Gov. Governor Should 'Reach Back in Wastebasket' and Re-Study Fund Idea

HARTMAN RAKES SIMMS' BRUSHOFF

U.S. To Launch Artificial Outer Space Satellite

Small Globe Will Circle Around Earth

WASHINGTON (AP)—President Eisenhower today approved plans for launching a planned artificial earth satellite—an unmanned globe for purely scientific purposes.

Government scientists explained the thought is that one or more of the space objects would circle the earth 200 or 300 miles up at a speed of 18,000 m.p.h.

They might remain for days or weeks, then fall back down and disintegrate.

The White House said information obtained from the project will be available to scientists of all nations, Russia included. It is hoped the satellites can be launched by 1957 or 1958.

Government scientists, participating in an extraordinary news conference at the White House, said the satellites are not yet in existence, only in the planning stage.

But they said confidence that they can be launched within perhaps two years is based on rocket

Artesia Irrigation Study Report Told

How Artesia area farmers can maintain high crop yields through more efficient irrigation, despite lessening flow from some wells, was answered at the Farm Planners meeting in Capitan by Tom Yager, soil scientist in the Artesia Soil Conservation Service office.

Bearded Men in Gold Shirts Just Local Optimists

If a crew of bearded men wearing bright gold shirts bearing a weird design on the back appear suddenly in our midst, don't panic.

They won't be invaders from Mars—just local Optimists. The club has voted to order gold shirts bearing on their backs the words "Artesia, N. M." and a live-inch replica of the Optimist emblem.

"We want to get them in time for the Golden Jubilee," said Paul Davidson. "They'll be ordered through Baldwin's store as soon as I can find out the shirt sizes of members. We can beat the deadline if everyone wanting a gold shirt will phone his size to me at SH 6-4321."

Yager, who returned before completion of the three-day meeting that was to last from Wednesday until late today, recapitulated the points he made at the conference. Present were: G. L. Beene, area 6 SCS head; Unit Conservationists Keith Damp and Clem Weindorf of the Artesia office, and the unit conservationists from other parts of the district.

Yager said: "Although the irrigation situation in this territory is bright, some wells are not putting out as large streams as previously. For successful irrigation, adjustments in procedure must be made."

"A farmer who has adjusted his irrigation methods to a 1,000-gallon flow can't successfully use the same method for an 800-gallon stream. It will require longer to irrigate an acre and much more of the water will seep into the soil at the upper side of the tract."

(Continued on Page Two)

Bunting Blossoms Out Downtown in Jubilee Banners

Artesia's business thoroughfares blossomed out today in red-white and blue bunting proclaiming the Golden Jubilee.

The gay color profusion was a tribute to the efforts of the Hospital Auxiliary, which reported its canvas of merchants was complete and that total sales of bunting space of \$895 had been made to 175 merchants.

The auxiliary tirelessly made the rounds of business houses and signed them up for bunting at \$5 for a 9-foot spread, \$7 for one 15 foot wide and \$11 for the big 25-footers.

Under the contract with the Hughes Decorating Service of Vernon, Tex., the company agreed to put up a large Jubilee banner across Main St. for every \$50 of bunting rental obtained. This means there will be 18 of them. The decorating company erects and will take down all the bunting and banners.

High tribute was paid to the Hospital Auxiliary by Chamber of Commerce and Jubilee Committee spokesmen today. There has been one of the outstanding jobs in preparation for the Jubilee, it was agreed. One-fourth of the amount collected from merchants goes to the auxiliary for its own use.

Fresh Revenue Load Unneeded Artesian Says

Former state comptroller Ed Hartman today suggested that Gov. John F. Simms "reach into the wastebasket" for more serious consideration of Hartman's proposals to meet the welfare crisis without increase in state taxes.

Hartman chided the chief executive for Simms' dismissal of the proposals made in a speech at the Belen Rotary Club Wednesday night. The governor said that Hartman's suggestions to meet the welfare crisis by use of general fund surpluses in lieu of tax increases, couldn't be "given much credit."

"There are many people here on the east side," Hartman said today, "who feel that any plan to meet the welfare crisis without increasing taxes should be given serious consideration, even though it might have come from a former state official."

Need Courage "These citizens feel that it will require courage and conviction to put such a plan into effect but that every effort should be made to find the solution instead of throwing up your hands and saying somebody's taxes must be increased."

Hartman repeated his view that the general fund could meet the crisis at the moment.

"Many solid citizens—not former officials—feel that savings represented by general fund surpluses should be used to meet any crisis just as they have done in their personal lives," Hartman said.

"The general fund surplus came from taxes paid by our citizens"

BURNED REMAINS of what once were high-spirited race horses are hauled from Ruidoso Downs race track. The horses, trapped in their stalls, were burned to death when three barns went up in flames at the track. Twenty horses died and others were burned.

Ike Says GOP Can Control Administration 'Forever'

WASHINGTON (AP)—President Eisenhower told Republican lawyers today that the GOP can control the national administration "if it works in unity for policies that the people can accept with confidence."

He also described as "complete" suggestions that the American people have been led to expect too soon out of the summit conference and a new bill work against the Republican party.

President spoke informally at breakfast at the Statler Hotel attended by all but 11 of the 249 Republican senators and representatives.

The preadjournment gathering arranged by Republican National Chairman Leonard W. Hall, members of the Cabinet were as well as top White House members.

Second-Term Air There was a 1956 second term sphere as the President entered the room, with many of the others chanting "We want Ike in 1956."

Although the President made no mention of a second term, he urged the legislators when they go home to carry a positive message to their constituents about the work they have done and will do.

He suggested the gist of that message should be that the United States is not going to default on the principles it stands for.

Cites Program He recommended emphasis also

Artesia Area Employment Holding At High Level, State Agency Says

Employment in the Artesia area continues at a high level, with the trend expected to continue uniformly, according to announcement today by the local office of the New Mexico Employment Service.

Estimated total employment is 6,770 with a slight decrease in oil field worker numbers offset by more activity in other industries. Work has started on remodeling of Central school, the report noted, and continues on the urban project, now three-fourths complete.

Of the total number employed in the area, 1,070 are agricultural

workers, including 770 seasonal hands.

The number registered unemployed in local office files dropped by 32 to a total of 196. This figure represents approximately 3 per cent of the area's total unemployed. The registered unemployed are concentrated mainly in the service, semi-skilled, and unskilled occupations.

At present 73 are filing claims for unemployment compensation through the Artesia office, 64 of them male, and 9 female. Twenty oil field workers are filing claims; 13 in the unskilled occupations; 12 in the service group; 7 in semi-

BURNING BARN—Three barns, burned in a fire at Ruidoso Downs Tuesday, smolder over the remains of 20 race horses killed in the blaze. Fire swept through 120 stalls containing some 95 horses. Most were saved.

Bulgaria Offers to Pay for Israeli Airliner Shot Down With 58 Deaths

JERUSALEM (AP)—An Israeli Foreign Office spokesman said today Bulgaria has promised to pay compensation, at least in part, for the Israeli airliner shot down Wednesday by Communist gunners. Fifty-eight persons, including 12 Americans, perished in the crash. The spokesman said a note handed to the Israeli charge d'affaires in Sofia yesterday and received here today declared the Bulgarian government's "readiness to take upon itself the respective part of the material damage which has been caused, after it is duly established."

But the Bulgarians refused to permit six Israeli investigators to enter Bulgaria from Greece today. However, the Israeli's charge, Baruch Nir, was allowed to go to the scene, just north of the Greek-Bulgarian border. The Bulgarians announced yesterday that gunners shot the Israeli plane's tail off when it wandered off course on a flight from Europe to Israel.

NO ALIBIS ACCEPTED

ALBUQUERQUE (AP)—An Oklahoma University professor told 200 New Mexico schoolmen yesterday that an administrator has no "alibi for anything wrong in his school system." Dr. Ross Pugmire spoke at a session of a workshop in administration sponsored by the State Education Department.

(Continued on Page Two)

Man Held on City Robbery Escapes Jail

CARLSBAD (AP)—James Howard Farris, 34, Fort Worth, who broke jail here June 25 and was re-arrested in Garden City, Kan., a week later and returned, escaped last night again and was re-arrested.

Farris pointed a wooden pistol at Deputy Sheriff Pete George and jumped from a second story window with Richard J. Ireland, Walker Air Force Base, Roswell. Carlsbad Policeman Robert Moore arrested them two blocks from the jail. They offered no resistance. Farris was placed in the Chaves County jail in Roswell.

Farris was held on armed robbery and escape charges, Ireland on a charge of petty larceny in Artesia.

GI LOANS INCREASE

ALBUQUERQUE (AP)—The Veterans Administration says 2,313 GI loans for homes, amounting to \$22,268,962 were issued to New Mexico veterans of World War II and the Korean War the first six months of the year. It said that was a greater amount than for any other half-year period since the loan program began.

More Moist Air Moves Into State

By THE ASSOCIATED PRESS A new mass of moist air moved in from the Gulf of Mexico today and spread over almost all New Mexico except the northwest quarter.

It dropped 1.2 inches of rain last night at Portales, and a ranch area west of Floyd had between two and four inches. It was the eighth straight day that the Portales farm and ranch area had showers, and the Portales Daily News reported "the country is fairly blooming. It has been years since dry land crops have been so good generally over the entire area at this time of year."

The moisture didn't do so much good in the El Paso area. A heavy hailstorm damaged about 600 acres of cotton and vegetable crops in

(Continued on Page Four)

THREE ALMOST TRAPPED

MAYHILL (AP)—T. A. Conway and his two sons escaped injury yesterday when their car stalled in a low area on a road and a flash flood hit it. The three were almost trapped as the Penasco River overflowed during a cloudburst which dropped 1.1 inches of rain in 20 minutes.

Senator Horn Sees Loophole In Funds Law

SANTA FE (AP)—A loophole through which general fund surplus could be given to the Welfare Department may cancel the need for a special session, an Albuquerque legislator says.

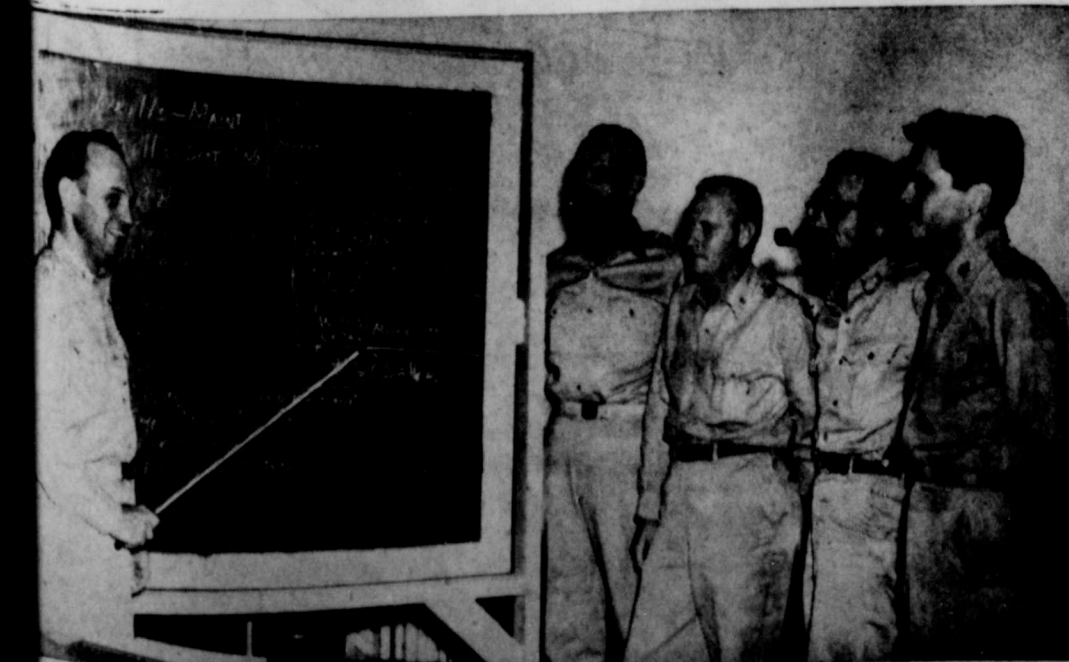

Sen. Calvin Horn (D-Bernalillo) said he feels there is no need for a special session if the surplus could be appropriated to the financially bad off department.

The possible out was discovered in the General Appropriations Act. It indicates, "on the surface," that the State Finance Board could divert more than three million dollars surplus to the department.

Spirit of Law But Gov. John F. Simms said the Finance Board would never do

From The Files Of 50 Years Ago

JULY 1905

While they are sweltering with yellow fever in New Orleans and other points southeast, the people of Artesia are sleeping about ten hours per night under comfort and enjoying health to the very limit.

On sale July 31 to Aug. 1st, final limit Aug. 4, 1905, tickets to Waco, Texas. Account meeting of Grand Lodge Knights of Honor, at rate of \$28.95 for round trip. C. O. Brown, agent.

Marriage license has been granted to the following couples: H. S. Irby aged 24 of Dayton, and Leola Mary Click, age 16 of Artesia; and Edward Darr, age 39 of Dayton and Effie Click, age 15 of Artesia. The brides are sisters. They were married on Aug. 4th near Artesia by Elder L. W. Martin, minister of the Christian church.

Mr. and Mrs. R. Blair entertained quite a number of young friends at their ranch home two miles south of town, Saturday evening in honor of their daughter, Lua's birthday. A hay wagon was sent in for the crowd and they were chaperoned out by Mr. and Mrs. Jno. S. Major. The following were present, Mr. and Mrs. J. R. Blair, and Mr. and Mrs. J. S. Majors, Misses Treva and Lua Blair, Georgia and Zola Kingsinger, Mae and Latta Ferson, Estelle Mauldin, Jeanette Williamson, Emice and Helen Skaer, Vera Richey, Verta Schrock, Vera Heath, Bertha Gage, and Messrs. John Gage, Jim Bergstreser, Theodore Martin, Ray Grigsby, Grady Venable, Auvie Clayton, Harold Higday, Arthur Schrock, Arthur Williamson, Judson Roach, Rudolph Smith.

Chamber Thanks Media for Giving Jubilee Publicity

Manager Paul Scott of the Chamber of Commerce, speaking for the chamber and the various Golden Jubilee committees, today expressed the appreciation of the entire organization for the co-operation of the city newspapers and the radio station in publicizing the event.

"Much of the credit for the widespread interest in the Jubilee goes to these media of public information," Scott said. "All of us are pleased and grateful."

Church Women Hold Executive Board Meeting

Executive board of Christian Women Fellowship of the First Christian church met Thursday morning in the home of Mrs. C. V. Miller.

Mrs. Bennie Juarez opened the meeting with a scripture verse read by each member.

Business was discussed and plans made for the church suppers during the building campaign.

The group was dismissed with the CWF benediction. Refreshments of donut, plums and coffee were served.

Those present were Mrs. E. T. Gore, Mrs. C. C. Connor, Mrs. Earl Darst, Mrs. Albert Richards, Mrs. John Lanning, Mrs. N. T. Kelly, Mrs. John Gilmer, Mrs. Bennie Juarez, Mrs. C. Bert Smith, Mrs. L. C. Kidd, and Mrs. C. V. Miller.

Personal Mention

Gene Lowery underwent surgery on Tuesday at the Medical Center, Roswell. He is reported to be recovering nicely. He is the son of Mr. and Mrs. V. F. Lowery.

Mrs. C. H. Hemby of Monticello, Utah, is here visiting her daughter, and family, Mr. and Mrs. Floyd Hall, and other relatives.

Ronella Rogers and Eloy, Ariz., is here visiting her grandmother, Mrs. J. P. Wallace and other relatives.

Junior Women Set Bake Sale Plans

Artesia Junior Woman's club will hold a baked good sale Saturday morning at Nelson Supermarket. The sale will open at 9:30 a.m.

Proceeds will go to rodeo queen, Michelle Ruppert, who is being sponsored by the club.

Presents Colors

QUEEN ELIZABETH II of Britain is shown as she presented new colors to the Honorable Artillery Company during colorful ceremonies at their headquarters in Armory House, London. The colors, trooped for the last time in a parade preceding the occasion, were presented by the Prince of Wales on June 25, 1928. (International Radiophoto)

Last Rites Held For Infant Girl

Funeral services were held at 9:30 this morning at San Marcus cemetery for the infant daughter of Mr. and Mrs. Sarapio Ornelas, who live six miles south of Artesia on the Dave Torres farm. She died Thursday.

Infamous Brink's Robbery Becomes Great Drama Film

The tremendous human drama behind the headline-story of the great \$2,500,000 Boston robbery that shocked the nation makes Universal-International's "Six Bridges To Cross" remarkable entertainment.

It opens Sunday at the Landsun for 3 sensational days.

Based on the sensational Collier's magazine story, the best-selling novel and the Reader's Digest Book Club hit, "The Anatomy Of A Crime" by veteran Boston crime reporter Joseph F. Dinneen, "Six Bridges to Cross" tells the story behind one of the biggest armed robberies in history with the trip-hammer jolt of actuality.

And against the background of that crime of the century, the picture reaches great heights of emotional interest as it makes the screen's first honest appraisal of the strange law-enforcing bond that links cop and stool-pigeon.

Such a reluctant alliance ties slum-born Boston crook Tony Curtis to the worldly-wise policeman George Nader, a bond that finally breaks when Tony forfeits all favors and friendship in a master double-cross. Convinced that Tony is behind the daring \$2,500,000 hold-up, Nader proceeds ruthlessly and relentlessly to wear him down in an effort to solve the case.

"Six Bridges to Cross" is more a story of people than of a crime. As a result you're bound to forget Tony Curtis is acting—he does a magnificent job in the biggest challenge of his young career.

BOND ISSUE DECIDED

SOCORRO — The result of vote on a \$200,000 bond issue to build a new hospital in Socorro County has been sent to the secretary of state, informed sources said. The issue was approved in a close vote of 284 to 282.

GUN BID AWARDED

SANTA FE, N.M.—A Santa Fe and an Albuquerque firm both bid the same \$2,269, on furnishing 58 pistols for the State Police. But Tiano sporting goods won over J. Korber Co. by having the highest trade-in offer for the department's old guns.

Now you Know!

The answers to everyday insurance problems* By Don Jensen BILLS INSTALLMENTS INSURANCE

QUESTION: I'm a young mother and my husband earns just a modest salary which I stretch as far as possible. Now he thinks we should buy this Comprehensive Personal Liability insurance but what with payments on our home, installments and other expenses I just can't see it. Would you give us your honest opinion?

ANSWER: Here is the best answer for you. In case you were sued how would you defend the suit? If someone got a judgment against you how would you pay for your home or handle your other expenses? The insurance you mention is very low in cost and the protection it gives will justify any extra budgeting you have to do.

* If you'll address your own insurance questions to this office, we'll try to give you the correct answers and there will be no charge or obligation of any kind.

Angelo Wins Twin Bill From Odessa, Leads By Two Games As Rain Idles Artesia

THE ASSOCIATED PRESS
 Angelo, left-hander and a veteran, rain allowed him to creep out to a two-run margin atop the Longhorn Thursday night.
 The pace-setting Colts polished off the White Sox in a doubleheader 4-3 and 1-0 to pick up a full over second-place Artesia at Roswell twinbill was out.
 In the other games, Hobbs continued his climb from the bottom of the standings with a 9-1 rout of Odessa while Midland and Big Bend shared a doubleheader. Big Bend took the first one 5-3, but the teams switch around Friday night at Artesia at San Angelo, and at Midland, Hobbs at Big Bend and Odessa at Roswell.

Doug Ford's 66 Leads 1st Round Rubber City

IRON, Ohio (AP)—Doug Ford, blurring a busy home life he is at the Rubber City Open into its second 18 holes.
 The PGA champion from Kilauea, N. Y., blazed over the 18 on the 6,700-yard Firestone Club course yesterday in a 6-under-par 32-34—66.
 When he went home to his house he helped his wife shop for clothes, took his three young-ones swimming and returned to course with his family later to take part in a golf clinic.
 During this tournament only days after he whipped Cary Middlecott at the PGA title match in Detroit, Ford whacked four holes off par on the first nine with an eagle on No. 2 and a birdie on No. 6 and No. 7.
 Behind him were six golfers from the starting field of 151, tied up at 67. They were Mike Sorensen, Rye, N. Y.; Al Balding, Hale, Ont.; Ralph Bonquist, Hale, Calif.; Ed Oliver, Lehigh, Ill.; Art Wall Jr., Peconic, N. Y.; and E. J. "Dutch" Sorenson, St. Louis.
 Defending champion Tommy Chattanooga, Tenn., had a

WATER TABLE UP
WASHINGTON (AP)—At least New Mexico area showed a 1954 of the groundwater according to the U. S. Geological Survey. The area is the Red Playas Valley. Seven of ten wells measured showed a level higher than that of 1953. Water was pumped from unconfined storage because above ground rainfall and a decrease in irrigated acreage.

GOVERNORS TO MEET

Teenagers Ignore Rain to Lead In Amarillo Partnership Golf

AMARILLO (AP)—A pair of sharpshooters teenagers from the host city led the way today in first round play in the fourth annual Amarillo Invitational Partnership Golf Tourney.
 Wearing the favorite's label as match play opened on the 6,700-yard Ross Rogers Municipal Course were Rex Baxter Jr., Mexican Amateur champion, former National Junior champion and runner-up in the Trans Mississippi tourney; and John Farquhar, the former state schoolboy champion.
 They fired an 11-under-par total of 133 yesterday, rolling up 11 birdies and an eagle between them in spite of rain which caught up with them at the start of the back nine.
 When the showers started, they were eight under par.
 Baxter and Farquhar met a pair of their former Amarillo Golden Sandie teammates in first round play, being matched against Miles Childers and James Smith.
 Placing second in yesterday's qualifying rounds were John Oliver and Don Schumacher of Dallas with 137.
 A total of 126 teams are entered in the meet, which runs through Sunday.

Aussies Meet Canada Today In Cup Match

Australia meets Canada at Montreal and Italy and Sweden clash in Milan today as play in the Davis Cup tennis whirl nears the big Challenge Round against the United States at Forest Hills, N. Y., late next month.
 The Australians, favored in their matches against Canada, go into the three-day North American zone final without Lew Hoad, one of the wonders of past cup play.
 Captain Harry Hopman replaced Hoad with Rex Hartwig for today's opening singles competition. Hoad has sulked and his game is off since his bride of six weeks was sent home after the Wimbledon Championships.
 Ken Rosewall meets Bob Beard of Sherbrooke, Que., in the open-match, while Lorne Main, of Toronto and Vancouver, plays Hartwig.
 The surprising Italian team which has whipped through the European zone play without dropping a match is favored to defeat the Swedish squad.
 The winner of the Canada-Australia tournament plays Japan, the Eastern zone champions, at Glen Cove, N. Y., Aug. 5-7. The Glen Cove survivor takes on the Italy-Sweden winner at Philadelphia on Aug. 12-13-14, with the Forest Hills Challenge Round set for Aug. 26-28.

Oilers Maintain Lead, Amarillo Now in 2d Spot

Los Angeles right-hander Don Elston chalked up his 12th win of the season last night by shutting out Oakland, 10-0, in a Pacific Coast League game.
 In another single game, league-leading Seattle defeated Sacramento, 9-4. San Francisco took the first game of a doubleheader from Hollywood, 3-1, but lost the second, 7-0. San Diego and Portland also split a double bill, Portland taking the opener, 3-1, but losing the nightcap 11-3.

Yanks Trail Chicago Two Points, Stengel Trying Pitcher Switch

NEW YORK (AP)—The New York Yankees, battling for their sixth American League pennant in seven years, trail the pace-setting Chicago White Sox by two percentage points today. They are getting desperate.
 And well they might for they have frittered away a five-game lead since the All-Star Game July 12 and, in addition to trailing the White Sox, hold only a one-game bulge over the Cleveland Indians.

Minor League Realignment Is Postponed

ABILENE, Tex. (AP)—There'll be no realignment of the Southwest's professional baseball circuits until at least the end of the present season, minor league czar George Trautman forecast yesterday.
 Trautman met with presidents Dick Butler of the Texas League, Howard Green of the Big State League, Hal Hayes of the West Texas-New Mexico League and W. J. Green of the Longhorn League, but described the session as "a nice exploratory meeting with no action taken."
 He admitted, however, that there is "considerable sentiment for realignment over the country as well as in the Southwest."
 The lack of decisive action by the league officials kept alive rumors that Beaumont's Texas League franchise will be moved to Amarillo which put up \$100,000 in trying to get the club last year.
 Other proposals would send Amarillo and Albuquerque into the Class A Western League next year, or would have a new Class A league formed with the larger members of the present Big State, West Texas-New Mexico and Longhorn Leagues.

Angels Shut Out Oakland By 10-0

Los Angeles right-hander Don Elston chalked up his 12th win of the season last night by shutting out Oakland, 10-0, in a Pacific Coast League game.
 In another single game, league-leading Seattle defeated Sacramento, 9-4. San Francisco took the first game of a doubleheader from Hollywood, 3-1, but lost the second, 7-0. San Diego and Portland also split a double bill, Portland taking the opener, 3-1, but losing the nightcap 11-3.

White Sox Defeat Yankees 3-2, Win 2 of 3 in Series

THE CHICAGO CUBS 4-1. The St. Louis Cardinals defeated the Pittsburgh Pirates, also 4-1.
Mantle's 22nd Homer
 Walt Dropo continued his halting spree, his two-run homer in the third inning off Bob Turley proving the White Sox margin over New York. Connie Johnson had the Yankees shut out until Mickey Mantle hit his 22nd homer in the ninth with one aboard. Billy Pierce struck out pinch hitter Jerry Coleman with the bases full to end the ball.
 Cleveland snapped back at Boston after losing the first two games of the series. Al Rosen halted in three runs with his 16th homer in the third inning. Boston rallied in the eighth inning, routing Early Wynn with a walk, single and double. With one run in, Don Mossi threw a called strike past Ted Williams.
 At Baltimore, the Tigers took four of the five-game series, setting a faster pace than Chicago since the All-Star tussle. Detroit has moved at a 765 clip since July 14, winning 13 of 17. Since Bertoia's double drove in three runs in the first inning to start the Tigers on the victory road.

Campanella Helps
 Roy Campanella hammered a pair of Brooklyn homers, while Craig fanned 11 Redlegs. The Dodgers made their first nine hits good for nine runs thanks to three errors, a wild pitch and passed ball.
 Cleveland defeated the Boston Red Sox 6-4 to pull within a game of the lead yesterday while Detroit overcame Baltimore 7-5 to trail the leaders by only 5 1/2 games—in fifth place. Washington and Kansas City were idle.
 Rookie pitcher Roger Craig and Brooklyn home runs produced a 10-2 victory over Cincinnati as the Dodgers maintained their 12 1/2 game National League spread over the second-place Milwaukee Braves, who defeated Philadelphia 4-2.
 The New York Giants downed

Always a Real Problem

NO governmental agency ever has all of the money it wants unless it is the U. S. Defense department or the foreign aid program. Maybe the Defense department does because it seems that the Air Force spent some \$1 billion dollars of unauthorized funds just prior to the end of the fiscal year.

But that has been a habit a long time—that matter of spending all of the money on hand in our various federal agencies just prior to the end of the fiscal year. There is never a thought of turning some of the money back into the general fund. Too much danger of getting a reduction in the budget instead of the increase that is always requested.

Perhaps we should be grateful we have departments in our state government which can operate on less and they turn back the funds they do not need or use.

In some cases the county offices can operate without using all of their funds and yet there is never a mad rush to spend all the money for fear of not getting the increased budget requested.

But it is the city government, which always has problems and does not have the funds on which to operate. This is largely due to the fact that the city's sources of income are rather limited.

But it is the city government which provides the police protection; it provides the fire protection; it furnishes the garbage service; it is supposed to maintain a dog pound; maintain and repair the city streets; keep the street lights going; answer every plea and call that is made.

In our case the city has the water supply and must maintain this and it also has the problem of the sewer lines and the disposal plant.

We also have the problem of keeping a hospital open and operating it and taking care of those patients who can't pay their bills and waiting on those who don't pay their bill even if they can.

But it is always a problem—this problem of a city finding sufficient funds to do the things that need to be done and taking care of all of the things a city needs to take care of.

Perhaps we should commend our city officials far more than we do as well as the city governing body for the good job they do with the limited funds they have.

And maybe we could not only be a little more understanding but perhaps we could help them in a good many ways to make their money go farther by not expecting them to meet every need whether they have funds or not.

More—

(Continued from Page One)
the Rio Grande Valley north of El Paso near Vinton, Canutillo and Anthony, on the New Mexico-Texas line.

The hail followed a heavy cloud-burst at Canutillo, which flooded homes.

Barney Bickley, who lives near Vinton, said he lost 40 acres of cotton, and "the hail was as big as doves eggs on my land."

Mrs. Sam Gillette Jr. said she and her husband lost 65 acres

planted to cotton, chile, tomatoes, asparagus and bell peppers in the hail area, and Mrs. Paul Price Jr. said 200 acres on the Price farm were hit. "Almost all of the 200 acres were damaged," she said.

Other heavy showers left 23 inches of rain at Artesia and its farming area during the past 24 hours.

Showers were more widely scattered over the state Thursday and were confined mainly to the east and south of New Mexico. Some thunderstorms continued well into the night along the central moun-

Senator—

(Continued from Page One)

this since, he said, it would violate the spirit of the law. He said discovery of the loophole does not alter his plans for a special session.

The passage in House Bill 300, the appropriations act, says: "Such amounts as needed for administrative and other purposes shall be appropriated to the Welfare Department from revenues of all sources designated by existing laws, together with federal funds and other sources by budgets prepared annually and submitted for approval of the State Board of Finance."

The key words are "other sources," and they raised speculation on whether the Finance Board could appropriate the surplus in the general fund.

Seeks Opinion
State Comptroller Dan Smith Jr. said he would ask the attorney general for an opinion on the question. Smith said that "on the surface" it appears that nothing could stop the board from doing so.

"I will ask for an attorney general's opinion, but I don't think it was the intent of the Legislature to give the Finance Board such power," he said.

Smith, like Gov. Simms, said the Legislature has always been reluctant to turn over any of its power.

Other overnight rainfall amounts were Roswell .19 inch; Glenwood .42; Clovis .15, Santa Fe .01 and traces at Hobbs, Columbus and Las Vegas. Carlsbad had .03 inch.

Artesia—

skilled occupations such as truck drivers and service station attendants; 6 construction workers; 3 in sales work, and 7 are filing claims for veterans readjustment allowance.

Some of the occupations for which worker shortages exist in the Artesia office are for a blade operator, bookkeepers, automobile mechanic, salesman, kitchen helper, general farm hands, and for housekeepers and maids.

Present agricultural activities include cotton cultivating, irrigating and hoeing as well as alfalfa irrigating, cutting and baling. Thunder showers the past two weeks have slowed farming operations. Aphids continue active in alfalfa with extensive spraying required to control insects. Cotton is experiencing rapid growth and is fruiting heavily.

er to the Finance Board. "For my money, they'll never appropriate any of the general fund," Simms said.

Both Sen. Horn and former State Comptroller Edward Hartman have advocated use of \$3,181,359 surplus in the general fund to aid the Welfare Department.

The extra money itself has raised the question of whether it is a surplus or a reserve.

Simms says the money is a reserve and as such should not be used for operating expenses.

Horn said the money is a surplus. "I hope to go into this in my letter to the Governor," he said.

Small—

flights going up to 250 miles.

Basketball Size

The satellites, according to present thinking, would be about the size of basketballs.

What they might be made of, the experts do not yet know.

There is a hope that they can carry instruments. Even if they don't, it was explained, valuable information on the earth's upper atmosphere is expected.

The satellites would circle the earth once every 90 minutes, so that even if they remained up only a day or two there would be opportunity for study.

All Nations Informed

Scientists of all nations are to be informed of the orbits the satellites will travel and the frequencies on which they will broadcast, if it is possible to equip them with radio.

The whole project is designed as part of this country's participation in the International Geophysical Year, from July 1957 to December, 1958.

The period has been set aside by some 40 nations. Russia included, for research and worldwide observations in the field of the earth sciences.

The satellite program, on the basis of present, rough plans, is expected to cost some 10 million dollars.

Presidential Press Secretary James C. Hagerty told the news conference that:

"I would like to stress that this project is entirely for scientific purposes.

Not For War
"Do you mean," he was asked, "as distinct from warmaking purposes?"

"If you wish, yes," Hagerty replied. "The data that will be collected from this development will be available to all scientists throughout the world."

Need Amendment
"The general fund appropriations act does not give the administration, through the state board of finance, the power to reallocate any surplus which might build up in the general fund. This was the case in the previous administration and is the reason why I suggested the special session amend the present appropriation act to

give the board of finance authority to use general funds to meet the welfare crisis.

This course of action could be followed by the governor in this special session rather than asking for an increase in additional taxes."

COP—

(Continued from Page One)

on plans to keep working for highway, school construction, health programs, and a policy of keeping up strength to protect the nation while it seeks the road to peace.

Newsmen were not invited to the breakfast, but White House Press Secretary James C. Hagerty told them afterward about the President's informal talk.

Hagerty said Eisenhower repeated what he has said before—that he is interested in unification of the Republican party behind a set of principles that would be accepted in trust and confidence by the people.

He said his definition of a true Republican is one who best represents those principles for which the party stands and is not running for election just because he is a Republican.

"Fine Team"
The President began his talk by asking members of the Cabinet to stand. He then told the Republican legislators that those officials represent the executive team he has been working with and they are "a fine team."

He then praised his party leaders in Congress for the work they did in the 83rd and 84th Congresses and said in many ways he is prouder of the work of the Republican organization in this session than in the last.

In telling the legislators to talk positively rather than negatively in this Congress when they go home, Eisenhower repeated his statement of yesterday that the work to get an adequate highway bill although he recognizes there are differences over financing.

He said there is a great shortage of schools but if the federal government is required to match dollar for dollar for new buildings no school districts will start programs until they are assured of federal funds. The school bill foundered on disagreement over proposals for outright matching grants and the administration plan based on credit aid.

Health Plan
Eisenhower said the health program sponsored by the administration was a measure of recognition by the party of the need for increased health measures.

He said maybe the reason some people didn't pass such legislation

is that they didn't want the Republicans to be known as people with human feelings.

In connection with the Geneva conference Eisenhower said he had been reading some comments that some people were greatly worried lest there be let-down because people were expected to expect too much from the Big Four meeting.

He said all that is "bosh, complete bosh."

Eisenhower said what the United States was trying to do at Geneva was to establish a policy to discuss differences. He added that that policy could be carried through in the long run it could lift many of the burdens now confronting the world.

MODERN 12-VOLT ELECTRICAL SYSTEM
Double the punch for quicker starting and more efficient ignition for finer performance.

GAS-SAVING HIGH-COMPRESSION RATIO
With a high 7.5 to 1 compression ratio, Chevrolet's new V8 truck engines squeeze extra power—and work—out of gas.

EXTRA-HIGH POWER PER POUND
Since these V8's deliver high power per pound* of engine

weight, more of the power is actually available for hauling.

ADVANCED AIRCRAFT-TYPE VALVES
Valve action is more positive at all speeds for finer, smoother performance.

FLOATING OIL INTAKE... FULL-PRESSURE LUBRICATION
Oil intake selects the cleanest oil for positive, full-pressure engine lubrication.

*V8 standard in the new L.C.F. models, an extra-cost option in all others except Forward-Control models.

Services in charge of Elders Peterson and Gottfredson.

The Human Trinity

Father, Mother, and Son. That is God's way to make a good world. He entrusts one of His children to us, hoping we may be ready... worthy. Opportunity has come to this family. God has called and the lad needs help. He sees the future opening up. Does he dare tell them what is in his mind? Will they encourage or will they discourage? We older must never become set and finished. The growing life needs the sunshine of our hope. If we cannot go with them in body, surely we can go ahead of them in thought. A very ordinary room, but God has spoken in unmistakable terms. Decisions are being made... maybe to go to church... maybe to accept Jesus. From just such places men have gone out to change the world. May this be another hour of decision!

YOUR CHURCH NEEDS YOUR SUPPORT!
