State General Appropriations Set Record

SANTA FE — A record general fund appropriation of \$15,800,000 for each of the two years is proposed in the appropriations bill on the House floor.

The bill was reported out of committee last night. Chairman Earl McCollum of the appropriations committee said the figures set by the committee would produce a balanced budget.

The tax increases are necessary, he said, to meet the spending program.

This year's general fund appropriation amounts to around \$13 million.

Seventeen legal-sized pages of amendments to the original bill HB300 were accepted by the House in approving the committee report. Details are still subject to amendment and revision when the House takes final action on the bill.

The general figures originally proposed in the bill were scaled upward by the committee. Provisions were given a flat two percent cut for the next fiscal year and a one percent cut for the following year.

The bill provides that while the finance board can make adjustments, it cannot increase salaries or appropriations except by changes under the personnel act.

Also included is a provision that any institution's land income exceeds the estimates, that institution's general fund appropriations shall be reduced by that amount.

The committee's recommended appropriations for colleges in the University of New Mexico — \$2,774 and \$2,535,334 for the two fiscal years, respectively.

New Mexico Western College — \$1,240,217. Highlands university — \$650,000.

Other colleges include: New Mexico Western College — \$633 and \$470,132. Eastern New Mexico university — \$703,235 and \$710,411. New Mexico Military Institute — \$112 and \$139,522.

Simms Promises 'Goldfish Bowl' State Government

ALBUQUERQUE — As long as he is in power, state government operations will be open to public inspection. The only exception he made was discussions of personnel qualifications.

Simms spoke to a meeting yesterday of the New Mexico Broadcasters Assn.

Simms told the broadcasters he'd like them to do a more complete job of letting the people know what the government works.

Raton Approves Water Treatment With Fluoride

RATON — Raton, first New Mexico city to receive state approval for fluoridation of its water, will soon have the process in operation as the result of a resolution adopted by the city council last night.

An estimated \$2,000 worth of equipment for introducing sodium fluoride into the city water will be installed soon at the filter plant.

Cost of operating the process is estimated at seven cents per gallon per year.

FORIST KILLED

ORTEZ, Colo. — Carl N. Ortiz, 42, of Monticello, Utah, decapitated yesterday when he rammed a bridge abutment miles northwest of here on U.S. 160. State Patrolman Fred Johnson said the car shot off the road at high speed and smashed into the bridge.

POTTO IS LEMUROID related in prehistoric days to the monkey family. He hails from the Belgian Congo and is feared by natives because of his night prowling. Now living at the Bronx Zoo, New York, this youngster, weighing slightly over an ounce at birth, is a mere four inches long. Abandoned by its mother, Potto is cared for by zoo nurses, who take turns carrying him home at night so he can be fed at two-hour intervals. At top, Potto looks out of his box home. At bottom, he is held in a nurse's hand and has lunch. (International)

Amendments Posing Obstacles To Preprimary Law Repeal

SANTA FE — The Senate late yesterday amended and passed the House version of the Democratic party's pledge to repeal preprimary nominating conventions and go back to the direct primary.

The House now will act on Senate amendments, including one further restricting candidates' expenditures and another pushing the primary up from May to September.

Police Joining Chase for Strong Roswell Burglars

Artesia police have been notified of a breaking and entering case in Roswell in which robbers carried off 30 bundles of rabbit weighing 1,500 pounds.

The apparently muscular subjects also relieved the victim, Russell Plumbing Company, of 12 boxes of angle tops.

Dexter Hatchery Expansion Asked

WASHINGTON — Sen. Chavez (D-NM) says the fish and wildlife service is seeking \$6,840 for further expansion of two federal fish hatcheries in New Mexico.

Officials of the service who testified before the Senate appropriations committee requested \$3,540 for the Dexter hatchery on the Pecos River and \$3,300 for the Hot Springs hatchery on the Rio Grande.

Chavez said that with the new work "we can increase the fish output from 5200 pounds at Dexter to 6300 pounds annually, with potential of 7000 pounds, and from 6200 to 9608 pounds at Hot Springs, with a potential there of 11,500 pounds."

Hospital Record

Admissions—Mrs. Lorene Sanders, 419 W. Main, Virgil Jakeway, 1109 Runyan. Discharged—Benny Martin Coats (infant).

New Mexico Weather

Fair with changeable high cloudiness today, tonight and Thursday; 20-30 mph winds east this afternoon and over the state Thursday afternoon. Warmer east today. High today 60-70 north west 75-85 east and south. Low tonight 25-36 north 35-45 south.

Artesia Officials 'Surprised' by Plans For Land Use Committee Revision

Action to Junk Flexible Farm Prices Pledged

WASHINGTON — Speaker Rayburn (D-Tex) promised early House action today on legislation to scrap the administration's farm program and restore rigid high price supports on major crops.

It promised a hot fight in the House, which last year overrode its agriculture committee and voted for flexible price supports in a victory for the administration.

Rayburn, who favors ditching the flexible program, said he would schedule action on a new farm bill at the earliest reasonable time, perhaps week after next.

The agriculture committee approved yesterday a bill to support five basic crops — wheat, rice, corn, cotton and peanuts — at 90 per cent of parity.

Parity is a price declared by law to give the farmer a fair return on his commodities in relation to his costs.

Rayburn and Chairman Cooley (D-NC) of the agriculture committee appeared confident the House would reverse its action of last year and pass a high-support bill. Neither commented on the bill's chances in the Senate.

Backers of high supports generally concede they could not pass such a bill over a veto.

The committee bill would also raise from 75 to 80 per cent the present support on dairy products. Another provision would extend the present school milk program one year.

Senate Committee Approves Harlan For High Court

WASHINGTON — The Senate judiciary committee today approved the nomination of Judge John Marshall Harlan for the Supreme Court.

Sen. Dirksen (R-Ill), emerging from a closed meeting of the committee, told newsmen that 10 senators voted for confirmation, 4 against and one voted present.

Harlan, the grandson of a Supreme Court justice, was nominated by President Eisenhower last November to fill a vacancy on the court left by the death last October of Justice Robert H. Jackson.

Dirksen said that he thought there would be "a bit of a floor fight" when the nomination is brought up in the Senate, in view of the four adverse votes in the committee.

Harlan now is a judge of the 2nd U. S. Circuit Court of Appeals. He was confirmed for that post, in New York, last year.

Special Meeting Of Civil Defense Leaders Called

A special meeting of section leaders in Artesia's civil defense organization has been called for 4 p. m. Friday in the Chamber of Commerce building.

Administrator Charles Barfield said the group would study organization finances and discuss buying helmets, air bands and identification decals.

ENFORCED DIET

LANDER, Wyo. — The story of two Salt Lake City drivers who went on an enforced orange and celery diet after their truck stalled on the snowbound south pass highway was told yesterday. Harvey Thomas and his brother found shelter in a state highway department dugout near rock creek for two days and nights while waiting for snowplows to open the road. They had plenty to eat but little variety. Their produce truck was loaded with nothing but oranges and celery.

Possible Economic Boost Seen in Potash Contract

Long awaited development of 14,000 acres of potash holdings in southern Eddy and Lea counties will be started this weekend.

The development may mean an economic boost for Artesia.

James Patton, National Farmers Union president, yesterday told the Associated Press in Denver he will go to Oklahoma City to sign a development contract Saturday.

The contract calls for formation of a development company by NFU and Kerr-McGee Oil Industries of Oklahoma City.

In a telegram Tuesday to the Artesia Advocate, Ross Thomas, public relations director for NFU, said:

"National Farmers Union, Kerr-McGee Oil Industries, Inc., will definitely, repeat definitely, sign contract to jointly develop NFU's 14,000 acres of Potash in southeast New Mexico Saturday, March 12, in Oklahoma City."

Patton declined further comment to the Associated Press than that he would sign the contract in behalf of NFU.

Signing of a contract several times has been delayed for reasons unannounced. Delays are believed here to have been caused by prolonged negotiations on terms of the joint development.

In Denver it was reported by a source other than Patton that the first drilling would be near Artesia.

Mrs. Lusk to Give Hermosa School Speech

State Schools Supt. Georgia Lusk will deliver the dedicatory address when dedication and opening of Hermosa school is held next Monday evening.

The program, highlighting the monthly Hermosa school Parent-Teachers Assn. meeting, will be held at 7 p. m. in the multi purpose room.

After the invocation by Rev. H. L. McAllister, Methodist church pastor, Hermosa PTA Pres. Mrs. Ray Fagan will conduct a business meeting. Mrs. F. Gloria Anderson's sixth grade will give a musical program.

Following Mrs. Lusk's address and announcement by Principal C. A. Stalcup, the building will be opened for public inspection.

The school, placed in service in January, was constructed in two sections at a cost of \$348,672. Total floor space is 35,007 square feet at a cost of \$9.96 a square foot.

Its features such as innovations for Artesia schools as skydomes in classroom ceilings for better lighting, a windowless multi-purpose room with folding chairs and tables, and ceilings 3 feet lower than average in schools.

Fourteen Artesia People Summoned For Jury Service

Fourteen persons from Artesia have been summoned to appear as jurors in district court at Carlsbad next week.

Official word from District Judge C. Roy Anderson advised the citizens to appear in his court at 9 a. m. Monday.

Called were: Glenn W. Howard, Earl Schneider, L. D. Gelwick, Loyd Traylor, Mrs. Gertrude B. Congdon (who cannot serve because she is over 60), Leland Price Jr., Thomas S. Hager, William E. Sawey.

To serve as emergency jurors: George H. Ferriman, Mrs. Clyde Dungan, P. V. Morris, Leland Borland, Carl H. McAnally and Ivan Rogers.

Brown's Condition Reported 'Good' In Albuquerque

ALBUQUERQUE, (AP) — Tom Brown of Artesia, state Democratic chairman, is a patient in Presbyterian hospital here.

Hospital officials said Brown entered the hospital last Saturday. His condition is "good" they said. They declined to reveal the nature of his illness.

Saunders Named Bank Examiner

SANTA FE — Woodlan P. Saunders of Santa Fe, state bank examiner under former Democratic administrations, today was named to that position again by Gov. John F. Simms.

Saunders was appointed for the two year term ending Dec. 31, 1956.

Saunders replaces John Y. Helm of Gallup, who had been in the office previously and who has held the position since resignation of Republican A. W. Kaune the first of the year.

John A. Garcia of Albuquerque, was reappointed state mine inspector by Gov. Simms for the term ending Dec. 31, 1956.

Senator Ducks Women, Asks State Flag Change

SANTA FE, (AP) — Sen. I. N. Curtis, the Quemado livestock merchant and salt tycoon, has only one ambition in this Legislature. He has braved the wrath of women's clubs and the distaff side generally by proposing a change in the state flag.

The bill introduced by Curtis and others passed the Senate last week and now is in the House. So yesterday the good-natured Catron county senator, who is something on the order of the late Will Rogers although not as quick on the quips, got all dolled up in Navajo regalia.

He invaded the House of Representatives and delivered a plea for action on his bill. Then he returned to the Senate and did the same thing there.

He explained afterward that although the Senate had already passed his bill he figured his colleagues were entitled to the same exposition as that given the House.

It almost proved his undoing. When he talked about his efforts to prod the bill out of a House committee, a Senate colleague started to suggest with tongue in cheek that the Senate could do that very thing; as a matter of fact, the Senate might be happy to recall the bill to the Senate (where it, in

No Conference Held, Mayor Tells Reporter

By EDD ROUTT

Plans to revamp the Eddy county land use committee were viewed with surprise and virtual reluctance today by Artesia city and chamber of commerce officials.

A newspaper story this morning revealed the Carlsbad Chamber of Commerce has approved recommendations for replacement of the group by a committee representing various segments of Eddy county industry and agriculture.

"I have received no correspondence from the Carlsbad chamber on the plan and know nothing of it," said Artesia Mayor W. H. (Bill) Yeager. Mayor Yeager said he would "just sit tight until they contact me." He added offhand, that if "I were working on a plan involving other people I certainly would consult those people and ask their recommendations before going ahead."

Under the proposed plan, Mayor Yeager would be expected to call a meeting of all North Eddy county urban areas for election of a representative to the new committee.

Artesia Chamber Mgr. Paul Scott said he had "heard of the plan," but had received no official word on it. He withheld comment pending investigation of the plan by the Artesia chamber board.

Payments Mailed For Right-of-Way On Urban Project

Thirteen land owners along the proposed Artesia urban highway project will receive right-of-way checks this week, totaling \$22,400.

County Clerk Mrs. Marian Wilcox said the right-of-way settlement checks were mailed earlier this week. County commissioners said additional checks would be mailed soon.

Forty-two land owners along the proposed road reached agreement with state highway department appraisers. Condemnation proceedings were brought against 14 others and are still pending.

Check to pay for right-of-way Farmer, \$1,200; R. C. and Frances I. I. Bell, \$75; Laura Bradley, \$1,000; John Charles and Louise Brown, \$1,750; Ruby Panel Derick, \$4,500; E. W. and Elizabeth Ditto, \$5,850; Glen and Maxine Garner, \$1,200; R. C. and Frances M. Gray, \$1,500 and \$150 for separate parcels; M. C. and Thelma E. Livingston, \$1,500; Irene Brown Merrifield, \$100; Clifton H. Perkins, Juanita Perkins, Bulus Perkins and Otis Perkins, \$5500; John H. Savoie, Reba Savoie, Oscar B. Savoie, and Helen Savoie, \$8,800; and James W. and Hester Simms, \$2,200.

Late Bulletins

NEW YORK — The stock market was hit by renewed selling today and tumbled badly in the late afternoon.

Yesterday's market was knocked down sharply in a wave of selling just before the close.

Today's market sold off at the opening and then put up strong resistance to the decline in the second hour.

However in the fourth hour, selling was renewed on a big scale again and prices were hammered down to the lowest levels of the day.

SANTA FE — The nonpartisan judiciary proposal handed the Legislature March 4 by Gov. Simms went down to overwhelming defeat in the New Mexico Senate today.

The vote on the constitutional amendment proposition (SJR24) was 24-3. Three Democrats voted for it: Lewis Cox of Clovis, who introduced it; M. P. Carr, Fort Sumner; and Calvin Horn, Albuquerque.

SANTA FE — St. Vincent hospital reported today that Rep. Fred Cole (D-Eddy) is making an "especially good recovery" from an acute vascular spasm for which he was hospitalized last Saturday.

SANTA FE — A Legislative Council Service report for Rep. Mack Easley (D-Lea) today advocated a form of utility regulation subject to legislative control. The report, prepared by Council Director Jack Holmes, said also that recent history in this country tends to show increasing popularity for the appointive form of regulatory body, rather than elective.

Senators Ducks Women, Asks State Flag Change

The members' desire to get away for a late lunch put an end to that kind of talk.

Curtis delivered to his mates a little poem in meter and style only slightly reminiscent of Hiawatha. It went like this:

White man came west one day  
To build many houses and stay;  
Then take all our lands away,  
Strike oil, uranium, make it pay;  
But no rain any more—night or day,  
Since 1925 when 'yellow flag' come our way."

Curtis, as "Chief More Rattle," acknowledged authorship of this little flight into poetry. It was all a propaganda plug for the flag that he proposes as more meaningful than the present one.

His flag would retain the zia symbol in red against a turquoise blue field with a white border. The state flower, the yucca, would be added. Curtis and his fellow-sponsors say there is true meaning in all this.

As for the present yellow flag background they propose to scuttle, they say: "The New Century dictionary states that a yellow flag denotes quarantine, possibly the reason for so much criticism of our present incompatible colors."

HAGERMAN NEWS BRIEFS—

Parent-Teachers Seeking Calendar Project Support

By MRS. BYRON OGLESBY

Hagerman Parent-Teachers are again sponsoring a community birthday calendar, and earnestly solicit the support of the community in this worthwhile project.

Mrs. Beryl Walters, Mrs. Wm Jung and Joe West, three sons Guy, of Sacramento, Roy, of San Francisco, and Jeff, of Stockton.

Cub Scout pack 27 of Hagerman held its annual Blue and Gold Banquet Monday evening in the undercroft of the First Methodist church, in celebration of their 45th birthday.

A ham menu was served buffet style to the Cub Scouts and their parents, after which they were seated at banquet tables carrying out the blue and gold color scheme. Place cards were made of cub bears, wolves, and lions.

A large birthday cake was made by the den mothers, Mrs. Clint Gibson and Mrs. Max Wiggins. The four-tiered cake was exceptionally beautiful, frosted in gold topped with 45 blue candles, and the words "Happy Birthday, Boy Scouts," also in blue.

Harry Boggs, community institutional representative of the Boy Scouts, showed a very good film entitled, "The Fundamentals of Scouting," and Mrs. Bill Knoy Den Chief, gave a talk in conjunction with the program.

An attendance of over 50 was reported. Payne Packing Co. of Artesia furnished the ham for this occasion, and it was greatly appreciated.

Those from Hagerman who attended the George Washington tea, sponsored by the Daughters of the American Revolution, held at the home of Mrs. G. B. Armstrong in Roswell, were Mrs. Ruth Strixner, Kay Waldrip, Jean Elliott, Mrs. E. E. Lane, and Mrs. C. G. Mason. Kay Waldrip is the Hagerman High School representative for the D. A. R. Good Citizenship Pilgrimage. Jean Elliott is the alternate.

Members of First Methodist church of Hagerman were happy to welcome their pastor back Rev. and Mrs. A. A. McCleskey after their absence due to illness. Mr. McCleskey officiated at the morning worship service Sunday morning. The Junior Choir, under the direction of Mrs. L. S. Sooter presented negro spirituals for the evening service.

Of interest to Hagerman residents are the following excerpts from a clipping concerning former Hagerman residents: "A Valentine Day Party at the Hotel Sainte Claire, was the occasion for the observance of the 60th wedding anniversary of Mr. and Mrs. N. S. West of San Jose, Calif., 360 Spencer Ave. During the anniversary party movies were shown that had been taken at the West's golden anniversary party, and also early day photographs and snapshots. Mrs. L. W. Garner, sister of Mrs. West, made a trip from Hagerman New Mexico to attend the party. Others present were honoree's two daughters and son all of San Jose."

Personal Mention

Mr. and Mrs. Bobby Williamson have had as their house guests over the weekend, Mrs. William son's parents, Mr. and Mrs. Rex Berrier of Las Cruces. Mr. and Mrs. Berrier arrived Friday evening, and returned to their home Sunday afternoon.

ELKS SPONSOR COURSE

LAS VEGAS (AP)—The New Mexico Elks Assn. will sponsor two five-week summer courses in "speech pathology" and "materials and techniques for teaching handicapped children" at Highlands university this summer.

ROSELAWN— Faculty Studies Newly-Formed Credit Union

Roselawn school elementary teachers met in the lounge at 4 p. m. Monday for the regular monthly meeting. R. M. Stinnett, principal, was in charge.

John McFaun, assistant principal, discussed the credit union planned for teachers. The plan was met with favorable comments and several teachers indicated they expected to join.

Stinnett announced the pre-school clinic to be held this spring and that the report card committee is working on a new report card for pre-first and first graders.

Efren Gonzales, a pre-first grader, underwent surgery in El Paso General Hospital on Monday. Friend donations from Artesia friends helped him to make this possible.

Student council met Tuesday morning with Bernard Ross in charge of the meeting. New officers in charge of the meeting were Nina Lara, president, and Ricarda Brizeno, secretary.

The green safety flag is still flying.

Parent-Teacher Board at Hermosa Plans Dedication

Executive board of Hermosa school Parent-Teacher Assn., met Monday afternoon at the school with Mrs. Ray Fagan, president, conducting the meeting.

Each officer gave reports. Main subject discussed was the school carnival to be Friday, March 25. The nominating committee gave its report. Members discussed plans for the dedication and open house at Fort Hood, Tex.

Purpose of the exercise was to test combat command experimental formations organized by the 1st Armored Division to adapt to the latest concepts of atomic age ground warfare.

Corporal Koerner is a communications chief in Battery B of the division's 68th Armored Field Artillery Battalion.

Heritage of U.S. Studied By DAR

Mrs. Ralph Hayes gave a talk on "The American Heritage," dealing with historical personalities, battles and songs, to members of Mary Griggs chapter of Daughters of American Revolution which met Monday evening in the home of Mrs. Paul Francis.

The meeting was opened in ritualistic form by Mrs. Francis, regent. Members voted to purchase a birthday calendar, and to promote a flag campaign to display it on national holidays.

Refreshments were served at the close of the meeting. This was a guest meeting, and the guests present were Mrs. Ralph Hunt, Mrs. Henry Donnelly, Mrs. John Gates, Mrs. Bert Bidwell and Mrs. Mack Reasner.

Members present were Mrs. Nina McCarter, Mrs. Cecil Waldrop, Mrs. K. J. Williams, Mrs. Tom Donnelly, Mrs. Bernice Vallejo, Mrs. W. I. Trembley, Jr., Mrs. Hollis G. Watson, Mrs. Hugh Kidley, Mrs. John Cochran, Mrs. Harold Kersey, Mrs. Jack Knorr, and Mrs. Francis.

The United States had 26,750,000 births during the past 10 years.

Girl Scout Folk Dancing Party Ends Badge Work

Girl Scouts of Troop 20 entertained members of Troop 15 at a folk dance party at Presbyterian Parish Hall Tuesday as a climax to the completion of a badge requirement.

Folk dances enjoyed by the girls were the Indian war dance, Shoo-Fly, Duck in the Meadow, Military Schottish and the Rye Waltz.

Following the entertainment, refreshments of hot gingerbread with whipped cream and glasses of milk were served by Mrs. Bertha VanWyngharten, Mrs. T. C. Stromberg, leader, and Mrs. Bob Hanson, assistant, who served in the absence of Mrs. Stanley Carper.

Guests present were Mrs. Colbert, Troop 15 leader, Mari- anne Solga, Paula Billips, Sandra Colbert, Vaneta Smith, and Louise Hannah.

Rebekahs Given Birthday Party

Five members of Sunrise Rebekah lodge who have birthdays in March were honored at a dinner Monday evening at the IOOF hall.

The honored guests were Mrs. E. A. Hannah, Mrs. Ethel Brandell, Mrs. J. W. Kennedy, Mrs. W. S. Hogsett, and Mrs. Tom Franklin. The table was decorated with a spring bouquet of flowers and green candles.

Following the dinner, the business meeting was held with Mrs. C. M. Van Winkle, noble grand, presiding. Plans were made for the North Eddy Cancer society to show a film on cancer at the March 21 meeting. Theta Rho girls will be invited to attend the showing of this film.

About 40 members were present.

Emblems Bought For Eastern Star

Order of Eastern Star met Tuesday evening at Masonic Temple for the regular stated meeting.

The meeting was preceded by a covered-dish dinner with Mrs. F. L. Bays and her committee in charge.

The meeting opened in ritualistic form by Mrs. Earl Cox, worthy matron. It was announced that new emblems for the chapter had been purchased. Mrs. Earle McDorman and her committee were thanked for serving the Knife & Fork dinner.

It was announced that bouquets of flowers had been sent to members that are ill.

About 50 members were present for the meeting.

Artesia Seaman Aboard Destroyer In Evacuation

James V. Sowders, fire control technician seaman, USN, son of Mr. and Mrs. D. D. Sowders of 405 S. Eighth and husband of Mrs. Mary Sowders, all of Artesia, was aboard the destroyer USS Uhlman, engaged in the evacuation of the Tachen Islands off the coast of Communist China.

The Uhlmann is a unit of the 7th Fleet frequently called upon in the past for duty on the Formosa Patrol.

From the beginning of the evacuation, Uhlmann and sister ships of Destroyer Division 152 have been in the immediate vicinity of Tachen, where their duties included warning of possible Chinese Communist attempts to invade Formosa and providing anti-aircraft and anti-submarine protection.

In addition, cover was provided for Chinese Nationalist amphibious units as they removed civilians and troops to Formosa from the Tachens, only six miles from Red-held territory.

WOMAN ACCIDENTALLY SHOT

RATON (AP)—Mrs. Mary L. Archuleta was taken from her isolated ranch to a Raton hospital in serious condition early this week after she accidentally shot herself in the stomach with a 22 caliber rifle. Mrs. Archuleta said she started to lean the rifle against a fence to open a gate, but set it down too hard and it discharged.

It was announced that bouquets of flowers had been sent to members that are ill.

About 50 members were present for the meeting.

Koerner Assigned Part in Special Army Exercise

FORT HOOD, Tex.—Cpl. Don J. Koerner, son of Mr. and Mrs. Marcell Koerner, 1002 Runyan ave., Artesia, N. M., recently participated in a special Army test exercise at Fort Hood, Tex.

Purpose of the exercise was to test combat command experimental formations organized by the 1st Armored Division to adapt to the latest concepts of atomic age ground warfare.

Corporal Koerner is a communications chief in Battery B of the division's 68th Armored Field Artillery Battalion.

A 1951 graduate of Victoria Rural high school and a former employee of the Mermis Construction Co., the corporal entered the Army in May 1953 and completed basic training at Fort Hood.

Irving School Fuss Turns Into Press Agency Show

IRVING, Texas (AP)—The Irving school fuss today had turned into a fast-moving extravaganza of high-powered press agency.

Expertly set up news conferences, whirling television cameras, popping flash bulbs and eager reporters completed the picture in what has developed into a battle for publicity.

Both sides say frankly they are looking for public support.

The ado started more than a week ago when about half the personnel of this town's school system walked out in protest over the school board's firing of Supt. John L. Beard.

County Judge Lew Sterrett, acting on a petition presented by backers of the striking teachers and other employees, said he would call an election before the week end. The voting, the Beard faction hopes, will abolish the widely split Irving independent school district.

The petition asked that the election be called March 19, but, under the law, public notices must be posted at least 10 days before an election is held.

Monday the school board mailed letters formally firing 165 school employees including 93 teachers.

Atty. Balford Morrison said the Beard group plans to call another election to create a new school district if it wins its fight to abolish the present district and get rid of the present school board.

Another board would have to be elected, too, Morrison said.

Dr. Beard yesterday at a press conference in the Dallas Press Club blamed his dismissal on "a political clique who thought I could not control any election."

He said he had "been told" the clique was headed by Louis Blaylock, young Irving merchant and financier. Blaylock, in another press conference, said it wasn't true.

Blaylock said his "sole interest is to see that the schools are op-

Lioness Members Plan Installation Of Officers in May

Lioness club met Tuesday evening at Hotel Artesia for regular meeting with Mrs. Jay Scroggins, president, conducting the meeting.

Members discussed the meeting for May in the home of Mrs. Wesley Sperry, when the new officers will be installed. They also voted to assist the Lions club with the show they will present in April.

Mrs. F. M. McEnty gave a book review on "The Life of Mrs. Robert Browning."

Refreshments of cake and coffee were served.

Those present were Mrs. Dave Muhlstein, Mrs. Ted Welch, Mrs. F. F. Blessing, Mrs. Jay Scroggins, Mrs. Wesley Sperry, Mrs. T. E. Brown, Jr., Mrs. Jack Sneathin and Mrs. Jerry Cole.

Annual Meeting On Tuberculosis Set March 18-19

Over 150 public health and tuberculosis workers from throughout the state are expected to attend the 38th Annual Meeting of the New Mexico Tuberculosis Assn., at the Hilton hotel in Albuquerque Mar. 18 and 19.

Gov. John Simms, banquet speaker Friday evening, will address the group on the problem of tuberculosis in New Mexico.

Julius L. Wilson, M. D., director of medical education, American Trudeau Society, will speak to the physicians at a Saturday noon luncheon, on "Recent progress in the field of TB."

A third of the average U.S. family income goes for food, liquor and tobacco.

# LaSalle, San Francisco Win First Round Tournament Games

## Weekend Tilts for Semifinals in Kansas City

**SHELDON SAKOWITZ**  
 The Associated Press

LaSalle, the defending champion San Francisco, the No. 1 team in the Associated Press poll, are playing in the NCAA basketball tournament. They won decisively over West Virginia and Texas, respectively, in first-round games last night.

They were joined in the second round by Canisius, Villanova, Marquette, Penn State, Bradley and Duke, who in turn eliminated the Longhorn league champions, Duke, Miami of Ohio, Penn State, Oklahoma City, Idaho State.

The eight winning teams along with eight others, who received byes, play next in Philadelphia: Evanston, Ill.; Manhattan, Kan.; and Corvallis, Ore.—the winners of the second-round games. The winner comes to grips with the semifinals and final games City March 18 and 19.

## Service Players Sign for Artesia, Boyd to Return

The battery of the Yokohama Engineers has been signed to play with the Artesia NuMexers, Steve Lanning, club president, announced Wednesday.

Paul A. Deeb of Boston and Joe C. Coscia of Brooklyn, have agreed to NuMexer contracts and will be on the practice field March 21 when the Longhorn league champions begin limbering up for their 140-game schedule.

Both Deeb and Coscia played semi-pro ball in their home towns and both were released only recently from military service in Japan.

Lanning also announced that Bobby Boyd, utility infielder, who batted 310 last year for the NuMexers, has signed a new contract to work behind the plate this year. Boyd worked the receiving end of the battery during 38 games in 1954 and ended with a fielding percentage of .980.

This year's heavy schedule splits activity between home and away games. The opener is set for April 20 at Hobbs.

## How the Second Round Shapes Up

Philadelphia — Ivy League Princeton (12-10) or Cornell (17-7) vs. LaSalle (23-4), Canisius (17-6) vs. Villanova (22-2), Eastern conference champion Marquette (23-2), and (17-4), Big Ten champion, Penn State (18-8).

Manhattan—Southern Methodist (16-7), Southwest conference champion, Bradley (8-19), and Toledo (16-5), Big Seven champion, Tulsa (20-6), selected to meet the Missouri Valley after a tie for first place St. Louis.

Corvallis—Oregon State (21-1), Pacific Coast conference champion, Seattle (22-5), and Utah, Skyline conference champion, San Francisco (24-1).

IVY LEAGUE TITLE.

It wound up in a three-way tie, which will be determined when Columbia faces Princeton in New Brunswick, N. J.

LaSalle's Explorers eliminated Virginia, the Southern conference champion, 95-61 in the top of a Madison Square Garden game in New York.

Canisius downed Williams and Villanova outlasted the Atlantic Coast Conference representative, 74-73.

Lexington, Ky., doubleheader Marquette was extended into a game before subduing stubborn Ohio, the Mid-American conference champion 90-79. Penn State won a late rally to defeat Memphis State, 59-55.

America Bill Russell collected 29 points in 29 minutes as the San Francisco Dons coasted to a victory in the second game in a bill at San Francisco. In Denver Seattle spurted in the half to thrash Idaho State, Rocky Mountain titleholder, 69-55.

El Reno, Okla., Bradley back Oklahoma City 69-65 in a battle between two at-large teams.

All America Tom Gola probed the impetus, LaSalle set an NCAA tournament scoring record with 40 points in a single game. The Dons held the previous mark which they set in last year's game against Bradley. Gola scored 40 points.

## Irregular Fielder for Giants Despite Heroism

PHOENIX, Ariz. (AP)—Being the hero of the World Series brought Dusty Rhodes any amount of publicity, but he is being a regular outfielder for the champion New York Yankees.

On the other hand, there is no doubt that Mr. Rhodes is peddling his services to the Yankees. Leo says he made such a big thing last spring.

Leo isn't too happy about it, but the fact remains — he's the No. 1 pinch hitter, but he is playing regularly in the field since his defensive ability hasn't been noticed.

In center field we have Willie Mays, says Dusty. "In right field I think I should get a pinch hit for the bench. It gets awfully hot in some parks."

## Radioactive Dust in Pueblo

PUEBLO, COLO. (AP)—A heavy cloud of radioactive dust in this town was reported yesterday by a Miller and Norman Donde of Pueblo Junior College. A Geiger counter tests showed a background count of 1,400 a minute compared with a normal count of 50. Miller, who worked on Manhattan project at the University of Chicago during World War II, said the high count is dangerous.

## San Francisco Shows Class in Conquest

**By ED CORRIGAN**  
 The Associated Press

SAN FRANCISCO, (AP)—The University of San Francisco Dons, and big Bill Russell in particular, demonstrated convincingly Tuesday night why they are rated America's No. 1 collegiate basketball aggregation.

Meeting the West Texas State Buffaloes in the playoffs for a berth in the NCAA regional tournament this weekend, the Dons romped to an 89-66 victory which wound up with reserves filling the entire lineup for the last five minutes of the game.

Russell, 6-foot-9 All-America choice, played only 29 minutes and scored 29 points, despite the fact that at least two men were attempting to guard him under the basket. Big Bill deftly dominated both defensive and offensive backboards, as he has done all season, and in several instances actually whipped his rebounds down through the net from above the hoop.

In addition to their shooting, the Dons confounded the Texans with a tight man-to-man defense which offered few easy shots and kept the Buffaloes potting away from out on the floor. Jim Scott was the top scorer for the losers with 24 points.

Seattle university did the expected in the opener of the doubleheader at the well-filled San Francisco Cow Palace and defeated Idaho State College 80-63.

In the West Regional Tournament at Corvallis, Ore., Seattle will meet Oregon State, champions of the Pacific Coast Conference, and Utah will go against Utah, champions of the Skyline Conference.

## American Track, Field Entry Headed By Santee

HOUSTON, Tex. (AP)—The U. S. Pan-American track and field team departed for Mexico City Wednesday with Coach Leo Johnson saying "they look pretty good."

Johnson was pleased with the team's performance in taking 12 of 14 first places Tuesday night in a warmup meet against a group of Oklahoma and Texas college stars.

Wes Santee's strong finish made him an easy mile-run winner over indoor rival Fred Dwyer. Parry O'Brien scored a double victory in the shot put and discus. Jack Davis and Jim Lea turned in impressive early season times in the 120-yard high hurdles and 440-yard dash.

"We couldn't let go all the way," said Johnson, the University of Illinois coach. "For most of them it was the first time they had run outdoors this year. Some had had colds. But this team is well conditioned. It would surprise you."

pearance outside a Mexican ring as a pro.

## Bantamweight Title on Line

SAN FRANCISCO, (AP)—Raul Macias of Mexico, the No. 1 contender, and Chamrern Songkitrat of Thailand, rated the No. 2 boy, battle at the Cow Palace tonight for the world bantamweight boxing championship.

California has refused to give title status to the bout, but the National Boxing Assn. will present a championship belt to the winner. The match has been cut from the usual 15 rounds to 12 by the State Athletic Commission.

Macias, a 2-1 favorite, is unbeaten in 11 successive bouts since turning professional. He earned the top contender tag in the latest NBA ratings with a decisive victory over Nate Brooks, of Cleveland, at Mexico City. This will be the 20-year-old fighter's first ap-

## Phillies' Prize Lefthander Plagued By Ailment; Red Sox Outfielder Suffers Slight Concussion

**By ED CORRIGAN**  
 The Associated Press

The ache is at the top of his arm, and although it bothered him most of last year, Curt still managed to win 14 games. It usually bothered him after he pitched rather than before.

So far, May has been lucky. Except for Simmons' pain he has had few troubles. His club is hustling and he likes the looks of some of the young pitchers.

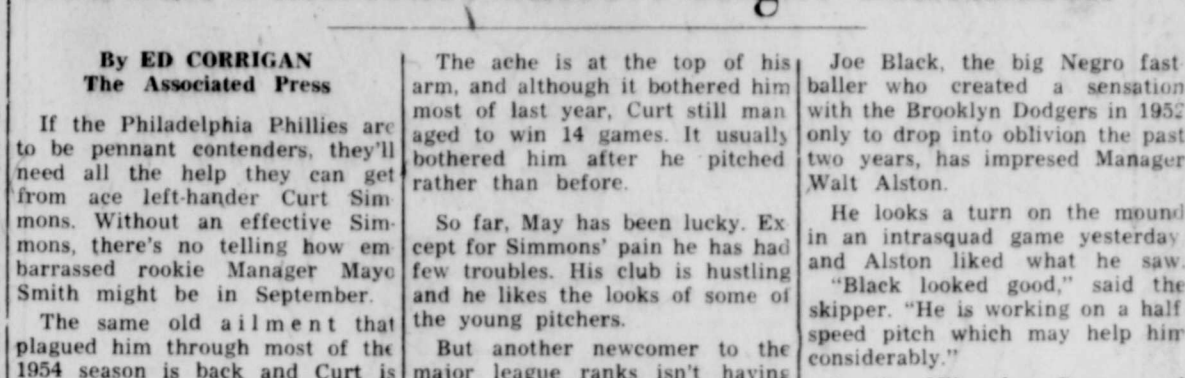

But another newcomer to the major league ranks isn't having things so easy. Pink Higgins of the Boston Red Sox watched outfielder Carl Olson smash into the left field wall in Sarasota and suffer a mild cerebral concussion.

The flycatcher was taken to a hospital. He was resting today although he suffered abrasions of the left ear and left hand.

## FROMAN IN TRIAL SEPARATION

A "TRIAL SEPARATION," while he is in Mexico on a vacation, is underway for singer Jane Froman and her husband, transport pilot John C. Burn, who are shown leaving New York on a prior vacation, that one together. She said in Miami Beach, Fla., where she was recuperating from an attack of neuritis, that "very, very personal" reasons led to the break, but that she had no intention of seeking a divorce. In 1943 Burn was a pilot of a plane which crashed at Lisbon and he saved her life by holding her head above water for nearly an hour. She still wears a brace. (International)

## "WHY I LIKE MY ELECTRIC DRYER"

"Watching my year-old daughter, Lexy Jane, is part of washing—that's why I like my electric dryer!" says Mrs. Myron D. Adams, 123 N. Academy, Guymon, Okla.

See the ELECTRIC NORGE DRIER TODAY!

REDDY KILOWATT Electric APPLIANCE DEALER

ARTESIA DEALER FOR NORGE

**RICHARDS ELECTRIC SHOP**

"Lexy Jane is at the age where she 'gets into everything', so she's an important part of planning my clothes drying."

"I wash about two loads of clothes every day. Before I had the dryer, I would have to carry the heavy, wet clothes out into the yard, leaving Lexy Jane alone. Any mother knows how much mischief an active youngster can get into in just a few minutes. Now, with my clothes dryer, I can watch Lexy Jane and dry clothes at the same time."

"The clothes really 'piled up' before I got my dryer, especially in the winter months when many days are not fit for drying outdoors. Now I pick my own drying day, even to the hour."

You, too, will find the convenience of electric clothes drying a big help on washday. You can "watch" your children, that is — and dry at the same time.

## Clean Up Campaigns

ONE OF THE CAMPAIGNS that use to come along during the spring months in most communities in the nation was that "clean-up and paint-up campaign." It was a fine thing for any community.

Usually a proclamation was issued by the mayor; the city got behind the movement with an offer to use city trucks to haul the trash and rubbish; and the paint people were always interested because it meant business for them.

But in our country paint-up in the spring is not so good—now and then we have a little wind and dust. But the clean-up part of the campaign was a good thing and it is a good thing now.

And although we may do a pretty good job on the whole of keeping our city clear and free of as much trash and rubbish as possible there are always those places and those spots that will stand a little attention.

This does a good many things for our community. First it cleans up these bad places and creates more beauty or attractiveness. It likewise makes for better sanitation.

Then it does another thing — it helps to eliminate fire hazards and those conditions and situations which help create or result in fires.

It is always easier to prevent fires than it is to put fires out after they have developed. Anything we can do to reduce the fires we have is a good investment for all of us. Fewer fires means less expense to our fire department, and it means lower insurance premiums if we hold our fire losses down.

We would like to see this idea of cleaning up our city during the spring months revised. We would like to see considerable enthusiasm shown regarding such a campaign and like to see the city wholeheartedly behind such a program.

It would be a fine thing for our city and it would help create more pride in the appearance of our city and doubtless result in us doing a better job during the coming year in keeping our city clean.

We feel sure that we can count on the full and complete co-operation of our city officials but we also feel sure that our citizens would give their help and assistance in every way possible.

And the time to get started on this project is right now so we will have the job done before summer arrives.

## No Consultation—

(Continued from Page 1.)

of service of any member." A comprehensive outline for the organizational structure of the new committee was adopted by the Carlsbad chamber Tuesday.

THE PROPOSED road planning committee would be made up of a delegate and an alternate delegate from each of the following segments of Eddy county: Oil and gas industry, potash industry, North Eddy county ranching industry, North Eddy county farming industry, South Eddy county ranching industry, South Eddy county farming industry, North Eddy county urban area, South Eddy county urban area, and a member at large who would be elected by the eight delegates.

The delegates and alternates would be elected by the segments they would represent. Each delegate would serve a two-year term. Headquarters would be in the office of the county extension agent in Carlsbad.

The committee would be charged with formulating a road planning report and with cooperating with the federal bureau of public roads, the state highway commission, the state highway department and county commissioners toward improvement of all roads in the county.

The Carlsbad plan, the story said, will be presented to the county commissioners and the state highway department.

WASHINGTON — The communications commission has been asked to approve assignment of the license of KVSF, Santa Fe, N. M., to New Mexico Broadcasting Co.

**IN THE MATTER OF  
 THE LAST WILL  
 AND TESTAMENT  
 OF PERRY ROOP,  
 DECEASED.** Case No. 2071

**NOTICE  
 TO WHOM IT MAY CONCERN:**

Notice is hereby given to all persons interested in the Estate of Perry Roop, deceased, that an instrument in writing purporting to be the Last Will and Testament of Perry Roop, deceased, has been filed for probate in the Probate Court of Eddy County, New Mexico, and also filed in said Court the verified petition of Nancy Jane Roop, praying for the probate of said Will, and that letters of administration with the will annexed, issue thereon to Myrtle Franklin, and that by Order of said Court, the 14th day of March, 1955, at the hour of 10:00 O'clock A. M. of said day, has been appointed as the day and time for hearing said petition and proving said Last Will and Testament, at the Court Room of said Court in the City of Carlsbad, New Mexico, when and where all persons interested may appear and contest the same.

Therefore, any person or persons wishing to enter objections to the probating of said Last Will and Testament, are hereby notified to file their objections in the Office of the County Clerk of Eddy County, New Mexico, on or before the time set for said hearing. Dated at Carlsbad, New Mexico, this 14th day of February, 1955. (SEAL) MRS. R. A. WILCOX, County Clerk of Eddy County, New Mexico, and ex-officio Clerk of the Probate Court of Eddy County, New Mexico. By L. M. Sears, Deputy. 2/16-23/3-9

## Turner Offers Expert Mower Repair Service

To Hoyt A. Turner, a lawn mower is a precision machine demanding the best care. "Taking care of a lawn was meant to be pleasant work," Turner says. "If a lawnmower binds and chews off the grass, it isn't working right."

Turner is dedicated to better lawnmower sharpening and repair. His interest is such he's invested in the best machines available to his trade. They're housed at his shop, 1000 N. Roselawn.

"We use this New Ideal Lawnmower Sharpener," he says, and smiles. "I'm not trying to sell. In 25 years in this business it's the best I've come across."

Turner explains lawnmower sharpening this way: Mowers were designed to shear grass, not pinch it off. To do that the two cutting edges have to be precisely sharpened.

So when Turner gets a machine he checks its bearings before ever starting blade grinding. They have to be in good working order or every thing else you do will be useless," he declares.

Then the stationary, straight blade is placed between centers just as on a lathe, and ground. It's placed back on the mower and used as the guide for grinding the rotary blades. That way everything fits together properly.

Turner demonstrated the process during the course of an Advocate interview. Striking was his deft handling — from long familiarity — of the mowers.

His machine accommodate power mowers as well as hand types.

This is his second year in Artesia. He left Albuquerque when it became too crowded. He and his wife for a while lived in Truth or Consequences, then looked around for a new place to settle.

"We parked our trailer in Artesia with our daughter (Mrs. Gene Nunn, now of Carlsbad, wife for the former Artesia Hill Lines manager)," Turner says. We looked around Texas and Oklahoma

NEW BUILDING recently constructed for Doss Garage gives this firm one of Artesia's most modern, comfortable shops. Doss' specialty is Bear wheel alignment, only agency in Artesia area. Firm also offers full motor vehicle repair service. (Advocate Photo)

## New Service in Refrigeration Given By Polar

Polar Refrigeration Company Wednesday announced it has expanded services to include brokerage of commercial refrigeration and electrical equipment.

Al Betancourt, owner, said his firm's knowledge of and background in this type of equipment "enables us to advise purchaser on exactly what they need, where they should get it, and how much they should pay for it."

Betancourt said the new service would include free engineering consultation to persons needing the equipment.

Polar Refrigeration recently moved into new and larger quarters at Thirteenth and Richardson. The company is completely equipped to handle any service or repair work, commercial or home.

"And our completely equipped truck enables us to bring our shop right to your place of business or your home," he said.

Betancourt, his wife, and 12-year-old son, Bobby, came to Artesia two years ago on vacation. They were visiting Mrs. Betancourt's mother.

"I had a business in Rhode Island and we'd been doing well," Al recalled. "We had absolutely no plans for staying away."

"But after spending a week out here in this climate and meeting a lot of Artesia folks, we decided

but we found Artesia was still the best place."

"People here," he continues "keep their lawns in good shape and take care of their homes' appearance. What better place could we find for our business?"

"We'd stay and make our home here."

Al has been associated with refrigeration engineering for the last 20 years. He is a member of Refrigeration Service Engineers.

## Mayes Combines Business With Pleasure in Lumber Company

The main things about Chester Mayes are that he knows the retail lumber business and loves to fish and hunt.

"And here lately the fever's been hittin' me kind of regular," he says flatly but with a glimmer of humor.

Mrs. Mayes, who handles the bookkeeping and wallpaper departments of Mayes Lumber Co., 601 S. Second, calmly reminded her husband, "it was only yesterday that you went fishing." Chester smiled wryly, looked at the Advocate reporter and asked if he could be of any help.

"A story about my business? Sure, what do you want to know?" The reporter supplied the questions. Mayes supplied the answers.

"I've been in the lumber business most of my life, first with my dad in Roswell and the last 15 years here in Artesia," he said.

"We, my wife and I, started out with a new and used furniture business in 1939. We had a building over in the 100 block of Main street."

At this point Mrs. Mayes said she thought then they'd stay in the

them out.

"But that's another one of Mrs. Mayes' jobs. I quit fooling with these houses years ago when I rented one that she had already rented to some other folks," Chester recalled.

Along with handling the wallpaper department and the business on the houses, Mrs. Mayes also finds time to engage in civic work. She is president of the Altrusa club, to mention one of several jobs to which she gladly devotes her free time.

The Mayes have two youngsters, Bill, 17, and Annetta Gene, 10. Bill is a junior in high school and plays football and baseball. Chester says young Bill is "as big as I am."

Graveyards cover about 10 percent of the Pescadore Islands near Formosa.

Birds as well as planes take off against the wind.

## Thirteen-Hour Work Day Put In By Wallaces

When young Jim Wallace goes to work in the mornings he can figure on a 13-hour day ahead of him. So can Mrs. Wallace.

Together, the man-and-wife team has built Jim's Drive-In at 1012 South First street into "Artesia's oldest established drive-in."

The business sells mostly sandwiches and usually employs four carhops. Jim set up the drive-in about five years ago after coming to Artesia from Albuquerque.

The 120 by 140 lot can handle 40 automobiles and Jim said he could serve 12 persons inside.

Jim, who served with the 37th Infantry Division in the Pacific World War II, is a little worried about the new highway which will pass in front of his place.

"I'll be cut off from the traffic completely during the construction, but my customers will be able to get service by driving up through the rear," he said.

One optimistic note: Jim is happy that he won't have to help pay for the highway.

"Once they built a new road in front of my dad's place in Albuquerque and he had to chip in on construction," he said.

Jim grew up in the business world by working for his dad, so it seemed natural for him to set up his own place after getting out of the Army.

"I've worked in filling stations, grocery stores and ice houses," he said. "And it was all good experience."
