## Soviet Chiefs Talk Today With Britain's Prime Minister Eden On Mid-East Situation

### Complaints Of Violations Continue After Cease-Fire

JERUSALEM (AP)—Egypt's Premier Gamal Abdel Nasser is going to Jidda today for a conference with two Arab kings, King Saud of Saudi Arabia and Imam Ahmed of Yemen, according to the semi-official Egyptian Middle-East agency.

A Saudi Arabian Red Crescent ambulance is seen about 49 miles northwest of the holy city of Mecca on a post near Dier el Ghazal yesterday. Egyptian G.I.s were back at the front headquarters in Beirut. A spokesman said the detachment suffered no casualties and did not return the fire.

### Three Freed From Mine Entombment

SUNNYSIDE, Utah (AP)—Rescue crews freed today three men entombed for up to 44 hours in a coal mine cave-in. Workmen continued efforts to reach a fourth man also caught in the avalanche of rock and stone. It was not known whether he still is alive.

The rescued miners, trapped when the roof of the mine collapsed Wednesday at 1:40 p.m., lay pinned beneath mining machinery without food or water during their entombment. Rescuers first reached LaVell Golding, 42, father of four from Wellington, Utah, at 4 a.m. They next plucked out Joe Archuleta, 43, Dragerton, father of two, at 5:55 a.m.

The third out, at 8 a.m., was Lloyd Allen Heath, 36, Sunnyside, the father of five. The remaining miner is Joseph Ottersstrom, 58, father of seven, also from Sunnyside. The mine, owned by Kaiser Coal Co., is 125 miles southeast of Salt Lake City and 25 miles east of Price. "I thought they would never get me," Heath said as rescuers brought him from the mine tunnel, which runs laterally into a (Continued on Page Four)

A \$100 FINE for reckless driving was levied against a 19-year-old Lake Arthur youth, Ignacius Ray Campos, today, after he was involved in a collision with the above car, belonging to Leland Wallace Bissell, at Dallas and First Streets last night. Bissell's car was struck from behind and knocked onto the curb, police said. (Advocate Photo)

### Jury Awards \$77,500 Damages Against Accident-Ridden Firm

LOVINGTON (AP)—A District jury today awarded \$77,500 to two plaintiffs in their suit against the accident-ridden Ferguson-Steele Trucking Co.

The jury ordered the firm to pay W. R. Burns, Carlsbad, injured in a collision with a company truck last Aug. 9, \$35,000. He had asked \$75,000.

Damages of \$42,500 were assessed for Mrs. Maybelle M. Pearce, Carlsbad, who had asked \$111,630, for the death of her husband in the same crash.

Four men were killed and 15 injured when a Ferguson-Steele truck collided with a bus carrying potato company employees to work. The accident involved a Ferguson-Steele truck and a bus operated by the Potash Mines Transportation Co.

Don G. McCormick, attorney for Mrs. Pearce, said about 10 other damage suits are pending, and total damages asked amount to about one million dollars.

### Group Lops \$25-Millions From Funds

WASHINGTON (AP)—The House Appropriations Committee today cut \$25 million dollars from President Eisenhower's request for the government's overseas propaganda program.

It also refused to approve money sought by the Justice Department to build two new prisons and criticized a State Department proposal to buy an unspecified number of "executive wastebaskets" at \$27 each.

The committee said it "would be a wasteful aberration" to give the U. S. Information Agency the entire \$135 million requested for the bookkeeping year starting July 1. The \$110 million it recommended for USA—which handles the (Continued on Page Four)

### State, National Proclamations Set Reserve Week

Local groups and citizens will band together beginning Sunday for observance of U. S. Army Reserve Week in New Mexico.

The Week ties in with National Military Reserve Week. President Eisenhower said of the program: "The responsibility for preserving our security and freedoms rests not alone with the Department of Defense, or indeed the Government as a whole, but also with all American citizens."

"I am hopeful that all elements in American life, whether they be labor, business, scientific or educational, will see the advantage of this new six-month Reserve training program, both to the young men of our nation and to the national security."

### ALBUQUERQUE (AP)—Claudio Aragon of Colfax County has filed suit in federal court to quiet title on land to which he claims full ownership.

Aragon's suit is against Marcos Vigil of Trinidad, Colo., whom he contends claims the Colfax County property. Aragon requests if the court does not find him full owner, it determine his holdings and obligations equitably. (Continued on Page Four)

### Bill Brittain Elected Head Of Commission

Twelve of 16 organizations sent delegates and alternates to the Artesia Civic Improvement Commission meeting Thursday night at the city hall.

Bill Brittain was elected president of the commission, David B. Lucas, vice-president and Mrs. Johnnie Acken, secretary. Commissioning of members will be held at the City Council meeting Wednesday, April 25, at which time Mayor Bill Yeager will give members semi-official status.

The group decided to meet twice monthly, at 7 p.m. each second and fourth Tuesday. Next meeting will be May 1 in the city hall council room.

Brittain appointed the Rev. F. G. Klerekooper, Ted Welch, Glen Clem and Mrs. E. E. Kinney to a committee to study ways and means of acquiring the ideas of John Q. Public for the improvement of Artesia.

Mayor Yeager cautioned the organization to "not dump the ideas for improvements in the city (Continued on Page Four)

### State Death Toll Tops 100 Mark

By THE ASSOCIATED PRESS A car carrying a California couple and five children crashed near Roswell early this morning, killing a 14-year-old girl and injuring the other members of the party. The death pushed the state total to 101 victims, the third death added today and 21 more than at this time last year.

State Policeman A. L. Jennings said the driver, Mrs. Pauline Kowena, 32, of Hawthorne, Calif., fell asleep at the wheel. The accident occurred at 1:30 a.m., 25 miles east of Roswell on U.S. 70.

Eva Larue Nahquell, 14, the Kowenas' adopted daughter, was dead on arrival at a hospital.

Mrs. Kowena suffered a broken back and cuts. Jennings listed the others injured as Weldon Kowena, 38, Juana, 10, James, 6, Rhoda, 4, and Kate, 2.

Two out of state men died in on-car accidents to push the state total to 100. (Continued on Page Four)

### Kruschev Says H-Bomb War Would Destroy Civilization

LONDON (AP)—Soviet Premier Nikolai Bulganin and Communist party boss Nikita Khrushchev opened full-scale talks today with Prime Minister Eden on the explosive situation in the Middle-East.

British-Soviet peace talks entered a crucial phase today against the background of a stark assertion by Russia's Nikita Khrushchev that an East-West war with H-bombs would destroy the whole civilized world.

Bulganin raised his hat and Khrushchev put on his best smile for a crowd of 250 as they left their Claridges Hotel headquarters. The crowd replied with silent stares.

About 7,000 persons lined the two-mile route from the hotel to No. 10 Downing St., Eden's official residence. So hushed was the crowd that the whirl of the tires on the Russians' big car could be heard.

The Kremlin chiefs were accompanied by Deputy Foreign Minister Andrei Gromyko, already in London for the five-power disarmament negotiations; and Jacob Malik, the Russian ambassador to Britain. British Foreign Secretary Selwyn Lloyd sat in with Eden.

Both morning and afternoon sessions were scheduled today, for a total of almost five hours of talking. Both sides agreed to keep the talks secret, and to put out communiques at the end of each day's sessions.

Eden expected to get down to cases at once on the explosive Middle East situation, where Communist arming of Egypt threatens to upset the balance of power between Israel and the Arab states.

The British fear this may touch off big-scale fighting which would ultimately involve Communist and Western military might in a holocaust of mutual destruction.

Khrushchev and Bulganin were expected to counter with claims that the progressive rearming of West Germany by the Western Powers poses an even greater threat to world peace.

Diplomatic sources said Eden would propose that the United Nations ration both Communist and Western arms to the Arabs and the Israelis.

The informants said the idea probably stemmed from U.S.-British exchanges. President Eisenhower has suggested a Middle East solution through the U.N.

Khrushchev's forthright admission "that we are not in a position to push the state to (Continued on Page Four)

### Demo Leaders Lay Plans For Convention

By THE ASSOCIATED PRESS Democratic bigwigs flocked into Washington today to lay plans for the party's nominating convention and to talk about strategy and finances for the election campaign next fall.

The two-day meeting of the Democratic National Committee and auxiliary groups follows by three days a big Republican party conference at which President Eisenhower got his re-election drive off the ground.

At the same time, Adlai Stevenson raised questions anew about the President's health and Sen. Estes Kefauver trotted out the "big business" charge which Democrats have leveled before at (Continued on Page Four)

### Committee Puts Farm Bill Cart Before Horse

WASHINGTON (AP)—Rep. Halleck (R-Ind.) said today House Democrats are "getting a little excited" in trying to provide money for a soil bank program before authorizing it.

Halleck, assistant GOP House leader, referred to action of the House Appropriations Committee yesterday in approving a \$1,200,000,000 emergency appropriation for soil bank payments to farmers this year.

Many Democrats have contended the administration already has ample legal authority to set up the program, and it was on that basis that the committee acted.

Secretary of Agriculture Benson has called the proposed appropriation a "gold brick," and said the (Continued on Page Four)

### Syferd To Head H-S Student Body

James Syferd was elected president of Artesia High School student body for next term, in elections this morning. James is a Junior classman this year. He is the son of Mr. and Mrs. Orlan Syferd of 405 Missouri.

Kirk Wildman is newly elected vice-president, Abbie Pearson is secretary. Both will be Seniors next fall.

Susan Lee, a Junior, and Gary Miller, Sophomore, were elected assembly managers.

Councilmen at large elected were Johnny French, Sophomore, and Wayne Young, Junior.

### First Grace--Now Margaret

JERUSALEM, Mo. (AP)—The old-fashioned Independence-day observance today when Margaret Truman took over as center of national interest for people the over.

Margaret Truman, daughter of former President, and her own father-in-law, a handsome, ur-New York newspaperman, are the pals in the second of the big weddings.

The first, between film star Kelly and Prince Rainier of Monaco, is over. Tomorrow afternoon in a far more subdued atmosphere and in a vastly simpler way, Margaret exchanges vows with Clifton Daniel Jr., assistant foreign editor of the New York Times.

Life can change overnight — Margaret Truman not too long ago said she was all for a television career. Yet she wouldn't rule out marriage "if I could have as happy a marriage as my father and mother."

"But that isn't easy to come by," the daughter of former President Harry S. Truman said then.

This Saturday she is going to make a try for it. She is marrying Clifton Daniel Jr., assistant to the foreign editor of the New York Times. She is 32 and he is 43.

It will be a marriage of a man from a small town in North Carolina, Zebulon, and a woman from a small town in Missouri.

His father, who will be here for the wedding is a druggist. Hers was county judge when she was born, and the event rated three lines in the hometown newspaper.

Margaret and Clifton on their own have made good — she as a concert singer and radio-TV star and he as a war correspondent in World War II and then as foreign correspondent in London, Germany and Russia.

Margaret, when her father was president, met many of the world's most interesting men. Clifton, as a foreign correspondent, was a prize at a dinner party.

In fact, they met at a dinner party in New York last November at the home of George Backer, former publisher of the New York Post. Backer will be one of the ushers Saturday.

### Artesia Sorority To Hostess State Convention In '57

Artesia chapters of Epsilon Sigma Alpha are lining-up another "first" for this city in May 1957 when they will be hostess groups for the State Convention of the philanthropic and educational sorority.

Mrs. Charles Gieghorn of Alpha Nu chapter here last weekend was elected first vice-president of the state organization.

Four Artesia women were among 90 delegates to the State convention April 13-15 at Las Vegas where the International ESA President, Mrs. E. Robert Palmer of Loveland, Colo., founder of the sorority, was present for the first time in New Mexico at the ninth annual convention.

Mrs. John Suddereth represented the Beta Gamma chapter of Artesia. Mrs. Lewis P. Means, Mrs. Gieghorn, and Mrs. Don Knorr, new president of Alpha Nu, represented the 10-year old chapter here.

ESA members at Las Vegas learned that 24 chapters of 53 New Mexico groups had contributed \$9,000 last year to philanthropic projects. Most of this amount went to aid handicapped persons and the state organization adopted "Aid to the Handicapped" as a major program this year.

The local chapters have contributed to all local philanthropic

**Better milk built the Southwest's largest dairy.**

**IT ALL BEGAN . . .** With a cow, a boy and a little red wagon! In the spring of 1906, the wagon's merry rattle signalled the first delivery of Price's milk in El Paso. One cooperative cow supplied milk to the neighbors. After a few months, Price's bought a 10-cow dairy. By 1918, their herd numbered over 90 milking cows and a pasteurization plant had been built. Increasing demands for Price's superior products made expansion necessary in El Paso and throughout the Pecos Valley. In 1939, a plant was established in Artesia to provide a full line of Price's products to this area. In 1950 a new plant was built to give Artesia better service. On their fiftieth Anniversary, Price's express gratitude to all of their many friends and customers in the Artesia area for their confidence and loyalty through the years.

**TODAY . . .** Price's Creameries is one of the largest dairies in the Southwest, serving a wide area in New Mexico and Texas. Milk produced by many dairy farmers in the Artesia area goes to Price's Roswell pasteurization plant, as modern as any in the nation. Many retail and wholesale customers are served with these and other fine products produced and distributed by Price's. To the Artesia area milk producers, and to their plant and sales employees goes Price's deep appreciation for their loyalty and excellent work. ## Herb Score Jinxed Again By White Sox

By The Associated Press  
Herb Score, Cleveland's fine young southpaw, says he doesn't sleep well after losing. From the look of things he could end up with insomnia just by facing the Chicago White Sox.

Score was the American League's No. 1 rookie last season, with a 16-10 record and a record 245 strikeouts—but he couldn't beat Chicago in three tries.

Even though figured to win 20 this season, he found himself in the same old nightmare alley yesterday. He fanned 10 and gave just two hits, yet lost 1-0 to the White Sox, who got a two-hitter themselves from Jack Harshman and scored the lone run without a hit.

With that follow-up to Billy Pierce's 2-1, five-hit victory, opening day, Chicago swept the two-game set between the two pennant threats and stayed unbeaten in the AL, along with Boston, which defeated Baltimore 4-2 behind Tom Brewer's two-hitter, and Kansas City, which hanged Detroit 4-1 on Bobby Shantz' five-hit pitching. The New Yankees, after thumping Washington twice, were dumped by the Senators 7-3.

In the National, only Milwaukee remained unbeaten, edging the Chicago Cubs 3-1 while Pittsburgh knocked the New York Giants to their first defeat 3-2. Brooklyn opened in its Jersey City "home" and beat Philadelphia 5-4 in 10 innings. Cincinnati also had to go 10 to beat St. Louis 10-9 with each club swatting four homers.

Score's big trouble with the White Sox, outside of yesterday's wildness, has been poor timing. He always runs into top pitching opponents. Last year he lost 4-1 against Pierce's three-hitter, 2-1 against Harshman's three-hitter, and 4-2 against Virgil Trucks' four-hitter.

Chicago didn't solve Herb for a hit until the eighth, but scored in the seventh on a walk, a two-run wild pitch and a sacrifice fly by ex-Tribesman Larry Doby, who had struck out five times in a row.

At Boston, Brewer also got into trouble with walks, but Mickey Vernon smacked a fly which Dave Pope lost in the sun and fell for a two-run double to break a 2-all tie. Ted Williams was on the bench with a bruised instep.

The Senators got two in the first off ex-teammate Maury McDermott, then led it in the fourth as Jim Lemon and Ed Fitzgerald tagged the southpaw for solo homers. Chuck Stobbs held the Yanks to seven hits, including a homer and two singles by Elston How

## Break Records At Boston

### A. A. Marathon

BOSTON (AP)—If the record-shattering 60th Boston A. A. Marathon is any indication, there's going to be a whale of an Olympic race in Australia this November.

Antti Viskari, 27-year-old artillery sergeant in the Finnish army, outsped Johnny Kelley of the BAA for the fastest time ever recorded anywhere in the 26-mile, 385-year event—2:14:14. There was a helping tailwind on a cool, sunny afternoon.

Trailing by about 125 yards at the finish, Kelley was clocked in 2:14:33. Both times are well below the previous unofficial world mark of 2:17:39 by Britain's Jim Peters two years ago.

In another hotly-contested race for third place, Finland's other representative—Eino Oksanen—edged Nick Costes, the Natick, Mass., schoolteacher. Oksanen's time was 2:17:56 and Costes' 2:18:01.

All four clockings surpassed the BAA mark of 2:18:22 established a year ago by Japan's Hideo Hamamura.

Afterward, Viskari admitted he was a member of the rising class of scientific runners. From that category rose Roger Bannister of England, who two years ago first cracked the 4-minute mile. The 2:15; marathonist is equivalent.

## Call Three S-W League Games For Weather

By THE ASSOCIATED PRESS  
The 10 teams in the Class B Southwestern League Friday night shift around from opening-series locations, hoping the travel will bring a change in weather.

For the second straight night Thursday three of the five games were postponed because of foul weather. Bad weather, cold and a slight drizzle in some spots, also hurt opening day attendance Tuesday.

In the only two games that were played last night, Plainview took over a share of first place with an 8-6 11-inning decision over Midland, and Pampa rushed past Ballinger 12-5. Clovis at Carlsbad and Roswell at El Paso were postponed because of cold, and Hobbs at San Angelo was postponed because of rain.

The highlight of the evening was Joe Fortin's three-run homer for Pampa.

Friday night's schedule calls for Plainview at Ballinger, Clovis at Midland, Roswell at Carlsbad, Hobbs at El Paso and Pampa at San Angelo.

Frosty Kennedy hit the first pitch in the bottom of the 11th for a home run to put Plainview in a first place tie with El Paso.

## Odessa Man Takes Lead At Hot Springs

HOT SPRINGS, Ark. (AP)—Billy Baxwell of Odessa, Tex., sliced eight strokes off par here yesterday in the first round of the Hot Springs Open Golf Tournament to take a one-stroke lead over Cary Middlecoff.

The former North Texas State College star shot a 64. He said he "made a couple of mistakes" but his putting offset them. He posted 31-33 over the par 36-36 course.

Pete Fleming of Hot Springs, with a 66, was third in yesterday's round while Buster Cupit of Ruston, La., had a 65. Bud Holscher of Apple Valley, Calif., and Paul Runyan of La Jolla, Calif., were tied at 68.

Bo Winger, defending champion, was five strokes behind the leader with a 69. He took last year's tournament with 67-67-68-68-270.

Jerry Breckenridge, 19, of Hot Springs, was low among the amateurs with a 70.

Two of Maxwell's birdies came as a result of fine approaches that stopped about a foot from the pin. He had two birdie putts of about 5 feet, three of about 7 or 8 feet and a 12-footer.

Maxwell used a No. 4 wood on the 540-yard No. 10 hole and put the ball within five feet of the pin. He barely missed the eagle putt and took a birdie.

## Sweeney To Coach Freshmen At UNM

ALBUQUERQUE (AP)—Bill Sweeney, Santa Fe city recreation director and basketball coach at St. Michael College, was named freshman basketball coach and head of the intramural program at the University of New Mexico today.

Sweeney coached at St. Michael's at the University of Colorado, replacing Gene Golden, who served on a temporary basis last season.

Sweeney coached at St. Michael's from 1949 until 1953 and again this season. He spent two years in the armed services.

St. Michael's, under Sweeney's coaching won a share of the 1956 Frontier Conference cage title with a season record of 19-9.

He is a former all-state football player and two-time all-state basketball star from Santa Fe High School.

## Gold Sox Make Impressive Return To Class A Western

By THE ASSOCIATED PRESS  
The Amarillo Gold Sox have been out of the Class A Western League since 1923, but the Texas team made an impressive return last night, whipping last year's champs, Colorado Springs, 6-0.

Right-hander Andy Bush did the job for the Gold Sox, hurling a great six-hitter and staying out of trouble all the way in one of the better performances in the league's opening night.

In the other games, Lincoln took Topeka 5-3, and the others were all over the board. Des Moines chased in six runs in the seventh inning in routing Sioux City 14-3, while Pueblo ruined Albuquerque's debut 13-2.

Bush was in command throughout, helped along with three double plays. He allowed only one Sky Sox player to reach second base, and that in the second inning. Art Cuth, Amarillo outfielder, got the game's only homer—a solo in the fifth—and one of the two extra-base blows of the game.

At Albuquerque, Pueblo came to life with a four-run burst in the fourth and added five more in the fifth in striking three Duke pitchers for 17 hits. Dodge pitcher Larry Sherry fanned 10 and allowed only seven hits in going the route.

## Ins And Outs Of Coaching At Military

By THE ASSOCIATED PRESS  
Ray F. Hill, college line football coach at New Mexico Military Institute has turned out back his contract.

College basketball coach Ed Harter and high school football coach Al Goodman have turned in their resignations.

Boxing and college baseball coach E. C. Barry has not been offered a contract for the next year.

This brings the total to eight coaches who have left NMMI in the past two years.

Monroe Harrelson, football coach for the college, has been offered a contract although it was still uncertain whether he or new head coach Nick Padgen would be at the helm of Bronco griders.

Harrelson was the only coach left last year when Ralph Craig, Jerry Boelen, and Ferris Bynum left. Basketball coach Jim Marberry is still on sabbatical leave at the University of California.

## Wildcat Relays Becoming Best Of The Circuit

CLOVIS (AP)—Rapidly becoming one of the finest meets on the spring circuit, the Wildcat Relays got underway this afternoon with the finals set for a night edition that is due to start at 7 o'clock.

There are 11 state teams entered in the third annual affair, two of which rank at the top and haven't met before.

Carlsbad and defending champion Highland, both of which have shown power in earlier meets, tangle today for the top honors.

Six of the 18 records are in danger as the competition opens. Eight of the records are held by Highland with the rest distributed between Carlsbad, Artesia, Albuquerque High and Fort Sumner.

Along with host Clovis, other entries are, Roswell, Clayton, Tucuman, Santa Rosa, Melrose, Farmington, Fort Sumner and Albuquerque High.

## Commission Probes Calif. Fight Game

OAKLAND, Calif. (AP)—The California boxing hearing takes on a new look today after two days of probing into payments fighters never hear about, relation of gamblers to the business, and promoters' control over boxers.

Fight manager Jim Murray, who has been sweating out the probing questions of investigating attorney James Cox since the inquiry shifted to Oakland from southern California, was excused from the witness stand until sometime next week.

Today's hearing, Cox said, would bring fight manager Harry Fine to the witness stand and more details of the amazing story of Joey Lopes.

Joey is a lightweight who couldn't get a match in his home town of Sacramento, Calif., until his contract was sold to Fine. Murray acknowledged that yesterday.

But the promoter denied keeping Lopes from getting matches before the sale. Murray also denied trying to buy the contract from Phil Garcia for \$1,000, owning a piece of Lopes, or advising Lopes to change managers.

He did admit getting a cut on Lopes' fights in Sacramento after the sale—"for getting the match."

He said he "might have loaned Harry money" to buy the contract, "I loan money to everybody."

He agreed he telephoned Garcia, and talked with Lopes. But he denied telling Lopes that if he wanted to get a fight to go see Harry Fine.

Most of yesterday's session was a mathematical maze of payments to fight managers and hangers-on that didn't show in official fight records.

Cox introduced canceled checks and Murray's records to list 22 such payments. They totaled \$8,855.21.

Greatest beneficiary of this unexplained largesse was Willie Ginsberg of Los Angeles, a self-described fight hanger-on and handy-man for Babe McCoy, matchmaker of the Olympic Auditorium in Los Angeles.

Murray's explanation of the nine checks for \$3,204.55 he paid to Ginsberg didn't jibe with the "bizarre testimony" Cox said Willie gave at the lengthy southern California hearings.

Murray denied any of the \$3,204.55 represented undercover payments to McCoy. He said they were probably all made because Ginsberg got him a fighter or because fight managers liked Willie and would agree to a match only if Murray promised to give a percentage to Ginsberg.

### A Beneficial LOAN ended my worries!

Beneficial's Bill Consolidation Service showed me how to clean up bills and reduce monthly payments that were too high. And then—in a single visit—Beneficial lent me the cash to get a Fresh Start! You, too, can get a cash loan in just 1 visit to the office if you phone first. Or, if more convenient, write or come in.

### Other Person's Rights

MOST of us when we get to campaigning for something we want done or we want to see done are never concerned about the rights or the liberties of others. We want the matter handled so it will please us or our group and we never give a thought or any consideration to the other fellow or his or her rights.

Recently we hear an individual very much concerned about a certain type and kind of advertising that is being carried not only in the newspapers and magazines but in other mediums as well. This was a mother concerned about her children and the children of other mothers.

She was firmly convinced first that the advertising paid dividends or money would be spent for it. She also was perfectly for those accepting the advertising to continue to do so because she felt this was their right.

What she did want to see happen was the use of the same mediums with the same size ads to combat this kind and type of advertising. She wanted a campaign to sell just the opposite of the advertising she was condemning.

But in her interest and her enthusiasm she was not blaming the advertising mediums; she was not arguing they should not accept this kind of advertising; and she was very careful in her arguments to grant to these mediums their liberties and their rights.

It is seldom we have people display this fair and this just and this honest consideration. This person is very sincere in her efforts and in her work and the things she desires to do.

She has set a splendid example for all of us to follow—the extending to other people their liberties as we exercise and enjoy our own liberties.

Our liberties, of course, only extend to the point of where the other fellow's begin. When we begin to reach the point where we are denying them their liberties to enjoy our own we have actually exceeded our liberties.

But few of us today are concerned about the other person's liberties—we are only concerned about ours. But when we do extend consideration to others we usually gain the help of the others in our efforts and in our work and the result is we have deal better chances of gaining success than we would if we lose their help by ignoring the fact they have rights and liberties, too.

returned the fire.

In the Jerusalem conference of Hammarskjold with Premier David Ben-Gurion and other officials, details on how to improve workings of the armistice agreement along the Gaza border and to insure better cooperation with U. N. observers were discussed in the first two days.

The talks turned yesterday to Jordan border problems and today's meeting covered the situation in the Israeli-Syrian demarcation lines—Hammarskjold and

Maj. Gen. E. L. M. Burns, chief of the truce supervision organization, expect to visit Jordan and Syria next week.

Israeli official circles said there was no major point of disagreement between Israeli authorities and Hammarskjold.

They stressed there was nothing revolutionary during this week's meetings and said yesterday's announcement of the cease-fire was but the first of previous contacts and conferences. There was no confirmation here of a report Hammarskjold had demanded that troops be pulled back from both sides of the border.

the Eisenhower administration. For their part, Republicans got in some licks against the Democrats as GOP National Chairman Leonard W. Hall chided them on the civil rights issue and Sen. Watkins (R-Utah) accused former President Truman of making a "false statement" about the public debt under the Eisenhower administration.

On Capitol Hill, the Democratic-Republican controversy over the farm problem continued to boil, with the focal point a move by the House Appropriations Committee yesterday to provide \$1200,000,000 for soil bank payments this year.

### Committee Puts

committee "put the cart before the horse" in voting the money first.

"Without giving us the authority to spend it for the soil bank certainly won't help our farmers," Benson said in a statement.

Congress had approved the soil bank plan asked by President Eisenhower as part of an omnibus farm bill which Eisenhower vetoed Monday. It would have authorized payments to farmers for taking land out of production, as one means of reducing crop surpluses and raising farm income.

### Khrushchev—

(Continued from Page One)

sion that there could be no real winner in an atomic world war came at a Soviet Embassy luncheon yesterday. Eden and other British political leaders were present.

By Soviet standards this was a sensational feat of the facts. The party line for home consumption has always been that capitalism alone—but not communism—would be crushed in any future global outbreak.

The switch in the official line was not concealed from the Soviet people. Moscow radio carried Khrushchev's speech in full in its home service newscast this morning.

In his luncheon address, Khrushchev told the Britons:

"You, gentlemen, do not like communism. We know this, and we do not hide the fact that we do not like capitalism, but we must live in peace. Of course, we do not demand any particular love toward us. However, you cannot but recognize the fact that such a great country as the Soviet Union exists.

### Three Freed—

"I prayed all the time I was under the coal. When I heard them take the other two out (Golding and Archuletta) I prayed all the harder."

Doctors quickly checked the three after workmen hustled them to the Sunnyside Hospital. They reported them all in good condition.

Golding and Archuletta huddled beneath a loader machine. Heath dived for shelter beneath the boom of the continuous miner machine. "Tons of coal came falling down on the boom and I saw it falling all around me," Heath said.

"And then everything was quiet. Then I started to pray. I didn't think I had any chance of living at all. I had no idea how long I was under the coal." "Then I slept for awhile and then I was awakened by a tapping sound and I knew it must be somebody coming to my rescue."

Golding and Archuletta, beneath the loader machine, could move only a few inches. Doctors fed them hot soup and milk as they arrived at the hospital.

Even as the rescuers struggled with the cave-in, Otto A. Wiesley, chairman of the Utah Industrial Commission, promised a "complete and thorough investigation." Wiesley said "there apparently is no evidence of negligence on anyone's part."

preferred to leave that to the commission chairman as, he added, was customary.

Ferguson-Steele Motor Co. is an extensive operator in Texas and New Mexico. Artesia is the principal New Mexico terminal of the firm, which hauls petroleum products primarily.

### Local Branch Shows Steady Rate Of Growth

Until 1929, the story of Price's Creameries was confined to El Paso and the El Paso Valley. That year was the beginning of a steady and sound growth throughout the Southwest.

In 1939, a sales branch opened in Artesia to provide a full line of Prices products to this area, and in 1950, a new and modern plant was built to fill the growing need for even greater service in Artesia.

In addition to their own large producing units, Price's is the largest purchaser of milk from producers in the Artesia-Hope area. Daily, this fresh milk goes under refrigeration to Price's Roswell pasteurization plant, where dairy products are packaged and bottled under the most immaculate, scientific conditions.

Eight employees work at the Artesia branch, under the management of Rod Ridenour, who joined the company in 1950.

Local boys signed up to build cars are Ronald and Charles Castiberry and Bobby Renfro. Several boys who built cars last year have indicated the wish to re-enter this year but are reported to have failed to notify the chairman.

All boys or sponsors desiring information on Soap Box entries should contact Thomas at C.V.E. Shop, 705 East Main, phone Sherwood 6-4142, Saturday morning, or any member of the Optimist club.

### Pickett At Bat—

(Continued from Page One)

No sooner had Gov. John F. Simms tossed out the first ball in the Albuquerque Dukes - Pueblo Dodgers Western League opener yesterday, than his opponent in the Democratic governor's race, Ingram Pickett, displayed a mystery baseball bat which he said he could use as a symbol in his fight to unseat Simms.

The third man in the race, Robert F. Stephens, was not heard from but he was probably on deck waiting his turn at bat.

Simms-empowered baseball league in one of his campaign speeches recently, saying his administration and the Democrats had a .933 batting average on previous pledges.

Pickett said the gift-wrapped bat was sent to him anonymously. He took it to be an allusion to Simms' .933 batting average declaration and said he was going to use it in his television appearances.

council's lap" and to utilize their own civic organizations to accomplish suitable projects.

Mrs. Kinney, representative of the City Council of Parents and Teachers, presented an extended outline of an "idea-gathering" session held at a P-T-A meeting where questionnaires were circulated. The questionnaires were asked, "What projects do you consider most important for civic improvement in Artesia — for immediate consideration and for long range planning?"

Answers listed by P-T-A members included: City Manager type government, traffic laws enforced and revised especially in school zones, have streets cleaned before Sunday, flood control with drainage on First street especially south of Main, Coordinate fund drives, beautify four entrances to city, grass planted along Eagle Draw, public lounge and rest rooms, recreation center for people over 60, a youth center and a civic auditorium.

propaganda program—is \$22,663, 370 more than the agency received this year.

The committee approved the full amount sought for USIA radio broadcasting programs, known as the Voice of America, but specifically rejected a request for \$3,790,500 to fit out an aircraft carrier for use as a floating theater equipped to show Cinemas, a new movie technique.

The USIA funds were included in a \$451,367,372 bill to finance the State and Justice departments, the judiciary and the USIA. The committee's recommendations are subject to action by the full House and Senate. House consideration is scheduled for next week.

The total recommended is \$56,802,448 less than Eisenhower sought for all the agencies but is \$46,794,137 more than they received for the current year.

### First Grace—

She recorded then—this was before she had met Clifton—"I had some kind of romantic idea about the one, who would come along and sweep me off my feet—some enchanted evening," as they say in the song.

"I guess the main trouble was that this nice and eligible and faithful swain just hadn't swept me off my feet. He was inclined to let me do anything I wanted to, and I think at my advanced age of (thirty-two) that the kind of man who will sweep me off my feet is the one who will tell me what to do in no uncertain terms and see that I do it."

fatal to the 100 mark. State Police identified the victims as Glenn Floyd Watson, 38, Garden City, Kan., and George Calvin Skelley, 56, Boise City, Okla.

Watson died of a crushed chest when the car he was in rolled four times 20 miles north of Fort Sumner on U. S. 84. Officers said two men with him were injured. They were identified as Gilbert Green, 37, Garden City, and Wayne Boyd, Muskogee, Okla. Officers said Green was hospitalized with broken ribs and internal injuries and Boyd with possible internal injuries.

**NOTICE STATE ENGINEER'S OFFICE**  
 Number of Application RA-1343-52 Santa Fe, N. M. April 9, 1956  
 Notice is hereby given that on the 9th day of April, 1956, in accordance with Chapter 131 of the Session Laws of 1931, Richard T. Schenck of Artesia, County of Eddy, State of New Mexico, made application to the State Engineer of New Mexico for a permit to appropriate shallow ground waters of the Roswell Underground Water Basin by drilling a well 14 inches in diameter and approximately 200 feet in depth at a point in the NE 1/4 NE 1/4 NW 1/4 of Section 14, Township 19 South, Range 26 East, N. M. P. M., for the purpose of supplementing wells Nos. RA-1343 and RA-1343-S located respectively in the NE 1/4 NW 1/4 NW 1/4 and the SW 1/4 NW 1/4 NE 1/4 of said Section 14, for the irrigation of 80 acres of land described as follows:  
 SUBDIVISION PL. SE 1/4 SE 1/4 SW 1/4, SECTION 11, TOWNSHIP 19 S., RANGE 26E, ACRES 7.40; SUBDIVISION PL. SW 1/4 SE 1/4, SECTION 11, TOWNSHIP 19 S., RANGE 26E, ACRES 20.26; SUBDIVISION PL. NE 1/4 NE 1/4 NW 1/4, SECTION 14, TOWNSHIP 19 S., RANGE 26E, ACRES 0.29; SUBDIVISION PL. NE 1/4 NE 1/4, SECTION 14, TOWNSHIP 19 S., RANGE 26E, ACRES

52.05. Appropriation of water from all sources combined to be limited at all times to a maximum of 3 acre feet per acre per annum.  
 No additional rights over and above those set forth in License No. RA-1343 and RA-1343-S are contemplated under this application.

Any person, firm, association, corporation, the State of New Mexico or the United States of America, deeming that the granting of the above application will be truly detrimental to their rights in the waters of said underground source, may protest in writing the State Engineer's granting approval of said application. The protest shall set forth all protestants' reasons why the application should not be approved and shall be accompanied by supporting affidavits and by proof that a copy of the protest has been served upon the applicant. Said protest and proof of service must be filed with the State Engineer within ten (10) days after the date of the last publication of this notice. Unless protested, the application will be taken up for consideration by the State Engineer on that date, being on or about the 9th day of May, 1956.  
 S. E. REYNOLDS, State Engineer.

**WHO DOES IT?**

**Moylan Meets Tennis Power, Dick Savitt**  
 HOUSTON (AP) — Eddie Moylan, the nation's No. 5 amateur tennis star, today challenged the power of Dick Savitt, the former Wimbledon titlist who quit tournament tennis to enter the oil business.

Savitt and Moylan met in the quarter-final round of the star-studded 22nd annual River Oaks Tournament. Top-seeded Vic Seixas also was paired against Tom Brown, who holds the nation's No. 10 ranking. Hamilton Richardson, who bowed to Savitt in a five-set Dallas final last Sunday, turned in an impressive 7-5, 8-6, 6-2 victory over Gil Shea yesterday but had to wait until today to see whether his semi-final opponent will be Bernard Bartz, seeded second.

**Tulsa Joins Shreveport And Houston On Top**  
 By THE ASSOCIATED PRESS  
 Bad weather kept Shreveport and Houston on top of the Texas or Herb Flam, seeded seventh. Bartz and Flam were deadlocked after battling over two hours through four sets of a quarter-final match that was stopped by darkness. The delayed fifth set was to open today's schedule. Bartz won the first set 6-1, and the third, 6-4. Flam had a pair of 6-3s in winning the second and fourth.

Savitt, seeded fifth, came out of semi-retirement to win the 1954 River Oaks title after only two weeks of regular practice. Now a coordinator for a Dallas oil firm, Savitt has played fairly regularly in recent weeks and appears in much better condition than in 1954.

League while good weather plus a rambunctious rookie named Bob Will helped Tulsa join them Thursday night.  
 Shreveport couldn't play at San Antonio and Houston couldn't go to Austin because of the cold but Tulsa got in a game at Fort Worth and won it 12-7 on the clouting of the ebullient Will.

The Oiler centerfielder went to bat six times, got five hits, including a home run and a double, and batted in five runs, which was exactly the margin of Tulsa's victory.  
 In the two games that were played while hitting predominated, Tulsa pounded 16 hits in its conquest of the Cats while Dallas beat Oklahoma City 15-4 with an 11-hit attack that involved two home runs, a triple and a double.

**STATE SENATOR ILL**  
 LAS VEGAS (AP)—The family of State Sen. Gordon Meloy said he was resting at home today after what was described as a "dizzy spell" while on a business trip to Tucumcari yesterday. Mrs. Meloy said her husband was treated with oxygen at Tucumcari, then brought home. She said he was "feeling pretty good."

**PARK TO BE DEDICATED**  
 SILVER CITY (AP)—The City of Rocks, a fantastically shaped area midway between Silver City and Deming will be dedicated April 29 as a state park. The last Legislature passed a bill by Sen. Charles Royall of Grant County authorizing establishment of the area as a state park.  
 Bobby Prescott and Ray Dabek homered for Dallas—the first circuit clouters of the season for Eagle players. Manager Rudy Laskowski of Oklahoma City didn't stay around for all of the action. He was banished in the seventh for fussing with Umpire Ken Burkhart from the Indian dugout.

Through His Eyes

A graphic containing the text 'YOU IN THE CHURCH THE CHURCH IN YOU'. Below this is a quote: 'Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democratic character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.' A small icon of a Bible is also present.

This is a day of reckoning. This is a day of exactness. This is a day when every man must stand up and be counted. Whether you are a watchmaker or a grinder of high-powered lenses... you've got to be good. God demands our best. He is not satisfied with average products. To be out of measurement means the whole of what you are doing is useless. Precision grinding is expected of you if you are to be trusted with the operation of this highly efficient machine. Spiritual Precision is necessary if you are to walk with God.

We also are to work in the field of sensitive minds, hearts, nerves and spirits. This is the realm of spiritual and eternal values. Flesh and blood persons are to be dealt with. Am I as careful in moulding the life of a child as in creating a watch, or a lens, or a pilotless plane? There is no better place to learn of the fundamental workings of God than at the little Church on the corner. Here, you will hear the Master Workman, as he says, "Inasmuch as you did it unto one of the least of these, you did it unto me."
