This Is Artesia

Effective fly control of Artesia can be won only through the cooperation of the entire city population. Household spraying of homes and cleaning up garbage cans may do their part in ending the menace.

Artesia Weather

Generally fair today, tonight and Saturday with chance for an afternoon or evening shower or thunderstorm. Little change in temperature. Low tonight 66, high Saturday 95. Low last night 66, high yesterday 97.

FLY SPRAYING IN CITY is being repeated by city crew with new insecticide, put into use after flies pestering Artesia have built immunity to older types. Sprayers are S. P. Navarette, left, and Ben Brizeno. Truck is driven by city sanitarian Abe Connor. District sanitarian Richard Swartz meanwhile said this morning spraying will be effective only if fly breeding places—especially around stock pens—are cleaned up. (Advocate Photo)

New York Braces as Weather Bureau Warns of Head-On Hurricane Attack

Only Miracle Will Prevent Furious Attack

By THE ASSOCIATED PRESS
The New York weather bureau said today that it would be "a miracle" if Hurricane Edna, bowling up the Atlantic Coast, failed to hit the nation's largest city head-on tomorrow.

As the Northeast coast braced itself from Cape Hatteras to Maine the New York weather bureau said that if it hit it would be one of the "most serious hurricanes in the New York weather bureau's history."

In announcing "it will be a miracle if Hurricane Edna does not hit New York City head-on tomorrow," a weather bureau spokesman added he considered it wiser to alert the public to the worst eventually than to underplay the possibility it would strike the city.

LET'S GO BULLDOGS, say these five pert, pretty cheerleaders already for Artesia-Lovington season opener football game tonight at 7:30 at Morris Field. Left to right are Janelle Blackburn, Betty Burch, Kay Ingram, Annette Connor, and Jean Nichols. (Photo by Gable)

Bulldogs to Kick Off 1954 Grid Year Tonight Against Promising Wildcats

Two unknown quantities meet on Morris Field at 7:30 tonight as the Artesia Bulldogs host the Lovington Wildcats in the first football game of the 1954 season for both clubs.

Neither team holds a decisive weight advantage. Artesia will field a starting line weighing in at 169 pounds average, compared to

167 for Lovington. The two backfields stand evenly matched at 151 pounds average, according to program weights, customarily five to 15 pounds under actual weights.

Senior Johnny Riddle will be starting in the quarterback slot for Artesia, calling signals for Bulldog offensive from a split-T formation, depending on speed and pass-

Oil, Construction Firms Get Business

By ROBERT A. BARES
SANTA FE—The biggest seller to the state during the fiscal year which ended June 30 was Construction Material Co., Santa Fe firm which supplies road oil to the highway department.

That company did almost half a million dollars worth of business with the state, or close to seven per cent of all the business done through the state purchasing office.

This is shown in the report of purchases just completed. It lists total purchases of \$7,353,496 from more than 51,000 business houses.

The firm which did by far the biggest business with the state when construction is included was Robert E. McKee of Santa Fe and El Paso. That company won five contracts calling for \$5,600,000 of construction for the state. They included 3 2/3 million worth of work on the new penitentiary and almost 2 million on the state insane asylum.

ing to counter Lovington's well developed winged-T attacks.

He'll be aided by flyweight Freddie Sanders (135 pounds) at left half, 155-pound Leo Barker at right half, and Don Lewis, a sometimes brilliant 160-pound fullback.

In the 1,184-pound line are Ronald Price, 140 pounds, at left end; Wayne Westerman, 174, left tackle; Travis Scott, 185, left guard; Ray Gressett, 180, center; Ronald Price, 160, right guard; Jay Mitchell, 190, right tackle; and Clyde Bratcher, 155, right end.

Artesia's backfield is well experienced, especially when it comes to Riddle and Sanders. Riddle will be entering his second year as Bulldog quarterback, and Sanders his second full year in the backfield.

The line is Artesia's key question mark. One coach believes that its performance will determine Artesia's fortunes this year. "We've got two or three boys in there," he said, "that could be great, or could fail us."

The line is a makeshift, patchwork affair put together by coaches through conversions of players from other positions where they have experience.

The Bulldogs are definitely lacking in reserve depth, with few experienced men available on the benches to provide breathers for the starters or replace injuries. (Continued on page four)

Council Slates Special Meet on Publicity Tax

With a special city council meeting expected Saturday morning on a proposed half-mile or one-mile tax levy to raise money to publicize Artesia, the Chamber of Commerce this morning sounded a new appeal to the public to understand the proposal.

Chamber Pres. Cecil Waldrep pointed out that:

1—The tax will be "negligible" for taxpayers. The half mill levy the chamber now recommends would amount to about \$1 a year for the owner of an \$8,000 property, \$2 a year for a \$16,000 property, etc., to raise about \$4,500.

2—The levy, by spreading the cost of developing Artesia over all taxpayers, rather than just business-members of the chamber, would make the load more equitable.

3—The levy would allow the chamber to spend twice as much as the chamber now spends for promotion.

The chamber originally called for the full one-mile levy which would raise an estimated \$9,000 annually, but reduced the request later to a half-mile.

Waldrep pointed out, in a statement released through C. M. C. Paul Scott, that the funds would allow greatly increased promotion of Artesia.

"The possibilities are unlimited" he said. "We would like 100 four by six-foot road signs scattered on highways 100 miles around here. We need tourist and travel indus-

Demo Candidates Plug Cotton Limits

By The Associated Press
Two Democratic candidates separately plugged cotton-crop limitation and federal aid for education in speeches today.

Meanwhile, announcement came of a Democratic barbeque at El Rito Canyon Sunday which all Democratic candidates are to attend.

Sen. Clinton Anderson, running for re-election, told Luna county cotton farmers at Deming that

crop limitations have squared away the cotton market, but warned farmers to look to the demands of industry in meeting synthetic fiber competition.

In Santa Fe, Rep. A. M. Fernandez told Kiwanis members they need not fear government interference as a companion to federal aid for state school construction.

Anderson, who is to speak tonight in Los Alamos, told cotton growers, "the 1954 crop is now estimated at 11,832,000 bales as against 16,465,000 bales last year. The crop is 848,000 bales below the estimate of a month ago, 600,000 bales below the 10-year average and promises the support level will remain at 90 per cent under the new agricultural law. Prices will have a chance to improve soon in a free market."

Nine-Year-Old Dallas Child Dies Of Rabies Bite

DALLAS, Texas—A 9-year-old boy died from rabies today only hours after he was admitted to Parkland hospital, clawing, biting and spitting.

The child was Ben Earl Ivery, the youngest of nine children of Mrs. Vessie Ivery.

The boy was first taken to Parkland July 18 after he was bitten by a stray dog, but his case was not diagnosed as rabies until yesterday, the mother said.

Parkland attendants said it took three doctors and two nurses to subdue the violently ill child so that anaesthetists could put him to sleep for a blood specimen. A young woman doctor must take rabies serum because of a scratch she received while helping with the patient.

Ben Earl was the second Dallas child to die with rabies this summer. Jody Allene Brown, 3, died a few weeks ago. The state health department yesterday listed no other deaths from the maddening malady this year. The two children lived within a mile of one another.

Mrs. Ivery said the boy was bitten while playing under the family (Continued on page four)

Alamos Chief Agrees to Release Results of Polling

ALBUQUERQUE—Because of better understanding of news and wire service practice, Santa Fe operations manager of the Atomic Energy Commission today made public final results of his poll on whether Los Alamos residents want to remain in the guarded city.

Women had protested Donald Luehry's previous order limiting release of the poll figures only to Los Alamos station and to house organ bulletins there.

Results of the random opinion polling were overwhelmingly in favor of public entry into the defense areas of the A-bomb city.

Luehry said 526 of 753 poll questionnaires were returned for counting in a 10-day period.

Of the 526 opinion votes, 431 or 82 per cent, declared for keeping present gate and guard system. Seventy-two, or 14 per cent, favored free public entry and 20, or 4 per cent, were undecided. (Continued on Page 4)

Pearson Farm Is Identified Weekly Mystery Farm

Norman Prude of 322 W. Dallas yesterday was the first to enter the correct identity of the Ralph Pearson rent farm, occupied by Lee Murphy, on the county line road in North Eddy county.

He will receive a one-year subscription to The Artesia Advocate, while Pearson will be given the original glossy photo.

The farm, because of camera angle, was one of the most difficult to identify in the popular Advocate series.

Other correct guessers were Kenneth Cantrell, Mrs. Orval Gray and Kenneth Aldridge. A host of guessers entered incorrect identities.

Government Researcher Finds Heavy Smokers More Susceptible to Cancer

By ROBERT E. GEIGER
WASHINGTON—A government researcher said today heavy cigarette smokers now 40 years old have from 5 to 15 times greater a chance than nonsmokers of developing lung cancer before they are 80.

He is Sidney J. Cutler staff statistician at the National Cancer Institute at nearby Bethesda, Md., who emphasized that nobody has proved cigarettes cause lung cancer but added:

"It is fairly clear that whatever the causal mechanism may be, smokers are more likely to develop lung cancer than nonsmokers."

Cutler's paper was one of several, dealing with relationships between cigarette smoking and cancer cases, prepared for the Inter-cause of Pathology, a national Congress of disease conference on the causes of disease which is being attended by specialists from many parts of the world

today's meeting, said:

"In spite of many factors which may be expected to obscure the results it appears that there is a distinct correlation between the number of cigarettes consumed in the various countries... and the height of their national mortality from lung cancer."

Dr. Nils Ringertz of Sabbateberg Hospital, Stockholm, said it is doubtful if such things as air pollution by smoke and similar substances are important factors, on a world-wide basis, in the rise in lung cancer deaths.

He added "there is strong but so far not quite complete evidence that tobacco smoking, especially cigarette smoking, is the most important exogenous external factor causing the main part of the lung cancer cases."

Another panel speaker, Pao Chang-hou of Hong Kong, said in his statement that clinical evidence

Lightning Strikes Oil Tanks, Causes \$2,000 in Damage

Lightning caused a fire yesterday afternoon at the Artesia pipeline pumping station 11 miles east and eight miles south of Artesia.

Firemen answering the alarm reported that the lightning knocked holes in the roofs of two tanks and caved in the side of one of them as it set the two tanks on fire.

According to Dallas Golden fire-truck driver, the fire that resulted was put out by the firemen immediately upon arrival. He said neither one of the tanks was very full of fuel at the time.

However, Artesia Pipeline Co. spokesmen say approximately 4,500 barrels were in the tanks and estimate damage to the tanks themselves will run around \$2,000

and work with mice have not proved a relationship between tobacco and cancer.

Cutler noted that during the past 20 years the reported mortality from lung cancer in the United States has increased by 400 per cent. He said his statistical studies show these prospects faced by men now 40 years old of reaching age 80 without suffering lung cancer: Nonsmokers—5 men out of 1,000 will suffer lung cancer.

Light smokers up to 1/2 pack of cigarettes a day—25 in 1,000 will get lung cancer.

Those smoking about one pack a day—49 out of 1,000 will get lung cancer.

More than one pack a day—80 out of 1,000 men will get lung cancer.

Cutler estimated the risk may range from 5 to 15 times greater for the heavy smokers—more than one pack a day—compared with the nonsmokers.

Seventh Child Stricken With Poliomyelitis

Artesia's seventh case of polio since July 24 was reported this morning by Dr. O. E. Puckett of Carlsbad, district health officer.

The child is 10-year-old Gary Dodd, fifth grader at Central school and son of Mr. and Mrs. Leo Dodd, 407 S. Roselawn. He is isolated at Artesia General hospital.

Attending physicians said his condition is "satisfactory" now.

Meanwhile, health authorities this morning injected with gamma globulin two fifth graders at Central school. Gary's classmates received the injections, as well as youngsters in a second fifth grade which joined Gary's to see a movie Tuesday morning.

The youngster was taken ill on Tuesday.

Dr. Puckett told the Advocate this morning no other case than Gary's had been reported recently.

The last reported case was that of Alice Ann Wicker, 3 1/2, of 408 W. Dallas, Aug. 28.

Bulldog Marching Band Slated to Perform Tonight

Artesia high school's Bulldog marching band will highlight half-time activities at the first football game tonight between Artesia and Lovington.

Band director Justin Bradbury has announced the theme for the show will be "Hillbilly Hit Parade." During the six minute performance a number of hillbilly tunes will be played with script and formations being presented.

The band will also feature a novelty dance step with the famous "Turkey in the Straw," during the program.

Co-drum majors are Bill Lewis and Bud McQuay. Majorettes are Rhea Ellinger and Faith Shepard.

As an added attraction to half-time activities, the Lovington high school band will also present entertainment with the theme, "The Band Director's Dilemma."

The Lovington band has an out- (Continued on Page 4)

Chavez to Confer On Fort Stanton Lands Disposal

WASHINGTON—Senator Chavez (D-N.M.) leaves today for Fort Stanton, N. M., for an appropriation subcommittee hearing on disposal of 26,000 acres of land formerly owned by the Fort Stanton Marine hospital.

After hearings there Sept. 14, Chavez will go to Albuquerque for a Senate public works committee hearing on a new site for a federal office building in Albuquerque.

In a statement yesterday, Chavez suggested four New Mexico towns form a water district to take action before the government buys a lake in which they are interested.

He said Captain, Ruidoso, Fort Stanton and Carrizozo should plan for future municipal water needs before the Southern Pacific Railroad sells Lake Bonito to Holloman Air Force Base.

DON RIDDLE, principal of Junior high school, heads another school family very much mixed up in education. His wife, Edith, is a teacher, and son Johnny a Senior in high school. (Advocate Photo)

MEET THE PRINCIPALS— Family of Junior High's Head Engrossed in School

The family of Don Riddle, principal of Artesia Junior high school, is another family well-interested in Artesia schools. Don's wife, Edith, teaches at Park school and son, Johnny, attends high school as a member of the senior class. The elder Riddles met while attending New Mexico State Teachers college, now New Mexico Western, at Silver City, and were married at Las Cruces 26 years ago. Mrs. Riddle is a native New Mexican, hailing from Santa Rita. Riddle attended high school at Syracuse, Ind., and was graduated there in 1927. He entered the college at Silver City and obtained his AB degree in education in 1933. His masters degree was awarded him from the University of New Mexico in 1945. His major is in education and minor in history. Included in his 25 years of teaching are three years at Santa Rita, four years at Lake Arthur, eight years at Hope, and 10 years in Artesia schools. For 17 years he coached basketball and track, producing two teams from Lake Arthur which took part in the state tournament in basketball in 1934 and 1935. While at Santa Rita he taught manual arts in elementary schools. The rest of the time has been spent tutoring high school students, mostly in history. His first year in Artesia was taken up by teaching the only commercial classes held here that year. This included shorthand, bookkeeping, accounting and other courses. He was principal at Hope the eight years he was there, held the same position at Lake Arthur two years, and has been a principal in Artesia five years.

Ladies Auxiliary Of VFW Plans For District Meet

Ladies auxiliary to the Lloyd W. Evans Post Veterans of Foreign Wars, held their regular monthly business meeting Thursday evening at the veterans building. Mrs. Herbert Mathis, president of the auxiliary, presided.

The 1955 membership drive is now open. The following are on the membership committee—Mrs. Frank Clowe, Mrs. A. D. Shaw and Mrs. V. A. Lane.

Plans for the district No. 7 meeting and school of instruction to be held Oct. 10 at Hobbs were discussed. The Artesia auxiliary will demonstrate part of the floor work, a practice meeting will be called before Oct. 10.

Three members of the local auxiliary hold district offices. Mrs. W. M. Tipps, district musician; Mrs. Trent C. Schmitz, district guard; and Mrs. Mathis, district color bearer.

Mrs. Johnnie Alexander of Gallup, the new president of the Department of New Mexico, will make her official visit to the District at the Hobbs meeting.

Personal Mention

Mrs. Paul Zeleny and mother, Mrs. J. O. Garner took daughter and granddaughter, Carolyn, to Potatoes on Tuesday where she enrolled as a freshman at Eastern New Mexico university.

HAGERMAN NEWS BRIEFS— Methodist Women Study Purchase of New Dishes

Belle Bennett circle of the First Methodist church met recently for a regular meeting at the home of Mrs. Dacus Parker.

Mrs. Bob Coons, president, conducted the business meeting, and Mrs. Bobby Williamson, secretary, led the lesson on "God's Care For The City People."

A discussion period was held and the dishes which were ordered some time ago were discussed. Other business at hand was taken care of. At the close of the afternoon refreshments of ice cream, angel food cake and leed tea were served to Mrs. Bob Coons, Mrs. Bob Cragg, Mrs. Jack Menoud, Mrs. Howard Menefee, Mrs. Bobby Williamson, Mrs. Howard Brown, Mrs. Horice Freeman and the hostess, Mrs. Parker.

Mrs. Gladys Gaitther has had as house guests her daughter and family, Mr. and Mrs. Marvin Mills and daughter, Alice, and Carolyn Sue of Pecos, Tex., who arrived Tuesday evening. All were luncheon guests at the home of Mr. and Mrs. Wesley Estes Wednesday. Also visiting from Pecos was Mrs. Gaitther's son, Glenn Estes who was in Roswell on Wednesday looking after his farming interests west of Roswell. They all returned home Wednesday afternoon late.

Mrs. J. N. Hopkins, who with her husband have on an extended trip to Texas, has been quite ill and is hospitalized.

Mrs. A. A. McCleskey is still confined to her bed. She is able to get out of her bed only with help. Our wishes for a speedy recovery.

Barney Green had a cast put on his left foot due to an injury. The cast was removed Wednesday, and he was walking with the aid of a crutch. Our opinion is that they tried to drown him out at the Templeton reservoir recently.

Rev. and Mrs. Orion Carter of Big Spring, Texas were in Hagerman this week visiting old friends, including Mrs. Flora West, Mr. and Mrs. Elwood Watford, Mrs. C. W. Curry, the Cowan family, and others. Carter's father was the pastor of the Methodist church of Hagerman several years ago, and Carter is now the district superintendent of Methodist churches, and makes his home in Big Spring.

Mrs. J. Carl Ridgeley, president, presided over the business session, with Mrs. A. A. Bailey, recording secretary, reading the minutes of the last meeting. Mrs. Lester E. Hinrichsen gave the treasurer's report. The correspondence was read which included a letter from Miss Esther James, former member, presently of Sudan, Tex., and a thank-you note from Mrs. Stella B. Palmer, retired Hagerman school teacher, who received many cards and gifts on her recent birthday, from friends in this vicinity. An announcement of the W. S. C. S. seminar in Roswell on Tuesday, Sept. 14, was made.

Mrs. Louise Brown has been under the care of her physician due to a shoulder condition.

Billy Ackerman, son of Mr. and Mrs. A. L. Ackerman, and Bill Jumper, son of Mr. and Mrs. William Jumper, all of Hagerman, entered New Mexico Military Institute in Roswell Wednesday, both going on scholarships received from that school.

W. S. C. S. of the First Methodist church met recently in the undercroft of the church for a regular meeting, with Mrs. A. A. Bailey as hostess.

Miss Johnson Is Named Methodist Education Head

Miss Doris E. Johnson is the new director of Christian Education at the First Methodist college with a graduate of McMurtry college with a major in Religion. Miss Johnson comes highly recommended. She has served in the same capacity at the First Methodist church in Pecos, Texas.

An office has been set up for her at the church. Miss Johnson came to Artesia, Tuesday from her home in Stamford, Texas.

Mrs. Flora West led the lesson taken from the year book, entitled "Except The Lord Keep The City," which will be the theme of the year's work. Mrs. Edith Stine gave the highlights on the Advancer, concerning the conference officers.

At the close of the afternoon refreshments of wafer sandwiches, cookies, and iced tea were served to Mrs. Fletcher Campbell, new member, Mrs. J. Carl Ridgeley, Flora West, Lester E. Hinrichsen, Edith Stine, John McClure, J. W. Wiggins, John Shockey, Flora Mann, Lorena Chrisman, and the hostess, Mrs. Bailey.

Mrs. Lulu Egbert of Silver City arrived Monday for a visit with her mother Mrs. C. W. Curry, and her sister Mrs. Dacus Parker and family, and other relatives and friends. On Thursday Mrs. Parker's daughters, Mrs. Lawrence Novak and Mrs. Ray Gibson and three children of Roswell spent the day especially to be with their aunt. Mrs. Egbert left Friday, Sept. 3, to return to her home.

It was reported that the members of the Thursday Club of Hagerman have their Year Books out, and will resume their meetings Sept. 23.

Marksmen Are Expected to Enter Championship Shoot

Nearly 40 top marksmen from New Mexico, Arizona and California are expected to enter for eight trophies in the Middle Rio Grande championship shoot at the Belen range Sunday.

Fields of Fabens, expected to return to the range on the perpetual trophy for 100-handicap sharpshooters expect Reed and Harold Dun, Santa Fe; W. A. Davis of Clovis; and H. E. Consequences; and H. E. Bradley of Clovis.

Basilio Favored 3-1 to Overcome Carmine Fiore

NEW YORK — Carmen Basilio is a 13 favorite to beat Carmine Fiore for the second time and keep alive his chances for a welterweight title shot.

The two will meet over 10 rounds in Madison Square Garden starting at 9 p. m. EST.

Basilio, No. 1 welter contender from Canastota, N. Y., has been virtually promised a shot at the winner of the October title fight between champion Kid Galivan and between champion Kid Gavahan and Johnny Saxton.

Williams Loaded as Ashers Even Series By 9 to 5 Win

ROSWELL, (AP) — Veteran Hank Williams had too many guns in the clutch as he pitched Carlsbad to a 9-5, 10-inning victory over Roswell here tonight. The Miner victory squared the teams' semi-final playoff at 2-2.

For tomorrow night's fifth game Roswell will use Evelio Hernandez (10-4) while Bullet Bob Weaver (21-9) is listed to go for the Potashers.

Williams was effectively wild, passing nine batters, but was too stingy when it counted. He limited the Rockets to six hits.

Carlsbad won the game with suddenness in the tenth.

Williams drew a walk from losing reliever Mario Cossio and Raoul Dieppa singled him to second. It was first hit off the lean lefty since he relieved Ray Faust in the third.

Oliver Hardy lined a single to left to score Williams and both baserunners moved up a notch on the throw to the plate.

Elias Osorio smashed a liner off the first base bag and Dieppa scored, Hardy taking third.

Ike Jackson lofted a sacrifice fly to left to score Hardy. Osorio came across when leftfielder Tom Sawyer dropped Goldie Gholson's fly.

Williams blew the Rockets down in order in the bottom half.

Carlsbad dismissed Faust in the third with a five run blast featured by Gholson's 400-foot drive over the right center wall with two aboard.

Cossio was untouchable until the 10th, allowing just one baserunner.

Artesia Drops 9-6 Decision, Hurlers Weak

MIDLAND — (AP) — Midland's red hot Indians seized a commanding 3-1 lead in the Longhorn league playoffs here tonight by surging from behind to trim Artesia, 9-6.

The nines are idle Friday, but swing back into action here Saturday.

Desperate Jimmy Adair plans to use Bart DiMaggio, who had four stitches taken between two of his fingers after Tuesday's game as a result of a vicious liner by Midland Mgr. Rudy Briner. Adair, with his mound staff plagued by sore arms and backs, had no other choice.

Briner planned to use Julio Ramos, who beat the NuMexers on five hits in the playoff opener and came on in relief to save last night's game for Jose Heredia.

Heredia relieved starter Romo Soto in the third with one run in and a man on. He immediately got Mickey Sullivan to tap into a double play and pitched five innings of one hit ball. The lone run off his offerings was Reuben Smartt's solo homer in the seventh.

Heredia after eight innings of relief two nights ago, showed signs of tiring in the seventh. Ramos came on in the seventh and preserved the win.

A six-run third for Midland wiped out a 4-2 Artesia lead as the Indians shelled reliever Bob Herron from the hill with four hits behind a walk. Big blow of the frame was supplied by Scooter Hughes and came off Allen Chester, the third pitcher. It was an exasperating blopper over a drawn-in infield that plated two runs to give Midland an 8 to 4 lead.

The two clubs do not play tonight because of a football game at Midland.

They resume play in the Longhorn league playoffs with a single game Saturday night.

Should further games be necessary after Saturday night, the two clubs will come back to Artesia for as many games as necessary to determine the best-of-seven series.

Lovington to Operate From Wing-T for Explosive Plays

Lovington high school's power laden Wildcats march into Artesia tonight to open the season's play for them and the host Bulldogs in a game scheduled to start at 7:30 p. m.

The eastern team, under the guiding hand of Coach Virgil Boteler, bring a light but fast backfield into the city, ably fitted to the unpredictable wing-T offensive formation used.

A partly veteran line, anchored by 200-pound center Dolan Moore, averages in at around 167 pounds with a lighter, 150-pound backfield.

Explosive end-runs and reverse passes coupled with occasional deep passes combine to make the light but fast Lovington eleven an unpredictable quantity for the full 48 minutes of playing time.

The probable starting lineup will include in the backfield: quarterback Tommy Black, 150, and backs Phil Schroeder, 150, Larry Shivers, 165, and Allan Stolpe, 140.

In the Wildcat forward wall Boteler has indicated the following seven will probably get the nod: ends Jimmy Bevers, 160, and Ken Stout, 165; tackles Tom Adkins, 190, and Enoch Dawkins, 170; guards Joe Carson, 145, and Troy Taylor, 140; and Center Dolan Moore, 200.

Game time at Morris Field is 7:30 p. m.

White Sox Pilot Expected to Let Out Future Plans

CHICAGO, (AP) — Paul Richards, manager of the Chicago White Sox, today may reveal his future baseball plans.

Rumors that have been kicking around for three weeks reached a climax last night when Baltimore newsmen all but had Richards packed and waiting for a train to take him to the Orioles.

Baltimore reports insisted the taciturn Texan would accept a 3-year contract as general manager and field manager of the Orioles. A salary mentioned was \$90,000.

Richards denied that he has arranged to sign with Baltimore, the same club that a year ago went after the Sox Gen. Mgr. Frank Sullivan. Lane wound up with what amounted to a 7-year contract at a substantial pay boost from the White Sox.

It is believed Richards would be happy with a 3-year pact with the Comiskey and will dicker with them on this basis in a meeting scheduled for today.

"I'm going to meet with Chuck Comiskey, vice president, Friday and the whole thing should be settled then," Richards said last night.

NEW MEXICO FOOTBALL ROUNDUP— Most of State's 67 High School Football Teams to Play Season Openers Tonight

By ROBERT GREEN AP Sports Writer

Most of New Mexico's 67 high school football teams, each of them harboring a secret dream of glory while their coaches publicly cry the blues, tonight will open their 1934 schedules.

A large part of the games tonight and this afternoon actually are of minor importance insofar as the final conference standings are concerned.

But fans and players, charged with the pre-first game expectancy peculiar to football, will be watching their favorites closely, hoping to see the makings of championship team.

The coaches, on the other hand, are openly skeptical of their teams' chances. They are quick to point out their weaknesses, their graduation losses, their problems. But they, too, are anxiously awaiting tonight's games.

Only two teams in the state, Gadsden of Anthony and Western of Silver City, have a conference game on tap. Their district 3-A battle will be held in Silver City.

That one, however, may have to share the limelight with the big schools in the AA conference. Most of these, opening tonight, will take on class A or out-of-state opposition in their first games.

Particular interest will be focused on at least two of the battles, with others coming in for their share.

Coach Dewey Johnson's defending state champion Roswell Coyotes will be closely watched tonight as they open against a potentially tough crew in Gallup. Another of interest will be the scrap between Alamogordo and Highland high, looked to by many as a prime threat to Roswell's crown, in Albuquerque.

On the East side, Artesia and Clovis will furnish the big action. Artesia, one of the big four of the

But in the American league a 5 1/2 game margin in mid-September has been like money in the bank.

The Indians saw the folding green stuff come closer yesterday with a 5-4 "gift" victory over Philadelphia with the second-place New York Yankees bowed 1-0 to Baltimore on Joe Coleman's brilliant one-hitter.

The magic number for the Indians now is 10. Any combination of 10 Cleveland victories and Yankee defeats will clinch the pennant. The earliest possible date is Tuesday.

While the Indians were jiding up their affairs in the American, the New York Giants muffed a chance to gain a more comfortable lead in the National.

MAJOR LEAGUE ROUNDUPS— Cleveland Indians See Little Chance to Upset Precedent, Blow Lead 5 1/2 Games With 14 Left

By BEN PHILEGAR Associated Press Sports Writer

The time has come to start measuring the flag pole in the Cleveland Municipal Stadium for the 1934 American league pennant.

It may be a few days too soon to enlarge the press box for the world series, or begin printing programs. But with a 5 1/2 game lead and only 14 games left the Indians certainly are justified in showing some signs of optimism.

Among other things, history is on their side. No American league team ever blew so large a lead this late in the season. Much bigger margins have been shaved, but never erased completely.

Collapses in the National league are a different matter. Brooklyn in 1951, Pittsburgh in 1938 and New York in 1934 are the most recent examples. It was the Pirates who built a press box that went unused. The '34 Giants lost six of their last seven games and were

to get the split. It took two late rallies climaxed by a squeeze bunt with two out and the bases loaded in the ninth by Hank Thompson to pull out the first game 7-6. They never had a chance in the second game, getting only five hits while losing 3-0. Clyde McCullough drove in two of the runs, one with a homer.

The runner-up Milwaukee Braves weren't scheduled. They trail New York by four games and have 18 left. The Giants have 16 to play and Brooklyn, 5 1/2 behind, has 15.

It will take a combination of 14 New York victories and Milwaukee defeats for the Giants to clinch the flag.

Brooklyn came out of a prolonged slump with a 10-1 victory over St. Louis yesterday in the only other National League action. Washington beat Chicago 2-0 and Boston defeated Detroit 8-0 in the American.

Do Well to Air Issues

THESE ARE DEFINITE times when the airing of certain issues does a lot of good and clears the atmosphere.

There are other times when rumor and gossip have made the rounds and built up issues that do not exist.

In this event it is always better to just forget the matter and to let it take care of itself.

We have always been a bit surprised about how rumors circulate and how they grow. We, as a people, are inclined to believe what we want to believe. We have ability to forget that we want to forget.

We can be as much a part of the circulation of the rumors as the next person because we all enjoy telling something we think we and no one else knows.

There is nothing more entertaining, we seem to think, than a morsel of gossip concerning some individual, and we just love to tell it whether it is true or not.

There are times and occasions when rumors and gossip go the complete round and they almost wreck some individual's life because no one has stopped or taken the trouble to try and determine whether the rumors are true or false.

And a great many of the rumors that are circulated are false. Sometimes they are circulated for a definite purpose. Other times they are merely circulated because seemingly some of us get a certain satisfaction out of telling and repeating rumors.

But there is many a problem that develops in our communities because of gossip and rumors. If the individual who first told the story would have determined whether it was true or not the problem would probably have not developed.

But there definitely are times and occasions when by ignoring some bit of gossip, refusing to repeat it, and helping to give it circulation we can do our community and our people a genuine service. Newspapers cannot engage in the rumor business because of the fear of libel and they don't. But if it is true there are both libel and slander laws that apply to individuals just as well but no one takes the trouble to sue someone for what they have said because it is difficult to prove they have said it.

Frequently it is well to air issues—it at least clears the atmosphere.

True Dog Story

City Sanitarian Abe Connor tells this true dog story concerning a canine owned some years ago by Fire Chief Albert Richards.

Richards' dog learned to bum dimes from downtowners, with which he'd proudly go to a meat market operated by Abe's brother, Ed Connor, and buy meat for himself.

The pooch would then trot home, where the package would be unwrapped and given him.

He was trained never to accept meat from anyone just giving it to him, nor to eat the meat before it had been opened at home. The meat-buying by the dog was strictly a cash-and-carry deal.

He'd even jump up on some friends and nose into their pockets for change with which to buy meat.

He didn't run it into the ground, understand—only made the meat trip to town every other day or so.

Once he got smart and went to another meat market without any dime and just bummed meat. Chief Richards put a stop to that—no meat handouts unless the pooch paid.

Connor says "I've stopped telling that story, though—no one believes it." Both Connor and Richards attest to its authenticity.

through the purchasing office—more than a third of the total insurance. Most of it was for the highway department. Second biggest insurer for the state was the Joe Kirkpatrick Agency at Albuquerque, \$43,842.

The Victor Agency at Albuquerque, owned by former Revenue Commissioner Victor Salazar, collected only \$7.50 in insurance premiums last year—a far cry from the heavy business the firm did under past administrations.

Insurance handled by the office cost the state \$395,523 altogether for the year.

Campbell said total out-of-state purchases came to \$650,192. At least 50 per cent of this represented oil companies, Remington Rand and other firms which do their billing out of New Mexico but actually sell through New Mexico dealers, Campbell said. The rest he said represent mostly items for which there is no state source.

Standard Oil Co. of Texas did \$133,403 of business with the state.

Remington Rand, Inc., which supplies considerable electric tabulating equipment at the capitol, did about \$147,000 of business through offices at Dallas, Albuquerque and Buffalo.

Other heavy sellers included Harry Cornelius Co., Albuquerque \$89,868; Maco Paint and Varnish Co., Albuquerque \$97,637; Sherwin Williams Co., Albuquerque \$102,991; Henry Hillson and Co. Albuquerque \$88,142; Schwartzman Packing Co., Albuquerque \$82,193; Santa Fe Book and Stationery Co., Santa Fe \$77,883; Santa Fe Motor Oil Co., Santa Fe \$77,707; Continental Oil Co., Albuquerque \$73,183; Denton and Griggs, Roswell \$73,421.

Big Mosquitoes

They say these mosquitoes in Artesia are so big now one landed at Artesia Airport and Sug Hazel put 10 gallons in it before he found out it wasn't a Piper Cub.

Unfair, Too

What's more, these pesky mosquitoes give no warning before they attack.

Unlike most mosquitoes, these sneaky characters have no buzz or humming sound before they strike—they quietly sit down, eat away, and vanish before you feel the sharp prick of little pain and irritation.

Artesia Chosen

Around the Associated Press circuit in the state sportswriters during message time on the wires are filling glib cracks about Coach Reese Smith holding the Bulldogs to a 4-7 victory tonight.

Everyone seems convinced Artesia has a crackerjack team this year—everyone that is, but the people who live in Artesia.

One coach told us "We may make it with the backfield. It's the line. We've got a couple boys that could be great. If they come through, swell. If not, we're sunk."

Worst Flies

While the city sprays away at flies inside the city and urges farmers to do the same, one of the worst fly-infested spots anywhere in the Southwest is the city dump north of town.

A trip out there the other day proved disastrous—while driving around the dump for an advantageous spot to shoot a picture illustrating the city's need for more

If you have been looking for that close-in property where your wife will not have to have the car to go to town or the grocery store, we have it at 703 West Texas. This is a six-room three-bedroom, well-built home in a good neighborhood. It is only five blocks from the center of Artesia. Let us show you this property today!

wise situated, and having sewer connections for the purpose of defraying the expenses of maintaining and operating and extending and keeping in repair the sanitary sewer system and the sewage disposal plant, at the rate of \$50 per 25 foot lot for unimproved properties and at the rate of \$1.00 per 25 foot lot upon improved properties within the City of Artesia, New Mexico; and the City Council of the City of Artesia, New Mexico, has determined said rate to be a necessary, just and reasonable rate.

SECTION 2: The City Clerk is hereby authorized and directed to cause an assessment roll to be made and to prepare and execute on behalf of the City of Artesia, New Mexico, such assessment roll and record the same in the office of the County Assessor in Eddy County, New Mexico, for such sewer frontage tax and such assessments shall be and become a lien upon said property as provided for by law.

SECTION 3: Assessments shall be collected at the same time and in the same manner as general tax assessments and shall become due on November 1, 1954, and the first half thereof shall become delinquent if not paid by December 1, 1954, and the last half thereof shall become delinquent if not paid by May 1, 1955.

SECTION 4: This ordinance is passed pursuant to the provision of Section 14-3637 of the New Mexico Statutes annotated 1941 compilation, and shall be published once in the Artesia Advocate, and shall be in full force and effect five days after publication.

PASSED, ADOPTED, AND APPROVED this 8th day of September 1954.

W. H. YEAGER, Mayor
T. H. Ragsdale, City Clerk 115-1tc

SECTION 1: That there is hereby levied and assessed special assessment or frontage tax on all lots fronting on water mains in the City of Artesia, New Mexico for the year of 1954, for water works purposes, to be collected as other taxes are collected on the following basis: at the rate of \$80 per 25 foot lot on unimproved, and at the rate of \$1.00 per 25 foot lot upon improved property.

SECTION 2: The City Clerk is hereby authorized and directed to cause an assessment roll to be made and prepared on behalf of the City of Artesia, New Mexico and to record the same in the County Assessor's Office in Eddy County, New Mexico, and such assessment shall be and become a lien upon said property from the date of filing such assessment roll.

SECTION 3: That said assessment shall be collected, in addition to the other taxes authorized to be levied, in the same manner as general taxes are levied and collected, and the City Council hereby determines that the rates herein established are equitable, just and necessary in connection with the expense of running, repairing and operating the water works system.

SECTION 4: That said assessment shall be due and payable on November 1, 1954, with the general tax assessment, and the first half thereof, if not paid by December 1, 1954, shall become delinquent, and the second half thereof, if not paid by May 1, 1955, shall become delinquent.

SECTION 5: The ordinance is passed pursuant to the provisions of Section 141857 and Section 14-3502 of New Mexico Statutes annotated 1941 compilation, and shall be published in one issue of The Artesia Advocate and shall become effective five days after its passage and publication.

Larry White Is Pre-Season Grid Honor Winner

ALBUQUERQUE, (AP)—Larry White, UNM's Hobbs center candidate for All-America honors, is on one 1954 honor squad 12 days before the season opens.

White has been named a member of the All-American Academic Pre-season Football team, a group sponsored by Southern Methodist University and selected for top academic work as well as gridiron prowess.

White is one of three centers picked for the honor group. He has averaged better than a B-average during three years of pre-dental study at the University of New Mexico.

Here is a prayer for Labor Day. "Establish thou the work of our hands upon us; yea, the work of our hands establish thou it," Psalms 90:17. Laborers are their country's nobility. A man's work is born with him. "If any man will not work, don't let him eat; everyone should work peaceably and eat his own bread," 2 Thess. 3:10-12. "Six days shall you work but on the seventh day you shall rest," Ex. 34:21. Then from labor we do not ask respite but only for an intermission to recondition ourselves for the greater tasks ahead. God is with the working man and against the indolent, shiftless non-producers. Then let us labor together with God for Matthew said He promised rest to the heavy laden. He who works is the strength of his native land.
