Fewer Work Applications, Placements In '55 Reported By NMSES Office Manager

Artesia office of the New Mexico State Employment Service reported 2,229 applications for work in 1955, Carl Foster, office manager, said today.

The figure was a bold drop from 1954 when there were 3,092 "active" applications on file. Broken down that made 863 fewer active applications, while there were 1,121 new applicants as compared to 1,092 a year earlier.

The highest number of applications were made during March when the office had 243 active on file. Low months were October and November when there were only 108 applicants on file.

Foster reported that the office placed 2,164 workers during the year, compared to 3,303 in 1954. Prime reason for the drop, his report showed, was the placement of 1,151 fewer agricultural workers. There were 13 more non-agricultural workers placed in 1955.

The highest month for claims was March with 373 while November was low with 123. The office maintained a field visiting program during 1955, visiting 1,170 employers. Of the visits 765 were to non-agricultural employers and 405 to farm employers.

The previous year there were 677 visits to non-agricultural employers and 584 to farm employers.

Cafeteria Now Being Used At Roselawn School

Cafeteria at Roselawn School this week with more than 100 children eating at it. The number of children eating at the cafeteria is expected to increase. The cafeteria accommodates 300.

Children formerly were taken to Roselawn to the High School Junior High School cafeterias which spent most of their time riding a bus and standing in line and had no time left for recreation, a school spokesman said.

The Junior High School Cafeteria serves as a distribution center where food is prepared for other schools. The food is served hot in portable steamers from the Junior High to schools by a truck specially for the task.

Children are encouraged to eat at the cafeterias so they will get well-balanced meals.

The cafeteria at Roselawn is set up as a multiple-purpose room with 150 seats and can accommodate 300 by adding more tables and chairs. The room is still being built for music and other activities.

A small room adjacent to the multiple-purpose room will be a kitchen. It is now used for serving bar and includes a refrigerator, and contains a portable steam table which easily holds food for 300.

650,000 Trucks, Cars Expected To Be Built In Month

DETROIT (AP)—The nation's auto plants will produce close to 650,000 cars and trucks this month, if current schedules are maintained.

That would make a better showing than most industry analysts expected. They counted upon a sharp curtailment because of the mounting field stocks.

Domestic output last week totaled 153,181 cars and 25,955 trucks, compared with 125,253 cars and 19,266 trucks the preceding week.

In January a year ago 635,513 cars were built. Dealers inventories jumped from 362,381 cars in Jan. 1 to 462,673 on Feb. 1. On Jan. 1 of this year inventories numbered 807,825, according to Automotive news' monthly survey.

Counting today's indicated production, assemblies since Jan. 1 numbered slightly more than 300,000. The tabulations show Chevrolet, Ford, Buick Plymouth and Oldsmobile accounting for the bulk of output as usual.

From Jan. 1 through last Saturday Chevrolet built 66,913 cars; Ford division 56,497; Buick 30,572; Plymouth 28,556; Oldsmobile 22,043. In the comparable 1955 period Chevrolet produced 71,723 cars; Ford division 68,254; Buick 28,077; Plymouth 29,914; Oldsmobile 21,834.

Thus the top producers are starting out to maintain pretty much the same relative standings they held through 1955. There have been no more figures on the sales standings of the major producers for all of 1955, but indications are Chevrolet topped for division in

Vanities Ducats Placed On Sale By Band, Chorus

(See Photo Page Two)

The advance ticket sale for the Valentine Vanities of 1956 opened today. Tickets for the show will be sold by all band and chorus members, as well as Valentine Princess candidates, their managers and workers.

Balloting for coveted honor of Valentine Princess of 1956 will be carried on by ticket stubs attached to each ticket to the show. Stubs on adult tickets carry 10 votes each while stubs on student tickets will be worth 5 votes.

Candidates nominated last week are as follows: Sophomores—Gene Havins, Lillian Chipman; Juniors, Susan Lee and Marilyn Warren; Seniors, Sally Scott and Carolyn Nelson.

The winner will be crowned during the final act of Valentine Vanities, which this year will be presented three nights, Feb. 8, 9, and 10 in the high school auditorium.

Not only will the Princess have a full page in the Bulldog yearbook but will receive a cup trophy and bracelet presented by Natalie's House of Music and a pair of Valentine slippers presented by Clark's Shoes. All the candidates will also receive jewelry.

The show will be in three acts. Opening will be the concert band, under the direction of Justin D. Bradbury. Act II will be presented by the high school chorus, under the direction of H. O. Miller, and Act III will feature the Serenaders, popular dance band, with Albino Baca as soloist.

Illinois Man Dies In Crash At Fort Sumner

FORT SUMNER (AP)—A 38-year-old Greenville, Ill., man was thrown 45 feet from a careening car early today and killed instantly in a one-car accident 4½ miles west of here on U. S. 60.

State Policeman Lloyd Miles identified the victim as Harley Eugene Stever, a passenger in a car driven by Ralph Hart Jr. of Clovis, who escaped with minor injuries.

Miles said Hart fell asleep at the wheel and his late model car left the highway, swung back to the other side and overturned three times throwing Stever to his death.

The death raised the New Mexico traffic toll to 12 compared with 18 on Jan. 20 last year.

Grim Search Underway In Three States For Mad Killer Who Escaped From Indiana Jail In Night

EVANSVILLE, Ind. (AP)—Police in three states searched grimly today for Leslie Irvin, described as a "mad dog" killer who escaped from jail while under sentence of death for one murder and indictment for five others.

The hunt was concentrated in the Evansville area and in nearby sections of Kentucky and Illinois. Illinois state police put out a state wide alert for Irvin last night after authorities at Watska, Ill., said they had reports he had been seen in a Watska tavern.

Meanwhile, law officers and witnesses in Irvin's murder trial were given police guards as they hunted the 31-year-old former Evansville pipefitter.

Irvin, convicted of killing an Evansville man and also charged with killing two Indiana women and three members of a Kentucky family, had been scheduled for transfer Monday to the Indiana State Prison at Michigan City to await execution in the electric chair June 12.

Irvin, held in jail at nearby Princeton during the appeal period which followed his conviction and sentencing in Gibson Circuit Court, was missing at breakfast

time yesterday. Four jail doors had been either unlocked or locks picked. Sheriff Earl Hollen said, "There had to be some outside help," adding one man could not have opened the doors himself from the inside. The heaviest snowfall of the winter quickly covered his tracks.

Only Irvin's cellmate Lawrence Bryan, 57, Palestine, Ill., awaiting trial for a triple killing, saw him escape.

Bryan insisted he knew nothing about the escape, but he later told Sheriff Hollen he saw Irvin dress and leave the cell between 10 and 11 p.m. Wednesday. Bryan said he saw no accomplices and did not know how Irvin managed to unlock the doors.

Prosecutor Paul B. Weaver, who directed the prosecution that brought the death penalty for Irvin, wore a 38-caliber pistol and said, "I'm taking no chances. Irvin's mind doesn't work like other people's."

Special guards were given two Evansville schoolboys who supplied an important clue in the investigation that led to Irvin's arrest last April 8.

Irvin was described as a stocky

200-pounder, 5 feet 11 inches tall, with dark brown wavy hair, brown eyes and ruddy complexion. When he left the jail he was wearing a dark blue suit and gray overcoat and was bareheaded.

He was convicted and sentenced to death in December for the killing of W. Wesley Kerr, 29-year-old Evansville filling station attendant who was shot to death in a holdup Dec. 23, 1954.

He was under indictment for murder in the robbery-killing of Mrs. Mary Holland in her Evansville liquor store Dec. 2, 1954; Mrs. Wilhelmina Sailer in her home west of Evansville March 21, 1955; Goebel Duncan, 53, and his son Raymond, 23, and another son's wife, Mrs. Dorris Ray Duncan, 19, near Henderson, Ky., March 28, 1955.

In the robberies, Irvin's biggest loot was \$150, taken from Mrs. Holland's store.

General Motors Sees Decline In New Car Demands

NEW YORK (AP)—General Motors which does about 51 per cent of the nation's automotive business, is laying out its 1956 program on the assumption there will be a moderate decline in new car demand. Its top executives figure the industry over-all will build approximately 6½ million passenger cars and one million trucks in the United States this year.

This volume would compare with the record-smashing 1955 output of nearly eight million cars and 1½ million trucks.

But Harlow H. Curtice, GM president, says there is every indication that 1956 could be the industry's second best year. And, he adds, he is optimistic about the industry generally, for GM particularly and for the corporation's dealer body.

Curtice expressed his opposition to "any form" of federal or state control of credit and said he saw no reason for tightening of credit.

"Consumer credit," he said, "will make a continuing contribution to an increasing standard of living."

He also denied General Motors was forcing new cars or trucks upon its dealers, and added that most of the dealers were making

Security Council Warns More Raids To Produce Penalties

By WILLIAM N. OATIS
UNITED NATIONS, N. Y. (AP)—Israel was under stern notice today that the U. N. Security Council may use its powers of punishment against her if the Israelis continue attacks across their Arab neighbors' frontiers.

The warning came in a Western-sponsored resolution the 11-nation council adopted unanimously yesterday.

The resolution condemned the Israeli attack Dec. 11 on Syrian outposts northeast of the Sea of Galilee as a "flagrant violation" of the Palestine armistice and Israel's U. N. Charter obligations. It said if Israel ignored its obligations in the future, the council will have to consider "further measures under the charter."

The charter empowers the council to punish an aggressor with a diplomatic boycott, economic blockade or even military action, and to call for expulsion from the U. N. of any country that consistently violates the charter.

Israeli Delegate Abba Eban told the council he feared the resolution would be interpreted as endorsement of Arab belligerency toward Israel. Israel contends the attack was in retaliation for Syrian shelling of Israeli boats on the inland lake, which lies just inside Israel's territory.

The resolution noted Syrian "interference" with the Israeli activity on the lake but said "this interference in no way justifies the Israeli action." Fifty-six Syrians and six Israelis were killed in the raid; Israel has reported only several persons wounded as a result of the Syrian shelling.

It was the fourth council censure of a big Israeli border raid, but the first to warrant possible future penalties. The U. N. body has never censured an Arab country for frontier military actions, although Israel has complained of hundreds of Arab border violations.

Authorized by Britain, France and the United States, the resolution was stiffened somewhat at the suggestion of Iran and the Soviet Union. Herve Alphand of France called it "the strongest resolution ever adopted on such a subject."

Radio Auction Produces \$730 For MOD Drive

The March of Dimes was \$730.54 richer today following a six hour radio auction last night over KSPV. The program began at 7 p.m. and went off the air at approximately 1 a.m.

Top price was \$110 paid by a Lake Arthur man for a bale of cotton donated by the Sharp Cotton Co.

In addition to the \$730 raised through the auction, the March has deposited \$1,655 in the bank. A block of dimes to be gathered tomorrow by the local National Guard will highlight Saturday's MOD events. Beginning at 9 a.m. the Guardsmen will collect dimes in the 300 block on Main street.

Also on tomorrow's agenda is a joint effort of the Optimist Club and the Dixie Cafe. Proceeds from all coffee sold at the cafe between 9-11 a.m. and 1-5 p.m. will be contributed to the March.

Next Tuesday night the Flamingo Room of the Hotel Artesia will contribute its entire proceeds to the campaign for funds.

Other upcoming events include: Thursday noon — Carlsbad National Guard members en route to Albuquerque for a MOD affair will stop here and aid the local fund drive. They will be fed gratis by Cliff's Cafeteria.

Jack Benny To Play Violin At Carnegie Hall

HOLLYWOOD (AP)—A fellow who claims to be 39 and has been a violinist 47 years reports now that he will play with the New York Symphony Orchestra in Carnegie Hall on Oct. 2.

The man, of course, is comedian Jack Benny who stopped counting his age when he approached 40. He said yesterday that his New York appearance will be under the baton of Alfred Wallenstein and added:

"I shall try to sound like I'm good enough to play with the symphony even though everyone in the audience knows I'm not."

Despite the way he murders "Love in Bloom" in Public, Benny has been a violinist since 1909 when his father gave him the instrument he still uses.

Benny said his appearance was part of the "Save Carnegie Hall" program.

A real estate firm owns the 65-year-old auditorium and has been negotiating to sell it to a firm that wants to put up a commercial building.

Pre-Olympic Practices Show Russians Will Be Hard To Beat

CORTINA D'AMPEZZO, Italy — The Russians have a reputation for not entering international sports competition unless they think they can win. And next week's Winter Olympics, Russia's first, apparently are no exception.

With six days remaining before the 1956 games get under way in this Alpine village, even conservative appraisals of Russian strength concede the Soviets six gold medals.

That's more than some nations have been able to collect since the winter games were inaugurated in 1924.

From what they've seen of the Russians in warmup competition particularly speed skating and ski jumping, experienced observers figure the Big Four among the Olympic nations — Norway, the United States, Sweden and Finland — will have to make room for one more.

Since 1924, Norway has dominated the winter games, winning 30 1/2 gold medals. The United States follows with 17. Then come Sweden, with 13, and Finland with 12 1/2.

Skating and skiing are the toughest of the Olympic events to predict. And picking winners from among Russia's team members is just as tricky since the Soviets seem capable of producing champions out of nowhere.

Still, Russia probably can expect two gold medals—team and individual—in the men's cross-country and two more in the women's cross-country.

Li'te Vladimir Kuzin leads Russia's men in the cross country. His toughest competition should come from Finland's Veikko Hakulinen and Arto Tiainen and Sweden's Sixten Jernberg, the only man to beat Kuzin in more than a year.

Another one or two—probably two—gold medals seem headed for Russia in the speed skating.

Sweden's Sigge Ericsson, the lean distance man who upset the Russians for the individual world title in Moscow last February, is favored in the 10,000 meters, but not in the 5,000 or 1,500—meters races. The Russians are strong in each, with world records in both.

Ken Henry of Chicago, who won one of the United States' four gold medals in the 1952 games at Oslo by taking the 500 meters, has only a fair chance of repeating.

In practice jumps on Italia, the graceful hill which will be the site of the Olympic event, Russia's Kobe Takada has been surprisingly good. He has experience in international competition, and

Helfand Throws Gauntlet To NBA Executive Rulers

NEW YORK — Julius Helfand has thrown down the gauntlet to the National Boxing Assn.

The chairman of the New York State Athletic Commission blasted the NBA last night for a resolution by its Executive Committee that would permit a boxer to sign for a fight himself when his manager is under suspension.

Speaking at the annual dinner of the Boxing Writers Assn., Helfand termed the resolution "sheer hypocrisy."

"You know," he said turning toward Lou Radzienda, president of the NBA, "that after a fight the fighter will go back to his hotel and whack up the purse with his suspended manager."

Radzienda, a member of the Illinois State Athletic Commission who had praised Helfand's campaign against the undesirable in the sport just before Helfand rose to speak, said later:

"We believe the fighter comes before the manager. Just because his manager is under suspension or doesn't have a license is no reason to penalize a fighter. He has to make a living and should be granted that right."

"What he does with the money is no concern of ours. Under our resolution a suspended manager or one without a license can't come running to a commission for help if the fighter refuses to live up to their personal contract."

"Why should we deprive a top-ranking contender from a title shot because of his manager? That's what a fighter dreams about."

38 Fighters Entered To Date In Optimist Sponsored Shows

A total of 38 entries have been received to date for the three-night boxing show to be presented by the Optimist Club at the Junior High School Monday, Tuesday and Wednesday, is Virgil Lee Ward, 6'5" Lovington youth. Ward is shown here with Ed Carter, also of Lovington, who will see action also. Proceeds from the three shows to be held at the Junior High School, will go towards footing the cost of the Optimist Club's youth program. (Advocate Photo)

Big Ward says he is confident he can whip any heavyweight in New Mexico. He has fought five times winning three. Ward said "I lost two fights when I first started, but I've learned how to use my height and reach to advantage and I am confident I won't lose any more."

Artesia fighters who have entered include:

Charles Hogsett, 185 pounds; Jim Scott, 147; Fred Casteal, 147; Johnny Baca, 122; Joe Valenzuela, 109; Frank Vargas, 105; Marcelino Corrales, 97; Tony Subia, 118; Bill Thorpe, 126, and Max Villa, 120.

Proceeds from the show will be used in the Optimist Club's youth program.

Woman Boxer To Meet Wrestler Here Saturday

Sports fans attending tomorrow night's wrestling show at Our Lady of Grace Center are in for a special treat. The first bout is at 8 p.m.

Bonnie Bartlett, I. W. A. Women's boxing champion, has been signed to appear in a special eight-round bout. Her opponent will be Ruth Hodge, Negro wrestler from Wichita, Kansas.

The contest will be a non-title affair. Championship battles are usually carded over 10 rounds.

Bonnie is rated as one of the greatest "lady" fighters of all time. Her last 11 bouts have ended in knockouts.

In the main event Farmer Brown nationally known TV wrestler, will tangle with Champ Thomas in a two-out-of-three falls match. Thomas is a former independent Wrestling Alliance junior heavyweight champion.

A percentage of the gate receipts will be used to purchase boxing gear for local fighters who are to appear on the three-night amateur boxing show being sponsored here Monday, Tuesday and Wednesday by the Artesia Optimist Club.

Proceeds from the boxing shows will be used in the Optimist boys work.

None of the top-ranked college teams saw action last night. In fact, the card was the slimmest of the season, partially because of mid-year examinations.

In major competition, Manhattan came up with a second-half rally to crush Adelphi 90-76.

Virginia Tech limited Washington and Lee to two points in the last six minutes to post a 60-49 Southern Conference victory. Hack Nichols' 26 points led Colgate to a 76-62 triumph over Corne.

Texas A&M took the lead in the first minute and remained in front to down Sam Houston State 75-46.

And Morehead trampled Union 122-70 in a game between Kentucky schools.

NEW YORK — The World Champion Brooklyn Dodgers, faced with the probable loss of World Series hero Johnny Podres to the Army, are pinning their hopes on Ken Lehman as a replacement for the left-handed star.

Lehman, one of the 17 rookies who will report to the Dodgers'

training camp at Vero Beach, Fla., next month, comes well recommended. His work last year in the International League was so outstanding that several clubs have made attractive offers for the 27-year-old southpaw. To all bids the Dodgers have turned a deaf ear.

As usual, the Dodgers will have an imposing list of newcomers in camp. Back for another trial are shortstop Chico Fernandez, second baseman Charley Neal, Pitchers Bob Darnell and Chuck Templeton, catchers Charley Thompson and Hero Olson and outfielders Gino Cimoli, Dick Williams and Bert Hamric. Youngsters up for the first time include pitchers Don Elston, Bill Harris and Bob Walz, catcher Mike Napoli, infielders Jim Gentile, Dick Gray, and Jackie Spears and outfielder Bob Wilson.

In addition the Dodgers will look at several prize chattels not currently on the Brooklyn roster. These include pitchers Ralph Mau-rice Mobile, Don Drysdale, Montreal, Mel Waters, Fort Worth, and Stan Williams, Newport News, catcher Jim Williams, Newport News, shortstop Bob Lillis, ex-serviceman and outfielder Don De-meter, Pueblo.

The Dodger brass believes at least three, perhaps four of the newcomers, besides Lehman, are ready to stick this season. They are Cimoli, Neal, Dick Williams and perhaps Fernandez, Cimoli, a former bonus boy from San Francisco, finally has begun to demonstrate some hitting ability to go with his defensive ability. The 26-year-old righthander batted .306 and drove

in 85 runs at Montreal. Fernandez, a flashy fielder, had a .301 batting average with the Royals and Neal, despite a .274 mark, demonstrated lots of power by hitting 16 homers and driving in 75 runs.

Dick Williams, who once spent a full year with the Dodgers, enjoyed a successful season in the Texas League, batting .317 with 24 homers and 91 runs batted in and may stay up as a pinch hitter and part-time leftfielder.

Shortstop Spears (.262 at St. Paul) and third baseman Gray (.251 at Fort Worth) don't appear ready. Neither do any of the catchers. Thompson did hit .313 at St. Paul but the 31-year-old bespectacled receiver knocked in only 38 runs and hit only three home runs in 121 games. Napoli and Olson need more experience.

Aside from Lehman, the best of the new pitchers appears to be Elston, the 26-year-old righthander who came from the Chicago Cubs in the Russ Meyer deal. Elston was 17-6 at Los Angeles. Harris was 13-9 at Fort Worth.

Texas Coach To Quit At Season's End

AUSTIN — Basketball Coach Herman "Slue" Hull of the University of Texas has decided to quit at the close of the season.

In his five years at Texas, Hull coached the Longhorns to one Midwest Conference championship and two runner-up positions. His overall record was 54-55.

Hull submitted his resignation to Athletic Director Dana X. Bible and will present it to the athletic board for action. No announcement was made regarding Hull's successor.

Hull indicated he would give up coaching to enter private business. The Texas team still is hunting for its first conference win after five straight defeats. The Longhorns' overall season record is 6-9.

Professional Basketball Scout Names Top Players

By BEN OLAN
NEW YORK — Sidney (Sonny) Hertzberg would make an excellent contestant on the What's My Line? television program.

Sonny is a scout for a professional basketball team—the New York Knickerbockers of the National Basketball Assn. As far as can be determined he is the only one in the country with that occupation.

He has seen nearly all of the outstanding college players in the nation. Today he named the top five in this order—Bill Russell of San Francisco, Sihugo Green of Duquesne, Tom Heinsobn of Holy Cross, Ron Shavlik of North Carolina State and Lennie Rosenbluth of North Carolina. All but Rosenbluth are seniors.

"I'd rate Russell just a shade ahead of Green," he said. "Russell is the best big man I've seen and he has unusual stamina for someone with his thin appearance."

"But Green is the top back court man in the country in my opinion. He's capable of stepping into pro ball right now with any team in our league."

"Heinsobn, who'll probably be the Boston Celtics' first territorial draft choice has great potential. Shavlik is very fast for a big man and is fine defensively. Rosenbluth is just terrific and has definite pro possibilities."

An NBA team is given first crack at a college player whose school is within a 50-mile radius of the pro team's home grounds. Players outside of NBA territory go into a national draft at the end of the season with the last-place team having first choice.

Hertzberg claims that Bill Uhl Dayton's seven-foot center, and Hot Rod Hundley, West Virginia's prolific scorer, are not quite ready for pro basketball's major league. Both are seniors.

"Uhl is exceptionally fast for a

man of his size," said Hertzberg. "But I don't think his reflexes are fast enough right now. He might have trouble defensively."

"Hundley is as fine a ball handler as I've ever seen. Maybe another Bob Cousey. But Hundley is a clown and you have to be serious to make good in the NBA. He'd be better off just concentrating on basket ball."

None of the top-ranked college teams saw action last night. In fact, the card was the slimmest of the season, partially because of mid-year examinations.

In major competition, Manhattan came up with a second-half rally to crush Adelphi 90-76.

Virginia Tech limited Washington and Lee to two points in the last six minutes to post a 60-49 Southern Conference victory. Hack Nichols' 26 points led Colgate to a 76-62 triumph over Corne.

Texas A&M took the lead in the first minute and remained in front to down Sam Houston State 75-46.

And Morehead trampled Union 122-70 in a game between Kentucky schools.

Public Service Maps \$12 Million Expansion In '56

Continued growth and expansion within its 45,000 square mile service area will make it necessary for the Southwestern Public Service Company to spend more than \$12,000,000 for new construction in 1956. It has been announced by A. R. Watson, executive vice president and general manager of the electric light and power company.

"Growth goes on in this territory — and so does our need to keep abreast of the continuing demands for service of our customers. Although we have spent more than 160,000,000 in the last 10 years, we must continue our construction and expansion at a high peak to assure adequate electric power for all parts of our region," Mr. Watson said.

Largest expenditure in the company's 1956 construction program will be made at the new Cunningham Station, west of Hobbs, \$4,500,000 will be put into this new 96,000 horsepower electric generating station this year. It is scheduled for completion in 1957, at a total cost of nearly \$8,000,000.

Another \$4,000,000 will be spent for service extensions to customers, while \$2,700,000 will go for transmission line and transmission system substation construction. New distribution facilities, the lines which actually provide the connecting link for the customer's service, will involve an expenditure of more than \$1,000,000.

Southwestern Public Service Company's investment in plant and equipment to serve its customers has increased by 406 per cent in the last 10 years, compared to a national increase by electric light and power companies during this decade of 11 per cent. As a result of this recent rapid growth, 80 per cent of the Company's equipment is 10 years old or less, one of the highest percentages of new equipment in the electric industry.

During the same decade, the average cost of a kilowatt-hour of electric service for a residential customer has decreased 14 per cent because of increased use of electricity in the area's homes and improved operating efficiency by the company, which has seen great increases in its operating costs during the same period.

"Our service area has undergone many changes in recent years. Where once this region was almost completely dependent upon agriculture for economic stability, we now have a territory with great diversification, with agriculture, petroleum, manufacturing, distribution, and other natural resources combining to produce a well-rounded economic picture. Electric power is becoming increasingly more important to the region, and we have been charged with the responsibility of assuring plenty of power for all — economically and efficiently. We look forward to the privilege of being a part of the region's continued prosperity," Mr. Watson concluded.

Prime Minister Eden Warns Against Feeling That Danger Of General War Is Not Present

BRADFORD, England (AP)—Warning that there is "plenty of dry tinder" in the smoldering Middle East to touch off World War III, Prime Minister Eden said last night fear of nuclear reprisal is still the chief deterrent to global conflict.

Speaking at a Conservative party rally, Eden warned against overconfidence that the danger of general war has receded.

"I do not want to be misunderstood," he said. "The risk is always there and a universal explosion could easily be touched off by hostilities in some critical region such as the Middle East."

"If there is less fear of world conflict today," he said, "it is due to the deterrent of nuclear weapons. Remove the deterrent or take risks in pretending the deterrent is not there, and the world outlook would be terrifying indeed."

"The justification for both atomic and hydrogen bombs is that they are deterrents so awful no country will risk their use against itself."

In an apparent turnaround of Russia's demand for an end to hydrogen bomb tests, Eden said Britain intends to go ahead with the development of its own H-bomb.

"It becomes increasingly unlikely any country possessing hydrogen bombs would deliberately use it against a rival power that owns it also," he said. "We intend to own it also."

Eden's speech had been widely viewed as the opening gun in a campaign to rebuild his government's prestige, which recently has hit a low point at home because of spiraling domestic inflation and Soviet gains in the Middle East.

But the Prime Minister's pledge of alert resistance to rising prices at home and Red aggression abroad aroused only lukewarm enthusiasm in the British press.

Eden assailed Soviet bloc moves to build up influences in the Arab states by sale of arms and other inducements.

"Governments should beware," he warned, "lest in trying to undermine long-established friendships between others, they embroil themselves in graver perils."

Eden, who leaves Jan. 25 for talks with President Eisenhower, said East-West relations had changed in recent months — but "not for the better."

He pledged, however, to keep striving for some way for Communist and free world nations to live together "without quarreling over the domination of the world."

Lashing out at when he called "baseless reports of disunity" in his own government, Eden served notice he intends to stay on as prime minister.

"This country is not on its way down, and my government is not on the way out," he told cheering constituents.

Two Of Most Popular Actors Ignored By Teens

By BOB THOMAS
HOLLYWOOD (AP)—Two of the most popular actors in Hollywood these days are fellows who will never set the bobby soxers afire.

They are Robert Middleton and Arthur O'Connell, character actors who are working more than most stars. Each hit it big with a showy role during the past year — Middleton in "The Desperate Hours" and O'Connell in "Picnic."

They'll be in the running for the supporting Oscar.

The friendly contenders are acting in the same film these days, 20th-Fox's "The Proud Ones." So I dropped out to get a rundown on them.

Middleton is a tall, hulking man of 44, dark, balding and deep-voiced. His size and manner have suited him for heavies, which he has played during 75 per cent of his career.

Like most actors, Middleton has had his struggles, but unlike most of them, he has had an ace in the hole: his family runs a big construction firm in Cincinnati—Frank Messer and Sons, Inc. His real name is Messer.

"I started in the construction business when I was old enough to wield a shovel," Middleton said. "But I got the acting disease had when I was in the first grade. It was during the first World War and I played a wounded soldier in a play."

"I acted all through school and went to New York when I got out in 1932. But there were no jobs for actors then, so I went back home."

He worked in the family business by day and did local theatricals and radio work by night.

Finally he tried New York and started clicking in TV and on the stage. After scoring in "Ondine," with Audrey Hepburn, the movie offers came in. He's been working steadily on the sound stages ever since.

Arthur O'Connell is a wry, soft-spoken bachelor of 47 years who claims he never got married because he couldn't afford it.

"I've had leaner days than most anybody you could name," he remarked. "I slept in subways and parks and freight cars. I've worked in soda fountains and lunch counters to earn \$200 so I could start touring the casting offices again."

Born in New York and son of the Murray Hill Hotel head waiter, he became an actor by accident at 21. A girl friend was an actress and he toured the casting offices with her. He was offered a job in a Dorchester, Mass., stock company. After eight years in stock and two in vaudeville, he decided to try Broadway.

He virtually starved for years. One year he did six plays, all of them closing out of town. But the following season came "Picnic." After the film version, he was in. He has done six pictures since and his lean days are over.

Directing Genius Of Arthur Penn Shown In 'Lost'

By CHARLES MERCER
NEW YORK (AP)—The directing genius of Arthur Penn received full expression this week with the production of "Lost" on Playwrights 56 (NBC-TV). The Tuesday evening drama was one of the best studies of emotional disturbance ever seen on television.

"Lost" concerned a man who suffered from amnesia. The script by Arnold Schulman was based on a factual study of such an actual man in the New Yorker by Berton Rouchee. It was not tragedy in the classical meaning of the word since the victim had no choices in confronting his fate. But its impact on the TV screen was that of tragedy.

Walter Uhlan, superbly played by Steven Hill, was a man who forgot his identity and lost himself in New York. Without indulging in any of the clinical hocus-pocus that so often mars dramas on emotional disturbance on television, Penn and Schulman made it abundantly clear that Uhlan suffered from dementia praecox, a mental disease whose victims are unable to face reality.

The cause of this mental illness is unknown. Its definite cure is unknown. We can only suffer with its victims. Since much of life is suffering, "Lost" gave us much of life. Through the deft use of a Greek chorus technique, Penn touched Ullman's life with sympathy or misunderstanding. To give proper credit to the actors one would have to recite the entire large cast.

The utter truth of the drama shone through the closing moments when no bromide was offered. It was television at its best.

Another instance of television at its best in a different field preceded "Lost" on NBC-TV. On the Chevy Hour a group of pleasant people gathered with that most pleasant of women, Dinah Shore, to provide an hour of good entertainment.

Perry Como and Gisele MacKenzie proved perfect companions for Miss Shore. The program was further blessed with the appearance of the great French pantomimist, Marcel Marceau. The show was given sufficient threat by Stubby Kaye and Johnny Silvers, who played a couple of street-corner booking agents looking for talent. They found plenty.

Alec Guinness, Noted Actor, Looks At Fame With Restraint

By HAL BOYLE
NEW YORK (AP)—Alec Guinness, regarded by many as one of the finest actors alive, regards his success with restrained enthusiasm.

"It's practically all due to lack of food and plenty of disappointments," he said wryly. "Believe me, they can be real incentives."

Critics praise Guinness for his chameleon-like ability to play any role. Perhaps no actor since the late Lon Chaney has used so many disguises.

Alec's roles have ranged from the third murderer in "Macbeth" to Hamlet. In "Kind Hearts and Coronets" he played eight different characters. In his latest film, "The Prisoner," he portrays a cardinal, who fights the brain-washing of a totalitarian government.

"I like variety in life as well as in the theater," he said. "I hate to be typed. If I see any danger of that, I make a dash in the opposite direction."

"Some people like to find a success formula and stick to it. I don't have a formula. I live from hand to mouth, from instinct to instinct."

Guinness also dislikes formulas in plays or films.

"Why should they always have to deliver a message, or try to make some final comment on life?" he asked. "Isn't it enough if any evening in the theater merely provides one with entertainment and something to talk about?"

"I don't know of any major problems in living that can be settled in two hours. Do you?"

Alec has a deep and sustained love of the profession he still feels he hasn't mastered after 22 years of study.

"There is an old saying that it takes 20 years to make an actor," he said. "I'm sleeping it up a bit. It takes longer."

Few actors have had a harder struggle reaching the top.

At 11 he decided on a career in acting but was told by his teacher he lacked the ability. He went to an acting school and again was told he lacked ability. The first time he tried out for a film role he producer told him he would never make the grade.

Rotary Candidate

THE Las Cruces Rotary club has announced the candidacy of Carl Conlee for the office of District Governor of the 170th district of Rotary International.

Rotarian Conlee, who is a retired professional man, has been active in Rotary clubs for more than 20 years. He has served in practically every office and on club committees within the organization besides having represented his club both at district and International conventions. He has attended three International Conventions including the last one held in Chicago in 1955. Prior to this he had attended the Cleveland convention in 1939 and the Denver convention in 1941.

Besides being active in the Rotary club, Rotarian Conlee has also been active in other civic and community affairs in Las Cruces. He has served two terms as Chairman of the Red Cross county chapter; 15 years as chairman of the Dona Ana County Tuberculosis Committee; two terms as commander of the American Legion post; 17 years on the board of stewards of St. Paul's Methodist church; president of the Southwestern Education Association; five years as executive-secretary of the Summer Recreation program; and 10 years as chairman of the court of honor of the Boy Scouts of America.

Rotarian Conlee is probably as well versed and informed on Rotary, its principles, objectives and ideals as any Rotarian in the entire district. He is not only informed on these but he has practiced and followed them in his life and in his service to the community.

The Las Cruces Rotary club on various occasions during the past 20 years has endeavored to secure his permission to present his name as a candidate for this Rotary post but he has always refused because of the lack of time and the pressure of his own business.

Today, however, with him retired he has ample time to give to the Rotary program and his friends are predicting he will do an outstanding job if he is elected to the post.

The Las Cruces Rotarians have been assured the support of a good many Rotary clubs in their district for the candidacy but they are hoping he will have the unanimous backing of the clubs for this high position.

The Artesia Rotary club, of course, will have a vote at the district conference always held in the late spring. The district is composed of the New Mexico club and some of the West Texas clubs.

President Serves Notice He'll Never Again Be Quite The Same

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—President Eisenhower has given the country plain notice he will never again be quite the man he was before, physically, and that henceforth he must avoid undue fatigue.

Although he says he still hasn't made up his mind on running again, this concern about his health has run through everything Eisenhower has told newsmen, even as long ago as last August, before his heart attack.

He said yesterday: "It would be idle to pretend that my health can be wholly restored... My future life must be carefully regulated to avoid excessive fatigue."

While he has decided to let his name stay in any state presidential primary where it may be entered he practically invited all Republican would-be presidents to get into the state primaries, too, to give the voters a wide choice.

He no doubt meant this as encouragement to all of his party's presidential hopefuls to get active but it may have had the effect of chilling their blood. In almost any state primary against Eisenhower they'd almost certainly lose.

Newsmen who went to his news conference yesterday were not surprised when he left them still

guessing on whether he'll run again. He said he hasn't decided and won't for a while.

It was last summer—weeks before his heart attack Sept. 24—that Eisenhower began raising questions about his health when asked about seeking a second term.

In August he spoke about the eroding effect of the presidency on the man in the White House and said, when he had no reason to expect a heart attack, that the state of his health would be a major factor in his decision on running.

That concern about his health appeared in statements he has made since then. He has noted that no man has reached 70 in the presidency. He'd be 70, three months before the end of a second term.

He has said the presidency is more wearing than any military assignment he ever had. He told newsmen Jan. 9 he would have to be careful to avoid fatigue. He has emphasized his decision would be based on what is good for the country.

Along that line he has said it is a "very critical thing to change governments in this country at a time that it is unexpected," a statement which could only mean it is critical if a president dies in office or, for health reasons, can't carry on with his job.

(Continued from Page One)

However, the council did not go along with Syria's original demand for economic penalties against the Israelis and expulsion of Israel from the U. N. The Soviet delegate championed another Syrian demand that Israel pay damages for the dead and property damage but finally dropped this to make the vote unanimous.

The council resolution also called on both Israel and Syria to arrange an "immediate exchange of all military prisoners" with Canadian Maj. Gen. E. L. M. Burns, the U. N. Palestine truce chief. Israel holds 36 Syrians, Syria five Israelis.

It asked Burns to "pursue his suggestions for improving the situation" in the Galilee area. He has recommended a "gentleman's agreement" under which Israel would keep its boats away from the vicinity of the Syrian shore posts and Syria would let its inhabitants take out Israeli permits to fish in the sea.

Israel has rejected such an agreement as interference with her sovereignty over the Sea of Galilee.

State Agencies Told To Ask Bids On \$1,000 Items

SANTA FE (AP) — An attorney general's opinion held today that state agencies must obtain bids on all purchases of more than \$1,000.

The opinion, requested by Gov. John F. Simms marked a new development in discussion of purchasing policies of the state. It clarified the manner in which purchases are to be made, since there are two conflicting laws on the subject. One of these requires bids on all purchases of more than \$200, the other on all purchases of more than \$1,000.

The opinion cited the customary doctrine that in such cases of conflict, the last law enacted is the one that controls.

The State Finance Board recently discussed the subject of state purchasing thoroughly and Simms indicated then he intended to seek an opinion by the attorney general in an effort to clear away the confusion.

The RICH MAN...and the NEEDLE

the greatest teacher left us a word of wisdom that never loses its charm nor its truthfulness... "It is easier for a camel to go through the eye of a needle than for a rich man to enter the Kingdom of God." There are things money can't buy; in fact no really great values can be bought. We can buy food, houses, clothing, but money alone is weak and foolish. The old Spartan mother said to a son who complained that his word was too short... "You must add a step for yourself to lengthen the word." Helpful as money is, man is more important. Real friends and genuine fellowship wait for the extra step you must take. Camels do not go through needles' eyes, nor do human kingdoms of value answer to the demands of wealth. *With God all things are possible.* All men may enter the Kingdom on the same basis and all who enter are rich. People who trust in things find that much can be bought for a price but they will discover with difficulty that education, love, Christianity and trust must be gained by personal worth and individual goodness. *It is the condition of the heart that counts. Money will never substitute for character nor piety.* Of course we should honor men and women of wealth who are good, kind, and generous. They have proved to be masters of things... not their servants.
Go to church this very week.

YOU IN THE CHURCH
THE CHURCH IN YOU
Character is a by-product of the church. It is here that young and old alike are showered with benedictions, prayers and influence for a better citizenship and a molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then why do our children should go to the church of our choice on Sunday. You in the Church and the Church in you form a combination for good. Be a regular church GOER and a daily BIBLE READER.
