One Muleshoe area resident was listed among the 244 Southwestern University students at Georgetown, who were named to the 1989 Fall Semester Distinction List for academic excellence.

On the list from Muleshoe was Traci Lyn Elliott, Rt. 3, Box 950.

Navy Seaman Recruit Matthew Madrid, son of Juan and Avelina Madrid, Muleshoe, has completed recruit training at Recruit Training Command, Orlando, Fla.

During Madrid's eight-week training cycle, he studied general military subjects designed to prepare him for further academic and on-the-job training in one of the Navy's 85 basic fields.

Madrid's studies included sea-

Five Area Telephone Plans Meet

Five Area Telephone Cooperative, Inc. will hold its annual Membership Meeting Saturday, February 3, at the Bailey County Civic Center in Muleshoe. Registration will be 9-10 a.m. and the meeting will start promptly at 10 a.m.

A drawing will be held for many prizes donated by area merchants and industry suppliers as well as some furnished by the cooperative. All members will receive a door prize.

A meal prepared by Needmore Community Women's Organization will be served at noon.

Voting will be for directors in Districts Five, Six and Seven. Bob Foley and Sam Burnett have been nominated from District Five, Maple. Bob Foley is present director and is eligible for re-election.

Billy Tiller and Don A. Harper have been nominated from District Six, Bula. Billy Tiller is the present director and is eligible for re-election.

Rex Griffiths and Elree Gandy have been nominated from District Seven, Lehman. Rex Griffiths is the present director and serves as vice president of the Board of Directors and is eligible for re-election.

Members will also vote on tenure of directors.

"We have put together a good program," said Manager Hubert Kidd, "and hope that you, as members of the cooperative, give your support by attending this year's annual meeting."

COURTNEY TANKSLEY SHOWS GRAND CHAMPION STEER--Courtney Tanksley, daughter of Mr. and Mrs. Spencer Tanksley, exhibited the Grand Champion Steer, a Light Weight Cross, at the Bailey County Junior Livestock Show in Muleshoe last weekend. She also won Breed Champion with an American Cross.

Life Management Skills Youth Talk About Retreat Experiences

A totally 'different' and interesting program was introduced by Rotarian Robert Lepard Tuesday at noon for the Muleshoe Rotary Club and guests.

He introduced Georgia Pena, MISD coordinator of a new and special program for the Muleshoe schools.

Mrs. Pena talked about the Life Management Skills Program and the difference it is making in the lives of a number of students who are considered to be potential 'drop-outs' from school.

She told about a group of students from Muleshoe who spent a weekend at the Plains Baptist Assembly near Floydada, in a Life Management Skills Retreat.

According to Mrs. Pena, the retreat, sponsored by the Educational Service Center in Lubbock, helps students realize they are worthwhile individuals, and that there are circumstances in our lives over which we have absolutely no control.

At the retreat, the students learn how to cope with things and how to take control of their own lives.

She said she was very proud of the progress made by each of the young people who attended the retreat.

A short video was shown of a group of students, not from Muleshoe, who attended the retreat and some of their experiences.

Journalism Scholarships Available

Two Muleshoe High School seniors have an opportunity to win a \$500 college scholarship, it was announced this week by L. B. Hall, publisher of *The Muleshoe Journal* and *Bailey County Journals*.

The *Muleshoe Journal* and *Bailey County Journals* are members of the West Texas Press Association, the world's largest regional press group, and that organization is seeking out two future community journalists to receive stipends of \$500 each.

Through the "Bob Craig Memorial Scholarship" program, named in honor of long-time Hamlin Herald publisher Bob Craig who died in 1981, the West Texas Press Association is sponsoring an essay contest based on the theme "My Future and Career Plans in Community Journalism."

High school seniors interested in pursuing a career in community journalism may submit their essays to WTPA Scholarship Committee, Stephen Henry, Chairman, P. O. Drawer 1628, Levelland, TX 79336-1628.

The essays must be postmarked no later than February 16, 1990.

The essay is limited to a maximum of 400 words and no letters of reference will be accepted for consideration in the contest.

In addition to being a senior in high school, they must maintain a "B" average or better and plan to continue studies at a school of journalism. Once the winners are selected they must be enrolled in at least three hours of journalism each semester he or she receives assistance.

The scholarships will be divided into payments of \$250 per semester for two semesters for two students.

The essays will be judged by the Texas Press Association.

She told the Rotarians, "I am looking over an audience of very successful people. You know what you did to get to where you are today. You had to learn some things."

"For some kids, it does not 'fall together.' We are losing some kids we should not lose."

She then introduced Luis Avina, who was born in Mexico, moved to Muleshoe, then back to Mexico.

He returned to Muleshoe because he said "an education is important."

In Muleshoe, he lived alone, worked fulltime, and attended school.

Ten Mighty 'M' Band Members On All-Region

Last Saturday, the Muleshoe High School Mighty 'M' Band traveled to Lubbock for All-Region Try-outs at Cooper High School.

Ten students were named to the All-Region Band, along with three alternates.

Band members and their placings included Ronnie Gail Barrett, third chair, clarinet; Jenny Bennett, eighth chair, clarinet; Brenda Mudford, fourteenth chair, clarinet; Jeremy Bruns, fifteenth chair, clarinet and Amanda Ashford, seventeenth chair, clarinet.

Also, Jimmy Johnson, second chair, tenor sax; Michelle Finney, twelfth chair, flute; Sharla Ewins, eighth chair, flute; Kelly Conklin, first chair, French horn; and Blain Ferris, fourth chair, trumpet.

Alternates were Steve Garcia, Jimmy Seales and Lonnie Wilhite.

The All-Region Band concert will be Saturday, January 27, at 8 p.m. at Monterey High School in Lubbock.

The All-Region band members and band directors will leave Muleshoe at 5 p.m. on Thursday, January 25, today.

After checking into a motel in Lubbock, they will eat and then go bowling before 'lights out' in their rooms at 11:45 p.m.

Friday morning, they will begin rehearsals at Texas Tech

Beginning at 9 a.m. Saturday with the lamb show, the Bailey County Junior Livestock Show wound up with the cattle show at 1 p.m. at the Bailey County Civic Center and Coliseum.

Enochs News by: Mrs. J.D. Bayless

Mrs. Mamie Adams was a patient in the Levelland Hospital Friday until Saturday for observation.

Supper guests in the home of Mrs. Etta Layton Saturday were: Mr. and Mrs. Clyde Ellison of Crosbyton, Mr. and Mrs. Steve Hinn of North Dakota, Mr. and Mrs. Gary Jones and three children of Tahoka, Mr. and Mrs. J.E. Layton and sons, Jarrol and family, Keith and family.

Kelly Mosser of Slaton spent Friday night and Saturday with his grandparents, Mr. and Mrs. E.N. McCall.

Everyone was proud of the moisture that fell Thursday and that night, it rained, sleeted and snowed, thundered and lightened like spring. We got nine tenths of rain.

Arnold Archer of Muleshoe visited the Burley Roberts Sunday.

Mrs. Florene (Austry) West of Tatum, N.M. formerly of Enoch's was a patient in St. Mary's Hospital in Lubbock the past week.

Mr. and Mrs. Shorty McCall spent Saturday night with their daughter and husband, Brenda and Robert George in Lubbock. Sunday Louise and Shorty drove to Plainview to visit her brother, Mr. and Mrs. Lee Kelly, others visiting with them were Richard and Berniece Lytle of Conroe and Opal and Fred Locker of Littlefield. The occasion was to help Richard celebrate his 80th birthday and the brothers and sisters to get together for a visit.

Mr. and Mrs. Burley Roberts visited their daughter, the Greg Bruton's and children in Lubbock Thursday.

A joke's a very serious thing.

We're Good at Making You Look Great!

Creative Living

by: Sheryl Borden

Information on computer software available for the home office and recipes for cooking for the diabetic will be featured topics on "Creative Living" on Saturday, January 27 at 2 p.m. (all times are Mountain)

Joe Glover, founder and president of Learning Technologies in Dallas, Tx, will be discussing the advantages and uses of his home computing software called "Go!". The software makes writing a simple letter, recording recipes, balancing a check book, even keeping track of the kids' schedules much easier. The computer can be a real asset -- if you know how to use it effectively.

Vickie Watts, Marketing Home Economist with Southwestern Public Service Co. in Roswell, NM, will demonstrate helpful methods on cooking for the diabetic. Vickie will show her recipe for the Diabetic Holiday Cake which uses Artificial sweeteners and is cooked in a convection oven.

Thursday January 25 at 12 noon, "Creative Living" will present information on preparing home-canned desserts, sources and resources available for clothing for handicapped individuals, and the advantages of oven cooking bags.

Susan Hoven, a certified Home Economist representing Glashaus/Week Home Canning Products, will show how to prepare fruit pickles and other home canned desserts. These desserts are great to make ahead of time and have ready when guests drop in unexpectedly.

Dr. Joyce Davis, instructor in Home Economics at Eastern New Mexico University in Portales, will discuss some of the sources and resources available for clothing for handicapped individuals. Fortunately there is some good news in this area.

Cathy Voit, Home Economist representing Reynolds Metals Co., will demonstrate how complete meals cook and bast themselves without constant cooking. Oven checking bags offer convenience, easy preparation, delicious meals, and best of all, no-scrub clean-up.

"Creative Living" is produced and hosted by Sheryl Borden. The show is carried on more than 100 PBS stations in the United States, Canada, Guam and Puerto Rico and is distributed by Pacific Mountain Network, Denver, CO. Viewers can request copies of materials offered on the show by sending one 25 cent stamp for each handout requested. Send the stamps, along with your name, address and booklets requested to:

DIABETIC HOLIDAY CAKE
2 cups flour
1 1/2 teaspoons baking powder

1/2 teaspoon salt
1/2 teaspoon soda
1 teaspoon cinnamon
1/4 teaspoon nutmeg
1/4 teaspoon cloves
1/4 teaspoon ginger
1 cup walnuts, chopped
1 cup whole cranberries
1/2 cup walnuts, chopped
8 maraschino cherries, chopped
1/2 teaspoon orange extract
1/2 cup dates, chopped
1/2 cup currants
1/2 cup orange juice
1 egg, slightly beaten
2 tablespoons oil
1/2 cup sugar or 2 tablespoons liquid artificial sweetener
2 tablespoons hot water
1 tablespoon orange rind, grated

Preheat oven to 350 F. Combine flour, baking powder, salt, soda, and spices in a large mixing bowl. Add cranberries, nuts, cherries, dates and currants; toss to coat with flour mixture. Combine orange juice, egg, oil, sugar, and hot water, blending well. Add orange rind and orange extract. Pour liquid mixture over the dry ingredients and mix only until they are moistened. Spoon into a greased loaf pan. Bake 50 minutes to 1 hour or until brown on top (top will have a firm crust). Cool slightly and remove from pan. Makes 12 servings.

NOTE: 1 serving = 1 fruit exchange, 1 bread exchange, 1 fat exchange

HOT AND SPICY TURKEY CHILI

1 green pepper, diced
1 small onion, diced
2 tablespoons vegetable oil
2 teaspoons chili powder
1 can (14 ozs.) tomatoes
1 can (16 ozs.) kidney beans
2 cups turkey, cooked and diced
1 teaspoon sugar
1/2 teaspoon salt
1/2 red pepper
1/2 cup water
1 cup Monterey Jack cheese, shredded
Corn chips

In skillet over medium heat, cook green pepper and onion in hot oil 8 to 10 minutes until tender; stir occasionally. Stir in chili powder; cook 1 minute. Stir in remaining ingredients except cheese and chips; bring to boiling. Cover and simmer for 10 minutes, stirring occasionally. Serve with cheese and chips.

MICROWAVE: In a 2-quart dish, microwave green peppers, onion, oil, and chili powder 3 minutes on high. Add remaining ingredients except cheese and chips. Microwave, covered, 5 to 7 minutes on high, stirring halfway through the cooking time.

NOTES, COMMENT

The choice of clothes is important but not all-important.

STARTING NEW SEMESTER--Fourth graders at Mary DeShazo returned to school Tuesday to start an exciting new semester. Teachers planned learning activities around various themes. Included were balloons, penguins, grapes, the old west, a fiesta, hats, a cruise, and camping. Basic subjects were taught using the given themes. Fourth grade teachers are Helen Grigsby, Mary Ann Foerster, Tawna Ward, Tanya Steinbock, Claire Brown, Debra Sanchez, Pat Angeley and Jane Foster. (Journal Photo)

COLDEST WEATHER FOR MANY YEARS PAST TWO WEEKS

The coldest weather in many years has gripped this section the past week. Temperatures varying from two degrees above zero to seven below have been registered since last Thursday which has caused quite a bit of loss to livestock. Building operations have been brought to a standstill. Water lines over the city are frozen in many places. New settlers are impatiently waiting for the weather to warm up so the work of breaking new land may start. Hundred acres of virgin soil is to be plowed out this spring and, according to local dealers, the sale of modern farm machinery has been greater than in any previous year.

Signs Of Stroke Can Be Frightening Experience

Suffering a stroke can be a frightening experience, particularly for the person who is unaware of what is occurring.

A stroke is an instantaneous disruption of the blood flow to a certain portion of the brain. When fresh blood is not received by a section of the brain, the cells are deprived of needed oxygen, and damage results. The body function that is controlled by that particular part of the brain is then damaged either temporarily or permanently.

Some strokes result from blocked arteries that literally starve the brain of blood. The arteries are simply too clogged with fatty deposits to allow enough blood to reach the brain. Other types of strokes that are more serious in nature are like hemorrhages that leak into the brain tissue or small clots which break loose from the arterial wall and block the artery.

According to medical experts in Methodist Hospital's Rehabilitation Institute, the following are warning signs of a stroke:

- Dizziness;
- A temporary loss in memory or mental ability;
- Numbness or weakness in the face, arm or leg on one side;
- Garbled speech or new swallowing problems;
- Eye problems, including temporary loss of sight or double vision; and
- Recent onset of severe headaches.

A person also can experience a temporary "little stroke", called a transient ischemic attack, and not even be aware of it. The following may signal that attention is needed to prevent a future, more serious stroke:

- Blackouts;
- Falls which have no explanation;
- Temporary loss of vision;
- Dizziness; and
- Temporary weakness in the limbs.

Big words fool a lot of people but not as many as some think.

ROTARY SPEAKERS--A special program was presented for the Muleshoe Rotary Club on Tuesday, with Mrs. Georgia Pena, far left, speaking about the Life Skills Management Program for the school. She introduced Adam Villa, second from left, and Luis Avina, who talked about their experiences in the program. Dr. Robert Lepard, far right, was in charge of the program for the day. A short video was also shown on a Life Skills Management Retreat attended by the two young men, and several other MHS students. (Journal Photo)

Life Skills

Cont. From Page 1

He commented, "sometimes parents don't understand or want to understand their kids. Sometimes we don't feel wanted."

He said that something like the Life Management Skills Retreat proves there's somebody out there who can help, and would love to help.

"It's a wonderful program,"

he said, "I learned a lot."

He said he now lives with Clifton Finley, who he said is a 'wonderful man.'

Mrs. Pena said Luis Avina is "positive about everything, and you never see him without a smile."

He said he is a sophomore at MHS and really wants to learn technology about building cars. Another ambition is to be with some program to help young teenagers.

"Mexico is my country and I love it," said Luis, "but, it's a very hard life down there."

The next speaker was another sophomore, Adam Villa. He said at something like the Life Skills Management Retreat, "You get to know each other better. First you're scared, and then you start making friends, and doing things together. You are studying, you get in groups, play games, and do a lot of eating."

Adam was wearing a shirt with the inscription, "Con Ganas" which is (with desire or determination).

He plans to finish school, and get a job in a body shop painting cars.

A cross-country runner at MHS, Adam said he is very positive about his future.

Mrs. Pena concluded by saying, "Muleshoe ISD is very cognizant of the fact we're losing too many youngsters out of school. Even one is too many. We need to help as a community."

President Terry Hutto talked about the upcoming district conference in April; and said a letter had been received from the Littlefield Rotary Club asking Muleshoe Rotarians to attend the annual Littlefield Chamber of Commerce and Agriculture banquet on February 15, as District Governor Tumbleweed Smith will be the guest speaker.

He said it was Barry Cowarts birthday, and called attention to a balloon arrangement on Dr. Cowart's table.

The Rotary president was the Polio Plus winner.

Visiting Rotarians were Bill Grisham, Lubbock; Bill Schilling, Clovis; and Daren Sudduth and Hugh Moseley from the Farwell Club. Other visitors were Ernest Cadenhead, Phil Langston and Gary Glover.

Infant Defects Said To Be In Development

Abnormal development of fetuses, not problems related to labor and delivery, are responsible for most neurological defects in infants, according to a report published in the January 1990 issue of Texas Medicine.

More than 90 percent of infants born with neurologic deficits, such as cerebral palsy, severe mental retardation, and epilepsy, are caused by "antecedent intrauterine developmental abnormalities," which occur during fetal development and over which doctors have no control, Drs. Leo J. Williams and Anthony P. Lucci wrote in the

Texas Medicine article. Texas Medicine is the official journal of the Texas Medical Association.

Dr. Williams is chairman of the Department of Pathology and Dr. Lucci is chairman of the Department of Obstetrics and Gynecology at St. Joseph's Hospital in Houston. The doctors reviewed the examination of 1,900 placentas at St. Joseph's during 1988. A placenta is the organ through which a fetus absorbs oxygen, nutrients, and other substances and excretes carbon dioxide and other wastes.

The two physicians said recent studies show that no more than

eight percent of all cases of neurological deficit occurring in infants born at or near term are related to labor and delivery problems. Such problems may include primary intrapartum asphyxia, or a severe lack of oxygen in the infant's blood stream during birth.

"Recent studies conclude that less than 10 percent of infants with a birth weight of at least 2,500 grams (about 5.5 pounds) born with a neurologic deficit (cerebral palsy, severe mental retardation, or epilepsy) sustained the injury during labor or delivery," Drs. Williams and Lucci wrote. "It is now believed that the remainder of these infants were affected by an antecedent intrauterine development abnormality and that these abnormalities are often associated with chronic or partial intrauterine hypoxia."

Hypoxia is inadequate oxygen in the blood stream. Asphyxia is severe hypoxia. Organs most likely to be affected by hypoxia are the brain, heart, pulmonary vessels and liver.

Lucci and Williams said examination of placentas for intrauterine hypoxia can identify infants at increased risk of later displaying a neurologic deficit.

It had been believed that asphyxia occurs primarily during labor and delivery. However, efforts to reduce neurologic injury in newborns, including prenatal care, fetal monitoring, and a substantial increase in cesarean sections have failed to reduce the rate of cerebral palsy in term or near-term infants, the authors stated.

"These studies conclude that cerebral palsy is a disorder most often independent of obstetric management," Williams and

Lucci wrote.

TMA is a professional organization of more than 29,000 physician and medical student members. It is based in Austin and has 117 component county medical societies around the state. The Association represents more than 80 percent of the state's physicians, and its goal is to improve the health of Texans through the professional and personal development of its members.

Window Dressing

"Could I try on that red dress in the window?" asked the bright young thing.

"There's no need to do that," the elderly shop assistant answered coldly: "We have several fitting rooms."

Biblical Author Will Be Levelland Speaker

Evelyn Christenson, best-selling author who travels widely sharing Biblical principles which change lives, will speak Feb. 10 in Levelland.

Mrs. Christenson, the author of such books as "What Happens When Women Pray" and "What Happens When God Answers," will speak on the topic "Lord, Change Me," also the topic of one of her books. Her books have sold over two million copies.

Applications Due For Participation In TALL Program

Applications are being accepted through Feb. 15 for participation in the Texas Agricultural Lifetime Leadership (TALL) program, sponsored by the Texas Agricultural Extension Service.

The program provides leadership training over a two-year period to a selected group of 25-30 people through seminars and travel around the state and in foreign countries. "Agricultural leaders must make some critical decisions in the years ahead," said Dr. L.S. Pope, who coordinates the TALL program at Texas A&M University. "This program seeks to help develop potential leaders and provide them with a broadened knowledge of a range of complex issues."

The 24 participants in the first TALL program, completed in December, toured 10 key agricultural areas in Texas, traveled to Washington, D.C., and northern Europe, and met 175 leaders in agriculture. The program includes 12 meetings of two to three days, scheduled every other month.

Pope said applicants must be between the ages of 25 and 40, show leadership ability, and have an association with agriculture. Cost of the program is \$1,000. Applications are available from county Extension agents or by writing Pope at 242 Kleberg Center, Texas A&M, College Station, Texas 77843.

The non-denominational seminar is open to all women throughout West Texas and is sponsored by 11 churches in Levelland and one church in Littlefield.

The seminar begins with late registration from 8:15 to 8:45 a.m. and will conclude at 3:45 p.m. at the First Baptist Church, located at 510 Ave. C. in Levelland.

"We'd like to invite all women to attend the seminar," said Debbie Davis, chairman of the seminar's steering committee. "Mrs. Christenson is a nationally known speaker who really inspires and encourages her audiences. This is an opportunity that no one should miss."

Registration fee is \$9.50. Interested persons should contact officials at their church or mail a check to Flo Langford, seminar treasurer, at 1706 Ave. G., Levelland, Texas 79336. She may be contacted at 806-894-3272.

Mrs. Christenson conducts prayer seminars throughout the world and is a board member of Chuck Colson's Prison Fellowship. She also is the organizer and chairman of the board of United Prayer Ministries, a non-profit organization which operates a non-denominational prayer chain for the twin cities area in Minnesota. Mrs. Christenson, the wife of a former minister, is a homemaker and grandmother.

"I struggled alone with God for 14 months, allowing Him to change me," she explained in her book, "Lord Change Me." "All during this time, He was clearly putting the emphasis on me, not anybody else. God used seven methods to teach me how He wanted me to change and how He would provide the direction and the means for my changing. This is an on-going process of becoming more like Christ until we see Him face-to-face."

Mrs. Christenson's seminar will begin at 9 a.m. and will include six sessions, whose titles are "Why Me, Lord?" "Changing Through Reading God's Word Devotionally," "Changing Through Studying the Bible,"

"Changing Through the Holy Spirit Recalling Scripture," "Changing Through Tree Methods of Prayer" and "Four Sources of Wisdom Changing Us."

Seminar participants should bring a sack lunch. No nursery will be provided.

Sponsoring churches are the First Presbyterian, First Assembly of God, First Christian, South Plains, Grace Baptist, Fifth Street Baptist, St. Michael's Catholic Church, College Avenue Baptist, First Baptist, Word of Life, Church of the Nazarene and First United Methodist Churches, all in Levelland, and the First United Methodist Church in Littlefield.

For more information, interested persons should contact their pastor, women's church group or Debbie Davis, chairperson of the seminar steering committee at 894-6915.

Cecil Kantz Graveside Services Held Wednesday

Graveside services for Cecil Kantz, 76, of Portales, N.M. were conducted at 10:30 a.m. Wednesday, January 24 in Ft. Sam Houston National Cemetery at San Antonio with James Withrow officiating.

Burial was under the direction of Ellis Funeral Home of Morton. Ms. Kantz died at 3:20 p.m. Sunday in Cochran County Memorial Hospital in Morton.

Born September 29, 1913, in Shreveport, La., she had been a resident of Portales from 1977 to 1987, when she moved to the Morton Manor Nursing Home. She was a Civil Service worker with Kelly Air Force Base, and a Methodist. She was preceded in

death by her husband, William L. Kantz.

Survivors include a sister, Nancy Smith of Portales, N.M.; a niece, Cindy Chester Harth of Rogers, N.M.; a nephew, Bernard Smith of Merkel.

MICROWAVE TIPS

Most housewives know about sweet potatoes in orange halves. Another yam special is sherried sweet potatoes, easy to prepare.

Use 32 ounces of canned sweet potatoes, mixed with 1/2 cup apricot nectar, 2 eggs, 2 tablespoons of honey, 2 tablespoons of sherry, salt and nutmeg to taste. Beat on Medium in electric mixer and well mixed and spread on pie plate.

Sprinkle with pecans and cover with wax paper. Then microwave on High for 4-5 minutes. Microwave on Medium for another fifteen minutes or so, rotating once.

Nursing Exams On January 27

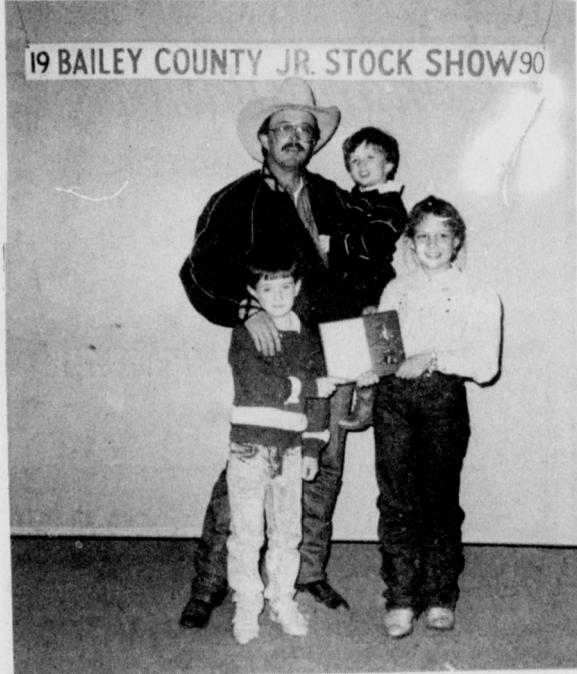

A pre-entrance exam for the associate degree nursing program at South Plains College will be given Jan. 27.

The day-long exam begins at 9 a.m. in the SPC Student Assistance Center, located on the third floor of the library. The fee is \$10.

The exam is a requirement for entrance into the ADN program. Students who successfully complete the two-year program are eligible to take their state board exam (NCLEX) for licensure as registered nurses, according to Marla Cottoneir, R.N., program director and chairperson of SPC's nursing department.

Additional testing dates are Feb. 14, Feb. 17, March 7, March 10, and March 31.

For more information, contact the SPC counseling office or nursing program at 806-894-9611 ext. 368 or 390.

HOMESTEAD EXEMPTIONS

CAN LOWER THE PROPERTY TAXES ON YOUR HOME

A homestead Exemption

lowers the property taxes on your home by lowering its taxable value. For example, if your home is valued at \$50,000 and you receive a \$5,000 homestead exemption, your home will be taxed as if it were worth only \$45,000.

You qualify

for a homestead exemption if you owned your home on January 1 and used it as your primary residence on January 1. It doesn't matter whether your home is a house, a condominium or a mobile home.

Exemptions are available

to all homeowners on their school taxes. Additional exemptions are available to homeowners who are disabled or age 65 or over. Other exemptions may be offered to homeowners by school districts, counties, cities, and special districts. All taxing units offer exemptions to disabled veterans.

Apply to

your local appraisal district office at the address shown below for all exemptions you may qualify for. Application forms are available at this address.

If you received a homestead exemption on your present home in 1989 you won't need to apply again for 1990 unless the chief appraiser requires you to reapply.

However, if you passed your 65th birthday or became disabled before January 1, file a new application to receive the additional exemptions.

If you haven't received an exemption on your present home, or if you moved to a new home, make a new application for 1990.

The deadline

for applications is April 30, 1990. Contact your appraisal district before then if you need more time.

For more information, get a free copy of the pamphlet, *Taxpayers' Rights, Remedies, Responsibilities*, at your appraisal district office or from the State Property Tax Board in Austin.

Families Anonymous Formed In Farwell

Families Anonymous, a self-help program for relatives and friends concerned about chemical substance abuse or behavioral problems, has announced the start of a new group in Farwell, TX.

The new group will meet on Thursday evenings at 8 p.m. CDT weekly beginning January 25. The meeting will be located at the Farwell Home Ec. building on the corner of 8th and Ave G.

Families Anonymous meetings are open to everyone. The Program is designed for the concerned family and friends of someone using mind-altering substances or demonstrating destructive behavior.

No dues or fees are required, and first names only are used at the meetings. Advance notice is

not necessary to attend Families Anonymous meetings. Visitors are welcome.

Chemical substance abuse is a pervasive problem in today's society; disrupting the life of the abuser, and devastating and destroying family relationships. The daily stresses of living coupled with family pressures or problems may lead to chemical substance abuse by one or more individuals as their means of "coping". To change or relieve the distressing effect in the family, an exploration of the behavior patterns of all the family members is necessary.

Families Anonymous (FA) is a self-help group of families of chemical substance abusers and those with behavioral problems. FA was founded in 1971 by a group of Los Angeles families. Families Anonymous is based on the Twelve step recovery Program of Alcoholics Anonymous. When a young person is in trouble, the whole family is also in trouble and needs help. The purpose of the group is to help the family, not the abuser or person with a behavioral problem. Members include parents of chronic truants, run-aways, chemical substance users and social drop-outs of all ages.

There are groups meeting in almost every state and several other countries. At meetings, members come to realize that they are no longer "alone". They can learn how families in similar situations have dealt with their present plight.

Members use first names only. Meetings begin with basic FA readings, followed by discussion of a topic chosen by the leader for the evening. It is a program of spiritual nature-it is not religious. Anyone who feels that he or she might benefit from a FA meeting is welcome. No prior arrangements are necessary.

Families Anonymous is a non-profit organization which does not solicit outside funding.

There are no dues or fees. The New Hope Families Anonymous of Farwell, Tx. will meet every Thursday at 8 p.m. in the Farwell Home Ec. Building located on the corner of 8th and Ave. G beginning January 25, 1990.

Additional information may be obtained by phoning (806) 481-9155 after 5 p.m. CDT, or by contacting Families Anonymous, Inc., P.O. Box 528, Van Nuys, California 91408.

BIBLE VERSE

"It is written, man shall not live by bread alone, but by every word that proceedeth out of the mouth of God."

1. Who spoke these words?
2. To whom were they addressed?
3. When did the conversation occur?
4. Where may it be found in the Bible?

- Answers:
1. Jesus.
 2. Satan.
 3. During Jesus' temptation, in the wilderness.
 4. Matthew 4:4.

Laugh not too much; the witty man laughs least; For wit is new only to ignorance.

Texas Hunting Nearing End Across State

Another Texas hunting season is nearly over. Hunting lease operators are preparing to close their books on this year's hunts and make plans for next year. Lease hunting occurs throughout Texas, but lease operations vary considerably. Many lease operators would like to know how others are providing services and facilities, managing game animals, protecting their operation, pricing their leases, and the range of lease charges. How can they obtain this information? Beginning January 22, 1990, all 12,500 hunting lease operators in Texas will receive a one-page survey that asks for answers to these questions. The survey is easy to complete but of most importance to hunting lease operators will be the results. Finally, they will be able to compare their lease operation with others in the county and state.

This study is a cooperative research effort between the Texas Agricultural Experiment Station and the Extension Service. County agents are helping get an excellent response rate by supporting this study and answering questions their lease operators may have about it. The value of the information to hunting lease operators will be

directly related to the number of surveys returned. The Extension Service will provide county/state data results to each county Extension agent for your area of interest. They will receive the results that compare their personal operation with others in the county and state. This information should help operators and land owners improve their hunting lease programs.

Hunting lease operators that have multiple permits will be sent a survey for each permitted area. Each area under permit is described on the survey by acres and/or name-exactly the way it was described in the permit application. Some operators or land-owners may receive from two to twenty-two surveys in one day. It is important that each survey for each permitted area be completed as a separate acreage. All hunting lease operators that

have four or more permitted areas have been contacted about the study and that they would be receiving a lot of mail the third week in January.

The Texas hunting lease system has been in operation since 1929. There has never been a statewide study of how lease hunting contributes to wise management of the wildlife resource. Other states are beginning to consider lease hunting as an alternative to traditional agricultural land uses. The results of this study may demonstrate that lease hunting on private land is a practical and sensible alternative.

Houston Stock Show Draws 'Big Name' Entertainment

Houston Rodeo officials announced a 27-star line-up for the 1990 Rodeo, the largest number of entertainers in show history.

Clint Black opens the 1990 event at 4 p.m., Sunday, Feb. 18. The first week continues with 7:45 performances nightly: The Judds, Monday, Feb. 19; Conway Twitty and George Jones, Tuesday, Feb. 20; George Strait, Wednesday and Thursday, Feb. 21 and 22; and Chicago, Friday, Feb. 23.

The weekend features Rodney Crowell and Restless Heart at the 11 a.m. Saturday matinee, Feb. 24; Ricky Van Shelton, Saturday night, Feb. 24; Steve Wariner for the 1 p.m. Sunday matinee, Feb. 25; and Vikki Carr, Roberto Plido y Los Clasicos, and Emilio & Rio Sunday night, Feb. 25.

The second week continues the award-winning line-up with Bill Cosby, Monday, Feb. 26; The Oak Ridge Boys, Tuesday, Feb. 27; Patti LaBelle and James Ingram, Wednesday, Feb. 28; Exposé and Lisa Lisa and Cult Jam, Thursday, March 1; Nitty Gritty Dirt Band and Tanya Tucker, Friday, March 2; Anne Murray, 11 a.m. Saturday matinee, March 3; The Highwaymen-Willie Nelson, Johnny Cash, Waylon Jennings and Kris Kristofferson, Saturday night, March 3; and Alabama, 4 p.m. Sunday twilight performance, March 4.

Teaming up for their fourth year as corporate star sponsors, Bud Light and KPRC-TV, Channel 11, Houston, return as the opening performance sponsors, featuring Clint Black, Feb. 18. Returning for their fourth and third star sponsorship years respectively are Miller Lite and KHOU-TV, Channel 11, Houston, sponsoring the Highwaymen-Willie Nelson, Johnny Cash, Waylon Jennings and Kris Kristofferson, Saturday night, March 3.

Chevy First Team, also a returning second-time supporter, is sponsoring the Wednesday

night, Feb. 21, George Strait performance. SNICKERS Bar also returns for its second star sponsorship year to sponsor the final Sunday Alabama performance, March 4. First time corporate star sponsors, the Texas Gulf Coast GMC Truck Team, is sponsoring Ricky Van Shelton performance, Saturday night, Feb. 24.

Show president Hal Hillman announced an expanded shuttle bus schedule and more available park and ride locations to make getting to and from the Show easier. The Coors Light Rodeo METRO Express will run every day, beginning Saturday, Feb.

18, 9 a.m. to midnight Saturdays and 5 p.m. to midnight Monday through Friday.

The shuttle also will pick up passengers at three shopping centers this year: Gulfgate, Meyerland and Northline malls, still for only \$1 per person round-trip.

Another show highlight, the Conoco Rodeo Run, will again officially kick off the downtown rodeo parade, Saturday, Feb. 17, 10 a.m.

Conoco donated \$52,000 in entry fees from the 1989 10K Rodeo Run to the Show's scholarship fund, making them the largest single scholarship donor. They expect 4,500 to 5,000 runners again this year.

Ticket prices for the 1990 Houston Livestock Show and Rodeo are still a bargain at \$5 to \$12, depending on seat location and performance date. Tickets are available at all Ticketron and Rainbow Ticketmaster locations and the Astrodome box office.

The 1990 Houston Livestock Show and Rodeo opens with horse show competition Thursday, Feb. 15; other livestock competition starts Saturday, Feb. 17; and the first rodeo performance is Sunday, Feb. 18. All events run through March 4.

He'll Find Out

A neighbor tried to comfort the deserted husband.

"It was a terrific shock to hear that Smithers ran away with your wife. I'd always thought he was your best friend"

"He is," replied the husband with a happy smile. "only he doesn't know it yet."

MS Victims, Families Sought For New Study

People with Multiple Sclerosis and their families are urged to participate in a national study in which they will be asked to complete forms relating to family issues affected by MS. Currently families with children aged 8-10 and those living in rural areas are under-reported throughout the country.

This national project will enable health care professionals to better understand the family unit in which one spouse has MS.

To participate, send your name and address to: Clarann Weinert,

PhD., RN, College of Nursing, Montana State University, Bozeman, MT 59717. For more information locally, contact Fredricka Gens, Chapter Services Coordinator, Panhandle Chapter-NMSS, 715 S Lamar, Amarillo, TX 79106.

Multiple Sclerosis is a chronic, disabling disease of the central nervous system affecting more than 500 men and women in the Texas and Oklahoma Panhandles.

Different Goal

She--You say I'm the most beautiful, divine, and gorgeous creature in the whole world? Are you trying to kid me?

He--No, I'm trying to kiss you.

Tax Tips

SHOULD YOU ITEMIZE YOUR DEDUCTIONS?

Because itemizing your deductions can lower your tax bill, you should itemize if you can. You can benefit from itemizing if the total of your itemized deductions is more than your standard deduction. Itemized deductions include expenses for:

- medical and dental care.
- state and local real estate, income, and personal property taxes.
- interest.
- charitable contributions.
- casualty losses.
- job-related moves.
- miscellaneous job and investment related costs.

Utilize the free TAXSAVER Envelope or TAX RECORD BOOK, available at any H&R Block office, to record income, expenses; and other information needed for your return. Keep all of your receipts for deductible expenses! Do you have questions about how the tax laws affect your return? Call your local H&R Block office, or stop by the one nearest you.

PET CARE

Treating Man's Best Friend to a Decent Funeral

Over 350 million Americans know the pain of losing their favorite pet. For children, it is often their first encounter with death. To compound the grief, the owner is faced with burying his favorite dog, cat or parakeet in a shoebox or even worse—a plastic bag. "We lost three dear old pets over a very short time period and there were no pet cemeteries in Lima. After we were forced to bury our pets in shoeboxes and plastic bags, we decided there should be an inexpensive and dignified way to bury pets," says Mike McCormack, owner of Pet Rest Inc.

In order to give families a better way to bury their pets, McCormack developed pet burial kits. Each kit includes a properly sized burial receptacle, a funeral manual, a name tag and a sympathy card.

The receptacle is fashioned after the futuristic floton missile in which Mr. Spock's body was jettisoned into space in Star Trek II. McCormack decided on this design because he wanted nothing morbid.

The satin-lined containers come in four sizes and are available in ebony and ivory. They range in price from \$19.99 for the smallest to \$79.99 for the large size. Once sealed they are completely air- and water-tight. Pet Rest also has a lawn marker for \$34.95 that can be engraved with the pet's name and a short message.

For more information about the pet burial kit or to order, call 1-800-444-0881, or send a self-addressed, stamped envelope to: Pet Rest Inc., P.O. Box 953, Lima, OH 45802.

IN FASHION

Makeup promoters say there will be changes in the makeup trend in 1990. The shiny, pasted look is out giving a more natural look.

Eye makeup will also change. The eyes will be outlined, but softer. The green, pink, purple, and blue eye-shadow has been replaced with more of a smokey blend.

Why Most Diets Don't Work

If you are one of the 70 percent to 80 percent of Americans more than 10 percent overweight, you probably feel you have tried every diet ever invented: "eat only grapefruit," "count calories and do sit-ups," or perhaps some version of Oprah Winfrey's liquid diet. The irony is that the more you diet, the fatter you get.

"For most people, diets don't work. What really counts is the underlying habits," says psychiatrist and eating disorders specialist Dr. James M. Ferguson. "Diets are short-term; long-term weight control requires permanent changes in your eating and lifestyle habits."

Although most diets help you lose weight initially, few help you keep it off. Most people lose a few pounds, get sick of dieting and go right back to their old habits—eating the wrong foods and not getting enough exercise. Soon, they've gained back more than they've lost, and they're ready to start yet another fad diet. The cycle never ends.

Author of *Habits Not Diets*, Dr. Ferguson shows how to un-

learn the poor eating habits at home without expensive counseling. Emphasizing HOW to eat, rather than WHAT to eat, Ferguson teaches how to:

- Make changes in your home and workplace that eliminate urges to eat.
- Change the way you eat and the ways you think about food.

- Get some form of exercise at least three times a week.
- Learn to identify and solve food problems (like eating because you're bored).

- Make eating an enjoyable experience, not an unconscious habit.

Habits Not Diets is available from Bull Publishing Co., P.O. Box 208, Palo Alto, CA 94302, (415) 322-2855. Send \$12.95 plus \$2.75 for shipping and handling.

Ferguson claims an 80 percent success rate among his clinical patients. They lose an average of 1 pound per week, but many are able to lose twice this amount without regaining. Because there is no diet to abandon, *Habits Not Diets*, really does offer the secret to lifetime weight control.

B.J. CROWLEY'S HOROSCOPE

Week of January 22th, 1990.

AQUARIUS--Jan. 20 to Feb. 18--A promotion is due. Your dedicated service in career matters pays off. Be patient with an in-law who is slow in accepting you.

PISCES--Feb. 19 to March 20--A telephone call from a long distance brings great cheer to you during the early days of 1990.

ARIES--March 21 to April 22--Information you receive opens a new door to the past. You now have greater insight into who you are.

TAURUS--April 21 to May 20--Resolve now to attend church regularly throughout the coming year. A sense of maturity settles over you now. Be thankful for all that you have.

GEMINI--May 21 to June 20--You must help yourself if you want to achieve greater stability. Carry through on school or work. The longer you drift, the more difficult it will be to catch up.

CANCER--June 21 to July 22--You feel a great anticipation in a forthcoming celebration. Ask someone to accompany you on a short journey.

LEO--July 23 to Aug 22--Take time to be alone. Too much togetherness leaves you irritable. Dental work should not be neglected. In some cases, an orthodontist should be consulted.

VIRGO--Aug. 23 to sept. 22-- Slow down on foolish spending. Resolve now to include gift-buying in your 1990 budget. Shop wisely and stay within the limits you set for yourself.

LIBRA--Sept. 23 to Oct. 22-- Start a sound savings program. Save for a nest egg and for a luxury you have wanted for a long time.

SCORPIO--Oct. 23 to Nov. 22--Resolve now to be the person you want to be. Good planning will bring the success you want. Concentrate on doing your work well.

SAGITTARIUS--Nov. 23 to Dec. 22--Happiness abounds for you this week. Your career takes on a new meaning for you.

CAPRICORN--Dec. 22 to Jan. 19--Approach the new year with greater serenity. Take life a step at a time. Adopt a pleasant attitude toward others. Give love and
