MISD Will Begin New Student Program

'Light' Election Turnout Here

Following the trend of the state, very little local interest was shown in the election in Bailey County Tuesday, with no major candidates seeking election.

On the ballot were 21 proposed Constitutional amendments, with most of them being approved locally.

Voters did vote against Constitutional Amendment No. One, which read "To limit the salary of the Lieutenant Governor and the Speaker of the House of Representatives to not more than one-half of the Governor's salary and to limit the salary of a member of the Legislature to not more than one-fourth of the Governor's salary." The vote was 141-366.

The vote was 264-231 for Amendment No. Two and 261-237 for Amendment No. Three.

Local voters also approved Amendment No. Four, 313-186; and approved Amendment No. Five, 302-192.

Narrowly squeezing by was Amendment No. Six, with the vote being 260-241; and Amendment No. Seven received a vote of 281-217.

It was 271-219 for Amendment No. Eight and voters in Bailey County voted for Amendment No. Nine, 298-188.

Overwhelmingly approved was Amendment No. 10, 387-112; and county voters soundly defeated proposed Amendment No. 11, 206-285. The proposed amendment read, "To set the amount of per diem received by a member of the Legislature at the amount allowed for federal income tax purposes as a deduction for living expenses incurred by a state legislator in connection with

On Thursday, Nov. 9, the First United Methodist Church will be serving their annual Thanksgiving Dinner from 11 a.m. to 1:30 p.m. Adult tickets are \$6. Take-out orders and deliveries will be accepted until 10:30 on the 9th by calling the church office at 272-5517. Proceeds will go to benefit Meals on Wheels and Nigerian Missions.

On Friday, November 10, from 5-7 p.m., the MHS junior class will be serving their traditional turkey and dressing dinner before the Muleshoe-Littlefield football game.

Adult tickets will be \$5 and it will cost \$3 for children under the age of 12.

For carryout dinners, call 272-4360 between 2:30-6:30 p.m. on Friday, November 10.

Tickets are available from any junior class member.

Post Commander Troy Page said Muleshoe's Ben Richardson Post of the American Legion will be serving their annual Veterans Day breakfast on Saturday, November 11.

They will begin serving at 7 a.m. at the American Legion Hall at West 15th and Avenue B, and all veterans, their wives, and deceased veterans wives are welcome to attend.

Those interested in helping a needy family at Christmas are asked to attend a Tupperware party being hosted by Alpha Zeta.

The party will be held at the Bailey County Coliseum on Monday, November 13, from 5-7 p.m.

Youth Discuss Summer Experiences

Rotary President Terry Hutto reported Tuesday at noon that it was confirmed that Bubba Jennings would be playing with the Muleshoe Rotary Club, when they take on the MISD Coaches in a benefit basketball game on Thursday, November 16 at 7:30 p.m. in Watson Junior High School gym.

It will also be "Meet the Mules and Mullettes" night preceding the basketball game.

Bruce Purdy will be in charge of the concession stand and Bill Liles will handle the 'gate.'

In the meantime, the Rotarians are practicing in an attempt to get in shape to play the coaches in a game, with all proceeds to benefit the basketball programs for the school.

The Rotary president also announced that Jay Feagley would have the program for next week.

Before the scheduled program, President Hutto asked Frank Hezmall, from the South Plains Council of Boy Scouts, Lubbock, to speak briefly to the Rotarians concerning a Scout Food Drive, which starts Saturday, November 11 in Muleshoe.

The speaker said Scouts will be leaving plastic bags at the homes of local residents on Saturday then later go back to collect the bags and donated items. He asks that non-perishable food items, such as canned foods, be placed in the bags.

Hezmall said that more than 60 million items were gathered by Scouts on the South Plains last year. All food will be taken to Lubbock to the South Plains Food Bank. However, each community will be given a voucher to equal the number of pounds of items donated. This way, people who distribute food for the needy, can reclaim the food using the vouchers at the South Plains Food Bank to return to Muleshoe.

The Scout executive also said the Boy Scout popcorn sales are beginning next week, with four varieties to be offered by the local Scouts.

Curtis Shelburne was winner of the Polio Plus drawing for the week.

Clifton Finley was in charge of the program for the day, and asked Kerry Moore to introduce the two boys and two girls who attended the Rotary RYLA Camp during the past summer.

Moore introduced Stephanie Cox, Amy Montgomery, Andy Langfitt and Charles Riegel.

The four youths spoke of their experiences at the camp.

Stephanie started off by thanking the Muleshoe Rotary for sending the group to RYLA

camp, which she termed "a lot of fun."

Amy said they learned a lot about environmental problems that they were unaware existed until they learned about them from "some of the best speakers we ever heard."

Stephanie talked about the girls' campers learning about

Women Take Top Two Spots In FB Contest

This week, it was the 'ladies' who took the top two spots in the weekly merchants' football contest.

Both the top winners missed only three games, so it took the tiebreakers to determine the first and second place winners.

Kathleen Hayes missed three games and was 23 points away on the double tiebreaker to take first place.

In second place was Nona Blake Douglass, who also missed three games, but was 25 points off on the double tiebreaker.

Several entrants missed four games, but despite checking and double-checking, the third place still ended up in a tie. C. O. LaRue Jr. of Amarillo, a former longtime Muleshoe resident, and Keith Hicks each missed four games. But, in what may be the closest tiebreaker ever, each was only four points off on the tiebreaker scores. So they shared the third place check, points and MAC Buck tickets.

Other entrants who missed four games and their tiebreaker scores were Ruth Malone, 15; Alene Bryant, 20; James Hanson, 21 and Leland Brockman, 25.

This is how the scoring went for the latest contest:

Texas 17	Texas Tech 24
Colorado 27	Nebraska 21

Farwell 38	Olton 6
Lazbuddie 52	Bovina 32

self-confidence and she and Amy both talked about the new friends they met and made at camp.

Charles said he really enjoyed RYLA Camp and that they quickly made friends with their cabin mates. Andy said the food was good, and it was a good experience and chance to meet a lot of new people. He said he has seen several of the young men he met at football games during the fall.

"It was well-organized," said Andy, "but, we didn't have enough time to do all we wanted to do."

According to Charles, they enjoyed the speakers, who in many instances used personal experiences to make their point. "We had mostly very, very good speakers."

He also told of a German lady, who with her husband, ran a small store at the camp. He said he enjoyed hearing her tell stories about her home land.

They talked about team competition and how they learned to

EMS Toys For Kids Project 'Kicks Off'

Jackey Wayne Burris, assistant director of the Bailey County Emergency Ambulance Service, has announced that it's time to get the annual Bailey County EMS Toys for Kids Project underway.

As they have for the past two or three years, the Bailey County EMS will be heading up the drive to help see that youngsters, who would not otherwise have a Christmas, receive toys, plus food, for Christmas.

Again this year, the EMS has obtained the use of a building to stockpile toys for children of all ages, from infants, through toddlers to young teenagers.

They are ready to start accepting donations of toys, non-perishable food items, especially canned foods, coats or jackets (for children only) and Christmas trees and decorations.

Also, the EMS is now accepting applications which lists the names, ages and sex of children who could use the Toys for Kids assistance.

Burris reminded that persons who do not have toys to contribute may always contribute Christmas candy, fruit or nuts -- and especially welcome are cash donations.

There will be the need to buy several gifts, especially for the young teenagers, as contributions in that age group has always come up 'short' according

Meeting with the Muleshoe Independent School District Board of Trustees Monday night was Doris Scoggin, representing the Student Assistance Program, which is being implemented by the school.

She presented a resolution to the school board, which would allow the MISD to officially adopt the new program, designed to help all students, on all four school campuses, as they try to cope with various problems.

More than a drug program, the new Student Assistance Program will help young people cope with substance abuse; parental substance abuse; teenage or unwanted pregnancy; emotion, physical or sexual abuse; mental illness; suicidal ideations; family problems; and legal problems.

Mrs. Scoggin said the students may be referred by himself/herself; by a teacher, coach, counselor, school staff person, administrator, parent, fellow student, or others.

She also explained, "A Student Assistance Program is a school-based identification, assessment, referral, and support system.

"It is a system whose goal is to provide a professional, confidential, and helping response to students who are exhibiting problems which interfere with their performance and functioning in the school setting, and which may lead to their dropping out of school."

Another idea is to get the community involved through a board of community leaders, including ministers, to assist with the program.

Dr. Lawrence Ward, superintendent, said the program is designed to reach to the student level, and could also reach the community.

On a motion by Max King, with second by Cindy Purdy, the new program was adopted.

Following a discussion, the board set a public hearing for 7 p.m. on Thursday, December 14, concerning the possibility of setting a school tax for automobiles and other motor vehicles in the school district.

The motion for the hearing was made by Curtis Shelburne, and seconded by Sam Harlan.

The hearing will be conducted in the board room at the school administration office.

Another lengthy discussion was held on prospective members for the 25-member board of the new Strategic Planning Team to be organized for the MISD.

A number of names were proposed, and those proposed will be contacted seeking their agreement to serve on the board.

Dr. Ward explained that the Strategic Planning Team will be formed as a process where you reach out and accept a 'Belief' system. Dr. Ward added, "This group will meet and study, and find out 'This is really where we are and what we are.' We can believe in each other and put our best foot forward."

The focus will be on setting believable goals for the MISD for the future.

A three-day meeting will be conducted in January for the 25 members to be named to the Strategic Planning Team, according to the superintendent.

Tom Alvis, assistant superintendent for business, said October tax collections are well ahead of the same time last year, representing 50.74 percent of the taxes levied. Last year, at the 85 cent rate, 45 percent of the total taxes had been paid at the end of October.

After \$28,000 in discounts, the total taxes collected came to a total of \$905,773. To this was added \$7,709 in delinquent taxes for a total of \$913,682 collected in October, 1989.

Anchor Bros. Band, Other Gospel Groups Set Praise Gathering

Saturday night, the Anchor Brothers Band of Sudan, and other gospel singers and groups, cordially invite the people of the area to get the holiday season off to the right start -- by attending a 'Praise Gathering' at the Bailey County Civic Center.

An evening of family entertainment of good gospel music has been planned, designed to please everyone.

Also performing will be the First United Methodist Church handbell choir, Penny Hargrove of Sudan, and other gospel groups.

There is a suggested donation of \$2 each at the door, plus a can of food, which will be given to the Jennyslippers to provide to needy families at Christmas time.

You can enjoy a relaxed, special evening of good gospel music, which will set the tone for the holiday season.

They said, "Come out -- help us get the holiday season started off right."

ANCHOR BROTHERS BAND TO LEAD PRAISE GATHERING-- Saturday night, at 7 p.m., The Anchor Brothers Band of Sudan will be heading up a praise gathering for the holidays at the Bailey County Civic Center. Several other groups will also perform. Pictured from left are band members, Dean Richards, Kenneth Richards, Reydon Stanford, Tracy Wood (foreground) and Lanny Kinney, who are members of the band. Many interesting events happening in our city. Thanksgiving dinners everywhere, and oh, so good!

This Thursday, you can eat at the Methodist Church. Call your favorite friend (your spouse) and take them to meet more good friends and eat dinner at the Methodist Church.

Last week, the Rebekahs fed the community well. And, they even washed the dishes.

Friday night will be the last football game of this season. Let's have a good turnout and support our team for their last game. We would have liked for them to have had a winning season, if they lose in good ways they can be better

Texas-Houston Game In Week's Spotlight

It's been six years since Texas enjoyed the heady atmosphere of the top spot in the Southwest Conference. In 1983, the then powerful Longhorns were undefeated at 11-0 and won the league championship. This week they're meeting the high-scoring Houston Cougars in Houston. The Cougars have lost to both Texas A&M and Arkansas, but they're primed for the Texas invasion. Last year's contest was one of the Longhorns' worst embarrassments, Houston mauling them 66-15. (It was 60-40, Cougars in 1987.) Houston is favored to beat Texas for the third year in a row.

Another big showdown takes place Saturday in Tucson, Arizona, where the Wildcats host Southern California. Arizona started its surprising season by up-ending Oklahoma in mid-September, and it has continued with particularly big wins over Washington, U.C.L.A. and Washington State. The Trojans have been methodically rolling up Pac-10 victories, its hairiest, an 18-17 nipping of Washington State on the road. This game matches the high-powered Southern California offense against a stingy Arizona defense. We're picking the Trojans.

attitude. The Special Olympic Creed is: 'Let me win, but if I cannot win, let me be brave in the attempt.' This creed can apply to all athletes or contests. The Anchor Bros. have a fantastic evening planned November 11th at the Civic Center at 7:00 p.m. The cost is your presence, a \$2.00 donation and a canned good for the needy. The Jennislippers will be in charge of distribution of the goods. Mark this day on your calendar and spend a joyful evening. Thanksgiving Day should be every day of our lives. We don't have to rush over a "wall," or rush to a freedom train. What would happen if every blessed household invited a "street" person, or someone who has nothing, to dinner on Thanksgiving Day. The host would be receiving the blessing. The Christmas parade is coming up on December 2. So, get your thots together and let

us have a very good "Muleshoe" parade. During all the good times, we are brought to the realization that all people are not good. From the Better Business Bureau came this notice and I'm passing it on to you: DAUGHTREY HOME IMPROVEMENT SCAM A warning from the office of the Attorney General. Be on the look for transient home repair contractors that operate from private answering services and postal boxes. They typically solicit the elderly using various false selling techniques such as "your house has a gas leak" or "your house is going to fall down." They charge the customer ten to fifteen times the market value for work that is generally unnecessary. Often these con-artists approach the victim by impersonating a city official or simply offering to give a free inspection. These particular schemes use the last name of Daughtrey and are being sought by the attorney general's office. A suit by the state has already been filed. Currently it is unknown if these people are in the South Plains area but the Bureau has had reports of contractor scams that were very similar. Members are asked that if they know of any elderly consumers, especially widows that live alone, to please warn them about transient home repair people.

Transient contractors in Muleshoe must have a peddlers permit. The Three Way Baptist Church had lunch after the morning service then had singing. Mrs. H.W. Garvin attended church at the Methodist Church in Morton Sunday. The youth of the church served a spaghetti lunch after morning services. DeShazo Courtesy Committee Begins TGIF Lunch

Have you heard? On the first Friday of each month, there is a place in Muleshoe that serves international cuisine. It is called TGIF and you can only be served the delicious and different meals at Cafe DeShazo located within the DeShazo Elementary School building.

TGIF is a brainchild of the DeShazo Courtesy Committee and stands for "Thank Goodness It's International First Friday".

The special lunch time is designed to celebrate the various staff members birthdays, weddings, birth of babies, and also to establish comradery and a learning, sharing, cohesive feeling among staff and invited guests.

On the first Friday of each month, staff members who choose to participate, prepare food from the country designated for that particular month.

Oct. 6th was the first TGIF celebration with an Italian meal served. Nov. 3, a German and Hungarian feast was prepared.

The first Friday in December will feature Oriental flavors, followed by January - Sweden, February - French, March - Mexico, April - Cajun, and May - Greece.

TGIF promises to be an unusual adventure throughout the school year to explore and experience new and different foods from other countries. This may prove you are never too old to learn, and you are never too busy to enjoy!

JUST TAKE A SMALL BITE--Terry Young gives Coach Jim Stewart a bite of an Italian dish during TGIF meal Friday at Cafe DeShazo, the only place in Muleshoe that serves international cuisine. (L-R) June Parish, Connie Kenmore, Jim Stewart, Terry Young and Carolyn Ward. (Journal Photo)

FARM HOME MAKERS HAVE A LONG WORKING WEEK

More than 63 hours a week is the average "working time" for 700 farm women who kept records and reported to the Bureau of Home Economics of the United States Department of Agriculture.

They reported an average of 52 hours and seventeen minutes spent in strictly home-making activities along. This is more than the 44-hour working week which is the standard in industry, the bureau points out. In addition these women spent an average of 11 hours and 13 minutes a week on dairy work, care of poultry, gardening and other outside tasks.

MULESHOE VALUATION SET AT \$831,000; AN INCREASE OF \$84,000

That the city of Muleshoe has enjoyed an area of considerable prosperity during the past year, is clearly indicated in the assessment rolls now being completed by Mrs. Holly Bucy, tax assessor, who states that rolls will total approximately \$664,938. Since the assessed value represents about 75 per cent of actual commercial value, indications are the city has a property value of about \$831,173.

There has been a growth of about \$41,484 dollars in property values during the past 12 months.

However, the increased valuation has been considerably more than that figure to date, since there has been and now is considerable property construction going on which was not included in this year's assessment, which did not list property construction begun since January 1 this year.

SAVINGS ARE NOT TO BE SNEEZED AT
"Tis well known that the use of an automatic electric dishwasher reduces the use of tea towels from an average of 42 per month to less than half of that figure. But how to measure the great drop in the use of hankies and tissues resulting from the homemaker's helper? Its pretty difficult to compute even through most families contribute to the almost sterilizing action of dishwashers the fact colds are less often "common" to the family, and that there is reduction in passing around of other contagious illnesses. Bacteria removal through machine washing more than meets U.S. Public Health Standards for cleanliness in dishwashings.

MICROWAVE TIPS

One of the novelties of microwaving is that foods continue cooking deep inside after only a few minutes of microwaving.

The baking potato--perfect for the microwave--is a good example in understanding this

process. A potato need not be wrapped in foil in a microwave. It's placed on paper towel (to absorb moisture) and cooked on high for only four minutes. Then it continues cooking from the heat within.

The microwave puts the heat inside, up to 1 1/4 inches from the outer surface, almost immediately. Conventional ovens require an hour to get heat to the center. A microwaved potato finishes cooking itself during a few minutes' standing time.

Creative Living

by: Sheryl Borden

Information on pasta and a performance of a magic act will be the featured topics on "Creative Living" on Tuesday, November 14 at 12 noon and on Saturday, November 18 at 2 p.m. (All times are Mountain.)

Mari-Lou Callahan represents the Hershey Foods Corp. in Hershey, PA and will discuss the many nutritious virtues of pasta. Mari-Lou will share some interesting facts and recipes on pasta which was once considered a fattening food.

Dr. Armand Brodeur serves as the medical consultant for Armour Lower Salt and is from St. Louis, MO. Dr. Brodeur is not only a physician, but a magician as well and has combined these two talents to teach good nutrition to school age children. His magic act is tailored to present his message, which is good nutrition keying on a low salt, low sodium diet.

On Tuesday, November 14 at 9:30 p.m. and repeated on Thursday, November 16 at 12 noon, "Creative Living" will present information on "odds 'n ends", sewing with leather, and recipes from the popular cookbook, *Calf Fries to Caviar*.

Connie Moyers is the Marketing Home Economist with Southwestern Public Service Co. in Clovis, N.M. and will present a topic entitled "odds 'n ends". Connie will show how to make salt substitute, summer squash pickles, wine jelly and other odds 'n ends. Most of these quick and easy ideas make use of either the microwave oven or other small appliances that are energy efficient to operate.

Suzi Holder will discuss and demonstrate how easy it is to sew with leather. Leather is now available to home sewers in many different styles, weights and

colors. Although it is not that difficult to sew with leather, many people are afraid to undertake the task because of the cost of leather pelts. There are many advantages of sewing leather at home, and once the proper technique is mastered, there is no reason to fear making costly mistakes. Suzi is with the New Mexico State 4-H office in Las Cruces, N.M.

Sue Vaughn is the co-author of a very popular cookbook called *Calf Fries to Caviar*. Sue is going to share some of her favorite recipes for main dish foods. The recipes included in the cookbook are very easy to prepare and most require very few ingredients. Ms. Vaughn is from Lamesa, TX.

"Creative Living" is produced and hosted by Sheryl Borden. The show is carried on more than 100 PBS stations in the United States, Canada, Guam and Puerto Rico and is distributed by Pacific Mountain and Denver CO. Viewers can request copies of materials offered on the show by sending one 25 cent stamp for each handout requested. Send the stamps, along with your name, address and booklets requested to:

PASTA PRIMAVERA
3 cups Rotini, Twirls or Curly-Roni, uncooked

1 cup sweet red pepper strips, cut in 1" pieces

1 cup green pepper strips, cut in 1" pieces

Grated Parmesan cheese (optional)

2 tablespoons olive or vegetable oil

3 cups thinly sliced zucchini

2 cloves garlic, minced Herbs or spices to taste

Salt and pepper to taste

Cook pasta according to package directions; drain. Meanwhile, in large skillet heat oil and saute vegetables, garlic and herbs until just tender. Toss hot cooked pasta with vegetables; season with herbs, salt and pepper. Serve with Parmesan cheese, if desired. 4 servings.

SPICY MOSTACCIOLI MEXICANA

3 cups Mostaccioli, uncooked
1/2 cup diced green pepper
1 1/2 cups red kidney beans, drained

1 tablespoon vegetable oil
1 1/2 cups stewed tomatoes
1 1/2 cups picante salsa

Cook mostaccioli according to package directions; drain. Meanwhile, in large saucepan heat oil and saute green pepper until crisp-tender. Add remaining ingredients and cook, stirring occasionally, until heated through. Stir in hot cooked mostaccioli before serving. 6 servings.

LINGUINI AND BROCCOLI

1/2 pkg. (8 oz.) Linguini, uncooked

1 tablespoon olive or vegetable oil

4 cups fresh broccoli florets

1/4 cup grated Parmesan cheese

1/4 cup chopped fresh parsley

1 clove garlic, minced

1/2 cup sherry

1/2 teaspoon basil

1/2 teaspoon pepper

1 cup lowfat cottage cheese

Cook linguini according to package directions; drain. Meanwhile, in 10" skillet heat oil and saute garlic and basil about 1 minute. Add broccoli, sherry, parsley and pepper; cook and stir until broccoli is tender. Remove from heat; stir in cottage cheese. PECOS RIVER BOWL OF RED

2 Tablespoons lard, butter or bacon drippings

2 lbs. lean beef, cut into 1/2" cubes

4 Tablespoons pure ground New Mexico hot chile

2 teaspoons pure ground cumin

3 cups water

1 large onion, coarsely chopped

3 medium cloves garlic, finely chopped

4 Tablespoons pure ground California mild chile

1 1/2 teaspoons salt

Melt the lard, butter or drippings in a large heavy pot over medium heat. Add the onions and cook until they are translucent. Combine the meat with the garlic, ground chilies and cumin. Add to the onions, breaking up any lumps with a fork. Stir in water, lower heat and simmer uncovered, stirring occasionally, until the meat is very tender and the flavors are well-blended, about 2 1/2 to 3 hours. Add salt to taste. Taste and adjust seasonings. Serve with Adjix's 'n Mixins of coarsely grated Monterey Jack and cheddar cheeses, chopped onion, jalapeno nacho slices, and sour cream with wedges of lime, pequin and caribe if desired.

Local Chapter American Heart Association Meets

The Bailey County Division of the American Heart Association board members met for a regular monthly meeting on Friday, November 3, at the Old Corral Restaurant, with ten members present.

Linda Turner, president, called the meeting to order and the invocation was given.

Dorothy Turner, secretary/treasurer read the minutes of the previous meeting and gave the treasurer's report.

Georgia Pena, program chairman, gave a report on the upcoming Heart Association programs.

"Getting to Know Your Heart" is a program to educate fourth, fifth and sixth grade students about how to take care of their general health by giving specific attention to a good heart-healthy diet and proper physical exercise. This program is scheduled for the month of November.

"Save A Sweetheart" program has been scheduled for February of 1990 and the Student Council at Watson Junior High will conduct it.

"Heart Healthy Meal Week" will be the week of February 12. The lunchroom supervisor has already begun planning for the meals. Teachers will be talking with students about the food that contributes to a healthy heart.

Wanda Wiley, communications chairman, gave a report that arrangements will be made to publicize the "Getting to Know Your Heart" program.

Linda Turner showed a slide presentation on Cholesterol. A list of Board members was handed out and the meeting was adjourned.

The next regular meeting of the American Heart Association will be held December 1 at 12 noon at the Old Corral.

Definite

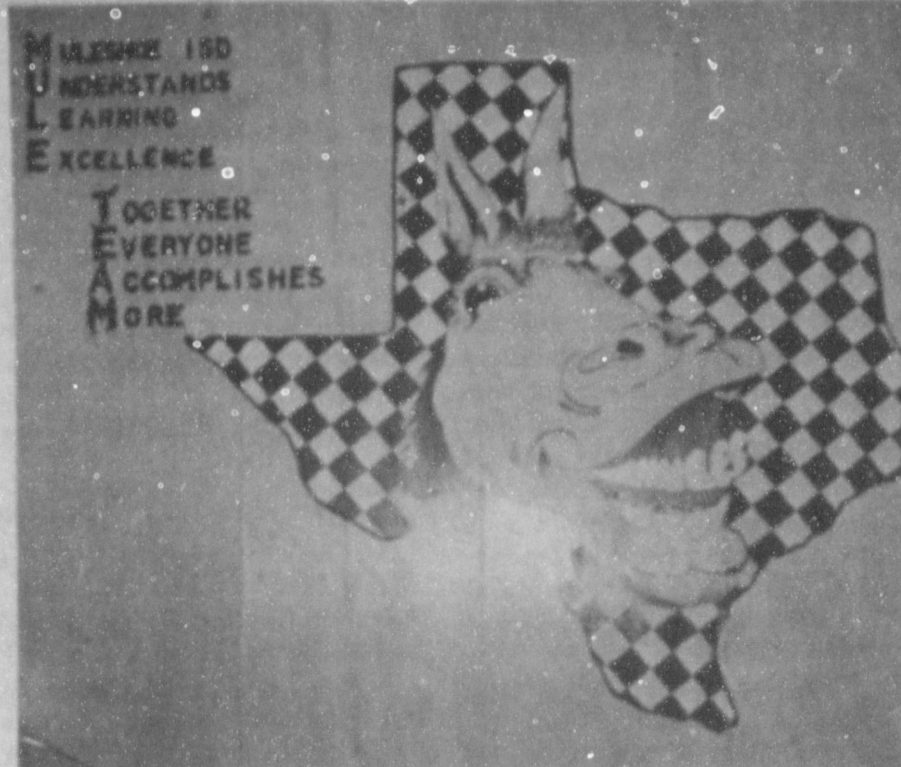

The employer was leaving the office. He was instructing his secretary as to what to say if anyone called in his absence.

Boy Scouts Will Begin Food Drive

The Boy Scouts of America, including Muleshoe Boy Scouts, again will strike a blow against hunger later this month as it undertakes a massive food appeal from coast to coast.

The Muleshoe Boy Scouts from the South Plains Council, which serves this area, will join millions of their fellow Cub Scouts, Boy Scouts, Varsity Scouts, and Explorers in a door-to-door collection of canned food which will then be donated to local banks for distribution to the hungry.

A similar campaign last November netted some 60 million items nationally, including 61,000 pounds of food from and for this immediate area.

"Hunger is a problem we can do something about by working together," said Bill Derrick, Scout executive, of the South Plains Council. "Our Scouting for food good turn is a starting point. It is an example of Scouting's long-standing commitment to community service."

That commitment, he noted, dates back to the first National Good Turn, a 1912 program promoting a safe and sane Fourth of July.

School Board...

Cont. From Page 1

Under the board president's report, he read a thank you note from the Muleshoe Lions Club and discussed a planned December 18 school board training meeting.

Superintendent Ward discussed two upcoming seminars, with an Amarillo seminar to give five hours of board credit.

He also said the Muleshoe Chamber of Commerce and Agriculture had asked for use of the cafeteria and auditorium for the annual CoC banquet. The board agreed to waive charges for this community-wide event.

Dr. Ward also briefly discussed a Civil Rights suit filed against the school district in federal court in Lubbock, seeking a change in the way school board members are elected.

It was determined that the first step would be to check with an attorney before commenting or taking any action concerning the suit filed by Alberto Daniel and Juan Cruz Chavez.

Tom Alvis discussed the re-roofing of the Watson Junior High School gym, and explained the various methods of roofing available. He showed board members a sample of the type of roofing which will be used on the gym.

Elizabeth Watson, assistant superintendent for instruction told board members they are just "winding up" the first teacher appraisals at this time.

She also told about Jeff Robbins, a folk singer musician, who was to perform at the schools on Wednesday, and also talked about a meeting with 40 teachers from the area to be held at the school administration building on Tuesday, November 7.

Lazbuddie Ties Down Playoff For Football

Friday night, after a 52-32 drubbing of the Bovina Mustangs the Lazbuddie Longhorns had nailed down a spot in the 1989 six-man football playoffs.

Under guidance of Coach C. W. Williams, the Longhorns saw Bovina score first on a 45-yard

interception, but Lazbuddie's Kevin McGehee came back on a 38 yard pass from Michael Williams to tie the game up 6-all as both PATs had failed.

Eddie Zamora scored again for the Longhorns on a one yard run, with the extra point being made on a pass from Eddie Zamora to Casey Russell.

Bovina's Manuel Porras scored on a 26 yard run in the second before Doug Barnes made it into the end zone for the Lazbuddie Longhorns from eight yards out on a pass from Michael Williams.

Bovina scored again when Hector Guevara had a 30 yard run, with Juan Reyna making the extra point.

At halftime, the score stood at 21-20 for Lazbuddie.

Robert Guevara again scored first in the third on a 39 yard run by Robert Guevara.

Kirk Jesko answered with a 25 yard run TD and Michael Williams made the kick good. This was followed right back by another Kirk Jesko run, this one for 11 yards to paydirt, with Williams again making the kick good.

In the fourth, Michael Williams scored on a 24 yard run, then passed to Kirk Jesko for the extra point.

Bovina added more points on a seven yard pass from Juan Reyna to Robert Guevara, but the PAT failed.

Final TD of the game was a 22 yard run by the Longhorns' Eddie Zamora, with Williams making the extra point.

Zamora had 105 yards in 16 carries and leading for Bovina was Robert Guevara who had 13 carries for 109 yards.

Friday night, the Lazbuddie Longhorns end their season in action against Cotton Center, then go into playoff action.

DRUG AWARENESS WEEK—Muleshoe High School celebrated Drug Awareness Week last week encouraging everyone to say 'NO' to drugs and alcohol. As the poster in the background states, every 23 minutes, someone dies from the result of drugs or alcohol. Stress Can Be Helpful; Or, Can Hurt

Stress is a necessary ingredient in everyone's life. Without stress, life would be dull and unexciting. Stress in the form of challenge or competition keeps the body performing to its potential.

Too many demands, however, can cause serious mental or physical damage if a person does not know how to deal with them properly, said Katie Goar, community education coordinator at Methodist Hospital, Lubbock. There are actually two kinds of stress: "Eustress," which is good stress, and "distress," which is harmful stress.

Different forms of stress surround us daily. Learning to recognize these pressures is the first step to learning to handle them. Here are some of the tips Goar teaches in her stress management classes at Methodist Hospital.

1. **Exercise.** When pressures from the home or office cause anxiety, burn that nervous energy by getting some exercise.
2. **Talk about it.** Sharing worries with loved ones can help put stress into perspective.
3. **Set limits.** Know when to say "no" to extra work.
4. **Make time for fun.** Recreation can be very important to a person's frame of mind. Work time can be more effective after play.

5. **Check off accomplishments.** Making lists of tasks and checking them off as they are finished can bring a sense of accomplishment.

6. **Eat a well-balanced diet.** Nutritional needs increase under stress since the body uses food faster. Beware the tendency to overeat!

The best strategy for avoiding stress is to learn how to relax. Unfortunately, many people try to relax at the same pace they lead the rest of their lives. Tuning out worries about time, productivity, and "doing right" for a short time each day can be very beneficial.

"Focus on relaxation, enjoyment and good health," Goar said.

Sandhill Crane Hunters 'Must' Obtain Permit

Last Monday, approximately 1,000 sandhill cranes were using the Muleshoe National Wildlife Refuge, according to Don Clapp, manager. He said more are arriving almost every day.

The majority of the cranes leave the refuge lakes at daybreak each day often flying several miles to feed in the fields. They begin returning to the refuge throughout the evening until dark.

Clapp added, "Although hunting is not allowed on the refuge, sandhill crane hunting permits are again being issued at the refuge office this year.

"Crane hunters are required to have the federal crane hunting permit in addition to the state hunting license."

Office hours are from 8 a.m. to 4:30 p.m. Monday through Friday.

There is no charge for the permit. Hunters may also call during office hours at 946-3341 and have the permit mailed to them.

The sandhill crane season for this area, Zone A, is November 11 through February 11. A daily bag limit is three and possession limit is six.

The Muleshoe National Wildlife Refuge does not issue state hunting licenses, but they are available at nearby locations, concluded the refuge manager.

Marriages Double Texas Divorces Says Statistician

There were nearly twice the number of marriages as there were divorces last year in Texas, according to the Texas Department of Health (TDH).

During 1988, there were 172,907 marriages performed and 94,409 divorces granted, according to Tom Pollard, director of the Statistical Services Division of the TDH Bureau of Vital Statistics. The previous year, 188,315 couples married, while 95,098 divorced.

Pollard said the two-to-one ratio of marriages to divorces has been nearly constant for several years.

The most numerous age group of people getting married in 1988 was 20-24 for both males and females (49,499 men and 51,548 women). Divorces were more common among 25- through 29-year-olds, where 21,423 women and 9,735 men ended their marriages.

The largest number of divorces occurred at no more than five years of marriage (35,910). Some marriages lasted less than a year before divorce (4,834).

In the very young category, 573 women and 30 males 15 or younger were married. Meanwhile, among those 65 and older, 1,804 women and 3,239 men were married. Divorces involving those 65 and older included 889 women and 1,579 men.

About half (49 percent, or 45,915) of the divorces in 1988 involved no children, while 25 percent, or 23,193, involved one child. The total number of children involved in divorces last year was 84,252.

As expected, densely populated counties recorded some of the largest numbers of both marriages and divorces. Harris County lead in both categories.

Young 'Horns Are Undefeated After Bovina

Mark Scisson has coached his Lazbuddie Junior High School Longhorns to an 8-0 season, with one more game to play.

Thursday night, the junior 'Horns took out Bovina, 52-13.

Next Thursday, the junior high Longhorns will host Cotton Center for their final game of the season.

In the first half, Chris Cozby made three of the 'Horns four TD's. He scored on runs of 19 yards, 15 yards and six yards. One PAT attempt failed, and Jonas Hernandez tossed passes to Jody Copp for two points in conversions.

The other first half TD was from Jonas Hernandez to Troy McBroom, on a 20-yarder. The PAT was from Jonas Hernandez to Craig Smyer.

Chris Cozby made it in from 10 yards out to start off scoring in the second half, and the PAT attempt failed.

Then, Erasmo Moran intercepted a pass attempt by Bovina in a conversion after a touchdown and ran it back 75 yards for a safety.

Jon Colby Miller added two TD's in the second half, one a 53 yard run and the other a 29 yard dash. PAT attempts failed after both touchdowns.

Chris Cozby also added another TD in the second half, a 17-yarder, with the conversion attempt failing.

Larry Combest (R-Texas) today voted against a 29 percent increase in minimum wage. The House of Representatives by a vote of 382 to 37 approved a hike from \$3.35 to \$3.80 per hour by April 1, 1990. The rate would increase again to \$4.25 an hour the following year. "This is an increase that neither the employer nor the public can take financially," said Combest. "The Department of Labor estimates that an increase in the minimum wage rate will cost the nation 450,000 employment opportunities. Texans will lose approximately 53,000 jobs, with the increase of minimum wage to \$4.25 an hour April 1, 1990."

Agricultural workers are exempt from training wage included in the legislation, which allows employers to hire young workers at least 85 percent of the minimum wage. To start, teenagers can learn their jobs at \$3.35 an hour during a 90-day training period. This training wage would expire January 1, 1992. Favoring the training wage provision, Combest said, "I like the idea of giving businessmen and women the incentive to provide young workers a break in getting a foothold in the job market. A training wage allows new employees to learn a trade before taking on full wage status."

Other features of the minimum wage increase include:

- Employers could use tips to account for 45 percent of what they pay in minimum wage, increasing to 50 percent April 1, 1991 (the current allowance is 40 percent).
- Only small businesses spec-

ifically listed in the Fair Labor Standards Act would be exempt from paying this minimum wage if their gross sales are less than \$500,000 annually.

"I have great concerns over

Farmers, Ranchers Asked To Return Year-End Report

Texas Agricultural Statistics Service will begin contacting farmers and ranchers across the state in late November for 1989 acreage, yield and production totals and end-of-year livestock and poultry inventories.

"Adverse weather conditions this year have certainly had an impact on Texas agriculture, and these surveys should help us summarize where the industry stands at the end of 1989," state statistician Dennis Findley explained.

"Information from these confidential surveys conducted by mail, telephone or in person will also help producers make their plans for the coming year."

"Sound production and marketing decisions require good, reliable information and some advanced planning, and our reports provide producers with solid facts and figures they can incorporate into their plans."

this reworking of the Fair Labor Standards Act," Combest said. "Increasing the minimum wage rate is not the way to help the working poor pull themselves up by their bootstraps. While they tug harder, the additional weight of a minimum wage increases for others will be working against them."

Findley added "As always, the Texas service will be trying to keep survey costs at a minimum, so Findley is urging producers to return their mailed questionnaires as soon as possible to avoid follow-up contacts."

"Remember, these are sample surveys, so if you are contacted it is important to provide the requested information, since one producer represents similar operations of the same type and size. Our estimates can be no better than the numbers producers provide," Findley noted.

Results of the surveys will be published in early 1990. Anyone wanting a copy of the results can write Information Section, Texas Agricultural Statistics Service, P. O. Box 70, Austin, Texas 78767.

**TO THE VETERANS WHO HAVE FOUGHT
TO DEFEND OUR FREEDOM:**

You have "fought a good fight," as the Bible conveys,

*When you served in some faraway land; And for that
we extend you the highest of praise, For your valor in being
on hand.*

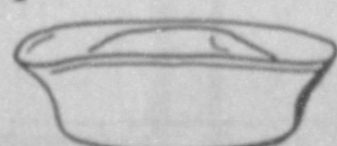

*You were putting your lives on the line every day, Till the
time when at last you returned; And we owe you a debt
we can never repay With the honor and help you have
earned. So we welcomed you with all gratitude due. For
your efforts were never in vain; Giving thanks to the Lord*

for such heroes as you. And the freedom you fought to maintain.
