## Cole Will Head Campaign for Boy Scout Funds

As an outcome of a board meeting of the Eastern New Mexico Area Council of the Boy Scouts of America in Portales Tuesday night, G. Taylor Cole has been named campaign manager for the Gateway District to raise funds during the annual council financial drive, to be staged Oct. 15 through Nov. 23.

Cole was appointed by S. P. Yates, financial chairman for the district.

At the meeting in Portales, about 50 members from over the area set \$55,000 for the goal this year in the campaign, which was separated from the Community Chest.

Melvin Schumpert of Portales, area finance chairman, said the new budget shows an increase of nearly \$4,000 over that of last year, and explained that this increase will go toward taking care of the larger enrollment in the area Scout camp at Weed, and for higher costs of administration. He said that more than 600 boys attended the camp this summer, nearly double the number for the year before.

C. M. Henderson of Farwell, area vice chairman, was in charge of the meeting in the absence of T. M. Cramer, council president, of Carlsbad.

The board voted to hold the annual winter meeting at Lovington in December.

The general purpose of the meeting was to plan and set objectives for Boy Scouting for the coming year.

Attending from Artesia were T. Stovall, district chairman, and Cole, Yates, Earl Grabhorn, A. R. Wood, Howard Stroup, Walter G. Short, and Rufus Waltrip, members of the Gateway District committee.

## Phones Increase 229 Per Cent in Last Decade Here

Number of telephones in Artesia has increased 229 per cent in a decade while in the same period population increase has been 99 per cent, according to figures compiled by W. F. Hinde, local manager of the Mountain States Telephone & Telegraph Company.

On Aug. 1, 1940, there were 817 telephones here, while on the same date this year there were 2694 in the Artesia exchange area.

During the five years since V-J Day, Artesia telephones have more than doubled. This means that more telephones have been added since the war ended than had been gained in all previous years of the company's operation here.

Ratio of telephones to population has risen from one telephone for every five persons in 1940 to one telephone for every three Artesia residents in 1950.

As the number of families and business concerns having telephone service increase, Hinde pointed out, the value of each telephone also increases because of the large number of other telephones available to each subscriber.

Number of local calls handled by Artesia operators has increased from 4147 each day in 1940 to 15,109 per day in 1950. Long distance calls have grown from a daily average of 179 to 444 over the same period, illustrating the rapidly increasing calling rate from Artesia to other points both in New Mexico and throughout the nation.

Number of local operators has increased from 14 in 1945 to 39 at the present time.

## BULLDOGS ARE SET FOR RATTLERS TONIGHT

Here are the Artesia Bulldogs, 37 strong, who will meet the strong Tucumcari Rattlers on Morris Field at 8 o'clock tonight in the second game for the home gridders, the first for the visitors this season.

The Rattlers defeated the Bulldogs at Tucumcari last year. And the Tucumcari squad is again strong.

In their baptism of fire Friday of last week at Jal, the Bulldogs defeated the Panthers 22-14.

The stalwarts of the Artesia Bulldog varsity who will clash with the Rattlers tonight:

Front row, left to right—Bill Brown, Buster Brown, Lewis

Campanella, Doug Whitfield, LeRoy Rutledge, Ozell Roberts, Albert Calloway, Bobby Loyd, Howard Price, Joe Harbert.

Second row—Don Golden, Fred Hernandez, James Briscoe, Ivan Clay, Vernon Haldeman, A. L. Terpening, Doyle Cole, Pug Bailey, Don Mullins, Alfred Terry.

Third row—Evee Hooker, Jerald Johnson, Lowell Irby, Dick Cranford, Sunny Garner, Harold Grissom, Clarence Lamb, Bobby Morgan, Clarence Conner.

Back row—Fug Garner, Yumpy Barker, Larry Eadle, Mervin Morgan, Barry Hager, Jimmy Juarez, Roy Johnson, Murray Boyd.

## Nine Babies Are Born at Hospital During Last Week

Five girls and four boys were born in Artesia General Hospital from Thursday of last week to this Thursday. They were:

A daughter, Quita Darlene, born to Mr. and Mrs. E. L. Latham. She weighed seven pounds 15 ounces, and was born Thursday of last week.

Karen Leona, a daughter, born Friday of last week to Mr. and Mrs. Leon Self. She weighed five pounds 15 1/2 ounces.

Mr. and Mrs. Eddie West are the parents of a daughter, Judy Ann, born Friday of last week. She weighed six pounds one-half ounce.

Homer William Heathman III, a son, was born Friday of last week to Mr. and Mrs. Homer Heathman, Jr. He weighed eight pounds nine ounces.

A son, Joel Jasper, was born Saturday to Mr. and Mrs. T. J. McDaniel. He weighed six pounds six ounces.

Mr. and Mrs. Reese Smith are the parents of a daughter, Lou Ann, born Monday. She weighed seven pounds four ounces.

A son was born Wednesday to Mr. and Mrs. Thurman Allen. He weighed eight pounds 10 ounces, and has not been named.

Barbara Ann, a daughter, was born Wednesday to Mr. and Mrs. Richard Lewis. She weighed nine pounds 14 1/2 ounces.

Mr. and Mrs. Bobby Joe Smith are the parents of a son, born Thursday. He weighed five pounds 12 ounces, and has not been named.

## Membership Drive Is Announced at G.P.A. Barbecue

At the annual barbecue of the North Eddy County chapter of the Game Protective Association Wednesday night in the high school cafeteria, plans were made for a membership drive and contest to run to Nov. 1, for which prizes of a 30-30 rifle and fishing equipment were announced by R. N. Russell, president.

F. L. Green, chapter secretary, who served as toastmaster, introduced Jack Sampson of Santa Fe, director of publications and information, State Department of Game and Fish, who spoke briefly and then showed three motion pictures of wildlife, one each on shore birds, pheasants and big game in Montana.

It was explained membership fees are \$2 for adults and \$1 for school children and that the membership is open to men and women, boys and girls.

In the contest, each membership counts equally, whether for an adult or a boy or girl.

The toastmaster introduced President Russell and all officers and members of the board.

They were: Honorary directory, Clyde Roberts, immediate past president and L. W. (Speed) Simmons, deputy game warden; vice president, Russell Hill; treasurer, J. L. Briscoe; members of the board, James Allen, E. P. Bach, Orville Gray, Tom Mayfield and Forrest Lee.

It was announced regular meetings will be held the first Wednesday evening of each month.

About 175 persons attended the barbecue and meeting.

## Crap Game Raid Early Sunday Costs Negroes

Eight Negroes were fined \$15 each Monday by Justice of the Peace J. D. Josey for gambling and a ninth, who had been arrested with them in a raid early Sunday morning, forfeited a \$25 bond when he failed to appear in court.

The nine and another Negro, who was charged with intoxication, were arrested in a tent at the cotton compress north of the city about 2 o'clock Sunday morning, when State Police Patrolman Bud South and Deputy Sheriff Irvin (Puss) Martin, assisted by three city police, walked in a crap game.

One of the officers said so smoothly did the raid work that one of the men was in the act of "speaking to the dice" when they entered.

It had been reported the Negroes were making considerable noise in the tent and the officers went out to investigate.

Fined \$15 each were Lester Dawson, 53; Jim Gary, 50; Willie John Hutson, 28; Anise Kelly, 30; James Raglin, 40; Wardell Ashley, 38; Elbert Forest, 44, and Harvey Price, 44.

Paul Ray Raglin, 37, who is believed to be the one who was in the act of speaking to the dice, was also fined \$15.

## Kids of School Age Must Have Permits to Work

Now that school has started, cases before Justice of the Peace J. D. Josey for parents not having their children in school have started. He has already had to fine two parents.

Judge Josey said that the law requires all children 6 through 16 years old to attend school, except that work permits may be obtained for children 14 through 16 from school authorities, if it is proven necessary for them to work for the support of the family.

Tom Mayfield, superintendent of Artesia schools, said official work permits are issued for periods of six months and may be renewed if the necessity still exists.

He said anyone employing a child of school age should have the child's work permit where it can be readily exhibited.

It is the employer's business to see that no child of school age works for him without a permit and the parent's responsibility to see that his children are in school, Superintendent Mayfield said.

## Rev. Ralph O'Dell Elected President Of Kiwanis Club

Election of officers for 1951, a visit by the lieutenant governor, and speech by a Hagerman minister were the portions of the three-way program of Artesia Kiwanis Club at noon Thursday in Masonic Temple.

Rev. Ralph L. O'Dell, minister of the First Presbyterian Church and club vice president, was elected the new president, succeeding Justin P. Newman.

Taking O'Dell's former place is Rufus Stinnett.

In naming the board of directors a three-way tie occurred, requiring a run-off in the meeting next week. There are seven on the board in all.

Burl Sears, Perry Stigler, and Paul Dillard are in the run-off. Other directors elected were Vernon Bryan, Howard Haynes, John A. Mathis, Jr., Tom Hymer, and Paul Frost.

New officers take over on Jan. 1. Jim Kaster of El Paso, Division 3 lieutenant governor, was a special guest. He asked for a big turnout at the division fellowship meeting in Ruidoso tomorrow and (Continued on Page Six)

## Grand Master of I.O.O.F. Makes His Official Visit

Rev. John Klassen of Albuquerque, grand master of the I.O.O.F., made his official visit to Artesia Lodge No. 11 Wednesday night.

A turkey dinner was served at 6:30 o'clock and the night meeting convened at 8 o'clock.

Grand Master Klassen gave an interesting and inspiring address on the present crisis and the necessity for the nations who believe in God and the fellowship and liberties of mankind to establish themselves firmly against the forces of atheism and hatred.

Several visitors from Roswell and Carlsbad were in attendance.

## Annual Cakewalk By Band Aides To Be Oct. 7

The annual cakewalk sponsored by the Artesia Band Aides to raise funds in support of the high school band, will be held Saturday, Oct. 7, at Fourth and Main Streets, the location of cakewalks in former years.

Mrs. V. A. Lane, president, announced Mrs. Tom Franklin will be in charge.

An appeal was made to everyone in the community to donate cakes for the cakewalk, to be offered as prizes. Not only is it hoped that members will respond generously, but that others interested in the band will give cakes.

Likewise an appeal was made to the general public to support and take part in the cakewalk, a game played in a circle in the street after the manner of a human wheel of chance, the winner of which is awarded a cake. Each game lasts only a few minutes.

The money raised from the cakewalk is the principal source of income of the Band Aides, which underwrites the cost of trips for the high school band, buys needed instruments, and plans to replace the present band uniforms a year or two hence, when the need arises.

Russell Lewis, band director, reviewed the trips taken by the high school band last year and discussed trips planned for the current school year.

He said it is definitely planned for the band to accompany the Bulldogs to the football games at Lovington on Sept. 29, Carlsbad on Nov. 17, and Hobbs on Nov. 23 and to play in the opening parade of the Eastern New Mexico Fair at Roswell in October.

Director Lewis said it is also hoped that the band will be able to accompany the Bulldogs to Las Cruces for the football game there Oct. 20. This will depend somewhat on the success of the cakewalk Oct. 7.

Band Aide members and others interested in supporting the band (Continued on page six)

## Council Discusses Proposed Gas Tax Wednesday Night

The Artesia City Council at a regular meeting Wednesday night discussed at great length the proposed cent-a-gallon gasoline tax for the maintenance of city streets, but no action was taken.

Passage of an ordinance for the tax is expected to be made at a special meeting, which Mayor Oren C. Roberts called for 5 o'clock Monday afternoon.

The Wednesday meeting was adjourned until that time, after the council had been in session from 7:30 o'clock to after midnight.

Mayor Roberts and councilmen discussed the proposed tax in detail, with the welfare of the citizens of the community and the city streets at stake.

The mayor said the council does not wish to burden the citizens with an unjust tax, but he and the council members do not feel the gasoline tax to be unjust. On the other hand, he said it is believed the state tax will be lowered somewhat.

It was brought out in the discussion that the city is spending all it possibly can out of its budget for street maintenance, but that there are not sufficient funds available for the job.

With the city nearly all paved, the problem of further street construction is approaching solution, but many of the streets are wearing badly and they must be repaired, or go to pieces, it was brought out in the discussion.

The council also considered bringing in two new additions, but deferred action on that as well.

Under consideration is a plat west of 13th Street and south of Main Street and another south of Main Street east of the Santa Fe tracks.

A committee of citizens urged the council to do something about the traffic on West Main because of the danger to school children having to cross.

The council was urged to put in traffic lights at 13th and Main Streets, in spite of protests of the State Highway Department against lights at that intersection.

## Steps to Broaden V-J Celebration Taken Wednesday

First steps to broaden the scope of the annual V-J Day celebration in Artesia at a meeting Wednesday evening at the Veterans Memorial Building, called by the central committee of the United Veterans Club, consisting of the American Legion, Veterans of Foreign Wars and Disabled American Veterans.

J. T. (Jack) Easley, chairman of the central committee, who presided, explained that the celebration, started by the veterans, is in reality a community affair, one in which all groups should have a part, in helping to build and boost the Artesia area.

Easley said the United Veterans Club has sponsored the annual celebration by way of helping the community and is willing to make every concession for the good of Artesia.

But the celebration has grown too large to be handled or sponsored by the one organization alone Easley said. Several other organizations took over part of the responsibility for this year's celebration, but it was not communitywide as far as sponsorship is concerned.

The type of V-J celebration which has been staged here the last three years requires about \$12,000 to underwrite. And fortunately the celebration has grown to where it now comes out in the black, Easley said. But one bad year would hurt the U.V.C. greatly and that would probably be the end of it.

On the other hand, Easley said, if it is made a community wide affair, jointly sponsored by all organizations and properly underwritten, the celebration can continue to grow and advertise Artesia with an advantage to all.

Easley pointed out that perhaps the rodeo aspect of the celebrations although an important part, should not be stressed so much, but that rather more attractions should be figured out, so as to appeal to all groups.

It was agreed at the meeting that the representatives of the various organizations present report back to their groups, each of which is to name one representative to a committee, which will meet Oct. 11 for further discussion on the celebration problem.

At that time it is probable plans will be started for next year's celebration on a communitywide basis.

About 40 men were in attendance, representing the Kiwanis, Lions, Rotary and 20-30 Clubs, three veterans' organizations, Artesia Roping Club, Chamber of Commerce and Junior Chamber of Commerce.

## Henry Lamb, Grower, and First Bale Cotton Pictured

Henry Lamb, center, is shown here with the first bale of 1950 cotton ginned in the Central Pecos Valley, which he consigned to the Atoka gin of the Artesia Alfalfa Growers Association on Aug. 29. The 445-pound bale of middling 1 3/32-inch Acala 1517 was sold under the sponsorship of the Artesia Chamber of Commerce at auction at the association's office on East Main Street and was bought for the association by Tom Hymmer, officer manager, on left, for 65 cents a pound. The cotton market price on the day of the auction was 41 cents. Hollis G. Watson, right, former mayor of Artesia, served as auctioneer.

## POT POURRI

A number of our readers called attention to Jimmy Hatlo's cartoon, "They'll Do It Every Day," in the Tuesday issue of The Paso Times.

All thought it quite apropos of Artesia, as do we.

The cartoon depicted a couple a convertible about to enter the town of New Roquefort, as heralded on a sign, "Welcome to New Roquefort—America's Most Beautiful City."

The beautiful city is seen in the background. But in the foreground a heap of discarded jalopies, other junk and a poorly kept cemetery is not right on the high way, so we can skip that.

But the scene in general is somewhat reminiscent of what one sees coming into Artesia, which in reality is a beautiful city, something which the average tourist does not see as he whizzes through.

As Jimmy Hatlo says, "They'll Do It Every Time."

There's a project for some civic-minded organization to look into, perhaps the hard-working Jaycees.

We don't know who sent it, so that's why we're passing the information along, but early this week we received an empty envelope in the mail with the return address: Box 1465, Artesia.

We shudder to think it might have been supposed to contain a hot item, which we did not get.

Or perhaps the renter of Box 1465 intended to send a check for subscription renewal, or to settle an account. That would be bad also.

It's all very confusing. But well have to hope that the person who gets his mail in Box 1465 reads this and sets us straight.

Did you know that school bus No. 1, of which John Boans is driver, hauls 300 pupils each day of school, in four trips, and for each month of 20 school days it carries 6000?

In other words, John has the responsibility each month of transporting cargo having a value of 600 million dollars, for which he receives in driver's pay \$65.

That's worth thinking over.

The ink was hardly dry on this column Tuesday when we began to find out we were still having pinocchio trouble.

It seems that somebody—probably we—knocked the "h" out of pinocchio.

We were telling about having had to call Russell Floore, the "foremost," to find out for a wedding story, which mentioned Pinocchio roses, just where the double name in—"n," "o," or "c," as we could not find the word in any of our reference books and members of the staff could not agree.

And all the way through that explanation, we spelled it: "Pinocchio."

As we said, the ink was hardly dry before we began to hear about it.

To start off, Mrs. Glenn Sharp, one of the best informed rose authorities in Artesia and an active member of the Garden Club for many years, ribbed us gently as she took us to task.

And then Floore called us up to tell us we weren't doing right by poor Pinocchio by knocking the "h" out of him.

We have been handed the Hymn of Nations, which is sung to the tune of "America" in this nation and "God Save the King" throughout the British Empire. Other nations might just settle on "America" and sing to it these beautiful words, the author of which we know not:

All people of the earth share but one common birth, One destiny; One sun shines o'er us all, Alike we rise and fall, One night will spread its pall eternally.

Great God of all the earth, Lead us to know the worth of sympathy; May fellowship increase, May all contention cease, O may we dwell in peace and unity.

Elephants, whether in the jungle or circus, never all lie down to sleep at one time, one or more remaining on the alert for any possible danger.

We might do well—as a nation—to emulate the elephant.

—A.L.B.

## Bayer Resigns As Sub-District 20-30 Governor

Oscar Gayer, who has been recalled to active duty in the Air Force, has resigned as sub-district governor of 20-30 Clubs, to which office he was elected at a convention in Roswell in July.

## Not 'National Book Week' But School Needs 'Em Back

It's a long time yet until "National Book Week" but Artesia High School library would like to see a local observance of that special week right now.

By observance the library means the speedy return of books belonging to the library that have been taken out and not returned.

A check-up of shelves and attics for the books is the method of observance sought, along with return to the library.

Lois Nethery, high school librarian, stressed the fact that the move was no scheme to collect fines embarrass anyone, added that if someone had a book belonging to the library yet felt chagrined about turning it in, to simply call the school and the book would be picked up.

"All Artesia High School library books are plainly marked," she said.

Holding a stack of cards she said the batch probably represented 500 missing books.

There are 5000 books in the library to serve the 1000 high and junior high pupils. Budget allotment is \$1 a student to buy books. This cost does not take into consideration the mending of volumes, purchase of magazines, and special reference works.

In this connection she mentioned

a missing copy, Volume 13 of a 1948 Americana Encyclopedia.

One book missing destroys the value of the set and she estimated the loss as representing \$12.50.

How do the books get lost in the first place?

The answer is pupils either take books out without checking, or check the books, take them home, and forget to bring them back.

While the librarian is alert, it is impossible to observe every student and to see if the books taken out are checked out properly.

The librarian said school costs were closely watched and all departments reminded of budget limitations.

Books in the library cover a wide range, biography, travel, sports, and reference works of all kind. The library serves partly as a study hall.

Summarized, the deal is this: Every missing book represents a loss to the school, and is a waste of the closely-watched funds raised by taxes to support the schools.

# SOCIETY

## Mrs. Ralph W. Rogers Is Installed As President of American Legion

Mrs. Ralph W. Rogers was installed as president of Clarence Kepple Unit No. 41, American Legion Auxiliary, at a meeting held at 7:30 o'clock Monday evening in the Veterans Memorial Building.

The meeting was called to order by Mrs. Briscoe, and the meeting was opened with the advancement of colors by Mrs. John Lively and Mrs. Lee Francis, after which the National Anthem was sung, accompanied by Mrs. John Runyan at the piano.

The minutes of the last meeting were read by Mrs. Rogers, seven past presidents answered roll call.

At an executive meeting Aug. 31 at the home of Mrs. Briscoe the auxiliary voted to donate \$200 to the American Legion to help defray expenses of the recent state junior baseball tournament here and also notified the central committee that the auxiliary would donate \$100 toward light fixtures. The unit also donated \$25 to the war orphans' fund.

A letter of appreciation was read from John Simons, Jr., commander of the American Legion thanking the auxiliary for the donation.

Mrs. Earl Darst was appointed to fill the vacancy on the executive board, created by the resignation of Mrs. Harry B. Gilmore.

It was announced the auxiliary will serve a dinner Monday, Sept. 25, at a Magnolia Petroleum Company distributors' meeting.

Interesting reports were given on the state convention held in Ruidoso last week by Mrs. Darst, Mrs. D. M. Walter, Mrs. Bryan Runyan, Mrs. John Runyan, Mrs. R. Paton, Mrs. Albert Richards, Mrs. Lillian Bigler, Mrs. Rogers, Mrs. Andy Company, and Mrs. John Lively.

Mrs. John Runyan, chairman of music month presented Miss Marjorie Storm, who played two accordion solos, "Play Gypsy, Dance Gypsy" and "Tea For Two."

Mrs. John Mathis, Jr., child welfare chairman, reported that she had given several donations to needy families.

Mrs. Darst, membership chairman, reported 114 paid members for 1951 and that the Artesia unit was awarded a prize at the convention for the most paid members for 1951.

Mrs. H. R. Paton, who was elected state president at the Ruidoso convention, was the installing officer and she was escorted to the chair by Mrs. Lively with Mrs. John Runyan at the piano.

Other officers installed were: First vice president, Mrs. Bryan Runyan; second vice president, Mrs. L. E. Francis; secretary, Mrs. H. B. Gilmore; treasurer, Mrs. Herman Fuels; chaplain, Mrs. Garland Stuart; sergeant-at-arms, Mrs. Arthur Paton, and historian, Mrs. John Lively.

All officers were attired in formals.

Mrs. Briscoe was presented a past president's pin. She thanked the unit for the courage and help members had given her the last year.

Mrs. Rogers expressed her thanks for being elected president and said that with the help of the members she would try to carry out the work for 1950-51.

Mrs. Rogers announced her committee chairmen for the year, as follows: Americanism, Mrs. Albert Richards; child welfare, Mrs. John Mathis, Jr.; education of war orphans, Mrs. Lillian Bigler; finance, Mrs. Andy Company; girls state, Mrs. D. M. Walter; membership,

Mrs. Earl Darst; legislation, Mrs. Dave Bunting; music, Mrs. John Runyan; national security, Mrs. Wade Cunningham; Pan-American study, Mrs. J. B. Muncy.

Past Presidents' Parley, Mrs. J. L. Briscoe; poppy, Mrs. P. V. Morris; publicity, Mrs. J. L. Long; rehabilitation, Mrs. Raymond Bartlett; trophies and awards, Mrs. H. R. Paton, and courtesy, Mrs. L. E. Francis.

Mrs. Briscoe introduced Mrs. Paton as state president, who in turn thanked her home unit for endorsing her as a candidate and for the fine support she received at the state convention. She gratefully acknowledged that whatever honor she may attain, first comes from her home unit.

She said she is taking membership this year as her project. "With our country facing World War III, we need as never before to keep our auxiliary strong, and we can only keep our auxiliary strong through membership," Mrs. Paton said.

Her motto for the year is "Building With Christ." She said, "We need to return to faith—faith in our God, faith in our country, and faith in each other."

She asked that all units in the department close their meetings by singing, "God Bless America," as a prayer.

"With that faith, we can keep America and America's way of life American," she said.

She expressed her appreciation to the unit and Clarence Kepple Post 41, American Legion, for the two lovely bouquets of flowers that were presented by Mrs. Briscoe and Mrs. Rogers to her at the installation ceremonial at Ruidoso.

"To each of you who had faith in me, I can only say thanks to you," Mrs. Paton concluded.

Mrs. Darst was chairman of the minutes examination committee at the state convention in Ruidoso.

At the close of the meeting doughnuts and coffee were served from a lace-covered table centered with a bouquet of fall flowers.

Mrs. Briscoe presided over the silver service. The room was decorated with bouquets of fall flowers. There were 37 members and a guest, Mrs. C. C. Morgan, present.

Hostesses were Meses, John Runyan, Bryan Runyan, J. W. Kennedy, G. B. Dungan, and Francis.

The next meeting will be a joint covered-dish supper with the American Legion, Monday, Oct. 2.

Builders of Rowley Residence Guests There at Barbecue

A unique party was held at the new residence of Mr. and Mrs. Marshall Rowley, 1002 Ward.

It was a barbecue at which the men who built the house, electricians, and other workers, and their wives, were guests.

Tom W. Heflin was the general contractor. Attendance at the barbecue, held Sept. 9, was 60.

Officers for the year of 1950-51 are: President, Mrs. Leroy Crawford; first vice president, Mrs. Ralph Nix; second vice president, Mrs. Ivan Herbert; secretary, Mrs. Bill McGinty; treasurer, Mrs. Ben Wilson; parliamentarian, Mrs. Emmett Gage and corresponding secretary, Mrs. D. D. Archer.

The committee chairmen are: Budget and finance, Mrs. Clyde Hicks; hospitality, Mrs. Hugh Parry; P.T.A. magazine, Mrs. Cecil Colvin; publicity, Mrs. R. B. Rodke; room representative, Mrs. J. J. Clarke, Jr.; safety project, Mrs. Johnny Williams and telephone, Mrs. George Ferriman.

CHURCH WOMEN PLAN APPLICATION OF PRINCIPLES

Eleven members of the executive board of the Artesia Council of Church Women met in the ladies' parlor of the First Methodist Church Monday afternoon to appoint committees and make plans for the application of religious principles to current problems, that the country may have a part in the building of a world Christian community.

GO TO CHURCH

THE GORGEOUS ONE RETURNS!

Glorious Gloria Swanson (right), first and greatest of the Hollywood glamour girls, smiles approvingly at the brief bolero jacket with white pique trim on the "Boulevard" suit by Betty Rose. The fashion features of the worsted crepe suit, made by Stern-Siegman-Prins Company, were inspired by her picture called "Sunset Boulevard."

## Central School P.T.A. Honors Teachers at Tea

Teachers of Central School were honored with a tea at a Central School Parent-Teacher Association meeting Wednesday afternoon in the school music room.

Mrs. William M. Siegenthaler, president, presided at the business meeting.

Mrs. Paul Frost was appointed chairman of home room mothers and Mrs. Paul Francis, budget and finance chairman, submitted her resignation.

Mrs. Charles Ransbarger was elected president of the Homemakers' Circle of the First Baptist Church at an all-day meeting Thursday morning, at the home of Mrs. G. T. Hearn, with Mrs. N. H. Jones as co-hostess. Mrs. N. H. Cabot is outgoing president.

Other officers elected were Mrs. J. S. Mills, vice president and Mrs. N. H. Cabot, secretary-treasurer.

The day was spent in quilting and visiting and at noon a covered-dish luncheon was served.

Mrs. Cabot, presided at the business meeting. Mrs. J. D. Josey gave the devotions and the meeting was closed with a prayer by Mrs. T. J. Bratcher.

C. A. Stalcup, principal, introduced new teachers and made a room count of mothers present. The P.T.A. is giving to the home rooms represented 5 cents for each mother, 10 cents for each grandmother and 25 cents for each father present.

Those enjoying the day were Meses, M. W. Evans, A. G. Bailey, J. Butler, J. D. Josey, Lillian McNeil, T. Bratcher, J. M. Story, C. Floore, H. P. Anderson, F. E. Murphy.

The idea is to stimulate interest in P.T.A. attendance, as the money will be used for small home room projects that interest the children. However anyone interested in children is invited to attend P.T.A. meetings and any parents with a problem was urged to visit school in the hopes that an understanding could be reached.

F. P. Turner, J. S. Mills, N. H. Cabot, Carroll Brown, Charles Ransbarger, E. B. Everett and W. P. Porch, members.

Principal Stalcup reported an enrollment increase of 102 in the city's schools. Central School enrollment at present is 477. Cafeteria meal tickets are available for \$5.75 for 24 meals, he said, adding that 243 students were recently fed during one lunch hour.

Miss Margaret Bishop of El Paso, sister of Mrs. McNeil, was a guest of the club.

Band Director Russell Lewis will give band instruction to fourth, fifth and sixth graders at Central School from 3:30 to 4 o'clock on school days.

Mrs. J. T. Joplin, health and safety chairman, reported that arrangements have been made to have the school's bus parking zone painted. Plans are being made to distribute safety rule leaflets to the children. A film on safety has also been ordered which will be shown to classrooms and at P.T.A. meetings.

It was voted to build some playground sand boxes as part of this year's project.

The P.T.A. donated \$5 to Principal Stalcup for a "lost lunch money" fund.

Subscriptions to the P.T.A. magazine were taken. An appeal for Girl Scout leaders was made and a desire expressed to organize four new Brownie troops as soon as leaders are available.

Group singing was enjoyed under the direction of Mrs. Clyde Dungan, which was followed by a lovely tea honoring the teachers. Attendance was unusually large and a delightful social hour was enjoyed.

The next topic presented was communism and what to do about it in the United States, which created some lively opinions to be given on the subject.

A discussion was held in regard to the resignation of Secretary of Defense Johnson and his assistant, Stephen Early.

Mrs. Bryan Runyan gave a few highlights of Vice President Barkley's speech at Albuquerque at the recent state Democratic convention, which she heard. She gave a brief resume of a national soil convention at Denver she attended.

Mrs. Archer presented an interesting article on Korea and how and why the United States happens to be in war over there.

Mrs. John Rowland told of the folding room rack of the U.S. Senate which is used by both the political parties.

The club was invited to the rural home of Mrs. Tom Brown on Wednesday, Sept. 27, for a morning coffee.

The following subjects will be presented during the year: "Medicine," Mrs. E. Jeffers; "Education," Mrs. Buri Sears; "Women in the News," Mrs. Bob Arnold; "India," Mrs. Tom Brown; "Religion vs. Science," Mrs. J. D. Josey; "National Affairs," Mrs. M. C. Livingston; "Art," Mrs. Bryan Runyan. Mrs. Oscar Burch has not

## Park P.T.A. Plans Membership Tea Monday Afternoon

Park School Parent-Teacher Association will hold its first fall meeting at 4 o'clock Monday afternoon in the music room. This will be a membership tea.

A nursery for small children with a woman in charge will be provided.

Officers for the year of 1950-51 are: President, Mrs. Leroy Crawford; first vice president, Mrs. Ralph Nix; second vice president, Mrs. Ivan Herbert; secretary, Mrs. Bill McGinty; treasurer, Mrs. Ben Wilson; parliamentarian, Mrs. Emmett Gage and corresponding secretary, Mrs. D. D. Archer.

The committee chairmen are: Budget and finance, Mrs. Clyde Hicks; hospitality, Mrs. Hugh Parry; P.T.A. magazine, Mrs. Cecil Colvin; publicity, Mrs. R. B. Rodke; room representative, Mrs. J. J. Clarke, Jr.; safety project, Mrs. Johnny Williams and telephone, Mrs. George Ferriman.

Mrs. Bryan Runyan gave a few highlights of Vice President Barkley's speech at Albuquerque at the recent state Democratic convention, which she heard. She gave a brief resume of a national soil convention at Denver she attended.

Mrs. Archer presented an interesting article on Korea and how and why the United States happens to be in war over there.

## Study Group of Woman's Club Discusses Topics

The Study Group of the Artesia Woman's Club met at the home of Mrs. T. L. Archer at 9:30 o'clock Wednesday morning. The rooms were artistically decorated with a number of bouquets of fall flowers.

Eight new members were introduced by the chairman, Mrs. Archer, who presided over the meeting.

Mrs. C. R. Blocker gave the group an interesting account of her visit accompanied by Mrs. Robert Parks and Mrs. Carl Lewis to the United Nations in New York this summer. There are 59 nations which are members. Mrs. Blocker referred to the new building in progress for the United Nations as the "Building of Peace," and gave a description of the style of architecture and location.

A general discussion followed her report.

The next topic presented was communism and what to do about it in the United States, which created some lively opinions to be given on the subject.

A discussion was held in regard to the resignation of Secretary of Defense Johnson and his assistant, Stephen Early.

Mrs. Bryan Runyan gave a few highlights of Vice President Barkley's speech at Albuquerque at the recent state Democratic convention, which she heard. She gave a brief resume of a national soil convention at Denver she attended.

Mrs. Archer presented an interesting article on Korea and how and why the United States happens to be in war over there.

Mrs. John Rowland told of the folding room rack of the U.S. Senate which is used by both the political parties.

## Mrs. Bill Hechel Is Honored With Shower At Shugart Home

Mrs. Bill Hechel was honored with a shower last Saturday afternoon at the home of Mrs. Ralph A. Shugart.

The hostesses were Mrs. Shugart's daughter, Mrs. Bernard Johnston of Roswell; Mrs. David Simmons and Mrs. Bill Felton.

Lovely gifts were arranged around a life-size stork, which also carried gifts in a bundle held in its beak.

Refreshments of individual cakes decorated with pink storks and punch were served.

Guests present were Meses, L. J. Bunch, Herbert Howell, Bob Setler, J. T. Caudle, L. H. Carder, Marshall Belshe, Bill Trimbley, S. W. Gilbert, C. M. Ross, Lee Vandergriff, Bob McCaw and Carder and the honoree, Mrs. Hechel.

SOCIETY

Mrs. James Welch Speaks on Schools Approved By D.A.R.

Mrs. James Welch gave an interesting and informative program on the American Revolution approved schools, at the first fall meeting Monday evening at the home of Mrs. Paul Francis, with Mrs. John Cochran as co-hostess.

After a delicious supper, the business meeting was opened in a ritualistic form by the regent, Mrs. Harold Kersey.

Mrs. Welch said there are two schools that have been established and are owned and operated by the D.A.R., the Kate Duncan Smith School at Grant, Ala. and Tamassee Industrial School at Tamassee, S. C. Then there are 12 other schools in the United States to which the D.A.R. contributes.

Mrs. T. L. Archer and Mrs. Joe Carson were guests.

Members present were Mmes. J. R. Caudie, John Cochran, Paul Francis, J. D. Josey, Harold Kersey, Hugh Kiddy, Jack Knorr, D. M. Schueberg.

Burl Sears, Bernice Vallejo, Cecil Waldrep, James Welch and K. J. Williams and Miss Theresa Vallejo.

Hi-N-Y Nazarene Class Entertained By Mrs. Eppler

The Hi-N-Y Sunday School Class of the Church of the Nazarene was entertained at a party and social Tuesday evening in the basement of the church by the teacher, Mrs. John Eppler.

Games were played, after which refreshments of punch were served.

About 20 boys and girls of high school age attended.

Lionesses Induct Mrs. Lloyd Simon at First Fall Meeting

Mrs. Lloyd Simon became a Lioness at the first meeting of the new year of the Artesia Lioness Club held Monday evening at the home of Mrs. Floyd Springer, with Mrs. Springer, Mrs. Pete Loving and Mrs. Glen Clem as hostesses.

Mrs. Grady Wright, president, presided at the business meeting, at which time Mrs. W. F. Hinde, chairman of the membership committee, introduced Virginia Simon to the members. A coffee hour followed the business meeting.

Members present were Mmes. D. Archer, Ray Carpenter, G. Taylor Cole, Glen Clem, Shirley Hager, W. F. Hinde, W. M. Jackson, Jr., Chuck Johns, Bert Jones, Pete Loving.

Fritz Moeller, C. C. Nelson, Denzil Nelson, G. P. Ruppert, Floyd Springer, Pete Starr, Grady Wright and Earl Zeigler.

The next meeting will be Monday, Oct. 2, at the home of Mrs. Pete Starr.

Christian Women's Fellowship Board Has Morning Coffee

The executive board of the Christian Women's Fellowship met at the church Thursday morning for a coffee.

Mrs. L. C. Kidd, president, presided at the business meeting.

Mrs. William M. Siegenthaler was hostess and served doughnuts and coffee to Mmes. L. C. Kidd, Chuck Miller, Britton Coll, C. Bert Smith, Artie McAnally, Clark Storm, Earl Darst, A. C. Crozier and Nathan Kelley, members and Mrs. Hershel John, sister-in-law of Mrs. Nathan Kelley, a guest.

First Fall Meet of University Women To Be Held Saturday

The first fall meeting of the American Association of University Women will be a 1 o'clock luncheon Saturday noon at the educational building of the First Methodist Church. Mrs. Fred Jacobs, president, will preside at the business meeting.

The program will consist of a forum by the girls who attended Girls State. Mrs. D. M. Walter, chairman of Girls State will introduce Linda Boyle, Kay Booker and Geraldine Blount.

The music will be presented by a group of girls under the direction of H. Q. Miller.

Any woman who is eligible for membership is invited to attend this meeting. If there are any questions of eligibility they will be answered by Mrs. M. A. Mapes, phone 1039-M.

Ten colleges were recently added to the list of those approved for A.A.U.W. members. They are Baylor University, Coker College, Illinois State Normal University, Lindenwood College, Nebraska State Teachers College, Santa Barbara College, South Dakota State College, St. Mary's College of Notre Dame and Southwest Texas State College.

OPAL LEWIS TO WED GEORGE REX NORRIS

Mrs. Minnie E. Lewis has announced the approaching marriage of her daughter, Opal Lewis, to George Rex Norris, son of the late Mr. and Mrs. John Norris of Hagerman.

The wedding will take place Wednesday, Sept. 20, at the home of Rev. R. L. Willingham, pastor of the First Methodist Church.

Eastern Star Meets On Tuesday for First Time This Fall

The Order of Eastern Star had its first fall meeting Tuesday evening at the Masonic Temple with a covered-dish supper at 6:30 o'clock and the meeting at 7:30 o'clock.

Mrs. Harold Kersey, worthy matron, opened the meeting in regular form with the "Pledge of Allegiance" and the singing of the National Anthem.

Plans were discussed in regard to the beautiful home pilgrimage

which will be held about Oct. 1. Tickets will soon be on sale. Grand Chapter will meet in Roswell Oct. 19-21 with the Artesia chapter as co-host.

A large crowd attended. The meeting was closed with group singing.

MR. AND MRS. EVERETT ENTERTAIN WITH DINNER

Mr. and Mrs. E. B. Everett entertained with a dinner Wednesday evening honoring their son, Jerry Everett and Mr. and Mrs. Dorris Webb, guests of Mr. and Mrs. W. G. Everett. Other guests were Mr. and Mrs. W. G. Everett and daughter, Ora.

MRS. ROWLAND'S BROTHER IS ACCIDENTALLY SHOT

R. W. Glendinning of New Caney, Texas, brother-in-law of Mrs. John Rowland of Atoka, was accidentally shot in both arms and legs, when he walked into a wolf trap that had been set out with no warning.

He had to have the ligaments sewed in his arm. He is now in a hospital in San Angelo, Texas.

TRAVELING AGENT VISITS ARTESIA

C. W. Carter, Jr., of Amarillo, Texas, traveling freight and passenger agent for the Santa Fe Railway, made his first visit to Artesia Thursday.

Although he has been with the railway 26 years, he has just changed departments.

Nation's Disabled Provide Source Of Manpower

Industries expanding to meet defense contracts were reminded by Veterans Administration of a first-rate source of manpower, ready and willing to train for new skills—the nation's disabled veterans.

Survey after survey disclosed that these men, when properly placed, prove to be at least as good workers as their able-bodied fellow employees.

In fact, one major study showed that the handicapped suffer fewer serious accidents and build up better production records than do those without physical impairments.

And yet, today—five years after V-J Day—thousands of disabled World War II veterans everywhere

Locals

Mr. and Mrs. Glenn Stevenson from Pinon and their daughter, Glenna Lee, drove to Abilene last Monday, where Glenna Lee entered Abilene Christian College this fall.

Mr. and Mrs. T. A. Tainer and Mr. and Mrs. M. J. Tainer of Pinon spent the day in Artesia Tuesday. Willis Berry, who had been very ill in a hospital in Albuquerque, returned home Wednesday evening and is much better. He was accompanied home by his wife and sister-in-law, Mrs. Jim Berry, who had been with him in Albuquerque.

Carroll Wayne Cochran, 18, a 1950 graduate of Artesia High School, has enrolled in Draughton's Business College, Lubbock, Texas. He will take a two and a half year course as a certified public accountant student. The business college student is the son of Mr. and Mrs. Ernest Evans, 1010 Mann.

Bill Pansy, 17, of Maljamar, has enrolled as a freshman pharmacy student in the University of New Mexico. He is a 1950 graduate of Artesia High School.

Bob Keys of Mentor, Ohio, arrived Tuesday to visit his brother, Bill Keys and family until Wednesday of next week. Bob Keys lived in Artesia about seven months and assisted his brother, Bill Keys in the latter's store, Keys Men's Wear. He left Artesia in February, 1948.

George Williams of Artesia and Sammy Jones of Carlsbad left Wednesday for the northern part of the state on a bear-hunting trip.

Ed Havins of Artesia and Floyd Hickson of the Cottonwood community left Thursday morning on a bear-hunting trip in the Sacramento and White Mountains. At Tulare they were to be joined

in the country still are looking just for an opportunity to prove themselves.

A federally-sponsored training program is at their disposal: Public Law 16, the Vocational Rehabilitation Act. But they need a place to train.

A call to the nearest VA field office will produce full details as to how to go about taking on handicapped veterans under Public Law 16.

by three more men. They plan to be gone about four days. DeWayne Miller, son of Mr. and Mrs. D. A. Miller left Thursday for Albuquerque to re-enroll at the University of New Mexico.

Mrs. Fred Jacobs and her daughter, Mary Jo, plan to leave tomorrow morning for Parkville, Mo., where Mary Jo will re-enter Park College. She will be a pre-medie senior this year.

Lee Francis, Jr., plans to leave this morning for Dallas, Texas, to enroll at Southern Methodist University. He is a senior this year and will also graduate from the R.O.T.C. Air Force in the spring. His parents, Mr. and Mrs. Lee Francis and brother, Harold were to take him to Dallas and they will return home Sunday evening.

Walter G. Short spent Tuesday in Portales on business.

Mr. and Mrs. Everett O'Bannon and Mrs. O'Bannon's mother, Mrs. Nancy Doering of the Cottonwood community left Saturday morning of last week for Broken Bow, Okla. where they were called to attend funeral services for Mrs. Doering's brother, Charles Dalton.

Guests this week in the home of Mrs. M. H. Rutledge are Mrs. B. Callicott and daughter, Doris, of Prescott Ark. and Mrs. Annie Hill of Hot Springs, Ark. Mrs. Hill is Mrs. Rutledge's sister, and Mrs. Callicott is a niece of Mrs. Rutledge.

Miss June C. McDorman, daughter of Mr. and Mrs. Earle McDorman has enrolled at the University of New Mexico at Albuquerque. Her mother took her up last week for rush week. She has been pledged to Alpha Chi Omega. For the last year and a half she attended Oklahoma College for Women at Chickasha, Okla.

Miss Marcia Whelan, daughter of Mr. and Mrs. Mark Whelan of Albuquerque, former Artesia residents, is attending the University of New Mexico. She has been pledged to Alpha Chi Omega.

Doris Williams, daughter of Mrs. Leota Williams, left Tuesday for Albuquerque where she enrolled as a sophomore at the University of New Mexico.

Forrest Miller, son of Mr. and Mrs. J. R. Miller, 1105 Merchant

avenue, left Monday for Norman, Okla., to enter the University of Oklahoma. Forrest is a senior and will receive his degree in January. He is majoring in geology and petroleum engineering. Last week he returned from a field trip to Florence, Colo.

Virginia Prude, daughter of Mr. and Mrs. John Prude, is greatly

improved in an El Paso hospital, where she has been suffering from pneumonia and a kidney infection. She has been sleeping under an oxygen tent.

SHELTER OR FREEZER? TIME'LL TELL

PAMELA McCASLIN (arrow) peeps out of the escape hatch of the uncompleted concrete bomb shelter Clifford H. McCaslin is building in his back yard in Oakland, Cal. To jibes of neighbors McCaslin answers, "If there is no emergency and no bombs fall, I'll simply install a freezing unit and have a cold storage room." (International Soundphoto)

Artesia Jaycees Pace Whole State In New 'Crusade'

First in the state to inaugurate the Crusade for Freedom is the Artesia Junior Chamber of Commerce.

Results of the campaign to date and plans for the future were outlined in the regular semi-monthly supper meeting of the Jaycees held at 7:30 o'clock Wednesday night in Artesia Hotel.

The chapter will seek 1300 signatures on the scrolls they have distributed.

Aaron Cunningham is to work through the Veterans of Foreign Wars, Disabled American Veterans and American Legion in obtaining signatures.

Church announcements of the move will be the assignment for Tommy Brownlee, chapter's publicity chairman, Clayton Menefee and Harry J. Nelson, president.

Rooster Durbin has the public schools as his field.

At the regular session of the Lions Club at noon Wednesday, the high school football squad were guests and they each signed their names, it was announced.

Dave Button, manager of Radio Station KSPV was present at the meeting and offered the facilities of the station for a battery of speakers to be lined up for the campaign.

The Crusade for Freedom is not a Jaycee project but ties in with their Americanism movement. Here is the deal:

Communist Russia has jammed the airways with its propaganda. To offset that attack on democracies, Radio Free Europe was established in Western Germany.

It is not a begging campaign. While donations are wanted, there is absolutely no high pressure salesmanship, no "gimme, gimme" in the whole deal.

Highlighting the campaign will be the installation of a 10-ton Freedom Bell in a shrine to be constructed in Berlin. Those whose names are on the scrolls will have their names in the shrine.

On United Nations Day, Oct. 24, the Freedom Bell will be the message inscribed on its rim: "That this world, under God, shall have a new birth of freedom." It is significant that the bell's inscription contains the spiritual note. The charter of the United Nations does not have a single line of reverence toward the Creator, no mention of man being a mere creature of God the Supreme Being.

The American Declaration of Independence has in its concluding paragraph, as well as in the introduction, homage to God: "Appealing to the Supreme Judge of the world for the rectitude of our intentions."

Crusade Organization The name of the movement is Crusade for Freedom of the National Committee for a Free Europe, Inc. Robert McKinney, Santa Fe, is the New Mexico chairman. State headquarters are 263 Korber Building, Telephone 2-8648, Post Office Box 517, Albuquerque. Clyde Gilman issued one of the scrolls at the Lions club luncheon Wednesday and similar action is to be taken before other clubs.

Certificate Presented To C. L. Withers of New Mexico Asphalt & Refining Company was presented a certificate of appreciation from the New Mexico Junior Chamber of Commerce.

The framed document was in appreciation of the company's donation for the New Mexico Jaycee float that won first place in the Jaycee national convention this year in Chicago.

A similar award goes to Artesia Alfalfa Growers. In presenting the certificate, President Nelson also noted the donations made by the concerns in underwriting the cost of the giant figure balloons in the V-J celebration parade of Aug. 10. Artesia Jaycees sponsored the parade.

Hobbs Chapter Booming Newest club in the state is that of Hobbs which will have its charter night banquet-dance program in Hobbs Country Club on Saturday night, Sept. 23.

The affair will include a cocktail party, banquet at 7:30, dance at 9:30 with music by Tony King's orchestra of Artesia. Tickets for the entire program are \$5 a couple.

The Hobbs club is pushing for a membership of 125. President of the Artesia chapter announced that Tom Childers of Santa Fe, one of the national vice presidents and a former state president and Adair Gossett, Carlsbad, present New Mexico Jaycee president, would top line the list of Jaycee officials attending.

Preceding the supper meeting, President Gossett met with local directors at 3 o'clock that afternoon in the office of Nelson.

Welcome as new members of the Artesia chapter, at the meeting Wednesday night, were Bill Nathan, who moved here recently from Carlsbad and Len Maddox, formerly of Roswell.

Attending were Quentin B. Rodgers, secretary; Bob Morris, Tommy Brownlee, Rooster Durbin, Ralph Lennon, Bill White, Wiley Rountree, Gervis Cummins, E. B. Emerson, President Nelson, Nathan, Maddox, Withers and Button.

The latter was named state board member. The directors session was attended by Clayton Menefee, Cummins, Rodgers, Durbin, Brownlee, Nelson and Gossett.

Between March 4, 1861, and Jan. 18, 1864, there were five living ex-presidents of the United States, a greater number than in any other period in history.

**NOTICE OF CHANGE OF NAME**  
 We, A. F. Patterson, president, and Hazel M. Patterson, secretary, of the Deming Dairy, Incorporated, (no stockholders liability) a corporation created under and by virtue of the laws of the State of New Mexico, do hereby certify that the following is a true copy of the resolution adopted by unanimous vote of the stockholders at a meeting of the stockholders held on the first day of July, 1950, at Artesia, New Mexico.

**BE IT RESOLVED**, that the stockholders, all of whom are present at this meeting and waive notice, time and purpose of meeting, hereby request that the name of Deming Dairy, Inc. (no stockholders liability) be changed to Mon Repos Dairy, Inc. (no stockholders liability) and that Article 1 of the charter be amended to read as follows:

1. The name of this corporation shall hereafter be known as Mon Repos Dairy, Inc. (no stockholders liability).

Motion carried unanimously.

Given under our hands and seals this 15th day of July, 1950.

/s/ A. F. PATTERSON  
 A. F. PATTERSON, President.  
 /s/ HAZEL M. PATTERSON  
 HAZEL M. PATTERSON, Secretary  
 STATE OF NEW MEXICO } ss  
 COUNTY OF EDDY }  
 On this 15th day of July, 1950, before me personally appeared A. F. Patterson, President, and Hazel M. Patterson, Secretary, of the Deming Dairy, Inc., and that said instrument was signed and sealed in behalf of said corporation by authority of its Board of Directors, and said A. F. Patterson and Hazel M. Patterson, acknowledged said instrument to be the free act and deed of said corporation.

WITNESS my hand and seal the day and year last above written. (SEAL)  
 /s/ William M. Siegenthaler, Notary Public.  
 My Commission expires May 12, 1953. 74-21-F-76

**Magnolia Sales Meet Slated September 25**  
 Fall sales meeting of Magnolia Petroleum Company service station men and dealers will be held at 7:30 o'clock Monday night, Sept. 25, in Veterans Memorial Building. A supper will precede the session.

There are two such gatherings held every year, one in the spring, the other in the fall. Represented here at the fall meeting will be Artesia, Carlsbad, Hobbs, Lovington, and Roswell.

A motion picture will be shown. Gilbert Johnson of El Paso, district sales manager, will be in charge of the meeting.

M. C. Livingston, 418 South First, is Magnolia jobber in Artesia.

**Egg Care Is Important in Holding Quality**

Most eggs have high quality when they are laid. Proper handling and care will do much to maintain this original quality.

Here are some tips to help you protect egg quality:

Take eggs immediately to well-ventilated, fairly moist room with a temperature of 50 to 60 degrees. If you do not have a more satisfactory storage room, hold eggs in your basement. Set the eggs near floor level and keep the air moist by sprinkling the floor or by hanging up wet burlap bags.

Do not pack the eggs until cooled to the holding room temperature.

Keep eggs away from odors.

Produce clean eggs; it is cheaper than cleaning them. Clean eggs keep better than cleaned eggs. Pack eggs, small end down, in a precooled case.

Use clean, sturdy cases, flats and fillers.

Take your eggs to market at least twice a week, if possible.

Annual—

(Continued from page one) were asked to pay their annual 1950-51 dues promptly to Mrs. Phillip Kranz.

Membership is not limited to students or members of the band, but it is open to everyone. Regular time for meetings of the Band Aides was set at 7:30 o'clock the first Tuesday night of each month in the band room.

However, the next meeting will be held at 6:30 o'clock Tuesday evening, Oct. 3, in the high school cafeteria, where a pot luck supper will be served.

Rev. O'Dell—

(Continued from page 1) Sunday.

A similar theme was stressed by President Newman in connection with the Southwest district convention to be held in Winslow, Ariz., Sept. 28-30.

Guests, in addition to the lieutenant governor, were Jim Lovelace of Amarillo, Rev. G. H. Woolf and Rev. Mebane Ramsay, both of Hagerman.

Reverend Ramsay was the main speaker. His subject was "Thinking Straight in Time of Confusion," aimed at evaluating communistic and political propaganda. Announcement was made that tickets will be on sale next week for the underprivileged children's benefit motion picture, "Little Red Riding Hood," to be exhibited Oct. 5.

Crap Game—

(Continued from page one) lieved to live in El Paso, failed to appear and forfeited his \$25 bond.

Dell Louis Savage, 47, who was taken in the raid, was charged with intoxication. He was fined \$15.

Bayer—

(Continued from page one) trict meeting in Hobbs in October. Bayer has been active in the local unit of the Volunteer Air Reserve, in which he held the rank of second lieutenant, the same rank he held when discharged after World War II, in which he served as a navigator.

Lieutenant Bayer was also an active member of the Artesia squadron of the Civil Air Patrol.

FLOALS

Miss Sylvia Amstutz, daughter of Mr. and Mrs. W. T. Amstutz, left Thursday of last week for Fort Worth, Texas, to enter Texas Christian University. She is majoring in nursing. Merita Heinzman of Las Cruces came to Artesia and the two girls went together.

A guest in the home of Mr. and Mrs. Houston Teel Monday and Tuesday was Mrs. Teel's brother, Ray E. Miller of Weed.

Mrs. Drew Davis spent Thursday afternoon in Roswell.

Miss Betty Jane Gall, who has been visiting her sister, Mrs. Thad Cox, Mr. Cox and family this summer left Wednesday for her home at Hillsboro, Ohio. Mrs. Cox and children, John Wesley and Kathy, accompanied their sister and aunt home for a visit of a month with relatives and friends. Mr. Cox plans to go to Ohio and bring his family home sometime in October. Miss Alma Ann Berry, daughter

of Mr. and Mrs. C. M. Berry, was to leave this morning for Denton, Texas, to enter Texas State College for Women. Her parents will accompany her and from Denton they will go to Austin, Texas, for a short visit.

Everett Dean O'Bannon, son of Mr. and Mrs. Everett O'Bannon of the Cottonwood community, left last Saturday morning by airplane from Carlsbad for South Bend, Ind., where he enrolled in Notre Dame University.

Robert McAnally, a son of Mr. and Mrs. Artie McAnally and his father attended a Cotton Association meeting in El Paso the first of this week. The younger Mr. McAnally is with the Cotton Association at Littlefield, Texas. He had been visiting his parents since last Saturday and returned to his home in Littlefield Wednesday.

Jerry Everett, the son of Mr. and Mrs. E. B. Everett, who has been going to school in Washington, D. C., returned home Tuesday morning.

Mr. and Mrs. W. G. Everett took their small grandson, Billie Bailey, home to Silver City last Friday and returned home Sunday. Billie is the son of Mr. and Mrs. Calvin Bailey.

Mrs. W. G. Everett's brother and his wife, Mr. and Mrs. Dorris Webb of Union, Miss., arrived Sunday for a visit with Mrs. Everett and family. They spent Wednesday visiting the Carlsbad Caverns. On Thursday, they visited the White Sands and left for Mississippi today. Mr. and Mrs. Webb's son, Billie entered school at Waco, Texas, this fall where they took him on their way to Artesia.

Timothy Bayer, small son of Mr. and Mrs. Oscar Bayer, entered Artesia General Hospital for a tonsilectomy today.

Ben Pate and his daughter, Mrs. J. E. Pruet and Mr. Pruet of Anaheim, Calif., arrived in Artesia Sunday evening to visit Mr. Pate's nephew, Tom Hefflin and Mrs. Hefflin.

Mr. Pate and Mr. and Mrs. Pruet visited the Carlsbad Caverns Monday and drove to Pecos, Texas, where Mr. Pate will visit friends for about a week. Mr. and Mrs. Pruet returned to Artesia. Mrs. Pruet, who will be remembered by old friends as the former Callie Pate, was born and reared in Artesia. She said that this is her first visit here in 27 years. Mr. and Mrs. Pruet have five children who did not accompany them on their visit. The Pruetts and Mr. Pate plan to move to Artesia in the near future if they can locate in business here.

Mr. and Mrs. M. L. Pack of Des Moines, Ill., arrived in Artesia Monday for a visit of about three weeks with their daughter, Mrs. Orville Chambers and Mr. Chambers.

Mr. and Mrs. Ralph Shugart were to take their son, Ralph Jr., to Albuquerque today from where he will continue by train to Grove City, Pa., where he will attend Grove City College this fall. Ralph is taking a pre-medic course and this will be his senior year. Mr. and Mrs. W. E. Fleming visited Mrs. Fleming's parents, Mr. and Mrs. F. E. Fite, in Carlsbad Sunday.

J. L. Briscoe, who is in charge of the R. R. Woolley properties in the Eddy County oil fields, plans to fly to Los Angeles, Calif., Monday to join Mr. Woolley, a Los Angeles attorney and with him drive to Idaho Falls, Idaho, on a hunting trip. From Idaho Falls they are to be flown to an area almost inaccessible by automobile. They plan to hunt for elk and bear.

Student Council Elects Officers

Joe Harbert, quarterback on the high school football team, was named president of the school's Student Council in a meeting of home room presidents held at 7:30 o'clock Monday night in Room 14.

Attending were the 18 home room presidents, A. L. Terpening, president of the state Student Council Association and retiring president of the local organization; Alice Martin, treasurer of the district organization and W. S. Bennett, sponsor of the local organization.

A trio of committee was formed, one to manage the pep rally held last night, another to attend to putting athletic trophies in the newly built wall cabinets on the main floor of the building and the third for the teen age canteen. The canteen will be open to-night after the football game for the service of both Tucumcari and Artesia pupils. It is located in the girls gymnasium.

Sara Curtis is chairman of the canteen committee; Booker, trophies; Jon Easley, pep rally. The Pep Club was instrumental in putting over the project for the new built-in trophy cases by which cups, statuettes and plaques, scattered about the building, can be assembled in one location.

Canteen Schedule. Tonight marks the opening of the canteen for the session. There are 16 dates on the schedule, four listed as first and second half under March and April respectively. Names of teachers assigned for the canteen are listed by the school only by last name:

Sept. 22—Bennett, Erickson. Oct. 6—Blomberg, Felix. Oct. 13—Burke, Harston. Oct. 26—Davis, Howarth. Nov. 3—Green, McCaw. Nov. 9—Miller, McCormick. Dec. 15—Hall, Nethery. Jan. 19—Parham, Wood. Jan. 26—Johnston, Bildstone. Feb. 2—Short, Erickson. Feb. 16—Smith, Felix.

March, first half—Tinson, Harston. March, second half—Witcher, Howarth.

April, first half—Waltrip, McCaw. April, second half—Allen, McCormick.

Student Council officers, in addition to Harbert, are Kay Booker, vice president; Anna Marie Dunn, secretary and Sara Curtis, treasurer.

The district organization, of which Miss Martin is treasurer, is comprised of Southeastern New Mexico counties.

Home Room Officers. A list of home room officers was

released by Sponsor Bennett. Officers are listed as president, vice president, secretary-treasurer, in order named, but in some cases secretary-treasurer is combined, in others there are more than four officers.

Rooms are listed by teacher's name. The list shows only the last name of teacher:

Davis—Bobby Morgan, Gayle Richardson, Jimmie Davis, Sara Alexander.

Felix—Albert Bach, Vee Ann Mitchell, Regina Hayes, Gary Blair. Grabhorn—Joe Arnold, Jerry Harsham, Evelyn Calloway, secretary-treasurer.

Green—John Felton, Dorothy Carver and Shirley Hulse, secretary-treasurer.

Hall—Jimmy Walker, Laura Lou Smith and Eileen Marshall, secretary-treasurer.

Harston—Sara Curtis, Hunt Zumwalt, Raymond Pearson, Wanda Burch and Dickie Shoemaker, parliamentarian.

Johnston—Anna Marie Dunn, Jo Ann Walker, Shirley Thorp, Nadill Stewart.

Lewis—Donald Schulze, Billy Moreland and Betty Joe Kaiser, secretary-treasurer.

Tinson—Joe Harbert, Jean Green and Jonell Tinson, secretary-treasurer.

Waltrip—Marie Plowman, Barbara Rogers, Betty White, Mary Ann Beard.

Short—Charles Farmwalt, Keith Ryan and Bobby Boyd, secretary-treasurer.

Allen—Alfred Terry, LeRoy Rutledge, Jerry Bloodworth, secretary and treasurer.

Bennett—Jon Easley, president. Bildstone—Kay Booker, Marian Vandevanter, Yvonne Yeager, Bob Bryant.

Burke—Irene Marshall, John McPhaul, Marilyn Stack, Marsha Rowley.

Miller—Marilyn Cox, James Baker, Imogene Waldrop, W. L. Gray.

RECRUITER TO BE HERE EACH THURSDAY. First Sgt. Carl V. Ireton, recruiting officer for the Army and Air Force, who is stationed at Roswell, will be in Artesia regularly from 10 to 5 o'clock each Thursday in the future, he announced here yesterday.

Sergeant Ireton said he will be glad to interview men 17 to 35 years old who are applicants for either the Army or Air Force.

Everybody's MARKET PLACE is the Advocate Want Ads.

Mrs. Griffin Is Speaker Tuesday At Rotary Meet

Mrs. James M. Griffin, just back from a visit to her native England, said Tuesday noon at the weekly meeting of the Artesia Rotary Club that the British feel the United States took a rather quick stand in the Korean conflict, but that they are with America.

The general feeling is that with the Korean war involving the United States, Russia will have to be fought.

Mrs. Griffin said England is financially embarrassed and could not take the initiative.

In telling of her trip to England this summer, Mrs. Griffin told the Rotarians that members of that international organization held meetings aboard ship.

She said her mother, Mrs. Gordon-Smith, who visited here the summer of 1947, was honored by the Rotary Club of Bath, England, her home, by inviting her to be its first woman speaker in history after her return from the United States.

Mrs. Griffin said England embraces 88,745 square miles, compared with 121,666 square miles for New Mexico, while on the other hand England's population is 48,522,000 to about 600,000 in this state.

With a population of 505 persons to the square mile, a great problem in England is that so much food must be imported. For example, she said, about four-fifths of the breadstuffs and fruits are imported. And this must be paid for in dollars, but there are only so many dollars which she can "beg, borrow, or steal from America."

Although the war ended in 1945, they still have rationing in England, Mrs. Griffin said. Amounts available fluctuate somewhat, and at the time she returned to America, each person was allowed only the equivalent of 15 cents worth of meat, four ounces each of butter and margarine, two ounces of lard, and five ounces of bacon a month.

And prior to May 20, Mrs. Griffin said, there was a point system in use in England, with only 20 points allowed each person a month. Now that the system has been discontinued, the English feel they are again getting somewhere.

Clothing is very expensive, but the quality has improved greatly since Mrs. Griffin came to New Mexico as a war bride in April, 1946, she said. She added she saw nothing while on her visit which could not be obtained more easily

and cheaper in America. However, inasmuch as one is permitted to bring only \$20 out of England, she spent what money she had left before sailing. Included in her purchases were sheets at the equivalent of \$8 a pair.

On the other hand, the speaker said, the average wage in England is about 5 pounds, or \$20, a week. Wages have gone up somewhat, but not in proportion to the rise in commodity prices.

Speaking briefly on the present government in England, Mrs. Griffin said there is much to be said both for and against it. However, she said, the ordinary man is better off than before the Labor party came to power, but he must pay heavily through taxes.

On the other hand, Mrs. Griffin said she wonders if the average person would not be better off if not so much were done for him.

Although the being a member would be a "terrible job," the royal family is a great asset for England, Mrs. Griffin said. They cost a lot of money, but they are worth a lot.

Mrs. Griffin referred to the Duke of Windsor and his wife, the former Mrs. Simpson, and pointed out that as the king is the titular head of the Church of England, they could not have had as a queen a woman who had been divorced three times.

Auction Sales Firm Announces Schedule. Schedule of an auction sales business being operated here by O. W. Watson of Roswell was made known today.

The sale location is on Richey Avenue, on the route leading to the Payne Packing Company.

Beginning Monday, Sept. 25, and continuing each Monday a sale of second hand goods will be held at 10 o'clock in the forenoon.

Dealers automobile auctions will be staged at 1 o'clock each Tuesday afternoon, beginning Tuesday, Sept. 19.

There will also be sale of live-stock hold on a per head basis.

REV. EPLER GETS OVER THE GROUND.

Rev. John Eppler, pastor of the Church of the Nazarene, got in some miles this week between meetings.

After church services Sunday, he left by automobile, transacted business at Wichita, Kan., and other places, covered a distance of about 2000 miles, and was back in time for prayer meeting Wednesday evening.

National Garden Institute Is to Give Trophy

In recognition of the splendid food preservation records of homemakers throughout the country, the National Garden Institute has again made available in each state a trophy to be awarded to the winner of the 1950 food preservation contest. Miss Elsie Cunningham, state home agent of Extension Service of New Mexico A. & M. College, reports that the New Mexico contest winner will receive a silver-covered vegetable dish.

Rules of the contest are simple, explains Miss Cunningham. As most homemakers can, freeze, store, and otherwise preserve food for home use, they need only record the amounts preserved before Jan. 1 and Dec. 31, 1950. This permits them to report meals butchered and canned or frozen in the fall, as well as potatoes and other winter vegetables stored.

Entries will be judged not only on quantity of food preserved, but also on the quality and appearance, variety, whether adequate for family needs, and the type of storage provided in the home.

Entry blanks may be obtained at county extension offices or from the Extension Service, State College. Homemakers are urged to begin now keeping a record of food preserved during the current year.

Last year's winner of the food preservation contest in New Mexico was Mrs. Julia Wheeler, Watape, who canned a total of 146 quarts of fruits, vegetables, meats, jams and pickles. For variety, she had some dried vegetables and fruits, cured pork and cheese, frozen such delicacies as strawberries, cherries, corn on the cobs, friers, and other meats, and stored a good supply of root vegetables and apples in the cellar.

Methodist Men Are to Meet Tuesday. The Methodist Men's Club will hold its monthly supper meeting in the basement of the educational building of the First Methodist Church at 6:45 o'clock next Tuesday evening.

An interesting meeting is being planned.

According to statistics, of nine men single at age 20, three are certain to be married within five years.

# Battling Bulldogs Grow Defiance To Rampaging Rattlers

## Plucky Artesia Eleven Ready For Grim Fray With Tucumcari

Artesia fans will get their first home gridiron view of the 1950 Artesia High School football team when the Bulldogs tangle with the Tucumcari High School Rattlers at 8 o'clock tonight on Morris Field.

Playing on their home field the Bulldogs have a psychological advantage that generally pays off to the tune of a one-touchdown profit at the least.

They also have the boon of being toughened by one game already this season.

The Bulldogs can and will win this game if they are fired with the will to win, with the back to the wall determination that causes a team to battle all the way.

Despite the fact that Jal threw a tremendous scare into the locals last week, the Bulldogs proved they had the stuff when they quickly countered. They made mistakes but they never quit fighting and they bounced right back.

Of that quality comes champions and the Bulldogs have championship caliber if they will put it into action.

The will to win is a potent factor, not merely a phrase, and that will work.

There is due to be a big crowd at the premiere game and fathers, mothers, brothers, sisters, and sweethearts of the players will be at Morris Field counting on the Bulldogs to remove the Rattlers' fangs.

The Bulldog record is still undefeated and they can keep it that way if they will remember and apply the training Coach Jack Tinson has been giving them this past week.

Artesia has never been a fair-weather fans town; it's backing the Bulldogs to win.

Fighting spirit that the Bulldogs have had since the first day of practice and the lessons they have learned since will pay off in an Artesia victory.

The Bulldogs will be doubly eager to win since the Rattlers beat them last year 21 to 14 in a game played in Tucumcari.

**Lineups**  
Joe Harbert, who suffered a right leg injury in the game with Jal, will not be able to play. His quarterback post will be filled by Yumpy Barker, who will receive his baptism of fire in the game tonight. A. L. Terpening is shifted from quarter to fullback.

Otherwise the probable starting lineup will be the same as against Jal last Friday night. The lineup, of course, is subject to change.

The Bulldog backfield will hit a 165 pound average; line, 175.

The Rattler line averages 169 pounds; backfield 150. Heaviest player in the Tucumcari starting lineup is Roy Adecock, a tackle, 210 pounds. Adecock is 5 feet 9 1/2 inches tall, 18 years old, and a senior. His number is 51.

**Probable starters**  
Tucumcari, listed without the prefix right or left; by number, name position and weight:

34 Ned Mitchell	E	154
51 Roy Adecock	T	210
44 George Staub	G	157
48 Jack Grayson	C	179
25 Les Valouche	G	140
52 Sam Hunt	T	181
45 Gordon Waldrip	E	170
29 Paul Hale	B	137
30 Harold Jacobs	B	151
36 Lawrence Ingram	B	166
37 Bill Burch	B	144

Eight of the starters are seniors, three juniors. Six are 18 years old, three are 17. Youngest are Valouche and Staub, guards, each 18. Tallest is Waldrip, end, 6 feet 1 1/2 inches.

**Bulldog Starters**

30 Bobby Morgan	LE	170
37 James Briscoe	LG	180
20 Jerald Johnson	LG	169
39 Bus Brown	C	172
41 Jimmy Juarez	RG	165
38 Ivan Clay	RT	192
15 Bill Brown	RE	175
21 Yumpy Barker	QB	155
10 Doyle Cole	LH	155
11 Vernon Haldeman	RH	165
22 A. L. Terpening	FB	180

**Coaches and Officials**  
Charles O. Criswell is the coach and John Gattis assistant coach of the Rattlers; Jack Tinson, head coach, Cal Hall and Reese Smith, assistant coaches, of the Bulldogs.

Officials, shown by last name only on the official program, are Marberry, referee; Hall, umpire; White, headlinesman; and Barton, field judge.

Seats for 3500 are to be available through addition of three bleacher sections. Work of moving the bleachers in began Wednesday afternoon.

The electric scoreboard that tells minutes to play, downs, yards to go, and score, was being checked and put in condition at the same time.

## Rattler Coach Former Porker All-State Back

Three-way all-state athlete is Charles O. Criswell, coach of the Tucumcari High School Rattlers, the team that plays Artesia High School Bulldogs tonight on Morris Field here.

In 1928 he was an all-state tackle in Oklahoma high school football. For two years, 1930 and 1931, he was all-state tackle as Arkansas Polytechnic, Russellville, and all-state fullback at the University of Arkansas, Fayetteville.

His experience is not limited to football, for he was a forward on the basketball team, weightman and runner of low and high hurdles on the track squad at Polytechnic and also discus tosser and shot putter on the University of Arkansas team.

Criswell started his coaching career as freshman coach at the University of Arkansas in 1935. Following his graduation in 1936 he was for three years coach of the DeQueen, Ark., high school.

**Three-State Coach**  
From 1939 to 1942 he was assistant coach at Duncan, Okla., in the Boomer Conference, which includes Chickasha, Duncan, El Reno, and Lawton. The latter school was the Oklahoma 1942 champion.

Before coming to Pampa, Texas, in 1943 he was coach for 13 months at Anadarki, Okla. He has been coach at Tucumcari the last five years.

Criswell was born in Purcell, Okla., played tackle and fullback for four years on the high school team, graduated in 1929.

At the University of Arkansas he majored in biology and physical education and has a bachelor of science degree.

When Coach Criswell came to Pampa, the town was crammed with a war-time population caused mainly by the start of Pampa Army Air Field and war production by the Cabot Companies and other concerns.

The Cabot Companies turned out anti-tank and anti-aircraft guns. Houses were hard to find. Mrs. Criswell and the children stayed in Borger until the coach could find a house to rent in Pampa.

Reminded of the war time housing shortage he experienced, in a talk at Jal last Friday night, Coach Criswell made a significant remark:

"It looks as those days might be coming back again," a comment occasioned by the Korean war.

Coach and Mrs. Criswell are the parents of two daughters, Virginia Lou and Jackie Sue. The latter was only seven months old at the time the Criswells came to Pampa Texas, and Virginia Lou was 5 years old.

## Colorado Team First Grid Foe For Highlands

With the opening game only a week away, football practice at Highlands University, Las Vegas, has been stepped up since the fall quarter began. A crop of new prospects have turned out as the Cowboys prepare for their home opener against Adams State Teachers College of Alamosa, Colo., Friday night, Sept. 22 at Perkins Stadium.

The Purple and White gridders will take the field under their new coach, Ed Clevon. The Highlands graduate, who received his M.A. degree here in 1947, formerly coached at Dawson High School where he compiled an enviable record.

Adams State will also open their grid campaign under a new head man, Coach Steffon, former Alamosa high school tutor, will send his charges against the host club and attempt to repeat last year's 18-6 win.

Complete roster of the Cowboys is not yet available due to the late return of some of the lettermen. However, 25 players have already undergone physical examinations and the rest are expected to go through the procedure this week. Examination results revealed the players are in tip-top shape.

The Cowboys thus far have not been affected too much by the Korean crisis. Only Perry Bussey has been lost to the armed services. The fleet backfield ace enlisted with the Marine Corps recently.

Lost through graduation are such stars as Vince Martinez, Ben Weigel, Jim Lower, Pete Hatch, Timmy Solano, Frank Rino, and Ward Lasher. The Cowboys will play an eight-game schedule with five of them being night affairs.

By BROWNIE EMERSON

## Game With Junior Sizes Coyotes Opens Season for Bulldogs Junior

A gridiron double header is on tap for Artesia fans tomorrow night when the Artesia Junior High football team opens its season with a traditional foe, Roswell Junior, and the Artesia B eleven engages the Hobbs B team.

Both games are to be played on Morris Field. First of the pair will be the junior high tilt to be followed by the B battles. It will be the season premiere of both teams.

The junior high game will have six-minute quarters; B contest, eight minutes.

Kickoff on the first game, Artesia Junior High vs. Roswell Junior High, is 7 o'clock.

Small in size, light in weight, but eager to learn are the junior high pigskin kickers. Coach Ray Hall and his assistant, Paul Kerley have put in plenty of time with the youngsters the last three weeks, giving them training as rigorous as that undergone by the high school squad.

Winning over Roswell is the prime objective of the junior team and they want their football prowess to be taken at full value and their outfit not described as a C squad.

A bigger gate is probably the reason for the Amarillo location instead of Canyon, the home town of West Texas State. Amarillo is 20 miles north and has a population of 15 times more than Canyon.

On Sept. 23 Cincinnati will play another Texas eleven, the Hardin-Simmons Cowboys. The game will be at Nippert Stadium in Cincinnati.

Texas Western will be on its own Kidd field playing the New Mexico Aggies, 8 o'clock that night, El Paso time.

In far-off Tucson West Texas State Buffaloes will clash with the Arizona Wildcats in Arizona Stadium in Tucson, 8 p. m. M.S.T.

Arizona State Sun Devils of Tempe will battle Brigham Young of Provo.

Of keen interest in the New Mexico-Texas border sector is the Texas Tech game against the University of Texas. It will be played in Jones Stadium in Lubbock at 2 p. m. Central Standard Time.

Last year Texas beat Tech 43 to 0 but the Red Raider has its old power in the backfield and a trifle more speed. Red Raider line is on a par with that of 1949.

## Carlsbad Includes Chess and Checkers On Intramural Plan

From chess to the routine football, basketball and track, runs the range of Carlsbad High School's intramural program this session, directed by Reid McCloskey.

Others include: Tackles — Junior Whittington,

## Third Crown Goal of Hobbs Football Team

Hobbs Eagles, champions of the state for two years, are still seeking to make it three in a row but their stock showed a slight decline last Friday night when an out of state team, Ranger, Texas, held them to a 14-14 tie in a game played in Hobbs.

Hobbs has been beaten only once in the past two years. That was in 1948 when the Kermit Yellowjackets stung their way to a one-touchdown victory over the Hobbs Eagles.

Artesia meets Hobbs in the last game of the season, to be played there Nov. 23.

The Eagles will play a second Texas team for their second game of the season. While the Artesia Bulldogs stiffen their backs to repel the invading Tucumcari team, the Eagles will be in far-off Gray County, Texas, playing the always potent Pampa Harvesters.

Coincidentally, Charles O. Criswell, Tucumcari coach, is a former assistant coach of the Harvesters.

## Hobbs Schedule

Other games on the Hobbs schedule:

Date	Opponent	Place
Sept. 22	Eunice	Hobbs
Sept. 29	Open	
Oct. 6	Roswell	Roswell
Oct. 13	Carlsbad	Hobbs
Oct. 20	Alb. Highlands	Alb.
Oct. 27	Tex. Tech Frosh	Hobbs
Nov. 3	New Mex. Frosh	Hobbs
Nov. 10	Lovington	Lovington
Nov. 17	N.M.M.I.	Hobbs
Nov. 23	ARTESIA	Hobbs

No writer's error. Both games same date, a football doubleheader, oddity in that sport.

## Eagle Roster

The Eagle coach has made some switches in his team, transferring Larry White from center to guard; Aubrey Kenyon, tackle to guard.

Here are some of the Hobbs squad, listed by the starting and reserve lineups by number, name, position, and weight:

**Starters**

No.	Name	Pos.	Wt.
18	Shelton	C	140
21	Ellison	B	158
26	White	G	182
27	Burke	B	184
40	Green	B	154
41	Mackey	E	151
42	Hudson	B	175

## Artesia Lions Hosts To Bulldog Gridders

Artesia High School football squad and coaches were guests of the Lions Club at the club's regular weekly luncheon at noon Wednesday in Masonic Temple. Introductions were on a chain

## Ace Ground Grabber

**HAROLD TAYLOR**  
Expected to lead the Hardin-Simmons University Cowboys against the New Mexico Aggies tomorrow in Aggie Memorial Stadium, is a former Lordsburg, N. M., star. He is Harold Taylor, who performs at left halfback for the Warren B. Woodson coached team. Taylor, a junior, was the Pokes leading ground gainer last year. He carried the ball 148 times for a net of 672 yards.

## Vets on Greyhound Squad Equal Number Of Gridsters Lost

With the first game of the season only a few days away, Coach Al Garten of Eastern New Mexico University, Portales, is tempted to let his mind wander back to last season—and the many reliable gridmen he lost by graduation, selective service, and other reasons.

Although Garten has 17 squadmen back for another campaign, he also has lost 17 experienced men. Seven of these men have been lost by graduation, others have responded to military calls.

Whatever the reason, Garten has had his hands full preparing for the season opener against Abilene Christian College in Abilene, Texas, Saturday night.

### Border Football Put Under Glass

There's always action in the Border Conference and the 1950 season will see a renewal of the razor-sharp rivalry among the colleges of the nine-school circuit.

They are New Mexico A. & M., Texas Western, and Texas Tech, the three nearest to Artesia, and Arizona, Arizona States of Tempe and Flagstaff, Hardin-Simmons, New Mexico, West Texas State.

Out of the nine, only two are in New Mexico, three are Arizona, and the remaining four in West Texas.

Here's the outlook on seven: New Mexico Aggies—small, shallow, inexperienced; backfield material better; outstanding returning player, Sammy McGowan, passed 219 times, completed 112 for 1712 yards, 12 touchdowns.

Other standouts are Charlie Styron, one of nation's top punters; Phillip Neale, honorable mention all-conference fullback; Joe Dean, three-letter guard.

Omer Parker, fleet footed half-back and Gerald Mayfield, might-mite end, up from the '49 frosh, should add scoring punch.

Last season Aggies won four, lost six games.

Arizona Wildcats—Of 22 starters in spring game, 20 were freshmen from last year's best in history frosh team. Two exceptions are Bill Glazier of Mesa, junior end, who led the Cats in pass receiving and scoring during 1949 with 22 catches good for 418 yards and five touchdowns, and senior center Don Boucher, Manitowoc, Wis.

The 1950 team will be lighter but faster than that of 1949. Backfield slightly heavier but the almost all-sophomore line will barely touch 200 mark.

Arizona won two games, lost seven, tied one in 1949.

Arizona State Sun Devils of Tempe—A senior team for the most part. Pacing them will be Wilford (Whizzer) White, all-conference halfback. Returning backfield men include Bobby Fuller, the bare footed place kicker.

The Sun Devils won seven out of nine regular tilts last season.

Texas Western Miners—Defensively well manned. At one end will be J. D. Partridge, Little All American. Have burly 11-man roster of tackles averaging over 200. Pug Gabrel, one of nation's leading ground gainers.

Last season the Miners won seven, lost two, tied one. In Sun Bowl beat Georgetown, 33 to 20.

Texas Tech Red Raiders—Power again in the backfield, bit more speed. Line equal to that of 1949. Lost 19 lettermen. No experienced quarterbacks. Sophomores to carry the load.

These include Jimmie Williams, 6-4, 220 pound center; Buddy Barren and Don Gray, guards; Alton Line, end; Frank Graves, halfback; Bill O'Grady, fullback; Marian Ribble, tackle.

Veterans include Doug McSwayne, tackle; Tim Hatch, halfback; Jarrel Price, defensive tackle; Earl Jackson and J. W. Thompson, fullbacks; Bobby Garner, guard; Dick Cavazos, end.

The Raiders won seven, lost four last season.

West Texas State Buffaloes—

### GOOD PITCH, GOOD HIT By Alan Maver

CHUCK CONERLY

AIMS TO PITCH AND PILOT THE NEW YORK GIANTS BACK TO THE TOP NOW THAT THEY'VE GOT A FULL YEAR OF T UNDER THEIR BELTS!

Distributed by King Features Syndicate

Major portion of 1949 team back. Leading attack in backfield will be Bill Cross, 150-pound fullback, out for fourth varsity letter; Charles Wright, 190-pound halfback, who carried for 765 yards in 98 trips last season.

Quarterback Gene Mayfield gained 238 yards rushing and 929 passing, completing 54 out of 100 last year. Frank Wise, punter, averaged 41.3 last season. Line averages 200, backfield 180.

The Buffs won four, lost five last season.

Hardin-Simmons Cowboys—Seventeen lettermen returning. Expected improvement stemming from pitching by John (Model T) Ford, twice all-conference quarterback, who completed 26 touchdowns passes last season, and completed 98 passes out of 168 attempts for 1691 yards.

Counting on sophomores heavily for reserve strength. Team reinforced by recruits from frosh who lost only one tilt in five games last season.

Last season the Cowboys won six, lost three, tied two.

Texas Tech Red Raiders—Power again in the backfield, bit more speed. Line equal to that of 1949. Lost 19 lettermen. No experienced quarterbacks. Sophomores to carry the load.

These include Jimmie Williams, 6-4, 220 pound center; Buddy Barren and Don Gray, guards; Alton Line, end; Frank Graves, halfback; Bill O'Grady, fullback; Marian Ribble, tackle.

Veterans include Doug McSwayne, tackle; Tim Hatch, halfback; Jarrel Price, defensive tackle; Earl Jackson and J. W. Thompson, fullbacks; Bobby Garner, guard; Dick Cavazos, end.

The Raiders won seven, lost four last season.

West Texas State Buffaloes—

ing News as outstanding player of the regional tilt.

### Tucumcari Tough, Sports Club Told

A review of the Artesia-Jal game of last Friday, won by Artesia 22-14, and the showing of a motion picture depicting penalties and how assessed as the main theme, were the chief parts of the first supper meeting of this season of Artesia Quarterback Club, held at 6:30 o'clock Monday night in the high school cafeteria.

Jack Tinson, head coach, told the facts about the Artesia-Jal game, season opener for the Bulldogs, explained Artesia penalties, said on the whole Artesia rated its penalties.

He emphasized the need of hard practice by the team.

Commenting on tonight's game he said Tucumcari has a big, tough line, and Artesia was due a "real battle."

On the Jal game he said: "I had a hunch we were in for trouble—and we were. The boys couldn't help but remember Jal last year when we beat them 41 to 0."

"Some thought all they had to do was just to appear on the Jal field and the game was won."

While Artesia made 14 first downs to only two for Jal, the Panthers threw a scare into the Bulldogs and led at the half 14-13. Artesia penalties were 265 yards as against less than 60 against Jal. Tinson explained this by saying

### TALENT AND SWIM SUIT WINNERS

"figure out who had the ball most of the time."

Introduced was Ray Hall, junior high coach, brother of Cal Hall, and Paul Kerley, Ray Hall's assistant.

Those registered included: Shirley Hager, Russell Hill, Harvey E. Yates, Martin Yates, S. P. Yates, Howard P. Stroup, G. Taylor Cole, D. D. Archer, Neil B. Watson, Chuck Aston, Fred L. Jacobs, W. R. Petty, Ray Carpenter, William M. Siegenthaler, Howard B. Stroup, Doc Haldeman, E. H. Ward.

Chill Currier, Andy Corbin, W. W. Byers, Charles Murphy, Charles F. Brown, H. D. Burch, Bob Bourland, R. F. McQuay, Jack Fauntleroy, Irv Goldstein, Jack Clem, Don Chapin, Ray and Cal Hall, Paul Kerley.

Glenn Collard, C. W. Morgan, Fritz Crawford, E. B. Emerson.

The list does not include all present since all did not sign their names. Others included Supt. Tom Mayfield, Coach Jack Tinson, Bill McGinty, Bill Key, Cliff Plator, and Sammy Walker, high school pupil who was projectionist on the movie.

### Keep It Clean Is Advice to Cotton Farmers

Members of the cotton industry have a bit of advice for cotton growers in New Mexico and elsewhere throughout the South—keep it clean.

They aren't referring to risqué jokes that cotton growers might tell or bad language they might

TWO PRELIMINARY winners in the "Miss America" beauty contest in Atlantic City, N. J., are "Miss Connecticut," Renee Dianne Roy (left), of Hartford in the talent contest, and "Miss California," Joan Durant of San Mateo, in bathing suit competition. (International Soundphoto)

use in addressing a balky mule or tractor, but to the job of picking cotton.

Clean cotton, the ginners and buyers point out, not only looks better, but really is better. It gins better. It grades better. It brings the grower \$10 to \$20 a bale more.

Most any cotton that is picked, handled, and ginned as carefully

as possible will grade strict middling or better. Most of the cotton graded lower is a result of picking while wet, contamination of leaves and other trash, tramping too heavily in the wagon and picking before fully open, or lack of protection from rain or dirt after picking.

Gins are equipped today to do a good job on bad cotton, but they can't make good cotton out of bad cotton. Cotton that is clean and fluffy to begin with just naturally gins better and grades better than cotton that is dirty, damp and packed. Some of the fine trash is impossible to get out after it has been matted into the fibres and will even be found in material woven from poor cotton. That's why the cotton industry says to the grower, "Keep it clean!"

Neatness pays in picking cotton. We can't think of many better ways of making money than by just being neat.

All the farm land in the world, evenly divided among its population, would give everyone slightly more than one acre.

### Federal Label Wanted On White Sands Route

A four-year move to obtain federal designation of New Mexico Road 83 has been started.

First step is a letter to Joe Lusk, Carlsbad, chairman of Eddy County board of commissioners, asking that group to request the New Mexico Highway Commission for the label on the highway referred to as the White Sands Route.

Parallel moves will be from Lea, Otero, and Chaves commissioners, paving the way for submission of the request to the "numbering" committee of the American Association of Highway Officials.

Announcement of the step was made Wednesday by Artesia Chamber of Commerce.

# Looking for a Money Saver?

# Better Buy Buick!

**YOU CAN SEE here how smart it is**—don't have to be told that it's the most highly identified car on the road today.

You probably know that the engine under that broad bonnet is a Fireball straight-eight valve-in-head engine and a lively stepper in any company.

**FOUR-WAY FOREFRONT**—This rugged front end (1) sets the style note, (2) moves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

You can check the abundance of its room by the simple expedient of taking the family and trying out its spaciousness at the nearest Buick dealer's—and a very few minutes on the open road will satisfy you that all-coil springing, low-pressure tires and Buick's torque-tube drive really do produce a ride that is matchless for its soft comfort.

**BUT RIGHT NOW**, it may be that the money angle is the thing uppermost in your mind, and on that we'd like to make two points:

All our records go to show that this is the most economical Buick ever built. It is easy on gas, on oil, on tires, on upkeep.

And if you choose it with Dynaflo

Drive,\* it immediately eliminates all chance of friction-clutch repair and replacement—not to mention greatly reducing rear-axle and transmission maintenance.

Best of all, your initial outlay is a highly favorable one—whatever Buick you buy. For these brawny straight-eights—built rugged and solid for durable service—are priced at a level that makes them a standout buy in any price class.

Yes, better buy a Buick. Your dealer will be glad to demonstrate, glad to work out all the arithmetic of a deal. See him right away and get an order signed.

\*Standard on ROADMASTER, optional on extra cost on SUPER and SPECIAL models.

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

YOUR KEY TO GREATER VALUE

Fashions In Furs

American broadtail coat.

By VERA WINSTON

CHARMING indeed, and rich in variety, are the new fur fashions, with excellent values at every price level. Ready to be donned fairly early in the season is this handsome coat of American broadtail in either beige, black or navy blue, and cut on the lines of a shirt. Made with a buttoned front panel and roomy, flapped pockets, it may also be worn without the belt, in which case it hangs like any loose coat, with just a slight flare.

Business in State Is Up 14 Per Cent

Only seven of the state's 31 counties showed decreases as New Mexico chalked up a whopping 14 per cent increase in June over the same month of 1949 in retail sales volume.

Optimism over the year's gains, however, was tempered by a report from the University of New Mexico's Bureau of Business Research showing June, 1950, as 5 per cent below the retail trade averages for the preceding month of May.

Prof. Ralph Edgel, university business researcher, said the state's over-all 5 per cent loss from May to June contrasted unfavorably with the 3 per cent gain reported by independent stores throughout the country. Edgel's monthly business bulletin laid most of the blame for the recent decline on the lack of activity in sales of furniture, appliances, building materials, drugs and jewelry.

Most of the items that caused the early summer slump were listed by Professor Edgel in his monthly business review as reasons for the good showing in retail sales from June, 1949, to June, 1950. Furniture and appliance sales were up one-third in the year's period. Sales in the building materials and subsistence groups chalked up a 20 per cent gain from a year earlier.

Indications for the present are that the state's mining industry is on its way back with copper, lead, coal and potash mines showing a remarkable recovery in recent months. Potash mining in particular is now in full swing with a definite opening of another Carlsbad mine scheduled for the near future. Likewise the coal mines of Raton and Gallup have recently increased their work week by one day.

Counties showing gains from June of last year to June of 1950 include: Sandoval, 113 per cent; Guadalupe, 47; Colfax, 32; Rio Arriba, 28; Roosevelt, 27; Valencia, 24; San Juan, 22.

San Miguel, 20; Taos and Harding, 18 per cent each; Bernalillo, 14; De Baca, 13; Grant, 11; Dona Ana, 10; Santa Fe, 9; Mora and Sierra, 8 per cent each; Chaves, 7; Quay, Eddy, and Luna, 6 per cent each; Hidalgo, 5; Catron, 4, and Lincoln, 3.

The seven counties with minus signs are: Otero, 19; Socorro, 16; Torrance and Union, each 14; Lea, 8; McKinley, 7, and Curry, 3.

Eddy Residents Invest \$18,460 in Bonds During August

U.S. Savings Bonds purchased by residents of Eddy County during August totaled \$18,460, L. B. Feather, chairman of the county Savings Bonds committee, has announced. Of this, \$12,300 was placed in Series E Bonds.

Feather said that people of Eddy County added \$275,141.50 to their Savings Bonds holdings during the months of May, June, and July, including \$121,973.22 worth in Series E Bonds purchased during the Independence Bond Drive, May 15-July 17.

A survey shows the average American girl of 20 years has had at least five blind dates.

AMPLE FREE PARKING FOR YOUR CAR! COURTEOUS ATTENDANTS TO HELP YOU WITH YOUR HEAVY PACKAGES!

### Procurement of Oil Field Pipe Is Getting Difficult

Procurement of oil field pipe is getting more difficult with supplies tight and deliveries delayed, according to oil and gas producers from 10 states who were polled by an Independent Petroleum Association of America committee, meeting in Fort Worth, Texas.

The reports of shortages and maldistribution of oil country tubular goods were made to the oil and gas field materials committee of I. P. A. A. in reply to a questionnaire. Bryan W. Payne, Tyler, Texas, is chairman of the group. Emery Carper of Artesia is a member of the committee.

Development of shortages and maldistribution of steel tubular goods is creating a serious problem which must be corrected to the maximum extent possible without delay," Payne said. "Suggestions to alleviate possible serious conditions have been submitted to our committee for consideration."

"We are carefully analyzing all information and plans suggested by oil and gas producers in 10 states, together with other pertinent information which we can develop, so that probable future developments can be determined with respect to oil field materials."

Drilling operations have been at a high rate. We recognized that a high drilling rate must be continued in the present emergency in order to find and develop the needed oil reserves and producing capacity.

It is readily apparent that domestic oil producers must have adequate supplies of oil country tubular goods with which to drill the required wells."

Payne said replies to the survey by his committee were confined largely to tubular goods. "They indicate that the supply of tubular goods has been tight, that deliveries have been delayed, that procurement is more difficult, and that shortages and maldistribution are developing," he said.

The committee will make recommendations "which it believes will help alleviate any present or future conditions that are or may be detrimental to necessary oil development," Payne said.

### Pink Bollworm Threat Is Great

New Mexico cotton growers are faced with a possible heavy infestation of pink bollworm, L. H. Moore, extension entomologist, said.

A report recently received from L. F. Curl, in charge, Division of Pink Bollworm Control, Bureau of Entomology and Plant Quarantine, said pink bollworm infestation in the regulated area of South Texas has developed to very serious proportions in this year's cotton crop.

### THREE WAR CORRESPONDENTS KILLED IN AIR CRASH

Charles D. Rosecrans, Jr., 30.

Frank Emery, 23.

Ken Inouye, 22.

THREE ACE war correspondents are dead as result of crash of a plane taking them back to the Korea battlefield from a short rest in Tokyo. Victims of the crash, which occurred when the plane took off from an intermediate stop, were two International News men, photographer-writer Charles D. Rosecrans, Jr., formerly of San Francisco and Manila and a veteran of World War II Pacific landings; Frank Emery of Los Angeles, who was a member of the "Stars and Stripes" staff during World War II and before that was on the Los Angeles Examiner; Ken Inouye, New York-born Japanese American and cameraman for Telenews, television affiliate of International News Service. The plane carried 14, including crew of three, but stopped to discharge three passengers. Remaining 11 aboard were killed. (International Soundphotos)

portions in this year's cotton crop. In one county in this area the infestation this year is 3600 times as heavy as it was in 1949 with damage running up to approximately 50 per cent.

Moore pointed out that much of the cotton in South Texas has matured and stalks have been destroyed. This means that moths will be leaving these fields and, aided by wind currents, will spread to other areas. Many areas that were not infested or were lightly infested last year stand a grave danger of being heavily infested this year.

Another way the pink bollworm may spread, Moore says, is in the cotton sacks of workers moving from an infested area to other areas. Thousands of cotton pickers from South Texas have been inspected upon leaving the heavily infested areas and many pink bollworms intercepted in the trash taken from their sacks. Cotton growers in New Mexico can help prevent the spread of this pest by requiring the imported cotton pickers to clean their sacks of seed cotton and bollies upon arrival at their farm and then burning such material promptly. A better way would be to burn all sacks brought in and replace them with new ones.

The entomologist adds that any worms found in cotton that can't be identified should be taken to the county agent's office to be sent in for positive identification.

An estimated 92 per cent of new dairy equipment coming in contact with milk is made of stainless steel.

### Farm Briefs

By Dallas Rierson  
(Eddy County Agent)

Net farm income in the U.S. in 1950 is likely to be 5 to 10 per cent below last year, economists predict.

Consumption of meat this year is expected to be about the same as last year—144 pounds per person.

Aluminum roofs reflect up to 95 per cent of the radiant heat that reaches them.

U.S. Savings Bonds are a good investment. For every \$3 invested now, \$4 will be paid in 10 short years.

Plan now to attend the New Mexico State Fair at Albuquerque Sept. 24 to Oct. 1. And when you are there, be sure to visit the junior livestock show.

Mature beef cattle usually consume about 12 gallons of water per head daily.

Poultrymen who are packing eggs for the hatchery or for the market should be very careful to pack the large end of the egg up. Reversing this order puts pressure on the air cell in the large end of the egg, loosening the membrane.

A peak of nearly three billion pounds of wool was "world-traded" in 1949, as everyone rushed to fill

the long demand, unsatisfied during war years.

In the four postwar years, world wool consumption averaged seven million bales annually—about 50 per cent above prewar years and 42 per cent above the current rate of production.

### Cottonwood School Adds New Classrooms

A dozen improvements have been made during the past summer at Cottonwood School, including landscaping of grounds, addition of merry go rounds, slides and swings on the playground, and three new classrooms.

In order to complete all the improvements school start was delayed one week this month.

Millie Jean Astin says: "Walls of classrooms were painted in pastel shades. A new system of fluorescent lighting is combined with numerous skylights and spacious windows to give the new building a light and well ventilated appearance."

Other improvements include an office for the principal, supply room, two rest rooms. "Landscaping of grounds," she adds, "has added much to the beauty of the building and with a new watering system the grass on the school grounds may soon be improved."

### New Credit Ruling Data Can Be Checked At Artesia Chamber

Merchants wishing to know the import of Regulation W, new fed-

eral rule going into effect Monday, Sept. 18, are invited to see a copy of the regulation at the chamber of commerce.

The regulation deals with consumer credit of \$5000 and less. Copies will likely be issued later through federal reserve banks but the chamber copy is ready now for inspection, Bob Kooney, chamber manager, said Wednesday.

### Kids Day National Move of Kiwanians

Artesia Kiwanis Club will be one of a thousand Kiwanis clubs over the nation observing the second annual "National Kids Day," Saturday, Sept. 23.

Detailed outline of the observance has not yet been prepared. Preliminary plans call for a parade, motion picture show, and athletic tourney.

Purpose of the special day is to focus attention on the needs of

under-privileged children.

A majority of the publicity material over the nation is being supplied by the National Kids Day Foundation, of which Jimmie Fidler is president.

Fidler is a member of the Hollywood club and is a radio news commentator.

There will be radio and television coverage with special 30-minute network shows during the week Sept. 17-23.

Theme is "Child by Child We Build Our Nation."

Last year, the first time the special week was noted, the date was Nov. 19. Because of bad weather in many areas at that time a switch was made moving the date of the observance up to September for the 1950 promotion.

In the United States, petroleum was first produced commercially in 1859, according to the Encyclopaedia Britannica.

### Investors Cautious Army Lab Not Cinched

You can look but don't gamble on it.

That, in effect, is what the office of the chamber of commerce is saying to persons who foresee a quartermaster laboratory going up here overnight and see a chance to make a fast buck by getting land near the possible six locations.

Complete file of the project is on hand at the chamber's office in Artesia Hotel and the public is welcome to inspect it.

Nevertheless, the chamber admonishes that the deal hasn't been concluded and there's no iron clad guarantee that Artesia will get the laboratory. Other towns are after it, too.

The decision is up to a "research and development" committee, which has set no time for its meeting on the matter except a vague early or middle part of September.

and there has been no word from Washington, D. C. on what has been decided.

### Chaves Good Willers To Visit in Artesia

Roswell booster good will motorcade, plugging the Eastern New Mexico Fair, will make a 45-minute stop in Artesia on Wednesday, Sept. 20, at 2:30 o'clock that afternoon.

Artesia Chamber of Commerce announced Wednesday that preliminary plans call for a police escort to meet the caravan as it enters the city from the south, coming from Carlsbad.

Place of the booster program will be in the vicinity of the Artesia city hall.

Baby birds often eat more than their own weight in food daily, according to the Encyclopaedia Britannica.

BOMBING RECORD—Heavy bombs have been safely and accurately dropped for the first time at speeds over 500 miles an hour in test runs with an Air Force North American Aviation B-45 Tornado four-jet bomber at Edwards Air Force Base, Murco, Calif. Here a "stick" of 500 pounders drop from the Tornado's bomb bay during the high speed bombing runs.

Prior to the tests with the B-45, the highest speeds at which bombs had been dropped successfully from an operational airplane were the 350 to 400 mile an hour standards of World War II.

Successful completion of the exhaustive tests at Edwards Air Force Base showed that the USAF's fastest operational bomber is ready for high speed bombing missions, the announcement said. Engineers, scientists and armament experts were "highly satisfied" over the outcome of the tests to determine the action of bombs at high speeds. The value of high speed bombers, it was pointed out, would be nullified if the bombs tumbled or fell erratically, making accurate bombing impossible.

The problem of air turbulence causing bombs to climb and tumble was overcome in the B-45 by folding or overlapping bomb bay doors which slide upward inside the plane. This permits the

bombs to fall almost directly into the air stream.

In the tests announced today, as many as 27 bombs at a time were dropped in fast and slow train and in salvo, with the missiles falling out smoothly and accurately. Small bombs, the tests showed, tumbled and fell erratically at speeds exceeding 350 miles an hour.

The high speed runs with heavy bombs were made with bombs weighing from 500 to 4000 pounds, and at varying altitudes up to more than 20,000 feet. The B-45 will carry over 10 tons of bombs, has a service ceiling of over 40,000 feet, and a combat radius of more than 800 miles which can be extended by the use of external drop tanks.

Loading of the B-45's bomb bay is accomplished quickly and easily, according to Dan Holloway, the company's assistant chief armament engineer, who supervised the loading. B-45 Project Engineer H.

E. Dale and Chief Armament Engineer George Bussiehe directed the tests.

First four-jet airplane to fly in the United States, the B-45 is powered by four General Electric Allison TG-190 engines mounted in pairs in single nacelles under each wing. The plane was flown for the first time in March, 1947, and in one year's time successfully completed its Air Force flight test requirements.

Although comparable to wartime heavy bombers in size and range, the B-45 is rated as a light bomber by present standards. The streamlined plane's only protuberance is the fighter-like bubble canopy over the pressurized cockpit, where the pilot and co-pilot sit in tandem. The B-45's wing span is 89 feet, length 74 feet, and its height 25 feet from ground to tail top.

Tornados are in assembly line production at North American's Long Beach plant.

### United Nations Flags Planned In Every County

A United Nations flag in every community is the goal of a new statewide project to be started soon by New Mexico's thousands of home demonstration club members and 4-H Club girls, according to Elsie Cunningham, state home agent.

Extension agents throughout the country have been asked by the National Citizens Committee for United Nations Day to lead in a UN flag-making program.

The UN flags will be true-blue in color, with white figures. They are to be 3x5 feet in size. The material for one flag costs approximately \$3.

Along with the flag-making, home demonstration and 4-H groups will conduct an educational campaign concerning the purposes, organization, and functioning of the United Nations. This will be a phase of the home demonstration citizenship program.

An effort will be made to have a flag available in every community for flying on "United Nations Day," Oct. 24. In many cases, flags

will be made and presented to city and county officials for local use.

The Extension Service was asked to lead the program with all groups because it has agents who are experienced in teaching and demonstrating better farming, homemaking, clothing, and other information. The agents are educational workers employed jointly by the county, the State College Extension Service, and the U.S. Department of Agriculture.

Commenting on the flag-making effort, Miss Cunningham said, "This flag-making plan has been endorsed by farm organizations, and by labor, retail and industrial, veteran, religious, education, and other groups. The extension agents will have the flag patterns and other information at the extension office in each county."

### Interior Offers To Leave 400 Acres In Robinson Area

The Bureau of Land Management, Department of the Interior, has announced it is offering 440 acres in the Robinson area east of Square Lake for lease at the rate of \$1 a year.

The acreage is divided into four parcels, all lying in Township 16S, Range 31E.

Bids are to be submitted to the bureau at Washington 25, D. C., before 1 o'clock the afternoon of Oct. 11. Each parcel must be bid on separately.

The parcels: No. 1, 120 acres, N NE and NE NW Section 25; No. 2, 120 acres, SE NE and E SE Section 25; No. 3, 80 acres, N NE Section 26; No. 4, 120 acres, NW SW and S SW Section 26.

### Butter Literally Goes to College

It is literally true that the butter you spread on your bread, use in your cooking, and pile on your pancakes or waffles goes to college for a "workout," says Milton Hult, president of the National Dairy Council, and recently named member of the advisory committee of the Nutrition Foundation, New York, a research organization devoted to the study of all foods for the family table.

Butter, in addition to being one of America's most popular spreads, has many sound scientific reasons for its place high on the ladder of America's most nourishing foods. It came about through constant research in America's top-ranking colleges and universities where butter goes through test tube workouts to determine its food value.

"First of all," said Hult, "butter is a wholesome, nutritious food made from cream, the natural fat itself, which is supplied by the dairy cow. Today's cow is a highly perfected milk factory, resulting from years of improved breeding, scientific care and protection."

Fat and its vitamin A value are butter's most important known nutrients so essential to growth and development of the body. Butter is made of the fat of milk and is easily digested when eaten in a

general mixed diet. To produce one pound of butter for the family table it takes 10 1/2 quarts of milk.

Vitamin A, found in large quantities in butter, is an essential nutrient required by the body for robust health. Scientists say the year-round average for the vitamin value of butter is 15,000 international units per pound. This is much higher in summer when the average content is 18,000 units and some butter is well more than 20,000 units per pound. Hult said nearly two-thirds of all creamery butter produced is summer butter, which assures families a high quality vitamin A content.

Hult added that vitamin A is necessary to life. It is essential for growth, for healthy eyes, skin and other sensitive tissues.

"Butter will continue to go to college," declared Hult, "to help assure America's 150,000,000 men, women and children of butter's health-giving food values and to discover new ways in which butter plays a vital part in the growth of children and adults."

Policeman: What's the idea of driving a car in your condition? You look as if you're drunk. Driver: Misshen, lister, I only had tee martoonies and I'm not under the affluence of inkahol. Some thinkle may peep I don't drive; but the drunker I stand here the longer I get!

### Rubber Is Used For Surface On Playground

Rubber's bounce is becoming an important factor in playground surfaces.

This was indicated in Akron, Ohio, recently when a rubber company collaborated with school officials on the installation of a new rubberized surface covering the entire play area at Margaret Park school.

Supplied were 12,000 pounds of finely-ground rubber for the project, the material being used to form a half-inch top layer over the surface of the new surface.

The smooth rubber coating replaces the ground slag commonly used in such installations. The rubber is resilient and has no sharp, abrasive edges to injure the skin of children who fall while at play. H. A. Endres of the research laboratory points out.

Endres and his company, in conjunction with the city's school board, have been conducting experiments for several years to determine the practicability of rubber for playgrounds. Last year these researches led to the installation of a test strip at Rankin School.

Results were highly successful, and school officials report. Since then, the number of skinned arms, legs and faces sustained by the school's youngsters have been negligible.

Rubber used in the resurfacing is termed "pelletized" rubber. Prepared especially for this purpose, the material is applied over an asphalt and slag base. The myriads of rubber particles serve as a cushioning agent over the harder surface beneath.

Protection against falls is not the only advantage of the new treatment, according to contractors for the Margaret Park installation. The rubberized surface is much more resistant to erosion and frost damage, the contractors say. They describe the recent job as a "stabilized asphalt surface." It has a total depth of about three and a half inches. Base is constructed by loosening and working up the ground, then the slag and asphalt are applied.

Over this is placed a coating of asphalt emulsion, then the ground rubber is spread on at the rate of about six pounds per square yard. The rubber particles are forced into the emulsion by means of a power roller.

C. S. Hamlet, the school board's supervisor on the recent project, appears highly enthusiastic over the possibilities of this type of playground throughout the city. He also said that since the experimental strip was laid, his office has been receiving many inquiries from other schools.

The rubber supplied is similar to that being furnished to local

"LYRE' NECKLINE" — Shown here in a suit of black velour, designed by a New York designer for fall and winter, 1950-51. White velvet blouse, buttoned with pear-shaped rhinestones, is sleeveless. (N. Y. Dress Institute Photo)

highway departments for road surfacing in various areas. One difference, however, is the fact that in the playground applications, top surface is entirely free of abrasive materials.

Crow, used in the sense of bragging, originated in cock-fighting, where the victor crowed in triumph over his opponent.

There are 172 clocks in the new British House of Commons

# September SALE at SAFEWAY

It's September! Time to check your cupboards for the foods you'll need for hearty meals in the cooler days ahead. With school starting, you're probably preparing to get back on the schooltime meal schedule. Full cupboards will help make your meal planning easier. Take advantage of the values being offered on these plentiful foods during this big event at Safeway. P. S.: Don't forget lunch box needs.

## CAN YOUR BRAKES pass these safety tests?

	FAIL	PASS
<p><b>1 THE EYE TEST.</b> At 30 miles per hour ... with good tires on dry pavement ... you should stop in about 45 feet. That is approximately three car lengths or the width of an average city lot.</p>		
<p><b>2 THE HAND TEST.</b> On a street free of traffic, try stopping with your hands lightly holding the steering wheel. If brakes "pull" wheel to either side ... or "grab" and jerk the car ... they need adjustment.</p>		
<p><b>3 THE FOOT TEST.</b> If brake pedal feels spongy under your foot and continues to move down slowly when depressed ... or if pedal requires "pumping" ... hydraulic system should be checked.</p>		

**If your brakes flunk any of these safety tests... have us check them right away!**

PLEDGED TO GREATER PUBLIC SERVICE

### WINDOW STUCK -- NO GOODBY HUG

WINDOW WON'T OPEN -- this little girl can only clasp the fingers of her daddy instead of hugging him as the 469th Field Artillery leaves Milwaukee, Wis., for service.

and undercroft, where refreshments were later served. After the lesson, Mrs. Bailey conducted the special service with Mrs. Redmon Pate lighting the candles as each aim was read. A beautifully decorated cake was furnished by the Lake Arthur society and eight of the 10 candles were lighted, showing eight points of the program of the society carried out in 1949. The candle "to grow on" was also lighted. This cake and another white cake and spiced tea were served by the hostesses, Mrs. Bailey and Mrs. Menoud, to Mrs. Cox of Dallas, Mmes. Murphey, Clyde Nihart, Charles Michelet, John Lane, Redmon Pate, and E. L. Cummins, all of Lake Arthur. Rev. and Mrs. Woolf, Miss James, Mmes. L. R. Burck, J. F. Campbell, G. W. Chrisman, Harry Cowan, Raynal Cumpsten, Leonard George, Lester Hinrichsen, J. N. Hopkins, L. E. Harshey, Jr., Carl Ridgely, John Shockley, Earl Stine, W. J. Wiggins, Spurgeon Wiggins, A. A. Bailey, and A. D. Menoud and little Joe Harshey.

David Wyman, who was unable to attend school in the spring, is now able to take up his studies again. Mr. Carter and Mr. Graham are quite ill this week. Mr. and Mrs. Malcolm Key and daughter have been visiting old friends at Hagerman this week. They also vacationed at Ruidoso. Malcolm is a son of Mr. and Mrs. A. S. Key, former Hagermanites who now reside in Texas.

### Hagerman News

(Mrs. Edna Burck)  
Three Hagerman people who were injured in accidents are all getting along nicely now. The most seriously injured was Mrs. Charles Kiper, who was hurt in an accident on Highway 285 near Elida, where the Kiper car overturned several times after skidding on wet pavement. Mrs. Kiper was brought home from a Portales hospital Thursday and will have to remain in bed a number of weeks, it is reported, as her breast bone was injured in the accident. Paul Franklin, driver of a gasoline tank truck, sustained injuries to his hand and knee when he lost control of the truck and struck some trees on a mountain road north of Albuquerque. The truck was badly damaged but fortunately the tank was empty and there was no fire. He was taken to an Albuquerque hospital and later came home. Gloria Menefee suffered a broken bone in an accident while playing at school and is getting along nicely now.  
Mrs. Maud Troubfield, who underwent surgery in a Roswell hospital Friday, is still quite ill.  
Mrs. W. H. Templeton has gone to Las Cruces in response to a message saying that Mrs. Bobby Templeton is quite ill from pneumonia.  
Mr. and Mrs. C. L. Barton were hosts at a merry "tacky dance" Tuesday evening of last week at their home on West Kansas, honoring Raymond Grantham, who is soon to be inducted into service. Good music was furnished by Bill Clay, Merle Carmack, Tommy Taylor, Carl Dennis and Don Evans. Miss Mary Smith and Dee

Carmack won the prize for the couple having the tackiest costumes and Miss Smith also won the bubblegum blowing contest. More than 90 persons were present. Cake, cold drinks, and coffee were served at the close of the evening.  
Preaching services were held on Saturday at the S.D.A. Church with a duet by a Carlsbad couple and a solo by a visitor from Chicago.  
Revival services are being held at the Baptist Church. They began Sunday and will end Sept. 17. Services will be held at 9:30 and 7:30 each day. T. B. Hart, evangelist, and Rev. D. A. Benson are in charge of the services.  
The Belle Bennett Circle and Circle No. 1 of the W.S.C.S. met on Wednesday afternoon at the sanctuary of the Methodist Church as hosts to Lake Arthur women who visited as an encourager group. The president, Mrs. Bailey, was in the chair during the routine business session, and Mrs. G. H. Woolf conducted the lesson, assisted by several members from each circle. Beautiful dahlias were used in decorating the sanctuary.

Demonstration parties were held last week at the Francis Boyce and John Shockley homes and neighboring groups enjoyed a social time together and were served lovely refreshments after the demonstrations were given by Mrs. Toby.  
Mrs. Lloyd Edgar Harshey, Jr. was honored with a lovely chicken dinner on Tuesday evening of last week at the Lloyd Harshey home. The occasion was her birthday. The family party was composed of Mr. and Mrs. Lloyd Edgar Harshey, Jr. and sons; Mrs. Tom McKinstry, Mr. and Mrs. Clarence Harshey and daughter, and Mr. and Mrs. Lloyd Harshey, Sr.  
Mrs. Jim Michelet and Mrs. Lloyd Harshey left Wednesday of last week for Ruidoso for a visit of several days. They returned home Saturday.  
Little Ann Wyman was honored with a fifth birthday party Friday morning. A circus theme was carried out in detail. A pole with paper streamers made a festive tent in the back yard and balloons and clown masks were the favors. The birthday cake was topped with a circus tent and animal cookies making a merry-go-round. About 20 children enjoyed the affair with Ann, Mrs. Dan Simpson

assisted Mrs. Wyman in entertaining and Mrs. Jaenne Losey took pictures of the children.  
Mrs. T. D. Davenport, who was visiting relatives, returned home the latter part of last week. She visited her sister, Mrs. A. F. Clark, and Mr. Clark, at Sterling City, Texas, and her brother, Jesse Morgan, and family at State College.

### Eddy Deficit For Mails Is \$110,000 in Year

For taxpayers of Eddy County, the \$558,000,000 deficit of the Post Office Department in the federal fiscal year which ended June 30 will mean approximately \$110,000 in terms of general federal taxes, according to a study released by the Council of State Chambers of Commerce.

The study explained that this figure is Eddy County's proportion of New Mexico's share of the over-all loss sustained by taxpayers through the failure of the federal government to run the Post Office Department within its income. The council's study showed that except for a few scattered years the department has been doing business at a loss for 60 years. Since the end of World War II these losses were found to total \$1,758,044,299, which means roughly an extra tax of \$12 for every man, woman and child in the United States.

Support for an effort in Congress to cut \$28,107,000 off the \$55 million dollars postal deficit expected this year was urged in the study. It recalled that in expectation of this cut, Postmaster General Donaldson in April ordered such economies as a reduction from two to one in the number of mail deliveries daily in residential areas, and fewer mail box collections. But the House of Representatives recently voted against these economies. Whether they will stick remains up to the Senate.  
In addition to this 28 million

### Quiz Schiaparelli

A STIFF FINE is in prospect for Lisa Schiaparelli, 54 (above), famous Paris fashion designer, after arrest by French customs officers who reported finding \$1,500 in currency and \$500 in jewelry hidden in her luggage at Nice as she was about to board a plane for Tunis, North Africa. She is accused of attempting to smuggle the currency out of France. (International)

dollar saving, the study urged the Hoover Commission recommendations for putting the Post Office Department on a businesslike basis be carried out.  
Finding the department and the

Bell Telephone System comparable in size, number of employees, and the nature of their services, the study observed that the private enterprise operated at a profit and paid federal, state and local taxes last year totaling \$346,144,000. It also pointed out that the Bell System acted as tax-gatherer for the government, collecting from subscribers and other users \$455,000,000 last year in federal excise taxes on telephone calls.

### IN THE DISTRICT COURT OF EDDY COUNTY, STATE OF NEW MEXICO.

LORENE PARRISH, Plaintiff,

vs. CLYDE PARRISH, Defendant.

Rev. S. J. Polk, Pastor

## Gratuities Due U.S. Veterans of Canadian Forces

The Canadian Department of Veterans Affairs has issued a statement clarifying recent announcements which have appeared in regard to war service gratuities available to American citizens who served in the Canadian Forces. "The gratuity is available only to World War II veterans," the statement said. "It is not a new piece of legislation and has been in effect since before the end of the second World War. The vast majority of Americans eligible

for it have received it, but there are a few hundred who have not yet made application. These comparative few should apply to the branch of the services—Army, Navy, or Air Force—to which they were attached."

The statement, however, emphasized that, in addition to the gratuity, American citizens who served with the Canadians also have available to them a re-establishment credit, which is based on period and theater of services in Canada. These re-establishment credits may be used in a number of specified ways in Canada but former members of the Canadian forces resident in the United States may use them only for the payment of premiums on veterans' insurance. Thousands of American citizens who served with the Canadians have not yet made application to use their re-establishment credit in this way.

"It is important that they make application soon," the Canadian Department of Veterans Affairs statement warned, "because the right to apply for veterans' insurance ends Feb. 29, 1951, or six years after discharge, whichever is the latter date."

think what it means to HER . . .

Yes, just think what it does mean to her . . . to have another harvest coming in . . . to have the assurance of a regular weekly pay check . . . to have enough money in the bank for comfortable living.

These are important things, all of them dependent on you. If something were to happen—well, you've probably thought of that, too. And maybe you've worried about it more than you should.

There's just one protection against this fear of family insecurity—that's life insurance. Yes, there's only one way to assure her future and that of the children. No matter what kind of work you do, no matter how much you earn, you owe your family the security of life insurance protection.

type for which he's being trained, and the farm must be of such a nature that if the veteran plans to continue operating it after he completes his course, it will assure him a satisfactory income under normal conditions.

Within the meaning of the law, VA said, institutional on-farm training does not apply to veterans in establishments engaged primarily in the processing, distribution, or sale of agricultural products.

Examples of such establishments are dairy processing plants, grain elevators, packing plants, hatcheries, stock yards, florist shops, and the like.

Establishments of this nature desiring to train veterans may qualify under the on-the-job training provisions of the GI Bill, VA said.

VA pointed out that its requirements that farms must meet for institutional on-farm training in no way constitute a definition of a farm itself. The requirements merely include qualifications a farm must have for purposes of GI Bill institutional on-farm training.

A survey shows that more than 60 per cent of brides do not know how much their husbands earn.

The first round-the-world solo airplane flight was made by Wiley Post in July, 1933.

### Vets, Servicemen Should Indicate NSLI Payments

Veterans holding National Service Life Insurance, and those persons now entering service who take out NSLI, should file with the Veterans Administration a form or statement indicating how the proceeds of their policies should be paid to their beneficiaries, VA advises.

Under existing laws, those in service today are entitled to National Service Life Insurance on the same basis as servicemen of World War II VA said.

The insured may select any one of four optional settlements of his policy, designating how he wants the insurance proceeds paid to his beneficiaries at his death. Or, he may elect that a part of the proceeds be paid under one option, and the balance paid under another option, VA said.

For example, under a \$10,000 policy, he may choose to have his beneficiary receive \$1000 in a lump sum under Option 1, and the remaining \$9000 in equal monthly

installments under one of the other three options.

Under Option 1, the insurance proceeds will be payable in one lump sum at the death of the insured. If he fails to designate Option 1, or if he fails to make any designation, his beneficiaries have to accept the proceeds of the policy under Options 2, 3, or 4, in equal monthly installments. The amount of these monthly installments will vary with the age of the beneficiary at the death of the veteran, or, under Option 2, the number of monthly installments selected.

The designated first beneficiary may elect, under certain conditions, to receive payment under any installment option—2, 3, or 4—provided the number of installments so selected are payable over a longer period than the selection made by the insured. But, the beneficiary cannot select Option 1—lump sum payment—unless the insured has designated it.

Under Option 2, either the insured or the beneficiary may select equal monthly installments ranging from 36 months to 240 months, in multiples of 12. That is, he can elect that the proceeds be paid in three years, or up to 20 years, VA pointed out.

Under Option 3, the monthly

installments will be paid throughout the remaining lifetime of the designated first beneficiary, with 120 monthly payments guaranteed. If the designated first beneficiary dies before these 120 payments have been made, the remaining guaranteed monthly payments will be paid to the contingent beneficiary or to the insured's estate.

Option 4 also guarantees that the designated first beneficiary will receive monthly installments throughout her remaining lifetime. If the designated first beneficiary should die before receiving the face amount of the policy, the contingent beneficiary or the estate will receive the unpaid balance.

VA urged veterans and servicemen holding NSLI to visit their nearest VA office to get details of these optional settlements, and to get their insurance matters in shape to fit their present needs.

### VA Broadens Requirements For Training

Veterans Administration has broadened requirements that veterans' farms must meet for institutional on-farm training under the GI Bill.

Under a new ruling, eligibility requirements for farm training have been expanded to include the feeding, breeding and managing of livestock, as well as poultry and other specialized farming commonly followed in the area.

For the last few months, the only veterans admitted to the "learn-while-you-farm" training program were those whose farms included tilling of the soil as a basic activity. These veterans, of course, continue to be eligible for the training.

Also, a veteran may enroll in the GI Bill program if his farm includes a combination of both

types of activities. These are not the only criteria farms must meet before veterans may take GI Bill institutional on-farm training, VA emphasized.

The farm or other agricultural establishment must be of a size and character which, together with the group instruction part of his course, occupies the veteran's full time, allows for instruction in all aspects of farm management of the

# Announcing the Double-Duty CHRYSLER

## Traveler

the smart new sedan that converts in seconds into a sports car or cargo carrier.

Twice as useful as any ordinary car! Use it as a beautiful sedan seating six! Or fold down the hinged back seat and cushion... and you have a level deck 6 1/2 feet long. You can sleep on it... load all your hunting and fishing gear... haul farm implements, fence posts—a thousand and one

things no regular car can carry. It's like having two cars in one. Come see how the new Chrysler Traveler makes your dollars do double duty. Take the wheel... find out how Chrysler's built-in value all the way through is combined with new utility that beats anything on the road today.

See how the rear seat cushion folds forward against the front seat back, and rear seat back turns down to form flat, level-loading platform. Spare tire can be carried in passenger compartment, or in well at right of luggage compartment.

Counter-balanced trunk lid opens easily, and stays open for easy loading. Sturdy luggage rack on roof adds conveniently to the huge carrying capacity of this car. Upholstery is tough plastic that resembles grained alligator hide.

If your diet is deficient in Vitamin B this great new formula may help you build

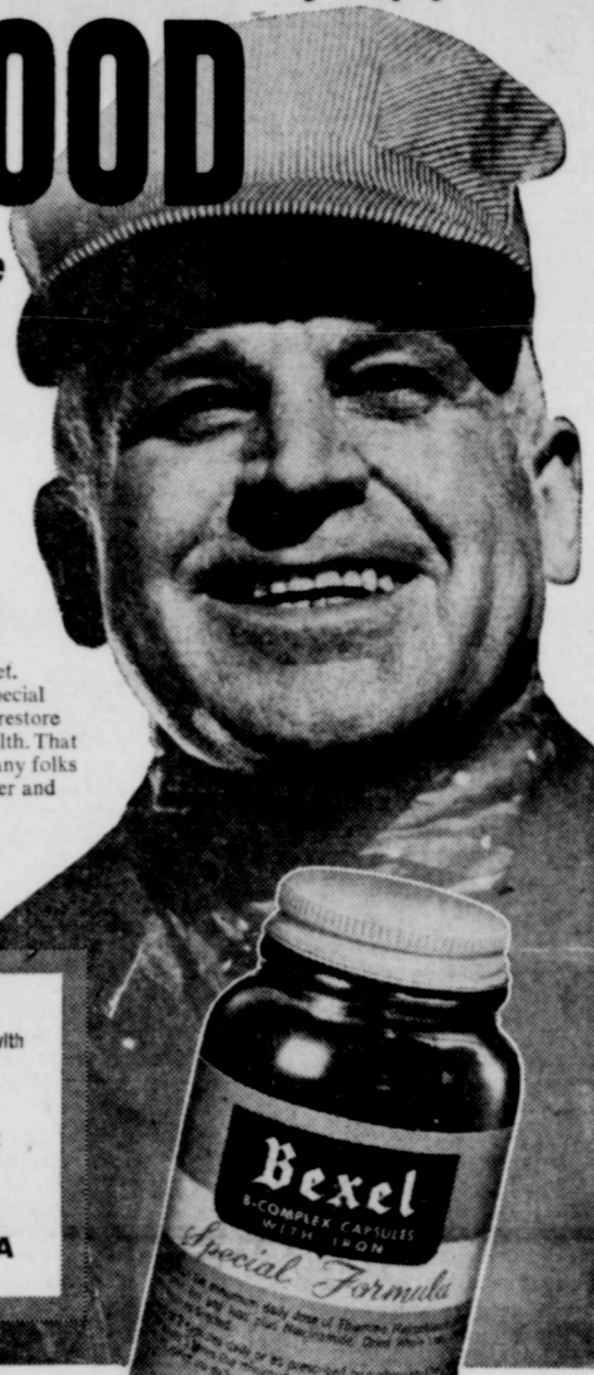

# RICH RED BLOOD

and help curb B-Vitamin deficiency symptoms like

**FATIGUE • UNDERWEIGHT  
BACKACHE • WEARINESS  
CONSTIPATION • 'NERVES'**

Are you constantly tired, weak, irritable, cheerless? Scientists have learned that such a condition may be due, especially in older people, to the simple fact that you do not get enough B-Vitamins and Iron in your diet. If that is the case with you, then Bexel Special Formula may be exactly what you need to restore you to radiant vitality and vigorous good health. That has been the happy experience of a great many folks probably just like yourself. Ask a typical user and he or she is likely to say, "Bexel has done wonders for me. I feel better, younger, brighter now than I ever thought possible." Why not try Bexel Special Formula yourself... today!

Just one capsule contains 5 TIMES YOUR MINIMUM DAILY REQUIREMENTS OF IRON and VITAMIN B<sub>12</sub>.  
..... Ask your Doctor!

FOR THE FIRST TIME the important B-Vitamins have been combined with  
**IRON!**  
**LIVER!**  
**CHOLINE!**  
**INOSITOL!**  
\*In supplementary quantities

"It's like being born again now that I'm taking Bexel Special Formula. Now I go everywhere with the old bunch, do all the things I used to pass up because I didn't have the strength and energy. It's wonderful!"  
MISS EVELYN ZARBER  
2154 Dean Street  
Brooklyn, N. Y.

"Thanks to Bexel Special Formula, I can really enjoy life again. For a while there I was plumb disgusted with myself for being so tired and jittery all the time. But Bexel sure fixed me up fine!"
