Today, Want Ads encompass home—business—industry. For here is the pulse of the people—the barometer of business—the prosperity or depression of a community forecast in the jobs offered, versus jobs wanted—in the ups and downs of real estate prices—and, in countless other ways.

Hagerman News

(Mrs. Edna Burck)

The marriage of Miss Bernice Elliston of Hereford, Texas, and Milton Greer of Hagerman was solemnized on Saturday evening at the Seventh Day Adventist Church of Hereford, Texas.

Palms, ferns, and hydrangeas were used in decorating the church for this occasion.

Elder A. L. May of Roswell performed the ceremony.

The bride wore a dark blue taffeta dress and carried an arm bouquet of white blossoms. She was attended by her sister, Miss Ima Jean Elliston, as bridesmaid, and Ernest Greer, brother of the bridegroom, served as best man.

Mrs. Fortner, a sister of the bride, played the wedding marches and also the accompaniment for Miss Georgio Elliston, who sang, "I Love You Truly."

Immediately after the ceremony, the couple left for a honeymoon trip after which they will be at home on the former Cole farm, northeast of Hagerman.

The romance culminating in this marriage began while Mrs. Greer was employed at San Diego, Calif., and Mr. Greer was in boot camp there.

Mr. Greer is a native of Hagerman and is the youngest son of Mr. and Mrs. J. W. Greer, pioneer residents. He is a graduate of Hagerman High School and served in the Navy during World War II.

Home on the Range

By Will Robinson

A most unusual funeral occurred at last Friday afternoon at Carlsbad, as befitted a most unusual woman, Mrs. Walter McDonald, daughter of the soil, who was born near Lakewood in 1887. Men came from a long ways to honor the woman who had proved her motherhood by kindly counsel and correct advice to young men who had slipped into jail or the state penitentiary.

Some of these needed but a kind word, a sound figuration that crime doesn't pay. Many of these boys went straight after the kindly, motherly woman pointer the way to the correct life, and to their last days will honor the name of "Mother" McDonald, who passed many years of her life as the wife of a peace officer living in the jail and the penitentiary.

Her heart was big enough to take in sinful men and boys and to point them upward to a finer and better life.

There was no whine or long-facet about her contacts. She quietly told the "boys" who had erred that it pays to be decent and law-abiding, and lots of them followed her advice and will bless her name as long as they live.

"Mother" McDonald was born 67 years ago. Whether as matron of whatever type of correctional institution, or during the years when she was raising her own fine children, she went her blessed way, unassumingly, quietly. Erring men did not forget her words based on reasoning observation.

The pallbearers for "Mother" McDonald were state policemen, who were boys, during the years that she was matron of the penitentiary.

In many respects there was none like her in the Southwestern country.

New Mexico has many amazing locations but none that surpasses in unbelievable facts the plants of the Burgett Floral Company, a few miles east of Cloudercroft. At an elevation of 7800 feet there are greenhouses covering 74,000 square feet, and everything that goes along with a wholesale greenhouse plant, such as steam heat and all that sort of thing.

Last year an average of 15,000 dozen of super roses, and the same numbers of carnations and snapdragons were shipped. Easter and calla lilies supplied the whole Southwest and deep into Mexico this year, the shipments also drawn from the Burgett plants which are located even farther down on the Penasco River.

There is a working force of 10 men at this mountain flower wonderland, including Mr. Burgett and his two sons.

One of the boys, Dale, operates the plant at Carlsbad, established by his father in 1927. Of truth, anything is possible in this New Mexico of ours. And the possibilities are reached at most unexpected and least likely places.

In many respects the most remarkable assembly of each year in New Mexico is the "White Sands Play Day," held each year in mid-April at the national monument which is about a dozen miles straight west from Alamogordo.

It is staged each year by the Alamogordo Chamber of Commerce as a memorial to Tom Charles, the real father of the great wonder in the world of its kind.

Rolla Buck of the chamber has sent invitations and entry blanks to 42 New Mexico high schools to take part in the play. The people generally are invited to attend, and there will be items of entertainment that will fit all of the people.

The White Sands are reached by black toproads from each direction and the trip is really the second "must" for those who wish to really know New Mexico.

There will be no limit but the roof on the cat fishing party at Fort Craig, which is at the upper end of Elephant Butte Reservoir. The occasion is being "rodded" by Floyd Moon, G. P. A. leader. It will occur on April 14-15. Everybody is expected to catch catfish, provided free with plenty of pro-

who went to Las Cruces were Leroy Hammons, Kenneth Jennings, Jim McCullough, Vedder Brown, Jr., Robert Brady, Wesley Menefee, and Billy Ackerman. They were accompanied by Mrs. Howard Menefee and Floyd Campbell, vocational agriculture instructor.

Mrs. Floyd Campbell left Sunday for Wynne Wood, Okla., to visit her mother, who is quite ill. Mr. and Mrs. Murl Mobley and baby of Roswell and Mrs. Carl Hanson of Carlsbad visited Mr. and Mrs. Harold Hanson Sunday.

Mr. and Mrs. Darrell Phillips and children have moved to Hobbs, where Mr. Phillips is employed.

James Cowan of Roswell visited his brother, Harry Cowan, and Mrs. Cowan Sunday.

Mr. and Mrs. J. V. Keeth, Clyde Keeth, Mr. and Mrs. C. H. Keeth and daughters, and Teva Gomez were guests at a delicious enchilada supper on Friday evening of last week, given by Maggie Gomez.

Mrs. Raper is visiting her daughter, Mrs. Horace Freeman, and family this week.

New Officers of Artesia Elks Lodge

Here are some of the new officers of the Artesia Elks Lodge, who were installed Wednesday night. They are, left to right: Chuck Aston, exalted ruler; F. O. Potpourri—

taking part in a simultaneous revival throughout the Deep South. He enclosed the editorial page from The Atlanta Constitution, on which was an editorial about that crusade, which interested us. But there was another editorial, "Dade County Leaves by a Landslide," to which our preacher friend called our attention, with the comment, "Perhaps we tried the wrong way with our county."

He might have something there—something which we might try (if we only had the rainfall) to establish Artesia County, as our recent legislative effort was abortive. The editorial reads, in part: "Don't let anyone tell you that there are 159 counties in Georgia today! There are only 158, in Georgia, that is."

"The Independent State of Dade involuntarily seceded Thursday when more than a 100 feet of the East Rivers Highway slid off the side of Lookout Mountain. This quickly built, convict-constructed road has been edging off the slope for several months and a highway department crew has been up there trying to figure a way to patch up or reroute the roadbed. "Torrential rains this week beat them to the relocation job and now the road has collapsed. "As a result, the only access to this Georgia county is through Alabama or Tennessee just as it was before the rivers road was built. Dade County has been isolated by a landslide. As The Constitution correspondent, Jim Betts, puts it, again Dade is a mountain province cut off from its sovereign governing body. . . ."

While we're in the scissors and paste mood, let's have a look at what Leonard Lyons had to say the other day in "The Lyons Den," his syndicated column:

"Dr. Harold T. Hyman tells of the boy whose parents brought him to their family doctor to cure him of his habit of keeping his finger in his ear. 'I keep my finger there because there's a bee inside,' the boy explained. The doctor whispered to the parents: 'I'll fix it. He needs to have his tonsils removed anyway. We'll tell him, after the tonsillectomy, that we've removed the bee.' After the operation, the doctor placed a bee inside a glass jar and told the boy: 'See? The bee is out.' On the way home, the boy again placed his finger in his ear. 'But the bee is out of there,' his parents reminded him. 'That's right,' he said, 'but do you think I want him to get back in again?'"

Bert Shaw, who is home on leave after service aboard a Navy tanker in the Far East, brought us the issue of The Nippon Times, Tokyo, for Feb. 18.

Although it is somewhat old, it is still interesting. The paper is quite similar to an American newspaper, but is quite small, only four pages of eight columns, which are narrower than most in the United States.

That the English language newspaper has been published in Tokyo a long time, is attested to by the issue number—18,996. There are a number of ads, including some for medicines, one of which is Sovolyn, which the ad says is analgesic, sedative and antipretic—possibly the Japanese version of Hadaacol.

At least rodeos are honest. Nobody has even bribed a bronc to throw anything.—A.L.B.

portion of Chaves, Otero and Lea Counties. Here's the way the PMA and SCS tie in: The former now has jurisdiction over the latter and the Eddy County office is in Carlsbad. New County Echo Recalling the recent intensive but lost battle to create a new county out of North Eddy was the subject of one of the manager's reports. He said a letter was being drafted to all state legislators thanking them for their interest in the proposed Artesia County. The manager also reported that an attempt to get a wholesale business here had failed and that Highway 83 Association was being written off. Money paid in by communities will be refunded. Emery Carper was association chairman. HAVE you ever wondered how it would feel to go the limit on power and comfort and quality in an automobile?
Or how it would feel to be lord and master of a car that can take its place with the finest in the "fine-car field"?
Then, sir, this is a call to action.
The first action is yours—the simple action of getting in touch with a Buick dealer and planting yourself behind the wheel of a ROADMASTER.
Then let this great-powered and dazzling performer take over.
There's action in every one of the 152 horsepower in its Fireball engine—more action than most proud owners of this eager beauty will ever use.
There's counter-action in its gentle and sure-gripping brakes, the finest that Buick has ever engineered.
But there's also luxury—the luxury of double-depth Foamtex cushions and custom upholstery—and of ample

roadweight magnificently poised on coil springs which individually cushion every wheel.
There's a spacious feeling of room, above and around you—room that is unsurpassed anywhere in the fine-car field.
And to make every mile effortless and relaxed, there's the very exclusive advantage of Dynaflo Drive—not as an "extra," but as a standard ROADMASTER feature.
So why not drop in and satisfy yourself, as our guest, that here indeed is a fine car that goes the limit—in everything but price!
Check for yourself what others ask—and what others offer—and you'll discover ROADMASTER prices a call to action that a wise man can't ignore.

Equipment, accessories, trim and models are subject to change without notice.
Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.
