## So Who Cares About Snake At This Level

JACKSON, Tenn. (AP)—Just as Lt. Harry Scott of Jackson climbed to 1500 feet in a National Guard plane for a 500-mile cross-country flight, a snake stuck his head out of the instrument panel. "I didn't ask his pedigree," said Scott. "At 1500 feet snakes are snakes to me." Scott and his companion, Sgt. Bedford Lasley, were back on the ground five minutes after takeoff. Guardsmen had to take the instrument panel out to remove the snake, a 42-inch chicken snake. They killed it.

## Patient Near Death After Insane Riot

RUSK, Tex. (AP)—A Negro patient who tried to save a ward attendant from a brutal beating in Saturday's riot by 80 criminally insane Negroes lingered near death today at Rusk State Hospital.

Four other persons of 13 injured in the bloody uprising remained hospitalized. Phare Tilley, near death from multiple skull fractures, was beaten when he tried to help H. B. Taylor, a ward attendant also hospitalized from severe blows on the head and body from a baseball bat.

In Ward 7, where a sadistic murderer and a sex fiend led the riot, an uneasy calm prevailed. "I think we've got this thing licked," Dr. James A. Bethea, executive director of the state hospital system, said yesterday. The 80 rioters Saturday morning and held Hospital Supt. Dr. James Gastner and two others hostage six hours.

Texas Ranger Capt. Bob Crewder persuaded Ben Riley, 22, the riot's "brain," to call it off. Riley and Joe Murphy, the other ringleader, rattled off a long list of demands on page 4.

## Eisenhower Finds Red Chinese Build Airpower Near Formosa

By MARVIN L. ARROWSMITH AUGUSTA, Ga. (AP)— President Eisenhower has received intelligence information that the Chinese Communists are engaged in "an extensive buildup" of Red airpower opposite Formosa, which the United States is committed to defend.

Announcing this at Augusta yesterday after a conference with the president, Secretary of State Dulles told newsmen the buildup has "grave implications." He described it as: "More intense and more broad in its scope than the United States had been aware of until a few days ago."

## Jones Asks Study Of Road Building

ALBUQUERQUE (AP)—State Highway Commissioner Ralph Jones has declared he will insist on an inspection by disinterested engineers where prejudiced opinion would not be involved" of U.S. 80 through Deming.

When asked if he was indicating that State Highway Engineer Lawrence Wilson had a "prejudiced opinion" on the matter of renovating the road, Jones said: "I don't think I would care to comment on what I'm indicating now."

Wilson, who recently succeeded Erwin after the latter's firing, said it could cost one million dollars if extensive renovation of the road is found necessary. He inspected the highway after its condition was cited by Commissioner G. D. Hatfield as evidence that a change of engineers was needed. Jones

## Highway Death Toll Hits 79 Over Weekend

By THE ASSOCIATED PRESS New Mexico's highway death toll for the year shot to 79 over the weekend with five deaths in four separate accidents. The 79 mark compares with 111 at this time in 1954.

The latest mishap occurred yesterday when Abelino Chavez, 25, died of a broken neck and internal injuries. He was thrown from his car and the vehicle rolled over him after a car driven by his father hooked its rear bumper.

The other four deaths occurred Saturday. Dead in the accidents were Ronald E. Street, 24, Walker Air Force Base, who died near Roswell; Andrew J. Jensen, 21, and Richard O. White, 18, both of Clovis Air Force Base, who died near Fort Sumner; and Mrs. Julia Chappel, 24, Fort Morgan, Colo., who died near Springer.

State Policeman Don Hammond said Abelino Chavez, of San Antonio, was southbound one mile south of San Antonio on U.S. 85 when a car driven by his father, Thomas Chavez, 51, San Antonio, attempted to pass.

The older Chavez car swerved, Hammond said, catching the right rear bumper of Abelino's car, which went out of control, throwing the youth out and overturning on top of him.

Street died in a two-car collision on U.S. 285, 14 miles south of Roswell. State Policeman I. W. South said Street's car and a car driven by Juan Sanchez Corrales, 29, Roswell, met head on at (Continued on Page 4)

## Famed Einstein Is Reported Dead

PRINCETON, N. J. (AP)—World-famous scientist Albert Einstein died at 1:15 a.m. (EST) today at Princeton hospital.

Einstein, who was 76, had been admitted to the hospital at noon Friday. The hospital said the cause of death was inflammation of the gall bladder.

Einstein, who had secluded himself from public contact in recent years, had been attached to the Institute for Advanced Study here. The quiet, unpretentious wizard of mathematics and physics spent his lifetime searching for a unified mathematical concept of the laws that govern the universe.

Born in Ulm, Germany, March 14, 1879, of middle class Jewish parents, he was swept to international fame by the theory of relativity which he devised at the age of 26.

A revolutionary idea, it added a fourth dimension, time, to the trio—length, breadth, and width—which had formed man's basic knowledge of the measurement of matter. It also astounded scientists by disputing Newton's law of gravitation.

It was Einstein's disclosure many years ago, that a small quantity of matter could produce astronomical quantities of energy, which was so spectacularly proved when the first atomic bomb exploded.

But the famous, white-haired scientist looked upon the A-bomb with misgivings. In 1945, shortly after the dropping of the bomb on Hiroshima, he commented: "At present atomic energy is not a boon to mankind, but a menace."

He saw one hope, however, that "it may intimidate the human race to bring order into its international affairs, which, without pressure of fear, it undoubtedly would not do."

A theoretical physicist, the tools of his trade were a fountain pen and a pad of paper. Though a few people understood Einstein's complex theories, his work is one of the important bases of today's electronic and television industries, and the great industrial developments which rely partly on the laws of atomic mass and energy.

## Mrs. Baldwin Enters State Title Contest

Mrs. Charles Baldwin has been notified she will represent Southwestern New Mexico in the Mrs. New Mexico contest Wednesday in Albuquerque.

A product endorsement clause in the contest rules eliminated Mrs. Ruth Minton of Lovington who had won first place in area judging at Carlsbad.

Mrs. Baldwin, accompanied by Mrs. James Bachus, Southern Union district home economist, will leave by car for Albuquerque around 1:30 p. m. today.

The state contest will begin at 9 a. m. Wednesday. The winner will go to Miami, Fla., for the national contest later this year.

Contest rules which say winners must endorse products suggested by the contest committee, eliminated Mrs. Minton. Her husband is a doctor and under rules of the American Medical Association, a doctor or his family cannot endorse any product.

## New Transformer Put in Service

A new 115,000-volt, 300-kilowatt transformer this morning was installed at Central Valley Electric Co-op's Twelve Mile Hill substation, east of Artesia.

Co-op Mgr. Paul L. Frost said the new unit, which weighs 30 tons, will enable Southwestern Public Service Co., which supplies CVE with electricity, to carry 115,000 volts the entire route from Carlsbad to Roswell.

Installation was to take from 7 a. m. to 12 noon. Cost to the cooperative of the transformer was \$35,000. Frost said the new unit would also give better capacity on power lines serving Artesia.

## Artesia Receives 1000 Units of Polio Vaccine

The Salk anti-polio vaccine, about \$1,000 worth, has arrived in Artesia. Dr. O. E. Puckett, district health officer, brought 1,000cc of the precious, pinkish liquid here Saturday by automobile.

It is stored in refrigeration facilities at a local drug store and will remain there until doctor-nurse-recorder teams begin giving it to first and second graders tomorrow.

George White, director of instruction in the Artesia school system and co-chairman of the inoculation program, said students in outlying areas would receive the shots next week instead of this week.

He said Mrs. Naomi Buckout, public health nurse, is ill with the flu and will not be able to administer the shots as scheduled. This will affect students at Atoka, Cottonwood, Hope and Loco Hills.

The state's first shipment of the vaccine arrived in Santa Fe Friday by refrigerated plane. Shipment to counties and districts throughout the state started immediately. The Artesia share arrived in Carlsbad early Saturday afternoon.

At press time, there had been no change in the school's plan to begin administering the vaccine tomorrow. The second shot is scheduled for two weeks later and the third in either late November or early December.

The vaccine was prepared and shipped by Cutter Laboratories, Berkeley, Calif. It was packed in small vials that contain nine cc each, enough to inoculate nine children.

Last week Dr. William Toney, local physician, estimated the vaccine would be available for general distribution within a year. He said ill effects of the vaccine may include a slight fever that lasts 12 to 14 hours and suggested that children who have had recent throat operations should postpone the injection.

## Volunteers Ready Shots Of Vaccine

Volunteer workers and doctors today readied for the start of the final onslaught against polio in every city and village of the state.

This weekend enough of the precious Salk polio vaccine for a series of two shots was flown or driven to all communities for the inoculation of all first and second graders in New Mexico.

A total of 60,000 children, who will never suffer the ravages of polio because of the precious fluid, will be vaccinated this week. By far the largest group will be in Bernalillo county where 21,000 will be vaccinated. Bernalillo county gives its first shot starting tomorrow as do most other communities in the state. Some rural communities gave the first shot today.

The bill for the first two shots—the second to be given in four weeks—is footed by the National Foundation for Infantile Paralysis. Seven months from now, the same youngsters who will be vaccinated this week will get a booster shot as recommended by Dr. Jonas Salk, who perfected the vaccine.

Who will pay for the booster shot is not known. Dr. Gerald Clark, state health director, said conferences presumably will be held in the months to come to work out the problem. The National Foundation has announced it will pay only for the first two shots.

Some of the vaccine, to be used on a commercial basis for children not vaccinated in the schools, already has arrived in the state and some children already have been vaccinated. It will be available from private physicians. The bulk of the commercial vaccine is to arrive this week.

Meanwhile, moves are underway to raise funds to pay for vaccine for individuals who cannot afford it. The Santa Fe County Medical Society, in one of the first of such moves, passed a resolution calling for such a fund-raising campaign.

## Steve Lanning Elected Veep In Longhorn

MIDLAND, Texas (AP)— Steve Lanning of Artesia was elected vice president of the Class C Longhorn baseball league in a meeting here Saturday. He succeeded Harris Estham of Midland, who resigned.

In the only other action by the league directors, Horace Busby's appointment as executive secretary was confirmed and a resolution to speed up games this season was adopted.

The league opens action Wednesday.

## State's Northern Mountains Slated To Get Snowfall

By THE ASSOCIATED PRESS New Mexico's northern mountains were expected to get a few showers tonight and Tuesday while the rest of the state was due for more wind.

A thick cloud layer which spread over much of the state Sunday left 10 inch of rain at Farmington in what the weather bureau said is a forceful demonstration that it is still possible to get rain in New Mexico.

Local dust was expected in the east late today and Tuesday. Tomorrow the forecast was for higher temperatures.

Most of western New Mexico was clear today. A few gusts in northeastern New Mexico were as high Sunday as 40 miles an hour. Elsewhere, afternoon winds averaged 10 to 15 miles an hour.

# Batting Power Keys NuMexer Hopes for Second Longhorn Flag

## opener Comes Wednesday at Hobbs Park

The defending champion Artesia NuMexers face the opening of the Longhorn league Wednesday with a bevy of paydirt hitters in the lineup.

Tonight the NuMexers close out their exhibition schedule by entering Roswell in Artesia.

Wednesday they begin the 1955 season as defending Longhorn champions, meeting Hobbs.

## NuMexers Win Pair of Loop Exhibitions, Play Roswell Here Tonight in Finale

The hitting strength of the NuMexers came under two floodlights over the weekend with the Artesians whopping Midland 14-11 Saturday and feared Roswell 16-13 Sunday.

A five-run rally in the ninth inning gave Artesia its win over Roswell. At that juncture the Rockets held a 12-11 margin.

Artesia recorded 14 hits in the game and Roswell had 15. The teams split four home runs.

Manager Tom Jordan set the example in the second inning with one on. Big Daddy Herron came through in the second with two on. Artesia scored eight runs in those two frames.

Bob McNeal's first Artesian pitch of the game was blasted over the left centerfield scoreboard for a home run by Rod Arco of Roswell. Roswell's Dick Adams came through in the fifth for a home over the left field fence.

Following McNeal on the hill were Gil Johnson in the fifth, Bob Herron in the eighth and Ken Foster in the ninth.

Foster won the Midland game Saturday.

The NuMexers' victory over Roswell was their fifth win of the exhibition season and it dispelled fears that the Rockets would walk unhampered to Longhorn pennant-land this year.

Tonight, the NuMexers play Roswell here in the final exhibition. Wednesday will see the 1955 curtain raiser in the league with Artesia going to Hobbs. The first home game of the season will be reeled off Thursday night against Hobbs.

Line scores: Artesia 000 205 133-14, Midland 412 000 400-11.

Artesia 026 000 035-16, Roswell 130 110 161-13.

## IT'S PROBABLE—New Mexico Longhorn First Division Seen

By ROBERT GREEN Associated Press Sports Writer

An all-New Mexico first division in the Longhorn league this year? It's possible and maybe even probable—if anything can be probable when forecasting the lower minors.

All three New Mexico clubs were in the first four last year. None of them—Artesia, Carlsbad, or Roswell—figure to slip from that performance.

Now Hobbs has joined the ranks of the professionals, replacing a wobbly Sweetwater.

It's always tough for a team in its first season to come up with a winner, though Carlsbad did manage the trick three years ago.

Artesia has a good crop of rookies on hand and a brand-new manager. The new field boss, Tom Jordan, should insure the Artesia crew if its share of long-ball hitting. Big Tom held almost all the loop's batting records until Roswell came up with Joe Bauman. Jordan managed Roswell back in 1950.

Little Stubby Greer, a one-time Artesia pilot and a player with Roswell last year, heads the Rockets this season. In addition to his own big bat and sharp infield play, Greer can count on Bauman, the first baseman who smacked 72 home runs last year.

At least two of the Texas teams plan to offer strong opposition. Pat McLaughlin, who headed Carlsbad for two years, has good backing and high hopes at San Angelo. Odessa, now under a new setup, has ironed out some of the financial and front office problems that had weighed it down for a couple of years.

Midland could be tough. Big Spring, with a guy like Pepper Martin running the show, can't be counted out.

But all in all, this just may be the big season for the New Mexico entries. It kind of looks that way right now—on paper at least.

**PRISONERS WIN** SANTA FE (P)—The state prison baseball team stopped an Albuquerque semi-pro club, Carroll's Plasterer's, 5-4 yesterday in a game played in the prison yard.

## Power-Laden Boston Red Sox Using Big Bats to Lead in American Loop

By JOE REICHLER The Associated Press

Ted Williams was still some 2,000 miles away from Fenway Park today but could it be that the Boston Red Sox have been using the power-laden bats he left behind?

The end of the first week of the infant baseball season finds the Red Sox not only leading the American league with five victories in six games but they also are on top with an astonishing .330 team batting average and 11 home runs.

The Red Sox yesterday pounded eight Baltimore pitchers for 30 hits, sweeping both ends of a doubleheader 14-5 and 12-9 to leap past Cleveland and New York and grab a full-game lead on the field.

Faye Thorneberry 25-year-old ex-GI filling in for Williams in left field, has done the most toward easing the big guy's absence. The Memphis, Tenn., sophomore, clubbing at a torrid 400, is tied for the league lead with 12 runs batted in. His 10 hits include four doubles and three home runs. He rapped four hits yesterday including a double and home run, drove in four and scored six times.

**CATCHER Sammy White**, another 400 hitter so far, drove home seven runs with five hits including a double and home run. Jackie Jensen, batting .455, knecked in four runs with six hits including a double, triple and homer. Ted Lepic collected four hits to boost his average to .348 and Billy Goodman is hitting .364.

## Sanders Sets New Record in Pole Vaulting

Artesia's Freddie Sanders set a new Fox Relays record of 12 feet in the pole-vaulting event Saturday at Fort Sumner.

While Sanders and the Artesia Junior high team—which one won first in its division—sparkled, the Bulldogs had to be content with fifth place in the Senior event.

Albuquerque Highland won the relays with 63 8/15 points, followed by Albuquerque High 37 7/10, Fort Sumner 23, Lovington 21 7/10, Artesia 18 1/5, Las Vegas 15, Vaughn 14, Carlsbad 10 1/3, Capitan 10, Roswell 8, Melrose 6 1/2, New Mexico Military Institute 5, Portales 4 7/10, Eunice 3, Hagerman 3, Hobbs 1 1/5, and Farmington 1.

Standout in the Fox Relays was Albuquerque Highland's amazing 16-year-old, Dewey Bohling. He surpassed the state discus record and broke the meet record Saturday.

He hurled the discus 166 feet 10 3/4 inches, passing the state record of 152 feet 4 3/7 inches. The Fort Sumner meet record was 146 feet 3 1/2 inches.

Another meet record downed was Highland's winning of the 880-yard relay in 1:34.7. High point men for the meet were Jim Bevers of Lovington with 18 points, Bob Scurr of Albuquerque with 14, and Jim Payne of Capitan 10.

Artesia's Don Lewis placed third in two events, the 120-yard high hurdles and 180-yard low hurdles. Leo Barker was fifth in the 100-yard dash. Jimmy Shipp tied for fifth in the high jump. Artesia's 880-yard relays team ran second behind Highlands.

## Wildcats May Leap Into 4-A District's Lead

CARLSBAD (P)—The Clovis Wildcats will be involved in three 4-A conference games this week that could possibly vault them into first place.

A Wildcat sweep and a Carlsbad loss at Hobbs will reshuffle the standings considerably.

Carlsbad was bounced temporarily out of first place Wednesday when Roswell scored 7-6, but the Cavemen bounced back to whip Portales 15-8 Saturday and regain the top spot by half a game.

Clovis hosts Portales Friday, and Artesia Saturday, the latter a twin bill.

The Wildcats have finished on the road and will be at home the remainder of the season.

Hobbs tripped Artesia 7-6, and Roswell 6-4 in a non-loop affair Albuquerque High School stepped in other games.

The week's slate: Tuesday—Roswell at Artesia; Friday—Portales at Clovis, Carlsbad at Hobbs; Saturday—Artesia at Clovis (2), Portales at Amarillo (2), Pecos, Tex., at Carlsbad.

Following play this week, two more weeks remain to conclude the loop race and indications point to a red hot finish.

## And the Nation Suffers

We do not know just how long American voters, taxpayers, and citizens are going to tolerate the childish attitude being displayed by the two parties in congress.

If we continue to have the attitude being displayed by the two parties, it is rather plain to see that nothing will be done unless one of the political parties can see some gains or an advantage to them.

It is perfectly apparent as of now the members of congress need a little fatherly advice and they need to be reminded they were elected and sent to congress to serve the people of this nation rather than to help only their own party.

But both parties have their eyes on next year's election. That is seemingly of more concern to them than the welfare of the nation or the problems of the nation.

Anything they have considered up to now has been for their own benefit or the benefit of politics. If one group has sought to pass a bill they either did so to gain votes or they did so with the intent of declaring, if the bill failed, the other party was to blame for them not being successful in passing the bill.

This was the case regarding the \$20 income tax reduction. The Democrats probably would like to have seen the bill pass so they could tell the voters they gave them the cut. However, since the Republicans fought it and opposed it — the Democrats will say the Republicans killed it. They ignored the fact that it meant a further deficit for a nation which has too large a deficit now.

A year ago it was the Republican party that was interfering with the army's affairs when the investigation into the Peress case was carried out. Now the Democrats are back in power and they seem to have about as much trouble finding out why Peress was given an honorable discharge when it was learned he was a security risk.

This same attitude has been displayed regarding the Yalta pact. It was the Democrats — or their leader — who made the agreement. They know the very principles of the government depend on an informed American people and they know there is no room for secret pacts or agreements.

But for 10 years they have kept the facts hidden. The Republicans have finally revealed some of the agreements made at Yalta. So the Democrats charge they have hurt our position as a nation and they have handicapped our nation.

We don't think so. We have been convinced a long time we need to tell the American people more about their government and to halt this covering up under so called "classified" information or so called "security."

The facts regarding that agreement at Yalta should have been announced at the time the pact was made.

But the fact remains there is a job to be done in Washington. The average taxpayer, voter, and American citizen doesn't care whether it is the Democrats or the Republicans who do the job or get the credit but they want the job done.

They are sick and tired of the attitude being displayed which indicates the Democrats and Republicans are more concerned about their party and the elections next year than they are about the welfare of their own country.

It is about time the members of congress grow up, accept their duties and responsibilities, and perform these regardless of which party gets credit for a job well done.

## Delicatessen Opens Saturday On Roselawn

Something new for Artesia—a delicatessen featuring home-made baked goods and food—has been opened at 206 N. Roselawn.

Owned and operated by Mrs. Thelma Hough, it is the Roselawn Sandwich shop. It's open Monday through Saturday from 7 a. m. to 10 p. m.

The shop, fully opened Saturday, has fulfilled a longtime ambition for Mrs. Hough.

If stocks homemade pies, cakes, and cupcakes made daily plus specialties, which may vary from cream puffs to cookies. It also accepts telephoned orders for special baked goods.

In addition, Mrs. Hough prepares for eating on the spot or at home plate lunches, as well as sandwiches—hamburgers, hot dogs, ham sandwiches, Coneyes.

Her firm also stocks a full line of salads, from potato to jello.

She has lived in Artesia the past 17 months, moving here from Wheeling, W. Va., where her husband was employed in the coal mines. He is now at Southwest Potash Co.

The Houghs have four children—Chuck 21, Gertrude 18, Linda 12, and Tommy 8.

Already Mrs. Hough is planning an expansion. Her show cases for baked goods and other foods, as well as dining facilities for patrons, will be moved soon to the other half of the building in which her shop is now located. That will leave more room for her kitchen.

## COMMITTEE GROUNDED

HARTFORD, Conn. (AP)—Although Connecticut is a leading manufacturer of aircraft and aircraft engines, and although more than 2,900 bills—a record number—were introduced in the 1955 session of the Connecticut Legislature, not a single bill was referred to the Aviation Committee.

## Cannas Described as Good Plant for Artesia Locale

Mrs. Jess Funk was in charge of the program on the care and planting of Cannas at a meeting of Artesia Garden club Friday afternoon.

The meeting was held in the home of Mrs. W. M. Tipps, president of Mrs. Fred Mermis was co-hostess.

Mrs. Tipps presided over the meeting. Members voted to subscribe to the Gardeners magazine. Yearbooks were distributed.

It was announced a district convention will be held in Ruidoso April 28. Mrs. Jess Funk and Mrs. Carl Lewis are planning to attend.

Mrs. Funk stated that the dwarf variety of Cannas was best suited for the climate here due to high winds. They should be planted in a bed 18 to 24 inches deep with

1/3 sand, 1/3 soil, and 1/3 manure. Cannas are planted and cultured about the same as dahlias. At blooming time extra feed is required, thereby giving more and larger blooms. They should be planted in the back ground. Cannas are very good for floral arrangements, especially the leaves.

Mrs. Funk presented Mrs. Tipps a gift bouquet of spring flowers. Refreshments of frozen salad plate and coffee were served.

Those present were Mrs. Earl Darst, Mrs. J. W. Kennedy, Mrs. C. W. Smith, Mrs. Jess Funk, Mrs. John Boren, Mrs. C. R. Blocker, Mrs. J. F. Farmer, Mrs. Owen Kersey, Mrs. Fred Mermis, Mrs. J. A. Richards, Mrs. Carl Lewis, and Mrs. Tipps, members, and Mrs. Carlett Whetsell and Mrs. C. E. Tipps, guests.

## 2-YEAR-OLD DROWNS

CARLSBAD (AP)—A two-year-old Carlsbad girl drowned in the Pecos River over the weekend when the boat in which she was riding was swamped by a wave near Carlsbad. The victim was Rebecca Jean Fettes. When the boat capsized, the father, M. Laverne Mottes, was able to save the victim's three-year-old sister, Connie, but was unable to reach Rebecca Jean.

## Eisenhower—

(Continued from Page One)  
Dulles' remarks yesterday appeared to raise a question whether a Communist attack in the Formosa Strait might jibe pretty closely with the timetable which figured in the Carney stories.

Shortly after they were written last month Eisenhower said at a news conference he had no information indicating the Reds planned any early attack in the Formosa Strait. In an implied rebuke to Carney, the President said talk about the possibility of war did nothing to advance the cause of peace.

list of complaints as the reason for the riot.

The basic complaint, Castner said, apparently was their contention attendants mistreated them. Yesterday, Castner conducted a 3½-hour investigation into the complaint of brutality.

"I found no evidence of brutality by attendants," Betha said, "but I did find evidence that some patients had mistreated other patients."

Riley, a strutting strongman who says he's the "son of God," killed a man in Kansas. He was found insane there and returned to his native Texas.

Murphy, from Dallas, has two criminal assaults against women on his record and two attempted murders.

CASTNER was not injured. He "traded" himself as a hostage, so Dr. L. D. Hancock and others injured in the riot could get medical attention.

**NOTICE**  
**STATE ENGINEER'S OFFICE**  
Number of Application RA-1498 A, Roswell, N. M., April 6, 1955.  
Notice is hereby given that on the 4th day of April, 1955, in accordance with Chapter 131 of the Session Laws of 1931, The City of Artesia, State of New Mexico, made application to the State Engineer of New Mexico for a permit to change place and method of use of 24 acre feet of shallow ground water per annum by abandoning the irrigation of 8 acres of land described as follows:  
Subdivision N. 8 acs. of E 1/4 W 1/4 E 1/4 NW 1/4, Section 13, Township 17 South, Range 25 East, Acres 8  
and commencing the use of 24 acre feet of shallow ground water per annum for Municipal Water System.  
City of Artesia has purchased well and water right and desire to use well and water thereon in the City of Artesia.  
No additional rights over those set forth in Certificate and License No. RA-1498 are contemplated under this application.  
Appropriation of water from all sources combined not to exceed a total of three acre feet per acre per annum.  
The 8 acres to be moved from to be dried up to further irrigation from shallow ground water.  
Any person, firm, association, corporation, the State of New Mexico or the United States of America, deeming that the granting of the above application will be truly detrimental to their rights in the waters of said underground

**HAGERMAN NEWS BRIEFS—**

**Mrs. Mattie Willoughby Is Entertained at Coffee**

By MRS. BYRON OGLESBY  
Mrs. N. H. Clegg entertained Saturday morning with a coffee honoring Mrs. Mattie Willoughby of Spokane, formerly of Hagerman.

The serving table was covered in a linen cloth and centered with an arrangement of seasonal garden flowers. Coffee and tea were poured from silver services, and served with doughnuts.

Assisting with the serving and pouring were Mrs. L. E. Hinrichsen and Mrs. J. W. Wiggins of Hagerman, and Mrs. Carroll Newsom and Mrs. Loman Wiley of Dexter.

Some forty-six guests called during the morning.

Mr. and Mrs. Don Bish and children were dinner guests Easter Sunday at the home of Mrs. Bish's parents, Mr. and Mrs. Sam Osborn of Dexter.

Mrs. Ramon Welborne will present her piano pupils in recital this month. One group will be presented Tuesday, April 19, while the second group will be presented Friday, May 6. Each recital will be held in the high school auditorium, beginning at 8.

Mrs. Don Bish will present her piano pupils in a formal recital Friday, April 22, at the high school auditorium at 8 p.m.

Mr. and Mrs. Lawrence Nowak of Roswell were Easter guests at the home of Mr. and Mrs. Dacus Parker and family. They attended church services here Sunday morning.

Mrs. Dale West had as dinner guests Easter Sunday, Miss Myrtle Harbour, Miss Grace Holt and Miss Eudora Lindsey. They later went to Roswell to attend the open house at the new medical center.

Mr. and Mrs. O. E. Stuart of Lubbock arrived Sunday night for an overnight visit with Mr. and Mrs. Audrey Evans and family. They returned to their home Monday. Mrs. Stuart is the former Hazel Evans.

Guests at the William Jumper home Easter day were Mrs. Jumper's parents, and brother, Mr. and Mrs. S. R. Petty, and Mr. and Mrs. Sam Petty, all of Lawton, Okla. They visited for a few days.

source, may protest in writing the State Engineer's granting approval of said application. The protest shall set forth all protestant reasons why the application should not be approved and shall be accompanied by supporting affidavits and by proof that a copy of the protest has been served upon the applicant. Said protest and proof if service must be filed with the State Engineer within ten (10) days after the date of the last publication of this notice. Unless protested, the application will be taken up for consideration by the State Engineer on that date, being on or about the 5th day of May, 1955.
