SCHOOL NEWS

The high school classes had class meetings last week and elected the following officers and sponsors:

Ninth—President, Charles Neal; vice president, Ray Jones; secretary and treasurer, Betty Allen; sponsor, Mr. Moore.

Tenth—President, Clifton McGuire; vice president, Alvin Melton; secretary and treasurer, Blaine McGuire; sponsor, Mr. Lipsett.

Eleventh—President, Andy Teel; vice president, Elta Chalk; secretary and treasurer, Zona Jones; sponsor, Mrs. Williams.

Twelfth—President, Glenna Lee Stevenson; vice president, Jeanette Terry; secretary and treasurer, Delma Joy; sponsor, Mr. Elliott.

The freshmen will be initiated next week. If some queer looking and odd acting people are seen down town, don't think that a tribe of natives has come from Africa. They will just be our own little freshmen all dressed up and no place to go.

It is too early and too hot to be thinking about basketball, but we just want to remind you to reserve that spooky night of Oct. 31 for a basketball game here with the mountain boys from Weed. The Weed boys, coached again by John Whart, have not forgotten the four defeats handed them by the Yellowjackets in the last two years.

The freshman class has had an interesting time discussing manners and their application to everyday use in English class this last week.

Most of the girls in craft classes are planning to make leather moccasins for themselves. A few are planning beadwork and rug hooking.

Seventh and Eighth Grade News

Bobbie Joe Munson, reporter
We are glad to have Lora Brown, Betty Hines and Oleta Melton back in school again. They have been ill for the past week.

Lynn and Glenn Harrison, Kent Terry and W. G. Madron played softball with the first team at Lake Arthur Friday night. Doph Jones carried the bats.

In history class we are drawing outline maps of the world and marking the voyages of the early explorers.

Several of our boys and girls attended the 4-H Club meeting Wednesday morning.

The Town of Hope had irrigating water Thursday afternoon.

Nationwide National Guard Assembly Under Way This Week

New Mexico military men, who wrote an unforgettable chapter in the history of World War II, will participate Sept. 16 to Nov. 16 in a nationwide National Guard Assembly.

A highlight of the observance will be the addition of 1000 men to the ranks of New Mexico's postwar National Guard.

First day of the 60-day campaign, Sept. 16, was proclaimed by President Truman and Governor Mably as National Guard Day. Mayors of most New Mexico cities are expected to issue similar proclamations.

Brig. Gen. C. G. Sage, state adjutant general, announced details of "Operation 88,888" at a recent meeting of National Guard and regular Army officers in Santa Fe.

"Operation 88,888," the recruiting campaign, was so named because the national enlistment quota is one man per minute during the two-month period—a total of 88,888 new men.

Sage also announced details of a recruiting contest. The state winner of the contest will be a guest of the War Department on a trip to Washington, where he will visit President Truman and attend the Army-Navy football game. Cash prizes are also authorized for certain winners.

Men between 17 and 35 may enlist now in the Guard and participate in the contest.

New Mexico's National Guard, under General Sage's command, is now in the formative stage. Several units have been formed and others are being organized. Antiaircraft units comprise most of the state's security troops, and a fighter squadron at Albuquerque is the state's first National Guard air unit.

Further details of the program will be announced by local unit commanders in 22 of the state's communities.

CARD OF THANKS

We wish to express our gratitude for the kindness shown during the illness and death of our baby son, Hugh Forister.—Mrs. and Mrs. Ted Forister and family.

Mrs. R. L. Hall and two daughters from Flagstaff were here last Friday visiting the Joe and Anderson Young families.

Gesler-Mellard Rites Solemnized September 4

In a beautiful and impressive ceremony held at 4 p. m. Thursday, Sept. 4, in the home of Mrs. Landreth and Mrs. Baillard, the bride's aunts, Miss Wilma Mellard became the bride of Robert W. Gesler of Aurora, Ill.

The bride is the daughter of Mr. and Mrs. James W. Mellard of Hope, and the bridegroom is the son of Mrs. L. W. Gesler of Aurora, Ill., and the late Mr. Gesler. The Rev. E. A. Drew officiated at the singling ceremony.

The livingroom and sunroom were decorated with white asters and gladioli against a background of fern. The vows were repeated before the fireplace on which tall white tapers burned in imported candelabra.

The bride, who was given in marriage by her father, wore a traditional gown of white satin trimmed with insert of point lace and net fashioned with fitted bodice, sweetheart neckline, and long sleeves tapering at the wrists. Her skirt fell into a chapel train and her coronet of seed pearls secured her fingertip veil of illusion.

Her bouquet was a white orchid tied with long satin streamers topped a white prayer book.

The bride's only attendant was her former school and college mate, Miss Dorothy Socolovsky of Van Nuys, Calif. She wore a blue taffeta gown designed with off-shoulder effects and carried a nosegay bouquet of white carnations and bridal wreath.

Gus Hickman of Kansas City, Mo., a fraternity brother of the bridegroom, was best man.

Immediately following the wedding rite, a reception was held in the sunroom. Centering the bride's lace-covered table was a two-tiered wedding cake decorated with wedding bells or frosting and topped with two wedding bells. Tall white tapers burned in crystal candelabra. Champagne and punch was served from one end of the table and fruit punch from the other.

Those assisting with the courtesies were Mesdames H. D. Bunting, Marjorie Wesen, C. G. Bunting, Billie M. Baillard and Miss Billye Brantley. Mrs. Wallace Johnson played the wedding march and Miss Mary Elizabeth Cahape sang "I Love You Truly." There were 85 guests.

Following a two-week wedding trip to the Ozarks, the couple will be at home in Aurora, Ill. For traveling, the bride chose a suit of black faille, her hat was a small black John Fredric and other accessories were of black. Her corsage was three gargarinas.

The bride was graduated from Radford school in El Paso and attended the University of New Mexico in Albuquerque last year.

The bridegroom graduated in June from the University of New Mexico. He will enter Northwestern University in Evanston, Ill., this fall.

DEATH OF HUGH FORISTER

Hugh Forister, the young son of Mr. and Mrs. Ted Forister, was born Feb. 14, 1947, and died Saturday, Sept. 13, 1947. The funeral services were held Sunday afternoon at the Church of Christ with Rev. Robert Waller officiating. Interment was made in the Upper Cemetery. Surviving him are his parents, Mr. and Mrs. Ted Forister, one sister, Vivian Lee, two grandmothers, Mrs. E. B. Forister and Mrs. C. A. Smith, and several aunts and uncles.

Hope Yellow Jackets

Win One And Lose One

The Hope Yellow Jackets were defeated by the Dexter team in the last of the seventh inning by the score of 11 to 12. We have a very good alibi as this was our first game and was played under the lights. Also several of the Hope boys were unable to attend the game last week. We hope all the boys will be able to go this Friday. Those that were unable to go last week were Eugene Bates, Pete McGuire, Bob Fowler, and Charles Neal.

The Yellow Jackets defeated the Hope Independent team yesterday afternoon by the score of 10 to 8. We had our own umpires, that could have been one of our reasons for winning.

Junior Newsom and Thomas Lee Harrison did very fine jobs in the Dexter game. Junior was pitching and Thomas Lee was catching. We would have played a much better game if it had not been for two packages of marshmallows that were found on the bus while going to Lake Arthur. Some of the boys played themselves out fighting over the marshmallows before we got to Lake Arthur.

COMPLETES FIFTH YEAR IN HOPE PASTORATE

This coming Sunday evening Rev. E. A. Drew will complete his fifth year in Hope. He came here on Sept. 20, 1942. In looking back over those five years, we can see where much has been accomplished, both for the good of the church and for the community. We want to congratulate Rev. Drew on the completion of five successful years in Hope.

Hope News

Several of the men around town gathered Wednesday and helped with the construction of the new home for Mrs. Willie Wood.

FOR SALE—One G. E. six-foot refrigerator in good condition. Can be seen at the REA office at Artesia. 31-28-pd

Rex Seeley from the Tulk ranca was in Wednesday and purchased a load of corral posts from Ben Marable.

Mrs. Joe Young and baby daughter came home from Artesia Monday.

Mr. and Mrs. Isham Harrison went through the Carlsbad Caverns Wednesday.

Leonard Akers went down to the Pecos Tuesday night and was home in time to serve a big red horse for breakfast Wednesday morning.

D. W. Carson, Jr., left last week for Las Cruces, where he enrolled in state college.

Bertha Hall went to Artesia Tuesday on a shopping trip.

The Eastern Stars held a meeting Tuesday night. New Members enrolled were Mr. and Mrs. Floyd Cole, Mr. and Mrs. Don Riddle of Artesia were present. Refreshments were served.

Newell Lipsett, son of Mr. and Mrs. Roy Lipsett, was five years old last week. He celebrated by having a party. Those present were Donita and Leanna Elliott, John Ray Meador and Dee and Ned Moore.

Mrs. A. A. Smith was in from South Taylor ranch Tuesday. She was down to see a doctor at Artesia. Pilar Orduñez was in from the

Glasscock ranch Tuesday.

A big dinner was served at the Methodist church last Sunday. The district superintendent was here.

Leonard Akers was in Artesia Monday on business.

An early morning fire destroyed the home of Mrs. Willie Wood Saturday. Most of the furniture was saved. It is thought that the cause of the fire was a defective flue.

Mrs. Jim Banta and Mr. and Mrs. Ballard Banta from East Texas were here this week on a visit with friends and relatives.

Rush and Charlie Coates and H. V. Dorsey and his brother from Childress, Tex., went on a fishing trip down on the Pecos the first of the week.

Mrs. Menefee, Mrs. Teague, Mrs. A. N. Feil, Mrs. Drew and Mrs. Hall went to Pecos, Tex., Tuesday to attend a church meeting.

A young adult meeting will be held at the Methodist church in Artesia tonight (Friday.) Several from here will attend.

Pete Cassabone and son, Paul, were here last Friday visiting with friends. Paul, who has been employed at the potash mines, was on his way to Albuquerque, where he will enter the state university.

Garland Mellard was on the sick list last week.

Simmie White from San Diego, Calif., is here this week visiting his parents, Mr. and Mrs. Hilary Waite, Sr.

Mr. and Mrs. Wayne Deering were here from Lovington the past week visiting friends and relatives.

W. B. Durham was here from Bronco, Tex., this week endeavoring to sell some oil leases.

Born, to Mr. and Mrs. Olin Ingraham last Wednesday, a baby boy, weighing seven and a half pounds. Mr. and Mrs. Russell Lee had as their guest the past two weeks their granddaughter from Artesia.

Judge Josey from Artesia was here Sunday. He reports the well west of Hope down to a depth of about 850 feet.

The test well southeast of Hope is down to a depth of about 1000 feet.

"BARTERED BRIDES." Read the poignant story of the Vanderbilt beauty who traded happiness for a title. It's the first in a dramatic new series in the American Weekly, The Great Magazine distributed with next Sunday's Los Angeles Examiner, adv Clabern Buckner was here Tuesday visiting his parents, Mr. and Mrs. J. C. Buckner.

D. R. Teague from Phoenix, Ariz., was here the past week visiting his son, Chester Teague, and his family.

FOR SALE—One large distillate heater. Guaranteed to be in good shape. Can be seen at The Penasco Valley News office.

Mrs. Sam Howard of Childress, Tex., who has been visiting Mr. and Mrs. John Hardin, left Monday morning for Capitan, where she will visit a sister before returning to Texas.

Mrs. Happy Franklin and three children of El Paso have been visiting at the home of her parents, Mr. and Mrs. Charles Cole.

Orland Farker hauled a tractor to Artesia Monday.

"MEET THE HOST OF THE STORK CLUB." Read about fabulous Sherman Billingsley, the former farm boy who now heads the world's most famous night club. Earl Gallico tells the absorbing story in The American Weekly, the great magazine distributed with next Sunday's Los Angeles Examiner. adv

ROAD CONTRACT GOES TO THYGESEN & COMPANY

The road contract between Mayhill and Artesia went to Henry Thygesen and Co., for \$235,965. This calls for an asphalt stabilized base on six and a half miles on State highway 83.

RELIEF IN FOOD PRICES

The early hope for relief in food prices lies with the American consumer himself. His high cost of living is partly a matter of high living in the sense that he is eating more expensive food. Not necessarily more nourishing food. And if he wants to cut his food prices he may have to eat more bread and less beef, more rice and less pork, more spaghetti and less chicken, more margarine and less butter. Such a shift might benefit hungry people elsewhere, for grain used to produce meat, feeds only about one-fourth as many people as grain used to feed people.—Christian Science Monitor.

WEEKLY NEWS ANALYSIS

Farm Income Shows Big Gain; New European Crisis Looms; Rail Workers Given Pay Hike

Released by Western Newspaper Union

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

First U. S. troop replacements, sent to Italy because of Russia's delay in ratifying peace treaties, are pictured as they disembarked at Leghorn. Russia since has signed the treaties, but troops now must remain in Italy until ratification of Italian treaty is 90 days old.

FARM INCOME: Great Gain

Latest round in a heavy barrage of statistics apparently destined to make the American farmer feel that he is an unbelievably fortunate man was an agriculture department report that the nation's farm owners are taking in more money than ever before.

It was estimated that total farm cash receipts during the first eight months of 1947 were 17.4 billion dollars, a 21 per cent gain over the same period of 1946, itself a record year.

The report said that the average farm operator realized a net income of \$2,541 from agriculture and government payments in 1946, and this year farm income skyrocketed still higher as a result of continuing unprecedented demands for produce.

"An increase of 24 per cent in prices," was singled out by the report as the chief reason for the booming income.

But the picture has another side—that of farm expenses. Operating costs continue to increase and, although no estimate was made for 1947, the farmer's expenses went up 9 per cent in 1946. Nevertheless, if the agriculture department's estimates are accurate, the increase in farm income greatly outweighs the simultaneous rise in expenses.

CRISIS AGAIN: Transfusion?

Life these days, Secretary of State George Marshall has discovered, is bounded on all sides by one crisis after another.

No sooner had he returned to the U. S. from Brazil with the mutual American defense treaty tucked safely under his belt than he was beset with calls for succor from debilitated Europe, which, apparently, was sliding swiftly down the ways toward utter ruin.

Insiders said the European situation really was desperate. Undersecretary of State Robert Lovett had sounded the first alarm shortly before Marshall's return when he said that Europe's economic structure was cracking up faster than anyone had expected.

The fear blowing in on the winds from Europe intensified. Precariously balanced Britain remained at the heart of the trouble, but more grief was added by the news that bad weather had struck hard at crops in many European countries this year. Most nations had been forced to use their meager produce for domestic consumption rather than for export. There was no profit in that, they said.

Grave doubts were expressed that Europe could stave off complete economic failure until next spring, when the Marshall plan is scheduled to go into effect.

In the U. S., it began to appear more likely that a special session of congress would be called this fall to study the situation and perhaps set up the apparatus for another economic transfusion to give strength to the weakening old world.

RAILROADS: Steamed Up

American railroads and their employees, generating a full head of steam, were getting ready to pull out for a long haul along the inflation route—or at least it looked that way to some economic experts.

First of all, a million railroad workers, members of 17 non-operating brotherhoods employed by 130

class 1 roads, were awarded 15½-cent hourly wage increases by an arbitration board. The unions had sought an increase of 20 cents an hour.

Pointing out that the wage boost will cost railroads an additional \$438,340,000 annually, the Association of Western Railways found itself a loophole by asserting that greater revenue now would be needed to offset the pay increase.

It was immediately apparent where the "greater revenue" would come from. Major railroads, which already had presented the interstate commerce commission with a request for an average 17 per cent freight rate increase, were thinking strongly of asking for an even larger boost on freight rates.

One of the more ominous notes sounded by the railroads was the report that they were considering an increase of 5 to 10, per cent a ton on the cost of hauling coal.

BONDED

Vets Cash In

Draft time had rolled around again for millions of ex-G.I.s, but this time it was more in the nature of a bank draft as veterans all over the nation fell happily into line to cash their terminal leave pay bonds.

Virtually every city reported that hordes of veterans had descended on banks in an unprecedented rush

to convert their hard-won bonds into coin of the realm. Millions of former Joes stuffed millions of dollars into their pockets.

Treasury department requests that veterans hold their bonds until they mature at 2½ per cent interest in five years were of little avail. The department feared the inflationary impact if all nine million vets cashed their 1.8 billion dollars worth of bonds at once.

What would they do with the newly acquired money? A few put it back into savings accounts; others bought clothes, furniture and similar necessities; much of it was squandered immediately. But one surprising fact developed: A great many ex-G.I.s—family men now—were using the store of cash to get out from under worrisome debts. For them it was a case of "dire need."

ISOTOPES: U. S. Offer

Radioactive isotopes—products of American atomic research—have been offered in limited amounts to all foreign nations for use in mankind's world-wide and unending fight against disease.

The gesture, marking the first sharing of the fruits of U. S. atomic ovens, loomed more significantly on the uncertain frontier of global peace than any loan or economic aid so far conceived.

CASH ON HAND FOR VETERANS . . . Howard D. Potter, veteran of 12 years' service in the U. S. marines, was among the Washington, D. C., vets who sweated out pay lines to cash their terminal leave bonds. Many U. S. cities reported big rushes on banks the first few days after bonds became payable.

MOCK-UP OF NEW AIR CARGO GIANT . . . Designed to carry heavier loads than any plane yet introduced is this "skytruck" which will haul cargoes of heavy freight such as large military trucks and big field guns. Photo shows a full-scale ground model made of wood of the CW-32, illustrating how the entire tail section of the plane can be raised for loading cargo.

BACK FROM THE JAMBOREE . . . Jerry Strader (left) of Fort Worth, Tex., who takes his souvenir hunting seriously, compares his heavily loaded pack with the Scotch kilt worn by his pal, Claude Goldsmith of Port Arthur, Tex., as they arrived from Europe on U. S. army transport. They were among the thousands of American boy scouts who returned after attending the international boy scout jamboree at Moissons, France.

Gems of Thought

MAN cannot be satisfied with mere success. He is concerned with the terms upon which success comes to him, and very often the terms seem more important than the success.—Bennett.

Words are like sunbeams; the more they are condensed the deeper they burn.—Briant Sando.

Poverty does not destroy virtue nor wealth bestow it.

The credit got by a lie lasts only till the truth comes out.

No man can be happy without a friend—nor be sure of his friend until he is unhappy.

THE BIBLE TODAY
International Uniform Sunday School Lesson
By LOUIE D. NEWTON, D.D.

SCRIPTURE: Proverbs 3:5-7; 4:23; 6:16-19; 9:10; 14:34; 15:1; 16:18; 21:3; 22:1; 27:1, 2; 28:1; 29:18; James 4:17.
DEVOTIONAL READING: Proverbs 16:1-9.

Guidance From Proverbs

Lesson for September 21, 1947

OUR study of Sunday's lesson centers about the idea of goodness, which is a rather trite-sounding theme, but very vital, I assure you, and quite interesting. The Scripture passages are all found in Proverbs, save one, and that from the very practical preacher of the New Testament, James, chapter 4, verse 17.

Perhaps you will find the passages from Proverbs as helpful and interesting as I did. It will require but two minutes to read them—Proverbs 3:5-7; 4:23; 6:16-19; 9:10; 14:34; 15:1; 16:18; 21:3; 22:1; 27:1, 2; 28:1; 29:18.

One Man's Experience

A VERY successful business man in Atlanta, a shoe manufacturer, was telling me his life story one day as we fished together at Homosassa, Fla. Finally, he said:

"Do you know the passage in the Bible that has meant most to me as a rule and guide for my faith and practice?"

I wondered what he would say. And then he quoted from Proverbs 3:5-7.

"Trust in the Lord with all thine heart; and lean not unto thine own understanding. In all thy ways acknowledge him, and he shall direct thy paths. Be not wise in thine own eyes; fear the Lord, and depart from evil."

The Essence of Goodness

WHAT is goodness? We talk about good men and bad men, good times and bad times, good luck and bad luck. Just what is goodness?

Jesus himself once said to a young man: "There is none good but One, that is, God." Mark 10:18.

Goodness then, permit me to suggest, is what happens when God lives in us. We can never know goodness apart from God, try as we may. The essence of goodness, therefore, is found in that heart, in that life, that sincerely prays, "Thy will be done."

The Essence of Badness

GUIDANCE from these great Proverbs identifies the things that we are to shun as well as the things we are to do—the essence of badness as well as the essence of goodness. Here are the seven things that God hates—the seven qualities of heart that constitute the essence of badness:

"Haughty eyes, a lying tongue, hands that shed innocent blood, a heart that deliberately plans wickedness, feet which are swift in running to mischief, a false witness who utters lies, and one who sows discord among brethren."

Analyze these seven qualities of heart, and you have the explanation of the woes of the world. Many clever modern books toy with these deadly sins, trying to make them seem good, but no amount of decoration can atone for the heart that consistently entertains these cancers of hell.

The Individual and Society

I LIKE the impact of these Proverbs. They begin with the individual. They fruit in society. Individuals who "trust in the Lord with all thine heart," will "exalt a nation." It is not enough to put better food in peoples' stomachs, better clothes on their bodies, better roofs over their heads. These are essential as expressing the better life; but you have got to give people something to live for as well as something to live on.

Good business depends upon good business men. Good international relations depend upon good nations. Good race relations depend upon good races.

We have been greatly enheartened by the establishment of United Nations as a world idea and ideal. Will it succeed? The answer is found not in dollars and bullets, but in hearts that always "trust in the Lord."

EUREKA! IT'S PUMPKIN TIME . . . Fields of golden pumpkins are ripening near Eureka, Ill., pumpkin center of the world, which will stage its fifth annual Pumpkin Festival September 26 and 27.

IN THESE UNITED STATES 10,000 Free Pies Lure Visitors To Eureka's Pumpkin Festival

WNU Features.
EUREKA, ILL.—Luscious, golden brown pumpkin pies "just like mother used to bake" — more than 10,000 of them, in fact—will be given away to visitors as one of the major attractions of the fifth annual Eureka Pumpkin Festival, September 26 and 27.

The free pies and other features of the celebration will be aimed to assure visitors that Eureka is the pumpkin center of the world. No city, town or hamlet in the world cans as much fancy pumpkin as Eureka, the town's canneries proudly boast. The canneries packed a sizable portion of the 1,324,675 cases which comprised last year's commercial pack of pumpkin in the United States.

The spirit of a century-old celebration pervades the annual Pumpkin Festival, timed to coincide with the peak of the pumpkin harvest. During the early 1830s, the small community of Walnut Grove held an all-day picnic called "Burgoo." For more than a century the affair had lapsed, but in 1939 the nearly forgotten picnic was revived in Eureka, its modern counterpart being termed the Pumpkin Festival.

Although the 1939 plans called for only a small local celebration, the affair expanded rapidly into a two-day program. It has been maintained annually since then with exception of the war years. Revived in 1946, the festival attracted more than 50,000 visitors.

Inaugurating the 1947 festival will be the first bowl football game ever held in the state of Illinois. Appropriately dubbed the "Pumpkin Bowl Game," the contest will pit Eureka college gridders against the Kirksville, Mo., state teachers under the floodlights of Eureka stadium.

Honor guest of the celebration will be the screen star, Ronald Reagan, Eureka's "home town boy," and his wife, Jane Wyman, also of the films. Illinois state officials also will participate in the various programs. Reagan, an alumnus of Eureka schools, will take part in dedicatory ceremonies for a new school of speech building on the Eureka campus.

Proving that pumpkins represent the major interest not only for farmers and canneries, housewives of Eureka and vicinity will show their skill at making pumpkin pies by competing in a pie-baking contest while younger fry will vie in the traditional pie-eating contest.

Selection of the Pumpkin Queen will be another festival attraction. Miss Patricia Stevens, modeling agency head, will be among the judges.

A parade featuring decorated floats, band concerts and other musical entertainment will help to round out a full program of events for the two-day festival.

Newlyweds Evade In-Law Difficulties

TULSA, OKLA.—When Jeannie Madsen became Mrs. Lee Odom, she could anticipate a minimum of mother-in-law trouble.

Her marriage made her mother, Mrs. Charles Madsen Odom, her mother-in-law. The mother, a widow, previously had married Lee Odom's father, J. T. Odom.

Now, young Odom is the son-in-law of his stepmother and a stepson-in-law of his father.

The bride is the step-daughter-in-law of her own mother and her former stepbrother is her husband.

No 'Daily Bread'—Prayer Revised

ROME.—Catholic Eskimos no longer will have to pray for their "daily bread," a form of nourishment unknown to them. A recent papal bull permits them to have their own version of the Lord's prayer.

Like all other Christians, the Eskimos hitherto have had to pray for their "daily bread," although, since they raise no grain, they bake no bread. According to the new papal dictate, they now can pray: "Give us this day our daily fish."

Abandoned School Serves Community Club for 25 Years

MANKATO, MINN.—Formed a quarter century ago because a schoolhouse was abandoned, the Spring Lake Community club recently celebrated its 25th anniversary.

When four adjacent school districts were consolidated and a new schoolhouse was built at Rapidan in 1922, the little old schoolhouse which had served the Spring Lake community was to be discarded. Young men of the community, deciding that the building would make an ideal community gathering place, led a movement for formation of the Spring Lake Community club. The building has been retained as the meeting place since then.

The old school bell still hangs in the belfry of the clubhouse. Instead of summoning children to school, it now is rung only on occasions of celebration or alarm.

As membership of the club is comprised almost wholly of farmers, work of the club is tucked in between planting and threshing and taking care of the livestock.

Club meetings feature speeches and discussions on pertinent world and agricultural problems. Potluck suppers and contests are frequent attractions.

When club repairing or cleaning must be done, the project is not considered work but a club gathering, with everyone who can hold a hammer, saw, mop or scrub brush turning out.

Gov. Luther W. Youngdahl of Minnesota was honor guest at the 25th anniversary dinner.

Providing a note of levity on the program was the reading of the minutes of club meetings for the entire 25 years. One entry in early club minutes read, "It was decided that the club buy a cord of wood and the men come and split it."

In the 1938 minutes this item appeared: "Painting of the clubhouse will soon begin—just as soon as threshing and other exchange work is done."

How to Clearly and Convincingly Place Your Thoughts Before Public

Booklet No. 83.
"I'D LIKE to say a few words . . ." you begin. But do you say the few words clearly and convincingly or are they punctuated with grunted "uh's" and "er's"?"

One thing about speaking in public, whether before a formal group or among friends, you must be poised and able to hold your audience's attention.

Our newest booklet No. 83 tells you how to overcome jittery and awkward conversations, discusses parliamentary procedure and gives sample speeches.

Send 25 cents in coin for "Self-Instruction In Public Speaking" to Weekly Newspaper Service, 243 West 17th Street, New York 11, N. Y. Print name, address with zone, booklet title and No. 83.

Slow in Ratifying

Although the first ten amendments to the Constitution of the U. S. were submitted to the states in 1789, they were not ratified until 1939 by Connecticut, Georgia and Massachusetts.

Australia to Standardize Rails Over 18,000 Miles

Australia's independent state railroads now plan to adopt the standard gauge, which means re-laying the 18,000 of the 24,000 miles of tracks that are using other gauges. This chaotic situation, which requires passengers and freight to be transferred from one system to another as many as four times between certain cities, has existed for 94 years, incurred an economic loss of \$2,400,000,000 and will cost to correct nearly \$800,000,000.

Star Dust

STAGE SCREEN RADIO

Released by Western Newspaper Union.

By INEZ GERHARD

HERE is a story that is exclusive—at the moment. Bing Crosby has already cut the records for his first three radio shows this fall, and will start the new season with Gary Cooper as his guest star. Cooper, who doesn't make many appearances on the air, will cut loose and sing, with Bing. That will be the October 1 broadcast. Al Jolson will be on the second or third program, which puts to rest the rumor that he'd never work with Crosby again because Bing was annoyed by the gossip that he'd never had a Hooper rating till Jolson did that first guest spot on his program.

Ann Shepherd, star of "Big Sister," is a girl who made good in radio despite the fact that she

ANN SHEPHERD

couldn't pass a New York network audition. It took an Arch Oboler script to prove to the radio big shots that she was a fine actress.

Farley Granger is in pictures because he answered a want ad. Samuel Goldwyn, looking for a romantic juvenile to play opposite Anne Baxter in "North Star," ran the ad; the young actor saw it, got the role and a seven-year contract. Then he was in "Purple Heart"; next, he joined the navy. His first film since his discharge is RKO's "Your Red Wagon."

Maybe the decision won't stick, but Eddie Cantor insists that "If You Knew Susie" is not only his best picture, but his last. From now on he will make himself available to any cause where he is needed; his record in philanthropic work is already an impressive one. His radio show returns September 25, with the entire cast working without scripts.

Parks Johnson had quite a day—caught a three-pound bass and signed up with a new sponsor for his Vox Pop show during just a few hours. He was fishing, with no luck, on his Texas ranch, when his partner, Warren Hull, called him from New York. A messenger summoned Johnson to the phone, five miles away; he gave his consent to the deal, went back and caught the bass.

"Silence—on the Air" it says on the doors behind which a radio program is being broadcast. The new March of Time takes you behind those doors, in "Is Everybody Listening"; shows you the stars at work, lets you see broadcasts that never have studio audiences, gives you a comprehensive view of what goes on behind what you hear on the air.

Robert Mitchum has a fan club made up of girls who have never seen him in person or on the screen; the president of the New York club sent his photo to a cousin in Czechoslovakia, who founded the club.

Ann Miller will start her new MGM contract with a role that many a girl will envy her. It is the lead in "Words and Music," based on the lives and music of Richard Rodgers and Lorenz Hart. She'll sing the songs, dance to the music.

If you like old songs you certainly must see "I Walk Alone," headlined by Elizabeth Scott, Burt Lancaster and Kirk Douglas; it includes eight 1930 tunes.

"Dear Ruth" has set quite a record. Paramount's top holdover picture of the year; every one of its first-run engagements has resulted in its being held over all across the country. William Holden and Joan Caulfield co-star.

When Shirley Lauck married and moved to Pennsylvania recently, her father, "Lum," of "Lum and Abner," lost a very efficient office assistant.

ASK ME ? ANOTHER ?

A quiz with answers offering information on various subjects

The Questions

1. Do sharks have to turn over to bite?
2. Is white a color?
3. How much blood is there in the human body?
4. Who was the first president of Texas after its declaration of independence?
5. What city in the U. S. is one mile above sea level?
6. The Boston Tea Party took place in what year?
7. In what battle were American troops ordered to withhold

their fire till they could see the whites of their opponents' eyes?

The Answers

1. No, a shark can bite any side up.
2. Yes, it is a combination of all of the colors of the spectrum. Black is the absence of color.
3. From one to one and a half gallons, the quantity varying with the size of the individual.
4. Sam Houston.
5. Denver, Colo.
6. In 1773 (December 16).
7. The Battle of Bunker Hill.

Uncle Sam Says

Millions of my young nieces and nephews are returning to school to learn from their teacher, schoolmates and books a way of life. Besides grammar, history, arithmetic, home economics and a variety of other courses, they will come face to face with sportsmanship, honesty, self-reliance and the habit of thrift. Facts crammed into the heads of Willie and Jane will come in handy, but thrift is something which will be vital to their well-being every day of their lives. Of course the habit of thrift may be acquired in many ways, but a sure way is the participation of my young nieces and nephews in the United States Treasury Department's School Savings Program.

From where I sit... by Joe Marsh

Yes, I'm Guilty!

Folks sometimes criticize us small-town editors for the way we often play up "little things" ahead of big... human, local news in place of world events.

I can't deny it. Read the *Clarion* and you'll learn about the Martins' golden wedding anniversary... about the community sing down by the river... the husking bee at Sober Hoskins', where neighbors helped husk the corn, and later drank sparkling beer together.

"Little things?" Maybe. But from where I sit, they add up to the

bigger things we call America: The friendliness of small towns... the helping hand... the respect for one another's rights. And above all the love of fellowship and freedom—whether it's freedom to speak one's mind or choose between a glass of beer or buttermilk.

I figure that if everybody looks after the "little things," maybe the bigger things will take care of themselves.

HOUSEHOLD MEMOS

by Lynn Chambers

Transform Vegetables Into Savory Dishes For Lunch or Supper

Asparagus takes on a pleasing look as well as extra flavor when green tips are tucked in between layers of cheese biscuit, topped with sauce and garnished with slices of hard-cooked eggs.

Remember when we just cooked vegetables in boiling, salted water and put them on the table without any thought as to subtle seasoning or attractive serving? Thank modern cookery experts for realizing the infinite possibilities of vegetables and for transforming vegetables into one of the glamor groups of cookery.

First of all, there are innumerable sauces you can use with "perfection cooked" vegetables to bring out all their hidden flavors. Then, if you want to forego the sauce, you can combine vegetables with other foods to make them palate-pleasing and tempting.

Whichever way you prefer to serve your vegetables, always remember that the overcooked vegetable can never be guaranteed to make friends or influence eaters to come back for seconds, as they should. Cook vegetables so there is still a bit of their garden crispness left. If cooked to this point and served immediately, you will also lose less of their lovely colors.

Golden Cauliflower (Serves 6)

- 1 medium head cauliflower
- 1 cup raw carrots, diced
- 1/4 cup onions, chopped
- Salt
- Paprika
- 2 tablespoons butter, melted
- 1 cup rich milk
- 1 cup Wisconsin Natural American Cheese, grated

Break cauliflower into flowerettes. Arrange cauliflower and carrots in buttered casserole. Cover with onion, seasonings and butter. Pour milk over contents. Sprinkle with cheese. Cover. Bake in a moderate oven (350 degrees) 1 hour, removing cover the last 15 minutes.

*Red Cabbage and Apples (Serves 8 to 10)

- 2 quarts red cabbage, shredded
- 1 cup apples, pared and chopped
- 1 teaspoon salt
- 1/4 cup butter
- 2 tablespoons flour
- 1/2 cup vinegar
- 1/2 cup brown sugar
- Buttered crumbs

Cook cabbage with apples 10 minutes in salted water, drain (save water). Melt butter, add flour, mix. Add 1/2 cup drained water, vinegar, and brown sugar, stir until thickened. Add apples and cabbage. Bake in buttered casserole in hot oven (400 degrees) until crumbs are brown.

Sweet Potato Cecelia (Serves 8 to 10)

- 3 pounds sweet potatoes
- 1/2 cup butter
- Salt
- Pepper
- 1/4 teaspoon nutmeg or mace
- 1/4 teaspoon cinnamon
- 1/2 to 1 cup apple cider

Mash cooked sweet potatoes. Add 1/2 cup butter, seasonings, and cider, mix well. Put in buttered baking dish, dot with remaining butter. Bake in a moderate oven (375 degrees) 30 to 40 minutes, until top is brown.

LYNN CHAMBERS' MENU

- Baked Spareribs
- *Red Cabbage and Apples
- Baked Sweet Potatoes
- Molded Pear in Lime Gelatin
- Cornbread
- Butter
- Lemon Chiffon Pie
- *Recipe given.

Stuffed Eggplant

Cut a lid from one large eggplant lengthwise, scoop out pulp and cook in boiling salted water until tender, drain and chop fine. Sauté one small minced onion in butter until soft, not brown, add eggplant, one half cup of bread crumbs, one half cup of chopped pecans, and two well-beaten eggs. Mix well with seasonings. Lastly add enough water in which the eggplant was cooked to make the mixture quite thin. Fill shell and sprinkle with bread crumbs and dot with butter and bake about twenty minutes.

Spinach Balls

Wash one peck of spinach in several waters, then cover tightly and steam with just the drippings from the washing for about fifteen minutes. Squeeze as dry as possible. Chop and press through a coarse sieve. Into this puree mix two slightly beaten egg yolks, one tablespoon of grated onion, one tablespoon of olive oil, and salt and pepper to taste. Mix well and form into balls, dip in beaten egg, then in fine bread crumbs, and fry in hot fat to a golden brown.

Asparagus-Cheese Shortcake (Serves 6 to 8)

- 1 No. 2 can asparagus tips
- 3 tablespoons butter
- 1 tablespoon minced onion
- 4 tablespoons flour
- 1 teaspoon salt
- 1/2 teaspoon pepper
- 2 cups milk
- 2 hard-cooked eggs, sliced for garnish

Melt butter in saucepan; add minced onion and cook slowly for 3 minutes or until tender. Add flour and seasonings and blend. Gradually add milk, while stirring; cook over low heat until smooth and thickened, stirring constantly.

Cheese Biscuits

- 2 cups biscuit mix
- 1/2 cup grated cheese
- 1 cup milk

Add grated cheese to biscuit mix and blend. Add milk, mix with fork.

Roll out to 1/2 to 3/4 inch thickness on floured board and cut into squares or circles. Bake on a greased pan in a hot oven (450 degrees) 12 minutes. Split and place hot asparagus tips between biscuits. Pour hot cream sauce over the top and garnish with hard-cooked egg slices.

A vegetable bowl of snowy, white cauliflower surrounded with green peas is hard to resist.

Tasty butter sauce variations will add sparkle to humdrum vegetable dishes. Here are two possibilities:

Lemon-Butter Sauce

- 1/2 cup butter
- Juice of 1/2 lemon
- 3 tablespoons parsley (if you prefer)

Melt butter, add lemon juice and blend thoroughly. Add parsley and serve hot with vegetables. An extra dish of the lemon-butter sauce may be served on the side.

Brown-Butter Sauce

- 1/2 cup butter
- 1 tablespoon chopped parsley
- Salt
- Pepper
- 3 tablespoons lemon juice

Melt butter in a frying pan and stir until a golden brown. Add chopped parsley, lemon juice, and salt and pepper to taste. Serve hot on vegetables or fish.

Released by Western Newspaper Union.

AROUND THE HOUSE

Loop handles on a mattress may be made of heavy cretonne or ticking and sewed on with heavy cotton. These will prove a definite aid in turning the mattress.

Before washing your bathroom floor use a sweeper attachment on it to remove dust particles and hair.

To mend holes in lace curtains, place a piece of paper underneath the hole and sew back and forth on sewing machine. Paper comes off easily when laundering.

Make a mixture of equal parts of flour, salt and vinegar. With this and a little elbow grease you can rub tarnish from brass or copper kitchen utensils.

After using a scrub brush, rinse the brush in cold water and turn the bristles downward. If allowed to dry on its back, water will soak into the wood and loosen the bristles on the brush.

Two parts linseed oil and one part vinegar make an excellent dressing for leather upholstery.

Punctilious Shaw

A producer of a radio show in America, wishing to broadcast a scene from George Bernard Shaw's "Heartbreak House," phoned Shaw's home in Ireland.

"I'm sorry, sir," Shaw's maid replied, "but Mr. Shaw never answers the phone before 6 p. m."

At 6:15, the producer again put in a transatlantic phone call to Shaw's house. This time the maid replied: "Mr. Shaw never answers the phone after 6 p. m."

"But I phoned earlier, and you said Mr. Shaw doesn't answer the phone before 6. Now you say he doesn't answer the phone after 6."

"That's right, sir," replied the maid. "Mr. Shaw answers the phone only at 6 p. m."
