Soviet Premier Says Reds Will Study Ike Proposal for Mutual Disarmament

RUSSIANS REVERSE STAND ON ARMS

Eisenhower Says U.S. Will Consider Plans Submitted by USSR

MOSCOW (AP)—Premier Bulganin said today his government will continue to study President Eisenhower's proposal for an exchange of military information and mutual air inspection.

Bulganin told the Supreme Soviet that Soviet Russia naturally prefers its own disarmament proposal but nevertheless will not refuse to consider other sincere plans.

In this connection he said Eisenhower's proposal still is under consideration. The Soviet Union is trying to find ways to get the positions of the two sides closer together and find agreement, the Premier asserted.

Yesterday Bulganin told the Supreme Soviet President Eisenhower's plan would be ineffective "because our two countries comprise vast areas on which, if it were desired, one could hide anything one wanted to." The 1,500 deputies burst into laughter at this.

The statement yesterday was taken as a rejection of the plan. But President Eisenhower said later he did not feel Bulganin had closed the door to agreement on disarmament. Eisenhower said the United States will consider sympathetically Russian proposals along the same line with a determination to find a solution fair to both sides.

Bulganin's remarks came during discussion of his report on the Geneva summit conference.

Pilot's Desperate Effort Fails, All 30 on Plane Die in Flames

By RENE J. CAPPON

FT. LEONARD WOOD, Mo. (AP)—A pilot kept his crippled American Airlines plane aloft for more than 30 miles in a desperate bid for a safe landing yesterday but crashed just short of his goal.

All 30 persons aboard were killed. "Just a little more and he would have made it," said an eyewitness, Lt. A. J. Brewster of Ft. Leonard Wood. "The plane came in very low over a housing area, then banked steeply and headed for the post airport."

"One engine was trailing flame and smoke. Then over a wooded area, the right wing fell off."

The airliner crashed on the edge of this sprawling Army post.

It was the second time within 10 months the pilot-Capt. High Barron, Tulsa, Okla.—had tried for an emergency landing. Last Nov. 9 he was credited with saving the lives of 40 passengers on another crippled plane.

Most of the bodies in yesterday's crash were burned too badly for quick identification.

The twin-engine Convair, with 27 passengers and three crewmen, was only half a mile from the

Jubilee 'Manhunt' Has Happy Ending

Police Assist In Locating Wagon Team

THE ARTESIAN WELL

Last night about midnight a nervous man was trying to calm a hysterically sobbing little boy who doesn't know the meaning of death but who was horribly frightened by the cold light of death that ripped the side of the family car.

To understand the complications and the dramatic, last-minute success of the manhunt it is necessary to go back in time a couple of weeks.

At that time Arrel Jernigan contacted the Chamber of Commerce and said he would bring his covered wagon and two yokes of oxen for Jubilee appearances for \$250.

Jernigan explained that the customary fee for his participation in events, with his early day outfit, is \$1,000 but that he would cut the price to \$250 because he liked what Artesia was doing.

Jubilee Co-ordinator Bill Bennett and Chamber Manager Paul Scott were enthusiastic about the idea and set about trying to scare up that much money, above all the other financial demands of the celebration.

Finally, through generosity of 13 Artesia firms and individuals, the sum was pledged. Bennett decided to call up Jernigan and tell

A tragic-comic manhunt involving Arizona state police, a sheriff, a long-distance taxi ride and nearly every communication method but carrier pigeons — has ended happily for the Golden Jubilee.

Mother and Two Children Escape Death in Collision

A mother and two small children, narrowly escaped death shortly after midnight last night when a truck struck their parked car in the 200 block of North First st., then careened into the side of a parked transport truck.

The driver of the colliding truck, Bennie Dale Johnson, 23, of Jewett, Texas, was in jail here this morning after he pleaded guilty to drunken driving.

Johnson, driving a truck owned by the John D. Trisch Construction Co., of Houston, Texas, first ripped the side from a car owned by LaRue Harper, 25, of Carlsbad. Harper's wife, Oleta, 24, and their two small sons, age 3 and 7 months, were waiting in the car while he went for a cup of coffee at the Steak House. Also taking a coffee break there was John W.

Johnson bounced off the side of the Harper car and smashed into the

Simms Urges EDC to Press Drive for More Industries

SANTA FE (AP)—New Mexico's new Economic Development Commission, reactivated after being dormant for four years, met in its initial session today.

The 10-man commission and a 21-member advisory council heard Gov. John F. Simms outline his general ideas for the commission's work.

He said he hoped the commission wouldn't be a "long-hair type commission, interested only in research."

On the other hand, Simms said in remarks prepared for delivery at the opening session he "hopes the commission won't dissolve into an organization of all promotion and no results."

The governor's remarks came as the first order of business for the commission and its advisory council.

Social Security Field Man Due

Ralph H. Yowell, field representative of the Roswell Social Security Administration office, will be in Artesia Monday, Aug. 8, to assist local residents in making application for old-age or survivors insurance benefits and to give general information concerning the Social Security Act. He will be at the office of the New Mexico State Employment Service, 511 W. Main St., between the hours of 10 a.m. and 3 p.m.

Clergymen, Christian Science practitioners and some members of religious orders may now provide for their own retirement by voluntarily coming under the Federal social security program.

Yowell announced today. "Any minister who wants to be covered by the program must do two things: (1) He must file Treasury Form 2031, "Waiver Certificate for Use by Ministers," with the Director of Internal Revenue, Albuquerque; and (2) get a social security card if he has never had one before.

Motorist Found Guilty By Court

As the result of an auto accident here early Wednesday, James H. Neatherlin, of Carlsbad, was found guilty before Judge John Elliott today of leaving the scene of an accident.

Neatherlin had pleaded innocent. His car struck a parked car in front of 509 S. First st. owned by James A. Parham, Las Cruces, doing \$35 damage. Neatherlin was released on his own recognizance to raise the amount of his fine.

Board Asks DA For Opinion on Oil-Gas Leases

Eddy county commissioners, meeting in Carlsbad yesterday, voted to seek an opinion from District Attorney Charles Cesare on whether the county can lease oil and gas rights on 80 acres of land it owns east of the river.

Application for the lease was made by John Gates of Artesia.

The commissioners also conferred with L. D. Wilson, chief engineer for the State Highway Department, and Ebel McKinley of Alamogordo, highway commissioner for District 2, on secondary roads. An oil field cutoff road, it was learned, has been laid out and will be bladed soon.

A meeting of the county advisory committee, consisting of all county elected officials, was set for 7:30 p. m. next Tuesday.

The county commissioners usually meet the second Mondays of each month.

Kenaga's Single Wins Game NuMexers Edge Hobbs, 3-2

Wilson Grabs One Off Wall, Saves the Day

Numexer Hurler Jim Kenaga's deep single to win his own ball game and teammate Bobby Wilson's spectacular back-to-the-wall catch to save it for Kenaga gave Artesia a 3 to 2 victory here last night over the Hobbs sports.

Trailing by two runs in the top of the fourth after Hobbs catcher Ike Seoane's homer for the second Sport tally, Numexer right fielder Dan Howard scored on a single by Manager Tom Jordan in the bottom of the fourth frame.

Then third baseman Paul Dobkowski and shortstop Joe Coscia both collected singles to get on base. Kenaga followed them to the plate and drove a single deep into the hole between first and second to score them both.

But the grandstand thriller of the game came in the top of the seventh. Hobbs threatened with two men on base and one away. Ozzie Alvarez, Hobbs second sacker, belted a long ball that looked like a homer. But Numexer left fielder Bobby Wilson climbed the wall under the score board for a finger tips catch. Hobbs Pitcher Dwayne Peters, who had been on first and gone all the way to third thinking the ball was out of the park, got fooled.

Wilson's peg to Frank Gallardo caught the sport hurler at second in his frantic reverse trip around the baselines.

Police 9 Faces Carlsbad in AL Junior Tourney

CARLSBAD, (AP)—Fraternal Order of Police square off tonight in the finals of the state American Legion Junior Baseball Tourney. Albuquerque is unbeaten in the double elimination tourney, while Carlsbad has lost once. If Carlsbad wins the "final" game tonight, another will be played to determine the champion. Albuquerque needs only one victory to take the title.

Dukes Win, 5-2 Keep No. 1 Spot

By The Associated Press
El Paso managed to break its scoreless drought against Albuquerque Thursday night, but they didn't score enough to keep the Dukes from retaining their narrow hold on the No. 1 spot in the West Texas-New Mexico League.

El Paso scored its first runs in 27 innings against Albuquerque, but the Dukes managed a 5-2 victory, leaving them still a half game ahead of Amarillo.

Amarillo edged out Clovis 9-8, while Plainview stopped skidding Pampa 8-4. Lubbock at Abilene was postponed because of rain.

Surging Cleveland Indians Only 2 Points Behind Sox

By RIP WATSON
The Associated Press
The surging Cleveland Indians, battling to retain their American League title, today were only two percentage points back of the pace setting Chicago White Sox today after attaining their highest rating since they held the lead on May 20.

The New York Yankees seeking their sixth pennant in seven years, are only a game out of first place, but since July 4 they have been marching steadily backward while the other contenders have been advancing in near-perfect unison.

Sickly Record

Cleveland's 6-3 victory over the Yankees yesterday left the New Yorkers with a sickly 11-18 record since Independence Day. The Red Sox, who started the Yanks' slide with a doubleheader victory on July 4, have a 20-9 record since then after a 7-3 romp over the White Sox Jackie Jensen, discarded by the Yankees in 1952, drove in four runs with a triple, single and sacrifice fly.

Three Homers

Most of the noise in the National League came from the booming bat of Chicago shortstop Ernie Banks, who walloped three home runs in the Cubs' 11-10 victory over Pittsburgh. The outburst, good for seven runs batted in, left him tied with Brooklyn's Duke Snider for the home run lead with 36, and third in runs batted in with 87.

Davey Williams Will Quit Game

ROCHESTER, Minn. (AP)—A short-lived baseball career that started in the Dallas, Tex., sandlots ended this week for Davey Williams, New York Giants second baseman, in a consultation room at the Mayo Clinic here.

Talking from his third-floor hotel room, Williams, 27, said last night he is accepting the advice of doctors to quit baseball because of a back ailment.

Mexers Gain Half Game on Leading Colts

By THE ASSOCIATED PRESS
Artesia's NuMexers used a five-hit pitching job and a Texas rain to creep up a half game on the Longhorn League leading San Angelo Colts Thursday night.

The NuMexers got past a surly-tough crew from Hobbs by humped Carlsbad 9-4, the Ashers falling into a tie for place with idle Midland, and the Sox stopped Big Spring 5-4 in a battle of the tail-enders.

Ray Gressett On South All Star Eleven

When the North and South Star football squads square at Albuquerque on Aug. 13, members of last year's All Star Bulldogs—all of them All Stars—will be on the South team.

Instead of Jay Mitchell, who was a member of the New Air Academy, Ray Gressett has been named to the South squad, was an outstanding center for Bulldogs. The other Artesia players on the squad will be Johnny Redie, All State quarterback, Freddy Sanders, All State fullback.

Also in Albuquerque that end for an All Star game will be Nelson Moore, as a member of South basketball five.

Gressett and Redie have letters of intention to enter Tech this fall. Sanders has considered a scholarship offer from NMU, which also offered a scholarship; it is understood by Barker, another Artesia star, late.

'Revenge of the Creature' Is Spine-Tingling Thriller

Universal - International's "Revenge of the Creature," a spine-tingling sequel to the highly successful "The Creature From the Black Lagoon," released last year, is showing Sunday, Monday and Tuesday at the Circle B Drive-in theatre.

"Revenge of the Creature" was produced and directed by William Alland and Jack Arnold, respectively, the same combination responsible for the initial thriller about the half-man, half-fish.

John Agar, Lori Nelson and John Bromfield are starred in "Revenge of the Creature" with Nestor Paiva heading the large supporting cast.

In the new film, shown for the first time in Artesia, the hideous creature of the Amazon jungle is captured and taken to Florida where it is placed on display in a large outdoor marine aquarium.

Agar, seen as a young professor of animal psychology, and Lori Nelson, a graduate of ichthyology, conduct experiments with the captive monster.

When the monster manages to break loose from its captors, it succeeds in eluding a large posse of pursuers. The creature strangely attracted to Lori Nelson, manages to remain constantly near her although she is unaware of the constant danger.

The film reaches its eerie climax when the monster invades a waterfront cafe and kidnaps Miss Nelson from the side of her fiancé, John Agar. The latter leads a large posse in pursuit of the monster and his lovely captive.

is the world's ONLY Waterproof Sound Board!

FACTS EVERY PIANO OWNER SHOULD KNOW ABOUT HUMIDITY

"LET'S TALK ABOUT PIANOS"

- FACTS ABOUT THE STORYTONE SOUND BOARD**
- Laminated with Waterproof Glue!
 - Almost No Shrinking or Swelling!
 - Much Warmer Tone!
 - Stays In Tune!
 - Crack-Proof, Split-Proof, Warp-Proof!

GUARANTEED FOR 50 YEARS AGAINST CRACKING OR SPLITTING

Immerse a dry piece of conventional spruce sound board in water for 24 hours, and it will expand 1/2 inch or more, per foot.

In a spruce sound board 3 feet high, this expansion would total well over an inch — "almost to bursting," to quote Dr. Wm. Braid White.

Subject a completely dry piece of Storytone sound board to the same test and it will expand only 1/32 of an inch per foot.

According to data issued by the famed authoritative U. S. Forest Products Laboratory at Madison, Wisconsin, the expansion of spruce not laminated is 7 to 10 times as great as the expansion of laminated wood such as that in the Story & Clark Storytone Sound Board!

Want to Avoid Rush?

WANT to avoid the Christmas rush? Now is the time it can be done because during July and August business is a little slow.

So if you want to be away ahead of the buying and be ready for the Christmas holidays and avoid that last minute rush—well now is the time to do it.

It is true, of course, that the tinsel and Christmas decorations are not out and some of the special goods we think about for Christmas are not being offered but there is far more standard merchandise bought and sold at Christmas time for Christmas gifts than one realizes.

All of this merchandise is available now. For instance bicycles and tricycles are offered for sale now. They can be bought now for Christmas. This is true about all of the various mechanical refrigerators; the new ranges; the electrical appliances; clothing; new automobiles, radios and television sets.

And although we may not think very much about it there are those doing that Christmas shopping now. They find the clerks have time to wait on them; they find the merchandise they want; they avoid the crowds and the rush of that last minute shopping.

You can be sure that those who prepare your Christmas cards for you would appreciate your order now. They especially would be happy to prepare that special card—the idea you want to work out for your own individual cards.

Your electrician would be glad to discuss that yard and home decorating now and he has the time to do the job you want done. He perhaps will be rushed when the Christmas season arrives.

Considerable thought and effort has already been given to the decorating of the city at Christmas time and the campaign to raise the funds to do this has been underway.

It might be a little early to do any Christmas mailing although you can be sure the postoffice would be glad to deliver that package now if you want to ship it.

But it definitely is not too early to do that Christmas shopping and that Christmas buying if you are one of those who likes to avoid the last minute rush and the last minute crowds. However, if you are one who enjoys that—well you can find the usual jam later during the few remaining days before the holidays get underway.

Look Back Before You Back, Army Warns Its Drivers

WASHINGTON—If soldier-drivers had their eyes in the backs of their heads, the U. S. Army Ordnance Corps would have fewer vehicle accidents to report.

Ordnance Corps analysts in such months of 1955, 36 per cent of all matters report that in the first six accidents involving the Corps' vehicles occurred when the driver was backing. The percentage represents 135 accidents in a total of 370 during the period.

This comes as no surprise to the Ordnance experts; in recent accidents has been running about years, the percentage of backing the same—roughly, 30 per cent of the total.

Indeed, could this type of accident be eliminated, the Ordnance Corps' accident rate—for all the thousands of trucks, tractors-trailers, semi-trailers, buses and sedans operated—would be negligible.

Compared with the 1954 Army-wide accident rate in the continental United States of 1.9 accidents per 100,000 miles, Ordnance Corps vehicles figured in 0.8 accidents in the same mileage period. Injury-wise, Ordnance vehicles did even better; 23 injuries per 1,000,000 (M) passenger-miles as opposed to the Army-wide figure of 7.4.

Reverse or forward gear, however, according to the Ordnance Field Safety Office, the number one contributing factor in Ordnance vehicle accidents—as every where—is inattention. Sixty-seven per cent of the 1955 accidents are attributed to that factor.

Obscured vision accounted for 11 per cent of the accidents, while conditions of the roadway, poor light and weather helped run up the total.

The most common unsafe act leading up to the accidents was that 57 per cent of the drivers misjudged their clearance. This is understandable as the majority of the vehicles involved were trucks.

Forty-two per cent of the accidents resulted in collision with another vehicle; almost 35 per cent of the vehicles came into contact with that well-known "fixed object" of safety report terminology.

However, for all this, Ordnance Corps vehicle accidents in the first six months of 1955 resulted in only \$4,088.96 damage with \$30.28 the average damage-cost per accident. There was only one person injured during the period. The corps figures its drivers are doing pretty well—if they'd only "look before you back," as the current Army safety slogan has it.

Distant Relative Of John Chisum Due at Jubilee

A cousin, although a distant one, of John Chisum will attend the Golden Jubilee and will be present at the dedication of the Chisum Trail—Urban Highway project.

She is Mrs. Vernon Cone, of El Paso, the former Josie Lois Chisum, whose father was a third cousin of Chisum's niece, Sally Roberts.

She will be a house guest while here of Mr. and Mrs. J. C. Floore, 201 N. Eighth st. As girls, Mrs. Cone and Mrs. Floore were schoolmates. As Josie Chisum, the relative of the famous cattle baron attended school for a number of years in Artesia.

Mrs. Cone is expected to arrive Tuesday and to remain until the Jubilee celebration is over.

Federal Reserve Bank Tightens Member Credits

WASHINGTON, (AP)—The Eisenhower administration reportedly is embarked on a policy of cutting back credit to keep prices, fairly stable for two years, from climbing.

"The business boom is getting pretty exuberant," said one high official who asked that he not be named. "It's the consensus of the economic and financial side of the administration that the government should exert some effort to keep it orderly."

The latest in a series of credit curbs was announced late yesterday. Effective today, 4 of the 12 federal reserve banks raised the rate they charge member banks which borrow from them.

In vestigating officers Ernesto Almanza and Billy Nunnelee smelled liquor on Johnson's breath. They took him to city jail where he was given a blood alcohol test and booked on charges of driving while under the influence of intoxicating beverages and reckless driving.

This morning, Johnson pleaded guilty to the drunken charge after results of the blood test showed a .20 per cent alcoholic content. More than .15 is considered intoxicating.

Police Judge John Elliott dismissed the reckless driving charge and fined Johnson \$150 and revoked his driver's license for one year. Johnson, who was unable to pay the fine, was still in city jail where he must remain for 150 days if unable to raise the money.

Police estimated over \$1,000 damage to both the Harper car and the bakery truck, while Johnson's vehicle was considered a total loss.

Neither Mrs. Harper nor the crash although both youngsters were badly shaken and frightened.

him to come ahead. That was last Tuesday.

Calls to Jernigan's ranch, some 15 miles out of Safford, Ariz., didn't get through Tuesday night, nor all day Wednesday and Thursday. There was some mystery about it. One report was the lines were down, another was that Arrel just wasn't there.

In desperation, Bennett called for aid from the Arizona state police. No result—and time was wasting. Bennett called a taxi company and ordered a cab driver to dash out to the ranch and tell Jernigan for Pete's sake to call the Artesia Chamber of Commerce. As an afterthought, Bennett got the sheriff in on the play.

Last night came the joyous tidings, explained when Jernigan telephoned and said he would be here Tuesday, in plenty of time to appear in the historic parade Wednesday morning.

It seems the state police and the taxi driver got to the ranch in a dead heat. Both shouted the message:

"Hey Jernigan, phone up the Artesia Chamber of Commerce."

Jernigan started for town at high speed. He hadn't got far when he was stopped by the sheriff. Yelled the sheriff:

"Hey, Jernigan, phone up those folks in Artesia."

MORE MONEY ALLOTTED

WASHINGTON (AP)—New Mexico is to get \$657,128 additional federal money for airport construction for the current fiscal year. Commerce Secretary Weeks says the state is to get \$985,091 of each of the next three fiscal years. The money is for an enlarged construction program voted by Congress and signed by the President Thursday.

Aircraft Spotter Has an Old Habit Of Scanning Skies

MUNICH—Below soldiers are not too impressed by Private Thomas E. Beggs, a member of the 47th Anti-Aircraft Battalion, stationed here, excels all others in plane spotting; he's been scanning the skies for years.

Beggs of North Hollywood, Calif., is an impassioned pigeon enthusiast. In fact, he raises, trains and races them.

Before being inducted into the Army during the past year, the 21-year-old Beggs was a member of the Mission Racing Club of North Hollywood. His father has been a lifelong devotee of the sport but his soldier-son is considered a "fledgling"—having only five years' experience.

Because size and strength are important in developing racing stock, the cannoner plans to use his stay here to purchase Belgian pigeons for breeding purposes. They are noted for these qualities:

In a homing pigeon race, the birds are not only confronted with all kinds of weather and wind conditions, but must also range anywhere from 100 to 600 miles. In a recent race, the winning pigeon averaged 60 miles per hour.

To prepare the birds for these races, special feeding and training

habits are used. Trial flights, daily exercise and dosages of cod liver oil are important factors in developing a racer.

After separation from the Army Beggs plans to add his Belgian stock to his father's racing stable to carry the family banner.

Speaking of Private Beggs, one soldier-wag recently commented, "he's for the birds." And he meant it—literally!

U. S. production of coal in 1954 averaged 2½ tons for every person in the country.

QUESTION: Why are juries awarding such terrific amounts in personal injury damage suits? Are they getting more sympathetic or are the plaintiffs' lawyers getting better or what?

ANSWER: There are several reasons for the larger awards. Medical and hospital costs are away up and other expenses and property costs are higher. Also the earning power of most people has increased tremendously and the loss of that income due to accident can reach staggering figures.

HE BLESSED the CHILDREN

As naturally as the flower turns its face to the sun, so does the human child respond to the love and grace of God... they know He loves them.
Jesus, who knew the Father's heart, said to some good people of His time — "Let the little children come unto me and forbid them not."
Surely no woman or man would detour a child in his natural search for God and goodness. Take them to church... show them the way... the Master still commands us. They may be ours for a few short years.
They are His forever. How important then to introduce them to Jesus.
Here they meet Him, know Him and love Him, for such is the Kingdom of God.
