Eddy county Farm Bureau's annual meeting at Hope tomorrow will be highlighted by discussions of water conservation and development measures, and a non-political speech by U. S. Sen. Clinton P. Anderson.

Pres. Howard Stroup of Atoka said the meeting will start at Hope school at 10 a. m.

Up for discussion are Farm Bureau resolutions including that water well metering voted by the North Eddy County Farm Bureau local at Atoka a month ago.

Other important bureau business will also be brought out, Stroup said.

The meeting adjourns at noon for a barbecue and get-together, the president said.

Sen. Anderson is scheduled to speak at 1:30 p. m.

## Chamber Views Progress, Outlines Program for 1955

Chamber of Commerce's annual midyear membership meeting was held last night at Veterans Memorial building with approximately 35 members attending.

Those present heard a report on specific accomplishments of the chamber during the past year, saw a film entitled, "Everybody's Business," enjoyed a short coffee break, and then settled down to work out the program of work for the chamber next year.

Four questions were presented to the group with a number of suggestions worked out. The first question was, "What program would be the most valuable in building retail trade in Artesia?"

Suggestions were: community good-will meetings with surrounding communities sponsored by the chamber; trade day promotions increased to twice a month rather than once a month; increase of advertising by city merchants for those days, and suspension of parking meter operation on those occasions.

Improve transportation facilities to help people get into town, urge the merchants to expand their stocks of merchandise, promote a retail trade exposition for merchants to display their products, and improve and expand tourist accommodations and invite more industries to the area.

In answer to the second question, "What is the most important civic project that can be conducted by the chamber?" the group said: more individual advertising by business firms on letterheads and by word of mouth during transactions, everybody work individually and collectively on the beautification of the city.

Secretary of Agriculture Benson yesterday set the 1955 crop marketing quota at 10 million bales, the minimum permitted by law, in a move to restrict production and reduce a current surplus.

By comparison, this year's crop, also grown under controls, has been estimated at 12 1/2 million bales. The previous year's production was 16,400,000 bales.

To become effective the Benson proposal must be approved by at least two-thirds of the growers voting. This year's control program was approved by a majority of 94 per cent. Growers never have rejected quotas on cotton.

To implement the quota program, Benson announced that the department will allot acreage planting shares totaling 18,113,208 acres. This year, 21,379,000 acres were allotted, but only an estimated 20 million were planted. In 1953, when there were no controls, farmers planted nearly 25 million acres.

The control program carries strong economic weapons for compliance. If a farmer overplants his allotment, he must pay a cash penalty. (Continued on Page Four)

Longhorn Votes Hobbs Franchise, Re-Elects James

The Longhorn league meeting voted to extend a conditional franchise to Hobbs and re-elected Harry James as president yesterday before recessing its annual winter meeting until next Tuesday at Albuquerque.

Yesterday's meeting, held at Hobbs, agreed little more could be done in regard to league business until the realignment meeting slated Tuesday morning at the Hilton hotel in Albuquerque is held.

Steve Lanning, Artesia president, said Hobbs' franchise is conditional on construction of a ballpark by Dec. 1 and perfection of a sponsoring organization for the Hobbs ball club.

The Hobbs delegation headed by Jack Turner, said its organization already has been launched and can readily be completed. Material for a ballpark and stadium already have been donated and work can soon begin.

Lanning said he understands Hobbs plans to complete its ballpark and local organization, then invite an operator to bring in a professional club to be the Hobbs entry in the Longhorn league.

Warrant Issued For Pair Skipping From Local Hotel

According to police this morning, a warrant was to be issued today for Toney Kitterman, Kansas City, and R. I. Monrow, Abilene, charging defrauding an innkeeper.

Police said the pair ran out on a bill of \$8.83 at the Artesia hotel and were suspected of leaving Artesia about 10 o'clock this morning.

Driving a black 1950 Chevrolet, the pair were last seen heading west on Main street and police in surrounding cities were alerted.

### Tentative Okay Given Artesia School Funds

Tentative approval for the Artesia schools to borrow \$60,000 from the county maintenance fund for completion of Junior high school and construction of a Hope school has been granted.

Supt. Vernon Mills said today, following his return from a trip to Santa Fe and Albuquerque, that verbal authorization was given by O. J. "Tuffy" Holder, state school budget auditor.

Written authorization following receipt of a written request from Artesia school board is expected in the near future, Mills said.

Mills said he also conferred with J. E. Owens, head of school finance, Indian affairs, and J. T. Reese, school transportation director, on the forthcoming survey of Hope school district.

The survey will be held Nov. 4 and 5 to determine the feasibility of continuing Hope high school or consolidating it with Artesia.

The Hope high school was ordered consolidated with Artesia in 1952, to be carried out after the 1953-54 school year. However, protests last spring by Hope delegations opposing the consolidation resulted in continuing the school during the 1954-55 school year pending a fact-finding inquiry to be headed by Reese and Owens.

Mills said he discussed with the two men data to be secured in the survey. The men did not, however, name other members of the team to work with them in the survey.

Additional money for completion of the school is expected. (Continued on Page Four.)

### Community Chest Moving Steadily Toward '55 Goal

Artesia's Community Chest fund raising campaign is steadily moving toward the 1955 goal, according to General Chairman L. W. Brummett.

Though the drive is going a trifle slower than it did last year, the total amount of pledges and actual contributions has reached a figure of \$7,270.67 so far and more pledges are coming in, he said.

Brummett said the drive was slowed by the interference caused by the flood but indications are the goal will be reached when the deadline arrives.

"Many of the workers haven't been able to turn in their cards, yet," he said, "but we believe we'll come up with our final figure or pretty close to it."

### Midland Man Is Killed on 285 North of Roswell

ROSWELL (AP)—A Midland, Tex. man, William E. Glass, 50, became New Mexico's 279th traffic fatality last night when he died in a Roswell hospital.

State police said Glass died of injuries received in a one-car accident 19 miles north of here on U.S. 285. Glass received his fatal injuries when the car he was driving blew out a front tire and flipped over.

## Chavez to Throw His Weight Around for State's Benefit

By THE ASSOCIATED PRESS

New Mexico's senior senator is making it clear he plans to use his congressional position — possibly considerably more powerful after the first of the year — to bargain for the state's benefit.

Sen. Dennis Chavez is telling audiences and friends he "will not hesitate" to invoke the time-honored "you scratch my back and I'll scratch yours" system of getting projects for New Mexico.

Chavez, in an off-election year politically, is traveling more than had earlier been expected in behalf of the Democratic party candidates and especially Sen. Clinton Anderson, seeking re-election.

The senior senator automatically takes over the military affairs subcommittee of the parent appropriations committee if Democrats elect a Senate majority in November.

And there is good chance — he is third in seniority — he may head the appropriations committee itself.

MRS. C. R. BLOCKER

## Mrs. C. R. Blocker Named As Businesswoman of Year

Mrs. C. R. Blocker has been named business woman of the year by the Business and Professional Women's club. The award was presented last night by Mrs. Ruth Joss, local president.

Mrs. Blocker is a charter member of the local club. She was born in Sulphur Springs, Texas and moved to New Mexico in 1906, completing high school at Roswell. She taught in rural schools in New Mexico for four years, then taught at Portales, Alamogordo and Carlsbad high schools.

She and her husband were publishers of The Artesia Advocate for 15 years. After his death, she owned and managed the paper for six years. She is at present, owner of Blocker's Gift Shop.

She is active in Methodist church work and last year was awarded a "Who's Who in Methodism" listing.

She is active in community work, donates liberally to community agencies and is active in the Chamber of Commerce.

She is past president of Artesia Woman's club, member of Altrusa club and at present is parliamentarian and director of the local B. & P. W.

She just recently returned from a tour of Europe. She was unable to be present at the meeting Thursday as she is serving on the federal petit jury in Albuquerque this week.

### Seymour Declines To Campaign

SANTA FE (AP)—Augustus Seymour, Republican seeking re-election to the State Supreme Court, says he won't campaign because:

1.—He agrees with the State Bar Assn. that the judiciary should be dissociated from politics, and 2.—He believes the court's docket should be kept up to date.

ability Russell would choose the standing armed forces committee.

That, says New Mexico's senior senator, would leave him where he wants to be—heading the appropriations committee.

Even as No. 3 on the committee and head of the subcommittee on military appropriations, Chavez expects—with a Democratic victory—to have a heavy hand on where and how the money is spent. And there's no reason, he contends, why New Mexico shouldn't get its share.

For instance, Chavez told a newsman recently, there is a good possibility the commanding general of the Fourth Army, whose territory

### Winds Hit Up To 100 Miles, Smash Homes

By REESE HART

WILMINGTON, N. C. (AP)—Hurricane Hazel, with winds of more than 100 miles an hour, smashed into Carolina's coast today and moved inland.

The big storm and the crashing waves it generated tore up coastal installations and beach homes from Myrtle Beach, S. C., to the Morehead City, N. C., area.

There were no immediate reports of casualties among the well-warned residents, most of whom sought cover in places of safety.

In response to a radioed appeal from Mayor Ernest Williams of Myrtle Beach, a resort halfway up the South Carolina coast, Gov. James F. Byrnes ordered the Conway Tank Battalion to duty to prevent looting.

The tropical storm, which wrought heavy damage and loss of life in Haiti Tuesday, struck the U.S. mainland a severe blow, but towering waves caused more damage along the coast than wind.

The Miami weather bureau, hurricane forecasting headquarters, reported in a 10 a. m. advisory that the storm center crossed the coastline a short distance east of Myrtle Beach at 9:15 a. m.

"Gale to hurricane force winds and extremely heavy rains will continue especially to the north and east of the center as the hurricane progresses northward across North Carolina and into Virginia during the day," the advisory said.

"All precautions should be continued against dangerous winds and abnormally high tides on the North Carolina coast and northward until the hurricane passes."

Thousands of beach homes were torn up and many homes and concession stands washed away.

Dr. Waldo H. Jones, hurricane warning officer at Myrtle Beach, estimated winds there at 100 to 120 miles an hour. He said tides were 9 to 11 feet above normal.

Far up the coast at Morehead City, N. C., streets were under water and waves lashed at the seawall protecting the hospital. The water was not expected to reach the hospital's ground floor.

Lawrence Cook, assistant police chief at Wrightsville Beach said most of the cottages along the

### Supreme Court Appoints Special Master in Suit

WASHINGTON (AP)—An order of the Supreme Court, a special water master is considering a Texas plea to be allowed to amend its suit against New Mexico over division of Rio Grande waters.

John R. Green, St. Louis, the special master, recommended last March that the Texas complaint be dismissed unless the federal government be made a party to the case. Green said the government was indispensable in the proceedings because it was the protector of Indians along the Rio Grande above San Marcial in New Mexico.

Texas then asked permission to change its complaint to provide that pending determination of the federal obligations to the Indians, water needed for the tribes would be exempt from any restricted use finally ordered by the Supreme Court.

In referring the Texas request to Green, the Supreme Court told him to hold hearings, then said if the motion eventually is granted the court wants to know whether "it will cure any defect of parties" in the suit.

### Stevenson Gets Indian Blanket—Lost His Shirt

ALBUQUERQUE (AP)—A group of Navajo Indians from Gallup was to give Adlai Stevenson one of their famed blankets today when the party leader arrived for a major address.

John Romero, McKinley county Democratic chairman explained: "Seeing as how Stevenson lost his shirt in the last election, we're going to give him a good, warm blanket."

# Miss Charlene Scarbrough, C. T. Boyd, Jr., Are Wed in Home Ceremony Sunday Afternoon

Miss Charlene Scarbrough, the daughter of Mr. and Mrs. S. C. Scarbrough of Artesia, and C. T. Boyd, Jr., son of Mr. and Mrs. C. T. Boyd, Sr., also of this city, were married at 5 p. m. Sunday, Oct. 10, in the home of the bride's parents south of the city.

Rev. J. E. Mitchell, Baptist minister, performed the double ring ceremony before an improvised altar of lighted candles and pedestal baskets of pink and white carnations.

The bride was lovely in a ballerina length gown of nylon lace over satin. The dress was princess design with short, fitted bolero trimmed in rhinestones. Her veil of nylon tulle was held in place by a band of rhinestones. Her bouquet was a white orchid carried on a white Bible with showers of stephanotis.

Something old was an 1836 dime given to her by her grandmother Scarbrough for the occasion. She wore it in her shoe for luck. Something new was her wedding dress, something borrowed, the white Rainbow Bible belonging to one of her Rainbow sisters, Mrs. Curtis R. Teel. The traditional blue garter was worn as something blue.

Bridesmaid was Miss Bobby Nell Journey of Carlsbad. Her dress was of pale blue silk shantung, princess design, with matching bolero. She carried an evening bag to which was attached her bouquet of pink carnations.

Everett Hardesty of Carlsbad, brother-in-law of the groom, served as best man.

Mrs. Scarbrough chose for her daughter's wedding a dress of orchid and black weave with black accessories, her corsage was deep pink rosebuds.

Miss Scarbrough attended the Artesia schools for the past nine years, coming here from Howe, Okla. She graduated with the 1954 class and is now employed as secretary to Judge John Elliott of this city.

Mr. Boyd is with the Armed Forces, stationed in Alaska. He was formerly service manager for Southern Union Gas Co. in Artesia.

Out-of-town guests for the wedding were Mrs. Robert Journey of Carlsbad, Mr. and Mrs. Donald Dunbar of Roswell, the groom's sister and husband, and Mr. Mrs. Everett Hardesty of Carlsbad.

(Photo by Gable) MR. AND MRS. C. T. BOYD, JR.

The table for the reception was laid with a lace cloth over pink satin. Tiny pink bows, fern, and flowers encircled the punch bowl and three tiered cake to further carry out the color scheme of pink and white, the bride's chosen colors.

Miss Lou Griffin poured the punch. Mrs. James F. Boyd served the cake. Anne Hicks was in charge of the music which consisted of recordings of "O Promise Me," "I Love Thee Truly," and the wedding march from Lohengrin.

Mrs. Everett Hardesty presided over the guest book. The bride chose for going away a suit of light blue flannel with navy accessories. She wore her orchid as a corsage.

After a honeymoon to Colorado Springs and other points in Colorado, Mr. Boyd will fly back to Alaska, and Mrs. Boyd will make her home with her parents until Mr. Boyd is sent back to the States.

# Injury-Riddled Bulldogs Travel Out of State Against Kermit

Artesia's title-seeking Bulldogs will probably be ends Nelson and Bratcher, tackles Cerny and Jay Mitchell, guards Travis Scott and Jerry Carter, and center Ray Gressett.

The Bulldogs will find it necessary to put up a defense against their own style of play. The Kermit aggregation runs from the split-T with just a few more variations than do the Bulldogs from Artesia. The Texas team may carry a small weight advantage in the affray, also boasting a couple of fleet halfbacks.

According to Coach Bud Wilborn who scouted the Kermit-Pecos game last week, the Kermit halfbacks are "about as fast as Freddie (Sanders) but each weighs around 160 pounds.

Wilborn said the whole Texas team is composed of boys who are short and chunky and tip the scales around 160-185. He said they play a wide-open brand of ball and would probably "be as tough as they can be and try to beat us as much as they can."

# Boykin, Leaving for Air Force, Writes Farewell

Editor's Note: Ed Boykin, arts editor and reporter for the Artesia Advocate the past months, today writes his column for some time to come. He leaves the city tomorrow for a two-week vacation before entering the Air Force Nov. 1 at Lackland Air Force base and Lt. Ed Boykin.)

By ED BOYKIN

War songs are always hard to write because of the many things that should be mentioned and can't be included due to time and space limitations.

In Artesia there are not too many things for us to make close observations upon in the sports world because of the all-around athletic condition of athletics here. We have enjoyed our peek-in at the background of the sports problem here and have nothing but praise for the many and various sports boosters in this city. From Little League program to the Meters we have observed as well as cooperation in making the various successful as can be developed for.

Development of the proposed league football is in the air and that will be another potential slap on the back for athletic boosters here.

The American Legion junior baseball organization deserves our support than it received during the past season but that's a thing that needs to be developed and we have no doubt it will. The program is really beneficial for building baseball players and G. C. Goodwin deserves credit for his work so far.

# Houston Gets Six Players in Deal In Minor Leagues

HOUSTON, (AP)—The Houston Buffs of the Texas league yesterday gave up three players and cash in return for six players in deals with three other minor league baseball clubs.

The Buffs bought two outfielders—Joe Brunacki from Allentown, Pa., and Ed Stockton from Columbus, Ga. Both are right-handers, Brunacki with a .344 batting average to his credit and Stockton with a .317 mark for last season.

Within the St. Louis Cardinal chain, the Buffs picked up four players from the Columbus, O., Redbirds of the American Assn. in return for pitchers Hiel Patrick, George Condrick and Dennis Reeder and cash.

Players given up by Columbus were pitcher Phil Clark, infielder Bob Ries, outfielder Bob Zaccarini and pitcher Lonnie Joe Ford.

# James Is Twice Re-elected as Longhorn Prexy

ROSWELL, (AP)—A unique twist marked the fall meeting of the Longhorn league, at Hobbs yesterday.

Immediately after the session opened, the directors pushed aside the reading of the minutes and unanimously re-elected Harry James of Roswell to head the circuit in 1955.

Midway through the meeting James stated that election of officers was the upcoming item on the slate and then pointed out that he was not interested in holding the post again and cited his reasons.

The dire crotchecre yioWisdaud The directors were not re-elected at all by the turn of events and quickly re-elected him for the second time in two hours.

# Dry Weather of Summer Reduces San Luis Potato State Bar Backs Phillips Election

MONTE VISTA, Colo. — (AP)—Summer's dry weather is expected to keep the San Luis Valley potato yield to about 12,000 carloads. The harvest will be completed this week-end.

In 1953 about 13,686 cars were shipped from the southern Colorado valley, and in 1952 there were 14,984 cars.

Craig Johnson, manager of the San Luis Valley Potato Administrative Committee, said this year's quality is good but "the dry weather cut into the total crop."

Farmers also are plagued with low prices for the spuds, one of the valley's biggest crops.

A survey showed prices range from \$1.50 to \$2.50 per hundred pounds. The consensus was that the average cost for farmers to raise the potatoes was \$2 to \$2.50 a hundred.

A large portion of the harvest is being put into storage.

# Lobos to Meet Top Wyoming Saturday

By FRANK PITMAN

DENVER — (AP)—Denver's high-spirited Pioneers invade Utah while New Mexico's rock-ribbed defenders travel to Wyoming for the Skyline Conference's two-top attractions tomorrow.

Wyoming needs to whip New Mexico—something it hasn't done the past two seasons—and Utah must throttle Denver's dippy-doodle offense if the title-deciding game is to come off in Laramie as predicted. The Oct. 28 meeting of Utah and Wyoming at Laramie is expected to decide the championship, held the last three years by Utah.

# Texas Border Loop Teams Are on Spot

PHOENIX, Ariz. (AP)—The Texas members of the Border conference are on the spot in this week's football action.

The toughest assignment has been drawn by the Hardin-Simmons Cowboys, who travel to Cincinnati for a day game against the Cincinnati Bearcats.

But Texas Tech's Red Raiders will have their work cut out for them against underdog Louisiana State at Baton Rouge.

Eyebrows around the conference would go up sharply if Texas Western fails to end Trinity's four-game winning streak at El Paso, Tex.

And West Texas State will be consigned to the conference cellar if they fail to get past New Mexico A&M in the only conference game on the schedule. The same also goes for the Aggies.

# Juniors High Hornets Smear Alta Vista of Carlsbad 13-6

Artesia's Junior high Hornets turned the heat on Alta Vista of Carlsbad last night to score a 13-6 victory over the southern opponents.

James Mitchell plowed over the double-stripe just before the end of the second quarter to open scoring for the night. An attempt to run the extra point over was successful and the Hornets had a 7-0 lead at half-time.

An interception of a French-Tombs pass by Carlsbad's Naverette started the southerners on their scoring drive. The interception was made on the Hornet 49-yard line from where repeated thrusts by Smith, Fernandez and Cane moved the ball to the Artesia four-yard line.

The drive was highlighted by a 26-yard pass completion from Smith to Fernandez down to the four where Cane dove over left guard to score. The extra point attempt failed.

The Hornets unleashed their own passing attack in the fourth quarter to see Mitchell haul in an aerial from quarterback French good for 61 yards and the final touchdown. The extra point try was no good and final score was 13-6.

For the Hornets — French, Foulkes, Bonds and Mitchell stood out in the backfield and Clay and Vandever were steady in the line.

# Roswell Fans Hoping for First Win Over Hobbs Since Late 40's, Albuquerque Play Cross-Town

By ROBERT GREEN

Associated Press Sports Editor

It's been a long time since Roswell beat Hobbs, but Coyote fans are hoping this is the year. Eagle faithfuls are just as hopeful that this is the game—the game to end their five-straight loss streak.

Their 2AA meeting—the first league outing of the season for each team—holds top interest on the East Side this week, but big city Albuquerque dominates the scene in district 1AA.

Four teams from Albuquerque, and all from the AA class, swing into action. And all of them play at home in a pair of cross-town games.

Highland, currently leading the district 1AA pack, figures to improve that position with a victory over Valley High. Highlands has won two straight in the district, while Valley has lost its only league outing.

THE OTHER ONE MAY BE closer. Albuquerque, just behind Highland in the standings with its 1-0 district record, takes on a fast-improving crew from St. Mary's. The Cougars have surprised plenty of northern observers.

St. Mary's got started about like it usually does — with a loss to Highland. But a passing attack centered around Lionel Romero and an improving ground game have brought them two decisions since then and third place in the loop.

The only other game involving two Class AA teams pits Santa Fe and tail-end Las Cruces in a district 1AA meeting.

Carlsbad and Artesia foresake New Mexico for Texas competition this week. Artesia looks for No. 6 in a spotless season against Kermit while Carlsbad takes on Pecos. Clovis is idle. Farmington looks to the north and tries Cortez, Colo.

In other highlights around the state, Springer hopes to wrap up its District 2B title with a victory over the Santa Fe Indians. Gadsden could insure itself of at least a tie for the 3A crown with a decision over Coble of Hurley; and Estancia could clinch its 2C crown by beating Menaul.

Then Don't Accept It

WE RECENTLY heard a well informed businessman who has had to answer "yes" and "no" many times and yet maintain his public relations make a very wise statement concerning appointments to boards.

In that statement he voiced the opinion that the governor or whoever makes the appointment should be sure to explain his policy and his position regarding the activities of the board. The appointee should be fully acquainted with these and then when he accepts the appointment he should be perfectly willing to follow those policies.

That individual being given an appointment should either agree to go along, follow those policies or he should refuse the appointment.

We believe that is correct. We believe that any governor who makes an appointment to any board has a perfect right to expect that appointee to follow his general policy.

We also believe that when they can't or they refuse to follow the set policy of the administration then the only fair and honest thing for them to do is to offer their resignation.

We still believe that the governor should be able to have something to say regarding the activities and the program of his high way commission despite the fact that in theory we, the voters, took this board out of politics. The fact remains the governor named the members of this board and they are his appointees.

We also believe he should be able to confer and advise with the boards operating our various schools and colleges as well as the various state institutions.

We are also convinced that most of these governing boards and bodies need to be well advised they are spending the taxpayers' money and that their activities are open to the public; their meetings are open to the public; and the public has not only a right to know what they are doing but to suggest and make recommendations to them.

Unfortunately, frequently suggestions of citizens and taxpayers are not welcomed. The fact is at times some of these bodies leave the impression that what they do is of no concern of the taxpayers and the citizens.

It is at this point that a little help is needed from the governor and the governor's office. Because, as we pointed out above, just as long as these appointments are made by the governor then he definitely has some say as to what they do and how they do it.

Postmaster Urges Early Mailing of Overseas Parcels

The post office department again wishes to call attention to the necessity of early mailing of Christmas packages to insure delivery to armed forces overseas before Dec. 25, Mrs. Marion Dunnam, acting postmaster, states.

The period Oct. 15 to Nov. 15 has been designated for the acceptance of Christmas parcels for members of the armed forces serving outside the continental United States.

The post office department expects that many Christmas parcels will be sent this year by loved ones of people serving overseas; therefore, we are asked to advise patrons that military personnel are well supplied with food by the armed services and that parcels containing foodstuffs subjects to spoilage and breakage in transit may reach overseas destination unfit for use," Mrs. Dunnam said.

The term "armed forces overseas" includes personnel of the armed forces, members of their families and authorized U. S. civilians employed overseas who receive their mail care of postmaster, New York, San Francisco, New Orleans, or Seattle, or Fleet Post Office at New York and San Francisco.

The importance of mailing Christmas parcels during the designated period Oct. 15-Nov. 15 for regular parcel post and latest date for Air Parcel Post Nov. 25—cannot be emphasized too strongly. The earlier the better, as it must be pointed out that even the air parcel post may be delayed for medical and military supplies which are, of course, given the highest priority on the available overseas airlift.

Parcels for Navy and Marine Corps personnel serving in the most remote areas should be mailed by Oct. 15 to insure early delivery; parcels destined for Japan, Korea and the islands in the Pacific preferably not later than Nov. 15 in view of the distances involved.

He says 23 were returned to prison and two others are held in other states. Chairman Wayne Collins of the Prison Board said "our escape records is not out of line in comparison with other prisons."

NOTICE STATE ENGINEER'S OFFICE

Number of Application RA-1683-A, Santa Fe, N. M., September 29, 1954.

Notice is hereby given that on the 27th day of September, 1954, in accordance with Chapter 131 of the Session Laws of 1931, R. L. House of Lakewood, County of Eddy, State of New Mexico, made application to the State Engineer of New Mexico for a permit to change location of shallow well by abandoning the use of Well No. RA-1683 located at a point in the SW 1/4 SW 1/4 SE 1/4 of Section 12, Township 19 South, Range 26 East, N.M.P.M., and drilling a shallow well 12 inches in diameter and approximately 200 feet in depth, located at a point in the NW 1/4 NW 1/4 NE 1/4 of Section 13, Township 19 South, Range 26 East, N. M. P. M., for the purpose of continuing rights for the irrigation of 61.6 acres of land described as follows:

Subdivision Part E 1/4 NW 1/4, Section 13, Township 19 S., Range 26 E., Acres 61.6 And supplemental to artesian rights under RA-288 on Part W 1/4 NE 1/4, Section 13, Township 19 S., Range 26 E., Acres 53.3. No additional rights over those set forth in Declaration No. RA-1683 are contemplated under this application.

Appropriation of water from all sources combined not to exceed a total of 3 acre feet per acre per annum. Old well to be retained for other rights. Any person, firm, association, corporation, the State of New Mexico or the United States of

America, deeming that the granting of the above application will be truly detrimental to their rights in the waters of said underground source, may protest in writing the State Engineer's granting approval of said application. The protest shall set forth all protestant's reasons why the application should not be approved and shall be accompanied by supporting affidavits and by proof that a copy of the protest has been served upon the applicant. Said protest and proof of service must be filed with the State Engineer within ten (10) days after the date of the last publication of this notice. Unless protested, the application will be taken up for consideration by the State Engineer on that date, being on or about the 29th day of October, 1954.

JOHN R. ERICKSON, State Engineer.

WELL, GOOD NIGHT! IF YOU SEE ANY OF THE TEAM SNEAKING A RIDE TIME OFF...

HEY! YOU'VE GOT A FLAT! WHY DON'T YOU SAY SO? I'LL CHANGE IT FOR YOU!

OH, NO! I'LL DRIVE IT TO A SERVICE STATION...

NONSENSE! IT'S NO TROUBLE. LET ME HAVE THE KEYS - I'LL GET THE SPARE OUT OF THE TRUNK!

WELL, WHAT DO YOU KNOW? A SPARE BOY FRIEND? NOW I'VE SEEN EVERY-THING!

SUPPOSE WE OPEN IT AND SEE!...

A LITTLE BIRD WHISPERS TO ME THAT YOUR LETTER HERE CONTAINS SOME VERY INTERESTING INFORMATION, COUSIN MARTIN!...

SO, YOU'RE WILLING TO PAY \$5,000 FOR MY COTTAGE, HUH?

THAT WAS BEFORE SPEC TOLD ME YOU'D TAKE \$3,000 FOR IT!

MISS CALLIE TOLD ME SOMETHIN' FUNNY, ZERO - SHE SAID PICKETT COULD HAVE ANYTHING HE WANTS IF HE WOULD GO CRAWLIN' ON HIS HANDS - AN' KNEES TO HIS RICH UNCLE -

- BUT SHE SAID THAT WOULDN'T HAPPEN IN A MILLION YEARS - SO INDIA AN' PICKETT KEEP ON BEIN' TERRIBLE POOR BUT PROUD -

MISS CALLIE TELLS YA LOTS O' STUFF AN' THEN SHE SHUTS UP - LIKE THOSE OLD-TIME MOVIE SERIALS - JUST WHEN IT GETS EXCITIN' AN' SOMEBODY IS HANGIN' BY A BURNIN' ROPE OVER A CLIFF -

SHE STOPS TALKIN' - AN' YOU GO CRAZY WAITIN' TO FIND OUT WHAT HAPPENED!...

AS CISCO SCRAMBLES TO HIS FEET, THE OTHERS CHARGE...

JUMP HIM!

GET HIM!

SHOW HIM HOW WE TREAT SOD-BUSTERS!

WORRY 'BOUT EVANGELINE AND SWIFTY!

I'M NOT! IT'S EVERYONE ELSE I'M WORRIED ABOUT!

EVANGELINE'S GONE!

OH... SHE'S PROBABLY JUST OUT SOMEWHERE MAKIN' FRIENDS!

COME ON, EVANGELINE! YOU'VE MADE ENOUGH FRIENDS FOR TODAY!...

ER... YOU'D BETTER SEND US A BILL FOR THE DAMAGE, OFFICER!

EVANGELINE... YOU... YOU SILLY THICK-SKULLED, HOLD ON... NEIGH! NO-GOOD GOAT... IF I CATCH YOU EVANGELINE LIKE THAT... IT AIN'T HEALTHY!

WATER. TOLD YOU NOT TO GIT EVANGELINE PEEVED! SHE'S A PRETTY SENSITIVE CATTY GIRL!
