Deputy Carter Updates Crime Line

around muleshoe

First United Methodist Church of Muleshoe will sponsor its annual Holiday Blood Drive on Thursday, December 7. The drive will be held from 11 a.m. - 8 p.m. in the fellowship hall of the church.

The annual Lions Club Pheasant Hunt Breakfast will be held this year on Saturday, December 9 at the Bailey County Civic Center.

Serving time will be 5-7 a.m. and the breakfast will include bacon and sausage, eggs, gravy, toast, jellies and jams, coffee, juice and milk.

Sometime during the breakfast the Lions Club will be giving away shotguns.

They suggest that you mark your calendar now to attend the breakfast.

At Watson Junior High School, the Teacher of the Week was Donna Green, eighth grade English teacher.

Principal awards went to Tyson Moncrief, sixth grade; Jesus Flores, seventh grade; and Sandy Olivas, eighth grade.

A.J. Liles On 2nd Team In All-District

A. J. Liles, 5'10" senior at Muleshoe High School, was named second team defensive linebacker in the All-District selections made recently.

This announcement was made by Athletic Director and Head Football Coach Jim Stewart.

The 175 pound Mule was offensive quarterback and defensive linebacker for MHS.

FIRST PLACE WINNER IN PARADE--Last Saturday morning, despite cold, damp weather, wind and spitting snow, a good crowd was on hand for the annual Christmas Parade in downtown Muleshoe.

Electricity Valuable, But-Caution Urged

Farm electricity is a very necessary and valuable worker, but it also can be a killer if safety is not practiced, said Spencer Tanksley, county agent with the Texas Agricultural Extension Service.

Lady Mules Have Season Record, 7-2

With 11 teams entered, the Lady Mules won second place in the Levelland Tournament last weekend.

Heather Hutton was named Most Valuable Defensive Player of the tournament.

Amarillo High was the first team to fall to the Lady Mules, 47-27.

Scoring was Wendy Green, 14; Heather Hutton, 12; Amy Montgomery, six; Brenna Matthews, five; Heidi Bohler, four; and Tori Matthews, Monica Swint and Amber Green, each two points.

In the quarter-finals, the Lady Mules defeated Clovis, 61-48.

Amy Montgomery had 18 points; Wendy Green, 17; Heather Hutton and Heidi Bohler, each seven points; and Monica Swint and Brenna Matthews each had six points.

Abernathy, the state's No. 1 team in 2A was the team that fell to the Lady Mules in the semi-final action by 41-37.

Amy Montgomery had 15 points; Wendy Green, nine; Heather Hutton, eight; Monica Swint, five; and Tori Matthews and Brenna Matthews, each had two points.

In the finals, the Lady Mules went down in the onslaught of the Lady Bobcats, 52-59, and the Cont. Page 8, Col. 3

Electrical shock, including lightning, causes almost 1,000 deaths and many disabling injuries each year in the United States, Tanksley said.

The county agent said additional injuries and property damage result from fires caused by faulty wiring or electrical equipment. Lightning, downed power lines or a faulty extension cord each can kill or maim with equal speed.

Most electrical accidents can be prevented without undue difficulty or inconvenience if people followed these suggestions:

- Install adequate wiring in keeping with established codes. Employ only qualified people to make changes or additions to wiring systems. Do not overload circuits. Plug high-wattage appliances into unused circuits or consider adding new circuits to meet growing power needs. Never bypass circuit protection or increase fuse sizes. Overloaded wiring can overheat and cause a fire. Do not remove the grounding...

Methodist Plan Concert And Dinner

First United Methodist church Sunday, December 10, at 5:00 p.m., the F.U.M.C. Chancel Choir, Handbell Choir, and Children's Choirs will be presenting a Christmas Concert under the direction of the church's music ministers: Dr. Jean Wozen Craft, Choir Director; and Jeremy Bruns, Organist.

The performance will be opened by the Organist with the ever popular prelude 'Jesu, Joy of Man's Desiring.' The Handbell Choir will then perform several Christmas selections. Next, the Chancel Choir, also accompanied by the Children's Choirs, will perform the cantata 'Emmanuel, Child of Hope.' Following the benediction, the Organist will close the performance with a postlude on 'A Mighty Fortress Is Our God (Eia Feste Burg).'

The entire community is encouraged and invited to attend. There will be no admission charge. Following the concert the Children's Choirs will be holding a 'Mexican Pile-On'. This will be a donation dinner. The proceeds will go to buy the children new choir robes.

The First United Methodist Church of Muleshoe would like to invite everyone to participate in this event. Thanks for your support!

prong from three-wire power cords to fit a two-slot outlet. Use a 3/2 adapter, then attach the adapter's 'pigtail' (ground wire) to the screw that holds the face plate to the outlet box.

Make certain outlet boxes are grounded. If your system isn't three-wire grounded, choose double-insulated tools.

Keep electrical tools and appliances in good condition. Repair or replace frayed power cords. Examine motors powering farm equipment and service them as directed in instruction manuals. Keep them free of excess dust, chaff and grease.

If electrical equipment fails to work, sparks, smokes or makes unusual noises, switch it off and pull the plug. Don't attempt to use the equipment until it has

Want To Take A Stroll? Try Walking Across America

What do you do if you have just graduated from college and want to take a year off before attending graduate school?

You could do just what David Segal, 23, of Savannah, GA is doing -- you can take a stroll across America.

The New York native said he graduated from Cornell University with a bachelor degree in biology, and decided to take a year off before going back to school.

So -- in August -- he started on a walk across the United States. Starting out in August in Georgia he said he spent the last two months walking across Texas, and had not accepted a ride from anyone.

He said he crossed into Texas at Newton and "it was a very long way to walk all the way across Texas."

When he was in The Journal office on Friday morning, he had spent the night outside Muleshoe, and planned to cross the railroad tracks into New Mexico by the end of the day. It was cold, snowing and he was dressed for the occasion, along with his 60-pound back pack.

In his back pack, he had his sleeping bag, clothing and food.

He said at night, he would find a place just off the road to sleep, and some people put him up for the night, especially in the southern States.

He said people were very good, and he had "a wonderful trip so far, better than I expected it to be."

He said he wanted to take the walk while he had the time and ambition to do such a thing. "I have had no bad experiences,"

L. B. Hall introduced Bailey County Deputy Sheriff Don Carter, who presented the Tuesday Rotary Program on the Bailey County Crime Line.

Deputy Carter 'inherited' the Bailey County Crime Line a month and a half ago, when originator, former Deputy Steve Bearden moved to Levelland.

The speaker first thanked all supporters of the Crime Line, and added, "Crime Line could not work without your financial support."

He said Crime Line was a year old on October 3, and still had the same board of directors as when it first started. Board members include Jim Crawford, James Atwood, Starla Ellis, Kem Black, Joe Don Prather, Carroll Precure, Sandi Robinson and Don Parker.

Deputy Carter said Crime Lines features county and city crimes. Each caller is given a number, and for future references, keeps the same number for future calls.

According to the deputy, Crime Line receives "quite a few calls, even though just some of them result in an arrest or indictment."

The deputy sheriff said the main thing Crime Line works on is advertising, through local media, the crimes and cash rewards offered.

He added, "The media has been real helpful to us in keeping Crime Line going."

Recently, two cash rewards were paid for forgeries and two burglaries that did result in the arrest of suspects.

"Remember!" cautioned Carter, "we're just getting started. We will do much better as people realize other people won't find out who they are if and when they call us."

Outlining some of the crimes

reported for Crime Line, Deputy Carter talked about livestock auction companies, the burglaries of residences; stolen vehicles; burglaries of businesses and stolen utility trailers.

"Crime Line has really become a good investigative tool," added Carter and is working to become certified by the state.

He explained that once state-certified, a judge can assess an amount to be paid by a defendant to Crime Line.

He also told the Rotarians that effective September 1, \$2 of each bond made goes to Crimestoppers Foundation to be put into a grant fund. Crime Line will become eligible for grant money.

The grant money can be used to help defray costs, such as furnishing an office, telephone bills, paid for rewards and other uses.

He also told the Rotarians Crime Line still needs contributions from the community to "keep the ball rolling."

"Your contributions are the only thing now that keeps us going," he added.

When Deputy Carter opened up for questioning, he had several persons ask questions.

In answer to one question, he said Crime Line currently has \$3,300 and the largest reward offered to date has been \$750.

He said the board of directors agreed that no reward over \$1,000 would be paid. The largest awards paid to date have been \$350 each.

Also, the amount of the reward offered is determined by the severity of the crime, along with several other factors.

In answer to another question, he said that one person, who is sworn to secrecy, pays all rewards -- in cash -- to the person

Diabetes Proves Costly For Victim, Employer

The total economic burden of non-insulin-dependent diabetes mellitus in the United States reached \$19.8 billion in 1986. Of the \$19.8 billion, \$11.6 billion went to health care expenditures, and \$8.2 billion was lost in productivity due to disability and mortality.

These figures are the result of a study that came out in November's *Journal of the American Medical Association [JAMA]*. The study, entitled "The Economic Costs of Non-Insulin-Dependent Diabetes Mellitus," was conducted by researchers at Policy Analysis Inc. and Harvard and sponsored by the Upjohn Company. Non-insulin-dependent diabetes mellitus (NIDDM) is commonly known as adult onset or Type II diabetes.

According to the study, hospital costs accounted for the greatest health care expenditure attributed to NIDDM in 1986. A total of \$4.87 billion (42.1 percent) went to hospitalization costs. This was followed by \$3.44 billion (29.7 percent) to nursing homes, \$2.19 billion (19.0 percent) to physicians, \$0.83 billion (7.2 percent) to drugs and \$0.23 billion (2.0 percent) to other professional services.

The study also reported that

NIDDM was responsible for 144,000 deaths in the U.S. or 6.8 percent of the total U. S. mortality. Cardiovascular complications

was the leading cause (86 percent) of these deaths. Unspecified diabetic complications accounted for 73.9 percent of the 951,000 cases of disability in 1986.

The most prevalent diabetic complications include circulatory and visual disorders, kidney disease and chronic skin ulcers. The study found that 17 percent of all cerebrovascular disease among men over 65 and 50 percent of all blindness among persons over 65 were attributable to NIDDM. In addition, two percent of the large number of

hypertension cases among persons younger than 65 resulted from NIDDM.

NIDDM, which affects about 11 million individuals, is among the most prevalent of chronic diseases in the U.S. and represents approximately 98 percent of all diabetes among persons over 45 years. It is estimated that only about half of the cases of diabetes are diagnosed.

CITY GRANTS FRANCHISE TO WEST TEXAS GAS CO.: LINE HERE IN 1930
Mr. W.L. Ryan, superintendent of city plants for the West Texas Gas Company, was in Muleshoe Tuesday and met with the city commission to consider a franchise for natural gas for this place. After discussion of the proposition, the commission granted the franchise which guarantees the work will start on the line not later than Oct. 1, 1930, and that gas will be furnished in Muleshoe not later than December 1, 1930.

Mr. Ryan stated that in the building of lines in this territory his company was taking into consideration the continued rapid development and that sufficient facilities would permit them to serve practically any increase in population.

It hasn't been so long ago but every resident of this area can vividly recall when there was entirely too much wind in the Plains area, not only for comfort, but also for economic good. The sandstorms which accompanied the infuriated breezes of this area became decidedly devastating to crops and certainly obnoxious to

the people. Now folks everywhere over this western area are complaining of the lack of wind. The quiet, sunny days which have been a pleasure of the town folks has been a worry to farmers and ranchers who are dependent upon their windmills to furnish water for both men and beast.

These country folks ordinarily accustomed to sufficient wind at varying intervals during this season of the year to keep stock tanks and troughs filled with Adam's Ale, are now complaining of water shortage for lack of wind to turn their mills.

Creative Living

by: Sheryl Borden

Information on Festive Foods '89 and home canned desserts will be the featured topics on "Creative Living" on Tuesday, December 12 at 12 noon and Saturday, December 16 at 2 p.m. (All times are Mountain.)

Connie Moyers, Marketing Home Economist with Southwestern Public Service Co. in Clovis, will present delicious and easy to prepare recipes from the Festive Foods collection. Connie will also address information for converting recipes and using the microwave oven.

Susan Hovey, certified home economist with Glashaugh/Week Home Canning Products from Arlington Heights, IL, will show how easy it is to prepare home canned desserts. Ms. Hovey will also demonstrate how convenient it is to use these already prepared foods in combination with other foods to create a delicious dessert in a minimum amount of time.

On Tuesday, December 12 at 9:30 p.m. and repeated on Thursday, December 14 at 12 noon, "Creative Living" will present information on Tri-Chem Inc., in Harrison, NJ, will demonstrate three products that are fun to work with and will create works of art.

Jean Benson, owner of Critter Crafts in Pasco, WA, will demonstrate several stuffed toys you can make yourself.

Tracy Moxon, a home economics student at Eastern New Mexico University, Portales, N.M., will share several quick Christmas decorations that parents and children can make together.

"Creative Living" is produced and hosted by Sheryl Borden. The show is carried on more than 100 PBS stations in the United States, Canada, Guam and Puerto Rico and is distributed by Pacific Mountain Network, Denver, CO. Viewers can request copies of materials offered on the show by sending one 25 cent stamp for each handout requested. Send the stamps, along with your name, address and booklets requested to:

PEANUT BUTTER CUP BITES

1 roll (20 oz.) refrigerated chocolate chip cookie dough, partially frozen
60 miniature peanut butter cup candies, unwrapped
Cut dough into 10 equal portions; divide each portion into 6 equal pieces. Place dough into paper-lined 1 1/4 inch muffin pans. Bake at 350 degrees for 10 minutes or until lightly browned. Remove from oven and immediately press a miniature peanut butter cup into each hot cookie. Cool.

RUM CAKE

1/2 cup nuts
1 pkg. (18 oz.) yellow cake mix with pudding
1/2 cup rum
1/2 cup water
1/2 cup vegetable oil
4 eggs
Glaze
Grease and flour an angel food cake pan. Sprinkle 1/2 cup nuts in bottom of pan. Combine cake mix, rum, water, and vegetable oil and blend lightly. Add eggs one at a time, beating lightly after each addition. Pour batter into prepared pan. Bake at 350F for 40-45 minutes or until cake tests done. Let cool 10 minutes before turning out of pan. Pour glaze slowly over warm cake so it can absorb into cake.
Glaze:

1/4 cup water
1/4 cup rum
1/4 cup butter
1 cup sugar
Combine ingredients in a saucepan and boil 3 minutes.

QUICK AND EASY CINNAMON ROLLS

1 pkg. 8 count refrigerated breadsticks
2 tablespoons margarine, melted
3 tablespoons sugar
1 teaspoon cinnamon
Separate breadsticks, but leave coiled. Brush each breadstick with margarine. Combine sugar and cinnamon on a plate. Dip breadsticks in cinnamon mixture. Bake on a cookie sheet at 350F for 15-18 minutes.

GOLDEN FRUIT PUNCH

1 can (12 oz.) frozen orange juice, undiluted and thawed
1 can (12 oz.) frozen lemonade, undiluted and thawed
1 can (46 oz.) unsweetened pineapple juice
Orange or lemon slices for garnish

1/2 cup sugar
1 bottle (33.8 oz.) gingerale
2 cups unsweetened grapefruit juice
1 qt. apricot nectar
Combine all juices and chill. Before serving, add gingerale and fruit slices. Makes 25 servings.

Motive

"You say you came to the city to look for work. I put it to you there was another, a stronger motive, that brought you all that distance."

"Well," hesitated the defendant, "there was."

"Ah!" cried the young barrister, "And what was that?"

"A locomotive."

Sugar Cookies For Christmas

Sugar Land...What would Christmas be without a glowing fireplace, mysteriously shaped packages under a fir tree, and sugary Christmas cookies baking in the oven for Ol' St. Nick and anyone else who might drop in.

In shapes of bells and trees, angles and stars, candy canes and wreaths, fresh baked sugar cookies in jars, on Christmas platters and in colorful cookie tins throughout the house can be as decorative as the ornaments and angel that grace the tree.

Since nearly everyone loves sugar cookies, why not bake plenty and frost them in colorful red and green icings that will delight the little ones in your family. It is a wonderful way to spend the afternoon, as you show eager young hands how to frost that cookie just right. It is also a perfect time to slip away, grab the camera and preserve a Christmas memory for years to come amid the sugar, the dough and the food coloring.

And to delight friends and relatives, plan to give them a box of your homemade sugar cookie treats as a gift. Grandparents and relatives unable to join you for Christmas will cherish your cookies arriving in the mail. And don't forget your postman, hairdresser, the kids' teachers, the pastor and your next door neighbor. The fun and sparkle of festive cookies is a wonderful way to share the Christmas spirit and what a wonderful surprise to

CHRISTMAS SUGAR COOKIES
2 cups sifted all purpose flour
1 teaspoon baking powder
1/2 teaspoon salt
1/2 cup shortening
1 cup Imperial Granulated Sugar

1 egg
1/4 cup milk
1/2 teaspoon lemon extract

Sift together the flour, baking powder and salt. Blend the shortening and sugar and mix in the egg. Add dry ingredients alternatively with milk and lemon extract and blend thoroughly. Chill dough overnight. Preheat oven to 400F. Roll dough 1/4" thickness on floured pastry cloth. Cut out shapes with knife or cookie cutters. Transfer to

gressed cookie sheet and bake 7 to 10 minutes. Yields about 4 dozen cookies.

DECORATING AND ICING
3-1/4 cups powdered sugar (1 lb. carton)
4 tablespoons milk (approx.)
Food colorings

Combine powdered sugar with milk; stir until smooth. Add more milk, 1 teaspoon at a time, to achieve desired spreading consistency. Divide icing into several small bowls and tint with several drops of food coloring. Trim with colored decorator sprinkles, cinnamon red hots and candies.

Christmas Sugar Cookies is one of Imperial's all-time favorite recipes. Additional copies of the recipe and information about other recipes are available from Imperial Holly Corporation, P.O. Box 500, Sugar Land, Texas 77478.

New Voter Registration Coming Out

By Christmas, Texas' new, two-year voting certificates should be in the hands of the state's 8.2 million registered voters, Secretary of State George Bayoud announced.

A statewide mailout of the postcard-type certificates is under way, said Bayoud, who explained the new certificates are effective Jan. 1, 1990 through Dec. 31, 1991.

"If you are a registered voter, you should receive one of these new cards," said Bayoud, Texas'

chief election officer.

"If you are not registered, then call your local voter registrar or my office to get a voter registration application," Bayoud said. "Time is of the essence because the last day you can register to vote in the March 13, 1990 primary is Feb. 11, which is just a little more than two months away."

The color of the certificates changes every two years. Past colors have included canary yellow and white, and all-white.

In 1992-93, the certificates are scheduled to be blue and white.

Officially, the 1990-91 election year voter certificate colors are salmon and white. But, Bayoud, a University of Texas graduate, quipped, "They sure look a lot

like orange and white to me!"

A rotating cycle of different colors was chosen during the administration of former Secretary of State George Strake, Bayoud said.

Bayoud remained registered voters that if they do not receive a new certificate before Jan. 1, 1990, they should contact their local voter registrar.

For further election and voter

registration information, call the Secretary of State's Office at 1-800-252-VOTE (8683).

SCAC Chooses Mark Heidel October Citizen

SCAC met Thursday, November 16 at the Depot. The meeting was opened with a prayer by vice president, Kim Harris. The secretary, Tricia Underwood read the minutes and Amy Montgomery gave the treasurer's report.

Mr. Mark Heidel, November's citizen of the month, then began to discuss the importance of the band to the community. Due to its visibility, the band is often a representative of Muleshoe. The band also provides free entertainment to our community at football games and various concerts. After his speech, he was presented with a boutonniere from the members of SCAC.

The letter written for the Muleshoe Heritage Foundation membership drive was then presented to the club by Kendra Wilson and Stephanie Cox. The plans for the membership drive are well underway and should be completed soon. Thanks to all

those who helped with the membership drive. Due to the absence of many members, the "Adopt a Highway" program will be voted on next month. The bake sale was scheduled for Saturday, 18, and turned out to be a good project. Several members went to Channel 6 to discuss the things SCAC is presently doing. Then, a thank you note from Mrs. Marie Bradley, October's citizen of the month, was read to the club.

The next meeting will be held in the home of Kendra Wilson on December 18, at 6:30. Members will be contacted by the refreshment committee, which consists of Amy Montgomery, Kim Harris, Kendra Wilson, and Amber Green, to help bring refreshments. Following the meeting, SCAC will go Christmas caroling. All members are encouraged to bring canned foods or toys to donate to the Ambulance Service. The meeting was then adjourned by President Amber Green.

WINNERS OF FIRST PLACE FLOAT--Monday afternoon, Nancy Kidd, left, manager of the Muleshoe CofC, presented the first place check in the float division to the Muleshoe Fireman's Auxiliary. Accepting the check are from left, Leavelle Parker, Becky Churchman and Sondra Scolley. They won first place in the annual Christmas parade last Saturday. (Journal Photo)

'Affordable' Insurance Asked By Physicians

Leaders of the Texas Medical Association (TMA) on Saturday, Nov. 18, launched an initiative aimed at making health care insurance more affordable for nearly three million uninsured Texans.

Meeting in Austin, the TMA House of Delegates adopted a resolution to research and study existing barriers to consumer access to affordable health insurance, and to implement a legislative or regulatory initiative to develop an affordable insurance package to be offered in Texas. The resolution was proposed by the Harris County Medical Society.

The 403-member House of Delegates is TMA's highest policy making body and meets twice each year.

According to statistics compiled by the Texas Department of Human Services, 2.84 million Texans—one in six—lack health insurance. Of that number, nearly 1.5 million live above the federal poverty level.

"This is not an issue affecting only the poorest Texans," said Dr. Max C. Butler of Houston, TMA president. "Rising premiums and unavailability of coverage have made health insurance too expensive for many who have good jobs but are not provided coverage by their employers. These people are just one major illness away from financial disaster."

Dr. Sam Nixon, president of the Harris County Medical Society, said an increase in the number of small businesses and

self-employed entrepreneurs in Texas has created a "new class of uninsured." Many of these business owners cannot afford insurance for their employees or themselves, he said.

In other action, the House of Delegates:

--Adopted a policy supporting the humane use of animals in education and research at Texas educational institutions and research facilities. The policy also will be carried to the American Medical Association which meets in December.

--Moved to urge the Texas Legislature in 1991 to provide funding for organization and coordination of a statewide trauma system. Such a system was authorized as part of the Omnibus Health Care Rescue Act passed this year.

--Approved guidelines for counseling physicians who test positive for human immunodeficiency virus (HIV), including procedures to determine what duties the physician can continue to perform without risk of infection to patients.

--Encouraged physicians to urge their patients to quit using smokeless tobacco, such as chewing tobacco, and to warn parents of the likelihood of increased chronic respiratory illnesses in children who are exposed to cigarette smoke in enclosed areas, such as homes.

--Voted to work with other associations and foundations to develop resources to keep hospitals open in areas where closure would jeopardize access to health care.

--Adopted a policy supporting private health care insurance using pluralistic, free enterprise mechanisms rather than government mandated and controlled programs.

TMA is a professional organization of more than 29,000 physician and medical student members. It is based in Austin and has 116 component county medical societies around the state.

Children need models more than they need critics.
