Gov. Declares U. S. To Continue Russian Relations

Governor to Lead Parade Opening Gala Rodeo Week

Predicts Free World Strength To Fight Reds

13 Floats Are Highlight of Big Parade

SANTA FE, (AP) — Gov. Edwin Chapman headed today for Artesia, where he was to ride in the Artesia rodeo parade late this afternoon.

The governor is to take Friday for Gallup. He will spend the weekend at the Indian ceremony there.

Thirteen floats are set to move down Main street this afternoon for the gala V-J Day Ranch Hands parade, according to Paul Scott, C of C manager.

The floats entered and the order in which they will move are: Scouts, Artesia Hospital Auxiliaries, New Mexico Hairdressers, Central PTA, Hart Motor Club, New Mexico Welding Society and Hermosa PTA.

J. Duke, parade marshal, said the parade will begin promptly at 4 p. m. today. It will form on Second between Quay and Missouri. Moving down Second it will go up Main street to Seventh.

Prizes include \$10 and \$5 for top two in the kids' division. Division prizes include \$50, \$20 checks for first, second and third places.

Order of march for the parade floats is as follows: Patrol cars, truck, veterans color guard, brass firing squad, band, National Guard unit, dignitaries, Boy Scouts, kids' division, floats, horse guard, queen contestants and mounted patrol.

Theme for the parade is "America the Beautiful." Prizes have been established by the Chamber of Commerce, sponsor of the parade.

INSPECT IS ASKED FLAG PASSES Veterans organizations, who issue a color guard for this afternoon parade, have requested parade watchers properly observe the flag's passing.

Proper observation calls for all eyes to face the flag, stand at attention and salute. Those in uniform should present a military headress with the right (Continued on Back Page)

Public to Learn Results of Queen Voting at Rodeo

Voting closed at 2 p. m. this morning in the election to choose queen of the 1954 Artesia V-J Day Ranch Hands Rodeo.

The queen, chosen from among the Artesia lassos, will be crowned and crowned with a crown during opening ceremonies in the grand entry at 7:30 p. m. of the first rodeo performance.

The five contestants will learn the winner's identity following afternoon's parade, in which she will ride in convertibles. The queen will be interviewed at the station KSVP after the parade for a tape recording to be broadcast tomorrow.

The queen will be crowned with a crown made from Bennie's Boot Western Wear Shop by Miss J. Sears, 1952 rodeo queen and 1953 queen.

The five contestants are the Misses Sylvia Miller, Verna Verna, Michele Ruppert, Kay Ingalls and Marilyn Runyan. Each is sponsored by a civic organization.

Voting is conducted on a penny-vote basis, with the girl receiving the most votes declared the winner. Sponsor of the voting, candidate receives 10 per cent of the voting proceeds.

The queen will be presented with a large variety of prizes, including a facial to dinner given, sponsored by Artesia business houses.

Wade Green Cited As Distinguished ROTC Graduate

Wade L. Green, son of Mr. and Mrs. H. L. Green of Artesia, was sworn in as a second lieutenant in the Air Force Reserve at commissioning exercises held at New Mexico A&M Aug. 7. The oath of office was administered by Maj. Thomas G. Kelly, Jr., acting head of the air science department.

Lt. Green was cited as a distinguished air force ROTC graduate. The citation reads: "The Secretary of the Air Force has authorized me to inform you that you are hereby designated a Distinguished Graduate of the class of 1954 Air Force Training Corps."

"During the course of your training you have demonstrated that you possess to an unusual degree the ability, initiative and other leadership qualities so essential to successful performance of duty as an Air Force officer. You are deserving the highest praise."

"If you desire to make a career of the Air Force, you will be afforded the highest praise." (Continued on Page Eight)

Annual Pre-School Conference Slated For August 25

Artesia Municipal Schools' pre-school conference, under the general chairmanship of Ivan Herbert, is set for Aug. 25, 26 and 27 with the general theme, "School and community relations."

The conference is set up to aid old and new teachers in becoming oriented in the procedures practiced in local schools and also to become acquainted with Artesians—school and business personnel alike.

The conference will open Wednesday, Aug. 25, at 9:30 with the orientation of new teachers by the Artesia Education Assn., Floyd Davis, president. The orientation will include a coffee and a city-wide tour.

That afternoon the new instructors will meet with administrative personnel and principals of their various schools.

Thursday morning, Aug. 26, at 9 a. m., a general faculty meeting will be held by Vernon Mills, city school superintendent. From 10 until 12 a panel discussion, with Paul W. Scott as moderator, will talk about school and community relations.

Thursday afternoon another general meeting is set with a departmental meeting to follow. Thursday night at 7 a picnic will be held on the patio of Artesia's Junior high school, under the sponsorship of the physical education department and the Artesia Chamber of Commerce.

A building meeting is set for Friday morning, Aug. 27. That afternoon a secretarial session will wind up the schedule of activities with demonstrations and discussions on "care and use of the mimeograph machine," and "duties and responsibilities of the secretary."

Members of the Artesia board of education are: Howard Stroup, president; Earl Cox, vice-president; Mrs. C. P. Bunch, clerk; C. C. Nelson, member; and George O. Teel, member.

Officers of the Artesia Education Assn. are: Floyd Davis, president; Wilbur Ahlvers, vice-president; A. R. Wood, treasurer; and Mrs. Helen Sperry, secretary.

Over 3,000 Expected to Attend Opener

Bigger than ever, Artesia's fourth annual V-J Day Ranch Hands Rodeo opens at 7:30 tonight for the first of four nightly performances at Artesia Roping club arena west of the city.

More than 120 contestants from across West Texas, Oklahoma and New Mexico have signed to enter the contest.

Well over 3000 arena rodeo fans are expected to crowd arena seating for tonight's opener.

The arena is reached by driving about a half mile west of the city on Grand or U.S. 83, then turning south. A large parking area has been arranged and traffic will be directed by state police and county sheriff's deputies.

Admission is \$1.10 for adults, 50 cents for students 12 to 16, and 50 cents for reserved seats, all prices including taxes. Reserved seats are still available for some performances. Children under 12 will be admitted without charge.

Opening the rodeo will be the traditional grand entry ceremony with scores of riders taking part. During the procession the 1954 rodeo queen, elected from among five contestants, will be crowned by former rodeo queen Miss Sally Sears and Miss Kay Clayton.

Rodeo events will include calf roping, saddle and bareback bronc riding, bull riding, double mugging, novice and open cutting horse events, open and junior barrel racing and junior ribbon roping.

The rodeo is sponsored by Artesia Roping club and is produced by Bob Chipman of Artesia. It is operated on a strictly amateur basis with the Rodeo Club of America sanction.

The rodeo was launched four years ago to "return rodeo to working cowboys who first started rodeos on the ranches, and who still are the best performers," according to roping club officers.

Chipman said new stock has been purchased for this year's show.

The roping club for weeks has been remodeling arena facilities. Welded steel chutes have replaced the wooden chutes of previous years, sometimes broken by bucking stock.

Fencing surrounding the arena has been strengthened, and another pen constructed for bucking stock used in the show.

Rodeo Events Are Entered By 123 Cowboys, Girls

According to Bob Chipman, producer of the V-J Day Ranch Hands Rodeo set for Wednesday, Thursday, Friday and Saturday nights, 123 cowboys and cowgirls have thrown their hats into the arena and will take part in the rodeo.

Fifty-eight entrants in the calf-roping contest top the number entered. Thirty-three are entered in the double-mugging, 18 in bareback riding, 20 in bull riding and 12 in the saddle bronc riding matches.

In the 16-and-under junior barrel race, nine entrants are registered. There are 11 in the senior barrel contest.

Chipman said 15 girls are entered, most of them in the barrel races, but one in the cutting horse competition.

The entrants, representing towns and cities all over Texas and New Mexico, will start riding and roping tonight at 7:30 in the first performance of the rodeo which is being produced by Chipman.

A highway emergency force of State Policemen and highway department crews from shortly after noon yesterday until early evening. The heavy backlog of traffic was cleared out gradually by an emergency road laid around the flood area and later by a single lane across the highway itself.

THIS IS the kind of action Artesia rodeo fans can expect during the four night, fourth annual V-J Day Ranch Hands Rodeo opening tonight. Photo was taken at Hope Fiesta rodeo this spring, also sponsored by Artesia Roping club. (Photo by Gable)

Flexible Support Plan Victory Seen

By EDWIN B. HAAKINSON WASHINGTON — An administration plan for farm price supports which would move up or down as stocks on hand vary was certain of enactment into law today following 62-28 Senate passage last night of a big new farm bill.

President Eisenhower had opportunity to comment at a news conference this morning on this major victory for his flexible support program, once given no better than a 50-50 chance of approval by Congress.

Eisenhower earlier described as a sweeping victory a House vote in favor of flexible supports to range between 82½ and 90 per cent of parity, although he had asked originally for a 75-90 per cent range.

The Senate Monday night okayed the same 82½-90 per cent range passed by the House, so that will not be an issue in the conference committee, but there are a number of other points of difference which must be ironed out.

Approval of the compromise by both branches is needed to send the measure to the White House.

"Our toughest job will be acceptance of the Senate version of supports of dairy products," said Sen. Aiken (R-Vt.), chairman of the Senate agriculture committee and head of its conferees.

After a hard-fought Senate floor fight, Aiken won approval of the order of Secretary of Agriculture Benson for a reduction to 75 per cent of parity in government support on butter, cheese and dried milk. The order took effect last April 1 and the House voted to lift dairy supports to 80 per cent of parity.

(Continued on Page 8)

Eleven Cases of Polio Reported In New Mexico

SANTA FE — Eleven cases of polio were reported last week to the state department of public health, raising the year's total to 56 compared with 49 at the same time a year ago.

Three of last week's cases were from Valencia county. Eddy and Curry reported two each and one each was reported by Los Alamos, Lincoln, Grant and Quay.

Flash flood waters fashioned a five-foot-deep lake near Budville on U. S. highway 66 west of Albuquerque, creating a Paul Bunyan size traffic jam of an estimated 4,000 automobiles.

Barbecue Starts Immediately After Parade Today

Disabled American Veterans will hold a public barbecue at Veterans Memorial building today, starting immediately following the parade.

Head barbecue chef will be master P. V. Morris of Artesia. Ample servings of barbecued meat and the customary trimmings will be served for \$1 a plate.

Council to Study Sanitation

A 5 p. m. meeting of the city council today will take into consideration a tentative plan to be submitted north Eddy county health officer Richard E. Swartz to clean up the north side of Artesia.

The plan has been in the making stage for some time and will be discussed thoroughly.

According to W. D. "Doug" Fowler, city supervisor, the health plan is about the only immediate subject to be discussed by the council though other problems may arise.

Baptist Boys Meet

ALBUQUERQUE — The state's first Royal Ambassador Congress for Baptist youths opened today in Albuquerque. About 300 boys were attending from Farmington, Carlsbad, Deming, Clovis, Roswell, Las Cruces, Hatch, Lovington, Hobbs and Tucumcari.

Bataan Veterans Urge Study Of Death Cause in Prisoners

By SANKY TRIMBLE ALBUQUERQUE, (AP)—A dwindling handful of men meet in Albuquerque this weekend to commemorate the anniversary of at once a sorrowful and joyous occasion.

It was nine years ago Sunday that the doors of freedom opened after more than four years for the emaciated men—many of them New Mexicans—who had survived the slavery of Japanese prison camps in World War II.

Friday, the few still alive in New Mexico who make up the Bataan Veterans Organization and American Ex-Prisoners of War hold their annual meeting.

Cottonwood Boys Are Blue Ribbon Winners in 4-H

An Eddy county livestock judging team including two Artesia area boys has been awarded one of six blue ribbons in competition at the 30th annual state 4-H club encampment at Las Cruces.

Members of the team are Donald Thigpen and Bill Gray of Cottonwood, and A. W. Patterson and Jerry Calvani of Carlsbad.

Other Eddy county entries also have won blue ribbons. Bill Aherns of Carlsbad has been awarded a blue ribbon in general agriculture demonstrations and Jean Rayroux of Carlsbad has won first place in clothing demonstrations.

An awards banquet Friday night closes the encampment. Eighteen winners will receive all-expense-paid trips to Chicago in December for the national 4-H congress.

Telephone Firm Refuses Hearing Interstate Talks

SANTA FE — The Mountain States Telephone Co. refused today to make its interstate operations subject to any action by the State Corporation Commission.

A rather heated exchange over this issue, cut short by the mid-morning recess, enlivened the hearing on the utility's request for a fair and reasonable rate increase in the 47 New Mexico communities it serves.

Gallup Bulging With Ceremonial Indians, Tourists

GALLUP — This Indian capital is bulging at the seams with an influx of Inter-Tribal Ceremonial visitors, already 25 per cent above last year's peak figures. Officials predict the biggest celebration in the 33-year history of the event.

Glenn Emmons, U. S. Indian commissioner, returns to his home town after a year in Washington. He will participate in a public forum dealing with progress made by his bureau.

NEW YORK — Cotton futures closed 85 cents to \$1.30 a bale higher than the previous close. Oct. 34.18; Dec. 34.42-43; March 34.68; May 34.79; July 34.65-66; Oct. 33.90; Dec. 33.91B. Middling spot 35.25N.

Two Youths Held In Stabbing to Be Arraigned

Artesia justice of the peace court is scheduled for a busy morning Thursday with the preliminary hearing of a murder charge against a 13-year-old Carlsbad youth and arraignment of a 17-year-old on charges of creating an affray and handling a deadly weapon in a threatening manner.

Judge John Ellicott will hear both sets of charges starting at 10 a. m.

Eulalio Solgado, 13, will be heard on the murder charge and Elizandro Trivina, 17, will continue his arraignment on the two charges. The legal firm of Neal, Neumann, and Neal will represent Solgado.

The pair were mixed up in the stabbing Saturday night which led to the death of Nick Gomez, Artesia.

Three other youths involved have already pleaded guilty to charges of creating an affray and carrying a deadly weapon and have been sentenced by Ellicott to 90-day terms in the county jail.

Solgado and Trivina are both lodged in the county jail at Carlsbad. They will be brought to Artesia tomorrow morning.

Cotton Futures

NEW YORK — Cotton futures closed 85 cents to \$1.30 a bale higher than the previous close. Oct. 34.18; Dec. 34.42-43; March 34.68; May 34.79; July 34.65-66; Oct. 33.90; Dec. 33.91B. Middling spot 35.25N.

Wool Futures

OFF FOR EUROPE are Mr and Mrs Hollis G Watson of Artesia, who posed briefly yesterday before leaving city. Watsons expect to be gone from Artesia until Oct. 29. (Advocate Photo)

Hollis Watsons Leave Artesia For Lengthy European Trip

Mr and Mrs. Hollis G. Watson left Tuesday for Clovis and from there will take the train to New York, arriving Aug. 12. While in New York City they will attend several major league ball games, visit the United Nations and other interesting places. On Aug. 17 they will board the S. S. Nieuw Amsterdam, a Holland American liner, and will land at Southampton, England. They plan to visit a week in London covering the interesting points. They will cross the English channel to Amsterdam, Holland, and visit "The Hague" and points of interest in Holland, Belgium and Germany. One of the high points will be a steamer trip down the Rhine from Cologne, Germany, to Weisbaden, Germany. They will then go to Heidelberg to visit their son-in-law and daughter, Capt. and Mrs. J. T. Rhett, Jr., and two children, Libby, 3, and John, 4 months. Capt. and Mrs. Rhett plan to take their parents on weekend trips around Heidelberg, and later in the summer plan to accompany them on a trip to Switzerland. Mr and Mrs. Watson will return to Heidelberg for a short visit and then travel back through France for three or four days in Paris and other points of interest. They will leave for home on the SS Liberta on Oct. 22, docking in New York Oct. 29, and will visit relatives en route home.

Rainbow Officer Makes Official Artesia Visit

Miss Wanda Estes of Hagerman, grand instructor of Order of Rainbow for Girls, made her official visit to the local assembly at a meeting Monday evening held in Masonic Temple. Miss Laura Lou Smith, worthy advisor, presided over the business meeting. Plans were discussed for an ice cream social which will be Friday, Aug. 20. Eugenia Cavin, Glenna K Northcutt, and Pat Perry were initiated into the order. Following the business meeting refreshments were served by the advisory board.

Artesians Named to State Office in Legion Auxiliary

Mrs. H. R. Paton, Mrs. Jack Whitaker, and Mrs. H. B. Gilmore, members of Clarence Kepple unit 41 of Artesia American Legion Auxiliary attended a school of instruction for district and unit president and secretaries, held in Albuquerque Saturday and Sunday. Friday evening Mrs. Gilmore attended a Girls State board meeting and Saturday morning the executive board meeting was held, followed by a conference. Mrs. Gilmore was appointed state Americanism chairman, Mrs. Paton was appointed to serve on the constitution and by-laws committee. Mrs. Whitaker served on

the resolution committee for the conference. Mrs. H. M. Davis of Clovis, the new department president, was in charge of the conference. On Saturday night an informal supper was held with Legion members. On Sunday morning a joint session was held with the Legion Two girls, Spinky Holt of Roswell and Linnette Williams of Albuquerque, who had just returned from Girls Nations, addressed the group giving their experiences in Washington, D. C. Mrs. Gilmore gave a talk and instructions on Americanism.

Sponsors Honor Sue Ingram in Morning Party

Miss Kay Ingram who is being sponsored by the three combined chapters of Beta Sigma Phi—Xi Iota, Alpha Alpha and Alpha Lambda—for rodeo queen was honored with a Coke party Tuesday morning in the home of Mrs. Joe Howell with Mrs. Claudia Gable and Mrs. Frances Currier as co-hostesses. As guests registered each donated for votes for Miss Ingram. The table was covered with a red table cloth centered with an espergine filled with gold flowers carrying out the color scheme of the sorority and flanked with black tapers. Refreshments of Cokes and an assortment of cookies were served.

The guests were Meses. Catherine Hayes, Margaret Collard, Polly Haynes, Margaret Ivers, Loraine Gilmore, Bessie Long, Lucille Brittain, Faye Reiter, Helen Jean Keys, Margaret Whitten, Betty Daugherty, Roberta Havins, Melba Jo Donovan, Lill Tittle, Pauline Ford, Eva Ann Wicher, Maureen Mathis, Bertha Hall, Claudia Gable, Frances Currier and Joe Howell.

Beta Sigma Phi Alpha Alpha Unit Discusses Program

A luncheon was given Friday, Aug. 6, in the home of Mrs. John Daugherty in honor of officers and standing committee chairmen of Alpha Alpha chapter of Beta Sigma Phi of which Mrs. Daugherty is president. Following the luncheon which was served at quartet tables covered with place mats and napkins bearing the sorority's emblem. Plans for the coming year were discussed. Announcement was made of the Coke party to be held in honor of Miss Kay Ingram who is sponsored by the sorority for queen in the rodeo contest. Those present were Mrs. Huek Kenny, vice-president; Mrs. Royce Mills, secretary; Mrs. Bill Felton, treasurer; Mrs. Ralph Vandewart, extension officer; Mrs. Ken Schrader, program chairman; Mrs. Herman Ford, ways and means chairman; Mrs. Troy Harris, social chairman; Mrs. Joe Howell, city council representative; Mrs. Betty Shaw, historian; Mrs. Nell Hamann, social sponsor, and the hostess.

Professor Protests New Student Attitude to Museums

By W. G. ROGERS
Press Arts Editor
YORK—Good art students that time exists, says Prof. Rox of Mount Holyoke College.

the enthusiasm of young in my classes, but they the clock. They don't want art anymore time than the museum provides for."

complaint applies to Mount girls and to students in Greater (Mass.) Art Museum where he also has

comparing them to those Germany where he sculpture.

New York on a quick visit he differences he found students. Students used museums, he says.

they're too apt to regard museum as a morgue. The is, they have been brought think that nothing counts originality. The differences one painter and another sculptor and another, have suggested.

Sandia Airman Killed While Resisting

ESTANCIA — A Sandia base airman was shot and killed early Sunday while resisting arrest, officers said today.

Embry said Anderson refused to get in his car and "I had to take him in, so I raised my gun to strike him."

Anderson threw up his hands to protect his head, Embry said, and the weapon discharged, the bullet striking Anderson and killing him almost instantly.

Milbourne scheduled an inquest today to hear witnesses to the shooting.

Sandia Base public information office said base representatives would attend the inquest. Both the provost marshal and the base legal officer would be represented.

Anderson had been at Sandia only 18 days, Maj Hunter said. He was assigned to the 1090th Special Reporting Squadron as a student and was awaiting assignment to courses at the base.

Expecting Report

WASHINGTON, (AP)—How New Mexico members of Congress were recorded as voting on recent roll calls:

On adoption, 49-40, of Malone (R-Calif) motion to refer resolution calling for censure of Sen. McCarthy (R-Wis) to a bi-partisan committee to be appointed by the vice president: Anderson, for the motion; Chavez, against.

On adoption, 45-41, of Long (D-La) amendment to foreign aid bill to limit new appropriation: Chavez and Anderson, for the amendment.

On passage, 293-55, of bill to provide immunity for witnesses before congressional committees and grand juries in order to compel defiant witnesses to testify: Fernandez (D) and Dempsey (D), for the bill.

On rejection, 44-29, of Ferguson (R-Mich) amendment to put \$350,000 into supplemental appropriation bill for moving civil defense administration from Washington to Battle Creek, Mich.: Chavez and Anderson, against the amendment.

House
On passage, 293-55, of bill to provide immunity for witnesses before congressional committees and grand juries in order to compel defiant witnesses to testify: Fernandez (D) and Dempsey (D), for the bill.

New Mexican Minister to Sweden Is Grandmother

By NADEANE WALKER
AP Newsfeatures

Relaxing, It Says

SHE'S RELAXING on beach at Rome, is the word with this photo of 20-year-old actress Joan Collins, but how a gal in a getup like that can get a chance to relax is puzzling. Joan is playing a role in a film in Italy. (International)

STOCKHOLM — "I'm not a bit embarrassed at being the only woman in a man's world; I like it," says Mexico's new minister to Sweden, a handsome blonde, blue-eyed grandmother.

Mrs. Amalia de Castillo Ledon had just wound up nearly a hundred protocol visits which occupied her first three months here.

"Now," she says, "I think I will begin writing articles about Sweden for Excelsior." That's the Mexico City newspaper for which she used to write a regular column.

"I'm starting a round of visits to factories, everything from steel and iron to porcelain and crystal, and I want to visit Lapland and other parts of Sweden during the summer."

Hailed on her arrival as the Mrs. Roosevelt of Mexico, the Mexican minister is the second top-ranking woman diplomat to serve in Sweden. The first—and the world's first—was Russia's Mrs. Alexandra Kollontay, who was here before the war.

Mrs. Ledon is also the second Mexican woman to serve as a minister. The first was sent to Colombia 14 years ago.

Ambassadors and ministers usually go in top hats and tails to present their credentials to the King on arriving here. Mrs. Ledon went in a long dress with long gloves and wearing her decorations. On a second, less formal, visit to the palace, she was presented to Queen Louise and the royal household.

The attractive minister is enthusiastic about Swedish women. "They're so slim and well-dressed; so soft and sweet."

Swedish children: "I think they must be about the most beautiful children in the world; sometimes I have admiration in the street, even if they can't understand me."

The chic, widowed diplomat looks far too young to have three children and seven grandchildren, but she has been in Mexican political and social work for 20 years. Starting as a teacher, she created several organizations for women.

"One thing led to another," she says of the career which brought her the post of Mexican minister and alternative delegate to the United Nations six years ago. She served a four-year term as chairman of the Inter-American Commission of Women, travelling in 21 countries to work for the recognition of women's rights.

"In Sweden," she reports happily, "women have nearly their full quota of civil rights already."

Canadian Couple Are Chosen Artesia Tourists of Week

Mr. and Mrs. Alec Romaniuk from Edmonton, Alberta, Canada, were the couple stopped as tourists-of-the-week Friday as they were on their way to see Carlsbad Caverns.

Mr. and Mrs. Wesley Sperry were hosts for the Canadians, who had been married one week Friday. The Romaniuks were on their way to Mexico City and Acapulco before returning home September 1.

Both are teachers in the big Canadian city, which is situated 420 miles north of the border in the middle of the tremendous Canadian wheat belt.

The tourists were to eat dinner at the Artesia Room, take a tour around the Artesia area to "see the country," and spend the night at the Park Motel.

Breakfast at the Artesia Hotel Coffee Shop and a free tank of gas from Pior Rubber Co. was to send the travelers on their way Saturday morning.

C. O. (Cap) Fulton was a business visitor in Albuquerque, Monday and Tuesday.

Mr. and Mrs. T. C. Stromberg and daughters were fishing at Red River over the week-end.

Eddy County Game Groups Approve State Doe Plans

By ED BOYKIN

Went down to Carlsbad last night with the executive committee of the north Eddy County Game Protective Assn. and sat in on the South Eddy county GPA's regular meeting.

Most of the discussion centered around the recent decision by the state game department to declare almost one-third of New Mexico's hunting areas "hunter's choice," in the deer chasing department.

State game head Homer Pickens attended the meeting and was, to put it mildly, put on the spot to explain why the Guadalupe area was included in the decision.

The Eddy county GPA had submitted a protest over the state department's act and sentiment prior to Pickens' explanation was tending to be against him.

However, Pickens is anything but a proponent of the dodge-the-issue school and he laid it all out straight to everyone present why the decision was made and why the Guadalupe region had to be included.

AS HE POINTED OUT, THE issue basically lies in the drought condition now prevalent over the state (despite recent rains.) He declared the state game department is just now getting to the place that other states have been for some time in the research field.

And the research has pointed out the fact that food just isn't to be had. His point was backed up by a forest ranger and another game warden who have to do with the regions.

It appears then, simply from logic, that if there isn't any food, hunters might as well go in and harvest the animals if for no purpose than to keep them from dying from starvation and depleting the herd almost to nil.

Pickens, as stated, had no trouble convincing the group on the whys and wherefores behind the decision. But, the explanation did lead into an involved discussion as to what would happen and why. In other words, it turned into a fine rousing bull-session.

SOMEONE MADE THE POINT that the "hunter's choice" would bring into the hunting regions an influx of hunters who are quick on the trigger and these shooters would deplete the herd in addition to making it a little hotter for other hunters.

The more hunters, the bigger the chance to get shot, in so many words.

Someone also suggested that the hunters should also use a little discretion in the shooting of does—leave the ones trailing fawns and take the old dry ones out in order to improve the herd. The question arose, "How many hunters are going to recognize an old dry one from a young fresh one and who

is heck wants an old dry one to take home anyway?"

Another timely point made in the 1 1/2 hour meeting was that everybody ordinarily shoots at the big healthy bucks and leaves the runs for the tail-end, thus, after a certain amount of time, nothing is left but runs.

IT WAS SUGGESTED THAT by taking out 1000 does this season, that should leave 1000 runs to grow into manhood and make for fine shooting later. Quien Sabo?

Another concrete suggestion was in the order of limiting hunters on their entry into hunting regions to one day before the season. The suggestion, in all seriousness said that all the early entries do is party and scare away the deer.

Might be something to that, but imagine the line of cars waiting at the checking station on that day.

As one of the Artesia delegates said, the last car would be three days late hitting the checking station.

The group finally had a motion put before it to go on record as approving the state's action. It was passed about two-to-one. As one Carlsbad hunter said, it's a good thing the motion passed. If it had not the group couldn't have done anything anyway.

Artesia's visiting body, by the way, voted unanimously for the arrangement. The vote was taken by everyone present and we even stood up to be counted.

It seems to us, that as Artesia's group expressed it, when you hire a doctor to tell you what's wrong with you, you don't turn around and tell him to go jump in the mud when he tells you what the trouble is.

The state game department, with all its research, should know what's going on.

Artesia's north Eddy county committee is composed of Earl Bouden, president; Ormond Loving, Emil Bach, and Junior Martin. In our way of thinking, these four were about the only ones there besides Pickens who realized what was going on and why.

They were never in doubt as to the state department's decision.

PICKENS MADE AN INTERESTING announcement for hunting fans in the course of the evening. He said two game refuges, previously closed, have been opened and will add about 50 acres apiece to the hunting area.

PICKENS ALSO SAID THE antelope season's drawings will be held in about three weeks. He said the applications for permits far outnumber the amount ever registered before.

right half, Bob Bursley of Anthony at left half and Larry Beadle of Artesia at fullback are top replacements.

THE YANKS have plenty of drills slated on passing. Top targets for Wilbert's aeriels are Vel Corley of AHS and Dick Hyson of Gallup who figure to start at ends on offense. The North lost another top pass receiver when Jack Stromberg of AHS was sidelined with a badly-bruised knee. Stromberg underwent surgery yesterday and is replaced on the team by Jack Lockhart of St. Michael's.

North stands on offense in the line include Wayne Gares of Tucumcari and Jaime Koch of Santa Fe at tackles; Ed Schenk of Farmington and Mike Nigro of St. Mary at guards and Vern Wood of Highland at center.

Defensively, the North has an entirely different lineup. Erwin Thomson of Highland and Jim Coriz of Santa Fe are paired at the ends, Joe Harris of AHS and Stan Bazant of Highland at tackles; Kent Bennett and Dave Salman of Las Vegas at guards; Jerry Rubi of Gallup and Raymond Gallegos of Santa Fe at linebacks.

Twin defensive halfbacks are Bob Browning of Las Vegas and Blackburn. The North is using a 5-4-2 defense and the South is planning a 6-2-2.

Aside from a few minor changes, the South plans to stick to "one Albuquerque" style of play although coaches are devising a substitution system to get the most out of their talented group.

GLASSFORD IS GETTING fair results with the single wing formation. At present, Jim Harris of Albuquerque High is at blocking back; Buster Quist of AHS at wing back while Parker and Wilbert fill in at fullback and tailback slots, respectively.

The South backfield, meanwhile, has Jack Doran, of Roswell alternating with Bob Forrest of Carlsbad at quarterback while fleet Lloyd Taylor of Roswell is at left half, Rudy Estrada of Las Cruces at right half and the talented Gary Sloan of Hobbs at fullback.

The T-formation Rebel lineup appears to be in top trim. Coached by Ed Price of Texas University, the South line boasts Harold Riley of Carlsbad at center, Jerry Nesbitt of Clovis and Louis Campagna of Artesia at guards, Tom Coulter of Eunice and Roy Johnson of Artesia at tackles and Dick Forrest of Carlsbad and Ron Wilder of Hobbs at ends.

Price is assisted by Maurice Moulder of Anthony and Reese Smith of Artesia. Moulder, who is concentrating on the backs, is very high in his praise of his "starting" quartet—particularly Sloan. But the Anthony mentor says that Preston Fambrough of Tularosa at

Spudders Bow For Twelfth Straight Loss

SWEETWATER.—The Sweetwater Spudders bowed again here Tuesday night, their 12th straight loss, as Midland scored five runs in the first inning and four in the sixth to eventually win, 10-4.

The Spudders made a comeback attempt in the second which accounted for four runs and brought the count to 5-4 for the Indians. But the sixth-inning surge which gave Midland four runs off three singles and two throwing errors was too much to overcome.

Harold Hacker hurled his 12th win for the Indians, making his season record 12-9. Ollie Ortiz was the loser, taking his 12th loss and running his mark to 7-12 for the year.

Pat Waters, Scooter Hughes and Tom Barton accounted for nine of the 16 Midland hits, each getting three. But Mgr. Rudy Briner hit the only homer of the evening. His three-run blast was a feature of the first inning attack by the Indians.

Ken Clucley, Al McCarty, and Joe Spencer each hit twice for the Spudders.

Midland's five runs in the first came off four singles and Briner's homer. Charles Terrasi, Joe Riny, Hughes and Waters all connected for one-baggers.

Sweetwater came back in the second with three singles and two doubles and nearly got back in the ball game temporarily. Clucley opened with a single, McCarty doubled, Spencer singled, Ken Turner got a two-base blow, and Bill Looney wound up the Sweetwater scoring with a single.

Midland broke the game open in the sixth as Hughes, Barton and Ben Jones all singled. Together with the two errors, Midland managed four home runs off the assault.

The final Indian tally came in the eighth off doubles by Bud Hull and Waters.

Midland ... 500 004 010—4 6 3
Sweetwater 040 000 000—4 11 3
Hacker and Briner; Ortiz and Turner.

Record Shattering Bauman Homer Gives Roswell Win

CARLSBAD.—Joe Bauman's record-shattering 54th home run of the season with two outs in the top of the ninth inning broke up a great pitcher's duel and paced the Roswell Rockets to a 3-2 victory over the Carlsbad Potashers here Tuesday night.

The victory lengthened the gap between the second place Rockets and third place Miners to 3 1/2 games.

In the series finale Wednesday night Evelio Hernandez will handle the pitching assignment for Roswell, with Dario Jimenez getting the call for Carlsbad.

Hank Williams and Tom Sawyer waged a terrific mound duel for eight innings before the hitters finally found the range.

Bauman walloped one of Williams' pitches far over the right field wall with two away in the ninth to put Roswell ahead 2-1. Then back-to-back doubles by Pat Stacey and Weldon Day sent across what proved to be the winning tally.

Carlsbad threatened in its half of the inning, but two sensational defensive efforts by the Rockets ended the rally. Pedro Osorio opened the bottom of the ninth by driving Sawyer's first pitch over the left field fence for a home run.

Jimmy Stack lashed a low line drive toward right center, but Day, the second baseman, dove to his right and came up with the ball for the first out.

Duane White topped Day's effort moments later by hauling down Williams' Long fly to left center with a crashing catch against the fence. That took the heart out of the Carlsbad offense, and Elias Osorio fled out to left to end the game.

Bauman's homer erased the Longhorn league record of 53 which he set last year, and it also gave him the league standard for runs batted in. Tom Jordan, former Roswell player and now manager of the Albuquerque Dukes of the West Texas-New Mexico league

CONGRESSMAN TO TALK

SANTA FE.—U. S. Rep. Craig Hosmer, Long Beach, Calif., has been asked to speak at a four-state meeting of Young Republicans in Santa Fe Saturday. His talk will climax a conference of members from Utah, Wyoming, Colorado and New Mexico. About 350 are expected. Hosmer was an attorney for the AEC at Los Alamos during part of World War II.

Famed English Jockey to Retire

WORKING, England. —Sir Gordon Richards, pint-sized knight of the saddle and the world's leading jockey, has decided to give up riding at the age of 50.

Sir Gordon has been thinking for a year about hanging up his saddle. An injury suffered in a spill a month ago apparently hastened his decision to quit.

"I shall never ride again in public," he announced suddenly yesterday.

Rebel Team Is Favored For Saturday

right half, Bob Bursley of Anthony at left half and Larry Beadle of Artesia at fullback are top replacements.

THE YANKS have plenty of drills slated on passing. Top targets for Wilbert's aeriels are Vel Corley of AHS and Dick Hyson of Gallup who figure to start at ends on offense. Aside from a few minor changes, the South plans to stick to "one Albuquerque" style of play although coaches are devising a substitution system to get the most out of their talented group.

Odessa Scores 19 Runs in Three Frames

ODESSA.—Odessa's Oilers scored in only three innings here tonight, but they fattened their averages during those three as they pounded out a 19-4 win over San Angelo.

Mike Sotelo scattered six Colt hits in gaining his eighth win of the year against six losses. He aided his own cause with a single, triple, and homer.

Ralph Carpenter also homered for the Oilers, a two-run blast in the five-run fourth.

Odessa chased starter and loser Audie Malone in the sixth with an 11-run outburst. Sotelo homered and singled to lead the eighth inning. The Oilers sent 15 batters to the plate, only three shy of batting around twice. And, all 11 runs were earned.

Bob Vrucek took over for Malone after the starter had failed to retire any of the first four batters in the sixth. He, in turn, gave way to Bob Wadsworth in the eighth.

The contest lasted two hours and 40 minutes. The same clubs wind up their two-game series here on Wednesday night.

San Angelo 100 002 010—4 6 3
Odessa 000 50(11) 30x—19 18 4
Malone, Vrucek, Wadsworth and Peacock; Sotelo and Di Primo, Falls.

Moore Favored Over Johnson In Title Bout

By MURRAY ROSE

NEW YORK.—Light heavyweight champion Archie Moore, still a great fighter as he nears his 38th birthday, is a 5-8 favorite to whip stolid, young Harold Johnson in a 15-round title bout tonight.

The globe-trotting 175-pound ruler, now a Miami resident, will be seeking his 19th straight victory when he steps into the Madison Square Garden ring at 7 p. m. FST against the muscular, 26-year-old contender from Philadelphia.

It will be the fifth scrap between the two Negroes in a series dating back to April 26, 1949. The first time the clever and experienced Moore floored the ex-sailor twice and won decisively. The next three were all close with Moore winning two and Johnson one.

Johnson's 10-round triumph on Dec. 10, 1951 was Archie's last defeat. The strong-armed Moore edged the Philadelphian Jan. 29, 1952 and went on to sweep 17 other fights, including three title contests with Joey Maxim.

In building up a 12-fight victory streak of his own, Johnson, son of a former heavyweight boxer, defeated Ezzard Charles and Nino Valdes, the two leading heavyweight contenders.

Although the match between the two leading light heavies has been long awaited, the promoting International Boxing Club probably will be satisfied with a crowd of 8,000 and a gate of \$30,000 at a \$10 top. The telecast and the local radio broadcast will bring in another \$50,000. Moore will get 40 per cent of the net gate and radio-TV money while Johnson is down for 20 per cent. If Johnson wins, he'll have to give Archie a return fight within 90 days at a 30-30 split of the purse.

Although he's been fighting 18 years and has had 141 scraps, this will mark Archie's debut as a Madison Square Garden contestant.

North Eddy GPA Slates Meeting Thursday Evening

VANCOUVER. B. C. —John Landy admitted yesterday he accidentally cut his left foot the day before he and Dr. Roger Bannister ran the "Miracle Mile" and said he tried to keep the injury secret so it could not be construed as an alibi.

After a day of denying published reports, the Australian miler reluctantly acknowledged the stories were true. He told reporters he stepped on a photographer's discarded flash bulb, inflicting a cut that required four stitches.

The accident occurred at 3 a. m. Friday. Landy said yesterday the cut "didn't bother me in the slightest."

Despite the injury, Landy paced the field in the mile until the closing yards when Bannister spurred past him to win in 3:58.8.

Landy was clocked in 3:59.6.

Sayles Instructs WT-NM Umps on Pitch at Batters

ABILENE, Tex.—President Hal Sayles of the West Texas-New Mexico league has instructed the circuit's umpires to consider a pitch toward a batter's head as evidence it may be intentional.

In a formal notice to managers and umpires yesterday he stated: "Our umpires are not mind readers and I will not require that they determine whether or not a pitch at a batter's head is deliberate. I am instructing the umpires to consider any pitch at a batter's head as evidently intentional, and the pitcher shall be warned."

"We feel that control will improve amazingly if on the second occasion of a knock down that the pitcher be removed from the game and be subjected to a fine and possibly a suspension."

The incident stemmed from a Lubbock-Plainview game Sunday. Lubbock's Bobby Fernandez ducked a ball thrown by Plainview pitcher Cecil Davis. Several fights broke out.

Two Road Plans Are Voted By Northern County

LAS VEGAS.—The San Miguel county planning board has voted to lump a priority sum of \$300,000 formerly split up between the Rociada and Conchas road projects.

The funds will be used to construct 10 miles of all-weather highway between Las Vegas and Tucumcari. Improvement of state highway 65 is expected to funnel into Las Vegas a great amount of tourist trade now using U. S. 66. Work will begin in January.

Philadelphia A's Board Gives Two Offers to Buy Out Macks

PHILADELPHIA.—A board of directors meeting of the Philadelphia Athletics is faced today with two offers to buy the American league baseball club.

It has been indicated to Johnson offer probably mean a two million dollar split for the three Macks.

Greenfield, on the other hand, has estimated that it would about 4 1/2 million dollars to "save" the club, of which a million would go to the Macks.

The "basis for settlement" by a group headed by financier Albert M. Greenfield and drug-store executive Harry Sytk was the second offer for the club within a week.

Chicagoan Arnold Johnson recently said he would buy the club for a reported 4 1/2 million dollars and move the team to Kansas City.

The exact nature of the local syndicate's offer was not disclosed—possibly to allow Earle Mack and his father, Connie, now 91, to weigh the two without the pressure of public opinion.

Roy wants to keep the club here and maintain an active part in its affairs. Earle and his father have

City Hairdressers Attend Meeting Of Association

Nine members of Artesia Hairdressers Assn. attended an association meeting in Roswell Monday night held at the Roswell Beauty school. Ethel Lee of Roswell, president, presided. Bill Day Hood, Roswell, state president; gave a report on the National Hairdressers convention held in Los Angeles. Phil of Hollywood was guest artist and demonstrated the new color and permanent and the latest in hair styling and cutting. Refreshments were served by the hostesses. Those attending from Artesia were Beulah Karr, Gladys Vaughan, Virginia Austin, Rita Urban, Margaret Meador, Anna Lou Cox, Marie Brown, Irene Frost, and Mable Baker. Mary Nunn has returned to her home in College Port, Md., after visiting here 10 days with Mr. and Mrs. Lee Meadows.

Personal Mention

Mr. and Mrs. Newton Maxwell and son, Billy Joe of Decatur, Texas, spent last week here in the home of Mrs. George S. Teel. Mrs. Teel took her guests to El Paso and Juarez. Joan Grant of Albuquerque is visiting in the home of Mr. and Mrs. A. R. Wood. Mr. and Mrs. N. D. Baker, Dan and Kay, are vacationing in the mountains near Ruidoso. Mr. and Mrs. Jack Harris and daughter, Sally Lea, of Pawhuska Okla., are visiting in the home of Mr. and Mrs. Grover Kinder. They brought with them two girls from the American Legion home in Ponca City, and are showing them Cloudercroft, the White Sands, Juarez and the Carlsbad Caverns. Mrs. Harris is a niece of Mr. Kinder. Miss Emmarie Pierce of San Diego, Calif., is a guest in the home of Rev. and Mrs. H. L. McAlester. Miss Pierce taught in Lake Arthur schools several years ago. She is now librarian at San Diego high school and California Western U. Tom Franklin and son, Jimmy, are in Capitan looking after business interests. Kirk McCarter has returned to Artesia after six weeks at an ROTC training camp in Fort Lewis, Wash. Jeff Floyd left Monday for his home in Capitan. He had been here the past week leading the singing

SORGHUM CROP FORECAST

WASHINGTON, (AP)—Grain sorghum production for New Mexico has been forecast by the department of agriculture as averaging nine bushels per acre, with an expected total yield of 981,000 bushels.

Toastmasters Honor Two During Meet

Vice-president Harvey Yates presided over the regular meeting of the Artesia Toastmasters club last night at the Country club. Yates was toastmaster and presented a new treatment of table topics by having each toastmaster present write a question during the meal. The questions were then aimed at fellow-members to answer during the topic session. Vernon Bryan was toastmaster for the meeting. Hugh Kiddy was first speaker with an impromptu talk on "How to Prevent Traffic Accidents." His critic was Clarence Key. Ott Strock made the second talk on "How to Read a Newspaper." His critic was Vernon Bryan. Last speaker was Owen Hensley on the topic "El Zapato, or the American Shoe." His critic was Harvey Yates. The certificate for the best speech went to Hensley and the certificate for the best table topic was awarded Hugh Kiddy.

MAJOR LEAGUE ROUNDUP— Stanky Chances of Sticking at St. Louis Grow Dimmer Every Day, Wolves Howl Loudest Ever

By BEN PHLEGAR Associated Press Sports Staff Eddie Stanky's chances of sticking as manager of the St. Louis Cardinals appear slimmer day by day. The howl of the wolves, a familiar sound almost from the time the little skipper set up camp on the banks of the Mississippi, is louder than ever. Unless there is a sudden change for the better in the Cardinals' fortunes—and none is in sight—owner Gussie Busch must decide how much longer he can stick with Stanky.

Texas League Divisions Set By Victories

By WILBUR MARTIN Associated Press Staff Figuring figures is fascinating—and the Texas league pennant chase isn't at the moment. A few facts about games Tuesday night: Scores: Houston 10 Dallas 4. Shreveport 3 Tulsa 2. Fort Worth 3. San Antonio 1. Beaumont 8-2. Oklahoma City 2-10. Hits: 95, runs: 45, errors: 7, attendance: 6,784. Shreveport kept a 5½ game lead, only Houston is in second now instead of San Antonio, with Oklahoma City still four full games ahead of fifth place Tulsa.

Clovis' 10-8 Win Over Plainview Helps Lead Race

By THE ASSOCIATED PRESS Clovis edged toward the West

Texas-New Mexico league lead Tuesday night with a 10-8 victory over Plainview and because leading Pampa was idle. The Pioneers blasted four Plainview pitchers, narrowing the gap between themselves and the Oilers to 1½ games. Amarillo battered Lubbock 14-6, and Albuquerque beat Abilene 8-3. Lincoln Boyd and Jim Lewis homered for Clovis. The winners got 14 hits. Reuben Phillips, third Pioneer hurler, lasted through a three-run Pony rally in the ninth for his win. Starter Max Simmons was the loser. Third-place Amarillo was outlit 17-14 by Lubbock, but the losers committed seven errors, three by

Table with columns: Teams, W, L, Pct., GB. Rows include Pampa, Clovis, Amarillo, Albuquerque, Abilene, Plainview, Lubbock, Tulsa.

SAVE \$10 AUGUST SALE SPECIALS! LANE Cedar Chests. While limited Quantity lasts! Marie Montgomery Teacher of ACCORDION, ORGAN and DANCING. 803 Bullock Phone 1393. Popular blond oak model with convenient self-lifting tray. Also available in Seatons Mahogany. \$64.95 NOW \$54.95 \$1 DOWN DELIVERS. As advertised in LIFE.

The source of Stanky's present difficulties is his pitching staff. He talked hopefully about his sound corps during the spring, especially after the purchase of Vic Raschi from the Yankees. But it hasn't been good, even at the start, and with the wear and tear of August at hand, the staff has gone from bad to worse. Raschi took his lumps last night in an 11-0 trouncing by the Milwaukee Braves. It was the seventh loss for the veteran righthander, who has won eight. The Cards sank to sixth place with the loss, in which 8 of the 10 Milwaukee hits went for extra bases. Del Crandall, Hank Aaron, Joe Adcock and Eddie Mathews all hit home runs. There was a lot of good pitching Tuesday night, too. Jim Wilson of the Braves gave St. Louis only three singles in winning his eighth game without a loss. Johnny Antonelli and Marv Grissom combined in a three-hitter as the New York Giants shaded Pittsburgh 2-1. The Giants got only four safeties off Dick Littlefield and Johnny Hetki. Lefty Mel Parnell of the Boston Red Sox scattered four hits in beating Washington 4-0. Ned Garver spaced five singles in Detroit's 4-0 triumph over Cleveland. The Braves gained a game on second place Brooklyn, which lost to Philadelphia 6-3, but stayed 7½ behind the Giants. The New York Yankees defeated the Philadelphia Athletics 5-2 and moved within three games of the beaten Indians. Baltimore whipped the Chicago White Sox 3-1 and Cincinnati edged the Chicago Cubs 2-1.

And that clear division of the first and second division seems permanent at the moment. Shreveport spotted Tulsa two runs in the first inning, won it on three singles by Joe Koppe, Don Spencer and Ed Mickelson in the seventh. John Andre won his 17th game. Willie Brown nailed another spike in Dallas' cellar door with a home run and double that sparked the one-sided Houston victory over his ex-mates. Carroll Beringer stopped San Antonio on two-hits and Cal Felix's 19th homer helped Fort Worth win, too. Oklahoma City and Beaumont traded hits and runs and came out just about all square, as did their doubleheader. The same teams meet Wednesday night at Dallas, Oklahoma City, Fort Worth and Tulsa.

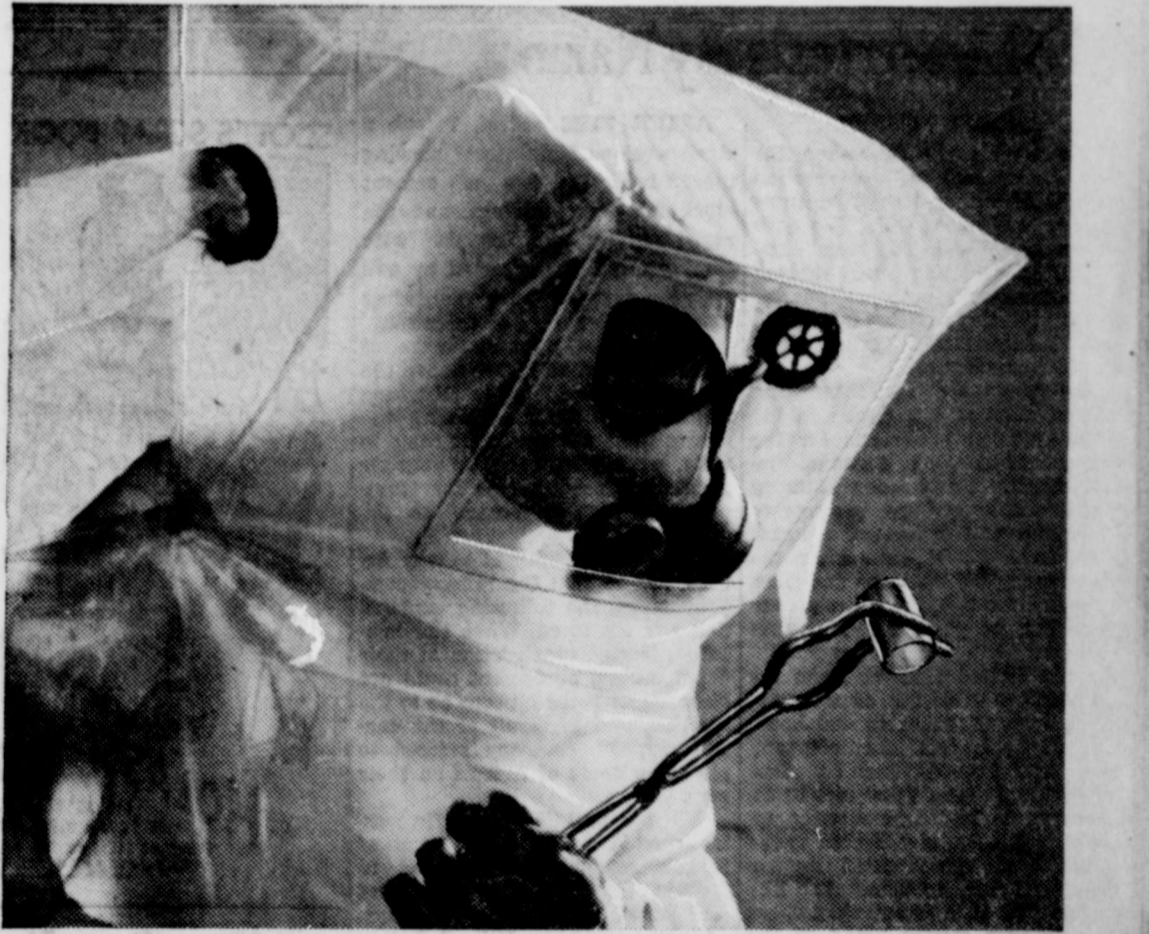

Table with columns: Teams, W, L, Pct., GB. Rows include Shreveport, Houston, San Antonio, Oklahoma City, Fort Worth, Beaumont, Dallas.

AS GENERAL ELECTRIC SEES IT... The atom will produce power for homes in 5 to 10 years

Full-sized plants will generate electricity from atomic energy without government subsidy

Protective plastic suit enables technicians to work safely. 12,000 G-E employees are assigned to atomic projects.

Biggest question in producing electricity with atomic energy has not been: Can it be done?—but: How can it be done economically on a full-scale basis so that many areas and many people can benefit? America is now very close to a practical answer. We already know the kinds of plants which will be feasible, how they will operate, and we can estimate what their expenses will be. In five years—certainly within ten—a number of them will be operating at about the same cost as those using coal. They will be privately financed, built without government subsidy. Developing the right fuel element is still a problem, but the Atomic Energy Commission, General Electric scientists and other experts are all working on a solution. And real progress is being made. Progress Is Our Most Important Product. GENERAL ELECTRIC

They Asked for the Job

IT IS NOT UNUSUAL to hear someone seeking to defend a public official and his or her action by explaining how many major and serious problems they have to handle.

That has always been rather amusing and entertaining to us because everyone of these public officials asked for the job they have; probably spent money to get it; and accepted it. They knew the headaches connected with the job before they asked for it and accepted. They knew they had these problems to handle.

Then to hide behind the fact they have many things to do and to employ this as an excuse for their shortcomings and failures to do all or what they should do has never been a very good reason insofar as we are concerned.

We are inclined to forget the fact that these public officials did ask and run for their job and they worked to get it. Just why then they shouldn't be willing to give their best to the job they have has always been a difficult matter for us to understand.

We feel that those who ask for and accept jobs should do those jobs with little or no complaining.

And we know of no better time to ask the candidates for both parties than right now prior to the November election as to whether they really and truly want the jobs and whether they will do the jobs if they are elected.

We frequently find the same situation prevailing in the various committees of our organizations. In many cases individuals will accept the chairmanship or even memberships on a committee but they are not expecting to do any work. They have not given the matter much thought; they haven't determined whether they have the time or can do the job but they merely say yes when asked if they will serve.

We are hurting ourselves and hurting the organization when we accept a place on a committee and do not expect to work and if we have accepted an appointment and do not intend to work then we are only being fair to ourselves and to the committee if we resign.

After all we haven't left much room to complain about the work or job we have to do when we run and ask for a job and take it or when we accept an appointment.

If we don't intend to do the job we shouldn't seek or accept it.

BREEZIN' AROUND— In 1924 Railroad Refused To List Artesia By Name

By JESS TRUETT

It was 34 years ago when the writer overheard a conversation being held with a tourist by some citizens in Bristow, Okla. The tourist was Lee Vandagriff from Artesia, N. M., and Lee was making some interesting comparisons of the possibilities in New Mexico and around Artesia, with other well-known communities.

The story was of such interesting nature it created a desire in my mind to come to Artesia for the purpose of making personal investigation. Early one Sunday morning I lugged my baggage to the depot and requested a ticket to Artesia, N. M., and after the agent consulted his maps and files, informed me that the railway company had no place listed by that name.

With limited time to make my train and to avoid any controversy, I requested a ticket to Oklahoma City where I felt the company maps and records may be more current and that a ticket may be secured as desired. Immediately upon arrival in the city, I went to the ticket window, submitted my request and was informed in like manner as at Bristow, that there was no such station listed on the Santa Fe line in New Mexico.

BECOMING somewhat indignant, the agent was informed that I had reliable information such place did exist and that it should be about half way between Roswell and Carlsbad.

He called off Dexter, Hagerman, Lake Arthur, Miller's Switch, Dayton and Lakewood as being listed between Roswell and Carlsbad. I then asked him to sell me a ticket to Miller's Switch, and boarded my train, the Rock Island to Amarillo then over the Santa Fe to my destination with about four hour wait in Clovis before boarding the puddle jumper to Miller's Switch.

The August weather was hot and the dust in motion requiring the coach windows to be closed which did not add to the comfort of the trip down the valley. When the conductor came through I asked him if he knew of a place down the line by the name of Artesia, and he informed me he did. When asked how far it was from Miller's Switch, he informed me it was the same stop.

For the first time in my life I arrived at two places at the same time! Miller's Switch and Artesia. Before I remember the arrival time was about noon. I was directed to the Hardwick hotel, assigned a room which afforded a china bowl and pitcher of water used to remove much of the dust and dirt from my face and neck as possible.

Makes It Hard To Concentrate On 'Peacs'

Pollen Allergy Treated

By HERMAN N. BUNDESEN, M.D.

THE hormones can be used to treat diseases of the whole body or of one local area with equally good results. One of the systemic diseases treated successfully by cortisone, ACTH or hydrocortisone is arthritis.

These hormones have also been used locally on skin diseases, in the form of an ointment. They have helped to relieve itching of the rectum, and some severe eye diseases. However, one of their greatest uses has been in alleviating the severe symptoms of certain allergies.

A Medical Headache

One of the great problems that faces the physician is the treatment of persons who are allergic or sensitive to pollens. Many people with a pollen allergy have severe bronchial asthma accompanying it. These hormones, given systemically, will help both these diseases.

However, treatment of this kind cannot be prolonged over too long a period, because of possible side effects and because it becomes quite expensive for the patient.

Allergy and Asthma

Recently, these drugs were used locally for treating pollen allergy which was accompanied by asthma. The drugs were given in the form of an aerosol, mixed with oxygen to form a fine spray, that works locally in the nose and bronchial tubes. Patients treated in this way usually tolerate the preparation well and show great improvement. Relief has lasted for days, even months in many people who received this treatment. Of course, it must be used only as the physician directs.

QUESTION AND ANSWER

Mr. A.: Will tinted windshield glass impair vision at night?

Answer: Yes, in many instances, it will, and might prove quite dangerous to certain persons who have difficulty with their vision.

COOKING'S FUN— Old Fashioned Bread Recipe New Thrill

By CECILY BROWNSTONE

Associated Press Food Editor

Searching around for recipes is one of our main occupations when we are on vacation. That's how we came, up with this recipe for Anadama Bread from Rockport on Cape Ann, Mass. Tasting of such good old-fashioned foods as molasses and cornmeal, this yeast-raised loaf is just right with summertime vegetable chowders and salads.

Make this bread when you are up bright and early one of these mornings. Let it rise about two hours all together, then bake it before noon so you'll have some-

thing delightfully fresh and fragrant to give substance to that summer luncheon menu.

Anadama Bread

Ingredients 2 cups water, ½ cup yellow cornmeal, 2 tablespoons shortening, ½ cup molasses, 1½ teaspoons salt, 1 package active dry or 1 cake compressed yeast, ½ cup water, 5 cups (about) sifted flour.

Method: Boil water; stir cornmeal slowly into the boiling water. When thoroughly mixed add shortening, molasses and salt. Pour mixture into a large mixing bowl and cool to lukewarm. Sprinkle or crumble yeast into water; use warm (not hot) water for active dry yeast; lukewarm water for compressed yeast. Stir until dissolved. When cornmeal-molasses mixture is lukewarm, stir in dissolved yeast and enough flour to make a stiff dough. Turn dough out on a lightly floured board and knead until smooth and elastic, about 8 to 10 minutes. Place in a greased bowl; cover with a cloth and let rise in a warm place, free from draft, until doubled in bulk—about 1 hour. Turn out on a lightly floured board. Cut dough in half and form each half into a loaf. Place loaves in 2 greased bread pans, 7½ by 3½ by 2 3/4 inches. Cover with a cloth. Let rise in a warm place, free from draft, until double in bulk—about 1 hour. Bake in a hot (400 degrees) oven 50 to 60 minutes.

If you have ever eaten any of the good food to be had in and around Provincetown, Mass., you will be interested in "Peter Hunt's Cape Cod Cookbook," recently published by Hawthorn. Hunt, well-known for his decorating work, has illustrated his book delightfully. The recipes, as the author says, are from New England. Portuguese and what might be called "sophisticated sources." "Sophisticated" means summer visitors, of course. The whole book is so readable that it is quite obvious its author knows and enjoys good food.

Last time we were in Provincetown, Menalks Duncan of sanad-shop fame, made us the best after-noon snack we had ever eaten. We were delighted to find this good trick in Hunt's book. Look for it under the title of "Midnight Boogie—Never Before 12!"

Pawnbroker Regulation Urged in NM

ALBUQUERQUE, (AP)—A. B. Elder of Hurley, grand chef de guerre of the 40 and 8, today urged state officials to "look into the sordid mess" of pawnbrokers and "do something about it."

Elder made the statement with the approval of the state executive committee of the organization, an affiliate of the American Legion.

He directed the attention of Gov.

Edwin Meecham and the two candidates for governor to the state's lack of a law regulating pawnbrokers are compelled to deal with pawn-brokers.

"The citizens of this state who find it necessary to secure loans from licensed small money lenders," he said.

"It has come to our attention that pawnbrokers are operating throughout the state with impunity, charging excessive, usurious rates and retaining the pawns on defaulted loans.

"We believe an investigation will establish that some pawnbrokers loans made by them on collateral charge as high as 300 per cent on worth many times the loan."

Elks Officer Demands Firing Of Carrie Tingley Director

CARLSBAD — Bill Colvert, publicity director for the New Mexico Elks Assn., today demanded that Coke Johnson of Hatch be "eliminated" as board director for the Carrie Tingley Crippled Children's hospital.

Colvert charged that a 28-bed wing in the Truth or Consequences hospital was standing empty while scores of New Mexico children were crippled by cerebral palsy. New Mexico Elks support a strong cerebral palsy program in New Mexico.

Johnson, reached at his Hatch home, declined comment on Colvert's charges.

Leo Schwartz, administrator of the Carrie Tingley hospital, denied that the wing was standing empty and unused and said it was impossible, with the present staff and money available, to turn the wing into one used only for cerebral palsy cases, as Colvert asked.

Colvert said representatives of 15 New Mexico Elks lodges investigated last February and found the wing not in use. Reasons given at that time, he said, were a leak in the roof and lack of personnel. Colvert said the Elks have learned that the leak has been repaired and that the ward is in shape to handle polio or cerebral palsy cases.

He said New Mexico Elks asked Chairman Johnson why the wing was not being used for CP children and was told it would not be used. "No excuse was given," Colvert said.

Colvert said a survey of 141 parents of cerebral palsy children by Dr. W. L. Minear, chief surgeon of Carrie Tingley, showed 34 would welcome the opportunity to send their children to the hospital and that 83 replied their children need treatment.

These 83 Colvert said, are receiving or have received treatment from the Elks' mobile physical therapy unit directed by Albert Sparks.

"I cannot understand," Colvert said, "why, if a 28-bed wing of Carrie Tingley hospital is not being used for anything, why it could not be used to treat a small part of the CP victims in New Mexico." Colvert said that, as of last February, about 700 children in the state had been stricken with the crippling disease.

Robert J. Cunningham, president of the New Mexico Elks Assn., said he was not interested in a controversial discussion, but he was interested in seeing that CP victims in the state were properly

care for. He asked directors of the hospital to use their best efforts in behalf of CP victims.

Swartz said the wing was being used and had been repaired. He said from 60 to 65 patients come into the hospital each clinic day once a week and were being accommodated in the ward Colvert said was vacant.

On the last Thursday of each month, Schwartz said, the hospital facilities are opened to Indians as a clinic and they make use of the ward.

"A bus will sometimes drop off 20 or 25 Indian patients at a time and we have to put them somewhere," Schwartz said.

He added that the 28-bed wing was also used, in times of a polio epidemic, as an isolation ward for possibly contagious cases.

He said Carrie Tingley hospital admits cerebral palsy cases, but cannot devote one wing solely to them because of the highly-specialized care required and the smallness of the present staff and budget. Four cerebral palsy patients were among the 84 children in the hospital today.

Schwartz said the hospital was normally classed as a 100-bed hospital, although more beds might be brought into use in an emergency.

Colvert invited the attention of Alvin Stockton and John Simms, Republican and Democratic candidates for governor, to the Carrie Tingley hospital and urged that they give it "their earnest effort and that proper people interested in the welfare of crippled children would be appointed to the board when either is elected governor."

13 Floats—

(Continued from Page One) hand, holding it at the left shoulder, the hand over the heart. Men without headdress should salute by placing the right hand over the heart. Women should salute by placing the right hand over the heart. The salute to the flag in a moving column should be rendered at the moment the flag passes.

Three Deaths Send Traffic Toll to 198

By The Associated Press

Three traffic deaths—including that of a former president of New Mexico Mines at Socorro—today raised the state traffic death toll to 198.

The latest to die are: Richard Herb Reese, 75, who retired as president of New Mexico Mines in 1946 after 31 years as a teacher and college president at the school.

Louis Saucedo, 53, of Gallup, killed almost instantly today when the car in which he was riding collided with a heavy trailer truck on State Road 666 near Gallup.

S. F. C. Charles T. Hodgson, 27, New Orleans, killed near Newman when the Army truck which he was driving overturned.

Reese died last night from injuries received Aug. 2 in an accident one mile north of Socorro. His wife still is in a Socorro hospital with head injuries.

Reese came from Michigan to Socorro 31 years ago. He was born in Ohio March 27, 1879, and was a member of Socorro Lodge No. 9 AF&M, the Scottish Rite Consistory of Santa Fe and Ballut Ahyad Temple of Albuquerque.

Funeral services for Reese will be conducted at 2 p. m. Friday at the Presbyterian church in Socorro and graveside rites will be held by the local Masonic lodge. Steadman funeral home is in charge. The Rev. Paul Bobb will conduct the services.

Reese's survivors include his widow, a daughter, Mrs. Kathleen Cleary, Socorro; a son, Robert H. of Boise, Idaho; a brother, Gus A. Herb of San Diego; and a sister, Mrs. Lydia Goehring of St. Louis, Mo.

Injured this morning in the Gallup accident in which Saucedo was killed were four others. One, Ignacio Saucedo, 27, of Gallup, was not expected to live. St. Mary's hospital attendants at Gallup said. Another passenger in the car in which the Saucedos were riding, Anthony Aguaya, 27, also of Gallup, was in serious condition. The two men from the truck, Francis Powers, 30, and James Louie, 42, both of Denver, were reported in good condition.

State Policeman Bill Hastings said the truck and the Saucedo car collided on a curve at a high rate of speed about 11 miles north of Gallup.

Hodgson, a Louisiana National Guardsman encamped at Ft. Bliss, Tex., was returning with four others from a gunnery range problem

when his truck overturned four miles north of Newman on U. S. 54 on an "S" curve. The four passengers were injured. Military police were investigating.

Wade Green—
(Continued from page one.)
forded special consideration for Regular appointment. Congratulations." Signed:
J. W. BRANSON,
Pres. of New Mexico A&M.
MAJ. THOS. G. KELLY, JR.,
USAF.
Lt. Green earned his commission by completing the four year AF ROTC program at A&M college and all of the requirements for his degree. He has qualified and volunteered for flight training and will attend Air Force training school in the near future.

Aug. 7, Lt. Green received a bachelor of science degree in the school of agriculture. He is a member of Tau Kappa Epsilon fraternity and recipient of an earlier AF ROTC award, the Distinguished Military Student.

This award was presented at the close of his junior year at A&M. He completed his junior and senior years at the college with an academic standing in the upper third of his class, and he has an academic standing in the upper third of all students in A&M, working for the same academic major.

Lt. Green graduated from Artesia high school in 1950. All of his elementary schooling was in Artesia.

Attending the graduation from Artesia were his parents, Mr. and Mrs. H. L. Green; his sister, Willa; his maternal grandmother, Mrs. G. B. Dungan and his uncle and aunt, Mr. and Mrs. Clyde Dungan.

Flexible—
(Continued from Page 1)
parity on Sept. 1.
Parity is a standard for measuring farm prices, aid by law to be fair to farmers in relation to their costs.

Full Conservation Month Program Is Slated By SCS

Plans for a full observation of Soil Conservation Month during September were voted by directors of the Central Valley soil conservation district in a meeting Monday.

Plans are to be announced at a later date.

The meeting was addressed by F. Ray Zumwalt, a director. It also voted to buy a camera for use by area SCS personnel.

Zumwalt spoke on the value of conservation work and how the district may integrate its activity with farming and ranching activities.

Members of the board are Robert B. Horner, northeast of Artesia, chairman; Jack C. Rogers, Atoka, vice-chairman; E. P. Malone, Jr., secretary-treasurer; Roy D. Angel, Seven Rivers, and Zumwalt, Artesia.

At conclusion of the meeting slides made in the district were shown by SCS staff members.

Some congressional leaders believe the House vote to raise dairy supports again helped win a compromise there on flexible supports between 82½ and 90 per cent of parity on five basic crops: cotton, wheat, corn, rice and peanuts.

The theory of flexible supports is that lower government guarantees will discourage production in times of surplus and that higher supports will encourage farmers to grow more when increased production is needed.

Administration officials have said the rigid 50 per cent supports required on basic crops since World War II years are largely responsible for the surplus production reflected in the 6 1/4 billion dollars worth of farm stocks now held by the government.

These 90 per cent supports continue on this year's basic crops.

Pilot of Plane Escapes Without Injury in Crash

The pilot of a Pecos Valley Flying Service plane escaped injury when his ship crashed on the O. B. Berry farm, Hagerman, at 6 a. m. Monday, according to Mgr. Don Jensen.

Observers believed the plane stalled as it neared the end of a row, narrowly escaping a flag man. The plane did not burn, and Jensen believes it is salvagable. The pilot, Al Calderon, came to Artesia about a month ago from El Paso.

Intensive Search Is Launched for Baby's Kidnaper

WESTANFIELD, Ariz. —An intensive police check of the Stanfield area was launched today in an effort to track down a man who kidnaped a three-year-old baby girl, raped her and left her sobbing in the front yard of a house a half-mile away.

The child, Bobbie Holliday, daughter of Mr. and Mrs. Carl Holliday, was snatched from her bed about 11:30 last night. She was found asleep on a bench near the front door of Mrs. Hervee Anderson's home 5½ hours later.

Anderson Grazing Land Amendment Voted in Senate

WASHINGTON —A proposal by Sen. Anderson (D-NM) to tack a grazing-land amendment to the farm bill, even though the meas-

ure had been passed separately by the Senate last March, was approved 45-41 yesterday after hot debate.

The measure would authorize the government or the next private user of the government grazing lands to reimburse stockmen who built dams, fences or other improvements on those lands.

NEW MEXICO WEATHER
Mostly cloudy in west and central portions today and tonight with scattered showers and thunderstorms, otherwise partly cloudy today, tonight and Thursday with a few widely scattered showers or evening thundershowers. Warmer in northwest Thursday. High today 70-80 northwest, 85-95 east and south. Low tonight 40s north, 50s south.

SPORTS TIPS
By Nibroc

FISHING: Braided silk fly lines are heavier and stronger than nylon of the same size. Therefore, smaller diameter silk line will cast farther because it has less air resistance than nylon of the same weight but larger size. That makes it especially superior on windy days. You can stretch silk fly line between two trees for drying or applying line dressing, but don't do it to nylon line or you might damage its finish. Nylon casts less and requires no after-care when used in brackish water as do other lines. If you want a line on some good buys for your next fishing trip, stop in here first. You'll be glad you did!
