Thousands Witness Parade, Rodeo Opener; Queen Voted

With every indication of being the most successful show ever, the fourth annual V-J Day Ranch Hands rodeo continues tonight for the second of four nightly performances.

Rodeo time is 7:30 in Artesia club arena.

An estimated crowd of between 4,000 and 6,000 lined Artesia yesterday afternoon to witness the parade heralding opening of the "season" in Artesia.

Edwin Mechem, scheduled to ride in the parade, did not arrive in time to join it, but attended tonight's rodeo performance.

Rodeo opening last night was highlighted by crowning of Miss Ingram as 1954 rodeo queen.

Miss Ingram, sponsored by Beta Sigma Phi sorority, won the most penny votes in a field of five candidates.

First place prize in yesterday's parade was won by Park school Parent Teachers Assn. It represented the difference between the "old and new" in educational methods.

Second place was taken by Girl Scouts, and third by Veterans of Foreign War Auxiliary. They received prizes of \$50, \$25, and \$15 respectively, posted by the Chamber of Commerce.

Chamber Mgr. Paul W. Scott commended parade marshal Bill J. Duke for "an excellent job" in organizing what may be the biggest such parade ever staged in Artesia.

In last night's coronation Miss Ingram was crowned with a Western hat by the 1953 rodeo queen, Miss Kay Clayton, and presented her trophy by Miss Sally Sears, 1952 rodeo queen.

Miss Ingram's attendants, the four other girls competing in the queen contest, were presented trophies by Alpha Nu of Epsilon Sigma Alpha, sponsor of the queen contest. They are Miss Marilyn Runyan, second; Miss Verna Pounds, third; Miss Sylvia Miller and Miss Michele Ruppert.

Earlier in the afternoon, following the rodeo parade, Miss Ingram was interviewed by radio station KSVP and photographed by news.

Health Officer Seeks End to Open Toilets as Menace to City Health

Artesia city council yesterday afternoon heard a recommendation from North Eddy county health officer Richard E. Swartz that the complete sewer lines to the 13th section of Artesia.

Swartz said there are about 203 open toilets in that section that do not connect to sewer lines. He said there are 131 open toilets, 100 of which could tie on to sewer lines.

According to figures compiled by the health office, the situation has been conducive to numerous cases of fatal infant intestinal diarrhea. Swartz said if all possible lines should be completed

An estimate of the cost of completing the lines was given at a figure of about \$21,000.

In other action, the council's telephone committee reported that a new franchise, if contracted for before the present one finishes its last two years, should be based on an occupational tax of 2 per cent of local gross receipts with a maximum of 10 free phones for city use.

Drought Plan Is Denounced By Dempsey

WASHINGTON — The drought relief emergency feed program in New Mexico still has not reached an effective stage, Rep. Dempsey (D-N.M.) said today.

"Three weeks ago I charged there was undue delay in providing emergency relief for farmers and stockmen in New Mexico," Dempsey said in his weekly newsletter. "There is still unnecessary delay."

Dempsey said Kenneth Scott, chairman of the emergency drought relief committee of the Agricultural Department, told the House Agriculture Committee that up to the last of last week his group still had not received a signed participation agreement from New Mexico, therefore, "the program cannot be started in our state."

Dempsey said Scott told the House committee that "too many details were involved under their own regulations to allow quick action. In other words it is bogged down in governmental red tape."

The New Mexico congressman said the committee was told the only drought relief work being done is the emergency short-term Home Administration "That, how-to program of the Farmers ever," said Dempsey, "is of little avail to a farmer or rancher who is deeply in debt and whose credit is impaired."

EULALIO SOLGADO, 13-year-old Carlsbad youth charged in fatal stabbing of 17-year-old Nick Gomez of Artesia Saturday night, seems to be explaining something to Deputy Sheriff Carl Hawkins of Carlsbad on way to preliminary hearing in Artesia this morning. (Advocate Photo)

BULLETIN

A defense motion that murder charges against 13-year-old Eulalio Solgado of Carlsbad, charged in the death of Nick Gomez, 17, of Artesia Saturday night, be dismissed was overruled this afternoon by Justice of Peace John Ellicott.

Ellicott also refused a motion that bond be set for Solgado, and another motion that Solgado's case be sent to Eddy county juvenile court. The motions were made by defense attorney Col. E. K. Neumann of Carlsbad.

A 13-year-old Carlsbad youth killed Nick Gomez, 17, of Artesia in self-defense last Saturday night at Our Lady of Grace Catholic church parish hall in Artesia, a prosecution witness declared this morning in a preliminary hearing in Artesia.

The youth, a 14-year-old member of the Carlsbad gang of teenagers which came to Artesia Saturday night said Eulalio Solgado, 13, charged with murder in Gomez's stabbing death, knifed Gomez in the heart when Gomez rushed at him with a knife.

The 14-year-old said Gomez and Solgado were fighting separately from other Artesia and Carlsbad youths in the scuffle.

The youth said Gomez suddenly pulled a knife from his pocket and rushed at Solgado. Solgado dodged, he said, and whipped a butcher knife from his left hand trouser pocket, making a jabbing motion at Gomez.

The hearing was to continue this afternoon following the luncheon recess.

Second Victim Of Tragedy at Church Is Dead

LAS VEGAS, (AP) — Death last night claimed a second victim from a church-step tragedy in which one was killed and 11 injured outright by a runaway car.

Mrs. Lorenzo Baca, 53, who received a fractured skull in the July 20 accident, died last night at a local hospital. Antonio Lujan, 88, was killed instantly when the car, accidentally set in motion by a 70-year-old invalid, slammed into a crowd leaving a mass honoring La Conquistadora, the oldest Catholic statue in New Mexico.

Fourteen County Youths Winners In 4-H Contests

Fourteen Eddy county 4-H club members were among the 300 boys and girls who today entered the fourth day of the five-day 13th annual New Mexico 4-H club encampment sporting ribbons of various shades.

Abbie Pearson and Jacqueline McNeil were in the blue ribbon class of the foods demonstrations Tuesday, and Arlene Yarbrough and Therese Hines took honors in the white ribbon class of that division.

In the crops judging contests, Billy Brubaker, Jack Willis, Larry Brashear, and Owen Carleton placed in the red ribbon group.

Donald Jones was the sole Eddy county representative in the farm tractor operators competition, placing in the blue ribbon class.

In talent contest, Joe Liddell, Freddie Crawford, Donald Thigpen and Bill Grav shared the blue ribbon class with only two other winners.

First, Main Streets Show Top Traffic Counts in Artesia

Information just released by Chamber of Commerce Mgr. Paul W. Scott reveals the use of city streets by Artesians and travelers.

The data compiled during a recent traffic count, shows traffic on First street south to be 8,453 cars a day. First street north had a count of 7,194 cars per day.

On Main street between Roselawn and Fourth the number amounted to 6,786. Over the Hope by-pass and First street intersection, 4,260 vehicles were registered.

Hermosa and First showed a count of 3,857. Roselawn between Main and Quay tallied 2,268. Thirteenth street north counted 1,971 per day. Thirteenth south was 2,393.

The figures were worked out on an estimated average based on a daily count.

A state survey crew is now operating along First street in the first stages of the new urban project scheduled for Artesia.

The crew is working to determine the center line of the right-of-way, where the highway will go, and what additional right-of-way is needed to complete the project.

The survey for the project, boosted by the C. of C. for over a year, will provide information for the state highway department and

THIS MORNING'S HEARING

opened with a motion by defense attorney Col. E. K. Neumann of Carlsbad challenging the right of the Artesia justice of peace court to hold the hearing.

Dist Judge C. Roy Anderson of Carlsbad in a hearing at Carlsbad this week ordered Solgado tried in district court, rather than juvenile court. Under district court procedures, a preliminary hearing on the murder charge filed against Solgado must be held.

Justice of Peace John Ellicott overruled the motion. Judge Anderson in his order for the hearing said he sat as both juvenile and district judges in the earlier hearing for Solgado.

First witness called by prosecuting attorney, Asst. Dist. Atty. C. N. "Bill" Morris of Carlsbad, was Dr. Owen C. Taylor, Jr., of Artesia.

Dr. Taylor examined Gomez when he was taken to Artesia General hospital shortly after the stabbing about 9:20 Saturday night at the parish hall.

DR. TAYLOR, WHO ALSO LATER performed an autopsy, said Gomez' death was caused by a "puncture wound" at least five inches long which went through the heart. The wound was caused, Dr. Taylor said, by a "flat and sharp" instrument.

Juan Brazino of Artesia, who drove up shortly after the stabbing, said he was asked to take Gomez to the hospital. He described how Gomez was found lying beside the parish hall.

The 14-year-old Carlsbad youth, who faces district court charges growing out of the fight which led to the fatal stabbing, said he has been his visiting his grandmother in Carlsbad.

He was invited to "come along," he told the court, to "look in" at the dance being held in the parish hall.

He said after arriving in Artesia the Carlsbad youths got out of the two cars they drove here and walked to the parish hall door. When they saw those inside in semi-formal attire, the Carlsbad group left, he said.

HOWEVER, AFTER THEY had driven only 1 feet, he added, small rocks were thrown against the two cars, chipping windows of one car. The two cars turned around and returned.

A handful of Artesia boys standing near the parish hall moved toward them as they left their cars, the 14-year-old said.

He then described the ensuing

Death Toll Is Hiked in Road Death at Gallup

GALLUP, (AP) — New Mexico's traffic death toll advanced to 198 yesterday with the death in a Gallup hospital of Ignacio Lucero, 27.

Lucero was the second person to die as a result of an accident near Gallup Tuesday. Louis Saucedo, 53, Gallup, was killed almost instantly in the collision between a semi-truck and car on state road 666 11 miles north of here.

NEW MEXICO WEATHER

Partly cloudy today and Friday with scattered afternoon or evening showers and thunderstorms. No important change in temperature. High today 85-95 north, 90-100 south. Low tonight 40s north, 50-60 north, 60-70 south.

"felt sure" such a contract couldn't be negotiated.

Mayor W. H. Yeager said the committee's report was all the action that would be performed on the telephone problem at the present time, though indicated there would be more study of the problem at a later date.

Dougherty was pressing the council on behalf of MST&T for a new 25-year contract to take effect as soon as possible.

The council heard a report from Carlsbad consulting engineer Jack Kennedy on approximately 29,000 feet of city streets which need to

HAGERMAN NEWS BRIEFS—

Rains Bring Joy to City; Ware, Brown Rites Held

By MRS. BYRON OGLESBY

Mr. and Mrs. Byron Oglesby had an afternoon visitors Saturday for former Roswell high school friends, Mr. and Mrs. J. T. Howard of Roswell, and Mrs. Howard Crockett of Portales who is visiting in Roswell. Mrs. Oglesby was in Roswell Friday to visit her sister, Mrs. W. A. Haragan who is hospitalized at St. Mary's hospital.

Hagerman enjoyed the precipitation this week-end. Still looks cloudy and "hopeful" at this writing. Cooled things off, to say the least.

Mr. and Mrs. Bob Templeton have just purchased a nice upright deep freeze. Now Barbara is busy filling it full of "goodies." Saw eight fruit pies in it last night (Hello neighbor!)

Graveside services were held on Saturday afternoon at 2:30 for Cynthia Louise Brown, infant daughter of Mr. and Mrs. Howard Brown of Hagerman, with the Rev. A. A. McClesky conducting the funeral services. Cynthia was born July 28, 1954 and passed away July 30. She is survived by her parents and one sister, Jeanne; by her maternal grandparents, Mr. and Mrs. F. B. Campbell and by her paternal grandfather, M. C. Brown. All are well-known Hagerman residents.

Mrs. R. M. Ware, former Hagerman resident, passed away at the home of her daughter, Mrs. Ellen St. Cyr, in Chicago, Ill., Monday, Aug. 2, 1954.

Mrs. Ware, a resident of the Pecos Valley for 50 years, was a resident of Hagerman up until two years ago. She is survived by a son, Hal Ware of Hagerman; another son, Joe Ware of Pecos, N. M.; two daughters, Mrs. Alice Ebbets of Carmel, N. Y., and Ellen St. Cyr of Chicago, Ill.; also a sister, Mrs. E. A. Paddock of Albuquerque, formerly of Hagerman.

Funeral services were held at Riverside, and burial was in the South Park cemetery of Roswell by the side of her husband who preceded her in death in 1942.

Mr. and Mrs. M. D. Menoud of

Hagerman returned Thursday evening from Temple, Texas, where they went through the Scott-White clinic. En route they stopped at Cotulla, Texas, to visit their daughter and family, Mr. and Mrs. A. M. Yingling and baby. They were gone a week.

Birthday greetings this week are extended to Janette Mayberry, Frances K. Boyce, Edith New, Kathleen Mason, Michael Nail, Teresa Hickson, Jimmy Lazenby, Frank Rhodes and Mrs. Dryke Bealer. Anniversary greetings to Mr. and Mrs. Jack Sweatt who will celebrate their golden wedding anniversary on Saturday, Aug. 14.

Mrs. W. R. Goodwin's sister and family, Mr. and Mrs. V. P. Fletcher and daughter, Fayrene of Oklahoma City left Saturday after having spent a week here. Their son, George Goodwin of Artesia visited here Friday night and Saturday.

Bob Chrisman, son of Mr. and Mrs. Rue Chrisman of Hagerman, returned Friday from a week's vacation in El Paso as house guests at the home of his aunt and uncle, Mr. and Mrs. Roy C. Erickson. He spent most of his time out at the El Paso Country club where several of his friends were serving as life guards, and at a party was called upon to do some exhibition diving. He also taught diving for three days at the club. "Chris," as he is known by his friends is an old hand at the game, having been swimming and diving since he was three years old.

Mrs. Louise Brown of Hagerman reported that her twin brother's daughter, Mrs. Jack Krattiger of Clovis has a new baby son, David Charles, born Friday, July 30, and weighing six pounds. Louise Brown asks, "Does this make me a twin grandmother?" "Confoozin' but amozin'!"

Mrs. Byron Gress of Los Angeles, daughter of Mr. and Mrs. W. R. Goodwin and sister of Mrs. Bill Langenegger underwent major surgery at St. Mary's hospital Monday morning and is reported to be recuperating slowly but satisfactorily. Mrs. Gress who was reared in the Hagerman community will be remembered as Vera Goodwin.

Mr. and Mrs. Harry P. Cumpsten returned Wednesday from a two-week vacation trip to points of interest in Colorado. Returning by Albuquerque, they were joined by Mrs. Cumpsten's sister, Mrs. W. G. Koogler who visited the Cumpstons and also her mother, Mrs. Van Kirk of Hagerman. While here a picnic supper was given in her honor at the H. P. Cumpsten home, where tables were set up in the backyard. Those present were Mr. and Mrs. R. W. Cumpsten, Mr. and Mrs. Raynal Cumpsten and daughter, Peggy Jane, Mr. and Mrs. B. W. Curry and daughter, Helen Ruth, Mrs. Van Kirk, Mr. and Mrs. Jack Nail and two children and the host and hostess, Mr. and Mrs. Cumpsten. Mrs. Koogler returned to her home Sunday.

Bullock Urges Rotary Study Basic Tenets

E. B. Bullock, the only charter member of Artesia's Rotary club still active, was in charge of the program of the regular weekly meeting of the club Tuesday noon.

He made a talk on the 4-way test, a basic principle in the Rotarian philosophy. The test includes the following four questions concerning business relations.

(1) Is it the truth? (2) Is it fair to all concerned? (3) Will it build good will and better friendships? and (4) Will it be beneficial to all concerned?

The 4-way test was set up by Herbert J. Taylor, now president of Rotary International, in 1933 to be used by himself and his associates in all business dealings. It is a widely spread method now.

Bullock, in closing, reminded the Rotarians present that the test is a basic tenet of the organization and that it should be used.

Visiting Rotarians were: Jim Cook, Dallas; and Charley Ward, Kenneth Barbee, Earl Patterson, and Joe Key, all from Roswell.

Personal Mention

Mr. and Mrs. Charles Solga and children returned Wednesday from a two-week vacation. They first went to Stillwater, Okla., where they visited Mrs. Solga's brother, J. R. Maus and family. They then went to Minot, S. D., to visit Solga's parents, Mr. and Mrs. A. Solga. J. A. Solga, a brother from Washington, D. C., also another brother, W. L. of Whitefish, Mont., was also at the home of the parents.

Mr. and Mrs. Ernest Bunting and Mr. and Mrs. A. G. Bailey spent the week-end at Elephant Butte fishing. They reported fishing good. They caught one catfish weighing 15 pounds, and caught a number of bass and channel catfish. Mr. and Mrs. Bailey returned home Monday, and Mr. and Mrs. Bunting remained for longer fishing.

E. T. Gore returned Sunday from attending a national convention of National Star Route Mail Carriers Assn., held in Washington, D. C. He left on July 20. Mr. Gore accompanied two men from Roswell.

Donna and Kathleen McNallen of Tulsa, Okla., are here this week visiting their cousins, Ann and Martha Triplehorn, 1405 Yucca.

Lt. and Mrs. James L. Long, Jr., left Wednesday for Fort Riley, Kan., after spending a week here visiting his parents, Mr. and Mrs. J. L. Long, Sr.

Judge and Mrs. J. D. Josey, Sr., visited their son, J. D. Josey, Jr., and family at Portales this past weekend. J. D. Josey, Jr., former Artesia city supervisor, is now employed at the Sam Sanders gravel operation at Portales.

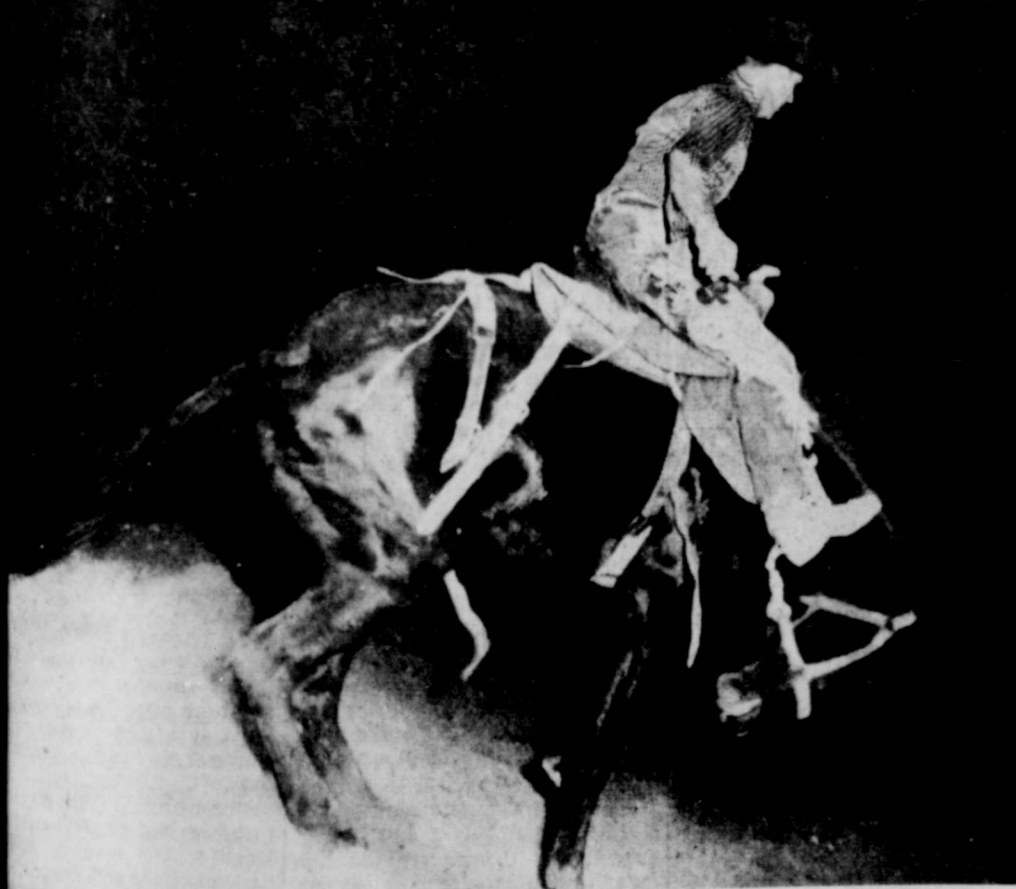

Mr. and Mrs. John Simons, Sr., are enjoying a vacation in the northern part of the state. They expect to be back Monday morning.

Roswell Administers Fourth Straight Loss to Ashers 8-4

CARLSBAD, (AP)—The Carlsbad Potashers suffered their fourth straight defeat here Wednesday night as Roswell's Evelio Hernandez lured his way to an 8-4 triumph over the skidding 1953 league champions.

The Miners now have lost consecutive two-game series to Artesia and Roswell.

Hernandez was anything but sharp as he walked seven and yielded seven hits, two less than Roswell got. But the Potashers simply weren't able to bunch their safeties.

Ossie Alvarez' leadoff double in the first followed by Duane White's single produced the Rockets' first run, and Roswell led from then on. They added three more in the third when Carlsbad starter Darrio Jimenez, bothered by control trouble through the eight innings he labored, walked his first three batters and gave up a single to Dixon Bell.

Roswell finished its scoring with another trio in the eighth.

Carlsbad didn't score until the sixth, when Hernandez walked a run across.

Indians Take Easy Victory Over Spudders

SWEETWATER, (AP)—Midland's Indians took a 3-1 first inning lead here tonight and moved on for an easy victory over the Sweetwater Spudders. The final score was 10-5.

Sweetwater could never muster strength enough for more than one run an inning while the Indians scored in six of the nine frames for their total.

Ralph Atkinson hurled 11-hit ball in subduing the Spudders and handed himself his 12th victory of the season against six losses. Midland jumped on Bill Abshire for 17 hits. It was Abshire's 10th loss of the season compared to only one win.

Ben Jones and Joe Riney paced the Midland attack, each getting four hits in five trips. Riney and Bud Hull each drove in three runs for the Indians, and each got a triple.

Hull's two-run triple in the first inning was a highlight of the stanza. Jones had doubled to start it, Charles Terrasi followed with a single, and Riney singled after Hull had gotten his three-bagger.

Riney belted his triple in the sixth. It accounted for two runs.

Oilers Unleash 15 Hit Drive To Lick Colts

ODESSA, (AP)—The Odessa Oilers unleashed a 15-hit attack here tonight to beat San Angelo 8-5, and sweep their two-game series.

Third baseman Bob Bauer and first baseman Barney Batson led the Odessa assault. Each hit a homer with Bauer driving in four runs and Matson collecting four hits in five appearances. Bob Gonzales smashed out a home run for the Colts.

Ray Mink, who gave up five of his 11 hits and four of his five runs in the sixth inning, went all the way in notching his third straight win since joining the Oilers from Harlingen.

Losler Norman Rouselot, who now has a 1-2 record, also went the full route.

The same clubs open a two-game stand in San Angelo Thursday night. Righthander Hank Gonzales is the probable starter for Odessa.

Two-Run Blast Nets Abilene WT-NM Win

By The Associated Press

John Bruzza slammed a two-run homer in the ninth Wednesday night, handing his Abilene teammates a 6-3 West Texas-New Mexico league victory over Albuquerque.

His blow put the Blue Sox back in a fourth-place tie with the Dukes.

Clovis sneaked up another half game on league-leading Pampa, which was idle. The Pioneers beat Plainview 9-2, landing one game behind Pampa.

Amarillo, in third place eight games behind Pampa, smashed Lubbock, 15-1.

Bruzza's homer followed a run-producing two-bagger by Bob Paschal. It was enough insurance despite Albuquerque's attempt to recoup in the bottom of the last inning when Lou Villodas scored on a single. Andy Alonso was the winner. Ernie Bartolomei took the defeat.

NuMexers Up Lead Again with Pair of Wins Over Broncs, On Road Trip

Artesia Wins Second Game After Two Out in Ninth

Artesia salvaged the second game of a doubleheader in the last inning after two outs to sweep two games over Big Spring here Wednesday night.

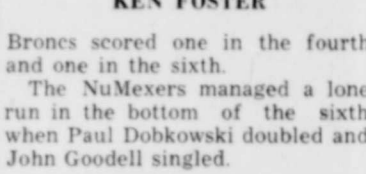

The NuMexers had little trouble in triumphing 8-2 over the Broncs in the first game, but not until final minutes of the second game was the decision in the league leaders' favor, 3-2.

Big Spring hurler Bob Martin sprinkled seven hits over the route in the second game, effectively bottling Artesia hitting power. The

Broncs scored one in the fourth and one in the sixth.

The NuMexers managed a lone run in the bottom of the sixth when Paul Dobkowski doubled and John Goodell singled.

In the seventh Frank Gallardo was walked and Bob Howard doubled him around to third. Then Floyd Economides flied out and Martin whiffed pinchhitter Bart DiMaggio. But Reuben Smartt was walked and Floyd Martin muffed Paul Dobkowski's hard-hit ball, permitting Gallardo and Howard to score.

One of the two Bronc runs came on Jim Zapp's circuit clout in the sixth. The other was on Zapp's single in the fourth, when he was homed by Bert Baer's single.

In the first game the NuMexers smothered the life from the Broncs with a seven-run outbreak in the second inning, keyed by Paul Dobkowski's two-run homer. Shortly thereafter starter Bert Baer was pulled in favor of Tom McKenna.

Bart DiMaggio went the distance for the NuMexers in the first game. Ken Foster, after taking over in the sixth from starter Gil Johnson, got credit for the second.

In the big second inning of the first game Sullivan was walked to start the action. Then Mickey Diaz singled, Frank Gallardo sacrificed, DiMaggio singled, Smartt was safe on a fielder's choice, and Dobkowski homered. John Goodell was walked, Economides and Sullivan singled, and Diaz doubled.

The NuMexers added another in the sixth when Goodell tripled and came home on Economides' sacrifice fly.

Big Spring scored one in the third on a single by Pete Simone and McKenna's double, and another in the fifth when Jim Zapp tripped and homed on McKenna's fly-out.

Simone was ejected from the second game in the fifth inning for unbecoming talk from the dugout over a call at the plate. The loss-out required extensive switching of the Bronc defenses.

Stingy Luis Arroyo Gets First Texas Shut-Out in Two Years

By JOE BENHAM Associated Press Staff

Luis Arroyo never generous with hits quit giving them up at all Wednesday night as he pitched the Texas league's first no-hit no-run game in more than two years.

Arroyo a Puerto Rican southpaw who learned his screwball from New York Giant hurler Reuben Gomez-they're from the same home town-worked the screwball and an even better fastball to near-perfect advantage as Houston beat eight-place Dallas 3-0.

He walked one-Wiley Moore in the fifth inning-and saw a second man reach base on an error in the ninth. That was Buzz Clarkson, who moved on to second on a wild pitch but was still there when the game ended two outs later.

He struck out six, a bit below was in danger of losing the no-hits nine-per-game average, and hitler four times. Center fielder George Lerchen saved him on two of those occasions with sparkling played in the seventh inning.

The duel between Arroyo and Jim Tugerson, who gave up only six hits in losing, was the best of a quartet of fine pitching performances. Fort Worth edged San Antonio 3-0 in 12 innings. Tulsa knipped Shreveport 3-2 and Oklahoma City downed Beaumont 4-2. Thursday night's slate is the same.

Arroyo's support came all in one inning at Dallas, as Russell Rac dropped a home run over the left field fence with two on in the fourth. It was the second time Tugerson had lost against Arroyo in the month since Arroyo joined Houston from Columbus, Ga. The last time, Arroyo fanned 15 and gave up five hits, against seven surrendered by Tugerson.

The no-hitter was the 75th in Texas league history.

It was the first in regulation innings since Johnny Vander Meer tossed one for Tulsa against Beaumont July 15, 1952.

MAJOR LEAGUE ROUNDUP - Virgil Trucks Stays 12 Days Ahead of Brilliant 1953 Performances, Earns Fifth Shutout Win

By BEN PHLEGAR Associated Press Sports writer

At an age when most fast ball pitchers are relaxing with their press clippings, Virgil "Fire" Trucks of the Chicago White Sox is blazing his way to his best season in the majors.

The 35-year-old speed merchant needs only three more victories to equal his previous high of 20. In

his present form this looks like a cinch.

Trucks, who broke into organized ball in 1938 and reached his big time in 1941, has been the sensation of the American League the past two seasons. After a miserable 5-19 record with Detroit in 1952, he posted a brilliant 20-10 mark last year, dividing his services between the old St. Louis Browns (5-

4) and the White Sox (15-6). His work won him top honors in the Associated Press poll for the "Comeback of the Year."

Except for 1952 Trucks has been a consistent winner. Even in his bad year two of his victories were no-hitters. Last season, when he reached 20 for the first time, he won his 17th game on Aug. 23. He pitched five shutouts over last year.

Now he's 12 days ahead of that pace. He whipped the Baltimore Orioles 1-0 yesterday for his 17th triumph and his fifth shutout against five setbacks.

Trucks gives full credit for his improvement to Manager Paul Richards of the Sox.

"It's a real pleasure to work for him," Trucks said. "I feel I'm really doing my best and I'd like nothing better than to win 20 again."

Trucks' performances so far this season include two one-hitters against Boston May 1 and Detroit July 6. The Orioles reached him for nine but their most serious threat fizzled in the eighth when Minnie Minozo made a fine running catch of Jim Brideweser's long foul fly with the bases loaded and two out.

Bob Kuzava, making his first appearance for Baltimore since leaving the New York Yankees, was charged with the loss.

The White Sox failed to gain in the pennant race since Cleveland and the Yankees also won. The Indians edged Detroit 2-0. New York beat Philadelphia 3-1. Boston pounded Washington 10-1 in an afternoon game but lost to the Senators at night 5-4.

Cleveland leads the Yankees by three games and the White Sox by seven.

In the National League the Brooklyn Dodgers clipped the idle New York Giants 2-0. Philadelphia 3-2. Third-place Milwaukee moved within seven games by shading St. Louis 6-5 in a game shortened to seven innings by rain. Cincinnati hit five home runs, beating Chicago, 8-1.

Artesia Sports Section Stryka to Rejoin Winter Ball in Central America

By ED BOYKIN

The proof of a ballplayer is in the playing and Vic Stryka should provide a lot of proof.

The tall righthander is on the way to winding up an 18-month stint playing baseball, both in the States and in the Panama winter league. And he's going south again this winter.

According to Vic, it's fun but kind of hard on the old flipper. He went to Panama last winter about the first of December and played through Feb. 16.

The team, sponsored by a rum company was managed by Al Kubski, who has compiled a six-straight-pennant record. Kubski has never lost a pennant in the Panama race.

Vic said there are three teams in the league. The other two are sponsored by Chesterfield and Spur Cola. However, the Carta Vieja team is the only group made up entirely of American imports.

Others are mixtures of native and imported players.

THE NUMEXER hurler there are quite a few major leaguers go south, but most are ones trying to develop themselves. Wilmer Shantz, catcher for Athletics, and Nal Naragon, pitcher, are two.

Rebel Hopes Soar Still Higher for Victory In North-South Football Clash Saturday

By CARLOS SALAZAR

ALBUQUERQUE, (AP)—Rebel hopes for victory in the 11th annual North-South All-Star high school football game here Saturday night soared higher than ever today.

But South coaches were disturbed over the possible loss of Joe Matlock, 180-pound Las Cruces tackle who was slated to see action as a quarter in the big game.

Matlock suffered a badly sprained ankle yesterday afternoon. If the South loses the big lineman, the Rebel forward will be somewhat weakened.

Assistant member Reese Smith of

Artesia said he hoped Matlock would return to practice before long. The South has Don Wilder of Hobbs on the "recovered" list after the big end suffered a knee injury several days ago.

GLEN HAKES OF ALAMO-gordo takes Matlock's place along side Roy Johnson of Artesia on the South's tackle parade.

The North, meanwhile, had its troubles in practice, too.

Yankee players shifted their lineup several times in order to get a strong line to pave the way for the North's single wing ball

carriers. Downfield blocking was lacking and coaches planned additional drills today to try to make play patterns work more smoothly.

The South may go into Saturday's game as a two to four touch-down favorite—the biggest edge allowed in All-Star series history.

But the North isn't conceding. Assistant coaches Cal Hall of Farmington and Orville Robinson of Las Vegas are heartened by the improvement in the North's backfield. Yankee victory hopes are being pinned on a pass offensive being built around Dick Wilbert and Lynn Parker of Highland.

THE SOUTH LINE, ACCORD-ing to Smith, has plenty of work ahead before game time Saturday. Coaches, however, are very high in their praise of the brilliant South backfield.

Ed Price, Texas university coach who is head mentor for the South, joins Smith and Maurice Moulder of Anthony in praising the running of Lloyd Taylor, Rudy Estrada, and Gary Sloan.

Taylor, leading scorer in the state with 147 points last fall at Roswell, is running at left half. Sloan, Hubbs' pulverizing fullback, may vie with Taylor for top game honors.

Coaches may name starting line-ups tomorrow. They say the line-ups they're using at present are only "temporary."

The two teams planned to devote plenty of time today to defense, but they didn't want to shelve offensive drills because players have to continue work on the proper execution of plays.

The two-platoon system is being utilized by both teams to some degree. Coaches say the liberal substitution rule will allow them to use every player on the bench.

Moore Gets Called-Shot TKO Over Johnson in Fourteenth

NEW YORK, (AP)—A spectacular "called shot" technical knockout over able Harold Johnson in the 14th round added luster to light heavyweight champion Archie Moore's great record today.

Now the 37½-year-old fistic marvel will seek to fatten his bankroll with a Sept 23 title fight in Omaha against either Joey Maxim or Jimmy Slade.

Maxim, beaten three out of three by the magnificent Moore, appears moer likely to get the payday. His wily manager, Jack Doc Kearns will meet sometime today with Charley Johnston, Moore's manager, and members of the Omaha Centennial Committee to talk turkey.

After stopping the fast-punching solidly built Johnson in a dramatic come-from-behind fashion for his 19th straight victory, Moore said he'd like to fight either heavy-weight champion Rocky Marciano or Don Cockrell, the British heavy-weight king.

Manager Johnston, a realistic soul, said "Marciano has that Sept. 15 title fight with Ezzard Charles and I know Cockrell doesn't want any part of Archie. We want the dough and they're offering Archie \$100,000 to fight in Omaha. We're ready."

Moore was ready, too, when Johnston told him to go out and "get" Johnson in the 14th.

"I'll knock him out in this round," Johnston said Moore told him. He did in just 56 seconds.

The crouching champion tore after his tiring rival, staggered him with a right to the chin, and then rained blows on his sagging rival. Johnson fell on his back in his own corner.

The Philadelphia Negro clambered up at six but his legs were rubbery. Referee Ruby Goldstein stepped in and stopped the slaughter.

Although Moore was trailing going into the 14th, two of the three officials had him behind, the 175-pound ruler said he had no doubts about the outcome.

College All-Stars May Be Hurt By Change in Rules

CHICAGO, (AP)—It's more than remotely possible that a rule calculated to give the college all-stars a better chance of winning will backfire into their undoing when they tangle with the Detroit Lions tomorrow night.

The Lions, National Football League champions for two years, have been openly defiant of the fact that the charity classic will be played under the limited substitution rule of college football, and that defiance might well be just what the pro kingpins need to get fired-up for the contest.

Lion coach Buddy Parker is peeved, not only because the rule will deprive him of using separate offensive and defensive platoons and full utilization of his many specialists, but also because it has required him to change his entire system.

Parker has had to key the Lions' practices especially for the all-star game, rather than using the sessions to get ready for their scrap and the all-important pro title defense that lies ahead. Meanwhile, the other NFL clubs have been without interruption.

WHEREAS, the sale of said bonds has been duly advertised, and said bonds have been awarded to the best bidder therefore; and

WHEREAS, the City Council deems it advisable to authorize the issuance of said bonds;

THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ARTESIA, NEW MEXICO:

Section 1. That for the purpose of extending and improving the waterworks system of said City, the City Council, on behalf of said City and upon the credit thereof, shall issue the negotiable coupon general obligation bonds of said City, in the principal amount of \$130,000, consisting of 130 bonds each of the denomination of \$1,000 each, numbered 1 to 130, inclusive, dated July 1, 1954, payable in lawful money of the United States of America, and bearing interest, payable semi-annually on the 1st day of January and the 1st day of July in each year, and to mature serially on July 1, as follows:

Amount Maturity Interest Rate
\$6,000 1955 to 1959, incl. 2 3/4%
8,000 1960 to 1962, incl. 2 1/2%
8,000 1963 2 1/2%
8,000 1964 and 1965 2 3/4%
8,000 1966 2 3/4%
23,000 1967 to 1969, incl. 2 3/4%

Bonds maturing in the years 1965 and thereafter shall be redeemable at the option of the city on July 1, 1964, and on any interest payment date thereafter in inverse numerical order. Notice of redemption of bonds prior to their maturity shall be published in a newspaper of general circulation in the City thirty (30) days prior to the call date and a copy of such notice shall be mailed to the original purchasers of said bonds. Said bonds and the coupons thereto attached shall be payable at the office of the City Treasurer in Artesia, New Mexico, shall be signed by the Mayor and attested by the City Clerk under the official seal of the City, and the coupons attached to said bonds shall bear the original or facsimile signature of the Treasurer of said City.

Section 2. Said Bonds and Coupons thereto attached shall be in substantially the following form, to-wit:

UNITED STATES OF AMERICA
STATE OF NEW MEXICO
COUNTY OF EDDY
CITY OF ARTESIA WATER BOND
No. _____ \$1,000

The City of Artesia, in the County of Eddy and State of New Mexico, acknowledges itself indebted and hereby promises to pay to the bearer hereof

ONE THOUSAND DOLLARS on the 1st day of July, A.D. 19____ with interest thereon at the rate of _____ per centum _____ per annum, payable semi-annually on the 1st day of January and the 1st day of July each year, both principal and interest being payable in lawful money of the United States of America, at the office of the City Treasurer, in Artesia, New Mexico, upon presentation and surrender of the annexed coupons and this bond as they severally become due.

The following clause to be inserted in bonds due in the year 1965 and thereafter:

This bond is redeemable at the option of the City on July 1, 1964, and on any interest payment date thereafter, in its inverse numerical order in the issue of which it is one.

This bond is issued by the City Council of the City of Artesia, New Mexico, for the purpose of extending and improving the waterworks system of said City, under the authority of and in full conformity with the Constitution and laws of the State of New Mexico, and an Ordinance of said City duly

adopted, published and made a law of said City prior to the issuance of this bond.

It is hereby certified and recited that the issuance of this bond was duly authorized at the regular municipal election held in said City on the 6th day of April, 1954, and that all the requirements of law have been fully complied with by the proper officers of said City in the issuance of this bond; that the total debt of said City, including that of this bond, does not exceed any limit of indebtedness prescribed by the Constitution or laws of the State of New Mexico, and that provision has been made for the levy and collection of annual taxes sufficient to pay the interest on and the principal of this bond when the same become due.

The full faith and credit of the City of Artesia are hereby irrevocably pledged for the punctual payment of the principal of and the interest on this bond.

IN TESTIMONY WHEREOF the City Council of the City of Artesia, New Mexico, has caused this bond to be signed by the Mayor of said City, under the seal of the City, attested by the Clerk thereof, and the attached coupons to be signed with the facsimile signature of the Treasurer of said City, as of the 1st day of July, A.D. 1954.

ATTEST: _____ Mayor

City Clerk (Form of Coupon)

No. _____ \$ _____ January

On the 1st day of July, A.D. 19____, (unless the bond to which this coupon is attached has been called for prior redemption), the City of Artesia, in the County of Eddy and State of New Mexico, will pay to bearer the sum of _____ DOLLARS

in lawful money of the United States of America, at the office of the City Treasurer, in Artesia, New Mexico, being six months' interest on City of Artesia, New Mexico, Water Bond dated July 1, A.D. 1954, bearing _____ No. _____ (Facsimile Signature) City Treasurer.

(This clause to appear in coupons maturing January 1, 1965 and thereafter).

Section 3. That when said bonds have been duly executed the City shall deliver the same to the purchaser on receipt of the agreed purchase price therefor. The funds realized from the sale of said bonds shall be applied solely to the purpose stated therein, and for no other purpose whatsoever, but the purchasers of said bonds shall in no manner be responsible for the application or disposal of any of the funds derived from the sale thereof, by said City or any of its officers.

Section 4. That interest to become due on said bonds on January 1, 1955 shall be advanced from any available fund of the City. For the purpose of reimbursing said fund and of meeting the interest on said bonds promptly and as the same becomes due, and for the purpose of providing for the ultimate payment and redemption of the said bonds, there shall be levied on all the taxable property

THE SOUTH LINE, ACCORD-ing to Smith, has plenty of work ahead before game time Saturday. Coaches, however, are very high in their praise of the brilliant South backfield.

Ed Price, Texas university coach who is head mentor for the South, joins Smith and Maurice Moulder of Anthony in praising the running of Lloyd Taylor, Rudy Estrada, and Gary Sloan.

Taylor, leading scorer in the state with 147 points last fall at Roswell, is running at left half. Sloan, Hubbs' pulverizing fullback, may vie with Taylor for top game honors.

Coaches may name starting line-ups tomorrow. They say the line-ups they're using at present are only "temporary."

The two teams planned to devote plenty of time today to defense, but they didn't want to shelve offensive drills because players have to continue work on the proper execution of plays.

The two-platoon system is being utilized by both teams to some degree. Coaches say the liberal substitution rule will allow them to use every player on the bench.

Roswell Coach Is Elected to Head Coaches' Group

ALBUQUERQUE, (AP)—Dewey Johnson of Roswell has been elected president of the newly-formed new group at a meeting of 60 New Mexico Coaches Assn.

Johnson was elected head of the coaches Wednesday morning at the university campus. Pete McDavid of Albuquerque High, was elected vice president.

The Coaches Assn. will continue co-sponsorship of the North-South All-Star football and basketball games along with the Downtown Lions. A contract between the two organizations will be signed later this week for three years—through 1957.

Eight directors were elected at today's meeting. One of the newly-elected members, Jack Rushing of Albuquerque High, suggested the association consider re-division of boundaries for the North-South games. The association will vote on his proposal at a meeting Saturday.

The board of directors:
Dist. 1—Willard Bass, Navajo Mission 2 years; Jack Rushing, AHS one year.
Dist. 2—Bob Cox, Los Alamos 2 years; Alfred Romero, Wagon Mound, one year.
Dist. 3—Rudy Camunez, Las Cruces 2 years; Rex Dempsey, Cobre Consolidated formerly Hurley High one year.
Dist. 4—Gene Ashmore, Hobbs 2 years; George Lewis, Dexter one year.

HOPE FOR LEPEERS

BRAZZAVILLE, French Equatorial Africa (AP)—There is hope for the 56,000 lepers in French Equatorial Africa that progression of their disease will be stopped and a near certainty that the following generation will hear of leprosy as a rare disease like the plague in Europe or America.

The French Equatorial African health service, made the prediction in a report on a new campaign against leprosy. The campaign has been made possible by use of sulfone drugs which have revolutionized the traditional methods of caring for lepers.

Two Strong Parties

POLITICAL PARTIES are formed to offer candidates for public office. Public officials are elected to operate and administer the government to bring the greatest good to the greatest number.

In our nation the government is set up to serve the people and not for the people to serve the government.

We are told many times by political parties they have a monopoly on the best qualified individuals and candidates, they can do a better job, and they should be elected to office. That is party talk.

Those who comprise the membership of the two parties are all average American citizens with the tendencies, the abilities, the weakness, and the knowledge of the average American.

Competition, we are told, has always been the life of trade.

Competition brings about efficiency, economy, better service and it results in us doing the best job we know how to do instead of the job we just have to do to get along.

We in America would be far better off, have a better government, more efficiency and economy, and better service if we had two strong parties in the nation, in the state, and in our own county.

It is always better when we have strong competition in any election. It is always better when both parties have good candidates and when the membership of the two parties is so equal no one can be sure of being elected.

And officials elected when they have strong competition realize they must do the best job possible if they expect to keep the job they have or if they expect to keep their party in power.

We in Eddy county would be better off if we had two strong political parties than only one strong party.

It makes for better candidates, it makes for better officials, it makes for efficiency and economy in government, and for better service to the people.

Your own experience tells you that is true regardless of what the party leaders might say that governments are to serve the people not to serve political parties.

BREEZIN' AROUND—

Freakish Show of Oil in Water Wells Started Hunt

By J. L. TRUETT

Looking forward to the spudding of this new oil well, or in hope it may be such, we were up early this morning having breakfast and making all necessary arrangements for the ceremony and dinner on the ground.

The late Andy Howell, father of Bill and Red Howell and a real old timer, had the assignment of scraping the slush pit. His machinery consisted of a pair of mules and fresno scraper. I volunteered to operate the scraper while Andy directed the mules to the desired spot for loading and unloading.

After each man had completed his assignment and everything was in readiness, we looked out over the prairie at a cloud of dust that soon revealed a caravan of cars similar in number to the army vehicles of Villa's army in Mexico. This caravan carried most of the population of Artesia, and surrounding community coming to witness the spudding of the well, and partake of the dinner on the grounds.

THIS WAS a most hospitable number of folks as I ever met, and amongst them, I noticed one who was very observative and serious minded. He observed every move made and even the surrounding country. Thought at the time, he may be looking for someone else to arrive but found out he was trying to see what geological possibilities this area had for oil.

He was Martin Yates, Jr., our main character for this story. After hitchhiking a ride back to town and while in an optimistic mood, I filed claim for homestead on a section a few miles east of the well we spudded, and returned to Oklahoma to make report to the wife, and obtain her consent to come to New Mexico and comply with requirements of this homestead filing which required a residence of one year after which application may be made for title.

We made preparations and loaded our belongings into and onto a model T Ford touring car. After five days hard driving, shoveling sand, patching tubes, carrying water from windmills to cool the boiling Ford, crossing cattle guards through cow pastures and opening gates and closing them, we arrived in Artesia about 10 a. m., Sept. 20, 1924. We obtained a room at the famous Hardwick hotel, bathed, put on some fresh clothes, then strolled up the street to one of the two cafes where they served meals family style with customers seated at one of those long tables we now read about.

WE NOTICED two waitresses.

one stationed near each end of the table, were quite busy waving newspaper flags attached to the end of sticks with the paper cut into narrow strips, and the purpose was to keep the flies shooed from the food while the customers partook of the food.

Soon after we were seated, a mechanic from an auto shop came rushing in too hurriedly to wash his hands and face, and taken a seat next to the Missus. Everyone seemed so occupied feeding their faces, about the only sound was the crunching of food.

Realizing the Missus was much fatigued from the long hard trip, I was trying to make things pleasant as possible, then due to her expectancy to become a mother in about six months realized that the food under best of conditions were not too appetizing, so I looked around to see how she was doing, and she was doing nothing other than let tears run down her cheeks. Asked if anything I could do for her, she said yes take me home. I knew what she meant. She was already homesick. We returned to our hotel room for a rest and some time later, heard a commotion down on the street. Some one was spilling and crying out some kind of language, so we went to the window and observed a horse drawn wagon loaded with one bale of cotton and a man standing thereby doing the spilling.

WE FOUND OUT later the man was not windy, but W. E. Ragsdale doing the spilling, and he was auctioneering the first bale of cotton ever to be ginned in Artesia. If my memory serves me correctly, the cotton was sold to the First National bank as high bidder. In trying to console the wife and cure the case of home sickness, I told her this cotton show alone, was indication that Artesia had a greater future than we had anticipated, but the case was not so easily cured with this one treatment of optimistic conversation as I had thought it might be, however, repeated variety of treatments finally produced results.

We are now approaching the subject and the character we had in mind in the beginning. The subject is oil and the character is Martin Yates, Jr., and we cannot omit mention of his good wife, Mary.

HAGERMAN NEWS BRIEFS—

Miss Rita McAlister Given Shower at Methodist Church

By MRS. BYRON OGLESBY

Miss Rita McAlister was honored with a pre-nuptial shower Friday afternoon in the undercroft of the Methodist church with Mrs. Max Wiggins, Mrs. L. E. Harshey, Sr., Mrs. Louise Brown, Mrs. W. J. Chrisman and Miss Wanda Estes as hostesses.

The honoree, who wore a daintily figured nylon frock made with very full skirt, entered as Miss Priscilla Brown, pianist, played Lohengrin's Wedding March, and was presented a corsage of pink rosebuds.

Miss Priscilla Brown and Miss Wanda Estes alternated at the piano and furnished lovely background music during the afternoon. Priscilla Brown presided at the guest book.

The large array of gifts were opened by Miss McAlister assisted by Wanda Estes, Mrs. Chrisman, and Mrs. Tommy Kruse, cousin of the prospective groom.

Refreshments of punch, decorated cake, and assorted mints and nuts were served from a lace-covered table centered with a lovely arrangement of seasonal flowers. Other bouquets were used in decoration about the room.

Some 30 guests attended, and several sent gifts.

Miss McAlister is the bride-elect of the Dayton townsie.

THERE WERE others, but these mentioned were the principal shows, and due to their shallow depth, had created considerable interest and conversation on the subject of oil, and seemed to prompt certain ones to try to promote the well we have mentioned as being spudded with ceremony and dinner on the ground.

We found this promotion scheme possessed limited means and oil was not discovered under the grass roots as apparently was expected. Messrs. Flynn and Welch of the Illinois oil company were drilling a well in west edge of the Dayton townsite by use of a standard rig and the old grass or hemp drilling line which is not familiar to the modern operators.

I remember Jim Berry was one of the drillers on this well. Martin Yates, Jr., was trying to drill for oil on upper Seven Rivers, and since his location was on our road of travel to and from our homestead, we often come in contact with Martin. We will have more to say about his efforts in tomorrow's issue.

Size First Thing When Buying New Refrigerator

By VIVIAN BROWN
AP Newsfeatures Writer

DO YOU KNOW what to look for in a refrigerator? Many householders confronted with this problem for the first time find it puzzling. There are so many decisions to make — whether certain features are worth extra cost, how large a refrigerator is necessary for a particular household, whether to buy white or colored appliances.

The first decision is size. An 8-cubic foot refrigerator usually is recommended for a family of three, a 10 cubic foot refrigerator for a family of five and 11 to 15 cubic feet for households of about 8 persons.

A frozen food compartment is a great help to the woman who must plan food in advance, who has a husband and children who takes sandwiches for lunch, and who wishes to reduce food cost by careful quantity buying.

Homemakers who prefer fresh vegetables may favor a refrigerator equipped with a larger vegetable container or crisper. These are containers in which fruits, vegetables and other perishables may be stored without losing top quality.

Some refrigerator models offer additional storage space on the inside of the door which helps expand the size of a refrigerator. Check shelf accessibility. New models have shelves that roll-out. Others are the "lazy Susan" type which do away with blind reaching or accidental spilling of stored foods.

Automatic defrosting units erase the task of defrosting requiring the removal of the contents of the refrigerator. Often a refrigerator takes so long to defrost that frozen foods are spoiled.

If you entertain often you will not only want a roomy refrigerator to hold the multitude of dishes you may make in advance, but you'll probably want a refrigerator that produces a large number of ice cubes rapidly. Newer refrigerators produce a batch of ice cubes in about 90 minutes. Some continue to make ice cubes automatically as they are removed from the tray.

There are many pastel colored kitchen appliances of porcelain enamel on the market. There are cheerful blues, green and yellows for a purchaser with an eye for color design. But white is a best bet for long range planning. You can put all your color into kitchen accessories which may be changed when you grow tired of them.

in a Harding county family have died and a third is under observation in a Raton hospital, in a case suspected by health authorities as spinal meningitis.

Cause of death of the children of Andres Tito Trujillo, county Republican chairman, has not been determined, but Mrs. John Bonomo, county health nurse, said the dread disease is suspected.

An infant daughter of the Trujillos, Dolores, 2½ weeks old, died suddenly Saturday. While hundreds of relatives and friends were at the Trujillo home for funeral preparations, 12-year-old Sheila, another daughter, died suddenly.

Their deaths were less than 24 hours apart.

Three-year-old Lena became ill Monday, and was rushed to the Raton hospital. Her condition is reported as good. Sulfu drugs have been administered to the people in contact with the family.

Younger Set Is Given Not on Win In Tam O'Shanter CHICAGO, (AP) - For the first time in a dozen years, golf's younger set is given a good chance to crash through the so-called old guard and cash in on the richest tournament in history - the "world" championship opening today at Tam O'Shanter.

Only the more hard-bitten pros have come through in the past, the youngest winner of any Tam title being Byron Nelson who took the honor in the 1941 inaugural at the age of 29.

With \$50,000 in cash and a \$50,000 exhibition contract going to the winner, favoritism rests with such seasoned campaigners as San Sneed, Cary Middlecoff, Lloyd Manrum, Jimmy Demaret, Peter Cooper and the recent all-American winner, Jerry Barber. All are over 40 or pushing it.

But there are at least three youngsters who are not too awed by the big prize as the 72-hole stampede starts today.

They are British Old champion Peter Thomson of Melbourne and Gene Littler, each barely 24, and 27-year old Bob Toski, now registering from Livingston, N. J.

Home Interests Favored in Move To Buy Athletics

PHILADELPHIA, (AP) - Home-grown offers to buy the Philadelphia Athletics ball club appeared today to have the inside track in maneuvering designed to end the 54-year-old regime of the Mack family.

But there is still nothing definite that either the home town offers or the proposal from Chicagoan Arnold Johnson will be accepted by the Macks involved - Connie Mack Sr., and his two warring sons, Earle and Roy.

The Macks and the other two members of the board of directors, Eastern League president Thomas Richardson and Gordon Burlingame, put off any definite stand on the future of the financially shaky franchise yesterday after two reportedly uproarious sessions.

Park PTA Takes First Prize With V-J Day Parade Float

Prizes in the annual V-J Day Ranch Hands Rodeo Parade were announced late yesterday. They went to Park PTA, first; Girl Scouts, second; and the Veterans of Foreign Wars Auxiliary, third.

The three prizes amounted to \$50, \$30, and \$20, in the main part of the parade.

In the kids division Jimmy Scroggin was awarded first prize of \$10. Jimmy was dressed as a clown.

The second place prize of \$5 was awarded to a youngster riding a yellow-decorated bicycle. Judges and Chamber of Commerce have not been able to determine who the prize-winner was and have requested anyone knowing identity of the youth to call the C of C office.

Chamber Mgr. Paul W. Scott extended his thanks to everyone who helped make the parade a success and said his especial thanks and much credit go to Bill J. Duke, parade marshal.

Scott said the parade was the longest of its type ever put on here.

The bureau of public roads, who will then prepare a property plat and easement forms for the city and the Chamber of Commerce. The forms will show what right-of-way is needed.

The traffic count on Artesia streets by the bureau of public roads is designed to aid the city planning commission and its consulting firm of city planners in mapping a comprehensive Artesia city plan.

The information will be forwarded to Bartholomew & Associates of St. Louis, who will on the basis of that information map such vital city features as through streets, recommended zoning, traffic signals, and other traffic facilities.

The city planning program is expected to take approximately 18 months to two years for completion.

scuffle and the separate fight in which Soldado stabbed Gomez.

The fight broke up almost immediately afterward, he said, and the Carlsbad gang got in its cars and headed for home via the potash loop road east of Artesia.

The youth said Soldado wiped the butcher knife off with his handkerchief and threw it from the car about a quarter mile east of Artesia.

Also in the car, he said, was a "white knife" and a linoleum knife with a hooked blade.

Morris said he expected to call Deputy Sheriff Carl Hawkins of Carlsbad and State Patrolman D. A. Conine after the luncheon recess.

to be paved in northern Artesia.

Estimated cost of the project, which was recommended to be a triple penetration pavement, is \$300,000. That figure would cover a paving operation based on a 36-foot wide street with gutters and curbs included.

THE COUNCIL DECIDED TO send out feelers to bonding companies to find out what kind of arrangements can be worked out to finance the proposed paving.

Carlsbad, Hobbs Race Applications Filed With State

ALBUQUERQUE — The secretary of the state racing commission says the commission has received requests for permission to set up horse racing tracks at Carlsbad and Hobbs.

Secretary Ray Lewis said yesterday the commission would not act until Nov. 15 at the earliest on the applications.

Lewis said Bill Lambkin of Westminster, Calif., had applied for the Carlsbad track. He did not remember the name of the man who had asked for race day dates and offered no other information in applying for the Hobbs track.

Lambkin has \$250,000 to put into the Carlsbad track, Lewis said.

The racing secretary said Lambkin told him he had closed operations and was moving to Carlsbad. A group of ministers at Carlsbad has filed a protest against establishing a race track there.

More Rain Seen For State; Road Flooded at Hatch

By The Associated Press

After a slight drying out period, moisture is headed back into New Mexico, the district weather bureau reported today.

Just enough moisture conditions are in sight, the bureau said, to keep the phrase "scattered thunderstorms and showers" in the forecast for Friday and later today.

But it wasn't just a scattered shower which caused a break in U. S. highway 85 near Hatch late Wednesday, backing up traffic three miles on each side of an arroyo cut across the road.

The flash flood waters came from a cloudburst in the Ubas Mountains south of that southern New Mexico community and marked the second consecutive day a main highway artery had been blocked by water. A flash flood Tuesday caused a king-sized traffic jam of an estimated 4,000 automobiles near Budville on U. S. 86 west of Albuquerque.

The Hatch break was about six miles south. There was considerable damage to concrete and oil topping and to the roadbed itself. One semi-trailer truck had to be hauled from the flood-cut gash by highway department equipment.

McCarthy, Witness Furiously Accuse One Another

WASHINGTON — Sen. McCarthy (R-Wis.) and a witness who refused to say whether he is a Communist denounced each other in a stormy public hearing of the Senate investigations subcommittee today.

The witness, Louis Passikoff of Schenectady, N. Y., accused McCarthy of a "conspiracy" with Passikoff's employers, the General Electric Co. He challenged McCarthy's right to question him "while you, senator, face very serious charges" in the form of the censure resolution Sen. Flanders (R-Vt.) has aimed at McCarthy.

McCarthy threatened repeatedly to have Passikoff ejected from the hearing, enlivened also by a brief verbal clash between the senator and Passikoff's wife, who shouted that McCarthy was trying to "smear" her.

A petition signed by 31 people was presented the council. The petition objected to what it called "unsanitary conditions and unnecessary noise" in the Petty apartment area in north Artesia.

The petition was discussed and checks into the city health code and further investigation of the complaint are to be made.

Also mentioned was the need in north Artesia for some kind of street marker. City supervisor W. D. "Doug" Fowler is to make a check into the possibility and cost of setting up four-inch pipe on corners with the street names painted on the side.

The final reading of the new sewer bond was given. It was approved.

The rodeo continues with performances nightly at 7:30 Thursday, Friday, and Saturday nights. A crowd estimated at well over 3,000 attended last night's opening performance.

Close Grazing, Mowing Hurts Grass Stands

Close grazing or mowing of grass during the growing season—especially in periods of stress, such as drought, or in late fall—may interfere with establishment and maintenance of a good stand.

That's what tests carried out by the soil conservation service at the USDA research center at Beltsville, Md., have shown. Taking off one-half or more of the foliage during the growing season caused

grass roots to stop growing for a time after each clipping. This was true for both cool-season and warm-season grass species.

Removal of 40 per cent or less of the foliage, on the other hand, didn't halt root growth at all.

A single cutting that removed more than one-half of the foliage was found to stop root growth for periods ranging from 6 to 18 days. Repeating these severe clippings periodically, as in a system of rotation grazing, prevented root growth of all grasses for 25 to 45 days.

The percentage of roots that stopped growing varied with the amount of top that was taken off. Clipping of 50 per cent of the foliage caused 2 to 4 per cent of the grass roots to stop growing for 14 days. But removing 90 per cent of

the foliage halted root growth completely for 17 days and 40 per cent of the roots were still inactive at the end of a 33-day test.

F. J. Crider, who conducted the tests at Beltsville, says the damage from repeated heavy clipping is significant for both soil conservation and pasture management. Reducing the top by more than one-half, he explains, upsets the functioning of the root system and plant as a whole.

With repeated cutting or grazing of more than one-half the foliage, the grass cannot replenish its food reserves. So the effects of root inactivity are lasting. The plant thus weakened is less able to resist erosion and grazing, as well as drought, cold, and disease.
