Farmers Union, Kerr-McGee Agree On Eddy County Potash Development

Sink Shaft, Set Up Mine In Lease Land

OKLAHOMA CITY, (AP)—Two outfits have joined hands to develop 13,000 acres of rich potash in southeast New Mexico. Kerr-McGee Oil Industries, Inc., the National Farmers Union and late yesterday to sink a shaft about 1,400 feet near Artesia, N. M., and set up a pilot plant.

MYSTERY FARM of week in Artesia area is this striking farm beside the big over-night reservoir. This farm should be easy to identify. Can you name its owner? First Artesia Advocate winner to correctly identify it will be given a one-year subscription to the weekly newspaper. Farm owner will be presented original glossy photo.

James A. McGee, president of the company, said work will begin and a corporation will be set up for mining, processing and distributing the potash as soon as the plant is operating. McGee said details are to be completed later.

James G. Patton, Denver, president of Farmers Union, estimated the potash is worth "in excess of \$100 million dollars." He called the agreement "a new departure in potash organization services. We are joining hands with one of the forward-looking companies in the world to develop these natural resources for the benefit of our families."

The mine will be the sixth potash mine in the area. The others are owned by Bradshaw, the mineral is a valuable ingredient of commercial fertilizer. Already, the Carlsbad and plants produce about 90 percent of the nation's output.

Negotiations had been under way for more than a month, and agreement was reached yesterday after an all-day session.

The farm group acquired leases in 1951. For the past several months it has been working to determine the best way to develop the area to determine the best way to develop the area to determine the best way to develop the area.

The firm has oil rigs from the Mexican border into the Gulf of Mexico 12 miles, and is the largest operator and deep water development operator in the Gulf area. One of the largest independent oil-gas producers and manufacturer of special petroleum derivatives including aviation gasoline, kerosene, natural gas and natural gas.

Same Record Is Played 57 Times, Listeners Howl

EL PASO, Tex. (AP)—It may have sounded like more, but that record was played only 57 times. Station KJLP, to find out how many listeners it has, played the Jones' new recording of "Japanese Skookin'" from 2:30 p. m. to 5:30 p. m. yesterday.

Police and telephone company representatives were called to investigate. The station's telephone lines were tied up until 8 p. m.

Bill Stewart, program director of the four McClendon stations, is on the stunt. He says he listened to all 57 playings.

When Stewart tried the same stunt in Dallas, firemen put up ladders to get into the locked control room of station KJLP. Stewart does a three hour disk jockey show there.

Spike Jones will run an advertisement "of apology." Stewart, who wore out four records yesterday, says the commercial platter will not be available for two weeks. It will have echo chamber effects heard in the recording used yesterday.

Can you wait?

Illinois Senator Lets Whirlwind Tour in State

By The Associated Press SEN. EVERETT DIRKSEN, Illinois Republican, was expected to arrive in New Mexico today for a whirlwind tour through Hobbs, Las Vegas and Farmington in behalf of Republican candidates.

Brother of Demo Candidate Assaults Newspaper Editor

ALBUQUERQUE (AP)—Bob Brown, managing editor of the Albuquerque Journal, said he was physically assaulted last night by the brother of the Democratic candidate for lieutenant governor following a Journal political story.

Brown said he was pummeled about the head and shoulders by Tom Montoya, former state liquor director and brother of Joe Montoya, candidate for lieutenant governor. Brown said Montoya later apologized for "losing his temper."

"Throughout the encounter outside the Journal building," Brown said, "Montoya was berating me for stories and editorials which he considered unfair to himself and to his brother, Joe."

Simms Won't Award Post To Montoya

ALBUQUERQUE (AP)—John Simms, Jr., Democratic candidate for governor, said today he "would not under any circumstances appoint Tom Montoya as liquor director or as any other official in my administration."

In response to a direct question from the Associated Press following the alleged beating of an Albuquerque newspaperman by Montoya, Simms issued this statement:

"I have made no commitments whatever as to who I will appoint to any office if I am elected governor. Further, I think that under ordinary conditions it is presumptuous to discuss by name persons he might want or might not want in his administration."

"However, to answer your direct question, I would not under any circumstances appoint Tom Montoya as liquor director or as any other official in my administration. As a matter of fact, no one has suggested to me that I should do so, and at no time have I ever had any such intention."

"I would like to say further that this is the first time that I have been drawn into denying ridiculous rumors or answering the 'have you stopped beating your wife' questions dreamed up by the propagandists for the desperate Republican opposition."

"I intend it to be the last. We Democrats have refrained from such gutter-sniping tactics in the belief the voters are interested in the issues. I think the vote on Nov. 2 will demonstrate the validity of this belief."

ROBBER TO FBI KEYTESVILLE, Mo. (AP)—Charles Oleson, 23, accused of taking \$1,090 from a Seattle bank while washing windows, was turned over to federal authorities at Hannibal, Mo., yesterday. He also was charged with obtaining permission to tryout a car at Salisbury, Mo., auto agency and driving it to El Paso where he was arrested.

Bib for Beanie Seen as Frosh Hazing Scheme

CHICAGO (AP)—The green beanie for DePaul university's freshmen, it appears, is as obsolete as the raccoon coat.

Instead, the upperclassmen of the Student Activity Council have decreed that freshmen wear a white baby bib with letters. "I'm a little demon from DePaul." The school's nickname is the "Blue Demons."

PEARL HARBOR (AP)—Communist warships have been contacted in the Pacific, the commander in chief of the U. S. Pacific Fleet said yesterday.

Adm. Felix E. Stump declared at a news conference that none of the Communist warships or submarines has acted in a hostile manner. He didn't identify the Communist craft but he obviously referred to Russia.

He indicated the Communist vessels, which he said have been sighted throughout the Pacific, were unaware that they had been seen, thus suggesting the contacts were made by U. S. submarines.

"We constantly observe movements of vessels in different parts of the Pacific, submarines and various types of craft whom we have identified as Communists," he said.

His remarks followed a two-day conference between Stump and the commanders of Navy forces from the Far East, Japan, the Philippines, the West Coast and Hawaii.

Brown, Stockton Renew Fight Over State Economic Plight

SANTA FE, (AP)—New Mexico's employment situation—or lack of it—gained the political forefront today in a renewed dispute by top spokesmen of each party about the economic development commission.

The issue rose again in an exchange between Tom Brown, Democratic state chairman, and Alvin Stockton, Republican candidate for governor.

Brown charged "double talk" about economic development in New Mexico last night and Stockton immediately denied the accusation.

Stockton replied that he has made it clear he believes "the state should take an active part in bringing industry to New Mexico. I think I know much better than Mr.

High Elk Officer Sees Initiation of Four Local Men

John H. Rhinesmith of Silver City, Elks lodge district deputy grand exalted ruler for southern New Mexico, witnessed initiation ritual for four new Artesia Elks during ceremonies last night.

Initiated were Orland Syferd, Rell Johnson, Charles Lewis, and John D. Goodwin.

Others attending were Robert J. Cunningham and William Davidson of Carlsbad, respectively president and secretary of New Mexico Elks Assn., and Fred Diley, Jr., of Roswell, immediate past southern district deputy grand exalted ruler.

Mrs. Rhinesmith, who accompanied her husband, was entertained by BPO Dues.

Adinner preceded the ritual. Rhinesmith made his annual inspection of the local lodge, examining its physical assets, ritualistic work, records, and other facets of its operation. He will report to the grand lodge.

Blind Beggar Tells Judge Net \$25 Hour

CHICAGO (AP)—Business is so good, blind George Williams told the judge yesterday, that he spends only two hours a day strutting his guitar and singing hillbilly songs on Chicago streets.

He said \$20 to \$25 an hour is dropped into his tin cup. Judge Oscar S. Caplan warned Williams, however, that begging is illegal and put him on probation until Dec. 2.

Institute's Band, Drill Team Slate Halftime Show

New Mexico Military Institute band and drill team will present a halftime demonstration at the NMMI Artesia football game Friday.

Capt. V. W. Robertson, director of bands at the institute, has written that both organizations will be here for the game.

Skilled in marching and the manual of arms, the drill squad has appeared here in Artesia several times and always thrills the audience with its precision.

The Bulldog band of Artesia high school will present a political theme. Urging all Artesians to vote, the band will present the symbols of the two great parties, the donkey and the elephant and present thematic music depicting the election.

Quarantine on State's Wheat To Be Studied

WASHINGTON (AP)—The agriculture department today announced it would hold hearings to consider clamping a quarantine on New Mexico, Arizona and California to prohibit or restrict movement of grains from those states.

Reason for the Dec. 1 hearing in Denver, the department said, is the infestation in several counties of those states of the Khapra beetle.

Government pest experts say the Khapra beetle, a native of India, Ceylon and Malaya, thrives on moist and dry grains and can withstand fumigants that destroy most pests that infest stored grain. It is a tiny insect about 1-100th inch long.

Khapra beetles were discovered in the Tulare county, Calif., last November. Department entomologist found infestations in several counties in that state and Arizona and New Mexico.

The quarantine, if established, would prohibit or restrict the movement of grains and other products from within the states. The hearing will open at 10 a. m. in the New Custom House Building.

Red Ships Are Seen in Pacific, Commander Says

PEARL HARBOR (AP)—Communist warships have been contacted in the Pacific, the commander in chief of the U. S. Pacific Fleet said yesterday.

Adm. Felix E. Stump declared at a news conference that none of the Communist warships or submarines has acted in a hostile manner. He didn't identify the Communist craft but he obviously referred to Russia.

He indicated the Communist vessels, which he said have been sighted throughout the Pacific, were unaware that they had been seen, thus suggesting the contacts were made by U. S. submarines.

"We constantly observe movements of vessels in different parts of the Pacific, submarines and various types of craft whom we have identified as Communists," he said.

His remarks followed a two-day conference between Stump and the commanders of Navy forces from the Far East, Japan, the Philippines, the West Coast and Hawaii.

Pedestrian Dies In Road Accident

By THE ASSOCIATED PRESS A pedestrian died in a road accident on U. S. highway 66 near Theobald last night, raising the current year's traffic toll to 285 deaths.

The victim was identified tentatively by State Police as Howard Williams, a transient, possibly from Palesville, Conn.

Investigators said he was in the middle of the road and was struck when a westbound car driven by Gerald Friedman of Albuquerque met an eastbound bus at that spot. Police said the man was hit by the westbound vehicle.

Chavez Declares Horse-Trading Aids Water Feud

VILLANEUVA (AP)—New Mexico's "water war with Texas is fading out in the river valleys through the cooperation of New Mexico and Texas senators in Congress, Sen. Chavez (D-N. M.) said today.

During a stop on his tour in behalf of the Democratic party through northern New Mexico, Chavez said, "The old no-quarter fight is going out and now we can usually work out 75 per cent of our water troubles in the Senate through mutual understanding."

Chavez said he and Sen. Anderson (D-N. M.), who is running for re-election, "have learned how to trade horses with Texas. Sens. Price Daniel and Lyndon Johnson and that we are seeking an even greater accord on the river problems."

"We still have a sore spot on the Rio Grande," Chavez said, "but this is improving steadily." (Continued on Page Six)

Farmers Fighting Plan for Levee

PUPILS from a Washington high school and Baltimore high school get a first-hand look-see at integration in New Rochelle, N. Y., where fourth of pupils are Negroes. After integration strife flared in Washington and Baltimore, they were invited by faculty and students at New Rochelle, and expenses were paid by a collection. (International Soundphoto)

Objection May Temporarily Stymie Levee

Artesia's proposed diversion levee west of the city may have received a temporary stymie this morning as a public meeting with army corps of engineer officers.

The hearing, attended by approximately 30 people, including a delegation of Atoka farmers, received a thorough history and detailed account on the levee and its potential from Iwe Redmond, a civil engineer working with the Army engineers who has followed the Artesia project since it was first applied for.

Atoka farmers made their objection to the levee known, when spokesman Willard Bradshaw reminded people that land in the southeastern section, where the proposed levee will end, is presently valued at about \$500 to \$1500 per acre.

According to present plans, about 800 acres of land in that area will be affected by the levee, and will need easement grants from the farmers. Russell Rogers told the group, "I don't think there was nearly enough money figured in for the purchase of easements."

BUT THE engineers stressed the point that a much more detailed report than is now available will be needed before any present theories can be justified. Hedmon told the group the engineers were presently stymied because of lack of appropriations from the government for building the levee.

A telegram was read to the group from the Washington office of the engineer which said there were no provisions under any legislation for securing of \$50,000 for emergency funds to complete the survey, as had been asked for by state leaders two weeks ago.

The explanation, Redmond said, is that the survey now needed is labeled by the government as a "new project," not eligible for help under present laws which provide only emergency funds for flood projects which have been damaged as a result of a flood.

Redmond urged the group to "apply some pressure" to Congress in their January session with the sight in mind that the money could still be appropriated this fiscal year, instead of next, for the detailed report.

HOWEVER, the Atoka farmers were still firmly against the levee, even in its premature form, because, according to Bradshaw, "we think it should be kept in its natural channel."

He continued that the people who built homes in the southwestern section of town "knew when they built, they were building in a potential flood area." He explained further that when the farms were established in Atoka, there was very little flood potential at the time, "so we cannot see why we should shoulder the responsibility of protecting the people in the city who knowingly built their home in a flood area."

Another thought advanced by the group was that the rate of fall along the levee would cause silt to be carried into their farm lands.

Bradshaw suggested a farm group and a city group try to get together and figure out another way of helping the city with its problem, which would not interfere with the farming districts.

Bradshaw told the group he "well realizes" the problem which faces Artesia—although he does not think it just to push the burden off on the farmers.

Late Bulletins

PARIS (AP)—The three Western powers and the Bonn Republic today reached complete agreement on steps to end the Allied occupation of West Germany and restore virtually all sovereignty to the West Germans.

WASHINGTON (AP)—The Communications Commission has approved assignment of the license of radio station KCHS, Truth or Consequences, N. M., to Rex A. Rynes for \$13,500.

Slight Cooling Is Seen for Eastern Part of State

By The Associated Press A slight cooling trend over the eastern part of New Mexico was expected to continue today but otherwise little change in the weather picture is expected through Friday.

The district weather bureau said the mercury may dip a few degrees in the eastern half, but will remain comfortably above the frost mark south of U. S. highway 66, the state's north-south dividing line.

A few clouds marked state skies yesterday but weren't heavy. Daytime temperatures remained near record high marks despite the cloud-filtered sunshine.

Carlsbad just barely missed the 90 mark with the day's high of 89. Roswell and Hobbs followed with readings of 86 each. On the cool end of the scale, Farmington and Las Vegas had comfortable maximums of 74.

Overnight, temperatures rose or fell a few degrees, marked by the slight cooling in the northeast. The overnight low was 29 at Gallup followed by Otto with 33 and Las Vegas with 34.

SODALITY MEETS

ALBUQUERQUE (AP)—The annual state convention of the Marian Year Sodality began today. Students of St. Michael high school, Santa Fe; St. Mary's high school, Albuquerque; and the College of St. Joseph, Albuquerque, were in charge of special programs.

# Heavy Activities Schedule Is Set By Junior Woman's Club

Artesia Junior Woman's club met at 1:30 p. m. Wednesday at the clubhouse with Mrs. Jack Mathis, president, presiding.

Mrs. Jay Scroggins, project chairman, reported that \$50 had been given to the Community Chest. The club will have a shower at the January meeting for the hospital, she said.

Mrs. J. B. Champion, Jr., finance chairman, announced a benefit luncheon will be held Wednesday Nov. 17, with a book review by Mrs. S. P. Yates. Tickets are being sold by club members and are \$1.50 a plate. She also announced the club would hold another rummage sale this Saturday.

Mrs. Jack Mathis, Mrs. G. P. Ruppert, and Mrs. Milton Houston

were appointed delegates to the district convention to be held in Artesia, Nov. 9-10.

Mrs. Wallace Beck thanked the club for their help in the Red Feather campaign.

Mrs. Donald Knorr gave a talk on the folklore of New Mexico.

Twenty-eight members and the following guests were present: Mrs. S. M. Laughlin, club sponsor, Mrs. James Hill, Mrs. Morris Davis, Mrs. Louise Rogers, Mrs. J. C. Floore, and Mrs. Susie Turner.

Refreshments of individual fruits and coffee were served by the following hostesses, Mrs. M. T. Peters, Jr., Mrs. Boyd Barnett, Mrs. Troy Harris, and Mrs. A. A. Webster, Jr.

# Methodist Women To Enter Week Of Self-Denial

Women's Society of Christian Service of the First Methodist church will observe a week of prayer and self-denial, beginning with a quiet hour at 9 a. m. Monday. This will be in the sanctuary of the church with Mrs. Ray Fagan leading the worship, "Christ Our All."

On Sunday, Oct. 31, at 7:00 p. m. the society and the Wesleyan Service Guild will conduct the worship service, "Our All-Sufficient Help," with Mrs. H. L. Green as leader.

Contributions received on Sunday evening will go to the retired deaconess fund and to carry on the work in India and Pakistan.

The week of prayer and self-denial is observed in Methodist churches throughout the United States.

# Approaching Rite For Miss Durbin Is Announced

Mr and Mrs. Marlin Durbin announce the approaching marriage of their daughter, Jo Laverne to Claude A. Holloway, son of Mr and Mrs. Ralph Holloway, Joiner-ville, Texas.

The wedding will take place on Saturday, Nov. 6, at 9 a. m. at St. Anthony's Catholic church.

# Restaurant Hours For Women Set

SANTA FE — Asst. Atty. Gen. Hilario Rubio has advised that it is illegal to work a female employe in a hotel or restaurant more than 48 hours in seven days without one day off.

Labor Commissioner C. W. Burrell asked the opinion.

# Goodwill Drive Scheduled Here For Saturday

This coming Saturday, Oct. 23, is the date set for the Goodwill Industries drive in Artesia.

Sponsoring the drive is the First Methodist church Youth Fellowship group. Goodwill bags have been left at each home.

Bill Cox, chairman of the drive asks that people fill the bags with used clothing, shoes, hats, useable household articles. The material will be used by Goodwill Industries, located in El Paso, to provide training and employment for handicapped people in the New Mexico and West Texas area.

Contributions should be set on front porches not later than 9 Saturday morning, at which time they will be picked up. If you do not have a bag, any box or carton will do.

# N. H. Cabots Are Back After Visit To Unique Ranch

Mr and Mrs. N. H. Cabot returned to Artesia Sunday after visiting for a week with his sister, Mrs. Cathryn Binford and her daughter, Nancy, who live on the M ranch in the Canadian brakes west of Amarillo.

Mrs. Binford is owner of this ranch which is unique in that it is operated entirely by women. Although she calls it a small ranch it covers 24 sections of land and runs between seven and eight hundred head of Herefords.

The daughter, Nancy, raises blooded Palominos, and has appeared at fairs and rodeos all over the United States. She won several ribbons at the New Mexico State Fair in Albuquerque this fall.

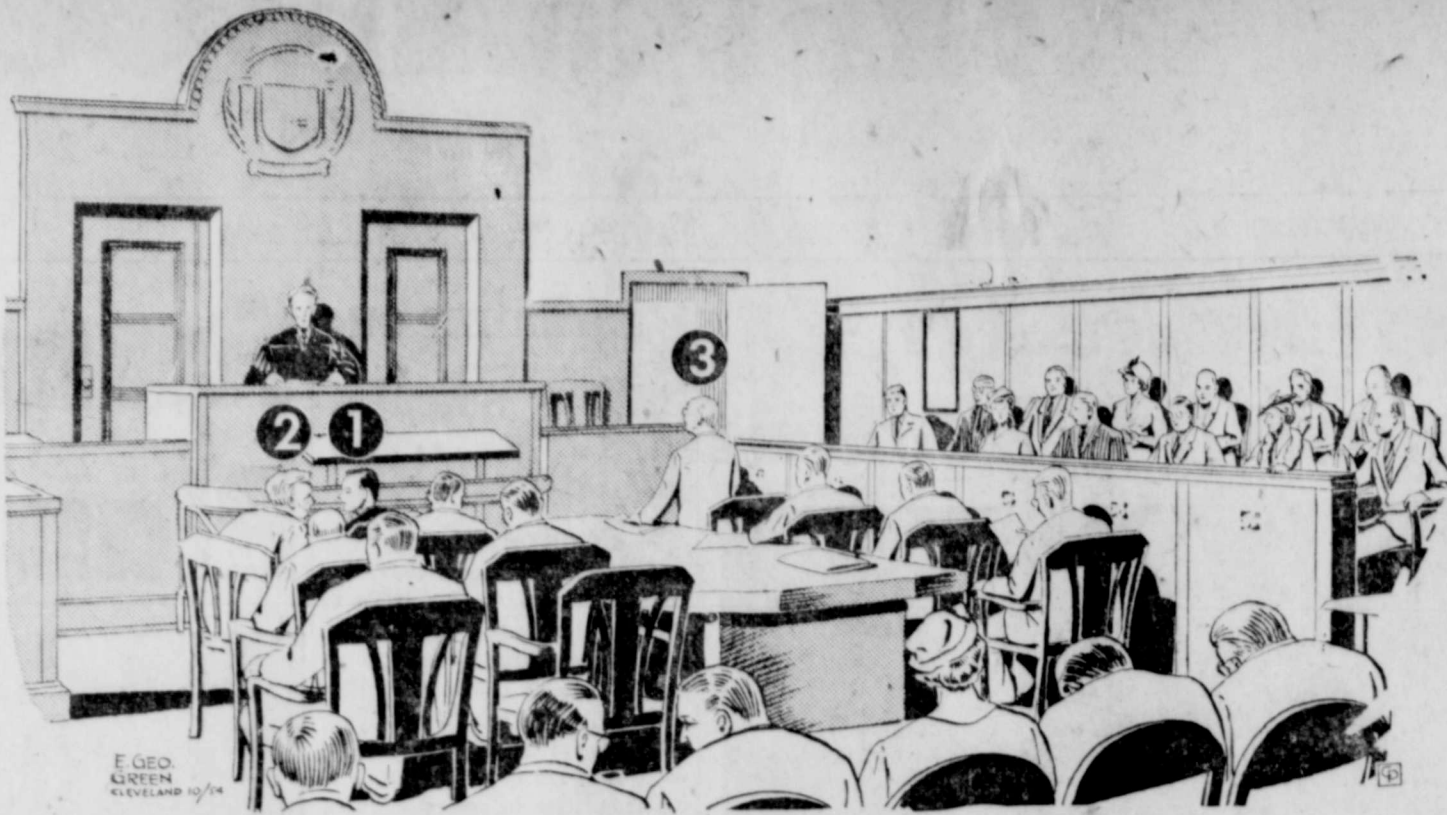

The U.S. cane sugar refining industry has plants in Boston, New York, Philadelphia, Baltimore, Savannah, Louisiana, Galveston and San Francisco.

Although some animals seem to protect their albinos, the white birds usually are shunned by their own species, says the National Geographic society.

DIM HEADLIGHTS WHEN MEETING OR FOLLOWING VEHICLES... and keep your car in safe-driving condition at all times!

# SKETCH SHOWS SHEPPARD COURTROOM SETUP

NO PHOTOS are allowed in the courtroom while first degree murder trial of Dr. Samuel Sheppard is underway in Cleveland, but this sketch by E. George Green shows setup. "Dr. Sam" (1) confers with his chief counsel, William Corrigan (2). John Mahon (3) heads up the prosecution staff at the trial. Jury is pictured at right and press section in foreground. Dr. Sheppard, osteopath at Bay View hospital, which his father and brothers operate in a suburb, is accused of beating his wife to death in their home last July 4th.

# Social Calendar

Thursday, Oct. 21

Circles of Woman's Society of Christian church meet as follows:

Training circle, Mrs. W. C. White, 9:30 a. m.

Other circles at 2:30 p. m.

Circle 1, church parlor, Mrs. J. H. Walker and Mrs. F. C. Hart, hostesses.

Circle 2—Mrs. George Dungan, southeast of town

Circle 3—Mrs. Keese Smith, 1201 Mann ave.

Circle 4—Mrs. Ira Dixon, 411 W. Dallas.

Circle 1 of Presbyterian Women Assn. meeting at home of Mrs. Leo Hicks, with Mrs. Chester Russell as co-hostess, 2:30 p. m.

Circle 2 of Presbyterian Women Assn. meeting at home of Mrs. J. B. Mulock with Mrs. James Cerny as co-hostess, 2:30 p. m.

XI chapter of Delta Kappa Gamma society, initiation and banquet at Old American dining room, 6:30 p. m.

Artesia Square dance club, dancing at Elks building, 8 p. m.

# Boston College Is Top Defensive Team in America

NEW YORK. — At Oxford, Miss., Boulder, Colo., and Boston, Mass., outstanding defense goes hand in hand with outstanding offense—even though in Boston it takes two schools to provide the combination.

Boston college is the country's top major college team in total defense, NCAA service bureau statistics showed today. It's second in ground defense and third in points allowed. And playing just a few blocks away is Boston university, which ranks No. 2 in total offense and scoring.

Mississippi is No. 1 in ground defense as well as in total offense and in passing. Colorado has permitted the opposition the least number of points and is the country's top running team.

Naturally, with such advantages, each of the four teams is undefeated.

Boston college has given four opponents only 139.5 yards a game and is far ahead in this department. Richmond has yielded 152.6, Alabama 153.8, Mississippi 163.2, and Navy 167.8.

On the ground, Mississippi has held five foes to 52.8 yards a game, keeping Tulane, its last victim, down to 13. Boston college has allowed 77.8, Yale 78.0, Oklahoma 78.8, and UCLA 90.6.

THE SEARCH for oil goes on night and day. Competition not only speeds the process itself, but helps to develop about new scientific instruments to do the job. Here an air-borne magnetometer trails below an oil exploration plane. It records variations in the earth's magnetic field and enables oilmen to cover great areas of ground more fully. Other new ideas and devices are developed by thousands of oil companies in the race to find more supplies for modern America. The driving force is competition, and the result is a stronger America, and better oil products for the consumers.

ONE OF THE FIRST things that any oil company must do as a prerequisite in the search for oil is to lease the land. This results in a cash drop of millions of dollars to farmers, land-owners and others. It is, in effect, other one of the many direct benefits of oil industry competition, for the rentals must be paid until oil is found or the lease is dropped. But sometimes the farmers so busy with-crops that leases are typed up right in the field, as this photograph shows. Competition in the industry, for leases, reserves and markets never stops.

It can rain when temperatures are well below freezing if a mass of warm air lies above the air just above the surface ground.

# Colts Still Hunt For First Win

By BUCK LANIER, Roswell Record Sports Editor  
ROSWELL — (Special) — When the NMMI Colts invade Artesia Friday night, the team will still be looking for its first win of the year.

In its four losses to date, Coach Jerry Bollen's eleven has looked good and bad. Fort Summer stopped the Colts in their opener 32-0, Tucumcari won 18-6, Jal edged them 6-0 and Alamogordo defeated them 27-0 Friday night.

In the Jal game, NMMI moved within the 10-yard line twice, losing the ball on a fumble one time and being held the other.

Alamogordo put together two long runs, a long pass and a sustained drive for its victory.

In center-fulback Jim Llewlyn the Colts probably have the best high school kicker in the state. In the Colts' four games Llewlyn has booted 21 times for an amazing 40.7 average.

Although there is little chance that the Colts will defeat the AA Bulldogs, Bollen is planning on throwing the ball plenty and if the occasion arises, will have Llewlyn attempt field from 25 yards on in.

Gary Brown, senior quarterback, will handle the Colt passing while the runners, that will give the Dogs trouble are Harley Van Court and John Stevens.

Up front big Jerry Feferman has been the Colts' defensive stalwart from his right tackle position.

Overall the Colt plans are to make things interesting for the Bulldogs.

The probable starting lineup: Ends—J. B. Summers and Ray Wolff; tackles—Jerry Feferman and H. H. Wilson; guards—Don Whiting and Harry Blackwood; center—Roy Linck; backs—Gary Brown, Harley Van Court, John Stevens and Dick Anderson.

The Bulldogs have outscored the opposition 143 points to 57. Artesia has a total of 63 first downs to 59 for the combined opponents. Artesia has earned 48 on the ground, 11 in the air, and three by penalties, while the opposition has garnered 47 on the ground, 11 in the air, and one by penalty.

## Gavilan Cries 'Steenk' As Saxton Wins Title Decision

By MURRAY ROSE  
PHILADELPHIA — (AP) — Johnny Saxton won the welterweight title from Kid Gavilan last night. Today, with cries of "robbers" from the Gavilan camp echoing around him, Saxton went into court to face a possible 15-day sentence. He is charged with 12 traffic violations.

"I hope the judge will give me a break," said the 24-year-old New Yorker.

Gavilan insisted he got no breaks last night when a highly controversial unanimous 15-round decision relieved him of the 147-pound crown he had worn for 3½ years.

While the referee and two judges were in accord and had Saxton the champion by the 12th round barring a knocking, 20 to 22 boxing writers at the ringside had Gavilan the winner in what had to be the worst fight of his career.

Gavilan, alternately crying and screaming and alternately retiring and unretiring, sobbed after the fight.

"People don't talk for nothing. I know from the first round on that I cannot win. The referee he gives Saxton everything his way. I no want to fight no more. I give my left hand—I give my right hand to the Pennsylvania commission. Everything steenk."

"The Keed, he is robbed," screamed his manager, Angel Lopez. "The Keed, he is robbed. I know he have to win big but after

he take last three rounds, I figure for sure they must give him the decision. I say to the Keed, they cannot take it away from you. I am wrong. I give you the Pennsylvania commission. They can take the championship and keep it."

"It was a lousy, stinking fight," said Chairman Frank Wiener of the Pennsylvania athletic commission. "If Gavilan fought like I've seen him in the past, Saxton wouldn't have won."

He made that statement to Frank (Blinky) Palermo, manager of the champion, and Jim Norris, president of the International Boxing club in the Saxton's dressing room.

Later, Wiener said, "If Gavilan's handlers are still crying robbers, crooks and fix after they have had time to cool off, it will cost them. Both Gavilina and Saxton stunk out the house. Let Saxton take his title to Syracuse and fight Carmen Basillo, and let Gavilan fight anywhere but in Philadelphia."

SCHOOL HEARING SET  
SOCORRO — (AP) — A district court hearing was scheduled today to decide if a temporary restraining order barring suspension or transfer of 12 Socorro county teachers should be made permanent. The temporary order was signed last week by Dist. Judge W.T. Scoggins.

## VETEANS OF FOREIGN WARS SUBSCRIPTION CAMPAIGN

We are sponsoring this drive in Eddy County and vicinity in order to secure Invalid Walkers and Hospital Beds. This equipment will be added to our present supply and is loaned free of charge to the residents of Eddy County and vicinity.

NO DONATIONS will be accepted on this drive. This equipment is paid for by commissions from the sale of well known publications which will give you FULL VALUE for your money.

The person calling on you at your home will read a letter signed by officers of our post, explaining the plan in detail. All courtesies shown this person will be appreciated. Thanks.

## Pecos Gets No Roswell Game Scout Report

ROSWELL, (AP) — When the Pecos, Tex., Eagles looked to their coaches for a scouting re-ports on the Roswell Coyotes, their opponents at Pecos Friday, they were most surprised.

Two Pecos scouts were as-signed to scout the Roswell-Hobbs game here last Friday but made the mistake of not check-ing the schedule too closely.

They went to Hobbs, discov-ered to their chagrin that the game was being played in Ros-ell and probably set a modern record on a fast trip from Hobbs to Roswell.

When the coaches arrived the Coyotes were busily running out the last two minutes on the clock and preserving their 13-7 victory over the New Mexico Eagles.

It was a long 165 miles back to Pecos.

## Artesia Sports Scene

### Football Panel to Seek More Backing for Sport

By EVAN MAHANEY  
A PANEL session on boosting Artesia football is being planned by Quarterback club program chairman Harold Saueressig for sometime after close of the Bul-dogs season.

The session will seek to discuss ways in which the overall football picture can be improved—and that could range from plans for a new stadium to the proposed Little League football previously discus-sed this season.

To be invited to the session, Saueressig says, are coaches, school administrators, newspaper and radio representatives, and others interested in boosting football.

THE MATTER of a new stadium is felt long overdue for discussion, in some quarters, since the schools already have a suitable location.

However, final development of stadium plans will probably wait until the over-all master plan for development of Senior high school's campus is completed.

The matter of finances also is a big one, since school bond issues are continually voted to the hilt to provide elementary schools, and in the future, refurbishing on a temporary basis of the high school plant.

ONE OF the biggest disappoint-ments in a long time to Artesia sports fans was the "realignment meeting" held in Albuquerque on Monday.

Representatives of three leagues —Arizona-Texas, West Texas-New Mexico, and Longhorn—met with a representative from the office of minor league czar George Trautman, specifically to discuss possible realignment of baseball in three states.

However, the realignment was quickly brushed off and the club officials spent the rest of the day chewing the fat about common baseball problems.

Having failed to bring about re-alignment, the Longhorn league might now thumb its nose at the other two and go about its busi-ness, the chief item being nudging Hobbs into shape to field a club in 1955.

If Hobbs can bring its club along, as everyone fervently hopes, Artesia baseball figures think the league will have it made. Attend-ance increases and decreased oper-ating costs due to shortened travel are predicted as one of the big developments, in addition to heightened league morale through the presence of a strong club to re-place ever-failing Sweetwater.

J. Paul Boushelle, director of publicity at State College, dropped a line to the Advocate this week with pictures of two ex-Bulldogs, Sam Golden and Fred Hernandez. Boushelle said Golden, despite his lightness, is being used more and more each game, because of his fight and willingness to work.

Hernandez is also a willing worker, the publicist wrote, al-though he's having to learn a lot of his football over as the result of serving a couple of years with Uncle Sam.

NMMI ASKS FUNDS  
ROANOKE, Va. — (AP) — Repre-sentatives of New Mexico Military Institute met with defense, Air Force and Army department spokesmen yesterday to discuss additional aid for its military pro-gram. Other school officials pres-ent were from Texas A&M, Vir-ginia Tech, Virginia Military, Pennsylvania Military, North Georgia college, Norwich univer-sity, Clemson and The Citadel.

SOUTH: West Virginia over VMI, Alabama over Mississippi State, The Citadel over Presbyter-ian, Florida over Louisiana State, Duke over North Carolina State, Georgia over Tulane, Virginia Tech over Virginia, Georgia Tech over Kentucky.

MIDWEST: Colorado over Ne-braska, Michigan State over Pur-due, Illinois over Syracuse, Iowa over Indiana, Marquette over Low-ham, Missouri over Iowa State.

SOUTHWEST: Baylor over Tex-as A&M, Oklahoma A&M over Har-din Simmons, Rice over Texas, Texas Christian over Penn State, SMU over Kansas.

FAR WEST: Arizona State over West Texas state, Montana over Brigham Young, Arizona over New Mexico, Oregon over San Jose, Texas Tech over College of Paci-fic, Southern California over Cal-ifornia, Washington over Stanford, Utah State over Colorado A&M, Washington State over Idaho, Wy-oming over Utah.

## Doctors Testing Campanella Hand Operation Result

NEW YORK, (AP) — Whether an able-bodied Roy Campanella will be behind the plate for the Brook-lyn Dodgers next season won't be known for another four or six weeks at least.

It will be that long before doc-tors can test the results of the sec-ond operation in six months on the veteran catcher's left hand.

After the four-hour operation yesterday, it was announced there was an "excellent chance"—but no out-and-out guarantee — Campy's hand would return to normal.

Dr. Samuel Schenkman, a neuro-surgeon who performed the opera-tion, and Dr. Lyndon Hill, who assisted, offered this appraisal but added: "No more will be known for from four to six weeks, when further tests will be made."

The first operation, in May, re-moved a bone chip. The surgery s i d e l i n e d Campanella for four weeks and left the hand partially paralyzed.

Electro-impulse tests showed the paralysis was caused by adhesions on the ulnar nerve.

## Freshman Passer At HSU Creates Top Attention

ABILENE, Texas — (AP) — A freshman football player at Har-din-Simmons university who tosses a pigskin like a baseball is creat-ing plenty of talk these days and among those discussing him most is that master of the pass himself, Sammy Baugh.

The boy's name is Ken Ford and they call him Model A. He's a brother of John (Model T) Ford, who set all kinds of passing rec-ords at Hardin-Simmons from 1947 to 1950 and now is an assistant coach at Arizona. Ken won't be passing against his brother's team because Hardin-Simmons and Arizona do not meet although both are in the Border conference.

Ken gave the armchair quar-terbacks something to talk about when he stepped onto the field for his first college game. He com-pleted his first pass for a touch-down against Tulsa.

Naturally, followers of Hardin-Simmons football immediately started comparing Ken with his brother, John Ford completed 313 passes for 5,195 yards and 58 touchdowns in his career at the school.

Ken is off to a flying start to-ward smashing John's records.

He has tried 64 passes and com-pleted 34 for 372 yards and 4 touchdowns through his first 5 games. He ranks eighth in the na-tion.

### Silent Robber Gets \$50 From Grocery Store

OKLAHOMA CITY — (AP) — An armed robber used the silent treatment to obtain about \$50 from a grocery store here last night. Police said the robber accosted store owner Frank Elske, 63, and gave him a note which read: "This is a holdup. I need money badly. Put greenbacks in sack. Gun is in my pocket. Don't make a move. Act naturally. Don't want to hurt on one. If needed I'll kill you."

REA REGION MEETS ALBUQUERQUE — (AP) — Region 10 of the National Rural Electric Cooperative Assn. meets here tomorrow. Delegates representing 337,368 electrified farms in 98 rural electric systems in Arizona, New Mexico and Texas are expected.

### Humble Finishes Deep Discovery In Rio Arriba

HOBBS — (AP) — Humble Oil Refining Co. has completed a 6.76 foot gas-distillate discovery in Rio Arriba county about 27 miles northwest of Cuba.

The well, No. 1 Jicarilla, flows 20.04 barrels of 60.6 gravity distillate, plus 13.36 barrels of water, a 16 1/2-hour test. Gas volume was at the rate of 859,000 cubic feet per day.

Production is from the Dakota sand. The well is at the center of the northwest quarter of the northwest quarter of section 1, 23n-5w.

### Record Set By 500 Meals In 5 Minutes

AP Newsfeature DEARBORN, Mich.—Five hundred meals dished out in five minutes might well be a record. But it's nothing more than daily routine for the industrial caterers who serve 15,000 hungry workers at the Ford Motor Co.'s big Rouge Plant in Dearborn. Food on the run is their business.

When Ford workers leave the production line for a timed-to-the-minute half-hour lunch period, they demand speedy service and good food reasonably priced.

To meet the demand, a catering company serving the plant set up portable cafeterias operating around the clock.

Food is prepared in the catering company's own kitchen, but must be moved to all sections of the plant in all kinds of weather.

Preparation of food for the 11 a. m. lunch hour starts at midnight. Cooks are kept constantly busy turning out thousands of sand-

wiches, hamburgers, hot dogs and other items.

As loading time approaches, the food factory foreman keeps an anxious eye on the weather. If the temperature climbs into the 80s and 90s, he knows the factory customers probably will have little appetite and will ignore hot foods. And unless he can stop production in time, gallons of steaming soup will be sent instead to charity institutions.

Menus are not elaborate. The factory worker does not demand an elaborate fare. Many bring their own lunches, and buy only beverage and dessert. The customer is given a choice of 25 items plus 10 varieties of sandwiches, which sell for 15 or 20 cents.

In a 24-hour period, the firm will sell about 2,500 sandwiches and 3,600 10-ounce bottles of coffee, the other leading item on the menu. Menus follow the same routine each week, because the men want to know what to expect each day. Some are spaghetti fans. Others wait for the chili or corned beef hash day.

Salesmen mostly are Ford workers earning extra cash on their lunch hours.

By handling an average of 300 persons in five minutes, the job is

### Birth of Boy Brings Crisis to Seven Sisters

IDABEL, Okla. — (AP) — After seven straight girls, Mrs. Joe Herron has given birth to a son, thereby precipitating a family crisis.

The parents had picked a girl's name for the baby before birth but—naturally—had not bothered to think up a boy's name. They were stumped.

Herron said he and the seven daughters are locked in arguments over a possible name.

pretty well cleaned up in 15 minutes. The average sale amounts to only 12 1/2 cents, but the average half-hour take is \$100.

The caterer's plant manager, E. M. O'Brien, says factory workers are not the big eaters they used to be. In fact, he says, "they only eat about half as much as they used to in the days when we operated the lunch wagons."

Biggest sales days, he says, are Mondays "when there is no food in the refrigerator after the weekend to make sandwiches at home" and on Friday "after pay day."

## The Taxes Are Yours

THE GENERAL ELECTION on Nov. 2 is just around the corner. Between now and Nov. 2 we will hear more and more promises, campaign speeches, and political talk.

You will be told what has been accomplished by the two political parties by the candidates and be promised most anything and everything.

Just bear in mind the candidates, their supporters and backers are seeking votes. And also remember that the tax money these public officials are going to spend is your money.

There is no question in our minds but what the average American citizen, voter and taxpayer is a little tired and weary of the waste and the extravagance of the national government.

We believe that the average voter and taxpayer wants a more efficient, economical and wise-spending administration. And regardless of what the party leaders of both parties have to say they haven't much of a record along that line.

America has wasted billions of dollars on so-called "help programs" for our allies. The Democrats had some nine billion left in the pot they had appropriated and had not spent. And some three and a half billion dollars was added to that by the present administration.

Neither party is going to be very economically minded until the American people demand they be so. It is going to be up to the voters and the taxpayers to tell their public officials what they want in the way of government, taxes and spending.

And that certainly is your American right. For far too long for our own good we have turned our "biggest business"—government—over to the politicians to handle and run for us. It is time we take an interest in these affairs. Remember a dollar saved in eliminating unnecessary taxes is a dollar we have earned.

One of the best ways for us to take this interest in our own business is not to hesitate to tell the candidates what we want in the way of taxes and expenditures.

And the time to do this is before the election and by going to the polls on election day and casting that vote for those candidates we feel will do the best job for the American people.

## First Million-Dollar TV Show Readied for Sunday

By BOB THOMAS  
HOLLYWOOD — On Sunday night, home viewers will see the first million-dollar production in TV history, a two-hour network show including such stars as Eddie Fisher, Lauren Bacall and President Eisenhower.

Thomas E. Edison invented the first practical light bulb 75 years ago today. To celebrate the event, 300 electric companies are footing the bill for a TV show that should merit strong adjectives in a season of so-called "spectaculars."

The electric people selected as producer David O. Selznick, a logical choice since he has made the most successful movie, "Gone With the Wind." I caught up with him during his whirlwind schedule and pumped him for details on the show. Until now he has been close-mouthed about it.

"They came to me with the idea for a diamond jubilee of light show last spring," he said between bites of a hasty lunch at his desk in CBS' TV city. "The deal was finalized in early summer. I was given no instructions, except that it would be a two-hour show on all networks and with no commercials."

The professional actors include Judith Anderson, Walter Brennan, Joseph Cotton, Dorothy Dandridge, Brandon DeWilde, George Gobel, Helen Hayes, Guy Madison, Thomas Mitchell, David Niven, and Kim Novak.

Ben Hecht wrote the script with assists from such men as John Steinbeck and Irwin Shaw. Film portions were directed by King Vidor, William Wellman and Christian Nyby.

"At first I thought of a format in terms of one story," Selznick explained. "It was to be a sort of American cavalcade, weaving in the changes that happened to one family starting with the electric light, but that appeared to be too dreary, too sustained."

"Then I got the idea of basing the show on the world of light. And so the various parts of the program will depict the light of faith, of liberty, of learning, etc. Since the show was going wherever television is received, I felt it should appeal to all parts of the audience."

"I worked out a chart to include elements that would appeal to

caused numerous accidents.

**New Halloween**  
Artesia youngsters and their leader, Miss Nell Denton, deserve a pat on the back for their plan to collect trick-or-treats in behalf of the United Nations International Children's Emergency Fund, rather than themselves come Halloween.

Small contributions from everyone with money which otherwise might be spent an ordinary "treat" will be sought by the young people in the Junior teen-age classes of Presbyterian, Methodist, and Christian churches.

Young people of all denominations are urged to join with them.

**About Lawyers**  
Santa Fe railway sends along this quip about lawyers:

There was a broken fence between heaven and hell. The devil sent a note to the angels saying: "On advice of legal counsel I am pleased to inform you that the repairs are entirely your responsibility."

The heavenly administrator replied: "Having no legal counsel to advise us, we have decided to repair the fence."

**Freed by Reds**  
MARINE LT. COL. Herbert Peters (above) of Mountain View, Calif., is free in Korea after being a captive of the North Korean Communists since Feb. 5.

At that time Peters, 37, was piloting a light plane which veered off course and when his fuel ran low he landed at a Red airstrip. (International)

# Outlook for Eating During Coming Winter Pretty Good

By SAM DAWSON  
NEW YORK — The outlook for eating this coming winter is pretty good today.

Prices of most foodstuffs are down—at the farm level—to about where they were before the start of the Korean War sent them scurrying upward. Large surpluses of many of the primary foodstuffs tend to keep them stable.

The chief upward pressure on food prices at the grocery level comes from the creeping rise in costs of preparation and distribution.

Drought or disease of tropical hurricanes have cut some crops in some sections, but shortages exist in very few commodities. Storms hurt the apple crop in the East. Rains cut into the onion crop in the Southwest and on the West Coast unseasonable hot weather took a toll of lettuce in California.

But the story in general is one of plenty. And when a major crop has been cut this year by weather or governmental planting restrictions, there is usually a sizable holdover from previous years on which to fall back.

Another round in coffee price cutting started this week on the Pacific Coast and spread to the East. Futures trading on the New York Coffee & Sugar Exchange shows that traders are looking for lower prices when the next crop is harvested in Brazil. In that country governmental agencies are reported buying up. The green beans in an attempt to bolster sagging prices.

The turkey crop in this country is close to the record set in 1952, while wholesale prices are reported the lowest in 12 years, offering consumers something to be thankful for come Thanksgiving. Poultry prices are down and so are eggs, although chicken farmers are expecting the price to stiffen with the moulting season.

Meat supplies are abundant this fall. Bargains are advertised every week by the butchers.

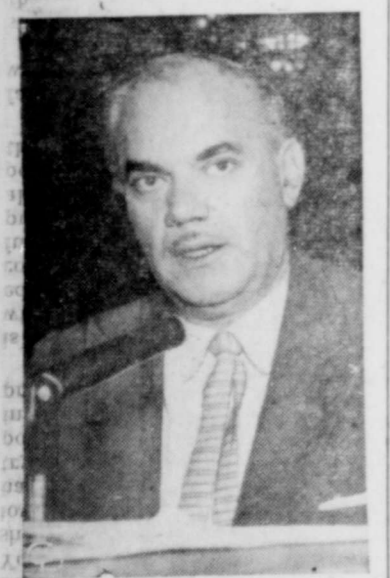

All this is pleasant for the consumer. For the farmer it's something else again.

Prices of farm products climbed steeply after the Korean War started in June of 1950. They reached a peak in early spring of 1951. Since then they have slipped back 21 per cent.

## Four-Month-Old Continental Bus Strike Settled

LOS ANGELES — The four-month-old strike of bus drivers on the Continental Western Lines of Transcontinental bus system has been settled. Service out of Los Angeles resumes at 12:01 a. m. tomorrow.

The agreement was signed yesterday in the office of U. S. Conciliator Harry Malcom.

Drivers in California, Arizona, New Mexico and some parts of Colorado and Texas went on strike June 5, asking for higher wages.

The company's general manager Art Nay, said the settlement includes a three-year contract from Oct. 22, 1954, and a new wage pattern based on an increase tied to increases in company revenue. A spokesman said wage details may be available today.

Approximately 200 drivers are involved on the routes from Los Angeles to San Diego, San Francisco, Flagstaff, Ariz., Gallup and Albuquerque, N. M., Dallas, Tex., Denver and connections to Kansas City.

## Nebraskan Pays \$26 Per 100 for Hereford Calves

CLOVIS — Louis Binkledge, Wisner, Nebr., paid \$25 per 100 pounds for 20 Hereford calves yesterday at the Clovis Cattle Festival wound up.

He bought the grand champion lot for all breeds from Joe Wilcox, Kenna. The calves averaged 477 pounds and brought a total of \$2,380.40.

Three other top carloads brought slightly lower prices.

Owen Semmonds, Clovis, sold 20 heifers to S. T. Bailey, Las Vegas, at \$19.40 per 100 pounds, and A. L. French, Elida, sold 21 steer yearlings to Wertheimer Cattle Co., Clovis, for \$24.75 per 100.

Schwartzman Packing Co., Albuquerque, bought the champion heifer yearlings lot, 26 head, from Silas McCabe, Elida, for \$20.10 per 100.

He told the Chaves county commission.

The plan is to build one mile on U. S. highway 79 along West Second St. from Sycamore to Sunset Ave. to tie into a four-lane project already being built there.

FANCIFUL DRAWING of gay Pinocchio shows him in gay, care-free mood, long before his vanity about his long nose and disrespect led him, on bad times. In background are two of his "friends"—the bad companions who contributed to his misery and downfall.

## 'Pinocchio' Slated Tomorrow As First of Student Plays

The first in a series of three children's plays for Artesia schools will be presented tomorrow when the children's theater division of Penthouse Productions of New York and Reed Lawton Productions of Hollywood present "Pinocchio."

Two performances are scheduled for tomorrow. One at 9:30 a. m. will be for students at Park, Hermosa, and Roselawn schools. The 1:30 p. m. performance will be for students at Central, Atoka, Cottonwood, Loco Hills and Hope schools.

Both performances will be in Senior high school auditorium. Transportation will be provided for all schools except Park.

The plays are being sponsored by the Parent-Teacher association of Park, Hermosa and Central schools.

Tickets are being sold this week for either the entire series at \$1.25 or for single admission price of 50 cents for each play.

General chairman of the play committee is Mrs. Hugh Parry. Ticket chairman is Mrs. George Ferriman.

Other plays scheduled for the current school year are "Hansel and Gretel" and "Toby Tyler."

The co-producers of the plays have been active over the past 28 years, presenting to child and adult audiences across the U. S. and Canada original musical stage shows based on time-tested and beloved fairy tales.

All the stage shows are appropriately costumed and the scenery is masterfully and carefully de-

## Commission Views Blinbery Wells

HOBBS — A plan limiting wells in the Blinbery pool to one per 160 acres has been taken under consideration by the state oil conservation commission.

The pool, four miles wide and 13 long, runs north and south to the east of Eunice.

The commission plans to write yesterday to try to work out a system by which oil underlying the gas also would be taken. W. B. Macey, commission director, said the state agency wants to "get all the oil and gas out of every hole."

The commission plans to write field operation rules after it has had time to consider testimony from four oil companies, Shell and Continental, which sided, generally, with the commission, and Humble and Gulf.

Gulf testified it believed spacing suggested by the commission would have no effect.

MECHEM GIVES BREAKFAST  
SANTA FE — Gov. Mecham has invited the governors of Utah, Wyoming and Colorado to be his guests at breakfast in Washington Friday. The four governors afterward will meet with Atty. Gen. Brownell concerning California's move to have their states declared parties to the California-Arizona suit over Colorado river waters.

A.G.'S OFFICE ATTACKED  
ALBUQUERQUE — Edward J. Apodaca, Republican candidate for attorney general, says he would like to see election fraud prosecutions placed in the hands of district attorneys. Apodaca said, "I recommend this because of the pathetic inactivity in this field by the present attorney general's office."

## Eisenhower Cites Russian, Red Chinese Peace Threats

By MARVIN L. ARROWSMITH

NEW YORK — President Eisenhower told the nation last night his administration has "come far" toward blocking Communist aggression and winning lasting world peace, but that Russia and Red China still are dangerous threats.

The White House called his major address here "nonpolitical," and the President termed it a reply to sharp criticism fired at Republican foreign policy by former President Harry S. Truman and Adlai E. Stevenson, the 1952 Democratic presidential nominee.

But Eisenhower's assertion that the free world can "indeed take heart" over what he outlined as progress achieved in the struggle against communism contrasted with the picture painted by Truman and Stevenson last week.

Today, the chief executive arranged two political meetings advertised as such, and New York and New Jersey GOP leaders were counting on the sessions to provide a boost for the party's congressional and state office candidates.

THE PRESIDENT scheduled the first meeting with some 300 New York Republican workers and candidates at the party's state headquarters in the Roosevelt Hotel here. The group is headed by U. S. Sen. Irving M. Ives, GOP candidate for governor in a hard-fought race with Averell Harriman, Democratic-Liberal party nominee.

The other conference was arranged with former Rep. Clifford P. Case of New Jersey, also running for the Senate.

On the president's calendar is another major address here tonight and it—like last night's—is being tabbed "nonpolitical" by the White House.

He will speak at the annual Alfred E. Smith Memorial Dinner at the Waldorf-Astoria Hotel.

The address is scheduled for 8:30 p. m. MST.

THE PRESIDENT spoke last night to 1,800 guests at a dinner marking the 300th anniversary of Jewish life in the United States. Mentioning some obstacles still in the way of achievement of an enduring peace, he declared:

"The principal and continuing factor is the persistently aggressive design of Moscow and Peking, which shows no evidence of

genuine change despite their professed desire to relax tensions and to preserve peace."

But, he said, much progress has been made toward thwarting the spread of communism through the new Western Europe defense alliance agreement and through
