Continued Rains Add Worries to Cotton Farmers

Continued rains are adding worries to the cotton farmers, as well as discomfort to the Mexican "braceros" who are now here in great numbers.

Some sections received an inch or more of rainfall Wednesday night, while 56 inch was recorded by the Southern Union Gas Company gauge at the city gate north of the New Mexico Asphalt & Refining Company plant.

Complaints, Meter Violations Drop During September

During the month of September the Artesia Police Department handled 68 complaints, a sharp decline from the 95 in August and far below the peak 197 during July.

Fewer parking meter violations were also noted in September, with 1157 tickets given, as compared with 1224. This also was in sharp contrast with the 1522 violations noted in June the peak month thus far, and 1513 in July.

Other police cases in September involving violation of traffic or vehicle ordinances, illegal parking, reckless driving and improper brake and light inspection stickers, 4 each; others, 35.

On the other side of the docket 17 cases of intoxication headed the list.

Other cases were: Disorderly conduct, 7; suspicion and investigation, 5; vagrancy, 4; driving while intoxicated, 2.

Accident Victims Are Improving in El Paso Hospital

Improving in Hotel Dieu, El Paso, following injuries suffered in an automobile accident on Salt Flats a month ago, are Mr. and Mrs. Fred L. Simpson and Mrs. Ernest Thompson.

Artesia Building & Loan Also Raises Deposit Insurance

A third Artesia financial concern today was added to the list of firms announcing increased federal deposit insurance coverage.

Cakewalk to Raise Funds for Band Trips Will Be Held on Saturday

Plans are complete for the holding of the fifth annual cakewalk under the auspices of the Artesia Band Aides in Fourth Street north of Main starting at 4 o'clock Saturday afternoon, to raise funds to send the Artesia High School band on trips.

However, Mrs. V. A. Lane, president of the Band Aides, said Tuesday night at a meeting, the campaign for cakes to be offered as prizes in the cakewalk will not stop until time for the annual affair to start.

She and Mrs. Tom Franklin, cakewalk chairman, urged mothers of all band members, mothers of other students, and women of the community in general to make and contribute small cakes, one to be given in each individual cakewalk game.

Those who do not wish to make cakes were invited to make cash contributions to the fund. It was suggested an individual game or cakewalk brings in \$3, and that a contribution of that amount or more would be greatly appreciated.

In addition to the small game cakes, three large cakes are to be given away at the cakewalk, one each contributed by the Ross, Holsum and Meade bakeries.

The large cakes are now on display at the Artesia Pharmacy, which is cakewalk headquarters.

National Dental Head Praises American Legion

Dr. J. J. Clarke, Sr., of Artesia, president of the American Dental Examiners Association, paid tribute Monday night to the ideals of the American Legion in a talk at a joint supper meeting of that organization and the American Legion Auxiliary at the Veterans Memorial Building.

After the joint meeting, when the two groups met separately John Simons, Jr., American Legion commander, announced the names of chairmen of standing committees for the 1950-51 year.

They were: Membership, Grady Wright; child welfare, Frank Smith; rehabilitation, Earl Grabhorn; oratorical, Tom Mayfield; Boy State, Homer Heathman; Boy Scouts, John Simons, Jr.; national defense, J. T. (Jack) Easley; employment, Bill Dunnam.

Jack Fauntleroy, reporting on the finances for the United Veterans Club, said net profits from all activities in the V-J celebration and rodeo, including dances and donations, were \$1584.68.

In addition, the U.V.C. accumulated material equipment, such as rodeo chutes, having a value of perhaps \$1000.

Jimmie Murdock, treasurer, said the American Legion is still about \$250 in arrears on the state junior American Legion baseball tournament held here in August.

In his talk at the joint supper meeting, Dr. Clarke declared the American Legion, among the many organizations in this nation, looms as a citadel of strength and inspiration.

Its resources and influence have been directed towards the growth and development of the communities and a widespread service to the people.

Funeral Services Held Thursday For C. N. Calmes

Funeral services for Charley N. Calmes, 63, a former Artesia resident, who died at 8:30 o'clock Monday evening at Alamogordo, were from the Church of Christ of Artesia at 2:30 o'clock Thursday afternoon by Floyd Embree, evangelist. Burial was in Woodbine Cemetery. He was ill seven days.

Music for the services was furnished by the Church of Christ male quartet.

Palbearers were Jim Vogel, Ray Pate, Ray Zumwalt, Fred Henderson, Pat Riley, and Pete L. Loving. Charley N. Calmes was born Aug. 8, 1887, in Dallas, Texas.

He married Mary Shortess of Colorado City, Texas, Aug. 4, 1931. Mr. Calmes attended Texas Christian University at Fort Worth, and was a long-time member of the Masonic Lodge and a minister in the Church of Christ. He followed his vocational work for a livelihood while working with small congregations to establish the cause of Christ.

At the time of his death, Mr. Calmes was employed by the post exchange of Holloman Air Force Base at Alamogordo and was preaching for the church in Tularosa. He lived in Artesia from 1934 to 1949, when he moved to Alamogordo.

Mr. Calmes is survived by his widow, Mary Calmes of Alamogordo; two sons, Charley Calmes, Jr. of Roswell and Robert Calmes of Flint, Mich., and a foster daughter, Mrs. Pauline Castleberry of Artesia.

Also surviving him are two brothers, Robert Calmes, Plano, Texas and Roy Calmes, California; seven sisters, Mrs. Leona Shortess, Dallas; Mrs. Sam Voss, Sanger, Texas; Mrs. Virginia Hammons, California; Mrs. Harmon Hall, San Antonio, Texas; Mrs. J. H. Monroe, Corpus Christi, Texas; Mrs. Susie Allen, Artesia, and Mrs. T. C. Lotz, Bayard; and six grandchildren.

Funeral arrangements were by Paulin Funeral Home.

Spanish-American Child Has First Polio This Year

A case of polio, the first in North Eddy County this year, was definitely diagnosed Friday, it has been reported to Dr. O. E. Puckett of Carlsbad, district health officer.

The victim is Maria Inez Hernandez, 2-year-old daughter of Mr. and Mrs. Antonio Hernandez of north of Artesia.

The little Spanish-American girl has paralysis of the right leg and arm, as well as some facial paralysis, her physician said. It is believed she is getting along nicely.

Although this is the first case of polio in North Eddy County in 1950, several cases have been reported in South Eddy County. And several cases of illness in the northern part of the county were suspected of being polio in the early stages, but final diagnosis eliminated that disease.

Last year there were eight cases of polio in North Eddy County, while there were two more at Lake Arthur, making 10 in the Artesia sphere of influence.

Registration Deadline Is Saturday

In a goalline rush as the deadline nears on registration for voters in the Nov. 7 general election, Artesia Junior Chamber of Commerce "get-out-the-vote" committee has begun distribution of 8000 circulars in the interest of the campaign.

Boy Scouts, directed by John Rogers, scoutmaster, are to issue the circulars at Morris Field gates tonight. Distribution will also be effected by taking the handbills to automobiles and stores. Rooster Durbin, committee chairman, said Wednesday.

Deadline on registering to vote in the general election is tomorrow, Oct. 7, one month in advance of the election.

Official registrars in Artesia for North Eddy County citizens are Quentin Rodgers, Mid-Valley Investment Company, 310 West Main Street, and Mrs. Erma G. Williams, Room 212 Booker Building. Either is authorized to register a qualified citizen regardless of party.

Reception for G.O.P. Candidates To Be Tonight

A party headed by Ed Mechem of Las Cruces, Republican candidate for governor, will be in Artesia late today and Saturday morning on an extensive campaign tour over the state.

Because of the football game here tonight conflicting with what had been intended to be a speaking program, the candidates instead will be guests at a reception in the basement of the Masonic Temple at 6 o'clock, sponsored by the local Republican organization, it was announced by Bill Dunnam, a member of the state Republican central committee.

It is expected there will be a brief speaking program at that time.

After the reception and speaking, the candidates are to attend the football game between the Artesia Bulldogs and the New Mexico Military Institute Colts on Morris Field.

It is planned for the candidates to be around town Saturday morning to meet voters.

In the party with Mechem will be Paul E. Larrazard, candidate for lieutenant governor, and Steiner Mason and Jose E. Armijo, candidates for Congress.

Grizzly, Moose, Deer Brought in From Canada

Mr. and Mrs. Robert Parks and Mr. and Mrs. Jim L. Ferguson have just returned from Canada, where they went on a big-game hunt, with Parks the most fortunate member of the party, killing a grizzly bear and a mountain goat.

Mrs. Parks killed a moose and Ferguson a deer, but Mrs. Ferguson did not have a shot.

Members of the party said it was quite warm while they were in the woods and horsefies and other insects were quite bad, leading to the conclusion most of the game was high up in the rugged mountains.

The spread of Mrs. Parks' moose was 51 3/4 inches, and her husband's grizzly measured eight feet.

Watson Warns Against Repetition False National Sense of Security

Possibility of a repetition of a sense of false security should the war in Korea soon be over is the biggest challenge to the American people today, Tom V. Watson of Dallas, Texas, national affairs advisor of the Chamber of Commerce of the United States, Southwest division, declared Tuesday noon, when he spoke at the weekly meeting of the Artesia Rotary Club.

Watson is a former secretary-manager of the Artesia Chamber of Commerce and left here in October, 1946, after serving six months, when the national organization offered him a position.

In his talk Tuesday, Watson said this challenge can be met by the people of this nation keeping strong through continuation of private enterprise and representative democracy.

"It is our job to preserve our type of life," he said. "We must believe in it ourselves and we must talk it up."

Watson said Tuesday things looked good in Korea and the people were happy and have hopes for hostilities to cease. But the nation faces the same problem as that on V-J Day in 1945, after which the country collapsed the greatest military machine the world had ever seen.

"We were woefully weak," Watson declared, "and it is lucky that Russia stayed out of the Korean conflict."

He declared there may be another hue and cry that "we have them whipped and that Russia will be quite agreeable."

But, Watson said, that is what Russia wants—to lull the United States into a sense of false security.

Watson said everyone wants to see a stop to foolish spending, but at the same time the nation must keep its national defenses strong.

"Let's pay as we go," the speaker said, "but let's get our thinking straight. Let's not repeat the disbanding which we followed after World Wars I and II—and be caught."

Watson reviewed the 81st Congress, saying that in the field of foreign affairs—continuation of the Marshall Plan, the North Atlantic Pact, defense action in Korea, the four-point program to help underdeveloped countries develop—the Congress and the administration teamed up well.

But on the domestic front, the administration bogged down on repeal of the Taft-Hartley Act, initiation of socialized medicine, federal help in payment of teachers' salaries, and the Brennan Plan.

Although there will be a lame-duck session of Congress starting Nov. 27, Watson said that when the 82nd Congress convenes in January, there will be further attempts to put over this legislation.

It is every citizen's responsibility to study these issues and to make up their minds what should be done, then tell the members of the congressional delegation their wishes.

If one feels the trend towards federal aid in various quarters is right, then he should choose the candidates who will likewise be for it and support them at the polls.

Watson spoke briefly on the bill for federal teachers' support and warned against it. He pointed out that if federal aid is given to the schools—the money earmarked chiefly for teachers' salaries—this (Continued on page six)

Stadium of 5600 Seats Visualized

A 5600-seat capacity stadium at Artesia High School's Morris Field was seen as a 1951 possibility today, following a request of the Artesia Board of Education to the state board and a thorough discussion of the project by Supt. Tom Mayfield of Artesia and William S. Rose, state superintendent.

While official confirmation has not yet been obtained, it is expected to be received shortly. Meanwhile plans are to issue \$35,000 in revenue bonds for building steel stands to seat 4000.

The bonds would be paid off through sale of reserve seats and, if necessary, a portion of the general admission gate. This would be a long-period proposition.

Steel stands would be erected 30 tiers high between the 15-yard lines.

Present wooden bleachers would be moved to the west side and extend north from stone bleachers.

The field would be shifted to the north and east permitting construction of a baseball diamond in the "horseshoe" of the present stone bleachers. A fence would surround the entire layout.

Boy Scout Drive 'Ranch Bosses' Named By Cole

G. Taylor Cole, campaign chairman in the Gateway District, for the annual financial round-up for Boy Scout work, on Thursday announced the names of four of his five "ranch bosses," the heads of sub-committees who will stage the drive.

They are Chad Cox, J. T. Easley, Jay Mitchell, and Rev. Ralph O'Dell. The campaign chairman said it is probable the fifth "ranch boss" will be a woman.

Each "ranch boss" in turn is to name five "foremen," and each of them in turn will name five workers, all of whom are to start a whirlwind campaign on Tuesday, Oct. 24, in the district, simultaneously, to the drive throughout the Eastern New Mexico Area Council. It is hoped to complete the campaign in two or three days.

The Gateway District over which Cole is campaign chairman comprises Artesia, Loco Hills, Atoka, Cottonwood, and Hope.

Petroleum Peggy, a column listing the oil industry in general, which the Artesia community is interested, appears in Advocate from time to time. It discloses many interesting facts about petroleum in general. It is released by the Oil Industry Information Committee, which sends out news stories which use if they strike our notion we feel that you might be interested in them.

Recently we made a suggestion to the committee about "Petroleum Peggy" which we are happy to have been snapped up and will be adopted.

We said that in many communities which owe some of their prosperity to the oil industry perhaps "Peggy" could be localized by the towns who could write in the names of their cities or counties on areas in blanks left in certain sentences. For instance:

is made from crude oil as that which comes from the wells in _____.

We further suggested that a footnote could be used to instruct editors in communities not producing news to blue pencil the sentence, portion thereof.

Now comes this welcome letter from Paul Cail, district representative at Dallas, Texas:

I certainly appreciate your letter of Sept. 19. I think it is darned well of an editor to take the time to make such a suggestion, and it gratifying to know that "Petroleum Peggy" has been acceptable to you.

"We are going to act on your suggestion. 'Petroleum Peggy' for the month is already mimeographed and packed up ready for mailing. I won't take effect with the current issue, but in the future you will see that we have done exactly what you suggest and I think it is a fine idea.

Thanks a lot and very best regards. Old-time Western hospitality is dead, so a friend has discovered so informed us. He said he and his wife started on Sunday morning before daylight to go fishing, took the wrong road, and got stuck in mud on the well ranch in the Seven Rivers country. Our friend was working and trying to extract his car when Howell whose first name he did not remember—came along in a truck. How-ell asked why the Artesia had not come to the house and awakened him to get the car out. "At least," he said, "you should have come to the house for breakfast."

Howell then told the Artesia man that tractor would be right down when he found the Artesia man was trying to get to Boiling Springs he offered to lead the way, saying he was going that way. Said our friend, "Maybe he was dead maybe he just went to be examined, but the whole thing is a bit of the Old West—motor-

Now that the police are well settled in the new station, we wonder if the over-worked maintenance department won't trim the trees, so as to dress the place up a little more.

Which reminds us that it won't be long until we will get around writing our fall version of our annual editorial about trimming trees in general—about the time the sap is going down. In the meantime, however, there are many scraggly trees around town that have put on low-hanging limbs since the last time we staged our tree-trimming campaign.

And we don't like to have to lick under them, or suffer the indignity of having our hat knocked off.

After all, a good hat—the only one we wear—size 7 1/2—costs plenty of chips.

Here are some traffic rules, how to keep from Growing Old, which drifted in from the Northwest.

"Always drive fast out of alleys, you might hit a pedestrian. There's no telling.

"Always pass the car ahead on curves or turns, and don't use your horn, because it might unnerve the driver fellow and cause him to turn over too far.

"Always demand half the road—the middle half. Insist on your rights.

"Always drive close to pedestrians in wet weather. Dry cleaners will erect a monument to your smory.

"Never look around when you are driving. There's never anything behind you.

"Never sound your horn on the road. Save it until late at night for doorbells.

"Always remember—a few shots booze will enable you to make your car do real stunts."

While we're in the clipping book, here is a pome from Santa Magazine:

There was an old lady from Hyde, who ate some green apples and died.

Her apples fermented, and she made cider inside her inside.

Gift Wrapping Is Demonstrated At Atoka Meet

Miss Wynona Swepton, county demonstration agent, gave an interesting talk on gift wrapping and suggestions for gifts and made many attractively wrapped packages at a meeting of the Atoka Woman's Club Tuesday afternoon at the home of Mrs. J. W. Lanning, with Mrs. C. Bert Smith as co-hostess.

The business meeting was in charge of Mrs. Alvine Payne, president, and Mrs. W. T. Haldean as secretary.

All extension clubs of the county are requested to make one United Nations flag to be flown on "UN Day," Tuesday, Oct. 24. Mrs. Glenn Sharp was appointed chairman of the flag making committee for the Atoka Club and chose as her assistants Mrs. Sam Warren, Mrs. W. T. Haldean, and Mrs. H. T. Gissler.

The hope was expressed that a UN flag will be flown in every community in the nation on Oct. 24.

An extension club tea is to be held at the Woman's Club building in Carlsbad Wednesday, Oct. 25. All clubs are requested to bring for exhibits any articles they have made during the year.

It was decided to continue making the cancer bandages and Mrs. Glenn Sharp offered her home for this work. All members were urged to fill out blanks on the October newsletter and mail them to Mrs. Alvin Payne, 606 South Third Street, Artesia, by Sunday, Oct. 15.

The November meeting will be an all-day affair, with a covered-dish luncheon at the home of Mrs. H. T. Gissler, with Mrs. Mel Sharp as co-hostess. This meeting will be Wednesday, Nov. 8, as the regular meeting date falls on election day.

The hostesses displayed the many gifts they had received. Delicious refreshment plates were served to Mmes. H. T. Gissler, Alvin Payne, Boone Jones, W. T. Haldean, W. M. Van Horn, Glenn Sharp.

Sam Warren, Albert Richards, Earl Darst, and Ralph Rogers, and Miss Swepton, members, and Mrs. R. M. McDonald, a guest.

New Department Auxiliary Prexy Is Introduced

Mrs. H. E. Paton of Artesia, who was recently elected New Mexico department president of the American Legion Auxiliary, was introduced Monday night at a joint meeting of Clarence Kepple Unit and Post 41 of the auxiliary and American Legion at which Dr. J. J. Clarke, Sr., president of the American Dental Examiners Association, was guest speaker.

The new department president was introduced by Mrs. Ralph Rogers, president of the local auxiliary unit.

Mrs. Paton, speaking briefly, expressed her thanks to the unit and post for having presented her flowers at the state convention in Ruidoso at the time of her election.

Dr. Clarke gave a talk on the American Legion, which he praised for its work.

After the joint covered-dish supper and program were enjoyed, the unit and post met separately.

Mrs. Rogers presided over a short business session of the auxiliary at which she announced the unit will make a United Nations flag.

She also announced that the fifth district meeting will be held here the last of October or the first part of November and that the unit will serve the meal.

Mrs. Mary Moots of the Cottonwood community was a guest.

The meeting was closed with the members singing "God Bless America."

Pilot Club Sponsors Gift of Sox to New Mexico Boys Ranch
The Pilot Club of Artesia is sponsoring a gift of socks for the boys at New Mexico Boys Ranch, it was announced Wednesday noon at the regular business meeting.

It was also announced the club is sponsoring a troop of Brownie Scouts under the leadership of Mrs. Maxine Cavin.

Mrs. Clarence Hooker, president of the Artesia club, and Mrs. Trudy Middleton, president of the Carlsbad Club, are to attend a meeting of club presidents and district committee chairmen in Santa Fe Saturday and Sunday, called by Miss Ruth Platt, governor of District 9.

The meeting is to be at the home of Governor Platt in Holy Ghost Canyon.

It was decided at the meeting Wednesday that the Pilot Club of Artesia will meet in the future on the first and third Wednesday evenings of each month at the homes of members.

Announcement was made that the club will sponsor a used clothing sale Saturday morning at the corner of Roselawn and Quay Avenues.

Plans Are Made For Observance 'Girl Scout Week'

Mrs. John J. Clarke, Jr., gave many helpful first aid instructions for troop camping and Girl Scout outing in a talk to the Girl Scout Leaders' Club Monday evening in the Central School music room. She also demonstrated caring for a sprained ankle.

At the business meeting preceding the program it was announced that "Girl Scout Week" begins Oct. 29, which is "Girl Scout Sunday." Troops are making plans to attend the church of their choice in groups and in uniform.

It was suggested that all troops follow the procedure recommended by national headquarters for "Girl Scout Week" as a daily observance as follows:

Sunday, church; Monday, home-making; Tuesday, citizenship and Juliette Low's birthday; Wednesday, health and safety; Thursday, international friendship; Friday, arts and crafts; Saturday, out of doors.

Mrs. W. B. Macey, organization chairman, reported that there have been 18 new leaders and six new Brownie troops organized since the beginning of the fall season.

Mrs. B. A. DeMars announced that training for new and old leaders and troop committee members will continue from 9 to 11 o'clock each Friday morning through Oct. 20 at the First Methodist Church.

Popcorn and pop were served by Troops 2 and 20 to approximately 30 leaders and board members and troop committee members.

Five Rebekahs Are Honored at Birthday Supper

Five members of Sunrise Rebekah Lodge No. 9 were honored with a birthday supper at the I.O.O.F. Hall Monday evening with about 100 Rebekahs and their families present.

They were Mrs. Ethel Smith, Mrs. Merle Story, Mrs. Gertrude Cobble, Mrs. Barney Lorang, and Mrs. Merle Robinson.

The honorees' table was beautifully decorated with a mixed bouquet of roses.

Centering the table was a musical plate on which was a birthday cake, which as it slowly turned played, "Happy Birthday."

Accordian selections were the special music given by Billy and Carrie Kay Williams at the dinner.

The regular business meeting began at 7:30 o'clock with 43 members present with Mrs. Ulas Golden, noble grand, in charge.

The Rebekahs will sponsor a rummage sale from 1 to 6 o'clock Saturday afternoon. The supper sponsored recently proved a success.

Routine business was transacted and lodge dismissed early for drill practice for Grand Assembly to be held Saturday through Tuesday at Albuquerque. A number of the members are planning on attending.

Henderson Now Is Sole Owner Of Palace Drug

Henry Caudle has sold his interest in the Palace Drug Store to his partner, Fred Henderson, who is now the sole owner, it was announced Thursday.

The transaction was completed as of Oct. 1, but Caudle, who has purchased the Palace Drug in Fayetteville, Ark., remained on several days until the arrival of James K. Jukes of Hagerman, a registered pharmacist, who was to start work at the local store today.

Henderson, who has been connected with the drug business in Artesia about 20 years, said he contemplates no changes at this time, but will pursue the same policies he and Caudle have maintained since they purchased the store in 1947 from J. R. Roden.

Caudle recalled this week that his business life has been largely in connection with Palace Drug Stores.

He started out in the Palace at Fayetteville, the same store which he has just purchased and which he will operate.

After coming to Artesia in September, 1932, he went to the Palace Drug at Hobbs in January, 1933. Then he put in the Palace Drug at Denver City, Texas, in 1940. He sold that store in 1945 and returned to Artesia. He was out of business about two years until he and Henderson bought the Palace here from Roden.

Drafting of Women For War Is to Be Broadcast Topic

Dr. Kathryn Behnke, president of the Artesia Business and Professional Women's Club, has called attention to a special broadcast on the topic, "Shall We Draft Women for War?"

The affirmative is taken by Judge Sarah T. Hughes, president of the National Federation of Business and Professional Women's Clubs.

On the opposite side is Norman Thomas, many-time candidate for president.

The program is on the American Forum of the Air. It will be heard first from 4 to 4:30 o'clock Saturday afternoon, Oct. 7, Artesia time, over WNBC-TV.

A rebroadcast will be heard, without video, on NBC at 10 o'clock Sunday morning, Oct. 8, Artesia time.

Mrs. G. W. Arnold Is Honored Monday At Green Residence

Mrs. G. W. Arnold was honored with a party Monday afternoon at the home of Mrs. F. L. Green, assisted by Mrs. C. P. Bunch.

A delicious pineapple dessert and spiced tea were served to Mmes. S. M. Laughlin, Molly Brown, John Prude, Homer Heathman, F. E. Murphy, James Huggins, Bill Bolton, Jack Frost, Everett Crume, A. C. Clark, R. L. Willingham, and L. J. Lorang, Miss Sarah Arnold, and the honoree, Mrs. Arnold.

Sunday School Banquet Attended By About 80

Approximately 80 people attended the annual Sunday school teachers' and officers banquet at 7:30 o'clock Wednesday evening at the First Baptist Church, J. T. Haile, superintendent, was in charge.

Tables were covered in white with yellow runners on which were small silver vases of roses, centered with green candles. A large vase of roses was on the piano. At one end of the room was a large picture of a church on a hill, surrounded by trees, drawn by Wayne Hornbaker, local artist. Windows of the banquet room were decorated with gay curtains, representing different houses along a street.

The program, presented by boys and girls of the R. A. and G. A. Auxiliaries, followed the theme, "Every Family in Sunday School," and depicted a street scene in Artesia where various families were visited one Sunday morning before Sunday school. A girls' sextet, under the direction of Mrs. S. M. Morgan, sang, "Workers of the Sunday School" and "A Church in Artesia." The words of the latter were written by Mrs. R. L. Smith, also a resident of Artesia.

Rev. D. A. Benson, pastor of the First Baptist Church of Hagerman, was guest speaker. His speech followed the main theme.

The teachers and officers brought their husbands or wives as guests. Another guest was Rev. V. E. Boyd, Pecos Valley associational missionary.

BIRTHDAY PARTY GIVEN FOR SALLY BLUE

Lionesses Plan to Have Husbands For Barbecue

Plans for a barbecue to be held in November for the husbands of the Lionesses were discussed at a meeting of the Artesia Lioness Club at the home of Mrs. Pete J. Starr Monday evening.

The covered-dish supper and barbecue will be at the home of Mrs. W. F. Hinde. The date will be set later. Hostesses will be Mrs. Hinde, Mrs. Taylor Cole, Mrs. Fritz Moeller, and Mrs. Floyd Springer.

Mrs. V. Elmer McGuffin was a guest at the meeting.

During the business meeting, at which Mrs. Grady Wright, president, presided, each Lioness introduced herself and gave a brief summary of her life.

After the meeting, dessert and coffee were served while the members played canasta.

Hostesses for the evening were Mrs. Pete Starr, Mrs. Earl Zeigler, Mrs. Garry Wright.

Lionesses attending were Mmes. Ray Carpenter, Fred Cole, G. Taylor Cole, Glen Clem, W. H. Hinde, G. P. Ruppert, W. M. Jackson, Jr., C. H. Johns, Bert M. Jones, Ormond Loving, Vernon Mills, Fritz Moeller, C. C. Nelson, Denzil Nelson, W. R. Petty, Lloyd Simon, Wesley Sperry, and F. W. Springer.

Story League Meets On Tuesday at Corbin Residence

The Artesia Story League met Tuesday afternoon in the basement of the home of Mrs. M. Anderson Corbin, Jr.

The year's theme of the Story League is the colors of the rainbow and the October color is red. The theme for the meeting was "Indians" and Mrs. Corbin's den was attractively decorated with corn, squash, pumpkins and Indian peace pipes.

Mrs. Shirley Hager led the study on "How Do You Select Your Story?" and each member prepared a story for a child aged 4 or 5 years.

The president, Mrs. Carl Lewis, presided over the business meeting. Mrs. Harvey Yates told the story, "Sakajwea, Shoshone Bird Woman," who guided the Lewis and Clark expedition and how her history affects the lives of people in New Mexico.

Highlands Invites Artesia High Band To Homecoming

The Artesia High School band has been invited to take part in the Highlands University homecoming activities at Las Vegas Oct. 21.

The day's celebration will include a parade, barbecue, and a dance after the Highlands-New Mexico Western football game. A half-time program will include a massed group of individual bands under the direction of Rush Hughes, Highlands band director.

To date, six bands have accepted the invitation, including Belen, Vaughn, Cimarron, Mountainair, Springer and Las Vegas.

Companionship Class Reorganizes for Sunday School Year

Members of the Companionship Class, a class for 18-year-old girls and older, of the First Baptist Church met in the home of their teacher, Mrs. B. J. Perkins, at 7 o'clock Monday evening, for the purpose of reorganizing the class and planning some of the work for the new Sunday school year.

INDO-CHINA WAR GROWS BLOODIER

Paper-thin huts are consumed by flames in Indo-China warfare.

Communist captives are led away from village by French forces.

FRENCH INDO-CHINA may be shaping up as a second Korea as attacks by Communist-led Viet Minh forces (rebels against French-constituted republican government) grow stronger and stronger. These photos show scenes of mop-up operations by French expeditionary corps after retaking a village. Recently the frontier outpost of Dongkhe was captured by the Reds and garrison in Pakha was assaulted. Indo-China is rich in rubber, resources. (International)

Article Tells Plans for City Stamp Exhibition

By C. Gottfried Finke

In this article I am going to deal on stamp exhibitions. A stamp exhibit was planned for Artesia for November, but due to the tremendous job of planning and laying out of such a show the date is going to be moved up until something in January, 1951.

A stamp exhibit such as one being planned for here in Artesia, cannot be placed before the public in a short time.

Artesia Collectors Club wants this to be one of the finest shows to have appeared in New Mexico. Some of the stamps to appear in this show are as follows:

- 1—Group under 18 years
- A—United States
- B—Foreign
- 2—Group under 13 years
- A—Any type collection
- D—Boy and Girl Scout division (open only to Scouts)
- 1—United States
- 2—General foreign

This will make five divisions in the junior class for a total of 15 awards and will make 11 divisions in the senior class for a total of 33 awards, plus a change for all first award winners at the trophies to be awarded.

Maljamar News

(Mrs. Kenneth Shields)

The Maljamar Baptist Church ordained its preacher, Wilson Armstrong, Sunday afternoon. Rev. Orvil See, of Hobbs questioned the candidate. Rev. J. C. Quarles of Buckeye gave the ordaining prayer. Rev. Raymond Pratt of Monument brought the charge to the church and the candidate. Rev. W. G. White was moderator and gave Armstrong a gift from the church. Rev. Otis Edwards of Hobbs, preached the sermon on "Stewardship."

Mr. and Mrs. Milton West had as houseguests over the week end Alice McEnroe and J. B. Brisco of El Paso. The group attended the funeral for Mrs. West's aunt, Mrs. Maggie Gardner, Sunday in Lovington.

Mr. and Mrs. Cecil Holeman are the parents of a daughter, born in Artesia General Hospital Wednesday.

Mr. and Mrs. Walter Dyar attended a bingo party at the Catholic Church in Hobbs Monday evening.

Mr. and Mrs. Floyd McCarthy had as houseguests Friday night of last week Mr. McCarthy's aunt, Mrs. Earl Nappenberger and Mr. Nappenberger of Evansville, Wis. Rev. and Mrs. W. R. Huston of Lovington were guests of Mr. and Mrs. Floyd McCarthy Sunday afternoon.

Mrs. J. C. Davis was surprised Thursday evening of last week as she and her husband quietly sat at their home. Cars began driving in and food and gifts were carried into her home, everyone saying, "Happy birthday, Lyla." Food was placed on the dining table with a big birthday cake in the center. The guests were Rev. and Mrs. J.

C. Quarles and Lora Ellen of Buckeye, Raymond Quarles of Lovington, Mr. and Mrs. Earl Wilks, Loretta and Earlene of Lovington and Mr. and Mrs. Fred Young, David and Juanice of Caprock.

Mr. and Mrs. George James entertained Rev. and Mrs. Wilson Armstrong and family Sunday.

Mr. and Mrs. J. W. Sowell of Canton, Miss., moved to the Maljamar Repressing Plant Camp into the house formerly occupied by Mr. and Mrs. Carl Winkles.

The Women's Missionary Society met Tuesday afternoon. The Bible study was given by Mrs. Artice O. Vowell. Those attending were

Mmes. Ralph McGill, W. G. White, W. W. White, Oscar Doughty, Kenneth Shields, Herbert C. Hunter and Artice O. Vowell and "Ma" Payne.

Mr. and Mrs. Oscar Doughty visited Mrs. Doughty's parents, Mr. and Mrs. Edgar Chase, Monday evening in Loco Hills.

Mrs. Ralph McGill became suddenly ill and was taken to Artesia General Hospital. She is expected home Friday.

Artesia Location For REA Lighting School Next Year

A lighting school will be held in Artesia the latter part of March or first of April next year, Paul L. Frost, manager of the Central Valley REA, announced today.

Those attending will be told how to plan good lighting in the home, told of the operation of electrical appliances and allied topics.

Personnel from the Rural Electrification Administration headquarters in Washington D. C., will comprise the school leaders.

Manager Frost and Don Heathington returned recently from an in-service training school at New Mexico Highlands University, Las Vegas.

The school, sponsored by the New Mexico Rural Electrification Cooperative Association was held Sept. 26-29 in the home economics department of the college.

There was one panel on membership education, a second on electric range school.

Speakers included: Phil Voltz, PEA cooperative specialist, "Why Electric Co-ops?"; Richard F. Richter, head region 10 A. and L. division of REA, "A New Idea on Co-op Financing"; Betty Williams, regional home economist, REA, "Household Range, Parts and Features"; Lousian Mamer, REA home electrification specialist, "The Training Manual on Electric Ranges."

Educator to Speak At Next Luncheon Of Kiwanis Club

Don Riddle, principal of Artesia Junior High School, will give a vocational talk, continuing the series, at the regular Thursday noon luncheon of Artesia Kiwanis Club next week in Masonic Temple.

Guests at the luncheon yesterday were J. B. Aldridge of Brantford, Okla., oil business man and father of Kiwanian Kenny Aldridge and A. L. (Pot) Bert, editor of The Artesia Advocate.

The program was in observance of National Newspaper Week, Oct. 1-8. Speaker was Brownie Emerson, Advocate sports editor.

REDS UNLEASH NAKTONG OFFENSIVE

BRUNT OF A FRONT-WIDE North Korean offensive on the Naktong fell on the central U. S. 2nd Division as the Reds tried to sever links with the First Cavalry northward and the U. S. 25th Division in the south. The drive reached Yongsan (1), with two battalions cut off west of Changnyong and another unit isolated south of Pungong-ni. Most of the area (shaded) between Yongsan and Hyonpung was overrun. The U. S. 25th halted a two-pronged drive in the south at Haman and four miles below (2). The U. S. First Cavalry repulsed a strong onslaught in the Naktong battle. In the north (4), the South Korean 6th Division recaptured hills near Hwasong. In the Pohang area (5) South Koreans aided by American armor gained ground north of Pohang and at Kigye against the North Korean 12th Division's two-pronged attack.

C. Quarles and Lora Ellen of Buckeye, Raymond Quarles of Lovington, Mr. and Mrs. Earl Wilks, Loretta and Earlene of Lovington and Mr. and Mrs. Fred Young, David and Juanice of Caprock.

Mr. and Mrs. George James entertained Rev. and Mrs. Wilson Armstrong and family Sunday.

Mr. and Mrs. J. W. Sowell of Canton, Miss., moved to the Maljamar Repressing Plant Camp into the house formerly occupied by Mr. and Mrs. Carl Winkles.

Dempsey—

(Continued from page one) But, said Dempsey, within two weeks he had a bill through to extend the period a year in which cattle could be kept out of the nation and returned to this country.

Under Dewey Fire

IMMEDIATE DISMISSAL of Brig. Gen. Bonner F. Fellers (above) as an assistant to GOP National Chairman Guy Gabrielson is demanded by Gov. Thomas E. Dewey of New York on reports that the general told six German editors visiting Republican headquarters in Washington: "I believe Hitler did Germany a lot of good. Sure he did a few bad things, but it was Hitler who rehabilitated the Germans. The only thing wrong with Hitler is that he went too far. He got the world involved in a war."

mistakes. But he added that he feels each year of his service to the people makes him better qualified, and he believes he can make a better governor than when he served in that capacity in the past.

Miles said he homesteaded in New Mexico 40 years ago and understands the conditions in the state. He saw cattle dying and he saw people going broke, but under the Democratic administrations he observed the greatest strides of the years being made.

The Republicans, Miles charged, have offered nothing progressive and are making untrue statements to gain votes by misleading the people.

He said he knows Dempsey's record, in which he made one of the greatest as governor, but that he did not realize the great esteem in which he is held in Washington until he, Miles, went there as congressman. "I am glad to know that Dempsey will take my place in Washington," he said.

Miles also spoke highly of the record of the other Democratic candidate for governor, A. M. Fernandez, whom he said is one of the finest men he has ever known, an honest man who votes his convictions.

He said he is happy to have Tibo Chavez as his running mate on the ticket, with the conviction that were he to leave the governorship in his hands he would be capable of handling it well.

Miles said he has been happy to testify against those accused of communism, that he voted against the anti-communist bill and voted to override the president's veto.

"I believe," said Miles, "that anyone opposed to our form of government should be lined up as a greater traitor than Benedict Arnold."

Tibo Chavez, speaking in behalf of his candidacy for lieutenant governor, said the Democratic ticket has something concrete to offer, that first the party has a platform, which is on record for definite legislation.

The Republican strategy, he said, seems to be to smear Miles, but offers nothing constructive. The Democrats are facing the issues, not attempting to tear anyone down, he added.

Chavez said Miles has his good record and that Ed Mechem, his Republican opponent, is new in the field and may be a fine fellow, but he has accomplished little for the state.

He spoke highly of Dempsey and Congressman Fernandez as candidates for Congress and praised their records. He pointed out that the Congress will be predominantly Democratic and that it would be foolish to send Republicans to Washington.

The candidate for lieutenant governor pointed out that two years ago he appeared in Congress to seek approval of the Middle Rio Grande project, but that with a Republican Congress it was "like facing a stone wall." But the bill had the approval of New Mexico's Senators Dennis Chavez and Clinton P. Anderson and Congressmen A. M. Fernandez and John E. Miles.

The Republican party is largely interested in the industrial areas of the East, Chavez charged, and has no view for the frontiers of the West.

Mrs. Roach spoke briefly in behalf of her candidacy for secretary of state and praised the other candidates on the ticket.

Sitting at the head table with the candidates and Mayor Roberts were Mrs. Dempsey, Mrs. Roberts, R. A. Westaway, Eddy County Democratic chairman, and Mrs. J. B. (Buster) Mulcock, wife of the Artesia precinct Democratic chairman, whose husband was out of town and did not return until the closing minutes of the meeting.

On Thursday morning the visiting candidates were around town meeting the voters. From here they went to Carlsbad for a meeting Thursday afternoon.

If federal funds are spent for schools, Watson said, it is to be expected the federal government will dictate how the money will be spent.

This, he said, is somewhat different from the government telling, in the case of federal-aid roads, how they shall be built and support of the schools. "It's dangerous to the kids' thinking," he added.

Watson was introduced by A. L. Bert, a member of the Rotary program committee.

Among guests was Bob Koonce, present manager of the Artesia Chamber of Commerce, who took Watson around the city on Tuesday to show him the progress and growth since he left here in 1946.

Koonce spoke briefly at the Rotary meeting, urging all members who have not already done so, to write members of the Civil Aeronautics Board and the congressional delegation, asking their support in a rehearing and reconsideration of the Pioneer Air Lines case.

Greyhounds Begin Basketball Drill

Although football has just progressed into the spotlight stage, basketball is coming in for its share of attention on the campus of Eastern New Mexico University at Portales. Thirty-five candidates began drills this week in preparation for the cage season which opens for the Greyhounds Dec. 5.

Basketball practice will begin in earnest Nov. 1 when Coaches Al Garten and Carl Richardson assume command of the squad. For the present, the hopefuls are in the process of heavy conditioning drills.

Coach Garten has reminded the men that a conditioned team is a

winning team and those who are in physical shape next November are the ones with the opportunity to make the varsity.

When the formal practice begins, Garten will begin a process of narrowing the field down to a 12-man varsity squad. Fifteen to 20 others will be assigned to a "B" squad, the number depending on the material on hand.

Garten is pleased with the number reporting for the preliminary drills. The hopefuls range from incoming freshmen to seven returning squadmen from ENMU's New Mexico Conference champions of 1949-50.

Back on the campus again this year are Harry Miller, center, and Guy Smith, forward, both all-conference choices last year; Kenneth Moore, guard; Billy Griggs, forward; Bob Fitt, forward; Blossom Dunning, center; and Eddie Benne, guard.

All-Conference Players

ENMU will have the unusual distinction this year of having four men on the squad who have been named to all-conference teams sometime during their careers at ENMU. Miller and Smith made the team last year, Moore and Dunning in previous seasons.

The Greyhounds will open the season with three home games. The first is with Trinity University of San Antonio Dec. 9, and MacMurry College will be on hand for a game Dec. 11.

The Hounds will then leave on their annual Christmas tour of six games. The schedule for these games has not been completed, but the team will play as far away from home as Quincy, Ill., in a game with Quincy College, a team highly respected among the smaller colleges of the Midwest.

Sunshine Tourney

The third annual Sunshine tournament on the campus of ENMU will be Dec. 28-29-30. Seven of the eight teams to be entered have been decided. They are Colorado College, Colorado Springs, Colo., Rocky Mountain Conference, Culver-Stockton College, Canton, Mo., Missouri Interscholastic Conference; Missouri Southwestern State (Springfield, Mo., Missouri Collegiate Athletic Union; Central State College, Edmond, Okla., Oklahoma Conference; Abilene Christian College, Abilene, Texas, Texas Conference and Eastern New Mexico University.

An invitation has been sent out to a New Mexico college to accept the eighth spot, but the team has not accepted. Coach Garten is not worried about finding another team, however, since a number of colleges have indicated a desire to take part.

Highlands University originally was scheduled to be in the tournament but has withdrawn.

The Hounds will make another

road trip playing MacMurry Jan. 5. Garten hopes to find another opponent on the road for Jan. 6.

The New Mexico Conference slate begins New Mexico Military Institute in Portales. The Hounds play Colorado State College of Education in two games at Greeley, Colo., Jan. 19-20.

The remainder of the schedule, all conference games, is as follows: Jan. 26-27—New Mexico Western at Silver City.

Feb. 2-3—Adams State College at Portales.

Feb. 9-10—St. Mikes at Santa Fe.

Feb. 16-17—Highlands at Portales.

Feb. 23-24—Panhandle A. & M. at Goodwell.

A. & M. Students Come From All Sections of Nation

From Massachusetts to Montana, from Florida to California, 280 freshmen came to New Mexico A. & M. College this fall, according to figures released by Dr. William Padfield, counselor for men.

Of the 18 states represented in the freshmen class, New Mexico leads with 228 students. With 61 New Mexico towns sending students, Las Cruces topped them all with 49 students, Roswell and Santa Fe were second with 13 each, and Alamogordo third with 10.

Texas ranked second, sending 20 students from 11 different communities, Illinois and Oklahoma were tied for third, but Illinois is represented by students from five communities as compared to three in Oklahoma.

California, Louisiana, and Indiana were in fourth place. Other states ranked in the following order: Pennsylvania, Arizona, Massachusetts, Florida, New York, Michigan, Iowa, Wyoming, Missouri, and Washington, D. C.

Consumer Income Up From Year Ago

"Although increased taxes and higher prices for civilian needs may later curtail buying power, currently the typical American consumer is enjoying the highest level of real income in our history," points out E. E. Crabb, president of Investors Diversified Services.

Commenting on the monthly study of real income, just released, Crabb said that the real income index of \$1.06, as measured against last year's dollar, reflects the increase in wage and salary income. Investment income is up from a year ago but "other income," influenced by lower farm product prices, is below last year, according to the monthly consumer income study.

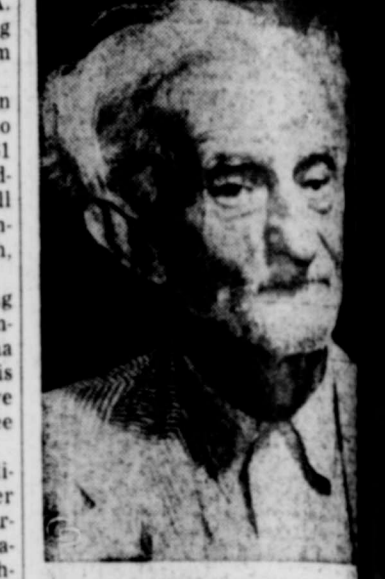

For the average householder, the

outgo budget is virtually unchanged. Increases in some classifications have been offset by decreases in others.

The effect of the Korean conflict and stepped-up deficit spending may well be further increases in wages and in prices. So far included that to the present the cause of increases has been scarcity and anticipatory buying rather than any real shortages in relation to current needs. "Until now a vent to the point of congestion," Crabb said. "In the long run such buying should have only a temporary effect on prices unless it extends to extremes."

The Navajos, the most numerous Indian tribe in the United States, number more now than when the first Spaniards penetrated the southwest. They number 50,000.

Boys Elected for Top Offices of School Classes

Here man came into his own... Officers of the four high school classes were elected this week.

There's something about a football player as well as about a soldier.

Each of the four has a boy as president and as vice president.

The ninth grade, besides selecting officials, also chose its colors, green and white, and flower, white carnation.

Louis Campanella, president; McPhaul, vice president; Lou Curtis, secretary; Carolyn Cox, treasurer; Albert Bach, parliamentarian; Fred Hernandez, sergeant-at-arms.

Bill Brown, president; Yumpy Baker, vice president; Patricia Mark, secretary; Jean Cole, treasurer.

Hunt Zumwalt, president; Reese Baker, vice president; Sue Siegenler, secretary; Sara Curtis, treasurer; Albert Bach, parliamentarian; Fred Hernandez, sergeant-at-arms.

Dickie Shoemaker, president; Bobby Morgan, vice president; Jane Green, secretary; Vernon Sideman, treasurer.

Officers Send Freedom Scrolls to Santa Fe

Ten of the 25 scrolls in the Crusade for Freedom, sponsored locally by the Junior Chamber of Commerce, have been signed and mailed to Robert McKinney, Santa Fe state chairman of the movement.

Deadline for turning in the documents is Oct. 16. Purpose of the drive is to bolster Radio Free Europe, anti-Red broadcasting station in Berlin and to erect a Freedom Shrine in the one-time German capital.

The local campaign was concentrated in the period Sept. 17-23, under the direction of Harry Nelson, president of the club, who has announced plans to move to Schaefferstown, Pa., has the oldest water works in the United States. Foundations were laid in 1828.

Structure of Oil Industry Must Be Maintained for Stability Assurance

The present corporate structure of the domestic oil industry—with both integrated and independent companies—must be maintained if the American people are to be assured a steady supply of petroleum products at reasonable prices.

He declared that if anyone wishes to know whether the oil industry is discharging its obligations to the American people, these three questions will make the answer abundantly clear: Has there been sufficient supply? Has the quality of products steadily improved? Has the consumer received value for his money?

The record shows plainly, Nickerson stated, that supplies, quality and value have been rising steadily through the years. Still, he continued, the attacks upon the industry have not abated.

The industry has not brought its arguments and achievements sufficiently into public consciousness, so that when attacks are made they can be spotted at once by the people as "foolish and irresponsible."

Such attacks are valuable as matters of political and bureaucratic expediency so that some politicians can appear active and protective to their constituents, and so that others can advance socialistic ideas.

The confusion of laws governing business today, Nickerson said, there are sincere men trying honestly to interpret overlapping laws—men fully aware of the contradictory applications. But, he added, there also are men using the resulting "chaos" to advance socialistic ideas.

He expressed belief that the persistence of suits against leading industries, including oil, stems from the latter situation.

The Socony-Vacuum marketing expert said the American people have no real conception of the legal confusion which leads to seemingly contradictory complaints being brought against the industry.

As examples of the confusion, he cited the recent suit in which the Federal Trade Commission sued Standard Oil Company (Indiana) for not having a resale price maintenance policy, and the suit in which the anti-trust section of the Department of Justice sued a number of West Coast oil companies for having such a policy.

He said that if the present corporate structure is altered—if integrated companies are broken up, costs and therefore prices would be increased all along the line; the quality of products would fall or remain static because no company would be large enough to maintain a broad research program and the flow of products to the consumer would be irregular because the various operations of production, transportation, refining and marketing could not be coordinated as they must be to achieve good distribution.

Nickerson also struck out against the continuing charges of bigness and monopoly. He said that smaller companies and non-integrated companies would diminish in number if size and integration were bad. To the contrary, he pointed out, the number of producing companies increased from 10,900 in 1939, to 16,900 in 1949 and the number of petroleum jobbers rose from 11,000 to 13,000 in the same period.

As for monopoly charges he commented: "The shift of marketing strength of companies large and small over the past 20 years indicates struggle for business, and some win in this business and others lose. Adherents of monopoly would not want to lose, and if monopoly existed, would not lose."

Fiery Colts Racing To Trample Bulldogs On Artesia Field

Cadets See Opportunity To Crush Weakened Eleven

Smarting from a four touchdown scoring that saw only one counted, the New Mexico Military Institute Colts will be pointing for victory when they play the Artesia High School Bulldogs at 8 o'clock tonight on Morris Field here.

The Colts have played only one game this season, losing to Portales 7-6 in a game played there. In the tilt the Colts scored three other touchdowns only to have them called back.

Heavy-set, rugged, and benefited by military training, the team from Roswell will be no pushover and they will take full advantage of all breaks of the game and of the Bulldogs' battle-worn condition.

Coach Jack Tinson will have to do more shifting of his squad than the driver of the Diesel powered transcontinental truck going over a 10,000-foot mountain pass to meet the Colts onslaught.

A. L. Terpening, who suffered a leg injury early in the season, came out of the Lovington game bruised, likely will not be in the starting lineup.

Another ace back, Joe Harbert, probably can be used only sparingly.

Cautious Planning
Fred Hernandez, the Rock of Gibraltar, 235 pound back, has a strained knee ligament.

Just who Tinson will start is not known in advance since the Bulldog mentor makes a practice of not releasing this information until just before the kick-off.

In all, the play for the Bulldogs will be to use all the reserve power they can, make cautious use of injured regular starters when needed, and hope the Colts don't overpower the exhausted Bulldogs, who have won all four games they have played this season.

While the Colts are in Class A of District 5 they do not contend for the championship. Just the same the Bulldogs want to win this one to keep their record intact.

Seth Orell is coach of the Colts. Games on their schedule after tonight:

Oct. 12—Albuquerque Highlands in Roswell.
Nov. 3—St. Michael in Santa Fe.
Nov. 10—Eunice in Eunice.
Nov. 17—Hobbs at Hobbs.
Nov. 23—Cathedral, EP, in El Paso.

There is no advance roster of the Colts available.

The game will be Artesia High School's homecoming. Details of the reunion will be found in another story on this page.

The Bulldogs have an undefeated record, beating Jal, Tucumcari, Roswell, and Lovington. After the tussle with the Colts comes the game with Class B but mighty Alamogordo here on Oct. 13. Then—ON TO LAS CRUCES!

Cottonwood Edges Out Atoka 16-13
In Softball Opener

Softball teams in Artesia have long ago packed away their gear but the season is just getting underway for county schools.

Reason is that the program for the schools has a regular spot for softball which will continue until Nov. 1 when basketball season will start.

In the county schools opener, Cottonwood defeated Atoka in a game played Friday. The score, Cottonwood 16, Atoka 13. Batteries were Marcus and Green for Cottonwood, Eskew and Rasmussen for Atoka, in the grade school encounter, according to Stanley Belvin, Cottonwood.

The game was played at Cottonwood. Atoka will be the location for a return game today, Friday, Oct. 6.

Cowboys Seeking Second Border Win

The Hardin-Simmons University Cowboys of Abilene, Texas, will go after their second Border Conference victory and their third win of the season Saturday when they meet the University of Arizona Wildcats in Tucson.

The Cowboys recorded their second win and their second shut-out of the season last Saturday as they dealt out a 41-0 defeat to the Trinity Tigers in Abilene.

They trimmed New Mexico A. & M. 48-0 in a Border Conference opener and lost an inter-sectional tilt to the University of Cincinnati Bearcats 7-19.

Football Queen To Receive Crown At Dance Saturday

Coronation tomorrow night of the 1950 gridiron queen will climax the alumni jubilee of Artesia High School.

From a list of 10 candidates the high school varsity football squad has narrowed the field to five, one of whom is to be named queen in a ceremony at 9:30 o'clock tomorrow night at the homecoming dance in Central School gym.

The five are Anna Marie Dunn, Jean Green, Alice Martin, Wanda Burch, and Jonelle Tinson.

Name of the queen will not be given in advance of the ceremony, according to William Bennett, high school geometry and distributive education teacher.

The homecoming dance, with orchestra music, will start at 8 o'clock.

Admission will be in two classifications, spectators, who wish to watch the dance from the balcony, 35 cents; floor, 75 cents.

Bennett said postcards announcing the homecoming celebration had been mailed to 175 former students.

One section of the stands at Morris Field has been reserved for alumni and before and during the Artesia-New Mexico Military football game they will be sold ribbons by the student council, receiving orange and black paper attached "shaker" devices.

Seven Horse Races Slated for Sunday At Coates Course

Continuing the series of horse races started early this fall, Doe Bowman will stage a seven-event competition at 2 o'clock Sunday afternoon, Oct. 8, at Coates Race Track one and one half miles northwest of Artesia.

All racing horses must be entered by 2 o'clock. Bowman says there will be coffee and stew at no charge served at noon for all who bring horses to the track.

He invited early attendance at the meet, that the track has six horse gates, and there are plenty of stalls.

Out of the seven races there is a pair for horses that have never won a race and another duo for "any class horse."

Events, distance when listed, and entrance fees:
Horses never winning—220 yards, no jockeys allowed to ride, \$5.
Horses never winning—440 yards, \$10.
Any class horse—220 yards, \$50.
Any class horse—440 yards, \$50.
Shetland ponies—220 yards, none.
Barrel race—girl riders only, \$5.
Yearling colts—440 yards, colts foaled in 1949, bring breeding certificates to show age, \$50.
Golden Moon and Fryrock Bill are early entries.

Texas Western To Play Vandals In Historic Game

Texas Western's Miners swing back into action Saturday night in El Paso with the University of Idaho Vandals furnishing the opposition.

Although Idaho will be favored to corral the Miners, in view of their membership in the strong Pacific Coast Conference, indications are that a nip-and-tuck contest is in prospect.

It will be the first meeting in history between the two schools and in the 1950 campaign each has the identical record of one victory and one defeat. Texas Western fell before Cincinnati University, 32-0, in the season opener, and the following week walloped New Mexico A. & M. 40-0.

Idaho opened the campaign by defeating the University of Utah, 26-19. The Utah team is coached by Jack Curcize, who tutored the Miners the last four seasons. Last week Idaho dropped a hard-fought 28-27 battle to Montana University.

In spite of last week's open date, which resulted in Loyola University's cancellation of their game with the Miners, Texas Western's physical condition is far from good.

Coach Mike Brumbelow is bemoaning the fact the number of Miners out with knee injuries has reached seven. Billy Walsh, groomed to play first string at defensive halfback, joined the knee-brigade last Friday. He is the fourth right halfback sidelined in three weeks.

Reports from the Texas Western trainer show a possible return to action this week against Idaho of Herman Foster, regular guard; John Connell, star end and punter; and Sonny Holderman, defensive halfback.

High School Homecoming Inspires Comment on Football and Freedom

S. O. P. would be to start this off with an interesting statement but this is one of those mornings, at the end of a tiring and vexing week, when I'd rather be doing anything except getting the news and writing be doing anything except getting the news and writing it.

Fact that this is Homecoming for Artesia High School produces a nostalgia for the happier days of yore, when every day was glad adventure.

I like to see the high school kids have a good time even though they won't realize until years later they

in getting sports organized on a definite uniform basis.

Sportsman And President
From Silver City comes a letter so packed full of old time Southwestern friendliness, hospitality, and a courtesy akin to that of the Old South, that it brings a warmth to my heart.

I do not know the writer personally but I know enough of men to know that his letter came right from the shoulder, is no "policy" letter, and he means exactly what he says.

President H. W. James of New Mexico Western College, says—and using radioese—we quote: "Thanks ever so much for taking time to write me concerning our sports news. I certainly appreciate this interest as shown by your nice letter. I am turning it over to Mr. Bob Suesz who is our director of public relations."

"While you state that you will probably not be in Silver City for any of our games we wish you would try to be. I believe you would enjoy seeing our college and football games. In the past we have had quite a number of excellent young people from your community enrolled in our college."

Comin' Round the Mountain
The game has already been played and is in the records, but it is worthwhile to review the Southern Methodist University - Ohio State University game.

Cecil Morgan, Advocate advertising salesman, kindly loaned me a copy of the Minneapolis Sunday Tribune of Oct. 1, containing a story on the game written by a veteran ace reporter, George A. Barton.

One reason I like to read this year is that the score, S. M. U. 32, O. S. U. 27, bolsters my pride in Southwest Conference football, and somewhat dims the claims of those who claim only the Big 10 have grid teams worth mentioning.

Sure, it was only one game and maybe the Ohio State sector is better, but at any rate a Texas team won and that's joy enough for me.

Here's the lead of Barton's yarn: "Trailing 24-14 going into the fourth quarter, Southern Methodist, sparked by the rifle-like arm of Fred Benners unfurled a passing attack to register three touchdowns and nose out Ohio State 32-27 before a stunned crowd of 80,672 Buckeye rooters here (Columbus, Ohio) Saturday afternoon.

"Benners in pitching three touch down passes during the last 15 minutes of play gave one of the most remarkable exhibitions of passing ever witnessed on a college gridiron.

"He had four receivers who caught his tosses while running at top speed like outfielders snaring fly balls.

"Benners completely stole the show from his highly publicized team mate, Kyle Rote. Benners completed 19 out of 34 passes for a total of 306 yards and four touchdowns. His longest touchdown pass was a 64-yard heave to Johnny Champion."

Other receivers were Jimmy Hawn, Ben White, and Rusty Russell Jr., son of the Mustangs coach.

A courteous letter from the always obliging Morris W. Ward, executive secretary of the New Mexico High School Athletic Association, tells me that a list of all officials in the state who have been certified to work high school football games is being compiled.

He says a list will be sent me.

This is in response to my request for some identification of the black and white uniformed officials who suddenly crop up on Morris Field who are not listed by full name or college.

It leaves me guessing as to who they are, since no full identification is supplied, and I don't like mysteries.

Here are the officials for the Bulldogs remaining home games, listed only by last name:

Oct. 6—N. M. M. I., Tyner, Nemetz, Hall, White.

Oct. 13—Alamogordo, Marberry, Barton, Hall, Micanter.

Oct. 26—St. Mary, Marberry, Tyner, White, Bynum.

Nov. 3—Thomas Jefferson, Micanter, Barton, Hall, Marberry.

Nov. 9—Eunice, Bynum, White, Hall, Marberry.

Season Records
Artesia Bulldogs have played four, won four, amassed 115 points to their opponents 28. Coach Jack Tinson's spirited squad held both Tucumcari and Roswell scoreless, won the opener against Jal, rolled over Lovington.

Artesia 22, Jal 14
Artesia 19, Tucumcari 0
Artesia 28, Roswell 0
Artesia 46, Lovington 14

Undeclared in 1948 and 1949, the Hobbs Eagles, coached by Duane Fisher, got two touches of Texas in their first pair of games this season that put a dent into their grid stock.

Ranger tied the Eagles 14-14 in a game at Hobbs, marking the dedication of Hobbs new stadium. A week later the always potent Pampa Harvesters of the North Plains defeated the Eagles in a game in the Gray county attempt.

On their third attempt, the Eagles broke into the win column against Eunice.

Hobbs 14, Ranger 14
Hobbs 6, Pampa 26
Hobbs 26, Eunice 13.

Roswell Coyotes, coached by Roy Anderson, beat St. Michael, were trounced by Ysleta and Artesia, won over St. Mary of Albuquerque, for a two-two count to date.

Roswell 7, St. Michael 6
Roswell 0, Ysleta 27
Roswell 0, ARTESIA 28
Roswell 21, St. Mary 7.
Coach Ralph Bowyer's mighty Cavemen swung their clubs for a trio of straight wins in games played to date this season. They have piled up 94 points to their opponents 13.

Registration Open For Grid Bus Trip
Reservations for the bus caravan to the Artesia-Las Cruces football game to be played Oct. 20 in the Dona Ana county capital can be made with Bob Bourland at Artesia Auto, 302 West Main.

So far Artesia fans have been lagging. Not a single reservation has been made. The fare is \$5.19 for the round trip.

Bourland volunteered at the last meeting of the Quarterback Club to act as registrar for the proposed excursion.

Motion pictures of the 1950 Cotton Bowl was a feature of the club meeting, held Monday night in the high school cafeteria.

New Mexico Western Trims St. Michael In Circuit Opener
Long touchdown runs featured New Mexico Western college's 53-6 victory over St. Michael college of Santa Fe at Silver City. Two of

the runs were for 95 and 90 yards by halfback Jimmy Powell, and one was a 62 yard jaunt by halfback Ralph Craig. It was the first game in New Mexico Conference play for both teams.

Scoring began early in the game after Tom Abbott's run back to the opening kickoff of the game, the 38. The first play saw co-captain Ralph Craig run 62 yards to tackle for the first touchdown of the game. Don Smith's attempted conversion failed.

Girl Scout Notes

The organization chairman has just completed organizing six new Brownie troops, three at Central School and three at Park. This means that more than 80 little girls will have the opportunity of taking advantage of scouting. The new troops are:

Park School, leaders, Mrs. Ophel Olson, assisted by Mrs. Beach Barton; Mrs. Clyde Champion, assisted by Mrs. Vernon Swift, and Mrs. Bill Ellinger, assisted by Mrs. J. W. Tyree.

Central School, Mrs. Robert Gates, assisted by Mrs. Cecil Waldrop; Mrs. R. K. Styles, assisted by Mrs. J. P. Johlin, and Mrs. Mary Ralstad, assisted by Mrs. Robert Garner.

Mrs. W. B. Macey, chairman of the committee, has asked that any organization in the city interested in sponsoring one of these troops as a civic project call her at 968. Troop 2 worked on requirements for the Backyard Camper Badge. The girls danced and played games to close the meeting.

Troop 3 hiked to Mae West Curve and played "Rabbits in a Trap." Each girl stacked wood as a preliminary to building a campfire.

Troop 5 did some folk dances and discussed Tenderfoot requirements for the new members. Each girl started a plant which she will care for four weeks.

Troop 10 had a wonderful time on their overnight outing in the Sacramento, despite the fact that one sleepyhead was discovered by her leader head first in her sleeping bag and had to be rescued!

Troop 11 hiked to the rodeo grounds and played games, sang songs, and hiked back to the school. Troop 12 had a cookout at the Episcopal Church. The girls made coney islands and played games preceding the program on soil conservation, given by Garlene Stuart and Betty Lou Fairey. Games for the event were planned by Florence Holman and Linda Duncan. Patricia Jones and Gloria Lowery built the fire and made the coney islands.

Troop 13 held the first meeting at the First Christian Church with their new leaders, Mrs. Chuck Brown and Mrs. Tom Harwell, in charge of the meeting. The girls elected patrol leaders, Alicia Waldrop and Zeldia Zeleny. Bobby Jean Frost was elected secretary. The meeting was closed with games and songs.

Troop 14 met at the high school and elected officers: President, Allene Ellinger; secretary, Carol Burch. The girls planned a cookout for the next meeting at the Episcopal Church. They made plans for purchasing new uniforms consisting of green skirts and white blouses.

Troop 16 met with their new leaders, Mrs. Carter Izzard and Mrs. Sam Beal, and elected the following officers: President, Joan Harrison; vice president, Glenna Northcutt; secretary, Marilyn Scrapper, and treasurer, Brenda Petty. The girls played games to get acquainted.

Troop 17 hiked to Artesia Municipal Park north of town. The girls made a nature study of the flowers and trees, insects, and animals they saw on the hike. Their leader, Mrs. Earle Allen, reported that the girls discovered seven different varieties of trees. They also learned how to mark a trail and safety rules on hiking.

Troop 20 hiked to the park and

Great Virgil and Wonder Show Booked By Lions

The Great Virgil and his big wonder show is being brought to Artesia by the Lions Club, and will be presented at the high school auditorium Wednesday, Nov. 8.

The show is headed by the Mighty Master of Illusion, The Great Virgil, and his company of wonder workers featuring Julie, the Sweetheart of Magic.

The Great Virgil's present program runs the gamut from sleight-of-hand to spectacular illusions requiring the assistance of his entire company.

The Great Virgil has devoted a lifetime developing this mystery extravaganza at a cost of more than \$100,000, and this season's show reaches heights of perfection never before attained. The audience will behold such breathtaking spectacles as "Sawing a Woman in Half," "The Great Chinese Torture Mystery," "A Night in the Palace at Peiping," "The Miraculous Houdini Trunk Mystery," and countless other sensational acts.

At a recent record-breaking engagement at the Wilshire Ebell Theater in Los Angeles, Calif., The Great Virgil was loudly heralded by movie stars, the public, and the press.

He sang "Mutton Chops," and played games. The Brownies looked for different kinds of fall leaves.

Troop 6 discussed the system of patrols and the finishing of the second-class badge work and proficiency badges. There were 10 old members and one new member, Ann Wade, present.

Atomic Booklet Is Best Seller

Public demand for the govern-
ment's newest best seller, entitled
"The Effects of Atomic Weapons,"
has been so great that two print-
ings have been sold out in less
than a month since the book was
released, the Government Printing
office announced. The first print-
ing of 10,000 copies was sold out
Aug. 11, the first day the book was
available. A second printing of
20,000 copies is now gone, and a
third printing of 15,000 copies will
be off the presses in a few days.

AMERICANS RAM INTO SEOUL

BACKED BY THE U. S. ARMY'S Seventh Division which also landed at
Incheon, United States Marines storm the Han river as they drive into
the outskirts of Communist-defended Seoul (1). The race toward Seoul
follows capture by the Americans of prized Kimp'o airport (2). To
the south an American battalion crosses the Naktong river at Choji
(3), 26 miles southwest of Taegu, as part of offensive to break out of
the UN beachhead in southeast Korea. Highlighting air war, 40 B-29
Superforts shower 1,600 quarter-ton bombs on foe west of Waegwan.

as one of the most vital of the year
for cotton growers.
Without proper ginning or if the
ginning is hurried, the high qual-
ity seed, high rates of fertilization,
good cultivation, and carefully con-
ducted insect control plans are
wasted efforts on the part of farm-
ers, he declared.

In harvesting cotton, some good
rules to remember are: Pick as
promptly as possible, pick clean,
pick dry, don't mix varieties or
qualities, don't ask for close gin-
ning, and make a standard weight

Children's Play To Give Glimpse Of Vast Riches

The rich cargoes dispatched by Beauty's merchant father in the Clare Tree Major Children's Theater of New York play based on the ancient fairy tale, "Beauty and the Beast," coming to the high school auditorium Thursday, Oct. 12, differ only slightly from the Arabian exports of today.

The ships of the merchant in the play carried valuable cargoes of myrrh, frankincense, pearls, coffee, dates, salt, and such semi-precious jewels as onyx, agates, and carnelians from Arabia to be traded with merchants of other lands for silks, cotton, and tools, as is still done today. Coffee, since its introduction in the fourth century by the Ethiopians, has long been one of the foremost products of Arabia. Mocha coffee, the finest variety, derived its name from the little Arabian seaport from which it was shipped.

For hundreds of years Arabs smelted copper in the Gulf of Aquaba region. Now concentrates of copper, gold and silver are shipped to the United States for refinement. Among other important industrial materials, Arabia is a source of huge quantities of rock salt and sulphur, and smaller deposits of lead, zinc, gypsum, and barite are found in the desert hills.

Little did the merchants of Beauty's time know that one day the eyes of the world would be turned toward the extensive supply of petroleum buried beneath the sands of Arabia. First produced commercially only as recently as 1939, this new discovery now ranks first of all the wealthy natural resources of Arabia and has revolutionized the world of industry.

"Beauty and the Beast" will be presented here under the auspices of the Girl Scout Association, Story League, and Central School Parent-Teacher Association at 9:30 and 1:30 o'clock Thursday, Oct. 12.

IN THE PROBATE COURT OF EDDY COUNTY, STATE OF NEW MEXICO

IN THE MATTER OF THE ESTATE OF PEARL ABERNATHY, DECEASED

NOTICE OF HEARING ON FIRST AND FINAL ACCOUNT AND REPORT

THE STATE OF NEW MEXICO TO:

D. A. ABERNATHY, CHESTER DANIEL ABERNATHY, all unknown heirs of Pearl Abernathy, Deceased, and all unknown persons claiming any lien upon or right, title or interest in or to the estate of said decedent, GREETING:

NOTICE is hereby given that H. G. Watson, Administrator of the estate of Pearl Abernathy, Deceased, has filed his First and Final Report and Account, together with his petition for discharge and for a determination of the heirship of said decedent, and the Probate Court of Eddy County, New Mexico has fixed the 17th day of November, 1950, at 10:00 o'clock A. M., in the Court Room of said Court in the City of Carlsbad, New Mexico, as the time, place and day for hearing objections to said report. At said time and place the Court will proceed to determine the heirship of those claiming the estate, the ownership of the estate and the interest of each respective claimant therein or thereto and the persons entitled to distribution thereof.

John E. Cochran, Jr., whose address is P. O. Box 128, Artesia, New Mexico, is Attorney for the Administrator.

THEREFORE, any person or persons wishing to object are hereby notified to file their objections with the County Clerk of Eddy County before the time set for hearing.

WITNESS my hand and official seal this 5th day of October, 1950. (SEAL) Mrs. R. A. Wilcox, County Clerk and Ex-Officio Clerk of the Probate Court.

Only You Can Change It

ARE YOU REGISTERED and prepared to go ballot on Tuesday, Nov. 7?

That is one thing no one can do for you. There have been some folks whom far too many of us have let do our voting. About 50 per cent or better of us have permitted someone else to do the voting for us. And they have done a pretty good job for themselves. They have not done a very good job for us or insofar as we are concerned.

And after we have let them go to our balloting for us we have done a lot of complaining about politics, politicians, and the way our affairs have been run.

About the only way we can change things is to do some balloting ourselves. There have been sufficient votes at home in the various elections now for a good many years to change the outcome of most of the elections.

We haven't seemed to be very much concerned about it until our taxes continued to climb, the national debt continued to be increased and we refused as a nation to balance our budget.

There have been a lot of folks unhappy about the 2-cent gasoline tax adopted to pay off the more than 20 million dollars worth of road bonds we issued as a state. We have not learned that this tax could have been only 1 cent and that this would have provided sufficient funds to pay off the bonds coming due each year.

We also are beginning to realize that it is time to halt and stop unnecessary spending; to devote our attention to the war we have on hand and the situation which confronts us.

And while we continue to grow more and more concerned about the many things, we have politics as usual and the "pork barrel practices" of our nation are continued.

The situation which exists today is of our own creation—we either voted for those who have brought about the condition that prevails or we remained at home and refused to go to the polls and cast our ballot.

We can and will change that situation when we are sufficiently aroused and convinced we should do something about it.—O.E.P.

Newspaper Week

THIS IS NATIONAL NEWSPAPER WEEK—a week set aside to say thanks to the home town newspaper for the job it seeks to do and for the contribution it makes to its own community.

We have always felt that the newspaper makes a greater contribution of its merchandise, its stock in trade—white space—than perhaps any other business firm or concern. It gives away more of the one thing it has to sell.

It contributes this space freely to the churches and their programs; the schools and their activities; the chamber of commerce, the civic and community clubs, the Boy Scouts, the Girl Scouts, the Red Cross and the many other movements in their own community.

Perhaps it is well to stop and think just a minute and to say a few kind words to the newspaper folks for their efforts. We are always free with our criticism; we are always quick to condemn; we are also free with our unkind remarks.

Maybe it is a good idea to voice our thanks to the newspapers for the contributions they make to their city, their county, the state and the nation.

Newspapers, of course, do the best job possible. They work under many handicaps because contrary to the general belief newspapers people don't know everything. They only know what folks tell them either verbally, over the phone or in writing and what they are able to dig out from the records. They have no crystal balls into which they can gaze to see what has happened, is happening or is going to happen. They only know what you tell them.

They are criticized and condemned often for their activities and their investigating; for digging into records; for their attitudes regarding public meetings but they are only doing a job for you—trying to get the information they feel you want about governmental affairs and about the spending of your tax money. It is merely part of their job.

And they do a lot of hard work along these lines and provide a lot of information which the public should read and should accept and should use. Unfortunately that isn't always done.

It would be far better for all of us if we would use the information which the newspapers provide for us.

They are only doing a job they feel needs to be done—a job which they feel is their job.

And probably it is well that once a year we take off a little time any say "thank you, Newspapers of America" for the job you are doing.—O.E.P.

Better Go Register

IF YOU ARE NOT REGISTERED and not qualified to vote in the election on Tuesday, Nov. 7, better go now and get registered.

Despite the pleas sounded between now and Oct. 7, the deadline registration, there will still be those on that date who forgot or decided to go register.

If you are registered and qualified to vote—this does not apply to you. If you are eligible and not registered you must register between now and Oct. 7.

We are firmly convinced that many who have never taken the trouble to go to the polls and vote during the past few years want to exercise their right of franchise this year.

We feel sure there are many who are firmly convinced they have permitted a small minority to control the political situation in this nation far too long now for the good of the majority of the people of this nation.

But it isn't going to matter much how you feel on the morning of Nov. 7 unless you are registered because if you are not qualified you are not going to be permitted to vote anyway.—O.E.P.

What Other Editors Are Saying

TREMENDOUS

President E. J. Workman of New Mexico School of mines made a startling statement to the Rotary Club here.

Dr. Workman said that scientists studying artificial rainmaking now believe it is possible to increase rainfall in New Mexico from 25 to 55 per cent.

Anyone familiar with farming or ranching can translate those figures into an estimate of additional plant growth without much difficulty.

If the estimates of Dr. Workman and his co-workers are reasonably accurate, New Mexico is destined for a tremendous increase in farm and range productivity.

An increase of even 10 per cent in the average rainfall would be significant. An increase of 50 per cent would be worth many millions of dollars each year.

We'd be willing to settle for 25 per cent and hope for more.—Albuquerque Tribune.

AGENTS WILL BID FOR BUSINESS

The city of Santa Fe is smarter about buying insurance than is the state of New Mexico.

The state spends more than \$300,000 a year for insurance in over-the-counter deals, buying everything at list price on the assumption that insurance costs the same wherever it is purchased.

The city of Santa Fe advertised for bids on insurance to cover all city liabilities and received prices ranging from less than one-half of the established policy prices.

One agency, handling a type of insurance which the city attorney held the city could not buy, went down to less than a quarter of the over-the-counter price paid by the state.

Four firms representing old line insurance companies entered bids on four proposals. Typical was that calling for \$25,000 to \$50,000 public liability and \$10,000 property damage.

The Del Miero Agency bid \$5,471.78, the James Russell Agency \$285,444, the Howell Earnest Agency \$2285.23, the Manuel Lujan Agency \$2269.46.

Next year when the state policies come up for renewal there will be an opportunity to save \$100,000 or more by breaking up the insurance in big chunks and placing it with the best bidders. The public would like it and we're sure it would please

those hundreds of insurance agents who have stood by and watched the rich business go to a very few favored agents.—Santa Fe New Mexican.

WELL-EARNED HONOR

There are innumerable reasons why the free world should acclaim the award of the Nobel Peace Prize to Dr. Ralph J. Bunche.

One is that Dr. Bunche, himself, richly deserves it. Taking on the near-impossible task of ending hostilities between the Israelis and the Arabs when the assassination of Count Bernadotte thrust the responsibility upon him, he succeeded. And he succeeded, he well knew, at great personal risk. All told, 10 members of that peace team gave their lives.

Another reason is that the award comes when Russia is doing its utmost to exploit resentment among the darker races against the considerable past and the lesser present sins of the whites. Here is an American Negro, grandson of a slave, who has won high positions and warm recognition in his own country, now accorded a world honor by another nation even more overwhelmingly white.

The award also gives added impressiveness to Dr. Bunche's role as a Negro leader who, unlike Paul Robeson, has preserved his faith in the capacity for justice and self-reform inherent in the democratic way, and has chosen to work for the betterment of his people within that framework.—Christian Science Monitor.

INDIAN EDUCATION

The annual exodus of children from the Navajo reservation to distant points for school purposes which has just taken place again emphasizes the disgraceful failure of government to fulfill its treaty obligations toward providing adequate schooling for the Navajos. Some 1800 children have been scattered to points in Utah, California, Oklahoma, Nevada, Arizona, Oregon and points in New Mexico. The money spent in transporting these children and maintaining schools in these distant points would go far toward providing their education on the reservation and at points bordering on it, such as Gallup, Farmington, and Arizona public schools. The latter would also promise a better job in education, along with children of other races than the segregation plan, looking toward the ultimate integration of our Indian friends with the rest of the population, which offers the only solution of the Indian problem.—Gallup Independent.

Assignment New Mexico

By G. Ward Fenley

This is a special week devoted to such slogans as "Employ the Handicapped."

The national authorities knew what they were doing in making it also "National Newspaper Week"—what with all of us old broken-down newspaper editors scattered over the nation.

I see where The Hobbs News-Sun said a newspaper reporter won \$10,721.15 in 25 minutes at the gambling table in Las Vegas, Nev.—after a short \$1800 losing streak.

The thing wrong with the yarn is, according to The News-Sun editor: "We didn't know there was a newspaper man in the world with 18 hundred bucks."

Amen, Brer McGrath. We're the world's most handicapped group. I can't, to save my life, see why any gal would ever deliberately choose a newspaper man for a life's mate.

The Santa Fe New Mexican was listing the qualities most desired in a husband: Sociability, honesty, dependability, stability, and a certain amount of initiative. I would like to add that he should possess gumption—defined as common sense. Of course there are those who would define gumption as "push" or get-up-and-go.

With tongue in cheek The New Mexican adds that the best things girls should look for nowadays is a man who (1) has one leg, (2) owns less than 18 teeth, (3) possess a knack with the ironing board, coffee pot, and safety pins, and (4) has his share of meekness, which will enable him to live happily with a wife bigger than he is—since we are producing a generation of Amazons.

Husbands, especially handicapped newspaper husbands, just simply have not got a chance.

One of the worst handicaps newspaper editors have is, unlike the doctors who bury their mistakes, to be forced to put their errors on the front page so the whole world can read.

The Cruces Sun-News, in speaking of Greer Garson's cattle in the State Fair exhibits said: "The film queen purchased the Scottish shorthorns while she was aboard last April." Aboard what? A short-horn bull?

Seriously Speaking There is another class of people in whom I am more interested this week than in the handicapped editors. I refer to those numerous folks who do not have two good eyes, ears, or legs. They are legion and worlds of them are the salt of the earth. Lacking in some part of their physical make-up, most of them have made up for it by developing other characteristics.

Two of my closest friends, Jack McKee, on the UNM staff, and David Coleman, who handles his own magazine subscription agency at 1521 Van Cleve Road, Albuquerque, were born about as handicapped as they come.

Yet both boys, now in their thirties, make a good living and are inspirations to me by their innate cheerfulness and initiative. I get ashamed of myself many times in talking to Jack and David. Like the lines in the Santa Fe Railway Magazine:

"I worry, I putter, I push and I shove
Hunting little molehills to make mountains of."

When some person walks into our offices seeking employment, do we instinctively notice a twisted arm or foot—or do we search for what that person can constructively add to our business? The waste of mental ability is perhaps the worst waste of all our resources. Let's give them our sympathy, but a chance.

And in conclusion, for you who are glad this kolm appears only once a week, we're kinda like Mrs. Ruth Blake, new Eastern New Mexico temporary dietitian: "I'm here for just one season, to please the students."

'National Fire Prevention Week' Is Check-Up Time

'National Fire Prevention Week,' which has been officially set for Oct. 8-14 this year, will receive ready response from farm people in Eddy County, says Dallas Rierson county agent.

Preventing fires is particularly important to farmers, the county agent points out, because usually farmers are highly vulnerable to fire, because of their isolated location, lack of water supplies, and high combustibility of their properties.

An estimated 3500 people are burned to death in rural communities each year in the United States and the annual farm fire loss is about 100 million dollars.

"This is a good time to look over your fire defenses," says the county agent. "Provide first-aid fire appliances, such as chemical extinguishers, pump tanks, water pails, and, where possible, running water under pressure. Even garden hose provides valuable protection for farms so equipped."

"Keep fire extinguishers charged, and other fire protection equipment in good working order. Have

Inside WASHINGTON

MARCH OF EVENTS

Franklin D. Roosevelt, Jr., May | Navy Secretary Matthews Due
Wind Up in Truman Cabinet | To Get His Walking Papers
Special to Central Press

WASHINGTON—Speculation is current in Washington that Franklin D. Roosevelt, Jr., son of the late President, may become a member of President Truman's cabinet.

Insiders assert the President may soon hand Navy Secretary Francis Matthews his walking papers largely because of his recent "preventive war" speech in Boston.

The reports add that young Roosevelt, now a Democratic House member, will become Matthews' successor.

Should the speculation prove true, the son of the late President will be following family tradition inasmuch as his father served as assistant secretary of the Navy in World War I.

The youthful congressman knows the Navy from a working level from his wartime service as a seagoing officer.

Those circulating the reports declare a cabinet appointment would take some of the sting from the fact young Roosevelt failed to land the New York state Democratic nomination for governor and would also lend political drawing power to the administration.

TAFT IN TROUBLE?—Another son of a former President, Senator Robert A. Taft (R), Ohio, is facing an increasingly tougher fight for renomination in the Buckeye state, according to Washington political observers.

NONE is predicting Taft's defeat but even Taft supporters are beginning to admit that his opposition is proving stronger than they anticipated. They point to the bitter attacks on Taft by the administration as a major factor in their revised estimate of the chances of Taft's opponent, Joe Ferguson.

JOHNSON IN POLITICS?—Meanwhile, Pentagon observers insist that ex-Defense Secretary Louis Johnson still has political ambitions and will be heard from in the future despite the fact he was dropped by President Truman.

They declare Johnson may fire his first shot in a come-back campaign next month when he is scheduled to address an American Legion convention. They say it's possible, however, that he may withhold his fire a little longer in the belief that a row with President Truman at this time would be a poor political move.

Defense department intimates report that Johnson, despite the polite tone of his letter of resignation, was bitter against the President and that both were pale and trembling with anger at the closed-door session in which Mr. Truman asked for Johnson's immediate resignation.

At present, Johnson is engaged in personally answering the 5,000 letters and telegrams which reached him during the week of his resignation and then plans to write a book vindicating his work as defense chief on grounds that his administration was high-minded, efficient and successful.

He may make his political move in his native West Virginia and friends report that he once declared that his ambition was to be senator from that state.

INDONESIAN PILOTS—Without fanfare, 60 outstanding young Indonesians will receive flight training in the United States to become leaders of an Indonesian air force should Russia cause trouble in the new republic.

The 60, all of whom speak English, will be given Indonesian flight courses similar to those given United States Air Force pilots at Minter Field, California.

To prevent any protests, the training will be given by an independent organization, not the United States government. The organization is the Taloo Academy of Aeronautics.

STATIONERY SNARL—The new national production authority to handle home-front economic controls found itself immediately confronted with a problem it couldn't solve the day it was set up.

Newly appointed officials of the NPA—most of them from the Commerce department—turned up eager to go until it was discovered the new agency had NO properly labeled stationery.

There was plenty of writing paper with Commerce department letterheads but it was considered unsuitable under the circumstances. Subsequently, the properly labeled stationery was delivered and a new government agency was born.

several ladders available in order to climb to high points in your property quickly."

Cisterns and farm ponds, which fire department pumps can use for water supply, have saved many farm buildings. More and more farmers are building farm ponds to have water for fire protection and other farm uses.

"Another way to make sure your farm is safe from fire hazards," the county agent reminds, "is to institute regular over-all inspections of your property not only during 'Fire Prevention Week' but during the other 51 weeks of the year as well."

In old China, the dragon, the tortoise, the phoenix and the deer were the creatures most often carved, because they were believed to have been the four creatures which witnessed the creation of the world.

DAVID NIVEN was one British star in Hollywood who rushed back to join the colors the moment World War II broke out. Attired in his spic and span new uniform, he made for his London club wondering if any of the old Colonel Blimps dozing in the lounge would recognize him.

One of them obviously did. "I say there, Niven," he harumphed. "Where have you been keeping yourself?" "In Hollywood, sir." "Hollywood?" "Yes, sir. That's a rather interesting city, sir, on the west coast of the United States." Colonel Blimp melted this over for a moment and closed the conversation with, "Hmpf! Never knew we had a garrison there."

Charles Lee, one of the stars of the University of Pennsylvania's English department, interviewed a novelist from London who affected to be too, too bored with all the royalties he was collecting. "All this computing of taxes and checking statements irks a man of my temperament, old boy," he declared. Lee reminded him, "It's nice irk if you can get it."

Aphids and Red Spiders Cotton Insect Problems

It looks like a battle "all the way to the wire" between the cotton farmer and cotton insects this year. Although the leafworm and bollworm are still the cotton farmer's big problems this year, aphids and red spiders are causing damage in some areas of the state.

The use of calcium arsenate and DDT for the control of leafworm and bollworm has aided the aphids, according to County Agent Dallas Rierson. Neither of these materials will control this pest, while both of them tend to reduce the natural enemies of this insect, Rierson says. This has led to a general build-up of these green, roft-bodied pests that cause the leaves to curl and fall from the plant before the bolls are mature. Premature shedding of the leaves may cause a serious loss in yield and grade of cotton. Aphids secrete a sticky substance known as honey dew, which drops on the leaves, giving them a glossy appearance. Honeydew on the lint makes it sticky and hard to gin.

Where aphids have built up to damaging numbers, a "knock-out" application of 3 per cent gamma BHC should be applied at the rate of 18 to 20 pounds per acre.

In certain areas, many fields have become spotted with "rusty" areas. This has been due to the feeding of minute greenish or yellowish to red mites, called red spider mites, or just red spiders. A close examination of the undersides of leaves "speckled" with blood-red spots will reveal these small pests busily feeding under a silky web. First, the leaves take on a speckled appearance, then they redden, turn rusty brown, and fall off. This loss of leaves causes a shedding of small bolls and may prevent the lint from developing properly in large bolls.

"Farmers who have included at least 40 per cent sulfur in their dusts for control of other cotton pests shouldn't be bothered with

'Clouderoft Country' By Koonce Appears In State Magazine

"Clouderoft Country" is the title of an article in the October issue of New Mexico Magazine by Bob Koonce, manager of the Artesia Chamber of Commerce.

In it Manager Koonce tells about the attractions of the area. It is illustrated with photos by the author and George W. Thompson of the State Tourist Bureau.

red spiders," the county agent says. "However, if this pest appears to have developed a resistance to sulfur, applications of 1 per cent Parathion dust may be used at the rate of 25 to 30 pounds per acre. Growers are warned that Parathion is extremely toxic to warm-blooded animals, and, if used, every precaution prescribed by the manufacturer should be adhered to."

School Pupil Drivers Form Bill of Safety

Note—the policy of the school permit for students and teachers or employees in a cooperative plan.

The school is adopting the school permit plan in cooperation with the local police force and city council. The plan has been adopted for three reasons:

Safety and preservation of life. Definite parking system and assigned method of parking.

Keep down surplus of cars.

Applicants are asked to agree to four points:

To obey local traffic regulations as enforced by local and county officials.

To use car for the purpose stipulated on the permit.

To cooperate with local police and school in helping to protect life and property.

To return school permit tag at end of year at which time a refund will be made.

Applicant lists full name, house and telephone numbers, street, distance from school, reason for asking for permit, model of car, year, license number, number of passengers the applicant will transport to school.

He also says whether or not he has public liability and collision insurance, driver's license, if car is certified with state sticker as approved.

Slogan, concluding the form: "Safety will pay dividends, haste will result in disaster."

Better Buy Buick!

PERHAPS you've noticed that there seem to be a lot of these brassy beauties running around on America's highways—and it isn't just that boldly gleaming forefront that spreads this impression.

It isn't just the fact that folks who own a Buick get such a bang out of it that they do a lot of driving.

Back of all this is another fact. It's a fact that contains a broad hint to anyone who'd like to know what's what in motorcar buys. 1950 Buicks are breaking all past popularity records, as registered in sales.

So we suggest that you do some personal investigating.

Find out, for example, how masterful you feel, with Fireball power purring away the miles, at a polite touch of your toe on the gas treadle.

Find out how the jolts and jars seem to disappear, when you have big soft coil springs on all four wheels, and fat low-pressure tires on wide Safety-Ride rims.

Then there's Dynaflo Drive* which Buick owners vote the biggest automotive hit that has come along in years.

With all this, there's room, and comfort, and road-hugging heft combined with a light and willing response to

your hand on the wheel—and prices that start down with the sixes.

Seems like almost everyone wants to own one of these Buicks—and most people can. How about you? Isn't it a smart idea to see your Buick dealer now and get your name on his list?

Only BUICK has Dynaflo— and with it goes: HIGHER-COMPRESSION Fireball valve-in-head power in three engines (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with MULTI-GUARD fender, taper-through fenders • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube
