First Snow Has Weekend Ski **Enthusiasts Waxing, Waiting**

By The Associated Press

The first sprinkling of snow over by Fort Worth and Dallas promot-New Mexico has the state's weekend winter sports enthusiasts waxing skiis and beginning to think of things promoters have been planning for all year long - the irst big snow.

Those in the know, who have been busily working over facilities for months now, say that the overall picture is for one of the state's biggest winter sport years. Three of five runs-near Santa Fe, Taos and Albuquerque-can be classed in the "major" category. They have T-bar lifts, resurants and hotel facilities. It's at those places that the Southwest Ski Council plans its biggest carnivals over the winter. Ruidoso and Los Alamos hope to get their share of the trade on the strength

of natural runs and rope tows. The Ski Council has announced a six-meet schedule that opens at he Santa Fe ski basin Jan. 7-8. The Ski Council has announced a six-meet schedule that opens at It's a classification race. Other meets on the schedule include nonsanctioned downhill and slalom races at La Madera near Albuquerque Jan. 14-15, Albuquerque Winter Carnival Feb. 4-5 at La Madera, sanctioned junior and open races at Tres Piedras ski range near Taos Feb. 11-12, Los Alamos sanctioned junior and open races Feb. 18-19, and Washington Birthday Carnival races at Santa Fe on

Southwest Ski Council members are Albuquerque Ski Club, Taos Winter Sports Club, Santa Fe Winter Sports Club, Los Alamos Ski Club, Amarillo Ski Club and Midland Ski Club.

All ski areas have been active over the summer in cleaning up their courses, removing rocks and stumps and so on. But the most And there's even a chance that jury list was the largest he had where Doak Walker Enterprises is working on a brand new run.

The run, expected to be in operation before the season is gone, will install a T-bar lift and other mod-

GUY CHEVROLET COMPANY

WHAT YOU SEE pictured here is Buick for 1956-and from the gleam of that "V" grille to the sassy slant of the tail fins, you can see it has no equal for gorgeous good looks.

But what you see from the curb is fully matched by what you feel at the wheel-and that's gospel.

For this Buick gets its zoom from a mighty 322cubic-inch V8 engine lofted to a new record high in power and compression-and from a spectacular new advance in Variable Pitch Dynaflow.*

What's new in the '56 Dynaflow is this: in the first inch of pedal travel-and not with wide-open throttle-your Buick moves from standstill to cruise with silk-smooth, instant and certain getaway.

But comes a sudden need for safety-surge action to get out of a tight spot - and you floor the pedal to switch the pitch of this airplane-inspired transmission. Instantly and smoothly, you're at full-power acceleration - a thrill beyond words.

HEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

101 WEST MAIN

There's a lot more we could tell you about these great new Buicks-about brilliant new interiors, a superb new ride with a safer "sense of direction," and new safety features everywhere you look.

But the best way to get the whole story of the best Buick yet is right at the wheel of one of these '56 beauties. So drop in this week and do just that.

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century-optional at modest extra cost on the Special.

Get 4-Season Comfort in your new Buick with FRIGIDAIRE CONDITIONING—now at a new low price

American Education Week

THIS is American Education Week. The observance of the week was set this year for November 6 to 12.

It is an opportunity for the parents, the patrons and the public to become acquainted with the schools; their programs; M. Davis land, seven miles north of Artesia. their goals; and the things they seek to do. It is our opportunity as citizens, parents and taxpayers to become acquainted with how our money is spent and the job that is being done.

On the other hand it is not only an opportunity for the teachers and the school administrators to inform us of their needs and of the facilities they lack in our educational program.

The public has been invited to visit the schools; to see the youngsters in their classes; in their programs; and in their yesterday various school activities. It will give us an opportunity to learn first hand just how our schools are run and operated and a chance to meet the teachers who provide the instruction for our youngsters.

There are parents, of course, who never see or know the teachers who teach their youngsters. There are parents who never go near the school or the class room where their children attend classes.

All they know about that teacher or the teaching staff and the administrators is what their children or someone else may tell them

The fact is we spend real sums of money for our educational program. We invest large sums of money in school

plants and facilities and equipment. We spend large sums of money for teaching staffs to instruct our children. Our schools represent a large investment to us besides the fact Chapter No. 32, Order of Eastern that our educational programs determine to a great extent. Star, was appointed grand instructhe future of our nation.

This is the time we are not only invited but we are urged ter in Santa Fe. tc visit our schools and to learn first hand what they are seeking to do; how they are seeking to do it; and the kind of results they are obtaining. It is also a good opportunity for us to learn first hand about what we are getting for the money we are investing in education

This newspaper joins with the school administrators; the Hensley, Mrs. W. S. Hogsett, Mrs. teachers and the Parent-Teachers groups in urging you to Effie Wingfield and Miss Ina take advantage of this opportunity to join in the observance Cole

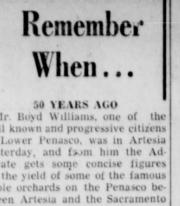

of American Education week and to visit our schools. It will be good for you as well as the schools.

TYPICAL for this time of year is this scene taken on the Clyde Dungan farm east of Artesia. With corn shocks standing over the fields and with pumpkins about them, the scene is one which brings to mind the upcoming Thanksgiving Day on a farm or ranch. (Advocate Photo)

Trip To National Congress Won By Albuquerque Woman

Club Congress in Chicago next and 41, third.

4-H Achievement **Day Scheduled**

On National 4-H Achievement Day Saturday, New Mexico will honor more than 7,500 4-H club boys and girls for a job well done. Hundreds of local volunteer leaders, parents, and others who have contributed to the support of club work in the state will share the recognition

Although the 4-H program is national in scope and world-wide in influence, the center of interest will be the local community, town, and country -- where the "home folks" may see for themselves what their boys and girls are accom plishing

Achievement Day will be of served at luncheons, banquets, and other events - local and countywide-where 4-H'ers, leaders, and parents will be guests and speakers, says Miss Tiny Faye Jones, asso ciate state 4-H club leader at New Mexico A&M College. Farm organizations, civic and service clubs, and other groups will invite the young people to make talks or give reports at their meetings; and leadextension agents and others ers. who help with club work will paricipate in special programs.

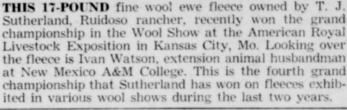

Newspapers and radio stations will carry news and special fea-tures. Exhibits illustrating typical activities will be prepared and put in store windows and other prominent places-all highlighting the

completion of a year's effort to work," Mrs. Humble cited several ward "improved family and comexamples of how the 4-H program munity living," the theme for 1955. had helped boys and girls in her "Four-H'ers," Miss Jones said. community, adding, "To answer 'are boys and girls, chiefly rural that question as I should like to, between the ages of 10 and 21 who
