

BRISCOE COUNTY NEWS

OFFICIAL PAPER FOR BRISCOE COUNTY

VOLUME 19—NUMBER 34

PUBLISHED WEEKLY AT SILVERTON, BRISCOE COUNTY, TEXAS

THURSDAY, JULY 25, 1929

Silverton

There was filed last week in the records of the clerk for Briscoe county a deed executed twelve years ago, bearing the date of July 24, 1877. We were then at war with Germany; there was repressed excitement throughout the land as cannon shots were rushed to completion as tracks for the first quota under draft call.

It was then that Robert Childers of Jasper county drew up this transaction, assigning 213 acres of land in Briscoe and Swisher county to Alice Prewitt, for a consideration of "one dollar and love and affection."

No information is at hand as to whether Robert Childers was or the reason of Alice Prewitt to him. We might assume him to be of war-age at that time and Alice the girl who was to be left behind. Did Robert ever see the service and did he fail to return? Is there drama concealed beneath the formal legal record? By the filing of this instrument?

It is the consideration mentioned in the deed that is noticeable, for "love and affection." In what is meant the good old days, this purchase price was quite common, but is a rare thing now. Is the American more commercially-minded? Is the state holder more tenacious now that he must cling to his property until he joins the caravan that goes to the pale realms of shade, leaving the probate court to parcel his lands?

It is a beautiful sentiment, this thing of one's valuable possessions, one dollar and love and affection. It is a never known whether it is in exchange for love or in appreciation of affection or a bestowal out of a beautiful heart that freely gives without regard for any return.

Wrestling Billed For Friday Night

150-Pound Oklahoman, Oreste Vadalfi, Meets Wallace Mobley at Palace Theatre.

Wallace Mobley, our local boy, will appear with a 195-pound invader Friday night, here at the Palace Theatre. This heavy invader bears the posing name of Oreste Vadalfi and is from Oklahoma City. Judging from the name the visiting matman must be the Greasy Greek or the Terle Turk.

Mobley says he is in excellent condition, and is working harder than ever, since from appearances this will be one of the best men he ever ended the ring against.

Mobley, the "Young Sampson," held wrestling matches all over the states, and is something more than an amateur when it comes to passing shoulders to the floor. In coming meet he will be handicapped by about 25 pounds, but he is expected to make it up in speed and hard-work. He is known as one of the strongest men in the mat game.

Oreste, the challenger, has mailed promoter E. R. Dudley news clippings where he wrestled Ed "Strangler" Lewis two hours before being defeated. Also, he submitted proof that he won three decisions out of ten from the famous Joe Stecher. Promoter Dudley says he is fortunate in getting a man with such a reputation to come here. Vadalfi wrestled in Amarillo last week, and while he was there Dudley signed him up for the Silverton engagement.

In addition to the match, there will be shown the regular good screen production, "Innocents of Paris."

LAMB DIED IN OKLAHOMA
Mrs. T. J. Murphy received a message Thursday morning that her son, Lee Lamb, of Miami, Okla., had passed away Wednesday night at 10 o'clock. Mr. Lamb was 30 years and a single man. Out of a large family this is the first son to die. The community extends sympathy to the bereaved sister.

Silverton Set to Give Brice a Jolt

A big ball game has been matched with Brice for next Sunday afternoon at 3:30, and with interest whetted up over the showing of the present Silverton team, a large crowd is expected.

In the Amarillo tournament, Silverton made a better showing than Quitaque, getting more scores against their opponents than did Quitaque. Earlier in the season the bloody boys of Brice licked Silverton a couple of times, but "they days are gone forever," and the rejuvenated and shaken up and worked-over team to take the field Sunday is keyed to set the visitors down hard, says Oran Bomar. Come out early if you expect to get a choice parking space in watching the massacre of the Brices.

Borger—Rock Island railroad completes depot.

Apply For Gas For Own Convenience

South Plains Pipe Line Company Will Be in Position to Serve Three Rural Schools.

It has been intimated by officials of the West Texas Gas company that a line will be in Silverton the latter part of August, and it is necessary that application for meters be made at once, states T. P. Divens, manager of the office and store here.

A plat for laying mains over the city cannot be made until these applications from customers are made, and it is quite possible for certain sections of the town not to receive lines until up in cold weather or until sufficient number of residences have made meter deposits to justify the lines, according to Mr. Divens.

A few weeks hence, it is understood, these city lines will be routed according to applications on file, and it will be to the advantage of every one desiring gas connection to call at the office of the West Texas Gas company at an early date.

Progress is being made on the main line from a point just north of Kress, where the big line extends from the gas fields in the North Plains. The field lines are being built and are owned by the South Plains Pipe Line company, who will sell the gas to the West Texas company at the city limits.

Their line right-of-way enters the county southwest of Silverton, extends east in a direct line, crossing the road to Lockney six miles south, goes under the highway on the caprock incline, passes one mile north of Quitaque and extends into Hall county in direction of Turkey.

This gas line will be laid in close proximity to three schools of the county, Francis, Lakeview, and Wallace, and will be only three miles from Holt. In all probability the school boards will arrange to heat the buildings this winter with natural gas.

The commissioners court has granted the South Plains Pipe Line company permission to install and maintain a telephone and telegraph system on its gas line survey, and poles and wires will be erected along with the welding of the line, it is understood.

Fifty Bottles of Beer in Raid

Fifty bottles of beer and arrest of one man were the result of a raid made in the east part of the county by the sheriff's office Wednesday afternoon. The box of beverage was immediately locked up in the vault of the sheriff's office as future evidence.

Magnolia to Build Wholesale Station

The Magnolia Petroleum Company has purchased three lots at Tenth and Carter streets, in the industrial district, and will begin soon the erection of a wholesale station for its petroleum products. The site was bought from Mrs. Bertha Rhodes for a consideration of \$300.

Silverton's Primary Market Up Thru Denver's Ample Service

Wheat Harvest Season Came and Went With No Congestion, No Complaints; Agent Baird Commended for Assistance and Courtesies.

While there was a cry of "No cars" and dumping thousands of bushels of wheat on the ground was in order at practically every point on the Santa Fe lines in the panhandle, the Ft. Worth, Denver & South Plains railroad was expeditiously rushing empty cars in and loaded cars out at Silverton, South Plains, Hart, and Dimmitt to the admiration of elevator men and wheat growers.

No improvement on the handling of the crop by the Denver in Silverton could have been made. Although the harvest arrived here several days before expected on account of hot weather and all available machinery was thrown into the fields at once, not one time were the facilities congested. Every preparation had been made for a big harvest, states N. M. Baird, station master, and the service was at hand to move the crop.

Through the rush when combines were run all day and till three or four o'clock in the mornings and elevators remained open all the time, 24 hours in the day, not a single complaint was registered against the shipping facilities, switching service, and the agent's services and courtesies.

With this smooth movement of cars all down the line from the chief executive's office to the station agent here, the elevators were able at all times to accept the grain and pay the top prices. The full market was maintained here, while in points farther north a depression of several cents was noted. The growers received a slightly higher price per bushel in Silverton than points in the congested area, where many dumped without sale, according to newspaper quoted prices in the various counties.

No doubt the record harvest yield over the lines of the new road created a trying situation, stepping into a full role as a carrier of peak loads in its first full year of wheat moving, but the Denver and its employees met the situation without a falter, and have received and earned the commendation and congratulations of all business men and shippers in Briscoe county.

Plans To Bring A Noted Plane Here

Invitation Sent to Frank Phillips to Route His Fleet of Planes for Landing in Silverton.

Briscoe county people will probably soon have an opportunity to see the famous airplane, "Woolaroo," a picture of which is found in this paper on page six. The Woolaroo, it will be recalled, was the lucky ship of that ill-fated group which entered the Dole race to Honolulu about two years ago. Other details of the noted airplane are given on page six.

A communication was read at the Lions club weekly luncheon from Frank Phillips, president of the Phillips Petroleum company, concerning a visit from his fleet of ships.

The club has dispatched an invitation to his head office in Bartlesville, stating that a good landing field is available and that the president, the Woolaroo, and entire aircrew will be welcomed upon any date named.

Ball Game Matched With Floydada.

Floydada's acceptance of the club's challenge for a ball game was received, and next Tuesday afternoon set as the date for the marathon. Objection was raised to a nine-inning game, and much difficulty was encountered in selecting a manager. It was offered to every one present, and the News' reporter was never able to ascertain if the important position found its man. Everyone shied away from the job as a mustang from a saddle. Anyway, the Lions from Floyd county will find a team on the field, veterans of a couple of tough struggles with the boys below the hill, and the visitors will have to pole out 30 or 40 runs to win.

Buy Disposal Site From Oran Bomar

A five-acre tract of land has been bought from Oran Bomar for the sewerage disposal plant, stated T. M. Nichols, mayor, Thursday morning, and a tentative contract for the entire system has been let, contingent upon suitable bond being made. The disposal site is located about one mile southwest of the city limits, having drainage into a lake. Mr. Bomar will use the lake for irrigation it is understood.

Snyder—State highways in Mitchell County showing great improvement.

Dalhart—Building permits for first six months 1929 totaled \$175,000.

Uncle Tom's Cabin Billed for Palace

One of the most amazing and thrilling entertainments ever offered in Silverton comes to the Palace theatre Saturday and Monday when Uncle Tom's Cabin, the world's greatest story, is screened.

This is a Universal masterpiece, costing \$2,000,000 to produce over a period of 19 months. There are ten reels with 3,000 scenes. The company traveled 26,000 miles, a distance around the world on location trips for locale and atmosphere. The bloodhounds were imported from England. Twelve carloads of confetti, blown by six airplane propellers, and 100 tons of gypsum for snow on the ground were used in the famous ice scenes.

You have heard of Simon Legree, Uncle Tom, Eva, and Topsy, characters famous since the Civil War, and now you may see them as in actual life.

Services At Canyon For Mrs. Hazlewood

Former Resident of County and Sister of County Clerk R. E. Douglas Died at Canyon.

Funeral services for Mrs. Lula Hazlewood, age 55, sister of R. E. Douglas, district and county clerk, and W. W. Douglas of Silverton, were held in Canyon Monday afternoon from the Presbyterian church, with the pastor, Rev. W. C. Kunze, officiating. Mrs. Hazlewood died there Sunday afternoon. She was buried in Dreamland cemetery.

Mrs. Hazlewood was for a number of years a resident of Briscoe county, living on the highway west of Silverton. Her children were educated here in the high school, and she moved to Canyon about ten years ago.

Deceased is survived by her husband and five sons: Wallace T., Jr., Emmet, J. D. and Woodward of Canyon, and Grady Hazlewood of Amarillo.

Pallbearers were Dr. J. A. Hill, L. S. Sheffy, Dr. R. P. Jarrett, J. W. Reid, F. Smith, and Ed Harrell.

Clearance On Suits At Whiteside & Co.

Whiteside & Company, dealers for the famous Curlee clothes for men, has a worthwhile offer for men beginning Saturday. In his July clearance sale, tremendous reductions have been made in these summer and all-year round suits. "Overstocked," said T. R. Whiteside, manager, "and we have priced them to clear. This is the men's chance to pick up a bargain." Also, clip the coupon and make 50 cents for the effort expended.

Green Youth May Recover From Injury

The five-year old son of Mr. and Mrs. Tom Green, who was dangerously injured Thursday night of last week on the highway west of the city in an automobile collision, has rallied and has a chance for recovery, according to last report from the sanitarium at Plainview where he was carried immediately following the accident. The youth had regained consciousness and was able to take some nourishment, according to last information received by Dr. Bundy.

The Green auto occupied by Mrs. Green and children was parked on the highway out of gas, and an effort was being made to halt passing motorists for assistance when the near-fatality occurred. Two cars came up at the same time going in opposite direction. One blinded by the lights of the other failed to see the standing car and collided with it. No other serious injuries were sustained. The little fellow received emergency treatment at Dr. Bundy's office who advised his immediate transfer to the hospital. The boy remained there several days unconscious and in a critical condition.

Wheeler—Wheeler lets contract for construction of \$20,000 junior high school building.

Tax Refund Hard To Get On Exemptions

All Gas Purchasers Must Pay the New 4-Cent Tax; A Labyrinth of Red-Tape to Get it Back.

The provisions of the new gasoline occupation tax law, allowing exemptions to farmers and other consumers, are somewhat complex; and for the benefit of both the State and the individual consumer, it is necessary that information concerning the new law be widely disseminated, according to S. H. Terrell, State Comptroller, who requests publication of the following information:

The State Comptroller's Department is now prepared to receive reports of exemptions from the new four-cent occupation tax on the sale of gasoline, according to an announcement by State Comptroller of Public Accounts Sam Houston Terrell. Gasoline used for any other purpose than that of propelling vehicles on public roads, streets and highways of Texas is exempt from taxation. Fuel used in farm tractors, stationary engines, aircraft and motor boats, therefore, is exempt.

However, the tax must be paid on ALL gasoline. Refunds will be made to those exempt. The tax is placed directly on wholesale distributors of gasoline at the rate of four cents per gallon, but the consumer eventually bears the burden of the tax. The new rate was in effect July 16th, having previously been two cents.

The new law does not make it easy for the consumer to secure refunds on exemptions. Comptroller Terrell has outlined the necessary procedure for the exempted consumer as follows:

1. The purchaser must fill out an invoice, at the time of the purchase, giving amount, price, purpose, etc. The regular price is paid for the gas. Forms will be supplied by dealers and filling stations.

2. Before the 25th of the month following the month of purchase, the buyer must report to the comptroller the number of gallons bought and the amount of refunds expected. Claims reported later than the 25th of the following month will not be honored.

3. On receiving the report, the comptroller's department will mail the claimant an affidavit-account form, on which will be recorded information as to the amount and use of gasoline purchased. This information must be sworn to before a notary public, and filed with the comptroller not later than two months from the date of purchase. This document must be accompanied with a filing fee of \$1.00, which must be paid each time that a claim is filed. These fees will be used to enforce the law.

4. The claim will be investigated and if considered valid, a state warrant will be issued for the refund. This warrant must be cashed within 60 days.

5. No refund shall be made where gasoline is used later than six months from purchase.

Persons believing themselves to be entitled to exemptions should write to Comptroller Sam Houston Terrell, Austin, Texas.

Union Revival to Close Sun. Night

Under present plans the union revival which began here July 14 at the Baptist church will close Sunday night. Much progress has been made in an evangelistic way, and several conversions and reclamations brought about. Rev. R. P. Davis, who has been making a masterly effort in the pulpit and retaining the interest of the audiences, was relieved Wednesday evening by his singer, Rev. Marvin Brotherton, who is also an able and ardent speaker and pleader for the cause of righteousness.

A petition was passed around among the business men Tuesday for an agreement to close places of businesses from ten to eleven o'clock, the hour of the morning services, being signed by most of the business roster.

GAS TAX MENACE OPPOSED

The year 1929 will go down in history as a period wherein legislators boosted the gasoline tax to a point where the press, thinking public officials, the oil industry and the people combined to fight this newest of tax problems.

Last year 27 states had taxes of three cents a gallon or less. Now 20 states impose levies of four cents or more, one state has a tax of six cents, and legislators in still other states are casting longing eyes at further increases as a means of providing public funds with the least effort.

In some states it is said that high gas taxes have actually deprived the states of revenue. In Pennsylvania, for example, which has a four-cent tax, one-third of motor owners live near state borders and make a practice of driving to localities where the tax is lower. Estimates place the loss of Pennsylvania at \$1,500,000 yearly.

No one objects to a fair gasoline tax when all the revenue is employed for road building and maintenance. What is objected to is a tax out of proportion to the cost of gasoline or one which is used for purposes other than road work.

EDITORIAL OF THE WEEK

OUR GREATEST ACHIEVEMENT

Greatest of all the achievements of our modern industrial age has been the social and economic progress made by the "common man," the average worker.

It has not been long since labor was regarded more or less as an inanimate commodity, subject to the law of supply and demand and purchased much in the same way as wheat or cattle or groceries.

Capital and labor, once the cat and dog of the economic battle, now exist together with a fine friendliness and common regard. They have the same objective and they realize that it can be reached only by cooperation. The progressive employer pays good wages for good work, he is interested in improving the living conditions of his employees and he becomes a partner in their progress.

Tyranny and poverty and misery make agitators and incendiaries. High wages and pleasant living and working conditions make good citizens.

He Never Has a Crop Failure

THE TOWN DOCTOR

(THE DOCTOR OF TOWNS)

SAYS

ANYTHING "RUN DOWN" IS UNATTRACTIVE

You have often heard people speak of a community or section of the city as being "run down". If you stop and look at the mental picture that "run down" creates in your mind, you will have a vision of unkempt, cluttered up streets, with mussy entry ways to store buildings and apartment houses, and yards littered with a little bit of everything.

Anything that is run down is unattractive—it repels rather than invites. It makes you say, "I wouldn't have that", rather than, "I sure would like to have one of those." In the case of a community, "run down" causes you to say, "I wouldn't live here on a bet," rather than to say, "I like this part of town."

Anything done or allowed to be done that tends to clutter up a community is bad for the community and anything bad for the community drives business out of and away from the community, and when it is all allowed to go on continuously, there is only one thing that can happen: the community runs down; people move out and business goes "floey".

Therefore, it is only good business on the part of the people who make up a community to see to it that any practice that tends to clutter up is eliminated.

One practice common to communities, which is bad, is the distribution from door to door, from store to store, from yard to yard, from car to car, of all sorts and shapes and sizes of hand bills and dodgers.

There are many cities, communities and towns that will not allow it at all; others require a license fee sufficient to make it impractical, and they are wise towns.

There may be an advertising value in these dodgers for those who use them and certainly those who print them make a profit; but it is bad for the community, and unless the community is so fixed, financially, that it can maintain paper pickers and street cleaners in sufficient number to clean up the mess the make, it is poor business, and as far as advertising is concerned, the same money, spent in other channels will undoubtedly bring greater results.

City Valuation Pass Half Million Dollars

QUITAQUE, TEXAS July 23.—Taxable valuations of the city of Quitaque, as determined by the board of equalization in its session on July 15 are approximately \$568,000, according to figures compiled by Claud Holley, city secretary. Valuations as determined by the board will be considered by the city council at its next regular meeting, Mr. Holley stated.

Wheeler—Several buildings under construction at new townsite of Moebette.

Know Texas

Texas is the leading Jersey cattle state in the Union. Ohio used to be.

Texas has 103 airports with 53 more under construction, planned or proposed.

Texas leads the United States in oil refining.

Texas manufactured products in 1928 were valued at \$1,200,000,000, having practically doubled in volume (not value) since 1920.

Exports through Texas harbors in 1928 were valued at \$797,140,493—second only to those of New York.

AN ORDINANCE

AN ACT MAKING IT UNLAWFUL FOR ANY PERSON, INDIVIDUAL, ASSOCIATION, PARTNERSHIP, JOINT STOCK COMPANY, OR CORPORATION, to erect, manage, carry on, or pursue certain occupations or business within the City limits, unless said occupation or business be carried on within "the industrial district" of said City; and defining and setting out said industrial district, and making it unlawful for any person, association, partnership, joint stock company or corporation to permit or allow any old abandoned automobiles or parts, or any other old wornout implements or junk of any kind outside said "industrial district", left or remain on any land or lots owned by said parties, defining and setting out the penalties for such violation, and declaring an emergency.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SILVERTON, TEXAS:

Section 1. It shall hereafter be unlawful, for any person, individual, association, partnership, joint stock company or corporation, to run, manage or carry on any of the following named business or business enterprise, tanneries, foundries, gins, compresses, flour, grist or feed mills of any kind, slaughter pens, hide establishments, or any establishment for making soap or rendering lard for commercial purposes, or junk yards within the corporate limits of this city: unless said business, factory, plant or establishment be located within the limits of the "Industrial District" of said City, of Silverton, Texas, as herein after set out and defined.

Section 2. It shall hereafter be unlawful for any individual, association, partner-

ship, joint stock company or corporation, to permit or allow any old abandoned automobiles, or parts, or parts of old machinery, or any old machinery that has been abandoned, or any old binders, wagons, or implements of any kind that have been worn out, or any old junk of any kind whatsoever, to be left or to remain on any lots, lands or premises, owned, leased, rented or controlled by them, except it be within the limits of the "Industrial District", as herein after set out and defined.

Section 3. Said "Industrial District", shall be located on the following described parts of Blocks, and shall embrace the territory contained within said territory, to-wit: Beginning at a point in Commerce Street in Blk. No. 45, same being the North East Corner of Lot Number 4, (Four), in said Block; Thence South along the West side of the Alley passing north and south through Blocks Nos. 45, 66, 71, 92, 97, 118, 123 and 144 to the South East Corner of Lot No. Seven (7), in Block No. 144 of the town of Silverton, Texas; Thence East along the South line of Blocks Nos. 144, 145, and 146 to the South East Corner of Lot Number 9, in Block No. 146; Thence North along the East line of Lots Nos. 9, 8, 7 and 4 in Block No. 146 and along the East side of Lots Nos. 13 and 8 in Blocks Nos. 121, 120, 95, 94, 69, 68 and 43, to the North East Corner of Lot No. 8, in Block No. 43, of said City of Silverton, Texas; Thence West to the place of beginning.

Section 4. Any Person or individual who shall violate any of the provisions of Section No. 1, of this Ordinance shall, upon conviction, be punished by fine not to exceed One Hundred (\$100.00) Dollars, and each day, said ordinance is violated, shall be a separate offense.

Section 5. Any person or individual violating any part of the provisions of Section No. 2, of this Ordinance shall upon conviction be punished by fine not to exceed One Hundred Dollars, and each day said ordinance is violated shall be a separate offense.

Section 6. The fact that it is for the best interest of the City for all industries to be located within a certain defined district, and that there is danger of some of the above named business being located in different parts of the city if not prohibited and the fact there has been a custom of people leaving old junk and worn out automobiles and machinery around the different blacksmith shops and garages in town and that said custom is against the best interest of the City, creates a public necessity and requires the regular rules be suspended and that this ordinance take effect upon its approval and publication in accordance with law, and it is so enacted.

Passed and duly enacted as an ordinance of the City of Silverton, Texas, in accordance with the Laws of the State of Texas, on this the 1st day of July A. D. 1929.

T. M. NICHOLS, Mayor of the City of Silverton, Texas.

Filed June 29, 1929 Attest: (Seal) J. E. MINYARD, J. E. MINYARD, Secretary of the City of Silverton City of Silverton Texas.

FARM
FORUM—Some Record Cows
In Swisher CountyR. C. Nicholl of Tulia Has Three
dairy Milkers in Silver
Medal Class.

TULIA, July 22.—Three purebred Jersey cows from the herd of R. C. Nicholl, Tulia, recently joined the list of Texas milkers that have qualified for American Jersey Cattle Club high production medals, according to report by A. L. Darnell of the dairy husbandry department, A. & M. College of Texas, who is superintendent of official testing for Texas.

Cows entering the silver medal class from the herd of Mr. Nicholl include Rochette's Charlotte's Queen, King's Little Spot and Gamboge's King's Sybil, all young cows. Rochette's Charlotte's Queen annexed the senior 2-year old jersey championship of Texas with her record while King's Little Spot won the Texas Jersey yearling championship.

Rochette's Charlotte's Queen production record was 596.66 pounds of butterfat and 10,133 pounds of milk in 305 days. King's Little Spot produced 499.76 pounds of butterfat and 12,137 pounds of milk in 305 days. Gamboge's King's Sybil, highest producer of the three, yielded 604.74 pounds of butterfat and 10,359 pounds of milk during the 305 days of the test.

Rural Sanitary
System Is Cheap

JACKSBORO, July 23.—A demonstration of how a sanitary disposal system can be made and installed on a farm for \$87.60 has led four others here to plan similar systems. When George D. Brownlee found that the surface drain pipe from sink and bath tub was a source of poultry worm infection as well as the cause of filth accumulation and offensive odors, he enlisted the aid of Miss Alpha Lynn, home demonstration agent. With the help of a cement corporation a demonstration was developed that gives the Brownlee family modern plumbing and the neighborhood an example of how cheaply sanitation may be bought.

Powder Application
Kills Blue Weed

EL PASO, July 22.—A powdered weed killer composed of calcium chlorate has been used successfully against possession vine, blue weed, Johnson grass and tullees in the El Paso Valley, the county agent reports.

Sewer Co. Official
Visits In Quitaque

QUITAQUE, TEXAS July 23.—Marshall Diggs of Dallas, vice-president and general manager of the Southwestern Sewer Co. was a business visitor here on Thursday of last week. Mr. Diggs expressed himself as more than pleased with business conditions in Quitaque and other West Texas points where his company is operating, stating that this section appears to be among the most prosperous in the state.

Midland — Midland has \$185,000 sewer improvements and \$200,000 paving program underway.

Cattle and Sheep
Men to Sonora

COLLEGE STATION, July 23.—Cattle and sheep men from a wide section of the state are expected to foregather at the Ranch Experiment Station, thirty miles south of Sonora, August 6-7, for the fifth annual Ranchman's Roundup, sponsored by the Experiment Station, A & M College of Texas. Exhibits of registered fine wool sheep and Angora goats, sheep and goat judging contests for boys, special group sessions for the wives of the ranchers as well as for the men and a barbecue dinner daily served in real western style are some of the phases of the program.

Outstanding cattle, sheep and goat specialists will discuss various problems of the industry at the general sessions and specialists in the field of women's activities will address the women's section. G. W. Barnes, beef cattle specialist of the Extension Service, will have charge of the sheep and goat judging contests. Prizes to winners in goat judging, donated by the American Angora Goat Breeders Association, will be presented by Fred Earwood, president of the association, while T. A. Kincaid, Jr., will present the prizes to winners in sheep judging, donated by the Texas Rambouillet Sheep Raisers Association.

An abundance of camp sites with shade and water will be available for those who attend the roundup and visitors have been urged to come prepared for camping. Band music will be furnished on the opening day through the courtesy of Claude Wild, secretary San Angelo Board of City Development. Committee of the Texas Sheep and Goat Raisers Association cooperating with the Experiment Station in providing barbecue and entertainment includes Tom Bond, Sonora; S. S. Bundy, Roosevelt; Horace Fawcett, Del Rio.

W. H. Dameron, superintendent of the Ranch Experiment Station, will preside at the general sessions and Dr. Jessie Whitacre, rural home research, Experiment Station, at the sessions for women.

Worm Treatment
Checks Blackhead

COLLEGE STATION, July 23.—Blackhead in turkeys may often be controlled in its earlier stages by treating the birds for worms. Infestations of worms cause a weakened condition in turkeys making them susceptible to the disease, but prompt action, even after blackhead has set in, often effects a cure. In McCulloch county the county agent recently gave the liquid iodine injection treatment to 150 surviving turkeys in the flock of J. W. Blackwell of Brady after 60 poult from four to twelve weeks of age had died from blackhead. The dosage was repeated in three days, and although 25 of the weakest poult died, the remainder improved very rapidly.

Fed Tobacco Dust
And Got More Eggs

ABILENE, July 24.—After treating his flock of 324 hens for worms, J. S. Reagan of Shep community gathered 42 eggs less each day for eight days. But 19 days after the treatment the flock was laying 84 more eggs daily than before. The flock used to lay 110 eggs, now they lay 194 eggs each day. The commonest worm treatment used by the county agent is two pounds of tobacco dust mixed with 100 pounds of mash and fed for three weeks, omitted for three weeks, and then repeated for the same period.

Sheep Do Well
On Sweet Clover

DUBLIN, July 24.—The complaint of some farmers that live stock won't eat sweet clover is not borne out in the case of Herbert Bell and W. B. Thompson, local farmers, who have been running sheep on sweet clover demonstration fields. The sheep have eaten the clover almost to the exclusion of other plants and it has been necessary to take them off so that seed may be matured. Through the cooperation of the county agent many Erath county farmers are demonstrating sweet clover as a valuable legume pasture crop.

Infertile Eggs Are
Selling At Premium

SPUR, July 22.—The first hot days of July sent the local price of common eggs down to 16 cents per dozen and the price of fresh infertiles up to 25 cents as a result of a county-wide infertile egg campaign here managed by E. L. Tanner, county agent. There are now 51 farmers using infertile egg stamps.

WHAT'S DOING IN
WEST TEXAS TODAY

DIMMITT will have a new \$100,000 high school completed by December 1, as excavating work has already begun. The contract for plumbing and heating will include the installation of hating and plumbing in the old building. Supplies are being selected at this time.

TURKEY'S Farmers & Merchants State Bank will be modern in every respect with new fixtures. Brick, sand, gravel, and other building material is being placed on the ground previous to the start of the construction work. The building is being erected on the property of the Security Investment Co.

ESTELLINE recently voted a \$6,000 bond issue for the erection of a city hall, fire station and jail. The issue will be used to purchase a site and erect a brick and tile building. It is the opinion of Estelline people that this building will serve to great advantage the needs of the people.

SLATON reports that a new high record for the shipment of wheat from that section of the Panhandle is being recorded. Four hundred cars of wheat are being handled daily through the Santa Fe terminal and the peak has not been reached. A large volume of the crop will continue to move for the next 30 or 40 days.

LAMESA will send several representatives on the All Texas Tour to

GREEN TOMATO PICKLES

A recipe for green tomato pickles: One peck green tomatoes, sliced the day before you pickle; sprinkle thoroughly but not too heavily with salt. In the morning drain off the liquor. Then slice one dozen large onions. Put a layer of onions and layer of green tomatoes, six tablespoonfuls each; spice, cloves and cinnamon, six red peppers, shopped fine. Cover with vinegar and cook until tender.

CHURCH
AND CLUBCAMP FIRE GIRLS ENJOY ENCAMPMENT
AT CETA CANYON WITH COUNSELLORS
AND GUARDIAN; 200 HONORS WERE WON

The Camp Fire Girls with counselors and guardian spent most of the week, July 9 - 12 in the beautiful Camp for Girls of Northwest Texas. The clear, cool stream, the spring-fed swimming-pool, the vine-hung trees, the completely equipped camp-house and tabernacle made a delightful camp home; and the lovable caretakers, Rev. and Mrs. Hilburn, made delightful hosts.

The daily programs were full with the nature study, swimming, hikes, Bible study, camp craft, games and singing. There were perhaps over 200 honors won in camping, nature study, swimming, cooking, etc.

Under the supervision of Mrs. Bundy and Miss Kathleen Smith several swam for the first time and others passed required tests for National Honors. In the nature study contest Mrs. Wright's group lost to Mrs. Hill's by 20 points, and they gave the winners a "treasure-hunt."

In the Bible contest both sides tied. An outstanding event was the surprise which Mrs. R. M. King brought to the campers on Thursday night when her car arrived loaded with a marvellous supper that she and her mother, Mrs. Nix had prepared. From the roast and dressing to ice cream and cakes every morsel was exquisite.

Those who generously furnished cars for the party to go to Ceta were Mrs. King, Mrs. Jeff Gunter, Rev. and Mrs. Brotherton and the two counselors, Mrs. Hill and Mrs. Bundy, for the return trip there were the last two, also Mrs. R. P. Davis and son, Tom, Mrs. King, Judge Wright, and Arthur Thomas who provided not only a car but trailer, also.

The C. F. G. thank those who made the outing possible for Geraldine Biffle, Amye Burson, Christine and Jonnie Bundy, Josephine Daniel, Gwendolyn and Mildred Cloyd, Orlene Gunter, Wanda King, Geraldine Patton, Zollie Bomar, Kathleen and Gladys Smith, Bertha Thomas, Kate Thompson, Evelyn Turner and Elva Wright, the Counselors, Mrs. Bundy and Mrs. Hill and the guardian Mrs. Clyde Wright.

Willie Amel Smith
Entertains 25 Tots
On Fifth Birthday

The lawn at the Will Smith home seemed abloom with living flowers, when twenty-five little tots in gayest party attire met to celebrate the fifth birthday of little Willie Amel Smith.

Almost every child knows a little song or "speech"—and each seemed delighted to help in the opening program with a short stunt, which was heartily applauded by the appreciative listeners.

Willie Amel's three sisters, Misses Kathleen, Gladys and Einell, and Miss Bertha Thomas assisted in entertaining the children. Miss Kathleen told them interesting stories. They played "Froggie," "Drop the Handkerchief," and "Farmer in the Dell." They especially enjoyed the dramatization of Little Red Riding Hood and the Three Bears, also the search for a hidden fairy box (filled with enough candy for everyone there) Dorine Strickland made the lucky find and received a little prize besides.

Mrs. Smith served lemonade and a wonderful birthday angel food cake with five little candles that afforded much pleasure as the small guests took turns blowing them out. Those present were Willie Amel Smith, Junior and Betty Simpson, Margaret Thomas, Don Hall, Mary Inez Cowart, Vance Burson, John Will Nichols, Guinn Williamson, Vivian and Jack Burleson, John Ed Bain, Nancy Maurine Neill, Wilma Joyce Smith, Varda Byers, Claynell and J. C. Fowler, Durene Strickland, Bennie Baker, Daphne Fern Blackwell, M. G. Brotherton, Martha Rachel, Margaret and Peter Henderlite and Annie Fowler.

Miss Lillian Graham
Married Here Tuesday

Miss Lillian Graham of Quitaque was united in marriage to J. P. White of Georgia at the Methodist parsonage here Tuesday morning, Rev.

AN EXPLANATION

EDITOR'S NOTE. — The News' telephone was out of order the past week, causing much inconvenience and a shortage of items for the woman's department. We understand that many social events had been compiled for the paper, but they were not made available on account of the lack of telephone communication. This explanation is made to clear up the shortcomings last week, and save the society editor from having to offer so many excuses. There was no negligence on the part of any one connected with the News, and the destruction of the telephone line by a truck was unavoidable on our part.

Marvin Brotherton performing the ceremony. Only a few friends were present.

The bridal couple left immediately for Georgia to spend their honeymoon. Mr. and Mrs. White had not decided whether they would make their home in Georgia or in Texas.

The bride is a popular young lady of Briscoe county with numerous friends and relatives in both Silverton and Quitaque.

Mrs. Fisher Hostess
To Theatre Party

Mrs. J. S. Fisher entertained with a theatre party last Thursday night; and her guests say, "It was just lovely! We have had so many parties and 'at homes' with games that a live-party was a delightful treat."

Seats were reserved for the party at The Palace Theatre where "Manhattan Cocktail" was on the screen. After the show places were laid for delicious refreshments at the Silverton Drug Store.

At the supper tables were: Mrs. Gordon Alexander, Mrs. F. P. Bain, Mrs. Bob Dickerson, Mrs. C. L. Dickerson, Mrs. Crawford, Mrs. Castleberry, Mrs. R. E. Douglas, Mrs. Fogerson, Mrs. Lemonds, Mrs. Tibbetts, Mrs. Tipps and Miss Maurine Whiteside of Blackwell.

Ex-Graduates Met
As Guests of
Mrs. T. C. Bomar

Mrs. T. C. Bomar was the charming hostess Monday afternoon, July 15 for representatives of five graduating classes of the Silverton high school. Mrs. Wells McClendon of Eastland was the honoree of the party. Refreshments of sandwiches and punch were served, after which the guests and hostess went swimming.

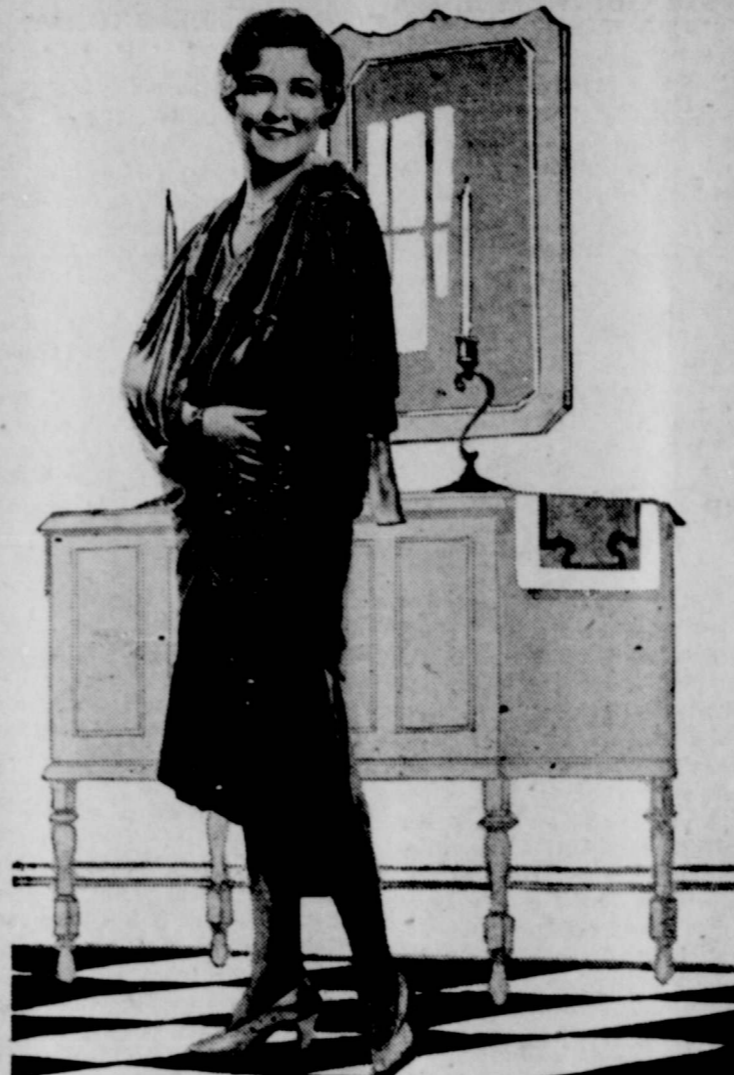

Those present were Mesdames Joe Alexander, Willis Brooks, Bailey Childress, Walter Lee Bain, W. A. Johnson, Dean Allard, Wood Hardcastle, Miss Teresa Bomar, and the special guest, Mrs. Wells McClendon.

Presbyterian Auxiliary
Meeting With Members

The Presbyterian ladies' auxiliary has been having splendid mission-study meetings this summer at the homes of the members. The first was held at the home of Mrs. C. L. Dickerson, the next with Mrs. O. T. Bundy, and this week Mrs. Gordon Alexander was the hostess, with Mrs. Hubert Simmons leading the lesson. There were ten present. The next meeting will be with Mrs. Frank P. Bain. Mrs. Alexander was assisted by her daughter, Rheua, in the serving of dainty refreshments.

Receives Guests From
Hale Center

Mrs. Howard Lemond and her small daughter, Constance Jean, came Wednesday to visit in the home of her mother, Mrs. Biffle-Fort until Monday morning when Mrs. Fort, Mrs. Castleberry and Geraldine Biffle returned with Mrs. Lemond to her home in Hale Center.

SUMMER WRAP OF SHEER VELVET
PROVES A GENERAL FAVORITE

Come summer, come winter, come autumn or spring, transparent velvet continues to wield its magic spell over the world of fashion. It seems the more we say about these exquisitely sheer velvets which are casting their glamorous beauty throughout the realm of dress, the more we want to say.

One of the most enticing themes which has to do with the shimmering, colorful "finger-ring" velvets, is that of the summer wrap. Summer evening fashions lay particular stress on a relation between the gown and the wrap pertaining to color. The idea works out most attractively when a color alliance is formed between a sheer velvet wrap and a dainty chiffon frock. The point is carried most effectively when the darker shade is used for the wrap, such as a porcelain blue dress topped with a sapphire blue velvet cape or coat, a brown wrap with a beige frock, a dress of wine velvet over peach chiffon.

The very charming rose-colored sheer velvet wrap in which Laura La Plante, famed in cinemaland for her blond beauty, is posing for this picture, now revealing it is of important fashion trends. Its first item of style is the fact of it being a scant three-quarter

length. Most of the really smart coats are quite short like this one. This lovely velvet mantle suggests that it takes two to glorify the modern wrap, the maker and the wearer, for certainly the artistic manner with which Miss La Plante enfolds her dainty form in its supple folds adds to its picturesqueness.

The soft bow on this wrap is also significant for fantastic, cleverly manipulated bows of self-fabric are a flattering feature in the smartest summertime fanciful wraps.

In the picture, the gown over which this lovely wrap is so gracefully posed, is of the same dainty velvet as the wrap with which it is worn. Sheer summery velvet ensembles, such as this, serve delightfully for cool-temperature evenings. However, the part the coat plays as a separate wrap for midsummer days with fluttery frocks is no less distinctive. No flowered chiffon dress is complete without a sleek, handsomely colorful velvet wrap to go with it.

A further use of gay velvet wraps is slated for autumn days, in that they will be worn with plaited skirt of the same velvet, over contrasting blouses of metal cloth, lace and the like.

FIVE OUTSTANDING RURAL WOMEN
WILL BE HONORED BY TITLE OF
THE MASTER FARM HOMEMAKER

COLLEGE STATION, July 23.—Five rural women of Texas, selected as representatives of the highest type of wife, mother and community builder, will be honored with the title and gold pin of Master Farm Homemaker at the twentieth annual Farmers Short Course at the A. & M. College of Texas July 29-August 3.

The award will be made this year for the second time.

Announcement has been made that more than 100 outstanding rural homemakers throughout the Nation will be so honored this year. Recog-

nition of the farm wife's job as one of the world's most important lines of endeavor is an aim of the Master Farm Homemaker movement.

Outstanding farm women from virtually every section of Texas have been nominated for the honor in this state this year and have answered more than 500 questions concerning their home making methods for the judging committee named by Miss Mildred Horton, state home demonstration agent of the Extension Service.

Miss Lavaca Moore, who is attending school in Amarillo this summer, spent Saturday and Sunday visiting her father, Dr. T. A. Moore.

Miss Mildred Cloyd has been in Amarillo visiting friends this week.

Mrs. Willie Sue McGaughey returned last week from a month's visit in Groesbeck, Texas, where she had been called by the serious illness of oldtime friends.

Born to Mr. and Mrs. Jim Meeker a fine ten and one-half pound boy, on Monday morning, July 22.

Mrs. Tom Bomar and son, Carl Dean went with Mrs. Welch and Mrs. Shavers to visit Mrs. Bomar's aunt, Mrs. Ingram in Tucumcari, N. Mex., this week.

Mr. and Mrs. Wells McClendon and small son, Billy Wayne of Eastland, Texas, spent most of their vacation week visiting with friends and relatives in Silverton.

Mrs. Frank Driver, who is in an Amarillo hospital for treatment, is showing no improvement. Jim Bomar a brother visited her Tuesday and reports her condition serious.

Mrs. J. H. Hamilton is in receipt of a message from Mr. and Mrs. O. M. Chenault of Texas City that a ten-pound girl arrived in the latter's home July 19.

Glenn Seay was a business visitor in Dallas this week.

Mr. and Mrs. Douglas Nuckolls of Quitaque were visitors in Silverton Sunday. Mr. Nuckolls is connected with the Post at Quitaque, his wife arriving there Friday from Houston to join her husband.

T. H. Castleberry of Chickasha, Okla., spent the weekend with his nephew, J. B. Castleberry, manager of the Farmers Produce company.

Mrs. D. M. Willson of Ft. Worth is visiting her daughter here, Mrs. T. M. Nichols.

Mrs. Elbert Strong and daughter and Mrs. Merrill of Wichita Falls were guests of Mr. and Mrs. T. M. Nichols last Friday.

Mrs. J. P. Miller, mother of Mrs. T. L. Miller, was taken to an Amarillo hospital Sunday to be placed in the care of a specialist.

Mrs. Elmer Allard and Mrs. Walter Bain were Amarillo visitors Tuesday.

George and Lynn Bain, children of Mr. and Mrs. Frank Bain, have returned from a visit with relatives in Lubbock.

W. M. Gourley and family returned Tuesday from College Station, where Mr. Gourley has been in school doing special work on the Master of Science degree. Mr. Gourley, also, did some teaching while there, during the brief absence of one of the Department Heads. He reports a thrill in teaching a class of College students in the Graduate School, every member of which held at least one College degree.

BUILDING FINE COUNTRY HOME

Jim Brooks, a prominent farmer in the east part of the county, has a fine home under construction. The progress of a county can well be judged by the attractiveness of its homes, and Briscoe county's prosperity is being marked by the realization of many homeowners' dream of beautiful homes.

The City Grocery

Wants to thank the public for their nice patronage of our market. We meant to give you the best meats and the best service that money can buy, and the market will be absolutely sanitary. Don't forget the low prices on groceries.

—FORT & PERRY

Mrs. J. C. Stanton Is Buried Saturday

Deceased, Age 74 Years, Died Friday Night at Home of Son East of Silverton.

Funeral services for Mrs. J. C. Stanton, a few days less than 74 years old, were held here Saturday afternoon at 3:30 o'clock at the First Baptist church, and interment was in the local cemetery.

Mrs. Stanton died Friday night at the home of her son, W. C. Stanton, who lives nine miles east of Silverton. She had been in ill health since March, coming to Briscoe county a short while ago from Kress. Deceased was a native of Alabama. She is survived by four daughters and four sons: Mrs. S. C. Mautin, Estelline; Mrs. Nora Williams, Kress; Mrs. Manda Reed, Lubbock; Mrs. Toma Teague, Gasoline; W. C. and J. T. Stanton, Silverton; J. Stanton, Lubbock; and Henry Stanton, Estelline.

Bryan Lions Foster Rural Cooperation

Fine community spirit is being fostered by the Lions club at Bryan, Texas, in cooperation efforts with the rural districts, reports W. M. Gourley, who appeared on the Lions' luncheon program at Bryan last Tuesday at which time he took occasion to tell the Bryanites all the good things he had time to say about Silverton and Briscoe county.

The Bryan club is more than a civic organization. They have under way an active program among the rural communities. At the Tuesday's meeting several communities had representatives present. The chamber of commerce and the Rotary club also have allotted a large share of their work to the field of agriculture, and the resultant cooperation is highly commendable.

Lockney, July 23.—Fire of undetermined origin destroyed the Helpy-Selfy grocery stock and fixtures here early last Wednesday morning. Firemen prevented the spread of the flames to other property and succeeded in preventing the building occupied from being a complete loss.

HAYLAKE

Miss Minnie Phillips has returned from Waxahachie where she has been visiting the past two months.

E. C. Fowler and family were Sunday visitors in the J. H. McClendon home.

Mrs. Sweet of Lipan, Texas, is visiting her son, Mart Self.

Mrs. C. C. Keller of Denton visited.

Suggested MENU

PLATE LUNCHEON FOR BRIDGE PARTY.

Bridge parties are not entirely superseded by more strenuous summer amusements. Devotees of the game do not forego it even though the weather is hot and the successful bridge hostess will plan a luncheon menu featuring dishes that are cool and crisp and that will appeal to the lagging appetite.

The plate luncheon is an ideal form in which to serve the refreshments for the bridge party. Crystal plates in white or color may be used. In fact if the entire service is in glass the suggestion of coolness will be that much greater.

Miss Inez S. Willson, director of the department of home economics, National Live Stock and Meat Board, has suggested the following menus as well adapted to plate service:

Menu No. 1
Olives Stuffed Celery
Tomato Stuffed with Sweetbread
Assorted Sandwiches
Ice Cream Little Cakes
Iced Chocolate

Menu No. 2
Salted Nuts Mints
Ham Mousse Horseradish Sauce
Potato Chips
Tomato and Cucumber on Lettuce
Buttered Rolls
Raspberry Ice Coffee

Menu No. 3
Jellied Tongue in Molds
Stuffed Green Pepper Rings
Clover Leaf Rolls
Peach Melba
Iced Tea

Menu No. 4
Pickles Olives Spiced Peaches
Ribbon Sandwiches
Chilled Honey Dew Melon
Russian Chocolate

ed Mrs. J. H. McClendon Tuesday. Mr. and Mrs. Floyd Dudley are the proud parents of a baby boy.

Miss Ola Thurman of Ft. Worth is visiting her sister, Mrs. J. E. Wheelock.

C. S. Lewis of Chalk, Texas, visited the Stevens family last Tuesday.

Mr. and Mrs. H. L. O. Riddell and Mr. and Mrs. A. T. Brooks were Vernon visitors last Friday.

Mr. and Mrs. Grewe and daughter Louise visited in the R. L. Brown home last Sunday.

Mr. King and family visited relatives at Flomot last Sunday.

FRANCIS

Mrs. Johnnie Young Correspondent

Sunshine Club in Jackson Home.

The Sunshine club met in the J. C. Jackson home on Thursday afternoon, of last week, and enjoyed a pleasant evening of sewing.

Delicious refreshments of sandwiches and iced tea were served. It was decided the next meeting be held in the home of Mrs. Albert Pool on Thursday afternoon of this week.

Mr. and Mrs. W. W. Martin had as their guests last week, friends from Hill County.

Mr. and Mrs. U. D. Brown and family were dinner guests in the W. N. Dunn home Sunday.

Mr. and Mrs. J. Y. Bradford left for Ford County last Friday afternoon, to be at the bedside of Mr. Bradford's brother's baby, who is not expected to live. They have not yet returned.

Mr. and Mrs. Johnnie Young and daughter visited relatives and friends in Plainview Sunday.

Mr. and Mrs. D. A. Diviney motored to Ralls the latter part of last

week to be at the bedside of their uncle who is real sick.

Mr. and Mrs. Alvin Redin and son, Harley, left Wednesday morning for Galveston, where they will spend about two weeks.

Mrs. M. D. Dunn and son, Oscar, are back in this community after a trip in the Northern part.

Mr. and Mrs. D. G. Joiner are leaving this week for East Texas, to visit relatives there.

Mr. and Mrs. Bryan Strange and Clint Dunn motored to Ralls Monday and returned Tuesday morning.

Mrs. C. F. Joiner, W. E. Edin and daughter, Ruby visited in the Wallace community Monday.

There will be singing at this place next first Sunday. Everyone remember the date and come.

FAMOUS PRIZE WINNING AIRPLANE TO BE PRESERVED FOR POSTERITY

The Woolaroc airplane which flew from Oakland, California, to Honolulu in August, 1927—2,600 miles in 26 hours to win the Dole prize of \$25,000.

The permanent, all-steel and stone hangar on Mr. Frank Phillips' ranch at Bartlesville which will preserve the Woolaroc for posterity.

Assurance that one of the most important airplanes figuring in American air history will be preserved and kept in this country has been given. Frank Phillips, president of the Phillips Petroleum Company, has announced that the "Woolaroc" (woods-lakes-rocks), the airplane which Art Gobel flew from Oakland, California, to Honolulu on August 17, 1927 to win the Dole \$25,000 prize, is to become a museum piece.

Mr. Phillips is building a hangar on his 3,000 acre ranch at Bartlesville, Oklahoma, to house the airplane and keep it there permanently for future generations to study. The plane will join a collection of important historical pieces equalled in few places in this country.

Two years ago the "Woolaroc" set off from Oakland, California and reached Wheeler Field, Honolulu, in 26 hours, 17 minutes and 33 seconds. Some of the group of planes that took off that morning were never heard from again. Only a few made the crossing successfully.

Gobel landed in Honolulu and was very surprised to hear that he was the winner. For three days thereafter he kept his plane tuned up, begging the United States Navy for orders to go out to seek missing planes. His instructions were, however, merely to stand by.

For a time before the date of the

prize race it seemed as if Col. Gobel could never start the flight across the Pacific. He lacked the necessary funds. Mr. Phillips learned of this and asked Col. Gobel to pay him a visit. Gobel came to Bartlesville, Oklahoma, Mr. Phillips' home. Gobel was a flyer of long experience. Mr. Phillips was very much interested in the commercial development of airplanes for business use. He realized that a successful flight to Honolulu would do much to help the cause of flying in America, and cheerfully advanced the amount of money needed to pay the expenses of the flight, as his contribution to aviation.

Mr. Phillips also owns the last herd of white deer to be imported from Russia, as well as deer from every nation, camels, bison and brahma.

Floydada, July 22. Tax Assessor C. M. Meredith has estimated that taxable values of the county at \$13,140,000, an increase of close to one and one-quarter million dollars. Advance in farm values is only \$71,000.

BOY SCOUT CAMP PLANNED FOR AUG.

Expect Over 200 Boys to Attend—Swimming Pool Expected to Be Feature of Activity.

Plans are practically completed for the holding of the annual Boy Scout camp from August 20 to 30, according to E. L. Roberts, Boy Scout executive, who was in the city the first of the week. While the location of the camp has not yet been definitely decided, it is certain that it will be located near to Quitaque, Mr. Roberts stated.

From present indications, it appears that 200 Boy Scouts of the district will attend the camp, Mr. Roberts stated, the cost being \$8.00 per boy for the ten day period. Of the 21 scout troops in the area, every troop is expected to have one or more representatives at the camp.

A swimming pool 150 feet long will be a feature of this year's camp, Mr.

Roberts stated, and archery, Indian lore, leather work and similar activities will be stressed.

The camp will be in active charge of Mr. Roberts, who has selected a most capable staff of assistants to help him in directing the boys' activities.

Former Quitaque Girl Is Buried at Lubbock

QUITAQUE, TEXAS July 23.—Funeral services were held at Lubbock Sunday, July 21st for Miss Garnett Hamilton, daughter of Mr. and Mrs. P. T. Hamilton, former residents of Quitaque, and a niece of Messrs Henry and George Hamilton of this community. Mr. and Mrs. Henry Hamilton and Mr. and Mrs. George Hamilton and daughter, Miss Clara Nell attended the services.

Steam Laundry For Quitaque Announced

QUITAQUE, TEXAS July 23.—Opening of a modern steam laundry in Quitaque will take place in the near future, according to G. E. Jones of Lubbock, who will operate the local institution. A building to house the laundry is being built by O. W. Stroup on West Main street.

Mr. Jones is a laundryman of considerable experience, especially in West Texas, having operated at Ralls and Lubbock. He has purchased complete equipment for his Quitaque venture, he states, and he will be able to give Quitaque first class laundry service.

Briscoe County Man Lions Zone Secretary

Election of H. G. Gardiner of Quitaque, past president of the local Lions Clubs, to the office of zone secretary was announced by members of the local club who attended the zone luncheon of presidents and secretaries held at Matador on Wednesday of last week.

Eleven Lions Clubs located in this section comprise the district which Mr. Gardiner will serve as secretary. Seven of the clubs were represented at the Matador meeting.

Attending from Quitaque were O. C. Arthur, Claude Holley, Rev. E. L. Yeats and J. T. Persons.

Phillips '66'

MOTOR PERFORMANCE
THE MAKER INTENDED

Easy starting; quick get-away on a light throttle; flexibility at all engine speeds; smoothness of operation; power, mileage! This is the motor performance the maker intended you should have in your car. Phillips "66" makes it possible.

Easy starting and quick acceleration is obtained through a scientific Control of Volatility. The well balanced heavier parts insure extra power and extra mileage. The result!—a motor fuel that goes far beyond the needs presented by today's fast and merciless driving of high compression motors—a vigorous, able-bodied gasoline—a Phillips achievement. Worth a premium yet sold at regular prices.

Partner In J. A. Ranch Made \$1,500,000 First Ten Years

Thirty Volumes, History of Briscoe County Ranch, Made Available In Canyon Library By Executors of Cornelia Adair.

Thirty volumes, being all the records extant concerning the famous J. A. Ranch, have been deposited with the Panhandle-Plains Society at Canyon as a source of historical writing.

A big part of Briscoe county is covered by the J. A. Ranch interests, the estate property of Cornelia Adair. This immense pastoral enterprise is known throughout America and Great Britain.

In 1876 Charles Goodnight laid the basis for this ranch by pioneering his way into this part of Texas. In 1877, with John George Adair of Ireland, he formed the Goodnight-Adair partnership, whereby Adair was to furnish the money for the ranching en-

terprise. The J. A. brand was taken from Adair's initials. Under the genius of Goodnight the ranch became known in both the new and old country.

\$121,000 were spent for the first herd of cattle. By 1886 a half million dollars had been spent for cattle and a quarter million for land.

According to the records which executors of the Adair estate have placed with the society, Goodnight had made a profit of \$1,500,000 when he dissolved his partnership with Adair in 1886.

These books together with the files of the T-Ancor, XIT, Rocking Chair, and Two Buckle ranches constitute a valuable library for the Panhandle.

HAMMERLOCK JOHN SAYS HE GOT A BUM DEAL AND LETS OUT SQUAWK FOR RETURN GO

Hammerlock John of Abilene, who lost the wrestling match here July 22 with Wallace Mobley, the Quitaque Kid, after he had repeatedly fouled his opponent, is not satisfied at all with the referee's decision. He claims that Mobley did a lot of gouging and that the referee kicked him so hard the blows sprained his arm.

In view of this Hammerlock thinks he is entitled to another go, and has written as follows to Promoter E. R. Dudley:

"I am challenging you for a return match with Mobley, as I think I got a bum deal. After we entered the ring it seems the referee took sides with Mobley, and more so after we had won a fall each.

"The referee seemed to fail to no-

tice Mobley's dirty work, having his eyes centered on me. He kicked me and made me let go of several 'bolts' that were absolutely fair. One of his kicks sprained my arm.

"You people seem to think Mobley is such a clean wrestler. He tried to gouge my eyes out when I was on the bottom and the audience could not see. Also, he pulled my hair, kicked and strangled me. I have never felt right about the match.

"I want a chance to prove I am the best man. I realize the wrestling fans will not believe my side of it, yet I challenge for a return match to prove I am the best man. I think I deserve it."

What do the Silverton fans think of this aching?

Panhandle-Plains, Inc. Getting Large Funds

Fair Exhibit Trucks Bought By Plains, Inc.; Panhandle Displays to Show in Eighteen Mid-West States.

Three trucks have been purchased by the Panhandle-Plains of Texas, Inc., from the International Harvester company for use in conveying exhibits of the Panhandle country between the fairs at which they will be shown this summer and fall.

The transportation committee has discovered that the trucks will be cheaper than express, and they will be sold when their purpose is fulfilled.

H. M. Luna, Chairman of the committee in charge of gathering the exhibits, was in the field today working on wheat exhibits.

The exhibits this year will be larger and more comprehensive and will show at more fairs than last year, according to O. V. Vernon, Secretary-Treasurer of the Panhandle-Plains.

All of the state fairs at which exhibits from the Panhandle will be shown have been telegraphed and space reserved. Wheat will form the base for the exhibitions, with the other products of this area taking a secondary place. Large pictures, views of Panhandle wheat fields, combines in operation and the stored grain, will be arranged for the booths. Miniature combines will illustrate the modernized methods of harvesting in the Panhandle. Over 300,000 pieces of advertising literature have been published by the railroads of this section, and will be sent along with the exhibits. The Chamber of Commerce here has arranged for the printing of maps of the Panhandle-Plains.

Fairs Are Listed. Fairs on the itinerary of the exhibits include South Dakota State Fair, Pierre, S. D.; Kansas State Fair, Hutchinson; Topeka Free Fair, Topeka, Kansas; Waterloo Fair, Waterloo, Iowa; Oklahoma State Fair, Oklahoma City; Minnesota State Fair, St. Paul; Ohio State Fair, Columbus; Dallas State Fair; Houston Exposition; Louisiana State Fair, Shreveport; and Iowa State Fair, Des Moines.

Exhibitors who have agreed to move in the booths at various fairs are Dr. O. H. Lloyd, Vega; J. E. Hill, Hereford; Howard Ferguson, Ama-

Phillips Petroleum Had Big Opening

String of Cars Poured Into New Station for Introduction of "Phillips 66".

Celebrating the opening of its attractive \$4,000 gas and oil depot last Saturday in Silverton, Phillips Petroleum Company took occasion to introduce its highly volatile gasoline to motorists of the county by giving a coupon good for five gallons to every purchaser of five or more gallons. Over 240 cars visited the station Saturday for a "Phillips-up," stated John F. Lewis, wholesale distributor and dealer. Close to 1500 gallons of gasoline were dispensed, and the management expressed satisfaction in the number of customers.

R. J. Parrish, representing the Phillips company, was here to supervise the opening, and although the roofing had not been finished ordered the station open. Messrs. W. E. Schott and Walker, the latter Silverton's ball club pitcher, had charge of the pumps Saturday, handling the gas with facility and sending the motorists on happy in possession of a coupon good for another "Phillips-up."

The Phillips station here is an elegant piece of architecture, and will be a much more attractive building than the old one.

W. R. Arnold, Hereford and Maury Hopkins, Plainview. Several others have been asked, but their replies have not yet been received.

Large Fund Pledged. Motion pictures of the wheat harvest, being completed, will be shown at the Panhandle-Plains booths. Three exhibits will show simultaneously at three different expositions.

The project is being financed by Panhandle counties. Potter County contributing \$3.00 for every \$1.00 that comes in from outside the county. Over \$6,000 already has been obtained for this purpose. H. M. Luna is in charge of gathering the exhibits and has been at this work for weeks.

The Panhandle-Plains, naturally, is participating in the nation-wide advertising campaign which the Chamber of Commerce is sponsoring since the interests of the greater and smaller organizations are identical, except that one is working for the broadcasting of Amarillo and the other for letting the people know about the Panhandle as a whole.

NEWS BRIEFS FROM TOWNS NEARBY

Kress, July 22.—A revival was begun July 14 at the Methodist church, with Rev. J. M. Neal, evangelist of Huntsville, doing the preaching.

Turkey, July 22.—"Flour" gold has been discovered in a bed of Fuller's earth north of this city, according to the Turkey Enterprise. This paper also states further that gold nuggets have been picked up along the caprock to the west.

Tulia, July 22.—A fund of \$300 has been voted by the chamber of commerce for use of the Plains-Panhandle, Inc., in advertising the panhandle section in Northern and Eastern fairs this fall.

Sterley, July 22.—The big builder's supply and general mercantile store of the South Plains Lumber Company held its formal opening here last Saturday, July 20.

Perryton, July 23.—Business men and chamber of commerce are making war on drifters who come to town with hot advertising schemes following the harvest season. Various schemes are brought in to extract money from the merchants, but all business houses have placed cards up stating that solicitors must first be investigated by a committee. This will save hundreds of dollars for merchants here.

Clarendon, July 23.—The annual tent revival of the First Christian church began here Monday, with Rev. John W. Tyndall conducting the services.

Turkey, July 24.—Security Investment company of Childress will complete a two-story brick building on corner of Main and Third streets here by Sept. 1. F. & M. State Bank will occupy the first floor, and the professions the second.

Floydada, July 22.—Apoplexy claimed John William Lester, age 77 July 4. Deceased lived 12 miles north of this city. He was buried in Vernon.

Turkey, July 24.—Water Commissioner T. L. Colvin states that available water supply for the city is twelve times greater than present consumption.

Tulia, July 22.—Under Swisher county's marvelous wheat yield, about triple of its best in previous years, bank deposits here are quadrupling. Harvest experts are counting on 5,000,000 bushels.

Turkey, July 23.—General sales office the Hughes Ranch sales agency will be maintained here during the disposition of the 85,000-acre tracts in small tracts to farmers and other investors. Prices will range from \$12 to \$25 an acre, it is understood.

ing for Main street when the asbestos shingles are set on and painted. These shingles could not be had this side of Chicago, and Contractor J. H. Harris has been forced to await their arrival before completing the job.

A cess pool has been installed and modern restrooms provided for customers. A generous use of concrete paving over the greater portion of the three lots is a big invitation to drive in and replenish the motor fuel supply.

International Sunday School Lesson

BY DR. J. E. NUNN

General Topic: The Story of Daniel.

Scripture Lesson: Dan. 1:14, 19, 20; 2:17-24.

Time: Daniel taken into exile, B. C. 605. Daniel interprets Nebuchadnezzar's dream (Dan. 2), B. C. 603. Jerusalem burned, B. C. 586. Daniel's vision of the four beasts, B. C. 541; of the ram, B. C. 539. Daniel's vision, B. C. 536.

Place: Babylon.

Golden Text: They that are wise shall shine as the brightness of the firmament; and they that turn many to righteousness as the stars for ever and ever.—Dan. 12:3.

Introduction.

We come to the study of a great statesman of Israel who lived through the long years of the Babylonian captivity and served his God with loyalty and faithfulness. His Hebrew name was Daniel, which signifies "the judgment of God" or "God is my judge."

We do not know just how old Daniel was when taken prisoner by the Chaldeans in 605 B. C. He must have been quite young for his ministry in Babylon lasted for sixty-seven years. Daniel and his companions were taken in 605 B. C. Ezekiel and another company were taken in 598 B. C. and the final blow came in 587 B. C. when all the remaining ones who were worth the taking were carried away. "Shinar" is an old word used to speak of Babylon.

Object of the Book of Daniel.

"The book is not intended to give an account of the life of Daniel. It gives neither his lineage, nor his age, and recounts but a few of the events of his long career. Nor is it meant to give a record of the history of Israel during his exile, nor even of the captivity in Babylon. Its purpose is to show how by his providential guidance, his miraculous interventions, his foreknowledge and almighty power, the God of heaven controls and directs the fires of nature and the history of nations, the lives of He-

brew captives and of the mightiest of the kings of the earth, for the accomplishment of his divine and beneficent plans for his servants and people." "One of the most impressive features of the Book is its utter confidence in God and its refusal to appeal to the sword (Ps. 149:6). It counsels to patience (Dan. 12:12). Without human hands, God's king-

dom comes (Dan. 2:34), and his enemies are destroyed (Dan. 8:25). In the most skillful way, the Book reaches its splendid climax. It moves steadily on, from a distant past in which God's servants had been rewarded and his enemies crushed, down through the centuries in which successive empires were all unconsciously working out his predetermined plan, and on to the darkest days in history—so dark, because the glorious and everlasting kingdom of God was so soon to dawn."

Midland—Midland has \$35,000 city hall under construction.
