They said this would increase to 168 miles and an estimated 5 1/2 hours a day on a bus if students are brought to Artesia.

The school was to be moved to Artesia in September on the basis of an earlier recommendation by the state board, and school planning had expected to accommodate Hope senior high students here.

Clare Tree Major Children's Plays Cancelled, PTA Learns

Mrs. S. A. Davis, president of Central School Parent Teachers Assn., has received a letter from Dorothy Major of Major Children's Theatre that they are closing the Clare Tree Major plays due to the illness of her mother.

The letter reads in part, "Due to the illness of mother we have abandoned all road shows and no plays will be sent out. After 30 years of playing through the depression and war years it is a great blow that we must abandon so suddenly. Such an important subject to edu-

cation and a disappointment to our sponsors who have believed in our work and have counted on us, but we have no other course open to us."

The sponsors for this year were Central, Hermosa and Park schools PTA, since the Girl Scouts and Story League who were sponsor in the past decided not to sponsor same this year.

The PTAs are trying to work out a project to take the place of Major plays for this year, and hope to have some plays.

Carter to Seek Third Lightweight Championship

CHICAGO — (AP) — Jimmy Carter, fresh from a unanimous decision over clever Glen Flanagan, figures he's ready to become the first fighter to win the world lightweight championship a third time.

The durable, 30-year-old New Yorker is scheduled to meet champion Paddy DeMarco at San Francisco Sept. 22.

"This fight with Flanagan," said Carter after his convincing but unsensational victory before national T V cameras at Chicago Stadium last night, "should help me against DeMarco."

"For one thing, I had to go a full 10 rounds tonight and I needed that. Then, Flanagan boxes a lot like DeMarco but he's much more clever than DeMarco."

Carter complained Flanagan was "hard to hit."

Angelo Jinx in NuMexer Park Gives Artesians Seventh Straight Home Victory Over Colts, 12-2

Angelo's Artesia jinx, which never permitted the Colts to win a game this season in the NuMexer park, asserted itself again tonight with a 12-2 win over the Colts for league leading Artesia.

The jinx made the seventh loss at Artesia in the 1954 season for the Colts, which so far has won only two games in New Mexico parks.

Artesia set the pace for the night with four runs in the first, followed with a pair each in the second, third and eighth, and the fifth and seventh.

Artesia lunched its pair in the fifth inning with singles by Graves, Jerry Fineman, Bob Hank's safety.

19-year-old Wayne Goodell was his 10th straight victory, giving him a record of 10-1. He never allowed himself to get into serious trouble, except in the fifth when the Colts got four hits.

JOHN GOODELL is welcomed home by Paul Dobkowski after clouting his none-on-round tripper in the seventh inning of last night's Artesia-San Angelo game, which the NuMexers won 12-2. (Advocate Photo by Rooster Mills)

The NuMexers wound it up in the eighth when Diaz led off with a single, and after two outs, Watts, Economides and Sullivan consecutively singled, scoring Diaz and Watts.

The two clubs return to NuMexer park tonight.

Roswell Edged By Midland Tribe 9-8 in Twelfth Frame

MIDLAND — Ben Jones, only Tuesday grounder about inability to buy a hit lately, stepped up with four big ones to spur Roswell to a 9-8 victory over Midland Municipal stadium here on Tuesday.

The Indians trailed late as one out in the ninth, when line single to left center Pat Waters, who had walked second with the winning run in the 12th, but that was exceeded after his previous antics.

Both the ninth and tenth he Indians in the fray after game seemed hopelessly lost.

Two-out triple in the tenth helped keep alive a five-run rally.

Ramos, who came on in the 11th, picked up the win, his second in two nights.

Baum and Pat Stasey hit runs for Roswell in the first three frames respectively and the Indians helped Roswell build up a margin with seven errors.

Little League Play-Off Attempt Ends in Tie

Little League continued in a mix-up Wednesday when an attempted play-off of a tied game ended in another tie.

Guy Chevrolet and Williams tied the count again at 7-7 when the game had to be called. The American league teams are set to meet again Friday in a regularly scheduled contest but will have to play-off this one as soon as possible.

The American league game today pits the First National Bankers against leading CVE.

In the National league the Elks meet Russell Appliance today in a game that could decide second place, barring a tie. They are currently in a double hold on that position in the standings.

Robinson Near 20-Game Door Seeking Five Seasons in Row, Handcuffs Braves 2-1

By BEN PHILEGAR AP Sports Writer

Robinson is about ready to knock on that 20-game door again. If he gets inside, he will be the first to do it five seasons in a row since Carl Hubbell was the meek ticket of the New York Giants.

The Philadelphia strong boy has been coasting along most of the year on the fringe of the spotlight, yielding the center of the stage to the exciting pennant races. But he's been winning just the same.

When he handcuffed Milwaukee on five hits last night for a 2-1 triumph, he ran his victory total to 16 against 9 losses. Two seasons ago when he won an amazing 28, exactly a dozen of the victories came after Aug. 4.

The victory moved the Phils into fourth place, half a game ahead of the St. Louis Cardinals who bowed 8-7 to Brooklyn. The Giants shaded Chicago 4-3 in 11 innings and Pittsburgh beat Cincinnati 4-3.

Cleveland evened its current series with the New York Yankees with a 5-2 triumph. Chicago edged Detroit 6-5 in 10 innings. Detroit defeated Washington 6-2 and Philadelphia and Baltimore swapped last place as the Athletics whipped the Orioles 6-4.

Charlie Tuttle supplied Sweetwater with its big hit of the night, a two run homer in the seventh.

Dallas Edges Shreveport By Shaky 6-5

By JOE BENHAM Associated Press Staff

Fort Worth's Danny Ozark, a hard-luck guy who's been shuffled around the Brooklyn Dodger chain longer than he likes to recall, dealt out some misery of his own Wednesday night as his eighth-inning single spoiled Howie Anderson's bid for a no-hitter.

Anderson had a perfect game working at Beaumont with 22 straight putouts when Ozark dropped, a Texas leaguer past the desperate fingers of Shipper second baseman Jack Hollis. Beaumont went on to take the game easily, 8-2.

Dallas' beat Shreveport 6-5, Oklahoma City blasted San Antonio 13-5 and Houston downed Tulsa 8-3.

Thursday night's slate sends Fort Worth to Shreveport, Tulsa to San Antonio, Dallas to Beaumont and Oklahoma City to Houston.

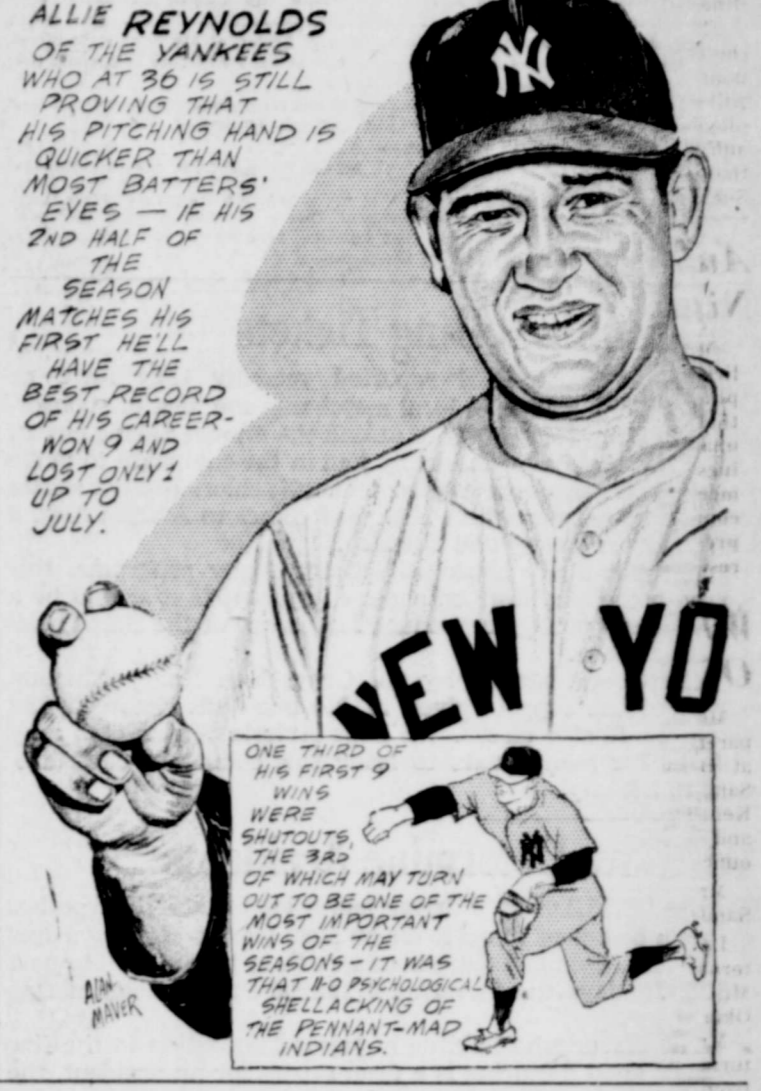

Anderson wound up with a four-hitter at Beaumont to pick up his fifth decision since joining the Exporters. He walked one and struck out five. His mates gave him an easy lead to work behind, scoring five runs in the first three innings.

Dallas came up with a rare combination for the Eagles, power and pitching, to defeat Shreveport in the regular season's final game between the two teams.

Al Stringer, Frank Tornay, Jim Basso and Les Fleming pounded home runs for Dallas to back up Hoot Gibson's strong relief job. Gibson gave up only one hit in 2 1/3 innings to protect the decision for Terris McDuffie.

Bob Nichols and Jim Spencer homered for Shreveport.

Bayer Power Keys Attack on Tam O' Shanter

CHICAGO, (AP)—Mammoth George Bayer, the Paul Bunyan of the links, may never strike it right in the \$205,000 Tam O'Shanter golf jamboree starting today, but he is a pro apart from the others because of his incredible power.

His colleagues—such as Doug Ford, Dutch Harrison, Jimmy Demaret and Lloyd Mangrum—claim that the 240-pound 7-5 1/2 Bayer is the longest hitter in golf history.

The tank-like Bayer was among 36 pros teeing off today in the first round of the All-American tourney, the first phase in promoter George S. May's fabulous extravaganza that runs 10 days and is climaxed by the "World Championships" next week.

The "world" champion receives \$50,000 in cash and a \$50,000 exhibition contract. The All-American meet is a mere warmup, with a top prize of \$3,420.

Williams Pitches, Hits Pampa to Twin WT-NM Win

By The Associated Press

Sam Williams pitched and batted Pampa to a twin victory over Albuquerque in the West Texas-New Mexico league Wednesday night.

Williams went the distance in the opener, giving up six hits, to whitewash the Dukes 5-0. In the nightcap he relieved Jim Lemons in the eighth and banded a single in the bottom of that inning to give Pampa a 5-4 decision.

League-leading Clovis battered Abilene 13-6, and Lubbock edged Amarillo 8-7.

Pampa moved to within one game of Clovis. Albuquerque and Abilene are tied for third place, 8 1/2 games behind the leaders.

In the first game at Pampa, Williams was in trouble only in the fourth and fifth innings. In both cases, double plays wiped out the threat. Williams also got a run-scoring single in the opener.

In the nightcap, Williams singled in Curt Hardaway with the winning run.

Earle Mack Sees Little Hope for Philadelphia

PHILADELPHIA, (AP)—Speaking in terms of cold cash, says vice president Earle Mack of the Philadelphia Athletics, "there isn't a chance" of keeping the ball club in Philadelphia.

That was the most forthright statement made yet on the plight of the American league club that is dying from a lack of money, fans, and a winning record.

Earle made the statement yesterday in confirming that a \$4 1/2 million dollar offer has been made for the A's by a Kansas City syndicate headed by Arnold Johnson of Chicago.

The statement was the latest in a series of exchanges between Earle and his older brother, Roy.

LOS ANGELES, (AP)—John Green, Hobbs, was the lone New Mexican to win in first-round play yesterday in the U. S. Golf Assn. Junior Amateur Tournament.

Roger Bannister, Landy to Run In Mile Event

VANCOUVER, B. C. — Dr. Roger Bannister has a slight cold in the head but says it isn't bothering him and he has prescribed a brisk mile canter in preference to a glass of hot lemonade.

"I never drink lemonade," said the first human who ever ran the mile in less than 4 minutes.

He'll take his preferred tonic this afternoon about 5 o'clock in the second heat of the British Empire Games mile trials.

Before his turn comes, John Landy of Australia must qualify in the first heat programmed for 4:50 p. m.

Canadians enjoy a friendly wager but nobody was friendly enough to bet Bannister and Landy would fail to survive the preliminaries that will culminate in the eight runners for Saturday's grand finale.

No-Trouble Selling Tickets

ARTESIA SHRINERS reported recently they have no trouble in selling to local merchants the idea of sponsoring tickets for youngsters to attend the annual Shrine circus.

Attitudes Determine Accidents

THE ATTITUDE of a driver has a lot to do with whether he'll be one of those to die on New Mexico highways during August, the most dangerous month in traffic for the past two years, says the Governor's Traffic Safety Coordinating Committee.

The driver who habitually pays no attention to the fine points of good motoring is a dead set-up for an accident, the committee warns.

- 1.—Do you completely stop at stop signs?
2.—Do you race with cars that are passing you?
3.—When traffic goes wrong, do you get angry?
4.—Is the other driver always wrong?
5.—Are you quick to blow your horn when delayed?
6.—Do you brag about fast trips or 1 a w violations?
7.—Do you try to be first away as the light turns green?

Precautions Against Polio

THE TWO POLIO cases reported in the city, while by no means an epidemic or reason for hysterical concern, have caused some Artesians to soberly study sanitary conditions in the city.

One irate resident reports a garbage can in the downtown area which repeatedly leaks nauseating garbage juices out into the alley. It is a haven for flies, who thrive on filth and who are responsible for transmitting a host of diseases and suspected in many more.

LAKE ARTHUR NEWS—

Haven, Lanes Attend Masonic Barbecue Event

By MRS. RAY PATE

John Haven and John Lane, Sr., motored to El Paso Saturday where they picked up John D. Lane, Jr., and the three attended Masonic barbecue held Saturday night in the Capitan mountains. They returned home late Saturday night.

John D. Lane, Jr., had the misfortune of being involved in a three car accident Saturday morning in El Paso. Another motorist's car hit his car at an intersection. The impact turned John's car upside up and practically demolished it, but he miraculously escaped injury.

Carroll Patrick and Mr. and Mrs. Chris Merritt and two children, Robert and Rebecca camped overnight at Clouderoft Saturday night. They stated that the night was very cold and they had to make a fire before morning.

The Lake Arthur school is undergoing a general face-lifting this summer. Carpenters and painters are working fast to get it finished and ready for the opening of school in another month.

president; Harlan B. Pollard, school board secretary.

The school board adopted a special child accident plan. Premiums per child per year is only \$1.25, to be paid by the parents.

Children under the supervision of school including going away from and going to school, athletic contests, field trips and supervised student activity trips will be included in this policy.

Houseguests in the home of Miss Marguerite T. Murphy last week were her nephew, Ray Murphy, wife, and two sons, Tommy and Mike of Houston, Texas. Ray works for Shell Oil Company of that city. Accompanying them was his mother-in-law, Mrs. Edith Jones who is nurse in Garland hospital in Dallas, Texas.

Mr. and Mrs. Ned Hedges returned home Sunday night from Portales where they had gone on Friday to visit their daughter and son-in-law, Mr. and Mrs. Claude Taylor and children, Bill, Dick and Marilyn Jane.

They attended the graduation exercises for the Summer Recreation Classes on Saturday night. There were around 500 children participating in the program and their grandsons, Bill, also took part in the swimming exhibition.

BREEZIN' AROUND— Jockeys Busy In Paddocks For Elections

By J. L. TRUETT

(The following is the first in a series of daily columns by Mr. Truett who, since his retirement as Artesia postmaster, has found pleasure in returning to his typewriter.)

Seems the state chairmen of the two political parties are giving undivided attention to the grooming, training and generally conditioning their candidates for the big fall race.

Jockey Tom Brown, riding for the Democrats, will not be overweight in avoidance, and what a pilot he will be, remains to be seen. So far as we can observe from the seat we now have, both chairmen are putting forth their best skill and judgment in leading their candidates up to the starting wire.

The platforms promise many things as essential to New Mexico, but so far neither have promised the rain. Could be there was so much moisture during platform conventions that the long dry spell seemed to be broken.

From now until November, we will hear the plea, get out and

vote. As ordinary laymen, we regard this plea too lightly. We as individual citizens, should take a personal interest more so now than ever before, in exercising our right to voice our opinions at the

Training Davis Team to Win Back Cup Starts

NEW YORK, (AP)—Eight of the most promising young tennis players in the country today were placed under the guiding wing of Jack Kramer with one thought in mind—to win back the Davis Cup from Australia.
The United States Lawn Tennis Association announced the plan the junior Davis Cup training program and the idea is to beat the Aussies at their own game. They begin training youngsters early.
The lads range from 13 to 17 and will make the entire Eastern swing under the watchful eyes of Kramer, one of the country's greatest players. Kramer is donating his time and Holiday magazine is underwriting the expenses of the youngsters.

the fissionable material to make atomic weapons, can be used just as well to make power, if it is ever safe to do so—safe, that is, in the international political sense," Strauss declared.

"Viewed in this light we have used our billions to build a capital plant and to stockpile uranium, plutonium and other special materials at enormous reserves which may ultimately return their cost to us in the production of useful electrical energy."
He added:
"The peacetime uses of atomic energy are not being directed toward medicine and industry to the exclusion of other fields of application where benefits are both needed and feasible. As ex-

amples we are actively assisting research in animal husbandry and experimental programs to improve fertilizers and insecticides to maintain soil fertility and to increase the yield of food crops."
Strauss said that "some very fine citizens express misgivings that our country should possess weapons A and H bombs of such destructive capabilities."
As the delegates cheered, Strauss commented that those "who strongly share such misgivings should reflect on the condition we would face today if atomic weapons were in the arsenal of Soviet Russia and not in ours."

Behind-the-scenes maneuvers to line it up had been going on steadily since the Senate voted Monday night to create the committee.
The vote ended a bitter debate in the Senate touched off by a resolution by Sen. Flanders (R-Vt.) calling for censure of McCarthy.
The motion for creation of the committee, offered by GOP leader Knowland, includes a provision that the committee should report before this session of Congress adjourns.

He has served six years of a life sentence for the 1948 slaying in Albuquerque of Lucille Ramirez. Protesting his innocence, he said:
"I thought I could do my case more good on the outside. There's guys been out there less time than I have and they've got their sentences shortened."

Miss Ramirez, a nurse, was found lying near an irrigation ditch with a bullet through her head. The jury was told at Lindemuth's trial that he had lured the woman to the vicinity on the pretense of leading her to his brother. She had come out to visit her brother from Modesto, Calif.
