around
muleshoe

On June 16, a radio day has designated at KMUL-AM/FM to benefit Bailey County Memorial Park Cemetery.

Volunteers will be auctioning various items from 7 a.m.-12 noon.

To donate handcrafts or other items, call Marieta Wilkerson at 272-4838 or Mary Francis Holt at 272-4670.

Cary Steven Skaggs recently enlisted in the Air Force's Delayed Enlistment Program.

Skaggs, a 1990 graduate of Muleshoe High School, is scheduled to attend Air Force Basic Training at Lackland Air Force Base, San Antonio, on November 19, 1990.

According to TSgt Mark Everts, the local Air Force recruiter, Skaggs will earn credits toward an associate degree in applied sciences through the Community College of the Air Force upon completion of Basic Training and Technical Training School.

In the school board trustee election last Saturday, for Precinct Two, Cindy Purdy received 244 votes and Juan Cruz Chavez received 10 votes.

In Precinct Three, Frank Saldana Jr. received 72 votes; Susan Copeland, 52 votes and Eusebio 'Charlie' Villarreal got 33 votes.

Unopposed in Precinct Five, Sam Harlan received 64 votes.

Unopposed city council candidates Paul Wilbanks, received 22 votes and James Roy Jones received 15 votes.

Watson Junior High School Educator of the Week last week was Diana Gallegos, teacher assistant.

WJHS Principal awards went to Yolanda De Hoyos, sixth grade; Julie Gilleland, seventh grade and Sonya Smith, eighth grade.

CORRECTION

In *The Journal* story about the Muleshoe FFA banquet, it was stated that Mr. and Mrs. Danny Noble had accepted a Star Farmer Award for their son, Johnny.

In fact, the Nobles accepted the Muleshoe FFA State Agribusiness Award, which had been won by their late son, Jeffrey.

Johnny Noble accepted the Muleshoe FFA Star Farmer Award.

Marcos Antonio Mata of Muleshoe was recently inducted into the Angelo State University chapter of the Pi Gamma Mu International Honor Society.

Pi Gamma Mu honors social science students with high academic standing. He is a junior government major.

Lazbuddie High School Principal Roy G. Willingham has been notified by The Jostens Foundation, Inc. that Mia Jennings has been named recipient of another award.

Mia received a \$1,000 scholarship from the Foundation, one of 300 presented seniors across the nation.

The recipients "exemplify the highest standards of school and community involvement and academic achievement."

Congressman Larry Combest announced the appointment of Melanie McKillip, of Sudan, to the Air Force Academy at Colorado Springs.

NEW SCHOOL BOARD AFTER RE-ORGANIZATION--Monday night, immediately after the votes were canvassed from the school board election held last Saturday, new officers were chosen. Seated from left are Curtis Shelburne, secretary; Cindy Purdy, president; and Sam Harlan, vice president. Standing from left are trustees Lyndon Huckaby, Edwin Cox, Max King, and new trustee, Frank Saldana Jr. (Journal Photo)

Cindy Purdy Installed New Board President

As 7:30 p.m. approached on Monday evening, it was a surprised board of trustees of Muleshoe Independent School District who watched the board

room at the school administration building continue to fill, persons begin to line the walls, then pack the hallways into the board room.

One-Act Play Enjoys Good Award Year

Muleshoe High School's Theatre Department concluded a successful 1989-90 school year with the UIL One Act Contest Play, *Romeo and Juliet*, competing at the State UIL Tournament in Austin on May 3.

About two-thirds of the overflow crowd were teachers, substitute teachers, and other school faculty, including principals and assistant principals.

The other members were various parents who had asked to be on the agenda to talk about concerns about students in the schools in Muleshoe.

This is the tenth appearance for Muleshoe High School to have a play advance to the state tournament in Austin.

But first, other items of business were on the board agenda, and after formal opening of the meeting, the school board trustee election results were checked and certified by the board.

At the District contest, Andy Langfitt was Best Actor; Stephanie Cox, All Star Cast, and Virgil Snell and Michelle Holmans named to the Honorable Mention Cast.

Tom Jinks administered the oath of office to the newly elected board members, including incumbents Cindy Purdy and Sam Harlan; as well as to new board member, Frank Saldana Jr.

Stephanie Cox was Best Actress at the Area Contest; Amy Turner and Virgil Snell were named to the All Star Cast; and Andy Langfitt was on the Honorable Mention Cast.

This was followed by re-organization of the board, with Cindy Purdy being unanimously chosen president; Sam Harlan also unanimously winning the vice presidency and Curtis Shelburne, being unanimously being named secretary of the board.

At the Regional Contest, Andy Langfitt was Best Actor; Stephanie Cox and Amy Turner were All Star Cast Members; and Clarence Lewis and Michelle Holmans were named to the Honorable Mention Cast.

In order to accommodate the growing crowd of people, the new president, Cindy Purdy, asked that the group move to the MHS cafeteria for the meeting to resume.

At the State Meet, Stephanie Cox was on the State All Star Cast; and Andy Langfitt was on the State Honorable Mention Cast. Guy Wiley was named Conference AAA Outstanding Technical Crew Member.

First item was an update and review on school facility expansion needs.

Cast and Crew of *Romeo and Juliet* were Jason Clarkson, Greg Combs, Andy Langfitt, Amy Turner, Kip McCall, Michelle Holmans, Stephanie Cox, Virgil Snell, Clarence Lewis, Brett Pylant, Chris Dominguez, Mark Hicks, Cory Collins, Kyle Kenmore, Marsha Wilson, Guy Wiley, John Orozco, Jeff Bradley, Cary Skaggs, Brandon Mullins, and Kimberly Chance.

Dr. Lawrence Ward, superintendent, reported that it is unknown how the school will fare financially by the time the Legislature reaches a court acceptable decision to divide school funds more fairly with poor school districts, although he said he believed the school would be in a little better financial shape than under the old (funding) plan.

Kerry Moore, John Gulley, and the cast and crew of *Romeo and Juliet* would like to thank all the parents, relatives, and friends who supported them throughout the Contest Play Season.

Sheriff Issues Plea For Help From Residents

Bailey County Sheriff Jerry Hicks has issued a reminder to area residents that all kinds of tank trucks and utility trailers are being stolen in both Bailey and Parmer Counties during the past two to three months.

He suggests that if you see someone towing a tank trailer, or utility trailer, and you do not know the driver, get a vehicle description and license plate number, if possible, and notify the Bailey County Sheriff's office.

Sheriff Hicks said in no instance, try to stop or detain such a vehicle, but please note color of vehicle, and direction of travel at the time you see them.

The sheriff also said he suggests engraving the trailer with the owner's driver's license number and the letters TX.

"We will never use an informant's name in any manner," said Sheriff Hicks, "but, your information may help recover a trailer for your neighbor, or even for yourself."

In the past two-three months, six tank trailers and two utility trailers have been stolen in Bailey County. During the same period of time, seven tank trailers and 11 utility trailers have been stolen in Parmer County.

Sheriff Hicks and other officers believe the stolen trailers of all types have possibly left the country, as none have been recovered.

Mighty 'M' Band Struts In Competition

The Mighty "M" Band is back from competing in the 39th annual Buccaneer Music Festival in Corpus Christi. This trip was the culmination of two years of raising money and a year of hard work and dedication. The band left on Thursday, April 26 at 10:00 p.m. and returned to Muleshoe on Monday at 2:30 a.m.

The band traveled on TNM&O charter buses and stayed two nights at the Villa Del Sol Condominiums located right on the beach! During our stay, the band had opportunities to participate in many activities. Among the activities were enjoying the beach, sailing, jet skiing, shopping, eating excellent sea food, competing in the festival, and enjoying a full day at Sea World of Texas in San Antonio.

The Mighty "M" Band represented Muleshoe with another outstanding performance at the festival. The Mighty "M" received the best ratings of all the class AAA bands competing in the festival. The band received an overall rating of II. The individual ratings from the judges were I, II, and II. The next best ratings in class AAA at the festival were received by Pearsall High School. They received II, II, and III.

The judging panel was very distinguished. The judges were Robert A. Fought from the University of Nebraska, Richard Jackoboice from the University of Akron, and Marice Stith from Cornell University. Some of the comments from the judges included "WOW!" "great opening", "very effective", "nice style-very musical! This seems to be consistent strength of your band", "Again, excellent dynamics", "this group is so musical and exciting to hear", "this is music."

"I am very pleased with the results of our trip. The

Nominations Sought For Outstanding Minister

Nominations are being sought for the most outstanding rural minister of Texas for 1990.

"The rural minister might be considered an unsung hero, and where that's the case, his associates can bring some special recognition to him," said Dr. David Ruesink, a sociologist with the Texas Agricultural Extension Service.

Ruesink said the award is given annually by the Progressive Farmer magazine during the annual Town and Country Church Conference, scheduled for Oct. 1-2, at Texas A&M University.

The conference is an Extension Service educational program for rural and small town ministers and lay leaders.

To be eligible for the award, Ruesink said, a minister must have served for at least two years a congregation in a rural community or town of less than 10,000 population.

Ruesink said nominations should focus on how the minister has made a difference to his church and community.

"Show how the minister's leadership has helped bring the people together to fulfill their community and religious needs," he said.

Ruesink said 53 rural ministers were nominated last year. The winner was the Rev. Larry Castillo-Wilson, who helped organize relief efforts for victims of a tornado that devastated the west Texas community of Saragosa. Ruesink said all nominees are recognized, and the top minister is named at the conference.

Nominations should be sent by Aug. 1 to Texas Rural Minister of the Year Committee, Department of Rural Sociology, Texas A&M University, College Station, Texas 77843.

For more information, contact Ruesink at (409) 845-0859.

Library News By Anne Camp

National Library Week was great at the library. We had many visitors, and we appreciate everyone who came, whether it was to see the art work, and exhibits, or to bring books and magazines for the book sale, or to buy books at the sale.

The two day sale was very successful, as it netted well over \$500 to the Friends for needed items for the library. We appreciated the Muleshoe Study Club members who organized the books and put on the sale, an annual event for over 25 years.

We want to give a great big THANKS to our news media, *The Journal*, the *Ranger*, Channel 6, and KMUL Radio for the publicity. It couldn't have been better!

We also appreciate the AA-UW donation. Their generous support has helped for many years.

Coming up next will be the Summer Reading Club for 1990, which will start May 31, with the theme -- *The Secret Code is R-E-A-D* -- sounds like fun -- more later.

Are you looking for an approved summer camp for children? You might want to see *The American Camping Association's 1990 Directory of ACA Accredited Camps in Texas.*

Three Texas Camps offer programs for the disabled. For information, you may call 1-800-252-9605, and ask for Linda Lindell.

Do you enjoy reading books on which current movies are based? If so, one has just arrived -- *Born On The Fourth of July*. It is adapted from the autobiography of Ron Kovic.

Rotary Club Installs Six New Members

It was member installation day at the Muleshoe Rotary Club Tuesday, with six new members being installed by Buck Campbell.

New members installed were Tom Alvis, Gary Glover, Jay Messenger, Scott Campbell, Jay Feagley and Mark Heckman.

New members not present to be installed were Herb Parks, Richard Murphy, Eric Dixon and Fred Ivy.

Campbell told the new members the history of Rotary, and

Five Area Scholarships Given Students

Four scholarships were awarded to area graduating seniors, three from First Bank of Muleshoe on behalf of Five Area Telephone, and the fourth scholarship is given by Five Area Telephone Cooperative, Inc.

Those receiving this year's \$400 scholarships were:

- Kelly Conklin, from Muleshoe High School; daughter of Mr. and Mrs. Norris Conklin, RR2, Box 1008, Muleshoe, Texas.

- Sheila E. Tucker, from Threeway High School; daughter of Mr. and Mrs. John Tucker, HCR 3, Box 697, Sudan, Texas.

- Marla Trull, from Whiteface high school; daughter of Mr. and Mrs. Ernest Trull, P. O. Box 16, Bledsoe, Texas.

- Mitzi McBee, from Morton High School; daughter of Mr. and Mrs. Darwin McBee, RR2, Box 116, Morton, Texas.

These scholarships may be used in any college, university, trade school or technical training institute of the student's choosing. They are paid in four checks; \$100.00 each semester for the first four semesters the students are in college. The scholarships can be used only if the student is enrolled in college, university, trade school or technical training institute.

The employees, directors, and members of Five Area Telephone Cooperative, Inc., wish to congratulate these students for their outstanding achievements.

the purpose of Rotary, outlining world projects undertaken by the clubs which are in 167 countries.

Closer to home, he outlined that the Muleshoe Rotary Club has donated \$5,600 to the Polio Plus project, which has enabled 45,000 children to receive polio vaccine worldwide. This has kept 190 children from becoming disabled, and has prevented 25 children from dying of the dread disease, he reminded.

He also said the Muleshoe Rotary Club sends two boys and two girls to Camp RYLA, the Rotary leadership camp, each summer, and they sponsor one child at a camp for the disabled.

Muleshoe Rotary helps with Muleshoe Youth Baseball, the Senior Citizens, the Coliseum, Boy Scouts, Girl Scouts, and other local projects "as the need arises."

He told the new Rotarians they are expected to attend meetings, and if they miss a meeting, they are expected to 'make it up' at another Rotary Club. They are also expected to get involved in Rotary projects, he said.

So. Plains College Offering Summer Class Series

South Plains College will offer a series of full-time and part-time classes this summer for persons interested in college level training in automotive and diesel service technology.

Registration for the 12-week summer course is May 21 on SPC's Levelland campus. Classes begin that day and will meet from 7:30 a.m.-4 p.m., Monday through Friday. The courses end August 10.

According to Mike Caroland, program coordinator, the summer classes will enable a new student to get a head start on their college program and allow current students to finish the program requirements quicker.

"Providing these full-time courses which will give a student 12 semester hours upon completion lets him or her finish the program in about 18-months rather than the traditional 24-months," said Caroland. "This lets the student get the

Each of the new members then gave a 'classification' talk, telling a little about themselves, their work and their families.

Bruce Purdy distributed the Hawaiian vacation tickets to Rotarians. Each was informed the vacation pak is for two people for a week in Hawaii, including airfare, hotel and food.

Tickets are \$5 each, and will be available from each Rotarian for the July 4th drawing.

A chart will be kept by Rotary officers, and updated each week. For each 50 tickets sold, the Rotarian's dues will be paid for one-quarter of a year.

President Terry Hutto also said the Jennyslippers have reserved food booth space for the Rotary in the 300 block of Main Street for the July 4th activities. The Rotary club will be selling hamburgers and hot dogs for the all-day affair on Main Street.

C. J. Feagley was winner of the Polio Plus Drawing.

A visiting Rotarian was Terry Ruse of the Portales Rotary. Other guests included Ernest Cadenhead; Rotary Ann Marie Bass; and Noel Vourazeris.

MAC WINNERS SHOWN--Saturday afternoon, a MAC Buck Drawing was held in downtown Muleshoe, with several people being made much happier after their ticket was drawn from the hopper by Stephanie Kirk. Standing in front of the trailer, from left, are winners of the latest MAC Buck drawing: Bruce Bruns, \$200; Thursie Reid, \$50; Ruby Bruns, \$150; Gloria Navarro, \$50; Sandi Chavez, \$50 and Virginia Bowers, \$100. Homebound Students Have Study Chances

The Muleshoe Independent School District provides comprehensive education services for all children living in the district. These services include homebound services, and they are provided through Special Education.

The purpose of the homebound program is to provide a continuation of the educational instruction for pupils who, because of serious illness, accidents, and other justifiable conditions, are unable to attend a regular or special classroom. A homebound teacher is available to a student who is sick or injured and unable to attend school four weeks or longer.

A doctor's statement is required for eligibility. The homebound teacher works with the student four hours per week and helps the students continue his/her education while recovering.

This service cannot be provided when the pupil is homebound because of a communicable disease.

The homebound teacher, in addition to teaching duties, serves as a liaison between the pupil and the teacher (s). Assignments are made by the classroom teacher (s), who also prepares tests. The homebound teacher works with the student and then returns the completed work to the school. Evaluation of work, preparation of report cards, and recording on permanent records are done by the classroom teacher.

For additional information and/or referrals contact the Special Education office in the Muleshoe High School building, Herb Parks, Director, telephone 272-5239.

Residents and former residents of Lamb County needing help in the writing of their family's history should plan to attend a Free Workshop on Friday, May 12 from 10 a.m. to 3 p.m. in Olton. The workshop, conducted by members of the Lamb County History Book Committee and other volunteers, will be in the Olton PCA's meeting room on North Main Street. (Use south entrance.)

Inasmuch as many public libraries will order this book, the family history section will have much information useful to genealogists and social historians. Mardema Ogletree, Project Director, suggests that people bring old records about their family and ancestors if available. "If necessary, members of the committee and other volunteers will also type your history theme."

Texas Senate Week In Review

Operating under a final June court deadline, the Texas Senate is expected to act swiftly this week on the same \$555 million school funding plan killed last week by the Governor's veto.

A record-tying fifth special session, the third this year on education reform alone, began last Wednesday, one day after District Judge Sott McCown extended the court's May 1 deadline to June 1.

The deadline extension came after Governor Bill Clements and the Legislature failed to reach accord on a plan to fund

schools equally. The State Supreme Court ruled last fall that the state's current distribution system heavily favors property-rich school districts and shortchanges poorer ones.

Clements' veto last week of the tax bill accompanying the \$555 million Senate Bill 1 had the effect of killing the entire education reform package and throwing the matter to the courts for a solution.

In his ruling last week, Judge McCown said the court would impose its own plan if the Legislature and Clements fail to present an acceptable one.

A master to oversee education funding reform will also be appointed by the court this week. This individual will be charged with devising an alternate plan that may be chosen if the Legislature's plan is

rejected.

Judge McCown ruled that the court could consider the Legislature's plan with or without the Governor's signature. The tax bill to fund the Legislature's plan is a separate issue which must be signed by Clements to become law.

A bill that was backed by Clements this session calling for \$250 million in first-year funding was passed over in the Senate Education Committee last week in favor of Senate Bill 1. An attempt to revive the Governor's bill may be made this week when Senate Bill 1 reaches the Senate floor for debate.

Clements' bill would be funded by increases in certain fees and the transfer of money in the state budget to education reform. One controversial transfer the Governor favors would take \$123 million from the Teacher Retirement System

special session on education, would be funded by a one-half cent hike in the state sales tax and by about \$100 million in budget transfers. The Teacher Retirement System fund would not be affected by Senate Bill 1 transfers.

Senator John Leedom (R-Dallas) is sponsor of the Governor's bill. Senators Carl A. Parker (D-Port Arthur) and Kent Caperton (D-Bryan), and Lt. Governor Bill Hobby are sponsors of Senate Bill 1.

Over a five-year period, the plan favored by the Governor would cost some \$4.5 billion, which he maintains will be available due to overall improvements in the Texas economy.

Senate Bill 1 has a five-year price tag of \$5.4 billion to funded largely by the half-cent sales tax increase.

The Senate and House were to reconvene Monday (May 7).

Senate Bill 1, which passed both legislative houses last week at the close of the second

Governor Vetos House

Bill 150 To Increase Taxes

Governor Bill Clements today vetoed House Bill 150, which would make the Texas sales tax the second highest in America behind Connecticut.

In vetoing the bill, the governor said, "The taxpayers of Texas will not stand for any measure that raises their sales tax to an all-time high and makes it the second highest in the nation. The average Texas family already pays more than \$1,200 per year in state sales taxes, directly or indirectly."

"I will not saddle Texas families with an unnecessary increase in their tax bills. We cannot burden taxpayers with new taxes when surplus funds in the state's current \$49 billion

budget are readily available to pay for education reform. Raising Texans' taxes would be irresponsible when other alternatives exist."

"The Legislature's tax bill would fall short of the funds needed to pay for Senate Bill 1. In fact, this tax bill would be more than \$6 billion short over the next four years. Furthermore, Senate Bill 1 would bind future Legislatures, which is prohibited by our state Constitution."

"In addressing this issue, the Legislature must not attempt to pass the buck to local property taxpayers. That's why I support legislation that would require local voter approval of property tax increases."

Driving Awareness Helps Save Lives

Last year, 243 motorcyclists were killed and 6,812 were injured in traffic accidents in Texas. More than half of these accidents involved another vehicle. And according to national statistics, two-thirds are caused, not by the motorcyclist, but by the driver.
 "The biggest cause of motorcycle accidents is motorists who don't see the motorcycle," said Henry Palma, Manager of the Department of Public Safety Motorcycle Safety Bureau.
 National statistics show that more than half of the accidents are caused by a driver who did not see the motorcyclist.
 "We want drivers to become more aware of motorcycles on the road," Palma said. "By driving aware, motorists are helping make the streets and highways safer for everyone."
 Why doesn't the average driver see an approaching motorcyclist? Motorists tend to look for other cars, not for motorcycles, Palma said. And because of its small profile, a motorcycle is harder to see.
 A motorcyclist's riding pattern also differs from that of a car and is harder to predict. Traffic, weather, and road conditions often require motorcyclists to respond differently than drivers do.
 Drivers can drive aware if they know what to expect from motorcyclists and the situations where accidents are likely to

occur. These high-risk situations are when motorists make a left turn in front of motorcycles; when a motorcycle is in a car's blind spot; during hazardous road conditions; in strong winds; and when large vehicles block a motorcycle from a driver's view.
 Palma offered some tips on driving aware. First, anticipate a motorcyclist's maneuvers; they may change lanes according to traffic conditions. Signal your intentions, and look carefully in all directions. Respect a motorcycle as a full-sized vehicle with equal rights to the road and to a full lane. Allow plenty of space when following a motorcycle. And most importantly, look out for motorcyclists, especially at intersections.
 To reduce the number of motorcycle accidents and fatalities caused by the drivers of other vehicles, the DPS Motorcycle Safety Bureau has undertaken a state-wide public information and education campaign on Driver Awareness. The theme of the program is "Drive Aware--Motorcyclists are Out There."
 For more information or to request copies of promotion materials, contact the Motorcycle Safety Bureau at 512/465-2021, or toll-free in Texas 1/800-292-5787.
 The Motorcycle Safety Bureau of the Department of Public Safety was created in 1983 by the legislature to improve rider skills and reduce the number and severity of motorcycle accidents in the state. The program sets up and monitors motorcycle training classes throughout the state and promotes motorcycle safety and awareness.
