## A very successful Howard Days

Another Robert E. Howard Days have come and gone, although the neat memories continue. Guest of Honor Timothy Truman was very well received, both at the Friday night celebration dinner and throughout the 2 days of panel discussions.

Truman spoke of his journey of love through years of scripting Howard's stories. Having been attracted to Howard's stories as a youngster and then becoming a highly acclaimed part of turning those same stories into comic books and then later into graphic novels was pretty much an unexpected dream come true. When the Dark Horse Comic Publishers came looking specifically for him to script their work on the Conan stories, he just could not believe his luck. But then he backed up and shared his philosophy that "luck" is the result of a lot of hard work to be prepared to take advantage of unexpected opportunities.

Well over 300 people participated in the week-end in some fashion; some touring the

Museum, some attending the banquet, some serving at Musuem Docents and key Project Pride members who are all developed by the Robert E. Howard United Press Association and the REH Foundation while Project Pride facilitates their plans.

Coordinators of the various aspects of the week-end were Anne Rone with all docents, Era Lee Hanke with all the shop inventory and building preparations, Larry and Nora Pointer with all the food details, Diana Miller with all the decorations, Tom Rone with getting the grounds looking their best and grilling the hot dogs to perfection at the Friday luncheon, Tom Stephenson with keeping the pavilion an attractive place to gather day and night, Don Clark for the informative tours and Arlene Stephenson for all the loose details.

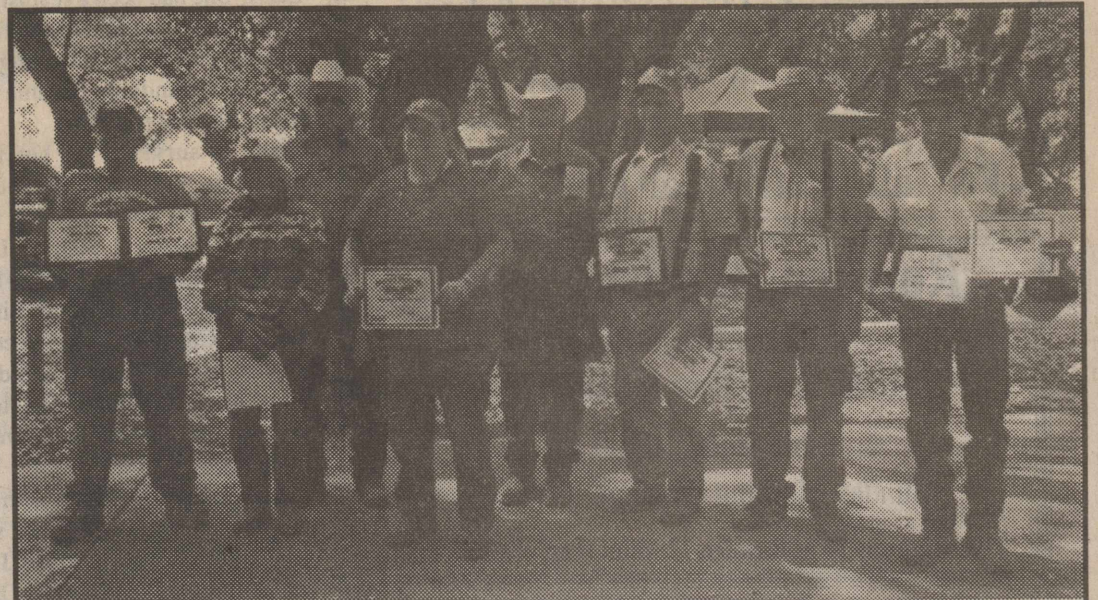

Visitors were very impressed and appreciative of how clean and groomed Main Street and the highway out to the Museum looked. They could even visualize how good the

intersection will look when completed. They just could not believe that such a small community could host so many events the same week-end with participants coming from literally around the world. The Howard Days drew only the 4 annual visitors from Scotland, but the rocket launch south of town was a totally different story.

Everything was well planned, the weather co-operated beautifully and the very welcome rain that blew through the night was a real blessing. That is until the Pride folks went out Sunday afternoon to clean and store chairs and tables, found the tent canopy tangled in a broken mess living in a tree. Fortunately the generous donations from the visitors will enable us to replace the shelter. Project Pride thanks everybody in the community for making all these visitors feel so welcome.

## Texas lake and river swimmers reminded of potential health risks

WACO, Texas (June 4, 2012) — With summer starting to heat up, people across the Brazos River basin are heading to nearby rivers and lakes. However, the conditions that make the water temperature so delightful can also encourage the growth of a rare but dangerous microorganism.

The Brazos River Authority encourages visitors to enjoy the water, while being aware of health risks associated with swimming in or around stagnant or slow-moving water.

Primary amebic meningoencephalitis (PAM), which is most common during the summer, is a rare disease caused by *naegleria fowleri*, an amoeba found in almost all untreated, fresh surface water and in soil. The amoeba thrives in low levels of fresh water that is warmer than 80 degrees and stagnant or slow-moving. The PAM infection occurs when water containing the organism is forced into the nasal passages — usually from diving or jumping into water or from water skiing. The amoeba makes its way into the brain and spinal cord, destroying brain tissue.

Symptoms of the almost always fatal infection include severe headache, high fever, stiff neck, nausea, vomiting, seizures and hallucinations as the condition worsens. Although PAM is

rare — affecting about one to three people a year in Texas — those infected usually succumb to the disease within a week.

There were 10 known cases of PAM in Texas between 2000 and 2010, according to state health officials. No cases have been diagnosed in Texas since the beginning of 2011. Worldwide, only a few hundred cases have been reported over the last 30 years.

To prevent infection, it is recommended that those taking part in warm, fresh water-related activities use nose clips or hold their noses shut while jumping into water. With the amoeba often found in soil, it is best to avoid stirring up underwater sediment. The Texas Department of State Health Services recommends that people avoid stagnant or polluted water and take "No Swimming" signs seriously. While the BRA tests for a variety of contaminants, such as *E. coli* at more than 100 sites, no testing is conducted for the PAM microbe.

PAM cannot be spread person to person nor by drinking water. Swimming pools and hot tubs that are properly cleaned, maintained and chlorinated are generally safe, as is salt water.

For more information contact the Texas Department of State Health Services Public Information Office at (512) 458-7400.

# Cottonwood News

Beverly Brown

We received a half of an inch of rain one morning this past week. Thank you, Lord!

The weather was just perfect for the Barbarian Festival in Cross Plains last Saturday. Cottonwood Volunteer Fire Control had a booth selling brisket sandwiches, sausage, nachos and drinks. Joe, Deana and Kathleen Terstegge, Adrian Allen, Roger Hinkle, Jim and Louise Grindstaff, Fred and Mary St. Peter, Omer Rivard and Roy Boyd all worked the food booth. Others of the group worked the kid's games of balloon pop, ring toss and duck pond including Donnie and Barbara Worley, Robert Bennett, Bryan Bennett, Beverly Brown, Teri Brown and Gilbert Ibarra.

It was great to see such a good turnout of volunteers all working together. Thanks to Steve Bitsko at Lowe's Market for all of his help. Whenever we need something, Lowe's is always there to help us. Also thanks to

Coca-Cola for the use of their Coke Wagon and Higginbotham's for donating materials for the kids' games and the Barbarian Festival Committee, we wouldn't have done the kids' games without their help.

More Cottonwood folks were involved with the festival. The Cottonwood Historical Association had a booth at the festival. Bob and Cookie Robinson and Tom and Sue Bennett manned it.

Carol and Wallace Bennett and Herman and Naomi Weaver were at the First United Methodist Church booth. Stuart Sowell, Matt and Mandi were at Salamander's booth selling Barbarian Festival T-shirts. Erik Woodard was in charge of the Car Show. Russ and Diana Miller were in charge of the booths at the festival. We also saw Ray and Ava Dodd, Sid Bogue, Charles Waggoner, Ashley Hall and Candy and Terry Tate in the

crowd. Lots of folks turned out the Barbarian Festival Kick-Off Parade the previous Thursday evening. It was great to see both Cottonwood brush trucks and the new firetruck in the parade.

The next Coon Hunter dinner is coming up soon. It will be Saturday, June 22nd, at the Fellowship Hall at the Cottonwood Baptist Church. Barbecued brisket, sausage, ribs and chicken are on the menu. Dinner runs from 5 p.m. until 6:30 p.m. and the cost is \$6.00.

The next Cottonwood Volunteer Fire Control meeting is Tuesday, June 18th at 7 p.m. at the firehouse.

Ed Albrecht married Sharon Russel on May 25th at "The Vineyard" in Florence, Texas. The wedding was attended by all his family, her family and several friends. The happy couple reside in Georgetown.

## TxDOT begins project to replace bridge east of Abilene

New structure at Rainy Creek will be wider

Abilene — The Texas Department of Transportation is set to begin a project next week to replace the bridge at Rainy Creek on I-20 Business (East Highway 80) just east of Loop 322.

Crews plan to begin work Monday to replace the four-lane structure with a new bridge featuring four wider lanes with shoulders and sidewalks. The project is expected to be completed by late spring 2014. The new bridge will be built to accommodate future improvements to the adjoining

highway, such as sidewalks or widening.

Work will take place on two lanes of the bridge at a time. Traffic will be routed through one lane in each direction. During construction, oversize loads will be limited to 8 feet, 6 inches. Drivers are urged to use extreme caution in the work zone and to remain alert for workers and equipment in the area.

Reece Construction Co., Inc. of Prosper, Texas was contracted to complete the work for \$2.4 million.

## Traffic alert for June 18th on I-20 at the US 84 overpass

NOLAN COUNTY — Both main lanes of westbound I-20 at the US 84 overpass in Nolan County are scheduled for a one-day closure Tuesday, June 18th for ongoing work to replace the bridge that was damaged after a collision in September 2012.

Westbound I-20 will be closed early that morning to allow crews to place beams on the new structure. All interstate lanes are expected to be open by June 19th.

Traffic will be detoured to US 84 Business and routed around the overpass before being directed back to westbound I-20. Signs, cones and message boards will be in place to direct drivers.

## Hi Ho Silver

Hi Ho Silver, that was the immortal cry,  
of the Lone Ranger was on,  
The only T.V. in twenty miles,  
and it belonged to my Dad and I.

We returned to those yesterdays where  
good and evil were the colors of  
black and white.

For the Lone Ranger and his  
faithful Indian companion Tonto,  
Were the champions of  
the good and the right.

And when the Lone Ranger reared up on Silver,  
I reared up on the arm of my  
Dad's overstuffed chair.  
For it had become that noble steed  
and I was with them back then.

We always had thirty minutes to make  
everything in the world all right,  
And no matter how evil the villains,  
we would defeat them with our might.

But when the commercial came on,  
it was off to the kitchen I ran,  
To fill my cup with hot chocolate,  
then run right back again.

Oh, the cliff hangers I did witness,  
in them golden days of the west.  
Where law and order were  
dispensed by my heroes,  
For the Lone Ranger and Tonto were the best.

My Grandpa would be there with us,  
and he'd watch me fight them  
bad guys on our hard wood floor.  
And cheer me on to victory,  
Till we were winners again, once more.

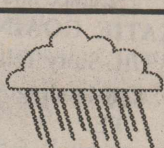

Well, now I'm a grown man,  
but my memories wander back to yesterday.  
When everything was more simple,  
the Lone Ranger's final play.

So I lift my cup of hot chocolate  
and I salute them good old days,  
When the cry of Hi Ho Silver  
left me totally amazed.

# Baseball Tryout and Hitting Camp

Coast to Coast Baseball would like to invite local players (ages 10-18) to one of our upcoming tryout events. At the tryout, our staff will evaluate your skills in four areas: hitting, fielding, arm strength and speed.

Since the summer of 2001, over 3,000 athletes from 45 different states have participated in the Coast to Coast Baseball program. Our alumni now compete at every level of collegiate baseball...and even professionally.

Players who are accepted to the program, may choose to represent the USA in competition in Puerto Rico, or work with top college coaches and pro scouts at one of

our Florida or Arizona Camp & Showcase events held at a MLB spring-training complex.

In addition to the tryout, an instructional hitting camp will be held the same day. The goal of the camp is to help players improve hitting fundamentals as well as their mental approach at the plate. Events will be held at

University of Dallas @ Irving (college baseball field) Irving, TX

Saturday, June 15

Tryout Begins: 10 am.

Hitting Camp Begins: 2 p.m.

For more information, players and parents can visit our website. Register for one or both events on our website or by calling our office.

May Teacher and Students of the Month — Jocelyn Smoot (from left), teacher Crystal Webb, and Elijah Blaine.

## Elementary News

Well the school year has ended at Cross Plains Elementary. It was a very successful year with many peers. Also, she has chosen Elijah Blaine and Jocelyn Smoot as her students of the month. She made it very clear the difficulty in choosing two students out of so many. However, for the month of May these two students stood out for Mrs. Webb. Congratulations to all three on their awards.

We have said goodbye to this year's 6th graders. They have been a very prosperous class and will be missed. They showed tremendous growth throughout the year and I look for awesome things to happen in their futures across the way at the junior high. It is a little sad for me to see them go. However, I know I get to see some new pre-k and kindergartners to fill the gap as well as watch our current 5th graders move up to fill the void. That makes it all worthwhile to see new kids step up into leadership roles at the school.

I want to give a special thank you to our PTO and all their efforts this year. They helped put on a wonderful luncheon for all staff members on Thursday May 30th that was enjoyed by everyone. Additionally, they have gone above and beyond all year to help at the school. Just to name a few things, they bought popcorn and drinks for all the students for a movie presentation, provided popsicles for all the students at the field day, and paid for half of the brand new computers in the elementary lab. We are blessed

as a school to have their support. Taylor Dillard, Shannon Nichols, Shawna Tollett, Stephanie Thompson, and any others that have helped out thank you so much for all that you do! I also want to thank the teachers, students, parents, and community members for helping collect the following items that help the school purchase things the school needs:

LOWE'S GROCERY - REGISTER TAPES FOR EDUCATION PROGRAM - Should start up again in August 2013. BOX TOPS FOR EDUCATION - THIS YEAR \$570.00 (towards field trips ect.) - Betty Crocker, Yoplait, Pillsbury, Ziplock, Hefty, and nearly every major cereal brand. There are many more items available for this worthy program. LABELS FOR EDUCATION - (Found on Campbell's soups, Pop Secret, and even Time Magazine)

If you have any questions about what can be used to help, contact Lurene McNutt, Program Coordinator, at the school and we will let you know how you can help as well.

I am so proud of all of our students and all of their endeavors this year. I am blessed to be the principal at CPE. I look for only more good things to come in the lives of our young people. This is a great community that we are a part of and we are proud to serve in this capacity.

Thank you,  
Jeremy Williars - Principal

### West Central Texas Council of Governments (WCTCOG) is proud to announce the continuance of the Safe Room/Storm Shelter Rebate Program

Last year, the WCTCOG submitted applications for Safe Room/Storm Shelter Rebate program funding to the Governor's Division of Emergency Management (GDEM). GDEM is responsible for administering the program in Texas but the funding actually originates with the Federal Emergency Management Agency (FEMA). The Safe Room/Storm Shelter program is one of the grants available under FEMA's family of Mitigation Grant Programs.

WCTCOG has grant monies available for the Safe Room/Storm Shelter Program will provide funding to single-family home owners to cover one-half the cost of installing

tornado shelters/safe rooms in new or existing homes up to a maximum rebate amount of \$3,000 per unit installed. Other requirements are that each installed unit has been certified as meeting the standards set for tornado shelters by the American Tornado Shelter Association (ATSA) or National Storm Shelter Association (NSSA) before the rebate can be paid.

The WCTCOG has received enough funding to support the cost of installing approximately 100 shelters in homes throughout the 19-county region. These units are intended for homes within the West Central Texas region.
