## Bonds, Harris Elected To Council

### around muleshoe

Plains Cotton Growers, Inc. will sponsor "The Great West Texas Boll Weevil Wars" Saturday, May 8 at 6:30 p.m. on KAMC 28 in Lubbock.

Jobi Martinez has been named United States National Award winner. A student at Muleshoe High School, Jobi was nominated by Linda Marr, counselor.

Her name will appear in the United States Achievement Academy Official Yearbook, published nationally.

She is the daughter of Mr. and Mrs. Martinez of Muleshoe and the granddaughter of Mr. and Mrs. Andrew Martinez of Zaragosa Mexico and Mrs. Garcia of El Paso.

Martha Anthis was named Educator of the Week at Watson Jr. High. Principals awards went to Jessie Gossett, sixth grade; Casie Height, seventh grade; and Rachel Givens, eighth grade.

Today, Thursday, May 6 has been designated as National Day of Prayer. A prayer group will be meeting at 12 noon on the Courthouse lawn.

Licensed Vocational Nurses Association of Texas, Lubbock Division 18, will meet Monday, May 10 from 6 to 9 p.m. in the Arnett Room of St. Mary of the Plains Hospital. The Arnett Room is located on the sixth floor, accessible by the emergency room elevators.

The workshop will be sponsored by L.V.N.A.T., Lubbock Division 18. Cynthia Hester, R.N. and Teresa Sauter, P.T. will conduct the workshop on:

"Stability and Transfer of the Burn Patient" and "Proper Positioning And Movement of the Burn Patient."

A charge of \$5 for members and \$15 for non-members will be made. Registration at the door will begin at 5 p.m. Pre-registration is encouraged. Members must present their membership cards.

Three classroom hours will be given to those attending. All nurses are now required to have twenty contact hours of continuing education for license renewal.

## Harris, Bonds Take Oath Of Office

Mayor Robert Montgomery administered the oath of office to Rex Harris and Tom Bonds at the City Council Meeting Tuesday morning. Bonds was elected to

### Car, Train Crash Leaves One Dead

Andrew Valdez, Jr., 45, was pronounced dead at the scene of a car-train accident 7.2 miles Southeast of Farwell Saturday morning.

Valdez was a passenger in a 1979 Pontiac Grand Prix driven by Guadalupe Martinez, 26, was killed instantly at 3:20 a.m.

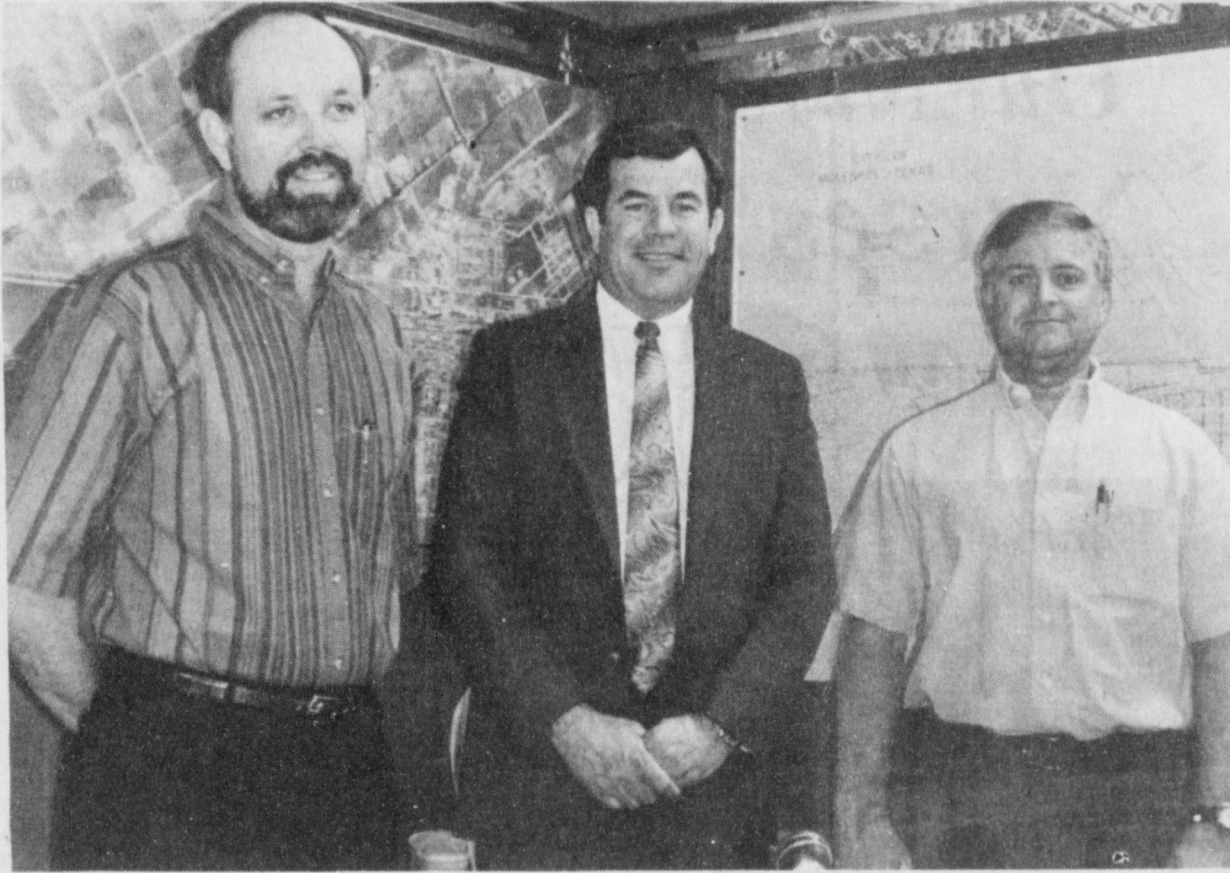

Other occupants in the vehicle were Guadalupe Garry, 30, and Joe Aredondo, 19.

Services for Valdez are under the direction of O'Bannon Funeral Home of Luling, Texas.

Born October 14, 1947 in Luling, Valdez had been a resident of Muleshoe since 1983, moving here from Luling. He married Janie Soliz on May 22, 1967 in Luling.

Valdez was a Catholic, a welder for Scotty Farley and a veteran of the U.S. Army.

Survivors include his wife, Janie; a son, Andy Valdez of Muleshoe; a daughter, Janet Martinez of Muleshoe; his parents, Andres and Rosa Valdez of Luling; two sisters, Aurora Quiroz and Anna Perales, both of Luling; and two grandchildren.

NEWLY ELECTED CITY COUNCILMEN---Tuesday morning Mayor Robert Montgomery, center, administered the Oath of Office to newly elected City Councilmen, who were elected Saturday, Dr. Tom Bonds, right; and Rex Harris, left. (Journal Photo)

## Golf Team Finishes Second In District

Qualifying for the second time in four years, the Muleshoe Boys Golf team represented the district as the Runner-up finishing second behind Tulia.

The MHS linksters battled the cool windy weather both days to finish eighth out of 16 teams. They improved from a 12th place qualifying score to sixth place after a first round score of 334 and finished the second day with a 348 score to complete the tournament with a 682 total and an eight place finish.

Individual scores were: Todd Shipman 78 and 83 for a total of 161; Mark Hicks 81 and 84 for a total of 165; Chad Montgomery 86 and 90 for a total of 176; Brian Box 89 and 91 for a total of 180; and Bryan Field 96 and 100 for a total of 196.

Both Shipman and Hicks finished in the top 25 out of 82 players. "Hicks finished his senior year playing the best golf of his high school career," said Coach

Hagerman. "He became a solid player for us, one you could count on. He is the only senior on the boys team. He will be tough to replace but we have a fine core of players to build a team around for next year. (Chad Montgomery-Jr., Brian Box-Jr., Todd Shipman-Soph., and Bryan Field-Soph.) Congratulations to these fine young golfers."

Tulia's boys team tied for second and lost in a one hole play-off to Abilene Wyle. Graham finished first, Abilene second, and they will represent the region at the state tournament in Austin May 13 and 14.

In the girls tournament, Mandy Shipman advanced as the district's second place medalist to cap off her senior year. Mandy, being the only girls golfer to advance from

MISD board of trustees, called the school board meeting to order Tuesday night. The invocation was given by Curtis Shelburne.

Visitors and school officials attending the meeting were recognized and the results from the May 1 election was canvassed.

District Judge Jack Young administered the oath of office to Cindy Purdy, District 2, Frank Saldana, District 3 and Sam Harlan, District 5.

Following taking the oath of office, the board reorganized and elected officers. Ms. Purdy was reelected as president; Sam Harlan, vice president; and Curtis Shelburne, secretary.

Ms. Purdy stated that she felt the board made a great team and that had come a long way.

The staff development waiver for 1993-94 was discussed and approved. They are asking for the same days district wide.

Superintendent of Operations Adrian Meador told about being invited to Morton to see a new program the Morton school system had entered into. He also showed a slide presentation.

"We would like to get all of the kids to grade level reading by the third grade," Meador said. "All students must learn to read before they do anything else. We must teach how to read to begin with. Chapter 1 must shift to emphasize reading also. Chapter 1 has not been as effective as it should be. We need to cut down on the students in Chapter programs."

"Schools that have the John Hopkins program have a lower rate of retention and Chapter programs."

Ms. Helen Grigsby reported on what they will be doing at Dillman Elementary. She stated that every teacher will be doing the same thing and that all students will be reassessed each eight weeks.

Barbara Fenney, principal of Mary DeShazo, reported on the things they will be doing in the

third, fourth and fifth grade. She stated that the program will be very similar to that at Dillman. She plans to have a 90 minute reading block.

When asked about financing of the new program, Bill Moore, superintendent of MISD stated that they would be using the existing staff or fewer. The goal is to have fewer kids in the chapter program.

"We can't guarantee all students who can read will finish school, but we can guarantee kids who don't read probably won't finish," said Meador.

Meador explained that John Hopkins has been working with school districts all across the state of Texas.

Following a discussion, the

## School And Hospital Incumbents Re-elected

Despite the unseasonably cool weather Saturday, voters in Bailey County went to the polls, electing two councilmen Dr. Tom Bonds, and Rex Harris, three school board trustees, Incumbent Cindy Purdy, Incumbent Frank Saldana and Incumbent Sam Harlan, and two members of the hospital district, Tim Campbell and Robert Finney. Also on the ballot were three Constitutional Amendments and a senatorial election.

In the City Council District 3 race, Arturo Garica, Jr. received eight votes, James Roy Jones, 7, and Write In Candidate Dr. Tom Bonds received 100 votes. Jones moved from Muleshoe after the ballots were printed and his name remained eventhough he was ineligible to hold the office.

In City Council District 4, Rex Harris received 131 votes and Alberto G. Daniel received two votes.

There was only one contested precinct in the school trustee election. In Precinct five, Incumbent Sam Harlan received 49 votes and Lupe Olivarez received 0 votes. Incumbent Cindy Purdy received 110 votes in Precinct 2 and Frank Saldana received 24 votes in Precinct 3.

In the hospital election, Incumbents Tim Campbell and Robert Finney were unopposed. Campbell received a total of 106 votes and Finney received 74 votes.

In the Senatorial Election, Kay Hutchison (R) carried Bailey County by a fairly large margin. Hutchison received a total of 283 votes, Barter (R) received 195; Fields (R), 132; Fisher, (D) 34; Gutierrez (D) 55; and Krueger (D) 194.

Hutchison will face U.S. Senator Bob Krueger in a runoff election for the Senate Krueger and Hutchison ran neck-and-neck statewide, each getting about 29 percent of the votes.

Only one of the Constitutional

Amendments, Proposition 2, passed in Bailey County. On Proposition 1 298 voters voted for the amendment and 634 against. Proposition 2 received 501 votes For and 405 Against. The voters voted 571 Against and 335 For Proposition 3.

All three Constitutional Amendments failed across the state and State leaders discussed school consolidation and spending caps as a way to meet court-ordered school funding reform mandates Sunday after voters rejected a share-the-wealth ballot proposal Saturday.

Texas faces a court-ordered cutoff of state aid to schools if lawmakers don't devise a constitutional plan by June 1 to equalize school funding. Schools rely mainly on state aid and local property taxes.

These same lawmakers have not agreed on a plan to pursue.

They would like to hear suggestions from those who opposed Proposition 1, the ballot Cont. Page 6, Col. 3

### Pre-Kindergarten, Kindergarten Round-up Set

Thursday, May 6, Dillman Elementary will pre-register students who are eligible for kindergarten or pre-kindergarten for the 1993-94 school year. Registration will be held in the Dillman Gym from 8 a.m. to 4 p.m.

To be eligible for kindergarten, children must be five years old by September 1, 1993. To be eligible for pre-kindergarten, children must be four years old by September 1, 1993 and must also meet one of the following requirements: (1) have a limited knowledge of and comprehension of the English language, or (2) are from a family who is eligible to receive free or reduced price lunches. Pre-kindergarten students who are already attending school do not need to register for kindergarten.

The pre-kindergarten classes will operate on a half-day basis only, with classes being from 8 to 11 a.m. or from 12:30 to 3:30 p.m. Kindergarten will operate on a full-day basis.

Parents are asked to take the child's birth certificate, immunization records, and the child's social security number when enrolling. All children who enroll for kindergarten or pre-kindergarten on May 6 will be screened for speech and language that day. Parents are therefore urged to take their children with them.

Current Kindergarten classes continue as usual Thursday, May 6.

Please contact Mrs. Helen Grigsby, principal at Dillman Elementary School, at 272-7541, if there are questions.

### Ten Year Class Reunion Being Planned

The class of 1983, is hosting their 10 year reunion. There are some class members that have not been reached because of no available address or phone number.

If you have information as to how to get in touch with the class members listed below, please call Dana Rasco at 272-4310 or Rhonda Myers at 272-3598:

Barbara Pedroza, Albert Ontiveras, Sandra Martinez, Maria Davila, Robert Vela, Maria Rodriguez, Valera Callaway, Todd Thorton, Willie Coleman, Kris Gibson, Chris Kirvin and Holly Oaks.

TAKING THE OATH OF OFFICE---During Monday night's school board meeting District Judge Jack Young administered the Oath of Office to newly elected board members. (From Left) Sam Harlan, Cindy Purdy and Frank Saldana. (Journal Photo)

**Clayton H. Stokes Services Held**

Services for Clayton H. Stokes, 86, of Morton, were held Tuesday, May 4, 1993 at 2:00 p.m. at First Missionary Baptist Church in Morton, Rev. Gordon Renshaw officiating.

Burial was in Morton Memorial Cemetery.

Stokes died May 1, 1993 at 12:05 p.m. at Rolling Plains Hospital, Sweetwater, TX.

He was born January 3, 1907 in Whitt, TX. He married Fannie Lou Ruland November 23, 1932 in Clovis, NM.

Clayton had been a resident of Morton for 54 years. He was a farmer and a member of Bledsoe Baptist Church. Two sons preceded him in death, Johnny Delbert in 1942 and Stetcher Stokes in 1991. A great grand daughter and a great grandson preceded him in death, Paula Kinyon in 1982 and Wayne Cooper in 1984.

Survivors include his wife, Fannie Lou Stokes of Morton; two daughters, Viola Walker of Oak Creek Lake, TX and Jimmie Ruth Stokes of Lubbock; nine grandchildren; thirteen great-grandchildren and one great great grandson.

Memorials may be made to a favorite charity.

and 27, with Shana Foster placing first in Ready Writing. Dustin Weir came in sixth. They were in the seventh and eighth grade division.

In Dictionary Skills Roxann Warren placed fifth (7/8). In the Number Sense, Michael Jones placed second and Cade Morris, sixth (5/6). In the 7/8 grade, Blake Mimms placed fourth and Dustin Weir placed sixth.

Heath Brown placed first in the eighth grade Earth Science. Dustin Weir placed sixth in the seventh grade Life Science.

In Calculator, Michael Jones placed second and Christina Martha, sixth in the sixth grade; Heath Brown placed fifth in the 7/8 grade.

Cade Morris placed second and Josh Morris placed fifth in sixth grade spelling. Roxann Warren placed third and Cameron Turner, fifth in the seventh grade. Shana Foster placed third in the eighth grade.

In Listening Skills, Seth Black placed second and Cade Morris, placed third in the 5/6 grade. Brice Redwine placed second, Blake Mimms placed sixth in the 7/8 grade.

Michael Jones placed sixth in the 5/6 grade Maps and Graphs. Heath Brown placed second in 7/8 grade.

Adam St.Clair, Seth Black and Josh Morris all placed second in Music Memory 5/6 grade.

Shana Foster and Brice Foster each placed second in Modern Oratory, 5/6 grade.

In Oral Reading, Holly Engelking placed sixth, 5/6 grade.

Roxann Warren placed first and Janis Hernandez placed fifth in Impromptu Speaking, 7/8 grade.

**ILLUSTRATOR VISITS DILLMAN**-The students at Dillman Elementary were excited on Friday, April 30, 1993 when they had a special visitor. Scott R. Blazel, an illustrator, visited the campus to share stories about Clovis Crawfish, a Louisiana bayou crawfish. The stories are written by Mary Alice Fontenot, a Louisiana author, who uses nature to tell stories of friendship and values. Blazel drew many of the characters from the book and shared with children the joy of drawing. The children were able to hear tapes of the author reading the stories in the Louisiana dialect with Cajun French words included. All the students and staff were entertained by the presentations made by Blazel.

**Why Fish Is For Kids**

Think back to your childhood. How often did your family have seafood? Perhaps it was fish on Fridays. Or maybe just an occasional tuna sandwich. That's still the scenario for many American families. So, how can parents—who want to turn the dietary tide for their kids—raise them to be fish eaters? As most well-intentioned parents have learned, the admonition, "Eat it—it's good for you" doesn't go very far in getting a child to eat according to parent's wishes. But, there is mounting evidence that seafood is good for children and adults alike. Fish and shellfish contain high-quality protein—essential for growing youngsters of all ages. Just a two-ounce portion of most types of fish will provide well over

half the daily protein recommendation for a small child. Some seafood can also be important sources of calcium and iron, two nutrients likely to be in short supply in children's diets. Although heart disease is usually thought of as a "grown up's problem," many experts now agree that childhood eating habits play an important preventative role. When it comes to heart-healthy foods, seafood can't be beat. Most types of fish and shellfish are low in total fat and saturated fat. Nearly all seafood and shellfish makes them low in calories as well when compared with fattier protein foods. Since surveys suggest that one out of four schoolage American children are overweight, calories count for many youngsters.

**Walking To Improve Your Health**

Amid the numerous reports about the benefits of exercise, experts agree on the positive impact of the simplest of activities—walking. The new mileage at any pace can improve your health, and walking quickly can provide as much fitness as jogging. With the weather turning warmer, now is the perfect time to begin a walking regimen. "Walking is just about the perfect exercise. It uses almost all of the body's 206 bones and 660 muscles," said Cheryl Benoit, wellness coordinator at Methodist Hospital's LifeStyle Centre. "Walking at any pace can provide some benefits, but to achieve optimal fitness levels, have more energy, and burn off significantly more calories, follow the general guidelines set by the American College of Sports Medicine (ACSM)."

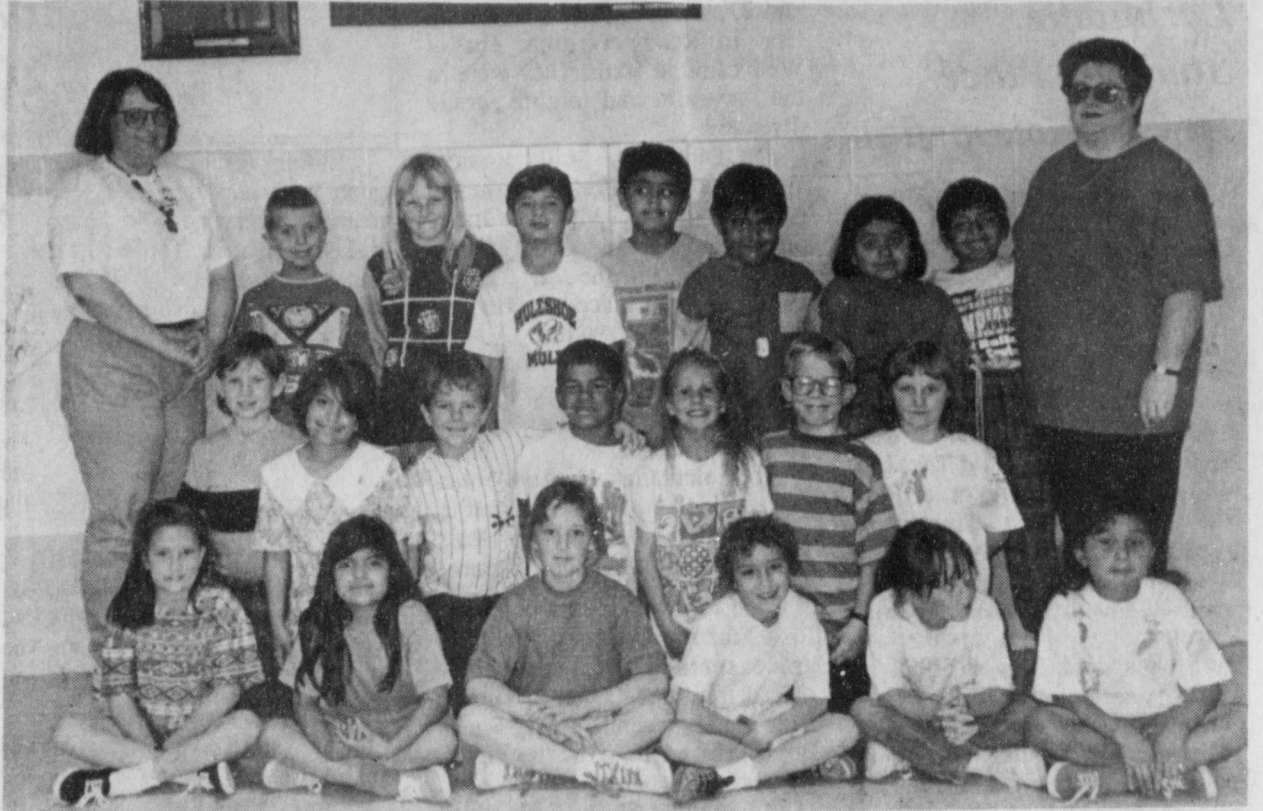

To achieve fitness, the ACSM recommends exercising—including walking—at a brisk pace for 20 to 60 minutes, three to five times per week, at a heart rate of 50 to 80 percent of your predicted maximum rate. (Be sure to check with your physician first)

If you decide to pace off a new physique by walking, watch the clock and listen to your body, Benoit advises. Distance is irrelevant. What is important is the amount of time spent moving and intensity of your stride.

"Walk at a pace that elevates your heartbeat, and do it regularly," said Benoit. "Begin each walk with 5 to 10 minutes of simple warm-up exercises and stretches and follow the walk with a similar cool-down period of 10 to 15 minutes."

**Tricks Of The Trade**

- \* Try the "one bite" method. That is, the child has to try one bite of each different food on his plate. Let the child remove the bite if he doesn't like it and praise the child for trying the food.
- \* If you're serving a new food, try to include another food that is the child's favorite at the same meal.
- \* Let kids help you prepare the new food. Children are more apt to try something that they have helped to cook.
- \* Gradually make the switch to eating more of a new food.
- \* Substitute the new food in place of another similar food in your family's favorite recipes.

**DILLMAN'S SECOND GRADE PARTICIPATES**-Dillman Elementary's second grade students recently participated in a recycling contest in which over 300 pounds of cans were collected. The two winning classes were rewarded with pizza parties. Pizza was provided for Mrs. Skinnners class by Dillman Elementary. Other students in second grade enjoyed coke parties. Pictured is Mrs. Skinnners second grade class, along with Kandy McWhorter of the County Extension office.

**How To Treat Nose Bleeds**

Nosebleeds are an annoying problem, but they can usually be treated with simple first aid.

- Dr. John K. Jones, an otorhinolaryngologist at Baylor College Of Medicine in Houston recommends:
- \* Applying pressure to the soft part of the nose for several minutes. Do not apply pressure to the hard bony portion.
- \* Soaking a piece of cotton in nasal drops such as Neosinephron. Pack the cotton in the nose.
- \* Placing a humidifier in the room, especially during winter when heaters can dry the air. Dry nasal passages are more likely to bleed.
- \* Discouraging children from placing their fingers in their noses. This is the leading cause of nosebleeds in children.

**Smoking Affects Mother's Milk**

Cigarette smoking can affect the amount of milk a breast-feeding woman produces. It can also affect the milk's fat content.

Smokers produce almost as much milk in the first two weeks as non-smokers, but at four weeks the smokers were producing 43 percent less milk and at six weeks 46 percent, said Dr. Judy Hopkinson of the USDA's Children's Nutrition Research Center at Baylor College of Medicine in Houston. A study conducted by Hopkinson found the fat content of smokers' milk to be 20 percent lower than that of non-smokers'. On average, the breast-fed infant of a smoker may receive 10 percent fewer calories per ounce of milk than the breast-fed infant of a non-smoker, Hopkinson said.

- Whether walking for health or fitness, keep a few tips in mind:
- \* Wear shoes with good arch and lateral heel support.
- \* Wear a reflective vest if you walk at night.
- \* When on the road, walk against traffic.
- \* Don't wear earphones (you won't be able to hear traffic).

**Keep An Eye On Kids' Sugar Intake**

There is a place for sugar in children's diets, but it should be kept to a moderate level.

Children who learn to prefer sweet-tasting foods may face problems down the line, said Janice Stuff, a nutritionist at the USDA's Children's Nutrition Research Center at Baylor College of Medicine in Houston. The problems can include dental problems and unwanted weight gain.

- To reduce sugar in children's diets, Stuff recommends:
- \* Drinking unsweetened fruit juices instead of soft drinks or items labeled "punch", "fruit drinks" and "10% juice".
- \* Preparing homemade frozen fruit bars by freezing juice.
- \* Flavoring pancakes, waffles, muffins, and hot cereals with cinnamon and nutmeg or with extracts.
- \* Using one-third to one-fourth less sugar than called for in recipes.
- \* Limiting candy bars to once or twice a week.

**Parenting Pointers**

...from your friends at De Shazo Elementary.

Have your child read a page from a story. Then, have him/her go back and pick out all the describing words on the page.

From 101 Ways Parents Can Help Students Achieve.

**Are you one of the 7 out of 8 who have not prepared a will?**

When you die you must leave behind everything for which you have worked and saved. The question is, "TO WHOM?" If you have a will, you have already instructed the State, attorneys and judges to act according to YOUR wishes. **But if you don't have a will, the State will simply distribute your estate according to law.**

Without a Will you let the State determine the disposition of your assets, the welfare of your spouse and the guardianship of your children. Probate costs, taxes and fees increase. What's worse, you rob yourself of the privilege of continuing stewardship through designated gifts.

**DON'T MAKE THE MISTAKE OF THINKING:**

- only wealthy people need a will
- that drawing a will is too complicated
- or that it is too expensive.

Please send, without cost or obligation, your booklet on wills. Tom Reynolds, The Salvation Army, P.O. Box 2785, Lubbock, Texas 79408

## Make "Baby's First Gift" A Memorable And Healthy One

An estimated 50,000 drug-exposed infants are born in Texas every year and the state spends more than \$400 million annually on health care for these babies according to the Texas Commission on Alcohol and Drug Abuse.

Today the Texas Prevention Partnership and the National Organization on Fetal Alcohol Syndrome kicked off a month-long campaign to help Texans have healthier babies.

Baby's First Gift is an awareness and incentive project to encourage women and girls to seek adequate prenatal care and stay alcohol and drug-free during pregnancy.

Baby's First Gift promotes the message that the first gift a pregnant woman can give her baby is a substance-free pregnancy and good prenatal care. Posters with the slogans "Help your baby, help yourself" and "When a pregnant woman uses drugs, we all get wasted" have toll free numbers (1-800-367-2229 and 1-800-832-9623) for information.

For incentive, a canvas baby bag with informational brochures is offered to women after their first prenatal visit at Texas Department of Health clinics as well as other participating health care providers. Local coalitions and retailers can also sponsor Baby's First Gift baby showers to collect items to go into the bags for both mothers and babies.

Baby's First Gift is a non-traditional approach to a serious public health problem, but Harvy Weiss, project director, cited one example of how the effort pays off. "Last year a 16 year old heroin addict saw the BFG poster in a shopping mall, came in for treatment and delivered a healthy drug-free baby girl, seven months later," Weiss said that research indicates that prevention programs

save about \$3 for every dollar invested.

Johnson and Johnson, as well as other major corporations, is supporting the campaign. J&J donated a 30 second public service announcement, and A.G. Cooper, vice-president, community relations, of Johnson & Johnson said, "Our interest in this area is a key component of Johnson & Johnson's Maternal and Child Health Initiative, a five-year, \$15 million program, to help improve the health and well-being of mothers, infants, and children."

"The heart-rending stories of babies born to women who have used illegal drugs during pregnancy have captured the attention of the nation. Equally sad are the thousands of babies born every year with fetal alcohol syndrome because there is no cure for FAS and the damage is permanent," said Patti Munter, executive director of the National Organization on Fetal Alcohol Syndrome. "When a pregnant woman drinks alcohol, her baby does, too and there is not proof that even small amounts of alcohol are safe," Munter said.

Dr. Peggy Smith, director of the Baylor Teen Health Clinic in Houston, said, "It is critical that prevention efforts be targeted at the middle and high school populations and to acknowledge that many young girls live in families or have relationships with men who are using or dealing drugs and are heavy drinkers."

The Texas Prevention Partnership is a public/private effort to promote public health perspectives about drug and alcohol abuse through mass media and comprehensive community mobilization programs. TPP was initiated and is funded in part by the Texas Commission on Alcohol and Drug Abuse.

## A.A.U.W. Names Girl Of The Month

The American Association of University women is a national organization devoted to advancing the status of women and girls in our society. AAUW is dedicated to promoting equity in education and providing informative programs for its members. The local branch of AAUW meets at 7:00 p.m. the first Monday of each month. (during school months) and welcomes any new member who is a graduate of an accredited university. This organization also offers a scholarship to a deserving young college student each year.

AAUW in the Muleshoe area began a tradition several years ago of honoring deserving young senior

girls for their achievements in academia and service. Each month, an outstanding young lady is chosen from the Muleshoe High School Senior Class as "Girl of the Month", and twice a year, a Senior girl from the Lazbuddie Senior Class is chosen as either the "Fall" or "Spring" outstanding young girl. These young ladies are chosen for their contributions to school, church, and community as well as for academic excellence. The members of AAUW are very proud to be able to recognize these wonderful girls and further honor them with a dinner party in the month of May.

### Teen Hearing Suffering From Loud Music

Loud concerts, blasting boom boxes and ear-splitting stereo headsets are damaging teenagers' hearing.

"Hearing loss caused by noise used to be seen mainly in industrial workers or war veterans," said Dr. Ellen M. Friedman of Baylor College of Medicine in Houston. "Now we're seeing an increasing amount of hearing loss in young adults."

- To prevent noise-related hearing loss, Friedman recommends:
- \* Setting the volume on portable headsets below 4.
- \* Keeping the car radio at a level that enables conversation to be easily heard.
- \* Wearing ear plugs at music concerts. Many performers routinely wear them while on stage.
- \* Avoid seats near amplifiers.
- \* Taking occasional breaks. Get away from the music for awhile.

### Did You Know?

(NAPS)—Here are some facts that may well be news to you:

Treatment of grubs can be tricky but is possible with Sevin® brand carbaryl insecticide, available in easy-to-use granular and liquid formulations.

Betty Crocker one-step angel food cake mix can be used to make delicious cupcakes.

American Association of University Women is pleased to announce this year's May girl of the month, Summer Lin Wiley.

Summer is the daughter of Kent and Wanda Wiley of Muleshoe.

She has been involved in these activities during her high school years at Muleshoe High School: SCAC-IV (Chaplain) NHS-IV (Vice-President) Leadership Muleshoe-IV (Vice-President) Band-I, II, III, IV (Drum Major, III, IV) PALS-IV (President) Student Council-IV Theater-I Athletics-I

Summer loves to write poems and prose. She goes to the First Baptist Church and is involved with the youth group there and youth choir. She loves to sing, and loves band. She loves working with people and loves animals.

When she graduates, she plans to attend a Jr. College for two years, and get all her basics, prior to attending Baylor, majoring in Pre-Med.

### Safety Tips

Facts From the Dept. of Transportation (NAPS)—Allergy medications may not only impair your driving ability, they may put you on the road to jail if you have an accident while they are in your bloodstream. If you are taking allergy medication, don't drive.

and ask for an update of equipment within the next 30 days.

"When I last visited with Mr. Horne of General Telephone he stated that Muleshoe was first on the list for updating equipment, but GTE continues to put us off," said Frank Ellis. Ellis stated that Hubert Kidd, manager of Five-Area told him that they would like (Five-Area) to purchase the telephone system in Muleshoe, Morton and Olton.

Pierce also stated that GTE needs to update the service in Muleshoe.

"It needs to be modernized, call-forwarding would be a tremendous help. They update systems in other places, why not Muleshoe," Liles said. "GTE is behind on their service and they won't do anything unless you put the pressure on them."

Dave Marr, City Manager, advised the group that until 1976, the City Council had authority to

regulate rates, but when the Public Utility Commission was created it was removed entirely from the councilmen. "All we have is the ability to petition the telephone company, we have little or no control over the telephone company.

Ellis asked the council to write to Public Utility Commission (PUC). The councilmen agreed to write to the PUC.

Marr reminded the other councilmen of the Association of Mayors and Councilmen Meeting to be held at Plano July 22 through 25.

board voted to endorse the program.

Moore reported that he talked to TABS prior to the board meeting and that TABA would have a Joint meeting of the House and Education Committee on Thursday.

Seadrift, Taft, Thorndale-Thrall, Three Rivers, Tivoli, Vanderbilt and Waelder.

As one of GTE Telephone Operation's four operating areas, GTE Central; Area-headquartered in Irving, Texas,--serves 2.5 million customer access lines in 13 states.

## Local Angus Breeder Recognized

David Lust has been recognized nationally by the American Angus Association for having a registered Angus cow included in the American Association's 1993 Pathfinder Report.

Only 1,280 of the more than 25,000 members of the American Angus Association are represented in this year's report, according to Richard Spader, executive vice president of the American Angus Association with headquarters in St. Joseph, Missouri.

The Pathfinder Program identifies superior Angus cows based upon recorded performance traits that are economically important to efficient beef production. These traits include regular calving and heavy weaning weights, reports John Crouch, director of performance programs for the American Angus Association. All registered Angus cows that meet the strict Pathfinder standards are listed, along with their owners, in the Pathfinder Report which is published annually by the American Angus Association.

The 1993 Pathfinder Report lists 4,984 individual cows. It is published in the May issue of the Angus Journal and extra copies are available from the American Angus Association. The largest number of Pathfinder cows from a single herd this year is 83, and several hundred breeders have a single cow that qualifies for the exclusive listing.

## Eleven Cub Scouts Attend Camp Post

Eleven Cub Scouts and seven adults camped out at Camp Post April 17 and 18. The group won first place Camp Site, two first places, two second places and two third places "The Cub did well in all the games," said Betty Griswold, Cub Scoutmaster.

During their Pack Meeting April 27, the Tigers and Wolfs received Earth Day Certificates, Recycling objects. Those receiving these awards included: Ryan Marricle, Christopher Jones, Brandon Maddox, Tanner Hagerman, Mickey Tosh, Theron Edler, Jonathan Marlow, Mark Anthony Orozco, Levi Valdez, and Buddy Copeland.

Bob Cat Awards went to Ryan Marricle, Christopher Jones, Brandon Maddox, Tanner Hagerman, Theron Edler, Jonathan Marlow and Mark Anthony Orozco.

Bears receiving awards were Ricky Rudd, Jason Sexton and

## Election...

Cont. From Page 1

proposal that would have authorized the shifting of some property tax money from wealthier to poorer school districts.

Regional property tax revenue-sharing currently takes place under a 1991 effort by lawmakers to meet the court's order for equalized school funding. But the Supreme Court's order said last year that the system violated the constitution because it created a state property tax and lacked voter approval.

One of the options could be local elections to authorize the continued regional redistribution of some property tax money.

Richards said that Saturday's lopsided vote showed that Texans don't like that approach. That means \$350 million that had been shifted from wealthier school districts no longer is available to the system, noted Ms. Linebarger, D-Manchaca.

"Voters sent the lawmakers the message that they don't want such revenue-sharing, that they want excellence in their schools, and they don't want any taxes raised to pay for it," Governor Ann Richards said.

## Saturday Named Annual Migratory Bird Day

Saturday, May 8 has been designated as the first annual international Migratory Bird Day and is the 75th anniversary of the Migratory Bird Treaty Act.

Migratory Bird Day initiated by Partners in Flight, a neotropical migratory conservation program sponsored by the U.S. Fish and Wildlife Service. Partners in Flight is encouraging participation in activities dedicated to the conservation of all migratory birds--songbirds, shorebirds, raptors, and waterfowl.

More than 330 species of birds embark on annual migrations across the Americas, breeding in the north and wintering in south, traveling during the spring and fall. However in recent years both their numbers and their habitat have decreased.

Populations of forest dwelling migratory birds in eastern North America have declined at a rate as high as three percent over a ten year period preceding 1987.

During 1985 the total breeding population of ducks was estimated at 30,833,000, the lowest ever recorded.

The decline of migrator birds is primarily due to the destruction and degradation of wildlife habitat throughout the Americas.

Thomas Black.

Ricky Rudd received Gold and Silver Arrows.

Engineer Badges went to

## Muleshoe City Police Report

Bad Checks continue to lead the list of arrest made by the Muleshoe City Police. Fifteen persons were arrested on Issuance Of Bad Checks charge in the past two weeks.

Other arrests included one for DWI, one on a DPS Warrant, two on FTA Warrants, a Capias Warrant and one for aggravated Assault.

Complaints logged by the City Police Department included: Stolen Meat, suspect entered garage, took meat from freezer; one Assault, one Threat, an Attempted Break-in; a Dog Bite, two Theft cases, Forgery, Sabotaged Equipment, broken Windshield in Cotton Stripper, Fence Kicked in, Gun Stolen, and two Theft By Check.

Webelos I, Westin Price, Dan Williams, Chris Seymore and Rocky DeHoyas.

April Mule Awards went to James Hancock, Jeffre Skipworth, Thomas Black, Ricky Cogliandro, Tad Lutz, Ricky Rudd, Joshua Maddox, Brandon Maddox, Theron Edler, Ryan Marricle, Chris Seymore, Chris Jones, Jonathan Marlo, Tanner Hagerman, and Mark Anthony Orozco.

Chris Vaughn received the "Helping Hand Award".

Hot Dog Awards went to Levi Valdez, Buddy Copeland and Michael Tosh.

## Golf...

**Know The Weather**

Unlike cold fronts, warm systems have an upward direction, or northerly push, as they cross the United States from west to east. Some come in from northern California and up as far as Washington. Those coming in to the north usually cross with a southerly tendency until they reach the Chicago area, and then slant upward and pass over New England.

Those coming in over California slant downward toward the Gulf and then move up the east coast. Others, which never cross into the United States, come out of the Caribbean and move up the east coast. Then there are the lows which cross in on the west coast, moving northeast. They may cross into the country from New Mexico, to Oregon, and usually pass out of the country along its northern borders, between eastern Montana and New England. The main route of these lows is the Great Lakes region.
