## Schools Boom With Enrollment 2700 Expected When Term Ends

Enrollment in Artesia schools at the end of the session which ends on Sept. 4, may total 2700, according to an estimate prepared by Vernon R. Mills, elementary schools supervisor.

The school official yesterday said the 2700 figure was based on an increase in the last session, the beginning of the 1950-51 enrollment was 2427. It is expected 151 pupils to reach 2578 at the term's conclusion.

Enrollment in all Artesia public schools at the end of the first term, Sept. 4, this term, was 2569, a 32-pupil gain over the corresponding mark in 1950-51.

All of the schools, except Loco Hills, show a gain over 1950-51. The index being enrollment on the first day of school of both terms. Loco Hills number of pupils at last year it was 72.

Explanation for the decline, amounting to 24, is probably that the Loco Hills families have moved to town, the supervisor said.

There is the Sept. 4 enrollment for all Artesia public schools for 1951 figure first, 1950 total (Continued on Page Eight)

## Lions Club Told Of Grid Outlook

A light team but one of the fastest backfields in the state was Coach Jack Tinson's description of the Artesia High School 1951 football team in a speech at the Artesia Lions Club luncheon at noon Wednesday in the Masonic Temple.

Coach Tinson said only four lettermen were back from the famous 1950 squad and that the Bulldogs had the "hardest schedule" of any team in New Mexico.

In another part of the program, announcement was made of a turtle trot prelude to be staged at the intersection of Fourth and Main between 6 and 8 tomorrow, Saturday night. A score of turtles will race.

Floyd Springer said nearly 1000 turtles had been collected for the club's turtle derby to be staged at 3 p. m. Sept. 13-14 on Morris Field. Mayor Oren C. Roberts will be chief judge. Fifteen assistant judges will be chosen from the spectators.

Regulations on the race include:

1. Entry blank number must

## Four Horsemen—1951 Version—Battle Warriors Tonight

Two in the line and two in the backfield, but they're correctly dubbed Artesia's Four Horsemen, for this quartet is all the returning lettermen of the Bulldog's great 1950 gridiron machine. They will see action tonight as the Bulldogs clash with the Socorro Warriors at 8 o'clock on Morris Field. Complete roster of the 1951 Ar-

tesia grid squad has been released and there may be some shifts in positions but according to latest available information—left to right Doyle Cole, left halfback, 155 pounds; Bill Brown, right end, 175; Yumpy Barker, quarterback, 155 and Jimmy Juarez, left guard, 165. Cole and Juarez are co-captains of the 1951 team.

## Bulldogs Dig In to Repel Warriors in Grid Premiere

In their first home and first season game, the Artesia High School Bulldog football team will show the home folks its potentialities as the Bulldogs vie with the Socorro High School Warriors at 8 o'clock tonight on Morris Field.

Coach Jack Tinson's inexperienced 36-man squad, with only four lettermen back, will be off to a fresh start, seeking to emulate the magnificent record made by the great 1950 team, which came within hailing distance of the state title.

Lettermen back on the squad are Yumpy Barker, Doyle Cole, Bill Brown and Jimmy Juarez. Cole and Juarez have been elected captains of the 1951 team.

Probable starters for Artesia will be Doyle Cole or Bobby Loyd, lb; Larry Beadle or Don Golden, fb; James Baker or Doug Whitefield, rfb; Reese Booker, Bill Brown, ends.

Roy Johnson, Louis Campanella, tackles; Jimmy Juarez with Jack Huddleston or Jimmy Dew, guards and Albert Callaway, c.

Sparkling new white jerseys have been received for the entire squad. The jerseys have orange numerals and orange sleeves.

**Warriors Are Strong**

While Socorro is a Class B school, its gridiron strength is not to be pushed aside lightly. The Warriors last season beat three Class A elevens, have 12 lettermen back, eight of them regular starters.

Officials for the Artesia-Socorro game, as listed by Coach Jack Tinson:

Noble M. Armstrong, Sam Houston Teachers; Robert L. Brewington, Vanderbilt; T. J. Hall, Jr., Missouri; J. B. Micanter, New Mexico Military Institute, all are from Roswell.

Coach Tinson was not sure which position each man would fill but said the probable set up would be:

Hall, referee; M'cander, umpire; Brewington, field judge and Armstrong, headlinesman.

## Sports Forum Attended By 50

Half a hundred coaches, officials, educators, sports writers and radiomen got a prelude of football, basketball, track, tennis, of rules and regulations, in a sports pow-wow held at 6:30 o'clock Wednesday night in the Artesia High School cafeteria.

It was the District Five sports forum, designed to acquaint officials and others with what's in the coming gridiron session, and in other sports seasons.

Represented were Artesia, Carlsbad, Dexter, Hagerman, Hope, Lake Arthur, and Roswell. Travis Stovall, Artesia High School principal, and District Five vice-president, presided.

Due to the length of the session, two and one-half hours, and the multiplicity of topics, there wasn't sufficient time to give a detailed story on the meeting but a full account will be in the next issue of The Advocate.

On the supper menu was potatoes, steak, beans, tomatoes, rolls, butter and iced tea.

A second meeting has been called for Nov. 12 in Artesia.

## Walker Base Day and Three-Mile Parade Highlight Two Days of Rodeo Program

With the opening of the rodeo less than a week away, preparations went into high gear with banners, streamers, pennants going up over town in preparation for the big event.

The parade which will open the annual celebration of the rodeo will be three miles long, headed by a color guard, made of Army, Navy and Marine veterans of World War II, and take place Thursday, Sept. 13.

Following the color guard will be a band from the Walker Air Base at Roswell, the Artesia High School band, the newly formed Artesia Municipal band and the El Paso High School band, and out the musical ensemble.

The Eddy and Chaves County bands will be on hand for the parade and 26 organizations have indicated they will have float entries in the parade. (A complete list of floats as of last Tuesday appears in the last issue of The Advocate.)

The float will be set aside to the queen contestants.

Gov. Edwin L. Mechem will be on hand to witness the ceremonies. Bill Elliott will have his Thunder in the parade and his partner, Tommy Steiner, will be on hand during the parade.

The parade will assemble on 14th Street and proceed north to 24th. There it will turn east to 31st, then north to Main and conclude at the rodeo grounds.

## Forget-Me-Not Sale Scheduled First Rodeo Day

Scheduled for September 13, opening date of the three-day Fifth Annual United Veterans Rodeo, is the annual forget-me-not sale of the Disabled American Veterans.

Mrs. Wade Cunningham is sale chairman. The project is sponsored by the auxiliary of the local chapter. Initial story on the sale was published in The Artesia Advocate on Aug. 28.

Funds derived from the sale of the blue and yellow flower are used to further help the disabled veterans. This help includes:

- Filing of claims, increasing compensation, application for outpatient treatment and for admission to veterans hospitals, aid and care of the families of disabled veterans.

Over in Otero county the sale was held on Sept. 1 with Alamogordo, Tularosa and Cloudford as collection centers, and officers of the DAV chapter in Alamogordo issued a statement equally applicable all over the nation:

The officers and members of the chapter feel this is the most important event on the DAV calendar.

Remember those who gave so much for you, and give as much as you can for them when you buy your DAV Forget-Me-Not.

Do not forget those who gave their all when you see the men and women with the blue flower.

## Rodeo Queen Parade Slated For Saturday

Boosting interest in their contest for the title of queen of the 1951 United Veterans Rodeo will be a parade slated for 4 p. m., tomorrow, Saturday, Sept. 8, according to an announcement made on Thursday by Alpha Nu Chapter of Epsilon Sigma Alpha sorority, contest sponsor.

The nine candidates will be transported by automobile down Main street in a motorcade led by A. H. Crossett's custom-built convertible in which Mayor Oren C. Roberts will ride.

Each of the nine queen candidates will ride in a convertible behind the mayor's car.

It was hoped arrangements could be completed for the appearance of the Artesia High School band in the parade but at the time of the announcement this was not definite.

A card table, with a voting box for each contestant, is to be placed in front of the Palace Guard, 309 West Main, from 3:30 p. m. to 5:30 p. m.

Persons supplying convertibles for the parade:

Mrs. W. C. Gott, Mrs. A. C. Sadler, Johnny Connor, Del Smith, Cox Motor, Phoebe Welch, Mildred Murphy, Bert Shipp, and Jimmy Bowman. Harold Ulrich of Rose-lawn Radio is donating use of a public address system.

In a prior list of queen candidates and their sponsors, the sponsor of Phoebe Welch was given as Welch, Flynn, Welch and Yates. That was incorrect. The correct sponsor is Red Lake Oil Company.

In the latest list of standings in the race, Jodie Roberts is still first, but Kassie Jackson Lanning is now runner-up, ahead of Dorothy Sowers, formerly second, now fourth.

Third place is held by Phoebe Welch. Billie Totty is fifth; Sue Suddarth, sixth; Alice Martin, seventh; Joan Amstutz, eighth, and Wanda Burch, ninth.

## Bulldog Parents Club Holds First 1951-52 Session

The Bulldog Parents Club held its first meeting of the 1951-52 season Sept. 5, at the G. W. Beadle residence and despite a scanty representation of members, business and plans for the year's activity were discussed and formulated.

One of the first projects of the club will be a concentrated membership drive and in line with this the next meeting will be a "get acquainted party" to be held this month, tentative date for which was set as Sept. 18.

Members present were enthusiastic in their plans for the party and feel that if other parents and members will come to the meetings much personal pleasure and benefit to the boys and girls participating in the sports program of the Artesia schools will be gained," says Mrs. Irene Beadle, president.

Clarification of the qualifications for membership were thought by those attending to be one cause of the apparent "lackadaisical" attitude of non-participating parents and friends of the Bulldogs.

With this in mind the group wishes to make this statement of membership requirement public: Either as parents or friends of the entire athletic program as represented by the Artesia High School's participation in competitive sports and with the payment of yearly dues in the amount of \$2 per family, membership in the group with the rights and privileges thereof are bestowed.

Present members would like to see attendance at meetings at least

## Artesia Kiwanians Again Sponsor Kids Day of Glory, September 22

SPONSORED BY  
KIWANIS INTERNATIONAL and  
The NATIONAL KIDS' DAY FOUNDATION, Inc.  
'CHILD BY CHILD WE BUILD OUR NATION'

Recalling briefly the care-free days of summer vacation, Artesia boys and girls will enjoy their own special day complete with parade, a motion picture show, and games, when National Kids Day is observed on Saturday, Sept. 22.

Joining other Kiwanis clubs and the National Kids Day Foundation, Inc., Artesia Kiwanis Club is sponsoring local observance of the event with Dick Swartz as chairman; Justin P. Newman, immediate past president of the club, parade chairman.

Rufus M. Stinnett is chairman of the games slated for that afternoon and Milt Losee will be chairman in charge of the sale of Kids Day buttons.

Proceeds of the sale will go toward paying the cost of putting on the stunt.

There will be a parade starting at 9:15 a. m., from Ninth and Main, to the Lansdown Theater, where by courtesy of Ray Bartlett, theaters manager, a motion picture program will be held at no cost to the children. The show will last from 10 to 11:15, according to Ralph L. O'Dell, Kiwanis president.

All children of pre-school age, however, are to be accompanied by an older child or by their parents, he said.

From the theater the activity moves to Morris Field where bike, foot, tote sack, and relay races will be staged, along tug-o-war contests.

**Kids Olympics**

From the theater, the observance moves to Morris Field, where at 2:30 p. m. there will be a bike, foot, and relay races, and a tug-o-war, among other games.

**Purpose of Day**

There is Father's Day and Mother's Day, but Kids Day is solely for the kids, President O'Dell said. He explained how Jimmy Fidler, Hollywood columnist, originated the idea, said this was the third

## Pecos Valley Baptists to Meet In Artesia September 10 and 11

Reports on church membership and the value of women's missionary work, together with a big noon day dinner are on deck for the anticipated 300 delegates to the Pecos Valley Baptist Association's 42nd annual session slated for Artesia Monday and Tuesday, Sept. 10-11.

Giving out with the membership data will be Rev. Earl Whitfield of Roswell, who will also dwell on such topics as the increase in the number of churches, bringing the total to 7,500.

Men's brotherhood work, training union and Sunday school enrollment, and gifts to missions and benevolences will also be part of Reverend Whitfield's talk. The talk is scheduled for 7:30 p. m., Monday, following registration of delegates in the afternoon and songs of praise preceding the opening of the evening session.

That same evening at 8:30, Dr. Harry P. Stagg, executive mission secretary of Albuquerque, will address the group.

Dr. Stagg brings to the meeting 28 years experience as pastor, mission secretary, and overseer.

The Tuesday morning sessions will begin at 9, and will be highlighted by talks by W. J. Lites and Charles Poston, both of Albuquerque. Rev. V. E. Boyd, associational missionary from Artesia.

## Dunn Appointed Fire Truck Driver

Artesia's Fire Department gained a second paid driver with the addition of Calvin P. Dunn, 1095 West Grand.

Dunn has been with the department continuously since 1921 except for three and one-half years during World War II when he was loaned to the Carlsbad Fire Department on a "lend-lease" arrangement.

Dunn was appointed second driver on Aug. 15, Dallas Golden, fire chief, had been the sole driver until Dunn's appointment.

## Mayor Issues Two Rodeo Edicts, on Bush States

In conjunction with Artesia's annual celebration, the Artesia United Veterans Rodeo, Sept. 13-15, Mayor Oren C. Roberts has issued two edicts.

The first, announced at 2:05 p. m. yesterday, the Mayor Oren Roberts had issued two proclamations.

One designates Sept. 14 as Walker Air Force Day in Artesia; the other provides Sept. 10-15 as the rodeo in which Artesians are to wear western costume.

**PROCLAMATION**  
BY THESE PRESENTS LET IT BE KNOWN, THAT:

WHEREAS, the armed forces of the United States of America, as an instrument of peace, must be maintained at a point of preparedness to resist outside aggression, and WHEREAS, a most important element of those guardians of our peace and families is the Walker Air Force Base, located at Roswell, New Mexico, and

WHEREAS, it is the earnest desire of the citizens of Artesia to express their admiration for the splendid achievements of Walker Air Force Base.

NOW THEREFORE, for and on behalf of the citizens of Artesia, New Mexico, Friday, Sept. 14, in the year of our Lord 1951, A.D., I, Oren C. Roberts, Mayor of the City of Artesia, do hereby proclaim and designate Walker Air Force Day in Artesia. I know that each and every citizen will extend every courtesy and consideration to such members

## Country Club Starts Series Of Grid Suppers

A gridiron touch will be added to the golf course beginning tonight as Artesia Country Club inaugurates a series of football buffet suppers.

These meals will be a feature each night of an Artesia High School football game, to be played on Morris Field here this season.

Time will be from 6 to 7:30 p. m., giving members of the club and their guests a chance to have supper before going to the games which begin at 8 p. m.

Menu will be varied but there will be special food apropos of the gridiron season. Jack Fauntleroy said yesterday. Paul Nissen will be in charge of the buffet suppers.

## Rooster Durbin Heads Toastmasters

Orville (Rooster) Durbin is the new president of Artesia Toastmasters International. He was elected at the club's dinner meeting at 7:30 p. m., Tuesday, Sept. 4, in Artesia Hotel.

Officers will be installed Oct. 1, hold office for six months.

Other new officers are Bob Bourland, vice president; George Ferriman, secretary-treasurer; W. W. Huber, sergeant-at-arms and G. Taylor Cole, the latter re-elected deputy governor.

## Kiwanians See Gallup Indian Rites Pictures

Kiwanians were treated to a double-feature yesterday with Milt Losee showing pictures and giving highlights of the Gallup Indian ceremony held last month, and Sid McRoberts, Kiwanis International officer from Carlsbad, giving the club information on incorporation proceedings.

Losee showed the club pictures he had taken of the different costumes worn by the different tribes and the dances they perform on various occasions.

He described the highlights of the Indian ceremonial held at Gallup last month.

Losee has attended the ceremonial for the past three years and has compiled a pictorial record of the doings there.

Losee was introduced by Kenneth Aldridge, program chairman for September.

Other speaker on the card was Sid McRoberts, of Carlsbad. McRoberts, who is lieutenant governor, division three, Southwest district, Kiwanis International, urged incorporation of the club, gave procedural details, and cited reasons as to why this should be done.

He also urged everyone to try to attend the Division Kiwanis meeting at Ruidoso, Sept. 15-16, and to send a big delegation to the District Convention at Phoenix, Oct. 11-13.

Guests of the club at yesterday's meeting were Joe Lodie, Midland, and John F. Farmer, Artesia.

Yesterday's meeting was held at noon in the upstairs dining room of Cliff's Cafeteria.

## Artesia Soldier Graduate of Fort Knox Tank Course

Pfc. Houston L. Coor, 21, son of Mr. and Mrs. Ivey Coor, R. D., Paonia, Colo., formerly of Artesia, is one of the recent graduates of the tank leaders course at the Armored School at Fort Knox, Ky.

The course includes both classroom and field instruction in control of the individual tank and of smaller tank units.

Private Coor entered the service in December, 1950.

## Woman's Club Begins New Year With Mrs. Lewis as President

MRS. CARL LEWIS

The Artesia Woman's Club had its first fall meeting at the club house at 2:30 o'clock Wednesday afternoon with Mrs. Carl Lewis, the new president, presiding.

A short business meeting was conducted bringing the members up to date on all business transacted during the summer. The membership committee reported 132 members on the roster, with 12 of these being new members. Membership cards and new year books were given out.

Five Spanish-American ladies were visitors. These ladies plan to organize their own woman's club this year. The Artesia Woman's Club pledged their support in any way they could toward helping them organize.

Mrs. T. L. Archer, program chairman, introduced Mrs. B. A. DeMars, guest speaker. Mrs. DeMars gave a number of things to remember about planting and taking care of bulbs for this locality. She made several artistic floral arrangements using different grasses, even the common old grease weed.

Some grasses were in their natural state, others had been sprayed in gold or silver, to make a more formal arrangement. The yucca was used to make a very attractive arrangement. Her main idea was to show the women they could use common every day plants that grow around them for attractive arrangements without much expense.

The high school boys quartet, composed of Gary Blair, Bruce Caskey, Hunt Zumwalt and Keith Gore with Marjio Storm as their accompanist, gave three numbers, "Moonlight and Roses," "Old Quartet," and "Kentucky Babe," both by Stephen F. Foster.

"Red River Valley," and "Old Folks at Home," accordion solos by James Golden.

"By the Waters of Minnetonka," by Lieurance, vocal solo by Anna Marie Dunn, accompanied by Everett Dean O'Bannon, violin obligato.

Mrs. Glenn Caskey accompanied the above at the piano.

Tom Mayfield, superintendent of Artesia Municipal School, gave a very interesting talk outlining amendment two and urged everyone to go to the polls, Tuesday, Sept. 18 and vote.

Following the dinner and program, the Auxiliary members assembled in the Sombroero Room where the regular meeting was opened by Mrs. Harry B. Gilmore, president.

Mrs. J. B. Mulcock, secretary, reported on the executive meeting held in Mrs. Gilmore's home, Friday, Aug. 31.

Members voted to use the money of the sick room fund to purchase a hospital bed, and that same would be available to be used by applying for same whether a member or not. To purchase a flag and present to the Girl Scout troop sponsored by the Auxiliary, and to donate \$15 to the Langford fund.

Mrs. John Lively, child welfare chairman, reported she had bought new clothes for deserving children in order that they may attend school, and that the Does had donated \$25 toward the purchase of same.

Mrs. John Sinfons, Sr., rehabilitation chairman, gave a report. Members voted to donate \$16 to be used for a ward party at Fort Bayard hospital and for the next two meetings members will bring gifts that will be forwarded to Veterans hospital.

Mrs. Ralph Rogers, president of the party, urged all members to attend the meetings in September and October to help sew on gifts for the veterans gift shop. These meetings will be Monday, Sept. 17, and Monday, Oct. 15, and will be a covered-dish luncheon held in the Sombroero Room of the Veterans Memorial Building.

Hostesses were Mrs. Raymond Bartlett, Mrs. James Griffin, Mrs. W. A. Dunn, Mrs. Bertha Stahler and Mrs. Brentz.

FOR SALE—Peaches and mixed load of fruit, Monday evening, Sept. 10 or Tuesday morning, A. G. Bailey, 110 West Richardson. 72-1te

## Music Features Supper Program Of Legionnaires

Mrs. W. A. Dunnam, chairman of music, presented an interesting program at a joint covered-dish dinner of the American Legion and Auxiliary, Clarence Kepple Unit 41, Monday evening at the Veterans Memorial Building.

The meat was elk roast and was donated by Mr. and Mrs. Raymond Bartlett and was prepared by Mrs. Bartlett.

At the joint dinner the following musical program was presented. "Nobody Knows the Trouble I've Seen," a spiritual, vocal solo by Mrs. Donald Bush; "Deep River," and "Home on the Range," vocal solos by Rev. V. Elmer McGuffin.

"From the Land of the Sky Blue Water," by Cadman, vocal solo by Marilyn Cox.

The high school male quartette composed of Keith Gore, Hunt Zumwalt, Bruce Caskey, and Gary Blair, sang "Old Black Joe," and "Kentucky Babe," both by Stephen F. Foster.

"Red River Valley," and "Old Folks at Home," accordion solos by James Golden.

"By the Waters of Minnetonka," by Lieurance, vocal solo by Anna Marie Dunn, accompanied by Everett Dean O'Bannon, violin obligato.

Mrs. Glenn Caskey accompanied the above at the piano.

Tom Mayfield, superintendent of Artesia Municipal School, gave a very interesting talk outlining amendment two and urged everyone to go to the polls, Tuesday, Sept. 18 and vote.

Following the dinner and program, the Auxiliary members assembled in the Sombroero Room where the regular meeting was opened by Mrs. Harry B. Gilmore, president.

Mrs. J. B. Mulcock, secretary, reported on the executive meeting held in Mrs. Gilmore's home, Friday, Aug. 31.

Members voted to use the money of the sick room fund to purchase a hospital bed, and that same would be available to be used by applying for same whether a member or not. To purchase a flag and present to the Girl Scout troop sponsored by the Auxiliary, and to donate \$15 to the Langford fund.

Mrs. John Lively, child welfare chairman, reported she had bought new clothes for deserving children in order that they may attend school, and that the Does had donated \$25 toward the purchase of same.

## Faithful Workers Elect Officials Half Hundred

Mrs. Elbert Murphy was elected president of the Faithful Workers Class of the First Baptist Church at the last business meeting of the fiscal year Tuesday evening at the home of Mrs. Meredith Jones with Mrs. M. A. Waters, Jr., as co-hostess.

The meeting was opened with the class song and prayer. Minutes of the previous meeting and reports by various committees were given. The class has enjoyed a marked growth and development the past several years and a warm fellowship among its members.

Other officers elected were Mrs. James Powell, first vice-president; Mrs. Owen Webb, fellowship vice-president; Mrs. Curtis Tell, ministries vice-president; and Mrs. Paul Hegwer, stewardship.

Those present were Mmes. Or-

## Jolene Beadle Becomes Bride Of Walter Wayne Hennington

In a ceremony held at 3 o'clock Saturday afternoon, Sept. 1, Miss Jolene Beadle, daughter of Mr. and Mrs. G. W. Beadle of 1114 South First street, became the bride of Walter Wayne Hennington, son of Mr. and Mrs. L. L. Hennington of Carlsbad. Setting for the rite was the First Methodist Church, Artesia.

Rev. R. L. Willingham, pastor, officiated at the double-ring ceremony before an altar decorated with baskets of pink gladioli.

As guests arrived Mrs. Glenn Caskey played a prelude of nuptial music followed by the traditional wedding march.

The bride, given in marriage by her father, wore a navy blue sheer dress with black accessories and carried a shower bouquet of white carnations. Her headpiece was a tiara arrangement of small carnations and white tulle.

Miss Anna Marie Dunn, the bride's only attendant, wore a printed sheer dress with black accessories and carried a shower bouquet of asters. Her headpiece was of miniature asters and orchid tulle.

Bobby Hennington attended his brother as best man.

Ushers were Larry Beadle, brother of the bride, and Louis Campanella.

The bride's mother wore a dress of gold gabardine with black accessories and her corsage was of pink carnations.

Mrs. Louise Sullivan, grandmother of the bride wore a navy

blue dress with red carnation corsage.

The bridegroom's mother wore a printed silk dress with black accessories and her corsage was of white carnations.

Immediately following the wedding a reception was held at the home of the bride.

The bride's table was spread with a cloth of satin damask, was beautifully appointed with tall tapers in crystal candelabra, a centerpiece of orchid and pink asters in a crystal bowl and a three-tiered wedding cake ornamented with a miniature wedding bell and topped by a bride and bridegroom in a bower of orange blossoms. Assisting with the reception were Mrs. W. J. Cluney, Mrs. Sullivan, Mrs. C. V. Miller, Miss Dunn, and Miss Ellonia Callahan.

The couple left on a wedding trip to Ruidoso and upon their return will make their home in Carlsbad where the bride will finish high school and the bridegroom is employed at the International Potash Mine.

Out-of-town guests present included Mr. and Mrs. Garville L. Pou and son, Dickie of Dallas; Mrs. A. J. Calvavi of Carlsbad; Mrs. R. T. Surratt and daughters, Glenda and Donna Kay of Eunice; Russell Weems, of Carlsbad; Mr. and Mrs. Thomas R. Hall, of Lubbock, Texas; Mrs. Doyle Pennington, of Loco Hills; and the bride's brother, Pvt. ### Small Surplus

There is going to be a surplus in the swimming pool fund, but it isn't going to be sufficient to build the proposed new bath house. There have been a number of members who have stated a desire to contribute to the pool fund, so now is the time to tell Van Welch about your wish.

The type of bath house that we can build will be dependent on the amount of money that is raised. There were so many generous offers on the pool that I believe that we will be able to have a bath house and dressing rooms in keeping with the pool.

If you want to help on this deal, now is the time, as we want to have the plans drawn, and the bids let so that we can have it finished by next spring.

There have been numerous comments on the Stag Night that was held last month, and all of them were favorable. There have also been suggestions that we hold some more Stag Nights, and the suggestions run from once a month to once a quarter. ## Woman's Club Begins New Year With Mrs. Lewis as President

MRS. CARL LEWIS

The Artesia Woman's Club had its first fall meeting at the club house at 2:30 o'clock Wednesday afternoon with Mrs. Carl Lewis, the new president, presiding.

A short business meeting was conducted bringing the members up to date on all business transacted during the summer. The membership committee reported 132 members on the roster, with 12 of these being new members. Membership cards and new year books were given out.

Five Spanish-American ladies were visitors. These ladies plan to organize their own woman's club this year. The Artesia Woman's Club pledged their support in any way they could toward helping them organize.

Mrs. T. L. Archer, program chairman, introduced Mrs. B. A. DeMars, guest speaker. Mrs. DeMars gave a number of things to remember about planting and taking care of bulbs for this locality. She made several artistic floral arrangements using different grasses, even the common old grease weed.

Some grasses were in their natural state, others had been sprayed in gold or silver, to make a more formal arrangement. The yucca was used to make a very attractive arrangement. Her main idea was to show the women they could use common every day plants that grow around them for attractive arrangements without much expense.

The high school boys quartet, composed of Gary Blair, Bruce Caskey, Hunt Zumwalt and Keith Gore with Marjio Storm as their accompanist, gave three numbers, "Moonlight and Roses," "Old Quartet," and "Kentucky." Anna Marie Dunn sang "By the Waters of Minnetonka," accompanied by Mrs. Glenn Caskey with Everett Dean O'Bannon giving the violin obligato.

Mrs. Archer presided at the lovely refreshment table. Punch with a variety of cookies, mints and nuts were served by the hostesses, Mrs. Robert Parks, Mrs. T. C. Hart and Mrs. Dave Bunting to 50 members and guests.

## Faithful Workers Elect Officials Half Hundred

Mrs. Elbert Murphy was elected president of the Faithful Workers Class of the First Baptist Church at the last business meeting of the fiscal year Tuesday evening at the home of Mrs. Meredith Jones with Mrs. M. A. Waters, Jr., as co-hostess.

The meeting was opened with the class song and prayer. Minutes of the previous meeting and reports by various committees were given. The class has enjoyed a marked growth and development the past several years and a warm fellowship among its members.

Other officers elected were Mrs. James Powell, first vice-president; Mrs. Owen Webb, fellowship vice-president; Mrs. Curtis Tell, ministry vice-president; and Mrs. Paul Hegwer, stewardship.

Those present were Meses. Or-

## Coles Silver Wedding Party Held in Dallas

Mr. and Mrs. Fred Cole went to Dallas, Texas, last week-end to celebrate their silver wedding anniversary with their son-in-law and daughter, Mr. and Mrs. Robert B. Griffin, (Hattie Ruth Cole) whose first wedding anniversary was on the same date.

A beautifully appointed dinner was given in their honor in the private dining room of the Italian Village. Twenty-five relatives and friends of the couples were present.

ville Chambers, Rufus Lee, J. T. Mitchell, E. N. Murphy, John Simons, Sr., Cassie Giles, Meredith Jones, M. A. Waters, Jr., David Simons, Leroy Holly, John Daugherty and Debby, Marshall Belshe, and Joe Little, members, and Mrs. Gatha Rogers, a guest.

## Music Features Supper Program Of Legionnaires

Mrs. W. A. Dunnam, chairman of music, presented an interesting program at a joint covered-dish dinner of the American Legion and Auxiliary, Clarence Kepple Unit 41, Monday evening at the Veterans Memorial Building.

The meat was elk roast and was donated by Mr. and Mrs. Raymond Bartlett and was prepared by Mrs. Bartlett.

At the joint dinner the following musical program was presented.

"Nobody Knows the Trouble I've Seen," a spiritual, vocal solo by Mrs. Donald Bush; "Deep River," and "Home on the Range," vocal solos by Rev. V. Elmer McGuffin.

"From the Land of the Sky Blue Water," by Cadman, vocal solo by Marilyn Cox.

The high school male quartette composed of Keith Gore, Hunt Zumwalt, Bruce Caskey, and Gary Blair, sang "Old Black Joe," and "Kentucky Babe," both by Stephen F. Foster.

"Red River Valley," and "Old Folks at Home," accordion solos by James Golden.

"By the Waters of Minnetonka," by Lieurance, vocal solo by Anna Marie Dunn, accompanied by Everett Dean O'Bannon, violin obligato.

Mrs. Glenn Caskey accompanied the above at the piano.

Tom Mayfield, superintendent of Artesia Municipal School, gave a very interesting talk outlining amendment two and urged everyone to go to the polls, Tuesday, Sept. 18 and vote.

Following the dinner and program, the Auxiliary members assembled in the Sombbrero Room where the regular meeting was opened by Mrs. Harry B. Gilmore, president.

Mrs. J. B. Mulecock, secretary, reported on the executive meeting held in Mrs. Gilmore's home, Friday, Aug. 31.

Members voted to use the money of the sick room fund to purchase a hospital bed, and that same would be available to be used by applying for same whether a member or not. To purchase a flag and present to the Girl Scout troop sponsored by the Auxiliary, and to donate \$15 to the Langford fund.

Mrs. John Lively, child welfare chairman, reported she had bought new clothes for deserving children in order that they may attend school, and that the Does had donated \$25 toward the purchase of same.

Mrs. John Simons, Sr., rehabilitation chairman, gave a report. Members voted to donate \$16 to be used for a ward party at Fort Bayard hospital and for the next two meetings members will bring gifts that will be forwarded to Veterans hospital.

Mrs. Ralph Rogers, president of the party, urged all members to attend the meetings in September and October to help sew on gifts for the veterans gift shop. These meetings will be Monday, Sept. 17, and Monday, Oct. 15, and will be a covered-dish luncheon held in the Sombbrero Room of the Veterans Memorial Building.

Hostesses were Mrs. Raymond Bartlett, Mrs. James Griffin, Mrs. W. A. Dunn, Mrs. Bertha Stahler and Mrs. Brentz.

FOR SALE—Peaches and mixed load of fruit, Monday evening, Sept. 10 or Tuesday morning, A. G. Bailey, 110 West Richardson.

## Jolene Beadle Becomes Bride Of Walter Wayne Hennington

In a ceremony held at 3 o'clock Saturday afternoon, Sept. 1, Miss Jolene Beadle, daughter of Mr. and Mrs. G. W. Beadle of 1114 South First street, became the bride of Walter Wayne Hennington, son of Mr. and Mrs. L. L. Hennington of Carlsbad. Setting for the rite was the First Methodist Church, Artesia.

Rev. R. L. Willingham, pastor, officiated at the double-ring ceremony before an altar decorated with baskets of pink gladioli.

As guests arrived Mrs. Glenn Caskey played a prelude of nuptial music followed by the traditional wedding march.

The bride, given in marriage by her father, wore a navy blue sheer dress with black accessories and carried a shower bouquet of white carnations. Her headpiece was a tiara arrangement of small carnations and white tulle.

Miss Anna Marie Dunn, the bride's only attendant, wore a printed sheer dress with black accessories and carried a shower bouquet of asters. Her headpiece was of miniature asters and orchid tulle.

Bobby Hennington attended his brother as best man.

Ushers were Larry Beadle, brother of the bride, and Louis Campanella.

The bride's mother wore a dress of gold gabardine with black accessories and her corsage was of pink carnations.

Mrs. Louise Sullivan, grandmother of the bride wore a navy

blue dress with red carnation corsage.

The bridegroom's mother wore a printed silk dress with black accessories and her corsage was of white carnations.

Immediately following the wedding a reception was held at the home of the bride.

The bride's table was spread with a cloth of satin damask, was beautifully appointed with tall tapers in crystal candelabra, a centerpiece of orchid and pink asters in a crystal bowl and a three-tiered wedding cake ornamented with a miniature wedding bell and topped by a bride and bridegroom in a bower of orange blossoms. Assisting with the reception were Mrs. W. J. Cluney, Mrs. Sullivan, Mrs. C. V. Miller, Miss Dunn, and Miss Ellonia Callahan.

The couple left on a wedding trip to Ruidoso and upon their return will make their home in Carlsbad where the bride will finish high school and the bridegroom is employed at the International Potash Mine.

Out-of-town guests present included Mr. and Mrs. Garvice L. Pou and son, Dickie of Dallas; Mrs. A. J. Calvavi of Carlsbad; Mrs. R. T. Surratt and daughters, Glenda and Donna Kay of Eunice; Russell Weems, of Carlsbad; Mr. and Mrs. Thomas R. Hall, of Lubbock, Texas; Mrs. Doyle Pennington, of Loco Hills; and the bride's brother, Pvt. Burton (Buddy) Beadle, U.S.M.C., who is at home on furlough, prior to shipping out.

Aggie College Improves Home Economics Course

An expanded program in home economics will be available to women at New Mexico A. & M. College, State College, beginning with the fall semester, according to Dr. Robert A. Nichols, dean of the newly combined school of agriculture and home economics.

A major course of study in general home economics and a major course of study in home economics education will be offered.

The general home economics curriculum is planned to provide training in all phases of home economics. The courses are a preparation for homemaking, nursery school work, newspaper, radio, home service work, and supervision of school lunch program.

The major in home economics education is for students preparing to teach homemaking in high school. An extension service education major will be offered later, said Dean Nichols.

### Wildcat Game Opens Farmers Gridiron Season

Twice-a-day practice began September 1 for 64 candidates for the New Mexico A. & M. College football team.

With only 10 lettermen back as a nucleus, Coach Joe Coleman, new Aggie mentor, has but two weeks to prepare his charges for their opener in Tucson with the power-packed University of Arizona Wildcats.

Coleman will have fair depth at most positions, but the team will be badly handicapped in the early games by lack of college experience.

Sam McGowan, leading passer in the nation's small colleges in 1949, heads the list of returning veterans.

Big Bill Mounce and Bill Parkman will be trying to hold their old posts at guard; Bill Shaffer is certain to see action as a guard; Bill Pufal, former El Paso star, will be playing his fourth season at center.

Range Dick Andrews, who saw service at tackle and end last year; and Fred Jones are the only returning tacklers; Jerry Mayfield and Omar Parker, reserve ends last season, are the only experienced flankers; while Fred Halman, top ground gainer in 1950, is the only veteran halfback to return.

Among the newcomers who are expected to make strong bids for starting berths are—Ernesto Mendoza, 6 feet, 4 inch, 213 pounds, all-district star from Marfa, Texas; Russell Parsons, 6 feet, 165 pounds, former Las Cruces star; Orlando Cervantes, 6 feet, 170 pounds, all-district end from El Paso; and Ed Boykin, 6 feet, 2 inches, 190 pounds, who played quarterback for Las Cruces.

**Tackles**  
Jimmy Graves, 6 feet 3 inches, 190 pounds, all-district and all-regional tackle while at Wellington, Texas; Frank Hill, 5 feet, 11 inches, 210 pounds, all-district while at Lubbock, Texas; and John Thompson, 6 feet, 2 inches, 225 pounds, member of three district championship teams at Phillips, Texas.

**Guards**  
Joe Ortega, 5 feet 11 inches, 210 pounds, guard on all-South Central California eleven while a member of Paso Verde J. C.; Raul Armagnac, 5 feet, 10 inches, 184 pounds, all-district guard while at El Paso high school; Vernon Duncan, 5 feet, 11 inches, 190 pounds, all-district guard for three years at Cochise, Texas; and Dale Ganitz, 5 feet, 11 inches, 195 pounds, member of two district championship teams at Pampa, Texas.

**Centers**  
Gerald Matthews, 6 foot, 184 pounds, all-district and honorable mention all-state while at Pampa, Texas; and Jaime Jeffers, 6 feet, 1 inch, 190 pounds, member of last year's Cathedral high school El Paso championship team.

**Quarterbacks**  
Charles Sanford, 5 feet, 10 inches, 180 pounds, who comes from Santa Rosa with a reputation of being a fine passer and kicker; Hugh Roddick, 6 feet, 1 inch, 160 pounds, whose passing was a great factor in his Phillips, Texas, high school team winning district and bi-district honors for three years; and Clark Presley, 5 feet, 9 inches, 168 pounds, from Crane, Texas, who is an excellent punter.

**Halfbacks**  
Jimmy Hayes, 6 feet, 1 inch, 184 pounds, who won all-district, all-state, and honorable all-American honors while sparking his Pampa, Texas, eleven to two district titles; Jimmy Bradley, 5 feet, 7 inches,

### Big Yellow Horse, "Balls o' Fire," To Perform in Artesia Veterans Rodeo

When this big dun horse explodes from the chute on Sept. 13, 14, and 15 at the United Veterans Rodeo, there'll be "balls o' fire" popping in the head of what ever cowboy draws him, for "Balls O' Fire" is the name of this big "yaller" horse that goes up so high and comes down so hard! One of the top bareback horses in the "Wild Bill" Elliott-Tommy Steiner string of rough stock, "Balls O' Fire" shares top honors with other such famous rodeo animals as "Alamo," that Brahma bull in the Elliott-Steiner string that's

148 pounds, star of three Las Cruces district championship teams Arthur Robertso, 5 feet, 8 inches, 145 pounds, speedy team-mate of Bradley at Las Cruces; Harold Jacobs, 5 feet, 6 inches, 155 pounds, member of Tucumcari's great undefeated, untied team of 1948 and 1949; David Prieto, 5 feet, 7 inches, 140 pounds, played on El Paso Cathedral high school's city championship team last year; and Lawrence Lujan, 5 feet, 11 inches, 165 pounds, member of strong Clayton team last year.

**Fullbacks**  
Leon Johnson, 5 feet, 11 inches, 165 pounds, played freshman football last year after starring on district championship teams at Raton; Macedonio Navar, 5 feet, 3 inches, 180 pounds, fullback and halfback on the El Paso Cathedral championship team last year; Joe Battles, 5 feet, 10 inches, 170 pounds, from Lovington; and Mike Copion,

never been ridden, and many others with which rodeo stars from coast to coast are only too familiar. "Balls O' Fire" is big, but he's a good-looking horse. Tommy Steiner says he picked him up from a rancher in California, and shipped him to Texas with a carload of other bucking horses he'd gathered in the West Coast area. The big dun's actions in the corral give no indication at all of how he acts when the chute gate is swung open on him during the show. Before he's mounted in the chute, he's as gentle as any old well-broke saddle horse.

Tommy says he wishes all his broncos were as simple to handle as "Balls O' Fire." We can see that gentle broncos could simplify the work that piles up on a rodeo producer.

This is "Balls O' Fire's" second season in big-time rodeo, and all the top broncs riders admit he gets better with every show. He'll be worth while seeing at Artesia, when "Wild Bill" Elliott and Tommy Steiner, a top-ranking motion picture star and a top rodeo producer, put on the United Veterans Rodeo here.

had a good chance to start the 1951 season.

**Backs**  
In the backfield, "Slingshot" Sam McGowan, top passer in 1949, seems to still have the magic that made him a standout. Ready to help him at quarterback are Clark Presley, who can pass and kick; and Charles Sanford, also a passer and kicker; and Hugh Reddick, a fine passer.

Possible starters at halfback will be Al DiCarlo, up from last year's freshman team after starring in high school ball in New Orleans; and Jimmy Hayes, 6 feet, 1 inch, 184 pounds, a power runner from Pampa, Texas.

The fullback post is one of the least certain spots. Charles Clement, 6 feet, 1 inch, 200 pound veteran basketball star who played high school football while at Hobbs, has reported and will be the answer to the fullback problem. In addition to being big and fast, Clement is an excellent kicker.

**Hornets Buzzing In Grid Practice**  
Those mighty little Hornets, the junior high grid squad, makes up in spirit what it lacks in size. Coach Bud Wilborn has 50 boys out for practice. Only half have had any experience.

Football suits were issued Tuesday night to the squad, which is composed mainly of eighth and ninth graders. Practice is held on the field west of the junior high.

First game this season for the Hornets will be here on Sept. 22

### Four Meetings Carded to Air Farm Policy Deal

The Eddy County Agricultural Mobilization Committee has been delegated to conduct a comprehensive policy review of how well our farm programs are serving family farmers of our nation, and how they can be improved to better protect and preserve the traditional American pattern of family farming, relative to Eddy County.

The original intention for this review is for the widest possible consideration and discussion by farmers and farm groups throughout the nation.

From these discussions, it is hoped to evolve final recommendations reflecting the broadest possible cross-section of the opinions and ideas of American farmers themselves.

It is believed such an appraisal will make a valuable and constructive contribution to the future guidance of the Department of Agriculture, and to the eventual formulation of improved national policies for the well-being of American agriculture.

The County AMC is inviting the people of Eddy County to attend one or more of the scheduled meetings and to take an active part in the discussion because it is felt that one and all are immediately affected by agriculture, nationally and at the county level.

Here is the meeting schedule and evening program outline:

### Carlsbad Man New Manager Of Food Mart

From Indian trader among the Navajos, Zuni and Hopi, to grocery store manager, that's the story of C. W. Syverson, newly appointed manager of the Food Mart, 111 South Fourth.

Syverson arrived in town Saturday, Sept. 1, from Carlsbad, where he had served as assistant manager of the Food Mart; store there for four months.

Before that, he served as assistant to the manager of Farmers Super Market in Albuquerque for one year.

Syverson was born and received his early schooling in Wyndmere, N. D., and graduated from high school in Milwaukee. He has taken courses in business colleges in Milwaukee and Albuquerque.

Syverson has been in all states, except Washington and Oregon. Syverson is married and he and his wife reside at 410½ West Dallas.

Former Food Mart manager was Kenneth Aldridge, whose future plans are undecided.

### Crushing Cavemen Minus a Few Axes But Are Still Panzars of Gridiron

**CARLSBAD**—Inexperience and lack of depth in the forward wall are the two problems which Coaches Ralph Bowyer and Reid McCloskey must solve if their 1951 edition of the Carlsbad Cavemen is to successfully defend the state title which the Cavern City crew annexed last year.

As far as the backfield is concerned, the Cavemen headman is satisfied.

It's the line where trouble is expected. In many cases, McCloskey, the line coach, is only two deep at a position, and he has only inexperienced second-stringers to rely upon. The situation at tackle is particularly grim with only one reserve to fall back on.

"If we have more than two tackle injuries this year," says McCloskey, "we will have to draw on unproven, lightweight B team players."

Things are a little rosier in the backfield, though. At quarterback Bowyer will have back Jim Bowen, who alternated at the ball-handing post in the Cavemen's split-T attack last year with the departed Jim Miller.

The halfback posts will be filled by Don Pfutzenreuter, the 141-pound "squirtback" who was the Cavemen's second-leading ground gainer last year, and Ronnie Smith, the solidly built speedster who will step into the spot vacated by all-star Fred Mahaffey.

**Guards Gone**  
Guards Bob Ball and Ronnie Jaeger, Center Jay Leck, Tackle Ken Elmore and End Worth Coalsen have all been lost via graduation.

The only returnees up front are Bill Peruskie, a great offensive end who led Carlsbad in pass-receiving last season and who is expected to do most of the place-

backfield, it's at fullback, where Bowyer is counting on Bill Savoy, 162-pounder who was a reserve halfback in 1950, to replace last year's two fine fullbacks, the great Porky Leyva and Karl Buckner. Savoy will probably do most of the punting for the Cavemen, but he isn't in the same class with Leyva and Buckner when it comes to booting the pigskin.

Bowyer counts on that backfield combination and its reserves being able to hold its own against any competition. But the question-mark line gives him fits.

Gone are five members of the "Seven Stalagmites," the 1950 Cavemen forward wall which limited 10 opponents to an average of only 62.1 yards net per game and which paved the way for a Carlsbad net rushing average of 223.3 yards per contest.

**for Drillers**

The long 1951 baseball season, 1952, or as they used to say, "France before the revolution, roi est mort, vive le roi" (the king is dead, long live the king) double-header last night and Big Spring rounded out the season to ring down the curtain on the 1951 season.

Tuesday night's encounter at Midland, the Drillers held up fine innings but went to pieces the 10th to lose by the score of 10-4.

The Drillers had the Indians 7-1 into the eighth when Midland exploded with five runs, which coupled with two more in the next inning tied up the score.

The hit and three walks given by Ray Riley in the 10th proved the Drillers undoing.

On Wednesday night the Drillers fell victim to Midland by a score of 8-4.

"How safe is my child?" The parents of children who are to begin school for the first time next month find this question their biggest worry.

"It is with the beginning of school that the child most often breaks away from his parents' round-the-clock supervision for the first time and is exposed to the dangers of the street."

That the parents are justified in their fears is borne out by National Safety Council figures, which show that more than 1,400 children five through 14 years old were killed by motor vehicles as pedestrians and bicycle riders in 1950.

Since September—and the beginning of school—is a crucial month to the safety of youngsters, it has been selected for the month-long program of traffic safety education concerned with protecting children.

The September slogan, "It's Their Street, Too," is directed at the motorist, upon whose shoulders most of the responsibility for child safety rests.

your home to school and follow it—it's smart to play safe.

7.—Obey all traffic officers.

8.—Cross streets only at crosswalks. Walk—do not run.

Reminders for Parents:  
1.—As soon as your child begins comprehending instructions is the time for you to begin his safety education. An early start of safety habits will speed his self reliance and increase his chances of doing the safe thing at all times.

2.—Teach them—and make sure that they understand—the dangers of playing in the streets, alleys and driveways.

3.—Cooperate fully with police and school authorities in enforcing safety habits. Conflicts between the parents' concept of safety and what the child learns in school can result only in confusion.

4.—Make sure that your child's bicycle, tricycle or—if it is used by him—family car is in good mechanical condition at all times.

5.—Do not hesitate to enforce safety rules even if such enforcement means in pounding the child's bicycle temporarily or withholding permission from him to use the family car.

6.—Set an example of safe behavior in traffic.

Reminders for Motorists:  
1.—Drive with extreme caution near schools, in residential areas where children may be expected and—particularly—whenever children are visible.

2.—Keep clear of bicycles.

3.—Be particularly careful when encountering children on tricycles, roller skates, scooters, sleds or coaster wagons.

For Children:  
1.—When you cross the street, stop on the curb, look both ways and for turning traffic, and then proceed.

2.—Never try to "hitch" a ride on another vehicle when you are bicycling.

**Artesia Children to Perform With Elliott**

**KIDS!** Be sure to attend the United Veterans Rodeo Sept. 13, 14, 15 so you can help, "Wild Bill" Elliott work his famous movie horse Thunder in the arena. "Wild Bill" extends a personal invitation to each and every one of you, while you're attending the rodeo, to come into the arena when his act with Thunder is announced and assist him in putting the great black horse through his many tricks!

Thunder, as you know, is the black horse "Wild Bill" has used in a great many of the more than 69 Western pictures in which the genial, six-foot-two cowboy star has been featured. This team, a famous movie star and an intelligent, magnificently trained horse, will be the main attraction of United Veterans Rodeo for the youngsters of Artesia and surrounding areas. For years a favorite of the kids, "Wild Bill" Elliott has the charm and personality to remain their favorite movie hero. His genuine affection for children is a great asset in making them perfectly at ease with him, whether on the street or in front of thousands of people in the rodeo arena.

**Farmers Advised**  
**Not to Employ**  
**Illegal Entrants**

Cotton growers were warned recently against the hiring of wetbacks, i. e. Mexican workers who are in this country illegally.

The warning was sounded by L. A. West, regional farm replacement representative, United States Employment Service, Department of Labor, Denver, at a recent meeting of cotton growers and employment service representatives at Hagerman.

Also in attendance at the meeting were James V. Doucet, regional associate director, United States Employment Service, M. R. Salazar, state director, New Mexico Employment Service.

Carl C. Foster, manager of the Artesia office, and Al Woodburn, Chaves county agent, who presided over the meeting.

West told 200 cotton growers in attendance that recent estimates place the number of wetbacks at 500,000, and warned them that, unless they got rid of them, they would be unable to get any legally imported Mexican laborers.

In addition to having their legal Mexican laborers taken away from them they would be subject to a fine equal to three-fourths of the payments stipulated in the "guarantee of grower" contract.

If the grower could not pay the fine the association which procured the workers, Artesia Alfalfa Growers Association, and Eddy County Farm and Livestock Bureau, in local cases, would have to pay it.

West also stressed that workers must be provided with adequate housing, in this connection it was brought out that cooking quarters must be separate from sleeping quarters.

Cooking and eating places must also be screened in, West pointed out.

The 50 cents an hour minimum wage for cotton pickers and the fact that domestic workers have priority over Mexican nationals

Other points brought out in the forum, at which growers questions were answered.

The various rules and regulations governing procurement of Mexican nationals which were mentioned in The Advocate of Aug. 28, were also gone over.

The meeting was held at 7:30 p. m., Thursday, Aug. 30, in Hagerman High School Auditorium.

### Mortuary Tells Story of Forged Death Documents

What their intent is nobody knows, but Dunn's Mortuary of Tucuman, has been forging the signature to death certificates and removal permits of Aurora Abeyta, Quay county sub-registrar.

This is revealed in the current membership bulletin of the Artesia Chamber of Commerce which is now being mailed out to members.

To top it all off, source of the information is Paul Dugan, of Dearborn, Mich. How the information got all the way to Michigan is another unresolved riddle.

### Vacant in Portales

In a more serious vein the bulletin dwells upon the housing situation, saying that housing locally is well balanced and compares favorably with the outlook over in Portales, where there are 200 vacant units at the present time.

The local picture will improve still further when Southwest Potash company starts recruiting new workers as some of these will live here.

Also some of the present employees of Southwest Potash who are being promoted are expected to live here.

This information was brought out at a meeting of the housing committee of the chamber of commerce last Thursday night.

The number of potash workers that can be brought to Artesia will be a function of the housing that is available when recruitment starts.

Present estimates place the number of workers who will live here at 450 which is well below the figures originally given in the chamber bulletin.

Other factors which will influence the bringing of potash workers to Artesia, will be getting Artesia declared a defense housing area, and getting adequate transportation to and from the potash fields.

Artesia's recruitment of potash workers was also given a boost in a recent issue of the Carlsbad Current-Argus, which stated that Carlsbad should not "hog" all Southwest workers, according to the chamber bulletin.

The release in the Current-Argus also sounds a note of co-operation on housing, roads and related problems.

Members of the chamber's housing committee who attended last Thursday's meeting were Boone Barnett, chairman, L. P. Feather, Clayton Menefee, B. G. Robinson, Hugh Kiddy, Cecil Waldrep.

Also in attendance were: Bob Koonce, manager; Bill Siegenthaler, president; Clyde Guy, vice-president; and J. D. Smith, C. T. Gaskins, Bill Keys, Thad Cox, directors.

In addition to housing the chamber bulletin mentions another vital topic, water, stating that this will be discussed at the next meeting of the chamber to which experts have been invited.

Water, its sources and conservation, have been the subject of discussion in a number of articles in The Advocate.

clude the Rodeo booklet now being prepared by The Advocate Publishing Company.

The story of the Eagles, Artesia's semi-professional baseball team in the Aug. 5 edition of the Los Angeles Examiner, articles on Artesia and the Veterans Rodeo in the forthcoming issue of Sun Trails Magazine.

The story of the Artesia-Hope-El Paso Railroad in the September issue of New Mexico Magazine, and Bob Koonce being named correspondent for Pathfinder Magazine.

All these developments were covered in The Artesia Advocate at the time they took place.

Caprock Road  
What's new in mining, agriculture, oil and general business in our neighbor nation to the south is contained in the "Economic Observer of Mexico," a weekly publication in English, which is available to interested parties, according to the chamber bulletin.

The Caprock oil field road, otherwise known as State Road 31-172, part of which appears on only the latest highway maps, is also mentioned by the bulletin.

This also was discussed in The Advocate.

Siesta Time  
Summer and its attendant heat and vacations have slowed down wholesale business and activities of the chamber, according to the bulletin.

Effect on the wholesaling business is noted by the fact that no response has been received to the chamber's distribution prospectus, which has been mailed out to selected wholesale groceries, in the hope of getting them to set up shop here.

Chamber activities have been affected by inability to call meetings at the right time during the past two months. Payment of membership dues has been also lagging as a result of the summer slowdown.

## Virtue Stores Will Observe 19th Birthday

Joining with the other 26 stores of the company, W. W. Virtue, Inc., 213-15 West Main, will celebrate the 19th anniversary of the concern with a special anniversary merchandising event, beginning today, lasting two weeks.

The local store is only two years old, being established in May, 1949. W. W. Huber has been manager here ever since the store first opened. Mr. and Mrs. Huber and their daughter, Shirley Kaye, reside at 1203 West Bullock.

Huber is a member of Lions International and of Toastmasters International.

Personnel of the local store, as listed by Manager Huber: Alma Sowders, ready-to-wear; Ruth Bates, piece goods; J. D. Hodges, shoes; Gordon Smith, men's furnishings.

Headquarters of the company is in Wichita, Kan. A New York office is maintained also in charge of R. P. MacElhinney, vice-president.

Coinciding with the company's 19th anniversary is the opening this month of the concern's 27th store in suburban Wichita.

During the birthday celebration an inter-store contest will be conducted with awards made at Virtue's traditional regional picnic. A division of the concern with which many of its retail customers are not familiar is the institutional wholesale department under P. W. Howell. This section supplies hospitals, motels, and public institutions in the Southwest.

Commenting on the 19th birthday festival, W. W. Virtue, mentioned that the first store was opened in 1932 in Dodge City, Kansas, and said:

"We came to cast our lot with you in the Southwest. We believe

that brands nationally famous for quality, bought for cash, sold for cash, at reasonable prices and fair dealings are essential in our operation."

The department store chain has a warehouse as well as office in Wichita.

Officers are W. W. Virtue, board chairman; Roy C. Russell, president and treasurer; and a half dozen vice-presidents:

W. B. Reid, P. W. Neudoefer, P. W. Howell, Paul R. Schreiner, R. P. MacElhinney, and Roy C. Russell, Jr.

Korea's mean temperature is 75 degrees in summer, 33 degrees in winter.

# Put Half Your Cotton in Loan, Says Pecos Man

PECOS, Texas — (Special) — Urging farmers to place one out of two bales of their cotton in the government loan for four months, J. C. Wilson, president of the Southwest Five State Cotton Growers Association, today stressed that only through a system of orderly marketing can producers be assured a fair price for their crop.

High costs of production in the Southwest this season make it mandatory that growers get an adequate price for their cotton, Wilson declared, explaining that due to dry weather the farmers' costs ran much higher than could be anticipated.

"A selling price above the cost of production certainly ought to be the objective of every cotton grower," he emphasized, noting that Secretary of Agriculture Brannan in recent testimony on price control legislation said that the fair price for cotton this year should be at least 40 cents.

A water scarcity prevented farmers in much of the Southwest area from making a bumper cotton crop, the Cotton Growers Association head said. This shortage occurred because of extremely dry weather and due to the fact more acres were in cotton.

"Our cotton farmers answered the government's call for higher production and increased their cotton acreage to do so. Then the dry weather came along with the result that we just didn't have enough water to go around," the cotton industry leader stated.

## Walker Base

(Continued from Page One) time on Main to 13th Street, where it will disband.

Parade entrants will be notified by mail or phone as to exact assembly point, according to Don Bush, publicity chairman.

The question of where tickets to the gala fiesta can be purchased has finally been authoritatively answered. Tickets are now on sale at the First National Bank; other places will be announced shortly, according to Bush.

Prices of tickets, including tax, are: Reserved seats \$2; general admission \$1.50; children under 12, 60 cents.

Persons who had box seats during the baseball season may retain the same for the rodeo upon payment of the reserved seat charge, according to Don Bush, publicity chairman.

Walker Day The second day of the rodeo, Sept. 14, has been named "Walker Air Force Base Day." This is in recognition of the fine job done by the members of the base and members of the armed forces, wherever they may be stationed.

The contingent from the base will bring with them a display of weapons, equipment and procedures.

While exact contents of the display were still unknown by yesterday, numerous items used daily by the Air Force will be included among them.

That base personnel expect to turn out in force for the event is indicated by the fact that the ticket committee has received a request for 2000 ducats to the rodeo.

Western Band When the rodeo fans, trying to escape from the tension built up by watching bronc riding and calf roping, holler, "All I want is music, music, music!" it will be right there, furnished by Gene Hensley and His Western String Band.

This eight-piece band which features Don Smith in the vocal spot, will play every night of the rodeo from 9:30 p. m. to 1:30 a. m., in the Veterans Building.

Tickets, which will be on sale at the door are \$1 including tax.

Don Smith, the current vocalist with the group replaces Curley Lipton, who recently signed a three year recording contract with Decca Records, and has appeared on a coast-to-coast radio hookup.

Capping these fringe activities will be the rodeo itself, which will feature Toots Mansfield and Elliott Calhoun in their battle with the bulls and calves, supplied by the masters of ceremony Bill Elliott and Tommy Steiner.

Specialty acts will feature the famous Buschboms and their eight celebrated Palomino Liberty horses.

Master Showmen The Buschboms, who know how to make horses engage in intricate and delicate footwork, have been master horsemen and trainers for two generations, both in the United States and in Europe.

Two clowns, Carl Sattafield and Cecil Ellis, will put on antics between and during rodeo acts and will present a bull fighting program of their own at the end of the show.

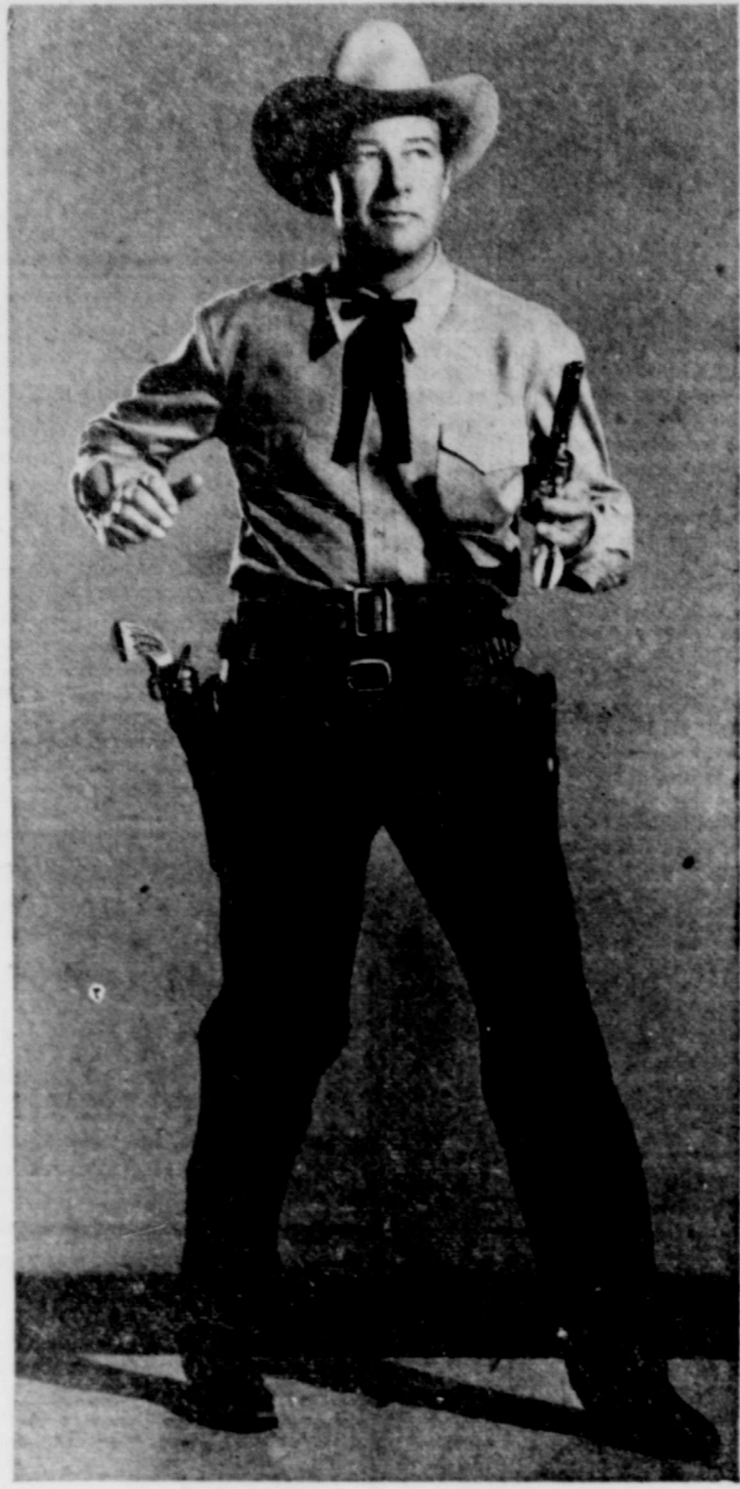

Split second timing and courage of the highest degree are what these boys must display, according to a statement made by Bill Elliott and quoted by Don Bush.

Young Artesians wanting to get an early introduction to the cowboy game will get a chance to do so when Wild Bill Elliott calls on young volunteers from the audience to join in an act with him.

Nature of the stunts these youngsters will participate in was not disclosed by Bush.

Rodeo contestants will be eligible for the contest to choose the world's champion cowboy for the year by virtue of their participa-

# Artesians to See Fabulous Texan

"WILD BILL" ELLIOTT, from a scene in "The Fabulous Texan," one of the more than 69 Western pictures this genial, 6 foot 2 cowboy has starred in. Along with is motion picture work, "Wild Bill" is now starring in another role—that of co-producer, with partner Tommy Steiner, of the United Veterans Rodeo, Sept. 13-15.

Last fall, "Wild Bill" Elliott and Tommy Steiner formed a partnership that resulted in the accumulation of the largest and roughest strings of rodeo broncs and bulls in the entire Southwest. The show scheduled for 8 p. m. at Artesia Municipal Park, promises to be the biggest and best this area has ever witnessed.

Besides the vicious bulls and outlaw horses, Elliott and Steiner have assembled beautiful matched costumes of chaps, shirts and saddles for every member of their Grand Entry troupe, who will carry flags of all the 48 states, behind huge U. S. and New Mexico banners. Several beautiful Palomino parade horses will carry the flag-bearers behind the two white horses whose riders carry the national and state emblems. This ensemble promises to make the Grand Entry the "grandest" ever witnessed.

Direction of arena activities will be under the skillful and practiced supervision of the Elliott-Steiner major-domo, Cullen Robinson of Mineral Wells, Texas. The hilarious antics of clowns Carl Sattafield and Cecil Ellis will alternate with their nifty bull-fighting during that most dangerous of all rodeo events the Brahma bull-riding.

Some of the West's most outstanding contract acts will provide breath-taking thrills between cowboy events. The cutting horse contest scheduled for each performance will find the best cutting horses in the state competing for the purse, besides the points accumulated toward the title of World's Champion Cutting Horse of the Year. This is one event in which "Wild Bill" Elliott will participate, riding his Reserve World's Champion Cutting Horse for 1950, Red Boy. You'll be able to see for yourself that this cowboy movie star can ride with the best of them . . . more than can be said for the great majority of hooded and spurred horses of the silver screen.

One of the biggest attractions of each performance will be "Wild Bill's" act in the arena with the children of the audience. He invites them all to come down into the arena with himself and Thunder, the great black horse that shares star billing with the actor. These children who get a chance to perform with "Wild Bill" and Thunder will have an experience they'll never forget.

tion in the local event, according to Publicity Chairman Don Bush.

The rodeo is approved and recognized by the Rodeo Cowboys Association.

Fees Listed Entry fees for the various rodeo events are as follows: Saddle bronc riding, \$10; bareback riding, \$10; wild bull riding, \$10; steer wrestling, \$25; calf roping \$25.

The entry fee for a girls' barrel race, which will be part of the rodeo festivities will be announced later, according to Bush.

While the whole community has a chance to enjoy itself at an event like the Fifth Annual Veteran's Rodeo, somebody must do some work to make the event a reality.

For this purpose, all able bodied veterans are asked to equip themselves with shovels, pliers and other miscellaneous tools to build the rodeo arena.

Details about this activity which is slated for Sunday, Sept. 9, beginning at 9 a. m., appeared in the last issue of The Advocate, which stated that construction work would begin on Saturday afternoon.

This notice has been superseded by the announcement from the publicity committee, Don Bush, chairman, setting 9 a. m., Sunday, as the starting time for the work detail.

Side Saddle Wanted After all the main work in preparation for the rodeo is done, only one minor item remains—John Simons, Jr., parade committee chairman needs a side saddle.

Seems that two lady entrants in the parade are planning to dress up in old time Western attire and they need a side saddle to complete the ensemble and to make the picture authentic.

Anyone who has a side saddle or has any information on where one can be found, should contact John Simons, Jr., 311 Hermosa Drive, phone 1008-R.

Persons who have had inquiries about the rodeo have been somewhat at a loss as to who should be contacted. To clear up all confusion a list of all committees with

DATED THIS 5th day of September, A. D., 1951.

OREN C. ROBERTS, Mayor.

PROCLAMATION OF PROCLAMATIONS HEAR YE! HEAR YE! HEAR YE! TO ALL CITIZENS, GREETINGS: KNOW ALL MEN BY THESE PRESENTS, THAT

WHEREAS, the Fifth Annual Rodeo and Celebration will be staged at Artesia, New Mexico, on Sept. 13-15, 1951, by the United Veterans Club, and

WHEREAS, there are certain of our good citizens who need to be reminded of the necessity of wearing some item of western clothing during a period of time immediately preceding this rodeo,

NOW THEREFORE, under and by virtue of the authority, unfortunately not vested in me as Mayor of Artesia, and without having first consulted your councilmen, it is hereby ordered and proclaimed as follows, to-wit:

1. Between the hours of sunup and sundown, from Sept. 10 to Sept. 15, 1951, inclusive, each and every adult, citizen of this community shall wear, as a part of his apparel, some item of western clothing.

2. Authorized representatives of the United Veterans Club are hereby empowered to incarcerate and hold in durance vile, in a clink to be conveniently located on the streets of Artesia, all citizens violating the terms of this proclamation; to operate and maintain a kangaroo court of the worst and most arbitrary order and to assess fines not in excess of One and No/100 (\$1.00) Dollar for each and

3. Spectators will be required to stay behind retaining wall.

4. Deadline for entries is 2:30 p. m., each day of the derby.

Dick Westaway, county tax assessor from Carlsbad and Hubert Stark, formerly of Marfa, were guests at the luncheon.

# Four Sessions Slated to Air Family Farm Deal

W. Leslie Martin, of Artesia, chairman of the New Mexico State Agricultural Mobilization Committee, announces that a series of local meetings will be held in late August and September as part of a national Family Farm Policy Review, through which the Department of Agriculture is seeking to obtain practical suggestions for improving services to family farms.

District meetings are scheduled as follows: Albuquerque, Aug. 27; Las Cruces, Aug. 29; Roswell, Aug. 29; and Las Vegas, Aug. 31. County meetings will be scheduled for September.

Martin points out that many American farms are not at present using really up-to-date, improved methods of farming. Slow, tedious hand labor still prevails in many places where modern machinery

# and equipment could lighten load and bring higher returns.

There are still many marginal lands which could be proved and returned to productivity through proper methods of rehabilitation and conservation.

These and many similar problems will be considered in discussion relating to the review of farm program policies.

The purpose of the Family Farm Policy Review, according to Martin, is to find methods by which family farmers, who make up the bulk of our farm population, be helped to help themselves.

"Especially important," he says, "is the aim of helping those who are not now producing with maximum efficiency either because of lack of know-how or lack of financial or otherwise.

"Increased production can be increased income for many families whose incomes are inadequate. It can mean better opportunities for rural children, modern conveniences in the farm homes, fuller use of natural talents and a more satisfactory life for farm families.

"Increased agricultural production is also important to the welfare of the nation as a whole. This will continue to be true in the future as our population increases."

Present federal farm programs will be discussed at the local meetings with a view of obtaining recommendations for improvement programs and services for farm families.

Martin urges all farm families, farm organizations, and groups, and others interested in rural life to take part in the discussions, so that a good section of opinion can be obtained. Copies of a pamphlet entitled "Family Farm's Future," explaining the purposes of the Family Farm Policy Review, the part that local people can play in it, can be obtained from County Agricultural Mobilization Committee.

# TRAIL BLAZER - with plenty on the ball

**H**ow long since you lifted the hood of a car, and took a good look at what's beneath?

We like to have folks do that with a Buick.

You'll find that broad bonnet isn't put there for show. *It's packed with horsepower—high, wide and handsome—more horsepower than normal drivers will ever use in full.*

And—if you're up to date on *modern features*—you'll find that this bonnet is packed with these too.

Do you know, for example, that every new engine introduced or previewed in recent years is built on the valve-in-head principle?

Score one for Buick. *No Buick engine has ever been built in any other way.*

Do you know what it takes to make full

use of high compression? A valve-in-head engine!

Score two: *Buick has been stepping up compression ratios for years.*

But Buick has blazed one trail which other engines still haven't followed—don't ask us why.

Every Buick has a Fireball Engine which, as we've said before, is like having a string of comets by the tail.

Fact is, in every flame-packed cylinder there is a comet—rolled into a swirling ball by a special turbo-top piston—touched off by a flashing spark every 5 inches you travel in a Buick.

That's why we're proud to show folks that Buicks have a Fireball Engine—and prouder still to have them take one of these thrilling performers out on the road.

Want to try it? Come in and see us soon.

Equipment, accessories, trim and models are subject to change without notice.

The secret of Fireball Power is in the use of dome-and-dip design of the piston shown above.

Here's the piston inside the cylinder. As it moves down, the fuel charge rushes in—sets up a swirl when it hits the piston top.

The piston moves up—compresses the swirling fuel into the comet shape shown here. "Compression ratios" are simply a measure of how much the fuel is compressed.

The ball of fuel is compressed around the spark plug—lets loose its pent-up charge when the spark is fired—delivering a higher percentage of power from each charge of fuel.

**STATE ENGINEER'S OFFICE**  
 Number of Application RA-1424-S3, Santa Fe, N. M., July 24, 1951.  
 Notice is hereby given that on the 12th day of July, 1951, in accordance with Chapter 131 of the Session Laws of 1931, Roney and Roney of Roswell, County of Chaves, State of New Mexico, made application to the State Engineer of New Mexico for a permit to appropriate the shallow groundwaters of the Roswell Artesian Basin by drilling a well 16 inches in diameter and approximately 400 feet in depth in the SW 1/4 SW 1/4 SW 1/4 of Section 10, Township 16 South, Range 25 East, N.M.P.M., for the purpose of supplementing water obtained from wells Nos. RA-1424, RA-1424-S and RA-1424-S-2 for the irrigation of 278.68 acres of land described as part of the S 1/2 of said Section 10.

No additional rights over and above those set forth in License No. RA-1424, RA-1424-S and RA-1424-S-2 are contemplated under this application.  
 Appropriation of water from all sources combined not to exceed \$30.04 acre feet per annum delivered upon the 278.68 acres herein described.  
 Any person, firm, association, corporation, the State of New Mexico or the United States of America, desiring that the granting of the above application will be truly detrimental to their rights in the waters of said underground source, may protest in writing to the State Engineer by granting approval of said application. The protest shall set forth all protestant's reasons why the application should not be approved and shall be accompanied by supporting affidavits and by proof that a copy of the protest has been served upon the applicant. Said protest and proof of service must be filed with the State Engineer with ten (10) days after the date of the last publication of this notice. Unless protest is up for consideration by the State Engineer on that date, being on or about the 19th day of September, 1951.

(The following proposed amendments of the Constitution of the State of New Mexico will be voted on in a special election to be held Sept. 18, 1951).

**CONSTITUTIONAL AMENDMENT NO. 1**  
**TWENTIETH LEGISLATURE STATE OF NEW MEXICO SENATE JOINT RESOLUTION NO. 1**  
 Introduced by: Senators Murray Morgan, J. A. DesGeorges, and Guido Zecca  
**A JOINT RESOLUTION PROPOSING AN AMENDMENT TO SECTION 1, ARTICLE 21 OF THE CONSTITUTION OF THE STATE OF NEW MEXICO IN ORDER TO ELIMINATE THE PROVISIONS THEREOF PROHIBITING THE SALE, BARTER OR GIVING OF INTOXICATING LIQUORS TO INDIANS AND THE INTRODUCTION OF SUCH LIQUORS INTO INDIAN COUNTRY.**

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:**  
 Section 1. That Section 1, Article 21 of the Constitution of the State of New Mexico be amended to read as follows:  
 "Religious toleration—Polygamy—Perfect toleration of religious sentiment shall be secured, and no inhabitant of this state shall ever be molested in person or property on account of his or her mode of religious worship. Polygamous or plural marriages and polygamous cohabitation are forever prohibited."  
 Section 2. In the event of the passage and approval of this resolution proposing the foregoing amendment, the same shall be submitted to the people at the general election held in November, 1952, or at any special election held previous to the said general election.

**CONSTITUTIONAL AMENDMENT NO. 2**  
**TWENTIETH LEGISLATURE STATE OF NEW MEXICO SENATE COMMITTEE SUBSTITUTE FOR SENATE JOINT RESOLUTION NO. 6**  
 Introduced by: Senators Reginaldo Espinoza, Murray Morgan, Horace DeVargas, T. C. Jaramillo, and James T. Brewster.  
**A JOINT RESOLUTION PROPOSING AN AMENDMENT TO THE CONSTITUTION OF THE STATE OF NEW MEXICO RELATING TO THE ADMINISTRATION OF THE PUBLIC SCHOOL SYSTEM; AMENDING SECTION 6, ARTICLE 12 OF THE CONSTITUTION OF THE STATE OF NEW MEXICO AND DELETING THE REFERENCE TO THE SUPERINTENDENT OF PUBLIC INSTRUCTION IN SECTION 1 OF ARTICLE 5 OF THE CONSTITUTION OF THE STATE OF NEW MEXICO.**

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:**  
 Section 1. That Section 6 of Article 12 of the Constitution of the State of New Mexico be amended to read as follows:  
 "A state board of education is hereby created to consist of nine (9) members. The said board shall determine, under such regulations as may be provided by law, all phases of public school policy including vocational education and shall have the control, management and direction of all public schools. It shall promulgate by-laws for the administration of the public school system which are not in conflict with any legislative act or acts. The board shall appoint and fix the salary of a superintendent of public instruction who shall be an experienced educational administrator with not less than a master's degree.  
 B. Board members shall be elected or appointed for six (6) year staggered terms in the manner prescribed by the Legislature. One member shall be elected or appointed from each of the nine (9) judicial districts as they existed on January 1, 1950. Board members shall not be removed except for cause and then only in the manner which the Legislature shall by law provide.  
 C. Board members shall be residents of the district which they represent. Change of residence of a board member to a place outside the district from which he was elected or appointed shall automatically terminate the term of such member."  
**SECTION 2. AND BE IT FURTHER RESOLVED:** That the reference to the state superintendent of public instruction in Section 1, Article 5 of the Constitution of the State of New Mexico, is hereby deleted.

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:**  
 Section 1. That it is hereby proposed by the Legislature of the State of New Mexico that Section 12, Article 9 of the Constitution of the State of New Mexico be amended by the people of said State so as to read as follows, to-wit:  
 "9. (Municipalities)—The power of the Legislature to incur debt shall be limited to the amount of the tax levied for the purpose of paying the same, and shall not exceed two mills on the dollar upon all taxable property within such city, town or village, sufficient to pay the interest on, and to extinguish the principal of, such debt within fifty years. The proceeds of such tax shall be applied only to the payment of such interest and principal. No such debt shall be created unless the question of incurring the same shall have been submitted to a vote of such qualified electors thereof as have paid property tax therein during the preceding year, and a majority of those voting on the question, by ballot deposited in a separate ballot box, shall have voted in favor of creating such debt."  
 Section 2. In the event of the passage and approval of this resolution proposing the foregoing amendment, the same shall be submitted to the people at the general election held in November, 1952, or at any special election held previous to the said general election.

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:**  
 Section 1. That it is hereby proposed by the Legislature of the State of New Mexico that Section 7, Article 7 of the Constitution of the State of New Mexico be amended by the people of said State to read as follows:  
 "Every citizen of the United States, who is over the age of twenty-one years, and has resided in New Mexico twelve months, in the county ninety days, and in the precinct in which he offers to vote thirty days, next preceding the election, except idiots, insane persons, persons convicted of a felonious or infamous crime unless released to political rights, shall be qualified to vote at all elections for public officers. The Legislature may enact laws providing for the voting of qualified electors absent from their place of residence on the day of any election. All school elections shall be held at different times from other elections."  
 Section 2. The Legislature shall have the power to require the registration of the qualified electors as a requisite for voting and shall regulate the manner, time and place of voting. The Legislature shall enact laws which will secure the secrecy of the ballot, the purity of elections and guard against the abuse of elective franchise. Not more than two members of the board of registration and not more than two judges of election shall belong to the same political party at the time of their appointment.  
 Section 2. The amendment proposed by this resolution shall be submitted to the people for their approval or rejection at the general election in November, 1952, or at the next special election, which ever election shall be first.

**CONSTITUTIONAL AMENDMENT NO. 7**  
**TWENTIETH LEGISLATURE STATE OF NEW MEXICO HOUSE JOINT RESOLUTION NO. 11**  
 Introduced by: Rep. Peter M. Gonzales  
**A JOINT RESOLUTION PROPOSING AN AMENDMENT TO SECTION 10, ARTICLE 4 OF THE CONSTITUTION OF NEW MEXICO, RELATING TO COMPENSATION OF MEMBERS OF THE STATE LEGISLATURE.**

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:**  
 Section 1. That it is hereby proposed to amend Section 10 of Article 4 of the Constitution of the State of New Mexico, so as to read as follows, to-wit:  
 "Section 10. Each member of the Legislature shall receive as compensation for his services the sum of twenty (\$20.00) dollars for each day's attendance during each session, and ten cents (10c) for each mile traveled in going to and returning from the seat of government, once each term of the session as defined by Section 5, Article IV of this constitution, and he shall receive no other compensation, perquisite or allowance."  
 Section 2. In the event of the passage and approval of this resolution proposing the foregoing amendment, the same shall be submitted to the people at the general election to be held in November, 1952, or at any special election called previous to the general election.

**CONSTITUTIONAL AMENDMENT NO. 8**  
**TWENTIETH LEGISLATURE STATE OF NEW MEXICO HOUSE JOINT RESOLUTION NO. 9**  
 Introduced by: I. M. Smalley, Waldo Spiess  
**A JOINT RESOLUTION PROPOSING AN AMENDMENT TO THE CONSTITUTION OF THE STATE OF NEW MEXICO ADDING A NEW ARTICLE TO BE NUMBERED ARTICLE 25 PROVIDING FOR THE NON-PARTISAN SELECTION OF JUDGES.**

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:**  
 Section 1. That it is hereby proposed to amend the Constitution of the State of New Mexico by adding thereto a new article to be numbered Article 25 to read as follows, to-wit:  
**"NONPARTISAN SELECTION OF JUDGES"**  
 "Section 1. Courts subject to plan-appointments to fill vacancies. Whenever a vacancy shall occur in the office of judge (and the word judge is used to include the Justices in this article) of the Supreme Court or of any District Court, the governor shall fill such vacancy by appointing one of three persons possessing the qualifications for such office, who shall be nominated and whose names shall be submitted to the governor by a nonpartisan judicial nominating commission established and organized as hereinafter provided.  
 "Section 2. Tenure of judges.—Declarations of candidacy—form of judicial ballot—rejection and retention. Each judge appointed pursuant to the provisions of this article shall hold office for a term ending December 31st following the next general election for representatives in Congress after the expiration of twelve months in the office. Any judge holding office, or elected thereto, at the time the provisions of this article become applicable to such office shall, unless removed for cause, remain in office for the term to which he would have been entitled had the provisions of this article not become applicable to his office. Not less than sixty days prior to the holding of the general election for

representatives in Congress next preceding the expiration of his term of office, any judge whose office is subject to the provisions of this article may file in the office of the secretary of state a declaration of candidacy for election to succeed himself. If a declaration is not so filed by any judge, the vacancy resulting from the expiration of his term of office shall be filled by appointment as herein provided. If such a declaration is filed, his name shall be submitted at said next general election to the voters eligible to vote within the geographic jurisdictional limit of his court, on the regular ballot, containing the names of candidates for Congress, and without party designation, and in the following manner: "Shall Judge (Here the name of the judge shall be inserted) of the (Here the title of the Court shall be inserted) Court be retained in office? Yes  No  (Place cross in one square) If a majority of those voting on the question vote against retaining him in office, and if the total number of votes cast on the question shall be at least fifty per cent (50%) of the total number of legal voters voting at the election, then upon the expiration of his term of office, a vacancy shall exist which shall be filled by appointment as provided in Section 1, otherwise, said judge shall, unless removed for cause, remain in office for the number of years after December 31st following such election as is provided for the full term of such office, and at the expiration of each such term shall be eligible for retention in office by election in the manner here prescribed.  
 "Section 3. Certification of names upon declarations—law applicable to elections. Whenever a declaration of candidacy for election to succeed himself is filed by any judge under the provisions of this article, the secretary of state shall not less than thirty days before the election certify the name of said judge and the official title of his office to the county clerks of all counties wherein the question of retention of such judge in office is to be submitted to the voters, and such question shall be incorporated in the general election ballot in the form hereinafter set out; provided, however, the legislature is empowered to provide a special procedure for the submission of such question. Such election and the results thereof shall be conducted and determined under general election laws in effect at the time of such election or under such specific procedure as may be provided by the legislature for the election of judges under this article. Jurisdiction is hereby conferred upon the district courts to determine all questions concerning the legality and legal results of such elections and the right of appeal to the Supreme Court is hereby granted to all interested parties in such litigation, the procedure for such litigation and for appeals therefrom to be provided by rule of the Supreme Court.  
 "Section 4. Nonpartisan judicial nominating commissions—number, qualification, selection, and terms of members—majority rule—reimbursement of expenses—rules of Supreme Court. Nonpartisan judicial nominating commissions whose duty it shall be to nominate and submit to the governor names of persons for appointment as provided by this article are hereby established and shall be organized on the following basis: For vacancies in the office of judge of the Supreme Court there shall be one such commission, to be known as 'The Supreme Court Judicial Nominating Commission'; for vacancies in the office of judge of any district court there shall be one such commission, to be known as 'The Judicial District Judicial Nominating Commission', for each judicial district. The Supreme Court Judicial Nominating Commission shall, until otherwise provided by law, consist of the Chief Justice of the Supreme Court, who shall act as chairman and the Board of Bar Commissioners of the State Bar of New Mexico. Each judicial district judicial nominating commission shall consist of five members, one of whom shall be the Chief Justice of the Supreme Court who shall act as Chairman; the members of the bar of this state residing in each judicial district shall under the rules to be promulgated by the Supreme Court, select two of their number to serve as members of said judicial district judicial nominating commission but no more than one shall reside in the same county if there be members of the bar in more than one county in the judicial district; the Supreme Court shall appoint one citizen and the governor shall appoint one citizen, not members of the bar, from among the residents of said judicial district to serve as members of said judicial district nominating commission, and said citizens shall be residents of different counties in the judicial district. No member of any such commission shall hold any public office other than chief justice of the Supreme Court or member of the Board of Bar Commissioners of the State Bar, and no member shall hold any official position in a political party. Every such judicial nominating commission shall act only by a concurrence of a majority of its members. The members of such commissions shall receive no salary or other compensation for their services as such, but they shall receive their necessary traveling and other expenses incurred while actually engaged in the discharge of their official duties.  
 "Each judicial district nominating commission shall be selected and constituted in each judicial

district immediately after a vacancy occurs in the office of judge therein and its powers, duties and functions and the terms of its members shall end as soon as it has submitted its nomination to the governor. All judicial nominating commissions shall be organized under such rules as the Supreme Court shall promulgate. No person other than a resident member of the bar of New Mexico, of good standing, shall ever be qualified to serve on the Supreme Court Judicial Nominating Commission but the legislature is empowered to provide for the number and terms of office of the members and the manner of their selection by nonpartisan election; provided, however, each judicial district of the state shall be given equal representation on such commissions.  
 "Section 5. Payment of expenses.—All expenses incurred in administering this article, when approved by the Supreme Court, shall be paid out of the state treasury. The Supreme Court shall certify the expense to the state auditor, who shall draw his warrant payable out of the general fund on the question shall be at least fifty per cent (50%) of the total number of legal voters voting at the election, then upon the expiration of his term of office, a vacancy shall exist which shall be filled by appointment as provided in Section 1, otherwise, said judge shall, unless removed for cause, remain in office for the number of years after December 31st following such election as is provided for the full term of such office, and at the expiration of each such term shall be eligible for retention in office by election in the manner here prescribed.  
 "Section 3. Certification of names upon declarations—law applicable to elections. Whenever a declaration of candidacy for election to succeed himself is filed by any judge under the provisions of this article, the secretary of state shall not less than thirty days before the election certify the name of said judge and the official title of his office to the county clerks of all counties wherein the question of retention of such judge in office is to be submitted to the voters, and such question shall be incorporated in the general election ballot in the form hereinafter set out; provided, however, the legislature is empowered to provide a special procedure for the submission of such question. Such election and the results thereof shall be conducted and determined under general election laws in effect at the time of such election or under such specific procedure as may be provided by the legislature for the election of judges under this article. Jurisdiction is hereby conferred upon the district courts to determine all questions concerning the legality and legal results of such elections and the right of appeal to the Supreme Court is hereby granted to all interested parties in such litigation, the procedure for such litigation and for appeals therefrom to be provided by rule of the Supreme Court.  
 "Section 4. Nonpartisan judicial nominating commissions—number, qualification, selection, and terms of members—majority rule—reimbursement of expenses—rules of Supreme Court. Nonpartisan judicial nominating commissions whose duty it shall be to nominate and submit to the governor names of persons for appointment as provided by this article are hereby established and shall be organized on the following basis: For vacancies in the office of judge of the Supreme Court there shall be one such commission, to be known as 'The Supreme Court Judicial Nominating Commission'; for vacancies in the office of judge of any district court there shall be one such commission, to be known as 'The Judicial District Judicial Nominating Commission', for each judicial district. The Supreme Court Judicial Nominating Commission shall, until otherwise provided by law, consist of the Chief Justice of the Supreme Court, who shall act as chairman and the Board of Bar Commissioners of the State Bar of New Mexico. Each judicial district judicial nominating commission shall consist of five members, one of whom shall be the Chief Justice of the Supreme Court who shall act as Chairman; the members of the bar of this state residing in each judicial district shall under the rules to be promulgated by the Supreme Court, select two of their number to serve as members of said judicial district judicial nominating commission but no more than one shall reside in the same county if there be members of the bar in more than one county in the judicial district; the Supreme Court shall appoint one citizen and the governor shall appoint one citizen, not members of the bar, from among the residents of said judicial district to serve as members of said judicial district nominating commission, and said citizens shall be residents of different counties in the judicial district. No member of any such commission shall hold any public office other than chief justice of the Supreme Court or member of the Board of Bar Commissioners of the State Bar, and no member shall hold any official position in a political party. Every such judicial nominating commission shall act only by a concurrence of a majority of its members. The members of such commissions shall receive no salary or other compensation for their services as such, but they shall receive their necessary traveling and other expenses incurred while actually engaged in the discharge of their official duties.

### Savers Get Awards in Bankers

Farmers and ranchers who completed 90 per cent of their soil and water conservation program in cooperation with the Soil Conservation District of Eddy County, New Mexico, will be the first to receive the conservation award of the New Mexico Bankers' Association on Sept. 15, according to R. J. Spence, chairman of the bank-ers' association.

Awards will be made at a barbecue to be held in the afternoon of Sept. 15, and will climax the Conservation Week proclaimed by the state.

Mayor Walter Bryan, State Representative John J. Dempsey, and the present-day U. S. Soil Conservation Service will be the principal guests at the barbecue.

The Soil Conservation Service will start on Sunday, Sept. 9, with its first series of soil conservation talks to the Kiwanis, Rotary and 20-30 other groups during the week.

Another feature of the conservation week will be a tour of the seven award winners on Sept. 14, during which visitors will observe the soil and water conservation practices that have been put into use on the land.

Recognition of the outstanding conservation farmers in the Eddy County Soil Conservation District will be held in various parts of the county, according to Spence.

The bankers' association will give achievement awards when more farmers and ranchers in the conservation district or other districts have satisfactorily completed 90 per cent or more of their planned soil and water conservation programs.

Spence pointed out that 60 soil conservation districts, which include approximately 70 per cent of the county, now have been organized in New Mexico.

ment its regular monthly reports with special weekly summaries from the states.

On Nov. 15, the council will begin issuing weekly bulletins on the grand total of traffic deaths since the advent of the automobile. These bulletins also will forecast the probable date of the millionth fatality.

#### To Dramatize Horror

"Our only purpose in trying to identify such a grim date in history is to dramatize the horror of such a huge traffic toll," said Ned H. Dearborn, Council president.

"Perhaps 1,000,000 dead — almost twice the number of Americans who have died in combat in all our wars — will crack the apathy of a nation which can see 35,000 per cent killed by autos in a year without much concern.

"It has taken a little more than 50 years to kill the first million. If traffic deaths continue at the present rate, it will take only 30 years to kill the second million. We can only hope that this terrible day of seven-figure reckoning will become a safety milestone — not just another gravestone — on the road to more responsible use of the automobile."

The council, which makes regular, cumulative tabulations of traffic deaths, said that even its elaborate nation-wide reporting system is not fast enough to give up-to-the-minute totals. Furthermore, vital statistics were not recorded completely by all the states in

earlier years after the turn of the century, so that motor vehicle death totals for some years are estimates based on the best available information.

Thus any attempt to identify the actual millionth victim, Dearborn said, would place the spotlight of notoriety arbitrarily on the tragedy of one family when "the spotlight should be turned on the tragedy of a nation which permits motor madness to go on."

Queen Berengaria, wife of Richard the Lion-Hearted, was never in England, although married to the King of England.

## Military Is Confused

TOO MANY incidents are being reported over the nation where the military has and is stepping in to take over the duties and tasks of civilian officers.

We can't keep from thinking this is a dangerous practice and one that should be halted.

We have learned that during the recent train wreck in Louisiana in which a troop train carrying Marines was involved that the Marines threw up a complete censorship. They not only set up the censorship but they used Marines with carbines to see that no pictures were taken and no interviews held.

This, of course, didn't stop them. Some of the newspaper people either were smart enough or knew their rights and got those pictures as well as the interviews.

But this was not a military matter. It occurred on the private property of the railroads and not on a military installation. The Marines and their officers had no police authority. That was a matter for the civilian officers to handle and to take over.

There have been incidents occurring near military installations in the state where military police or in other cases Army officers have taken over in the event of accidents. They, of course, have no authority if these accidents occurring on the public highways. It is then a civilian matter and civilian officers are the only ones with the authority to act.

We heard of one case some months ago when a Provost Marshal proceeded to take charge of an accident, even with a highway patrolman present, merely because a naval vehicle was involved. That matter was reported to the proper authorities and that officer never attempted that again.

But the public elects its civilian officials. They are the ones and the only ones with authority to act. We do not believe it is in the interest of the public for the military to assume authority they do not have. If they are requested to help or their aid is asked, that is one thing, but the practice of proceeding to take charge of these affairs happening off military reservations should be stopped and stopped now.

This nation is ruled by civilians and not by the military.

## No Hardship Case?

THERE ARE REGULATIONS, rules and exceptions in not only our draft law but in the calling of individuals, who are in the Reserves, back into service.

These regulations are for the purpose of giving consideration to hardship cases; where unusual conditions prevail and to permit individuals to clear up business matters or other matters.

But it appears that definite demands may have to be made at times in order to be granted these exceptions provided.

And even then unless sufficient demand is made frequently the requests are ignored, denied without consideration or passed over with nothing being done about the matter.

We recall that for a good many months we were drafting individuals into military service and advising that those called up for pre-induction physical examinations could not volunteer for service. Just how long this was done, we do not know, but it was not the law and those who were denied the right to volunteer after their pre-induction physical examination were denied a right guaranteed to them.

There was no reason or excuse for this occurring. There also is no excuse for consideration not being extended to those requesting delays or deferments when this is granted to them.

We believe that the Dona Ana draft board has been very considerate of various cases and that every consideration possible will be extended. We are sure they continue to do just this insofar as the regulations permit them to do so.

We have known of cases where our draft board did just this and we feel they deserve to be commended for their action.

But we recently heard of a case where an individual in the Reserves was called back into service and apparently no consideration was given.

There was no particular rush, the situation was not critical, a few days or a few weeks did not matter one way or the other.

But someone somewhere wanted to be hard boiled, they wanted to exert their authority and in so doing they denied to this individual the very rights guaranteed to them.

In this case the individual requested time to clear up his business matters. He had recently gone into business, he had assumed certain obligations, he had work contracts which he desired to fulfill and which would have permitted him to pay off part of his debts.

But his application for more time was denied. Those considering the application could see no hardship involved. It did not matter to them whether he kept his contracts, whether he couldn't pay his obligations or whether he lost everything he had invested in his business.

He had to report when they said and that he did. There is no intention under the law for this to be done. There is no reason why individuals should not have the rights guaranteed to them under the law. There is no reason why they should not be privileged to clear up business matters before reporting for duty.

Most draft boards extend this consideration and endeavor to grant to those being called or draft every consideration. All are entitled to this consideration and if they don't receive it they should make their demands and then appeal to a higher authority.

The same consideration is to be extended to all in America and under our system of government. There is supposed to be justice for all but frequently it becomes necessary for this justice to be demanded if it is to be received.

Every American is entitled to the same consideration.

## POINT OF NO RETURN

## What Other Editors Are Saying

### \$100,000,000 A YEAR FOR RESEARCH

No industry is more deeply involved in scientific research than oil. Annual expenditures for this purpose now run to more than \$100,000,000 a year. The number of technically trained men engaged in research and development is at least 40 times as large as in 1916.

There are three primary reasons for research—to evolve new oil products, to better existing products, and to reduce the cost to both producer and consumer. Oil has been successful in all three fields. In 35 years, the actual yield of gasoline from a barrel of crude oil has more than doubled. The potential yield has quadrupled. And the average octane rating of motor gasoline has been increased to the point where, in an engine designed to utilize it effectively, one gallon of today's gas will do the work of two of 1916 quality.

Today's piston engines for military planes produce 10 times as much power, with only half the weight per horsepower, as the best engines in use in World War I. The tremendous improvement that has taken place in the quality of aviation gas and lubricants has been a major factor in producing the result.

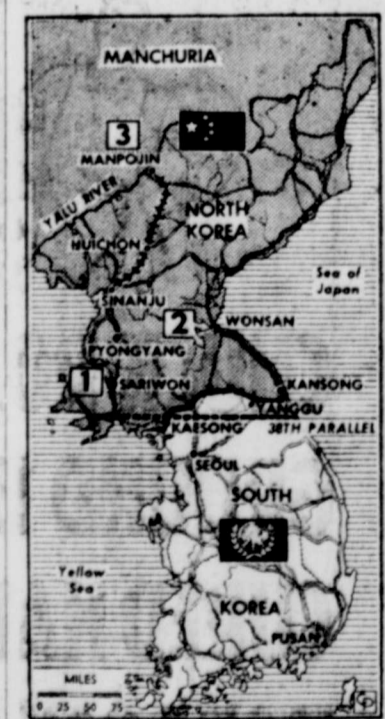

To cite one more achievement of research, in spite of the improvement in quality, the price of gasoline in the United States, excluding taxes, since the last world war has been so low that it represents a saving to the public of over \$4,000,000,000 a year by comparison with the 1920 price. Technology has played a big role in holding costs down.

Oil looks with justified pride on its past achievements, but it isn't standing still and patting itself on the back. Research is going ahead at an accelerating rate. Chemistry is working more and more miracles. And everyone in the country benefits.—Industrial News Review.

Men who are good story tellers don't care much about hearing them.

his standing, his financial position, his political connections has nothing to do with the matter. Those being denied rights guaranteed to them under the law are going to have to make a few more demands. We seem to have those who want to deny these rights or to ignore them.

### Reds Build Strength

WHILE TRUCE talks lag at Kaesong, the Communists are reported building up military might in Red-held area (shaded). A North Korean armored division is deployed in the Sariwon Area (1) on road between Pyongyang and Kaesong; two Chinese tank divisions have been identified, near Wonsan and 18 miles north of central front (arrows, 2); a Chinese "replacement pool" of 200,000 men is reported waiting north of the Yalu (3). The rail line from Manpojin has been bombed numerous times.

### All But One

When the Raton Kiwanis Club passed the bicarbonate of soda last week, there was a real surprise. It had been supposed that all of the lawyers and most of the white folks were solidly against the proposed amendments, when along comes George W. Robertson, a lawyer of real ability, and asked the K's to vote for all of the changes except the first.

He would probably have included that but he wasn't endorsing wetting up of the Indians, but for the fact that he thinks the government will have to first remove its present ban against the sale of liquor to Indians.

He may be right about that. That is why very few people are going to vote yes on the plank, which is going to get a whole lot of nays just for cat for.

### Tourist Bureau Pix

Melvin Drake, director of the state tourist bureau, is going to spend \$25,000 for a travelogue film about New Mexico. He is importing the script writer as well as the camera men, who he wants on the ground when the aspens color up next month.

He will use money already in the bureau sock, so the yowl that is going up about the "extravagance" seems to be out of place.

Better spend the dinero that way than to piddle it away in less instructive ways.

### Big Building Plans

Down at Las Cruces the federal housing administration is getting ready to build a 200-unit emergency construction project. This is in the town proper and should not be confounded with the 235-home project at White Sands.

They ought to make time on it as the contracts are divided among eight builders, and have the right-of-way on all sorts of building materials. Dale Bellamy, who has built so many residence units in Albuquerque, is one of the successful bidders.

### Seven Conventions

In addition to the Dona Ana county fair, Las Cruces will entertain several different conventions this month and next, starting with a home-coming balle for the returning Korean soldiers, the Kiwanis National Kids Day, the Lions carnival. Coming on after will be the Eastern Star annual session and the Pecan Festival, these two latter coming in October. Plenty of room for hospitality.

### No Epidemics

The four cases of typhoid and two of polio, are all importations from Texas, according to Mrs. Ethel Baker, health nurse of Union county. That removes them from consideration as epidemics. Incidentally, she points out that Clayton has one of the best and purest water supplies in the state, and there is no need to boil it. To be certainly, we just don't have epidemics in New Mexico, particularly in Union county.

The New Mexico milk distributors seem to have a close organization, as witness the fact that they have jumped the price of bottled milk to 27 cents a quart. Cream and cottage cheese are also in the uplift.

All of which is just simply unjustifiable according to the New Mexico unities now looking into the matter as presented to consumers last week.

The claim of the distributors that they are passing the rises along by the payment of 10 cents a pound more for butterfat, is also classified as bologna, simply a phase of war-time profiteering. Don't get any bum ideas in your head. The price of canned milk isn't going down while this is happening.

### School Room Needed

Gene LaVelle, the efficient chief of the Silver City schools, is beginning to figure where the room is going to come from the 1,200 students, which is a hundred more than last year. He is trying to avoid the use of makeshift buildings, which are seldom any good. Grant county has a total of 1,200 enrolled this year.

### Few Tree Toads

George Bowra, editor of the Aztec Independent, complains bitterly because there are very few tree toads this year, to sing lullabies in the gleaming of the gloom and the glimmering glimmering glum. The bug catchers apparently have gone somewhere in search of chow. You can't blame them for that.

### Soil Conservation

Commencing next Monday, September 9, Soil Conservation Week will be observed on the Carlsbad Project, under the sponsorship of the New Mexico Bankers Association, with the assistance of R. T. Spence, the local banker, who was sprouted on an irrigated farm at Lake Arthur; Douglas Rierson, one of the best county agents in the country; H. C. Connelly, extension soil conservationist, and various others who are interested in the principle that has done much for Eddy county, and particularly for the great irrigation project, the first to be established by a paternal government.

There is to be a broad program showing the progress that has been made in soil handling, contouring correct irrigation and the other things that are needed in making the desert bloom.

There will be moving pictures for the school children, explanatory talks before the civic clubs, and most educational of all, tours

MARCH OF EVENTS

Ottawa Atlantic Meeting  
Seen Acheson Swan Song  
Harriman Gets Made  
For Secretary of State

Special to Central Press

WASHINGTON—Recent events convince many observers that Acheson will retire as Secretary of State after the forthcoming Ottawa meeting of the North Atlantic Foreign Ministers Conference. The popular assumption is that he will be replaced by W. A. Harriman, former ambassador to London and Moscow and Truman's personal envoy at the Iran conferences and in vital negotiations with Tito. In support of this theory, these factors are cited:

W. Averell Harriman

1—Acheson has appeared tired of late, maintaining his calm, suave attitude.

2—Immediate pressures will be relieved if Acheson has fulfilled his duties at the San Francisco conference for signing the Japanese peace treaty and the Ottawa meeting.

3—Mr. Truman has gone overboard in his praise of Harriman for his work in Iran, even after negotiations broke down.

It is generally accepted that Acheson would quit months ago. But his loyalty to the President and his unwillingness to bow out under personal fire made that impossible.

In Harriman's favor is the fact that Mr. Truman has relied on him increasingly of late to take up some of Acheson's activities.

Harriman has never been under heavy political fire and his affiliations are as unknown as Gen. Dwight D. Eisenhower's. Over, he is independently wealthy and thus is free of the pressures Acheson got back to a lucrative private law practice.

### WAGE TROUBLES

Wage Stabilization Board members say feeling has developed between the 18-man panel and Economic Stabilizer Eric Johnston over formulation of wage control rules.

Board members have privately expressed indignation because Johnston has been "sitting" on a number of board regulations waiting to pass them. All general wage control policies have to go to Johnston for approval, but the comment around the board is that Johnston has been very slow in acting on them.

In one case, which concerned rules for the payment of bonuses, board grew tired of waiting on Johnston and announced the regulation itself. Previously the regulations were not made public until the economic stabilizer's approval.

### SHIP BILL

Six years after termination of World War II, Navy is finally paying the last bills on the wartime construction of 100,000 vessels.

The total cost will amount to \$22 billion. Liquidation of the bills will wind up the World War II naval ship construction program. Capt. William H. Magruder, the Navy's fiscal director, advised House military appropriations subcommittee that \$45 million still needed for this purpose.

He explained that the funds will be used to liquidate obligations charged against ships which are now in service and to pay other charges.

### NO STATEHOOD THIS YEAR

Alaskan and Hawaiian statehood bills will be shelved again this year by Congress in its meeting the adjournment target date of Oct. 1.

The "priority" legislative schedule drawn up by Senate leaders omits the statehood measures and that means they will just have to wait until the next session of Congress in 1952.

The Senate will be tied up for the remainder of its current session handling the tax increase bill, foreign aid and appropriations measures.

Chances are fair that the two statehood bills may finally see approval next year. But they have stood a good chance for years past only to be pushed aside in the drive toward adjournment.

Advocates of the two bills say they will renew their fight just soon as the new session opens and hope to get the Hawaiian and Alaskan bills passed before they are again bypassed in the legislative rush.

### Try and Stop Me

By BENNETT CERF

AN outstanding social event of the season was the hunt tea given by Mr. and Mrs. Pursglove, Jr., to fete "widows, widowers, and orphans and punts." The general idea, read the invitation, was to recognize the plight of unfortunates to whom "brush means Fuller, giving tongue is wife's noises, a good fencer carries thrusts with a rapier, a rising stern is inflation, a waving stern is a sinking ship, whip means prunes, and drawing a covert is caused by a sudden drop in the temperature at night."

An irate customer in a crowded restaurant grabbed a waiter by the lapel and roared, "I'm sick and tired of waiting. The waiter answered, "As a matter of fact, so am I."
