Citizens Objecting to Hi-way Change

Resigns

LEM WEAVER

Lem Weaver, who has taught National Agriculture in the Silverton School for the past five years, resigned this week to accept a position with the Plow Company. His place will be taken by Leslie Browning of Tahoka, Texas.

COMMISSIONERS CONFER WITH DISTRICT ENGINEER GARRETT

The County Commissioners held a meeting Wednesday at Lubbock with District Engineer Garrett, in an effort to have the work on Highway 86 extended westward from Silverton as soon as it is completed from Silverton east to the Silverton-Quitque highway expected to be finished by the end of September.

Mr. Garrett agreed with the officials that the work would go forward immediately. However, he urged that they meet with the Highway Commission in Austin August 31. He said that probably the next step on this highway would be near Dimmitt, that it was very possible that Briscoe County would obtain work on still 25 miles of unpaved road that must be traversed to get to Tulsa and points west.

AGGIE BRIEFS

H. L. Williams, County Agent

Attention Wheat Farmers: We are your 1940 wheat acreage allotments and wheat insurance premium rates which we are mailing to you this week.

The procedure for handling wheat insurance applications has changed this year in that it will be necessary for your application to be signed and in the ACA office and your premium paid before any portion of your wheat is planted.

There will be available to the farmer three different ways in which his premium may be paid: (1) By delivering a warehouse receipt for the number of bushels of wheat computed as the premium for the class specified by the application in his application of the grade specified by the Corporation for that class; (2) By a payment in an amount equivalent to the value of the wheat specified for the premium at the current market price, and (3) By executing an advance agreement for future payments to be earned under other parts of the agricultural conservation program.

Let us warn you that you will not be allowed to plow up wheat if your allotment is overplanted in 1940 so be careful about planting the correct number of acres.

As soon as your cotton parity application is ready for your signature we will drop you a card asking you to come in and sign it. All you receive such a notice if your application is not ready.

BARRETT MACHINE AT KIRKS

A new machine has been installed at the Kirk Cafe for dispensing cigarettes. It is an attractive machine—takes twenty cents in dimes, nickels, and dispenses a pack of cigarettes, a box of matches, and two cents in change.

There are some real bargains in the ads this week.

The Plainview Chamber of Commerce has an active campaign afloat to get Highway 86 extended to Plainview instead of going on west to Tulsa. Much opposition has been encountered in Swisher, Floyd, and Briscoe counties to the building of the road.

A petition was circulated in and near Silverton this week by Oliver Savage, protesting against the highway, which as suggested by the Plainview men, would be a straight through, direct highway. Farms would be dissected, and, according to Savage, not one man was found who favored the building of the impractical road. Savage had at least 100 names on the protesting petition, most of whom were land owners and responsible business men.

Several years have been spent promoting and laying out the route for Highway 86, in order to make the shortest route from eastern points, through to New Mexico and California. To change the route to include Plainview would lengthen the road many miles. If finished as now laid out, the route will undoubtedly be one of the most valuable cross-country highways in the state.

TAHOKA TEACHER TO TAKE WEAVER'S PLACE

Leslie Browning of Tahoka has been hired as Agriculture Teacher here for the Silverton School, taking the place of Lem Weaver, who resigned Saturday to work with the Hoeme Cultivator Company. Weaver has been the head of the Agricultural Department here for the past three years.

Browning has taught the past two years at Tahoka and had been rehired for another year. He will return to Silverton within the next two weeks to take over his duties.

BOWLING ALLEY TO OPEN NEXT WEEK

Dee McWilliams is announcing in this issue of the Briscoe County News that he is opening a bowling alley in the old Guest Building on the south side of the square. He says that he will be all ready to go by Thursday of next week, and that all bowling will be free all day, opening day.

CHICKEN FEED FOR FIRE BOYS AND GUESTS

Members of the local Fire Department were hosts to about thirty invited guests at a big chicken feed (with all the trimmings) Tuesday night at Claude Crossing. An enjoyable time was spent with the women folks holding a "sing-song" and the fire boys setting the pace on doing away with great piles of fried chicken.

The fire boys wish to thank Mr. Gill for the use of his place for the party. He and Mrs. Gill have a standing invitation to attend all firemen's functions.

NOTICE OF PUBLIC HEARING ON BUDGET

Notice is hereby given that a public hearing on the county budget will be held on Monday, August 28th, 1939 in the office of the County Judge, at the courthouse in Silverton, Texas. The hearing will be held all day and all taxpayers are urgently requested to attend.

W. COFFEE, JR., County Judge

NED BRADLEY'S BAND TO PLAY HERE SATURDAY

Music and dance lovers will have a real treat Saturday night of this week when Ned Bradley and his 7-piece orchestra of Lubbock make a personal appearance at the Firemen's ballroom over the Burson Motor Company.

The dance will be sponsored by the Silverton Fire Department. Efforts have been made for some time to secure Ned Bradley's highly rated orchestra here, but because of his popularity in this section it was impossible to secure a date.

Ladies will be admitted free, but the gents will be taxed \$1.10.

Mr. and Mrs. L. T. Wood spent Sunday in South Plains with Mr. and Mrs. Walter Wood.

Pavement Hits A Country Town

(An Editorial Contributed by a Subscriber)

The paved highway through Silverton has only been open for a few weeks. But during that short time three or more expensive collisions have taken place that could have been prevented.

Each accident has been caused by our people occupying or attempting to occupy the highway without stopping or without looking.

In larger places it is considered a mild form of suicide to occupy a main highway without these precautions. Are we going to continue our carelessness about this matter until someone is killed or injured?

If only our local people were involved in these wrecks, we might be able to countenance a town full of battered cars. But at least two of the victims so far have been out-of-town people, trying to drive through our town but were unable to get through without being bumped into from an intersection.

Let us all be more careful about this important matter. Your life may be at stake, and if anyone is in the car with you, they might also be a victim of your carelessness.

HELD ON CHECK CHARGE

F. W. Waldrop ended a trail of hot checks here when he was lodged in the county jail Monday by Sheriff Honea, who returned him from Odessa. While held in the Odessa jail, Waldrop tried to commit suicide by slashing his throat with a razor blade. He is being held on charges preferred by Ted Roussin, formerly of the Gulf Service Station, and Crass Motor Company.

FORCE'S BROTHER SHOT

L. C. Force, city marshal, of Tuttle, Oklahoma and brother of P. B. Force of this city, was shot in the leg by bandits the fore part of this week. He, with the aid of the night watchman, attempted to halt a stolen car carrying three youths. The boys opened fire and the night watchman was instantly killed and Force wounded. The boys were later arrested.

NOTICE TO FOOTBALL BOYS

Report at the school house Thursday, August 31, at 2:00 P. M. Suits will be issued for the coming season and practice will begin the next day.

AULTON DURHAM, Coach

REVIVAL MEETING TO OPEN FRIDAY AT ROCK CREEK CHURCH OF CHRIST

Charles W. Watkins of Lubbock, will open a ten-day series of revival meetings at the Rock Creek Church of Christ Friday night of this week. He will be assisted by Earl Cantwell, local preacher.

Mr. Watkins, the evangelist, is well known in this section and at one time was a resident of Silverton. He and the entire Rock Creek Community invites you to the services.

LITTLE MISS DOUGLAS REFRIGERATES THE CAT

Mr. and Mrs. Watson Douglas of Silverton were in Quitaque on business Tuesday of last week. Watson wouldn't "talk" so we hunted up the Madame to get the low-down, if any. There was. The Douglasses are moving, in the very immediate future, to their farm at Whiteley Switch.

Their two-year old daughter, perceiving her mother on very regular and frequent occasions putting things in the Servel Electrolux, last week conceived ideas of her own. She put the cat in.

Mrs. Douglas heard the plaintiff wails of the kitten, which were gradually growing more plaintive, and searched the house good—very nook and cranny. But no cat.

Finally she "wondered". And sure enough, when she opened the Electrolux there was the cat—thoroughly refrigerated and on the verge of using up its ninth life.

—Quitaque Post

Another Wreck Last Civil War Veteran Passes

The third major collision on Highway 86 in Silverton, during the past three or four weeks, occurred Friday afternoon, when Roy Morris drove onto Highway 86 and struck the side of the car driven by Fred Wright of Olney, Texas. The Wright car was almost a total wreck, while the one driven by Morris (J.T. Neese's car) was slightly damaged. No one was injured, although after seeing the wrecked car, it seems almost unbelievable that a man could have been inside and remained unhurt.

Mr. Wright, who had come from Olney after his wife, who has been visiting the D. R. Blackerby home, was driving west on the right side of the Highway. Morris was driving north along the west side of the railroad right-of-way, and according to Wright, crossed onto the highway without stopping. He struck the Wright car in the center of the left side. The force of the impact lifted the car and drove it against a concrete abutment on the north side of the highway, driving the side of the car nearly half way through the body. Wright was thrown into the back seat, which probably saved his life.

Accidents are becoming more and more frequent on the highway through Silverton. Sooner or later someone is going to get killed unless steps are taken at once to erect stop signs and enforce bringing cars to a complete stop before crossing onto the highway.

SHOOTING AFFRAY AT J. A. RANCH

W. D. Newsome, former JA ranch hand is held in the Briscoe County jail charged with assault with intent to kill, following a "merry mix-up" at the JA camp in northeast Briscoe County.

The JA boys from the camp spent Saturday night in Clarendon but Newsome did not return to camp with them. The next forenoon he showed up thoroughly intoxicated and demanded his time and money. And to speed the deal up he drew his gun and did a little plain and fancy shooting. The other JA boys overpowered him while he was trying to reload, gave him a good beating, and loaded him and his six-gun in a car and delivered him to the Donley County Sheriff at Clarendon.

Sheriff Honea went to Clarendon Sunday afternoon and returned him to the Briscoe County jail.

Zell Stevenson and Mrs. Jim Stevenson spent Sunday in Floydada with Jim Stevenson and Mr. and Mrs. Kenneth Bain.

Singer

LILY JACK WAFFORD

Miss Lily Jack Wafford, who graduated from high school here last spring, won a contest for young Panhandle singers Saturday at Amarillo. Winning the contest entitles Lily Jack to a scholarship to the fine arts department of the Amarillo College.

"Ciribiribin" was the selection she chose to sing for the musical contest which was promoted by Folsom D. Jackson, dean of the college.

Mrs. Bland Burson, and others who have been associated closely with Lily Jack say that she has a wonderful voice, with great possibilities for the future.

BIG TIME FIGHT TO BE HELD AT LUBBOCK

The Maxie Baer-Babe Ritchie ten round fight will be staged at the Panhandle South Plains Fair Grounds Monday night, September 18, announced L. D. Thomas, Lubbock promoter.

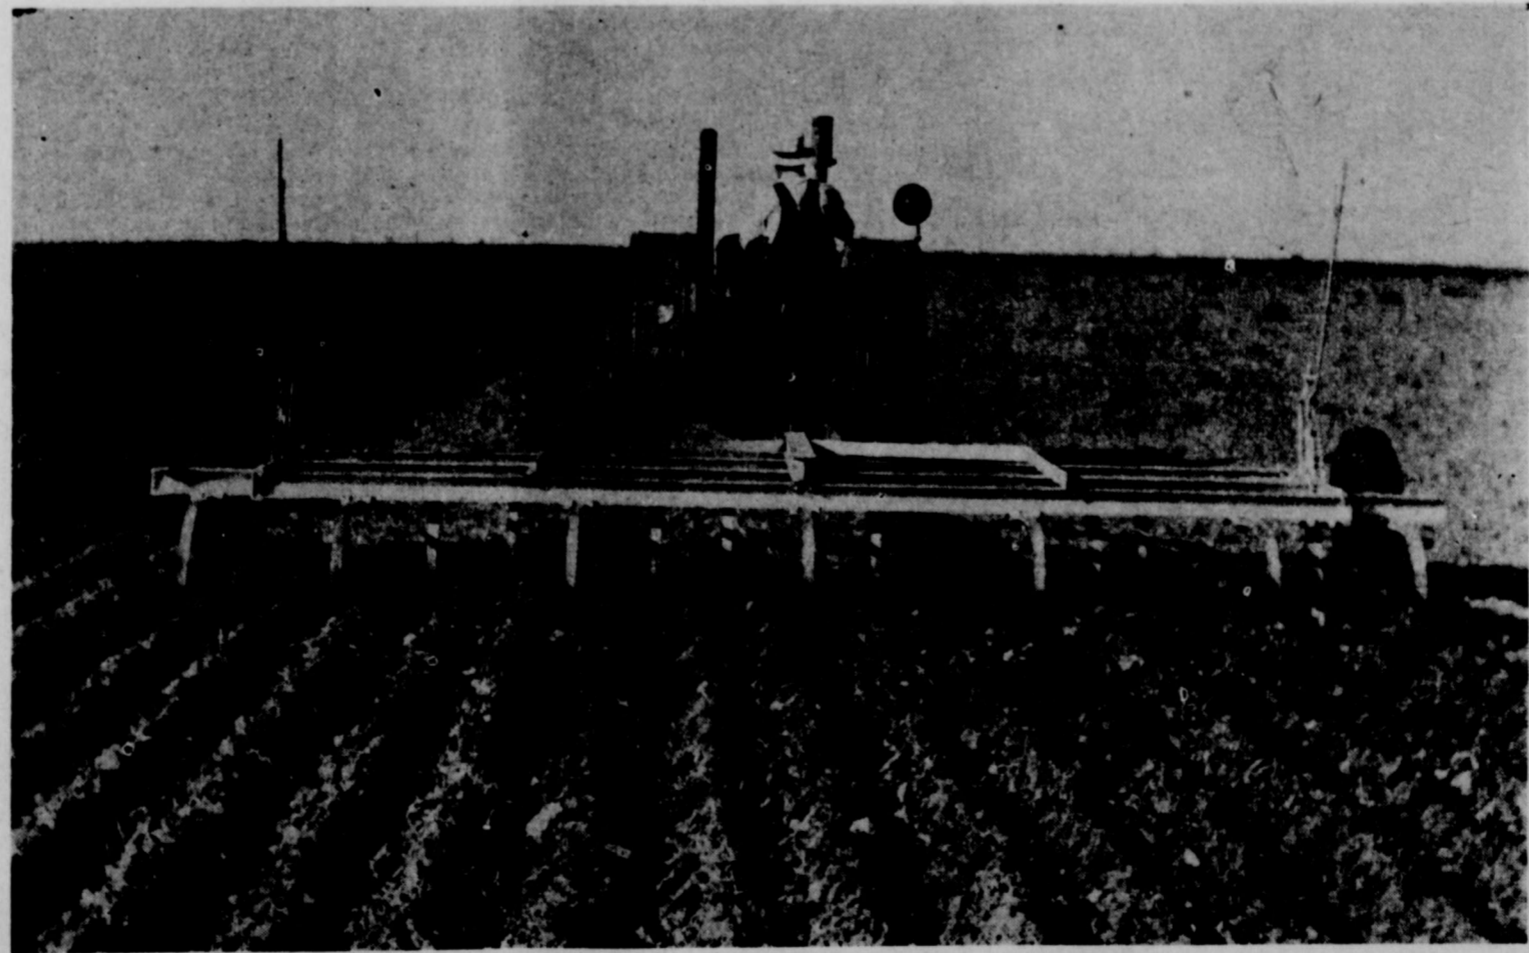

Thomas signed a contract with the Fair Association for the use of the grounds for the Monday evening event.

Tickets went on sale the first of the week with more than 1,000 reservations already on hand. Mr. Thomas announced. Prices for the ringside seats will be \$5.50 each.

Reservations can be made by writing L. D. Thomas, Lubbock; and enclosing money order or a certified check, it was stated. No reservations will be taken over the telephone.

Hoeme Plow May Be Solution To Farming Successfully With Little Rainfall

Hoeme Plow Company, Gentlemen:

I am the owner of two of your chisel plows, and am perfectly satisfied with their work in every way. I used these chisel plows in my farming operations in Deaf Smith and Floyd Counties during the past year, and am fully of the opinion that I made 50,000 bushels more wheat than I would have made had I not used these chisel plows.

During my entire experience in

farming I have never seen anything any ways near the equal of your chisel plows for conserving moisture and soil.

Yours very truly,
J. M. BROWNLAW,
Dougherty, Texas

Other Hoeme Plow owners near Silverton are: W. A. Graham, M. A. Graham, Walter Graham, H. C. Mercer, Eugene Long, Turner Brothers, Clyde Lightsey, Earl Long, Beavers and Woods, W. H.

Jackson, Grady Wimberly, Carl Wimberly, Marvin Tull, Q. E. Brown, John Lemons, and Gabe Garrison.

The Hoeme Plow Company was purchased some time ago by W. T. Graham of Silverton. Offices of the company are at Amarillo, Texas; Hutchinson, Kansas, and Silverton, Texas. For detailed information write or call THE HOEME PLOW COMPANY, at any of the above addresses.—adv.

Robert A. Watson Saw Active Service In Confederate Army

Robert A. Watson, last Briscoe County Confederate veteran, passed away at his home in Silverton, Tuesday, at the age of 93 years.

He was born in Cobb County, Georgia, July 29, 1846, and died at Silverton, Texas, August 22, 1939. He was married in November 1866; from which union 12 children were born, six of whom are still living. Six children together with his wife pre-deceased him. Besides these who are still with us, he leaves to mourn 35 grandchildren, 32 great grandchildren, and 2 great great grandchildren. Thus the simple story of a life may be told; but Robert A. Watson was a pioneer, and the earlier days he bore the discomforts of pioneers life with fortitude and zeal, thus contributing his part in making these wide plains habitable for those of us who came after. During the war between the States he saw much active service, and many were the thrilling stories he told of those days. To our friend and neighbor many years were given, and these years were filled with worth-while efforts. He was a charter member of the Presbyterian Church; assisting in its organization in 1892.

DISTRICT 4-H CLUB ENCAMPMENT 21, 22, 23

More than 300 club boys from 19 counties in this area attended the 4-H Club Encampment at Silver Falls near Crosbyton last Monday, Tuesday and Wednesday.

Jack and Raymond Reeves and Curtis Wimberly attended from Briscoe County.

Dean Liedt of the School of Agriculture from Lubbock Tech; and Mr. R. E. Dickson of the experimental station at Spur, talked to the boys and from the response they really enjoyed these noted characters of West Texas.

Many entertainments were furnished for the boys and the most outstanding activity was the eating and all were filled three times daily.

RED CROSS

Next Friday at the Court House at Silverton, a long deferred meeting of Briscoe County Citizens is to be held, for the purpose of reorganizing the local chapter. This meeting will be held at 8 o'clock p. m. All interested are urged to attend.

ADAPTABILITY

Dr. Chamberlain, missionary to India, says that one day while he was preaching at Benares, among the devotees who came to bathe in the sacred stream was a man who had journeyed on his knees and elbows from a great distance with the pain of conviction in his heart. He hoped by washing in the Ganges to be relieved. He dragged himself to the water's edge, made his prayer to Gunga, and crept in. He later emerged with the old pain still tugging at his heart. He lay prostrate on the bank in his despair. He heard the voice of the missionary. He raised himself and crawled a little nearer. He listened to the simple story of the Cross. He was hungry and thirsty for it. He rose upon his knees, then upon his feet, then clapping his hands, cried out, "That's what I want—that's what I want." The story of the Cross is what the world needs. The purpose of Christ is to bless, liberate and save the world. Come to the Presbyterian Church next Sunday morning and hear this Gospel.

FLORAL CLUB MEETING

The Silverton Floral Club will meet Friday, September 1, in the home of Mrs. A. P. Dickenson. All members are urged to attend this meeting.—President.

Mrs. Durward Brown entertained her husband with a surprise birthday party last Monday evening. After a lovely picnic at the Roadside Park, the party attended the show at the Palace Theatre. Those enjoying the occasion were Mr. and Mrs. Ware Fogerson, Mr. and Mrs. Bob Hill, Mr. and Mrs. Roy Hahn and the Browns.

WEEKLY NEWS ANALYSIS BY JOSEPH W. LaBINE

Hitler, Duce Lay Groundwork For Five-Power Conference To Escape War Over Danzig

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)

EUROPE: Another Munich?

One fear long entertained but little discussed by France and Britain is that Danzig might simply and peacefully declare its union with Germany.

RIBBENTROP AND CIANO Danzig isn't worth Italian blood.

In-law foreign minister, Count Galeazzo Ciano, to confer near Salzburg with German Foreign Minister Joachim von Ribbentrop.

Rumors leaked out that Il Duce was loud in acclaim of the Vatican's sincere efforts for peace via negotiation.

(London heard that Danzig's League-appointed commissioner, Dr. Karl J. Burchardt, had visited Hitler in Berchtesgaden with British authorization to transmit a "compromise" proposal.

Bruckart's Washington Digest

See Less Favorable Reaction to FDR's Remarks Than Formerly

Once Labeled Superman, It Is Now Realized President Is Human and Can Make Mistakes; His Will No Longer Completely Dominant.

By WILLIAM BRUCKART WNU Service, National Press Bldg., Washington, D. C.

WASHINGTON.—There has been much conversation around here lately concerning the changed reception given President Roosevelt's acts or statements. It can not be doubted that there has been an absence of that buoyancy which characterized his shots of earlier days in the White House; but lately, if one may judge from the observations of many persons, he has been missing the target as often as he has been hitting.

It is hardly necessary to recall how through some five or six years the President's remarks made his opposition wriggle and squirm. His statements seemed to have that necessary punch which quelled outbursts from those who disagreed with him.

Having noted the changed condition, myself, I sought a canvass of others. Nearly all of them eventually came to the conclusion that the lack of fire now often displayed in Mr. Roosevelt's remarks and their failure to arouse the same fervor among his followers are a natural result of events. He has been found by many people to be just human.

In saying that the Roosevelt circle ballyhooed their man too much, I hope I am not detracting from the good qualities. The point of this story is, after all, that millions of persons were led to believe that President Roosevelt could not make mistakes—mistakes were out his ken.

Build-Up Gave Roosevelt False Idea of His Powers

I believe it is a fair statement that the success which met Mr. Roosevelt's every turn during the period of his tenure—until perhaps 18 months ago—was due to this illusion that had been created. To repeat: his publicity backers seized on a colorful figure and built up that man to the point where more was expected of him than should be expected from any human being.

It is entirely possible that Mr. Roosevelt suffered personally from the intense fervor of the admiration that was given him. I do not say, of course, that he felt that he was a superman. Yet, the combination of a willing congress and the overwhelming support he had from the country possibly gave him a false idea of the power vested in him.

Then came signs of trouble. His advisors and possibly the President, as well, felt that congress could be made to do his bidding. Republican opposition and the chiding of members of congress that they were rubber stamps began to have an effect.

All of which brings to mind the real facts in the case insofar as the causes of the President's current ineffectiveness are concerned. It is the old story. Any ball team looks good when it is in the lead, when it is winning. Any race horse is a wonder only so long as it continues to win.

Makes Dad Break in Digging Up Supreme Court Skeleton

Nor is Mr. Roosevelt willing to let some of them die unnoticed. For instance, everyone recalls the heat that was engendered by the President's attempt to get congressional approval of his own pet government reorganization bill.

SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D. Dean of The Moody Bible Institute of Chicago. (Released by Western Newspaper Union.)

Lesson for August 27

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

UZZIAH: A KING WHO FORGOT GOD

LESSON TEXT—II Chronicles 26:3-5, 16-21. GOLDEN TEXT—Every one that exalteth himself shall be abased; and he that humbleth himself shall be exalted.—Luke 14:14.

"Pride goeth before destruction and a haughty spirit before a fall" (Prov. 16:18).

A man's life may begin with every promise of greatness and he may prosper in everything for years as he honors God, and then by presumptuous disobedience he may bring it all to sudden destruction, living the closing years of his life in disgrace and going down to his grave in sorrow.

I. Prosperity (vv. 3-5). "As long as he sought the Lord, God made him prosper" (v. 5).

With a heart right toward God, the background of a rearing by God-fearing parents (how much that means!) and the counsel of a man who was an "expert" in his understanding of the ways and the will of God, Uzziah prospered greatly.

II. Presumption (v. 16). "When he was strong, his heart was lifted up to his destruction" (v. 16).

President Sincere About Spending and Housing Bills So, evidently the two or three defeats that were clustered together made the President appear differently than when he had been on the winning side.

On the other hand, there have been many harsh statements concerning the President's accusations that congress was gambling. From among Democrats who voted against him on the major bills, I heard declarations of belief that their judgment was as good as that possessed by the Chief Executive.

Take another incident. Only a week ago, the President sent a letter to the Young Democrats of America, meeting in Pittsburgh, to the effect that unless the Democratic party nominates his kind of a liberal, he will take no active part in electing that nominee.

Immediately, he got a reaction to that statement that just did him no good at all. Now, it is one thing to lead the party which is united; it is quite another horse to be led when the party is split.

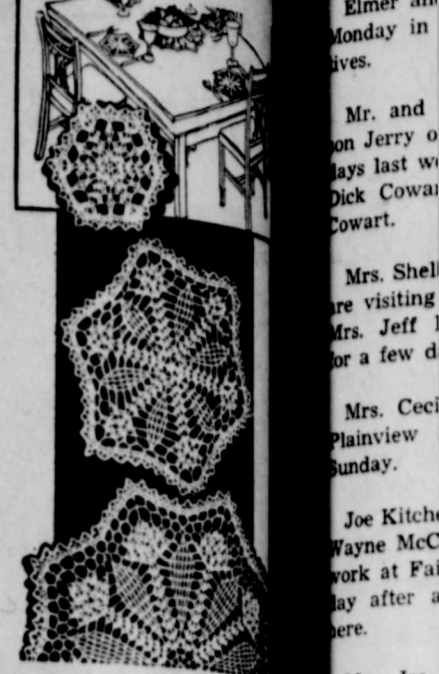

III. Punishment (vv. 17-21). "The king was a leper . . . and . . . was cut off from the house of the Lord" (v. 21).

If the judgment upon Uzziah seems too drastic, let us remember that the king was presuming to set aside an order established by God. It was a question of whether God was to rule or the king. We should also bear in mind that what looks like a single outward bit of presumption was really the expression of a heart that had long since gone far from God.

Beginnings of Evil When Achan stole the Babylonish garment, and the 200 shekels of silver, and the wedge of gold, and then he coveted them, and then he took them, and last he hid them. His eyes first went wrong; then his heart, then his hands and then his feet.

Christ's Power One of the undeniable miracles of Christian history is the mystic power of the disciples of Christ to remain faithful to Him in spite of all possible temptations to desert the faith.

Mrs. Jeff Simpson, Mrs. Ware Ferguson and Mrs. Durward Brown were Lubbock visitors Thursday.

WORKING FOR ONE-VARIETY COTTON

There are 415 one-variety cotton community associations in operation in Texas during the current season, almost double the 1938 total. There were 62 such organizations in 1937 and 213 in 1938.

Involved in the 415 associations are 27,066 farmers and 997,358 acres. Thus almost 11 percent of the estimated 8,980,000 Texas cotton acres is included in the one-variety blocks.

These figures do not include a number of large plantations and cotton breeding blocks planted to cotton of quality varieties, according to the announcement made by E. A. Miller, agronomist of the Texas A. and M. College Extension Service. Such blocks will bring the

total acreage well over the 1,250,000 mark.

Twelve counties are organized on a countywide basis. This, the agronomist believes, is the next step in the one-variety movement. He expects to see regional one-variety blocks in operation within the next few years.

Most of the cotton improvement associations are pooling their cotton in even running lots and holding sales days where the lint is bought on the basis of quality. Uniformity and inch or better staple are bringing handsome increases in prices.

'39 COTTON PAYMENTS

First batches of a scheduled \$24,000,000 in 1939 cotton price adjustment payments were on their way to approximately 30,000 cotton producers in 31 counties this week.

Designed to bolster the income of cotton farmers who have reduced their acreage this year in view of a towering cotton surplus, this series of grants will add to the purchasing power of Texas cotton producers the earning equivalent of around 600,000 bales at current prices.

B. B. Ingle, Grandview farmer and member of the State Agricultural Conservation Committee, pointed out that the price adjustment payment of 1.6 cents a pound on the normal yield of the 1939 cotton acreage allotment is made to the 1939 producer.

Delta county, receiving \$39,102.37, was first in the state to get 1939 cotton price adjustment checks. Other counties slated for payments within the next ten days are Red River, Titus, Morris, Marion, Rains, Van Zandt, Williamson, Colorado, San Patricio, Brooks, Henderson, Hunt, Garza, Kent, Mitchell, Nolan, San Saba, Travis, Calhoun, Jim Wells, Rockwall, Motley, Fisher, Jackson, Victoria, Bee, Nueces, Willacy and La Salle.

This is the first year that AAA payments have been current with the program to which they apply. Payments in connection with the 1937 program were made in 1938, and 1938 payments are being distributed this year.

Ingle reported that practically all of a projected \$3,000,000 in the 1939 wheat price adjustment payment has been made in Texas, and that Texas farmers and ranchmen have received approximately \$60,000,000 in 1938 conservation payments this year.

VOICE OF EXPERIENCE

If the opinion of 500 Texas farmers is a good yardstick, the best

work of the Triple-A has been "educating farmers to the need of saving and increasing fertility of the soil."

County committeemen, polled recently, gave that as their view, and ranked second in importance, the program's stress on diversified farming and farm-livestock development.

Third most beneficial aspect of the program, these men said was the development of a "more cooperative spirit among farmers."

Commenting on these responses to a questionnaire sent out in July, Frank Seale, Brazos County stock farmer and member of the State Agricultural Conservation Committee, said:

"It's encouraging to see that these county committeemen who are chosen by the farmers of their communities to run the program in their counties are considering the long-time benefits first. They have placed the dollars-and-cents proposition in a secondary bracket.

Seale pointed out that the program provides direct aid for specific practices such as terracing, contour farming, strip cropping and planting soil-building crops.

"There is still a good deal of time left to earn soil building payments by carrying out these practices," he observed. "Farmers who haven't earned their full allowances should get hold of their county agents as soon as possible and find out what practices could be best adapted to their particular farms as this time of year.

Committeemen answering the questionnaire indicated that terracing is the most popular conservation practice in the state and that planting green manure crops and summer legumes comes next.

CITATION

THE STATE OF TEXAS.

To the Sheriff or any constable of Briscoe County, Greeting:

YOU ARE HEREBY commanded to summons Lewis J. Seale, Mary Seale, Grace Seale, Susan E. Seale, D. W. Seale, Nancy Seale, and Minnie Hawthorn, and if married their respective husbands, if deceased, then their unknown heirs, and all legal representatives of defendants, and all unknown owners of the land and premises herein described, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not then in the nearest county where a newspaper is published, to appear at the next regular term of the district court of Briscoe County, Texas, to be holden at the court house thereof in Silverton, Texas, on the third Monday in September 1939, the same being the 18th day of September 1939, then and there to answer a petition filed in said court on the 2nd day of August A. D. 1939, in a suit numbered on the docket of said court No. 1057 wherein A. L. Dunkin, Marjorie Ball and Leoland Ball are plaintiffs and William Seale, Ruth Seale, Lewis J. Seale, Mary Seale, Grace Seale, Susan E. Seale, D. W. Seale, Nancy Seale, Minnie Hawthorn, and Eliza Kempner, and if married their respective husbands, and all their unknown heirs, and

all legal representatives of defendants and all unknown owners of said land and premises herein described, said petition alleging that on the 1st day of June A. D. 1939, plaintiffs were seized and possessed of the following described land and premises lying and being situated in the County of Briscoe and State of Texas, and described as follows:

All of the Northwest one-fourth of section No. 21, in block B-1, certificate No. 1-733, issued to B. S. and F. grantees, abstract No. 65 containing 180 acres of land, described by metes and bounds as follows: Beginning at the N. W. corner of said survey 21, for N. W. corner this tract: Thence East along North line said survey 950 varas to stake for N. E. corner this tract: Thence South 950 varas to stake for S. E. corner this tract: Thence West 950 varas to a stake in West line said survey 21 for S. W. corner this tract: Thence North on section line 950 varas to place of beginning.

Plaintiffs claim above described land in fee simple title.

That the day and year aforesaid the above named defendants unlawfully entered upon said premises and ejected plaintiffs therefrom and unlawfully with hold from them the possession thereof to plaintiffs damage in the sum of two thousand five hundred dollars.

Plaintiffs plead the statute of limitations and claim that they and their grantors through whom they claim title have had peaceable continuous possession under title from the State of the lands claimed in their petition for more than three years before filing petition in this suit.

Plaintiffs claim that they and those under whom they claim title have held the same under deeds duly recorded and have held peaceful, adverse possession of

said land for more than five years before filing this petition.

Plaintiffs would show unto the court that they have a good and perfect title to said land and premises as above described by metes and bounds and have held the same in peaceable, continuous and adverse possession, cultivating, using and enjoying the same for a period of more than ten years before the filing of this petition and this plaintiffs are ready to verify.

Plaintiffs say that they have a good and perfect title to said land and that they and those under

whom they claim have held, peaceable adverse possession of said land for a period of 25 years prior to filing this suit under deeds duly recorded in deed records Briscoe County, Texas.

Plaintiffs ask judgment for the title and possession of above land and premises for rents, damages and costs of suit.

Herein fail not, but have you before said court on the said first day of the next term thereof this writ, with your return thereon, showing how you have executed the same.

Witness R. E. Douglas clerk of

the district court of Briscoe County, Texas.

Given under my hand and seal of said court in the city of Silverton in the court house in Briscoe county this 15th day of August A. D. 1939.

R. E. Douglas, Clerk of the District Court of Briscoe County, Texas. Issued this 15th day of August A. D. 1939.

BRISCOE COUNTY NEWS
"Official City and County News"

ROY W. HAHN
Editor and Publisher
James L. Allred Sports Editor

There are two classes of men, and none but God knows how to classify them.

YOUR TRUE(?)LY IS now at his desk. His marvelous brain is throbbing like a trip hammer.

THE SCHOOL BOARD is making every effort to trim school expenses this year. Departments are being combined in many instances and D. O. Bomar, president of the board tells me that the boys and girls are going to have to use the same curriculum this year. Personally, I think it sounds like the wrong thing to do.

JACK STAMPER, editor of the Tullia Herald, had a word or three to say last week in regard to Plainview's attempt to get Highway 86 extended through that city. "Traffic from Turkey, Quitaque, and Silverton would be forced to continue traveling a dirt highway to make shortest connections to Amarillo and points north. Following the proposed highway through Plainview would be about as sensible as going by California en route to Chicago from here in an effort to save time and distance."

JACK GOES ON and tells his readers that it is high time to quit sitting, and to be up and doing. Let's all join in with them and do

some tall objecting to any change of route for 86. We have worked for years to get that road... let's keep what we have of it and get some more.

WHISPER, WHISPER... the secret is out at last. There is a Methodist Revival in session here. Not a line about it from any of those in the know. The Briscoe County News is anxious any time to be of help to church folks... but the editor is not a mind reader... not even of "master minds."

DO YOU KNOW, who it was in the Bible who was first to learn of the value of advertising? Well according to Homer Steen in the Floyd County Hesperian it was Samson... he took two columns and brought down the house.

CONFIDENTIALLY, the writer of the little safety talk on the front page is Ned Baird.

A BAD PENNY always turns up. About three months ago Charley Norrid gave the son a little white pup. We christened him Penny on account of the kid swallowing a penny when he first saw the dog. Anyway... Penny got to chasing cars, and snapping the kid's fingers. I took him out by Joe Smith's (figured Joe would give him a good home) and lost him only I didn't... yesterday he trotted in and made himself at home again after being gone for five weeks.

DORIS AND DOC have named their new boy Dorris Delithe... only Grandpa Peugh told me that he thought it was Dorris DeLuxe. Said it was a 1930 de lux model, equipped with all modern devices, even including running water.

LEM WEAVER took me out yesterday to sell me a Hoeme Plow. Or maybe he was just practicing. Anyway we tested the moisture in a field farmed with the Hoeme outfit. It was about 34 inches to dirt dirt. On the other side of the road was another field and the moisture depth was 22 inches... that's a lot of difference and I think experiment stations have shown that it is impractical to plant wheat in this country without a moisture depth of 25 inches.

THAT DRAUGHON'S Business College Scholarship—I still have it. Had it sold to a kid and after holding it for him several months, at the last minute he changed his

mind. If you know of someone going to business college, send them around—I can save them twenty dollars.

NO, I'M NOT going to war. I can't. I'm too old to be of any use. My feet hurt me and at times I have a sinking sensation around the heart. My chest is falling and I can't see twenty feet except when I'm trying to collect old accounts. Besides that I have a boy that I am grooming for the War of 1960, and on top of that I ain't mad.

NEWS BITS

From Neighboring Newspapers

Quitaque Park

Work was scheduled to start Tuesday on the city park at Quitaque. According to the Quitaque Post it will take at least five months to complete the job. The lighted football field is expected to be ready for play this fall however.

Attempted Suicide

Lowell Wright, 28, who has been held in the Motley County jail for robbery, attempted suicide last week by slashing his throat with a razor blade. The district court, under the direction of John Hamilton, Saturday declared the prisoner insane, according to the Matador Tribune.

Lighting Kills Horses

For the third time in three weeks work horses have been killed by lightning in the Lockney area. Last week Albert Mosley of near Sterley reported the loss of two horses to the Lockney Beacon.

Lower Taxes In Floyd

Floyd County Commissioners last week reduced the ad valorem levy in that county from 70c to 68c, says the Hesperian. Each tax receipt will be stamped showing that the state tax was raised 28c per hundred and that the county tax was reduced 2c.

Highway 86 Right-Of-Way

Some trouble is being experienced by the Parmer County Commissioners Court in securing the right-of-way for Highway 86. Impartial viewers have been appointed to determine land value on several farms to be traversed, says the State Line Tribune.

North Ward News

The North Ward Club met with Mrs. Jessie Hill August 23. Ten members were present. They were: Mrs. John Myers, Mrs. Floyd Wood, Mrs. Alton Ledbetter, Mrs. J. C. Turner, Mrs. Mable Turner, Mrs. Kolb, Mrs. G. W. Seaney, and Mrs. Dewey Beavers. Visitors present were: Mother Morton, Mrs. Roy Morton, Mrs. J. L. Watters, and Mrs. W. H. Jackson. A quilt was quilted and lunch was served at the noon hour. The next meeting will be with Mrs. Floyd Wood September 6. During the business session it was voted for the club to meet only in the afternoon. All members are urged to be present and visitors are welcomed.

Mr. and Mrs. A. J. Haverly of Etta are visiting his parents, Mr. and Mrs. R. M. Haverly.

Mr. and Mrs. G. W. Seaney and Donaleta and Bill McIntyre went to Erick, Oklahoma Sunday to attend the funeral of Mrs. A. E. Page, aunt of Mrs. Seaney. Mrs. Page has visited here several times. Her son Jack was killed in the canyons north of Silverton a few years ago by a rock falling on him.

ALABAMIANS REUNION
Alabamians of Floyd county and the South Plains will hold their annual reunion at Floydada on September 1st. The Alabama reunion grew out of the Rogers' reunion, an organization of long standing.

John H. Myers, chairman of the program committee, extends a cordial invitation for the attendance of all former residents of Alabama. Registration at City Park will start at 10 o'clock A. M., with an address by Mayor Glad Snodgrass at 11:30, and a basket lunch spread at noon, will make up the morning program.

What's the Answer?
By EDWARD FINCH

WHEN WAS THE PRACTISE OF KISSING ORIGINATED?

KISSING as we know it today (i. e., the touching of lips between two people) was first recorded as practiced among the early Persians. Herodotus tells us that at that time, an equal was kissed on the mouth, an inferior on the cheek. The Romans and classic Greece seemed to practice the custom at about the same time. In less civilized countries, the expression of affection was, and frequently still is, accomplished by the rubbing of noses, patting of arms, breasts or stomachs.

IMAGINE doing your cooking
in mirrors

Sounds funny, doesn't it? But electric cookery is so clean that it will not smudge even a mirror! Kitchen walls and curtains stay cleaner and fresher—which means money saved on kitchen decorations. A Westinghouse range will brighten up the whole kitchen... and for the rest of the story—look in your own mirror after cooking a meal!

Maurice Foust

Designed for Night and Day Smartness!

GIRLS planning to go away to college will be particularly delighted with these gay and youthful patterns—day and night, night and day—these are the ones you want! But everybody with an eye for style and a flair for sewing will like them! The pajamas (1794) are just as easy to tailor as they are comfortable to wear and charming to look at, with the quaint square neckline and trian-

gular pockets. Flat crepe, silk print, broadcloth and flannel are nice materials for them.

Slimming Basque Bodice. A dress that will send your morale and your spirits soaring, whether you wear it to an office, classroom, or just on shopping trips, is 1797. And why? Because the basque bodice makes your waistline look about as big as a minute, the skirt has a delightfully piquant flare, and the collar and cuffs give you a fresh, appealing, little girl look. Choose flat crepe or silk print for this—or thin wool.

The Patterns.

No. 1794 is designed for sizes 12, 14, 16, 18 and 20. Size 14 requires 5 1/4 yards of 39-inch material with long sleeves. With short sleeves 4 1/4 yards; 4 yards to trim.

No. 1797 is designed for sizes 12, 14, 16, 18 and 20. Size 14 requires, with short sleeves, 3 1/4 yards of 39-inch material. With long sleeves, 4 1/4 yards; 3/4 yard for collar and cuffs, with 1 1/2 yards pleating.

Send your order to The Sewing Circle Pattern Dept., Room 1324, 211 W. Wacker Dr., Chicago, Ill. Price of patterns, 15 cents (in coins) each.

(Bell Syndicate—WNU Service.)

Intellectual Whetstone

As diamond cuts diamond, and one hone smooths a second, all the parts of intellect are whetstones to each other; and genius, which is but the result of their mutual sharpening, is character, too.—Bartol.

HOT WEATHER BILIOUSNESS

Have you noticed that in hot weather your digestion and elimination seem to become torpid or lazy? Your food sour, forms gas, causes belching, heartburn, and a feeling of restlessness and irritability. Your tongue may be coated, your complexion bilious, and your bowel action sluggish or inefficient.

These are some of the symptoms of biliousness or so-called "Torpid Liver," so prevalent in hot climates. They call for calomel, or better still, Calotabs, the nauseous compound tablets that make calomel-taking a pleasure.

Calotabs give you the effects of calomel and salts combined, helping Nature to expel the sour, stagnant bile and washing it out of the system. One or two Calotabs at bedtime with a glass of water—that's all. Next morning your system feels clean and refreshed, your head is clear, your spirit bright, and you are feeling fine with a hearty appetite for breakfast. Eat what you wish and go about your work or pleasure.

Genuine Calotabs are sold only in checker-board (black and white) packages bearing the trade mark "Calotabs." Refuse imitations. Trial package only ten cents; family package twenty-five cents, at your dealer's (Adv.)

A Loving Thought

Instead of a gem or even a flower, cast the gift of a loving thought into the heart of a friend.—George McDonald.

EAST and WEST BY TALBOT MUNDY

THE STORY THUS FAR

Captain Carl Norwood has been sent from his native England to the Kadur River district in India, along with his indispensable manservant, Moses O'Leary, a valuable secret diamond mine belongs to the temple priests or to the ruler, the Maharajah of Kadur.

CHAPTER VI—Continued

The Resident was in his office, reasonably civil, but he frowned when Norwood told him about the palace supper. "You met the Hardings, I suppose? What did you make of them?"

CHAPTER VII

Norwood left his horse in charge of the sais at the palace front gate. He intended to return and ride up the long drive to the front door for his formal call on the Maharajah.

"Hello," said Lynn, "you've dropped something." He stooped, picked up what lay at his feet but didn't recognize it. It was a quite small black paper envelope.

"I saw it fall from your pocket," said Lynn. He opened it. It contained a neatly folded paper of diamonds. Nine large, clear white brilliants shone in the sun.

Lynn repeated: "I kissed Prince Rundhia, in a spirit of fun and partly to defy you." "Fun indeed! Vulgar, suggestive impropriety, with an Indian prince whose immorality is notorious! Whether or not I disinherit you will depend—"

Preserve Plants and Insects in Their Natural Colors

Two methods of preserving indefinitely in their natural colors such agricultural specimens as leaves, flowers, fruits, seeds, insects, and other biological material have been developed by chemists of the United States department of agriculture.

TEXAS ALL STARS IN STATE FAIR GAME

Elmer Tarbox, speedy Texas Tech halfback, left for Dallas early this week to begin training with the All Star squad which meets the Green Bay Packers in the State Fair's Cotton Bowl, on Labor Day evening. The fine exhibition that Tarbox gave against St. Mary's, makes his appearance in the lineup popular.

Names of Billy Patterson and Sam Boyd of Baylor University, also were added to the All Star roster. Patterson, triple threat quarterback, and Boyd, stellar passing and receiving end, each have made history at Baylor. Both will play professional football—Patterson with the Chicago Bears and Boyd with the Pittsburgh pirates. Patterson is now a member of the Chicago All Stars and plays the New York Giants in Chicago, August 30, coming directly to Dallas. Boyd is in the Pittsburgh training camp in Wisconsin and will arrive shortly after August 25th.

These additions bring the total number of players signed for the All Stars to fourteen. The others are: Kl Aldrich, center; Forrest Kline, guard; I. B. Hale and Allie White, tackles, of T. C. U.; Billy

The BIGGEST LITTLE MILL on the Market!

If you're looking for a low-cost, large-capacity hammer mill that will grind all small grains with minimum power, see the new McCormick-Deering No. 5 at our store. It grinds wheat, oats, barley, shelled corn, etc. With a 1/2-inch screen, it will grind up to 3,700 pounds of shelled corn or 3,500 pounds of oats an hour. See this sturdy mill of all-welded steel construction; also the larger No. 10 and 10-C Hammer Mills and the No. 2 Roughage Mill.
