County Yields Scrap Rubber --- 22 Pounds Per Person

A WEEK OF THE WAR
Authentic News From The Office
of War Information

War Production Chairman Nelson, speaking in Detroit, said, the U. S. will hit the "real" peak of its war production program by next March. Mr. Nelson said "Our ability to produce is much greater than any one dreamed. The armament objectives as announced by President Roosevelt last winter -- and which seemed too vast at the time -- will be realized. Our production capacity is apparently limited only by the raw materials available.

"The engineering genius of American production, when turned from peace to war, has proved a reservoir no one can gauge," Mr. Nelson said. "When American men and machines stopped competing with each other and turned all their competitive energy and abilities against Hitler and Hirohito, it knocked all previous calculations of our productive powers into a cocked hat. The real problem now is not one of production. It is the problem of a better distribution of the materials from which war production springs."

Chairman Nelson said "At all costs-- we must not get in the frame of mind that this is either an easy or a short job. If people build on false hopes of an easy victory or a short war, then they are certain to feel let down when the bad days come, as they will."

PRODUCTION AND SUBCONTRACTING

WPB Chairman Nelson announced a "realignment" of the Board to permit him to devote his time to essential allocation policies between the needs of the Armed Forces and the civilian economy. He said essential civilian needs, such as those for the communications and transportation systems, must be met. The civilian economy though "thin," must be kept healthy, he said. William L. Batt and James S. Knowlson were named Vice Chairman of the Board.

Lou E. Holland, formerly President of the Double Rotary Sprinkler Corp. of Kansas City, Mo., was appointed WPB Deputy Chairman in charge of the smaller War Plants Corporation Chairman Nelson said the Corporation should attempt to confine the manufacture of relatively simple war items to smaller factories, increase the farming out of manufacture of bits and pieces by large corporations which hold prime contracts, and encourage conversion of additional small plants to essential civilian production.

The WPB estimated, however, that 24,000 small manufacturers whose annual sales three years ago amounted to \$4 billion, will be forced to close before October 1 because of inability to convert to war or essential civilian production.

The WPB said expenditures for war purposes by U. S. Government agencies in June were at the average daily rate of \$158 million, 6 percent higher than in May. Congressional war appropriations to date total more than \$225 billion, the Board said, but the U. S. actually has spent less than \$40 billion.

The WPB Bureau of Finance obtained \$62, million in the form of loans or advances on payments for war materials for almost 400 manufacturers in June. During the past six weeks, the Army Signal Corps has given final acceptance each day to more than \$2 million worth of radio and communications equipment, and awarded contracts for \$1 billion worth of additional apparatus.

LABOR SUPPLY

Persons who desire jobs in plants working on secret or confidential Government contracts will no longer be required to turn in birth certificates to prove American citizenship, the War Manpower Commission announced. The WPB Labor Division said the aircraft industry will require more than 1,500,000 workers by the end of 1943. A total of almost 20 million persons will be drawn into war production and service in the Armed Forces during this year and next, the WMC reported. Content on back page

COUNTY STILL A BIT UNDER U. S. O. QUOTA OF \$400

The USO drive ended Wednesday night and at that time Briscoe County lacked \$11.00 of meeting its quota of \$400 according to Bert Douglas, who was in charge of the drive.

Every contribution has been made in a voluntary manner, but even at that Briscoe County should have been over the top weeks ago.

Bert Douglas, USO chairman, just called as we went to press and the quota of \$400.00 had been reached.

Bert says that he hates to report that the county is short, and so he will continue it a day or two longer. If you can possibly spare a dollar or so, see Bert Douglas today.

Thus far, Quitaque leads all other parts of the county and had subscribed \$191 several days ago.

Let's not forget that every cent goes toward helping our soldiers and sailors.

REID LEE

Miss Marcelite Reid, daughter of Mr. and Mrs. G. W. Lee of Dumas and Lieut. G. W. Lee, son of Mrs. G. W. Lee of Silverton, were married Saturday evening, June 20, 1942 at 8 o'clock in the Westover Chapel, Westover Mass.

The bride wore a sky blue costume suit with tan frog skin bag and shoes, her corsage was of red roses. The couple were attended by Sgt. and Mrs. Otis E. Gum, and Captain and Mrs. Bill Isch. The men were all in uniform.

Mrs. Lee graduated as valedictorian of the 1937 Dumas High School. She received her degree in Home Economics from West Texas State College, at Canyon, in 1941.

While in college Mrs. Lee was one of the few girls to take aviation. She received her private pilot's license after an intensive training course. Since graduation she has been with the Continental Air Lines, as a hostess, with headquarters in Denver.

Lieut. Lee finished high school in Silverton, and attended Sul Ross State College, at Alpine, Tex. where he also received his pilot's license. Lieut. Lee volunteered for service in April, 1942. He received training at Moffett Field, Stockton Field and Hamilton Field, and was commissioned as a second Lieut. in December 1941.

At present Lieut. and Mrs. Lee will be at Westover Field, Where Lieut. Lee is stationed.

Mrs. O. T. Bundy entertained with a coffee, Wednesday morning in honor of her daughters, Mrs. Clarence Mast and Mrs. Virgil Ballard. Invited guests were, Mrs. W. E. Schott, Miss Carolyn Schott, Miss Janie Schott, Mrs. W. E. Schott Jr., Mrs. R. G. Alexander, Mrs. Gatewood Lusk, Mrs. W. Coffee Jr., Miss Evelyn Coffee, Mrs. Bob Hill, Mrs. Troy Burson, Mrs. Rex Dickerson, Mrs. Maurice Foust, Mrs. Fred Lemons, Mrs. Roy Hahn Mrs. Thurman Graham, Mrs. True Burson, Mrs. Homer Sanders, Mrs. D. O. Bomar, Mrs. T. R. Whiteside, Mrs. R. E. Douglass, Mrs. Dick Cowart, Mrs. T. T. Crass, Mrs. J. T. Luke and Mrs. A. L. McMurry.

Jo Nell Shaver of Childress, is visiting Mrs. Omer Cornet. Tuesday evening a barbeque was given in honor of Jo Nell. Those attending were Mr. and Mrs. J. F. Bingham, Mr. and Mrs. Bernice Welch, Lynn Welch, O. C. Rampley, Jo Nell Shaver, Roy Mack Waters, Fay Tice Bomar, Patricia Bomar, Jo Webb, Mary Tom Bomar, Miss Maxine Waters, and Mr. and Mrs. Omer Cornet.

Miss Evelyn Coffee entertained in honor of Miss Merle Jo Coble of Amarillo with a hamburger fry Thursday evening. Those enjoying the party were, Freda Wimberly, Dorothy McMurry, Jean Northcutt, Claynell Fowler, Merle Jo Coble and the hostess Evelyn Coffee.

BRISCOE COUNTY RANKS HIGH IN COLLECTION OF SCRAP RUBBER

According to unofficial figures, but which are believed to be accurate, Briscoe County folks have turned in a total of 85,000 pounds of scrap rubber for a per capita record which will rank high, even in the nation. Claude Carpenter contacted operators personally, and received the total of 84,480 pounds. He did not get a report from Gasoline, Joe Johnson's station, and one station in Quitaque. A considerable amount of rubber from the San Jacinto community no doubt went to Tulia, which leads us to believe that the total of 85,000 pounds is a conservative one.

In the national poll of stations, only the wholesalers figures are counted, by which figuring, Briscoe County would not rank so well, due to fewer wholesalers. The Texaco Station here, for instance turned in their rubber to the wholesaler at Turkey, who makes the official report.

According to the figures above, and taking the present population of the county to be the number who applied for sugar rationing books (and that won't miss many) Briscoe County turned in 22 lbs. of scrap rubber for every man, woman, and child in the county. That is a record to be proud of and one that will not be bettered in many places in the United States.

NOTICE TO SCHOOL PATRONS

It will be necessary for all children living in the common school districts, who expect to attend school in any other district, to make application for transfer on or before the first day of August. Please take care of this matter now.

W. COFFEE, JR.
Ex-Officio School Supt.

MARKETING QUOTA PENALTY SET ON COTTON

Cotton marketing quota penalty rate is 8 cents per pound for the 1942 - 43 marketing years. Under terms of amendments to the AAA Act, loans will be made by the Commodity Credit Corporation at 85 percent of parity price on August 1, the beginning of the marketing year and will be approximately 16 cents per pound. While the cotton loan rate will not be set until August 1, early harvest in some sections of the state necessitates immediate announcement of penalty rate for cotton marketed in excess of the farm marketing quota. Fred Rennels, of AAA in Texas, said,

DANIEL KIZER

Mr. and Mrs. J. M. Daniel of Floydada announce the marriage of their daughter, Kathryn, to John W. Kizer, son of Mrs. R. H. Kizer, Sweetwater, Tennessee. The wedding took place July 10 at St. Pauls Methodist Church in Houston.

Mrs. Kizer is a graduate of Floydada High School and attended West Texas College at Canyon, and Sul Ross College at Alpine. The bride was a member of the Pi Omega Sorority in Canyon.

Mr. Kizer is a graduate of Sweetwater High School, and is associated with Moncrief-Lenoir Manufacturing Company. After a short wedding trip the young couple will be at home in Houston. Kathryn is the granddaughter of Mr. and Mrs. J. E. Daniel of Silverton.

xMrs. H. S. Sanders entertained a group of girls with a slumber party Monday night those attending were Jo Webb, Dorothy McMurry, Jean Northcutt, Claynell Fowler, Patricia Bomar, Fay Tice Bomar, Evelyn Coffee, Patricia Duncan of Plainview and Peggy Lawler of Goodnight.

Are you putting at least 10 percent into bonds?

TO THE CITIZENS OF THE 120 LEGISLATIVE DISTRICT OF TEXAS

I like millions of other American citizens have a keen desire to better serve my country in this time of war. Since I am unable to get into the arm forces, and in view of the existing crisis, I feel that I can be of service to Texas and the Panhandle in the forthcoming 48th Legislature. Accordingly I am formerly announcing as a candidate for Representative of the 120th Legislative District of Texas, Subject to the action of

the Democratic Primary on July 25th.

In making this announcement I do so without prior commitments on any particular issue or subject to any potential legislation. Neither do I propose to make any specific or unqualified commitments. Should I do so I would be honor bound to adhere to the same, regardless of the demand that may arise for preferential legislation designed to protect our very existence in the prosecution of our war objective. None know what the next few months may bring, nor do we know the sacrifices we will be called upon to make, the denials and privations that we may suffer in order to preserve the American and Democratic way of life. Too often in recent years have our representatives in State and National government sponsored and endorsed legislation designed to realize their mistakes and see the folly of their idle promises. In these dark and revolutionary days, a policy of legislative promises, would, in my opinion, be unfair and perilous to the citizens I now propose to represent.

My only pledge to the people of the 120th Legislative District is, if you see fit to send me to the legislature, I will always bear in mind that I am the servant of all the people in my district and not controlled by the vested interests. I am for the present State and National Administration and will cooperate with them at all times. I realize that the tax burden is tremendous and should not be increased unless absolutely necessary. I will fight to abolish unnecessary taxation and to see that the Texas Panhandle gets its share of the taxpayers' dollar. I believe that improvement should be made in facilities to take care of the mental cases awaiting transfer to the state institutions; that the aged, needy, blind and crippled citizens should receive every consideration; that our educational facilities should be promoted and protected in order to guarantee the future welfare of our American youth. I will not assent to any vote, bill or resolution which shall appear to me to be injurious to the people I propose to represent.

Neither will I vote for any legislation or act that will tend to lessen or abridge the rights and privileges we now enjoy under our own constitution.

Upon the above and foregoing statements I submit to you my candidacy. Due to the present emergency and in my efforts to cooperate with the National Administration in the conservation of war materials I regret that I will be unable to see and talk with you personally. I invite your investigation of my record and earnestly solicit your support, influence and vote. I assure each of you that your constructive counsel and advice is sought and always welcome.

Respectfully submitted,
A. FOY CURRY, JR.

Interest Grows As Election Nears

ROOSEVELT SUMMONS GENE WORLEY TO WASHINGTON

Congressman Eugene Worley of Shamrock has cabled friends that he will return to Washington as soon as possible in compliance with a directive issued by President Roosevelt, calling all members of the House and Senate now on active war duty, back to Congress.

Worley's cablegram came from a far away Australian port where he is aboard a U. S. Aircraft carrier. The identity of the port and the name of the ship cannot be disclosed for military reasons but it can be said that the port is a key United Nations naval base and that the aircraft carrier is one the Japs have claimed to have sunk on four different occasions.

Friends of the Congressman who are in charge of his campaign for re-election, do not expect Worley to reach the States until after the July 25th Primary. They point out the President's directive, issued June 17th but not made public in Washington until last week, asked Representatives and Senators on war duty to report on July 1, or immediately upon returning to the United States, but that at least a few weeks would be required for Worley to make the hazardous trip home.

Immediately upon reaching American shores Congressman Worley plans to head for his district to discuss the war before resuming his duties in Washington. He will bring a wealth of first hand information which will be helpful in shaping the future course of America in the far-flung battle for freedom.

Worley enlisted in the Navy immediately after the sneak attack on Pearl Harbor in keeping with a campaign promise to volunteer his services if he voted for a declaration of war. He said he would return to Congress when the President called him.

Before going to the Australian Theatre of war, Worley was stationed at Pearl Harbor for a few months. He took his naval training at Washington and received his basic military training while a student at Texas A. and M. College several years ago.

Gene's friends are conducting a quiet campaign in his behalf and point out that length of service determines the influence and committee assignments of members, and that it is to the best interests of the Panhandle to return Worley to a second term. Their slogan is "Make It a Landslide for Worley This Time."

Business Brisk at Tulis

Implement buying was brisk at the McCormick Deering agency the past two weeks, and Mr. Tull reports the following sales:

- A new Farmall-M on rubber to Edd Thomas.
- A new Farmall M and equipment to Joe Mercer.
- A new Farmall-H and equipment to A. L. McMurry.
- A new Hammermill reed grinder to Garvin Long.

Tull has only two more Farmall H tractors that are equipped with rubber tires.

MAIL CARRIER GIVES STATEMENT OF RUBBER

Bill Tennyson, rural mail carrier who started a one-man drive July 4 on his route for collecting rubber and selling stamps and bonds has made a pretty good "go" of it.

Altogether, he collected 1,193 pounds of rubber in five days, and \$129.00 in stamps and bonds. Most of the rubber was in small articles turned in by the children.

Tennyson announced prizes for the boys and girls under 18 on his mail route for the largest amount of rubber given to the drive. Bonnie Jean Simmons was first; Hazel Wilson second, Ruby Jewell Chapel, third; Eddell Hutsell, fourth; and Joe Lee Bomar, fifth.

Harvest Special is nearly over, just a few days left to subscribe to your home town paper for a dollar and a quarter.

Of course it can't compare with the good old days, but as the fateful day of July 25 draws nearer, more talk is heard of the chances of this and that candidate, both in the local, and in the district and state contests. The war still occupies first place in conversations but if one stays with the crowd long enough, sooner or later the talk turns to the approaching election.

In the race for United States Senator the majority of folks will tell you that the wise-cracking, Sunday speaking O'Daniel will be returned to his seat. He is opposed by Dan Moody and Jimmy Allred, both better versed in statesmanship, but perhaps not so well schooled in campaigning, as their adversary.

Worley will no doubt be returned to his Congressional seat. He is being opposed by Lynn Miller of Pampa.

Coke Stevenson, opposed by five aspirants, should go back in the Governor's chair without a run-off. He has made a down-to-earth, honest Governor and Texas for the most part, seems right proud of him. O'Daniel, of course, is running a proxy.

In other state offices little interest is shown.

A. Foy Curry, Jr. 34-year-old Tulia attorney is making considerable stir with his campaign for Representative of the 120th Legislative District and is said to be picking up votes all over the District over the present incumbent.

NOTICE TO CANDIDATES

Next week's Briscoe County News will be devoted to your interests, and will be sent to every family in the county. If you wish to be included with the other candidates in this issue, please make your arrangements as early as possible--Friday or Saturday to insure good position.

The paper will be issued a day early next week.

The District Attorney's race between John Hamilton and L. D. Ratliff is arousing much speculation, although Hamilton has Briscoe County pretty well sewed up.

In the county offices, only the Clerk's department shows an opponent. The present incumbent, R. E. Douglas, is not a candidate this year, and the race is between R. G. Alexander, John Arnold and E. P. Lewis of Gasoline. There will quite likely be a runoff in this race.

The same situation developed in Precinct No. 3 when Grady Wimberly decided not to run. Three men P. D. Jasper, Bryan Strange, and Will Smith are asking for your vote in this precinct.

In Precinct No. 4, Chester Burnett from across the Tule, is after the job and there is not much predictions to be made as to the outcome. J. R. Foust present commissioner has always run a strong race.

In Precinct No. 1, Walter Walters is a "write-in" candidate against R. M. Hill. Walters was the first to announce, but by an oversight, failed to have his name printed on the ballot. The race will be close despite the fact that Walters supporters will be forced to write in the name of their candidate.

Next week, the Briscoe County News will be given over almost entirely to political talk and in order that it be delivered to all parts of the county before Election Day, will be issued a day earlier than usual. Candidates wishing to be included in this issue should have copy in before Monday afternoon.

Election judges as named by County Chairman Sanders are as follows: Silverton, No. 1, Lee Deavenport Quitaque, No. 2, H. G. Gardner R. Creek, No. 3, John Lee Francis Red River, No. 4, S. A. James Gasoline, No. 5, Boone McCracken San Jacinto, No. 6, Wright May Silverton, No. 7, Ira Bean " " No. 8, Mrs. D. T. Northcutt

TRY OUR WANT ADS

Don't Blame Me If U Miss Something ...

Yes, in another minute you would have missed seeing this pretty girl altogether, ... for in another minute she would have stepped out of the picture entirely.

And if you wait much longer, you will have waited too long to take advantage of the \$1.25 offer on the Briscoe County News. Plans are now, to end the offer on Election Day. That doesn't give you too much time, so why not drop over to the News Office right now before you forget it.

Since you came so near to missing the girl here, I want to remind you that if you are not a subscriber, you are missing a lot of good things every week. I may not always tell the truth, but I'll guarantee to either make you "mad" or happy before the year is out. There isn't any need as I see it of getting on the fence on opinions — more birds get hurt in Silverton from straddling fences than from any one thing.

Don't forget to subscribe. If you don't like the editor — send it in by a friend — but really I can't imagine a guy that doesn't take the Briscoe County News having any friends.

THE MONDAY Column comes riding up and takes a bow. The Monday column is really quite proud of itself, just for being started lately on Monday. It's supposed to be the poorest time of the week to write but it works nicely for Yours Truly cause everyone knows his writings are spontaneous. I don't have to have any-

thing to write about. All I need is space to put it in --- and perhaps from the advertising outlook at this time I shall be able to spare myself a page or two.

HOW WOULD YOU LIKE to have three or four more pages of this stuff? Don't get excited, I didn't mean it.

TALKED WITH JOHN HAMILTON awhile this afternoon. John gets to telling you about the three young Hamiltons (they are going to be cowboys, not lawyers) and you would think that one young Hahn won't have much chance in the world because of so much competition. Claims that the three of them could take the linotype out all in one piece, set it

down in the road, and start it to working. I asked him how big they were. The first is about 40 inches tall, the second 32 and the third was just a little past zero mark. These wonders of the world are Tom, Dick and Harry Hamilton, in case you had forgotten.

HAVING SO MANY so close to-gether, leads me to believe that John isn't going by the 40-hour week.

ANOTHER CANDIDATE was in this morning. A. Foy Curry, Jr., of Tulia. He aspires to be our next representative. Well, every district should have one, and Tarwater has been out for nearly two years.

CURRY IS A pretty nice appearing chap, with a pretty good law background, and 100% strong around Tulia, where he has made his home. In this country that is a

pretty good sign. Southern hospitality has never been so strong but that a man might get blacked by his own next door neighbor --- if the next door neighbor didn't think he had the stuff.

TEXAS POLITICS AS a whole is a very funny proceeding. More men have been elected to the bigger offices lately on a record of a game leg, or a good guitar, and a lonely mother than from the qualifications they really have.

TEXAS VOTERS ARE sincere and honest, but when they get that ballot in their hands, their brain sometimes takes a whirl that makes that ballot look like the score card of a moon game. What I mean to say is that we wear our feelings on our sleeve.

I CAME HERE from Kansas, so I'm always quoting Kansas. But the fact remains that in Kansas they never know until after the voting, whether the state is Republican or Democrat. It hasn't much tradition back of it, that kind of voting, but it pays off. When there is federal money spent and aid extended, where does it go? To Texas who announced generations ago how they were going to vote? Or to Kansas, or Colorado or New Mexico where they never know? Look it up for yourself and see how much the New Deal has spent per capita --- in Texas --- and in any of the doubtful states. It is this is going to continue as a

New Deal nation, then Texas should get on the fence.

OH, WELL I didn't know you were going to take it that way. I'll take it all back. It has been purely accidental. Politics has nothing to do with it.

SATURDAY WAS OUR sixth wedding anniversary. In that length of time a man should be able to determine whether he is, or she is. The boss, I mean. Figure it out for yourself in our case. Six years ago I got a gal that had specialized in music --- I think eight years of it. She didn't like newspapers and claimed at the time that she would never play second fiddle to a country fiddle. Well, drop in any time. The lady with the smudge on her nose is the one with the PDQ degree in music. She can set nearly as much type as Yours Truly can (but not quite). As for the music -- if I can't play the saxophone better than she can I'll eat it. And if you don't believe it, ask any of the neighbors the next time she goes to see her folks.

NOW IN THE opposite case is Tom Bomar. He has no more control over his wife than I do over roller skates. He was telling about one time a long time ago when he was living on the farm and working for a living. He was breaking sod with a pair of bronc mules, and following a walking plow. An old boy drove up and while Tom was oiling the walking plow, he came over in the field. He was selling a big map in connection with Cappers Mail and Breeze. Tom says he heard something pop behind him and looked around and the old bird was standing there popping a page size map up and down. The mules left, but Tom managed to grab one line and keep them running in a circle. They just circled the map salesman and beings as he didn't know his name, every time they came around Tom gave him a new one. I think it went on for hours, at least it took the Mayor twenty minutes to tell it. Finally, to make a painful story less painful, the old boy left. And what did he do but go up to the house and tell Mrs. Bomar that Tom was mad and wouldn't buy his map. And what did she do? She bought it! Tell me sweetheart, is that wife control or not!

HATCH ANDERSON is trying hard this week to act just like he always has, calm, peaceful, and all that. But Hatch has heavy responsibilities now. He has a son. Had he gotten a boy the first time I doubt if he'd ever lived over it. The man needed this son too, for he was kinda down in the mouth and there is nothing like a new son, to pep a man up. And I've found that the pepping-up process extends over a period of at least five years. The low down on Hatch is that they didn't even have a boy's name picked out. Fellows are sure different. Now take Weaver, I think, has always suffered from over confidence.

THE MONDAY SECTION of the column is about through. I have demonstrated that my brain throbs like the native drums of Africa. I have demonstrated that I do not have anything to write about. But I am in charge of the stereotyping department tonight, and I haven't finished melting my metal. There are limits too, to just how much my brain can throb.

THE THURSDAY morning column comes sneaking up with a nasty, hang dog look in his eye, and no excuses.

BUSINESS NOTE: Rags Riddell has changed his office hours and is regularly in town one hour earlier now.

TEETER HAS A two-bit want ad this week asking for barbed wire. They tell me that it is just

going to waste in Russia right now. Teeter, why don't you call RUSSIA-2822, and ask for Joe?

TEETER HAD A lot of barbed wire, but last year when the ducks got so bad, and his feed crop blew up, the ducks stripped his fences

of every single barb, thinking was goat-heads strung on a string. He has nine miles of real wire for sale now at a very nominal figure.

Subscribe now for only the sum of \$1.25 for a year.

WRITE IN

Walter Watters

For Commissioner, Precinct No. 1

To my friends and supporters in Precinct No. 1:

In spite of the fact that I announced publicly January 15 that I was a candidate for Commissioner, through my own forgetfulness and other things, which you are perhaps familiar, My name will not appear on the ballot. I could lay the blame to the tornado and worry but will just say that I overlooked the filing date

BUT I AM STILL A CANDIDATE, although I will have to inconvenience you by asking that you write my name in the space provided on the ballot. Here is the way it must be done: Draw a line thru Mr. Hill's name and write in **WALTER WATTERS** like this

For Commissioner
Precinct No. 1:

R. M. HILL

Walter Watters

P. S. Don't forget the two T's in Watters.

E. C. Nelson

Judge E. C. Nelson is a candidate for Chief Justice of the Court of Civil Appeals. This is one of the highest judicial offices in our State, one that demands the most thorough training and the widest possible experience. Judge Nelson has attended and graduated from the leading universities and law schools in our country, giving him an educational background of the highest order.

He taught school for five years before entering the legal profession, and served two years in the United States Army during World War I, fourteen months of his service being in France.

He has had a well-rounded legal experience. He has been a licensed attorney for more than 22 years. He has practiced law in all of our courts and has been judge of all courts of record up to the Court of Civil Appeals. As an appellate judge, he will be able, from his own experience, to review a case from the standpoint of both the practicing lawyer and the trial judge. He is now District Judge of the district composed of Polk, Randall, and Armstrong Counties, and his record as a trial judge is one of the best in the State.

Judge Nelson is 51 years old, just the right age to undertake the work of an appellate judge. He is old enough for maturity, experience and judgment, and young enough for the years of hard work the position requires.

The size of the district has made it impossible for him to see all the people, but he solicits the vote and influence of all our citizens.

(Political Adv.)

Eugene Worley Goes Back To Congress

AT THE REQUEST OF PRESIDENT ROOSEVELT

Congressman Eugene Worley sent word last week from a far-away port in Australia that he would return to Washington in compliance with a directive issued by the President, calling all members of the House and Senate who are on war duty, back to Congress.

It will require a few weeks for Gene to reach American shores but as soon as he does, he will head straight for his district to talk over the war situation with you before resuming his duties in Washington.

Gene has been aboard a U. S. Aircraft Carrier at Pearl Harbor and off the Coast of Australia for the past six months. He volunteered his services to his country when he voted for war - just like he told you he would. He did what his predecessor, Marvin Jones, did in World War 1, and what Senator Tom Connally did in 1917.

When he enlisted in the Navy in January, Gene said he would return to Congress when the President called him, and he is keeping that promise, too. He will return with a vast amount of first-hand knowledge of this war that will be helpful in shaping our future course.

Gene will not be back in time to ask for your vote, but his friends ask for him.

Let's Make It A Landslide For Worley This Time!!

Vote for Gene Worley for Congress

AGGIE BRIEFS
Secretary Briscoe Co. Committee
By Ray S. McEntire

1942 Compliance
Each year with the beginning of the general compliance work numerous questions arise relative to the various certifications made by

Dr. O. T. Bundy
—PHYSICIAN—
Silverton, Texas

reporters and producers. In order to better acquaint producers with the certification that will be expected of them under the 1942 program the following discussion is presented.

The certificate which each producer will be expected to sign is as follows:

"This is to certify that I, the undersigned, have entered the names of all parties interested in soil building practices carried out on this farm and all those interested in special allotment crops. This is to further certify that I am aware of the fact that should names be left off who are entitled to payment; I will forfeit all government payments due me for following a practice which defeats the purpose of the AAA Farm Program. Signed (Operator.)"

In view of the certifications on various applications which read as follows:

"There are entered hereon the names and respective shares of all persons, who, under the leases or

operating agreements relating to this farm, are entitled at the time of harvest to share in the special allotment crops grown in the farm or who have incurred any expense with respect to the carry-out of any approved soil-building practices on the farm," and the fact that the County Performance Reporters are instructed to measure farms only when the operator or a person duly authorized by him to act on behalf is present, it would be very difficult to presume that a landlord or operator did not have knowledge of the facts on the farm at the time he signed the application, and it does not seem reasonable that the landlord or operator should be considered as not having adopted practices defeating the purposes of the program of to have committed a fraudulent act.

The above is brought to your attention by the County Committee in the belief that by co-operation between the county office and the producers this phase of the program will be handled without embarrassment to anyone.

A WEEK OF THE WAR
(Continued from Front Page)

sequently, employers can no longer afford to set arbitrary age limits or discriminate against workers because of sex, race or nationality, the Commission stated. The WMC said the United Electrical Radio and Machine Workers of America (CIO) is conducting a drive in 40 war production plants to encourage hiring and upgrading of Negroes and workers in other minority groups.

RATIONING

The OPA said about 8 million Eastern motorists have received basic permanent gasoline rationing books. Congressmen, members of State and local legislatures and other Government officials will be eligible for "special rations" for use in legislative or official business, and bona fide political candidates may have extra rations for travel necessary to the prosecution of their candidacies, the Office said. Special rations will also be issued for travel to obtain medical service, to demonstrate cars or boats for sale, to transport equipment and personnel of scientific expeditions and to operate a vehicle in tests essential to the war effort.

The Office ruled newspaper reporters and photographers will be eligible for supplementary rations up to a quantity sufficient to permit 470 miles of occupational driving a month if they can meet car pooling provisions. Increased monthly gasoline quotas will be given stations servicing war workers cars. The WPB granted OPA authority to require filling station operators to submit coupons or other evidence that ration regul-

ations are being complied with, when gasoline is delivered to their stations. The OPA said local rationing boards may refuse to issue new tires to eligible motorists if an Inspector's report shows the purchaser has abused his tires. The "bonus" sugar stamp, number Seven in War Ration Book No. 1, may be exchanged for two pounds of sugar until midnight August 22.

THE WAR FRONT

Recent Far Eastern events indicate "the turning point in air operations has been reached and the Japanese are now more on the defensive whereas the American Air Forces are on the offensive." U. S. Army Air Forces Headquarters in China reported. U. S. submarines within two days sank or destroyed five Japanese destroyers in the Aleutians, the Navy said. The War Department said American troops are now stationed at Port Moresby, Allied base in New Guinea. The Department also announced that U. S. crews, manning American-made medium tanks, knocked out a number of German tanks in the battle of Libya in mid-June without any losses of their own personnel. Gen. MacArthur reported more Allied raids on numerous enemy bases in the Southwest Pacific. The Navy announced the torpedoing by Axis submarines of 16 additional United Nations merchant vessels.

Local Happenings

Mrs. Clarence Mast and Mrs. Virgil Ballard and daughters spent from Wednesday until Sunday in Plainview with Mr. and Mrs. L. W. Kiker. Mrs. Kiker brought them to Silverton Sunday and spent the day in the Bundy home. Sunday afternoon Mrs. Kiker and Mrs. O. T. Bundy visited their sister Mrs. Ben Smylie in Quitaque.

The L. T. D. Club met with Mrs. J. T. Luke Tuesday afternoon. Each one brought a defense stamp and the lucky one to draw them was Mrs. Maurice Foust. Guests of the club were Mrs. C. M. Mast, and Mrs. Virgil Ballard. Members enjoying the afternoon were Mesdames Maurice Foust, Otis Tidwell, Arnold Brown, Durward Brown, Theron Crass, Roy Hahn and Venus Gillispie.

Clarence Brown is seriously ill in a hospital at Bakersfield Cal. He may have to undergo a major operation. His father Q. E. Brown left Wednesday for California to be with him.

Antelope Flat News

A nice "rain" shower fell in the Flat Friday afternoon, the first we have had in quite some time.

**JUST WHAT YOU WANT
IN A TRACTOR**

THE NEW FARMALL-H

Put this new Farmall-H to work on all your power jobs. You'll find it has everything you want in a tractor. It has the same standards of performance and economy that have been featured in Farmalls for 17 years. Now, with the great new Farmalls, you get new features, handsome lines, and greater efficiency than ever.

Decide to put Farmall-H to work on your farm right away. See us for complete details. Ask about the new, big Farmall-M and new small Farmall-A with "Culti-Vision".

We have TWO Farmall H Tractors — as far as we know the only ones in captivity with rubber tires. See us at once.

**TO THE PEOPLE OF
BRISCOE COUNTY:**

During the closing days of my campaign for promotion to the important office of District Attorney, I want the help of all of my friends in this county. Because I have not been able to see all of the voters, I am addressing this special appeal to you asking for your help now, and your vote election day.

Our present District Attorney has been in the office for almost six years, having served almost a full term by appointment, and having been elected to the office two times. Two years ago he told me that he would not be a candidate for the office at this election, and I acted on that statement. Because he was appointed to the office during my second term as the County Attorney of Dickens County, and because he advised me that he would not be a candidate this year, I have held the office of County Attorney four years longer than ordinary while waiting for the present District Attorney to serve in the office a reasonable length of time, and to give me an opportunity to make the race. Under the circumstances I believe that I am now entitled to a natural promotion to the office.

The people of Dickens County believe that my record in the office I now hold, and my life as a man in my home town, warrant my promotion to the office of District Attorney, and I invite your investigation.

Your help in this race will be humbly and deeply appreciated, and if I am elected to the office, I assure you that I shall never do anything to cause you to regret helping me.

At any time that I can help you in any way, please call on me. I hope to see you before the election, but if not, the best of good fortune to you and yours now, and in the future.

L. D. RATLIFF, JR.
Candidate for District Attorney

NEEDING HARVEST HELP??

Perhaps you are shorthanded — and if the lady is helping haul wheat, then you will appreciate our quick snappy service on meals.

You'll like the "bigness" of our regular meals too. Plenty for any hard working "harvest hand".

Kirks Cafe

Yes, sometimes folks will talk . . .

You have read stories and ads about "Even Your Best Friends Won't Tell You" and perhaps you have laughed at them.

HOWEVER, that may be, we have the perfect Insurance that you will not offend your friends with hot smelly, clothes this weather. Perfectly cleaned clothes come back odorless, as well as clean and well-pressed.

Don't give in to that urge to "wear them another time." In hot weather no one can be sure that their clothes are odorless and inoffensive, unless they are cleaned and deodorized REGULARLY.

And so that is the kind of insurance we are selling. We write a policy that INSURES you that your clothes are always attractive. The name of the policy is "CLEARTONE—good for garments".
