

# HAGERMAN NEWS

The Hagerman Lions Club met Tuesday at noon for a dinner meeting in the undercroft of the Methodist Church. Belle Bennett, Mrs. R. W. J. Knoy, Mrs. Ruth Strixner and Mrs. Byron Oglesby served dinner to the twenty-nine present.

Lion President Wayne Graham called the meeting to order and the Pledge of Allegiance to the Flag was given. Harry Boggs gave a prayer.

Introduction of guests was made as follows: E. A. White, former superintendent of schools in Hagerman, of Evans, Tex.; Bill White of Artesia; Burke of Purina Feed Mills, and Cleo Ainsworth, deputy district governor of Elida.

Presentation of a trophy won by the Hagerman Lion's club to the president was made by Lion Amos Hampton. Presentation of certificate of achievement from Lion's International was made.

It was voted to buy materials for the Scout Hut and to let scouts do the work.

It was voted to have the names of the Lions basketball players engraved on a trophy and put in the Hagerman school.

Those present were A. L. Ackerman, T. A. Bledsoe, Harry Boggs, Horice Freeman, Wayne Graham, Amos Hampton, Dillard Irby, Henry Jennings, W. E. Knoy, Charles Lathrop, A. D. Menoud, D. B. Parker, W. E. Uterback, A. E. Walborn, Hillard Watson, R. A. West, D. T. West, R. B. West, A. C. White, B. C. Williamson, Reuben Williamson, B. L. Richardson, W. T. Turner, Kenneth Sims, Ed Smith, James Dorris, and the above mentioned guests.

Daniel Gomez, son of Mr. and Mrs. F. M. Gomez of Hagerman, placed first in the tractor driving contest held recently in Las Cruces, winning over 87 contestants of the state. This entitles him to participate in the national contest to be held in Tulsa, Okla., in October at which time a prize of \$2000 will be awarded first place winner, with a number of other prizes to be awarded other who place in the lower categories.

## A Do-It-Yourself Steak

I am a girl with a liberal education. I can trace the history of American diplomacy, quote Shakespeare and type 40 wpm. But cooking has always been my downfall.

Then last week I visited the test kitchen of Whirlpool-Singer Corp. A cooking school was in progress and I settled down to take notes. Before I could write "How To Broil A Steak," I was under the wing of a home economist getting some practical experience.

My project was a two-inch T-bone. Objective: rare inside and crisp on the surface. Outside of charcoal cooking, I could not imagine how this would be done. But I learned fast.

Here's the trick: A new RCA Estate range has a barbecue meat, oven that cooks with radiant heat—employing the same principle as a charcoal grill. For fast broiling steaks and chops, the barbecue pan may be raised close to the source of heat. An insert in the deep pan drains fats out of the heat zone for smokeless broiling.

It's a snap to broil a steak! All you do is rub it with garlic (optional) and broil on high heat until brown on one side—about 10 or 12 minutes. Then sprinkle with salt and pepper and turn. Home economists use tongs, a spatula or two spoons to turn cooking meat, since a fork pierces it and juices escape.

When second side is browned, reduce heat if additional cooking is desired. For a complete broiler dinner, cut peeled Idaho potatoes in eighths, coat with fat and place on broiler pan with meat. Stir potatoes occasionally for all-over browning. Halved tomatoes may be added during the last few minutes of cooking time.

Mr. and Mrs. W. E. Knoy and sons Tommy and Ronnie spent the weekend in Alken, and Plainview, Tex., visiting Knoy's parents, the Rev. W. J. Knoy, and his sister, Mr. and Mrs. Leo Mathis. They plan to spend Easter with Mrs. Knoy's parents and other relatives, Mr. and Mrs. O. T. Little of Woodson, Tex. They will also take Mrs. Knoy's sister home, Miss Vanada Little, who has been visiting here for some time in the Knoy home.

The eighth grade class of the Hagerman School held a party Tuesday night at the school gymnasium. William Turner was sponsor. A number of games were played, including a scavenger hunt with Linda Richardson's team being the winner. Refreshments were served to the large number present. Other parents present were Mrs. B. J. Graham, Mrs. A. E. Watford, Mrs. W. P. Elliott, Mrs. Donald West, Mrs. R. A. Welborne and Mrs. Amos Hampton.

Thurman Mayberry, janitor at the Hagerman High school, underwent surgery Monday at St. Mary's Hospital in Roswell. His condition is reported satisfactory.

Bobby Lathrop, son of Mr. and Mrs. Charles L. Lathrop, underwent surgery Thursday and is reported recuperating satisfactorily.

Mrs. Howard Menefee was hostess at a meeting of the Hagerman Thursday Club at her home. The president, Mrs. O. J. Ford, presided at a short business meeting, then introduced Mrs. J. W. Layman (Frances Evans) of Lubbock, Tex., who told of her experiences of living in Edinburgh, Scotland, for sixteen months. Layman studied at the University and Mrs. Layman worked in a law office. She compared life in Scotland with that in the United States and showed many pictures, a few of which were taken on a trip to London, Paris and Rome.

The hostess, assisted by her daughters, served refreshments to the following members: Mesdames Dub Andrus, B. W. Curry, C. W. Curry, O. J. Ford, L. E. Hinrichsen, N. L. Nelson, D. L. Newsom, Edith Stine, H. W. Ware, Edith West, J. W. Wiggins, Mattie Willoughby. There were two guests, Mrs. R. L. Ballard and Mrs. Wesley Menefee, besides Mrs. Layman.

Mrs. Mattie Willoughby went to Artesia Thursday night to visit the Kermit Southard family. She will return Sunday.

Leonard Lang is ill with mumps at the home of his son, the Richard Langs. Barbara and Patrick Lang also have mumps.

Mrs. A. V. Evans is recovering from mumps.

Mrs. Virginia Monical will entertain at a coffee Thursday immediately after school dismissals, at her home north of Hagerman. Guests will include members of the Hagerman School personnel, namely, Mrs. Robbie Knoy, Mrs. Mary Turner, Miss Wanda Wallace, Mrs. Ruth Strixner, Miss Eileen Cummings, Mrs. Iona Oglesby, Miss Eudora Lindsey, Mrs. Lillie Ann Wyman, Miss Grace Holt, Miss Mona Davenport, Mrs. Dale West, Mrs. Montein Cleek, Mrs. Irene Slingerland, Mrs. Cyrena Boggs, Mrs. Jewell Garner, Mrs. Almarita Wiggins, Miss Pearl Herrington, Miss Maxine O'Bar, and Mrs. Laura Moss.

Following the Senior play presentation, "The Scarlet Ghost" which was held at the Hagerman School Auditorium Tuesday, members of the Junior Class, with Mrs. Robbie Knoy as sponsor, entertained the Senior Class at a party at the high school gymnasium. Games were played and refreshments were served to the honored guests: Delia Barbosa, Milton Brown, Milton Creek, George Dodson, Mary Evans, Cairone Finch, Benny Mendosa, Wayne Pilley, Betty Troublefield,

Janet Wheeler, Donald Wrinkle, Samy Wyman, Delfina Martinez, Steve Urban and Gloria Sims.

Other guests included the Senior Class sponsor, Mrs. Ruth Strixner, and Senior Class parents, Mr. and Mrs. A. D. Menoud; Junior Class parents, Mr. and Mrs. T. A. Bledsoe, Mr. and Mrs. Horice Freeman and Mrs. Louise Brown.

Hosts were the Junior Class: Angie Barnett, Tommy Bledsoe, Bill Brady, Cleo Brown, Peggy Cumpsten, Eugene Dearman, Joe Elliott, Bob Estes, Della Finch, Fodell Freeman, Daniel, David, and Olivia Gomez, Gwen Hammons, Shirley Harman, Margarite Huddleston, Phyllis Jumper, Katie Lanston, Fred Pilley, Mary Shipman, Lee Roy Sinoer, Johnny Turk and Burton Satterfield.

## Hagerman Teacher Marks Long Service

Miss Eudora Lindsey is completing her 20th year as an instructor in the Hagerman School, presently serving in the capacity of first grade teacher and also elementary school supervisor.

Miss Lindsey, whose home is in Denton, Tex., received both BS and MS degrees from North Texas State Teacher's College in Denton. She taught in the Chillicothe Public School in Chillicothe, Tex., at Archer City, Tex., and at Ft. Stockton before coming to Hagerman in 1936.

## HOSPITAL REPORT

Admissions: March 27 — Betty Scott; Gayle Scott; Mrs. Susie Turner; 305 W. Missouri; Mrs. L. P. Aaron, 708 W. Washington; Mrs. Claude Caloway, 402 N. 13th st.

Dismissed: March 27 — Mrs. Elias Tolles and baby, Vancell Lowery, Claude Dunn.

In measuring sifted flour, when you are preparing cake or cookies, spoon it lightly into your measuring cup so that it overflows. Then level off the flour in the cup by drawing a straight-edged (case) knife or a spatula in one quick movement over the top.

## Grand Warthy Advisor Visits In Hagerman

The Hagerman Rainbow Assembly was honored Monday night by a visit from the grand warthy advisor, Ruth Owens of Roswell.

The regular meeting was pre-empted by a buffet banquet in the Church of Hagerman.

The long banquet tables were covered in white and centered with low bouquets of red roses and greenery. Miss Owens was presented a corsage of red roses, a gift of the Hagerman Assembly. Decorations of cream and violet, her chosen colors, were used in the banquet room.

The assembly gathered at the Masonic Hall for a regular meeting presided over by Betty Troublefield, worthy advisor. Initiation was held for Deborah Ann Hukabee with the following officers: Sabra Kelley, associate worthy advisor; Barbara Carter, charity; Jodell Freeman, hope; Phyllis Jumper, faith; Sharia Menefee, treasurer; Betty Watford, recorder; Mary Shipman, chaplain; Weedon Kelley, drill leader; Verna Greer, organist; Leslie Moore, choir director; Jurd Taylor, love; Cindy Welborne, religion; Loretta Creek, nurse; Angie Barnett, fidelity; Doris Ferguson, patriotism; Elizabeth Kiper, service; Jeannie Bob Bart, immortality; Ginger Graham, confidential observer; and Teresa Oglesby, outer observer.

The choir was composed of Kay Hampton, Jeanette Lee, Kathleen West, Pat Johnson, Barbara Maberry, Marilyn Maberry, Linda Richardson, Sharon Reinking, Barbara White, Linda Menefee, Pat McNeil and Dianne Dorman.

Other visitors were Mrs. George B. Owens, mother of the grand warthy advisor; Laura Anderson, worthy advisor of the Roswell assembly; Mrs. Brad Watkins, mother advisor of the Roswell assembly; and several members of the Roswell assembly. Many local members of the Eastern Star and Masonic Lodge were also present.

Mix a cup of cranberry sauce (unstrained) with half of an unpeeled orange ground fine. Add about a quarter cup of sugar. Use a filling for a white layer cake; frost with a fluffy white topping.

## District Chief Sends Two Letters To Artesia Army Reserve Company

At last night's meeting of the 918th Transportation Company (Light Truck), Artesia Army Reserve, two letters from the chief of the New Mexico Military District, headquartered in Albuquerque, were read, according to L. Lew Pitts.

The letters, both over the signature of Col. Wayne W. Brame, had to do with a commendation and the district small bore rifle team.

The letter of commendation, dated March 23, reads in part as follows:

"January 3 you activated the 918th Transportation Company consisting of two officers and twenty-two enlisted men. Your company is now approximately eighty days young and you have increased the unit strength to four officers and fifty-five enlisted men, a gain of thirty-five officers and men in ten weeks.

"I fully realize that procuring an average of more than three enlistments each week is the result of many hours of personal effort, effective planning and supervision, and outstanding leadership. I am also sure that these results could only be accomplished through effective organization, high morale, and complete cooperation of the entire unit. You and your company are hereby commended for your fine contribution to the success of the Reserve program. You have established a recruiting standard which all units should try to meet but few will equal."

## Senate-House Body Extends Rigid Supports

WASHINGTON (AP)—A Senate-House conference committee agreed Tuesday on a one-year extension of rigid mandatory price supports on basic crops.

The group also accepted a "dual parity" method for using the higher of two price support formulas. Sen. Ellender (D-La.) said these two price boosting provisions were agreed upon as part of the controversial election year farm bill being worked out by a Senate-House compromise group.

Both of these provisions have been publicly opposed by both President Eisenhower and Secretary of Agriculture Benson. The House had voted the rigid support at 90 per cent of parity last year.

The Senate conferees accepted that figure. Ellender reported that the conferees also agreed to "knock out all limits" on total price support and soil bank payments. Top limits on such payments had been put in by the Senate.

He predicted that the group later would approve formally the \$1,200,000,000 in annual soil bank payments asked by the administration to bolster sagging farm income.

The other letter, dated March 22, sent to the commanding officer of the unit, reads as follows: "It is noted with pleasure that your unit placed three men on the New Mexico Military District Small Bore Rifle Team. Your cooperation and interest in this matter is commendable in that it constitutes a valuable contribution to an important preliminary phase of our know-distance marksmanship program. Please express my appreciation to each of your men who participated in this event."

This letter was also signed by the district chief. Many of the unit personnel were active in the Small Bore Competition, the three men referred to in the letter were Herbert Beasley, Wilbur Ahlvers, and Billy Bynum.

## Doll's Welfare Comes First For Injured Child

EFFINGHAM, Ill. (AP)—Little Joy Dayvone Berry has stoically endured the hurt of a fractured right ankle since the doctor told her her doll had suffered a similar injury.

Joy, 16 months old, fell in her home last week. She cried when Dr. R. A. Hartman tried to set her ankle. But the doctor told Joy her doll had broken the same ankle bone and that he also would fix a splint for the doll. Joy and her doll now have similar casts and Joy's mother says the child shows more concern for her doll's recovery than her own.

## Ex-Postmaster Gets Suspended Two Year Term

ALBUQUERQUE (AP)—U. S. Judge Carl A. Hatch, saying he would temper "justice with mercy," has placed a former Los Alamos postmaster on two years probation after Frederick J. Roach pleaded guilty to charges of embezzlement and false entry.

Judge Hatch handed down the suspended sentence after Roach's lawyer told the court Roach had been forced to take the money because of "marital difficulties." Attorney Peter McAtee went on to say that Roach had made full restitution of the \$350 he admitted taking, that he "had no intention to misappropriate... only to borrow and pay back."

Judge Hatch said Roach's record up until now justified a suspended sentence.

Roach was fired as Los Alamos postmaster last August following an investigation of the books. He later went to work for Los Alamos Scientific Laboratory. He was indicted by a grand jury last month.

## Bail-Jumping Reds Sentenced

NEW YORK (AP)—Two Communist leaders who jumped bail and hid out for five years before surrendering have received added prison terms.

Federal Judge Archie O. Dawson sentenced Gilbert Green and Henry Winston Monday to three years in prison on contempt charges. They now have eight years to serve.

Green, Winston and nine other top American Communists were convicted and sentenced in 1949 for conspiring to teach and advocate violent overthrow of the U. S. government. They were scheduled to go to prison in 1951.

Green, former Illinois Communist leader, and Winston, the national party's former organizational secretary, jumped \$20,000 bonds and went into hiding. They recently were arrested.

## Bronx Synagogue Ceiling Falls; Two Injured

NEW YORK (AP)—The ceiling of a Bronx synagogue collapsed during a Passover service Tuesday, injuring three women worshippers. Two were reported in critical condition.

All three women were seated in the balcony. Some 30 other persons in the congregation escaped injury despite the rain of plaster and debris.

Cantor Max Wiesen was leading the congregation in prayer commemorating the exodus of Jews from Egyptian bondage more than 3,000 years ago when a 20 by 30 foot section of the ceiling crashed at 8:55 a.m.

The synagogue, Yeshiva and Mesivta Zichron Moshe, is located at 1358 Morris Ave., between 169th and 170th Streets.

## Mrs. Bowman Surprised With Birthday Dinner

A surprise birthday dinner given last Sunday for Mrs. Bowman who celebrated her birthday.

Those present were Mrs. Sessum and Judy and Richard la May Irwin of Carlisle, Etta Hillard, Mr. and Mrs. Bowman, Bill Osner, Mrs. Hill and Kathy and Danny and Mrs. J. J. Bowman, Mrs. Bowman, Mr. and Mrs. Donson and Bobby, Mr. and Mrs. Bowman, Mike and Jeffrey and Mrs. J. J. Bowman, Mrs. Don, and Mr. and Mrs. Bowman, and children, Carol, Marie and Norman.

## Cottonwood Pack 71 Scouts Given Awards

Boy Scouts Pack 71 of Cottonwood presented their awards at the meeting held Monday.

Those receiving, Lion Pack were Henry Anthony Hall, Robert Fernandez, bear Eddy Ramirez, David Gerald and Robert Fernandez, well as, Franklin Hall and Jimmie drip; golden arrow, Gary Er; bob cat pins, Billy and Ronnie Bratcher; and badges, Henry Hall and Fernandez.

Mrs. Henry Hall is the mother.

## Bill Reigel Acquires Healthy Appreciation For Teammates' Size

YORK (AP)—Bill Reigel, the college player chosen to represent the United States in the Olympic basketball team, has acquired a respect for the size of his teammates that is not shared by most players.

"It's funny that I seem to be getting all the credit when it really was the team that did it. We had a real good team. We played in the NAAIA Tournament and won and they did as much as I did."

What Reigel neglected to mention was that he sat an NAAIA Tournament record by scoring 158 points in five tournament games. A specialist in jump and push shots, he scored 1,062 points in 31 games before the tournament, an average of 34.3 per game. That made him the nation's leading college scorer this season and one of four college players ever to make more than 1,000 points a season.

ABILENE, Tex. (AP)—Chuck Holding, former East Texas State high jumper, will be one of the top performers in a quadrangular track and field meet that pits Sheppard Air Force base against three colleges here today. Holding is no won the Sheppard AFB squad, East Texas State, Texas Tech, and Abilene Christian College are the other three teams participating.

## He Jones In Head, Hospitalized

ARWATER, Fla. (AP)—The Tampa Phillies faced the St. Louis Cardinals today in the National League pennant chase for the first time since the Cardinals won consecutive years with services of a key player—third baseman Willie Jones.

Jones was beamed by pitcher Newcombe of the Brooklyn Dodgers in an exhibition game in Houston, Texas. He was hospitalized after the game. Jones couldn't get out of the hospital until he was given first aid. He was given first aid and then he was hospitalized.

## SW Conference Teams Engage Outside Foes

By THE ASSOCIATED PRESS

The Southwest Conference's budding baseball race Wednesday sees three of its teams taking on outside foes after the first round of play.

Rice is host to Nebraska at Houston, Texas. Christian journeys to Huntsville to engage Sam Houston State and Texas enters Austin to meet the Texas A&M Aggies.

The TCU Horned Frogs and the Baylor Bears eked out victories in two conference tilts Tuesday.

At Dallas, the Bears took an 11-0 victory over Southern Methodist after racking up all of their 11 runs in the first four innings. The game gave the Bears a 1-1 record in conference play while the Ponies have dropped both of their first two conference tilts.

Stolen bases helped give the Horned Frogs a 3-2 victory over the Rice Owls at Houston Tuesday. Bob McDaniel was credited with the victory for the Frogs, his second conference win of the season. Rice had lost both of its first two loop tilts.

You'll need at least two pounds of short ribs or beef for four servings.

## Outfielder Doby Has Power Needed By Chicago White Sox Since 1919

By THE ASSOCIATED PRESS

Larry Doby, the hard-hitting outfielder of the Chicago White Sox whose hobby is stage plays, is taking a lot of bows this spring. And if he continues his lefty hitting in the regular season there may be no stopping the Sox.

The team from Chicago's South Side has not won an American League pennant since 1919. In the last few years, their trouble has been a lack of power.

Doby conceivably can be the guy to supply it. He hit 26 homers for Cleveland in 1955.

Doby, 31, was acquired from the Indians last Oct. 25 in a trade in which shortstop Chico Carrasquel and outfielder Jim Busby left Chicago.

Doby is doing better than all right in his new uniform. He's hitting a cool .438 in the Grapefruit League with five home runs and 12 runs batted in.

Thursday he slammed a pair of homers and drove in five runs as the White Sox sent Milwaukee down to its fifth straight exhibition defeat 8-6. Doby connected off Lew Burdette and Lou Sleater, both times with Minnie Minsos on base.

Thursday he slammed a pair of homers and drove in five runs as the White Sox sent Milwaukee down to its fifth straight exhibition defeat 8-6. Doby connected off Lew Burdette and Lou Sleater, both times with Minnie Minsos on base.

## Moore Knocks Down King In Second, Fifth

SACRAMENTO, Calif. (AP)—How Archie Moore is a world's champ.

The Reno heavyweight, for the second time within a month, took it on the chin, chest and every other legal spot Tuesday night, in a nontitle fight that hardly had Moore, the lightweight king, sweating at the end of the 10th and final round.

Wily Archie, taking it easy and boxing beautifully, dropped his younger opponent in the second and fifth, both for eight counts. The standing-room only crowd of 4,100 in Memorial Auditorium gave the champ a rousing ovation at the final bell.

## Oklahoma Indians Has Reduced Roster

LONGVIEW, Tex. (AP)—The Oklahoma City Indians continued their spring training activity today with a reduced roster, following Plainview, Tex., of the Southwest League.

Manager Rudy Laskowski announced that shortstop John McCole, catcher Ray Dudek and pitcher Best Toomey had been sent to the lower classification club for further seasoning. Plainview trains at Kilgore, Tex., only 10 miles from the Indians' camp here.

## Jones Victory Brings Shakeup In Ring Ratings

NEW YORK (AP)—Ralph (Tiger) Jones' narrow victory over France's Charley Humez has resulted in a shuffling of contenders' positions in the middleweight division.

Jones, the "spoiler" of the 160-pound class, was elevated from eighth to fifth place for snapping the European champions' unbeaten streak of 17, according to the copyrighted ratings released today by Editor Nat Fleischer of Ring Magazine.

Humez was ropy from second to third, changing places with Milo Savage of Salt Lake City. Ex-champion Carl (Bobo) Olson remained as top contender, Argentina's Eudardo Lausse dropped from fifth to sixth to make way for the Tiger, 28-year-old veteran from Yonkers, N.Y.

Welterweight Carmen Basilio, who lost his title to Johnny Saxton of New York, was made the No. 1 contender followed by Tony DeMarco, another former champion. Featherweight (126 pound) ratings included: 9. Paul Jorgensen, Port Arthur, Tex.

Lightburn Favored To Win Over Morgan

CLEVELAND (AP)—Those who feel they know enough about boxing to bet money on it were wagering today that the speed and experience of Ludwig Lightburn will prevail over the harder punching of L. C. Morgan in tonight's 10-rounder at the Arena.

The 21-year-old lightweights are meeting here for the second time. Morgan was favored six months ago when he lost a split decision in an eight-rounder. Today the odds were 2-1 on Lightburn.

## Sports Briefs

By THE ASSOCIATED PRESS

MIAMI, Fla. — Nance's Lad (\$2.80) galloped to a 3-length victory in the Ocala Purse at Gulfstream.

HOT SPRINGS, Ark. — Molly Darling (\$8.60) took command in the stretch to capture feature at Oaklawn.

SAN BRUNO, Calif. — Dignong daddy (\$25) outran Dave H. in the stretch to take the top event at Tanforan.

BOWIE, Md. — Brown Hackle (\$4.80) made his 1956 debut a successful one by taking Rockville Purse at Bowie.

Fights

SACRAMENTO, Calif. — Archie Moore, 191, San Diego, outpointed Howard King, 188, Reno, Nev. 10 (non-title).

HOLLYWOOD, Calif. — Art Aragon, 148, Los Angeles, knocked out Danny Giovannelli, 149, Brooklyn, 9.

HOLYOKE, Mass. — Barry Allison, 152¾, Westover AFB, outpointed Sammy Walker, 156¾, Springfield, Mass., 10.

## Mickey Mantle Rated Greater Power Than Babe Ruth, Gehrig

ST. PETERSBURG, Fla. (AP)—Mickey Mantle, prepping for his sixth season in the major leagues, appears ready to reach the superstardom predicted for him since he joined the New York Yankees at 19.

Judging from his amazing exploits during spring exhibitions, the Oklahoma strongboy ought to tear the American League apart with his bat.

It would be no surprise if he captured the triple crown—batting, home run and runs-batted-in titles—as well as the league's Most Valuable Player honor.

Not since Babe Ruth trained here more than 20 years ago have local fans been as excited over a player.

Buddy Lewis, an old catcher with the Boston Braves, after watching Mantle for the first time, could hardly believe some of the drives Mickey hit.

"He ought to be the greatest player who ever lived," Lewis said.

Terry Moore, for years regarded as the top center fielder in the National League when he was with the St. Louis Cardinals, says: "Mantle has more power than anybody I've ever seen, and that includes Babe Ruth and Lou Gehrig. I played against Ruth and Gehrig and I never say either of them hit a ball as hard as Mickey has hit this spring."

"And hitting with power isn't the only thing he can do. He beats you four ways—hitting, fielding, running, throwing. He's just the best, that's all."

At 24, Mickey unquestionably has been the most exciting performer in the Grapefruit Circuit. In the Yankees' first nine exhibition games, he walloped five home runs, two triples and three doubles. His batting average was .484. None of his homers traveled under 400 feet.

In a game against the Cardinals, he poled a pitch by right-hander Larry Jackson clear over a light tower in back of the 410-foot sign in right center field. The tower extends 75 feet. No tape measure was available, but old-timers agreed it was the longest ball ever hit at Al Lang Field.

That record blow lasted one day. The next afternoon, Mickey teed off on a pitch by rookie Bill Bradford of Kansas City and blasted it nearly out of sight, a drive that cleared the center field wall and soared over the tall palm trees some 475 to 500 feet away.

## Odessa Pro Golf Tournament Set For July 18-22

ODESSA (AP)—The eighth annual Odessa \$7,500 Pro-Amateur Golf Tournament is scheduled July 18-22.

That's the same time as the national PGA, but the conflict of dates is expected to make the Odessa tourney the best ever. Many young pros not eligible to play in the PGA (a man has to be a pro for five years) will enter the pro-amateur. Also, officials said, many older golfers would prefer the Odessa tourney to the hard grind of the national PGA.

LONGHORN COMPETITION

WACO, Tex. (AP)—Baylor and Southern Methodist are expected to provide stiff competition for the Texas Longhorns as the three squads get together here today for a triangular track and field meet.

PEP TRACK DECISION

BEAUMONT, Tex. (AP)—Willie Pep had little trouble in taking a lopsided decision over Buddy Baggett in a 10-round feature bout here last night. Pep weighed 127 and Baggett 125.

Chicago Cubs Still Uncertain About Players For Backfield

MESA, Ariz. (AP)—There is enthusiasm and optimism with Stanley Hack, highly regarded manager of the Chicago Cubs, when he discusses his pitching prospects, the infield and the catching department.

But Stan comes to an abrupt stop when queried about his outfield.

"Right now, if the National League season started play, I couldn't tell you who would be in the outfield. We're still studying the problem," he said with pleasing frankness.

There is no dearth of candidates for the outer garden. The question is whether such stalwarts as big Hank Sauer can return to the form he had in 1954 as the league's most valuable player, or Monte Irvin displayed in that same period as a New York Giant.

Willie Moryn, obtained from Brooklyn, delivers the goods, or will it be Solly Drake, Eddie Miksis, Gale Wade or someone else? Hack is set with his infield, which he considers the best in the loop—Dee Fondy at first, the smooth keystone duo of Ernie Banks and Gene Baker, and Don Hoak, another ex-Dodger, at third.

The club now has five regulars listed as starting pitchers, as against the four it struggled along with last year. Hack reeled off the list—Bob Rush, Warren Hacker, Sam Jones, Paul Minner and Russ Meyer, the latter still another acquisition from Brooklyn.

Hack, one of the Cubs' brightest alumnus as a gifted third baseman, has six catchers in camp, but Harry Chiti and Hobie Landrith, late of the Cincinnati Reds, along with veteran Clyde McCullough, are the most prominent.

Actually, the Cubs have more good-looking talent in camp than has been their luck in several years.

Don Eddy, Ritchie Myers, Bob Speake, Owen Friend, Ed Wine-nak, Bob McKee and Frank Kellert are infield candidates.

Bob Thorpe, from Des Moines, has impressed Hack with his pitching promise. The same is true of two hurlers from the Cubs' Los Angeles club, Jim Bronsan and George Piktuzis, and bonus kid Don Kaiser.

Veteran Turk Lown returned to Chicago from Los Angeles to bolster the relief pitching department by Jim Davis.

Offensively, the Cubs lead off with Banks, who hit 295 and 200 in 1955.

HOLYOKE, Mass. — Barry Allison, 152¾, Westover AFB, outpointed Sammy Walker, 156¾, Springfield, Mass., 10.

## Cardinals Are Getting Good Throws For Best Marks In National League

By THE ASSOCIATED PRESS

Considering that the Pittsburgh Pirates put together the best record among major league teams last spring, there's no reason for the St. Louis Cardinals to rejoice because they are making a juicy showing in the Grapefruit League.

But the fact is that the Cards, woefully weak in pitching the past few years, are getting loads of good chukking in the exhibition games. They've won 11 games and lost 7 for the best spring mark among National League teams.

And improved pitching has been evident in just about every one of their 18 outings. In no game did the Cards have more than seven runs scored against them. They've won by 1-0, 2-1 and three times by 3-2. Their losses, too, were squeakers—by 1-2 (twice), 1-3 and 3-4 (twice).

Luis Arroyo and Tom Poholsky each have picked up two victories. The others went to Vinegar Bend Mizell, Larry Jackson, Ellis Kinder, Ben Flowers, Stu Miller, Harvey Haddix and Gary Blaylock.

Tuesday, Arroyo got the win as the Cards nipped the Milwaukee Braves 2-1. The St. Louis trio—Mizell, Arroyo and Kinder—limited the Braves to two hits. The Cardinals picked up the winning run in the seventh inning on singles by Joe Cunningham and Bill Vardon and an infield out.

Trailing the Cards in the National League grapefruit standings are the Cincinnati Redlegs, New York Giants and champion Brooklyn Dodgers with 10 victories against 8 setbacks. Pittsburgh, which led with a 19-11 record last spring, is 9-8 this time as are the Chicago Cubs. The Braves are 8-9 and the Philadelphia Phillies bring up the rear with 7-10.

The New York Yankees, idle yesterday, top the American League with 11-6. Then come Chicago with 10-6, Cleveland 11-7, Kansas City 8-7, Boston 7, Washington 5-9, Baltimore 5-12 and Detroit 4-13.

The White Sox were knocked out of the lead Tuesday, by dropping a 7-2 decision to the Red Sox. Jim Piersall paced a late Boston rally, driving in three of the four runs the Red Sox scored in the seventh and eighth innings.

In other games, the Dodgers beat the Phillies 6-2, the Pirates downed the Redlegs 5-4, the Cubs outslugged the Giants 13-10, the Athletics dumped Detroit 7-2 and Cleveland nipped Baltimore 8-7.

## Cardinals Are Getting Good Throws For Best Marks In National League

By THE ASSOCIATED PRESS

Considering that the Pittsburgh Pirates put together the best record among major league teams last spring, there's no reason for the St. Louis Cardinals to rejoice because they are making a juicy showing in the Grapefruit League.

But the fact is that the Cards, woefully weak in pitching the past few years, are getting loads of good chukking in the exhibition games. They've won 11 games and lost 7 for the best spring mark among National League teams.

And improved pitching has been evident in just about every one of their 18 outings. In no game did the Cards have more than seven runs scored against them. They've won by 1-0, 2-1 and three times by 3-2. Their losses, too, were squeakers—by 1-2 (twice), 1-3 and 3-4 (twice).

Luis Arroyo and Tom Poholsky each have picked up two victories. The others went to Vinegar Bend Mizell, Larry Jackson, Ellis Kinder, Ben Flowers, Stu Miller, Harvey Haddix and Gary Blaylock.

Tuesday, Arroyo got the win as the Cards nipped the Milwaukee Braves 2-1. The St. Louis trio—Mizell, Arroyo and Kinder—limited the Braves to two hits. The Cardinals picked up the winning run in the seventh inning on singles by Joe Cunningham and Bill Vardon and an infield out.

Trailing the Cards in the National League grapefruit standings are the Cincinnati Redlegs, New York Giants and champion Brooklyn Dodgers with 10 victories against 8 setbacks. Pittsburgh, which led with a 19-11 record last spring, is 9-8 this time as are the Chicago Cubs. The Braves are 8-9 and the Philadelphia Phillies bring up the rear with 7-10.

The New York Yankees, idle yesterday, top the American League with 11-6. Then come Chicago with 10-6, Cleveland 11-7, Kansas City 8-7, Boston 7, Washington 5-9, Baltimore 5-12 and Detroit 4-13.

The White Sox were knocked out of the lead Tuesday, by dropping a 7-2 decision to the Red Sox. Jim Piersall paced a late Boston rally, driving in three of the four runs the Red Sox scored in the seventh and eighth innings.

LONGHORN COMPETITION

WACO, Tex. (AP)—Baylor and Southern Methodist are expected to provide stiff competition for the Texas Longhorns as the three squads get together here today for a triangular track and field meet.

PEP TRACK DECISION

BEAUMONT, Tex. (AP)—Willie Pep had little trouble in taking a lopsided decision over Buddy Baggett in a 10-round feature bout here last night. Pep weighed 127 and Baggett 125.

Chicago Cubs Still Uncertain About Players For Backfield

MESA, Ariz. (AP)—There is enthusiasm and optimism with Stanley Hack, highly regarded manager of the Chicago Cubs, when he discusses his pitching prospects, the infield and the catching department.

But Stan comes to an abrupt stop when queried about his outfield.

"Right now, if the National League season started play, I couldn't tell you who would be in the outfield. We're still studying the problem," he said with pleasing frankness.

There is no dearth of candidates for the outer garden. The question is whether such stalwarts as big Hank Sauer can return to the form he had in 1954 as the league's most valuable player, or Monte Irvin displayed in that same period as a New York Giant.

Willie Moryn, obtained from Brooklyn, delivers the goods, or will it be Solly Drake, Eddie Miksis, Gale Wade or someone else? Hack is set with his infield, which he considers the best in the loop—Dee Fondy at first, the smooth keystone duo of Ernie Banks and Gene Baker, and Don Hoak, another ex-Dodger, at third.

The club now has five regulars listed as starting pitchers, as against the four it struggled along with last year. Hack reeled off the list—Bob Rush, Warren Hacker, Sam Jones, Paul Minner and Russ Meyer, the latter still another acquisition from Brooklyn.

Hack, one of the Cubs' brightest alumnus as a gifted third baseman, has six catchers in camp, but Harry Chiti and Hobie Landrith, late of the Cincinnati Reds, along with veteran Clyde McCullough, are the most prominent.

Actually, the Cubs have more good-looking talent in camp than has been their luck in several years.

Don Eddy, Ritchie Myers, Bob Speake, Owen Friend, Ed Wine-nak, Bob McKee and Frank Kellert are infield candidates.

Bob Thorpe, from Des Moines, has impressed Hack with his pitching promise. The same is true of two hurlers from the Cubs' Los Angeles club, Jim Bronsan and George Piktuzis, and bonus kid Don Kaiser.

Veteran Turk Lown returned to Chicago from Los Angeles to bolster the relief pitching department by Jim Davis.

Offensively, the Cubs lead off with Banks, who hit 295 and 200 in 1955.

## Remember When...

50 years ago  
Mr. Hall of Carlsbad has started a restaurant in Dayton so every man coming to Dayton can get a square meal and a square deal.

Mr. G. U. McCrary spent Monday in Portales.

Mr. S. W. Gilbert, president of the First National Bank, spent Sunday in Roswell.

Mrs. J. B. Enfield is visiting the family of Dr. A. L. Norflett in Roswell.

20 years ago  
A number of members of the younger set attended a surprise birthday party given in honor of Miss Cora Lee Ansley at the home of Miss Mary Evans Friday night.

Friday afternoon Mrs. Ray Barlett was hostess to the members of the Miercoles Bridge club at her home. Those present were: Mmes. Baldwin, Mahone, Hollis, Watson, Simons, Howard Williams, Marshall, Albert Richards, A. L. Bruton, Harry Walsh, Wetmore, Hinkle, and L. B. Feather.

10 years ago  
Mayor Emery Carper is in Washington, D. C., on a business trip and conferring on the oil situation.

Mr. and Mrs. Roger Durand have returned from a trip to the East during which time they visited New York City.

## Our Nation Is Growing

WE, of course, have heard a great deal about the growth of our nation population-wise and know that from the 130,000,000 people we had one time we are now well beyond the 160,000,000 with promises the figure will reach 172,000,000 in another year or so.

But one of the best ways to see just how much we have grown and how the cost of operating our government has grown is shown by the Taxpayers' Association of New Mexico.

They recently released some figures showing that back in 1910 the federal government cost the average American family \$38 per year while in 1955 this figure had increased 42 times to \$1,600. And when we added to this the increase in population it is readily seen how great this cost has increased.

The total national debt in 1910 was \$1,147,000,000. In 1955 the interest alone on the national debt was more than \$6.5 billion. In 1910 the total federal budget was \$639,178,000 but in 1955, paper-work alone cost the federal government \$4 billion.

Only 348,088 civilians were employed by the federal government back in 1910 but by 1955 the civilian payrolls had increased over six times to 2,362,142. But today the government employs 2,916,000 persons in the armed services besides the 2,362,142 civilian employees.

Our nation today spends a total of \$63.8 billion yearly according to the budget for the fiscal year of 1956.

There is a total of 1,937 major operating units of the federal government while our nation owns real estate costing at the time it was purchased some \$40.8 billion; acreage equaling one-fourth that of the continental U. S.; and personal property exceeding \$66 billion and in addition pays an annual rent bill of \$107 million.

Most of us realize just what it is costing about this time of year when we are preparing to pay our income tax to the federal government. Part of this increased cost, of course, has provided increased services the American people have demanded. Another part is due to our defense program; and far too much of this total is for the "give-away" we have provided on the theory we can buy friendship.

Chances are this increase cost is going to continue as we approach the 200,000,000 mark in population and the demands we make and the things we expect the federal government to do will increase it that much more.

### High Court Upholds Immunity Law In Security Case Problem

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON (AP)—The Justice Department, armed with a new weapon just handed it by the Supreme Court, will now go ahead with the job of trying to make reluctant witnesses unravel some Red conspiracies in the United States.

The court has upheld the immunity law passed in 1954 by Congress to make unwilling witnesses—Communists or non-Communists—testify in court cases in involving national security. Spying, for instance.

This law says that if a witness before a federal grand jury or congressional committee investigating a case involving national security refuses to testify—on the grounds he might incriminate himself—then:

He can be guaranteed that he won't be prosecuted. What if he still refuses? He can be cited for contempt and jailed.

But the court limited itself to saying this law could be used by the Justice Department in making grand jury investigations. It did not—and specifically said it did not—say it was all right for congressional committees to use it.

The court may rule later in the committee's favor.

Grand juries and congressional committees have been hampered in their inquiries into communism by witnesses' use of the Fifth Amendment, which says a man cannot be forced to testify to anything which might incriminate him.

Once a man claims up behind this amendment neither a jury nor a committee can tell whether he really has anything to fear or is just refusing to talk to protect friends or acquaintances.

Yet, the amendment is intended to protect only the witness himself from saying anything which might lead to his own prosecution.

Congress two years ago passed ballots at a personal sacrifice of the immunity law, which applies considerable degree and were only when a witness in a national forced to drive many miles to the security case invokes the Fifth Amendment before a grand jury. Hurley said the Senate's investigation committee. This tigators found approximately 80, can be done: the Justice Department 000 illegal votes cast in the election or the committee can ask question, which he charged he lost be a federal judge to promise the cause of fraud, and now the sec-witness he will not be prosecuted retrary of state has cancelled il- for anything he says, even though legal registrations in approximate- he involves himself in a crime inly the same number. "Everything the security case in question by attorneys found at the time his testimony. has been proven correct," he said.

This wipes out any need for the Fifth Amendment in his case. When you are making popovers promise of immunity takes the and take them from the oven, re- place of the Fifth Amendment in move the hot bread immediately protecting him from prosecution, from the muffin cups so that their Having been offered immunity bottoms do not steam and soften.

in exchange for his testimony, if he still won't talk he can be cited for contempt and jailed. This is what happened when a federal grand jury, making the first use of the 1954 law, questioned William Ludwig Ullmann about a wartime Washington spy ring.

He invoked the Fifth Amendment, was granted immunity, refused to talk, was sentenced to six months in jail, and appealed all the way up to the Supreme Court.

Now, with the court upholding the law, a Justice department spokesman said it will go ahead with its investigations.

### Stanley Regrets Hurley Won't Pay Recount Workers

SANTA FE (AP)—Asst. Atty. Gen. Fred M. Stanley says "it is regrettable" that Gen. Patrick J. Hurley had not voluntarily paid election workers who conducted recounts in the Chavez-Hurley Senate race of 1952.

Stanley commented in a letter in which he held Hurley's bonding company, the Indemnity Insurance Co. of North America, that he cannot assent at this time to a cancellation of the \$10,000 bond which Hurley filed when he asked for the recount.

Hurley said on advice from his lawyers he intends to do nothing about the recent costs, because he does not feel he received a true recount.

Hurley's contest with Chavez over the 1952 election went all the way to the U. S. Senate, which finally dismissed the contest in March, 1954.

Stanley said it was regrettable that Gen. Hurley did not see fit to pay those workers voluntarily, as some spent the day recounting Congress two years ago passed ballots at a personal sacrifice of the immunity law, which applies considerable degree and were only when a witness in a national forced to drive many miles to the security case invokes the Fifth Amendment before a grand jury. Hurley said the Senate's investigation committee. This tigators found approximately 80, can be done: the Justice Department 000 illegal votes cast in the election or the committee can ask question, which he charged he lost be a federal judge to promise the cause of fraud, and now the sec-witness he will not be prosecuted retrary of state has cancelled il- for anything he says, even though legal registrations in approximate- he involves himself in a crime inly the same number. "Everything the security case in question by attorneys found at the time his testimony. has been proven correct," he said.

When you are making popovers promise of immunity takes the and take them from the oven, re- place of the Fifth Amendment in move the hot bread immediately protecting him from prosecution, from the muffin cups so that their Having been offered immunity bottoms do not steam and soften.

## Huffman Says—

(Continued From Page One)

The only solution which offers any hope for the future is one which can bring about a rehabilitation of the area by increasing the job opportunities and restoring the people to a productive role in the economy of the state, Huffman noted.

Toward this end, Huffman said New Mexico has reactivated the EDC in hopes of attracting new industry to the state, and the depressed county areas.

He said the loans and the technical assistance that would be available under the depressed area bills would greatly aid New Mexico's own efforts to bring additional employment opportunities to the 10-county area.

As a specific example, Huffman said industry that normally thinks of the 10-county area as isolated would be more receptive to coming in there if they could secure part of their capital under favorable terms.

To go with his testimony, Huffman presented figures which showed that population in the 10 counties has declined from 170,700 in 1940 to 152,600, a 5.3 per cent decrease.

## Egypt-Israel Exchange Fire

JERUSALEM (AP)—Egyptian and Israeli forces exchanged fire near the El Auja demilitarized zone, a frontier trouble spot south of Egyptian-held Gaza. Each side blamed the other. No casualties were reported.

In Gaza, an Egyptian military spokesman said three Israeli armored cars attacked an Egyptian post.

An Israeli military spokesman in Jerusalem said Egyptians touched off the skirmish by firing from Sinai desert positions on a Israeli patrol more than a half mile inside Israel's border.

## Pentagon—

(Continued From Page One)

the question of which services will use any specific missile.

Of late, Pentagon officials have mentioned five years as the time it may take to develop and produce a missile capable of accurate firing at targets 5,000 miles distant.

## EVIDENCE IS TAKEN

ALBUQUERQUE (AP)—U. S. Judge Carl A. Hatch has overruled motions for suppression of evidence in the case of Marcelino P. Velasquez, 47, Clovis, accused of a narcotics violation. Velasquez's attorney asked that the evidence (marked money) to suppress on the ground narcotics agent Jack Saller arrested the alleged dope peddler without a warrant.

## Know YOUR Schools

By Jol Connell

DID YOU KNOW that the Artesia Public School System employs thirteen full-time and two part-time building custodians?

Today we will again turn to Director of Special Activities W. G. Short for specific information concerning our schools.

"The employees who are charged with the responsibility of maintaining our public school buildings and grounds are a very important group. A clean, sanitary well-kept building makes teaching easier for the teachers, and supervision and guidance easier for the principals. Good maintenance makes a good atmosphere, which promotes better relations among pupils, teachers, and principals. It encourages happy dispositions and diligent work. Well-kept buildings (both inside and out), playgrounds, and lawns impress the parents and general public favorably. This automatically creates better school-parent relationship.

"A strenuous effort is made to hold maintenance quality at a high level. Improvements are made as rapidly as resources permit. In spite of many improvements, we have a long way to go.

"Our maintenance employees fall into two general groups: custodians and general maintenance men.

"The custodians are assigned to specific buildings and given the responsibility of keeping the designated buildings and ground. Some of the duties are sweeping, mopping, dusting, moving, and arranging furniture, emptying trash, repairing facilities, furniture, and equipment, watering lawns, trimming lawns and shrubbery, operating heating system, and a myriad of miscellaneous jobs. In fact a custodian serves 'from early morn till late at night.' In our ten schools we have thirteen full time and two part time custodians.

"Usually four men make up the general maintenance force. Their work begins where the custodians end. In other words, when the custodian, either doesn't have the tools, or the job is too big, the general crew assumes responsibility. Also, they service all jobs that pertain to the school as a whole. This group makes installations, major repairs to equipment, buildings and grounds, build cabinets, tables, shelves, etc., service air-conditioning units and heating systems, supplement work on buildings when bond money is inadequate to complete all needed facilities through contracts, and many other things."

## Plane Wreck—

(Continued from Page One)

Schall had been the object of a full scale search by military and civilian planes.

Col. George W. Porter, Walker commander, said the pilot reported over the base at 10 p.m. yesterday and made three passes over the field attempting to land before pulling his F-86H away.

The plane was enroute from Nellis AFB at Las Vegas, Nev., to Walker.

The pilot announced he was going to bail out and radio contact was lost at 10:15 p.m.

Military and Civil Air Patrol planes searched for the wreckage and the pilot in clearing weather today. Visibility Tuesday was listed at half a mile.

Lt. Col. Louis Whitlock of Carlsbad, in charge of the southeastern section of the CAP, was placed in charge of the civilian portion of the search.

## Writer Quits Smoking, Finds Life Simpler But Not Better

By RELMAN MORIN  
For Hal Boyle

NEW YORK (AP)—About this business of not smoking... Nearly a year has elapsed since I lit my last cigarette. It still seems like a miracle, difficult to believe after 25 years of heavy puffing. I don't intend to start again.

However, the subject of this essay is not "How I Stopped Smoking."

It is, rather, that the benefits of not smoking may be greatly over-rated.

As I understand it, each of us is a special little chemical works, different in some detail from every other. What is harmful to one person may have little or no effect on another. So doctors are by no means in agreement about the effects of tobacco.

My experience, for what it's worth, has been this—

I don't find that I work better now, have more energy nor sleep more soundly. My disposition hasn't improved. And writing a simple declarative English sentence is still likely to be an obstacle bigger than Mt. Everest.

In other words, I feel pretty much now as I did when I was smoking.

Then why stop?

Well, there was an illness doctor's advice. However, he is among physicians who believe that in moderation, tobacco stimulates, and promotes relaxation, thinks the beneficial effects this may outweigh any disadvantages.

This, of course, would be ideal way to smoke.

It seems to me that one of the good things of life are the rare pleasures, and to be treated as such. A fine cool pipe or a few cigarettes are the hallmarks of a civilized life. I couldn't learn that from the typewriter, and under pressure three. Out of pure nervousness I often lit one cigarette, and it down beside another smoking. Over-indulgence has a middle name.

So there was no alternative to stop entirely.

It had a number of interesting results. For instance, it complicated your life. Once I awakened on a train in early hours after midnight, myself out of cigarettes, couldn't rouse the porter, and panic! That will never be again.

How do you stop? There are a thousand methods.

Some people have had success with the "stretch-out" method. This, you postpone your cigarette five minutes each day for a month, you will have laid the day's smoking habit and one-half hours.

Another, and similar, idea is the "reward" idea you don't buy yourself you are going to stop, but you hold off as long as possible then "reward" yourself with a smoke. Then hold again.

Trouble with all these is they focus your thought on tobacco, whereas the key is to get it entirely. I believe I believe Mark Twain who said some to the effect that smoking at the kind of a habit you can't get down stairs one step at a time. "You have to throw it out window, bodily," he declared.

## Senate Rejects Direct Election Of President

WASHINGTON (AP)—The Senate Tuesday rejected 69-13 a proposed constitutional amendment for the election of presidents and vice presidents by direct popular vote.

The amendment, offered by Sen. Langer (R-ND), called also for a nationwide primary for nomination of candidates for president and vice president.

The Senate was considering a series of suggested substitutes for the present electoral college system of electing the nation's top officers.

## New A&M Publication Tells Of House Plants

Nothing makes a house "Come alive" and gain a "home atmosphere" faster than well-arranged and properly-cared-for house plants.

If you'd like to start using plants as part of your interior decoration, but have doubted your ability to make them grow, you'll be glad to hear that experts say that a green thumb isn't just "born"—it's acquired.

New Mexico A&M College has just issued a mimeographed publication, 400 H-4, "Growing House Plants," written by Extension Horticulturist W. J. Wiltbank. In it, you'll find information on the kinds, selection and care of house plants. You'll also learn ways to combat unnatural home growing conditions, what kind of container to use, how to prune, how to start cuttings, how to get the best possible bloom.

## Society Schedules Warming Trend In Southwest

There was a warming trend in the Southeast and cold weather in the Southwest Tuesday.

Although temperatures were a little higher in the Southeast they still were below seasonal normals. Biggest warming was along the South Atlantic Coast. Advances also were reported along the northern Gulf Coast and in Florida. The 59 at Savannah, Ga., compared with 41 Monday.

The colder air extended from the northern and central Pacific Coast to the Rockies.

Below-freezing temperatures extended across most of the Great Lakes region, New England, and in the northern Rockies and the Great Basin in the West.

More fair and warm weather was the outlook for southern areas.

## WHO DOES IT?

### Clouds On Face Of Mars Could Be Volcanic Dust Billowings

COLUMBUS, Ohio (AP)—Peculiar clouds on the face of Mars could be vast billowings of volcanic dust and steam, a Michigan astronomer has said.

If so, the clouds are added evidence for a theory that Mars is raked by volcanoes. Wind-blown deposits of volcanic ash could cause some of Mars' strange markings including perhaps some "canals."

By this theory, Mars might still be in early stages of changes such as the earth experienced before life appeared on this planet.

The volcanic theory is advanced by Dr. Dean B. McLaughlin of the University of Michigan. He has proposed that some dark areas—sometimes thought to be vegetation—could be drifts of volcanic ash. Some so-called canals might be pathways of fallen ash, and others might be cracks or faults on Mars' face.

The Earth's oceans are perhaps due to water brought up from its interior by volcanoes. Mars might be in the same process now, with oceans yet to come to spawn life.

Dr. McLaughlin told the American Astronomical Society that some observations of Martian clouds are at least consistent with the theory of volcanic activity.

From a check of various astronomers' sightings of clouds, he said that clouds have been observed intermittently for the last 25 years over one particular area.

These clouds therefore seem associated with some mechanism at a fixed spot on the face of Mars. On earth, clouds often rise regularly along mountain chains, but Mars has no large mountain ranges, Dr. McLaughlin said. And apparently there is not much water vapor on Mars to form ordinary clouds.

Within past decades, the shape of some of the dark-colored areas near cloud spots has changed, he added. The way they have changed, with some lines fanning out from them, suggests changes in the way volcanic ash is being deposited of blown about. The dark areas could be never active volcanoes.

"The coincidence of the area of cloud formation and the area of conspicuous surface changes is too close to be dismissed as accidental. Whether correct or not, the hypothesis of volcanic activity at least gives a fully consistent explanation of the observed facts," Dr. McLaughlin said.

### Teacher Pension Needs More Funds Says Santistevan

SANTA FE (AP)—The director of the State Educational Retirement System says eventually more money will have to be paid into an improved program of coverage for teachers.

Floyd Santistevan says he agrees with George B. Buck, a New York actuary who was retained by the board, that to pay a retirement benefit of \$200 per month for 30 years service would require total contributions amounting to 16 per cent of the salaries.

The three per cent now provided has been more than enough to take care of benefits so far, Santistevan said. It had been three per cent since 1945, the money coming from such funds as the school tax, the school's share of the income tax and the mineral leasing act. Before 1945 the contribution was two per cent.

The teacher retirement roll now consists of about 840 persons and benefits are being paid out at the rate of about \$90,000 a month.

### Temporary Driver License Extended

SANTA FE (AP)—The state drivers license branch says the 90-day temporary driver license certificates will be extended to make them good until the department catches up on its backlog of paper work.

The office is still snowed under from a vast increase in paper work required by a new law that went into effect last July, Director Emilio Naranjo says.

He said State Police are accepting a driver's temporary certificate as long as he continues them in effect.

### GPA Group Asks Firing Of Espanola Man

SANTA FE (AP)—A delegation representing the New Mexico Game Protective Assn. Tuesday asked Gov. John F. Simms to replace Angus L. Evans of Espanola, a hold-over member of the Game and Fish Commission whose term expired in January, 1955.

The state association's board of directors, meeting at Albuquerque Sunday, formally adopted a resolution urging replacement of "the present holdover commissioner," who was not specifically named, and authorizing a delegation to present the resolution to Simms.

Roger Neill, executive secretary of the GPA, said the dismissal of Asst. State Game Director Fred A. Thompson by State Director Homer Pickens was not discussed with Simms during the 15-minute meeting.

"We don't know both sides of that story, or what might develop," Neill said. "The board of directors decided Sunday not to take any definite action on the Fred Thompson case, at least until he has had his hearing."

Thompson has asked the commission for a hearing, denying Pickens' charge that he had been disloyal and insubordinate.

GPA President Chancie Snyder of Silver City and Doc Burnett, president of the Albuquerque GPA, representing all chapters in the Rio Grande Valley, were the other members of the delegation who called on Simms.

The state GPA long has had a policy of believing that members of the Game and Fish Commission should not be reappointed, but that the membership should be passed around in the interests of seeing that all parts of the state have a chance at representation.

This policy, first approved years ago, was reaffirmed at last October's state GPA convention.

Neill said Gov. Simms told the delegation he had been giving a lot of thought to the commission membership "and will give serious consideration to our action."

He described the meeting with Simms as "a very friendly visit."

"Now it's up to the governor to decide what to do; we merely gave him our views," Neill said.

### NAACP In State Gives Support To Day Of Prayer

ALBUQUERQUE (AP)—E. L. Boyd, state president of the National Assn. for the Advancement of Colored People, says his association is actively supporting the day of prayer, today from 2 to 3 p.m.

The purpose of the day, Boyd said, is for racial unity not only in the South where racial-strife is more evident, but all over the United States.

"This is not a problem to be solved by 15,000,000 Negroes," Boyd said "but by 165 million United States citizens."

### Arkansasan Gets Forgery Terms

ALBUQUERQUE (AP)—Richard John Donoho, 2, Blythe, Ark., has been sentenced in federal court to two two-year sentences, to run concurrently, for forging stolen checks. The checks, for \$98 and \$185, were stolen last May from Western Construction Co., Hobbs.

### INSURED FOR \$4,000 IF THAT'S A COMFORT

GLIDING GRACEFULLY over water at Sarasota, Fla., "Sunny," 1,300 pound 3-year-old elephant, makes debut as world's first water-skiing pachyderm. "Sunny," on especially made ski platform, is accompanied by Barbara Laney and Joan Dampier. (International)

### US Information Agency Wants Propaganda Effort Stepped Up

WASHINGTON (AP)—The U. S. Information Agency proposes to step up its propaganda efforts by more than half in hopes of countering Russia's new political-economic offensive.

USIA Director Theodore C. Streibert asked a House Appropriations sub-committee to recommend 135 million dollars in the fiscal year beginning next July 1, an increase of about 55 per cent over what Congress appropriated for this year.

In closed-door testimony last month, Streibert sought increases for nearly all USIA activities including Voice of America radio broadcasts. His testimony was made public Tuesday.

Among other things, he proposed taking an aircraft carrier out of mothballs, fitting it with Cinerama and nonmilitary display items and sending it on a tour of African, Near Eastern and Far Eastern ports. He estimated the first year's cost at 3.34 million dollars. Cinerama is a motion picture technique which gives the viewer a sense of being in the scenes shown.

Streibert proposed also the free distribution of thousands of cheap, hand-powered phonographs, along with records telling America's story to natives in 27 countries in the Near and Far East.

Streibert said U. S. officials now estimate "that in the next few years there will be less likelihood of military action and more reliance on diplomatic, economic and psychological action by both sides."

"The U. S. government must mount an aggressive psychological program backed by adequate resources," he said.

### AAU Free Style Tournery Enters Champion Play

TULSA, Okla. (AP)—The Amateur Athletic Union's National Free-Style Wrestling Tournament, which is expected to furnish several members of this year's U.S. Olympic team, was in its championship rounds today.

It already had named one new winner—114.5-pound Dick Deigado, University of Oklahoma sophomore representing the Norman Sooner AC, and had reached the final round-robin eliminations for titles in four other weight divisions.

A few more matches were needed to determine the three finalists at 136.5, 147.5 and 160.5 pounds. But at 125, 174, 191 and heavy weight, the athletes were ready to grapple for the championship and runner-up honors that mean qualifying for the final Olympic trials April 28-May 5 at Hollywood, Calif.

Manufacturing had totaled 45 billion dollars, and he adds: "The cost of the plants erected in the war years alone was 30 billion dollars."

### San Juan Test Below 6,519 Ft.

DENVER (AP)—Petroleum Information said Tuesday that Humble Oil & Refining Co. is drilling below 6,519 feet at its No. 1-B Navajo in San Juan County, N. M.

A drillstem test at 5,539-606 feet in the Pennsylvania touched off a flow of oil rated at more than 20 barrels an hour, but three tests at lower depths resulted in only slight shows.

Skelly Oil has staked location for the No. 2 Jicarilla—C well in Rio Arriba County as an extension of a gas well, No. 1 Jicarilla—C, completed last year for a flow of 2,600,000 cubic feet of gas per day.

SANTA FE (AP)—Secretary of the Army Wilbur M. Bruckner will address a meeting of the New Mexico National Guard Assn. in Albuquerque April 7, Maj. Gen. C. G. Sage, the state adjutant general, said more than 300 persons are expected for the annual meeting.

### WINDS, CURRENT UNFAVORABLE

### Attorney Says Winston Green 'Not Very Well'

SANTA FE (AP)—An attorney for Winston Green, 25, charged with murder in connection with the death of Mrs. Valerie Palmer of Gallup, says that Green has been examined by a psychiatrist.

David Chavez of Santa Fe, the attorney, said it was his opinion "that Green is not very well."

Dist. Atty. Bert Prince says a preliminary hearing for Green will probably be held next week in Gallup.

Green's estranged wife stood behind Mrs. Palmer at a cash register in Mrs. Palmer's cafe. Mrs. Palmer was shot twice. Mrs. Green, a waitress, was wounded in one hand.

### Sewerage Workshop Set On A&M Campus

STATE COLLEGE (Special)—The first short course ever to be held in the state of New Mexico for water and sewerage works personnel will be conducted by New Mexico A&M College Monday.

The short course will be conducted by the civil engineering department at New Mexico A&M in conjunction with the New Mexico department of public health, the United States Public Health Service, and the New Mexico Water and Sewage Assn.

NEW YORK (AP)—U. S. Treasury agents swooped down on Communist property across the United States Tuesday and seized it for alleged tax delinquency.

Red property was seized in San Francisco, New York, Philadelphia, Chicago and Detroit.

Steve Vidal, internal revenue director in New Mexico said no instructions had been received about a crackdown in New Mexico.

The agents acted simultaneously in a number of cities.

In New York, they took over Communist party headquarters and the plant of the party newspaper, the Daily Worker, a Treasury spokesman said.

Alan Max, managing editor of the New York Daily Worker, said U. S. Treasury agents ordered the headquarters and the newspaper plant emptied.

He said the agents told him the newspaper would not be published today.

The action was requested here by Donald R. Moysey, director of Internal Revenue for the Lower Manhattan District. He said the party's taxes are owed in this district because the party's national headquarters are here.

He said he did not know immediately the total over-all tax delinquency.

But he said the Daily Worker

### NM Holds Lead In Non-Resident Travel Volume

SANTA FE (AP)—Tourist Joseph A. Bursey reported New Mexico continues to lead sister Western states in the volume of non-resident travel.

A 1954 count by the Department's planning office, which Bursey termed one of the most complete ever made, state, recorded 3,450,000 state passenger cars entering Mexico, of which it was estimated that approximately 2,500,000 were here for pleasure or recreation purposes.

Years of records show that car carries an average of 2.5 persons, so on this basis 8,625,000 individuals came to the state year primarily for pleasure or recreational purposes, it was estimated. The other 870,000 were believed to have come from Arizona.

The next highest figure recorded to a Western state last year was 2,844,000 cars listed as entering New Mexico.

Bursey says approximately 60 per cent of the state's income comes from six states—California and Kansas. There is a general advertising campaign during the summer months.

STATE ELKS MEET  
ALAMOGORDO (AP)—The Mexican Elks Assn. was in town here Saturday and Sunday as guest of the local lodge.
