Ties Throw Contestants For A Loop

Reports were still sketchy at presstime, but a van-pickup crash south of Lubbock Sunday night claimed the lives of at least six people, including relatives of local residents Steve and Sandy Bass.

Jamie Aaron Hall, 28, of Seminole, one of those dead at the scene, was a niece of Bass. Her husband Gy Layne Hall, also 28, was another of the fatalities. A great niece, Shady E. Hall seven, is in critical condition and great-niece Paige Campbell, was listed in satisfactory condition.

Monday at 7:30 p.m., the governing body of the MISD will meet in regular session in the school administration building.

Items of business include approve final decision on Dillman windows and approve or reject bids as appropriate; approve electrical bid at high school; and approve the 1989-90 textbook committee.

Informational reports will be given by the board president; superintendent; assistant superintendent of business and assistant superintendent of instruction.

In an executive session, the board will conduct the superintendent's quarterly evaluation and discuss other matters relating to personnel and take appropriate action following the Cont. Page 6, Col. 1

Crime Line ALERT

From the Bailey County Sheriff's Department, Deputy Don Carter has a recent crime that a cash reward is being offered through the Crime Line.

Bailey County Crime Line is now offering a \$700 cash reward for information leading to the arrest and indictment of suspects involved in the burglary of a warehouse, located with the city limits of Muleshoe.

The crime took place sometime between 6 p.m. 10-14-89 and 9 a.m. 10-15-89.

Call 272-HELP, and remember -- you will remain completely anonymous.

Boy! This week's football contest was a 'lulu.' Not only did we show up with three tie games in the contest, ties that no one predicted, but also had a tie for the second place winners.

Also, once again, we had to go to the tiebreaker scores to determine the winners. Several people missed seven games.

With the least points spread in his tiebreakers was first place winner Wade Cargile.

Tying for second place, after missing seven games, and being 52 points away on the tiebreakers were Mario DeHoyos and Donnie McDonald. They got to split the checks, points and MAC Buck tickets. Winner of third place was Jerry D. Gleason, who was 59 points away on the double tiebreakers.

Steve Pollard also missed seven games, but was 69 points away on the tiebreaker scores and Alene Bryant was 81 points off.

Due to a number of requests from people who cannot locate all of the winners (and scores) from the contest each week, beginning this week, we will be listing all games, and the scores.

TIEBREAKERS

Arkansas 45	Texas Tech 13
Houston 13	Texas A&M 17

HIGH SCHOOL GAMES

Muleshoe 0	Dimmitt 0
Lazbuddie 60	Ropes 0
Bovina 52	Three Way 38
Tulia 7	Floydada 20
Littlefield 35	Friona 0

OTHER COLLEGE GAMES

Memphis State 34	Cincinnati 17
Maryland 27	Wake Forest 7
Arizona State 17	Oregon State 17
Louisville 10	South'n Miss. 16
Oregon 14	Washington 20

JV Mules Improve As "District" Begins

By Coach Tom Duncan

On the evening of October 12th, the Mule JV team came up short on the scoring ledger against the Dimmitt JV. The Mules, who were beginning the 'real' season, had the best offensive game this season, grinding out a total of 208 yards on offense and were a model of consistency.

Led by the field generalship of Galin Latham and the hard nosed running of Kip McCally, 10 carries and 58 yards, and pass-catching of Josh Alanis, the team

made a most impressive drive in the second quarter of 99 yards after holding the Bobcats on the fourth and goal from the one yard line.

The Mules capped the drive at the 2:40 mark in the second quarter with a 20-yard pass from Latham to sophomore back Kip McCally. The try for two was batted down.

On the ensuing kickoff, the Bobcats came back and drove 40 yards to pay dirt and then missed the extra points. The half ended with a 6-6 deadlock.

In the third period, the two evenly matched opponents jostled and knocked heads for field position. Not until 9:40 was left in the fourth quarter did the score change when, in an instant, the Bobcat secondary picked off a Mule pass and after the maddest dash in history, the Bobcats scored.

When the interception occurred, a number of Mules, led by Jason Box gave chase. They (Dimmitt) earned the score because they had to contend with the hard pursuing Mules who Cont. Page 6, Col. 2

FHA Planning Mexican Feast Friday Night

Future Homemakers of America, as well as the Home Economics classes, will be hosting the October 20 Pre-Game Dinner.

They say an excellent meal will be served. On the menu is a Mexican Feast. The Feast includes ConQueso with chips, beef fajitas with all the trimmings, beans, rice, iced tea, and coffee. A Mexican dessert bar will also be set up.

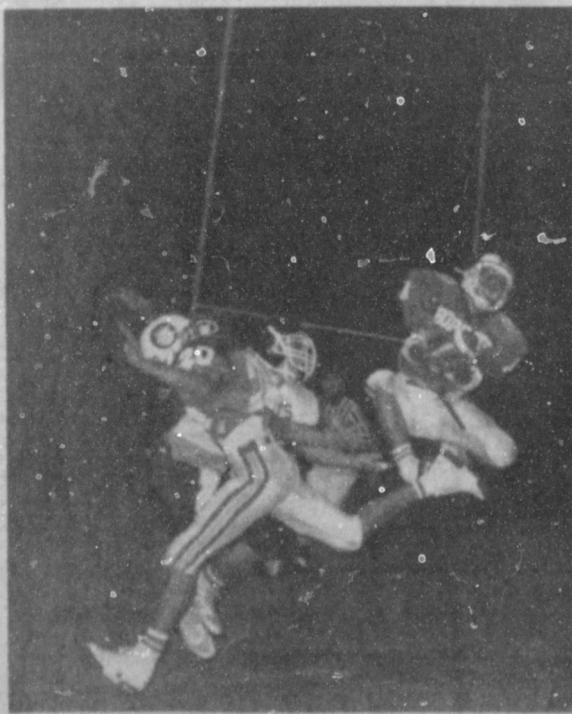

The meal will be served 5 p.m.-7:30 p.m.

If you cannot find time to leave your home, or business, the FHA can bring your food to you. Carry-outs are also available.

If you would like carry-outs, either call the high school Home Economics Department at 272-3080 during the day, or purchase a ticket from one of the many students who will be selling tickets around the community.

To call for carry-outs on October 20, call the high school cafeteria at 272-4360.

FHA says, "Be sure you support the Mules during their 'future win' against Floydada!" Cont. Page 6, Col. 2

MULESHOE MULES-DIMMITT BOBCATS TANGLE TO A TIE--Despite such action as this interception intended for Michael Hardwick, behind Bobcat No. 20, the Muleshoe Mules and Dimmitt Bobcats fought to a 0-0 tie to begin district action for both teams. The Mules face the Floydada Whirlwinds here Friday night. Be sure to be there to Back The Mules. (Journal Photo)

"What Goes Down Must Come Up" was the subject, and the object, of a program presented by Danny Skaggs of Odessa, when he spoke to the Muleshoe Rotary Club Tuesday at noon.

Ray Day, manager of Servall Thriftway, was in charge of the program, and introduced Skaggs as "He's not only my boss, but a friend."

Enthusiastic and fast-spoken Skaggs started right out giving several examples of people's lives. The stories he told were true, and each showed how men's 'dreams' led them afar, when the diamonds and riches they sought were "right in their own back yards."

Such as the wealthy man from ancient Persia, who heard about diamonds.

The man sold his fields, orchards, home and gardens and left to seek diamonds.

He never found diamonds, and later committed suicide.

In the meantime, the man who bought his home, was watering a camel at a stream behind the house when he found a diamond in the stream. It was later partially used to make the jewels for the queen's crown in England.

He also told about a Pennsylvania farmer who, in the 1850's, became dissatisfied with farming and wanted to join a cousin in Canada who was in the business of producing oil (coal oil). His cousin told him to learn everything he could about the oil business.

He sold his farm, and later the man who bought the farm was trying to water the cattle in a stream on the farm. A black scum covered the water, and it was found to be oil - the first oil discovered in the U.S.

The dissatisfied farmer never found the riches he sought in Canada, but the farmer, who purchased the farm for \$843, became a wealthy man. The farm became the location of Titusville, PA.

Skaggs said he used the examples to show that your fortune is in your own back yard much of the time.

He told the Rotarians that everyone must have dreams and goals in life -- but -- "You've gotta know where you're going when you get there."

He also said, "What you plant is what you get. This not only applies to a garden, but to homes, businesses, churches, towns and nations.

You must believe in the seed you plant if you are going to your harvest."

He cited Norman Vincent Peale who said that just believing in something won't make it happen, it just sets up conditions so it can happen.

"You have to believe you can do it, but you also have to believe in what you're doing," he added.

According to the speaker, what you plant must be cultivated, watered, fertilized and weeded to produce a harvest.

Another very important part, according to the speaker, is "Visualization." He said you must see yourself accomplish your goal before you can do it.

He also said "Time" is important, because time must pass before anyone can expect a harvest. "Little bits of time, applied consistently, really do add up," he commented.

Skaggs closed out his talk with "Don't confuse effort with results. Look for results -- as a part of the harvest of your efforts."

President Terry Hutto was called from the meeting, so Bill Liles opened the meeting. He announced that the next program will be the responsibility of Randy Field, followed by Clifton Finley, then Bob Finney.

Harvey Bass was winner of the Polio Plus drawing.

As President Hutto returned to the meeting toward the end of the meeting, he said the MISD coaches had challenged Rotary Club members to a basketball game. Proceeds would be used in Cont. Page 6, Col. 2

City Council Goes On Tour Of Facilities

Members of the Muleshoe City Council held a rather short business meeting Tuesday morning, before making a tour of the continuing construction at the Muleshoe Airport, and a new fence being installed around the water tank at West 9th and Avenue C.

Council members looked over the city financial statement as of September 30, 1989.

City Manager Dave Marr said the city is still paying bills received out of the last fiscal year, but expected to close out the last fiscal year around October 25.

Also briefly discussed was litigation filed in federal court against the city last week. Principals in the suit are Alberto Daniel and Juan Cruz Chavez. They filed the suit to ask for creation of single member districts in the city.

The newly painted city patrol cars were discussed, with the city manager informing the council that the city officers are doing the work themselves. They are stripping off the old paint, and replacing the former black and white with all white, featuring blue and gray signs and striping.

THREE WAY FOOTBALL ACTION--Last Friday night, the disappointed Three Way Eagles lost their first game of the year to Bovina. And, it was homecoming for Three Way's Eagles. Here, a couple of Eagles wait for a Bovina Mustang to receive a pass -- lay him on the ground -- real fast. (Journal Photo)

CONTEST RULES
 1. IN EACH ADVERTISEMENT YOU WILL FIND A GAME LISTED. CIRCLE THE TEAM YOU THINK WILL WIN. The person's score that most closely matches the TIE BREAKER SCORE will be declared the winner. If several persons are still tied the prize money will be split.
 2. The contestant must be 12 years of age or older.
 3. Only one entry per person may be made for any one contest.
 4. Bring your entry blank by The Journal office by 5:00 p.m. Friday, or if mailed, the entry must be postmarked no later than 5:00 p.m. Friday. Write "FOOTBALL CONTEST" on the mailed entry, and mail to P.O. Box 449, Muleshoe, Texas 79347.
 5. Circle the winners and WRITE IN THE SCORE of the tiebreaker game. This score will be used to break weekly as well as determine the grand prize winner. Decision of The Journal's scoring judges will be final.
 6. Check the team you think will win; 10 points for first place, 6 points for second place and 4 points for third place.
 7. To count for the grand prize, entries must be on official blank printed in the paper.

Halloween fun with spooky spider cookies

With their long licorice legs, gum-drop spiders creep across webs of frosting spun atop pumpkin cookies for a Halloween treat that's home-baked and wholesome.

Scary Spider Cookies are anything but frightening. Before the kids turn themselves into ghoulish ghosts and goblins, they will have just as much fun in the kitchen making the candy spiders and spinning the frosting webs as they do trick or treating.

The cookie recipe won't spook the cook either. The spiced dough is made several hours ahead of rolling and baking. While the dough is firming up in the refrigerator and the kids are devising their candy long-legs, you can relax.

The frosting is so easy, the kids can make that, too. For less of a mess, let them weave their webs by piping the frosting out of a small-tipped plastic squeeze bottle or a heavy duty plastic bag with one bottom corner cut off.

It's a treat to know that pumpkin not only adds a golden glow to these whimsically eerie cookies, but it is a good source of vitamin A as well.

For a nutritious Halloween snack, offer trick or treaters glasses of milk to go along with the cookies and their not-so-spooky spiders.

SCARY SPIDER COOKIES

(Makes about 2 dozen cookies)

- 3/4 cups all-purpose flour
- 2 tablespoons pumpkin pie spice
- 1/2 teaspoon baking soda
- 1 cup batter, softened
- 1 cup packed dark brown sugar
- 1/4 cup granulated sugar
- 1 egg
- 1 cup LIBBY'S Solid Pack Pumpkin Frosting

- 24 large gum drops
- 24 pieces thin licorice whip candy, 12-inches long

SPOOKY SPIDER COOKIES are a fun, tasty halloween treat.

In medium bowl, combine flour, pumpkin pie spice, and baking soda; set aside. In large mixer bowl, cream butter and sugars until fluffy. Add egg and pumpkin; beat until light and creamy. Gradually add dry ingredients; blend well.

Cover and chill dough for several hours. Divide into 6 portions.

On generously floured board, roll out one portion of dough, 1/8-inch thick (keep remaining dough chilled).

Cut out creative shapes free-hand, or use round cardboard form 4 to 5 inches in diameter, or cookie cutter. If desired, cut off edges of cookie dough rounds at angles to create web base.

Bake on ungreased cookie sheet in preheated 350° F. oven for 8 to 10 minutes, or until lightly browned.

Cool. Repeat with remaining dough. Frosting: Blend 2 cups sifted powdered sugar, 1 tablespoon light corn syrup, and 1 tablespoon water; mix until smooth. Add food coloring as desired.

To decorate: Create thin web lines by piping frosting onto cookie using fine pastry tip.* Make spider by using large gum drop for body; cut thin licorice whip candy into 2-inch lengths for legs. Pierce gum drop at points where spider legs attach; insert licorice legs. For eyes, use pastry tip to make two frosting dots on top of gum drop. Place one spider on top of each cookie.

*Frosting may also be applied using plastic squeeze bottle with small tip or sandwich-size plastic freezer bag with bottom corner of bag cut off.

Ernest Ramm local FFA Boy and a graduate of Muleshoe High School, is in Kansas City where he will be awarded the American Farmer degree.

Ernest, who is the son of Mr. and Mrs. Eddie Ramm, is the first boy from Bailey County ever to be awarded the American Farmer degree. This is the highest award that is made by the Future Farmers of America organization.

TEACHERS PROFILE
Eric Smith is one of the most interesting teachers at Muleshoe High School. He and his wife, Lucy, live in Muleshoe at 407 West 17th Street, Apartment C. During the summer they reside in Portales. He has one daughter, Patricia.

"The professional student", as Mr. Smith's father called him received his B.A. Degree at East Texas State in chemistry and his MA degree at Eastern New Mexico University in psychology and education.

The wise man sees in the misfortunes of others what he should avoid.
-Publius Syrus.

Muleshoe Singing Group

Muleshoe Singers met in the fellowship hall of the Trinity Baptist Church last Saturday evening at 7 p.m.

J. C. Shanks, president, opened the session and Clarence Pope lead the first two congregational songs, after Victor Green gave the invocation.

Fifty-eight people attended the singing including five from Albuquerque; 10 from Clovis; two from Logan, N.M.; one from Plainview; one from Hackberry; four from Levelland; five from Lubbock; seven from Earth and one from Amarillo.

Marvin Sanders, Earth, did a solo and quartets from Earth, Levelland, Lubbock and Clovis, also performed.

Pianist was Mrs. Ann Miranda of Earth; Mrs. Rachel Thompson of Clovis; and women from Levelland and Lubbock.

Performing a duet were Mr. and Mrs. Elbert Hamilton, with Mrs. Bobbie Johnson at the piano.

One of the visitors from Clovis pronounced the benediction.

QUICK COMPANY CAKE

- 1 cup flour
 - 1/4 teaspoon baking soda
 - 1/2 teaspoon vanilla
 - 1/2 cup chopped nuts
 - 1 cup sugar
 - 1 egg
 - 1 can (8 1/2 oz.) fruit cocktail
- Mix all ingredients together in an 8X8X2" ungreased cake pan. Bake in 350F oven for 30 minutes. Frost immediately.

FROSTING: 1/4 cup butter or margarine, softened
1 pkg. (3 oz.) cream cheese, softened
1/2 teaspoon vanilla
1 cup confectioners' sugar, sifted
Blend all ingredients together until smooth. Frost cake while warm. 9 servings.

Winterizing Your Home Helps Safety

If you use electric heat tapes or pipe heating cables under your home to protect pipes from freezing, government safety experts want you to check the tapes or cables now for possible fire hazards before winter sets in.

In a safety alert directed at mobile home dwellers and owners of dwellings with exposed

sub-structures, the U.S. Consumer Product Safety Commission (CPSC) said heat tapes and pipe heating cables should be inspected each fall for hazards which could trigger a fire. CPSC said tapes and cables are involved in some 3,300 residential fires each year.

The safety agency offered the following safety tips:

- Unplug the heat tape or cable first, then check the entire length of the tape for signs of cracked or charred insulation as well as bare wires; if these are found, the tape or cable should be replaced immediately.

- When buying replacement heat tape, know the diameter and length of the water or drain pipe to be protected, then buy tape labeled for that size. Always follow manufacturer's directions for installing tape. Tape should not be lapped over itself around the pipe unless manufacturer's instructions specifically permit it; don't wrap heat tapes over thermal insulation.

- Don't cover heat tape with insulation unless the manufacturer's instructions suggest it; if insulation is recommended, it must be non-flammable, such as fibrous glass.

Homeowners who are wary of checking sub-structure heat tapes and cables should consider turning the job over to a licensed electrician.

Most of our misfortunes are more supportable than the comments of our friends upon them.

-C.C. Colton.

JUST ADDRESS YOUR LETTERS MULESHOE U.S.A. THEY'LL GET HERE

Ever think about the towns in Texas that have names like towns of other states? There's lots of them, and when you address a letter or any piece of mail to one of these towns it must be, for instance, "Cold Corners of a dozen and one other States in the Union maybe.

But not so Muleshoe. Just say Muleshoe U.S.A. and if you mail the letter in South America it will be delivered.

H.A. Towery, Deputy Sheriff, Showed us a letter last Saturday post marked at Kansas City, and addressed to "Chief of Police, Muleshoe". Some postal official had marked on the letter, "Try Muleshoe." It arrived on time.

50 years ago

1939
MULESHOE VALUATION SET AT \$831,000; AN INCREASE OF \$84,000
That the city of Muleshoe has

enjoyed an area of considerable prosperity during the past year, is clearly indicated in the assessment rolls now being completed by Mrs. Holly Bucy, tax assessor, who states that rolls will total approximately \$664,938. Since the assessed value represents about 75 per cent of actual commercial value, indications are the city has a property value of about \$831,173.

There has been a growth of about \$41,484 dollars in property values during the past 12 months.

However, the increased valuation has been considerably more than that figure to date, since there has been and now is considerable property construction going on which was not included in this year's assessment, which did not list property construction begun since January 1 this year.

HALLOWEEN IS A GREAT TIME TO ENCOURAGE CREATIVITY- Children will enjoy assembling and wearing papier mache masks, such as the ones pictured above. All you need is a blown-up balloon, some old newspapers and Elmer's Glue-All®.

This Halloween, kids can create homemade papier mache masks

Given the success of last summer's blockbuster hit, *Batman*, it's likely that the Joker, the caped crusader's arch-rival, will encourage the revival of clownfaces for Halloween.

To avoid the high price tag of store-bought costumes, why not help children make their own masks? Papier mache masks (more lightweight and breathable than their rubber and plastic counterparts) from the Elmer's Glue people, are easy to make and fun to wear.

Start with a blown-up balloon, plenty of old newspapers and a 50-50 mixture of Elmer's Glue-All® and water.

Use wet, unglued strips of newspaper to cover the first layer of balloon. Then, dip strips in Elmer's Glue mixture, pulling each strip between fingers to squeeze out excess and wrap four or more layers around balloon.

Apply one layer cross-wise on balloon, the next up and down, and so on. Alternate newspaper and colored comics, to help see which layer you're on.

When thoroughly dry, split into two sections (front and back) and remove balloon. Cut small openings in each mask for eyes and mouth.

Paint whole surface with glue tinted pink, yellow or green with food coloring. Let dry and paint or add on features.

Try using small pieces of paper dipped in glue-water mixture, squeezed out and molded into heavy lips, a pointed nose or heavy eyebrows. For a comic clown, use a plastic red ball for a nose, a paper cup for a hat and yarn for hair. Paint on a broad red grin and attach big, round ears.

Tough Luck When Smith walked into his friend's office, he found him sitting at his desk, looking very de-pressed.

"Hello, old man!" said Smith. "What's up?"

"Oh, just my wife," replied the other, sadly. "She's engaged a new secretary for me."

"Well, there's nothing wrong about that. Is she a blonde or a brunette?"

"He's bald."

Sudan News

by: Evelyn Ritchie

Martha Rose, assistant Lamb County Attorney, talked to some twenty citizens Wednesday, Sept. 27 about the drug problem in Sudan. "The use and abuse of illicit drugs and alcohol is the single most dangerous threat to the youth of Sudan and effects every person of the community," stated Mrs. Rose. She also stressed the importance to work toward a drug-free community, by forming an Interest Group/Task Force in Sudan.

Muleshoe Study Club

Muleshoe Study Club met Thursday, October 12, at 4 p.m. at the 16th and Ave. D Church of Christ, with Mrs. Joylene Costen as hostess.

Attending were Mrs. Louise Agee, Mrs. Betty Jo Carpenter, Mrs. Fern Gilbreath, Mrs. Fern Gregory and Mrs. Izetta Shain. Visitors present were Dr. Lawrence Ward, superintendent, MISD; Mrs. Ward; Mrs. Ethyl Allison and Mrs. Louis Killingsworth, along with the hostess, Mrs. Costen.

Dr. Ward talked to the group about the Muleshoe schools; things being accomplished at the schools and plans for the future. He also explained the necessity of the recent tax raise.

Mrs. Agee led a brief business meeting following the program. Mrs. Shain called the roll and read the minutes. Mrs. Agee read correspondence from Girlstown, USA, with a request for financial help, but it was decided to shelve the discussion until the next meeting.

The next meeting will be in the home of Mrs. Verda Nell Arnn, October 26.

The Study Club also included a point to ponder: "Don't be afraid to ask dumb questions. They are easier to handle than dumb mistakes."

IN FASHION

Every wedding draws a wealth of tradition in any season. The choice of wedding attire expresses the style and personality of the bride and groom.

The wedding gown has been modernized as well as the tuxedo in detail and cut. Some tuxedos feature vests of rich patterns and design.

For brides, one of the more glamorous aspects of traditions is the luxurious fabrics. Fall collections combine satin, delicate lace, handbeading and silk. Additions are semi-cathedral or cathedral trains.

Among college students from Sudan are: Lee Bartley, Anna Ramos, Gina McKillip, Rene Garza, Cindy Roberts and Ceram Ramos, all at West Texas State University; Wade Donnell, Black Lacewell, Gordon Martin, Mike May, Stephanie Bickett, Kim Browson, Brent Kirkland, Chip DeLoach, Donice Holley, Brad Masten, Kathy Powell Gardner, Karin Whitten, all attending Texas Tech; Cheryl Ford Sain to ENMU; Michael Bartley, Jimmy Kyle Glascock, Darlene Henley, Elmar Hernandez, Shannon Peck, Eddie Salanis, Anthony Williams and Jeff Gordon in Levelland; Eddy Boyles, Lubbock Christian; Chris Griggs, Trinity Valley Community College, Melissa Nix to University of Texas at Arlington, Kendra Whitten, Brad Smith and Dawn Gaston to Angelo State University; Bonnie Newman to Jessie Lee's Hair Design, Linda Wiseman and Eddy Boyles to Abilene Christian University; Michele Gaston, to Tarleton State; John Harlan to Texas A&M. This does not include all the 1989 graduates of Sudan. If

you know of others please call 227-2183.

Visiting recently with Mrs. Evah Doty were her brother, Mr. and Mrs. Ross Nettles of Yuma, Arizona.

Missy Fisher left Saturday for San Antonio where she is visiting with Mr. and Mrs. Kevin George and working in orthopedics at the South West Medical Complex. She will be there working for four

weeks.

Mr. and Mrs. Ralph Granger and Brett of Brownfield visited during the weekend with her mother, Josephine Fisher, and brother, Mr. and Mrs. Mike Fisher and family.

Debbie Bingham and Allyson of Lubbock attended the homecoming football game Friday night with her brother, Gary Fields, both ex-students of SHS.

RONNIE PEREZ

Ronnie Perez Named Baseball Player Of Week

Coach Tom Mahon of the Fort Hays (Kansas) State University Tigers baseball teams named Ronnie Perez of Muleshoe as the 'Player of the Week' as he shut out Dodge City in a 7-inning baseball scrimmage 6-0.

Perez went the distance with eighteen strike-outs to tie the NCAA record at FHSU. Perez averaged a fast ball of 85 mph with his fastest pitch of 88 mph coming in the 7th inning.

Although not in the regular season, Coach Mahon said Perez could be nominated All-American honors during baseball season.

Perez, an FHSU freshman, said, "You're going to have your ups and downs, both physically and mentally. Learn to accept them and learn from them and eventually you will improve."

A Coinage Change?

Bored with the looks of the nation's money, a majority of Congress signed as cosponsors of legislation originated by the U.S. Commission of Fine Arts calling for new coins.

JV Mules

Cont. From Page 1

never gave up but unfortunately, the score happened to stay the same as the try for two was no good, because the Mule defense once again rose to the challenge.

On the ensuing kickoff, the Mules began a good drive but unfortunately we fumbled on our end of the field when hard running and twisting back Brent Hernandez was separated from the ball to give Dimmitt possession inside the Mule 40. After 10 plays the Bobcats tugged and twisted over from the two yard line.

The pass for two was no good, and it was 4:45 in the fourth quarter.

The undaunted Mules got the ball back and proceeded to drive again, but on fourth and six, the Mules came up one yard short of sustaining a possible scoring drive. The 'Cats got the ball back and ran out the clock. The outcome of the game left the Mules 0-1 in district play.

The game with Dimmitt on Thursday evening gained respect for our young men and showed the rest of our district that we are hard playing, hardhitting, and never say die whatever the situation.

Coach Albertson and I are very proud of our players with efforts

SWCD...

Four workshops will be held on district operations, education/information, agricultural and silvicultural nonpoint source management and Texas Water Commission activities.

A presentation on the statewide watershed study being conducted by the Texas State Soil and Water Conservation Board will also be a discussion issue.

Regular election for Association of Texas Soil and Water Conservation District Directors for State areas one, three, and five will be held on Tuesday afternoon in the area sessions. A president and vice president of the Association will be elected at the Association's business session on Wednesday.

Rotary...

Cont. From Page 1 the athletic department in the school.

Although the membership agreed to the challenge, they said they need a little more time than the October 28-November 4 dates proposed by the coaches, saying they needed to "get into shape a little more than that time span allowed."

Guests at the meeting included visiting Rotarians Martin Chandler and Walter Hughes from the Texico-Farwell Rotary Club and Barry Knight from the Portales Rotary Club. Also, visitors included W. G. Harlan, Thurman Myers, C. L. Myers, Noe Anzaldúa and RotaryAnns Judy Coker and Judy Watson.

from offensive linemen like Kevin Morris, Damon Parker, J. P. Rogers and Steve Garcia, we are moving the ball by putting it in the hands of FB Sergio Garcia and backs like Brent Hernandez, and Kip McCall, and the Mules will muster a solid ground game.

Big play potential came true last Thursday when QB Galin Latham put the ball in the hands of receivers Jonathan Villa and Josh Alanis.

Defensively, performances by Steven Noble, Manuel Elizarraraz, and Jason Box gained recognition for a proud stubborn Mule defense forward wall.

With a linebacker the quality of David Quintana and secondary players like Chris Dominguez, we are coming together as a hard-hitting, rock 'um, sock 'um unit.

But, we aren't just individuals playing out there, we are a team -- Mules.

Great efforts from NG's Jose Tierra and Anthony Contreras and Victor Lira lent much 'pop' to the Mule defense. Tackles Juan Flores and Jason Harmon were ripping and roaring to add to our effort.

We appreciate very much the Die Hard Fans who support us and hope they will follow us to Floydada on Thursday, October 19, for our second game of the season. Starting time is 5:30 p.m.

Windbreak Tree Seedlings Can Be Ordered

As a service to the Bailey County area, the Blackwater Valley SWCD is offering windbreak tree seedlings for wind erosion control.

According to Soil Conservationist Darren Richardson, windbreak trees help control wind erosion in fields, beautify and protect farmsteads, and can provide excellent wildlife food and shelter.

This year, the Blackwater Valley SWCD will have over 20 different species of windbreak and wildlife seedlings available. Windbreak seedling orders will be taken until February 23, however, some species are available in limited quantity and may sell out quickly, so place orders as early as possible.

Supplemental watering is an essential part of a successful

Harding Says He's Retiring From Practice

Hurshel R. Harding, senior partner in the law firm Aldridge, Harding, Aycock and Actkinson, P.C., Farwell, Texas, has recently announced that he will no longer be practicing law, but will remain with the law firm as "of counsel" in an advisory capacity.

After graduation from Baylor University Law School in 1954, Harding served as a legal officer for two (2) years with the United States Air Force. Upon discharge in 1956, Hurshel set up practice in Muleshoe, Texas, for six (6) months before joining the law firm of John and Sam Aldridge in January, 1957.

Thereafter, he continued in that office, practicing law with the firm under the names of Aldridge and Aldridge; Aldridge, Aldridge and Harding; Aldridge, Harding and Aycock; and for the last twelve (12) years under the name of Aldridge, Harding, Aycock and Actkinson.

Harding plans to retain his law license and stay up-to-date on law changes by regularly attending seminars and possibly participating in some of these. He will spend his time farming, ranching and attending to other investments which he owns.

Harding expressed his greatest pleasure in practicing law for thirty-five (35) years had been helping people with their problems and cultivating many lasting friendships. He felt that retirement was due now or never, and he took the prior choice.

Breast Cancer Unit Plans Local Visit

The Mobile Breast Cancer Detection Unit of Odessa, Texas, which services Muleshoe, Texas today received the certification of the American College of Radiology Mammography Accreditation Program.

Mammography is an x-ray examination of the breast, which the American Cancer Society and other medical experts see as the best means for the early detection of breast cancer.

The program is voluntary and is designed to insure that women receive optimum quality mammographic examinations. The process is done through a peer review evaluation of the facility's staff qualifications, equipment, quality control and quality assurance programs, image quality, and breast dose. The accreditation must be renewed every three years.

The accreditation program was

instituted because of the concerns of radiologists, other national medical organizations, and the public that qualified personnel perform and interpret mammograms and that dedicated mammographic equipment be used. The American College of Radiology received an American Cancer Society Control Grant which was used to pilot test the Accreditation Program.

Breast cancer will strike one in 10 American women. The American Cancer Society predicts that about 41,000 women will die of breast cancer this year. As there is no way to prevent the disease, early detection and treatment offer the greatest hope for survival.

The American Cancer Society recommends that women do monthly breast self-exams and have regular physical breast exams by a doctor. It further recommends mammography on the following schedule:

A baseline mammogram (for reference) between age 35 and 39.

A mammogram every one or two years between age 40 and 49. An annual mammogram from age 50.

The Breast Cancer Detection Unit will be in Muleshoe, Texas on Monday, October 23rd. You may call 272-4524 for an appointment.

Chamber Corner By Nancy Kidd

If you received a Christmas Parade entry form from the Chamber of Commerce, you need to note that the line-up will NOT be at the Old City Park. It will be at the Boy Scout lot at the south end of Main Street.

The Chamber is urging all Muleshoe businesses to please have an entry in the Christmas parade with your business name on it. Let's let the community see Muleshoe businesses in parades. This is one of the best ways to advertise your business.

I will be contacting each business in our city and surrounding area just to let you know you're appreciated and that we all need each other. No man is an island.

Our community motto:
UNITY IN OUR COMMUNITY

The Chamber of Commerce and Agriculture of Muleshoe extends great thanks to all the membership and friends who attended the membership appreciation luncheon on Thursday. Attendance was fantastic!

We wish to thank our sponsors: Max King, owner and operator of the smallest grain company, Valley Grain Products Inc., Texas Sesame and Farmers Coop Elevator.

Thank you for donations of items, Robert Ruiz, Inc. Serv-All Thriftway, Galante, and Pay & Save.

Many thanks to our host, Five Area Telephone Cooperative.

To the Media for your coverage and help, many thanks.

Thanks to the Jenny Slippers for helping with preparations. When a community works together, for any reason, you will have success. And we, the Chamber of Commerce wants success and unity in our community.

An apology goes to Max King for the over sight on the Chambers part.

Sudan News

by: Evelyn Ritchie

A double-page spread and lead picture of the national champion Trinity Valley Community College Cardinal Cheerleaders in the October issue of "Life" magazine is on the newstands.

Chris Griggs of Sudan is one of the 20 members of the TVCC squad.

The "Life" photo was taken recently during the SMU cheerleading camp when the TVCC cheerleaders qualified again for the NCA finals which will be held in January 1990.

At SMU, they captured the Fight Song Contest and were finalists in the Award of Excellence. National competition in January will be televised on prime time.

The Cardinal squad, under the direction of Connie Russell, currently holds the No. 1 spot in Div. II of the National Cheerleaders Association composed mainly of four-year colleges and universities. They also are the No. 1 junior college squad in the nation. This year's squad boasts several high school All-Americans and three Collegiate All-Americans.

For the second year, the Sudan ISD teachers and staff sponsored a meal to raise funds for the June Pierce Scholarship. Profits totaling \$1785.00 will be added to that fund.

The June Pierce Scholarship in the amount of \$500 is awarded each year to a graduating Sudan senior in honor of the former home economics teacher.

The Sudan Fire Department held a Reppelling Class on Saturday, Sept. 30 at the West Elevator on Highway 84.

These classes are held for the purpose of a primary goal in the development and implementation of a total, coordinated emergency response, rescue and recovery system. Rescue such as the removal of a victim of a grain elevator accident or a victim in a location which can not be rescued by conventional methods. This is a part of the Sudan Fire Department's Training Program to better serve the needs of

Texas A&M researchers fear malnutrition inhibits oral vaccines

COLLEGE STATION — Scientists fear malnutrition may rob a new generation of oral vaccines of much of their potential protective punch against cholera, polio, typhoid fever and other diseases common in Third World countries.

Medical researchers at Texas A&M University believe that they can now explain why a lack of protein in diet makes vaccines less effective than they should be.

The Texas A&M scientists have found that diets deficient in protein — a chronic problem in many developing nations — appear to reduce the immune system's ability to use oral vaccines to trigger its own protective responses against a number of potentially deadly infections that attack through the intestinal system.

Sudan and the surrounding area.

Evelyn Scott underwent surgery this past week at the St. Mary's Hospital.

Mary Lois Bridwell underwent surgery at the Methodist Hospital in Lubbock on Tuesday.

Mr. and Mrs. Mike McDonald and Mechelle vacationed recently in San Antonio where they visited Sea World and other points of interest.

Ila Ruth Gilreath was here for the homecoming festivities during the weekend.

Dennie Harvey visited during the weekend with his parents, Mr. and Mrs. Halbert Harvey. Attending church with them Sunday morning at the FBC were Chrystal Harvey and family of Littlefield.

Arlene Grigsby of Guymon, Okla. visited this week with her sons, Mr. and Mrs. Damon Provence and Mr. and Mrs. Darren Provence and families and also her sister, Mr. and Mrs. Bobby Carson and Angie.

Mr. and Mrs. Jack Engram visited during the weekend in Amarillo with their son, Mr. and Mrs. Kim Engram and family.

Despite rumors of a rattlesnake infested bonfire, over 200 people gathered Thursday night to enjoy the excitement produced

at the yearly event. While some took lawnchairs and set in the back of pickups, others took a chance and stood around the 68,000 lb. bonfire. After the appearance of the Hornet football team, the Sudan cheerleaders led cheers and the band played to build enthusiasm. Kyle Maxfield made a speech which encouraged support from the Hornet fans.

When the countdown ended, Darren Provence lit the bonfire. As the event came to a close, the Hornet band played the school song as the crowd sang. Eventhough the crowd departed, the Volunteer Fire Dept. controlled the fire throughout the night.

The Student Council sponsored a bonfire wood contest. Each class had three weeks to gather as much wood as they could. The classes used weigh tickets to

keep track of how much they had gathered. They took their wood to Farmers Co-op Gin to weigh.

During the homecoming pep rally, Buddy Lowrance, high school principal announced that the junior class was the winner having collected 25,000 lbs. of wood and received first place. The members of the class who participated received a \$1.00 coupon to the candy room.

Second place went to the freshman class with 22,000 lbs collected. The total bonfire weight was 68,000 lbs.

The Sudan Booster Club met Tuesday, Oct. 3 at 7 p.m. in the school cafeteria when refreshments were served to some 21 members and coaches. Winner of the \$5.00 football contest this week was Coach Henley.

The family of Lote and the late R.D. Precure wishes to thank you for all your friendship, your donations, cards, and letters honoring our mother at the time of her passing.

BREAST CANCER DETECTION UNIT

available to area women!

MONDAY, OCTOBER 23rd
WEST PLAINS MEDICAL CENTER
708 SOUTH 1st
MULESHOE, TEXAS

Call 272-4524 for appointment

According to the American Cancer Society, one out of ten women will develop breast cancer sometime in her lifetime. It is currently estimated

that over 37,000 women die each year as a result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate. The cost is only \$60.00.

A mammogram can detect a cancer this small, even before it can be felt.

HOMECOMING CANDIDATES FOR THREE WAY LAST FRIDAY NIGHT--At mid-point in the Three Way Eagle-Bovina Mustang football game at Three Way last Friday night, the 1989 Homecoming King and Queen were crowned. Twins Debbie (in the cape) and Chris Locke (No. 42) were named Homecoming King and Queen for 1989. (Journal Photo)

Enochs News

by: Mrs. J.D. Bayless

Guests spending Wednesday night, Oct. 4 with Mrs. Mamie Adams was a nephew, Dr. and Mrs. John Jaynes from Columbus, Ohio, also Rhett Avary of Dallas.

The first load of milo was brought to the Farmers Co-op Elevator September 27 by Chris Holt of Needmore. He harvested at Baileyboro.

Mrs. Buford Peterson was with her sister, Mrs. Martha Leake from Pogosa Springs when she under went surgery at South Park Hospital in Lubbock Monday, Oct. 2nd. She stayed with her sister three days.

Mr. and Mrs. Pat Steele of Austin visited the Dale Nichols Thursday.

Britt Alexander is home visiting his mother, Mrs. Darlene Alexander, in Littlefield and his grandmother, Mrs. Faye Jones, and other relatives. He has been stationed in Germany the past four years. After his leave he will be stationed in Phoenix, Ariz.

Mr. and Mrs. Pat Claunch and

son, Jaco, visited her grandmother at Lamesa, who was in the hospital. Mrs. Glennis Spencer. Mrs. Spencer passed away and she attended the funeral service of her grandmother at 2 p.m. Friday at the North Side Baptist Church in Lamesa. I express my sympathy to all of her relatives. Mrs. Claunch's mother, Mrs. Lena Sue Whisenant of Brownwood took ill and was admitted to St. Mary's Hospital in Lubbock, was in CCU Friday and Saturday before her mother passed away.

Guest in the home of Mr. and Mrs. Dale Nichols Sunday were Mr. and Mrs. Tom Tuttle of San Antonio. A son, Jerry Nichols, also visited with them.

Mr. and Mrs. Burley Roberts visited their daughter, Mr. and Mrs. Greg Bruton and children at Lubbock Friday.

Mrs. Brenda George of Lubbock and two school teachers who teach with Brenda at Slaton visited Brenda's parents, Mr. and Mrs. E.N. McCall Sunday evening and had supper with them. They were in route home from the Capatrain Mountains.

Mr. and Mrs. Richard Nichols and two sons of Clovis, N.M. were guest in the home of his

dad, Mr. and Mrs. Quinton Nichols Sunday.

Mrs. Bill Key and Mrs. Bud Huff visited a sister, Mr. and Mrs. Bobby Adams the past week.

Mr. and Mrs. Dale Nichols and Mr. and Mrs. Buford Peterson went to the Jambree at the Activity Building in Littlefield Saturday night. Some from our area played music also. Ted Belez's two sons, Israel and Sammie, Jo Ann Tucker and Mrs. Holmes.

Mr. and Mrs. Gleen Green and baby, Matthew, of Lubbock and Mr. and Mrs. Bobby Adams visited her grandmother and mother, Mrs. Mamie Adams, Saturday.

GOLDEN GLEAMS

A useless life is an early death. -J.W. Goethe.

Youth is a blunder; manhood a struggle; old age a regret. -Benjamin Disraeli.

Man's real life is happy, chiefly because he is ever expecting that it soon will be so. -E.A. Poe.

Oat Bran Helps Lower Cholesterol, But Needs Help

Oat bran alone may not help lower cholesterol without trimming fat in the diet, reports a recent study of the Institute of Food Technologists (IFT).

Although some studies suggest that oat bran can lower blood cholesterol as much as 19 percent, more comprehensive research shows that the grain works best in tandem with low fat diets, according to the study by the 23,000-member professional society of food scientists.

"People should realize that oats and other types of fiber or

bran will not just 'wash away' cholesterol unless used in conjunction with a low fat regimen," said principal author Barbara Schneeman, Ph.D., University of California-Davis.

"Adding fiber to your diet probably would help most Americans, but science is really just beginning to understand fiber and health," said Dr. Edward E. Burns, professor of food science at Texas A&M University and IFT Regional Communicator for Texas.

Despite this lack of knowledge, many groups have already made broad recommendations to American consumers.

The U.S. Surgeon General advises Americans to increase consumption of whole grain foods, cereals, vegetables and fruit; U.S. Department of Agriculture's Dietary Guidelines say that generally Americans should have "adequate" fiber and starch; the National Research Council suggests adults eat five or more cereals or legumes... each day.

These recommendations aside, the IFT report notes that "scientists are still faced with the dilemma of how to access the adequacy of fiber intake for an individual or a population as a whole.

"Until we have a better understanding of the role which fiber plays in regulation of

gastrointestinal functions, it will be difficult to recommend an optimal fiber intake for the population," its report continues.

"Although the specific association between dietary fiber and disease may be difficult to prove, there are clearly benefits to consuming foods rich in fiber," the IFT study said.

But beware of too much of a good thing, IFT cautions: "Any recommendations for increasing fiber intake should limit the maximum intake of fiber so that mineral balance is not compromised," the report says.

If fiber is greatly increased in a low fat diet, consumers may not be retaining and adequately using numerous minerals required by the body, the report said. In some cases, high-fiber diets can limit amounts of minerals absorbed by the body.

Iron, zinc and calcium, for example, may combine with a substance in some vegetables to prevent absorption by the body, the IFT report said. A type of fruit fiber called pectin may limit absorption of vitamin B12. The latter may particularly concern some vegetarians whose diets are already low in the nutrient.

Life is like a school of gladiators, where men live and fight with one another. -Seneca.

Lazbuddie Football Report

Lazbuddie Football Coach C. W. Williams took his Longhorns to Ropes last Friday night for a game that was over at the end of the first half, with the 'Horns winning the game, 60-0.

In the first quarter, the first points on the scoreboard came from a 40-yard pass from Michael Williams to Kevin McGehee. The Try for extra points failed.

Then Michael passed a 30 yarder to Doug Barnes, followed by Michael kicking the extra points.

Kirk Jesko got the next TD on a 25 yard pass from Michael Williams, who then kicked the extra points.

As the Michael Williams 'show' continued, he returned a 48 yard punt to paydirt, then kicked the extra points.

In the second quarter, Eddie Zamora slammed through with a 32 yard run, and the PAT failed.

Kevin McGehee then got his second TD of the night, on a 50 yard pass from Paul Williams. The kick was good by Lewis Gonzales.

It was then another Michael Williams-Kirk Jesko TD pass. This one for 27 yards, with Michael kicking the extra points.

Final TD of the game was on a 17 yard pass from Paul Williams to Eddie Zamora, with Paul booting in the extra points.

B.J. CROWLEY'S HOROSCOPE

Week of October 16 1989,

LIBRA--Sept. 23 to Oct. 22--Carelessness could cause complexities to arise. Be alert, side-stepping trouble spots. Don't let efficiency override kindness.

SCORPIO--Oct. 23 to Nov. 22--This week accents superior work performance. Superiors are impressed with your findings. Be honest with yourself and others.

SAGITTARIUS--Nov. 23 to Dec. 21--A solution to a major problem appears. You will become happier, reconciled and more content with your surroundings.

CAPRICORN--Dec. 22 to Jan. 19--Set up a strict schedule for yourself and follow it. Delegate menial tasks to others. Take the lead.

AQUARIUS--Jan. 20 to Feb. 18--Wait to begin new projects until those currently under way are completed. Avoid any tendency to nag someone you love.

PISCES--Feb. 19 to March 20--Your energy is restored as exciting things to do and places to go appear on the horizon. Broaden your interests.

ARIES--March 21 to April 20--Be alert to the possibility that others may be jealous of your position. Continue to do the right things.

TAURUS--April 21 to May 20--Be thorough in all endeavors. You are quite capable of doing a job well. Organize your time.

GEMINI--May 21 to June 20--Shop for items to improve appearance. Bright, cheerful colors add zest. A change in hair color or style also gives you a lift.

CANCER--June 21 to July 22--Be patient with delay concerning personal plans. Be prepared for fluctuating earning power.

LEO July 23 to Aug. 22--Jointly owned resources could show an impressive increase in value. Save money for future investments.

VIRGO--Aug. 23 to Sept. 22--Young persons should have a sound financial reserve before considering marriage. A savings program is essential for young adults.

Adult Education
You used to say "I was all the world to you."
"Yeah, but I didn't know much about geography then."

Feelings?
"Since you have broken your engagement to Tom because your feelings toward him aren't the same, are you going to return the ring?"
"No, my feelings toward the ring are still the same as ever."

Definite Rebuke
"I asked if I could see her home."
"And what did she say?"
"She said she'd send me a photo of it."

Quite Easy
Caller--What, no attic?
How can you get along without one to store your junk in?
Hostess--Oh, you see, we give it all away as bridge prizes.

Off The Record
Judge--Your wife says you keep her continually terrorized!
Prisoner--But, your Honor--
Judge (whispering)--Now not in my official capacity, but as man to man, what is your system?

Like Father, Like Son
Fearful Father--"My boy, the next time you have an urge to kiss the new maid, I'd suggest you use a more secluded spot."
Freshman Fred--"Oh, the hall was dark enough, Dad. Besides, she thought it was you."

Out of It
A lady approached a surgeon and asked him if he would perform an operation.
"What for?" he inquired.
"Oh, anything you like. You see, I attend a lot of women's bridge parties and, never having an operation, I simply can't take part in the conversation."

Hunting Material
The Soph--"How do you pronounce your name, sir?"
The New Professor--My name is Ticklefeather--pronounced just as it is spelled."

The Soph--"thanks, I'm chairman of a class committee on yells and I'm looking for something that sounds ridiculous to put into a new one."

BIBLE VERSE
"A thousand shall fall at thy side, and then thousand at thy right hand, but it shall not come nigh thee."

1. Where is this verse found in the Bible?
2. Who made the promise?
3. To whom was protection pledged?
4. Where was their dwelling place?

Answers:
1. Psalm 91:7.
2. The author of the Psalm.
3. The godly.
4. The secret place of the most high (verse 1).
