## Good Will Day <br> Uriday, June 13

Mgr. Robert Koonce of the Artesia Chamber of Commerce, accompanied Ly his wife and four daughters, stopped in Hope Wednesday morning oia trip through the Artesia trading area While here he stopped a The News office and made arrangements for a double spread ad that appears in this issue. He also left bills and tickets with Mayor Altman at the Altman Cafe. Anyone wishing to go down to Artesia for the celebration on Fri day, June 13, can drop in at the Alt man Cafe and get free tickets.
This will be a big get-together gath ering, absolutely free to persons re siding out of Artesia, in the Artésia racing territory.
Tinis celebration will be held at the bal lpark from 4 to 7 p . m. The pro gram will consist of a barcue dinner, soda pop, coffee, entertainment and many valuable gifts and merchancise prizes will be distributed.
This event is sponsored by the Artesia Chambe rof Commerce.

## An Account of <br> The Senior Trip

The senior ciass of the Hope high school recurned home Tuesday after a nine-day tour through northern New
Mexico and Colorado. Members of the Mexico and Colorado. Members of the senior trip were seniors Glenn Harrison, Lynn Harrison, Raleigh Newbill and sponsors Mr. and Mrs. C. B. Goldston.
The first day we visited Lincoln State Monument at Lincoln, N. M., and points of interest in Albuquerque.
The second day we visited Aztec Ruins National Monument at Aztec, New Mexico and spent the night at Cortez, Colo.
The third day we tourned the ruins and museum
On the fourth day we drove through the Black Canyon of the Gunnison National Monument and Colorado $\begin{array}{ll}\text { National Monument } \\ \text { National } & \text { Mond } \\ \text { Colo }\end{array}$
The fifth day was spent in Denver and vicinity which included points of interest such as Buffalo Bill's monument and museum, Golden, Colo. and museums and parks in Denver.
The sixth day we visited the Garden of the Gods, the Cave of the wirds, Seven Falls and Will Rogers monument, all located at Colorado Springs, Colo.
The seventh day we visited the Colorado State penitentiary at Canon City and the Royal Gorge.
The eighth nay we saw the old fort at Fort Garlann, Colo. and Kit Carson's home and museum at Taos.

The ninth day we visited the governor's palace and museum, art museum and curio shop at Santa Fe and the state penitentiary.
This completed our tour and everyone reported they had a good time. Mr. and Mrs. Ralph Lea, Mr. and Mrs. Jack Noble and Sheryll enjoyed a pienic at Clouderoft last Friday.

Mr. and Mrs. Ralph Lea made a business trip to Carlsbad Tuesday. They also visited in the B. A. Marlar home while there.

The Hart Motor Co., of Artesia, has just completed blacktopping the park ing lots east of the office building. It is a great improvement. It will keep the cust from blowing and aid in the sale of used cars.
A bus operating ${ }^{*}$ between Carlsbad and Ei Paso overturned on the high way south of Carlsbad. The accicient was caused by slippery pavement. Fifteen people were injured, fortunately no one was killed.

Herber Haskell an employe of the Carlsbad Current-Argus, who had raised a crop of whiskers for the Elks rodeo in Carlsbad, was one of the entrees in the Whiskereno con-rent-Argus and was dubbed "The Des ert Rat." After he gets the brush cleared away so that he can see, he cleared away so that he can see, he
can come to Hope and engage in a triendly game of croquet.

At the Democratic meeting held at Carlsbad last week, Richard H. Westaway was re-elected county chairman. Buster Mulcock would have liked to nave had this position, but as the lo-
cal paper stated, "Mr. Mulcock had affiliated himself with the mine-mill crowd and was also a leader in county split movement, therefore he was not entitled to be elected to the chairmanship.
Vice-President Älben * Barkley has given out that he would be a candiaate for President if the people want hım. Mr. Barkley is 74 years old and It was time that he retired instead of running for President. Being young man's job. If the Democrats young manate Barkley it will show that they are mighty hard up for presidential material.

The Russians occupying East Ger many have established a "no man' land" between East and West Ger many. All West Berliners living in East Germany must get out. Anyone caught in "No Man's Land" will be
shot on sight. If the Russians can get tough, why can't the Allies also get tough? As long as we have to foilow an appeasement policy we will be playing second fiddle to Russia from now on.

How many have read "The Big Fisherman" or "The Robe" both written by Lloyd C. Douglas. "The Greatest Story Ever Told," by Fulton one should read. High school students should be required to give book reviews on any of the above three books instead of choosing some of the books they de read.
B. L. McElroy, beter known as Smokey, resigned as constable and deputy sheriff of the Precinct 3 the
first of the month. Not enough money in it is the reason given. "smokey is the best peace officer we have na for 30 years. Deputies from Artesia will handle the Hope area from now on.

Fast and reckless driving still con tinues on the highways of the na tion. It looks as if the law enforce ment officers have given up trying usually it is the driver who tries to obey the law that gets it in the neck And the pedestrian that tries to cross the street takes his life in his hands

Mrs. Parsons who shot her husband while he slept and killed him, has been judged sane. Her trial will be September. We will sometime in thorough in what she did. She put the gun to his temple and pulled the trigger twice. An argument over a canasta game was the cause of the those canasta players.

We had the pleasure of shaking hnads with Bill Dunnam last Friday morning at the memorial services held at the Woodbine cemetery at Artesia. Bill is looking better than we know that he is a rank Republi we know that he is a rank Republi can, but outside or that Bin is the squarest, honest, upright and out spoken man that we have ever had to wondre where Bill stands on any question. He will tell you in very few words. If Bill's health had permitted I would have liked to have seen him sent to Washington to represent New Mexico.
I know that some one is wonderin? what party I belong to. I am regist ered as a Democrat, but I want to tell the world that I'm not a TrumanPendergast Democrat. Some of the leaders in Washingto ntoday are a disgrace to any party. The war in Korea is not a war, it's just a "police and crippled and suffering in Red prisons. The officers who are sent over there to run this war have their hands tied. They are told to go just so far and no further. If we were a swearing man we would say "ain't wat a H- 1 of a way to win a war. But what do these 10 per cent who and mink coaters and all those who are holding down good govern ment jobs care how many boys are killed over in Korea, not a bit, just so they get their rake-off.
James Oliver Mörgan, a construction worker from El Paso shot and killed a deputy sheriff over at Hatch last week. Morgan was having his car filled with gas, the deputy sauntered over and asked to see his driver's license. "Just a minute," Morgan said. Instead of producing his drivkilled the deputy instantly, besides wounding a constable. Morgan was later apprehended near Elephant Butte dam. That reminds us that over at Chandler, Ariz., a few years ago, Ford coupe driven by two men and nd asked to have their gas tank fill ed. The constable approached and
asked to see their driver's license. stead of the driver's license the $x$. an produced a gun and that was the last for that constabie. The trio wio were from Ohio and wanted for the killing of a state patrolman were later captured in the sand hills west o fPhoenix. They were returned to Ohio where the woman paid the extreme penalty.

## Kansas Editor <br> Visits New Mexico

Holly Renfro and family of Montezuma, Kan., visited Richard Maphet last week. While here they called on the editor at Hope. Mr. Renfro is the editor and publisher of the Monteuma Press. He reports that his section of the country has had plenty of rain, everybody is lousy with money and 90 per cent of the people vote the Republican ticket

## Barleys Leaves for Dairy Meeting

Mr. and Mrs. Charley Barley, Mr. and Mrs. Robert Barley and two sons eft last week for Roanoke, Va., where hey will attend the National HolsteinFriesien Dairy Association meeting. They wil ireturn about June 10.

## Hope News

Mrs. Sy Bunting of Artesia and her sister, Mrs. Rutherford of California were here last week visiting friends. Mr. and Mrs. Kaiser of the Kaiser Electric Co., of Artesia, are leaving soon for Mississippi and Chicago, Ill., where they will spend three weeks visiting relatives and friends.
Carolyn Young who has been attending Abilene Christian college was here last week visiting. She is now in Phoenix, Ariz., visiting with friends. Patsy, Ray and Shirley Young have Patsy, Ray and Shirley Young have
been visiting Mrs. R. L. Hall at Abibeen visiting
lene, Texas

Mr. and Mrs. A. J. Milam who te side southwest of Atoka gave a party Saturday night in honor of their son-in-law who has been ordered to England. He has been stationed at the Roswell Air Force Base. Those from here who attended were Mr, and Mrs. Mansel Milam and daughter, June and son Edward; Mr. and Mrs. Irving Miller; Mr. and Mrs. John Harain and W. E. Rood. Music for the occasion was furnished by Mansel Milam, A J. Milam and Floyd Eskue.

Mr. and Mrs. Smokey MiElroy and children are moving to Durango, Colo. this week.
Mr, and Mrs. Clay Goldston, Ral eigh Newbill, Jr., Glenn and Lynn Harrison returned from the senior trip Tuesday evening. They reported they had a very enjoyable time.
"Red Orchestra" . . The famous author Kurt Singer tells the inside story of the Red orchestra, a notorious Russian spy ring which obtained the Nazis' most closely guarded secrets during World War II. Learn how the riig operated and how its co. nter-parts are carrying on in America. Read it in The New American Weekly, that great magazine distributed with next Sunday's Los Angeies Examiner.

No Tinker-Toy Business
( NE thing that fellowship did mean, when it meant something the life of a crowing vine You can not think of the branches without the vine nor of the vine without branches
(I Cone the same idea, Paul (I Cor. 12) speaks of the church as the "body" of Christ Caristian fellowship is first of all an intimate growing-in to the life of Christ, sharing th same life with him.
with two with two arms or arms, you can pull the legs and arms out and stick the tinker-toy as you like, because only blocks man is not real, it is cannot stick and sticks. But you them sut of less pull of a vine like that; much living body.
If the church today is weak, it is because too many individual "members" are not members of Christ. They belong to the church, statistically speaking; but they do not * *

The Last Beatitude
NOW the Lord Christ did not reI buke this man Thomas, when at last the two came face to face once more; nor did he praise him. He knew that Thomas had acted as a Thomas will.
But our Lord also looked down the centuries, to us and beyond. Thomas had not asked the impossible; but soon, soon would come the time when a request like his could not be granted.

Not forever could Christ be seen on earth with the visible eye. To only a few would be granted even the dream or vigranted even the dream or vi-
sion of what Saint Thomas could have touched if he had dared. The time was shortly coming when men must believe, if they bewhen men must believe, if they be-
lieve at all, without seeing. Easter lieve at all, without seeing. Easter
days would come and go, and voice of faith would rise in a thousand songs: He is risen! But not on any Songs: He is risen; But not on any at least, would Christ return to break bread with his friends in such a way that doubt could no longer be Blessed are they that have not seen, Blessed are they that have not seen

The Risen Lord
$\mathbf{S}^{O}$ Saint Thomas was wrong, and right. He was wrong if he thought: I cannot believe unless I see. The Christiat way is not the seeing that is believing; it is the be lieving that is seeing.

But he was right if he thought: I must believe for myself, I can take no other man's faith for my own. And he was right at the last: "My Lorti and my God?" Was Thomas only a man of tem perament, a man easily blown from depth of doubht to height of faith? By no means. He knew what differ ence Easter makes, once the truth of it comes home to a man's mind If the message of Easter is not true, Christ is dead,-rather Jesus is dead and there is no Christ, his brain is dust, his dream a cobweb in the wind of death. But if the message of Easter is true-and the whole Christian church is witness that it is true-then Christ who lived again on Easter morning lives for ever past all the mornings of the world, lives to be man's only king, reigning from the very right hand of God.
If Easter is not true, we shall walk softly as befits those in mourning on the return of a day of sorrow if Easter is true we shall say and sing with Thomas and all the saints My Lord and My God!

Rast, Efficient Way To Fertilize Shown Liquid Wiitrogen Sprayed On 1,000 Alcres by Plane
How to fertilize a 1000 -acre field in a day was recently demonstrated in Madison County, Ohio.
A new liquid nitrogen product was used. The feat was made possible by direct transfer of the fertilizer from a railroad tank car to a small plane on a landing field adjacent to the train siding. The loaded plane flew to a farm 20 miles away, sprayed the wheat field, and returned to the siding for another load, all in about 15 min utes. Six thousand gallons, in all, were used in this first rail-plane fertilizing operat on
The railroad predicted a largescale system of fueling centers for liquid fertilizer in the future.
For many farmers, the event recalled other chapters in the story of railroad agricultural developOn Morch 1 Brome County New York the first Broome Count in the United Ststes hired at the suggestion of was awarna vice president The rail roads, in fact, paid part of his salary, Subsequently many of his solroeds established their ewn ar ricultural departments, and worked with the depicultural , alleges, run ning farm demonstration trains into mita ion better livestoek breedins. new

For the first time, liquid nitrogen fertilizer was transferred direct from a railroad tank car to a waiting plane. The plane flew 20 miles to a 1000 -acre wheat field, sprayed its load, and returned to the siding for a quick refill-all in about 15 min utes.
crops-a notable example being the soybean-were all the subject of flat car lectures and traveling exhibits,
These agencies engage in educational work among farmers and shippers to see that the farmer's products get to market in as good ondition as they leave the farm. All this, of course, is not pure philanthropy. The railroads, which are self-supporting and operating on narrow profit margins, feel their stake in American agriculture is great.

Shortage of Lime
Cuts Aifalía Yield
Liming Acid Soils Is
Must for Good Legumes
If your alfalfa fields show yellow streaks where growth is sparse and puny, the cause is probably a short age of lime in the soil.
The light, bare streaks on the alfalfa field near Evansville, Wisconsin, shown in the above photograph, were due to soil acidity tha hadn't been corrected by liming The spreader truck had lapped too wide when the field was being limed and some areas didn't get any.
The thick alfalfa growth came from parts of the field that were limed.
Agronomists emphasize that liming acid soils is a "must" if you want to get efficient results from the fertilizer you add. Acid won't produce good legume yields, they say, even if plenty of fertilizer is alfalfa field was fertilized with 400 alfalfa field was fertilized with 400
pounds per acre of $0-20-20$ pounds pe

Note the thick and light allalfa growth in the above picture caused by uneven application of lime.
Liming helped the fertilizer in crease alfalfa hay yields $41 / 3$ times and the protein yields by $51 / 2$ times Hay yields on the limed soil av
eraged 6,100 pouncs per acre, comeraged 6,100 pounas per acre, compared with 1,400 pounds on the acid soil. Alfalfa hay from the limed soil had a 14.5 per cent protein content, with a total yield of 836 pounds per acre; from the unlimed soil the hay had an 11.5 per cent protein content with a total protein yield of 161 pounds per acre

## Beef Cattle Numbers Lag <br> Behind Population Trend

Beef cattle numbers in the United States have increased during the past three years. The increases: In 1951, 13 per cent. The 52.3 million head on hand January 1 this year are 26 per cent above the number reported on January 1, 1949 and an all time high. These figures include all cattle except those considered milk cows.

However, building to this total re sulted in a marked decrease of ani was one important factor and thu was one important factor in the high average prices received for bee
It appears likely that in 1952 and for a number of years ahead, increased numbers of cattle are likely to go to slaughter, thus increasing

## pries. Ctiter things being

 pected to result.Human population in the country is currently increasing at the rate of about 2 per cent per year-a rate substantially below the rate of increase in cattle numbers
Cattlemen may find themselves vulnerable from three standpoints in the next year or so: (1) Any weakening demand resulting from a downward change in consumer income: (2) drouth range conditions which would cause widespread herd liquidations; or (3) a shortage of feed concentrates which would limit demand for range animals.
