Mechem Sees Crisis In Oil, Gas Industry Slump

French Reluctantly Vote Defense Approval, 287-260

Governor Cites Price-Setting Rule By Court

Institutions Ask Four Times Cash Available

SANTA FE — Requests of institutions asking for part of the 4 1/2 million dollars of bond now being allocated come tentatively set for Jan. 19.

Davis to Coach Alums in MOD Benefit Game

Floyd Davis, one time Bulldog basketball coach, will attempt to lead his 10 high school alums to a victory tonight over the varsity Bulldog basketball team in a benefit game for the March of Dimes.

Mendes-France Government Is Upheld

PARIS — The French National Assembly tonight reluctantly and narrowly approved West German rearmament. The vote was 287-260.

Lt. Col. John P. Stapp made secure in seat before record run NEW WORLD LAND SPEED record of 632 mph is on the books with the rocket-propelled sled-on-track run of USAF Lt. Col. John P. Stapp of Holloman Air Development Center, New Mexico. He bettered his old mark by more than 200 mph. Stapp, an aero medical scientist with M.D. and Ph.D. degrees, blacked out and saw red in extreme pain during the run, which simulated a bailout from an open seat at 36,000 feet at 1,000 mph. The stop, from top speed to halt in 1.4 seconds, subjected the 44-year-old Stapp to 27 G's, nine times gravity pressure. (International Soundphoto)

Hectic Radio Search Saves Airman Hit by Rabid Dog

By The Associated Press Sgt. Francis Thisis was saved from the pain and ravages of rabies shortly before Christmas by a successful but hectic radio search that spanned three-fourths of the continent.

stations were in on the radio search. For a full day, messages flashed across the continent as Goose Bay men attempted to locate Thisis. Finally—on Dec. 18—Thisis was located in the Goose Bay area.

Skies to Clear Over New Mexico, Cold Continues

By The Associated Press Skies will be clear over the state today and tomorrow but temperatures will stay just about where they had been, the district weather bureau reports.

Lea County Court Upheld in Fight On Lease Rights

SANTA FE — The New Mexico Supreme Court has upheld a Lea county judgment in a suit highlighting a battle between mineral and grazing lease rights.

By ROBERT A. BARNES SANTA FE — Gov. Edwin L. Mechem said today New Mexico taxpayers face a real disaster because of a slump in the oil and gas industry—one of the main bulwarks on which the state's economy rests.

IT COULD eventually result in higher taxes for New Mexico residents, Mechem said. Either that or a cutback in state governmental operations.

HERE'S WHAT is happening: Oil and gas men don't want to drill new wells—which may or may not produce gas—if the federal power commission can say how profit they can earn.

"IF THEY can't flare the gas, they won't produce the oil, because they don't want to get tied up with the FPC," Mechem said. "This has a damaging effect on production of both oil and gas, and it hurts the tax structure very much."

Hey, Kids! --See Page 6 for Unique Opportunity to Make Money

Personal Mention

Mr. and Mrs. A. J. Martz of Denver are visiting in Artesia at the home of their son and family, Mr. and Mrs. George Martz.

Mr. and Mrs. L. M. Vaughan spent Christmas at the ranch at Kenna with relatives.

Mr. and Mrs. Charles L. Harrington of Idaho Springs, Colo., are visiting their daughter and family, Mr. and Mrs. Tommie Brownlee.

Mr. and Mrs. Marshall Puckett, Jerry, Joe and Marsha of Carlsbad, spent Christmas afternoon with Mr. and Mrs. J. T. Caudle and Mike.

Mr. and Mrs. James Tittle and boys spent Christmas day with Mr. and Mrs. Buford Farmer in Seminole, Tex.

Paul Tittle, son of Mr. and Mrs. James Tittle is in Levelland, Tex., at the home of his grandparents, Mr. and Mrs. J. M. Blackwell.

Mr. and Mrs. W. C. White returned to Artesia today from Albuquerque, where they had been on business.

Mrs. R. M. Horton of Lovington and Mr. and Mrs. Joe Jockens of Plains, Tex., are in Artesia visiting at the home of Mr. and Mrs. W. F. Hicks. Mr. and Mrs. Jockens formerly lived in Artesia.

Rodney Jockens accompanied his parents, Mr. and Mrs. Joe Jockens to Artesia then went with the Boy Scouts to camp.

Mr. and Mrs. T. V. Thomas spent the Christmas weekend in Durant, Okla., visiting relatives.

Mr. and Mrs. George McKenzie of Albuquerque are in Artesia visiting their daughter and family, Mr. and Mrs. Earl Cox.

Mr. and Mrs. F. F. Robertson and Mr. and Mrs. Freddie Beckner and son Rickey returned to Artesia Monday from Waco where they had been visiting Mr. and Mrs. Howard Roberts.

Mr. and Mrs. Joe Freeman had Christmas dinner in Roswell with Mrs. Johnny Watts.

Mr. and Mrs. O. M. Doss spent Christmas in Quanah, Tex., with Mr. and Mrs. J. O. Doss.

Mr. and Mrs. John T. Short and daughter and Mr. and Mrs. Walter Short spent Christmas in Portales with Mrs. J. H. Short.

Mr. and Mrs. Harold Eads of Roswell spent Christmas in Artesia with her sister, Mrs. C. B. Wetherby.

Mr. and Mrs. Owen Hensley and Mr. and Mrs. Charles Mooney and daughter, Carol Lynn, spent Christmas in Temple, Okla., in the home of Charles' mother and Hensley's sister, Mrs. J. M. Mooney and other relatives.

Mr. and Mrs. Junie Russell of Elida are visiting his father, R. N. Russell and other relatives and friends.

Mr. and Mrs. Leon Barker went to Lubbock and with Mr. and Mrs. Charlie Barker went to Amarillo and spent Christmas with Mr. and Mrs. N. D. Neil and family.

Mr. and Mrs. E. R. Reeves spent Christmas Day in Lovington with Mrs. Reeves' sister and husband, Mr. and Mrs. P. A. Haldiman.

Mrs. H. O. Berger of Alamosa, Colo., is in Artesia visiting her daughter and family, Mr. and Mrs. Kenneth Mortensen.

Guests in the home of Mr. and Mrs. Tom Franklin for Christmas dinner were John and Fred Roop of Eugene, Ore.; Mrs. Nannie Roop, Mrs. McCorkle, Mrs. Eva Speck and Norma Jean, and Mr. and Mrs. M. L. Sanders and children, all of Artesia.

Mr. and Mrs. R. L. Mitchell, Bill and Ralph of El Monte, Calif., and Mr. and Mrs. George Williams and family of Eminence, Mo., are in Artesia visiting their parents, Mr. and Mrs. L. E. Williams.

Mr. and Mrs. Cleveland McMillan spent the Christmas week-end with relatives in Brady, Tex.

Mr. and Mrs. Kenneth Far flew to Phoenix and spent Christmas with his mother and sister. A brother and his wife, Mr. and Mrs. Donald Far of Detroit were there also. Mr. and Mrs. Far returned Sunday evening.

Mr. and Mrs. L. E. Surratt of Anderson, Calif., Mr. and Mrs. C. N. Mitchell of Alamogordo, Mr. and Mrs. R. E. Merritt of Weatherford, Tex., Mr. and Mrs. Kenneth Stewart and three children of Albuquerque, Mr. and Mrs. Meredith Ranne and Linda and Mr. and Mrs. T. C. Donnell of Artesia, had dinner Christmas with Mr. and Mrs. C. O. McDonald.

Mr. and Mrs. Jack Phillips and Bill visited relatives in Amarillo over the week-end.

S-Sgt. and Mrs. Homer G. Lee and family of Amarillo, Mr. and Mrs. Cecil Woods and family of Farmington, Mr. and Mrs. E. E. Lee of San Saba, Tex., Mrs. Helen Smith and family, and Mrs. Dorothy Smith and children of Gilmer

Miss Williams, Doyle Pounds to Wed on Sunday

At 2 o'clock Sunday afternoon, Jan. 2, at the Church of Christ, Artesia, Miss Dixie Lou Williams will become the bride of Doyle Pounds.

Miss Williams is the daughter of Mr. and Mrs. George C. Williams of Eminence, Mo., formerly of Artesia, and granddaughter of Mr. and Mrs. Lew Williams of Artesia, and Mr. and Mrs. T. E. Bowser of Albuquerque.

Mr. Pounds is the son of Mr. and Mrs. L. C. Pounds of Artesia. Invitation is being issued through the press only. All friends of the young couple are invited.

Mrs. E. V. Burgett of Mayhill spent Monday here visiting her sister, Mrs. Jess Cave.

Although snakes cannot strike as effectively when they are in water, their bites are almost as poisonous under water as on land.

Hall of Fame in Texas Sports to Receive Four

DALLAS — The Texas Sports Hall of Fame opens to receive four more athletes today.

Sammy Baugh, one of football's greatest players, and Babe Didrikson Zaharias, the famous woman athlete, will receive plaques in person.

Billy Disch, great baseball coach of the University of Texas, and Bo McMillen, All-America football player and noted coach, will be given posthumous awards.

Some 400 sports followers will attend the luncheon when these four are honored, bringing to seven the number to have been enshrined in the Hall of Fame.

Tris Speaker, the baseball immortal, was the first. Then came Ben Hogan, the golf great. Joe Routh, Texas A&M All-America football player, was the first deceased athlete to be honored.

Speaker and Hogan both will be at the luncheon and Hogan will present the plaque to Mrs. Zaharias.

The death rate from polio in 1954 was about the same as in 1953, although there was a rise in the number of cases in 1954.

ROSE BOWL COACHES AGREE 'WE'RE AS READY AS WE'LL EVER BE.' ALL-STARS DRILL LIGHTLY

Rose Bowl
SADENA, Calif. (AP)—Ohio and Southern California coaches agreed Saturday that the easy, downhill glide on the field toward Saturday's 41st Rose Bowl game.
The tapering-off and loosening drills were on tap as the clubs set up two weeks of intensive shedding and precision drilling workouts.
Wednesday's sessions at Jess Hill of the Trojans and Hayes of Ohio's Big Ten national champs observed: "Well, that's it. We're as ready as we'll ever be."
The coaches said they would practice full-strength clubs, casually on the Trojan squad and string end Chuck Leimund, a 65 sophomore, who has been three days with a virus infection. He's up now, but may not play.

ADAIR'S TOURIST COURTS DOING GOOD BUSINESS

By ROOSTER MILLS
ADAIR HAS COME AND GONE but nothing has been said or done to enlighten the baseball fans of Artesia as to whether we will have baseball in 1955.
We don't know the reason for not signing the little pilot, but hope it will be done soon as possible after the mentioned date, Jan. 10. Everything seems to be hinging on this date. We just hope whatever happens, we still have baseball in '55.
Talked to Jimmy as to what he has been doing this off-season. He said repairs on his tourist courts have taken most of his spare time, meaning the tourist courts he has operated during the past four years. According to the banty baseball manager, business has been pretty good, with most of the units occupied every night. Mrs. Adair runs the courts while Jimmy is guiding teams to pennants in the winter.
NuMex comedian Dean Smith was in town for the weekend. He's living in Plainview, Tex., this winter. Dean, you remember, was one of two men on the '54 team who hail from Artesia. Smith was a NuMexer for about half the season before being sent to Plainview in the West Texas - New Mexico league. Upon going there he was made a lead-off hitter and seems to have done an excellent job.
His job with the NuMexers was pretty good too. He left the club hitting over 300 with several home runs to his credit, his triumph coming on opening day when he slammed a four master. Dean ended the season with a 342 batting average and played in every game after joining the Plainview club. Dean is one of six Plainview players going with the Oklahoma City Indians for spring training.
He is working for the Panhandle Compress just outside Plainview, keeping fit for baseball season. He's the shipping foreman. Smitty also has a side job at the radio station, filling in on a disc jockey show. Having heard him on the PA system at our park we can say it must be good since he managed to keep many an Artesian in stitches with his off the cuff remarks.
TALKING WITH STEVE LANNING, we were surprised to find the cost of running the Longhorn league so large. The league's share of this club's gate receipts amounted to \$3,184, being controlled by

Travelers Surge to Easy 99-54 Victory Over TWC; NIBL Opponent Friday

CVE Control Pays Off in Second Win

Shooting from every position on the court, the CVE Travelers, still nursing a long lost-column in league play, scored nearly twice as much as their opponents last night to win 99-54.
Playing an energetic team of sophomores and juniors from Texas Western of El Paso, the Travelers took advantage of their edge in height, shooting from all sections of the court with an unquestioned knowledge they could control the backboards if the shot missed.
It was the second consecutive win over a college club by the Travelers, who defeated Oklahoma Central state college 106-99 Tuesday night.
Friday night the Travelers return to NIBL league competition with a game in Roswell against Denver Central Bankers. Artesia is still seeking to break into the National Industrial Basketball league win column after 10 consecutive losses.
Despite the height and experience edge, the Texas college held its own at the free throw line and on field goal comparisons for the number of times having the ball. The college boys just couldn't keep the ball long enough.
High point man for the locals was Elmer Tuttle, scoring a total of 22 points on the evening on seven field goals and eight from the charity stripe. Don Heathington was right on his heels with 17 points on seven field goals and three free throw completions.
Gary Shivers was next in line scoring 12 points for the evening all via the set up.
Wayne Moore and Ken Moore, head of TWC each netted 12 points in the game, Moore sinking four field goals and four free throws, while Morehead made the most out of the charity stripe with eight points and only two field goals.

GARY SHIVERS of CVE Travelers can almost push basketball down through hoop, as he demonstrated to Texas Western player last night. Shivers is 6 feet 10 inches tall. (Advocate Photo)

NOT ENOUGH was Don Heathington's (22) effort to top in rebound, taken away from him by Ned Moore of Texas Western college. But it made little difference—CVE won 99-56. (Advocate Photo)

North Carolina, TCU Take Cage Spotlight With Wins

By SHELDON SAKOKWITZ
The Associated Press
Undefeated North Carolina State collegiate basketball's second-ranked team, and unheralded Texas Christian shared the tournament spotlight today after capturing championships in a pair of holiday classics.
North Carolina State nipped Minnesota 85-84 last night to win the Dixie Classic for the fifth time in six years. Everett Case's Wolfpack extended their winning streak to 12. But it took a field goal by sophomore reserve John Maglio with nine seconds to play to pull State through after underdog Minnesota had overcome an eight-point halftime deficit.
The Gophers' Dick Garmaker, who wound up with 24 points, had put the big 10 representatives in front 84-83 on a basket with 17 seconds to go.
Texas Christian, also paced by a sophomore, stunned favored Alabama 77-62 to win the Southwest Conference Tournament. Dick O'Neal, a 6-7 center, scored 24 points in the first half for the Horned Frogs and the Crimson Tide never recovered. O'Neal wound up with 30 points. O'Neal LaSalle, No. 3, and Dequesne, No. 8, were victorious in the semifinal bracket of the ECAC Holiday Festival in New York. The Philadelphia Explorers, sparked by All-America Tom Gola's 29 points, turned back 15th-ranked UCLA 85-88. A 39-point performance by Dick Ricketts—including 19 of 19 free throws—featured Duquesne's 90-75 rout of Dayton, No. 4.
Two other members of the top 10 breezed to victories in tournament play. George Washington, No. 9, whipped William and Mary 87-73 in the semifinals of the Richmond Invitational as Corky Devlin and Joe Holup scored 56 points between them. Niagara, No. 10, trounced Syracuse 91-71 in an ECAC consolation round game.
Here's the tournament situation at a glance:
Sugar Bowl New Orleans — Notre Dame downed Loyola of New Orleans 66-45 and defending champion Holy Cross defeated Bradley 89-81 in first-round games. The winners meet for the title tonight.
ECAC Festival New York-LaSalle plays Duquesne in the finals Friday night.
Big Seven Kansas City—Three-time champion Kansas State coasted into the final with a 70-60 conquest of Iowa State. Kansas State will meet Missouri, 95-87 victor over Oklahoma, for the championship tonight.
Richmond Invitational — Richmond drounced Virginia Tech 84-57 and will oppose favored George Washington in the finals tonight.
All-America Owensboro, Ky. — Defending champion Maryland disposed of Rhode Island 83-66 and will face Cincinnati, 82-62 victor over Evansville, in tonight's championship game.
Northern Division Pacific Coast Tournney Seattle — Washington shaded Oregon State 58-57 in over-

Graham, Perry Top Men on AP Pro Grid Team

NEW YORK, (AP)—Otto Graham, whose brilliancy paced the Cleveland Browns to the National Football League championship and Joe Perry, ace fullback of San Francisco 49ers, are the top men on the Associated Press 1954 All-Pro football team announced Thursday.
Graham was chosen as quarterback for the mythical 22-man two-platoon team for the sixth season while Perry, an All-Pro in 1953 as well, was the top vote getter in the poll of AP member paper football experts and AP staff men.
The Detroit Lions, trampled 56-10 by the Browns in last Sunday's playoff, placed six men on the squad. The Browns gained three positions as did the Philadelphia Eagles and 49ers.
The Pittsburgh Steelers had two men voted to the squad while the Los Angeles Rams, New York Bay Packers and Baltimore Colts Giants, Chicago Cardinals, Green each placed one player.
of Gunnison, Colo., and host Eastern New Mexico University. Western State defeated Southwestern Louisiana Institute of Lafayette 53-52, and ENMU lambasted Taylor University of Upland, Ind., 72-66 in semi-final consolation tilts yesterday afternoon.
LOSS SHARED
DES MOINES — When policeman Frank Bunce, who owns a small apartment building here, heard that the apartment of one of his tenants had been burglarized of \$32 and a carton of cigarettes, he knocked \$10 off the tenant's rent for the following month.

Sunshine Tourney Champion Round Slated Tonight

PORTALES, (AP)—McKendree College of Lebanon, Ill., meets Kansas State of Fort Hays, Kan., tonight for the championship of the annual Sunshine Basketball Tournament.
McKendree moved into the finals last night with a 66-62 victory over defending champion Southwestern Oklahoma of Weatherford. Kansas State earned its final berth by whipping Missouri Mines of Rolla, Mo., 77-75.
The consolation championship tilt will be between Western State

Andrews TKO's Boardwalk Billy In Sixth Round

MIAMI, Fla. (AP)—Cold, methodical Paul Andrews earned a light heavyweight title fight with a spectacular sixth-round technical knockout of Boardwalk Billy Smith last night, but his new trainer Joe Louis says he isn't ready for it.
"He's got to learn up here," the former heavyweight champion said, pointing to his head. "Paul needs a lot more work experience before he'll be ready for a champion like Archie Moore."
It was a new Andrews who broke Smith's eight-fight winning streak with a smashing victory in 2-49 of the sixth round. The 24-year-old Buffalo, N. Y., fighter flattened Smith three times before Referee Eddie Coachman halted the slaughter.
Andrews gave full credit to Louis. It was his 29th victory in 33 professional fights.
"He taught me how to deliver my punches," Andrews said. "He told me I was too timid and I had to get more vicious if I was going to get some place in the fight game."
Andrews, fifth-ranking contender in the division, fought much like the old Louis as he shuffled and dead-panned, driving home punches so devastating that once Smith, dazed by a left to the jaw, turned and fled. He was given an eight

Congress Is Responsible

MAYBE CONGRESS CAN and will settle down in the near future to transact some of the nation's business instead of holding so many problems and investigations of its own members.

Heavens knows there are plenty of things that Congress should be checking into besides the conduct of its own members. We have urged for sometime they devote more attention to a study of how some of the appropriations they pass are being spent or spend more time checking into how some of the legislation they adopt is being administered.

For years we have felt that Congress passes a law to accomplish a definite purpose but never looks back again to see whether that purpose was accomplished or how many of the American rights have been taken away from American citizens by the agency which is supposed to be administering the law they acted favorably on.

The greatest concern to the average citizen is the tax bill today. And he is concerned about this because his taxes are so high and because of the manner in which American funds are being spent and because of the waste and extravagance in all of the various departments and agencies.

One of our great troubles is the size of our government. It has gotten so large that no one individual or even a group of individuals can devote the time needed or required to go into the matter in the time available.

But if Congress would spend a year investigating the expenditures of the nation, study the appropriations provided, study the needs, and the manner in which funds are being spent we are sure the tax bill could be reduced.

No one wants to deny any agency that is really serving the nation the funds needed for this purpose. We definitely aren't opposed to spending every dollar needed for defense but everyone knows of the money that has been thrown away in foreign countries in an effort to "buy friendship" and we should know by now this can't be bought.

The individual or the business firm or the corporation has to watch its expenditures. It has to budget its funds, spend wisely, halt waste and extravagance; forget the frills and the "pet schemes" and ideas and follow business practices.

If our country would do that there is little question but what the ever mounting tax bill could be reduced by half and we would still have all the funds we need.

Sturges Appointed Acting Director Of State Welfare

SANTA FE, (AP)—State Welfare Director Richard E. Strahlem said today he has designated Dee Sturges as acting welfare director during the changeover in state administrations.

Strahlem was serving as institutional coordinator in the big welfare department.

Strahlem was the first top official in the Republican administration to offer his resignation after the Nov. 2 Democratic election victory. Tomorrow is his last day on the job.

"I discussed this with Gov.-elect John Simms and he suggested that I appoint an acting director," Strahlem said. "This carries no commitment regarding the future, until such time as a permanent director is selected. Of course, the director is determined by the Welfare Board, in the final analysis."

At the same time, Richard W. Everette, Simms' administrative assistant, said State Purchasing Agent A. G. Bill Campbell had been asked to remain on in charge of the purchasing office until such time as a decision is made on the purchasing agent choice. Campbell agreed to do this.

Governor—

(Continued from page 1.)
on the oil, gas, and mineral production. This tax accounts this year for as much as 5 1/2 million of the 14 million dollars in the state general fund—39 per cent.

STATE COMPTROLLER Edward Hartman commented: "If the severance tax falls off, it could have a very definite effect on the economy of the state government. The general fund would be affected very definitely. But more important even than that, if the oil and gas business in the state is slowed up, it could slow up the entire state economy."

How does this affect the taxpayer? Either the state will have to get more money from the taxpayers, or it will have to spend less money.

If the states decides against raising taxes and retrenches, somebody will get hurt. It could be the old folks or dependent children helped by the welfare department. It could be the farmers who look to the state engineer's office for help in solving their water troubles. It could be motorists, due to a cut-back in road building. Some place along the line less state money would be available.

Mechem said the effect has not been felt in tax collections so far, but he predicted it will be within a few months under present conditions.

CHATTANOOGA, Tenn. — Thomas F. Sitton's hens are at it again. Ten years ago one laid an egg 10 inches around its longest dimension. Now, Sitton reports, another of his hens laid three eggs in one day.

Deadline Nears To File Claims

Jan. 1, 1955, is the deadline for New Mexicans with claims against the General American Casualty Co., a Texas corporation, to file claims.

R. F. Apodaca of the state of New Mexico insurance department is receiver for the state of New Mexico. Residents should address letters setting forth their claims to Apodaca, P. O. Box 896, Santa Fe.

Inaugural Official Gets Forecasts Every Six Hours

SANTA FE, (AP)—The U. S. weather bureau started today giving forecasts every six hours to authorities charged with seeing that the inauguration Saturday of Gov.-elect John Simms goes smoothly.

Lowell Green, Supreme Court clerk responsible for the ceremony itself, arranged for the forecasts to start at noon today.

Plans were announced to stage the oath-taking ceremony outdoors in front of the highway building regardless of weather conditions. Green planned to have a crew of workers on hand, however, to clear snow from the area if the weather should turn bad.

Chief Justice J. C. Compton will administer the oath to Simms at noon. A public reception will be held at the Art Museum from 3 to 5 p. m., with the inaugural ball scheduled for 9 p. m. at La Fonda. "All activities connected with the inauguration are open to the public," general chairman Paul Huss said. "The only charge will be for the inaugural ball the evening of Jan. 1, but the public is cordially invited to this dance, and dress will be optional."

No Culvert Pipe Placed in City

Water pipes being laid on Grand avenue are for use in the new 2 million gallon water reservoir—not for drainage of Eagle Draw, contrary to reports published elsewhere yesterday.

City Engineer Doug Fowler this morning said the report published was completely erroneous in connection with the six truckloads of pipe brought to Artesia Tuesday for use as a water main from the reservoir to water lines inside the city limits.

Hospital Record

Wednesday, December 29
Admitted — Mrs. W. R. Green, 1208 W. Dallas; Mrs. Marvin Berry, Lake Arthur.

DAVIS BID APPROVED
CHICAGO — Elliott Davis, geologist and a partner in the Davis Brothers oil firm of Tulsa, Okla., has been named high bidder for mineral rights on 37,000 acres of land in five western states, including New Mexico. The high bid was \$531,500. The other states are Colorado, Kansas, Oklahoma and Texas.

Legislature Faces Pledge to Buy Voting Machines

SANTA FE, (AP)—The 1955 Legislature will be given a chance to carry out the Democratic party's pledge to help put voting machines in counties too poor to buy them.

One proposal, which already has reached the form of drafted legislation, would create a voting machine pool commission composed of members of the state canvassing board, plus two other members.

With the necessary money provided—\$150,000 is suggested—the commission could help the counties of the third, fourth, and fifth classes get their voting machines. The commission would buy the machines and rent them to the counties, which would pay costs of transportation and insurance.

This kind of a rental system could continue for 20 years. If the county found itself in a position to buy the machines, the rentals would apply on the purchase price.

One advantage of mass buying is that such a commission probably could get the machines at better prices than would be possible a few years from now. One state-house source said the price has been rising gradually.

Farmers Asked—

(Continued from page 1.)

what water level will be a safe standard before salt reaches the basin through dried up alluviums.

According to a release from the survey, many farmers who can see the need for water conservation in the valley have approached the geologists, located at the Roswell Municipal Airport, volunteering their well as a recorder unit.

Lea County—

(Continued from page 1.)
Tidewater appealed the decision to the high court.

Chief Justice McGhee, in his opinion, affirmed the judgment if Shipp remits \$600 within 15 days. If the money is not remitted, the court will reverse Harris' decision and grant Tidewater a new trial on the question of damages only.

First Free World Nuclear Medical Institute Slated

ALBUQUERQUE (AP)—A firm now building atomic submarines will open an Institute of Nuclear Medicine in Albuquerque—termed the first of its kind in the free world.

John Jay Hopkins, head of General Dynamics Corp., said it will be initiated through an undisclosed sum appropriated by the corporation for the Lovelace Foundation for Medical Education and Research.

Hopkins, in Albuquerque for a physical checkup, said the appropriation is listed as being for 1954 and runs into six figures. The institute will be housed in a one million dollar building the Lovelace Foundation and other contributors will construct.

The announcement of the new institute called it the "first direct private corporate support of an organization uniquely devoted to nuclear applications in the fields of curative and preventive medicine and public health."

Dr. W. Randolph Lovelace II, vice president of the Lovelace Foundation, will direct the institute. No executive director has yet been named.

Among other things, the institute will set up a special reference library and issue a "Journal of Nuclear Medicine."

Hopkins said he has "taken an interest in nuclear medicine." He said the object of the institute is "to get specialization in nuclear medicine started in private hands."

Nuclear medicine work thus far has been done chiefly in government owned or sponsored laboratories. Work and research in nuclear medicine has been mentioned in Atomic Energy Commission reports to Congress—chiefly the biology and medicine program at Los Alamos.

It was reported that presumably the institute will do exploratory work and applied medical research involving radioisotopes, nuclear radiation and the development of electronic and nuclear instrumentation and equipment.

Hopkins said the institute "should be a big international undertaking."

He said he believes it can work with others of the free nations and that it probably will develop "into a very big organization before we're through with it."

Earlier this month, Hopkins urged American industry to undertake a far-reaching atomic "Marshall Plan" aimed at raising the health, wealth and happiness of mankind throughout the free world.

Institutions—

(Continued from page 1.)

plete the governor's residence at a total cost of \$205,000.
Welfare department, \$514,000 including \$250,000 for El Mirador, \$230,000 for an Albuquerque office building in conjunction with its commodities division, \$34,000 at Fort Stanton hospital.

Insane asylum, \$650,000 including \$300,000 for reconstruction of ward C, and \$350,000 for a laundry.

Museum, \$175,000 to enlarge the art museum.

Industrial school, \$207,000, including \$140,000 for a new building and auditorium, \$34,500 to convert the present building to a dormitory.

Girls welfare home, \$112,000 for two new units; Los Lunas mental hospital, \$176,500, including \$100,000 for boys building, \$20,000 for cafeteria, \$30,000 for employes quarters, \$10,000 for laundry.

Special request from Sen. Henry Eager and Rep. Tom Morris of Tucumcari, \$500,000 for a second unit of industrial school, 150-boy capacity, located on 640-acre tract of state land at Tucumcari.

In 1954 the national death rate dropped to an all-time low of 9.2 per 1,000 population, an insurance company's records show.

Wise Hits Rumor He Is Against Hallam for Post

HOBBBS — (AP)—Leroy Wise said today he has written letters to all state legislators denying reports he opposes Rep. Don Hallam of Hobbs for speaker of the house in the next legislature.

Wise, a former state representative from Lea county and an unsuccessful candidate for the Democratic gubernatorial nomination, wrote:

"It is my understanding there is a rumor going through the state that there is a difference of opinion between myself and Don Hallam . . . who is seeking the post of speaker of the house. The purpose of this letter is to stop any such rumors.

"Don has my highest regard and my utmost support, and if there is any indication from any part that I am not supporting Don to the fullest extent of my ability, I want this letter to stop any such rumors. "I am sure my support does not make too much difference but if there is any indication that he might be hurt by not having my support, I want you to realize that I think Don's reputation as a legislator is above reproach and I think that he will make you an outstanding speaker."

You, and each of you, are hereby notified that an action has been commenced and is now pending in the District Court of Eddy County, New Mexico, wherein EUGENE E. NEARBURG is plaintiff, and you, and each of you, are defendants, said cause being No. 14919 on the civil docket of said Court.

That the general objects of said action are to quiet and set at rest the plaintiff's title in and to those certain oil and gas leases, together with any extensions or renewals thereof, issued by the United States of America, bearing serial numbers Las Cruces 049643-A, Las Cruces 049643-B, Las Cruces 026874-F, Las Cruces 026874-E, Las Cruces 043894, New Mexico 04175-A, and New Mexico 04175-B, embracing the property described in the complaint in said cause situated in Eddy County, New Mexico in Sections 29, 30, 31 and 33, Township 17 South, Range 27 East, N. M. P. M., and in Sections 5, 6, 7, 8, 17, 20 and 25, Township 18 South, Range 27 East, N. M. P. M., subject, however, to any valid and subsisting overriding royalties or oil payments heretofore reserved or created and shown of record, the total amount of which does not exceed the percentages and sums set forth in the complaint in said cause.

You, and each of you, are further notified that unless you enter your appearance in said cause on or before the 11th day of February, 1955, judgment by default will be rendered in said cause against each of you so failing to appear, and plaintiff will apply to the Court for the relief demanded in the complaint.

JOHN E. COCHRAN, JR. and A. J. LOSEE are the attorneys for plaintiff and their office addresses are Carper Building, Artesia, New Mexico.

WITNESS my hand and seal of said Court this 29th day of December, 1954. (SEAL) (Signed) Marguerite E. Waller, Clerk of the District Court, 12/30-1/6-13-20

The All NEW Up-to-Date Revised and Enlarged WEBSTER'S NEW COLLEGIATE DICTIONARY

New large page size - new type - new plates! This up-to-the-minute dictionary includes hundreds of new words covering man's increased activity in every field. More than 125,000 entries; 2,300 terms illustrated; clear, concise, easy to understand definitions. 1,230 pages printed on specially made thin paper. THUMB-INDEXED for quick reference. Price \$6.00 and up, depending on binding. See it here today!

Junior Corn Title

DOUGLAS WEEKLEY, JR., displays some of the product that won him junior corn growing championship of Missouri with an average of 132.37 bushels per acre. He won title in 1953, too, on same 10-acre Missouri river bottomland field. (International)

Gets Boot as Risk

WOLF LADEJNSKY, Russian-born American agricultural expert who was ordered dismissed from his Department of Agriculture post as a security risk, is shown as he was interviewed by reporters in Washington. Ladejnsky is the man who devised Japan's land reform program, under General MacArthur's occupation regime. A Japanese cabinet minister said it "was politically the only thing that saved Japan from Communism." (International)

WORLD TODAY— Profit Report Brightening At Year End

By SAM DAWSON
NEW YORK, (AP)—Better business in the closing months of the year is brightening the profit reports of American industry — as well as inspiring the bulls in Wall Street.

Early returns on earnings show about one half of the industrial firms doing as well as or better than in prosperous 1953, when sales were higher—but so were taxes. Utility companies so far this year have outpaced 1953 earnings by around 10 per cent. Railroads, early in the year, were trailing their 1953 income figures by almost 50 per cent. But increased freight haulage in recent weeks has pulled earnings up. And now it is estimated that for all 1954 total rail earnings will come to 580 million dollars, a much more cheerful prospect than earlier supposed, even if it will still be one third under

1953, their boom year. **EARLY INDICATIONS ARE** that the last three months of this year will be 1954's best net income period, especially cheering as it is being compared with the fourth quarter of 1953 when earnings were dropping 20 per cent behind the preceding period. The first 64 industrials and utilities to report for 12-month periods ended before the calendar year expires show 33 of the utilities and 12 of the industrials with higher net profit after taxes than a year ago. Combined, the 64 have net income of \$372,992,388, a 3.2 per cent gain over the \$361,336,479 they earned the year before. The 38 utilities, however, overweigh the 26 industrials, who are too few to be more than just an indication of profit trends in general. The better showing of the utilities can be traced to their continuing growth in output and customers, and to the increased use by householders of electric powered gadgets.

POLICE OF 3 STATES IN RESCUE

STUDENT NURSE Shirley Frank shows 17-month-old Phillip Adler the coin the doctors removed from his throat at Children's hospital, Chicago. X-ray shows the coin before removal. Phillip was playing with the coin in his home in St. Joseph, Mich., and the coin slipped to the lodging place in his throat. He was rushed to a St. Joseph hospital, then was taken to Chicago by auto, with police of Michigan, Indiana and Illinois helping. (International)

AMONG THE INDUSTRIAL firms showing the biggest increase this year over last are makers of aircraft, special steel products, and some appliances. Others doing better this year include makers of chemicals, shoes and paper. Numbered among industrials who have had a specially hard time this year compared with last are meat packers, food processors, textile mills. Others on the down side include some in the retail and mining fields.

Hibernation results not so much from cold weather as from the lack of normal sources of food for the hibernating animals. Heat needed to melt ice would be sufficient to raise the temperature of the resulting water nearly 80 degrees centigrade.

Yule Princess

PRINCESS ALEXANDRA, daughter of the Duchess of Kent, is shown in London as she posed for her 18th birthday portrait photo. Her birthday is Dec. 25. She wears a white embroidered muslin gown. (International)

Wife of New Demo Chairman Refuses Cook

By JANE EADS
NEW ORLEANS, (AP)—Mrs. Paul Butler, wife of the new chairman of the Democratic National Committee keeps the family happy, her husband says, by "doing all her own cooking."

Friends of Mrs. Butler describe her as an attractive, girlish-looking mother of five, a model homemaker and as charming and aggressive a politician as her husband.

"She chauffeured Butler some 50,000 miles last year on his campaigns for the party and dis avidly interested in what's going on in the world of politics anywhere, said Mrs. Inez Scholl, national committeewoman from Indiana, who introduced Butler after his election here. Mrs. Scholl, defeated in her own campaign for Congress in November, is a long-time friend of the Butlers.

"They live in South Bend in a gorgeous house," went on Mrs. Scholl, "it's a modern two-story brick. Mrs. Butler has a flair for decorating. She carried her color schemes out to the Nth degree, even to the telephones. The girls' room is rose and so is the telephone."

Butler, slim, white-haired, 49-year-old lawyer who looks more like a teacher than a politician, married the former Anne S. Briscoe of West Hatfield, Mass., in 1934.

"The children," he told me, "are Maureen Anne, 19, a sophomore at St. Mary's College, Notre Dame; Paul, Jr., 18, a freshman at Notre Dame, and Karen Anne, 16, a junior at St. Mary's Academy, South Bend."

Both the girls bear their mother's name, Anne—"spelled with an e," he said.

"Then there's Kevin James, 15, a sophomore at Campion in Prairie du Chien, Wis., and Brian, S., 13, in the eighth grade at St. Joseph's school. He's the one who wants to go to Washington."

Butler said he did not think the family would be moving there, though he expected to be at Democratic national headquarters as often as necessary.

HOT MUSIC?
SCRANTON, Pa. — (AP) — A lot of hot air comes out of a radio or TV tube. A manufacturer heats half of a 200,000-square-foot building from 64 tube-testing sets. The sets "give off enough heat to warm 130 six-room houses," company engineers say.

SOLID TAXES
GIBRALTAR, Mich. — (AP) — This little community stands solid as its namesake rock these days after villagers voted for incorporation. The move was designed to reap some \$135,000 in village taxes yearly from a steel company, which is building a \$12 million plant within the town limits. Without a charter, the village would not be eligible to collect the taxes.

FRUIT EXCHANGE
SPARTANBURG, S. C. — (AP) — The South Carolina Peach Growers Assn. has a new general manager, F. M. Lemmon.

CENT FOR EVERY DAY OF HER LIFE
MRS. ELEANOR KUSH counts a novel birthday present from her husband Walter and their five children—16,436 pennies, one for every day of her life. The family lives in Detroit. The present weighed 140 pounds, and with it was a note which read, "You've been a wonderful wife and mother for 22 years. We want those years to pay off for you. We have for us." (International)
