## Voting Districts Discussed At MISD Board Meeting

The governing board of the Muleshoe Independent School District met in a regular meeting at 7:30 p.m. Monday in the School Administration Building.

Curtis Shelburne gave the invocation. Cindy Purdy, president recognized the visitors and school personnel present which included: Bob Finney, Bill Adlins, Sandy Adlins, Sandi Chitwood, Bob Graves, Barbara Mutschler, Diana Harrison, Doris Scoggin, Al Bishop and Evelene Harris. The first item of business was a report from Bob Finney, representing the Citizens Committee studying Muleshoe ISD Voting Districts. Finney stated that the committee had two plans a 5-2 plan which the board is currently operating under and a 7-0 plan.

everyone's vote counts for three positions. The main goal of the committee is one man one vote and each district should have the same population.

He stated that the committee is recommending two minority districts. He stated that the committee didn't want a change concerning, the board members having to live in the district they

Muleshoe High School. A lengthy discussion was held concerning the three plans. Bill Moore, superintendent of schools, stated that he had met with the faculty and staff at Watson Junior High and got a lot of good feed back from them, concerning their new lab.

# Achievement Banquet Held, Awards Presented

Sunday was a big day for Bailey County 4-H'ers, gathering at the Bailey County Civic Center for the annual Bailey County 4-H Achievement Banquet at 1 p.m.

Using the theme "4-H Makes the World Go Round", the Civic Center was decorated with a large carrousel behind the head table. Christy Holt and Amy Hooten registered the guests.

Marianne Toombs, president, served as Mistress of Ceremonies and Krystal Heathington gave the invocation.

The Pledge of Allegiance was led by Katie Black and Melissa Bennett led the 4-H Motto and Pledge.

In giving the welcome, Duayne Lloyd, manager of Bailey County Electric, said "It is good to see so many of you young people involved in 4-H, we just need more youth involved."

Brittany Kirby gave the response to the welcome and stated, "The Bailey County 4-H Clubs would like to express our appreciation to Mr. Lloyd and the Bailey County Electric Cooperation for providing this annual achievement banquet for our enjoyment.

"The cooperative has made our banquet possible for the past 31 years as a means of encouraging the 4-H'ers to become aware of the Global Connection Made By 4-H, which will help them grow and become tomorrow's leaders of our nation.

Following the meal, Mexican Food prepared by Jan Tooley and family, the 1992 Friend of 4-H was presented by Keila Kennedy.

"The Bailey County 4-H members are proud to present the first of this year's Friend of 4-H Awards to a person who has supported the 4-H program in Bailey County for several years.

and this year donated many hours to make the first-ever premium sale a big success. This person believes in our young people and wants to see them reach the goal of Making The Best Better.

"It is because of "friends" like this that 4-H is the special organization that it is.

"Our first 1992 Friend Of 4-H Award is presented with sincere appreciation to Thurman Myers."

"The Bailey County 4-H members are honored to present the second Friend Of 4-H Award to a group of people who have supported the 4-H program in Bailey County for at least 31 years," said Josh Tooley.

"This group gives much of their resources to see that the annual 4-H Banquet is a success. They believe in the 4-H Club Motto, To Make The Best Better and want to see our young people develop into outstanding American citizens and leaders.

Lazbuddie Crowns Homecoming Queen

Miss Esmerelda Aguirre was crowned the 1992 Homecoming Queen of Lazbuddie High School last Friday night. Mario Zamora was named King.

Queen runners-up were Dawnda Magby, Joele Weaver and Gina Jarman. King runners-up were Jody

Brockman.

Putting the finishing touches on the Homecoming activities, the Longhorns defeated the Amherst Bulldogs 63-14.

Quarterback Brett Thomas passed for four touchdowns as the Longhorns stampeded past the Amherst Bulldogs in District 3-A six-man action.

The game was called because of the 45-point rule in the third quarter.

Lazbuddie built up a huge lead early in the game. Thomas hit Matt Cosby with a 28-yard touchdown pass with 8:51 left in the first quarter. Then, with 5:28 left Thomas threw a 30-yard pass to Leland Brockman, chalking up still another score.

Cosby recovered a fumble in the end zone, increasing the Longhorns lead. Cosby scored again on a one yard pass from Thomas.

Amherst went on the scoreboard with a pass from Sherril to Shelley. The kick failed.

Miller scored again for Lazbuddie on a two yard run following a Bomer pass from Zamora. Miller scored again on a 36 yard run and Brockman kicked.

Zamora scored on an eight yard run for the Lazbuddie Longhorns. The kick was blocked.

Amherst scored again on a 60 yard kick off return.

The game was all the Lazbuddie Longhorns from that point on. Hemandez scored on a 38 yard pass from Thomas. Brockman kicked.

## **Terry Field Takes First Place** In Contest

If you missed more than two games in this week's football contest you were out of luck. This week's contest must have been an easy one, well for some of the contestants.

One contestant, Terry Field, only missed one game for a first place in the contest. Field received ten points for this week's win added to a previous third place win and a total of 14 points toward the grand prize of \$150.00.

Four contestants missed two games so the Journal judges were forced to go to the tiebreakers to determine the winner.

Buck Johnson missed two games and was 27 points off in the tiebreakers for a second place win and six points.

John Graves also missed two games but was 34 points off in the tiebreakers for four points.

Also missing two games were: Ruth Malone who was 39 points off in the tiebreakers and Kika Torres who was 56 points off on the tiebreakers.

Be sure to put your name and address along with your phone number on your entry. One contestant forgot to put his or her name on one of the entries this week.

It is still anyone's game, so keep those entries coming in. It is still to early to even try to guess who

The Whirlwinds blew into Muleshoe and defeated the Mules 42 to 6. The Mules played a good game racking up 165 yards in the air and 24 yards rushing, while the Whirlwinds racked up 450 yards rushing and no yards in the air.

In last week's action between the Littlefield Wildcats and the Dimmitt Bobcats, the game ended in a tie 14-14.

The Wildcats took the led in the second quarter and held on until a Dimmitt Bobcat blocked a Littlefield punt late in the fourth quarter and returned it 30 yards for a score.

## **Tennessee Picked To** Win Over Alabama

Saturday will not only be the mid- week with Miami. BC just might be point of the 1992 college football a let-down. Penn State is at home, season, but it will also be a day of reckoning for many of the top-ranked teams in the country. Check the schedule: Alabama, Boston College, Colorado, Florida State, Georgia Tech, Oklahoma, Penn State, Southern California, Syracuse, Tennessee, Virginia and West Virginia all face major tests.

First Priority has to focus on the powerful Cavaliers in the Atlantic Southwest Conference match-up between the two #1 teams in the conference, Alabama and Tennessee. The game will be played in Knoxville, a particularly big plus for the Volunteers. However, Tennessee hasn't beaten the Crimson Tide in six years, that being a 16-14 win in 1985. Since that time, Alabama has rolled up 205 points to the Vols' 124, the Tide winning last fall 24-19. Tennessee has had two huge wins to date, a 34-31 thriller over Georgia and a 31-14 licking of Florida. Alabama hasn't really been tested. It's time for the Crimson domination to come to an end. .. Tennessee:

Through games of October 3rd, the forecasting average smiled a little brighter. We picked 705 right, 242 wrong for an average of .744.

Boston College has had a week off to prepare for its big invasion of Penn State. The Eagles were tied by West Virginia two weeks ago, but they remain undefeated. The Nittany Lions

## **Diabetes** Control

A shot in the dark could help prevent life-threatening, long term, diabetic complications by controlling blood sugar, according to researchers at the Houston Veterans Affairs Medical Center.

"Our study has shown that diabetics who take insulin at bedtime, have normal glucose levels in the morning and throughout the day," said Dr. John P. Comstock, VAMC associate chief of staff for ambulatory care and associate professor of medicine ar Baylor College of Medicine. "The normal level, along with proper diet and exercise may prevent eye, kidney or vascular disease commonly associated with diabetes.

The liver produces large amounts of glucose at night that elevates morning blood sugar or fasting blood sugar. By taking insulin at bedtime, patients tolerated larger doses and awoke with normal fasting blood sugar level.

Patients who took insulin in the morning frequently had abnormal and unstable fasting blood levels and higher levels throughout the

"Bedtime insulin lessens the possibility of daily reactions causing rapid heartbeat, tremors and confusion that usually appear after the insulin has reached its peak effectiveness," Comstock said.

Comstock studied 20 patients with type II diabetes. Patients received insulin at bedtime or in the morning for four months. The regimen was then switched for an additional four months.

Type II diabetes affects adults over age 50 and accounts for 90 percent of the seven million diabetics in the United States. Frequently, there are no symptoms with its onset and it is often diagnosed in a routine examination. Type II diabetes is genetic and more commonly found in minorities. Obesity, diet and exercise patterns can impact how early the disease is detected.

Diabetes is the second leading cause of death in the older population and is the leading cause of blindness and vision impairment in people under age 65.

The people are to be taken in very small doses. -R.W. Emerson.

During the informational reports, Mrs. Purdy reminded the board of an upcoming meeting, stating that the speaker will be from Frenship.

It was reported that the case work has been delivered for the library at Dillman Elementary. It was also reported that there is little left to be done and the library should be finished this week or early next week.

Moore reported that Muleshoe has 45 students at the Pep School and said that he was pleased with the progress the students are making. "We may have two to graduate at mid term."

A report was given on the food service.

Moore asked Bob Graves and some of the teachers at Watson Junior High to give the board members a report on the Middle School Concept.

Diana Harrison, a sixth grade teacher, stated that they are having the best year they have had. The teachers and students are working together, and it is enjoyable work. She stated that 0 was not accepted. It is not a punishment, but if the students don't turn in their homework we have them work 20 minutes at lunch on their assignments. We started with 42 students and on Tuesday we expected to have only 1.

Another teacher reported that as a team they discuss the students problems with them and also work with the administration.

## **Economy Injury Disaster Loans Available From SBA**

Businesses depending on farmers and ranchers in 27 Texas counties can now apply for low interest Economic Injury Disaster Loans (EIDL) from the U.S. Small Business Administration (SBA). These loans are available to help businesses meet normal operating expenses that cannot be met due to the effects of a disaster.

Excessive rain, hail, wind and flash flooding which occurred between May 1 and June 30, 1992 and continuing caused many farmers and ranchers to experience reduced incomes which may have had an adverse economic effect on businesses depending upon these producers.Farmers and ranchers are not eligible for this loan program

## Letter To **The Editor**

October 9, 1992 Dear Special Guests:

By now, I hope you've received your invitation to a very special Sunday afternoon with the Texas Cattle Feeders Association.

As you know, TCFA is celebrating its 25th Anniversary this year. As part of that celebration, we wanted to honor the many people throughout the Panhandle who have helped our area become known as Cattle Feeding Country.

That's why the TCFA Board of Directors invited you and other leaders in the area to be with us Sunday afternoon, October 25, at the Amarillo Civic Center. We want you to know how important you are to us as we recognize your part in the development of an industry that is now a major segment of the panhandle economy.

We'll begin the afternoon with a multi-media look at the history of cattle feeding. Please be in your seat in the Civic Center Auditorium by 3:00 p.m. for this 45-minute presentation. Then, join us for coffee an cake as we celebrate 25 years of leadership in the cattle industry.

I look forward to seeing you October 25 Sincerely

P.S. If you haven't responded,

Joe Hathoot President but may be eligible for disaster assistance through other Federal agencies.

Walter Fronstin, district director, said that 21 of these counties are located in the area serviced by the Lubbock SBA Office.

Businesses located in the following West Texas counties have until May 11, 1993 to file an application, Fronstin said.

Andrews, Armstrong, Borden, Briscoe, Castro, Crosby Dawson, Dickens, Floyd, Gains, Garza, Hale, Howard, Kent, Lubbock, Lynn, Martin, Montley, Randall, Swisher and Terry.

## Army Helps Wipe **Out College Debt**

Thirty students in New Mexico and West Texas took advantage of the Army's loan repayment program during the fiscal year ending in September as the way to erase their college debt.

The Army will pay off up to one-third or \$1500, whichever is greater, of the recruits' outstanding student loan balance at the end of each year they serve," according to Lt. Col. Brand M. Beasley, commander of Army recruiting in New Mexico, West Texas, and the western edge of Kansas and Oklahoma. "After three years, the slate is clean.

The repayment program, limited to a maximum of \$55,000 in loans, must be small by SBA's size is for qualified active-duty service standard. Businesses which can members with one of seven specific meet their financial needs through federally-insured student loans. These other sources are not eligible. include the popular Stafford Loans, Student Loans.

The unpaid principal balance will be paid by the Army for loans made before enlistment, but no payments will be made for delinquent charges or 2 interest that may have accrued.

Army Reservists may also qualify for their own separate repayment program for student loans made before or during their enlistment. Their benefit is 15 percent or a \$500 repayment of the loan for each year of successful service.

"New Army recruits with 30 or more semester hours of college also qualify to start at a higher rank and pay grade," Beasley said. "Taking advantage of these Army loan repayment programs could be the smartest move you've made since college."

Interest college students or grads

interested business owners may call the SBA toll-free at 1-800-366-6303 or TDD 817-267-4688 for the hearing impaired.

Due to the adverse weather, many producers experienced crop losses and were not able to purchase goods and services at normal levels Businesses that are dependent upon these prøducers may have experienced decreased sales, reduced gross profit margins, increased accounts receivable or difficulty in moving inventories at normal levels. To the extent these problems have caused the business difficulty in meeting its normal obligations, these loans may be of

assistance.

The loan can help a business meet installments on long-term debt, accounts payable and overhead expenses that would have been met had the disaster not occurred. Refinancing of long-term debt, however, is not eligible under this program.

The loan is designed for those businesses with substantial disaster-related needs and is intended to supplement monies the business owner can provide from other sources.

Loan may be approved for up to \$500,000 for actual disaster-related financial needs of the business. Interest rates are four percent (4%) and terms may extend to thirty (30) years, depending upon the repayment ability of the individual applicant. To qualify, businesses

#### **Inspect Heating** Equipment To **Help Prevent Fires** National Fire Prevention Week

was October 4-10, and was a good time for Texans to start inspecting their home equipment.

Heating equipment is the second leading cause of home fires in the United States, accounting for 619 deaths and 84,600 fires in 1990, the latest year for which statistics are available from the non-profit National Fire Protection Association. Cooking is the number one cause of fires in the home.

Portable and space heaters accounted for nearly two-thirds of home heating fire deaths and half of the 2,078 injuries in 1990. Human error is involved in most heating fires, the association found.

"Fires can be avoided by doing a thorough check of heating equipment in your home, but even before you do this make sure you install smoke detectors," said Dr. Susan Quiring, with the Texas Agriculture Extension Service. "Smoke detectors should be placed on each floor of your home outside of each bedroom, and checked weekly to see if they are working." Heating equipment should be

used and maintained properly, she said. Keep all flammable material away from heating equipment and never leave heaters unattended.

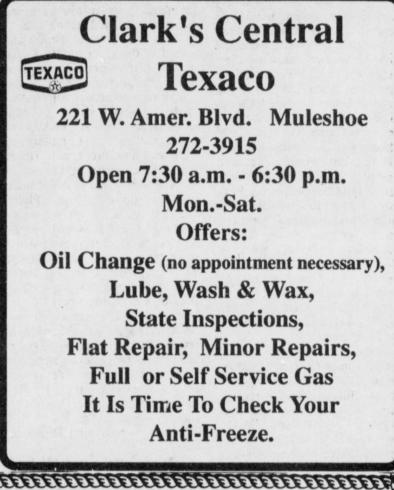

Space heaters should be placed at least 36 inches away from anything that's combustible, including wallpaper, bedding, clothing. Never leave space heaters operating when you are not in the room, or when you go to bed. Don't leave children or pets unattended. Electric space heaters should be checked each season for fraying or splitting wires and over heating.

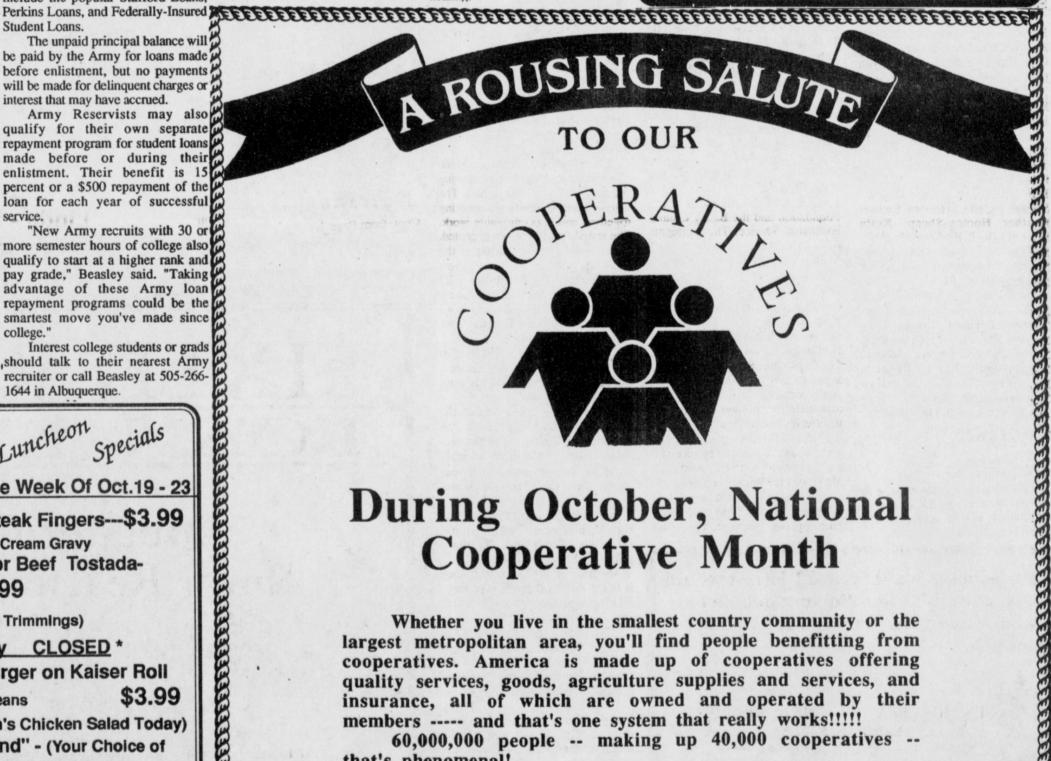

\* Use only the fuel recommended by the manufacturer for liquid fuel powered space heaters. Never use gasoline or any other substitute fuel. Always turn off the heater and wait until it cools down before adding fuel. Check with the local fire department before purchasing a kerosene heater to find out if it is legal in your community. Store the kerosene away from heat in a container approved by the fire department and be sure it is clearly marked with the fuel name.

Fireplaces- have chimneys inspected and cleaned if necessary. by a professional prior to the start of every heating season. Creosote, a chemical substance that forms when wood burns, builds up in

chimneys and can cause a chimney fire if not properly cleaned. Always use a sturdy screen in front. of the fireplace. Remember to burn only wood-never burn paper or pine boughs, which can float up the chimney and ignite a neighboring home. Never use flammable liquids in a fireplace. If you are purchasing a factory built fireplace, select one listed by testing laboratory and have it installed according to the codes.

Wood stoves or coal stoves must bear the label of a recognized testing laboratory and meet local fire codes. Follow manufacturers' recommendations for proper use and maintenance.

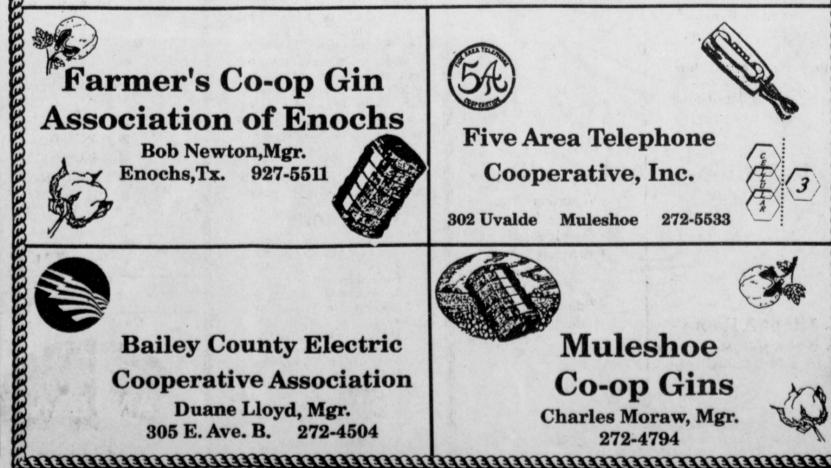

## **During October, National Cooperative Month**

Whether you live in the smallest country community or the largest metropolitan area, you'll find people benefitting from cooperatives. America is made up of cooperatives offering quality services, goods, agriculture supplies and services, and insurance, all of which are owned and operated by their members ----- and that's one system that really works!!!!!

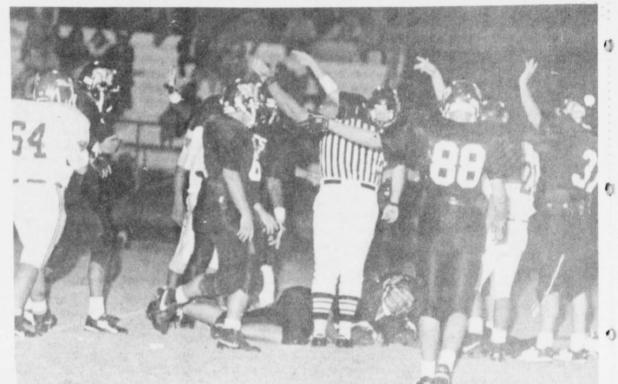

60,000,000 people -- making up 40,000 cooperatives -that's phenomenal!
