1925. He is the first native New Mexican to be UNM's chief executive.

British Speaker Discusses Tyranny At Knife-Fork

Over 175 members of Knife and Fork club finally got to hear British columnist and statesman John W. Hughes, who spoke last night on tyrannies of the world and toleration of them.

Hughes, who was scheduled to talk to the club over a month ago but missed the date through a mix-up of the main office, based his talk on American toleration of tyranny, against Thomas Jefferson's famed remark "no nation can tolerate tyranny and claim to be a democracy."

Businessmen Are Asked to Return Cards of Dimes

Mrs. C. E. Currier has requested that businessmen with March of Dimes coin cards in their stores return the cards to First National bank on their next trip to the bank.

Incumbents Are Winners By Big Majority

North Eddy county voters yesterday returned by substantial margins the present board of education.

Re-elected were Howard Stroup of Atoka, currently board president, and Earl H. Cox, of Artesia, six-year terms; Mrs. C. P. Bunch of Artesia and George O. Teel of Hope, four-year terms; and C. C. Nelson, two-year term.

Stroup drew the largest number of votes of any contested candidates on the ballot. Unopposed C. C. Nelson garnered 657 for the highest number.

Write-in candidates included Dr. J. J. Clarke, Jr., who received two votes at Atoka, Mrs. E. Kinney, Raymond Lamb, Stubby Carper, one vote each for six-year term; and C. D. Hopkins, Raymond Lamb, Mrs. S. P. Yates and Joe McGonagill, one vote each for two-year term.

Teel had expressed himself in favor of closing the school while Barney was in a groove which sought to close the high school. Barley got 67 votes and Hope to 39 for four-year term.

Stolen Car Found Fully Burned In Artesia Dump

State Police yesterday found a 1950 car completely burned in a dump east of Artesia.

According to State Patrolman A. J. Smith, the car belonged to M. T. Peters, Jr., who reported it had been stolen Sunday night. Smith and State Patrolman Dale Painter found the car by a twist of fate yesterday evening.

The two patrolmen went to the dump late yesterday evening to do some target practicing when they literally "stumbled" onto the smoldering remains of the 1950 DeSoto.

Senate Faces Decision Today On Cotton Acreage Hearings

WASHINGTON (AP)—The Senate Agriculture committee decides today whether to hold hearings on proposals to increase the national cotton acreage allotments to alleviate hardship cases.

U.S. Accidents Kill 91,000 In 1954, Injure 9.2 Million

CHICAGO (AP)—Accidents in the United States last year took a staggering toll, killing 91,000 persons and injuring 9,200,000. The estimate, economic loss was nearly 10 billion dollars.

Segregationists Forces Downed In Hobbs Race

By THE ASSOCIATED PRESS An overwhelming vote at Hobbs—in which pro-segregation forces were decisively beaten—topped the nearly 100 small school board elections around New Mexico Tuesday.

At Socorro, local observers saw a defeat for followers of State Sen. T. C. Jaramillo in the election results from the involved Socorro schools siting.

Victorious at Hobbs were incumbent candidates Dr. Demarius C. Badger, who polled 1,166 votes and Carl P. Randolph, 1,094. Both terms are for six years to fill two spots on the five-man board.

The candidates of the Hobbs segregation committee, which has bitterly opposed the Supreme Court order ending segregation in education's schools, gathered less than half as many votes as the winners.

Segregational candidate J. B. Caldwell gathered 478 votes, while his running mate, H. C. Whitley, got only 441.

The total vote in the Hobbs election was 2,154, about three times as many votes as have ever been cast in previous school elections.

At Socorro, E. E. Bantee was unopposed and supported by both the community caucus and people's ticket for the six year term on the city school board.

The community caucus ticket had the support of the League of Women Voters and, reportedly Republican stalwart Holm O. Bursum. The people's ticket reportedly had the support of followers of Sen. Jaramillo (R-Socorro), the superintendent of schools at La Joya.

Elected for the two vacant two-year terms at Socorro were Alfred Gilbert, running on the community caucus ticket, 484 votes, and Daniel Romero, running on the People's ticket, 546 votes.

The results left the city board predominantly Democratic and (Continued on Page 4)

FRESHMAN candidate for Valentine Vanities Princess is Gaynelle Brown, daughter of Mr. and Mrs. Chuck Brown of 113 Carper drive, Artesia.

Gaynelle Brown Leads Princess Balloting Again

Gaynelle Brown, daughter of Mr. and Mrs. Charles F. Brown of 113 Carper Drive, Artesia, has regained the lead in voting dates, the latest vote tabulation revealed today, discloses.

Band Director Justin D. Bradbury reminded voters the contest closes at 5 p. m. next Monday. Voting is by stubs on tickets sold for the Valentine Vanities, scheduled next Tuesday, Wednesday and Thursday.

Now in second place is Terry Jane Gray, while Sue Crilly is in third.

Suspect in Bomb Slaying Released

SAN ANGELO (AP)—One of two Houston men accused of the auto bomb murder of wealthy Mrs. Harry E. Weaver was freed from jail yesterday.

And the dismissal of charges against Carl Heninger touched off an argument between Houston and San Angelo authorities over why he was jailed in the first place.

Dist. Atty. Aubrey D. Stokes of San Angelo said Heninger will appear as a material witness at the examining trial of Harry L. Washburn, former son-in-law of Mrs. Weaver, the second man charged in the slaying. The hearing is set tentatively for Feb. 9.

Stokes said Heninger had explained that "he was a victim of circumstances." Stokes added that he was satisfied with Heninger's story and had held him while it could be checked at Houston.

That brought a reply from Houston Police Capt. Cecil Priest that he didn't know what Stokes referred to.

Miscalculation Impossible, President Says

By MARVIN L. ARROWSMITH WASHINGTON (AP)—President Eisenhower said today the United States has made it crystal clear it does not intend to let Formosa fall to international communism.

He said at a news conference he believes this country's defense Formosa declaration, voted by Congress last week, insures against any miscalculation by the Chinese Communists about American determination.

The president said there has been no commitment to use American ground forces in defense of Formosa. But he declined to go into any details as to how this country intends to protect that main Chinese Nationalist island and the Pescadores.

Eisenhower specifically refused to say whether the Nationalists' offshore outpost islands of Quemoy and Matsu would be defended by the United States.

He said he was not going to provide any blueprint for the Reds.

THE NEWS CONFERENCE, filmed for possible later use on television and in theaters, covered a wide range of topics. They included:

Army strength—The president said that at this moment he sees no reason to alter plans for a cut in Army strength. He made that remark in response to a request for comment on the statement by Gen. Matthew Ridgway, Army chief of staff, that the planned cut of 140,000 men might jeopardize national security "to a degree."

Supreme Court—Eisenhower said it is unfortunate the Senate has delayed action on his nomination of John Harlan to be an associate justice.

Dixon-Yates—Eisenhower said crisply in response to a question that he does not intend to withdraw the controversial Dixon-Yates power contract as a result of Democratic opposition in Congress.

AS FOR THE RESOLUTION adopted by the 10 Democrats on the Senate-House atomic energy committee calling for cancellation of the contract the president said he had no comment other than to say the resolution was drawn along party lines.

Censorship—The president said he didn't see "how anyone could rightly raise the cry of censorship with respect to the filming and subsequent release of portions of his news conference for use on TV and in the theaters. He said he understood that about 28 minutes of the first presidential news conference to be filmed, that of Jan. 19, was released for public viewing.

Eisenhower added that he had received no protests from any broadcasting company contending there was censorship.

Realtors Move Against Hiking D-Mill Levy

SANTA FE (AP)—The first filings of organized opposition have been heard here in the New Mexico Municipal League's protest to let local governments go and the constitutional 20-mill levy in property taxes.

The Carlsbad board of realtors filed a resolution opposing such a change.

The Carlsbad board of realtors filed to send copies of the resolution to Gov. Simms and members of the Eddy county legislative delegation.

The constitutional limitation on property taxes, "copies of the resolution seen here declared," was enacted by vote of the legislature the taxpayers of the state to be the owners of real property tax burden that had become increasingly heavy and discriminatory.

Travelers Slate Contest Tonight With Milwaukee

CVE Travelers of Artesia tonight will host Allen-Bradley of Milwaukee in a National Industrial Basketball League contest in Artesia.

Tomorrow night the home "home" games moved to Hobbs during the next season.

Following this week's NIBL games, only five more league contests remain on the travel schedule. Three will be out-of-town.

SPORTS

Sheary Guides Holy Cross to Sixth Straight Win

By SHELDON SAKOWITZ
The Associated Press
 Lester "Buster" Sheary, coaching basketball at Holy Cross in 1948, had some mighty dukes to fill. He replaced Al "Doggie" Julian, whose crucial shot won 65 and lost 10 in three seasons at Holy Cross. Sheary, in making the jump from high school to college coaching, has done a good job. Under his leadership, Holy Cross has won 148 of the Crusaders' 31 setbacks—against only 31 setbacks—winning a 12-2 record this season. Holy Cross won the Sugar Bowl basketball tournament last year, but the outlook didn't appear all that bright at the time. Graduation had taken away high-scoring Togo Paland and playmaker Ronnie Perry. The missing. In addition, the year's freshman squad was nevertheless, with Tommy Heinke taking up the scoring slack, Crusaders have been nearly as good as ever. For the past two weeks before midyear examinations, the Crusaders, ranked 14th in the Ivy League Press poll, refused to action last night with

Free Throw Gravy Train for College Cage Clubs

By GAYLE TALBOT
NEW YORK (AP)—The free throw has become such a vital factor in college basketball this season that the more alert coaches and the country are reported to be revising their tactics to take advantage of the trend and their share of the foul-line. Instead of sending their athletes down the court in quest of foul shots, as had become customary in the modern game, they are teaching ball control and using the opposition to come and fracture the rules. They learned quickly that a foul in their favor can be as valuable as the most brilliant shot from the floor. Under a strange new rule

CHIMOND, Calif.—Art Soto, Oakland, and Lou Gage, 151, San Francisco, drew, 10.

'Slingin' Sammy' Baugh Signed as Head Grid Coach Tuesday for Hardin-Simmons University

By CLAYTON HICKERSON
ABILENE, Tex.—Samuel Adrian Baugh, the "Slingin' Sammy" of George Preston Marshall's old Washington Redskins, is coming back to football as a college head coach. The gangling guy from Sweetwater, whose passing records with the old Redskins may always be the goal of the youngsters, signed a 5-year contract Tuesday night to coach Hardin-Simmons university's Cowboys, an aggregation sometimes strong and always colorful. HSU officials said they thought it was Baugh's great love of football, not any financial gain, that brought about his decision to take the job. Only pressure from the athletic committee persuaded him, Baugh said, adding that he had been offered better salaried coaching jobs in the past. He succeeds Murry Evans who resigned Sunday under what he termed pressure from the athletic committee. Baugh then said he wouldn't take the head coach job but would continue to "help out" as an associate. It was Baugh, who made South-

Philadelphia Manager Sees Added Power Over 1954 Club With New Talent, Whemeier Return

By MAYO SMITH
Manager, Philadelphia Phillies
Written for The Associated Press
LAKE WORTH, Fla.—Phil Whemeier, Philadelphia manager, thinks the Phillies are at least as strong as last year and perhaps even stronger because of two new pitchers, Jim Owens and Jack Meyer, and the prospect of having Herman Whemeier with us all season. There is still plenty of room for improvement and we hope to do that this year. We should be a contender if we can improve ourselves at second base and right field. Our chances for improvement hinge on (1) ability to make one or two helpful trades and (2) some of the borderline youngsters from triple-A coming through. Lack of a steady double play combination, insufficient power at the plate, and a not too sturdy bench hurt us last year. I plan to shift Granny Hammer back to short this season and if Louis Ortiz comes up to expectations at second our double play output should be greatly improved. Second base and right field appear now to be our weak positions. Ortiz is a good defensive player but has not been known to hit much. I have hopes, however, that he can hit enough with us to play regularly. There is no question about his fielding. Two of our outfield spots are set with Del Ennis in left and Richie Ashburn in center. Mel Clark, fully recovered from last year's knee operation, may be okay in right. Danny Schell and Bob Bowman, a fine defensive player who hit .295 at Schenectady, are likely prospects. Stan Palys also has a chance. I am looking forward to a three-way battle for the first base job. Earl Torgeson will have competition from two fine-looking prospects—Marty Blacjock, who hit .308 at Syracuse, and Jim Westlake, a brother of Wally, from San Francisco. Willie Jones and Bob Morgan will fight it out for third. Willie will improve because he underwent an operation to have calluses removed from his feet. Smokey Burgess and Stan Lopata will do most of the catching again. Joe Lonnett from Syracuse is a good prospect. Then there is Gus Niarhos, acquired from Louisville. Pitching is our strong point. I plan to have five starters because I believe Murry Dickson needs extra rest. Right now the other starters look like Robin Roberts,

Brennan Pays Little Heed to First Anniversary As Notre Dame Coach, Hunts for Grid Players

By JERRY LISKA
SOUTH BEND, Ind.—It was just a year ago yesterday Jerry Brennan, then 25, became Notre Dame's head football coach succeeding illness-plagued Frank Leahy. Brennan hardly noted the fact. He's reading plane schedules more than calendars these days. "I don't know how many banquets I've hit in the past two months, but it's two seasons of the knife and fork circuit crammed into one because I didn't appear at any banquets last winter," he said. Take the past several weeks, for instance. On Jan. 16, he appeared at Owosso, Mich.; Jan. 18 at Appleton, Wis.; Jan. 19 at St. Paul,

Scoring Record Set as Baylor Player Fouled

By The Associated Press
 Baylor moved to a 9-8 season record with an 88-73 thumping of North Texas state last night. The Southwest conference Bears watched Murray Bailey, one of the hottest forwards, establish a new Baylor scoring record. Bailey was fouled as he drove for the basket in the last 18 seconds. Already he had tied the record set in 1953 by John Starkey. He calmly potted two free throws to make his season scoring mark 350, with 20 points scored during the night. Starkey's old season record was 348. Bailey was not the high point man, however. Jerry Mallett contributed 24 points for the honors. After 10 minutes, Baylor had amassed a 29-11 lead, but Coach Bill Henderson sent in his second stringers and the Eagles were but a point behind 41-40 at the half. Freddy Hopkins, a guard, led the Eagle offense with 21 and 17 points, respectively. TCU's top-leading Frogs play Texas A&M Wednesday night in the Southwest's feature game.

BOY, 16, IN COMA 11 YEARS

16-YEAR-OLD Paul Sowa lies inert in Chicago, eyes wide, mouth forming a half smile. That's the way he has been since 1943 when seized by an attack of sleeping sickness. His mother, Mrs. Bertha Sowa, is shown tending him. She and his 12-year-old sister take care of him in their second floor apartment. (International)

Colorful Texas Soldier Of Fortune Reported Dead

AUSTIN, (AP)—Capt. Roy Aldrich will be buried tomorrow but his deeds will live long among those who love high adventure. He was a soldier of fortune, a gold miner, a self-educated scholar, a botanist, an historian, a Texas Ranger longer than anyone else, the nemesis of gamblers and border bandits, a horse trader and a lumberjack. He even fought in the Boer War. He was in his 85th year when he died Saturday at his Austin home where college students and professors often gathered. They came to hear about the old days and to see Aldrich's collection of wildlife and botany. He maintained his own zoo for a long time. It included a tame wolf and a tame javelina. In his younger days he roamed the hemisphere and beyond in search of adventure. Son of a Missouri banker, Aldrich went as a youth to Arizona and worked as a miner and lumberjack. Then he went south of the border to work on a Mexican coffee plantation. He showed up near Enid, Okla., in the Cherokee strip days as a horse trader, then back in Arizona, as a gold miner near Bisbee. He fought with the 2nd Missouri Volunteers in the Spanish-American War. This took him to Cuba and the Philippines. After that he joined the British in the Boer War in South Africa. A comparatively peaceful period followed. He served five years as sheriff of Kiowa county, Okla., and even joined his brother in the

Deadline Moved Ahead to Find Club Operator

THIBODAUX, La.—The deadline for finding a new operator of the Port Arthur franchise in the Evangeline baseball league has been extended to Feb. 15. The original deadline was yesterday but George Trautman, minor league president, granted the delay. Evangeline President Edmon Deramee said yesterday his class C league probably would operate with only six teams. Chances of forming a club at Orange are slim, he said. Orange businessmen are having trouble getting permission to use the school's ball park.

Wayland Humbles ENMU 108-67 on Portales Court

PORTALES, (AP)—Wayland of Texas almost beat Eastern New Mexico university as badly Tuesday as it did a couple of days ago in setting a new school record. Wayland won 108-67 last night, scoring just one less point than it did on its home court in Plainview, Tex., when it set a new record. Mac Newman was the scoring leader with 28. Dennis Mitchell got 15 and Roy Franse 14 for the losers.

Mile in 4:10.5

WES SANTEE, America's great miler from Kansas, disappointed a crowd of 10,000 in Philadelphia by winning the mile-run in the relatively slow time of 4:10.5. After the race, the lanky Kansan said he didn't set out to break any records because "they didn't go out for me. You've got to have a pacemaker to break records."

Four Businessmen Buy Abilene Club In WT-NM Loop

ABILENE, Tex.—Four Abilene businessmen have bought the class B Blue Sox of the West Texas-New Mexico baseball league for \$59,000. The new owners are Jay Haney, who will be president and general manager; R. M. Means, Bob McKissack, and Byron Bradbury. Haney named Bob Westfall, bought from Albuquerque last week, as playing manager.

Rabid Dog Gets Bit By Skunk

From the state game and fish department's monthly publication came this little "bright." Fourteen cases of rabies in dogs during the last five months of 1954 were reported by the department of public health. One of these cases has special interest for the game department. A dog in Lordsburg was said to have been bitten by a skunk.

Game Department Plants Fish

A report from the state game department shows that during the week of Jan. 16-22 a total of 139,028 fish were placed in the Rio Grande, Albuquerque - Riverside Drain, Peralta Drain and upper Pecos. Only 9,300 of the fish are legal size, all 9½ inches long and rainbow species. The remaining 130,000 were brown fry, some less than an inch long. They were all hatched and raised at the Red River hatchery and Pecos hatchery.

'Most Wanted'

HANDCUFFED to an FBI man who is out of photo at left, and with another FBI agent in rear, George Belew, 41, is hustled to jail in Champaign, Ill. Belew is one of the FBI's "Ten Most Wanted" criminals. He is a bad check artist. (International)

Murder, Extortion, Kidnaping Weave Tangled Web as Police Probe Socialite's Bomb Death

By GARTH JONES
SAN ANGELO (AP)—Murder, extortion, kidnaping.

Officers considered those three major crimes today as they sifted the bewildering clues of the bomb slaying of a wealthy ranchwoman here almost three weeks ago.

Three men are in jail and at least four others have made statements saying they had a part in the original crime or its developments.

Mrs. Harry Weaver, 51, prominent leader among the ranchers who have outlasted West Texas' longest drought, died Jan. 19 when she stepped on the starter of her husband's car and exploded a nitroglycerine bomb.

Since then, the Weaver family has reported at least two attempts to swindle thousands from Mrs. Weaver's estate, listed modestly on court records at "more than \$100,000."

"Kidnaping threats" were added for a time yesterday to the Weaver family's problems and to the myriad situations confronting officers.

CARL RUNGE Sr., attorney for Weaver who calls his wife's murder a bungled plot intended to kill him, said Mrs. Helen Willockson had telephoned him expressing concern for the welfare of her children now in custody of Harry Washburn.

Washburn, a former son-in-law of the Weavers, is charged with murder in Mrs. Weaver's slaying. But Mrs. Margaret Markie, Harris county probation officer, said the children have been in good care since early Saturday when Washburn was arrested.

Mrs. Markie denied earlier reports that Mrs. Willockson said she feared the children might be kidnaped and held for ransom. The probation department official said the mother, a resident of Billings, Mont., indicated she wished some action could be taken on custody of the children.

BUT RUNGE, in San Angelo, said Mrs. Willockson has no specific intention of suing for custody so long as she was assured they were in good hands. Only two men actually are charged in direct connection with the bombing: Washburn, 38, and Carl Heninger, 37, Houston taxi driver and carpenter.

Washburn has refused to talk since his arrest but earlier said he was taking his daughter, 6, to school in Houston at the time the bomb went off. Heninger said he had no part in the murder plot.

Percy Foreman, Houston attorney, asserted his client is innocent. The other person jailed as Jack Cordell, 32, held in Brownwood on a check swindling charge not connected with the Weaver case. He was arrested in Oklahoma City for questioning about two attempts to extort \$3,000 from Mrs. Weaver's husband in exchange for her killer's picture.

A CITAL issue in the case still is: Have officers arrested the man who actually put the bomb in the Weaver car? Officials won't say yes or no.

"I don't think they got them all," said John Ramirez, a filling station attendant who watched Mrs. Weaver get in the car. He said officers have not warned him to keep quiet.

"It's quite possible they don't have them all," said a state officer who was one of the first on the scene but has not been asked to help since.

Sheriff Cecil Turner has "no comment" when asked if it is true he remarked after Washburn's arrest that one of the most important participants was still at large. One report was that officers were looking for a Mexican supposed to have turned down a job of planting a bomb in the Weaver car.

"They haven't found him yet," a sheriff's officer said.

All officers readily said the investigation has been delegated to Dist. Atty. Aubrey Stokes, Texas Ranger Ralph Rohatsch, City Police Detective Sgt. Lee Brazier and Sheriff Turner. Stokes is the "spokesman."

Stokes has refused to comment in any detail on the case. He said he would confer "at a later date" with Judge Joe Mays about calling a grand jury.

Mrs. Weaver's husband, a former Houston architect inclined toward stoutness, said last night he had been instructed by attorneys not to talk about the case. He added, however:

"The sun is shining brightly. My prayers were answered. You'll never know how wonderful it is to have your prayers answered."

Strange Pictures Are Brought in At Grand Coulee

AP Newsfeatures
GRAND COULEE, Wash.—Out at the Grand Coulee Dam they are bringing in some strange pictures on a TV set. It's part of a scheme to give engineers a better idea of maintenance and construction needs of dams, bridges, piers and other under-water structures.

Harold Maiken, veteran diver, rigged up the underwater set to show the engineers what he saw. Still pictures have been made before, but Maiken thinks his show was the first of its kind. He got out of bed after being hospitalized with the "bends" (a disability stemming from underwater pressure) to make his first demonstration.

He used a regular camera in a water-tight case and two ordinary photoflood bulbs in big reflectors fixed on each side of the camera. The engineers saw where con-

Florida Music Writer's Home Is Restored

AP Newsfeatures
JACKSONVILLE, Fla. — Frederick Delius, the meticulous English composer, spent a year in a Florida house that is now rotting away on the banks of the St. Johns River.

Or haven't you heard of Frederick Delius? He is considered a musician's musician. His compositions are so delicate, restrained and complicated they limit his audience and are hard to perform. But his work is gaining in appreciation.

He came to Florida in 1884 under the pretext of raising oranges. He wanted to get away from his father's business world.

The next year he went to Danville, Va., where he taught music to the wealthy planters' daughters attending Roanoke Female College.

His Florida sojourn was spent in a four-room house shadowed by a huge oak that looked out over a high bluff across two miles of the St. Johns. The property is 35 miles south of here. Delius kept possession of it until 1912.

Mrs. Martha Richmond now owns the site. She bought it with hope that it might some day be restored sufficiently by a state or create had been eaten away by the rushing water, cavities along the bottom of the dam and a dozen other things. One of them explained that still pictures and oral reports of the divers were not easy to interpret. "We just don't get the feel of it."

Some experts also believe the camera can take pictures in places too small for the diver to enter and send them to the surface on a coaxial cable.

national organization and kept in memory of the composer. The spot is isolated and most of the area is wild and impassable. Vandals and time have left only a skeleton of the house. Nature has made a jungle of much of the property.

Mrs. Richmond says she once tried to hire a caretaker. "But the place is so isolated no one would stay there." Delius' father insisted his son go into business. He came to Florida when he was 22, and it was on

the banks of the St. Johns that his music began to surge into life. The Florida influence is in much of his work: "Florida Suite," his second opera, "The Magic Fountain," "Koanga," based on D. W. Cable's novel "The Grandisimes," and "Piano Concerto," influenced by the singing of Negroes.

He wrote six operas, four concertos, two string quartets, three sonatas and some songs. His "Mass of Life" is considered his greatest work.

LISTEN! LISTEN!

TO THE NEW
1955 Westinghouse CLOTHES DRYER

Croons a tune when clothes are dry!

... of course, it's electric!

A merry Singing Signal chimes, "How Dry I Am," to tell you when clothes are ready. There's a new, direct "air-flow" system that dries with steady currents of warm, pure filtered air. Other sensational new features free you from the stooping, stair-climbing toil of washdays. Stops weather-worries, too.

- Singing Signal...**
Chimes, "How Dry I Am," when clothes are dry. This is a Westinghouse trade-mark.
- New 3-Way Dry Dial!**
Want clothes dry for storage? Damp-dry for ironing? Want to dry synthetics properly? Set Dial... it's automatic!
- Larger Loading Shelf!**
Exclusive jumbo-sized loading shelf for your convenience. Eliminates heavy lifting.

YOU'LL SING, TOO, WHEN YOU LET THESE FAMOUS LAUNDRY TWINS TAKE OVER!
See the New Clothes Dryer's handsome identical "Twin"—the 1953 Laundromat! Has exclusive, new Weigh-to-Save Door and Water Saver... plus exclusive WASHaway, RINSEaway Action!

"Smile away 'Washday Blues' with an ELECTRIC Clothes Dryer!"

"I really had the washday blues when I had to hang clothes on the line. Besides the long walk out to the line, and lifting that heavy clothes basket, there was always the uncertainty about whether the clothes would be dried right."

"That's all gone now with an electric clothes dryer, and I have a smile — and time for a coffee break — on washday. What's most important, I know the clothes will be dried perfectly and I've ended the lugging and lifting."

says
Mrs. Bill Bates
3603 37th St.
Lubbock, Texas

Ladies, the lugging out to the clothesline adds up to one-third of a mile every washday, and the lifting, by the end of a year, is the same as picking up a two-ton load.

Be like Mrs. Bates, instead of lifting on washday, get a lift with an electric clothes dryer.

Wire for Reddy and Convenience

Nearly everyone has added new appliances in their home lately, but most of us have expected our old wiring to carry the new load. Be sure you're wired for Reddy and electric convenience. Have your electrician check your home wiring now. Good wiring never grows old — it serves and saves.
