Pan American Race Most Dangerous, Longest of Any

By JACK RUTLEDGE MEXICO CITY, (AP)—The 1,908-mile Pan American Road Race beginning Friday is the longest and possibly the most dangerous major automobile race in the world.

Over 150 top drivers from three continents will match their wits and talents and risk their prestige—and even their lives—to win \$117,200 in prize money in the five-one race (there are five car classes entered).

It runs from sea level to an altitude higher than most mountain climbers in Europe ever attain—almost two miles high as the twisting road hugs Itzacihuatl (The Sleeping Lady), snowcapped even in summer. This change is hard on man and machine.

This is the longest day's drive of the race and the first long straight stretches of road. Also, the road is good, although on the first lap (Mexico City to Leon, 261 miles) these are some sharp curves.

Italy's Felice Bonetto was killed on this strip last year in a town named Silao. The road surface, however, is good, and from here on speeds up to 130 miles per hour are common. The day's second leg (Leon to Durango, 329.3 miles) is the longest of the entire race.

Third day: Two legs, 590.3 miles, Mexico City to Durango—

Prevailing Wage To Cotton Pickers To Be Established

This month's prevailing wage for cotton pickers will be established this week by the employment office, according to Mgr. Carl Foster who has spent the last three days on the regular monthly survey.

Foster explained that each month his office makes a survey of wages paid domestic help in the area. The office then compiles the information, giving the Mexican Nationals the average wage of the domestic help, as called for in their contracts.

University Gives Athletes Academic Aid, Popejoy Says

ALBUQUERQUE, (AP)— Pres. Tom Popejoy says the University of New Mexico no longer awards athletic scholarships but does have athletes attending school on academic scholarships.

Popejoy, who has been criticized for his conservative athlete aid policies, said \$46,678 in scholarship money will be given varsity and freshmen football players in the current school year.

Popejoy declared that an athlete aid program matching those of Wyoming and Denver, fellow Skyline conference schools, would probably cost New Mexico an additional \$100,000 annually.

New Mexico's athletic program deficit, he said, amounts to about \$50,000 a year.

If New Mexico gave the number of scholarships given to athletes by Wyoming, Denver and Arizona, the school administration would probably have to spend \$100,000 more a year, the president said.

"And in the meantime we would cut off a large percentage of New Mexico boys," he declared.

Popejoy explained aid to athletes at New Mexico is on the same level as scholarships to other students. It consists of room, board, tuition and on campus jobs.

He said 36 of the 40 varsity football squad members receive aid totaling \$24,987 at the present time. Twenty-eight are New Mexico men and only eight from out of state.

He reported 23 of 48 freshman squad members are receiving aid totaling \$16,758. Fifteen freshmen on scholarships are from New Mexico and eight from out of the state.

The president said scholarships are awarded with three factors in mind: scholastic ability, individual need, and extra-curricular activity, including football, basketball, band, dramatics and leadership.

Commissioners, Chamber to Meet On Road Plans

A meeting will be held tomorrow morning at 9 in Carlsbad between Eddy county commissioners and Artesia Chamber of Commerce officials in connection with the proposed cut-off road east of Artesia leading to potash and oil developments.

"Mr. Paul Scott said this morning the most important point to be discussed with the commissioners will be an attempt to get a road approved by the commissioners Monday, leading to Freepot Potash Co.'s mine, to connect with Artesia's proposed cut-off.

Scott said the two roads, as tentatively laid on the maps now, will miss each other by 1/4 mile. He said it would be the best of everyone's concern if the roads would combine at a point.

Scott said he will probably go to Hobbs from Carlsbad where he and other chamber officials will meet with Lea county commissioners asking them to write a letter to the state highway department, seeking a survey of the proposed road, four miles of which runs in Lea county. Eddy county commissioners have already written a letter requesting the survey for that part of the road in Eddy county.

Increase in Gas Rate Virtually Denied By Bureau

WASHINGTON, (AP)—The power commission has suspended, pending hearing and decision, all but about \$211,000 of a proposed \$18-113,000 annual wholesale natural gas rate increase by El Paso Natural Gas Co.

The increase had been protested by state commissions of New Mexico and California, El Paso, Tex., and several of the company's wholesale customers.

A hearing date will be set later. El Paso had proposed the higher rate effective Nov. 15. It would amount to a 15 per cent increase, affecting 28 of El Paso's wholesale customers in California, Arizona, New Mexico and Texas.

Miss Savoie, Gary Akins Wed in Single-Ring Rite

Miss Laura Savoie, daughter of Mr. and Mrs. Fred Savoie, west of Artesia, became the bride of Gary Akins, son of Mr. and Mrs. George Akins, 304 W. Dallas, at 3 p. m. Saturday at Our Lady of Grace church.

Rev. Stephen Bono, pastor, officiated at the single-ring ceremony.

The bride chose a white, street-length orlan crepe dress trimmed in blue, with blue and white accessories. Her corsage was of white rosebuds.

Miss Morine Skaggs of Carlsbad, was bridesmaid. She wore a blue faille dress with blue and pink accessories. Her corsage was pink rosebuds.

Bill Savoie, brother of the bride, was best man.

A reception was held at the home of the bride's parents. The bride's table was covered with a lace cloth, centered with a bouquet of blue carnations, and flanked with white tapers in crystal holders. At one end was a three-tiered wedding cake topped with a miniature bride and bridegroom. Cake and punch was served.

Mr. and Mrs. Akins left immediately afterward on a short honeymoon. They are at home at 608 1/2 W. Dallas.

Mr. and Mrs. Akins are both members of Artesia high school graduating class of 1954. Mr. Akins is employed at Chevron Service Station, and Mrs. Akins is employed in the office of Personal Finance Co.

Tend to Knitting For High Variety In Fall Wardrobe

By DOROTHY ROE AP Women's Editor

The girl who tends to her knitting is in luck this fall. Designs for home knitters as varied and as highly styled as many a couture collection. Time has passed when the knitter had to be content with a simple classic slipover or cardigan sweater. Now top designers are on available to home knitters.

The many new yarns now available also widen the scope of knitting. There are feather-weight yarns for the new open, lace effects that are so popular, and heavy yarns for the new "look" sweaters beloved by the door girl. Fine knitted yarns are used for cocktail or dinner wear, and there are glitter yarns that are effective in evening sweaters, stoles and wraps.

SMU INJURIES CUT PRACTICE FOR BAYLOR

By CLAYTON HICKERSON The Associated Press

Southern Methodist held cloak-and-dagger practice sessions, Baylor went through long defensive drills, Texas and Texas A&M took it easy, and other Southwest conference elevens stuck to routine Wednesday.

At Houston, Coach Jess Neely of the Rice Owls promoted Jerry Hall to the first team. The running of Hank Crowsey highlighted Texas Christian's offensive drills at Fort Worth.

Coach Woody Woodard said the Methodists, gunning for a victory and the championship, would continue secret practice sessions Wednesday and Thursday in preparation for the crucial test against fast-improving Baylor.

Six Mustangs were too bruised from the tussle with Arkansas—the Porker's first loss of the year—to get into uniform Tuesday. But Woodard expected a full-strength lineup Saturday in the Cotton Bowl.

Football Hall of Fame Set Up By Quarterbacks

By EVAN MAHANEY

ARTESIA WILL NOW HAVE football Hall of Fame, established by the Quarterback club at its meeting last night, specifically for ex-Bulldogs who go on to college and make a good name for themselves.

Advanced by president-elect Harold Saueressig, the Hall of Fame will be started this year with A. L. Terpening, senior at UNM now leading the nation in punting, as the first graduate to join the ranks of Artesia's famed footballers.

Harold said last night the Big Terp might be able to attend the final Quarterback meeting in December where he will be presented in person before the group. His picture will hang either in the coaches office, or some other designated spot associated with the high school.

ACCORDING TO HAROLD, the Hall will be open to any ex-Bulldog who makes all-American in college, or is a definite standout on his college team, such as the Terp. Quarterbackers and directors were all for the Hall of Fame movement. We feel it is a nice gesture on the part of the Quarterbackers, giving students a little more to work for perhaps when they try their luck with the big boys in college.

And we feel also that in the matter of five or six years, the Artesia Football Hall of Fame will be amply supplied with the names and portraits of boys we have watched on Morris Field, scamp-jerking for a badly needed touchdown—or putting a tackle on an opponent headed for the paydirt. We have talent in and from Artesia, and this is a perfect way to show it and display it.

REESE SMITH AGAIN SPOKE on the status of his Bulldogs last night, and perhaps for the first time this season we heard Reese talk without to many sobs breaking through. However, when state playoffs come Harold said he hopes to have plenty of towels available for the grid member when he speaks to the Quarterbackers again.

Reese did remind us that "there is nothing Hobbs would like better than beating the socks off us—and no one game could mean more to them this year than the one coming up." He then gave the Bulldogs some well deserved praise for both the Carlsbad and Roswell games.

But, before he did that, he threw in a sob about next year in that "I'm afraid we'll be doing a lot of crying next year—with the loss of 17 seniors, we're gonna be hurtin'."

REESE SAID THE BOYS played an excellent game against Roswell, and tagged the Coyotes as "the best passing team I've ever seen in high school. He explained that the Bulldogs had the Coyotes running game stopped, along with their long passes. But this, he explained further, left short passes open—and they managed to hit those pretty hard. "All Roswell needs to have a better team than

last year is a speed merchant," the head coach said. Jack Barron told the group he had been "asked" why Artesia couldn't stop the Roswell passing attack. Barron explained thusly: "When a team has a good passer and a good receiver—there is no defense for that combination. Roswell had that combination."

Gallup Cathedral Favored Over Fort Sumner

By THE ASSOCIATED PRESS Gallup's Cathedral high, unbeaten in New Mexico, plays host to Fort Sumner Saturday in the state's class B high school football title game.

Cathedral, because of its better over-all record and the advantage of playing on a home field, may draw a slight favorites' spot in the betting. Cathedral has won five straight in New Mexico this year, was tied once in two games with Arizona teams.

Cathedral, district 1B champs, won its right to compete for the state title by whipping Springer, District 2B boss, 14-0 in a bi-district playoff game last week.

Fort Sumner, of district 3B, had to go to the limit in taking its semi-final playoff decision, a narrow 7-6 victory over Lordsburg's district 4B champions.

Larson, Dawson, Shaw Top U.S. Passers in 1954

NEW YORK — No doubt about it. The three best passers in college football this year are Oregon's George Shaw, California's Paul Larson, and Purdue's Lennie Dawson.

All three wrap up their season's this Saturday and each apparently has a national title cinched.

According to NCAA statistics released Wednesday Shaw still ranks No. 1 in total offense, with Larson making a strong bid to overtake the leader and win the crown two years running. The California ace, meanwhile, has a new national pass completion record almost in hand.

Dawson, the youngster who upset Notre Dame, holds the lead in pass yardage.

Shaw, leading all season, has a total yardage net of 1,415 yards as he winds up against Oregon State. Larson takes a 1,375-yard total against Stanford. Dawson, with 1,309, opposes Indiana.

Mechanical Carter Favored to Regain Lightweight Spot

SAN FRANCISCO — Mechanical Jimmy Carter steps into the ring tonight favored to regain the world lightweight championship from Brooklyn's Paddy DeMarco, the young man who relieved him of the title 10 months ago.

The setting for the 15-round encounter between the top two 135-pounders in the nation is the spacious Cow Palace in South San Francisco.

The contest, a replay of an upset registered by the 26-year-old Paddy in New York last March 5, will be televised coast to coast by CBS.

It is scheduled for 10 p. m. EST. Carter, a veteran of 30 years, remained a 2-1 betting favorite today to whip his more unorthodox fellow New Yorker. The workmanlike fighter from Harlem already has the peculiar distinction of having lost and then regained the same lightweight title.

Baseball Blowing West—Dodgers Eye Move to LA

NEW YORK — The baseball winds were blowing west again today with a report that the Brooklyn Dodgers may move to Los Angeles.

John B. Old, writing in the Los Angeles Herald-Express, said the tentative plans to switch the Dodgers were "hush, hush," and that they would be aired at a special meeting here Nov. 22.

Old's story brought denials from National League President Warren Giles and Brooklyn Vice-President Fresco Thompson.

Also, perhaps coincidentally, the Brooklyn Junior Chamber of Commerce announced the organization of a drive to "keep the Dodgers in Brooklyn."

Old warned his readers to "look for an expect vigorous denials" concerning the proposed switch.

Weill to Dispute No Return Clause in Champ Fights

SAN FRANCISCO — Al Weill, manager of world heavyweight champion Rocky Marciano, said last night he couldn't go along "at this time" with outlawing of the return contest clause in contracts for championship fights.

The ban was imposed yesterday by the World Boxing Championship Committee in London. It said it would not approve title fight contracts with return bout clauses.

Asked whether Marciano would defend his title without a return bout written into the contract, Weill said:

"When that time comes I will make my own terms."

RUNYON MONEY GRANTED LAS VEGAS — The Damon Runyon Memorial Fund has allocated an additional \$3,400 for a Highland cancer research program. The second grant of \$3,400 will carry the project through Oct. 1, 1955. The chemistry department, under the direction of Dr. Roland K. Robins, develops compounds for testing on live tumors.

Adom Is Named Back of Week for Razor Game DALLAS, (AP) — Frank Eidom, who travels as recklessly on a football field as a hot rod on a steep hill, is national Back of the Week and his coach, Woody Woodard of Southern Methodist, says it didn't have happened to a finer player. The catapulting halfback of SMU won the honor with his mighty showing against Arkansas last week when his team took over leadership of the Southwest conference with a 21-14 victory. All he did was run for 163 yards, score all of the team's touchdowns, play a hard defensive game and block a steamroller. Eidom came to Southern Methodist from Port Arthur, Tex., here as a combination Kyle Rote-Kyle Walker. That was something to live up to because Rote and Walker are among the all-time greats of SMU and Southwest conference football.

Boy Scout Campaign to Start

NORTH EDDY COUNTY will kick off its Boy Scout Gateway district general fund campaign tomorrow, seeking to raise a big share of the Conquistadors council's \$80,000 budget for 1955.

The Conquistador council covers Eastern New Mexico, populated by more than 190,000 people and with 52,000 boys of Scout age to be served next year under an ambitious, expanded Boy Scout program.

It is significant this year that no Artesia quota is being announced. The council feels that in Scouting at least Eastern New Mexico is one big community.

The council is supported entirely by the generosity of the public, with every dollar given going directly into Scout training, from which more than 5,000 boys will benefit.

There are 14,000 to 15,000 boys of Scout age in the Conquistador council and three of every four boys are interested in Scouting. The council thus faces the job of bringing its program from the 4,000-plus boys it now serves to a steadily increasing number of those 15,000 youngsters.

Scouting is designed for all boys, regardless of race, creed, color, or age. Cub Scouting is planned for youngsters 8 through 10, Boy Scouting those from 11 through 13, and Explorer Scouting for boys 14 through 18 years.

Only on a council basis are North Eddy county and other areas of the Conquistador council able to enjoy such magnificent phases of Scouting as the summer aquatic camp at Carlsbad and the new council campsite on the Jeter ranch at Cottonwood.

How is your dollar spent for Scouting? One-fourth of it—25.5 cents—goes for organization and extension, organizing new units and bringing more boys into Scouting. Another third—30 cents—goes for service to units. That covers telephone, travel, postage, and professional assistance. Nine cents of every dollar is spent for leader training, 11 1/2 cents for activities, 12.5 cents for camping, 1 cent for miscellaneous, and 10 1/2 cents for office service.

Artesia and North Eddy county in themselves would never be able to afford Camp We-Hin-Ah-Pay in the Sacramentos, Camp William Lewis near Carlsbad, Camp Jim Murray at Hobbs, and camps near Alamogordo, Conchas Lake, and Cottonwood. But as a contributing force in the Conquistador council it has the benefit and use of all those camps, as well as the professional staff headquartered at Roswell.

Scouting builds better boys, teaches them physical skills, wholesome outdoor activities, draws the boy and his family closer together in a spirit of "doing together." The boy may become a man—and a citizen—through having been in Scouting.

Give generously when you're called on.

Quarterback—

(Continued from Page 1.) helped build the stadium at Hobbs explained to the group that a new stadium for Artesia, about 6000 seats, would cost \$45,000, including concession stands, rest rooms and dressing rooms. He said the larger Hobbs stadium cost about \$75,000, built at the peak of construction costs.

Johnson brought out the point that from a "psychological point of view it might not look too good to have students going to school in barracks while the athletic departments had a new, modern stadium."

He made the point that he was neither pro nor con in the situation, and would offer his help if it was decided to try building a new stadium.

The discussion was thrown open to members with one member saying he thought a new stadium would bring an additional 500 people to each game. "The extra amount we would need to pay the stadium off."

Another member thought the present stadium could be rebuilt to last until Artesia could afford a new arena. Mills pointed out that if Artesia continues to grow at its present trend the land now occupied by the stadium will have to be used for the classroom expansion.

Harold Saueressig, newly elected president of the club, named three men to a committee to sift the facts they have heard and make recommendation to the club at the next meeting. The men on the committee are Charles Brown, Neil Watson and Johnson.

The club has expressed its wish to help in the initial financing of the stadium if all quarters agree it can be built "with no strain."

Response—

(Continued from Page 1.) The Rex Wheatleys, G. E. Perrys, and Ralph Shugarts were among the first to answer and contribute to the Seal Sale. Mrs. Healdton said.

Pan American—

(Continued from Page 1.) Fourth day: Two legs, 437.4 miles. Durango to Chihuahua — The first leg (Durango to Parral, 251 miles) is a bit slow because of sharp curves although it has a record average of 125 miles an hour. Maximum speed can be expected in the second leg (Parral to Chihuahua). The record average is 125 miles an hour, and Maglioli averaged 127.73 last year. In this lap, the winners are fighting for first place.

Fifth day: One leg, 222.5 miles, Chihuahua to Ciudad Juarez — Virtually a straight line, over flat country. The road is good. It is the payoff strip on which Maglioli set a record of 138.21 miles an hour, faster than the Indianapolis Speedway record. But this is where cattle "wandering on the highway, are major threats.

Homeward—

(Continued from Page 1.) Since the first of November some 650 braceros have been terminated and sent back to Mexico, he said, with 1,500 more expected to terminate before the first of December.

According to figures at the office, the peak of foreign labor was reached in August with approximately 3,000 braceros in North Eddy county.

Compliance representative John Robertson said the braceros are being transported back to Mexico Mondays and Saturdays, with Artesia Alfalfa Growers Assn. returning their terminated contracts Saturday mornings, and Eddy County Farm Bureau returning braceros on Mondays.

Robertson said the Nationals are taken back in semi-trucks, converted for transporting the laborers. The compliance officers said there is always a percentage of loss of the braceros, either by "running off and returning to Mexico," or "heading for the northern section of the continent."

University—

(Continued on Page Four) Scholarships, the university requires that the scholarship applicant rank in the upper two-thirds of his high school class. "We have a flexible program whereby it will be possible to solicit 30 to 40 freshman athletes each year, as long as they are in the upper two thirds of their class and can show need," Popejoy said.

The Question Is: Who Gets Lynched?

Distributed by King Features Syndicate

"We can do the same thing for perhaps 150 other freshman graduates from New Mexico high schools and for a pro-rata number of out-of-state students."

Popejoy said he believed this program will allow New Mexico "to compete on fairly equal terms with other Skyline conference members and I see no reason whatever why we should withdraw from the conference."

the protection of reconnaissance and transport planes assigned to work anywhere near the Red orbit. The new American note was a sequel to one delivered immediately after the incident.

The new note rejected the Soviet version that the American plane intruded into Soviet airspace and repeated the American version.

Significantly, it referred to a dispute between Japan and the Soviet Union over control of the Habonai Islands. This is the area where the incident occurred.

"THE UNITED STATES government," the note said, "further shares the deep concern of the Japanese illegally to occupy Japanese territory in the Habonai Islands, but also carries out unprovoked attacks on U. S. aircraft lawfully operating in this region."

The note requested the Soviet Union to take disciplinary action against Soviet fliers involved "and all other possible steps to prevent a recurrence of such incidents."

Saueressig Voted Quarterback Club New President

Quarterbackers elected new officers for next year last night, with Harold Saueressig taking over the president's chair, vacated by Leonard Price.

Bill McGinty will serve as vice-president, replacing Tom Brown, Jr., and Bill Smith becomes the new secretary-treasurer, replacing Bob Bourland.

On the board of directors, members voted Max Ratliff and J. D. Smith to fill seats of outgoing members, Ralph Pitt and Jerry Curtis.

The new officers will take over their positions at the first of the year.

Tax Concessions Are Allowed for Uranium Plant

WASHINGTON — Sen. Chavez (D-N.M.) says the office of defense mobilization has authorized tax concessions on construction of a 2 1/2 million dollar uranium ore processing plant in New Mexico.

Chavez said approval for rapid amortization for Kerr-McGee Oil Industries, Inc., of Shiprock, N. M., which plans to build the plant, means the firm will be able to earmark a percentage of the cost as depreciation and write it off, for tax purposes, in five or six years. This would replace the requirement of spreading it out over 20

Use of Uranium Treatment Pads Is Investigated

ALBUQUERQUE, (AP)—Unlabeled cloth "uranium" pads in a treatment center at Santa Rosa have been ordered seized by U. S. Dist. Judge Waldo Rogers under the U. S. pure foods, drug, and cosmetic act.

Judge Rogers yesterday ordered the U. S. marshal to take possession of the pads at the Uranium Center at Santa Rosa, and issued an order for persons interested in the center to show Dec. 13 why the pads should not be condemned.

U. S. Atty. Paul Larrazolo said in his request for the action that the pads contained "uranium." The pads lined the floor, walls and ceilings of the treatment tunnels.

Two articles were displayed in the window of the center claiming that the uranium pads are effective in treating arthritis, sinus trouble, asthma and other ailments.

Larrazolo said the statements were "false and misleading."

Snow Storms Hit Northern Areas Of New Mexico

By The Associated Press Snow storms moved into the northern stretches of New Mexico early today with prospects for cooler weather throughout the state and snow flurries in the higher elevations.

The district weather bureau reported .02 inch precipitation and snow at Raton early today following the recording of a few showers and slight snow flurries on the northwest corner of the state yesterday afternoon.

Somewhat lower temperature readings were expected today and tonight but no extreme chill at this time. All daytime temperatures were expected to remain above freezing and the mercury is not expected to edge below 20 degrees tonight except in the mountains.

The temperature changes yesterday—rises up to 10 and 15 degrees on the East Side—were brought on by what the weather bureau described as a very minor disturbance. Daytime readings reached almost 80 on the eastern plains.

Roswell and Tucumcari had high marks of 79 degrees Tuesday for the day's high maximums while Farmington with 60 had the lowest maximum reading. Zuni with 21 degrees was coolest early today and Carlsbad with 55 the mildest point.

Coloradoan Dies In Road Accident Despite Warning

WAGON MOUND — A 27-year-old 318th highway death of the year when his car slammed into the rear of a highway department truck with such impact, the motor of the car was pushed into the driver's seat.

Elwood Robert Hamlin, 27, Trinidad, Colo., died of a crushed skull. His body was removed with difficulty after the car was towed to Wagon Mound.

State Police Cat. A. P. Winston of Springer said Hamlin apparently did not slow down as he approached the truck. There were no skid marks to indicate he had tried to slam on his brakes at the last minute.

Henderson Hendricks, highway department flagman, said he had stopped Hamlin two miles from the accident scene and told him of the highway work being done ahead. According to Hendricks, Hamlin appeared sleepy and paid little attention.

The new death mark for the year compares with 359 at this time last year.

Las Vegas Man Held In Death

LAS VEGAS, (AP)—Rudolfo Garcia, 20, Las Vegas, today was being held under general murder

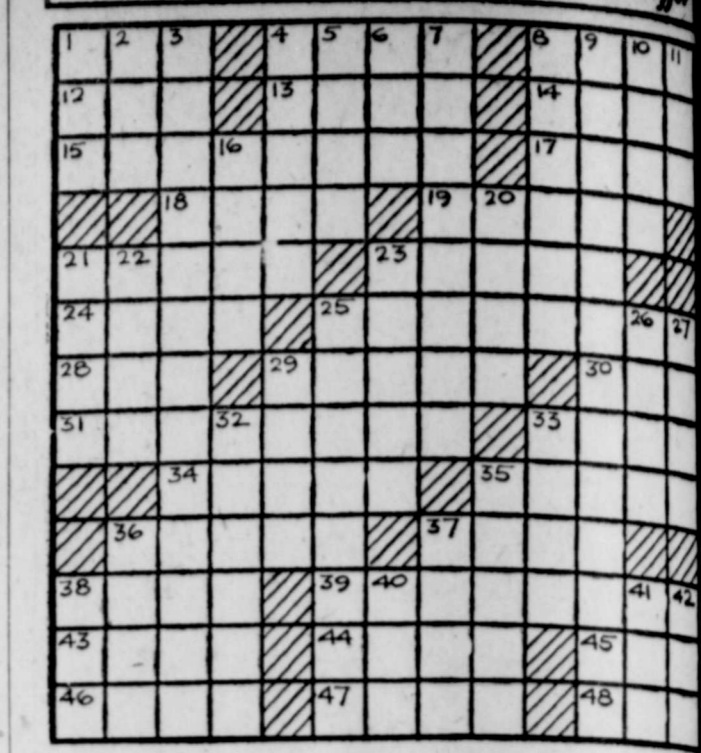

charges in the Chaperito slaying last Friday of 23-year-old Pete Lucero, also of Las Vegas.

Garcia was picked up after the shooting at his home for questioning. Asst. Dist. Atty. Manuel Armiño said filing of the general murder charge allows the state to prosecute for either first or second degree murder.

A preliminary hearing will be held sometime this week at which time Garcia will be allowed to enter a plea.

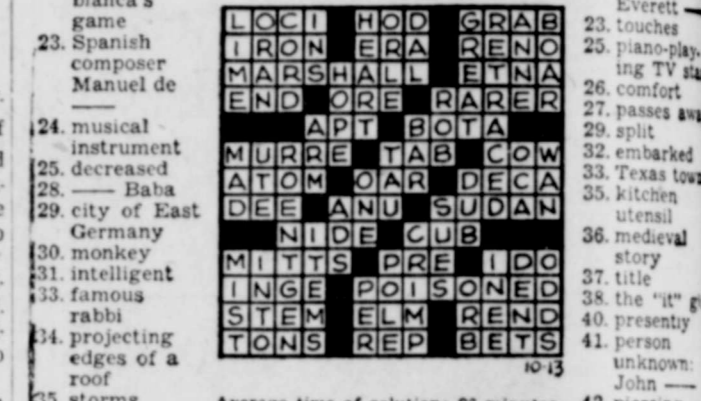

Lucero was found dead in his Chaperito hunting cabin last week—shot with a 30-30 rifle.

HAGERMAN—

Four Enter Eastern Star Local Chapter

By MRS. BYRON OGLESBY
Four new members were initiated into Order of the Eastern Star at its regular meeting Wednesday at Masonic hall.

Those having birthdays were greeted and given gifts from the chapter. They were Jeannette Michelet, Florence Menefee, Edna Utterback, Doris Welborne, and Ruby Whitman.

A report of grand chapter proceedings was given by the worthy matron and Elizabeth Greene, grand representative. The associate matron, Byrda Menoud, gave a brief history of the chapter's organization in honor of its 48th birthday.

Substitute officers were honored and given gifts from the chapter. The substitute officers are Juanita Adams, Sally Sweet, Sadie Bowen, Elizabeth Greene, Ellen Ahles, Mary Alice Cumpsten, Barbara Templeton, Lois Jean Wiggins, Dorothy Sue West, Edna Utterback, Margaret Choate, Clea Kelley, Ruby Ackerman and Robert West.

Visitors from other chapters were Mr. and Mrs. Bill Knoy, members of a Texas chapter; Mrs. Mildred Sooter, Oklahoma; and Mrs. Beulah Taylor from Lake Arthur. Refreshments were served by Willie Lou Lankford, Sadie Bowen,

Juanita Adams, and Cora Higgins.

Mrs. Dick Turner returned Wednesday evening after having spent a week at Sweetwater, Texas, visiting her son and daughters and friends. She went especially at this time to attend a funeral of a friend.

Saw Mr. and Mrs. Raynal Cumpsten in Artesia Wednesday night.

Mr. and Mrs. Horice Freeman and family had as house guests on Sunday and Monday, Mr. and Mrs. Aaron Dodson and daughter, Vicki Lynn. Mrs. Dodson is the former Thelma Freeman, daughter of the Rev. Sam Freeman, former Methodist church pastor. Rev. Freeman and Horice Freeman are brothers. Also visiting was Mrs. Henry Kersey of Truth or Consequences, who has been here two weeks.

INSURANCE BENEFITS UP
NEW YORK — New Mexico families have received almost one-half million dollars more in life insurance death benefits during the first nine months of this year over the same period last year. The Institute of Life Insurance reports New Mexicans received \$3,083,000 in the three quarters of 1954. In the same period in 1953, they had received \$2,654,000.

NEW COUNCILMAN NAMED
LAS VEGAS — A Las Vegas businessman has been appointed to the city council upon nomination by Mayor R. C. Wester. He is R. L. Foresee, who replaces Arthur Montoya. Montoya resigned to accept an appointment as deputy state bank examiner.

Mrs. Madison Dale of Leon, Kan. visited last week in Artesia with her niece, Vesta Goodlet, her nephew, Alvis White and Mrs. White and friends, Mr. and Mrs. J. C. Floore.
