Trapped Truck Driver Dies as Wreck Bursts into Flames East of Artesia

Benefits, Tax To Pay Bill Are Boosted

Trapped in the cab of his overturned truck, a 24-year-old Texas truck driver burned to death as a friend stood and watched in helpless anguish following an accident on the Pecos river bridge east of Artesia yesterday afternoon.

State Patrolman A. J. Smith identified the dead man as Earl Henry Christopher Alberthal, Fredericksburg, Tex., who with another was driving one of two trucks bound for Hagerman for loads of hay.

Harvey Ellebracht of Doss, Tex., whose truck was behind Alberthal's when the accident happened at 3 p. m. yesterday, said he reached the overturned truck's cab shortly after the accident.

Alberthal was then still living, Ellebracht told the Artesia Advocate. Ellebracht could not tell the extent of Alberthal's injuries.

Alberthal warned his friend and an unidentified passerby to stand back from the truck, since dripping gasoline might burst into flame, and he could not shut off the ignition key.

Ellebracht ignored the plea, and was nearly engulfed when fire blazed as the truck's gasoline burst into flame.

Artesia firemen were summoned to the scene, but Alberthal died shortly after the fire broke out. His body was removed by firemen and police.

Patrolman Smith said the accident, which occurred 3.6 miles east of Artesia, apparently resulted from Alberthal's falling asleep at the wheel of his truck and semi-trailer.

The big truck swerved off to the right shoulder, skidded 130 feet, hit a bridge abutment, straddled the bridge's concrete railing, then overturned on its top on dried swamp beside the bridge.

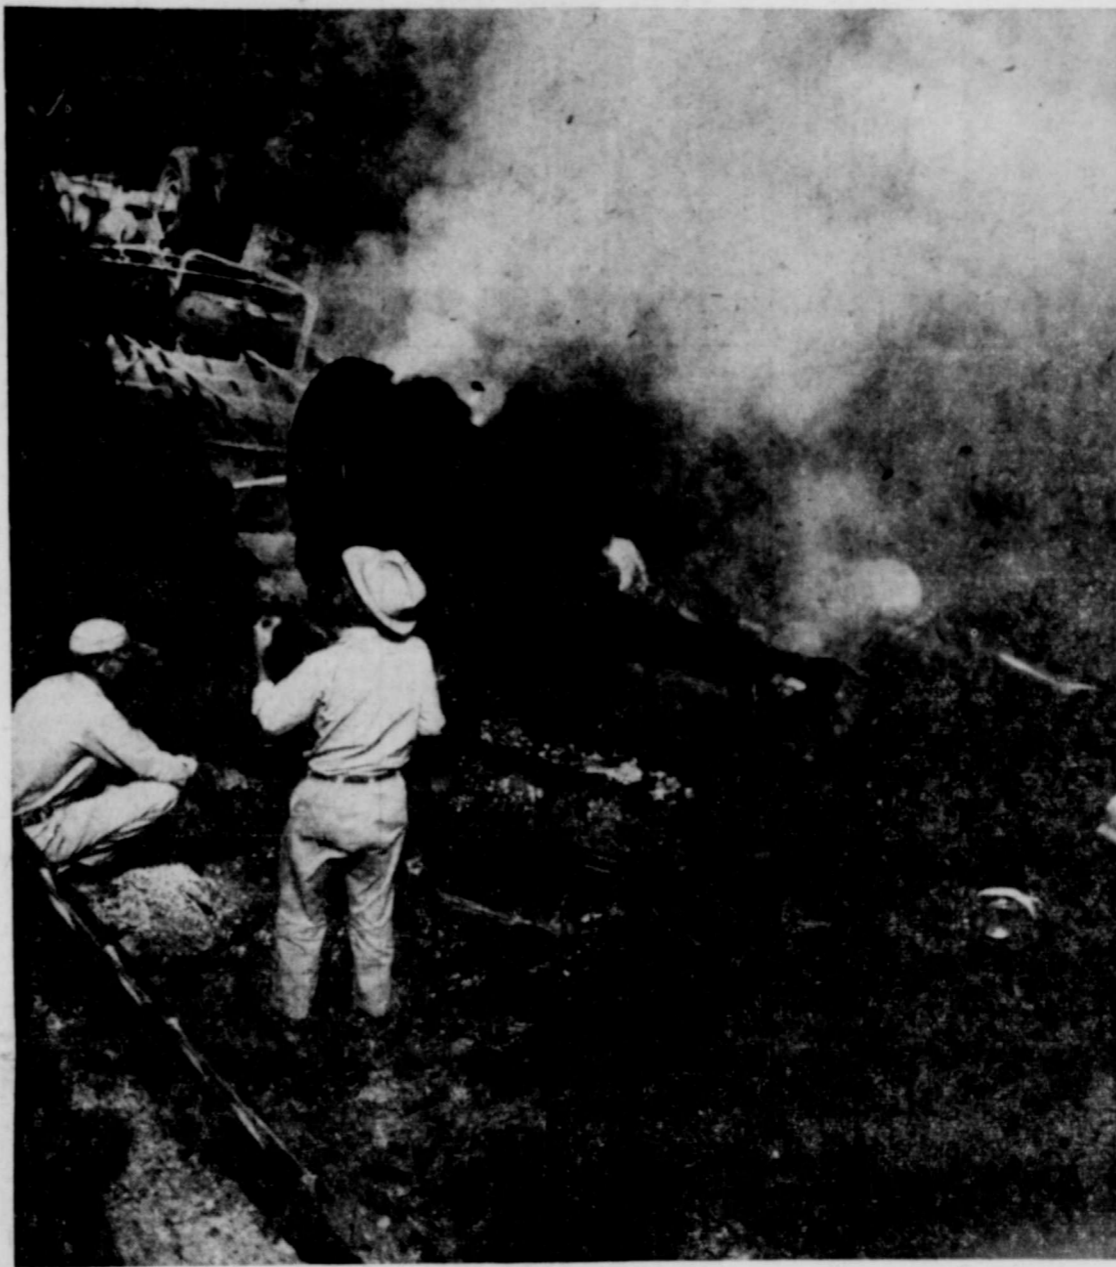

Ellebracht stopped his truck, following Alberthal's accident, and ran to the truck cab, where he talked to his friend, then still alive.

Both were employed by Elgin Kneese, Fredericksburg, Tex., truck operator. Ellebracht said they had driven the 500 miles to Artesia since before daybreak yesterday. However, he said, he did not believe Alberthal was so tired as to fall asleep.

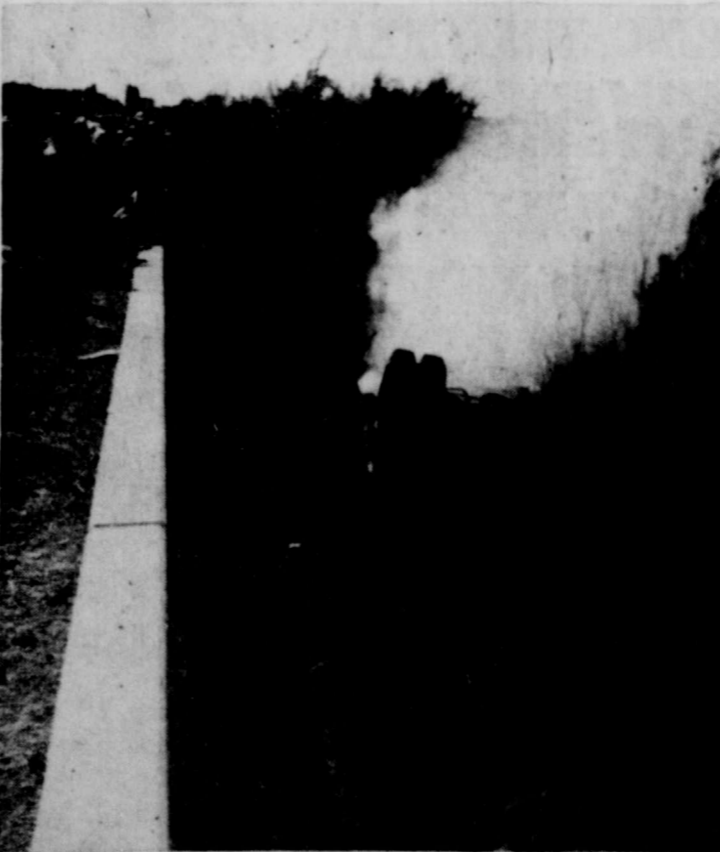

Police found a pistol near the cab of the overturned truck. A theory was advanced Alberthal might have been handling it as he drove, and accidentally shot himself. However, there were no shells in the chamber of the truck.

Alberthal had been driving for Kneese about two years. His body was returned early this morning to Fredericksburg for a funeral service.

He is survived by his mother and two sisters.

WASHINGTON — The Senate-House conference committee agreed today on a compromise social security bill extending coverage to more than 10 million additional persons, and raising benefits and the taxes to pay for them.

The bill, last major piece of legislation holding up adjournment of Congress, was to be rushed to the House floor for expected quick passage, then sent to the Senate for final congressional action.

The conferees settled their major difference by agreeing to put under compulsory coverage 3,600,000 farm operators as a key by President Eisenhower.

This represented a capitulation on the part of the Senate conferees and a victory for Rep. Daniel A. Reed (R-N.Y.) and his House group.

Sen. George (D-Ga.) told reporters he had refused to sign the conference report because of the decision to include the farm operators. He held the proxy of Sen. Byrd (D-Va.), the other Democratic senator on the conference, and said Byrd also would not sign.

Asked if he would oppose the report in the Senate, George said merely he would vote against it, indicating he planned no fight to block it.

The Senate and House versions of the bill were in general agreement on new benefit scales and on raising the tax base from \$3,600 to \$4,200. Their only major difference lay in just which additional workers should be covered by the legislation.

Hobbs NAACP Head Predicts No Violence

HOBBS — The president of the Hobbs branch of the National Association for the Advancement of Colored People says "no racial difficulties are anticipated" in attempts to end segregation in Hobbs schools.

S. H. Evans, head of the local branch, said, "The cool-headed people of Hobbs, both white and colored, will see that there is no trouble."

Yesterday, a Baptist minister, the Rev. Bill Carter, said he feared there would be riots in Hobbs over efforts to mix Negro and white children in public schools.

But Mrs. J. T. Armitage, an officer in the Hobbs branch of the NAACP, said her three children registered yesterday in Hobbs formerly limited to whites, and "they were received cordially."

One is in elementary school, another in junior high and the third in high school.

Fred Washington, former president of the Hobbs organization, said also that he had "found no evidence of ill feeling."

The three Negro residents of Hobbs attended a meeting last night called to discuss the matter after Carter voiced his fear.

"I'm afraid there is no chance for peaceful settlement of the problem," Carter said. Then he added that he planned to give up leadership of a group opposing school desegregation in Hobbs because, he said, he does not believe a minister "should be associated with a group if rioting is in prospect."

The Hobbs school board ordered complete desegregation in compliance with a ruling by the U. S. Supreme Court. The group headed by Carter asked district court for and the board has until Aug. 29 to answer.

GOP Rally Will Fete Mechem, Stockton

Artesia and Eddy county Republicans will host the party's top candidates, including Gov. Edwin Mechem and gubernatorial candidate Alvin Stockton, at a public "mealmotion feed" here tomorrow afternoon.

The event is scheduled for 5:30 p. m., at Artesia Municipal Auditorium on N. Thirteenth. Eddy county GOP Chairman E. E. Kinney said the event would be a "mealmotion feed" in time for fans to attend.

GOP Flashes Battle Flags in Roswell

By The Associated Press — New Mexico's Republican candidates waved their battle flags in Roswell today, inviting the public to an all-day "coffee" to meet them and size them up.

Alvin Stockton, GOP candidate for governor, explained, "We want to meet as many Chaves county voters as possible."

With him as the GOP campaign was encamped in the southeast corner of the city were many of the party's top state candidates.

Stockton said one of the problems the state will have to face is how to stand on the company over whether certain federal taxes should be eliminated.

He cited the gasoline tax as an example of complexity of the issue. Federal gasoline tax, he said, is about higher standards in construction, and that would mean levying such taxes.

He said New Mexico's great source of federal land, from which the state receives little revenue, is being sold off.

Fans Get Only 10 More Home Games to See NuMexers Play

With just 10 home games remaining on the Artesia NuMexer schedule, it will be up to fans to decide whether or not the club will play the year in the black.

"So far we're in the black," Pres. Lanning said, "and we want to keep from using red ink."

The unaccountably, he said, attendance has been dropping during the NuMexer home stands.

Lanning emphasized that "whether we end the year in the black or red is going to influence the decision as to whether or not we'll play baseball in Artesia again next year."

The matter received serious attention at a baseball board of directors meeting this week.

L. D. Smith, secretary-treasurer of the club, pointed out "we've lost some home series this year, and

the Artesia-Sweetwater baseball game. Mechem is the GOP nominee for U.S. Senator, who will oppose Sen. Clinton P. Anderson, seeking reelection in the Nov 2 general elections.

Other candidates expected at the rally include Charles Battiste of Carlsbad, candidate for lieutenant governor; Warren Cobean of Roswell and Thomas H Childers of Santa Fe, U.S. representatives; Mrs. Herman G. Baca, Santa Fe, secretary of state; W. T. Baughman, Santa Fe, state auditor; Ernest Hawkins, Moriarty, state treasurer.

Cost of Living Climbs in June, Brings Raises

WASHINGTON — Higher food prices, attributed mainly to drought conditions, sent the government's living cost index up slightly in July. It was the third straight month of rising costs and will mean a penny-an-hour pay boost for one million workers in the auto, aircraft and farm equipment industries.

The bureau of labor statistics reported today that its index for July was 115.2 per cent of the 1947-49 living cost average. This is just two-tenths of a point under the record reached last October.

Workers who will get an automatic pay rise have union contracts tied to the index. These workers took a cut of a penny-an-hour last April because of living cost declines.

Slate Last of Concerts in Park Series

Artesia's final band concert in the park for the summer season will be presented tonight by the combined 55-piece Artesia Municipal and Artesia Senior high bands.

Concert time is 8 p. m. in Central Park.

Band Director Justin D. Bradbury said the band to play tonight will be the largest staged for the summer concert series.

Tonight's program is topped by a variety of high popular band numbers, ranging from popular tunes to marches and overtures.

Among the popular tunes are two Rogers and Hammerstein hits "Some Enchanted Evening" and "If I Loved You."

The program also includes three marches and two overtures. It will conclude on a patriotic note with "America the Beautiful" and "God Bless America."

The concert will be the third in the 1954 summer series.

Child Is Stricken With Poliomyelitis At TB Hospital

By The Associated Press — Little Gloria Williams, 4, was stricken with polio while undergoing treatment for tuberculosis at the state sanatorium in Socorro, health officials say.

No one knows how the child contracted the disease while in the hospital, officials said, but 62 persons there, including 46 child patients, have been inoculated with polio-fighting gamma globulin since her case was discovered.

She has been transferred to the Crippled Childrens Hospital at Truth or Consequences, Socorro Supt. Dr. Bela Szigetzi said. (Continued on Page 8)

Highway Deaths Of Two Raise NM Toll to 209

By THE ASSOCIATED PRESS — The owner of the Cloudford Lodge slammed into the side of a tunnel and a trucker, trapped in his wrecked cab, burned to death late yesterday to raise the state traffic death total to 209.

Johnny Ritter, prominent Las Cruces businessman who recently bought the big Cloudford resort hotel, was killed when his car hit the side of a tunnel on State Road 83 between Cloudford and Alamogordo, state police said.

They also reported the fiery death of Earl Henry Christopher Alberthal, 24, Fredericksburg, Texas, trapped alive in his truck and burned to death when ignition sparks ignited his burst fuel tanks after his vehicle careened off the highway into a bridge near Artesia.

State Police Capt. E. A. Tafuya said Ritter apparently failed to straighten out at the end of a curve leading to the east end of the tunnel and crashed into the side of its mouth. He died in an Alamogordo hospital shortly afterwards.

RESIGNS PRESIDENCY — Mrs. A. E. Linell has resigned the presidency of Alpha Nu chapter of Epsilon Sigma Alpha sorority. The resignation became effective last night.

Young Demos adopted a program to push the two-point program, which is to be set into motion in the near future, and set another meeting for Wednesday, Sept. 1.

They also received a telegram from T. E. Brown, Sr., of Artesia, state Democratic chairman, wishing them luck in their organization.

Two U.S. Infantry Divisions to Leave

SEOUL, (AP)—Two U. S. infantry divisions—the 25th and 2nd—will be pulled out of Korea "in the immediate future," the Army announced today, but they will not be transferred as units.

Two other American divisions scheduled to leave Korea before the end of the year have not yet been identified.

Gen. Maxwell D. Taylor, 8th Army commander, said there will be "considerable shuffling" of men in the 2nd and 25th to give men with long service in Korea priority.

Ice tea and cookies were served from the lace covered refreshment table with its centerpiece of summer flowers, to eight members and one guest, Mrs. Norris Jackson. A special announcement was made of the called meeting of the Council of Church Women to be held at 2:30 Monday afternoon in

Four Circles of Methodist Woman's Society Meet Thursday

Circles of the Woman's Society of Christian Service of the First Methodist church met Thursday morning at 9:30.

Mrs. F. L. Bays was hostess to circle 1 and served coffee and gingerbread with whipped cream as soon as the guests gathered. Mrs. Howard Gissler presided in the absence of the president, Mrs. S. L. Doolittle. Mrs. J. R. Miller led a meditation on Anna as told in the second chapter of Luke.

Mrs. George Thalman gave the program, "Ambassadors for Christ." She was assisted by Mrs. George Dixon, who gave a short summary of the work done by Dr. Helen Kim in Korea, Mrs. Howard Gissler gave a report of the work of the late Dr. Rebecca Parrish in Korea. Mrs. Glenn Knight is a new member.

Mrs. Elmer Jeffers was hostess to circle 2 at her home with Mrs. "Peace and Better International Order." Punch and cookies were served to fifteen members.

Circle 3 met at the home of Mrs. Verlon Davis with Mrs. B. U. O'Neill presiding for Mrs. H. C. Allen. Mrs. Maynard Hall was program leader and gave a personal experience, "How I Learned to Pray." Mrs. Davis served doughnuts and punch to ten members.

Mrs. H. Floyd Davis led the worship and the program at the meeting of circle 4 in Fellowship Hall. She gave a report of the meeting of the Council of Church Women held Aug. 13, then told the story of Billie Davis who grew up in a migrant family. Billie Davis took advantage of the opportunities offered in our public schools and grew into a happy, well adjusted adult and citizen.

Mrs. Davis had heard her speak in Madison Square Garden earlier in the summer when the Davis' attended the meeting of the National Education Assn.

Ice tea and cookies were served from the lace covered refreshment table with its centerpiece of summer flowers, to eight members and one guest, Mrs. Norris Jackson.

A special announcement was made of the called meeting of the Council of Church Women to be held at 2:30 Monday afternoon in

Methodist Class Meeting Attended By 100 Members

Approximately 100 people gathered at the home of Mr. and Mrs. Orval Gray in the Cottonwood community to enjoy a covered dish supper served from long tables in the yard. It was the August meeting of the Hustlers' class of the First Methodist church.

After supper, A. W. Harrall conducted the business meeting. The report of the nominating committee was read by Bill Connor. These officers were elected: President, Burr Stout, vice president, Wallace Johnson and secretary-treasurer, Mrs. Milton Houston. Bob Barrett, Vernon Mills and Dr. C. P. Bunch will continue as teachers. The next meeting will be held at the home of Dr. and Mrs. C. P. Bunch, September 16.

Harrell and Mrs. S. A. Davis thanked the group for the response given them during the two years they served as president and secretary-treasurer. Wallace Johnson expressed the appreciation of the class for the fine leadership of Mr. Harrall and Mrs. Davis.

Visitors were Mrs. A. E. Fisher of Cherokee, Okla., and a former member of the class, Homer Heathman of Clovis.

Mr. and Mrs. Manville Weems and daughters, Gayle of Neosho, Mo., and Mrs. Loyd Noel of Big Springs, Mo., arrived this week to visit parents and grandparents. Mr. and Mrs. O. E. Nickey, 801 S. Second.

You Know So Much About Its Owner!

Of course, you don't know the name of the gentleman who holds the title to this beautiful automobile. We can't tell you ourselves who he is. We don't know his name, or his occupation, or the mission that brought him to this particular spot.

And yet, we feel—as you undoubtedly do—that we know a great deal about him!

We would surmise, for instance, that he is a well-known and widely respected member of his community—and a prominent figure in his daily profession.

We would guess, with reasonable certainty, that he is a person of sound judgment and excellent taste.

We would be willing to venture that he places great value on the comfort and safety and well-being of his family and his friends.

And we would feel safe in saying that he is the sort of person you would like to know.

For anyone who has enjoyed the privilege of daily contact with Cadillac owners—as we have—understands that the vast majority of the men and women who drive this distinguished car share a great common bond in all these respects.

Owners, the world over, will testify that the wonderful things a Cadillac says about you constitute one of the finest rewards of Cadillac ownership. But it is important to remember that Cadillac's eloquence is essentially a by-product of Cadillac's quality.

And this quality has never before been so manifest as in the Cadillac creation currently in our showroom. It is beautiful... and distinguished... and luxurious... and fine in performance—to a degree unprecedented, even for the "Standard of the World".

Why not stop in and see us soon for a personal inspection and demonstration? You'll be a most welcome visitor at any time!

State Department Is Fearful French May Kill Army Hopes

WASHINGTON (AP)—State department officials from Secretary of State Dulles down were reported fearful today that new French defense proposals might kill the long-cherished six-nation European army plan.

Authoritative American informants seemed convinced changes in the European defense community plan, proposed by French Premier Pierre Mendes-France, were far too drastic to be accepted by the other countries involved.

And they foresaw little or no chance that the other proposed European army partners—West Germany, Italy, Belgium, the Netherlands and Luxembourg—could find any formula for reconciling their own views with the new French attitude.

Congress Faces Must Bills In Hoped-for Final Meeting

WASHINGTON (AP)—Congressional thoughts roamed to vacation-land, home and campaign politics today as Senate and House entered what just about everybody said would be the last day of the session.

All the really big, controversial bills were out of the way—passed or pigeonholed—and a couple of "must" items still left didn't loom as barriers to a speedy adjournment.

The day's "must" business was: 1. A measure to expand and liberalize old age pensions under the social security program.

While the outcome was in doubt as the Senate took this up, a unanimous-consent agreement to limit debate assured a verdict there wouldn't take long.

Seventy-eight-year-old Sen. Neely (D-WVa) complained in a loud

voice to fellow senators last night that they'd spent altogether too much time talking so far. Pointing to two thick stacks of the Congressional Record, he shouted that his colleagues "are guilty of talking senators to death—we've talked three or four to death this session."

The Senate sent to the House 79-0 yesterday, and the House to the White House 265-2, a much-tossed-about bill to strip the Communist party of legal rights and take away labor law privileges from Communist-infiltrated unions.

Also passed by House and Senate and given to the President for signing: a \$5,243,575,795 appropriation to run the foreign aid program for the year. This was the last money bill on the docket.

Four Homers Pace NuMexers To 12-2 Win; Home Saturday

DiMaggio Gets Win, Yields Three Hits

MIDLAND — The Artesia NuMexers combined the three-hit pitching of Bart DiMaggio with a terrific hitting performance to overwhelm the Midland Indians 12-2 Thursday night.

The NuMexers play another game tonight at Midland, then return home for games Saturday and Sunday against the Sweetwater Spudders. Following the two Sweetwater games, the NuMexers will have only eight games left in their home season.

Monday and Tuesday Artesia will meet the Potashers at Carlsbad. Last night's Artesia win and Roswell's loss 10-7 to Odessa put the NuMexers eight games into first place in the Longhorn league.

The New Mexico hitting attack featured a quartet of home runs, a triple, and a two-bagger as the lanky Artesia righthander kept the Indians handcuffed with two scattered singles and a two-bagger.

Artesia jumped into a four-run lead in the second inning and they were never in serious trouble, although the Indians came back with their own two-run attack in the last half of the second.

The New Mexicans kept getting stronger as the game wore on and two home runs by Mickey Sullivan and one piece by Frank Gallardo and Dan Howard set the pace for an attack which netted eight runs in the last four frames.

The Indians scored their two runs on walks by Tom Barton and Pat Waters, and the two-bagger by catcher Chuck Ortosky.

Santa Fe Team Wins Over Hill Club in Softball

LOS ALAMOS, (AP)—Jerry O'Connor gave up only two hits last night as he led Frank's of Santa Fe to a 10-1 victory over M&S Garage, Los Alamos.

In the other game in the state softball tourney, George Harvey hurled Radio Service of Los Alamos to a 4-1 victory over McNulty of Santa Fe.

Teams from Albuquerque, Farmington, Hobbs and Clovis, as well as Los Alamos and Santa Fe are taking part.

Braves Need Encouragement for Miracle Flag Race—Drop Two of Three to St. Louis Cards

By BEN PHEGAR A Sports Writer

The "History of the 1951 Pennant Race" became required reading for the Milwaukee Braves today.

Written into the annals of the National League by the New York Giants, this remarkable record provides convincing and recent proof that baseball miracles are possible.

Although firmly believing they are the new team of destiny, the Braves could use a little solid encouragement. They lost two out of three games to St. Louis, including a 2-1 10-inning thriller yesterday, and now trail New York by 5 1/2

Odessa Uses Two Big Innings To Lick Roswell By 10-7

ROSWELL, (AP)—Odessa utilized two big innings to whip Roswell 10-7 here last night with Mgr. Barney Batson, the big gun, driving in four runs.

Starter Gene Wulf was credited with the win, although Pete Braun had to save him in the sixth inning after Roswell closed the gap to 9-7.

Joe Bauman poled his 57th homer with one on in the first to get the Rockets off to a fast start and doubled in another run in the fourth. The fourth Rocket tally crossed in the same inning when Jim Pace booted Duane White's grounder.

The Oilers got to Rocket starter Sixto Hechavarria in the fifth, slipping five runs across as Batson's double was good for two of the runs.

Hechavarria was excused in the next frame and the usual parade of Rockets—Angel Oliva, Ramon Laza and Mario Cossio—followed.

Bob Bauer and Tony Di Primo had two hits each to stay with Batson in the batting department.

In the Roswell sixth Stubby Greer's two run double made it 9-7 and Braun came in to save the tilt.

He was rather sharp, allowing just one hit, walking one and another reaching base on an error.

Braun retired Bauman for the third out in the ninth with two runners aboard.

DoE connected for a triple in the ninth besides his homer.

Timmie Martinez was the leading hitter for Big Spring, getting three singles in five trips. But he didn't get credit for a single RBI.

Mgr. Al McCarty of the Spudders hit safely three times in four trips and picked up a pair of doubles while John Wingate and Stevens each tripled for the Spuds.

Big Spring broke loose for four runs in the fourth inning, the beginning of the drive which annihilated Sweetwater in the long, two-hour and 45-minute contest.

DoE started it with his solo homer. Bob Martin then singled and Pete Simone got on by error. Hollis walked, McKenna walked and Caballero singled.

Upset Tennis World Righting In Doubles

BROOKLINE, Mass. — If the current national doubles tournament is any indication, the upset-ridden tennis world apparently has righted itself.

Since the Davis Cup at Melbourne last December, there has been a predominance of form reversal in the major tournaments. But halfway through the men's quarterfinals and at the start of the women's semi-finals today this event is running strictly to the favorites.

Today's men's quarterfinals match Australia's Rex Tartwig and Neile Fraser, No. 2 foreign seeds with third seeded Americans Hal Burrows of Charlottesville, Va., and Straight Clark of Pasadena, Calif. Top-rated Vic Seixas of Philadelphia and Tony Trabert of Cincinnati face fourth seeded Bernard Bartzan, San Angelo, Texas, and Eddie Moylan, Trenton, N. J.

Even now, however, they are much better off than the Giants were at this stage three seasons ago. Milwaukee still could do it all alone, without depending on a collapse by either the Giants or Brooklyn.

It could work this way. The Braves have five games left with the Giants. They've lost five more than the Giants. A sweep of the five would cancel out the New York lead. The Braves and Brooklyn play six more times and the Braves have lost only two more than the Dodgers.

In 1951 the Giants trailed Brooklyn by seven games as late as Sept.

1. They were still six games behind in the losing column on Sept. 20. Only a complete Dodger collapse in the final week paved the way to the playoff.

The Giants, apparently back in good health after a critical slump, won their third in a row, 5-0, over Philadelphia. Brooklyn again had to hustle for a 7-5 verdict over the hustling Pittsburgh Pirates. Cincinnati took two from Chicago, 7-0 and 6-3.

In the American league, Detroit and Cleveland split a twin bill. The Indians won the first game 4-3 but lost the nightcap 8-2, ending a nine-game winning streak. The Yankees whipped Philadelphia 8-5

Little League Playoffs Go in Third Day After Clem Victory

Little League championship playoffs entered their third day this morning after Clem Appliance took a split with Russell Appliance yesterday afternoon, 8-2.

Russell picked up the opener in the series Wednesday with a 10-3 win over their opponents but the win yesterday by Clem sends the

series into the third game this afternoon to decide the winner.

In Thursday's game Smith went the route for Clem giving up six while teammates were gathering 12 off Russell hurler Currier. Smith struck out three Russell batters and Currier whiffed four Clemsmen.

WARD CAMPBELL FAVORED
LONDON, Ont. (AP)—Harvie Ward and Bill Campbell, a pair of Southern shotmakers who are overdue in championship competition, were favored to sweep through semifinals in the Canadian Amateur Golf Championship today, and clash in Saturday's finals.

for their 10th straight and Chicago edged Baltimore 4-3.

Cleveland now leads New York by 2 1/2 and Chicago by 8 1/2.

Boston jumped ahead of Washington in their private battle for fifth place with an 11-6 triumph. Ted Williams broke his string of 17 hitless times at bat with a single and a double. He also walked four times.

Artesia Pro Enters Clovis Invitational

CLOVIS — Twenty-five professionals teed off this morning on the first round of 54-hole medal action in the Clovis Invitational golf tournament.

The field is headed by J. D. Taylor of Santa Fe who became a strong favorite to dethrone Dick Turner of San Angelo, the defending champion. On the strength of his six below par round in the pro-amateur event yesterday, Taylor shot a sizzling 66. Turner fired a 70.

However, neither headed the winning foursome in the pro-amateur event. Walter Thompson of Midland led his team of Earl Hoker, Paris, Texas, and Fred McGinnis and O. C. Elliott of Clovis to victory with a total score of 128.

More than 50 golfers are entered in the amateur division. They began qualifying today. Match play opens Saturday and concludes Sunday. Finals in the pro division are Sunday.

Among the pro entries are Bill Keith, Carlsbad; Ken Wright, Clovis; Tex McCharen, Farmington; and Joe Estrada, Artesia.

Las Cruces Is Leader in State Women's Tourney

ROSSELL, (AP)—Audria Palmer of Las Cruces swings into second round play of the championship flight in the State Women's golf tournament today after firing a scorching 73 to defeat Betty Willman of Albuquerque 7 and 6 yesterday.

Defending champion Dorothy Taylor of Santa Fe matches shots with Kathryn Williams of Clovis today, after defeating Mary Lou Butler of Albuquerque 2 and 1.

Mrs. Williams defeated Clara-belle Marshall, Roswell, 5 and 3. Audria Palmer plays Janet Robinson of Roswell, while Jo Boswell of Roswell opposes Guyette Hodde, Hobbs. Mrs. Hodde, the mother of six children, has a son, Henry, who is playing in the 9th annual Jaycee tournament in Albuquerque.

Em O'Neal, of Roswell, takes on Jane Goff of Los Alamos to complete the championship flight.

Semi-finals are set tomorrow, with a 36-hole championship match set for Sunday.

Five other flights play semifinals tomorrow and wind up their play Saturday.

Dallas Is Out From Eligibles For Play-Offs

By JOE BENHAM Associated Press Staff

The field of teams eligible for the Texas league playoffs stood at seven Friday, following Thursday night's mathematical removal of Dallas.

The once-proud Eagles lost even a mathematical chance at what would have been their third straight pennant when they dropped a doubleheader to Fort Worth 6-2 and 3-2.

It left Dallas 15 games behind fourth-place Oklahoma City, with only 13 games still to play.

The first of the week is likely to find no more than six teams still in contention. Beaumont dropped 9 1/2 games out of fourth place as the Shippers lost 3-2 to Houston in 10 innings. The Exporters have 12 games still on the schedule.

Oklahoma City beat Tulsa 4-3, and San Antonio downed Shreveport 7-4.

Fort Worth came up with a pair of late-inning rallies that beat Dallas, scoring four runs in the top of the seventh in the first game and two runs in the eighth inning of the nightcap.

Howie Phillips doubled with one out and Dick Rand on base to give Houston its extra-inning triumph. San Antonio and Shreveport got started an hour late, but the Missions made up for the delay with two runs in the first inning and a total of 17 hits.

Clovis Climbing Up in WT-NM, Now Two Ahead

By The Associated Press

Clovis kept climbing in the West Texas-New Mexico league Thursday night, beating Plainview 13-8. The Pioneers are now two games ahead of the pack.

Albuquerque's lost 4-3 to Lubbock, the season-long doormat. The Dukes have now usurped the "doormat" title, 14 1/2 games behind the leader and 1 1/2 games behind the Hubbers.

Amarillo, trying to better its third place position, dropped another full game behind with an 8-5 loss to second-place Pampa.

A big seventh inning highlighted the Clovis-Plainview game as Pioneer batsmen explored the hurling capacities of four Plainview pitchers in the one frame and emerged with eight of their 18 runs. Clovis batting was given a boost by six actual errors and enough of the other close ones so that only five of the Pioneer runs were earned.

Nelson Favored to Retain Title in Castellani Fight

SAN FRANCISCO, Calif. (AP)—Middleweight king Carl "Bobo" Olson of San Francisco lays his world championship on the line tonight in a 15-round match with the nation's leading challenger, Rocky Castellani of Cleveland.

The bout will be nationally televised and broadcast by NBC, with the San Francisco area blacked out of the TV picture.

The show goes on at 9 p. m., EST, at the Cow Palace.

The balding, 26-year-old Olson captured the middleweight crown from Randy Turpin of England in 1953, turned back the threat of Kid Gavilan in Chicago last April in one of his greatest fights, and hasn't been beaten in his last 15 bouts.

The last time he was beaten, in fact, was in a bid for the title against Sugar Ray Robinson here

in his adopted home in 1952. Castellani, at 28 a seasoned man without much of a punch in fact, though the champion, is not famous for chilling his hands. He was last defeated in 1953 by Pierre Langlois.

Each has lost five, and tuned up for this title struggle by belaboring a young man, Pedro Gonzales. Rocky won a decision; Bobo ended the match four rounds.

Olson has been guaranteed \$5000 by Rocky's manager, Al Naiman of Cleveland. He will get 60 per cent of any over the net above that sum.

The match will be scheduled for California's system of 11-point rounds. An even round is 5 1/2-5 1/2. A good margin is scored 7-4, and a genuine down 8-2.

California Champion Is Man To Beat in Jaycee Tourney

By EDDIE LEE

ALBUQUERQUE, (AP)—Allen Geiberger wore the mantle of the man to beat today as he teed off in the third round of the annual International Jaycee Junior golf tournament.

Boasting a three-stroke lead with his 36-hole total of 145, the 16-year-old California Jaycee champion from Santa Barbara could afford

to sit back and let the rest of the field try to catch up.

His 73 and 72 rounds of the 36-hole tourney were good for just one over par for the 36 holes and the experts figured a three-over would be good enough to win. Par for the 72-hole tourney is 36-36-72.

Geiberger's 145 is good for one over on the front nine and under on the back nine yesterday. If he continues the improvement shown in the first two rounds, Geiberger is expected to crack before the tourney ends.

But no one was flatter by a victory with two rounds to go. Still fresh is the fat 78 today by teammate Phil Berg of San Diego after carving hot 70 in the opening round.

That left Rodgers three back and one stroke ahead of Rule of Waterloo, Iowa, who is a 74 beside his first round of 149.

Other close challengers lead included Bob Pratt of Vegas, Nev., Jackie C. Greggton, Tex., and Hughson of Toronto, Canada, each 151.

The first hole-in-one in the year history of the tourney recorded yesterday by Tommy Kennedy of Phoenix, Ariz., far the leaders with 168.

New Mexico's trio in the lead had rugged luck yesterday. Joe Tiano of Albuquerque continued to lead the state group was 12 strokes off the pace 157. He toured the course 40-80 yesterday.

Don Dix of Hobbs, 78 at the of the first round, rose to 101 today with an 83. He was 43 and back in 40.

The worst round of the year was the 90 taken by Henry of Hobbs. He blew to a 48 front nine and took a 42 incoming nine.

Clovis Raises Half of \$8,000 For Ball Club

CLOVIS, (AP)—President says the West Texas-New Mexico league team will complete its season even if it hasn't raised \$8,000 it needs.

"We have raised about \$4,000," Gantner said, "and we're

Master...

He walked on the water, He stilled the storm, He calmed the winds, He healed the sick, He overcame Satan, He even forgives sin... What a Master! Napoleon said "Jesus founded an empire upon love, and at this hour millions of men would die for Him. He loved the church enough to die for it. Do you love the church? Without Him, what business can succeed? What nation can survive? What soul can be redeemed? He has outlasted the empire that crucified Him, and will outlast the dictators who defy Him. Is He your Master?"

Never Had It So Good?

TWO YEARS AGO during the political campaign the Democrats were shouting at the top of their voices they should win because Americans had never had it so good.

Recently some of the statements of Pres. Dwight D. Eisenhower in discussing the economic situation have indicated the same thing and some are wondering whether the Republicans are going to use the same phrase during the present campaign.

Personally we are a little weary of that phrase and we beg to differ with both political parties. We think we have had it a lot better—not only economically but from a political standpoint.

Individuals are interested in living in a world where their rights are granted; where peace and harmony prevail; where they can make a fair living and where they can buy a reasonable amount of this world's goods.

It is true that we cannot halt progress but when that progress includes destruction of our ambitions, our abilities, our talents and when it destroys our initiative, our pride, and our willingness to earn and work for what we have—then we don't believe that makes for happiness.

We have a lot of things today that make life easier, more pleasant and that provide pleasure but in acquiring some of these we have lost some things that we need.

For instance that automobile we enjoy so much has taken us out of that home. We have lost the love of home and in some instances have destroyed the home even knowing and realizing it is the first unit of government. Destroy all our homes—we destroy our nation and ourselves.

Most of us were a little happier with less money—money that had more buying power. We were happy with less of a tax bill—a tax bill that has resulted not only because of subsidies and because the government has gone into too much private business but because we have assumed the task and burden of feeding, clothing and protecting the world and because of the waste and extravagance.

Yes, we question the slogan as to whether we ever had it so good—maybe we have a good many good things but we have lost some things that were good, too.

And we have paid a dear price for having it so good under our present set-up and our "give away" plan and artificial stimulation of business and false price controls.

Congress Votes \$53 Billion To Run U.S.

WASHINGTON (AP) — Congress voted a mere \$53,909,000,000 to run the federal government this fiscal year — the smallest total

since before the outbreak of the Korean War. At the same time, the lawmakers cut only about \$2,600,000,000 from the \$56,554,000,000 in new cash requested by President Eisenhower in his budget for the year ending next June 30.

This year's appropriations fell about \$5,500,000,000 below the \$59,498,000,000 voted by Congress last year after the Republicans returned to power.

AND THEY WERE only about half of the post-World War II record total of 101 billion voted in 1951, the year the nation started in earnest to rebuild its military might after the Red attack on South Korea.

Congress wound up its appropriating for the session yesterday when first the House, then the Senate, passed a compromise foreign aid funds bill totaling \$5,243,575,795. The measure lays heavy stress on military defenses, much less on economic aid, in providing \$2,781,499,816 in new cash and re-appropriating \$2,462,075,979 in carry-over funds to bolster the free world against the Communist threat.

Although this totals about three quarters of a billion dollars less than the President asked, the House voted in favor 188-77 and the Senate sent it on to the White House without a record tally.

BESIDES foreign aid, this year's total included regular funds for the 10 cabinet-rank departments and dozens of independent agencies; \$1,659,000,000 in a huge supplemental catch-all bill sent to

Church Leaders Applaud Plea By Eisenhower for Peace

By WILLIAM J. CONWAY

EVANSTON, Ill. — President Eisenhower's fervent plea to the world's spiritual chiefs to lead the way to a just and lasting peace drew an approving "amen" from churchmen today.

He laid his show-the-way challenge before representatives of 170 million Christians yesterday at a session of the World Council of Churches.

It was greeted with applause. Clergymen and laymen attending the convention later told newsmen of their reaction to Eisenhower's speech—including his appeal for a prayerful campaign for peace that could result in a global day of prayer, his public profession of faith and an invitation to criticize government "in the light of religious ideals."

"A half dozen or more used terms such as "wonderful" and "very good."

Bishop Otto Dibelius, leader of German Protestantism, appraised it as a "very remarkable speech," and added:

"IT COMES FROM the depths of the heart and is very much welcome by the members of this assembly."

The president addressed a multitude of 18,000 men, women and children who sat or stood in Northwestern University's Deering Meadow. In the audience were representatives of 163 denominations in 46 countries who are in the midst of a 17-day conference.

Eisenhower spoke of a campaign for "a just and lasting peace," and added:

"I believe that you spiritual leaders of a great world organization, together with your brethren of other faiths, can lead the way."

"The goal should be nothing short of inviting every single person in every single country of the world who believes in the power of a Supreme Being to join in a mighty, simultaneous, intense act of faith."

"THAT ACT OF faith might take the form of a personal prayer by hundreds upon hundreds of millions delivered simultaneously and fervently for the devotion wisdom and stamina to work unceasingly for a just and lasting peace."

The president, through most of his remarks, was solemn in tone. The black academic robe he donned to receive an honorary degree of doctor of laws from Northwestern emphasized the gravity of his demeanor.

The president, in one part of his speech, referred to religion as "a practical force in our affairs."

and its comparatively sparse population make a tough problem of the road building program.

Warren Cobean, former mayor of Roswell and GOP candidate for "full implementation of the Hoover report." He said it would mean a "major step" in reduction of the cost of operating the national government.

The Eisenhower administration, Cobean said, has made excellent progress in this regard, but more remains to be done. "Essential governmental services cannot and should not be eliminated," he said, "but as the Hoover report indicates, great areas of duplication exist in the government."

Charles Battiste said New Mexicans who own television sets should prepare for "Simms-strain, an eye ailment that results from seeing the same face staring out of a TV screen."

"Don't be confused if you see the same face many times a day, beginning in early September," he advised listeners. "It's really John Simms." He noted that Democratic appearances a day for their candidates call for several television ap- dates.

Pay Boost Voted Federal Employes

WASHINGTON, (AP)—The Senate today voted a 5 per cent pay raise for upward of two million federal workers.

The bill was passed 69-4 after a losing fight by Sen. Knowland (R-Calif) to attach a hike in postal rates to help meet the cost of the pay boost.

House action was anticipated quickly.

Kaiser Elected To Head School Bus Drivers

At the first monthly meeting of Artesia Schools Bus Drivers Assn. yesterday, George E. Kaiser was re-elected chairman for the coming year.

The association voted to hold monthly meetings, then turned to a discussion of the bus drivers' handbook, hearing reports, and contract discussions. Twenty-five attended the meeting, including three school administrators—Vernon R. Mills, superintendent; George White, director of instruction; and Burr Stout, supervisor.

"There has been only one case of polio in Socorro this year," Dr. Szigeti said, "and that person had no contact with the hospital."

THIS IS THE RESIGNED face of Roger (The Terrible) Touhy as he learned in Chicago he must go back to prison after two days of freedom. es, starting with proper cutting. Some plants "bleed" because their stems contain a liquid which is lost before they are placed in water. Woody stemmed plants should have their stems crushed with a stone to allow good absorption when placed in water. Soft stemmed plants should be sliced with a sharp knife in an slanting cut and placed immediately in deep water.

Pin holders, such as are used for making flower arrangements, make handy aids for holding flowers in position for photographing. Another helpful device is to wrap modeling clay around each stem base before it is stuck on each pin holder. Any slight adjustment in flower position is then made easily by twisting the clay.

These few hints might get you started on taking flower pictures, but if you intend to get serious about the art, I'd recommend that you sit down with John and Mary Roche and absorb their advice in full.

CAMERA TIPS—

Photographing Flowers, Gardens Demands Skill

By IRVING DESFOR

AP Newsfeatures

THERE'S A LOT MORE TO photographing flowers and gardens than the beauty that meets the casual eye. Besides the right camera and equipment, an artistic feeling for design, a knowledge of nature, and lots of patience, good garden photography may also require a strong back and willing hands. The grass should be freshly cut, the flower beds edged, the soil raked to look rich and fertile, the paths weeded and all litter removed.

These thoughts are brought to us by a couple of specialists in the field, John and Mary Roche, in a new, authoritative book, "Photographing Your Flowers" (published by Greenberg, \$3.75). They've evolved this practical guide book from many years of experience as professional horticultural photographers for book and advertising illustrations and written as magazine and newspaper articles.

They consider a tripod an essential piece of equipment and favor a camera of the reflex type, with a ground glass, since it is the only way you can really see what is coming through the lens. On it you can plan your composition directly and make adjustments for focus or angle or light as you see it. They favor a short focus lens and even take advantage of its tendency to cause distortion. They use it to create dramatic perspectives through increased contrasts in sizes.

Light in the outdoors is the master and must be studied, understood and used to advantage. Indoors, it is the slave and can be poured on or diminished, shifted, diffused or concentrated at will.

Bright sunshine can be a headache for it brings dense shadows along with its brilliance. The human eye can see details in both shadows, but the range is too great to be captured by film and even less will appear on photographic paper.

THE WAYS to tackle the extremely bright sunshine problem are: 1. Use flash to penetrate shadows, or 2. Use bright reflectors. 3. Coordinate: (a) exposure, (b) development, (c) negative retouching, and (d) printing to achieve the best results.

In (a), the exposure is figured for the shadow areas. A negative must contain shadow area detail to start with or it can never appear in the print. In step (b), the film is developed for the highlights, to prevent their blocking up. The authors recommend development by inspection.

(In simpler terms, camera fans usually refer to these two steps as "overexposure and underdevelopment.") They open the shutter one half or one full stop over normal and decrease development time by about one fourth.

In (c) negatives are retouched by painting near-cocaine, a red liquid over the thin areas. In the final step, (d), printing, it is necessary to dodge and burn in thin and heavy areas of the negative to hold back shadows and bring out highlight details.

The ideal light for making color pictures is a slightly hazy sun. When it comes somewhat from the back, flowers and foliage are edged with light while the centers have rich tone and detail.

When flowers are brought indoors for photographing, they should be conditions to prevent wilting. Different species call for different treatment, say the Roch-

IT MAKES MONEY, THE MAN SAID

ONCE AGAIN that most miraculous invention of this or any other age, the handy, all-electric, portable money-multiplier, has come to the attention of police, this time in Hollywood. For the second time in five days, a victim complained to police that he was swindled by a glib confidence man who demonstrated how his "money box" could make a man's money breed like rabbits, spewing out fms, sawbucks and C-notes. A man who earlier swindled bartender Anthony J. Notti out of \$11,000 with the same type of contraption has been arrested. Detective W. McRoberts is examining the "multiplier." Buying Piano Hard Way Pays Off For 10-Year-Old

ST. PETERSBURG, Fla., (AP)—For weeks 10-year-old Dora Maus pressed her nose against the window of a piano store here and admired a piano. Finally, Dora, a pert little blonde, walked into the store and told the owners she wanted that piano and would make payments of 50 cents a day on it. It was a deal and she made the money by selling newspapers.

After she had paid \$40, the piano company gave her the piano. The manager's wife, Mrs. Lee Gable, even agreed to give her lessons.

That was two months ago. Today, Dora not only can play tunes but she also has become a teacher in her own right. She is teaching a friend, Penny Trecky, who already can play two songs.

present last night: REGISTRATION—A trailer will be used throughout the city to register eligible citizens not registered to vote in the general election. A list of registered voters will be provided so citizens may check as to whether their registration is still in force following recent purges of registration lists.

The trailer, successfully used by Democrats in the 1952 registration campaign, will be spotted at various locations throughout the city. In addition, Young Demos will remind citizens they may register up to 30 days prior to the November election. The deadline is Oct. 1. Mrs. Erma Williams, whose office is in the Booker Building, second floor, is Artesia area registrar.

GET OUT THE VOTE—On election day, Nov. 2, workers will arrange for transportation for voters, baby-sitters for mothers, and a canvass, either by telephone or door-to-door approaches, throughout the city, reminding voters to cast their ballots.

The organization also discussed a Young Demo rally, with guest appearances by State Democratic leaders, including Sen. Clinton P. Anderson, whose seat is being contested by Gov. Edwin Mechem and John Simms, Demo gubernatorial candidate.

Brown's telegram to the organization read: "I am sorry I cannot be with you tonight, but I know that you will perfect a good working organization of Young Democrats and that your energy and enthusiasm will go a long way toward helping us in the election in November. Many good wishes for the success of your plans."

J. B. "Buster" Muleock, Artesia precinct Democratic chairman, briefly addressed the group.

Eligible for membership in Young Democrats are citizens 18 to 40 years of age.

Ulrichs Mark Tenth Year In Roselawn Radio Business

Natalie and Harold Ulrich, who celebrate their 10th anniversary in their 104 South Roselawn Radio and Television Service Saturday, came here in 1943.

Their first year in Artesia, Ulrich worked for the Southwestern Public Service Co. In 1944 they started their radio service at the present location and have been there since that time.

They started off with about one-half of the building and acquired the rest a little later.

Ulrich is an electrician by trade and "fooling with radios" has always been his hobby. He was a defense worker during the war and said he traveled all over the country.

The Roselawn Radio and TV Service sell all kinds of musical equipment, record players, radios, TV sets and appliances. They also

Railroads Refuse Rate Reduction To Drought Areas

CHICAGO, (AP)—Agriculture Secretary Benson's request for a 50 per cent reduction in freight rates on hay for drought-stricken areas in the West has been rejected by Western railroads.

Harry Barron, executive committee chairman of the Western Traffic Assn., said Western railroads had contributed, in freight rate cuts, more than 20 million dollars in 1953 and early 1954.

He said business conditions for railroads don't warrant reinstating emergency rates made effective last year.

DENVER, (AP)—Frank Leahy who retired this year as Notre Dame's football coach, said today he "definitely is not interested" in the Air Academy coaching job, or any other. The new service school which will open its first classes in Colorado next July, is looking for a grid coach.

Shull fined Andrews \$20 for reckless driving; ordered damages fixed in civil court proceedings.

TO CANCEL LICENSES

SANTA FE (AP)—Libburn Homan, special liens investigator, says action will be taken within five days to cancel the licenses of Taylor and Leake loan companies in Santa Fe and Albuquerque. The companies refused to comply with new regulations of last spring, saying they were illegal.

POLIO FACTS QUIZ

Prepared by the Medical Staff of the Sister Kenny Foundation as a public service.

Q. What are and are not symptoms of Polio?

A. Symptoms: Severe generalized headache, moderate fever, stiff limbs and muscle weakness.

A. Not Symptoms: Cough, cold, rash on body, redness of the eyes, or swelling of the limbs.

Symptoms frequently abate temporarily after an initial illness of about 24 hours, recurring within 2 or 3 days.

Q. What is the Kenny Treatment and who developed it?

A. Briefly, the Kenny Treatment includes first, hot packs and attendant procedures to lengthen shortened muscles. Second, neuro-muscular re-training of the affected parts. The treatment was first developed by the late Sister Elizabeth Kenny.

Q. Why is the Kenny Treatment regarded as the most effective?

A. Because under the Kenny Treatment there is less crippling, less deformity, less pain, less need for braces, better muscle function and there is less surgery required. Complete recoveries under full Kenny treatment have been attained to a degree never before believed possible.

Q. Where is the famed Kenny Treatment available and who gives it?

A. Available at treatment centers across the country, and is administered under medical supervision by Kenny Therapists. The Kenny Treatment has become generally accepted and is the basis for the best treatment offered polio patients anywhere today.

Q. What precautionary measures should be taken during polio outbreaks or epidemics?

A. Normal precautions against exposure to communicable disease. Avoid contacts with new groups of people and swimming in polluted waters. Guard the cleanliness of everything taken into the mouth. Avoid over-fatigue, late hours, worry or irregular living schedules. Removal of tonsils, adenoids or teeth during the polio season may be a factor in exposures and in elective operations a delay to a more favorable season is recommended.

Police Recapture One of Four Escaped Youths

SANTA FE, (AP)—State Police reported today one of four youths who fled from the Springer Industrial School Tuesday was picked up near Littleton, Colo., yesterday. They identified him as Robert Lucero, 16.

The pickup truck in which the four fled was found abandoned and out of gas 15 miles west of St. Francis, Kan., on highway 36, police said. The remaining three boys still were being sought.

Tucson Animal Patrol Captures Five Wild Boars

TUCSON, Ariz., (AP)—Five wild boars have been captured while they roamed city streets this week. The boars, or javelinas, were roped and hog-tied by alert employees of the city animal shelter.

Then they were taken back into the mountains from which they had roamed, and turned loose.

Plant for Uranium Refining Stopped By Wildcat Strike

SHIPROCK (AP)—Construction of the Kerr-McGee uranium processing plant near Shiprock has been halted by a walkout which company officials call a wildcat strike.

But Jerry Kitchen, Western Knapp Engineering Co., construction superintendent, said quick settlement was expected. His firm is building the huge plant.

M. F. Bolton, assistant superintendent, called the walkout a wildcat strike, and Kitchen said about 90 carpenters walked off the jobs and set up picket lines.

Kitchen said about 1200 workers are affected.

Company officials said subsistence pay of \$5 a day extra is involved.

G. R. Magarell, one of the strikers, said millwrights and carpenters are the "only ones not getting subsistence pay for driving back and forth from their homes to work."

Kitchen said a picket line was set up in front of the plant, on the Navajo Reservation, but it was moved to a nearby highway after the strikers were "ordered off by some Indians."
