## Reports Show 65 Per Cent Turnout For Polio Vaccine

### Scott Warns Against Fake Job Advertisers

A warning against out-of-town advertisers who offer work at home but who actually have no employment to offer was released by Paul Scott, manager of the Chamber of Commerce.

Basing his warning on the latest bulletin of the National Better Business Bureau, Inc. with which the local Chamber of Commerce is affiliated, Scott said that the real interest of the spurious homework scheme operator is in the sale of "instructions," mailing materials or quantities of inexpensive merchandise to would-be employees. "Offers to provide employment addressing postals, or envelopes at home appears to be the favorite lure at the present time," the Chamber executive said. "Using Help Wanted columns, the advertiser will invite inquiries from individuals desirous of obtaining such employment on a spare or part time basis. Respondents to the advertising are asked to remit \$1.00 for information and instructions which will enable them to get started. Only after making this payment do they learn that the ad-

vertiser has no employment to offer.

"They may receive a sample of some inexpensive item sold by the advertiser with a proposal that they buy postcards and additional merchandise for direct re-sale to a mailing list of their own devising. Or, they may receive nothing more than a little booklet, explaining how to solicit the purchase of nameplates by addressing and mailing postcards to names selected from the telephone directory or other sources. The advertiser agrees to pay the mailer a commission on any order received, but the mailer must remit an additional \$5.00 for a quantity of postcards."

A variation of the scheme is for the promoter to sell the would-be homeworker raw materials for the manufacture of aprons, ties, etc. upon representations that he will buy back the finished articles if they are "up to standard." They rarely are, according to Scott, because the fake homework scheme operator makes his profit from selling to his victims, not buying from them.

SANTA FE — Reports from six cities show an average turnout so far of 65 per cent for the long postponed second shot in the Salk polio vaccination series. State Public Health Director Gerald Clark said today.

An estimated 60,000 first and second grade pupils are eligible for these shots. The youngsters, in an age group considered of top vulnerability to the dreaded polio, received their first shot in mid-April.

One new case of polio, from Eddy County, was reported in the week ended June 11, bringing the total reported this year to 10 compared with 11 a year ago on the corresponding date. The five-year average for the date is 13. None of the cases reported have occurred in children who received the Salk vaccine, Dr. Clark said.

The second shots originally were to have been given a month after the first ones. They were delayed by re-checking which proved necessary after investigators said there appeared to be some indications of cause and effect relationship between certain new polio cases in some states and certain batches of the vaccine used in April's shots.

Dr. Clark said the administering of the second shots this week has been running very smoothly.

Incomplete preliminary reports showed the response was running as follows in these communities: Albuquerque 60 per cent, Santa Fe 50 per cent with clinics scheduled today, Truth or Consequences 80 per cent, Las Vegas 50 per cent, Los Alamos 70 per cent and Los Lunas 80 per cent.

Make-up clinics will be scheduled in all counties, he said. The children who were unable to attend the regular clinics may receive their second inoculations at the make-up clinics.

As had been feared, the vaccination season is believed responsible for part of the decline in the number getting shots, Dr. Clark said.

He also indicated he felt there was no doubt that some parents had developed reservations about the vaccination program in the light of the confusion and investigations which arose between the first shots and the second.

The National Foundation for Infantile Paralysis, anticipating a decline in turnout for these reasons, made the vaccine available for the second shot on the basis of 75 per cent of that needed for the first inoculations.

### Workshop to Be Conducted at A&M July 11-15

STATE COLLEGE, N. Mex. (Special)—A workshop on Case Records and Probation will be conducted by the department of history and social science at New Mexico A&M College, July 11-15. Dr. Laiten L. Camien, associate professor of sociology at New Mexico A&M, will direct the workshop.

The workshop will engage in an analysis of the techniques and methods used in constructing case records for use in juvenile courts. It will also study the relationships that exist between the case record and probation as it is practiced by the juvenile court.

The course is open to all persons concerned with the work of probation officers and other court officials. Any person interested in the problems of juvenile delinquency may enroll. The workshop carries one hour of undergraduate sociology credit for those who wish college credit. Classes meet each afternoon.

### Artesians Visit Glass Center at Corning, N. Y.

Mr. and Mrs. G. L. Beene and Linda Gayle Beene of Artesia recently visited the Corning Glass Center at Corning, N. Y. where they watched the actual hand-making of Steuben crystal and inspected the giant 200-inch mirror, the successful twin of which is in the Hale Telescope, Palomar Mountain, California.

They also saw exhibits which trace the history, art and science of glassmaking from 1800 B. C. to the modern applications of glass as one of man's most versatile engineering materials. The air-conditioned Glass Center is open to the public free of charge daily except Monday throughout the year.

Corning is located at the southern gateway to the Finger Lakes region in western New York State.

### ESCAPEES CAPTURED

SPRINGER — Two youths identified by State Police as Ralph Erwin, 16, and Julian Sanchez, 14, escaped yesterday from the State Reform School, but they were captured a short time later. Officers said both were committed from Santa Fe.

### Two Pilots Killed At Walker AFB

ROSWELL — Two pilots were killed yesterday in a takeoff crash at Walker Air Force Base.

They were identified as 1st Lt. Robert C. Hervey, 24, Wichita, Kan., and 1st Lt. Charles F. Minor, 23, Dora, Ala.

Authorities said they were members of the 75th Fighter-Interceptor Squadron at Suffolk County Air Force Base, Westhampton Beach, N. Y. They were returning from Yuma, Ariz., where they had gone about two weeks ago for rocket training.

Their T33 jet trainer was destroyed.

### Artesia Locker Plant Owner Dies Thursday

W. S. "Sie" Hogsett, owner of Artesia Locker plant, died at 7:20 p.m. Thursday in Providence Hospital, El Paso, where he was taken Wednesday by Hazel Flying service. He had been ill for some time.

Funeral services will be here Monday at 2:30 p.m. with Paulin Funeral home in charge.

He is survived by his wife, Elva, son, Charles, and daughter, Mrs. Rex Brawley of Litchfield, Ill., and several brothers.

### FILES FOR DIVORCE

ALBUQUERQUE — Maria Rixinger has filed for divorce from Henry Rixinger, former Albuquerque serving a 25-year term in Leavenworth Prison for bank robbery.

She claims incompatibility. Rixinger and Dennis Dages, Phoenix, were convicted of robbing a branch of the Bank of New Mexico, Albuquerque, of \$111,000 last year.

### Distribution of Callendars By Band Begins

Distribution of Artesia Community Birthday calendars started yesterday as elementary and junior high band students delivered more than 800 calendars to homes and business establishments.

Over 200 calendars are being mailed and several have been delivered in bundles to organization and club calendar chairmen.

"If you have not received your calendar within a week, please contact Mr. Bradbury," Mrs. S. M. Laughlin, calendar project chairman, said. Call SH 6-2332 and a student will see that you get your calendar.

A new feature this year is the listing of all NuMexer home baseball games. Besides this feature, all important club and organization meeting dates are found on the calendar, and birthday and anniversary listings of your friends. You may also watch the calendar ads for special attractions by local businesses, special discounts for those who have birthday and anniversary listings.

### Funeral Services Slated Saturday For M. Walker

Lee Roy Walker, age 59, a former Artesia died Thursday in St. Mary's hospital, Roswell, after a lingering illness.

Funeral will be at 2 p.m. Saturday from Ballards Funeral Home, South Park Cemetery.

He was a veteran of World War II. He was a member of the Elks, American Legion, Disabled American Veterans and Veterans of Foreign Wars.

While living in Roswell he was engaged in building, and while living in Artesia, was engaged in farming.

He is survived by his wife, daughter, Mrs. Ralph Burnsworth, son, Lee Roy Walker, Jr., and two granddaughters, Debbie and Janet Lee all of Roswell, brothers, Loyd of Artesia, Lige of Ozark, Ark., and Frank of Phoenix, Ariz., and sisters Mrs. Belle Brown, Roswell, and Mrs. Alzie Davis, Modesta, Calif.

### Rodeo Ticket Sale to Be Held Saturday

Pre-rodeo ticket sale will be held downtown Saturday at Fourth and Main.

20-30 members and their wives will sell tickets for the junior rodeo which is being held Saturday and Sunday, June 25-26. A corral complete with horse and Western music will be set up at the lot of the former Artesia Pharmacy.

Local junior participants will be on hand to help with the ticket sale and Jerry Keating is chairman. Price of the tickets are: children, 6-12 years, 25c; 13-18 years, 50c; adults, \$1, and children under six years admitted free.

### Bennett Named Coordinator Of 50th Celebration

William S. (Bill) Bennett has been appointed coordinator of the Golden Anniversary celebration, slated to be held here in August.

Bennett is distributive education coordinator at Artesia High School. With Bennett's appointment, it is likely that the preparations for the event will be stepped up as the various organizations and clubs have less than eight weeks to complete arrangements.

Bennett, who came here from Missouri six years ago, will be employed for a period of eight weeks.

"It looks like a tremendous task to me," he said, "but I have noticed that the community is showing a lot of interest and is willing to cooperate in every possible way. With this type of backing, I think the event will be successful."

Bennett is married, and he and his wife, Geraldine, have one child, a son, age five.

### Hospital Record

ADMISSIONS: Mrs. Bartie Renfro, 1014 Quay; Mrs. Ralph Barr, 1008 Clayton; Leo Gonzales, 410 Cleveland.

DISCHARGES: Manuel Ponce, Mrs. Keith Hinrichs.

### Survey Team Will Visit Here Saturday Morning, June 25

The United States Air Force Survey team, touring the country for a likely spot for the location of a new Air Force base, will arrive in Artesia Saturday morning, June 25.

The Air Force team will examine several sites in New Mexico this month and in July. The base will be established at one of the sites visited by the group if the Air Force is expanded.

The group will be in Las Vegas

Wednesday, Truth or Consequences and Deming Thursday, Carlsbad and Las Cruces Friday.

In addition to visiting here June 25, the team will also be in Hobbs. Rep. Dempsey's office has announced that plans are also made to look at locations at Santa Fe, Mountainair, Clayton, Taos, Estancia, Raton and Fort Sumner in July.

## Budget Cuts Restored For Carlsbad Project On Pecos

WASHINGTON — The House restored budget cuts recommended by its Appropriations Committee for the Carlsbad project on the Pecos River and the Middle Rio Grande in New Mexico and

despite the committee's plea for a "realistic" reclamation program. By the move, the House went back to the original budget requests from President Eisenhower.

Meanwhile, the Reclamation Bureau approved the \$2,161,000 McMillan delta water salvage channel on the Pecos near Carlsbad. The project calls for a 16-mile channel to divert Pecos water from a point near Artesia to McMillan Reservoir. The water would be used for irrigation.

A week ago, the House Appropriations Committee chopped the budget for the Carlsbad project from \$1,171,000 to \$970,000. It also cut the fund for the Middle Rio

Grande from \$7,200,000 to \$5,800,000.

The House restored the cuts subject to final passage of the overall Reclamation Bureau construction budget.

The House also voted to increase money for general investigation of reclamation projects over the entire nation from the committee figure of \$3,669,446 to \$3,104,000. This made possible a study of a number of proposed projects turned down by the committee, among them the Pecos Basin Project in New Mexico and Texas.

### Oops! The Wrong Man Got Paid

Ed Havins owner of the Artesia Furniture Company didn't get a large check yesterday in a transaction whereby Havins purchased the Brown Building but a lot of Artesia people thought he did.

It happened this way: An Advocate photographer snapped a photo of the deal but in the cutlines it was stated that George Ferriman First National Bank assistant cashier, acting as escrow agent, was handing a check to Havins. This was erroneous; it was vice versa.

Somebody goofed!

### STREET PLANS CONSIDERED

BELEN — The Town Council is considering a survey report on proposed street improvement to cost about \$5432, 315.

In the project would be 31,475 feet of paving, 34,475 feet of curbing and storm drainage facilities.

### Wash-Oil Meet To Be Held On June 21, Santa Fe

SANTA FE — The New Mexico Conservation Commission announced that the meeting of the Wash-oil committee originally scheduled for Hobbs June 21 would here instead at 2 p.m. on June 21 (1 p.m., MST) June

### Nurse Reminds Parents of Shots

Mrs. Naomi Buckout, county health nurse, today reminded parents of children who missed the make-up of the second round of polio shots last week that the youngsters must be accompanied by their parents or an older brother or sister when they report for shots next week.

The shots will be given on Monday, Tuesday and Wednesday at the health and welfare center, 604 W. Chisum. The times are 9:30 a.m. until 12 noon, and 1:30 until 4 p.m.

"It cannot be stressed enough just how important it is that the parents concerned to see to it that her child is inoculated before polio season arrives," Mrs. Buckout said, "if you read this article, please tell your neighbors."

Five men are delegates to the 20-30 State Convention which will be held this month. Left to right are Jesse Sosa, Jimmy Furlow, Herb Adams, Lynn Mulliniks, and Ray.

### Operation Alert Ends; President Gives Brief Talk

QUARTERS, Operation Alert — President Eisenhower today closed the government's three-day make-believe dealing with atomic holocaust by asking the American people to pray daily that such a disaster "never comes to the United States" in actuality.

In a brief speech at the secret central command post of the exercise, the President declared that "Operation Alert 1955" underscored the imperative need for approval of his proposal to strengthen and reorganize the U. S. military reserves.

Eisenhower's reserve program is bogged down in Congress. It was shelved in the House after a provision was added from the floor to bar segregation of races in the reserves and National Guard.

Only today, the Senate Armed Services Committee decided to hold off any action of its own until the situation in the House is clarified.

Eisenhower said no "social or political" considerations should be allowed to block prompt passage of the legislation.

"It must be done for the security of the United States and its 185 million people," he declared.

In general comment on the atomic test exercise, Eisenhower said the results of the evacuation of 15,000 government workers from Washington Wednesday to run the nation from 31 hidden centers of operation gave him "great encouragement."

## House Backs President With Vote On Link In Dixon-Yates

WASHINGTON — In a big victory for President Eisenhower, the House has voted its approval of a transmission link between the Dixon-Yates private power project and the Tennessee Valley Authority system.

A \$1,372,122,800 public works appropriation bill including the project passed by voice vote yesterday and was sent to the Senate.

Supporters said they expected little difficulty getting approval in the Senate, where a marathon debate was waged over the private power plan last year.

House Democrats who had hoped to kill the project tossed in the sponge after an initial setback. They lost by a standing 198-169 vote their fight to allow the TVA to start work on a generating plant at Fulton, Tenn. This would have provided the power which

the Dixon-Yates private utilities group has contracted to furnish. They made no effort, after that defeat, to carry on a planned battle to prohibit the TVA from spending 6 1/2 million dollars to build a transmission line from its system to the middle of the Mississippi River. The Dixon-Yates group has contracted to build a power plant at West Memphis, Ark., and to deliver power to the TVA at a pickup connection in the middle of the river.

The fight centered around Republican claims that continued expansion of the TVA system would result in socialization of the nation's power facilities. Countering this, Democrats contended the Dixon-Yates contract was an initial step toward destroying the big TVA system.

It took the House considerably

less time to decide the TVA issue than it did to determine how much money should be spent on projects of the Reclamation Bureau and the Army Corps of Engineers. Amid shouts of "log rolling" and "pork barrel," the House upset its Appropriations Committee recommendations for funds to finance these projects.

Seldom has the committee been so solidly rebuffed.

The House added \$52,722,000 for river and harbor and flood control projects and \$33,654,558 to the committee's Reclamation Bureau allotments. It was obvious that members interested in various local projects had reached advance agreement to help each other.

The action prompted Rep. Davis (R-Wis.) an Appropriations Committee member, to declare that

**THE TRAINING CIRCLE** met with Mrs. Herbert Mathis, 803 W. Centre, at 9:30; co-hostess was Mrs. Gray Thomas. Mrs. Van Everett, chairman presided over the meeting. The program was presented by Mrs. Victor Keys and Mrs. Everett. Refreshments of rolls, coffee and iced drinks were served to the following members: Mrs. Norris Jackson, Mrs. Virgil Jakeway, Mrs. Victor Keys, Mrs. Byron Smith, Mrs. John Terpening, Mrs. Calvin Terpening, Mrs. James Tyree, Mrs. R. J. Williams, Mrs. W. C. White; new member, Mrs. Johnnie Ware and guest, Mrs. Mary Williams.

## Lulaes to Hold District Meet Here Sunday

The ladies and mens Lulae Council here will be host to the council of Carlsbad and Roswell Sunday for a district meeting. A district governor will be elected.

The meeting will be held in the back yard at the home of Mrs. Barbara Hernandez, and a barbecue will be served after the meeting. The outgoing district governor, Roy Reyes, Roswell, will be present.

The Lulae recently held election and installation of officers here. Those elected are Joe Jimenez, Mrs. Vera Sosa, Frank Gomez, Juanita Gomez, Raymond Aguilar, Mrs. Maxine Reyes, Ted Padilla and Mary Juarez.

Miss Juanita Gomez was presented with a beautiful gift for being the outstanding Lulae of the year. Another gift was given because she is the outgoing president.

## Get-Together Breakfast Is Held Thursday

A get-together breakfast was held Thursday morning in the back yard of Mrs. D. D. Archer's home with Mrs. Ruth Schummel of Obion, Tenn. formerly of Artesia, who is visiting friends here as a guest.

Sweet rolls, fruit juice, melon balls, pineapple cubes, and coffee were served.

Those present were Mrs. Schummel, Mrs. T. E. Brown, Sr., Mrs. G. Taylor Cole, Mrs. T. L. Archer, Mrs. Glenn Collard, Mrs. Blaine Haines, Mrs. Joe Hamann, Mrs. Arthur Wood, Mrs. Shirley Hager, and Mrs. D. D. Archer.

## Personal Mention

Lee Roy Brown of Padhuska, Okla., visited two days this week with his uncle, Earl Smith and family and other relatives. Brown is with the Navy and had visited his family before coming here. He went on to California to visit his brother, Earl Williams Brown, who is in the Marines.

## Mrs. Garner Is Honored With Shower Here

Mrs. Sonny Garner was honored with a pink and blue shower Wednesday evening in the home of Mrs. Betty Garner. Hostesses were Mrs. Clarence Connor, Jr., and Mrs. Garner.

The honoree was presented a corsage by the hostesses.

The gifts were arranged on a coffee table.

The refreshment table was centered with the cake which was iced in pink and blue booties and flanked with pink and blue candles with streamers attached leading to miniature storks. Cake, punch, mints, and nuts were served.

Those present were the honoree, and Mrs. Sonny Watts Mrs. Walter Burch, Mrs. Reese Booker, Mrs. Jerry Cole, Mrs. James Powell, Mrs. John Sudderth, Mrs. Bill Rogers, Mrs. Mack Reasner, Mrs. Ira Garner, Miss Rowena Reeves, and the hostesses.

Those sending gifts were Miss Sara Curtis, Mrs. Victor Clark, and Mrs. R. S. Clark.

## Ocean Liner Fails To Sail Because Of Seamen Strike

**SOUTHAMPTON, England**—Britain's wildest seamen's strike forced the 81,000-ton liner Queen Mary to cancel her New York sailing today and squeezed Britain's harried passenger lines into a tight corner.

The strikers had pinned their hopes on tying up the Mary, a pride of the great Cunard fleet. They were convinced her sailing would doom the walkout which already has tied up the 32,000-ton Mauretania and five other transatlantic liners.

The strikers failed last week to hold up the Queen Elizabeth, flagship of the line.

Cunard's attempts to get the Mary under way were blasted just 10 minutes before sailing time, when 120 crewmen joined 500 others of the 1,267-member crew who had walked off the ship yesterday.

Many of the 120 pullouts said they had not sympathized with the unauthorized strike. But they charged the line during the night had brought aboard 150 recruits whom the seamen called "scab labor."

Some 1,100 New York-bound passengers began disembarking as the Mary's loudspeakers blared out the news. Among them were 50 members of the D'Oyly Carte opera company en route for a Gilbert and Sullivan tour of the United States and Canada.

"Then Cunard company deeply regrets, despite assurances which the crew gave to the master, that certain sections have elected to strike," the announcement said.

"It will therefore be impossible to sail the Queen Mary."

Anticipating the coup, Cunard had two trains ready to take the passengers back to London. It also told them attempts would be made to obtain "alternative transatlantic transportation." Many of the passengers immediately began phoning airline offices to book flights for New York.

Most of those involved in the wildest walkout that has struck Liverpool and Southampton are cabin and dining room stewards. They are asking for a 48-hour week and increased shore subsistence. The seamen's union, however, has refused to approve the strike.

## Speedometer Can Give You Death Rate of Country

**CHICAGO**—What is the death rate in this country? Your own speedometer may give you the answer.

That advice to motorists who try to drive too far too fast on holidays was issued by the National Safety Council, which is coordinating a nationwide campaign aimed at reducing traffic accidents over the Fourth of July weekend. One hundred and sixty national organizations are participating in the campaign.

The Council estimates that more than 40 million vehicles will be on the move during the three-day weekend and that they will roll up more than three billion miles.

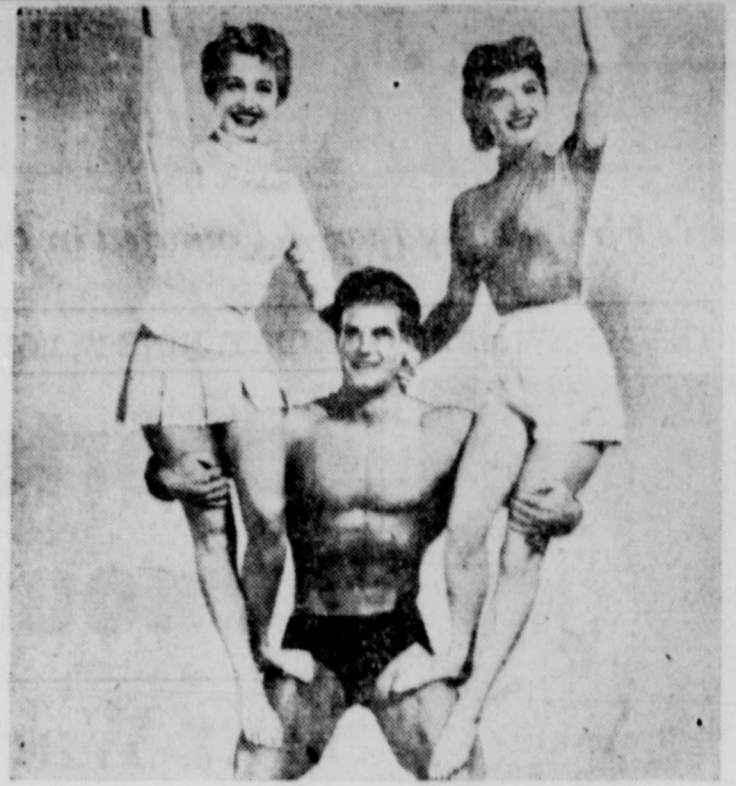

In such heavy traffic a driver is never more than a second away from an accident, the Council says. It is estimated that he must make from 20 to 50 decisions an hour—and a wrong one can be fatal.

Over the Memorial Day weekend, 368 persons were killed in traffic accidents. "If they had died in a nationwide epidemic the whole country would be taking frantic steps to see that it never happened again," Ned H. Dearborn, president of the Council, said. "But they die from an epidemic—a highway epidemic we might call it—the 'It's—Incompetence, indifference and irresponsibility'."

"Their deaths are a tragic reminder that too many of us have forgotten to use the Golden Rule in traffic. When we share a common highway, we are our brother's keeper in a very real sense. I believe the Memorial Day toll could have been cut in half if that attitude had prevailed more generally."

For a safer Fourth, the council offers four driving tips:

- 1—Start early, before traffic is heavy. You can cover a lot of miles in relatively light traffic early in the day.
- 2—Don't compete in traffic—let the other fellow go first.
- 3—Don't follow the car ahead too closely. Double check before passing or changing lanes.
- 4—Above all, don't speed. Losing a little time is better than losing your life.

"ATHENA," a new M-G-M musical in color showing Sat., Sun., and Mon., at the Ocotillo Theatre, offers filmgoers melody, merriment and muscles, with Jane Powell and Debbie Reynolds as the girls who use songs and dances to catch Edmund Purdon and Vic Damone, respectively, and with the muscles represented by Steve Reeves, "Mr. America of 1949" and "Mr. Universe of 1950," one of a group of brawny athletes who play a pivotal part in the plot. Above, Reeves serves as a tower of strength for the Misses Powell and Reynolds.

## 'News and Views'

**WASHINGTON, June 16**—What looks suspiciously like a cold war counter-manuever by the Communists is the invitation by the Kremlin to Dr. Konrad Adenauer, Chancellor of the West German government, to a conference in Moscow, an invitation timed just ahead of Dr. Adenauer's visit to the United States. I am inclined to believe that it is significant for two reasons. It adds credence to fairly well authenticated reports of internal troubles in Russia as well as in the Satellite countries. It also fits in with the familiar "divide and conquer" strategy of Stalin and his successors.

While attention of the Western Powers is largely devoted to affairs at the summit, Russia seems more intent on bilateral negotiations below that high peak of diplomacy. The Adenauer invitation, coupled with overtures being made to Japan, the Soviet demand for neutrality provisions in the Austrian peace treaty and the recent flirtation with Tito in Yugoslavia has set a very definite pattern of Communist intentions. They are moves that the United States, Britain and France cannot regard with equanimity.

Bids for expanded trade relationships between Russia and the countries before which she is dangling inducements, political and economic, must be considered, in some degree at least, as desperation moves to bolster an ailing economy behind the Iron Curtain. In appraising Communist motives we must bear in mind the strategy Russia has employed successfully in fomenting and abetting open war

## Church to Give New Bicycle

The boy who can raise the most money, above \$25, will receive a new bicycle from the Thompson Chapel Methodist Church Saturday, July 16, according to the Rev. M. Harrison.

All funds will be used for payment of the church's debts, the pastor said.

Any boys interested in competing are urged to telephone Rev. Harrison, SH 6-4450.

selves we are forced to admit that in this period of critical world situations we have been inclined to place greater emphasis on our relationships in faraway parts of the world than we have close by. Perhaps the cold war has forced this situation upon us but I still believe the stronger the alliances we have in this Western Hemisphere the more secure we shall be.

A goodly part of the billions we have been pouring into foreign lands will not bring even a small part of the return in friendship and security that this comparatively small investment in the Inter-American Highway will bring.

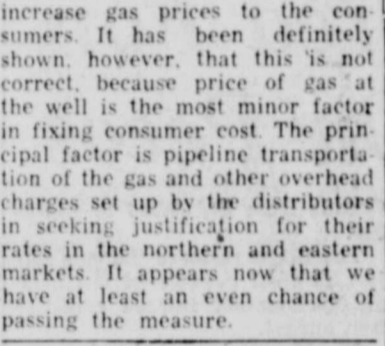

New Mexico should benefit materially from the increase in travel which completion of the Inter-American Highway will undoubtedly bring. It should boost our state's tourist business considerably.

## NEW NATURAL GAS BILL

As the result of a bitter battle during hearings on the Natural Gas Bill before the House Interstate and Foreign Commerce Committee, a new measure has been drafted and approved by the committee. The new bill still provides that gas wells of independent producers in New Mexico, and other western states shall not come under jurisdiction of the Federal Power Commission, where the Supreme Court decision left the, although that was manifestly not the intent of the Congress.

The bill probably faces a closer contest in the House, as well as in the Senate, than was originally expected. Opposition by large Eastern Cities and other consuming area interests has contended that duress from FPC control would increase gas prices to the consumers. It has been definitely shown, however, that this is not correct, because price of gas at the well is the most minor factor in fixing consumer cost. The principal factor is pipeline transportation of the gas and other overhead charges set up by the distributors in seeking justification for their rates in the northern and eastern markets. It appears now that we have at least an even chance of passing the measure.

### MARCH OF EVENTS

**See O.K. for Eisenhower Changes in Refugee Law**      **Several Proposed Revisions May Encounter Opposition**

**WASHINGTON**—Chances are that President Eisenhower will get most of the changes that he wants Congress to make in the refugee relief law to speed entry into the United States of escapees from behind the Iron Curtain.

However, the President will run into a tough battle on some of the proposed revisions. The most controversial suggestions are to eliminate the requirement for a two-year history on each applicant and to waive the bar on admission of tubercular persons.

Rep. Francis Walter (D), Pennsylvania, already has served notice that he will lead a fight against these two proposals as well as other changes requested by the President.

On the repeal of the two-year history requirement, Walter will get strong support from legislators concerned with the subversive problem. They claim it's needed to keep Communists out of the country.

Many members of Congress feel that the United States should not lower its health requirements for immigrants. While some agree with Mr. Eisenhower that tuberculosis is not a major threat now, such a waiver might open the way for relaxation on other diseases.

### INTER-AMERICAN HIGHWAY GIVEN IMPETUS

Action of the House in authorizing \$58 million for completion of the Inter-American Highway in three years should be hailed with satisfaction in the Southwest. The many delays in building that important artery into Central America and eventually into South America have not helped our relationships with our neighbors south of the border. In urging support of the authorization I told the House that further delay would result in increasing our share of the cost another \$14 million, and added:

"But saving in construction costs is not the only incentive for the earliest possible completion of the Inter-American Highway. It will serve as a truly good neighbor traffic artery in establishing better business, cultural, and mutual defense relationships with our friends to the south. If we are to be perfectly honest with our-

### FARM PRICE SUPPORTS

The showdown vote in the Senate over Democratic proposals to restore 90 per cent of parity price supports on "basic" farm commodities probably will be delayed until next year.

Chairman Allen J. Ellender (D), Louisiana, of the Senate agriculture committee, has indicated that he wants lengthy hearings, to cover other aspects of the farm bill. Earlier Ellender declared he thought the present flexible support system—which went into effect for the current crop year—should be given a "trial."

Observers note a political undertone in the Ellender maneuvers. For one thing, it is certain if Congress should pass a rigid price support bill, President Eisenhower would veto it. Ellender's plan to review the whole farm problem could result in additional less controversial items in the overall farm bill—making a veto more difficult for the President.

A veto of a measure favored by many farmers would carry more political repercussions if it came during a presidential election year.

### BELOW ZERO

Adm. Richard E. Byrd, who will lead a new United States expedition to Antarctica, says that he once recorded a temperature of 100 degrees below zero while at the South Pole. This is the coldest temperature ever recorded, exceeding by some seven degrees the previous record which was noted in Siberia.

Byrd's disclosure was made in a radio interview with Rep. Frank T. Bow (R), Ohio. The famous explorer said that it is 15 degrees colder at the bottom of the world than at the top.

Byrd said his expedition hopes to explore the land near the South Pole where, he explained, there is an area as large as the United States which has never been seen by a human being.

Byrd's seventh trip to the South Polar regions will get underway late this year.

# Roswell Rockets Hand Artesia NuMexers Fourth Straight Loss

## SPORTS

### Artesia to Play Tonight At Roswell

The Roswell Rockets belted four Artesia pitchers for 16 hits here last night to hand the NuMexers their fourth consecutive loss, 22-10. Winner George Payte allowed two hits in four and two-thirds innings and struck out five.

There were 10 home runs hit in the game, each team accounting for five.

Roswell moved into a 4-0 lead in the top of the first. Joe Bauman homered with one man on for two of the runs. Artesia failed to score in the bottom half of the inning, and Roswell made it 5-0 in the top of the second. The NuMexers came alive in the bottom half and scored four runs to close the gap.

The Rockets proceeded to move away again, however, in the third. Joe Guaring smashed a bases loaded homerun, and Roswell went into the lead, 11-4. Artesia was scoreless in the bottom half.

Dub Woolbright hit a homer in the fourth with one man on, and the Rockets added another run and were leading 14-4 when the NuMexers came to bat in the fourth. Artesia scored twice, held Roswell scoreless in the fifth, and got three more runs in the fifth. All three came on homers. Wilson, Coscia, and Honza, batting back-to-back, belted round-trippers. Neither team produced in the sixth, but Roswell got back into early-game form in the seventh, scoring five times to take a 19-9 lead. The NuMexers were scoreless in the seventh.

Joe Bauman hit his second homerun of the night for Roswell in the eighth with one aboard, and the Rockets extended their lead. Artesia failed to tally in the bottom of the inning. Roswell scored its final run in the ninth, and Tom Jordan hit a homerun for Artesia in the bottom half with none on.

Young was credited with the loss. He allowed nine hits for 11 runs in two and two-thirds innings. Other pitchers for Artesia were Honza, Coscia and Jordan.

### Angelo, Odessa Idled by Rain at San Angelo

ASSOCIATED PRESS — Joe Bauman hit four home runs for four tallies last night as Roswell to a marquee victory over second-place Artesia in a Longhorn league game by round-trippers.

Roswell's loss tightened its lead on the league's top team, the Rockets, which held on to the lead with a 5-5 tie and gave up its victory over Artesia because of rain.

Artesia by three games. Midland tallied a defeat in the final game of the season over Hobbs and was powered Big Spring.

The Rockets slammed home runs including five of 10 in the slugfest. The victors were George Payte, who reared a lone run to tie the fifth Reliever Harry Peppers the loss—Artesia's first.

Glenn Burns blasted a home run over the left field fence to give Roswell a 5-5 tie and give up their victory over Artesia because of rain.

Midland had scored two runs in the seventh when Peppers took the win. Durkin suffered the loss.

The fracas occurred in the eighth inning. Caballero of Big Spring grounded out Mike Rainey walked. Cappelli singled to right, Rainey to second. Billings was safe on a fielder's choice, forcing Cappelli at second, Rainey taking third. Peppers Martin then singled to center, scoring Rainey and Billings, and Zapp followed with a single to center moving Martin to third.

Martin was caught in a rundown between third and home in attempting to return to third was struck on the shoulder by a thrown ball from the Carlsbad catcher.

The umpire, Happy Sykes, ruled that Martin had interfered with the throw and called him out. At this point the game was protested.

Darvin Chrisco, shaky for eight innings, picked up the win. He struck out five and walked seven. Angel Oliva in one inning of relief struck out two and walked one.

Jim Barr started for Big Spring and gave way to Aga Baca in the second, and Baca was charged with the loss.

### Potashers Win Toughie From Cops, 9-8

CARLSBAD (AP)—The Carlsbad Potashers outlasted the Big Spring Cops 9-8 here Thursday night in a wild and woolly affair played under protest by the Big Spring Manager Pepper Martin from the eighth inning.

Following the game, it was reported that Martin would not press the protest because it was on an umpire's judgement play.

### Old Pappy Guys Get Together And Show Crewcuts Few Tricks

The Associated Press

Some of the old pappy guys got together and really showed the crewcut class in major league baseball a few tricks of the trade yesterday.

There were Murry Dickson, 38, Virgil Trucks, 36, and Tommy Byrne, 35, to name a few.

Byrne stopped the youthful Detroit Tigers 3-2 on four hits for the New York Yankees.

Trucks kept the Chicago White Sox within two games of the league-leading Yankees with his second straight shutout and fifth straight victory, a six-hit job that beat Baltimore 8-0.

And Dickson, who has led or tied for the most games lost title in the National League for the past three seasons, squared his mark at 4-4 by whittling down the Milwaukee Braves on four hits as Philadelphia won 3-0.

At the same time, Warren Hacker, a young sprat of 30, cut off a Chicago Cub losing streak at three games by stopping the New York Giants 2-1 on five hits. That pulled the Bruins to within 10½ games of National League-leading Brooklyn as Cincinnati topped the Dodgers a second straight time, 6-5 in 10 innings.

St. Louis made it two straight by beating Pittsburgh 5-0.

The other American League games wound up with Cleveland holding off Washington 8-5 and Boston overhauling Kansas City in the ninth 7-6.

Byrne, a sometimes erratic southpaw, gave just one earned run, walked five and fanned nine. But he didn't get his fourth victory until the Yanks caught up with Detroit rookie Frank Lary for three runs in the ninth. Yogi Berra's one-on homer tied it and Elston Howard's pinch single scored the clincher.

Trucks, who has won seven, breezed in as Baltimore suffered its 11th shutout of the season and fourth in five games. Loser Duane Pillette and Joe Coleman gave up 15 hits—three each by George Kell, who drove in four runs, Nellie Fox and Walt Droppo.

The Braves didn't get a man as far as second base against Dickson. The little right-hander walked just two and doubled to score the Phils' second run off loser Bob Buhl.

Brooklyn's 10th defeat came on Ted Kluszewski's two-out homer—his second of the game—off reliever Jim Hughes, who had retired 14 in a row. Big Klu is now tied with Dodger Duke Snider for the majors' homer lead at 20. Buster Freeman won it in relief after Brooklyn tied it with two in the seventh.

Washington had 12 hits, but Cleveland smacked 15 as Bob Lemon won his ninth with Mike Garcia's help in the ninth. Three runs in the fourth chased loser Chuck Stobbs and wrapped it up for the Tribe, still a game shy of the White Sox.

Boston won its eighth in nine games on Billy Klaus' two-run homer in the ninth. It came off reliever Johnny Sain. Ted Williams, still spry at 38, homered and singled twice while upping his average to .415.

The Cards' Harvey Hadix threw a four-hitter, fanned nine and walked two. Al Schoendienst and Bill Sarni backed him up with homers.

Hacker had all he needed when the Cubs scored a pair off young Ramon Monzant in the third. Frankie Baumholtz followed a walk with a triple and rode in on Randy Jackson's single.

### League Secretary Says Longhorn Without Funds

CARLSBAD (AP)—Longhorn League Executive Secretary Horace Busby says the league has no money in the bank and it is highly improbable that the league will finish the season with eight clubs.

Busby said several of the teams are in debt and it is questionable if they can meet player payrolls in the next several weeks.

"The league has no money in the bank," Busby said. It is owed approximately \$300 by the various clubs in addition to \$3,200 on a note for the operation of the Sweetwater club last year.

Busby said bad weather and a losing streak have combined to place Big Spring and Roswell in precarious positions.

"The two teams have expressed doubt about finishing the season," he said.

Other teams owed the league include daily percentages from all the clubs to the middle of May. Busby said three clubs owe the league percentages on season ticket sales and one team owes \$100 on assessments made last month to keep Big Spring operating.

"The league total for eight months of \$3,075 a month plus \$606 a month for their mileage," said Busby, "and we haven't any money in the bank."

"Daily revenue for the league from gate receipts has been averaging about \$92, but with warmer weather coming, attendance should increase," Busby said. "Then the daily average should hit about \$125, and this would make the league solvent."

### Golfers Find It's True What They Say About the Course for National Open

SAN FRANCISCO (AP)—It's true what they've been saying about the golf course where the best golfers in the land are playing in the national open tournament. It's tough.

Only Tommy Bolt, with a sparkling 3-under-par 67, found the Olympic Country Club Lake course otherwise yesterday as the field of 162 took off on the 72-hole round.

Bolt, swinging a putter so hot he used it only once on each of 12 tricky greens, took a three-stroke advantage into today's second round over the 6,700-ard par 35-35-70 layout.

In the runner-up slot was Walker Pittsburgh 19 39 328 24½.

### Land Scores Win Over Thursday

Glenn Burns hit solo homer over field wall in the last of inning to give Midland a 9-0 win over the Ho b b Sports team.

Midland was a one strike away from a one strike defeat in six decisions as Rookie George Escobar won without a defeat.

Midland started the scoring home run behind Julio Hernandez's first of three hits in second inning. Midland tied the same frame on a two-run homer by Shortstop Eny Wilton followed a single by Hernandez and a double by Glenn Burns.

Midland manager, Ed Furgol, ahead with a two-run homer in the third while Hernandez in the fourth on double.

### Pastor Wins \$400 Aard Given By Bible Association

A Presbyterian minister was the winner of an award of \$1400 given by Bible Land Tours Association for a three weeks' tour of the Near East.

He is the Rev. Norman J. Stanhope and a small party of Americans will leave on July 11th from New York City to spend three weeks on a guided tour which will include Italy, Egypt, Lebanon, Syria, Jordan, Israel, Cyprus, and Greece.

Bible land tours is a cultural Christian fellowship formed by the Saadeh Travel Service of Beirut, New York to further understanding and friendship between the countries of the Near East and the U. S. A.

One of the first projects undertaken by the organization was the granting of a scholarship for travel to someone who could not afford to take such a trip himself but who would derive maximum benefit from it and be able to pass on to others effectively his new experience and sights. From a large number of candidates who applied for the travel scholarship, Mr. Stanhope was chosen by the members of Bible Land Tours Association.

## Only We Can Stop It

MAN years ago it was said 'the power to tax is the power to destroy'.

That is just as true today as it was years ago. Someone has recently said that the reason all the spending by our federal government is not slowed down or halted is because those desiring the government continue to spend are organized while those opposing it are not organized. That probably is part of the answer, too.

In theory, of course, we are taxed with representation. There was a day and a time when we went to war on the grounds we were being taxed with representation.

We sometimes wonder whether we have any more representation today than we had then.

Congressmen, who know we are taxed double and triple in many ways; congressmen, who know the incentive to go into and remain in private business has been destroyed by taxation; congressmen, who know that we tax a greater percentage of the American dollar today than is good for the country, go right up to Washington and vote for more taxes. The 'do-gooders' with their ideas about saving the world come along and the boys from back home that perhaps can no more visualize a billion dollars than we can, get all excited and vote the money.

As we have pointed out before the federal government can only get funds from one source—the American taxpayers.

Today we have products on which we are paying taxes on taxes. We have reached the point where the government takes 50 percent or more for income taxes of our net income; we have county taxes, city taxes, state taxes, sales taxes and state income taxes as well as gasoline and many other taxes to pay besides the federal taxes.

Yes, the power to tax is the power to destroy and when America reaches the point where it is taxed to the limit and we can no longer tax ourselves for emergency; when we have reached the point where we destroy private business with excessive taxes; when we can no longer raise funds because we have been taxed more than our ability to pay—then we will be destroyed as a nation.

It is time for the American taxpayer and voters whether they are organized or not to convince the members of congress the tax bill is too high now and we need to reduce it and not increase it.

It is time for good business judgement to be displayed in the halls of congress.

## Marilyn's Poses For Calendars On Probe Agenda

LOS ANGELES — Marilyn Monroe's nude calendar pose has become a prime exhibit today as the Kefauver subcommittee investigating juvenile delinquency winds up its local stay.

The Senate probers get into the art and literature phase of the three-day hearings. Subpoenas have been issued to a dozen operators of what committee members term "smut mills." All are expected to be unfriendly witnesses. Among the exhibits will be a mail-order advertisement for "Marilyn Monroe playing cards" featuring Miss Monroe's undraped torso.

The subcommittee yesterday heard a parade of movie biggies defend Hollywood's contribution to culture, despite charges that recent movies have been laden with sex and violence.

Dore Schary, Jack L. Warner, Y. Frank Freeman, Harry Joe Brown, George Murphy and Ronald Reagan all appeared. Freeman, head of Paramount Studios, lashed back when stung by one question.

"Drinking, liquor, divorce—we didn't start them," he said. "When you wind it all up you'll find it comes right back to the rearing of the child in the home."

Jack L. Warner of Warner Bros. said much of the blame for juvenile delinquency must be laid to the prohibition era and the world wars.

George Murphy defended his studio's production of "Blackboard Jungle."

"I had misgivings when I read the book," he testified, "but when we made it into a movie I was proud. The story was not overdone and it focused national attention on a serious educational problem."

### FIRST ORE SHIPPED

CUBA — President J. W. Caruth of Bolivar Uranium Corp. says the firm is shipping the first uranium ore taken from the Coyote area of Rio Arriba County.

He quoted a geologist as saying it is believed a major strike has been made, about 50 tons have been mined, and it averages about 31 per cent U308.

A total of 2,740 saliva and urine tests were made last year on horses which ran at the three New Jersey race tracks.

## 10 USAF FLYERS KILLED HERE

10 USAF CREWMEN are dead as result of this wreck of a four-engine B-29 at the 1,300-foot level of 2,200-foot Mount Tech in the Seabian Alps near Stuttgart, Germany. The plane was flying on instruments in dense fog. It was routed from England. (International)

## Peron Says Revolt Ended; Casualties Reported High

MONTEVIDEO, Uruguay — President Juan D. Peron of Argentina said today the revolt was over in that country, which is over a state of siege.

Peron addressed his countrymen by radio, as he had last night in a previous announcement that yesterday's revolt by naval forces was under control.

His speech confirmed reports that there had been deprecations against churches in Argentina. He blamed Communists for these. He said the revolt was connected with priests of the Roman Catholic Church, whose powers he has been seeking to curb since last November.

Peron declared his government is ready to prevent any Communist or other disorders. He declared he is a Catholic and not against religion, and advised Catholics of his nation to await a referendum of his proposal to separate the church from the state.

The Peron broadcast was monitored here. At the time he spoke there had been a blackout on direct communications with Buenos Aires for 15 hours.

There were no details on the damage done to churches. Rumors had reached Montevideo that six or seven churches had been set afire as the climax to yesterday's events.

About 40 planes participated in the revolt, and wrought heavy damage on Government House in Buenos Aires, containing the principal offices of the government, including Peron's own office.

Casualties in Buenos Aires were reported heavy, but there were no reliable estimates of the total.

Peron said the revolt obviously was directed against him personally, since the air bombings and ground attacks center on Government House—the Casa Rosada, or Pink House.

He added he had learned beforehand, through intelligence sources, what was in store, and had left the Government House to stay elsewhere.

He advised all Argentines to be calm and leave things in the hands of his government. He warned that the state of siege ordered by the government would prevent any demonstrations.

Fleeing naval and air officers had taken refuge in this country, bordering Argentina.

Commercial connections were cut late yesterday after President Juan D. Peron proclaimed the bloody attempt by naval rebels to unseat his regime had been put down. The last cable dispatch from Buenos Aires to the Associated Press came at 6:18 p.m. Air and sea traffic halted.

The Argentine radio stations, however, were hooked up to Buenos Aires and broadcast steadily throughout the night. They usually go off the air at midnight. Between musical numbers came such announcements as:

1—The government has taken

"all the things that have been said about log rolling and pork barrel are true."

As the bill went to Senate, it appropriated \$618,000,000 to the Atomic Energy Commission, \$26,214,000 to the TVA, \$684,000 in cash and a \$6,000,000 continuing fund to the Southwestern Power Administration, \$1,160,000 to the Southeastern Power Administration, \$21,100,000 to the Bonneville Power Administration, \$178,745,000 to the Reclamation Bureau and \$528,219,000 to the Army Engineers.

This is \$417,042,000 less than President Eisenhower had requested, but \$86,376,558 more than the Appropriations Committee had recommended.

## Use of "Bait" Ads Condemned By CC Executive

The use of "bait" advertising in the sale of rebuilt sewing machines and vacuum cleaners was strongly condemned by Paul Scott, manager of the Chamber of Commerce in a statement issued today.

"The National Better Business Bureau reports the problem exists in nearly every community across the nation," Scott said, on the basis of a bulletin last received from that organization. It defines "bait advertising" as "an alluring offer to sell something which the advertiser does not sincerely want to sell, or tries not to sell, or deliberately avoids selling."

"The scheme being with the advertisement of 'beautiful rebuilt' machines at unbelievably low prices," the manager said. "However, when the salesman calls, he immediately starts to run down the advertised product. Parts are missing; he can't thread it; he can't make it work; it won't pick up the dirt. But he just happens to have with him a brand new 'Mercury' or 'Hoover' or some other well known brand name which, however, has nothing to do with sewing machines. That one is listed at \$189.50, but the lucky customer is told he can have it for \$139.50 plus carrying charges. Thus, the customer is 'switched' to the new machine which usually

has a sewing head—the heart of the machine—imported from Japan at a high price.

"The advertised rebuilt machine was never intended to be sold," Scott added. "Salesmen have been discharged for selling the old machines."

Scott emphasized that his condemnation applied only to rebuilt machines sold by firms to meet economy budgets, but these are advertised accurately, at a price commensurate with all the careful work which went into the reconditioning.

"The National Better Business Bureau also reports heavy use of phony 'contests' to bait customers into buying off brand machines," Scott warned. "It's the sort of contest where everybody gets a prize—like a \$50 credit check on a new \$189.50 machine, which regular sell for \$139.40."

**Rebel Cruiser Up from Mud After 89 Years**

By NATE WEGODSKY

MARION, S. C. (AP)—The Confederate cruiser *Pelee*, which took three years to build and then made only one sortie of 100 miles, has been raised after lying in the mud of the Pee Dee River for 89 years.

The 170-foot steamship, hand made by slave and volunteer labor, was scuttled in April of 1865 to keep her from falling into Union hands at the end of the Civil War.

Today her hull lies on the banks of the Pee Dee River at Mars Bluff.

Some of her hand-hewn curved timbers are 14 by 16 inches. Think of a 2 by 4 and multiply it 7 times on one side and 4 times on the other. That will give you an idea of what a stout ship she was.

**Indian Battle Near Tragedy**

HOUSTON (AP)—A Davy Crockett battle with the Indians almost ended tragically for "Indian" Johnny Dennis Jr., 6, yesterday.

Police said Johnny, who was to be "hung" looped a length of cord over a tree limb, knotted the other end about his throat and stepped or fell off an ice cooler. Playmates ran for help and Mrs. Annie Dennis, the boy's grandmother, got him down.

At the hospital, Johnny fingered his throat cautiously and announced he was "ready for lunch." His condition was reported "good."

**BUMP FOR JUDGE**  
TAMPA, Fla. (AP)—Damage was insignificant, but Bob Johnson insisted upon being charged with careless driving when his car bumped into another.
