding shower Thursday, May 25 from 7 to 8:30 p.m. in the home of Mr. and Mrs. John Humphreys.

Guests were served from a table covered with a natural colored antique lace cloth over blue, with a fresh spring floral arrangement in the bride elect's chosen colors of pastels.

Pink heart shaped finger sandwiches, assorted sweet breads, nuts and pink heart mints, punch and coffee were served from brass appointments by Mechele Edwards and Shannon Peck.

Star Tennyson assisted the couple in opening the gifts.

Special guests attending were Mr. and Mrs. Terry Tennyson, Mr. and Mrs. B.W. Lambert of Lamesa, Mr. and Mrs. Savoy Tennyson of Stephenville, Mr. and Mrs. Terry Colley, Terra and Brian of Lubbock, Mr. and Mrs. Joe Valdez and Bryan of Ozona,

Mr. and Mrs. Mervin Tennyson of San Angelo and Mr. and Mrs. Carl-Heinz Beck of Hilbourn, West Germany.

The hostesses gift was a Kitchen Center including a mixer, blender and food processor.

Hostesses for the occasion included: Jonelle Bandy, Jeannie Bartley, Ann Carson, Loretta Davis, Dorothy Drake, Mechele Edwards, Kathy Gatewood, Mary Ann Gordon, Deanna Humphreys, Gloria Humphreys, Nell Ingle, Barbara May, Ginia Nichols, Sue Peck, Julie Rigsby and Geneva Whitten.

1/2 teaspoon salt
1/2 cup sour cream
Preheat oven to 350F. Cook noodles according to package directions. In small saucepan, melt butter and cook onion and celery until crisp-tender. Combine noodles, onion, celery, corn, sour cream, salt and pepper. Pour into buttered 11X7X2-inch baking dish. Cut sausage into

serving size pieces. Arrange on top of noodles and partially push down into noodles. Bake in oven 40 minutes or until hot. Makes 4-6 servings.

SMOKED SAUSAGE SKILLET MEDLEY

1 lb. Eckrich Smoked Sausage
1 large firm green pear, cored and cut into pieces
1 16 oz can cut sweet potatoes in light syrup

Cut sausage into serving size pieces. Place sausage, undrained sweet potatoes and pear in large skillet. Bring syrup to boil, cover and simmer 9-10 minutes or until sausage is hot. If thicker sauce is desired, uncover and continue heating to reduce. Makes 4-5 servings.

Latest Arrivals

Jessica Diane Harvey

Mr. and Mrs. Stephen Harvey of Lubbock are the proud parents of a daughter, Jessica Diane.

The young lady was born at 10:32 a.m. Tuesday, May 16 in the Methodist Hospital in Lubbock. She weighed nine pounds and 12 ounces and is the couple's first child.

Grandparents are Mr. and Mrs. Dale Dudley, Mr. and Mrs. Charles Harvey and Mr. and Mrs. Gene Walker, all of Muleshoe.

Great grandmother is Christine Harvey of Norman, Okla.

Bridal Shower Fetes Miss Lauri Burgess

Miss Lauri Burgess was feted with a bridal shower Sunday, June 11 in the home of Mary Moore.

The honoree and her mother, Elaine Burgess greeted the guests between the hours of 2 and 3 p.m.

Thumbprint cookies, with peach centers, and iced orange tea was served from crystal appointments.

The serving table was covered with a white cut work linen table cloth over peach linen, and accented with a peach lilly floral arrangement in a crystal vase. The honoree's corsage consisted of white baby carnations.

Special guests were Naomi Burgess of Earth, grandmother; Thelma Grizzle of Crosbyton, aunts, Dorothy Hodges and Sandra Smith, both of Crosbyton; Elaine Burgess, honoree's mother; and Trisha Burgess, honoree's sister.

The hostesses gifts were a

ENGINEERS HERE LAST WEEK SURVEYING TOWN FOR SEWER SYSTEM

The engineering firm of Montgomery and Ward have men here this week surveying the town for the purpose of furnishing an estimate on the cost of a sewer system. It is necessary that the sewer system be layered in the town before the work of paving the streets can begin, and as soon as it is known what the cost on the system will be the improvement plan, recently approved by the citizens of Muleshoe will be taken up. It is understood that a utilities company is asking for a franchise for the sewer system.

THIRTEEN 4-H CLUBS WITH FOUR HUNDRED MEMBERS NOW IN BAILEY COUNTY

That much interest and activity is being generated in Bailey County regarding boys 4-H Club work is evidenced in the fact that during the past month Finley White, County Farm Agent, has organized 13 such clubs for the boys.

Following much publicity on the matter more than 500 boys and their dads attended meetings in various communities throughout the county for organization purposes, resulting in nearly 400 lads becoming members, and selection of 15 adult leaders for such clubs.

LOCAL BANKS PAY THREE PERCENT ON SAVINGS

Muleshoe Banks have ad-

vanced the rate of interest paid on savings to three percent, compounded semi-annually. Officers of both the Muleshoe State Bank and of the First National Bank announced the increased interest rate Monday of this week.

This increase was made effective in many of the banks of the area.

The local banks now offer one of the best savings plans, and for the people of this area a very convenient one.

LAZBUDDIE FLOOD DAM IS COMPLETED

Late last week, the third phase of a flood prevention dam was finalized and formerly accepted, with the completion of a massive dam north and east of Lazbuddie.

The dam is located two miles north and a mile and a half east of Foster Fertilizer, east of Lazbuddie or approximately 20 miles northeast of Muleshoe.

Under construction for the last two years, the dam is 56 feet tall and 2,200 feet long.

Hospital District

Cont. from Page 1

you'll know too. All our meetings are open meetings, and you're welcome at any or all meetings."

Campbell answered "To obtain more doctors, will their salary be guaranteed?" by saying, "I've never gone out for doctors. We'll just have to negotiate."

Darrell Jennings said if you have a hospital district, you have stability, and can get the doctors. They will know they will have a facility to use, a place to put their patients. I don't think doctors will be a problem.

Another individual asked if sales tax could be used to pay for the hospital district? Dave Marr answered, "Currently, there is no authority for use of sales tax for that purpose. There may be down the road, but that authority does not exist now."

In explaining why the entire school district was not included, it was, "In the early 70's, there was an attempt to create a hospital district in Bailey County. All of the opposition centered in southern Bailey County. The reason given was that those people did not feel they were part of the community, and Muleshoe was out of their trade area."

Marr said almost all of the proposed hospital district is served out of the Muleshoe Post Office.

Another question: "Can the property appraisal be raised? and the answer: "Property values change according to the value of real estate in the community. It fluctuates. However, if the hospital district fails, you can be sure the only direction the value of your property goes is down."

A number of other questions were asked, including what will happen to the facility if the hospital district is not approved? And the answer was, "If the district does not pass, the hospital will be closed and the title revert to the major lienholders, who include FmHA and IRS, along with other debtors."

The level of care, and indigent care were again discussed, along with what properties will be taxed. Also, a question was asked what method of collection was used to try to collect delinquent hospital bills? The answer was Retail Merchants Association of Muleshoe, and a local judge, along with letters from the hospital, offering to work out payment schedules.

Montgomery told the people in answer to: "If the hospital closes, how will it affect the growth of Muleshoe?" He told of the diligent work of the Muleshoe Area Industrial Foundation over the past year. "If the hospital district fails to pass, the Industrial Board will cease to function without a hospital or some type of viable health care. Muleshoe would survive, but it would not grow, it would not prosper."

Richelle Watkins, who has been director of the Bailey County EMS since 1985, told experiences the EMS crew had while the hospital was closed. Also an RN, she works part time in the hospital. "It was very traumatic," she said, "we often had to perform CPR on cardiac patients for 45 miles continuously attempting to keep them alive until we could get them to a hospital that could care for them."

We often had to call an ambulance and crew from Morton or Sudan to come to Muleshoe to stand by, so both our ambulances could be gone at the same time. We need our hospital."

In brief remarks, Dr. Mark McClanahan said he believed the doctors would be forced to leave Muleshoe if they do not have a hospital to treat their patients.

"But, I know Muleshoe could become a regional medical center with passage of the hospital district proposal."

Others speaking in behalf of the district included Panchito Posadas, who said he planned to close his business on election day and take voters to the polls. Nelda Merriott suggested that people look at the hospital tax as a form of "insurance" the same as hospitalization, auto insurance or homeowners insurance.

Billie Downing spoke for the hospital, as did L. T. Johnson, reminding that while the hospital was closed he considered four patients for x-rays a good day, when formerly he handled up to 40 people from a 50 mile radius while the hospital was in full operation.

Connie Haight told how she would have lost her husband if the hospital had not been open. Charles Hamilton told of having to be taken, by ambulance, to Lubbock while the hospital was closed, and the trauma connected with it. Myrtle Creamer spoke of two trips to a hospital, by ambulance, while the hospital was closed, telling the group, "I want a hospital."

Closing out the meeting, Harvey Bass cited pending new legislation which will help small, rural hospitals both on a state and federal level.

He urged everyone to vote for the hospital district, and said he would like to see a 90 percent vote in favor of the proposed Muleshoe Area Hospital District.

It was left on this note -- it is your hospital -- it is your town -- your future -- your health, or the health of a loved one you are gambling with -- whatever you do, go to the polls on Tuesday, June 20 and vote "FOR" the Muleshoe Area Hospital District -- this is protection for your future.

Definition: Inflation - here today, gone tomorrow.

Tax Rebate

Cont. from Page 1

decrease in current payments. For the year to date, they have received \$129,700.38, up 2.77 percent over the \$126,202.96 they had received to date at this time last year. Their current payment was \$14,664.21, down by 8.48 percent from the \$16,022.09 they received for the same pay period last year.

From Parmer County, Friona reports a drastic drop in monthly payments, with \$8,488.13 being received at this time last year, dropping by 29.12 percent to their current payment of \$6,016.78. For the year, Friona is still ahead by 9.63 percent. Their current payments to date are \$53,760.44, up from the \$49,038.32 received at this time a year ago.

Bullock added that the June 1988 monthly allocation was unusually large, so this month's payments compared to June 1988 payments may appear to be slightly lower than they actually are.

"The best indicator of sales tax rebates trends is the year-to-date totals. One payment won't give as accurate a comparison as six payments," Bullock said.

The state's six metropolitan transit authorities and one city transit department received \$33.25 million, an increase of 13.9 percent. This month's rebate is the first to reflect the new MTA tax rates in San Antonio and Austin, which went into effect on

April 1. Another \$6.8 million was allocated to 92 counties that collect the one-half percent county sales tax. June's checks represent taxes collected in April by monthly filers and reported to the Comptroller's office by May 22, Bullock said.

Preventative Medicine For Horses

The single most important item in a preventative medicine program for horses is internal parasite control.

By establishing a good parasite control program in conjunction with your veterinarian, including deworming and pasture management, damage from parasite infections in horses can be minimized, said Spencer Tanksley, county agent with the Texas Agricultural Extension Service.

A parasite control program should focus on eliminating parasites already existing in the horse and controlling the environment through effective management so that the horse will be reinfected with fewer parasites, Tanksley said.

A veterinarian can set up a deworming program tailored to the needs of any horse. Such factors as the environment, health of the horse, and parasites naturally found in your area must be considered in devising a treatment that will insure that the medication is continually effective. Also, a veterinarian can advise on how medication should be administered and on the correct dosage.

An effective deworming program will call for treatments at two-to-four month intervals because of continuous reinfection pressure. Programs should be designed to have major effectiveness against large and small strongyles, pinworms, roundworms and bots, said Tanksley.

**Letter To
Editor**

Letter to the Editor.

Six years ago last March our daughter was accidentally shot with a 20 gauge shotgun. Within minutes the ambulance was at our house and treated her and quickly transported her to the hospital where doctors and nurses were ready to care for her. Lubbock refused her and four days later Galveston could accept her. Thanks to Dr. Muyschondt, Dr. Gregory and the nurses we got the care for our daughter she needed until other arrangements could be made.

You may guess we were more than thankful for a hospital close by. I am so thankful for the support everyone gave our daughter.

Then the month of June a tire blew up in my husband's face - once again we received excellent medical help.

I will vote yes for the hospital district. I hope you will too.

Janice Snell

June 7, 1989

Muleshoe Journal
Muleshoe, Texas 79347

To The Editor:

Last weekend, my husband and I were privileged to be members of the "Muleshoe Train." The hospitality shown by the Jennyslippers and citizens of Muleshoe far exceeded any of

our expectations.

The cookies and punch at the Tolk Plant were a delightful surprise. The tour was interesting, educational and enjoyed by all.

The dinner and entertainment at the beautifully restored depot, the tour of the "Scars" (Janes Ranch) House and TV coverage provided a great evening.

The shoot out and visit in town were enjoyable. Please express our thanks to Carrol and Edna Pearson for a ride in their wagon. It was a special treat for a city girl.

The Heritage House is a lovely Inn. The breakfast, with homemade muffins, was delicious.

The young men who handled our luggage were pleasant, efficient and did a super job.

In Muleshoe, Texas we found the spirit of America. Good, decent, hardworking citizens, filled with great pride for their community. It was wonderful to see your children also involved in the activities.

We left Muleshoe with a warm feeling. Your welcome made strangers feel like neighbors.

If I lived in Muleshoe, I would sure be a Jennyslipper.

Thank you for a memorable weekend.

Dear Friends,

Our visit to Muleshoe on June

2 and 3 was really finished with a bang! I refer to your fantastic "Shoot-out" on Saturday morning.

The Travel Tour group loved all the excitement and attention. What a wonderful experience in this busy world - to find a group of people willing to give their most valued possession - their time - to bring pleasure to others!

We enjoyed everything and will treasure the magnets given as gifts from your company. Please tell all the members of the shoot-out how much it was appreciated and that the mule rides were outstanding.

Yours truly,
Jean Ray

Director, Travel Tours

(Editor's note: The above letter was given to *The Journal* to share with local residents by Darla Rhodes of Joe's Boot Shop and Country Junction. Mrs. Rhodes headed up the "shoot-out" staged in front of Joe's Boot Shop on Saturday morning, June 3. The letter below was received by *The Muleshoe Journal* on Monday morning, written by one of the couples from Oklahoma who visited Muleshoe on the tour.)

**Lower Costs
For School
Bonds Set**

State Comptroller Bob Bullock Friday praised Texas lawmakers for passing an innovative school bond program that will lower borrowing costs for poor school districts.

"I originated this plan and supported it all the way, and it's definitely a step in the right direction. Now it's up to the voters to approve the next step towards financial equity in our schools," Bullock said.

That step will come in November, when Texas voters decide on a constitutional amendment to allow the state to lend financial backing to a new school bond program that was approved by the Legislature in May.

SB 951, sponsored by Sen. Bill Haley, will help bring construction funding to school districts at a significantly lower cost to taxpayers by combining local bond issues into one larger, more cost-effective state bond issue, Bullock said.

"Some of our districts don't have the property tax base that others have, and these education bonds will provide extra money to school districts that need it. At the same time, by issuing bonds on a state level rather than on a local level, administrative costs will drop," Bullock said.

Under the new law, money from the bond sales can only be spent by the school districts on certain items, such as building or renovating classrooms.

The constitutional amendment would allow the state to use the Permanent School Fund to back the state-issued education bonds, which are limited to \$750 million, Bullock said. That fund is already used to guarantee education bonds issued by local school districts.

If the amendment is approved, the state-issued bonds will have the highest ratings possible at the lowest cost, since they will be backed by the state.

**QUESTIONS & ANSWERS CONCERNING THE PROPOSED
MULESHOE AREA HOSPITAL DISTRICT**

Q — Why do we need a hospital?

A — A more appropriate question is: Do we need medical care in our community? A hospital is the institution around which all medical care revolves. Medical CARE is ELECTIVE, you may go anywhere you choose. However MEDICAL EMERGENCY is the NEAREST and BEST facility you can reach.

Q — Why do we need a hospital district?

A — Primarily for stability. The district by allowing for a constant and predictable external funding source for the medical center, will allow it to plan and organize properly. Currently the cash flow situation is so acute that the facility cannot staff and equip itself so that it can handle medicare patients. Medicare patients should be in excess of 60% of the hospital's patients.

Q — What advantage does a hospital district give?

A — It is difficult to attract and retain quality health care professionals without some stability. A medical center which is funded in part by a district is much more stable than one that is not.

Q — Will a hospital district raise taxes? How much?

A — Yes! The temporary board of directors will adopt a budget and the tax rate will be set as a result of preparing that budget. **So as not to mislead, the MAXIMUM TAX the MAHD can levy is 25¢ per \$100 of assessed valuation. THIS MEANS THAT YOU WILL ONLY BE TAXED \$25.00 PER YEAR FOR EACH \$10,000 OF ASSESSED VALUE.** This is only 1/4 of 1% of the assessed value of your property. At this time no one knows what the actual tax rate will be, BUT THIS WILL BE THE MAXIMUM.

The following table illustrates the effect of a maximum rate of 25¢ per \$100. assessed valuation will have on your yearly taxes:

ASSESSED VALUATION	MAXIMUM ANNUAL TAX
\$10,000	\$ 25.
\$20,000	\$ 50.
\$30,000	\$ 75.
\$40,000	\$100.
\$50,000	\$125.
and so on.	

Q — Who is eligible to vote in this hospital district election?

A — Registered voters residing in the boundaries of the proposed district. Those who are eligible to vote are voters residing in the Lazbuddie School District south of a line located one mile north of Highway 145 east of highway 214 and one and one-half mile north of 145 west of highway 214 and those voters residing in Bailey County north of a line established by the southern boundary of the Muleshoe Independent School District.

Q — How were the members of the temporary board selected? For how long? Is it a roving board?

A — A group of persons widely representative of the different geographic areas of the district were asked if they would serve the community. The directors will serve until May, 1991 if the district is created. At that time a permanent board will be elected and new directors will be elected each year.

Q — Can the district board raise the tax to a higher rate? Can they raise the assessed valuation?

A — No! The MAXIMUM RATE at which the district may tax without going back to the people for a vote is 25¢ per \$100. of assessed value. No! The assessed valuation is set by law by the Appraisal Boards in each appraisal district.

Q — Why did the District go outside of Bailey County for its boundaries?

A — The district boundaries were designed to take in the Muleshoe TRADE AREA. Mail routes out of Muleshoe were used in designing the district as well as the boundaries of other political subdivisions. Historically representatives of the Lazbuddie area have been represented on the Hospital Board of Directors. These representatives indicated that the Lazbuddie area was interested in being a part of the district. A representative of the Lazbuddie community, Derrell Jennings, is on the Temporary Board of Directors of the Muleshoe Area Hospital District.

Q — How is a District determined?

A — The district was AUTHORIZED by the STATE LEGISLATURE. It is CREATED by a VOTE of the qualified voters.

Q — Will a hospital district voted in boost our Community?

A — A more appropriate question might be would you move to a community which does not have doctors? Would you move to a community which does not have an emergency room? How long will you stay in a community which does not have the above?

Q — What are three of the most important things Industry looks for when determining to locate in a community?

A — Hospital facilities, public school system and community park system.

Q — How can the hospital operate under these new conditions when it failed when the new hospital was built and also with Westworld?

A — The medical center has never had a continuing and established amount of third party financial support, (a hospital district tax base). As a result the operation has always been strapped for cash. For this reason it has never been able to take full advantage of its facilities and its potential market.

Q — How would the hospital help the older people if it qualifies for Medicare, etc.

A — A minimum of 60% of the West Plains Medical Center's possible patients are the recipients of medicare benefits. Currently Medicare will not pay for patients at WPMC hospital so persons eligible for Medicare have to go elsewhere.

Q — If the hospital district fails, what effect will this have on the Nursing Home?

A — West Plains Medical Center, Inc. owns the nursing home, clinic and hospital. If the corporation ceases to exist the Nursing Home will be closed.

Q — Is it true that if we do not vote in a hospital district here, that Lubbock, or another hospital district could include us in their district and tax us on it?

A — Probably! The legislature will authorize the creation of six hospital districts in our Senatorial District alone during the current session. It is highly unlikely that anyone will be outside of a hospital district in the future.

The MAIN ISSUE to be decided in the June 20th election is to have MEDICAL CARE AVAILABLE IN OUR AREA or not. Assuming a positive outcome, public meetings will be held with the Muleshoe Area Hospital District Board to determine the level of care and a tax rate will be set accordingly, not to exceed the maximum allowable.

CofC President Talks About Hospital District

By: R. A. Bradley

Fifteen Kiwanians, one guest and one honorary member met Friday morning at the Old Corral. Honorary member, Lacy Morris, was the only honorary member present since Chad didn't make it, and Jon Keith Turner is fishing with his family in the mountains.

President Keith Turner is already bragging about the fish they are catching. By the time the Turners get home, the trout they are catching will be small whales.

Vice president Hugh Young called the meeting to order. Scott Churchman led the club in the pledge to the flag and the invocation was given by R. A. Bradley.

Since Justine Hanes has the Friendship coin, and is absent, Hugh Young read a letter from Sweetheart Justine, who stated she was stuck on a sand beach in Hawaii looking for a friend.

Bring that suntanned body back to Muleshoe, and we will help you find a friend. If anyone would like to be a friend to Justine, please let one of the Kiwanians know.

Our guest this morning was Mike Harris.

Robert Montgomery had the program. Robert explained how the Texas legislature had passed and appointed a temporary board with the power to hold an election to see if the people want to form a hospital district, and if we want medical care in the Muleshoe trade area.

The temporary board has set June 20th as the day for people of this area to vote and say 'Yes' we want medical care for this area or 'No' we do not want medical care for this area. This temporary board consists of people from all

sections of this proposed district. They are Tim Campbell, Vance Wagnon, Darrell Jennings, Neal Caswell and Bob Finney. Voice your wants in this very important event. Let these men know what kind of care you want and are willing to pay for.

This board and many others will do their best to answer any questions you might have.

There has been a steering committee set up to help promote and answer questions on this issue. This includes the Chamber of Commerce, or members from it; and members from the Jennisippers, MAC and AARP. You have all heard this discussed and if you have any questions 'please' contact someone who can answer or find answers for you.

The Kiwanis Club would like to encourage everyone to think about this and get out and vote on June 20th. This may be the most important issue you have ever voted on.

Since yours truly has not spoken to all Kiwanians, I cannot speak for the whole club, but I personally would like to encourage you to vote 'YES' that we might keep good medical care in the Muleshoe area.

Father's Day

The 18th is Father's Day — when old Dad traditionally gets a day of thanks.

Though an increasing number of wives work these days, and Dad often isn't the sole bread-winner, any dog deserves his day, once a year.

American fathers are unique. They have, generally, accepted current theories about less parental authority. Modernists think this is democratic and beneficial.

Critics believe it's abdication of the father's responsibility as an authority, which has contributed to a breakdown of discipline, and to juvenile crime.

Whatever, children who enjoy the blessing of loving, well-providing fathers, of character and standing, begin life with a major advantage.

The example set by fathers lives with sons and daughters all their lives.

Not every trash basket catches all the stuff that should be thrown into it.

The amazing thing about one's intelligence is the failure to use what one has.

Sudan News

By: Evelyn Ritchie

Mr. and Mrs. John Richey and children vacationed at Tres Rites, N. M. over Memorial Day weekend.

Zetha Young of Amarillo was here for the eighth grade graduation when her grandson, John, was among the graduates. She also visited with John's parents, Mr. and Mrs. Julian Damron, and other grandchildren.

Laverne Bernethy of Littlefield attended the senior graduation here when her nephew, Michael Conley was among the graduates. Michael's mother, Rita Spring, of Lubbock and his sister, Mr. and Mrs. Roy Wilson of Abilene were also here for the exercises.

Mr. and Mrs. Byron Ford were in Fairfield Bay, Ark. from May 22-26 visiting their son and family, the Billy John Fords.

Kay Lynn and Kendra Whitten and Jimmy Kyle Glasscock are home from college for the summer working in Muleshoe and Littlefield.

Missy Fisher has returned to Lubbock and Health Sciences Center after a two-week vacation and visiting here with her mother, Josephine Fisher and with other relatives.

Mr. and Mrs. Calvin Vernon vacationed recently in the New Mexico mountains.

Mr. and Mrs. Kenneth Richards and Kenna Sue recently vacationed in Hawaii.

Susan Nettles, Krista and Danielle of Lubbock visited here during Memorial weekend in the home of Mr. and Mrs. Glen Cardwell.

Lula Burnett is home from Methodist Hospital where she underwent knee surgery.

Mike and Shawni Nix are home from visiting with their daughter and family, Mr. and Mrs. Clifford Watson and infant son Seth Allen, and Melissa Nix in Longview. They also visited Jeannia who is at SMU for the summer.

Spending Memorial Day weekend with the Nolan Harlan family was her sister, Bernice Nelson of Victoria. Also with the Harlans Memorial Day was Bascom Nelson of Dimmitt, and Nolan's sister-in-law, Bernice Nielson. Bascom is the former owner and publisher of the Castro County News.

Visiting in the L.E. Harper home this week was her mother, Mrs. Henry Sager.

Janet and Clifford Watson of Longview announce the birth of their infant son, Seth Allen Watson.

Seth was born Thursday, May 18 and weighed 8 lbs., 8 oz., and was 21 1/2 inches tall.

Grandparents are Mike and Shawni Nix of Sudan and Pat and W.T. Watson of Muleshoe.

Great-grandparents are Mr. and Mrs. Olin Nix of Sudan, Mrs. Hazel Reeves of Paul, Idaho, and Mrs. Buelah Moody of Rupert, Idaho.

Tim Gage of Waco visited last weekend with his grandparents, Mr. and Mrs. Ves Patterson. His mother, Fredda and Buddy of Austin were visitors this past weekend with her parents, the Pattersons.

Sue Cardwell of Greenville visited last week here with her mother, Bill Davison.

Clayton Wells returned home Sunday, from Methodist Hospital. Mr. and Mrs. Claude Patton of Lubbock brought him home and Mary Williford of Abernathy was also visiting and spent the night with him.

Visiting this week in the home of Mr. and Mrs. U.J. King was her aunt of Farmington, N.M. Also there were Angela Evins of Fieldton, and Elaine Perry of Portales, N.M., and Gwenna Gore and girls.

Mr. and Mrs. Jim Ingle and T.J. attended a family reunion at Rockdale for the Johnson family.

Ebot J. Tubis, president of Outstanding College Students of America in Washington, D.C. has announced that Shawnda D. Masen Wood has been named as an Outstanding College Student of America and will be included in the prestigious 1989-90 OCSA Directory.

As a new inductee, Shawnda will be listed among the top college students across the country in Outstanding College Students of America Directory.

This directory is distributed to many of the nation's colleges, universities and corporations to ensure our members the national recognition they merit.

Betty Harlan and son John went to Carlsbad, N.M. to visit her mother, Mary E. Britt, at Lakeview Christian Home. They also visited with her sisters, Adele Cole, Geneva Halthcock and Bernice Nelson.

Mr. and Mrs. Noel Lumpkin of Littlefield visited their sister, Virginia Rone Sunday and attended church services at the United Methodist Church.

Word was received that Ray Graham of Austin, a former Sudan resident, recently died.

WHAT ARE GHOST ACRES

- QUESTION: What are they?
• ANSWER: Double crop acres which follow failed (prior to May 15th) small grain acreage.
- QUESTION: Can they be planted to grain sorghum?
• ANSWER: Yes, but milo crop isn't eligible for the loan or any other program benefit. These acres do not count against permitted feed grain acreage.
- QUESTION: Will ghost acres planted to grain sorghum violate cross compliance regulations?
• ANSWER: No, sorghum can be fed or sold on the open market.
- QUESTION: Am I eligible for a disaster wheat payment if I plant these acres to grain sorghum?
• ANSWER: Yes, if approved.
- QUESTION: Is ghost acreage milo eligible for multi-peril F.C.I.C. insurance?
• ANSWER: Yes, see your agent for details.

GOLDEN ACRES... recommends

the following varieties for ghost acres in the Texas-Oklahoma Panhandle.

- T-E 35 Red, medium early with maximum drought resistance for dryland. Short, uniform, excellent standability. Good yield potential for maturity.
- T-E EMPIRE Medium maturing Biotype E resistant, hetero yellow recommended for dryland or limited irrigation. Slightly shorter than T-E Y-101-R with comparable head exertion.
- T-E Y-60 Yellow-white cross, extremely droughty. Medium maturing with good seedling vigor and emergence. High yields under favorable conditions. Not recommended for full irrigation and intensive farming practices due to above average height under these conditions.
- T-E Y-75 Biotype E resistant medium red. Stay green strong stalk. Big yield potential under limited or full irrigation.
- T-E Y-101-G Biotype C resistant, medium late. A popular choice because it combines a short, strong stalk with record yields under favorable conditions. Recommended for irrigation.

HOROSCOPE
WEEK OF June 12, 1989

GEMINI - May 21 to June 20 - Keep your eyes open for new business opportunities. A promotion could be forth coming if you remain alert. Hard work pays off.

CANCER - June 21 to July 20 - Get rid of that wanderlust feeling. It is much better to stay put and work towards improving your current situation.

LEO - July 21 to Aug. 20 - Resist the temptation to spend money on items you don't need. Spend time with friends you enjoy. Stay away from those who irritate you.

VIRGO - Aug. 21 to Sept. 20 - Improve your living quarters by making them neat and clean. Find a place for everything and keep everything in its place.

LIBRA - Sept. 21 to Oct. 20 - Seek ways to increase your income. Stay within your spending limit.

SCORPIO - Oct. 21 to Nov. 20 - Honesty is the best policy, even though it may seem painful for a brief moment. Level with someone. They'll be glad you did.

SAGITTARIUS - Nov. 21 to Dec. 20 - Be conservative now with your spending. In the near future you should be seeing loved ones you have not seen for quite some time.

CAPRICORN - Dec. 21 to Jan. 20 - Take steps to begin a health improvement program. Moderate exercise, a carefully planned diet and little or no drinking will make you feel much better.

AQUARIUS - Jan. 21 to Feb. 18 - Take things a bit easier this week. Spend some time in quiet meditation to plan your future.

PISCES - Feb. 19 to March 20 - A short trip this weekend could be extremely enjoyable. Combine business with pleasure. This should be a financially rewarding period.

ARIES - March 21 to April 20 - Choose your friends with great discrimination as there are those who would take advantage of your generous nature.

TAURUS - April 21 to May 20 - A planned reading program is essential for you now. Books on positive thinking, religion and those with subject matter related to your field of endeavor should be included in your list.

Bush cautions West not to drop their guard against the Soviet union.
Cheops pyramid reopened to tourists after repairs.

Definition of Legal Publication
Art. 28A. Legal Publication, Definitions.
"The following terms shall, unless the context indicates otherwise, have the following respective meanings:

"(1) The term 'publication' shall mean any proclamation, notice, citation, advertisement, or other matter required or authorized by law to be printed in a newspaper or newspapers by any institution, board, commission, department, officer, agent, representative, or employee of the state or of any subdivision or department of the state, or of any county, political subdivision, or district of whatever nature within the state, whether to be paid for out of public funds or charged as costs or fees.

"(2) The term 'newspaper' shall mean any newspaper devoting not less than twenty-five per cent (25%) of its total column lineage to the carrying of items of general interest, published not less frequently than once each week, entered as second-class postal matter in the county where published, and having been published regularly and continuously for not less than twelve (12) months prior to the making of any publication mentioned in this Act, except that any weekly newspaper shall be allowed to omit two (2) publication issues in twelve (12) months and still retain its status as a newspaper eligible to make any publication mentioned in this Act.

"(3) The term 'political subdivision' shall include cities, towns, and villages, but this definition shall not be exclusive.

"(4) The term 'district' shall include school districts of every kind, road districts, drainage districts, irrigation districts, levee improvement districts, conservation and reclamation districts, and improvement districts of every kind, but this definition shall not be exclusive.

"(5) The term 'shall' whenever used in this Act shall be construed as indicating mandatory provisions in this Act.

"(6) The officer, employee, agency, or persons charged with the duty of inserting any publication in a newspaper or newspapers shall select the newspaper or newspapers in which such publication is to be inserted."

Effective August 23, 1963
(VATS Art. 28A.)

[The Muleshoe Journal and Bailey County Journal are the only newspapers in Bailey County that meet the above requirements.]
