FIVE PERSONS DIE IN TRAIN WRECK

Hundred Injured In Maryland Accident When Cars Overturn

ODENTON, Md. (AP)—Seven cars of a passenger train, racing at 80 m.p.h. through the flat countryside between Washington and Baltimore, broke loose last night and overturned. Five persons were killed and almost 100 injured.

A Pennsylvania Railroad spokesman said it was not yet known whether faulty air brakes caused the accident or whether the air brakes went on as a result of the accident. The engineer said the brakes grabbed suddenly.

The worst mangled car on the New York-bound Embassy was the diner. Apparently it tipped over just as it started to pass one of the heavy steel girders supporting overhead electric cables.

The force of the impact literally peeled back the roof of the diner like a sardine lid. The coach broke apart. Dining chairs were tossed 50 to 75 feet away. Scattered stacks of linen napkins were blackened by the tramping back and forth of rescue parties.

Ten-year-old Paul Sioane of Baltimore, making the trip from Washington alone, said:

"I felt a bumping and heard a big noise. Then I knew we were in a wreck. I was real scared. I got bumped around, but I didn't get hurt."

The dead were Alexander Nero, 22, Trenton, N. J.; Thomas Reed Johnson, 35, Baltimore; Alfred B. Haupt, Baltimore; Sydney Jackson, 50, New York City; and Edward Q. Holloway, Wilmington, Del.

Jackson was a Negro porter, and Holloway was a flagman on the train.

Sixty-six persons were hospitalized for injuries ranging from slight to serious. About 35 were treated and released. Many more were treated at the scene.

The derailment occurred about 10 miles south of Baltimore. Engineer Herman Malzer of Point Pleasant, N. J., told police he was making "normal speed—80 miles an hour" when the air brakes suddenly grabbed.

Herbert R. O'Connor of Baltimore, former Maryland governor and U. S. Senator, was among those injured, though not hospitalized.

Passengers credited him with helping persons trapped in one of the overturned passenger coaches to free themselves.

A dining car waiter, Watson Hayes, was serving a ham steak when the car "broke wide open."

"It seemed like I was in a pillow of clouds for a second. And then I was in a field," he said, nursing his injuries. "I don't know what happened. I guess I was thrown clear. People are lucky to be alive who were in that car."

The cars jumped the track in a relatively isolated section where the right-of-way is built up about 15 feet over low, marshy ground.

Two of the three lanes of traffic were tied up by the sprung rails. Railroaders at the scene reported the third track was clear, but the impact of the dining car against the girder had torn away the overhead power lines.

Police Search For Killer Of Okla. Airman

MADILL, Okla. (AP)—The body of the airman son, Roger Timm, 20, of Evanston, Ill., was claimed here by his parents while a nationwide search for the murder suspect continued.

Mr. and Mrs. Harlow Timm, who motored to Madill from Oklahoma City yesterday, indicated they would return home for the burial, possibly today.

Being sought is Prentice Frank Day, 21, New Yorker who, police believe, was given a ride by young Timm in Texas.

Timm's body, with three bullet wounds, was dumped in a roadside ditch near here and found Tuesday. His car was discovered abandoned at San Antonio.

ANDERSON ON COMMITTEE WASHINGTON (AP)—Sen. Anderson (D-NM) is one of eight senators assigned by Vice President Nixon to a special committee to investigate lobbying. Democrats with Anderson on the committee include Gore of Tennessee, McClellan of Arkansas and Kennedy of Massachusetts. The four Republicans are Bridges of New Hampshire, Thye of Minnesota, Goldwater of Arizona and Purtell of Connecticut.

Rainspot's Water Pistol: A Sad Story

This is a story about two men named Billy Rainspot and "Goodbuddy" Dobins, and a plastic Drag-net water pistol.

The water pistol figured in the trial of Rainspot in police court here this morning on charges of engaging in a disturbance and intoxication. Judge John Elliott assessed fines of \$25 against Rainspot on each of the two counts.

It came out in court that Rainspot had been at a local tavern, where he had a few drinks, when he saw men walk in whom he mistook for someone who he said had taken some money from him in a crap game.

When the two men went to the bathroom, Rainspot followed them and allegedly accused them. Meanwhile, a waitress called police, saying that there was an argument going on and that one man had a pistol protruding from his pocket.

"It wouldn't quite fit in the pocket," Rainspot told the judge. When patrolman Ernest Almanza arrived on the scene he heard Rainspot, whose back was toward him, tell him to stand back.

"I didn't know who it was I was beginning to get a little scared," Rainspot told the judge. "I thought I had bitten off a little more than I could chew."

"When I heard him say 'stand back' I pulled my own gun and stuck it in his ribs," Almanza said. "Yeah, and his wasn't plastic," Rainspot said.

"Well, I asked 'Goodbuddy' what was the matter," the policeman testified. "But 'Goodbuddy' had lost his voice."

"When I looked at 'Goodbuddy,' he was white as a sheet," his companion told the judge. ("Goodbuddy" isn't normally very white.)

"Yes sah. If an hadn't been in the corner ah'd of told 'em all goodbye," Goodbuddy said.

Rainspot pleaded guilty to both charges. Judge Elliott returned to him the plastic water pistol which had been labelled and held as evidence for the trial.

Rainspot told the judge that he was going to stay home and keep out of trouble after this.

"Goodbuddy" said he had sworn off shooting craps.

Business Group Discusses Meet Held At Lubbock

A group of local business men who attended a Chamber of Commerce workshop at Lubbock last week met at noon today for a second discussion of what they had gleaned from the meeting, Chamber Manager Paul Scott, said today.

Scott said that there is to be a meeting of the civic improvement committee of the Chamber Monday at 10 a.m. to formulate plans for its program. Scott said that a similar organization, functioning successfully at Lamar, Colo., for some time, is being contacted to see how they have operated for the good of their town. It is believed that the organization's methods might be successfully adopted here, Scott said.

Council Names Men In a special meeting of the Safety Council here last night, G. E. Kaiser, Cal Terpening, Mrs. Basil DeMars and F. L. Green were named to handle the distribution of information materials received from the national council.

JAP POPULATION TOYKO (AP)—Japan's population has hit 89,275,529, more than six million persons above the 1950 census bureau announced.

MRS. MACY MURRAY, 806 N. Fifth St., stands weeping in the door of her home at 2 p.m. today shortly after a pick-up truck crashed into the front of her house caving in the wall and doing about \$200 damage. Police believed that wind had started the truck, which was parked on higher ground across the street, rolling down hill across the yard to the house. Mrs. Murray was in another part of the house at the time and was uninjured. She lives alone in the house. (Advocate Photo)

James Upton Pays Life For Murder

SANTA FE, (AP)—Completely calm and resigned to his fate, 22-year-old James Larry Upton died in the electric chair today for the 1954 hitchhike slaying of Donald Dilley, 19-year-old airman from Salt Lake City.

The youth, who had been in sole with society constantly, was 10, told Warden Harold Swenson he had nothing to do before the black mask was put over his face. Then the three lethal charges were administered into his once strapping body, reduced to thinness after long stay in prison.

A crowd of approximately 60 persons, mostly guards and peace officers, saw the grim finale to a week-long court battle to save Upton from the chair on the day of insanity.

Upton was a battle which went down within hours of the midnight deadline. Only at mid-evening did the state fully apparent there was a seven-hour hope for Upton.

It was when the 10th U. S. Circuit Court of Appeals at Denver set the telegraphed plea of insanity to enter the case. The State Supreme Court earlier dramatically and unanimously found him a stay of execution.

He was found to be sane. That was his last resort in the courts. And Gov. John F. Williams, who cancelled a speaking engagement so he could keep close to his desk, declined to use his power to grant clemency.

Upton's death was the last scheduled to occur in the electric chair, seven times between 1933 and 1955. The state in the future will use the gas chamber to carry out the death penalty.

Upton's strain and tenor of Upton's execution last night, his mother, Mrs. Annie Wood Bakersfield, Calif., was taken in upset condition to a hospital and placed under a doctor's care.

Sept. 10, 1954, Upton shot and killed Dilley in Tijeras Canyon, Albuquerque. He had caught Dilley with the homebound airman Amarillo.

In his trial he testified he shot Dilley when he saw the youth's eyes of bills as they stopped east Albuquerque for gas. And he did not like the way Dilley looked like a tough guy. He was afraid, he said, by Dilley's talk of riding in jet planes.

After the shooting he fled into a hilly arroyo bounding Highway 66. It was there State Police arrested him.

Dec. 15 the Supreme Court, setting Upton's appeals for the time, set the date of execution. He later tried in vain to force warden to initiate a sanity hearing, as provided by law in such cases. Then the Supreme Court, holding the warden has discretionary powers in such instances, (Continued on Page Four)

Fight Breaks Out At Struck Aviation Corp.

FARMINGDALE, N. Y. (AP)—Fighting broke out anew today at the strike-bound Republic Aviation Corp. plant as non-strikers sought to enter the factory grounds by using a Long Island Rail Road train which stops close to a plant gate.

The plan worked yesterday for some 800 non-strikers but today the striking International Assn. of Machinists union had members aboard two trains which arrived at 6:39 and 7:39 a.m.

Pickets got off the train first and struggled with the non-strikers as they stepped from the train and headed for a nearby gate.

The 6:39 fighting ceased only when plant guards closed the railroad station gate. The non-strikers got into the plant, however, by walking to the main gate where picket strength was weak. By 7:29 when the second train arrived the main gate picket strength was strong enough to prevent any entry.

Earlier—at 6 a.m.—a contingent of non-strikers passed through the main gate because the early morning picket line was thin.

In the course of the fighting police arrested fighting pickets so fast newsmen were unable to count the number. No injuries were reported.

Only yesterday a State Supreme Court justice exhorted both sides to "prevent and eliminate any physical violence" in the wage dispute now in its sixth day.

'Lost' British Sub Is Sighted LONDON (AP)—The Admiralty today called off a search for the British submarine Acheron, sighted safe in gale-swept Arctic seas after being out of radio contact for nearly six hours.

The British minesweeper Coquette radioed three hours after the Admiralty reported the Acheron overdue that she had made "visual contact" with the sub.

The Coquette also reported the Acheron, carrying 65 men, said her communications system was out of order. The Acheron then proceeded to Iceland.

Local Man Burned Harold J. Evans, 1010 W. Runyon, was slightly injured early this morning when an adhesive substance used in gluing table top surfaces to wood, suddenly burst into flame. Firemen said the glue apparently was touched off by flame from a gas pilot light.

Monday Classes To Be Held In New Hope School Construction, begun last May on a new classroom addition at Hope School, is far enough along that classes are scheduled to be held in the new rooms Monday.

The addition was supposed to have been ready for occupancy last Sept. 1.

Vernon Mills, superintendent of schools, said that they have begun moving into three of the rooms today.

The addition, which is built adjoining the gymnasium of the old school, includes three classrooms, a cafeteria and other facilities.

to replace the currently vacationing jailer.

Lane maintains his innocence and said he feels that once the audit is completed, he will be exonerated.

In action yesterday, auditors worked over the books and papers of the sheriff's office and of Justice Lawson; Kegel continued to investigate various allegations filed with him in Aztec; and Loehr conducted the investigation of the alleged beating in Farmington.

Malenkov Job Is Under Fire In Publication

MOSCOW, (AP)—The Soviet press today published a direct attack on the Ministry of Electric Power Stations which former Premier Georgi Malenkov heads.

The ministry was accused of "procrastination" in a speech to the 20th Congress of the Soviet Communist party delivered in the Kremlin yesterday by the state planning boss, First Deputy Prime Minister Maxim Z. Saburov.

When Malenkov resigned the premiership Feb. 8, 1955, he publicly confessed he had been inefficient and was not sufficiently experienced in administration.

Saburov did not mention Malenkov by name. But he left no doubt that the Soviet government is dissatisfied with the way Malenkov's ministry is being run.

"The Ministry of Electric Power Stations," Saburov said, "is procrastinating too much with the putting into operation of new equipment and electric stations. Due to this, one million tons extra in conventional terms of fuel are consumed annually at high pressure electric stations alone."

The Division of Vocational Rehabilitation is a State-Federal program under the jurisdiction of the State Board of Vocational Education. The function of the program is to render services to those civilians disabled by accident or disease, who are financially unable to provide the services for themselves, for the purpose of preparing them for employment in order to prevent them from becoming dependent upon family, friends or society.

The following services are rendered by the program: Counseling and guidance to help the disabled individual to choose the right job; medical examination to determine the extent of the disability; retraining in a vocation that the disabled individual is physically and mentally capable of performing; removal or reduction of the disability through surgical or psychiatric treatment; purchase of prosthetic appliances such as artificial limbs, braces, hearing aids, etc., to enable the individual to accept employment or training; cooperation with the State Employment Service, placing the disabled individual on a job in which his disability is not an employment handicap.

The program has been in operation since 1921. However, because of the increased number of disabled persons, which is estimated to be 200,000 annually nationally, additional funds have been made available in most all states and by the Federal government to cope with this increasing problem.

James J. Halvorson is in charge of the local office and the cooperation of all citizens of the community is solicited to help find all disabled individuals and to cooperate in the placement of these disabled persons in selected jobs which they are able to do.

Additional information may be obtained by visiting the office in Roswell.

Roswell Vocational Rehabilitation Office Services Eight-County Area

ROSWELL (Special)—The New Mexico Division of Vocational Rehabilitation has established a district office at 121 West Walnut in Roswell. In addition to serving Chaves County it will also serve Lea, Eddy, Lincoln, Roosevelt, Curry, Quay and DeBaca.

High School Musicians To Invade Artesia For Southeastern Festival

Approximately 1,500 school musicians will invade Artesia Saturday, March 17, when the Southeastern District Music Festival is held here.

To date there are 23 bands tentatively scheduled to appear here at the Junior High School, where the entire festival will be held.

The instrumental phase will be held here and the choral phase will be held in Portales the following Saturday, March 24.

Artesia will be represented in the events by both the Junior and Senior High school band. The Junior High Band is under the direction of Herbert Beasley, and the High School Band, under the direction of Justin Bradbury.

In addition to the two bands, there are about 50 solos and ensembles from the two schools. Cooperating with the school in this venture, which will attract many parents and patrons from out of town, along with the school musicians, is the band parents organization, which will operate concessions.

Bands and orchestras from Curry, Eddy, Quay, Lea, Chavez, and Roosevelt Counties will attend this meet. Bradbury and Beasley are co-chairmen of the festival.

NEW HOPE SCHOOL addition that will be moved into Monday. At left is the new section which adjoins the gymnasium at right. Classes will begin Monday in the three north rooms which are finished completely in pale green. (Advocate Photo)

Dinner Is Held For Pastor Who Leaves Monday

The Rev. and Mrs. Keith Wiseman and children, Riley, Darrel and Cheryl, were invited to the home of Miss Eleanor Clark, 811 Quay, for supper Thursday night. Mr. and Mrs. Kenneth Tyson assisted with the supper.

The Rev. Wiseman is pastor of the Church of the Nazarene, and he and his family are leaving Monday for San Diego, Calif., to make their home.

A group met at the church and then went to Miss Clark's home where they surprised the Rev. and Mrs. Wiseman with a farewell party.

They were presented a number of gifts. Refreshments were served.

Those present were the honorees and Miss Eleanor Clark, Mrs. E. A. Paton, Mrs. Lonnie Chester, Mr. and Mrs. Kenneth Tyson, Mrs. Lee Moore, Mrs. Turner, Mrs. Minnie Johnson, Mr. and Mrs. Charley Scott, Mr. and Mrs. R. L. Price and their granddaughter, Barbara Rhodes, Mr. and Mrs. Floyd Hall and children, Mr. and Mrs. Carl Shelton and children, Mr. and Mrs. H. C. Briscoe and children, Mr. and Mrs. Dean Brown and children, and Sidney Smith.

Sunshine Class Holds Supper

The Sunshine class of the First Methodist church met Thursday night in the home of Mr. and Mrs. Calvin Dunn for a covered-dish supper and program. Mrs. George Teel was co-hostess.

The table was centered with the traditional cherry tree and hatch et. Mrs. C. A. Stalcup's first grade pupils at Park School made miniature hatchets which were used as favors.

The program was on George Washington. Mrs. H. L. McAlester's topic was "Our Brotherhood." Mrs. Stalcup gave the history of George Washington's family, and Mrs. George Thalman read a poem "One Kind Word."

Those present were the Rev. and Mrs. H. L. McAlester, the Rev. and Mrs. E. A. Drew, Mr. and Mrs. Leslie Martin, Mr. and Mrs. J. P. Menefee, Mr. and Mrs. George Thalman, Sr. and Mrs. Robert Yates, Mr. and Mrs. George Kinder, Mr. and Mrs. C. A. Stalcup, Mr. and Mrs. Calvin Dunn, Mrs. Robert Cole, Mrs. J. H. Walker, Mrs. A. L. Neatherlin, Mrs. Roger Durand, Mrs. C. B. Blocker, and Mrs. George Teel, members, and Miss Doris Johnson, a guest.

Radio Quiz Set For Third Grade Second Group

Miss Lois Nethery, quiz mistress for the radio book quiz, will discuss the third grade books "Dogie Boy," by Heal, "Black Beauty," by Sewell, "Little House," by Burton, and perhaps others from the list which the students may choose.

The discussion will be held with the second group of third graders Saturday noon on the quiz sponsored by the American Association of University Women and radio station KSPV.

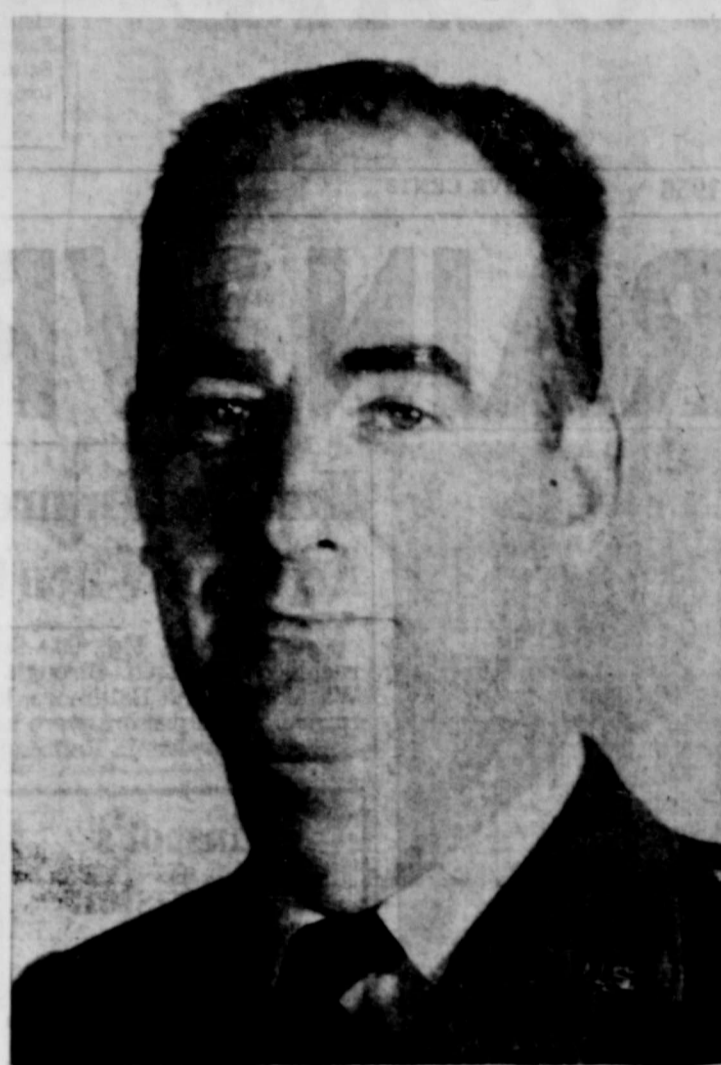

Pupils from Mrs. Roberts' and Mrs. Rice's rooms at Park School, and Mrs. Copeland's room at Central School, will take part. There will be a third group of third graders participating in the quiz the following Saturday because of the large number who have read the eight books required for participation.

Major Ray Watkins To Address Father And Son Banquet Meet

An Albuquerque resident, Major Ray M. Watkins of Walker Air Force Base, will be the featured speaker at the annual Father and Son Banquet to be held at the First Presbyterian Church next Monday at 7 p. m.

Watkins, who is at present commanding officer of the Periodic Maintenance Squadron of Walker's Sixth Bomb Wing (Heavy), will speak on the tenth anniversary of the Strategic Air Command.

The actual anniversary date for the ten-year period will occur on March 21, but it has already been highlighted by a half-hour presentation on last Sunday's NBC telecast, "Wide World."

Watkins has been stationed at Walker since 1951, after reporting from a tour of duty at Biggs AFB,

El Paso. He is a native Texan himself, but a New Mexican by choice.

He is a qualified command pilot of the ten-engine B-36 bombers comprising the striking units of the Sixth Wing. He has been in the Air Force since 1941, and has been within the Strategic Air Command since its inception in 1946.

During World War II Watkins was based with the 20th Air Force in the Far East as a B-24 pilot, and later as a B-29 pilot.

He completed his flight training at Lubbock after being graduated from the University of New Mexico with a bachelor of arts in pre-law.

His wife, the former Helen Butler, is from Carlsbad. They have one daughter, Pamela.

Dancing Maestro Gene Kelly Changes Pace In Drama Role

GENE KELLY, the dancing maestro, has donned a naval uniform once more for his newest motion picture, "Crest Of The Wave." This time, however, he wears it for a straight dramatic role in this explosive action-packed drama filmed in Britain and the Channel Islands off the coast of France. In "Crest Of The Wave" Kelly portrays a man who fights both the unknown and prejudice in the development of an undersea explosive on which both American and British personnel have been working. It is a most demanding dramatic assignment. "Crest Of The Wave" will be seen at the Ocotillo theater Saturday, Sunday and Monday.

Next Tuesday the Rev. Klerekoper will leave for Norman, Okla., to attend the Rocky Mountain area conference of stewardship and promotion of the Presbyterian church as the New Mexico representative.

Pretty Wife's Abductor Faces Kidnap Charge

PUEBLO, Colo. (AP)—Repentant and remorse, Eugene C. Hurst, 28, was charged late yesterday with kidnaping a pretty young mother in a ransom attempt.

Dist. Atty. Wesley C. Kettelkamp Jr., filed the formal charge. Under Colorado law, conviction of kidnaping carries a penalty of 30 years to life in prison.

Hurst, a husky former Grand Junction, Colo., office worker, was moved to county jail from St. Mary's Hospital.

He suffered a bullet wound in the left leg and severe head cuts early Wednesday when three rescuers of the kidnap victim, Mrs. Nancy Jackson, 27, subdued him on a prairie 28 miles west of here.

Mrs. Jackson had been abducted three hours earlier as she left a night class at Pueblo Junior College.

Hurst has admitted holding her hostage while telephoning a demand to her husband, auto dealer Robert A. Jackson, 28, for money.

In an interview, Hurst said he decided on the spur of the moment to seek money from Jackson, a former high school classmate here.

'The Virginia Exiles' Review Given By Mrs. McAlester At Study Group

Mrs. H. L. McAlester reviewed the book "The Virginia Exiles," by Elizabeth Gary Vining at a meeting of the Study Group of the Artesia Woman's club Wednesday morning in the home of Mrs. Ed Thompson. Mrs. B. A. DeMars was co-hostess.

Refreshments were served to one guest, Mrs. R. C. Higley, and the following members: Mrs. Glen Caskey, Mrs. Carl Lewis, Mrs. Roy Richardson, Mrs. Nellie Hartell, Mrs. Tonnie Cole, Mrs. J. A. Richards, Mrs. Earl Darst, Mrs. H. L. McAlester, Mrs. Felix Cauhape, Mrs. Louis F. Hamilton, Mrs. George Teel, Mrs. E. S. Jeffers, Mrs. George White, Mrs. J. R. Miller, and Mrs. F. L. Bays.

Mrs. Miller, president, opened the meeting with a brief prayer and then introduced Mrs. McAlester.

The story was taken from the Quakers. Mrs. McAlester first explained the customs, ideals and religion of Quaker people in 1777. The Virginia exiles were a group of Pennsylvanians most of them members of the "Society of Friends."

They were banished, to Virginia because they refused to subscribe to a loyalty oath which was against religious belief.

Caleb Middleton, hero of the book, one of the "Seventeen Friends" was arrested when his father decided to close down his iron furnace until peace should be restored. Without trial the Friends were exiled to the mountains of Virginia where they worked out their relationships, and discovered their destinies.

Middleton meets and falls in love with a Virginia girl, Love Day Parry, who is engaged to a distant cousin. He finally wins out over his rival. The love story is dramatic, vivid and convincing, showing a great faith, Mrs. McAlester said.

At the close of the program Mrs. Caskey thanked the group for making her an honorary member of the club. Mrs. Caskey was the first organizer of the Study Club.

The next study will be March 14 in the home of Mrs. George White with Mrs. Roy Richardson as co-hostess.

On a rotating basis two CBS news correspondents will accompany the unit at all times. Using specially equipped station wagons and switching to airplane when timing requires it, the unit will supply both CBS television and radio programs with both spot and background news coverage.

After the New Hampshire primaries the task force will fly to Minnesota for the primaries there. Wisconsin will follow. Later the unit plans a turn through the South, sampling the political atmosphere in Tennessee, Virginia and the Carolinas.

"When our unit covers a candidate," said Day, "it will not only find out what he said, but why he said it, whether he meant it, and what the effect is on the voters. In short, we're going to go deep into this campaign scramble and come up with stories that are accurate, exciting and meaningful."

Permanent members of the Campaign Cavalcade include an assignment chief, a reporter, two film cameramen, a lighting technician, a film sound engineer, a radio engineer to record on-the-scene oratory and interviews, a business manager and two general

We'll Pay It Anyway

WE FACE MOST issues sooner or later. We can postpone facing problems, issues and questions over a period of time, but sooner or later they come home to us.

That will prove to be the case regarding the funds for schools—money to build new classrooms and plants and for the operation of our schools.

It is fine to clamor for the federal government to provide the funds but in the final analysis we pay the funds. We will pay more because when the government collects taxes there is too much used for the collecting and the percentage that is returned to the state is far less than it is when we collect the same amount of taxes in our own state and distribute these funds.

But we have developed a habit of expecting the federal government to provide something when we haven't the money or when we want to avoid facing the issue and doing something about it ourselves.

Prior to the depression and the early days of the late President Franklin D. Roosevelt, we never expected the federal government to provide any buildings for us except the postoffice buildings.

Today we expect the federal government to provide the postoffice buildings; the federal buildings; the hospitals; the armories; the federal court buildings; the health centers and now the school buildings.

As we have pointed out before the federal government hasn't any funds to aid the public schools. It is also true that the federal government has a tremendous deficit now.

We can't keep from feeling that the providing of our schools is the problem of the school district in every state in this nation. Take a look at your tax bill. Take a closer look at the sum you paid for the public schools for your child, your children or even your neighbor's children. It is extremely small considering what your youngster received or when considered in the light of what it would cost you individually to provide this type of education for your children.

We may just as well face the issue because it is going to come home to us. We may just as well equalize the assessments; place them where they should be; and assess the taxes we are going to have to have to provide the buildings and the classrooms and to pay the bill. And if we are paying for it we will probably settle for less and we will only provide what we need instead of what we might think we would like to have.

Congress Calls Sec. Dulles To Explain Mixup In Policy

By JAMES MARLOW
 Associated Press News Analyst
 WASHINGTON, (AP)—Secretary of State Dulles, quoted by Life magazine as saying it is an art to get to the bring of war without falling in, is less artistic about hot war. He's in it again.

And the Democrats are sloshing around after him, just as mad as they were the last time, and the time before that.

Dulles, freshly back from a Bahamas vacation, was called today before the Senate's Foreign Relations Committee to explain what is going on.

The Democrats, but not Democrats, alone, have expressed concern about the direction—or lack of it—in American foreign policy. There have been complaints that policy has been drifting ever since President Eisenhower's heart attack last September.

In this same period the Communists, dumping Stalin's sullen stay-at-home policy, have been moving confidently to try to win Asia and the Middle East with smiles and promises.

It was in mid-January that Life magazine, after a special interview with Dulles, carried a story extravagantly praising his conduct of foreign affairs.

He was quoted as claiming the Eisenhower administration three times had saved the country from war and as philosophizing on the art of getting to the brink. Many Democrats exploded.

Today marks the first chance they've had to question him about that story since it appeared, for on Feb. 12 he flew to the Bahamas for a rest. While he was fishing another explosion set the Democrats off.

This was the disclosure the United States was shipping 18 light tanks to Saudi Arabia.

O'Donnell Is New Dean

By THE ASSOCIATED PRESS

William B. O'Donnell, executive secretary of the New Mexico Education Assn., has resigned to accept the new position of Dean of the College at New Mexico A&M.

O'Donnell, who has held his NMEA post since 1933, will coordinate the operations of the deans of the college's three schools. He will also serve as director of the summer school, director of continuing studies and head the teacher education program on the retirement from administrative work of Dr. Claude C. Dove this year.

Miss Lura Bennett of Raton, president of the NMEA, announced O'Donnell's resignation "with greatest reluctance and very great regret."

O'Donnell was expected to assume his new duties as soon as he can wind up his connection with the NMEA, but no definite date has been set. A college spokesman said he did not know what salary O'Donnell would receive.

From 1939 to 1951, with time out for a hitch in the Navy, O'Donnell was dean of students at New Mexico A&M. He was professor of education there from 1951 to 1953 when he resigned to join the NMEA.

Gracie Fields Continues To Capture American Audiences With British Wit

By BOB THOMAS

HOLLYWOOD (AP)—Why do some English performers succeed in the United States while others fail? This question has long intrigued observers of show business.

Some British stars can be comedy favorites in their own land, yet they lay eggs here. A few are hits on both sides of the Atlantic. A prime example is Gracie Fields, who can make any audience laugh or cry with her songs and stories.

Miss Fields reflected on the matter of intercontinental comedy over lunch at the Hotel Statler, where she is appearing nightly.

"Most American comedy stars are well received in England, but the reverse is not always true," she said. "The main reason is that we in England are accustomed to all the American dialects through all the English dialects."

She mentioned a British star whose Cockney humor makes him a big hit in England, yet he flopped here.

"A performer has to have his confidence," she explained. "When a comedian tells a couple of jokes and they aren't understood, he gets panicked and the rest of his performance is no good. That has happened to a lot of English stars."

On the other hand, some fail by trying too hard to meet American tastes.

On the other hand, some fail by trying too hard to meet American tastes.

Gracie, as perky and winsome as ever, is playing her first night club date in 10 years. She seems to be bearing up under the strain of two shows nightly, but she admitted she was slowed down by performing on a television last Saturday night.

"I did it after the last show," she explained, "and I didn't get home until 4 in the morning. I went to it feeling like Jack Ben-

ny's 39, but came home feeling 58, which is my real age."

Like Sir Harry Lauder, Gracie admitted she is always retiring. But she claimed it is the newspapers that announce her retirement, not she.

"I'll keep working as long as the pipes are loud and clear," she said. "When they get rusty, then I'll quit."

Upton—

(Continued from Page One)

stances, declined to order the warden to ask for the sanity test.

On Monday of this week, Federal Judge Carl A. Hatch, after a day-long hearing, ruled he could not give Upton relief. The next day Hatch declined to authorize an appeal from his order. This is a requisite in habeas corpus actions.

Two hours later the Supreme Court agreed to give Upton the sanity hearing, held yesterday.

It was similar to the Monday hearing. A psychiatrist and a psychologist testified for Upton that his mental condition was such as to put him in that class of insane persons whom the Constitution protects from capital punishment.

But a psychiatrist testified for the state that Upton was a sane person, as the law knows sanity.

When the Supreme Court announced what Chief Justice Con-

rad called its unpleasant decision, there was no noticeable reaction in Upton. He took it with the same calm — almost disinterest — with which he had seemed to regard the entire week of legal arguments. He extended his wrists for the handcuffs. He was whisked back to the prison for the last time.

It was then, apparently, that he became resigned. It appeared possible he may not even have known of the telegraphed appeal to the federal Circuit Court.

Warden Swenson, who visited him during the evening, said he was perfectly calm and composed, with a firm handshake. He ate a hearty supper. When Swenson gave him a note from one of his court-appointed lawyers, Wilson Hurley, Upton immediately wrote Hurley a return message. The lawyer had called to see Upton, but prison regulations at the time made that inadvisable.

Upton was completely resigned, apparently realizing there was nothing further he could do to forestall his date with death.

Swenson, who never before had witnessed an execution, briefly warned the witnesses before Upton's entry into the death chamber of the solemnity of the occasion. He requested decorum fitting the circumstances.

Upton had received the conditional baptism the Catholic church

gives to persons who may have been baptized earlier. He confessed, and received Holy Communion. With him at the last was the prison chaplain, Father Clement Weber, who gave him the rites of the church.

Tax Commission, Assessor's Hold Four Sessions

SANTA FE (AP)—Chief State Tax Commissioner Clarence Forsling says his group has held four regional meetings with county assessors to discuss the tax equalization program.

His remark came in answer to criticism from a group of Albuquerque residents that the equalization program in Bernalillo County is "the victim of too much lip service and too little effective, intelligent action."

Forsling said the subject of placing proper value on land was discussed at the meetings at considerable length, and "the citizens group in Albuquerque may not have been aware that the commission held those meetings."

He said the commission does not "claim any blue ribbons in defining the actual value" of land—that is the responsibility of the county assessors.

"That is one of the basic cornerstones of the program," he said, "proper valuation. The commission has spent a lot of time in discussing with county assessors this concept of value. However, defining value is one of the most difficult jobs that the commission has to contend with. Any number of court cases show it is very difficult to define value. I guess that shows we have different viewpoints on value."

Passage of Colorado River Bill Predicted

WASHINGTON (AP)—Rep. Dempsey (D-NM) today predicted final House action on the Upper Colorado River development bill before next weekend, probably favorable to the western states involved.

Dempsey said that despite bitter opposition from "Southern California power interests" a majority of House members seem in favor of the Colorado plan.

The bill probably will come up before the House next week, and final passage can be expected before the weekend, Dempsey said. He said Southern California interests were making "a determined, last ditch fight but they appear to have lost ground this session."

ALBUQUERQUE (AP)—Two 16-year-old escapees from Springer Industrial school for Boys were taken into custody by police last yesterday. The boys were found hiding under a bed in the home of one of them. Police said the boys had escaped Tuesday.

Beautiful Old Denver Fading As Frightening New City Grows

By HAL BOYLE
 DENVER (AP)—Beautiful old Denver, crumbling away... beautiful new Denver, striding the sky higher.

Old Denver, I love you. New Denver, you kind of frighten me. I really don't know you now. I'm not quite sure of you.

Perhaps that is the way a visitor should feel — uncertain, the emotional feeling always of the stranger.

But I don't want to feel that way, and I don't want to be a stranger. I have walked this way before.

I believe it was O. Henry who perpetuated the legend that nothing interesting or important could really happen, in a way, except in New York, San Francisco, or New Orleans.

Those were the only three American cities where real romantic things reportedly could happen, he said, and having set up his straw dummy went on to prove in "a municipal report" that adventure could come to Nashville too.

O. Henry, trying as an author to prove that anything can happen anywhere, might well then have included Denver as a symbol name for adventure, just as today Chicago, Los Angeles, Kansas City, and long-overlooked St. Louis are symbols of new growth. So are Omaha, Oklahoma City, Tulsa, Houston, Dallas, Fort Worth and other cities.

But as the old individual buildings of the past are torn down and the new more efficient buildings in terms of the utilization of space go up... well, something is lost.

What is happening herein Denver in the current American prosperity boom is what is happening

to other cities. It is losing a portion of its former personality and getting a crowded feeling.

Even though the fresh tall ers are planted on stills the crowded feeling deepens.

There are so few towns that sense of human freedom... as San Francisco... and Denver, beautiful old Denver, blooming in series past.

What can a man from town say about you, Denver? Have you garnered the gardens of addition, and pressed your plantings closer together and farther afar. You group and yet widen, as other cities.

You hold a great promise as you are like a growing plant taller, but equally is loved the days when he was more generous, less predictable — smaller.

During World War II, the shipped by sea transport 144,000,000 (M) tons of cargo.

GOOSE AUSBIE
Runs Score Up To 54 Average

RED ROCK, Okla. (AP)—Goose Ausbie, a 6-foot-3 basketball sensation for Crescent, Okla., Douglas High School, ran his four-game total of 216 points — a 54 point average — in last night's State Regional Tournament play. Despite the Negro ace's 30 points—the lowest of four games—Crescent fell to the Ponca City, Okla., Attack 77-74.

In district play last week, Ausbie dropped in 62 points as Crescent beat Mulhall, Okla., 112-36, then 54 points in defeating Arcadia Dunbar 105-50, and 70 points in defeating Meridian L'Ouverture 112-34.

Four Pointers Take Crack At Bird Dog Title

GRAND JUNCTION, Tenn. (AP)—The National Bird Dog Championship neared its midway point today with a pointer and a couple of setters rated the dogs to beat.

Four more pointers were up for their crack at the national title, with 19 still to come. The long trial is expected to end Thursday, barring weather delays.

The first brace paired Time Supply, owned by R. V. Easley of San Antonio, and Hall's Stonecroft Babe, owned by Mrs. A. Acton Hall of Fort Lauderdale, Fla.

Miss. Capital Gets Copies Of Constitution

JACKSON, Miss. (AP)—The capital of Mississippi now has 5,000 more copies of the U. S. Constitution the gift of a Chicago Negro disc jockey who wanted to dramatize the school segregation situation.

The Chicagoan, Al Benson, 48, delivered his gift yesterday by airplane. Although he is an amateur pilot, he decided at the last minute not to fly the plane himself. He remained in Chicago and hired two white men to shower Jackson with the booklets.

He said he wanted to remind the citizens of Mississippi that the U. S. Supreme Court has "ruled against school segregation."

Some of the booklets reached the ground in readable condition. Others floated down page by page.

Daily we drag about us every physical comfort of this age. Even our architecture reflects comfort. Yet, how many of us indulge in the Supreme Comfort...the comfort of religion? *Folded hands reflect a soul in fellowship with the Almighty.* See what aids he has summoned in his hour of need! When your nerves are worn from daily routine, when crisis tear at your soul, when tragedy overwhelms you...do you ever stop to experience the Comfort of Divine Presence? Compare the harried, cross, impatient faces you meet on the street with the crowd you see going to church each Sunday...that should be enough. The strain of modern life is too much. Psychiatrists are stampeded and mental institutions are overflowing. Our nerves simply can't take it. Why not try this man's remedy? *Light a candle, open The Book, fold your hands and get in company with noble souls.*

YOU IN THE CHURCH
THE CHURCH IN YOU
Character is a by-product of the church. It is here that young and old alike are chartered, with benedictions stronger democracy. In the church the ministerial are that the church alone can furnish leadership to handle the affairs of state in these perilous times. *There we can Sunday. You in the Church and the Church in you form a combination for good. Be a regular CHURCH GOER and a daily BIBLE READER.*
