

Mary Dean Parrish Becomes Bride of James Sowders

Miss Mary Dean Parrish, daughter of Mr. and Mrs. C. A. Parrish, became the bride of James Vernon Sowders, son of Mr. and Mrs. D. D. Sowders at 5:30 p. m. Tuesday at the First Baptist church with Rev. S. M. Morgan, pastor, officiating at the double-ring ceremony.

The bride wore a white nylon dress with white accessories.

Miss Charlene Parrish, twin sister of the bride, was her attendant. She wore a pink nylon dress with white accessories.

Charles Tidwell was best man.

Mrs. Parrish, mother of the bride, wore a navy blue and white dress, with brown accessories.

Mrs. Sowders chose for her son's wedding a navy blue dress with navy blue accessories.

Mr. and Mrs. Sowders left that evening on a short honeymoon trip.

The bridegroom is in the U. S. Navy stationed at San Diego, and will report back July 24. Mrs. Sowders will remain here and join him at a later date.

Mrs. Sowders graduated from Artesia high school in 1933 and is employed at Bethlehem Supply Co.

Personal Mention

Mrs. M. W. Evans, 611 S. Rose-lawn, was flown to El Paso Wednesday afternoon to enter Providence Memorial hospital for a complete checkup and treatment. Mrs. Kille, her sister, accompanied her.

Mr. and Mrs. Dewey Donovan and children, Suzann and Tommy, returned home Wednesday from Red River Village where they spent several days.

Guests visiting in the home of Mr. and Mrs. John Boren from Thursday to Wednesday were her sister, Mrs. Fred Virden and brother, J. S. Wells and son, Jackie, of Sapulpa, Okla. They also visited their niece, Mrs. Button Shults.

Mr. and Mrs. J. W. McCarty of Portales arrived Wednesday for a short visit. Mr. McCarty is one of the owners of Mac's Drive Inn.

Mrs. Ruth Joss of Artesia who has been visiting in Ruidoso returned last week and has now gone to Dallas to visit relatives.

Miss Cora Rogers, who fell last week and broke her arm, is reported to be doing just fine.

Mr. and Mrs. Leonard Munson of Sacramento were in the city this week visiting friends and attending to business.

T. E. Bullocks Visit Relatives In Artesia

Mr. and Mrs. T. E. Bullock and children, Tommy and Katherine of Fort Worth, are visiting his parents, Mr. and Mrs. E. B. Bullock and other relatives.

Tuesday evening they were entertained on the lawn of his brother, W. H. Bullock and Mrs. Bullock with a picnic supper. Others in attendance were his parents; brother, Mr. and Mrs. C. K. Bullock and two sons; his sister, Mrs. L. B. Feather and her husband and their daughter, Shirley Sue, and a daughter-in-law, Mrs. L. E. Feather, and her daughter of Sharon, Pa., who is Mr. and Mrs. E. B. Bullock's first great grandchild.

Mr. and Mrs. Charles K. Bullock and family, and Mr. and Mrs. T. E. Bullock and family, left this morning for a week's camping trip to the northern part of the state where they plan to fish.

Bert Jones Back From Two-Week Trip for Lions

Mr. and Mrs. Bert Jones and family returned Tuesday evening from a two-week vacation-business trip to New York where Jones represented the Artesia Lions club as delegate to Lions International convention.

Mr. and Mrs. Jones visited relatives and friends in Tennessee, Arkansas, Missouri and Oklahoma while making their round trip to the Empire state. Jones was also able to visit with several former Army buddies in Pennsylvania and Indiana.

While in New York, the Jones family saw several of the Broadway shows including many of the better radio and television productions. Jones description of the con-

vention was one of excitement. He described the Lions parade down Broadway in New York City as one of the finest he had ever seen, despite the four-hour rain that damped the participants.

During their stay in New York, the Jones' were able to take in one of the major league baseball games—the New York Giants and the Pittsburgh Pirates.

According to Jones, the convention was one of the most successful ever held by Lions International. He mentioned that there were 42,000 members registered.

HOBBSAN DONATES PIPE
TUCUMCARI.—Chet Cook, secretary-manager of the Tucumcari Chamber of Commerce, says an anonymous gift by a Hobbs man of 500 feet of two-inch pipe will make possible development of the Boy Scout area at Conchas Lake. Cook said the only cost will be \$25 to haul the pipe from Hobbs to the dam.

According to Jones, the convention was one of the most successful ever held by Lions International. He mentioned that there were 42,000 members registered.

K. ASIF ALI and Kazi Romanuddin Ahmed, students from Pakistan participating in the International Farm Youth Exchange program, were guests of Artesia Rotary club at its meeting Tuesday. In center is Jack Wallace, assistant county agent who accompanied the two. Ali gave a talk on the program and other interesting data about his country. (Advocate Photo)

Pakistani Tells Rotarians U.S. Surprise to Newcomer

Members of Artesia's Rotary club yesterday heard a short talk by K. Asif Ali, International Farm Youth Exchange student from Pakistan. Ali was a guest at the meeting with Kazi Romanuddin Ahmed, another exchange student, and Jack Wallace, assistant county agent, who accompanied the pair.

Ali explained the basis of the exchange program, which is set up to promote good will and further understanding between nations to expose different countries to various farming methods used.

The Pakistani described his country as one with a population of 80 million, the sixth largest in the world in that category. He explained that east and west Pakistan, although separated by 1,000 miles of India, are one country economically, politically, culturally, socially, and religiously.

Ali said about 85 per cent of the population are dependent upon agriculture and the country receives from 70-200 inches of rainfall per year.

The exchange student, who is scheduled to leave this area for Ohio the last of July, said he found Americans very hardworking, sincere, and friendly. He said he had heard before coming here that Americans live very "glamorous" lives but that he found them to be friendly and one of the most democratic of all nations.

Ali said he did think the U. S. was doing a service by making the English language easier for a foreigner to learn. He said there is much difference between American English and the King's English, mainly in the color added to it.

He declared he thought the U. S. would continue in its healthy fashion if it maintained its traditions of sincerity and honesty.

Other guests at the meeting were: Claud McCausland and Jack White, Carlsbad; Durwood Jones, W. R. Coban, Bill Deane, Jack Campbell, Byron White, R. G. Bird, Max Littell, Kenneth Smith, and Charlie Scot, all of Roswell; and W. L. Martin, Crockett, Texas.

New Teacher Makes Home in Lake Arthur

Mrs. Flo Patton, new first grade teacher at Lake Arthur school arrived Thursday and has been getting settled in the teacherage.

Arriving with her are two of her children, Bob Huddleston, who will be a senior in high school this term, and Carolyn Huddleston, who will be in the seventh grade and who is 12.

Mrs. Patton and her children come from Tatum, where she has been teaching the third grade for the past three years.

Mrs. Patton received her degree from East Central State Teachers College at Ada, Okla., in 1951. She is a member of the First Christian church, Ada. She is also affiliated with the Rebecca lodge of Seminole, Okla.

Mrs. Patton is the mother of six children, who are Gale Huddleston, 20, who is employed at Lovington, after receiving his discharge from the Marines in March; Lt. Gordon Huddleston, 24, a paratrooper in an airborne division now serving in Korea; Mrs. Arthur Vickers, Seminole, Okla., who has a two-year-old daughter, Paula Faye; Mrs. W. S. Howlett of Albuquerque.

Bob and Carolyn have both been playing in the Tatum high school band.

Carolyn won the coveted scholarship "T" award and is a member of 4-H club, having selected food preparation I as her project this year.

Mrs. Patton plans to stay here this summer. She has rented the teacherage and she and her family will be the only occupants of it this year.

Half the fluid milk consumed in the United States goes to people under 15 years old—a quarter of the population.

'Felt Horrible'

AMERICAN AIRLINES pilot William F. Bonnell, 45, pauses at drinking fountain in Cleveland after being questioned by police in the gunshot killing of 15-year-old Raymond A. Kuchenmeister, Jr., who tried to commandeer a transport plane to be flown to Mexico at Cleveland airport. "I felt horrible when I learned he was a kid and had died," said Bonnell. "He looked 25 to me." Kuchenmeister, big for his age, pointed an unloaded gun at Bonnell, and Bonnell obtained his own gun by a ruse and shot the boy. There were over 50 passengers on the plane. (International)

Original A-Site at Trinity Marked Only By Darker Grass

By STEVE LOWELL
ALAMOGORDO.—The eyes of the passengers searched the hazy distance, following the directing finger of the airliner's pilot.

Under the shoulder of bleak, barren Oscura Range, they finally saw what he was trying to point out.

It wasn't much, just a little disk-shaped spot in the desert—a little darker than surrounding land.

Not much—that scar—not much to show for the world-shaking event that happened there nine years ago. That spot is all that remains to mark the first atomic explosion July 16, 1945.

Some months ago a construction outfit finished scraping up the glasslike substance formed of the surrounding sandy topsoil as the intense heat of the blast melted it.

The atomic energy commission didn't want to take any chances that the desert wind might stir up radio active dust from the trinitite as it slowly disintegrated.

The contractor scraped it up and buried it in a large pit nearby. Then the soil conservation service stepped in and planted grass it believed would thrive in the desert area.

Apparently it was right, for that grass is a little greener than the surrounding area. Maybe it gets a little more water too, for it's in a 1,100-foot-wide, 10-foot-deep saucer pounded into the desert by the momentous blast.

Apparently nature will have to continue as the only marker of the spot—maybe for years to come, for the area is part of White Sands Proving Ground, one of the nation's prime rocket development sites.

The spot eventually is to be opened as a national monument but even national park service officials must obtain special permission to get into the area.

The glassy material, named for Trinity, where the historic blast was set off, is gone, but as a park service official says:

"At least no one can remove the site."

State Residents To Cough Up \$303 for Taxes

SANTA FE.—The Taxpayers Association of New Mexico says New Mexicans will cough up an average of \$303 each in federal taxes during the current fiscal year.

And that doesn't include payments into social security accounts or the Railroad Retirement Act fund.

The group says the "total of federal tax collections within the state during the 12-month period will amount to more than 233 million dollars."

The revenue will come from federal income and inheritance taxes, gasoline tax, automobile tax, tobacco taxes, match tax, cosmetic tax, corporation taxes, telephone tax, liquor tax and pipeline tax. In addition, money also will be obtained from the federal levies on movie and theater tickets, electricity, sugar, furs, electrical appliances and jewelry.

Baptist Young Marrieds Entertain at Lake Arthur

The young married couples Sunday school class of the First Baptist church of Lake Arthur enjoyed an ice cream social at the home of Mr. and Mrs. Harold Faulk Friday evening. Sunday school Supt. Mack Reynolds, wife and daughter, Bonnie, also attend this affair.

The class was re-organized and officers elected who were Lester Kluting, president; Mrs. Harold Faulk, vice-president; Mrs. Vernon Layman, secretary.

Young couples present were Messrs. and Mrs. Tom Crook, Vernon Layman, Delbert Robinson, Rev. and Mrs. William Irwin and daughter. There were about 14 children in attendance to enjoy this party.

Home-made ice cream, and cookies were served, after which the guests enjoyed watching television.

Mr. and Mrs. Bruce Evans and family spent Sunday in Roswell visiting Mr. Evans' sister, Mr. and Mrs. E. R. Hammons and family.

Harold Evans, son of Mr. and Mrs. Morgan Brewton from Mr. and Mrs. Bruce Evans accompanied Mr. and Mrs. Evans to visit Mr. and Mrs. Elmer Brewton and family.

Gale Huddleston of Lovington visited his mother, Mrs. Flo Patton, brother Bob, sister Carolyn, at the Lake Arthur teacherage Monday. Mrs. Patton, who is the new first grade teacher moved here Thursday from Tatum where she has been teaching the past three years.

Boss of Atomic Program Arrives In Los Alamos

LOS ALAMOS.—Atomic Energy Commission Chairman Lewis L. Strauss arrives here today for a series of high level conferences with advisors to the AEC.

The chairman is expected to stay only one day and his office has advised he will grant no interviews although pictures will be allowed to be taken.

Strauss will meet with members of the general advisory committee to the AEC, including civilians and military personnel. He also will meet with Dr. Edward Teller, father of the hydrogen bomb.

A special conference has been arranged between Strauss and the Los Alamos branch of the Federation of American Scientists, which has been highly critical of the AEC's decision to withhold security clearance from Dr. J. Robert Oppenheimer. The group has called for modification and clarification of security requirements.

A baby is born in the United States, on the average, every three seconds.

RICHARD MAREK, Eddy county extension agent, and K. Asif Ali, Pakistan, enjoy a laugh with Bill Gray, son of Mr. and Mrs. Orval Gray of Cottonwood. Ali is staying with the Gray family while inspecting methods used by farmers and extension agents in the area. The three took part in and observed contests held last Friday among 4-H members.

NuMexers Fall 14-13 to Broncs, Hold Top Spot By Half Game

ARTESIA.—The Artesia NuMexers entertained Sweetwater's Spudders here.

Johnny O'Neil scored what proved to be the winning Big Spring run in the seventh after singling with two away. He moved around on a three-base throwing error by third baseman Paul Dobkowski.

Albert Hill, a newcomer from Tyler of the Big State league, received credit for the victory although he was shelled to cover in the sixth inning.

The NuMexers clubbed the offerings of two Bronc hurlers for 16 assorted blows, including home runs by Mickey Sullivan and Bob Herron.

The Broncs got 13 off four Artesia hurlers, all of them singles.

Herron hit his four-master in the ninth to pull the NuMexers within one run of the home club, but Tito Arenobia, the Bronc relief tosser, struck out Dobkowski and John Goodell to end the game.

The NuMexers used four hurlers — Gil Johnson, Tex Wright, John Goodell, and Bob Herron — in an attempt to bolster their pitching staff.

Johnson lasted a third of an inning, Wright 2 2/3, Goodell two, and Herron three. Johnson yielded four runs, Wright nine, and Herron one. Johnson was tagged with the loss.

Artesia was charged with three errors all of them costly, in the contest.

Sweetwater Bounces Back, Splits Double With Indians

SWEETWATER.—Sweetwater bounced back in the second game of a doubleheader Wednesday night, trimming Midland 6-1, behind the four-hit pitching of Gil Hernandez. Midland had won the opener, 7-2.

The victory broke a 14-game losing streak for the Spudders at home and ended their current losing string of six games.

Frank Salfran, punching out a double and a single, drove in three Sweetwater runs and led his team's batting. But the Spudders came un-buckled behind Hernandez to slam five two-baggers in the nightcap.

Hernandez held the Indians to one extra-base hit, Pat Water's fifth inning homer that gave Midland its only run in the second game.

Losing pitchers in both games were McMullan. Sweetwater's Wayne McMullan took the first game defeat, giving the Indians 10 hits while his teammates got eight off victor Julio Ramos. Then Midland's L. McMullan absorbed the second game defeat as the Spuds outhit the visitors, 8-4.

A three-run outburst in the third inning, featuring consecutive doubles by Ken Cluley, Wes Tuttle,

Dallas Loses Texas Loop Doubleheader

By JOE BENHAM
Associated Press Staff

An eighth-inning single by Tulsa's Dick Kinaman slammed the door to the Texas league hall of fame almost on the fingers of Fort Worth rookie hurler Karl Spooner Wednesday night.

The blow was the only hit of the evening off the young Fort Worth righthander as he pitched the acts to a 2-0 victory over the Oilers.

Other league action included Oklahoma City day-night doubleheader victory over Dallas 8-5 and 12-9, Houston's 11-1 rout of San Antonio and Shreveport's 3-1 edging of Beaumont.

In Thursday night play, Oklahoma City is at Shreveport, Fort Worth at Houston, Tulsa at Beaumont and San Antonio at Dallas.

Spooner was five outs away from a no-hitter when Kinaman slapped the blow into left field. That was as far as it got, however, as Spooner retried the next five men in order.

The victory moved the Cats into fifth place, a game ahead of Tulsa.

The Cats' move upward was the only change in the league order, although Shreveport pulled a full game further into the league lead victory over Beaumont.

Major League Roundups—Hapless, Helpless Baltimore Orioles to Invade Yankees, Athletics to Entertain Cleveland

By ED CORRIGAN
AP Sports Writer

The hapless, hitless and practically helpless Baltimore Orioles invade Yankee Stadium and the Philadelphia A's, equally futile, entertain the Cleveland Indians in what you might call the openers of the "new" American league pennant race.

Prof. Casey Stengel's Yankees, who spent the first half of the season flopping and floundering, have a nine-game winning streak going and are now just half a game behind the Indians, whose latest work included dropping four games to the Chicago White Sox.

The consensus around the league is that the Yanks have the upper hand now with one big "if." He is Alie Reynolds, who missed the All-Star Game because of a muscle pull in his left hip.

Trainer Gus Mauch of the Bombers also is somewhat puzzled.

"I don't think there's any cure but rest," he opined. "That's nature's way. If he doesn't try to pitch or run for a week, it may get better."

Cleveland Manager Al Lopez, says he is not particularly worried over the events of the past week. He has one point—namely, the Indians are not the kind of club that will be held to five runs in four games as they were against the White Sox last week-end.

"Al Rosen and Bob Avila have been in batting slumps since their injuries," he said. "They're just in slumps that every player has to fight his way out of sometimes. They'll snap out of it and we'll be more dangerous than ever."

The White Sox, for their part, are three games off the pace and the way their pitching has come around, could make things uncomfortable for all concerned. Manager Paul Richards will send Bob Keegan against the Washington Senators tonight.

In the National league, the New York Giants start a Western trip with a five-game bulge over the Brooklyn Dodgers, who whipped the Milwaukee Braves 2-1 in 12 innings last night in the only major league game played.

The Brooklyn victory came the hard way before a crowd of 35,470, which boosted the Milwaukee attendance over the million mark. Duke Snider batted in the runs in the first and final innings on sacrifice flies. Jim Hughes, who took over for Rus Meyer in the ninth, was the winner.

The Dodger runs came in virtually identical situations. Both Junjo Gilliam and Pee Wee Reese singled in the first and Snider sent the former home with a towering fly to left field. In the 12th again Gilliam singled and was followed by another hit from Reese's bat. Again Snider blasted a high fly to left, sending Gilliam home.

Bobby Thomson made his first National league appearance for the Braves in the 12th with two out and drew a walk. Lew Burdette took the loss.

Angelo's Second Loss

SA.—San Angelo won and straight game from tonight, 7-2, behind the ten-hit pitching of veteran Malone.

He was stingy with hits in the eighth, but walked enough Oilers to make it interesting. Colts pulled away in the seventh frame.

Angelo broke up a 2-2 bat-traded single tallies in the eighth and ninth.

Angelo helped the Colts cause committing five fielding

Roswell Rockets Pound 16-1 Win Over Faltering Carlsbad

CARLSBAD.—The Roswell Rockets pounded three Carlsbad hurlers for a total of 12 hits and, combined with six Potasher errors, walloped the Carlsbad nine here tonight 16-1.

The Rockets used the home run ball effectively, blasting three out of the park. Stubby Greer, Ossie Alvarez and Joe Bauman each had round trippers. It was Bauman's 44th of the current campaign.

Tom Sawyer, southpaw hurler, limited the Miners to seven bingles and chalked up a total of 12 strikeouts. He issued eight free passes.

"Rapid" Robert Weaver was charged with his seventh loss of the year.

Roswell tallied in every inning but three and in the seventh frame scored seven runs, sending 12 men to the plate before the Potasher could get them out.

Joe Bauman had a total of three hits in six trips to the plate and drove in five of the Roswell tallies.

Every man in the Roswell line-up with the exception of Weldon Day and Pat Stacey had at least one bingle for the night.

It was Roswell's second win in as many nights over the Potashers. The two teams move into the Rockets home park for a two game series beginning tonight.

Roswell 112 104 700-16 12 1
Carlsbad 000 100 000-1 7 6

Sawyer and Bell; Weaver, Hatridge (7), Burns (8), and Herring, Homers—Greer, (first, none on), Alvarez (third, one on), Bauman, (seventh, two on), all Roswell.

Sidewinders Win Minor Championship

The Sidewinders took the first round championship hands down as the Minor League decided to reduce from three teams to two because of the rapid promotion of minor leaguers to the majors.

In the first round it was all Sidewinders as they led the league in team batting, fielding, and slugging. Individual honors went to Harlan Crume, Sidewinder catcher, as leading with a .642 mark. Val (Jo) Welch, Slugger backstop, followed with .591.

Crume, Welch, and Sidewinder second-sacker Omy Green all tied for the home run title with three apiece. Crume and Bob Bullock, White Sox shortstop led the triple race with the same number each. Bullock and Sidewinder Tommy Feazel cracked the most doubles with three apiece.

In the hurling department, Bobby Davis, Sidewinders, wound up with a 1.000 percentage. He had a 2-0 record. Two other Sidewinders tied for second place honors. Onty Green and Chita Rodriguez had 1-0 marks.

Third place went to Kenny Long of the Sluggers with a .667 mark, winning two, dropping one, and tying one. Nester Tarin, White Sox hurler and Crume were tied for fourth place with .500 percentages.

Final standings for the first round:

Teams	W	L	Tied	Pct.
Sidewinders	5	1	1	.715
Sluggers	3	3	1	.500
White Sox	2	6	0	.250

Due to shortage of player personnel the White Sox have been evenly split up between the Sidewinders and the Sluggers who will clean the slate and begin from scratch, playing games Monday and Friday and playing practice games with major league teams on Wednesday.

Nino Valdes Given TKO Over Hurricane Jackson in Second

By JACK HAND

NEW YORK.—Nino Valdes rides the glory road toward a 1955 shot at heavyweight champion Rocky Marciano today as Hurricane Tommy Jackson blows harmlessly out to sea.

The lobby of Madison Square Garden told the story of last night's two-round TKO victory for the Cuban giant on the automatic three-knockdown rule. Valdes ambled through a swarm of happy admirers, pausing to sign autographs and greet handshakers with a wide grin.

Outside, in the pouring rain, Jackson walked with head down, mumbling to himself. His family trailed behind, trying to convince him to go back to the hotel.

"I won't fight nobody else until I fight him," Jackson had said in his dressing room. He made a stormy scene in the ring, tearing the referee's score card in two, before police ushered him to his dressing room.

"He had nothing," said Valdes, through an interpreter. "He clown fighter. Everybody expect us to go to body, we go to head in second round." About Marciano? "I knock him out in four rounds."

Harry Markson, managing director of the International Boxing Club, said "Valdes rates the next shot at Marciano after the rematch with Ezzard Charles that we hope to run in September."

Valdes, an 11-5 underdog, overwhelmed the listless Hurricane, who showed only one brief flash of the fiery newcomer who stopped Rex Layne, beat Clarence Henry and knocked out Dan Buceroni in his exciting rise from prelim boy to No. 5 contender.

In the first round, the Cuban thumped at Jackson's body with both hands. Shifting to the head when the jiggling Jackson came out for the second, Valdes drove his man half through the ropes with a solid right. Although the timekeeper counted four, Referee Al Ber ruled no knockdown.

Another right sent Jackson to the floor for an automatic-eight-count. Actually he was up at two. Another flurry and a bull rush drove Jackson to his knees. He was up at one but the count again went to the automatic eight.

The third knockdown that ended the bout, under New York rules that require a referee to halt a fight when one man has been down three times in one round, was disputed by many in the crowd of 4,465. It looked as though a push, following a blow to the neck, sent Jackson down. No matter what it was, Ber ruled "knockdown" and the fight was over at 2:35 of the second.

Valdes weighed 204, Jackson 190 1/2.

Detroit at Boston (2), Zverink (4-4) and Gromek (10-8) vs. Nixon

Skippy George Ties-Up Sluggers, Sidewinders Win

Skippy George handcuffed the Sluggers with three hits to chalk up his first win in the second round of minor league play the first of the week and the Sidewinders got off to a 5-1 start on the final lap of play.

Both teams are playing with nearly all-new lineups after a recent shake-up which absorbed the White Sox and sent their players to the other two squads. The move was made due to many of the minor leaguers being called up to the major Little League teams.

The Sidewinders, playing their second errorless game of the season, stole third base seven out of eight times attempted. The Sluggers only run was driven in by a triple poled out by first baseman Junior Villa.

Sidewinders 0 1 2 2-5 6 0
Sluggers 1 0 0 0-1 3 3

Batteries: Sidewinders—George and Belvin. Winner—George (1-0).
Sluggers—Lyda and Mays. Loser—Lyda (0-1).

(7-7) and Kiely (2-6), day and night.
Chicago at Washington, Keegan (12-3) vs. Schmitz (3-5).
Wednesday's Results
No games scheduled.

CVE Chalks Another Win In 13-3 Rout

CVE softballers ran up another win last night in downing PCA 13-3 in Carlsbad recreation league play.

H. L. Coor limited the southern crew to two hits as his teammates took advantage of a myriad of errors on the PCA team's part to bring across their runs. Dub Shields was behind the plate for the locals.

The win gave the electricians a 16-1 record which is compared to the 15-3 count held by the second place IMCC delegation. IMCC forfeited a game last night which ends its regularly scheduled play in the league. V C Ehas one more to play Monday night with PCA before calling an end to its league play.

Whatever the outcome of that game, the CVE nine is sure of the first-place spot in the league. Their only loss came at the hands of the IMCC team who has since lost to CVE twice.

Efforts to schedule a game with one of the league teams to be played in Artesia are still being carried on but no date has been set as a possible game-day.

St. Louis Baker, Florida Sailor Lead Publix

By WILBUR MARTIN

DALLAS.—A baker from St. Louis and a sailor from Jacksonville, Fla., had the rest of the field on edge today as the 29th Public Links golf tournament moved into the fifth round.

The baker, Joe Evans, blistered Cedar Crest's par 71, 6,292-yard course with two sub-par rounds yesterday as he ousted Bob Ludlow of Indianapolis, 7 and 6, and Mike Andonian of Pontiac, Mich., 5 and 4.

William Scarborough, a giant chief petty officer from Jacksonville, Fla., licked Larry Holshouser of Charlotte, N. C., 3 and 2.

Scarborough was 4 under par in his match with the little Missouri postman. His eagle crushed Frank after the latter had birdied the par 5 4th hole.

Extra hole matches were common yesterday as the dwindling field toiled around the long course in 102 degree heat.

The fifth round and quarter-finals will be played today with 36-hole semi-finals tomorrow and the 36-hole final Saturday.

The terrific heat — the third straight day the temperature has been above 100 — was taking its toll of the players. Several have defaulted because of it.

Pioneers Bomb Abilene, Lubbock Claims Victory

By THE ASSOCIATED PRESS

The Clovis Pioneers bombed the Abilene Blue Sox with four homers in the first four innings Wednesday night to take an 8-3 West Texas-New Mexico league game.

Hank Paskiewicz, Clovis third sacker, led the way with two circuit blows and a single for four runs. Pete Trabucco and Jim Fairchild also slugged homers.

Bob Pascal knocked in one Abilene run with a homer.

Lubbock, on the bottom rung of the league ladder, claimed another victory with a 10-7 win over Borger, in seventh place. In the other two games, second-place Pampa downed Amarillo 10-3, and Albuquerque edged Plainview 5-4.

W	L	Pct.	GB	
Clovis	46	35	.568	3
Abilene	43	41	.512	7 1/2
Amarillo	42	41	.506	8
Plainview	42	43	.494	9
Albuquerque	40	42	.488	9 1/2
Borger	36	47	.434	14
Lubbock	33	50	.398	17

The first major human heart surgery to correct congenital defects was performed in 1938.

Top Fishing Weekend Seen

SANTA FE.—Excellent fishing has been reported in the Chama area the past week by the state game department. Fair and good fishing was reported elsewhere in the state.

The department rated as good Cimarron, Taos, Brazos, Charatte Lakes, the upper Rio Grande, Elephant Butte, Caballo, upper and lower Pecos. Getting fair ratings were Eagle Nest, Red River, Conchas, Jemez, Bluewater and the Silver City area.

The Farmington area received a fair to good rating.

Defending Champ Leads 32 in Trans-Miss

DENVER.—Defending champion Joe Conrad leads a field of 32 golfers, including nearly all the favorites, into the second round of championship play today in the 51st Trans-Mississippi golf tournament.

Conrad, from San Marcos, Tex., Air Force base, meets Floyd Ad-dington of Dallas in the first round

Jail Sentences for Speeders

WE THINK THE Eddy County Safety Council has come up with a good idea in its proposal to give speeders short jail sentences of from two to five hours.

One of the council's members said the death Sunday of an Artesia woman played a part as the group discussed possible jail sentences for speeders. Police said speed plays a key role in the death of Mrs. A. W. Tice, who died following an accident Sunday afternoon south of Lakewood.

Here's the council's thinking on punishing speeders: A \$10 fine or \$25 fine is stiff for one violator, but means little to another, well-heeled speeder.

In other words, the speeding fine isn't fair to all. Furthermore, if the accident rate is any indication, it has failed to do its job.

Then why not, the council thinks, a fine for speeders? The tourist, who likes to speed across New Mexico's open spaces, doesn't want to spend two hours in a jail while his wife and kids boil in the oven-like car outside.

Nor can the average businessman, householder, or worker take off two hours—or three or four or five—to languish in the pokey because he's let out the horses under the hood.

Despite shrieks over radar, unmarked cars, and even police manned helicopters, the fact remains that the speeding automobile as a potential cause of death has never been severely enough dealt with.

We're going to be interested to see what Eddy county justices of the peace and police magistrates thing of the idea when they meet with the safety council in a special session July 29 in Carlsbad.

Even if they do go along, such a campaign in one county alone will not be effective. It needs the tied-in efforts of an entire state to jump on speeders.

Medical Examiners

AMONG THAT legislation that should receive consideration at the next regular session of the state legislature is a bill providing for a coroner or a medical examiner for every county in the state.

New Mexico has its share of violent deaths. We have our share of deaths from unknown causes. We have our share of mysterious murders.

Perhaps if we had a medical examiner or a coroner (many states have these and they are always medical men) we might have fewer mysterious violent deaths than we have today. Certainly a medical expert is far more qualified to determine whether an individual's death was an accident, was natural, was suicide or was due to other causes.

Our officers who check into these cases, do the best job possible. They do not claim to be medical experts and they encounter difficulty oftentimes in trying to determine the cause of death. In some instances we call in those qualified to determine the true cause of death. In other cases they are not called in because all appearances lead officers to believe that death was due to natural causes.

This in many instances does not prove to be the case. In those states which have medical examiners or coroners the examination is made by a medical man before the body is moved or touched by anyone. It is always easier to determine cause of death, path of the bullet if it is due to gunshot wound, or even due to other causes where the death occurred.

Under our present law bodies are not supposed to be moved from where they are found or discovered except on the orders of a qualified officer. Many times bodies are moved without this authority.

Sometimes medical officers are called in after information that would be available if the body is left where it was found has been destroyed by those not trained or qualified to make the investigation.

This practice could and would be eliminated by the adoption of a law setting up a corner in every county in the state and then making it mandatory that this medical examiner be called in for an examination prior to the time that the body is removed.

It would probably also aid in giving the answer as to the cause of death in more cases and in leaving less cases where there is no answer.

CARRIES BULLET IN HEAD 3 DAYS

ROMAN HILEWITZ, 64, tells patrolman Jack Rosuek, in a New York police station, how come he has a hole in his head. Hilewitz said he got a World War I bullet in the home-made gun Rosuek is holding an accidentally shot himself in the temple. Fearing arrest, he walked in great pain for three days before going to a doctor, who led the cops. Now he faces Sullivan Law charges. (International)

Who Do They Think They're Kidding?

HAGERMAN NEWS BRIEFS—

Schools Bustle as Builders, Painters Engage In Summer Face Lifting; Church School Opens

The Hagerman school is the center of a lot of activity. In addition to the old building being torn down and the new addition being built, the tennis court has had a "face lifting" and is now completed. This was a PTA project. Some painting is also being done which includes the halls and stairway of the elementary school—it is now so glossy that you can see yourself in it. Some new furniture is also going to be purchased for the new building.

The Methodist-Presbyterian vacation church school got under way Monday, July 12, with a large enrollment. The title of the course of study is "Together in Our Church." Purpose of this week of study is to help the children form happy associations with the church and to have friendly relations with others in the church; to discover that the church is a place where many people come to learn of Jesus and of God's love and care. Your co-operation and interest will help make this a fine experience for your child. There are many fine teachers, and various crafts which the children may take. The school, July 12-17 is held at the Presbyterian church from 8:45 to 10:45 p. m.

The official board of the First Methodist church met Tuesday evening for an organizational meeting. Dacus Parker was elected to the chairmanship for this year; Elwood Watford, vice-chairman; R. A. Welborne, secretary. "A healthy interest in the affairs of the church was manifested," according to the pastor, the Rev. A. A. McClesky. An air-conditioner was installed in the parsonage last week. Upon the request of the pastor, the board granted him a week or 10-day leave of absence beginning about July 20. The pulpit will be supplied by a guest speaker on July 25. Definite announcement next Sunday.

Mr. and Mrs. L. E. Harsey, Sr., entertained with a picnic supper Tuesday evening-honoring Mr. and Mrs. Malcolm Key and children from Eastland, Texas, who were the house guests of Mr. and Mrs. Lloyd Edgar Harsey, Jr. Those present were the honored guests, Mr. and Mrs. Clarence Harsey and children, Mr. and Mrs. Lloyd Edgar Harsey, Jr., and children; Mr. and Mrs. Richard Harsey and son, Danny; Mrs. Tom McKinstry, and the host and hostess.

Leonard George and L. E. Harsey, Jr., have gone to Alamosa, Colo., for three or four weeks where they will be engaged in drilling a well.

Mr. and Mrs. Horice Freeman and children, Orville Grady and Jodel, left this week for a vacation trip. Mr. Freeman built a trailer house and they will go by Portales where they will be joined by relatives, and then on to Yellowstone National Park and other places of interest.

Little Terry Paul Andrews, six-months-old son of Mr. and Mrs. Lindell Andrews of Hagerman, fell off the bed and fractured his leg. The large cast will be removed on Wednesday.

Mr. and Mrs. Clarence Gibson will go to Roswell Thursday to attend a birthday dinner honoring their grandchildren, twins, Stevie and Sandra Gibson, son and daughter of Mr. and Mrs. Ray Gibson. Mrs. Ray Gibson is the former Jeannie Knoll of Hagerman.

Casting has begun for a play sponsored by the Hagerman PTA to be given in the very near future. Most all of the parts have been filled, but there are two which are still available. If you are interested in participating in this fund raising

project for the PTA, please contact its president, Mrs. J. Vedder Brown, as soon as possible so that the cast may begin practicing.

Birthday greetings this week to Mrs. H. E. Porter, Jimmy Mayberry, W. E. Utterback, Douglas Creek, Elmer Dean Sons, Leota Fails, Mr. Floyd Hickson, Eura Hopkins, Ola Haley and Hal Ware; anniversary greetings to Mr. and Mrs. R. A. Welborne and Mr. and Mrs. E. H. Greer.

Mr. and Mrs. Byron Oglesby and children drove up to Albuquerque for the week-end to visit Byron's mother and brother, and also to see Byron's cousins from Chicago, Ill., who were visiting there at that time. Bart remained with his grandmother and uncle for a visit of a week or more and Teresa has gone to Methodist Youth Camp for a week. (Sure quiet around our house!)

Mr. and Mrs. Homer Seely and daughter of Hagerman have returned from a visit with Mr. Seely's brothers and sisters in Texas whom he has not seen since he was three years old. 38 years ago, when he moved to Arkansas with his parents. The Seelys have been Hagerman residents for the past eight years. They visited Mr. J. W. Seely of Loop, Texas; Mrs. E. L. Arnold of Big Spring, Texas; Mrs. Clyde Woods of Lubbock, Texas; and Mr. Dee Seely of Ackerly, Texas. They reported that it was a very happy reunion.

Mrs. Dick Turner and daughter, Ella Jo, have returned from an extended visit with Mrs. Turner's daughter in Sweetwater, Texas.

Mr. and Mrs. Barney Green and little daughter, Pamela, and Mr. and Mrs. E. K. Angel and son, Johnny, drove up to Ruidoso Sunday and returned home Monday evening. They report a very nice outing.

Mr. and Mrs. Jack Casabonne, Mrs. J. Vedder Brown and daughter, Priscilla, have returned from a vacation trip in which they covered over 3,000 miles. They visited Mr. Casabonne's brother, John, in Riverton, Wyo., visited the Yellowstone National Park, on through Montana and Idaho, back through points of interest in Colorado and back home. They report a very lovely trip.

Mr. and Mrs. Charles Michelet, owners of Peoples Dry Goods in Hagerman, accompanied by their son and family, Mr. and Mrs. Bobby Charles Michelet drove to Albuquerque Sunday where young Cecil will have a check-up, then on to points of interest in Colorado. They were accompanied as far as Albuquerque by Bill Thompson who had been visiting at the Michelet home.

The American Legion auxiliary of Hagerman met Tuesday at 2:30 at the home of Mrs. Jeanette Michelet, with Mrs. Roy Choat as hostess.

Mrs. L. E. Harsey, Jr., presided over a business meeting in the absence of the president, Mrs. John Weir. The group discussed plans for a dance to be held in the near future. It was also decided to start meeting at night instead of the afternoon, and to meet jointly with the American Legion members. Aug. 9 at 7 p. m. a covered-dish supper-meeting will be held at the American Legion Hut here, with the two groups meeting together. Thank-you notes were read from Mrs. John Clark, Mrs. William Tulk and Mrs. Roy Choat. A committee was appointed to take charge of the yearbook, as follows: Mrs. J. W. Langenege, chairman; Mrs. Dub Hardin, Mrs. Jim Lan-

genegger and Mrs. L. E. Harsey, Jr.

Refreshments of chocolate cake and coffee were served to the following members: Mrs. John Garner, Mrs. Dub Hardin, Mrs. L. E. Harsey, Sr., Mrs. Richard Harsey, Mrs. Lloyd Edgar Harsey, Jr., Mrs. Jim Langenege, Mrs. Garner Mason, Mrs. Jeanette Michelet, and the hostess, Mrs. Choat, and several children.

Refreshments of chocolate cake and coffee were served to the following members: Mrs. John Garner, Mrs. Dub Hardin, Mrs. L. E. Harsey, Sr., Mrs. Richard Harsey, Mrs. Lloyd Edgar Harsey, Jr., Mrs. Jim Langenege, Mrs. Garner Mason, Mrs. Jeanette Michelet, and the hostess, Mrs. Choat, and several children.

Yesterday's Cryptquip: SWIMMER FOUNDERS. ALMOST DROWN; FEELS WORSE THAN FISH OUT OF WATER.

when a main bearing on the Gaskins well, corner Thirteenth and Hermosa, burned out, putting the well out of service.

Fowler said a replacement was to have been flown to the city last night from Dallas, but did not arrive until this morning. He said the bearing was to be immediately installed and the well returned to operation this afternoon.

When the well, one of the city's key units, went out of service, householders in the southwest section of the city found water pressure plummeted, limiting their large-

ly to drinking water except in the late evening.

Air conditioners and lawn sprinklers were almost completely idled by the pump's shutdown.

Ultramodern, Lightweight Trains Predicted for Near Future as Railroads Fight High Costs

By ED MORSE.
NEW YORK — Chances are you'll be riding an ultra-modern lightweight train one of these days. It's a new thrill in railroad travel.

It's also supposed to thrill the railroad budget balancers with its vast economies and revenue-pulling power. It's cheaper to build, cheaper to operate and faster.

These trains of the future are aimed at just one thing: slaying the dragon that has menaced the railroad industry so long—chronic passenger deficits.

To do that, they'll have to fascinate you and attract your patronage with their speed, convenience and easiness on your bankroll.

They'll have to sell you on the idea that it's smarter to take a trip by train than to pack your family into the car and bull your way through congested and perilous highways. For the railroad's top rival in the passenger business is the family car.

THE RAILROADS must wake up and revamp their passenger service according to the facts of life in this motor and airplane age, according to Patrick B. McGinnis, new head of the New York, New Haven & Hartford Railroad.

By all means use your car, says McGinnis. But for a sizable trip—say the 229 miles between New York and Boston—drive it to a suburban railroad station of a type he envisions with a huge parking lot. Park your car. Ride the train in comfort to a similar station outside Boston on a swift, modern, low-slung, lightweight train.

This way, he says, you'll make the trip in 2 1/2 hours, instead of the four hours now required between the huge city terminals—and you can't park your car at those terminals.

Robert R. Young, now boss of the New York Central, for years has crusaded for a revolutionary, lightweight passenger train. While he headed the Chesapeake & Ohio he demonstrated what he called "Train X," a one-car experimental unit made by Pullman-Standard Car Manufacturing Co.

ACF INDUSTRIES, Inc., made a similar train called the Talgo, which has been operating for five years between Madrid and the French border.

It was a counterpart of this train that ACF has been showing these past weeks on the New Haven Railroad. It recently had a 157-mile demonstration run between New Haven, Conn., and Boston. During the trip McGinnis said this Talgo was just a "prototype" of a much-improved train he wants.

Because the Talgo floor is two feet lower than a standard train's, you merely take a normal step from a near-ground-level station platform. You enter an interior much wider and lower-ceilinged than a standard railroad car. It seems more like an airplane. You sink into an airplane-type reclining seat.

The train accelerates easily. The faster you go the smoother it rides. It saves time taking curves at 87 miles per hour whereas the regular speed limit is 70. On a straight run it hits a peak of 102.8 miles per hour on a road where the legal limit is 79. The ride is steady and sure.

WHEN WILL THE train of the future arrive?

The Rock Island Railroad has already ordered two Talgo-type trains from ACF for delivery in December 1955. The train of the future was discussed by presidents of four Eastern railroads last week. Various car manufacturers talked with them.

A standard design for a future train is hoped for. That way the railroads can club together on orders in big lots and save money.

PIONEER RANCHER DIES
TUCUMCARI, N.M. — William Thomas Gregg, pioneer Gaudalpe County rancher, died Sunday at his Cuervo ranch home. He was 77. Death came at the end of a short illness.

GROWING PAINS—Garden Needs Servicing Just as Automobile Does

AP Newsfeatures
The last time you took the family car to the service station for a grease job and oil change, you made sure all points were checked—engine, body, battery, tires, brakes and lights.

This was normal precaution to keep the auto in top shape and to make it last a few miles more.

You're the service station operator in your garden. Now that you've got most of the plantings in the ground, you're in a seven-day business that pays dividends if you work at it, or you'll go bankrupt gardenwise quickly.

Simple Tools
The tools are simple but necessary—the mower, sprayer, hedge shears, hoe, rake, trowel or spade. Then there's the sharp eye for garden trouble, and a little back to be used when necessary, plus constant attention to the job.

Take the large area project first—the lawn. You've got to keep it mowed regularly and weeded. It's about time to set the mower blades at two inches

33 years ago they told me: "YOU HAVE LESS THAN A YEAR TO LIVE!"

"MUST HAVE BEEN back in 1919 or '20. Hopeless case of diabetes. No known cure..."

"BUT HERE I AM. They found a treatment—insulin—in time. Today, nobody has to die of diabetes."

"CANCER, I know, is a tougher problem. But the laboratories can lick that one, too—with our support. Already, they're curing people who would have been done for a few years ago. Last year—thanks to \$5,000,000 allocated by the American Cancer Society from our contributions—they found out a lot more... though there's still a long way to go."

"THEY NEED MONEY. \$5,000,000 is still less than 4 cents per American per year. Not enough. Not enough to find the answer fast enough—230,000 Americans are going to die of cancer this year, they say."

"I'M NOT RICH, but I gave 'em \$50 last year—hope to do better this time. After all, where would I be if the laboratories working on diabetes, that time, hadn't been given enough support—?"

Cancer MAN'S CRUELIEST ENEMY Strike back—Give

AMERICAN CANCER SOCIETY

GENTLEMEN:

Please send me free information on cancer.

Enclosed is my contribution of \$..... to the cancer crusade.

Name.....

Address.....

City..... State.....

Simply address the envelope: CANCER c/o Postmaster, Name of Your Town.....

or give to your Unit of the American Cancer Society

After going over the lawn with the mower, there is the hand trimming of grass to do around the trees, the paths and driveway to edge to keep your place up to par.

Flower and vegetable plantings have to be checked with the greatest care, with weeds and bugs the prime object of scrutiny.

When cultivating, do it shallowly—from a half-inch to an inch is enough. The average plant has shallow roots. If you mulch beds with grass clippings or peat moss, you'll help keep the weeds down, the soil cool, and prevent crusting in dry spells.

If the weeds should get a big start while you were away or busy cut them off instead of yanking them out if they are close

to the roots of good plants. This way you'll prevent disturbance to good growth.

Some gardeners I know are so wary of the highly poisonous sprays and toxic materials, they hesitate to spray at all. For them rotenone is a safe insecticide, and it does the job in most cases. Apply it in dust or liquid (mixing an ounce of rotenone in a gallon of water).

Keep Spraying
Once a week is the spray schedule—and more often if there is heavy rain.

Invest the vegetables as they come into full growth, and then haul out the dead plantings. If they are insect ridden burn them—otherwise, feed the compost pile. Keep up the compost pile project.

Keep up the compost pile project—six inches or so of compost material. Keep the pile wet. The compost pile is your pot of gold at the end of the garden rainbow. It's the least expensive, and the most valuable one of your outdoor assets.

Spray fruit trees according to schedule if you want fruit—and if you don't have the timetable and ingredients, your garden shop does.

If your evergreens give off a yellowish tinge, you've probably got a red spider problem. Foggy spray with the hose, or a light dusting with sulphur will help combat these pests.

Fertilize your plantings occasionally to give them a boost. Watch the tall growing plants—

whether flower, vegetable or shrub, and stake them where necessary to prevent their toppling when they get tall.

A tall order? Maybe. But you've got the garden now, and you've got to keep it up—or dig it up. And this you'd never do, no more than you'd junk the family auto rather than give it the recommended service station treatment.

CHILD KILLED BY CAR

ALBUQUERQUE, N.M. — Gilbert Sanchez, 5, died yesterday under the wheels of a car driven by Mrs. Myrtle L. Smalling. She told police the child darted into the street in front of her. His death was the 179th in state traffic this year.

American mink ranchers marketed 2 1/2 million mink pelts in 1953 compared to 1,200,000 in 1946.

In 1953 the U. S. auto industry produced 7,328,000 cars.

Embezzlement Charges Filed

TUCUNCARI (P)—Thirty-seven counts of embezzlement have been filed against a former Quay county clerk.

W. L. "Bill" Wallis is alleged to have embezzled a total of \$1,115.10 in the period from Jan. 1 to June 1 of this year in a complaint filed by Dist. Atty. Victor Green.

The largest single amount listed is \$287.50 for a liquor license fee.

Wallis, who now lives in Albuquerque, had been county clerk for about two years when he resigned June 15. He gave a proposed salary cut as the reason for his resignation.

The shortages were uncovered in a routine annual audit of the county's books last week.

Wallis is to be brought back to Quay county for preliminary hearings.

Drought Program Repeat Urged

WASHINGTON (P)—Sen. Anderson (D-NM) has asked the Agriculture department to reconsider a decision to discontinue its emergency grain program for livestock in drought areas.

The department has said the program will be closed. It plans to assist livestock growers in obtaining hay to help preserve foundation herds.

Anderson said that such a hay program in New Mexico would be too expensive for the farmers who need help. He said that unless the drought conditions are relieved, the hay program would have to be carried through the fall and winter months.

Council to Study—

(Continued from Page 1)

have had batteries drained under the load imposed by newly-installed two-way radios.

Discussed methods of enforcing city ordinances calling for house-holders to get permits for permanent home improvements.

Deferred for further study a movement the council hike the cost of leasing parking meter spaces as loading zones to business men. Current charge for the space is \$11, which the council feels is too low. The charges of other cities are being studied to bring the Artesia rate in line.

Voted to seek bids for an asphalt distributing truck which would be used in street sealing. Estimated cost is around \$9000. The council instructed City Supervisor W. D. Fowler to prepare specifications for seeking bids.

Kidnapper—

(Continued from Page One)

HOBBS (P)—William Thomas Hughes, who is charged with the rape of a 5-month-old Hobbs girl, bears a tattoo of the sentimentalist. On his upper left arm is a bold tattoo of a cross with a heart which has these words: "In memory Mary Alice."

He told police Mary Alice was his own 10-month-old daughter who died in January, 1948, of a throat ailment.

Western Union's Rates Are Hiked

WASHINGTON (P)—Western Union's interstate rates went up an average 11 per cent at midnight last night, a boost the federal communications commission figures will bring the telegraph company another nine million dollars a year.

FCC okayed the firm's proposed rate hike yesterday, saying it is designed to restore Western Union's earnings to the 5 per cent level recorded in the first half of 1953. If state regulatory bodies allow similar increases for business within the state, FCC said, the company would pick up another nine million annually.

Warrant Issued Charging Former City Resident

A warrant was issued yesterday by Judge John Ellicott for James Potter, former resident of the city.

Potter, who recently left the area for Swink, Colo., is wanted for "carrying away and concealing property sold under a conditional sales contract." Potter allegedly carried off a deep freeze on which none of the cost had been paid.

Sheriff's deputies will probably leave soon for Colorado to look for him, according to deputies. However, it is not sure he is in that area now.

Brijalba Fined In Auto Case

Abel Brijalba, Artesia, was fined \$25 and \$5 court costs this morning on a charge of assault and battery.

He was charged in connection with a car belonging to Juanita McBeth. He was charged with forcing her out of the car and taking it for about a day and a half. The car was found yesterday after McBeth woman took it to Lovington.

Complaint Filed After Artesian Forced Off Road

John W. Winston signed a complaint last night against an unknown driver who forced him off the road while he was coming into town from the west on Highway 83.

Winston, 1518 Hank, said the car, a two-tone Chevrolet, ran him off the road about 10:35 last night. He identified the car as having 1954 New Mexico license plates numbered 3-11730.

City police are looking for the car.

Hearing on City Budget Scheduled For Saturday

Representatives of the state tax commission will examine the proposed 1954-55 City of Artesia budget in a hearing here at 9 a. m. Saturday.

The representative will meet with city councilman and any taxpayer-citizen who wishes to discuss the budget.

Hope's city budget will be studied at 10 a. m.

Rancher Found Not Guilty of Homicide Charge

AZTEC (P)—A district court jury last night found Ace Christmas Jr., prominent central New Mexico rancher, innocent of negligent homicide.

The jury deliberated about four hours before handing down the verdict late last night.

Yesterday, Christmas testified about the auto accident in which Jose Mauricio Maestas died in the village of Cebolla Oct. 31.

Christmas told the jury he was alone, driving his station wagon back from an elk hunt in Colorado. He said he was driving south on U.S. 84 at night, and about three miles north of Cebolla he overtook a pickup truck traveling about 20 to 30 miles an hour.

"I couldn't get around the pickup," Christmas said, "because of other cars, hills and curves." Finally he said he saw a stretch ahead of him just outside Cebolla and thought he could pass.

Disposal Water Hearing Expected After July 17

A hearing on the proposal by J. B. "Buster" Mulcock he buy city disposal plant water for \$1,000 may be set anytime after July 17, W. M. Siegenthaler, attorney for the present holder of the water agreement, W. T. "Doc" Haldeman, told city council last night.

Siegenthaler asked five days notice for the hearing since he and Haldeman will want to subpoena witnesses, some of whom do not live in Artesia.

City Approves Drive-In Mail Service Site

Approval of a site for location of Artesia first drive-in mail box was given last night by city council. It will be located in front of the police station.

However, drive-in service won't start until the local post office receives special boxes ordered for the service, several months from now.

Police to Study Stolen Vegetable Report in City

Police today are investigating a report from R. L. Looney, Artesia, that two boys were stealing vegetables from his garden last night about 10:55.

Looney told officers he saw boys, ran out and chased them. One of them fell over a fence but both ran in the direction of Thirteenth street. They left behind a blanket they had been putting the vegetables into.

They were described as both between 5 feet 6 inches and 6 feet tall. Officer Fry investigated the report.

COTTON FUTURES

NEW YORK (P)—Cotton futures closed 9 cents a bale lower to 10 cents higher. Oct. 34.25; Dec. 34.44; March 34.63; May 34.72; July 34.47; Oct. 33.64; Dec. 33.71; Midling spot 35.50.

JAILED AS DRUNK

Crispin Mejia, Artesia, was sentenced to 15 days in the county jail this morning for being drunk. Mejia has been in and out of the city jail several times recently on similar charges.

DOCTOR TAKES TRAINING

Dr. L. F. Hamilton of Artesia leaves the city today to enter a 10-day course of special surgical study at Tulane university, New Orleans, under Dr. Alton Aehsner, who is considered one of the world's greatest teaching surgeons. He is the surgeon who operated on Ben Hogan after his automobile accident at El Paso.

ADJOURNMENT ON SCHEDULE

AT A PRESS CONFERENCE at the White House, Senate Majority Leader William Knowland, California, and House Speaker Joseph Martin (far right), Massachusetts, tell reporters that Congress is moving along swiftly and they see no roadblock in the path of adjournment on schedule. (International Soundphoto)

LIGHTNING KILLS 27 SHEEP

KILLED BY LIGHTNING, dead sheep are shown by a tree near Hillsboro, O., following a severe electrical storm. Scar on tree trunk shows where the lightning struck. Twenty-seven sheep, owned by Perry Emery, were killed by the bolt. (International)

BEATEN BY WAVES IN LONG SWIM

HER FACE showing evidence of extreme fatigue, Mrs. Winnie Roach, 28, a Canadian mother of three children, is shown being taken aboard an accompanying tender by Capt. Finch Moricich after rough seas beat her attempt to swim the 22-mile Catalina Channel, at Los Angeles. Mrs. Roach, who had hoped to better the record of Florence Chadwick, was in the water one hour and 50 minutes. (International Soundphoto)

ROUGH DRIFTING IN THE PACIFIC

THE RAFT LEHI, five men aboard, is shown during rough going off San Francisco at outset of its voyage to Hawaii. The expedition expects to drift to the islands, subsisting on fish and plankton and water they distill from sea water. (International Soundphoto)

Office Supplies at The Advocate

MEET THE REAL "MISS AMERICA"

The "lady of liberty" who stands so proudly at the gateway to New York, best represents to the people of foreign lands, the real "Miss America"—who with torch held high, symbolizes the many precepts of our democracy! So, too, the American Press, holds aloft a bright torch of hope to the world—for, the Free Press of the United States—is the bulwark and guardian of our rights and our liberties!

the directors said the State tax load already is one of the most important of the many factors that give out-of-State producers a competitive advantage over local manufacturers. Thus, by preventing adoption of a bigger State budget calling for higher taxes, the business men say these legislators have prevented injury to the State's free economy.

Industrial State

In addition to going on record for holding the line on tax spending and giving out their support to sympathetic legislators, the directors also urged the Legislature to investigate the State's personal property tax law.

The personal property tax of California appears to be inequitable and not geared to industrial State," the state, but continued, "Ambiguity and lack of sufficient definition cause great confusion and discrimination in the personal property tax field. Therefore the Legislature is requested to make a special interim 1953-54 study of the overall problem of personal property taxation."

State-wide Committees

Plans were discussed for the association's annual meeting to be held at the Statler Oct. 22. The executives outlined a significant change in the association's by-laws, designed to give more autonomy to the large State-wide committees, which work on various segments of the State's economic problems.

Among the 12 State-wide committees are those working on insuring a steady supply of essential goods, fuel and disposal of industrial wastes of the State, dangerous or unhealthy and obtaining of water.

Members pasted that committee and business men.

State-wide problems were discussed by the board. In the decision, four resolutions were passed at yesterday's session.

Men Named

Murray Jr., Los Angeles, who is head of State-wide industrial committee.

Lawrence, Lockheed Air Traffic, chairman of traffic committee.

California & Ha Refining Corp., chairman of unemployment committee, and

W. L. Allen, chairman of taxator

Heat Wave—

(Continued from Page 1)
 training school in Winfield, Kan. Some Mongolian-type patients are hypersensitive to the heat because of deficiency in a gland that acts as a sort of thermostat in the body. They had to be packed in ice or otherwise externally cooled. Eleven patients have died in Kansas mental institutions this week.

Even tropical plants at the Missouri Botanical Garden in St. Louis withered.

An automatic sprinkler system went into action in a suburban St. Louis car factory when the temperature reached 165 degrees in the firm's attic. Workers were drenched and the office was flooded.

Missouri had 29 fatalities: Oklahoma, 18; Kansas, 18; Illinois, 8; Kentucky, 5; Colorado, 4; and Iowa, Louisiana, Nebraska, Pennsylvania, Tennessee, Connecticut, Virginia, West Virginia and Maryland one each.

These all-time high temperatures were recorded: St. Louis, 173; Springfield, Ill., 114; Columbia Mo., 113; Springfield, Mo., 113 and Tulsa Okla. 112.

Other high readings included Philadelphia, 101; Washington, D. C., 100; Huntington, W. Va., 105; Richmond, Va., 103; Baltimore, 101; Newark N. J., 101; Terre Haute, Ind., 107; Columbus, Ohio, 104; Arkansas City, Kan., 118; Mexico, Mo., 116 and Kansas City, 110.

Roswell Couple—

(Continued from Page 1)
 between 3 and 3:30 a. m. July 1 and said "they sounded like the screams of a woman."

KOPRIAN SAID MARILYN was not sick on June 30, the day before she died. He answered in the negative to the following two questions asked by Dist. Atty. Pat Hanagan:

1. Do you remember talking to Dr. E. L. Thielking a year ago to see if he would perform an abortion?

2. Did you talk to an El Paso doctor about an abortion or to any doctor in Texas?

Koprian also gave negative replies when asked if he forbade Marilyn to have boy and girl friends in the home.

Questions by the district attorney brought out the fact that five years ago Koprian had been charged with contributing to the delinquency of a minor. Asked about the charge, Koprian said it was rape.

The charge, which the district attorney said involved the stepdaughter, was dropped when the mother declined to testify against Koprian.

Supreme Court—

(Continued from page one)
 first offense and take a \$100 fine was probably unconstitutional because the justice of the peace is not given the power to try the case.

But he said the legislature had made provision that the rest of the law stand in the event any one section was declared unconstitutional.

Carlsbad City Atty. Morton Rutherford III lashed out at the new law and said it has given the city the power to set traffic signs and lights and at the same time has taken away the power to carry out its ordinances.

He said Coffin was charged with violation of a city ordinance and not a state law and that there was no conflict between the two. He said revocation of license was a regulatory matter and not a penalty imposed by the city.

Right-of-Way—

(Continued from Page One)
 proaching a stop sign shall stop before entering the cross walk on the near side of the intersection, or in the event there is no cross walk, shall stop at a clearly marked stop line, but if none, then at the point nearest the intersecting highway where the driver has view of approaching traffic on the intersecting highway before entering the intersection except when directed to proceed by a police officer or traffic-control signal."

Detention—

(Continued from page one)
 Paul W. Scott, secretary for the committee.

In last night's city council meeting the city fathers voted to investigate lease of a 10-acre site on the Lovington by-pass south of the city for the detention home.

Indications were councilmen favored sale at nominal cost of 10 acres of a 160-acre tract it purchased in 1942 for use in connection with the disposal plant.

Request the city sell the land for the detention home was presented by City Atty. Neil Watson in behalf of committee chairman Yates.

The proposed site is now leased for \$125 a year. Councilman John J. Clarke, Jr., was named head of a committee to investigate the sale.

Artesia Teachers—

(Continued from Page 1)

MRS. HARALSON has taught school for 25 years, 10 of which have been spent at Artesia. She holds a bachelor of arts and a masters degree from the University of New Mexico in Albuquerque, her home town. She has been president of the American Association of University Women for two years. She is a member of Phi Kappa Phi and Delta Kappa Gamma. She has two children.

Trop, who is director of audio-visual aids at Artesia high school, holds a masters degree from State Teachers college in New York. He has taught at Artesia two years and two years at the University of New Mexico.

His wife is a substitute teacher in the Artesia schools. A graduate of Maryville college in Tennessee, Mrs. Trop also holds a master of arts degree from the University of New Mexico. Mr. and Mrs. Trop have a six-months old son.

The Colleys are graduates of the Texas college at Tyler. Mrs. Colley holds a bachelor of arts degree and Mr. Colley has a bachelor of science degree in secondary education. They are now working on their masters degree here at New Mexico Western.

A SCHOOL TEACHER for 20 Mrs. Colley has always taught primary. She has been teaching at the Carver elementary school for five years. Mr. Colley has eight years of teaching experience, the past three at Carver in Artesia. They have one son.

Mrs. Nora Coppinger has been an elementary school teacher since 1916. She has taught school in Artesia for seven years. She teaches the first grade in the Park-grade school. She received her B. S. degree in elementary education here in 1951 and is now working on her masters. She has also attended the University of Oregon and has also taught in that state. Her home is in Roswell and she has one daughter.

Mrs. Gertrude Martin receives her masters degree in elementary education at the end of the summer term. She received her B. S. here in 1949. Mrs. Martin has taught at the Atoka grade school for 10 years. She teaches bilingual children - That is she teaches English to the Spanish-speaking children just entering school who don't know any English. Mrs. Martin has lived in Artesia all her life. She has three children.

Donald Knorr, a Spanish and English instructor in Artesia junior high school, is a graduate of the University of New Mexico. He received his B. S. and his M. A. in 1950 and 51. Knorr is enrolled in the bilingual institute which is being conducted at the elementary laboratory by Carlos Rivera. At Artesia for three years, Knorr has been active in organizing an Explorer's and a Rifle club for high school age children. The Knorrs have a six-year old daughter, Donny.

ROBERT MURRAY, who received his B. S. in elementary education here in 1950, receives his M. S. in administration and supervision this summer. He teaches art in three Artesia grade schools. He was teaching in the Indian Service, Sells, Ariz., prior to coming to Artesia last year. Murray has three children, one boy and two girls.

Witcher is not new at New Mexico Western either. He received his A. B. degree here in the summer of 1949 and expects to get his masters next summer. He has been at Artesia since he graduated. He teaches arts, crafts and mechanical drawing in high school. Witcher is married to the former Eva Ann Bentley, a former student here and a graduate of May, 1949.

George L. Jones and Margaret Chaves will join the Artesia gang this fall. Miss Chaves of Quemado, received her bachelor of science degree in elementary education in May and will teach in the lower grades at Artesia. Jones, who receives his M. S. in elementary education at the end of the August 16-27 post session, will teach in the sixth grade at the Hermosa grade school. Jones is from London, Ky. He has two children.

Heat Wave—

(Continued from Page 1)
training school in Winfield, Kan. Some Mongolian-type patients are supersensitive to the heat because of deficiency in a gland that acts as a sort of thermostat in the body. They had to be packed in ice or otherwise externally cooled. Eleven patients have died in Kansas mental institutions this week.

Even tropical plants at the Missouri Botanical Garden in St. Louis withered.

An automatic sprinkler system went into action in a suburban St. Louis car factory when the temperature reached 165 degrees in the firm's attic. Workers were drenched and the office was flooded.

Missouri had 29 fatalities; Oklahoma, 18; Kansas, 18; Illinois, 8; Kentucky, 5; Colorado, 4; and Iowa, Louisiana, Nebraska, Pennsylvania, Tennessee, Connecticut, Virginia, West Virginia and Maryland one each.

These all-time high temperatures were recorded: St. Louis, 113; Springfield, Ill., 114; Columbia, Mo., 113; Springfield, Mo., 113 and Tulsa Okla. 112.

Other high readings included Philadelphia, 101; Washington, D. C., 100; Huntington, W. Va., 105; Richmond, Va., 103; Baltimore, 101; Newark, N. J., 101; Terre Haute, Ind., 107; Columbus, Ohio, 104; Arkansas City, Kan., 118; Mexico, Mo., 116 and Kansas City, 110.

Roswell Couple—

(Continued from Page 1)
between 3 and 3:30 a. m. July 1 and said "they sounded like the streams of a woman."

KOPRIAN SAID MARILYN was not sick on June 30, the day before she died. He answered in the negative to the following two questions asked by Dist. Atty. Pat Hanagan:

1. Do you remember talking to Dr. E. L. Thielking a year ago to see if he would perform an abortion?

2. Did you talk to an El Paso doctor about an abortion or to any doctor in Texas?

Koprian also gave negative replies when asked if he forbade Marilyn to have boy and girl friends in the home.

Questions by the district attorney brought out the fact that five years ago Koprian had been charged with contributing to the delinquency of a minor. Asked about the charge, Koprian said it was rape.

The charge, which the district attorney said involved the stepdaughter, was dropped when the mother declined to testify against Koprian.
