Palace Drug Monthly News

A message from Fred and Jim, 'Your Pharmacists'

ACCORDING TO THE LATEST statistics, you are going to live a great deal longer than if you had been born in your grandparents' times.

THIS HAPPY STATE OF AFFAIRS is credited to the following basic reasons:

1. THE ALMOST MIRACULOUS RESULTS obtained by the use of the Anti-Biotic drugs and Chemo-Therapeutic agents.
2. THE MORE GENERAL USE OF VITAMINS, which strengthen and fortify our bodies against the many types of serious infections, which formerly were responsible for a great many premature deaths.
3. THE GROWING TENDENCY TO CONSULT A PHYSICIAN before an illness becomes serious, and to follow his instructions more carefully.

AS YOUR PHARMACISTS, we consider it important to keep informed about all the latest advances in Pharmacy and Medicine. Your physician knows that he can prescribe any of the newest discoveries, with the assurance that we will be able to compound his prescriptions.

Probe of Big Foundations Third in American History

By JAMES MARLOW

WASHINGTON — (AP) — The present investigation of the tax-exempt foundations is only the third of its kind in American history, but investigations of foundations were made before Christ and foundations themselves existed long before that.

A Senate committee investigated in 1912. So did a special House committee, headed by the late Rep. Eugene Cox (D-Ga.), in 1952. Under the chairmanship of Rep. B. Carroll Reece (R-Tenn.) a special House committee is making an investigation now. Reece says the purpose is to see whether the foundations are carrying out their stated purposes or whether there is use of their money to promote communism or socialism.

Foundations and their purposes have varied. They get their money through rich men or their heirs or through contributions, and hand it out for special projects; humanitarian, social, civil, religious, medical, scientific, education, charitable.

Ernest Victor Hollis, a specialist on the subject, traced them back to the beginning of American history, pointing out that the gifts and bequests which endowed colleges were foundations, the money being set aside for the public good.

Benjamin Franklin provided 1,000 pounds in 1790 for two foundations still in existence, in Boston and Philadelphia, for the education of "young married artificers."

Another early foundation pointed out by Hollis was the Magdalen Society, established in 1800 to aid "fallen women." A woman had to admit being a prostitute to get any of the foundation's benefits.

The Smithsonian Institution here in Washington, set up in 1846 by an Englishman, James Smithson, is now semi-foundation and semi-governmental.

In this country there are perhaps more than 30,000 foundations with total capital assets of maybe \$6 1/2 to \$7 billion. The largest is the Ford Foundation with assets of more than \$500 million.

Hollis, writing for the American Council of Education in 1939, said the Egyptian pharaohs, 1400 years before Christ, set up perpetual funds, as they thought, for religious and personal purposes; they money would go to a college of priests who would have to use some of the money to keep the donor's tomb perpetually protected.

The Chaldecans, according to Hollis, had almost identical practices 1200 years before Christ. "These," he said, "are the earliest

Local Doctor Discusses Cause Of Skin Eruptions

In order to understand how Chiropractic is effective in cases of skin eruptions, we must understand something of the fundamental principle of Chiropractic. The Chiropractor maintains, and has proved through results obtained, that every organ of the body is dependent for its proper function upon the full supply of vital life energy through the nervous system. This is not only true of the heart, kidneys, stomach, etc., but also the skin. The glands of the skin must receive their normal supply of nerve energy to function normally.

If you suffer from skin eruptions of any sort, you owe it to yourself to visit your Chiropractor and let him explain in detail the reason for your condition and what Chiropractic can do.

It is not true to say "everything possible has been done" unless Chiropractic is included.

For further information regarding Chiropractic, you are invited to consult Dr. Kathryn Behnke Rains, Palmer Graduate Chiropractor, 408 W. Richardson, phone 861. Offices hours daily except Saturday P. M. —Adv.

Mickey Sullivan Slugs Artesia To 22-4 Victory over Spudders

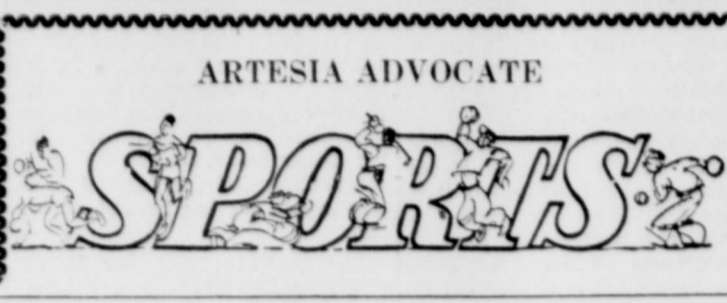

SWEETWATER — Mickey Sullivan, 1954 Southwest conference batting champion from Baylor, rapped four hits in six trips here Monday night for eight runs batted in as the Artesia NuMexers drubbed the Sweetwater Spudders 22-4.

It was Sweetwater's fifth straight Longhorn league loss. Sullivan started the visitors off in grand style in the first inning with a three-run homer, then added three singles to his total. Teammates Charlie Watts and Bob Herron were his chief aides in making life miserable for three Sweetwater pitchers.

Watts got three for three including two doubles, walked three times, and scored five runs. Herron got only two hits in seven trips but smashed a bases-loaded triple in the fifth inning. Bob Upton, who left to join Galveston of the Big State league right after Monday night's game, scattered 12 hits, including a homer by Charlie Tuttle.

Bob Abshire, who gave way to Lopez in the fifth with none away, was the loser, with Lopez yielding to Mattson in the ninth.

Potashers Wipe Out Odessa Lead, Rally to 13-7 Victory

CARLSBAD — Taking advantage of a sudden collapse in their opponents' defense, the Carlsbad Potashers wiped out an Odessa lead with an eight-run rally in the fourth inning and went on to defeat the Oilers 13-7 in the first of a two-game series here tonight.

Lefthander Ben Bonine is scheduled to pitch for the Oilers tomorrow, while Bob Weaver will work for Carlsbad.

Aided by a two-run homer from the bat of starting pitcher Jaime Fals, the Oilers swept to a 4-0 lead in their half of the second, Carlsbad bunched three singles in the bottom of the second to score once, but Odessa got it back with a singleton in the third.

Duke Henderson opened the Carlsbad fourth with a walk and went to second on a wild pitch. After Oliver Hardy flied out, Art Hering drew a life when second baseman Jimmy Pace dropped his easy pop-up. Hank Williams singled to left to bring Henderson across, and Hering went to third on an outfield bobble.

Roswell Rockets Smash Colts 26 to 7 With 23-Hit Assault

ROSSELL — Blasting 23 hits off four San Angelo pitchers, league-leading Roswell Rockets belted the Colts 26-7 here tonight.

The Rocket batting attack was highlighted by Stubby Greer's grand slam home run over the left field scoreboard in the second inning.

Steve Nunez coasted the win on a spaced 10-hitter and had the fans buzzing with his potent bat.

He had five consecutive hits, including a none-on homer in the third frame. The victory was his fourth straight since joining the Rockets from Sweetwater two weeks ago. His record is now 6-5.

Don Terlip, Hillis Layne, and Dub Graves paced the Colts at bat.

China Riviera was the loser with Corwin Sharp, Paul Ortosky and Bob Vruck following him to the slab. Young Vruck looked sharp in helping Roswell to one run in the final three innings.

Torrid Midland Indians Outslug Big Spring 10-4

MIDLAND — Midland's torrid Indians collected 14 of their 17 hits in the first four innings here Monday night to route the Longhorn league's winningest pitcher, Mike Rainey, and dump Big Spring, 10-4.

Harold Hacker squared his personal record at 7-7 as the Indians won their fifth in a row.

Joe Riney, former Big Spring infielder, led the attack on his old mates with four hits in four trips.

Riney brought in Midland's first run in the opening frame behind singles by Bud Hull and Pat Waters. In the fourth he drove in another run in a four-run frame and in the sixth he tripled and scored when the relay was misplayed.

Walks kept Harold Hacker in trouble through the early stages of the frame. Pepper Martin walked in the second and brought in the Broncs first run when Bob Doe singled.

After Midland forged ahead 4-1 in the last of the second, an infield single and two walks got Hacker in trouble again. This time Jim Zapp drilled a single into left, scoring two runs.

With the score 5-4 in favor of Midland in the fourth the Indians elicited six straight hits to send Rainey to showers. Relief Frank Maren was touched for four of the blows.

Landy Expects 'Some Sort of Reaction' to Set In After Setting New 3:58 Minute Mile Record

By STIG HAEGGHOLOM

TURKU, Finland (AP)—John Landy, the second man in history to crash the four-minute mile barrier, rested today after his record-shattering 3:58 performance and announced that he probably would go no better—at least for this year.

"I have kept my present top shape for more than nine months," said the 24-year-old Australian.

"Now I believe some sort of reaction will set in. I think I have done what I can do for this year."

But he left no doubt that he was looking forward to his duel in the British Empire Games next month with Roger Bannister of England, whose 3:59.4 performance he broke in the blazing run of Turku Stadium yesterday. Bannister crashed the barrier less than two months ago.

"I'm almost too happy to be able to speak," said Landy, whose breathtaking career has included nine mile races under 4:03. "If it hadn't been for Chris Chataway chasing me around the track I never would have made it."

"I knew he was immediately behind me and that he would not hesitate to pass me if I slowed up the very least."

Ironically, Chataway, an Englishman, was the runner who pushed Bannister to his 3:59.5 effort.

In the process of breaking the mile record, Landy also lowered the world 1500-meter mark to 3:41.8. Both records must be recognized by the International Amateur Athletic Federation, but there was no doubt that the recognition would be a mere formality.

In London, Bannister commented: "It is a wonderful achievement. Landy has tried as hard as anyone to run the mile under four minutes and I am glad he has succeeded."

Landy changed his tactics slightly yesterday. Instead of setting the pace all the way as he usually does, he hung back in second place until just before the half-mile mark and finished in a blaze of speed. He showed no signs of exhaustion as spectators carried him from the stadium on their shoulders.

Yankees Becoming Seriously Worried—No Help in Sight

By GAYLE TALBOT

NEW YORK (AP)—There are not likely to be any general expressions of regret from the rest of the American league at news that the Yankees are becoming seriously worried. A more popular reaction probably would be that it's about time. The five-time world champions are not universally loved and admired.

A close inspection of the record of Allie Reynolds, the veteran ace who must produce brilliantly if the Yanks are to pull out their sixth flag, does not hold forth any great promise. Through the Superchief holds a fine .1 victory record at this point, he is having his troubles. He has finished only 3 of 10 games he has started, and he has needed help in winning each of his last five decisions.

But for the comforting presence of Johnny Sain in his bullpen, Stengel plainly would be in poor shape.

It is not so much that the Yanks are failing to win their share. They have, as a matter of fact, won 14 of the 20 games they have played since June 2. But, during the same period, the torrid Indians have set a 15-5 pace, thus adding a full game to their advantage, and the Chicago White Sox have shown no signs whatever of faltering. This

Dallas Shoves Record to 21 of Past 28 Played

By THE ASSOCIATED PRESS

The fight for the Texas lead couldn't be any closer unless the boys were sitting on other's laps—Shreveport is four percentage points ahead of San Antonio.

The Sports took a 4-2 Monday night from Tulsa. San Antonio again was shown metal in an overtime game. Missions whipped Fort Worth in 11 hard-fought innings.

Fort Worth was knocked into fourth place and Oklahoma City succeeded the Cats in spot by lashing Beaumont.

Miserable Dallas, the club was supposed to be even with the 1953 outfit that pennant and Dixie Series, its twenty-first game in the 28. The Eagles fell to Houston as Willard Schmidt twisted and Fritz Marolewski a triple that drove in two the ninth.

Houston moved within 2 1/2 of the first division while stayed mired in the cellar.

Sacrifice Fly Hikes Majors' Bat Averages

NEW YORK (AP)—The sacrifice fly, revived after 14 years in baseball's batting averages, is doing its job in a big league way.

An Associated Press survey closed today that the sacrifice fly generally has increased the batting percentage three points over what they would have been without the sacrifice fly.

A total of 314 sacrifice flies been hit in the majors, lifting the overall average in both leagues from 257 to 260. The batting average has accounted for 180 and the American 134.

As Yanks Flounder, Indian Confidently View A's Invasion

By ED CORRIGAN
AP Sports Writer

While the New York Yankees floundered and floundered five days off the pace, the Cleveland Indians confidently awaited an invasion by the Philadelphia A's tonight.

In fact, the Indians were busier talking about the weekend series with the Yanks.

This is the year Manager Al Lopez has been waiting for. No one in Cleveland thinks the club will win in the final stages as it has before. Silenced are the critics who have been howling for Lopez because he used Bob Lemon, Erby Yynn and Mike Garcia as both starters and relievers.

Now, when the stretch run comes, Lopez will have a couple of good relievers to send in. Both Don Mossi and Ray Narleski have filled a big void in the bullpen.

The club knows it can win.

As for the Yankees, Manager Casey Stengel is saving his ace, Allie Reynolds, Whitey Ford and Ed Lopat for the Indians.

In the Nation alleague, the New York Giants pulled a game ahead of the Brooklyn Dodgers with an 8-5 victory over the St. Louis Cardinals in the only major league game scheduled yesterday. Willie Mays hit two home runs, but the Giants still required the services of three pitchers — Jim Hearn, Windy McCall and Mary Grissom.

American Legion Juniors Win First Home Game, Down Alamo

Artesia American Legion junior baseball team, in their first home game, came through with flying colors to beat Alamogordo 6-5.

Carter led off in the first inning with a base on balls, stole second and scored on Bratcher's single. In the second inning, Mayes drew a walk, was sacrificed to second on Bratcher's bunt, and scored on Carter's single.

Second Annual Invitational Prizes Announced

Artesia's second annual invitational golf tournament will take place July 1-5. The schedule calls for a professional-amateur tussle the first, and a 54-hole medal play for professionals from the first through the fifth.

First place is worth \$250, second will be \$175, third place will draw \$150, fourth will be \$100, and fifth will make \$75. Sixth through tenth will be \$50.

A barbecue and Calcutta pool activity will take place the evening of July 2 for amateurs.

Entrance fees for the tournament will be \$10. For reservations write S. S. Sutton, box 1039, Artesia, or call 830 during office hours.

Williams, Elks Edge Opposition In Little League

In Little League competition yesterday, Williams Furniture squeezed past the First National Bankers nine, 11-9, and the Elks club stopped Clem and Clem 7-3.

Cortez and Heald were batterymates for Williams. Petty started the game for the Bankers but was relieved by Huerta in the third inning. Patterson was the Banker catcher.

For the winning Elks, Juarez and Donaghe went the route to beat Huerta, who was relieved by Guierrez. Lyda was behind the plate.

What makes cancer MAN'S CRUELEST ENEMY?

SOME diseases kill us mercilessly.

NOT CANCER. Yet, if nothing is done, 23 million living Americans are destined to die of cancer... 230,000 of them this year.

SOME diseases reveal their beginnings by pain or fever or shock. Not cancer. It starts silently, secretly, and too often spreads rapidly.

AND SOME diseases spare us our young people. Not cancer! It strikes men, women, children, old and young. If nothing is done, one American in five will be stricken with cancer.

SOMETHING CAN BE DONE. You can strike back with a generous gift to the American Cancer Society. Your money is urgently needed—for research, for education, for clinics and facilities. Please make it a really BIG gift!

Sun-Proof Two-Coat House Painting System equals the performance of three coats of old type paint, while saving you the extra material and labor cost of a third coat. Sun-Proof is extra durable because it is made with "Vitolized Oil" which stays in the paint film keeping it live, tough, and elastic.

Brown Begins Job as Chairman

TODAY T. E. BROWN, SR., of Artesia is swinging into his job as the new chairman of New Mexico's Democratic party.

He comes to the job without obligations other than those to good government and to the party's welfare. Although a newcomer to what might be called "professional" politics, he is skilled as a diplomat, as an organizer, and as a leader.

Dedicated to the Democratic party, he is assuming the job in the knowledge that to win this fall, Democrats must be pulled together to unanimously boost their party, rather than giving way to internal, personal feuds.

Artesia and Eddy county are fortunate in the choice of Brown as the state's Democratic leader. It reflects growing political recognition of this county as being among New Mexico's most wealthy and most populous.

One may consider that Eddy county has this year candidates for secretary of state, attorney general, and superintendent of public instruction, chosen for the Democratic ballot, and a candidate for lieutenant governorship on the Republican ballot.

The county has shown no sign that its political progress has gone to its head, but has indicated a tremendous willingness to assume a larger share in the responsibilities toward citizenship in New Mexico that its stature indicates.

No Let-Up on Highway 83

WE WERE TREMENDOUSLY pleased this week-end to learn that although there is some doubt about right-of-way for highway 83 through Lincoln National Forest being in hand, backers of the road are already working toward securing that land.

W. J. Keller of the U. S. bureau of public roads Friday announced that unless right-of-way is immediately secured for the road, the money may have to be spent elsewhere this year.

It was learned this week-end Otero county is already in a position to launch condemnation proceedings, if necessary, to secure needed right-of-way for the highway construction. Five rights-of-way already have been secured.

The campaign to have six miles of the highway paved west of Mayhill to join existing paving has progressed smoothly through Artesia and Alamogordo Chamber of Commerce efforts.

It is to be expected that next year the remaining eight or nine miles, east of Mayhill, will be paved. However, that too will require continued efforts so that funds are not sidetracked elsewhere. This is especially so in the face of reports other areas of New Mexico are clamoring for forest road improvements.

Fire Protection for Artesia

A FAR-SIGHTED VIEW of the city's future fire protection needs has been taken by the city council and the fire prevention committee of the Chamber of Commerce.

Artesia has spread out so fast in the past few years there is danger its present system for fire protection may not be adequate.

With that inadequacy could come a possible change in fire insurance rates—upward.

Construction of a two-million gallon reservoir in the near future will play an important part in increasing the city's fire protection. There is now no adequate water reserve to protect the city in case of prolonged, serious fire.

The committees of the chamber and council are taking the long-range view that while Artesia now has adequate fire protection it can not long continue to grow and still be served by present facilities.

The answer must be a second fire station with a pumper and a paid fireman to live in the station, as is now done in the city's only existing fire station.

It is indicative of the city's progress that steps for future fire protection are being taken before that need become acute. Early study now may prevent costly delays in the future.

HAGERMAN NEWS BRIEFS—

Michelets Are Weekend Guests at Brown Home

By MRS. BYRON OGLESBY

Mr. and Mrs. Louie J. Michelet of Clovis, were weekend guests at the home of Mr. Michelet's twin sister, Mrs. Louise Brown and family of Hagerman. They also celebrated their birthdays together on Sunday, although their birthday falls on Monday. Mr. Michelet and the former Miss Oleta Miltstead of Clovis were married last week.

Mr. and Mrs. Pete Casabonne of Hagerman had as guests Monday, Mr. Casabonne's cousins, Mr. and Mrs. Pierre Salader and family of Agua Caliente, Mexico, who are moving to the United States to make their home and were en route to Los Angeles.

The regular monthly, county-wide meeting of the Chavez county Farm and Livestock Bureau will be held at the American Legion Hut in Hagerman Monday, June 21 at 7 p. m. All Farm Bureau members are urged to attend and bring a covered dish. The speaker will be Alvin Stockton, Republican candidate for governor. John Simms, Democratic candidate for governor, has been invited to speak at the July meeting.

Recent visitors at the Pete Casabonne home in Hagerman were their daughter, Mr. and Mrs. Fred Disque and Jeanene of Albuquerque. Linda Nell Casabonne has just returned from a two weeks

visit with the Disque family in Albuquerque.

Mrs. Bobby Templeton and children, Sidney and Susan, were in Roswell Wednesday visiting friends.

Mrs. Barney Green was in Artesia Tuesday on business and pleasure.

Sanford B. Evans of Ignacio, Colo., was in Hagerman this week visiting relatives and friends, and attending to business here.

Mr. and Mrs. Harry Boggs and children, Judy and Freddie went to the Sacramento mountains Sunday. Mr. Boggs is the scoutmaster of the Hagerman troop, and he is sponsoring a group of boys who are attending Camp We-Hin-Ah-Pay there.

Mr. and Mrs. Bobby Williamson of Hagerman have had as their house guests this week, Mr. and Mrs. Rex Berrier of Las Cruces, the parents of Mrs. Williamson. They arrived Sunday and left on Thursday.

Miss Esther James and Mrs. L. R. Burck and daughter, Mrs. James Tollett and children, all of Sudan, Texas, were in Hagerman Monday and Tuesday visiting friends. Miss James and Mrs. Burck are sisters, and long-time Hagerman residents.

Mr. and Mrs. W. R. Goodwin had as dinner guests Sunday, their son and family, Mr. and Mrs. G. C.

Matching Book, Dress Set New Toddlers Idea

By DOROTHY ROE
Associated Press Women's Editor

Newest idea for the toddler set is a matching book and dress set.

Four-color transfers do the trick. On the easy-to-make play dress, elephants and kangaroos march two by two around the hem; a kangaroo pocket smack-dab on the tummy carries a picture of Noah's Ark.

The same transfers are used to make a little cloth book, with the Ark as cover illustration and the animals two to a page inside. Transfers also are used for the letters of the text, spelling out the

Goodwin and children, Patricia and Eddie of Artesia.

The Presbyterian men's session originally scheduled to meet Tuesday, June 15, has been postponed to Tuesday, June 22.

The Rev. Bruce Giles of Earth, Texas, has accepted the pastorate at the First Baptist church of Hagerman. It is hoped that he and his family will get moved so that Rev. Giles can officiate at the morning church services June 27.

Onions to us for not attending the baseball game in Roswell at which time Byron's name was called for \$190. I understand that several friends who were present generously offered to bring it to us. Thanks, anyway!

Two Teachers Are Approved By Lake Arthur School Board

Lake Arthur school board in its recent meeting elected two more teachers, who are as follows:

Oral G. Blackard, 27, of Atkins, Ark., who will teach social science and coach.

Blackard is married and has one daughter, 6, who will be in the first grade this year.

He is a graduate of the College of the Ozarks at Clarksville, Ark. He has been coaching in junior high at Atkins for the past five years.

His track team holds the distinction of winning the state championship trophy for the past two successive years, which is an enviable record.

The other faculty member elected was Mrs. Lucile Brittain of Portales, a former teacher in the Artesia schools. Mrs. Brittain, the former Lucile Rowley of Artesia, will teach music in the grades and also

teach the fourth grade.

She has her BS degree and is working on her master's degree. She is now on a special tour with the Eastern New Mexico university

class and was unable to be contacted at this writing. She plans to move to the Lake Arthur teachers' age in mid-August.

Mrs. Brittain is a sister of Marshall Rowley and Mrs. Leroy Cranford, who reside in Artesia. Her parents have built a new home at 1011 Main near their daughter, Mrs. Cranford, and have moved from Portales to settle in Artesia.

TODAY T. E. BROWN, Sr., of Artesia is swinging into his job as the new chairman of New Mexico's Democratic party.

He comes to the job without obligations other than those to good government and to the party's welfare. Although a newcomer to what might be called "professional" politics, he is skilled as a diplomat, as an organizer, and as a leader.

Dedicated to the Democratic party, he is assuming the job in the knowledge that to win this fall, Democrats must be pulled together to unanimously boost their party, rather than giving way to internal, personal feuds.

Artesia and Eddy county are fortunate in the choice of Brown as the state's Democratic leader. It reflects growing political recognition of this county as being among New Mexico's most wealthy and most populous.

One may consider that Eddy county has this year candidates for secretary of state, attorney general, and superintendent of public instruction, chosen for the Democratic ballot, and a candidate for the lieutenant governorship on the Republican ballot.

The county has shown no sign that its political progress has gone to its head, but has indicated a tremendous willingness to assume a larger share in the responsibilities toward citizenship in New Mexico that its stature indicates.

No Let-Up on Highway 83

WE WERE TREMENDOUSLY pleased this week-end to learn that although there is some doubt about right-of-way for highway 83 through Lincoln National Forest being in hand, backers of the road are already working toward securing that land.

W. J. Keller of the U. S. bureau of public roads Friday announced that unless right-of-way is immediately secured for the road, the money may have to be spent elsewhere this year.

It was learned this week-end Otero county is already in a position to launch condemnation proceedings, if necessary, to secure needed right-of-way for the highway construction. Five rights-of-way already have been secured.

The campaign to have six miles of the highway paved west of Mayhill to join existing paving has progressed smoothly through Artesia and Alamogordo Chamber of Commerce efforts.

It is to be expected that next year the remaining eight or nine miles, east of Mayhill, will be paved. However, that too will require continued efforts so that funds are not sidetracked elsewhere. This is especially so in the face of reports other areas of New Mexico are clamoring for forest road improvements.

Fire Protection for Artesia

A FAR-SIGHTED VIEW of the city's future fire protection needs has been taken by the city council and the fire prevention committee of the Chamber of Commerce.

Artesia has spread out so fast in the past few years there is danger its present system for fire protection may not be adequate.

With that inadequacy could come a possible change in fire insurance rates—upward.

Construction of a two-million gallon reservoir in the near future will play an important part in increasing the city's fire protection. There is now no adequate water reserve to protect the city in case of prolonged, serious fire.

The committees of the chamber and council are taking the long-range view that while Artesia now has adequate fire protection it can not long continue to grow and still be served by present facilities.

The answer must be a second fire station with a pumper and a paid fireman to live in the station, as is now done in the city's only existing fire station.

It is indicative of the city's progress that steps for future fire protection are being taken before that need become acute. Early study now may prevent costly delays in the future.

HAGERMAN NEWS BRIEFS—

Michelets Are Weekend Guests at Brown Home

By MRS. BYRON OGLESBY

Mr. and Mrs. Louie J. Michelet of Clovis, were week-end guests at the home of Mr. Michelet's twin sister, Mrs. Louise Brown and family of Hagerman.

Mrs. Barney Green was in Artesia Tuesday on business and pleasure. Sanford B. Evans of Ignacio, Colo., was in Hagerman this week visiting relatives and friends.

Mr. and Mrs. Pete Casabonne of Hagerman had as guests Monday, Mr. Casabonne's cousins, Mr. and Mrs. Pierre Saladert and family of Agua Caliente, Mexico, who are moving to the United States to make their home and were en route to Los Angeles.

The regular monthly, county-wide meeting of the Chaves county Farm and Livestock Bureau will be held at the American Legion Hut in Hagerman Monday, June 21 at 7 p. m. All Farm Bureau members are urged to attend and bring a covered dish.

Mr. and Mrs. Bobby Williamson of Hagerman have had as their house guests this week, Mr. and Mrs. Rex Berrier of Las Cruces, the parents of Mrs. Williamson. They arrived Sunday and left on Thursday.

Miss Esther James and Mrs. L. R. Burck and daughter, Mrs. James Tollett and children, all of Sudan, Texas, were in Hagerman Monday and Tuesday visiting friends.

Recent visitors at the Pete Casabonne home in Hagerman were their daughter, Mr. and Mrs. Fred Disque and Jeane of Albuquerque. Linda Nell Casabonne has just returned from a two weeks' visit with the Disque family in Albuquerque.

Matching Book, Dress Set New Toddlers Idea

By DOROTHY ROE Associated Press Women's Editor

Newest idea for the toddler set is a matching book and dress set.

Four-color transfers do the trick. On the easy-to-make play dress, elephants and kangaroos march two by two around the hem; a kangaroo pocket smack-dab on the tummy carries a picture of Noah's Ark.

The same transfers are used to make a little cloth book, with the Ark as cover illustration and the animals two to a page inside. Transfers also are used for the letters of the text, spelling out the Goodwin and children, Patricia and Eddie of Artesia.

The Presbyterian men's session originally scheduled to meet Tuesday, June 15, has been postponed to Tuesday, June 22.

The Rev. Bruce Giles of Earth, Texas, has accepted the pastorate at the First Baptist church of Hagerman. It is hoped that he and his family will get moved so that Rev. Giles can officiate at the morning church services June 27.

Onions to us for not attending the baseball game in Roswell at which time Byron's name was called for \$190. I understand that several friends who were present generously offered to bring it to us. Thanks, anyway!

Two Teachers Are Approved By Lake Arthur School Board

Lake Arthur school board in its recent meeting elected two more teachers, who are as follows:

Oral G. Blackard, 27, of Atkins, Ark., who will teach social science and coach.

Blackard is married and has one daughter, 6, who will be in the first grade this year.

He is a graduate of the College of the Ozarks at Clarksville, Ark. He has been coaching in junior high at Atkins for the past five years.

His track team holds the distinction of winning the state championship trophy for the past two successive years, which is an enviable record.

The other faculty member elected was Mrs. Lucile Brittain of Portales, a former teacher in the Artesia schools. Mrs. Brittain, the former Lucile Rowley of Artesia, will teach music in the grades and also

teach the fourth grade.

She has her BS degree and is working on her master's degree. She is now on a special tour with the Eastern New Mexico university.

E. Keith Wiseman New Pastor For Church of Nazarene Here

Re. Ev. Keith Wiseman, former pastor of the Church of the Nazarene at Santa Fe, has accepted the pastorate of Artesia's Church of the Nazarene.

E. KEITH WISEMAN

Rev. Wiseman, who preached his first services here Sunday, was accompanied to Artesia by his wife and three children. The children are Cheryl 6, Darrel 4, and Roland 10 months.

He was pastor at Santa Fe for three years.

He received his BA degree from Pasadena Nazarene college, Pasadena, Calif.

During the war Rev. Wiseman served 1 1/2 years in the Pacific.

Three Escaped Convicts Found Near Los Lunas

SANTA FE — Three convicts who escaped from the state prison farm at Los Lunas early today were recaptured by State Police and farm personnel near Los Lunas about 11:30 a. m.

They offered no resistance, according to State Police headquarters and Deputy Prison Warden A. C. Warming.

Discovery of the disappearance of the trio was delayed somewhat because they had rolled up clothes as dummies and left them in their beds. They escaped only a few hours after the return to the prison here of two others who walked away Saturday night and were taken off a freight train at Clovis Sunday.

Warming said officers had had

today's fugitives pretty well held up and under surveillance during the entire morning.

He identified the escapees as Carlos Raines, 18, Curry county, doing one year for car theft, due for release in September; Richard Florin Ruest, 20, Curry county, doing 12 to 18 months for breaking and entering, due for release in September; and William H. Camp, 22, Luna county, doing three years for breaking and entering and due out in October.

The three apparently took off shortly after midnight but their absence was not discovered until around 2:30 a. m., Warming said.

TRAFFIC TOLL RISES
LORDSBURG — New Mexico's death toll stood at 162 today with the death of Julio Rodriguez, 24, Lordsburg, Rodriguez was a passenger in a car which failed to make a curve on U.S. Highway 80 Saturday night and rolled over 17 miles west of here. The state toll at this time last year was 164.

Senator Mundt's Wife Keeps Dinner Waiting for Husband

By JANE EADS
WASHINGTON — Mrs. Karl Mundt, wife of the Republican senator from South Dakota, is philosophically resigned to keeping her husband's dinner waiting on the back of the stove.

When the senator took over as acting chairman of the subcommittee conducting the Army-McCarthy hearings, it was obvious he would be late for dinner many nights and that the Mundt home life would be "quite disrupted," Mrs. Mundt told me, but added this was nothing new.

"He likes roast beef well done," she said, "so it doesn't make too much difference. During the 80th Congress, when he was a member of the House Un-American Activities Committee, which also conducted long hours of hearings, it was the same. And there's always a lot of other work piled up on his office desk." The senator is also a member of the Senate Agriculture and Appropriations Committees.

Mrs. Mundt, a regular ringsider at all the Army-McCarthy hearings, says she has found the most interesting part of life in Wash-

ington "is listening to debates, in the House and Senate." She came to Washington with her husband in 1939 and says she is greatly concerned over published comments de-riding Congress and congressional wives.

She has kept a bulging scrapbook of all the derogatory remarks made by columnists and society editors. "For the last 25 years it seems they have ridiculed us as a body, have made us feel dowdy, have done much to deflate us," she said. "It's a dangerous trend."

Mrs. Mundt has her own theories about how best to get along in the capital. She suggests that folks who come to Washington "live just about the same way they do back home, and people will accept them for what they are."

"Too many people come to Washington expecting to be sitting on top of the world," she said. "You're not going to be boosted to the top, right off, socially or any other way—you have to earn your way."

Early Killing of Pocket Gophers Urged By Agent

Pocket gophers are starting to push up fresh mounds of soil which will be troublesome later in the year, County Agent Richard Marek points out. Killing the gophers and leveling the mounds now may save a mower sickle bar.

The rodents are looking for succulent food like roots now, so baits made from raw potatoes or carrots will work the best. Cut the bait into strips and dust them with powdered strychnine alkaloid. Use 1/16 of an ounce of the strychnine per quart of bait, suggests Marek.

The strips of bait should be placed in the main runways of the burrow systems. This runway is usually about a foot away from the mound and one the same side of the mound as the horseshoe-shaped depression. It can be located with a probe like a wagon rod or a small broom stick. A couple of slices of the bait is enough for each mound. Drop the bait strip down the hole made by the probe. Then cover the hole with grass and soil.

It's a good idea to rake or drag the mounds level after baiting.

then new mounds of any unkillable gophers can be easily located and baited. Unused bait should be buried or buried, Marek says.

American Girl German Opera Performer at 11

FRANKFURT, Germany — A performer in the German Opera at the age of 11—that's the distinction of Carol Fontaine, as American as her red shirt and blue jeans.

Carol, daughter of Mr. and Mrs. Paul Fontaine, formerly of Worcester, Mass., was the only American in "Aladdin and the Wonderful Lamp" presented here by the famous old Frankfurt Opera Co.

Move Halts Dage
She danced in the ballet until her parents moved to Darmstadt, where her father is director of the art department of Stars and Stripes, U. S. Army newspaper.

Carol was a "paid performer," she likes to point out. "For the first performance I was paid 22 marks (\$5.20). For each performance after that I was paid 2 1/2 marks. I spent all I earned on dancing lessons and a pair of ballet shoes."

Carol speaks German as well as she does English. She was three years old when she came to Germany with her parents.

That Proves It—

"A lot of the German kids in the ballet didn't believe at first that I was an American. I speak the real Frankfurt dialect. Then one day I showed up in blue jeans. That convinced them."

Carol is in the fifth grade of an Army-run school. "I like reading and spelling best," she says, "but ballet dancing is what I really like."

33 MILLIONS PAID
ALBUQUERQUE — The government paid more than 33 million dollars to AEC employees and military and civilian workers at Sandia Base and Kirtland Air Base during the first half of this year. Officials said the payroll was divided between 8759 civilians and about 6000 military personnel.

HONOR DE LATTRE IN INDOCHINA

VIETNAM WOMEN MILITIA members are shown during ceremonies in Indochina honoring Lt. Bernard de Lattre, French officer killed in action against the Communist Vietnam rebels three years ago. The tribute was paid in the form of a special mass at the spot where he fell. The site at the time was called The Rock of Ninh-dinh, and was renamed the Rock of Lattre. The officer was the son of late Marshal de Lattre de Tassigny. (International Soundphoto)
