With an opaque projector, he illustrated his lectures, showing examples of the various types of sculpture as well as the truly outstanding examples of this art which seem to be getting less popular as the art of architecture changes. James Foster, a Beta Sigma Phi from Clovis and Miss Margaret Goldston were guests. Refreshments were served to Harold Bauman, Glenn Colblaine Haines, Charles Grant P. Ivers, John McEwen and Harold Sauerreig and Gloria Anderson and Miss Vandevanter, members and Lillian Bigler, educational director and the guests.

A-E Cotton Faces 'Shaky Future,' Expert States

American-Egyptian cotton acreage will not count in figuring upland cotton base acreage when allotments go in effect, Marshall Q. Thompson, extension cotton marketing specialist at New Mexico A.M. college, warned farmers today. According to the indicated planted acreage this spring, the secretary of agriculture will proclaim acreage allotments and marketing quotas on 1954-crop cotton, Thompson said. "There is no authority under the law to shift acreage from American-Egyptian cotton to upland, or from upland varieties to American-Egyptian," the marketing specialist explained. "Each type of cotton must stand on its own history." The future for American-Egyptian cotton is "shaky," Thompson pointed out. The high price enjoyed by this cotton, he added, has been due solely to the government's purchase program, which

was set up to stockpile this strategic war fiber. This stockpile has apparently reached large proportions, as the government has asked for voluntary reduction of acreage planted to this cotton. The government has also reduced the support price for American-Egyptian cotton from an average of about \$1.07 a pound to 74 cents a pound. Cotton of the same quality is imported from Egypt at 55 cents a pound. This situation poses the "red light" to further expansion of ginning facilities for American-Egyptian cotton, Thompson said. He advised that farmers should try to get along with present ginning facilities until market outlets are improved.

uses. Men can stand slightly more. That's why it's a good idea to play safe when you're around electricity. For example, don't touch an electrical appliance when you have one hand in a dishwasher or on a faucet. Better avoid putting your electric heater or radio where it can be contacted from the bathtub, too. Make washday safe—keep your hands, feet and clothing as dry as possible. Standing on a rubber mat will help. So will a good ground on your washing machine. Keep an eye for frayed cords, broken plugs, and damaged outlets. When you're using appliances, better avoid plugging them into light sockets and overloaded outlets. And make sure they're disconnected and safely stored when they're not in use, she advises.

Current Amperage Not Voltage, Checks Wallop

Watch out for that electric current! It's an invisible force that can be just as deadly as 100 volts. It's the current amperage that kills, not the voltage. It doesn't take much amperage to do the job either. A small 7 1/2-watt bulb uses about 65 milliamperes of current, or about one-tenth the current a 7 1/2-watt bulb

New UNM Coach Briefs Artesia Graduates on Football Plans

THREE FORMER Artesia high school football stars take time out to chat with newly-appointed University of New Mexico head coach Bob Titchenal during spring practice sessions currently underway on the UNM campus. Concentrating intently on what Titchenal, left, has to say are veteran end Bobby Morgan, A. L. Terpening, one of the leading punters in the Skyline Conference last season, and guard Jim Briscoe. Briscoe, out with an injury last year, is taking it easy during warm weather workouts, but plans to see varsity action next fall. (University News Bureau Photo)

State Game Letter— State Wildlife Film Ready For Loan to Civic Groups

The state game department has just completed a new color motion picture entitled "Wildlife of New Mexico," which is now available for loan to sportsmen's groups, civic clubs and other organizations.

Made up of brief glimpses of many of our animals and birds, the picture was compiled from hundreds of feet of film taken throughout New Mexico over a period of years. Assistant State Game Warden Homer Pickens did the camera work.

Included in the picture are shots of deer, a bear, a mountain lion, wild turkeys, elk, antelope, a bobcat, fox, badger, and beaver. Also, the film contains some excellent footage showing the three species of wild sheep, the Mexican big horn of the Hatchet Mountains, the Canadian big horn in the Sandias and the recently-imported Barbary sheep which were planted in the northeastern portion of the state.

Co-operating

Senator Joseph McCarthy (R), Wisconsin, waits in State department reception room before his luncheon conference with Secretary of State John Foster Dulles at which they discussed his private negotiations with shipowners to halt trade with Red-governed countries. Later it was reported McCarthy was continuing his efforts, but would keep the State department informed. Mutual Security Administrator Harold E. Stassen had charged McCarthy with "undermining" official efforts to halt such trade. (International)

Carlsbad's Potashers gave out-of-town Longhorn league fans something to chew on Tuesday night with a 3-2 defeat of the highly-touted Artesia Drillers in overtime play during Carlsbad's debut into professional baseball.

Artesia's batting power failed to come to the fore, while tight defensive play bottled up the Potashers, resulting in a 2-2 stalemate reached in the fifth inning that continued until first baseman Merv Connor's game-ending homer in the 10th.

Scoreboard for Carlsbad vs Artesia game, including batting averages and totals.

Artesia fans expected the game to blow apart. Williams rallied to strike out Len Ruyle. Jackie Wilcox hit a long fly to centerfield, and Fortin raced across the plate after the catch. But Bill Haley sent a fly to rightfield that ended the frame.

In the fourth Joe Bauman, with one out on the scoreboard, singled, coming home on Joe Fortin's double.

From then on the game was stalemated until Connors, with a strike and a ball on the board, homered high over the scoreboard in the 10th inning to end the contest.

Both pitchers showed they were operating under pressure several times during the game. Williams, who walked eight while striking out four, was in deep trouble in the fourth with two successive walks and hitting a batsman.

Ruyle was obviously over-concerned about the game in the second, when he hit one batsman and bobbled a grounder that permitted opposing hurler Hank Williams to reach first, setting up for Grant's double.

Ruyle nevertheless walked only two while striking out seven and permitting nine hits. Williams was taken for hits six times.

Artesia's inability to capitalize on its hidden power was demonstrated in leaving 14 men in base, compared to nine for Carlsbad. In the second, for instance, Fortin

Mechanical Horse Aids Crippled
 "Ride so others may walk" is the motto for a new method by which Artesia Elks hope to raise money for treating cerebral-palsies children.
 The Elks bought a metal, mechanical horse for the children to ride, and have stationed it in front of the C. R. Anthony store here. It will remain there for a while and then be moved to other stores.
 The New Mexico Elks association sponsors this cerebral-palsy project for the entire state. There are many afflicted children over the entire nation, who are neglected.
 The lodges have purchased and they maintain a traveling unit, which is in charge of a physio-therapist from the Carrie Tingley hospital at Hot Springs, according to Tom Bryan, exalted ruler for the local Elks lodge.
 The therapist calls on children afflicted with cerebral-palsy in their homes for the purpose of training the parents and the child in the care of the patient and in the proper exercises.
 The doctor is able to come to Artesia only about once every four months, as he must service the entire state. He is helping several children here and has done wonders with one case, especially.
 The Elks hope to be able to purchase another mobile unit that will be put in use in this state.

Toastmasters Hold Discussion On Current Events

Pros and cons of current events was the topics discussed at the Artesia Toastmasters club Tuesday evening at the Artesia Hotel.

J. D. Josey, Jr., presided in the absence of Dr. Ralph Earhart, president.

The club decided not to meet Tuesday, April 23 and May 26, since these are conflicting dates with home games of the Artesia Drillers.

Wallace Beck acted as toastmaster for the evening, and Vernon Bryan was topicmaster.

There were three main speakers for the evening: Bob Griffin, his fifth speech, entitled, "There Is Nothing New Under the Sun," Hugh Kiddy gave his first talk and was his "Autobiography," and Ben Caudle give his tenth speech entitled "Ruts."

Critics for the speakers in order of their talks were Bill Yeager, Lou Baker and Tom Johnson. K. G. Miller was a guest.

The next meeting will be Tuesday evening, May 5 and will be a dinner meeting at the Artesia Hotel.

Artesia Woman Suffers Broken Leg in Accident

Mrs. T. C. Donnell of 712 W. Main is pretty well convinced she has a jinx on her left leg.

Mr. and Mrs. Donnell were returning from Truth or Consequences Monday when they crashed their automobile in Las Cruces. Mrs. Donnell's left leg broke above the knee. She broke the same leg four years ago when she slipped on ice and fell.

Her husband and a Hagerman couple riding with them suffered only minor injuries. Mrs. Donnell is in Artesia General hospital.

Communist artillery and mortar fire shook the ground to their sides and rear as they passed strands of barbed wire at the foot of the American-held hill. Again, Artiaga fell and lay there for several seconds, breathing heavily, as artillery concussion sent shrapnel flying over the wounded man's body.

Up the hill, they looked and found they had no strength for the climb. The litter was torn, the two men were completely exhausted, the soldier almost given up for dead. Hollering as loud as they could over the murderous barrage, they called for help and waited in a vigil over the unconscious body.

Fifteen minutes later, after

edy skits by Explorer Post 28 under Donald Knorr will be presented, as well as serious discussions concerning Boy Scouting.

Also planned for this evening around the council fire is a leaders' roundtable.

Tomorrow, boys at the camporee get down to actual business of the event, which is to prove that "Camping Is Fun." Training and tests in all types of outdoor skills are planned for Saturday morning. After lunch, boys will clean up the campsite.

According to Bill Bullock, district advancement chairman, a court of honor to have been Tuesday night has been moved up to the council fire at tonight's joint meeting of all troops on the camporee.

Arrangements for the camp-out have been made by Wayne Truett.

Boy Scouts

boys' progress in Scouting, from his entry into a Cub den through-out Scout troops and into Explorer scouting.

Organization—

(Continued from Page One)

Here boys are taught not only fire-arms handling but given field experience in how to properly and enjoyably hunt and fish.

In the organization boys are also taught how to make fly rods of in-

expensive materials, as well as to tie flies used in fishing.

The program does not compete with other established organizations such as Boy Scouting, Cook pointed out, but instead supplements them. Boys of Woodcraft Sportsman club has supplemented other organizations which go into the club's program only superficially, since they cover a border field.

FRIENDS AND CITIZENS OF ARTESIA

I would like to take this opportunity to thank each and every one of you for your cooperation, assistance and indulgence in helping me in my position as city supervisor, city engineer and etc. for the past five years. These years have been mostly happy ones, though the hours have been long. You have received five years of continuous devotion for the betterment of Artesia.

I also wish that each and every one of you have your dreams come true in regards to the future of Artesia and that you can always maintain civic pride in working for the betterment of your community.

Respectfully,
JOHN D. JOSEY, Jr. 33-1c

Tests Indicate—

about \$260.

—Accepted petitions from residents of Lolita and Champ Clark streets living between Seventh and Eighth streets on the North Side for paving.

—Authorized connection of a business operated by Ray Bell at 1410-11-12 S. First to city water lines through a privately-constructed line.

Table Revision—

—Tabled application for the Ansley redivision bounded by Her-

mosa and S. Roselawn pending study of the application.

—Heard former city engineer J. D. Josey protest the manner in which a city council committee fired him after he had already presented his resignation. The committee, formed to investigate Josey's request for \$100 yearly rental on personal property used in his city employe, moved effective date of his resignation to April 14 from May 1.

—Heard protests over manner in which paving petitions were collected on one block in Artesia, but cleared the misunderstanding through lengthy discussion of legal processes involved.

Funeral—

(Continued from Page One)

til entering the armed services during early years of World War II, was returned from Korea six months ago after serving there since December 1951.

He is survived by his widow, the former Mary Kathryn Krantz, whom he married Aug. 7, 1946 and a two-year-old son, Ronald Irwin, as well as his parents, Mr. and Mrs. John R. Brown of Pinon, N. M.

Born Dec. 21, 1924 in Artesia, Lt. Brown attended Artesia public schools from first grade through high school, from which he graduated in 1942.

Potashers—

(Continued from Page One)

Osorio singled to advance his twin to third.

From there relief hurler Fidel Alvarez' balk brought Pedro in and put Elias on second.

Joe Neidson walloped a single good enough to score Elijas Osorio. Pitcher Marshall Epperson struck out to end the scoring spree.

Last Ditch

He served in World War II from April 1943 until November 1945. He worked in the Artesia post office from his discharge until he was recalled from the reserves to service again Dec. 1, 1951.

Artesia made a last-ditch effort in the bottom of the ninth when Joe Fortin led off with a single and Joe Calderon walked after two outs.

Pinch hitter Bob Presley put new life in the Drillers with double that scored Fortin and Calderon. Presley came in on Halley single before Halter tied out end the rally.

The two teams got by with one three errors on a very wet field. Fred Parker was credited Artesia's losing pitcher.

The line score:

Carlsbad . 002 000 040—10 6
Artesia . 000 001 003—10 4
Epperson and Neidson; Parker Alvarez (8) and Mulcahy.

Water Main Cleaning Progresses

CLEANING WATER mains in Artesia is an easy job for this machine and its two-man crew. Machine in foreground pushes flexible rod into pipe, at same time twists it around at a high rate of speed. Cutter head in water main cuts away calcium and other mineral deposits. When machine has pushed a length of rod into water main, it backs up, more rod is connected, and the machine starts pushing again. Residents already have noted increased water pressure. Hagerman

Dorcas Welfare society met Tuesday afternoon with the hostess Mrs. M. C. Brown, president. The quilt which the members have been quilting was completed and is now ready to be sent to the hospital.

Hagerman Garden club met on Wednesday afternoon at the home of Mrs. G. Mason, the president, in Hagerman. The guest speaker, Duane Brownfield, Texas, gave an interesting talk on cultivation of roses, illustrating his talk with a movie on the subject. The flower of the month was the rose. The room was decorated with roses.

Misses Mmes. W. E. Utter, Earl Stine, Ben Jack West, J. Ford, served coffee and cake at the close of the afternoon. Mrs. from Dexter were Mrs. Wiley, president of the Garden club; Mrs. Phillip Thomas; Mrs. Hal Bogel; Mrs. Platt; Mrs. Thomas; Mrs. Mary Mar. members of the Dexter Garden club.

From Hagerman who attended the school for vacation school workers held at the Methodist church Tuesday evening and Mrs. Woolf, Miss James, Mrs. Spurgeon Wig, Mrs. Dacus Parker, Mrs. Howden, Mrs. Horice Freeman.

Cause of Rheumatism Discussed By Local Doctor

A patient suffering from rheumatism in his right leg was told, "Why, Jim, at your age you can expect rheumatism." And Jim replied, "But, Doctor, my left leg is as old as my right leg and I don't have rheumatism in it." Jim's answer was logical; it couldn't be his age that caused his rheumatism. What caused it then?

Rheumatism, like other illnesses, is caused primarily by a vertebral subluxation. When one of the vertebrae in your spine becomes mis-aligned, it produces pressure on nerves and interferes with the proper transmission of vital force within the body. If the body cannot get this vital life force in the proper quantity and quality, illness results. When the Chiropractor removes the subluxation through his scientific adjustment, he removes the cause of illness and so puts your body on the road to health.

It is not right to say "everything possible has been done" unless Chiropractic is included.

For further information about Chiropractic you are invited to consult Dr. Kathryn Behnke, Palmer Graduate Chiropractor, 408 W. Richardson, phone 861.

nound. Mrs. Nathan H. Cleek was ill the first part of the week and Mrs. J. O. Wyman substituted for her in the Hagerman school.

Mr. and Mrs. Gene Pearson and Mr. Lee Dennis of Magnum, Okla., visited Mr. and Mrs. Delbert Dennis and family, and Mr. and Mrs. Si Dennis; Mrs. Pearson is a sister of Lee and Si Dennis and Mr. Lee Dennis is their father. The Pearsons were en route to California for a visit. Lee Dennis remained here to be with his sons during their absence.

Mr. and Mrs. Fredrick Heitman and children of Lovington were week-end visitors at the home of Mr. Heitman's mother, Mrs. W. L. Heitman. While they were here Mr. and Mrs. W. E. Morris of Raton

visited at the Heitman home. Mr. Morris is a brother of Mrs. Fredrick Heitman and they were en route home from Carlsbad.

Highest-powered ENGINE in the low-price field

plus all these other buyer benefits that only the New Chevrolet offers you!

Entirely new Styling

Strikingly new—with longer, lower lines that set a new standard of beauty for low-priced cars. Larger, roomier, more luxurious interiors, too!

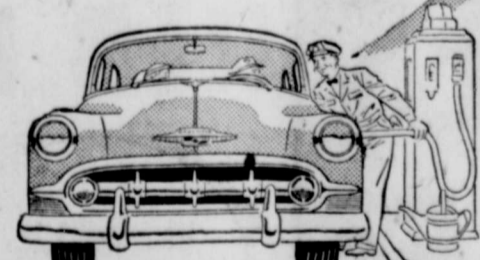

Entirely new Safety

New one-piece curved windshield for greater visibility. New, sturdier construction. New, easier brake action and new Foot-Form brake pedal.

Entirely new Powerglide*

Faster acceleration from a standing start with new automatic starting range... new power to pass in city traffic... and a substantial gain in gasoline mileage.

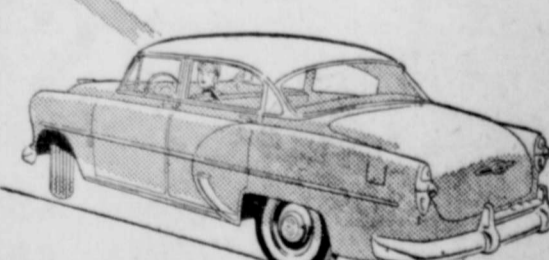

Entirely new Durability

Chevrolet's new Body by Fisher has been strengthened throughout. New heavier door-posts and sills. New bracing in roof and framing. More rigid construction everywhere for longer life.

Entirely new Economy

The most important gain in economy in Chevrolet's history! Two great engines now offer even more economy than you enjoyed in the past.

Entirely new Power Steering*

Exclusive to Chevrolet in the low-price field! It lets you swing the wheel easily, permits you to park with finger-tip ease.

Pictured above, you see the great new 115-h.p. "Blue-Flame" engine—one of the most important advances in engine design in many and many a year.

New high compression! The 7.5 to 1 compression ratio is among the highest in the industry. Free-breathing carburetion, new aluminum pistons and many other features also play an important role in making this the most powerful engine in its field!

And, both the "Blue-Flame" engine (teamed with Powerglide*) and the advanced "Thrift-King" engine in gearshift models offer a wonderful gain in economy. Why not take the wheel yourself on a demonstration drive? Why not make it soon?

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!
